REPLY OF ALLIES TO GERMAN TAKING SHAPE

AUSTRIAN DELEGATION MAKES COMPLAINTS IN NOTE TO THE ALLIES

Austria Pictured as "Overwhelmed With Despair;" Protest Made Against Separation of Czecho-Slovak Area and the Tyrol From Austria

Paris, June 10.—A note to the Allies from Karl Renner, Austrian Chancellor and head of the Austrian peace mission, complains of the "hard conditions" imposed upon his country, which, he says, "is overwhelmed with despair," and points out the complexity of the Austrian frontier question.

The note complains strongly against the dismemberment of Austria, particularly the separation of Bohemia and the Tyrol. It says that Austria can not survive the loss of her industries. It is added that the Austrian delegation is prepared to send immediately observations on the territorial clauses of the peace treaty terms.

Paris, June 11.—(Associated Press).—Little progress is being made with the missing articles of the treaty with Austria, owing to the greater urgency of completing the negotiations with the Germans. One American official who is working on the Austrian treaty, asked to-day when the rest of the summary would be available, replied: "There may not be any more. The Austrians now apparently have more than they are able to sign."

Hungarian Treaty. The same waiting attitude is observed regarding the Hungarian treaty, parts of which are identical with the German and Austrian treaties and already are in print. A tentative draft of the frontiers of Hungary has been prepared for submission to the Council of Four, but there is no expectation that the Council will begin serious consideration of the Hungarian settlement until the expected changes in the Austrian and German pacts are out of the way.

BY-LAW TO REVISE LICENSE SYSTEM

City Will Increase Cost of Trade Licenses Greatly by Ordinance Now Ready

A complete revision of the present system of trade licenses, with a view to increasing greatly the city's revenue from this source is embodied in a by-law which will be introduced into the City Council on Monday night.

For a number of weeks past a special committee has been working on the question of licenses in order that any changes decided upon may be introduced before July 15, when the second part of the year commences. The by-law, as drawn up, has been considered by the Finance Committee of the City Council, and has met with its entire approval.

To Increase Revenue. The most noticeable feature about the new ordinance is that it will increase the city's revenue from trades licenses to a very great extent. Moreover, it will remove what the civic authorities consider unfairness by making the cost licenses commensurate with the business done by any particular establishment. While at present a large department store pays no more for a license than a small candy shop, under the new regulations (Concluded on page 9.)

HALF OF FREIGHT-HANDLERS OF C. P. R. IN VANCOUVER AT WORK DESPITE STRIKE

Vancouver, June 11.—The C. P. R. reports that half its staff of freight handlers, which union joined the strike yesterday, are on the job to-day, comprising men who did not answer the strike call and some who returned to work after a few hours' idleness.

What is declared to be the first break in the ranks of the strikers took place this morning when a number of brewery-workers went back to their jobs. Otherwise no new developments were reported at the Labor Temple this morning.

The civic outside employees are in session to-day at the Labor Temple. The civic employees here and the rest of the city are expected to take no action towards a strike pending developments.

The food supply throughout the city continues good. The butchers and meat-cutters will meet to-night to discuss the proposal that permission be asked of the Strike Committee for this union to return to work. The meat-cutters are said to favor a return to work.

H. P. DAVISON HAD COPY OF TREATY

Brought It to States; Elihu Root and Senator Lodge Saw It

Washington, June 11.—Elihu Root, former Secretary of State, to-day appeared at his own suggestion before the Senate Foreign Relations Committee, which is investigating how copies of the peace treaty with Germany reached private hands in New York. Mr. Root said he had had for several weeks a copy of the treaty given him by H. P. Davison, of the Morgan banking house. Senator Lodge said the copy he had seen had been shown to him by Mr. Root.

When Mr. Root was excused Henry P. Davison was called. Mr. Davison said he brought a copy of the treaty to the United States, but it never had been read by any man except himself and Mr. Root.

J. P. Morgan. After Mr. Davison had been questioned for half an hour he was excused and J. P. Morgan took the stand.

Mr. Morgan said he had not seen a copy of the treaty.

A STRIKE CLASH AT DALLAS, TEXAS, LEADS TO A DEATH

Dallas, Tex., June 11.—A. J. Fisher, a non-union lineman employed by the Dallas Light and Power Company, was shot and killed in a clash here to-day between strike sympathizers and non-union men taking the places of striking employees of the company.

CALGARY'S FINANCES.

Calgary, June 11.—With seven firms bidding on the city's issue of \$1,500,000 treasury notes, the bid of the Spitzer Horlick Company, of New York, at \$108.88 was accepted yesterday at a special meeting of the Finance Committee, and will be recommended to the Council.

Food Supplies Low.

Vancouver, June 11.—The effect of the general strike here and the threat on the waterfront is being felt with full force on the smaller settlements along the coast, which are dependent almost solely on the coastwise boats for supplies. This is especially true of those logging camps and canneries on the Queen Charlotte Islands, where it has been customary to receive weekly supplies. Practically no provision was (Concluded on page 4.)

Ramsay Macdonald Said to Be Coquetting With German Agents

Geneva, June 10.—Via London, June 11.—Under the caption "an international pipe," The Gazette, of London, states that James Ramsay Macdonald, chairman of the British Labor Party, and Jean Longue, a French Socialist Deputy, on returning from Italy had several long interviews with Dr. W. S. Solf, former Colonial Secretary of Germany, at Fribourg, Switzerland. The article states Dr. Solf made a plea that the former German colonies should be returned to Germany and declares that it "fell on willing ears."

WINNIPEG DISORDERS BEING INVESTIGATED, SAYS PRIME MINISTER

Ottawa, June 11.—The Government has ordered an inquiry into the Winnipeg disturbance of last night, when Corp. Coppins, V. C., was probably fatally injured. Announcement to this effect was made by Sir Robert Borden in the House of Commons this afternoon, in reply to Mr. McKenzie, Leader of the Opposition.

"So far as the serious occurrence to which my honorable friend alludes," Sir Robert said, "the Government has requested that an investigation should be made as quickly as possible into the circumstances in order that we may have reliable information as to the injuries which are said to have been sustained by some of the returned soldiers, and especially by one very distinguished soldier who won the Victoria Cross."

The latest information that we have as to conditions in Winnipeg to-day is that they are quite disturbed, but the arrangements which have been made for coping with anything that may arise are believed to be entirely adequate."

TELEGRAPH STRIKE STARTS IN STATES

Union Men Quit Work; Western Union Says Strike a Failure

Chicago, June 11.—The nationwide strike of union commercial telegraphers called by S. J. Koenekamp, international president of the Commercial Telegraphers' Union of America, became effective at 7 o'clock this morning.

The companies against which the strike is called include the Western Union Telegraph Company, the Postal Telegraph, the American Telegraph and Telephone Company and a number of smaller telegraph companies in various parts of the country.

Declared Failure. New York, June 11.—Only 166 persons, including 121 operators out of a total of 40,000 employed by the Western Union Telegraph Company throughout the United States were absent from duty at noon to-day, Newcombe Carlton, the company's president, announced in a statement termed "a complete failure" the strike called by the Commercial Telegraphers' Union.

The divisional reports, which covered all the large centres in the Western Union service, declared that the wires were clear and traffic normal, Mr. Carlton said.

"We are handling business throughout the country without serious interruption anywhere," Mr. Carlton stated. Edward Reynolds, general manager of the Postal Telegraph Company, said a statement would be issued this afternoon.

Union's Estimate. Chicago, June 11.—Officials of the Commercial Telegraphers' Union of America here estimated this forenoon that 60,000 telegraphers throughout the United States would leave their keys during the day as a result of the strike call, and that on June 16 more than 100,000 electrical workers would join the strike. Western Union officials said that only a few of their employees were members of the Commercial Telegraphers' Union.

The issues involved in the strike include the right to organize and bargain collectively, wages and working conditions. President Koenekamp has established headquarters here.

Picketing. At a meeting of telegraphers here early this morning, "peaceful picketing" was decided upon, and at 7 o'clock pickets were placed around the general offices of the companies in the city. The leased wire operators are not involved in the strike.

The general superintendent of the Postal Telegraph Company, R. W. Collins, said two hours after the strike had begun that about thirty per cent. of his men here were out, mostly the younger men. He said that there had been some intimidation.

At the Chicago Board of Trade it was announced that Postal wire service was greatly curtailed.

Not Known Immediately. Soon after the hour set for the men to strike, Mr. Koenekamp said that it probably would be two or three days before the full strength of the strikers was known. Reports indicated, he said, that men were going out steadily. He estimated that in this district, comprising Illinois and part of Indiana and Wisconsin, about 2,700 men of both the Western Union and the Postal (Concluded on page 4.)

FRENCH CHAMBER VOTES CONFIDENCE IN THE CABINET

Paris, June 11.—By a vote of 375 to 137, the Chamber of Deputies yesterday expressed confidence in the Cabinet after discussion of an interpellation regarding secretly by the judicial authorities of the headquarters of the national office of the press. This organization supervised for the French press generally the purchase of paper and undertook to obtain exemption of necessary employees from the military service. It was in connection with one of these cases of exemption that the interpellation was made.

ENDEAVOR TO FOCUS OPINION OF LABOR

Union Men Will Hear Speakers on Strike Issue at Mass Meeting

D. O. CAMERON ANSWERS CRITICISM OF J. DAKERS

Until the mass meeting of labor is held to-night no developments in the local labor situation are expected, unless unforeseen circumstances arise. In any case, no tie-up before next week appears to be possible, for it would take at least until Sunday night for the unions which have so far refrained from voting on the strike issue to have their votes in even should they suddenly decide to take a ballot. The meeting to-night can take no definite action on the walk out issue. Its purpose according to labor leaders, is "educational work" among the union men through the medium of various speakers.

The meeting will thus be used to urge certain unions to vote on the strike question. The general impression in labor circles now, however, is that the trouble in Winnipeg will be settled before it will be possible to stage a walk out here. It is evident in any case that the Strike Committee is not sufficiently sure of Victoria before it has made a public statement, and moreover admitted the some of the unions had declared against a strike.

Mr. Woodward will take the chair at to-night's meeting, which will be held at the Royal Athletic Park and commence at half-past seven. Mr. Donachie, business agent for the Carpenters' Union, will be the chief local speaker, while other labor men from Vancouver may address the gathering.

"The Issue." In a hand-bill which has been distributed about the city advertising the meeting it is stated under a caption entitled "The Issue":

"The Right of Collective Bargaining is Challenged. The State, through the Minister of Labor and Mr. Meighen has stepped in and turned a local strike into a National question. The Government will be the chief local speaker, while other labor men from Vancouver may address the gathering.

The hand-bill further states that "on the first occasion several unions failed to give expression to their views and thus effectively prevented definite action in support of Labor's right to bargain collectively."

An Emergency Order. D. O. Cameron, of the Cameron Lumber Company, this morning replied to certain remarks of James Dakers, President of the Metal Trades Council, at a public meeting, regarding some of the Loyalty League members.

In his comment Mr. Dakers said that one of the League members "had seen fit to adopt a twelve-hour day."

"While Mr. Dakers did not mention the Cameron mill by name, doubtless he had our mill in mind," said Mr. Cameron to The Times. "During last year," he proceeded, "we have been fighting to get business from the United Kingdom. As a consequence the Government and lumber operators secured the order for 30,000,000 feet, as compared with New Brunswick and in the United States, the latter having all the advantage of freight rates and available shipping."

"Notification was received on Friday by us from the British Columbia Lumber Association (Concluded on page 3.)

REQUEST RELEASE OF MOONEY AND DEBS

Denver, Colo., June 11.—The convention of the Brotherhood of Locomotive Fire and Enginemen yesterday adopted resolutions urging that Eugene V. Debs and Thomas J. Mooney, now in prison, be freed. It was announced. The convention's sessions are executive.

VILLA'S TROOPS ARE NEAR JUAREZ NOW

El Paso, Tex., June 11.—If information received in El Paso this morning is correct, forces under General Felipe Angeles and Francisco Villa have swung from south of Samalayuca to the northeast in three separate columns in the vicinity of Guadalupe, thirty-two miles east of Juarez, and have a clean sweep toward the border city.

LIST OF SAILINGS AND SOLDIER PARTIES ARRIVING

Revised to Noon, June 11, 1919. The C. P. R. troop train, second section of No. 3, with 48 officers and 272 other ranks of 54th and 102nd Battalions, left Fort William at 5.55 a. m. on June 11.

The C. P. R. troop train No. 774, from the S. S. "Laplana," left 5 a. m. June 11 with 18 officers and 129 other ranks for this district.

TOTAL OF REPARATION GERMANY TO PAY NOT FIXED BY THE ALLIES

In Reply to Teuton Counter-Proposals Allies Also Refuse Request That Germany Be Made Mandatory for Former German Colonies

Paris, June 11.—The reply to the German counter-proposals agreed upon by the Peace Conference heads refuses the German request for a mandate for the former German colonies, it was learned to-day. A lengthy memorandum gives the reasons for the refusal and explains the operations of the League of Nations on colonial matters.

The reparations portion of the reply, which has been completed and has reached the printer, does not fix the total sum which the Germans must pay. The text of the treaty itself is not changed, but the reply contains assurances to Germany regarding the method of the reparations process, explaining that it is a workable agreement.

President Wilson fought strenuously to include a fixed total sum in the reparations clause and the close of the discussion leaves him unchanged, it is said, in the belief that that would be the best plan. It is understood, however, that the President said that inasmuch as Premier Clemenceau had insisted on the contrary, and also that he had signed the original draft, he would sign the reply as formulated.

A dispatch from Paris last evening said it was understood that the only vital charge that would be suggested by the committee which had been studying the financial clauses of the peace treaty in the light of the German counter-proposals would be that the Commission on Reparations may be given a wider latitude and certain discretionary powers in determining the use to be made of the money paid by Germany. As originally drawn, the financial clauses specified that first payment from the money to be paid by Germany would be for the maintenance of the armies of occupation, and next would come the payments for reparations. Under the revised plan, the Commission would be authorized to adjust matters to meet emergencies, it was said.

Reports Not Ready. In spite of the attempt to speed up the work of the Peace Conference, reports were still unavailable last evening from the Commissions dealing with Schleswig-Holstein, the eastern boundary of Germany, the Belgian frontier and waterways and harbors. The fluid state of the proceedings made it difficult to accept the optimistic statements of various members of delegations, that an agreement for reparations to the German counter-proposals probably would be reached speedily, the dispatch added.

Official announcement was made after the meeting of the Council of Four yesterday afternoon, however, that there was hope of a comparatively early decision on the reply to Germany. In French circles it was said that the treaty was again submitted to the Germans would be much less altered than had been generally supposed, the dispatch said.

The determination of France not to consent to any material changes in the treaty with Germany, the dispatch said, was clearly defined yesterday after the meeting of the Council of Four and various Commissions which failed to reach any solution of the deadlock on the important points on which differences of opinion had arisen.

JUGO-SLAV-AUSTRIAN ARMISTICE SIGNAL

Belgrade, June 7.—The armistice between the Austrians and the Jugoslavians in the region of Klagenfurt was forced by the entry of Serbian troops into the city yesterday morning to re-establish order, the Austrians having failed to accept the Jugoslav conditions for a cessation of hostilities in Carinthia, according to an official statement from Serbian headquarters. The armistice became effective at 7 o'clock last night. The Austrians have agreed to repair the damage done by their offensive in May.

LAMMARSCH, ONE OF AUSTRIAN DELEGATES, RETURNS TO VIENNA

St. Germain, June 10.—Via London, June 11.—Professor Heinrich Lammarsch, former Austrian Premier and one of the principal Austrian delegates to the Peace Congress, left to-night for Vienna with his wife and daughter and a dozen attaches of the Austrian peace delegation.

PRISONER FAILED TO ESCAPE AT YAKIMA

Yakima, Wash., June 11.—Roy Wolf, under arrest here charged with the murder of Elmer G. Greer at Bakerfield, Cal., after attempting to escape from the city jail last night, was removed to the special cell of the county jail, where he is to-day. Wolf worked the screws out of the toilet fixture in his city jail quarters and attempted to escape by crawling under the floor.

FRENCH INSIST ADMISSION OF GERMANY INTO LEAGUE OF NATIONS BE DELAYED

Paris, June 11.—Premier Clemenceau is reported to remain firm in his refusal to agree to the admission of Germany to the League of Nations immediately. The French hold that they understand German psychology better than the other Allies and realize what the increasing arrogance of the Germans during the last few weeks means. They say they appreciate how much this arrogance would be increased if the Peace Conference should yield to the German demand for immediate admission to the League. The French, it is understood, are willing that the Germans should be admitted later, but insist that this admission must not be in compliance with what they term "Germany's present haughty demand."

STRIKE IN AUSTRALIA CONTINUES TO GROW

Melbourne, June 11.—(Reuters).—The strike situation is now most serious, and the number of unemployed is increasing daily. Additional thousands were thrown out of work Saturday.

Applications may be made for registration of the Seamen's Union, but the president of the union declares the men will continue to float the federal arbitration court.

Mr. Justice Higgins, president of the Commonwealth's court of conciliation and arbitration, gave the opinion that the main cause of the present trouble

was "teaching of overseas theorists." The Argus denounces the strike as an audacious, impudent rebellion and urges the Federal Ministry actively to resist the monstrous wrong. The Argus declares the strike is certain to fail.

ANTRIM BY-ELECTION.

London, June 11.—In the Parliamentary election held for the vacant seat in East Antrim, Ireland, the regular Unionist faction, headed by Sir Edward Carson, was defeated.

The victor was Mr. Hanna, Independent Unionist. Friends of Sir Edward Carson had announced that he would resign the leadership of the Unionist party if unsuccessful in the contest.

EX-SOLDIERS TO RUN DOWN TERRORISTS

Effort to Catch Perpetrators of Bomb Outrages in States

New York, June 11.—All men who have served in the army or navy of the United States were called upon yesterday by the joint executive committee of the American Legion to aid the authorities in running down the terrorists responsible for the recent country-wide bomb outrages. The call was issued in the form of a resolution unanimously adopted at the first session of the committee which comprises the two executive committees appointed, respectively, at St. Louis and Paris.

The resolution declares the unalterable opposition of the Legion to "all societies, leagues and organizations which have as their object the overturning of government and of law and order in the United States." It closes with a demand for Federal legislation to permit the deportation of "all Bolsheviks," Reds and other aliens.

SEDITIONARY SCHEMES ARE TO BE CURBED

Solicitor-General Explains Report of Commons Committee on Sedition

Ottawa, June 11.—Hon. Hugh Guthrie, the Solicitor-General, stated emphatically in the House yesterday afternoon that the report of the Committee on Sedition had neither been inspired by nor was the result of the Winnipeg strike.

"I mention this matter," he said, "on account of an article I saw in the press to the effect that the special committee appointed in regard to sedition had brought down a report as a direct result of the strike which exists in Winnipeg, and that the report might operate adversely upon many labor organizations in Canada. This statement is thoroughly erroneous. The report has no such operation and no such effect.

"In Canada to-day there exist many associations organized for the purpose of dangerous propaganda, which if permitted to pursue their purposes unhindered or unchecked might ultimately prove a serious menace to the authority of the Government. Fortunately the Government of Canada has not suffered to any marked extent from results which might be directly attributed to these associations.

In Evidence in Canada.

"We must not permit ourselves to be allowed to rest in any state of fancied security. It is well known that the same insidious agencies of crime and revolt which have been operating so freely in the United States and some of the countries in Europe are at present in Canada to-day, although at the present time we may congratulate ourselves that no serious overt act has been committed in this country."

Mr. Guthrie said that reported cases of sedition have been few and far between, and practically there was no law in connection with the subject in this country. A policy of passive inaction seemed to have been recognized throughout the British Empire. The law was allowed to remain dormant and the ravings of Canadian soapbox orators and Hyde Park spellbinders were disregarded.

Organized Effort.

It must be fully recognized, however, that there had been organized and persistent effort to cause disaffection to rise, mass against mass, and to subvert and to overturn the Government itself. This was the object of societies which had come into existence in various times. The country was being flooded with seditious literature. During the war there had been a strict censorship, but since the armistice was signed the censorship had been very materially relaxed. There had been a noticeable increase in the number of doubtful societies, and the operators were becoming bolder every day.

The first recommendations of the Committee were to outlaw unlawful associations, and Mr. Guthrie stated that there was no provision in the Criminal Code to deal with such organizations. There was a provision regarding unlawful assemblies. The report of the Committee contained the proposal to make unlawful any society, one of the purposes of which was to bring about Governmental, industrial or economic changes by the use of force. The members of such societies would be liable to penalties, and the goods and belongings of such associations would be forfeited.

Heavy Penalty.

The Committee, said Mr. Guthrie, recommended a change in the penalty clause of the Criminal Code with regard to sedition. Formerly this section provided for a penalty of two years' imprisonment. The Committee recommended that this be changed to from one to twenty years.

Following a review of further provisions of the report, Mr. Guthrie moved concurrence.

In the year before the war Germany sold goods valued at \$325,000,000 to the British Empire. Canada's opportunity to get a large share of this is waiting for Canada's action—that is the opinion of the Canadian Trade Commission.

WORLD'S RECORD IS BROKEN BY TANLAC

Bottles Sold in Four Years Would Reach From New York to Denver

This is an age of big business, and although the public has become accustomed to big figures, the story of the marvelous growth and development of Tanlac forms one of the most interesting chapters of America's latter day commercial history.

Four years ago very few people had ever heard of Tanlac. To-day it unquestionably has the largest sale of any medicine in the world. In the brief period of only four years' time this now famous remedy has leaped from obscurity to the very pinnacle of success. Its fame, in fact, has long since spread beyond the limits of the continent, and numerous inquiries regarding it are now being received from many foreign countries.

Very few people, however, fully realize what a really wonderful record Tanlac has made. Indeed, if it were not for the unquestionable facts and figures given out by the largest and best known drug firms of the country the story of its success would be hard to believe.

On January first, the total sales of Tanlac amounted to approximately twelve million bottles. The demand, however, is increasing, for during the first ten weeks of this year over one million bottles were sold and distributed in the United States and Canada, the exact figure being 1,546,156 in three months.

At this rate, therefore, the sales for the present year will amount to more than fifty million bottles. This will mean that 17,000 bottles of Tanlac will be sold during every day of the year, or 2,100 bottles for every hour of the average working day.

These figures are too stupendous for the average mind to grasp, but one may visualize what twelve million bottles means by imagining them laid out in a single file to end. Thus laid they would make a track of Tanlac from New York through Chicago, and on to Denver, Colorado; or they would form a double track of Tanlac from the Great Lakes to the Gulf of Mexico. Filed end to end they would tower 155 times as high as Pikes Peak, or rise 12,333 times higher than the Woolworth Building in New York, the tallest building in the world.

The demand for Tanlac has become so great that its sales instead of being measured by the gross as other preparations have been, is now reckoned by the carload, and even by the train load. In proof of this it is a noteworthy fact that the leading drug jobbers everywhere now buy Tanlac almost exclusively in car load lots.

To supply the Pacific Coast trade alone requires from forty to fifty car loads per year. In the Middle West are selling from seventy to eighty cars per year. One jobbing concern alone, the Evans-Smith Drug Company, of Kansas City, Missouri, is selling the rate of twenty car loads of 24,000 bottles each per year. In a letter dated April 15, Julius M. Price of that company says: "In figuring the amount of Tanlac sold since taking this agency we find that we are now working on the thirteenth car, having sold more than a quarter of a million packages in eight months."

The well-known drug firm of Henshaw, Ellis Drug Company, of Memphis, Tennessee, has sold over forty car loads since the introduction of Tanlac in that state four years ago. Mr. R. R. Ellis, President of that company, is authority for the statement that the demand for Tanlac has been greater than any other five medicines combined.

Within the past ninety days, ten carloads of Tanlac have gone to supply the demands of British Columbia, Saskatchewan, Alberta and Manitoba.

Mr. Charles McD. Hay, President of Lyman Brothers & Company, Limited, of Toronto, one of the oldest and best known jobbing concerns in Canada says: "We have handled in Ontario Province, Canada, five car loads of Tanlac since October, 1918, while our total purchases have amounted to twelve cars within the past two years."

The Owl Drug Company, of San Francisco, the largest retail druggists on the Pacific Coast, state that they have sold more than 150,000 bottles of Tanlac since they began to handle it. These enormous sales mean but one thing, and that is—Tanlac.

Tanlac is widely advertised, and it is true, but such an unprecedented and rapidly-growing demand could not be brought about by advertising alone. One bottle is sold in a neighborhood through advertising, but ten more bottles are sold in that community after the first bottle produces results. People are always willing to talk about their ailments, but they are more than willing to tell others of the medicine that helps them.

Tanlac is composed of the most beneficial roots and herbs known to science. The formula complies with all national and state laws. It is the result of both the United States and Canada, and absolute merit and merit alone is responsible for its phenomenal and unprecedented success.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas.

AMERICAN WRITER MISSING IN PARIS

House Is Asked to Investigate Disappearance of Robert Minor

Paris, June 11.—Colonel E. M. House, one of the United States peace delegates, has been asked to investigate the disappearance of Robert Minor, a newspaper correspondent and cartoonist, who was taken from his hotel, presumably by French officials. The American Embassy was asked by Lincoln Steffens to inquire about Minor, but no information was forthcoming. Consequently Colonel House was requested to investigate.

Minor recently came to France from Germany, having been in Russia for many months preceding last December. Formerly he was employed by The New York Herald and The Philadelphia Public Ledger. His trunk is still in his hotel, but his papers have been removed.

Minor's disappearance followed his attendance at a Syndicate railway employees' meeting, where he talked with the committee in charge.

BELA KUN PLANS TO TAKE HUNGARIAN DELEGATION TO PARIS

Geneva, June 10.—Via London, June 11.—Bela Kun, according to an Innsbruck dispatch, in reply to M. Clemenceau's note, "accepts the Allied invitation to visit Paris, in order to explain conditions in Hungary."

Bela Kun, it is added, will shortly appoint a delegation which he probably will head himself.

Violent fighting, it is declared, continues between the Hungarians and Czechoslovaks.

The Soviet Foreign Minister declares the Hungarian Soviet Government desires to live at peace and that it has always respected the demarcation lines fixed by the Allies and only resorted to arms when the Czechoslovaks violated the military convention November 13, and invaded Hungarian territory.

"We note with satisfaction," continues Bela Kun, "that the Allies intend to accept our offer."

Nothing Like It For Bronchitis and Weak Throat

Remarkable Cures in the Worst Cases Reported Daily

CURES WITHOUT USING DRUGS

Doctors now advocate an entirely new method for treating bronchitis and irritable throat. Stomach-dosing is no longer necessary.

The most approved treatment consists of a healing vapor resembling the pure air of the Adirondacks.

This soothing vapor is full of germ-destroying substances, and at the same time is a powerful heating agent. It is sent to the bronchial tubes and lungs through a skillfully devised inhaler that can be carried in the vest pocket. Simplicity itself is the keynote of this splendid treatment.

CATTARHOZONE is the name of this wonderful invention that is daily curing chronic cases of weak throat, bronchitis and catarrh. Every breath through the inhaler is laden with soothing, healing substances that destroy all diseased germs in the breathing organs, it can't fail to cure because it goes where the trouble really exists, and doesn't attempt to cure an illness in the head or throat by means of medicine taken into the stomach. Cattarhozone is a direct, breathable scientific cure.

There is no sufferer from a grippy cold or any winter ill, that won't find a cure in Cattarhozone, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months and cost \$1.00 and is guaranteed; small size 50c, sample size 25c, all-storeskeepers and druggists, or the Cattarhozone Co., Kingston, Canada.

PADEREWSKI—Premier of Poland AND MASTER PIANIST USES NUXATED IRON

To Obtain Renewed Energy, Power and Endurance

Dr. Kenneth K. MacAlpine, for 16 Years Adjunct Professor New York Post Graduate Medical School and Hospital, Says That In His Opinion Nuxated Iron is

The Most Valuable Tonic, Strength and Blood Builder Any Physician Can Prescribe.

Ignace Jan Paderewski, one of the greatest musical geniuses of the age, at a time when his untiring work for Poland overtaxed his strength and impaired his health had recourse to Nuxated Iron to help rebuild his wasted forces and restore his old-time health and strength.

"With the tremendous strain imposed by over two years of almost ceaseless work in the cause of his fatherland, of which he is the foremost figure today, it is easily understood why Paderewski sought the sustaining tonic benefits of Nuxated Iron," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of the virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. Thousands of men and women are impairing their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starving through lack of iron. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. To help make strong sturdy men of blood and iron there is nothing better than organic iron—Nuxated Iron. Mr. Paderewski says: 'I am using Nuxated Iron very frequently and consider it an excellent tonic.'"

Ignace Jan Paderewski, the new Polish Premier, who took Nuxated Iron, when he was in a weak and run-down condition and needed something to build up strength and energy.

Dr. Kenneth K. MacAlpine, says: "If people would only realize that iron is just as indispensable to the blood as air is to the lungs and he just as particular about keeping up a sufficient supply at all times, there would in my opinion be far less disease resulting from anemia, weakened conditions, 'Nuxated Iron, by enriching the blood and creating new blood cells, strengthens the system whether the patients be young or old. In my opinion Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see how much you have gained.

Manufactured from Nuxated Iron, which is mentioned above, is set in a special ready-to-use which is known as dropper capsules. Unlike the older inorganic iron products, it is easily assimilated and does not irritate the stomach, but rather builds up the stomach. The manufacturer guarantees strength and healthy satisfactory results to every purchaser or that will refund your money. It is dispensed by all good druggists.

Sold in this city by C. H. Bowes, cor. View and Government Sts.

A NEW PLAN FOR BIG BRITISH LOAN

London, June 11.—Inspired forecasts of the Government's Victory Loan, a prospectus of which will be published Friday, indicates that it will mark a

new era in the history of British loans. It involves the introduction of the principle of annual drawings for redemption whereby the holders of withdrawn bonds will receive a bonus amounting, according to a rumor, to fifteen per cent. The drawings will begin a year hence.

UNION OF SOUTH AFRICA MUST REMAIN

Must Be No Disruption, Lloyd George Tells Nationalist Deputation

London, June 11.—Great Britain cannot take any action which would mean the disruption of the Union of South Africa. This, in effect, was the answer given to the deputation of the Nationalist Party of South Africa by Mr. Lloyd George in Paris on June 5.

The Prime Minister received the deputation, which included General J. B. M. Hertzog and Judge F. W. Reitz, the former President of Orange Free State. It was explained that the chief object of the Nationalist Party was to obtain restoration of the national status of the South African Republic existing before the Boer War.

Mr. Lloyd George, in his reply, said that the South African Union was based on a free agreement by the British and Dutch elements and could not be dissolved by one element without the consent of the other. Great Britain therefore was unable to take any action which would mean the disruption of the Union.

General Hertzog said the deputation represented the old populations of the Transvaal and Orange Free State. They were actuated by no race antagonism, but were determined by constitutional means to press their claims for independence.

Only a Section. The Prime Minister made the point that the deputation did not claim to speak for the whole people of the Union, nor even for the whole population of the Transvaal and the Orange Free State. He was unable to see how the British Government could re-open "the great settlement forged out in the heat and trials of the last twenty years," merely on account of differences between various sections of the South African people themselves.

VETERANS SWORN AS SPECIAL CONSTABLES

To Preserve Law and Order in Vancouver; Interruptions at Meeting

Vancouver, June 11.—Between 200 and 300 veterans were sworn in as special constables here by Magistrate South and Shaw after a meeting of the Returned Citizens' Law and Order League last night. The hall was crammed to capacity with returned soldiers, and the meeting was interrupted many times by questions hurled at the platform by veterans who were not wholly in sympathy with the objects of the League and who apparently regarded it as a tool to be used against organized labor.

Ian A. Mackenzie acted as chairman, and explained that the object of the meeting was to assist the authorities of the city to maintain law and order and to assure the continuance of the supply of the necessities of life in Vancouver during the strike. Mr. Mackenzie pointed out that the League had no intention of helping to break the strike, but merely wished to ensure the orderly conduct of affairs while the strike is on in the city.

Arrangements had been made to drop signals from an aeroplane should the services of the League be required, and this would call for the concentration of the members at a given point. Members of the League were requested to allow themselves to be sworn in as special constables after the meeting with the object of placing their services at the disposal of the properly constituted authorities.

Sergt.-Major Robinson. Sergt.-Major "Jimmy" Robinson, D.C.M., spoke of the great growth of a movement intended to undermine British institutions, and pointed out that the strike conditions should not be charged up to the labor unions, as the men who actually did the work were not in sympathy with any revolutionary movements, but the unsatisfactory conditions of the last few months were being used by agitators to bring about conditions like those prevailing in labor circles today. He stated that ninety per cent of the men who volunteered to go overseas were workmen, and they had shown no signs of wishing to cause trouble. He advised the League to wait until its services were actually needed before taking any part in the proceedings.

After the meeting a stormy half-hour was spent by the chairman and the meeting, asking and answering questions and, while many of the members were being sworn in, about a hundred or so collected outside the building and passed the time arguing about social conditions and jeering at the veterans as they came out. Practically all the crowd consisted of returned soldiers.

MRS. J. W. EDWARDS DIES IN SEATTLE

Seattle, June 11.—Mrs. Elizabeth Edwards, eighty-one years old, a pioneer resident of Seattle for fifty-two years, died at her home, 1213 Columbia Street, yesterday, after an illness of about ten days.

Mrs. Edwards was the wife of Mr. J. W. Edwards, himself one of the oldest pioneers of the Puget Sound country, having resided in or within a distance of ten miles from Seattle since 1867, and in Victoria, B. C., for several previous years. The couple were married in San Francisco in 1862, a short time after Mrs. Edwards came to the United States from her birthplace in England. Immediately after the wedding they moved to Victoria, and five years later to Madison, on Bainbridge Island, where Mr. Edwards was bookkeeper for the Port Madison and Port Blakeley Mills for the fifteen years following.

The Edwards family came to Seattle in 1882, and Mr. Edwards engaged in the real estate business, building his present home on Columbia Street the same year. A fire destroyed his business block on First Avenue, between University and Union Streets, in November before the fire of 1889, but Mr. Edwards escaped that great conflagration without loss.

An only daughter, Mrs. Elizabeth J. Tolmie, wife of Roderick F. Tolmie, lives in Victoria, B. C.

Interesting News For Working Men

An Article Well Worth Your While to Read

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain.

If nerves are in order, a man is strong, eats and sleeps well. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferruzone for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferruzone quickly brightens up the mind. It creates an appetite and improves digestion. Ferruzone makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep.

Ferruzone is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferruzone and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferruzone. Because nourishing and perfectly harmless, all can use it, even children. Get Ferruzone to-day, 50c per box, at all dealers or by mail from The Catarthozone Co., Kingston, Ont.

O.S. Size Drawers at 65c, 90c and \$1.25
O.S. Size Drawers at 65c, 90c and \$1.25 will be a feature of Thursday's selling. They are exceptional value and cut with ample fullness.

Corset Covers—Sizes 42 and 44. Special at 65c, 90c and \$1.25

The Maxwell puts pep and profit into hauling work

IT costs four times as much to haul with horses as with a Maxwell Truck. It takes three teams to cover the same ground and haul the same load.

And the Maxwell gets there faster and in more business-like style. Gives the rock-bottom cost for hauling.

That's the reason why of the Maxwell's big success in Canada.

Farm produce or furniture, food or feathers, lumber or scrap iron, milk or machinery—the Maxwell is the most economical investment in the Dominion for any freight-carrying problem.

It costs from 100 to 400 per cent less than heavier trucks which may do only ten to twenty per cent more work. It costs only a little more than lighter trucks and (apart from being completely equipped) does much more work—in less time. It costs several hundred dollars less than any other truck of similar capacity.

The Maxwell is made in Canada. It embodies the full fruits of the Maxwell manufacturing facilities and record. A scientific engineering job—not a mere assembled mechanism.

Low cost for upkeep means that the Maxwell will earn extra profits for you. And there's real service available on this speedy ton-and-a-half truck anywhere in Canada.

Take the specification data of any other truck—higher or lower in price. Discuss them in front of the Maxwell chassis.

Then write your check as facts dictate.

Chassis, \$1550 f.o.b. Windsor, Ont.

MAXWELL MOTOR CO. OF CANADA, LIMITED, WINDSOR, ONT.

Consolidated Motor Co., of Vancouver

STEVENS, VANCOUVER, SUPPORTS BUDGET

Ottawa, June 11.—Hon. H. S. Beland made an interesting contribution to the debate in the Commons yesterday, after an eloquent word thanking the Government, the members of Parliament and others for the sympathetic interest they had taken in him when he was an exile and prisoner in Germany for soldiers who are going on the land he thought the tariff policy had been so amended as to help them become farmers.

Dr. Beland was inclined to think that in the past the manufacturer had been given the best of it in Canada and that now the farmer should be given a better show. He thought the reciprocity agreement of 1911 would be acceptable to the people.

F. A. Scott, South Waterloos, gave his hearty support to the tariff proposals.

Dr. Molly Provencher, the only Opposition member from Manitoba, declared that the tariff reduction proposed by Sir Thomas White "didn't amount to shucks." He disclaimed any desire to defeat the Government at present, saying that he would prefer to see the Ministry "set in its own juice."

Dr. Molloy observed that the Western people would not accept the budget, no matter how its representatives in Parliament voted.

H. H. Stevens, Centre Vancouver, in supporting the budget, was warm in his praise of the Finance Minister. He maintained that Canada should have a moderate amount of protection. He accused Mr. McMaster of being indefinite in regard to his tariff proposals.

Roch Lanctot, Laprairie-Napierville, supported Mr. McMaster's amendment.

Between 10 and 15 members of the House, it is stated, have so far signified their intention of taking part in the budget discussion. Unless the Chief Whip should succeed in cutting down the list there will be no division on the McMaster amendment to Sir Thomas White's proposals until some time next week.

ISLANDERS FOOD SUPPLY FAILS AS STRIKE CONTINUES

his way through a storm in a thirty-six-foot launch, which at times stood on her beam ends and threatened to capsize, Gus Hamilton, a resident of the West Coast of Texas Island, arrived in this city to obtain food supplies to take back to a camp on the island where his family also lives, and is threatened with starvation. Hamilton says that the absence of vessels carrying food to the islands of the north has created a serious situation, and that unless some relief is sent there soon the results of the seaman's strike will result in death to many loggers and others of that section.

When he left his camp on Texada Island his family had sufficient food to last it until this coming Saturday. A logging camp a little farther to the north, he says, is completely out of food, and has been forced to resort to game to survive. Of potatoes, sugar, ham, bacon, eggs and other staples he says there is none. The weather for the past several days, he says, has been heavy and fishermen have been forced to remain indoors.

Residents of the West Coast of Texada Island, he believes, are in worse condition even than he himself, and he declares that unless relief is soon forthcoming some appalling stories of privation will be told.

BIG DAMAGES ASKED.

Pittsburg, June 11.—The people of Pittsburg, through A. E. Anderson, an attorney, filed a suit in equity in court here late yesterday against the Amalgamated Association of Street and Electric Railway Employees, in which the union is asked to pay damages of \$2,995,999.78, with a sum of \$100,000 as lost by the people as a result of the recent street car strike.

CALIFORNIA-PORTLAND AEROPLANE FLIGHT

Portland, Ore., June 11.—Seven great aeroplanes, which started their flight from Mather Field Sacramento, Sunday morning, arrived here yesterday afternoon without mishap. Though they came to attend the Portland Rose Festival on a frolic their pilots drove the machines high over the Siskiyou Range through fog and sleet and cold. The fleet was commanded by Lieut. Col. Henry L. Watson, who in his own plane was host to Governor O'Leary of Oregon, who flew from Salem to Portland, declaring afterwards that he had enjoyed the "experience of my lifetime."

Flying from Salem to Portland, the last leg of the cruise, the first big plane made the trip in forty minutes. The distance by train is fifty-two miles.

"As a commercial route, or an aerial mail route, the flight from Sacramento to Portland is absolutely feasible," commented Col. Watson on his arrival.

GOVERNMENT OWNERSHIP OF O. S. RAILROADS

Atlantic City, N. J., June 11.—A proposal that organized labor insist upon public ownership of the railroads of the United States was submitted yesterday to the delegates attending the reconstruction convention of the American Federation of Labor, by Glen E. Plumb, counsel for the railroad "brotherhoods."

The speaker's statement that the ownership of the systems should be acquired immediately was greeted with prolonged applause. The cheering was renewed when Mr. Plumb said that with the Government substituting Government bonds for first-mortgage securities, the railroads would be removed from the dictatorship of Wall Street.

VICTORIA AND THE STRIKE.

A sympathetic strike in Victoria in connection with the trouble in Winnipeg would involve inconvenience and loss, if not worse, to the whole community, and none would suffer more than the employees who left their work, particularly those with families. They would not be able to influence the situation in Winnipeg in the slightest, for it is quite apparent that notwithstanding the sympathetic strikes of various dimensions elsewhere, the ranks of the striking employees in Winnipeg are rapidly being depleted by the return of a large proportion, estimated by some at forty per cent., to work.

The sympathetic strike in Manitoba's capital is being beaten, as all sympathetic strikes have been beaten, because it antagonized the majority of the population, causing them to organize and mobilize all their resources for their own protection. When that strike is at an end the workers will have lost many millions in wages; many of them, especially those who have broken their agreements and severed relations with employers against whom they had no grievance, will have lost their jobs and their security for the future; some of the local unions which went out in defiance of instructions from their international headquarters will have lost their charters and there will be nothing to show for those sacrifices on the other side of the sheet.

A sympathetic strike in Victoria would simply mean all loss and no gain. It would be doomed to defeat at the start, for it would outrage public sentiment. The majority of the employees in Victoria, organized and unorganized, are against it, particularly those who have interests in the community and who, therefore, would have nothing to gain and everything to lose in a sympathetic strike. They know, too, the unsoundness of the contention of strike agitators that the future of organized labor is involved in the Winnipeg strike. The attitude of the heads of the great international organizations and the revocation of the charters of certain unions which went out in defiance of instructions, show that it is not the future of organized labor that is at stake, but the future of the "One Big Union" scheme which is designed to destroy the trades unionist movement and supplant it with revolutionary socialism and class war. This alternative is a mad dream and every person who thinks for himself or herself knows it. Victoria labor should show its good sense by having nothing to do with it.

GET MACHINERY STARTED.

The Victoria and District Recreation Commission which came into existence last night should have the warm support of every member of the community. It is the result of a determination to understand the needs of the playing field and how youthful energy may be profitably directed during leisure hours. As we understand it, a sum of \$1,550 is required to set the machinery in motion and keep it running for twelve months, or for such part of that period as climatic conditions will permit of outdoor recreation. This is a moderate cost for the good that will ensue, and we are of the opinion that the City Council would do well to assist in a financial way.

On more than one occasion we have pointed to the necessity of supervised recreation. Youthful mentality requires just as much nourishment on the playground as it does within the four walls of a classroom. Moreover, the successful business man or woman is seldom a one-sided product; it is usually discovered that his or her academic development has been liberally leavened with the proper kind of recreation. The spirit of the times is organization and, in keeping with the march of progress, recreative development of the youth of the country must be responsive to rules and regulations if the full benefit is to aid the citizen of to-morrow. The plan outlined last night, therefore, is a step in the right direction.

NO TURNING BACK.

If the Herzog Reitz delegation to Paris expected for one moment that the re-drawing of the map of Europe would affect the status of the two former South African republics it must have allowed its enthusiasm to run away with its better judgment. There was, of course, but one answer for the British Prime Minister to make, and in finally discouraging such unreasonable aspirations Mr. Lloyd George echoed the sentiments of nine-tenths of the South African people.

There is nothing new in the Herzog programme and little hope may be entertained of converting a small but none the less obstinate faction which seeks to impose its will upon the majority. Nevertheless, there is an improvement in the method employed, the disastrous ending to the 1915 revolt

apparently pointing to the fallacy of setting constitutional procedure at defiance. General Herzog also confessed that he and his colleagues represented the old populations of the Transvaal and the Orange Free State; but he should also realize that it was this present-day minority which delivered the two republics to British rule and the advantages of British institutions. Regret has come too late, for nine-tenths of the people would not exchange their lot for the independence General Herzog seeks, notwithstanding the assertion that no race antagonism is back of it.

British and Dutch elements, therefore, have got to live together and the best thing the disgruntled faction can do is to make up its mind to that fact. Differences are capable of settlement and a little commonsense applied to most of them would quickly eliminate any racial irritability. It is plain to see that Herzog and his followers do not know when they are well off and persistence in a plea for independence is as unreasonable as the hasty—and afterwards altered—decision to travel to the Peace Conference on a British warship was comical.

WHAT ABOUT THE WEST?

According to The Ottawa Citizen of June 6 \$15,000,000 worth of the Roumanian credit of \$25,000,000 provided by Canada has been allocated. "Ontario and Quebec firms," our contemporary says, "have received orders to almost the full sum, the only western provinces to figure being Manitoba, Alberta and British Columbia, and the total figure being under \$147,000 as compared with something like \$14,750,000 for the eastern provinces. As the credit of the whole country is pledged to this enterprise, it would seem that the western provinces have a large sized kick coming, if they can produce goods demanded in any quantity. Belgian credit to the amount of about one million has been taken up and all the contracts have gone to Ontario, Quebec and New Brunswick, and none to the west."

If the figures quoted by our Ottawa contemporary are correct the western provinces undoubtedly have a "large-sized kick coming," and they ought to deliver it soon and hard. If the western members of Parliament did more plain-talking in the House the west would receive fairer treatment in matters of this kind. But as long as they allow themselves to be soft-soaped and put off with glib platitudes in the ministerial and departmental offices eastern Canada will get all the business. If the Government has given up the west, which put it in power—as a bad job, the western Government members should reciprocate. They are representing western Canada, not Ontario.

THE "DRY" LAW'S IRONY.

There is a peculiar, not to say ironical, circumstance surrounding America's determination to go "bone dry" immediately after the clock strikes twelve midnight on the last day of this month. The notice given has had the effect of speeding imports from Europe to such an extent that an outcry has already gone up across the Atlantic complaining of the consequent shortage and higher prices.

The United States will have a nation-wide law on July 1, which effectively draws the line between the poor man and the rich man. For the rest of this month the rich man may continue what he has presumably been doing for the past three or four months; he may stock his cellar from floor to ceiling and enjoy the flowing bowl for many days to come. The poor man must content himself with the contemplation of a long arid stretch ahead.

ANOTHER COALITION REVERSE.

In his speech at Newcastle recently Mr. Asquith prophesied that the life of the Coalition Government for the next few months would be milestone by many reverses at the polls. No man in British public life—save perhaps the Prime Minister himself—is able to read the signs of the times more accurately than Mr. Asquith. He is aided, of course, by the invariable reaction of a khaki election. Nevertheless, the return of an Independent Unionist for East Antrim over a regular Unionist, fathered by Sir Edward Carson, looks like a reverse for the Union Government, not to speak of an even more severe reverse for Carson himself.

A statement from Ottawa says the immigration regulations permit the deportation of undesirables, unless they are Canadians by birth or by naturalization, no matter where they come from or how long they have lived in the Dominion. That is all right, but if the Immigration Department would take the proper precautions at Canadian ports of entry there would not be very much occasion to exercise the power embodied in the regulations. People who try to enter here with the intention or idea of saying and preaching what they like because they have been permitted to say and preach what they like where they come from should be refused admission.

CANADA'S TITLE PRECEDENT.

By the way, it is interesting to observe that the hostility of Canadians to the bestowal of titles grows stronger with the increasing indulgence of the Mother Country in these tomfooleries. The further debate in the Dominion House of Commons last week showed that there was a practically unanimous feeling not only against the granting of any more titles to Canadians, but in favor of the abolition of such hereditary titles as are already held in the Dominion. The latter proposal presents some difficulties and at the request of the Imperial Government it is left in abeyance, but no undertaking has been given that the King shall no longer confer either titles or "honors" on Canadians unless they are recommended by the Dominion Prime Minister—and in the present state of public opinion, the Dominion Prime Minister dare not make any such recommendation.

CANADA AND WASHINGTON.

Canada is to have a permanent representative at Washington at a cost of some \$50,000 a year and no one will object. If Canada is great enough to have her delegates sign the Peace Treaty, she is great enough to have an ambassador to the United States. The trade between the two countries is bound to increase, while questions are sure to arise which would be best and most promptly settled by a Canadian "on the spot."

TELEGRAPH STRIKE STARTS IN STATES

(Continued from page 1.)

tal companies would strike. In Chicago alone by to-night he expected 800 to 1,000 to be out.

Western Union officials showed a newspaperman through their operating room, where many men were at work.

The Postal officials here said they expected their older men to stick, but some of the younger men might go out.

At New Orleans. Mr. Koenenkamp received a report that the electrical workers in New Orleans had gone out and that telephone girls there probably would go out in sympathy.

Pickets at the Postal Company building here asked other employees to quit in sympathy with operators. There was a small disturbance in which police interfered.

Police told one picket they would give him two hours to get out of town.

Western Union messengers announced they were on strike.

At San Francisco. San Francisco, June 11.—The 140 keymen of the Postal Telegraph Company in San Francisco quit their posts in response to the nation-wide strike call, but the 400 Western Union operators were still at work, according to statements from leaders of both sides to-day.

The Western Union operators were said to have disregarded the strike order, though the pickets at the Postal men were out generally, it was said.

The postal and Western Union plants here were being picketed, labor leaders announced.

Few Out. The failure of the Western Union men to strike was due to their membership in the company's organization of employees, it was said. But four employees in California, Washington, Oregon, Nevada and Arizona responded to the strike order, M. T. Cook, district superintendent of the Western Union Company, announced to-day.

"Our men have not struck and they will not strike. They are contented," Cook said.

At Washington. Washington, June 11.—Officials of the Western Union and Postal Telegraph Companies and the Commercial Telegraphers' Union made widely-disseminated claims to-day as to the effect here of the order of S. J. Koenenkamp, president of the union, calling a nation-wide strike of wire employees.

At Western Union headquarters it was said the company's force was 100 per cent. normal, while Postal officials declared less than ten per cent. of their force was on duty.

Union officials claimed upwards of 1,000 operators and other employees of the telegraph companies failed to report for work.

At Seattle. Seattle, June 11.—The managers of the Western Union and Postal Telegraph Company branches here refused to give information to-day whether or not any of the telegraphers employed at their offices had gone out on strike. Efforts to get officials of the local telegraph union at the companies' offices, where they are engaged, were answered with the statement: "They are out on strike."

At Portland. Portland, Ore., June 11.—According to reports, seven operators, practically the full operating force of the Postal Telegraph office here, left work at 8 a. m. to-day.

At Everett. Everett, Wash., June 11.—The telegraphers' strike has had no apparent effect here. All the operators are on duty.

At Yakima. Yakima, Wash., June 11.—No one went out here in response to the call for the telegraphers to walk out.

At Spokane. Spokane, June 11.—No employees of the Western Union Telegraph Company here walked out in response to the call for a nation-wide telegraphers' strike, it was stated by local officials of the company, and it was not believed service to outside towns in this section would be affected. The strike had not affected the Postal Telegraph Company's office here early to-day, but officials said they were unable to state at that time whether or not any of their employees would strike.

At Helena, Montana. Helena, Mont., June 11.—According to local Western Union officials, no operators of that company here were affected by the telegraphers' strike, and a full force was on duty this morning. From the local office of the Postal

Company one man, constituting the entire night force, walked out.

At Butte, Montana. Butte, Mont., June 11.—Six operators of the Postal Company, who comprise the local force of the company in Butte except the manager went on strike at 6 o'clock this morning. The Western Union operators and railroad operators are working as usual.

The strike has not extended here to the operators of the Mountain States Telephone and Telegraph Company.

At Tacoma. Tacoma, June 11.—Neither the Western Union nor the Postal Telegraph offices here were short of men this morning on account of the telegraphers' strike. The telegraphers had not made known any decision to quit their places.

At Billings, Montana. Billings, Mont., June 11.—Three employees of the local Western Union office, a file clerk, a student operator and an instructor in the use of automatic instruments, walked out yesterday afternoon but none joined them this morning when the strike was scheduled to begin, according to officials of the company.

At Milwaukee. Milwaukee, Wis., June 11.—Telegraphers employed by the Western Union and Postal companies reported for duty as usual this morning. According to report, it was decided at a meeting last night to postpone the contemplated walk-out until Saturday.

At Milwaukee. Milwaukee, Wis., June 11.—Telegraphers employed by the Western Union and Postal companies reported for duty as usual this morning. According to report, it was decided at a meeting last night to postpone the contemplated walk-out until Saturday.

Smart Luggage Makes Travelling More Enjoyable

Happy thought! Let your gift to the bride take the form of a useful Handbag or Suit Case. In the matter of making a selection we can help you considerably, for we have a stock of such travelling requisites of excellent quality and variety.

The Cases and Bags of solid leather, black or brown, present the last word on the subject of luggage that will be a credit to the traveller wherever she goes. The less costly bags are made of fabrikoid and walrus embossed Keratol. The prices of these leather and fabric grips and bags range from

\$7.20 to \$34.60

WEILER BROS LIMITED
Government Street Opposite Post Office

HALF OF FREIGHT HANDLERS OF C. P. R. IN VANCOUVER AT WORK DESPITE STRIKE

(Continued from page 1.)

made for the strike, and the comparatively small amounts of food and provisions which were placed in the handlers are very near exhaustion.

The only means which these places have of securing food and supplies when the supply is run out is by using small launches. They can draw on Prince Rupert, but any small launch that undertakes to negotiate Hecate Straits is taking a risk no matter how the glass stands. Even staunch towboats do not attempt to cross this treacherous piece of water until weather conditions are most favorable.

Sending Launches. The settlements along the coast within a hundred miles or more of this port have to draw on Vancouver for their supplies. Small launches are beginning to arrive here. One launch arrived from Pender Harbor during the morning and took on a full load of provisions. The two men operating the boat stated that the food supply is getting very low and the residents of that district are forced to rustle pretty hard to eke out an existence.

There is practically no fresh meat but there is plenty of fish. News of the outside world is hard to obtain, as the newspapers have been cut off owing to the discontinuance of mail service.

Camps and Canneries. Many of the logging camps and canneries have been forced to shut down.

8,000

We are overstocked in Two-Drawer, Letter-Size Filing Cabinets, having one dozen in solid quarter-cut oak, first grade construction, and beautifully finished. The present FACTORY PRICE of these (freight not included) is \$25.00—our sale price to clear is

617-VIEW-619

This is due not only to the curtailment of food supplies, but mechanical equipment which is needed from time to time for repairs can not be transported. In many cases the employees are marooned and are getting along the best way they can pending a settlement of the strike. The arrival of the first boat at these places when the strike is settled will be a welcome sight.

small boy who likes ice cream cones, the retail confectioners of the Northwest ended the business sessions of their convention here last night.

The newly-formed Pacific Coast Confectioners' Association forwarded to the Congressional delegations of Oregon, Washington, Idaho, California, Montana, Utah, Nevada and Colorado copies of resolutions protesting against the war on ice cream and confectionery as unfair and discriminatory and urging its repeal.

The remainder of the delegates' stay will be devoted to entertainment features.

Social Personal

J. W. Weart, M.P.P., was in the city yesterday.
Dr. and Mrs. G. Graham, of Fenelon Falls, are staying at the Empress Hotel.

Calgary registrars at the Empress Hotel yesterday were J. J. McNiven and G. A. Browne.

Mr. and Mrs. A. C. Taylor, of Medicine Hat, are in the city.

Charles F. Hodgson, of Creston, is now staying in the city.

Mr. and Mrs. B. Boyd Wallis, of Duncan, are registered at the Empress Hotel.

Miss Joan Taylor, of Mount Pleasant, Vancouver, has arrived in Victoria and will be the guest of her aunt, Mrs. B. T. Taylor, for the summer months.

Mrs. Ralph Smith, M.P.P., left Vancouver on Tuesday for Regina to attend the annual meeting of the National Council of Women.

Capt. Wentworth Wood has arrived in the city from Vancouver and is a guest at the Empress Hotel. His marriage to Miss Katherine Wheatley will take place at St. Mary's Church, Oak Bay, to-morrow evening.

Major Frank A. Robertson and his bride, formerly Edith Wright, of Ottawa, held a post-nuptial reception at the Hotel Vancouver on Tuesday afternoon when many of their Manitoba friends were present to offer warm congratulations to the gallant officer and his bride.

Major and Mrs. Harry Jukes, who have been visiting the former's parents, Mr. and Mrs. Andrew Jukes, of Vancouver, for the past six weeks, left on Monday night on their return to India where Major Jukes will rejoin his regiment.

Yesterday afternoon at 1155 Fort Street, the minister's residence, the Rev. Captain Campbell, celebrated the marriage of Walter Alfred Cotton, of Royal Oak, and Miss Maria Bartman, of London, England. Miss Jessie Ada Cotton attended the bride as bridesmaid. The bride arrived from London yesterday morning. Mr. and Mrs. Cotton will reside on their farm at Royal Oak.

A quiet but very pretty wedding took place yesterday afternoon at the home of Mrs. A. Holmes, 468 PARRY Street, when her youngest daughter, Mary, was married to Stephen Campbell Brennenhan, of the 16th Field Ambulance, Siberian Expeditionary Force. The ceremony was performed under a huge floral bell festooned with white roses and pink sweet peas. Rev. A. de B. Aiken officiating. The bride, who was given away by her mother, looked lovely in her wedding gown of white satin trimmed with real lace. She wore the conventional veil with orange-blossoms and carried a bouquet of bridal roses and maidenhair fern. Her bridesmaid, Miss H. Martin, wore a pretty frock of pink crepe de Chine and carried a spray of white carnations and maidenhair fern. Cpl. A. Richards, also of the 16th Field, supported the groom. After a reception, at which they received the congratulations of their many friends, Mr. and Mrs. Brennenhan left for Brentwood, where the honeymoon will be spent.

GARDEN PARTY IS SET AT METCHOSIN
Will Be in Aid of St. Mary's Church; on June 18
To-day week a garden party will be held at the home of Mrs. H. R. Hammond, Metchosin, under the auspices of the Ladies' Church Guild.
A most delightful afternoon is in prospect for those who attend, and it is hoped that a number of Victorians will be there. Apart from the worthy object of this social gathering, the people who motor out from Victoria will be well repaid with the beautiful drive and the charming view from the ideally located country home of Capt. Hammond.
Candy and ice cream will be on sale, and afternoon tea will be served to the soft strains of music at a nominal charge.
The proceeds will be devoted towards St. Mary's Church, Metchosin.

WEIGHING FACTS ABOUT OUR COAL
Every ton of coal we sell is absolutely free from dust. You should not pay for dirt, and you don't when your bin is filled with our High Grade Coal.

A BEDTIME STORY

UNCLE WIGGLY AND THE IMPOLITE FOX.
Copyright, 1918, by McClure, Newspaper Syndicate. (By Howard R. Garis.)

Uncle Wiggly Longears, the bunny rabbit gentleman, was eating supper in his hollow stump-bungalow. At the table with him was Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper, white Baby Buntzy, with her paws and face cleanly washed, was eating some carrot pudding.
"I'll have a little more sugar for this pudding," said Baby Buntzy, as she tasted the dessert.
"If what?" spoke Uncle Wiggly, intimating like and suggestively.
"If what?" asked Baby Buntzy, in surprise. "Oh, I see what you mean, she went on. 'Yes, Nurse Jane wants some sugar on my pudding—if you think it's good for me!' and she smiled at Uncle Wiggly and also at Nurse Jane."
"Oh, no, I didn't want to say that," laughed Uncle Wiggly. "I meant that you should say 'I'll have some sugar on my pudding if you please—if you please,' Baby Buntzy. That's what I wanted you to say—if you please. That's the polite way, you know."
"Oh, yes, I should have remembered," exclaimed the little rabbit girl, who had been found in a hollow stump. "Well, I'll have a little more sugar, and a little more pudding, too, if you please, Nurse Jane."
"That's right!" laughed the muskrat lady. "You were polite that time," and she gave Baby Buntzy an extra large dish of the pudding, with some special maple sugar sauce on it.
"I'm glad I live with you and Uncle Wiggly," went on the little rabbit girl, speaking to the muskrat lady. "It's nice to have you teach me things, and tell me when to be polite. Any time I am not polite, and forget my 'please,' you just say 'if-it-to-me-and-I'll-remember.'"
"I will do so," said Uncle Wiggly, and he was pleased that Baby Buntzy wanted to learn. The rest of that evening the fox said to himself:
"This is my chance. I'll sneak up alongside of Uncle Wiggly. I'll speak softly, just as Baby Buntzy does, and I'll say: 'Come and chase me!' The rabbit gentleman will think it is Baby Buntzy, and he'll run in the bushes after me, and then I'll grab him. That will be a good trick!"
So the fox crept quite close to Uncle Wiggly, behind the bushes along

EX-SOLDIERS THANK CHAPTER FOR FLAG
Lady Douglas Chapter, I.O.D.E., Donates \$30 to Boys' Naval Brigade

Mrs. R. B. McMeeking, the regent, presided at the meeting of the Lady Douglas Chapter, I.O.D.E., held in the Jones Building yesterday afternoon, and much business was accomplished by the members. Two new members were received into the Chapter, and Mrs. Williamson, of East Kootenay Chapter, Baynes Lake, was welcomed as a visitor.
Flag for ex-Soldiers.
Correspondence included a letter of thanks from Capt. John Bright, engineer in charge of construction at Lonsdale, B.C. for the gift of a flag from the Chapter. The letter was couched in the following terms:
"On my return here last Friday I was pleasantly surprised to receive your kind letter together with the flag. In view of the fact that the battle mentioned in your letter is about two miles distant from the camp, it was decided that Empire Day could fittingly be observed by erecting in the middle of the camp grounds the flag so kindly donated by the Daughters of the Empire, and you will be pleased to know that after the ceremony the men asked me to convey to you their warmest appreciation for the consideration of your Chapter."
"Your flag—our flag, is now erected on a sixty-foot pole and a suitable tablet is being made which will bear testimony to the kindness of the Lady Douglas Chapter. A photo will be sent you as soon as possible which we trust will in some small measure be accepted with the compliments of the men on the work known from actual experience that the 'Daughters of the Empire' played a very large part in looking after the comfort of the 'Sons of the Empire' while in France."
"You may rest assured that the flag will be taken care of in such a way that only time will necessitate its renewal."
The superintendent, Mr. J. A. Murdoch, joins me in thanking you for your courtesy and consideration and in wishing the Lady Douglas Chapter all the success that such an institution deserves."

Memorial Tablet.
Arrangements were completed for the unveiling of the memorial tablet to be erected on Elliott Street to mark the site of the former residence of Sir James Douglas, the first Governor of British Columbia, the ceremony to take place on June 21. Mrs. George Bushby has kindly offered her house to the Chapter for a tea, an offer which was gratefully accepted. Mrs. Mount and Mrs. J. D. Gordon were appointed a committee to undertake the necessary arrangements.
Mrs. Gordon reported on her work for the Medical Officer of Macaulay

Clocina
A shampoo of considerable merit that is prepared by us. Women will appreciate its many superior qualities. A large bottle, 65c.

Point, thanking the Chapter for its generous gifts to the patients. Mrs. Gordon also explained the aims and objects of the Federated Service Council. Mrs. Colin Cummins reported the receipt of \$2.00 from the sale of this per the Conservation of Waste Committee and made an appeal for jam tins, which may be left with Miss Peters, Linden Apartments, Linden Avenue.

Generous Donations.
The Chapter voted to purchase a set of three historical pictures to be presented to local schools, and a donation of \$50 was made to the Boys' Naval Brigade, the members feeling that this

is a movement which should receive the warmest support. It was unanimously voted that Mrs. Llewellyn Thomas, the Chapter's first standard-bearer, should be made an honorary member of the Chapter.

Boenos Aires is rounding up its anarchist population.

Girls' Corner Club.—The club will meet for the usual "Corner Club" Tea at the Odd Fellows' Hall, Douglas Street, on Thursday at 6:15 o'clock, followed by a social time, singing and a helpful talk by Mrs. Steinson. All girls working in the city, especially any who are strangers here are heartily invited.

SYSTEM OF ARRANGING PENSIONS EXPLAINED

Col. Biggar, of Pensions Board, Spoke to Meeting in G.W.V.A. Rooms Last Night

Explaining the intricate workings of the Pensions Board and the system of arriving at the amount of functional disability a man suffers through wounds received in battle, Col. Biggar, of Ottawa, who is connected with the Board, gave a very interesting talk in the G. W. V. A. rooms last night before a large audience of returned soldiers.

Col. Biggar stated that the Pensions Board was composed of expert medical men and economists. After an exhaustive study of the disability a man suffered from wounds in all parts of the body the Board drafted a scale of percentages, basing the scale on 100 per cent. for total disability.

The speaker explained that the Pensions Board had nothing whatever to do with the amount of pension granted for total disability. That was entirely due to the Government. At present the pension for total disability was \$600 a year. If the Government saw fit to increase this amount the scale of percentage would not be altered, as it had been constructed to meet any contingency of that kind.

Col. Biggar explained that the only source of redress for the soldiers, if they deemed the scale of pension too small was through their Federal member. The Pensions Board could do nothing, he stated.

The speaker gave credit to the working of the Pensions Board, stating that it was paying pensions far quicker than any of the other Allied countries. In the United States the disabled men had to wait nine months for their first pay, in France between ten and twelve months, in England about six months and so on. Canada also was paying more liberal pensions than any of the other Allied countries.

A number of pertinent questions were asked the Colonel immediately after he concluded his address, which were answered satisfactorily by him.

LAPLAND PARTY

Capt. H. W. R. Moore is With Party Which Left Halifax on June 9.

The British Columbia Returned Soldier Commission, Parliament Buildings, Victoria, has been advised by telegram from the O.C. Clearing Depot, Halifax, N.S., that the following party of officers and other ranks, from the Lapland, left there for their respective dispersal areas on June 9.

PROMINENT MEN TO AID RED SHIELD DRIVE IN VICTORIA

J. D. O'Connell is Chairman of Executive Committee Appointed

Accompanying is a list of the names of the local committee of the Red Shield Campaign, for the Salvation Army, which will be conducted in Victoria next week:

President—A. C. Flumerfelt
 Vice-Presidents—Lieut. Col. W. W. Foster, D. S. O. Joshua Kingham.
 Executive Committee—J. D. O'Connell, chairman, J. F. Scott, James H. Fletcher, W. Hart, G. W. V. A. A. Sutherland, Comrades of the Great War, H. J. Young, Army and Navy Veterans' Association, F. J. Sehl, Ernest J. Down, publicity manager; Kenneth Ferguson, campaign manager; Adjutant Tuttle, Salvation Army; Local Salvation Army Officers.

The campaign has the endorsement of all the ex-service associations. Help is already promised from them, and canvassers from these organizations will actively assist the campaign, which will commence next Monday.

DOMINION TIRES ARE GOOD TIRES

"I like them because, to me, they have been the most serviceable, most satisfactory, most uniformly good tires that have come to my notice in all the years I have driven a car.

"I like them because they are the easiest riding tires I ever had on my car.

"I like them because they cost less. Not less in first cost, but in actual mileage and freedom from tire trouble and expense.

"More than this, I ride on perfectly balanced tires, because my DOMINION TIRES are fitted with DOMINION INNER TUBES, made by the same experts who make the tires, and made expressly to fit my tires.

"This is a service that we motorists appreciate, complete and thoroughly satisfactory."

DOMINION TIRES and ACCESSORIES are distributed through DOMINION RUBBER SYSTEM BRANCHES and sold by the Best Dealers throughout Canada.

WILL PRODUCE THE PANTOMIME REHEARSAL

Mrs. D. B. McConnan and Mrs. D. O. Rochfort in Musical Comedy

The well-known musical comedy, "The Pantomime Rehearsal," is to be the next production of the Princess Stock Company and will be presented for the first time at the Princess Theatre on Saturday, June 12. This comedy was one of the biggest successes starring Woodrow Grossmith, the famous English comedian, and the passing of time has seen but little change in its popularity. The libretto will be brought up to date with a number of the very latest topical "hits" from recent successful revues, while a number of local allusions will be featured in tuneful songs.

Reginald Hincks will act as stage manager and also carry one of the leading roles, while other well-known and popular artists as Mrs. Douglas B. McConnan, Mrs. D'Oyly Rochfort (Phyllis Davis), Lieut. R. R. Webb, Messrs. Goodlake and Peitch will assist in the production. A newcomer to the company is Mr. Potts, a tenor, who made his Victoria debut at the concert given under the direction of Mrs. J. G. Quinn on Friday last. A hearty chorus will be among the many attractive features of the production.

SEATTLE WOMEN WILL FIGHT HIGH PRICES

Homekeepers' Club to Call Mass Meeting to Discuss Conditions

Seattle, June 10.—Forming a nucleus for what it is hoped will be an organization of several thousand Seattle women to be known as the Homekeepers' League, a score of housewives met yesterday afternoon at the Seattle Chamber of Commerce and Commercial Club to make plans for preliminary investigations of high food prices. The meeting was called by the Seattle Homekeepers' Club, an organization actively engaged in solving housekeeping problems before the war.

Mrs. Henry W. Lung, past president of the Seattle Federation of Women's Clubs, presided. Although no actual organization took place, a number of committees were appointed to investigate the prevailing prices of butter, eggs, meat and strawberries.

"Almost every Seattle housekeeper feels that the cost of living has reached a point where something has to be done about it," Mrs. Lung said this morning, in explaining the purpose of the movement. "We want every woman to feel that she should belong to this league. No combatting of the high prices will be instituted until a thorough investigation has been made."

It is planned to call a mass meeting of Seattle housewives to be held in the arena soon for the next meeting, to which all housewives are invited, will be held Friday afternoon at 2 o'clock at the Seattle Chamber of Commerce and Commercial Club.

GONZALES CHAPTER

Members Decide to Aid Local Branch of Navy League; Chapter Adjourns Till September

The members of the Gonzales Chapter, I.O.O.F., will assist in the welcome to be given to the sailors of Admiral Jellicoe's ship on its arrival in September, according to a decision made by the Chapter at its meeting yesterday. Mrs. Curtis Sampson presided, and about twenty members were present.

Miss Pitts presented the financial report and Miss Mars read the correspondence. An invitation from the Lady Douglas Chapter, to attend the unveiling of a memorial tablet to Sir James Douglas on June 21 was accepted.

After some discussion a motion was adopted and carried to aid the local branch of the Navy League until the end of the year, when the matter would be taken up again.

Reports on cases aided by the Widows and Orphans' Fund were read and the matter of adding to the fund was postponed until the next meeting, which is to take place in September.

TO CHOOSE DELEGATES FOR THE CONVENTION

Liberals Invited to Attend on June 26; Three for Ottawa Meeting

At a meeting of the executive of the Victoria Liberal Association it was decided to hold an Association meeting on June 26 inst., for the purpose of selecting three delegates (Victoria's quota) to the Liberal Convention at Ottawa, Ont., August 5, 6 and 7.

This convention asks for the cooperation of all ranks of Liberals. A special invitation has been extended to the Great War Veterans' Association, the Dominion Trades and Labor Congress, the Canadian Council of Agriculture, and to the Canadian Railway Brotherhood, so that a National Liberal Platform may be adopted that will best deal with the present grave national problems affecting the people.

Following along these lines the Victoria Association hopes to have the general interest of all Liberals. Questions affecting Victoria and British Columbia are to be brought forward so that the delegates will go East to best deal with the present conditions here.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting! Then you lift it right out. You magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

ODD FELLOWS HOLD ANNUAL CONVENTION

The Rebekah session I. O. O. F. met yesterday morning in Mount Pleasant Vancouver, where the grand encampment also convened in the I. O. O. F. Hall. The Grand Lodge Convention of British Columbia opened today. On Friday a large number of delegates and officers will accept the invitation of the North Vancouver lodge to take part in the dedication of the hall there. There will be a banquet at which Mayor Vance and Reeves Bridgman and Vinson will officially welcome the delegates. Bro. Harron will officiate at the dedication ceremony. It is expected that during the day the West Vancouver ferry No. 5 will be requisitioned to give the delegates a cruise up the harbor, probably to the B. C. Electric Railway's plant at Lake Hutton.

Today at 4 p. m. Hon. W. J. Bowser addressed the convention at the Pender Street Hall, and various other reports and addresses were given. On Thursday evening the Decoration of Chivalry and an informal dance will be held in Lester Court.

SCOTTISH BORDERERS CELEBRATE FESTIVAL

Several hundred "Terries" or Scots from Hawick and the vicinity, including a number from Victoria, met in the Dominion Hall, Vancouver, on Friday to have a good time in fellowship with the home folk, who on this day keep up the ancient custom of "color busking," i. e., decorating the standard with ribbons in preparation for the "common riding" celebration of the morrow.

The custom harks back, through more than 400 years, to the days of Flodden Field, when the Scottish King James V. and the flower of his nobility were vanquished and annihilated by the Saxon foe. For their part in the fight the men of Hawick were presented with the moors or "marches," outside the town, as a gift from the lord of the manor, Lord Drumlanrig, ancestor of the Dukes of Buccleugh; they still celebrate the occasion annually by "riding the marches" on horseback and carrying the blue-and-yellow flag which recalls an incident of the same period.

It was in the spring of 1514, following the fatal year of Flodden, that a body of English troops were "caught napping" by the men of Hawick at a spot known as "Horn's Hole," a couple of miles outside the town. The Scots made short work of them and carried home their flag as a trophy. This flag is now kept in a glass case in the Hawick town museum, but its duplicate is carried in the annual procession by which this "deed of derring-do" is commemorated as part of the "common riding" ceremony.

The chairman of the Dominion Hall gathering was Richard Wilson, whose brief address was replied to by Cornet D. Byars. The evening's programme was as follows: Piano selection, T. Shankie; song, "Test Buss" (Eternal Air); D. Rae; song, "Hail to the Banner," Mrs. Goochey; "I Like Auld Hawick the Best," Miss Cathie Rae; song, "Long Live the King," G. Oliver; song, "The Border Queen," Miss Mary Rae; song, "Fawkie Patterson," D. Rae; song, "I Loved Her Ever Since She Was a Baby" (from Victoria), T. Elder; bag-pipe music by Piper Jas. Begg; Mr. and Mrs. Riddell also assisted.

ORGAN RECITAL A MUSICAL FEAST

Frederick Chubb, Vancouver, Organist, and Miss Eva Hart in Delightful Programme

The Metropolitan church was filled with an enthusiastic and appreciative audience last night for the long-anticipated recital by Frederick Chubb, F. R. C. C., the well-known organist of Vancouver. It is many years since Mr. Chubb appeared in recital in this city and last night's performance led to the expression on all sides of the hope that the interval before his next recital here may be a matter only of weeks.

The opening number, Gullmont's "Scherzo," revealed that Mr. Chubb is a master musician, with an intimate understanding of that difficult but

wonderfully beautiful instrument, the organ. Gifted with marvellous powers of interpretation and equipped with a mastery technique and excellent registration, he made the organ live under the wizardry of his fingers. One of the most beautiful numbers was Tschakowsky's "Arabia," rendered with exquisite artistry and redolent of the sensuous atmosphere of the Orient. Two Wagner numbers, "The Ride of the Valkyries" and "The Tannhauser Overture" were outstanding examples of powerful interpretation, while the "Cuckoo and Nightingale" Concerto (Handel) was one of the gems of the programme. Though recalled after every number, Mr. Chubb refrained from adding to his programme by encores, an example which might well be emulated by artists generally.

A pleasing feature of the programme was the singing of Miss Eva Hart, who was in exquisite voice. Her number included Handel's "Oh Had I Jubal's Lyre," and "Skylark Pretty Rover," both of them revealing the wealth of tonal color which is one of this singer's greatest attributes, while Haydn's "With Verdure Clad" was sung with consummate artistry.

BABY COVERED WITH ECZEMA

When 4 Days Old. Cross and Cried. Cuticura Heals.

"My baby brother had eczema which began when he was about four days old. It came in little pimples and then a rash, and he was very sore. He was so cross that he could not sleep, and he cried."
"Six months before we used Cuticura. It helped him, so we bought more, and he was all healed after we had used two boxes of Soap and two boxes of Ointment." (Signed) Miss Almada Williams, Youngs Cove, N. B., May 21, 1918.

Concert for Returned Men.—There promises to be a large attendance at the concert to be given and arranged by this evening, commencing at 8:30 o'clock for returned soldiers and their families and friends.

Kept Their Store Open.—On a second charge of keeping his store open contrary to the Early Closing By-law, Pin Far was fined \$25 and costs in the police court this morning.

Women's Auxiliary Army and Navy Veterans.—The rose garden arranged for Saturday, June 14, has been unavoidably postponed.

On and after June 11 the Nova Scotia Canal Ship will close Wednesday afternoons. Get your cakes in the morning.

British-Israel.—Bishop Allen will continue his lectures in the Reformed Episcopal Church schoolroom to-night. His subject will be "Judah and Israel; the key to the songs of Solomon, at 8 p.m. Admission free.

Dr. O. M. Jones Chapter, I. O. D. E. will hold their regular monthly meeting on the third Thursday every month, instead of the second.

Victoria Anti-Tuberculosis Society rummage sale, June 21. Friends having articles to give phone 4511 or 255, and they will be called for.

W. C. T. U. Parlor Meeting.—The Central branch of the W. C. T. U. held a parlor meeting yesterday afternoon at the home of Mrs. Fair, 1818 Cameron Street. A large number of members were in attendance and tea was served by the hostess at the close of the routine business.

BY-LAW TO REVISE LICENSE SYSTEM

(Continued from page 1.)
It will cost the larger establishment a great deal more to operate than its small competitor.
What a proprietor will have to pay for his license will be determined by the number of departments in his shop. For instance, a clothing store which sells clothes only would be deemed to consist of one department.

Hotels Largely Affected.—Hotels will be very greatly affected by the by-law. Since the inauguration of the Prohibition Act, the city has lost about \$340,000 a year on account of the abolition of saloon licenses. The new by-law will partially restore this lost revenue by making a license for every department of hotels compulsory.

A Brand New WILLY'S KNIGHT

Owned and operated by F. A. Butler, leaves our Garage for Nanaimo at 9 o'clock each morning, returning in the afternoon.
for the tourist to take in this beautiful Malahat mountain drive and coast scenery, as well as other up-island points of interest.

BOARD ACQUIRES ANOTHER SOLDIER SETTLEMENT AREA

Provincial Body to Pursue Energetic Policy of Development at Creston

The purchase has been completed by the Provincial Land Settlement Board of 200 acres of land in the vicinity of Creston, Kootenay Valley, for soldier settlement. D. W. Briggs, president, and Mr. C. O. Rodgers, manager, of the Canyon City Lumber Company, in conjunction with officials of the board, arranged final details this morning.

Following a careful examination of the entire district by Director C. E. Ward, the chairman, M. H. Nelems, made an inspection of the tract, and upon his return to Victoria stated to The Times representative that the Creston lands were the best in the district in that section of the province, the district having sufficient rainfall for fruit growing and agricultural purposes.

Speaking of general conditions in the valley, Mr. Rodgers said climatic advantages and marketing facilities were particularly good; there were no summer frosts and Creston produce could be placed on the markets of the prairie twenty-four hours sooner than from any other fruit shipping district of British Columbia. Strawberries and other perishable products were shipped at noon one day and sold the next morning in prairie cities.

While details of settlement have not been completely worked out by the Land Settlement Board, it is understood the work will be carried out upon organized settlement lines as at Courtenay. Returned soldiers will be placed on the property. Farms will run from twenty to forty acres in extent, some clearing will be done on each holding and allotments made when the subdivision of the property has been completed and sufficient development work has been done.

Deserted Four Times.—On a charge of desertion Harry Stockhand, of Cumberland, sentenced to eighteen months' imprisonment.
Evidence was given to show that the accused deserted on at least four occasions. Under the Military Service Act Stockhand was given an exemption for several months, and after reporting for duty absented himself without leave for a period of several weeks, when he was arrested and sent to the military prison at Vancouver.

Plants From Vimy Ridge.—Miss Pooley will sell at the Killarney stall in the market on Saturday a number of poppy and selene plants grown from seeds obtained at Vimy Ridge. The proceeds will be used to augment the Widows' and Orphans' fund.

Will Not Meet To-night.—Owing to the public meeting to discuss the labor situation, the regular session of the Civic Employees' Protective Association will not be held to-night.

Endeavor to Focus Opinion of Labor.—(Continued from page 1.)
ber Exporting Company that a steamer would be here to load in Victoria, and that it would be necessary to have the lumber ready by Tuesday in order to load 250,000 feet a day—the total cargo being 3,500,000 feet, of which 1,500,000 would be taken here.

KEATING'S SURVIVORS OF FIELD AMBULANCE RETURN
Twenty Local Boys Returned Yesterday Afternoon and Were Royally Welcomed

After three years' overseas service the greater part of which was spent in France, about twenty surviving members of the 13th Field Ambulance, which left Victoria in June, 1916, returned yesterday afternoon at 3 o'clock. A large number of people gathered at the docks to welcome the boys home.

The 13th Ambulance was organized on Macanaw Plains by Lieut.-Col. Biggar. It departed from this city on June 18, 1916, and proceeded to France in August of the same year as part of the Fourth Division. The ambulance followed the division through all its actions and handled thousands of casualties. The ambulance suffered greatly in its own personnel, particularly among the stretcher-bearers, and as a consequence only twenty of the originals returned.

Among the well-known local boys who returned were: Teddy Hopkins, Bill Stubbs, Art Young, Dick Birchett and Jim Hawkins.

West Saanich Women's Institute.—The West Saanich Women's Institute held its regular monthly meeting at Sluggett's yesterday afternoon, and were the hostesses to a number of visitors from the neighboring districts. The routine business was quickly disposed of, matters receiving attention including the installation of electric light in the present quarters and the starting of a building fund. The afternoon's programme commenced with a rose show, the exhibits being later sold at auction for the benefit of the building fund.

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race. Very few people escape from having them at some time.
All the poulticing and lancing you may do won't cure them and stop more coming.
Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purifies the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.

Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes: "I was troubled with boils for about six months and tried several remedies without any relief until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend B. B. to all who are troubled with them."

A Welcome Visitor
You Cannot Help But Be Impressed With the Rare Musical Capabilities of the Aeolian-Vocalion

Here, at last, is an instrument capable of reproducing music in its entirety. Hitherto only the broader, stronger elements in any tone could be recorded; but now, with the introduction of the Aeolian-Vocalion and Aeolian-Vocalion Six-Minute Super Records the finer overtones are for the first time faithfully recorded and reproduced.

The Aeolian-Vocalion cabinet models—at prices from \$160 up—are equipped with the Gradola expression device. This attachment permits the listener to shade and color the music in a manner that fits his mood or fancy. Nothing like it has ever appeared on any other sound-reproducing instrument.

SAVE the Leather 2 IN 1 Shoe Polishes Keep Your Shoes Neat LIQUIDS AND PASTES FOR BLACK WHITE, TAN AND OX-BLOOD (DARK BROWN) SHOES. NAILS ELEVEN FEET LONG. A scientist has estimated that in a life-time of seventy years a man grows nails which, if it were possible to preserve them uncut, would reach the length of 71.91. Exactly on what argument this statement is based it is hard to say for a little observation will show that during the greater portion of a man's life he cuts his nails on an average once a week, and at each paring removes a sixteenth of an inch or the equivalent of a quarter of an inch per month, working out at three inches a year. This would give him a growth of 36 in. during the thirty years he lives between twenty and fifty. In the other forty years, when the growth is less rapid, he would certainly produce four feet of nails, so that 11ft. is a better average for the nail producing capacity of a man.

WAGSTAFFE'S Real Seville Orange Marmalade. All Orange and Sugar—No Camouflage. Balled with care in Silver Pans. ASK YOUR GROCER FOR IT.

OUR MUSICAL EAR. Notes differing only one-hundredth part of a tone from each other can be distinguished by the well trained ear of a musician. Most people cannot perceive a difference of one-tenth of a tone, and a few can hardly tell one tone from another. The cause of this curious disparity is due to slight differences in the structure of the cochlea, a wonderful piece of apparatus in the innermost part of the ear. It is a little body shaped like a snail shell, and believed to be the part of the hearing apparatus which recognizes musical sounds. In its structure it closely resembles the strings of a piano, and even has a damper to prevent the mixture of sounds quickly following one another. This little musical apparatus is set going by vibrations received from the middle ear or drum, and in some mysterious manner it sends these on to the brain through the auditory nerve, in the form of musical sounds.—Tit-Bits.

ROYAL VICTORIA

Martha Pittman, author of "Boots," the Paramount picture in which dainty Dorothy Gish is appearing at the Royal Victoria again to-night, is a screen writer of talent. "Boots" was her first story and it was picked from nearly seven hundred scenarios and story offerings submitted for Miss Gish's use. It is quite likely that other screen stories by Miss Pittman will be utilized for production by Miss Gish.

One of the most widely known and talented directors in the country is Elmer Clifton, director of "Boots." Mr. Clifton directed Miss Gish in "Batling Jane" and "The Hope Chest" with happy results and his work in "Boots" is of a high order of excellence. Mr. Clifton has had extensive stage experience and he was

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I told all my friends about it. Mrs. A. W. Binner, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binner that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

WESTERN SCOTS TO WELCOME COMRADES

Plan Royal Reception for Parties Due Home Next Week; Big Re-union Dinner

At a meeting of the executive committee of the Western Scots Regimental Association held in the Comrades Club Rooms last evening arrangements were made to extend a royal welcome to Lieut.-Col. Carey, C. M. G., D. S. O., and officers and men who are returning with the 54th, 76th and 102nd Battalions, and who were formerly members of the 57th Battalion. Lieut.-Col. Carey joined the 67th Battalion as a lieutenant in August, 1918, and did excellent work at the front.

Arrangements have been made to have the pipe band meet all ex-members of the 54th, 67th and 102nd Battalions at the club rooms of the Comrades of the Great War, corner of Douglas and Courtney Streets and march to the C. P. R. wharf to meet the Vancouver boat. Gen. Leckie will be asked for permission to wear uniforms. It is not known whether the members of the three battalions will arrive on the same boat. If not the same procedure will be carried out on each occasion. All ex-members of the 54th and 102nd Battalions are invited to join the members of the Western Scots in extending a welcome to Col. Carey and the other officers and men on this occasion.

Information is not yet to hand as to what date they will arrive, but as soon as the date and time is known a notice will be given.

The Western Scots purpose holding a re-union dinner shortly after the arrival of the parties. It is expected that in two weeks' time practically all the remaining members of the battalion will be home, and arrangements for the dinner will be published at a later date.

Further information can be had from the Hon. Secretary R. Macnicol, P. O. Box 955, or phone 645281.

DOMINION

Mary Regan, central character of the First National feature "Mary Regan," with Anita Stewart in the leading part, is the daughter of a notorious convict, and a gang of spies intrigue to try to use her as a tool and make capital of this fact.

How Mary contracts a marriage to reform the weak son of a rich man, how she becomes hopelessly involved in the schemes of the blackmailers, and how she at last emerges to find true love, is grippingly told in this new story of big city life, to be seen at the Dominion.

one of the popular turns on the bill. Their interpretation of the latest in accepted dancing is unusually catching.

"Tattered Talent" as displayed by Will Morris is the impetus which causes a tramp to emerge from a barrel in a quiet valley and rise to fame and popularity by way of an exhibition of spectacular bicycle riding. Will is no tramp, on a bicycle at least. His stunts are certainly wonderful.

Three more good acts complete the bill. Maude De Long makes a "hit" with her baseball score; the Victoria Four are male song delineators with an excellent musical programme. Hal, Hector and Jack Martin, presenting "Uncle Jerry at the Opry," are finished artists of song and jest. The fourth episode of "A Man of Might" adds decidedly to the interest of the programme with its series of thrills in action pictures.

VARIETY

The scenario of "Hearts of the World," which is proving a popular drawing card at the Variety this week, was written by M. Mason de Tollnac and translated into English by Captain Victor Marier. It is divided into two acts, the earlier scenes taking place in a peaceful and lovely old French village before the declaration of war. Marie Stephenson and Douglas Gordon Hamilton are the lovers of the story. They are the children of two American painters who have made their homes in France. Nothing could be simpler than the incidents of the courtship, or more fragrant. That is the scent of the atmosphere during the time when the boy and girl are stealing away to the garden to meet each other—love, domestic tranquility, happiness and the laughter of children.

Then comes the call to arms. Douglas hurries to fight for the land which gives him shelter, and the old, quiet life is shattered by the roar of cannon. The village falls into the hands of the Germans and the horrors of barbarous blood lust and sensuality are enacted before the eyes of Marie. In the meantime Douglas is doing a man's part in the trenches.

COLUMBIA

Tom Moore as a valet to four pampered dogs is not easily visualized by his admirers who have not seen the likable young star in "A Man and His Money," his new picture. It will be shown again to-day at the Columbia when there will not be any doubt among them that he can minister to the wants of the dogs as well as a person who had done nothing else for years—and make it amusing at the same time. Indeed, another star might have become submerged in the task or have failed to get the humor out of the situation. But with Mr. Moore there was no such difficulty.

He plunges into the task of earning his weekly stipend as the dogs' valet as if he had to do it to keep body and soul together.

MYSTIC ALEXANDER HAS TO RECOUP HIS ENERGY PERIODICALLY

Alexander, "The Man who knows," is perhaps the most discussed individual treading the boards to-day, for it is not only the student of the occult and the delver into psychical research who are interested in his unexplained work, but to the layman he proves an interesting entertainer aside from his scientific experiments.

He lays no claim to supernatural powers but invites the public to term his demonstrations, just what they please. Many claim that this modesty on his part is one of his most captivating cards. Anyhow, he is a tireless worker, and while he is on the stage one is assured of an evening of fine fun and mystery.

Alexander works several months each year and the remaining time is spent in fishing and study, supplying the energy that he has given out in his daily contact with the public. Incidentally, he tells very pointedly some things about "giving" personality to some one or group and he makes it very plain just why some people are left living but lifeless after a day or a year of struggling with a public or a person who takes constantly but never gives anything in return. Alexander referred particularly to the life of a teacher, by way of illustration.

The engagement of Alexander and his all new show of wonders will commence Monday night at the Royal Victoria Theatre, continuing for six days, with a special-souvenir matinee for ladies only on Friday and a general matinee Saturday.

ROMANO

In "Under Suspicion," a Metro picture starring Francis X. Bushman and Beverly Bayne, which is the attraction at the Romano for the last time to-day, a monkey plays an important bit in the development of the story.

The monkey proved a very "temperamental" player and Miss Gordon playing Mrs. Alice Woolworth, had her troubles with him. She and the monkey played in scenes in Alice's boudoir and everything started out well. Then the monkey became obstinate and incidentally, the girl who lived in Singapore, where she owned monkeys, tried all the tricks at her disposal to pacify him, but to no avail. Before the desired scenes were secured both Miss Gordon and Director Davis received several scratches and bites.

PANTAGES

Imagine walking the floor every night with a 250-pound "baby" and having to tap it on the head with a black-jack to reduce it to stumber. That is the way the father has to use his child in "Some Baby" at the Pantages this week. Miss Agnes is one of the heaviest leading ladies that every step-dancer before Victoria footlights. The girls, costumes and songs in this act are enormously attractive, and as for Agnes—she is enormous in more ways than one.

Roy Stever and Mildred Lovejoy, in "Bits of Rhyme and Rhythm" have

CROWN OF GALICIA BOUND TO THIS PORT

Harrison Direct Line Steamship Which Left Glasgow June 1 is Expected in July

Marking the third Harrison sailing from the United States to North Pacific ports since the conclusion of hostilities in Europe, the British steamship Crown of Galicia sailed from Glasgow on Saturday for Victoria and Vancouver via the Panama Canal and San Francisco.

The Crown of Galicia is looked for at this port about the middle of July. The big freighter took her first shipments of cargo aboard at Liverpool and then proceeded to Glasgow to complete. Glasgow is the last port of call for the vessel on the Crown Steamship line, which operates in conjunction with the Harrison Line while the ships of the latter fleet make Liverpool the port of final clearance.

At the Falklands.

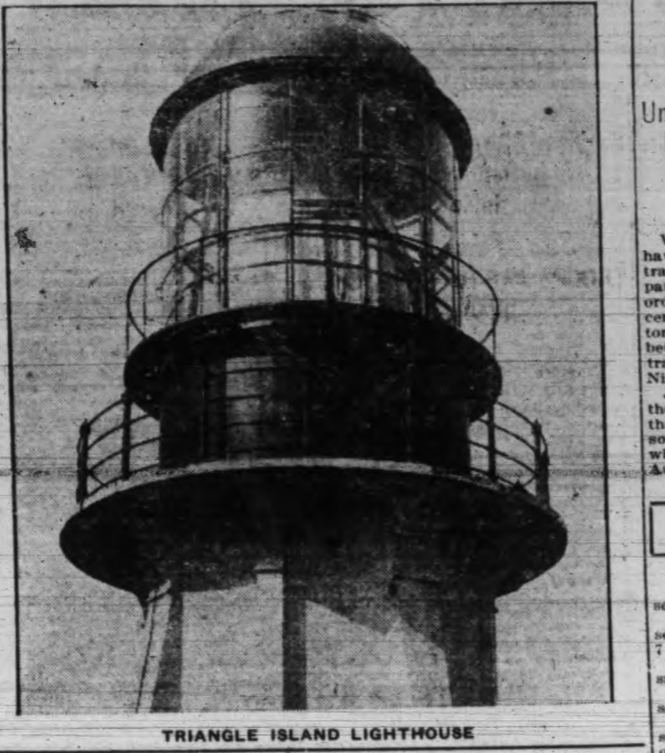

During the war the Crown of Galicia, together with a large number of other ships of the Crown and Harrison fleets, was commandeered by the British Government. At the time of the battle of the Falkland Islands, when von Spee's squadron was destroyed, the Crown of Galicia was one of the British colliers attached to Sturdee's fleet. The Galicia was the vessel chosen to carry to England the German prisoners picked up from the sinking enemy warships.

As a supply ship with the British squadron the Galicia performed valuable work, and Captain Halliday, her commander, was complimented by the Lords of the Admiralty.

The Crown of Galicia is a vessel of 4,821 gross tons, and was built at Lint-house in 1906.

The vessels of the Harrison Line preceding the Galicia here since the signing of the armistice were the freighters Professor and Musician. The Musician was recently reported arriving at her home port from this coast.

NAVIGATION AID TO BE DISMANTLED

FAMOUS LIGHT AT TRIANGLE ISLAND TO BE DISCONTINUED

Exposed Aid to Navigation Declared to Be of Little Use to Trans-Pacific Shipping—Wireless Station to Be Transferred to Cape St. James

Messrs. Stewart Williams & Co.

Triangle Island lighthouse, Dominion aid to navigation at the northernmost point of Vancouver Island, is to be discontinued and dismantled, it was announced to-day at the local offices of the Marine Department.

The lighthouse, which surrounds a rocky promontory on one of the outlying group known as the Scott Islands, and has been in operation for the past nine years, is considered unsuitable, for purposes of navigation, and instructions have accordingly been issued by the Dominion Department of Marine to shut down the light-station forthwith.

The proposal to discontinue the light has been under consideration for some time, but action was not taken until the shipping interests had been consulted regarding the plan of abandonment.

Shipping interests agree.

The various big shipping interests are fully in accord with the Government on the question of discontinuance, as it is realized that the Triangle light is not reliable as a guide to coast mariners in the winter months, when the light, because of its great height from tidewater, is of negligible visibility.

The Triangle light tower is 700 feet in height and the claim is made by navigators that in thick and dirty weather the rays are of comparatively little use for purposes of navigation.

Estevan Mostly Used.

On the other hand it is contended by navigators that the powerful light at Estevan Point is most valuable in making a good landfall, and is almost invariably used by deep-sea shipping in the Oriental trade.

Wireless Station.

Another factor in the abandonment of the Triangle Island lighthouse is the proposal of the Dominion Government to transfer the high-powered wireless outfit established there to a more central point at Cape St. James, at the southern point of the Queen Charlotte Islands, where a powerful light is already established.

The existing light at Triangle Island surmounts an octagonal, reinforced-concrete tower, the top of the revolving lantern being 700 feet above high water.

The characteristics of the light consists of four flashes every ten seconds.

Owing to the very exposed position of the lighthouse great difficulty is also experienced in effecting a landing at Triangle during heavy weather.

It is stated that the light will be dismantled and the lantern brought to Victoria for storage pending its future disposition. Ultimately it will be utilized in connection with the establishment of another lighthouse on the British Columbia coast.

NEW LINER ORDERED FOR AUSTRALIAN RUN

Union Steamship Company Building 14,000-Ton Boat to Replace Avenger

Vancouver, June 11.—Cable advices have been received from Sydney, Australia, that the Union Steamship Company of New Zealand has placed an order with a Clyde shipbuilding concern for the construction of a 14,000-ton passenger liner which will operate between Victoria, Vancouver and Australia in conjunction with the S. S. Niagara.

J. C. Irons, Vancouver manager for the Canadian-Australian Line, states that plans have been under way for some time to replace the Avenger which was intended for the Canadian-Australian service.

Walsh, Democrat, of Montana, Says it is Best Now Possible

TROOPS ARE READY IF MORE TROUBLE

Winnipeg, June 11.—Following the first really serious conflict between returned soldiers constables, acting in place of the regular police force, which was dissolved in the Police Commission following the men's refusal to pledge themselves to refrain from joining sympathetic strikes, seven arrests were made to-day. Serious trouble resulted when a large crowd of returned soldiers booby the special constables.

Oppose One Big Union

Toronto, June 11.—"We are not opposed to labor unions. We are not opposed to collective bargaining. We are opposed to the kind of unionism which is sympathetic strikes in public utilities. Until these questions are settled you need not look for any adjustment of trade disputes in that section of the country."

CONFUCIUS' SHRINE TO BE PRESERVED

Washington, D. C., June 11.—Reports that China loses her historic shrine, birthplace and home of Confucius, by transfer of the German concessions on Kiaochow Bay to Japan, are incorrect, according to a bulletin from the Washington headquarters of the National Geographic Society.

PRINCESS MAQUINNA IS MAKING CRUISE TO RIVERS INLET

Carrying a full list of passengers the C. P. R. steamship Princess Maquinna is leaving port about 4 o'clock this afternoon, eighty-eight miles south of the west coast of Vancouver Island. After reaching Quatsino Sound the Maquinna will continue on a special trip to Rivers Inlet, returning via the West Coast route.

MINERS DISCONTENT IN COEUR D'ALENE AREA

Wallace, Idaho, June 11.—A declaration that refusal of the mine-owners of the Coeur d'Alene district to grant a conference on demands of their employees for an eight-hour day and a wage increase would be followed by a walk-out of 500 miners in the Bunker Hill and Sullivan properties was made at Kellogg, near here, last night by E. W. Muir, said to be an organizer for the International Union of Mine, Mill and Smelter Workers, it became known to-day.

ADVERTISING MEN HOLD CONVENTION IN CITY OF PORTLAND

Portland, Ore., June 11.—To-day's advertising men met at the end of the Pacific Coast Ad Men's Association convention here although entertainment features have been postponed until the week in connection with the Rose Festival. The convention officers, choice of the next convention city and award of trophies were important events on the Ad Men's programme to-day.

JOHN'S PROFICIENCY

"Well, Mr. Pedagogue, does my boy show any special aptitude for work?" asked the proud father. "I think so, Mr. Bronson," answered the schoolmaster. "I am not certain as yet whether John will make a sculptor or a baseball player. He is unerring in his aim with paper wads, but the condition of his desk top convinces me that he can carve with considerable facility."—Philadelphia Inquirer.

APPLICATIONS

will be received by the Esquimalt Board of School Trustees, addressed to the undersigned, P. O. Box 18, Thornburn, B. C. not later than the 28th June, 1919, for the position of Male Assistant Principal in Lamson Street School, subject to be in accordance with the schedule of the Victoria and District Teachers' Association.

SQUADRON OF PLANES FLIES AT PORTLAND

Portland, Ore., June 11.—The squadron of army aeroplanes which arrived yesterday from Mather Field, Sacramento, to participate in the Victory Rose Festival here, made its first exhibition flight to-day. The planes rose from the municipal golf links, used this week as an aviation field, bearing aloft a passenger representative of all the local newspapers and several other city citizens, who were promised aerial thrills. The aeroplanes circled over the city.

NO SHELTER FOR EUROPEANS

Tainan-fu, forty-five miles from Tainan-fu, is the station for pilgrims making the ascent of Tai-shan, the Great Mountain, which is a yearly event continuous for 2,600 years. One leaves the train and is carried to the summit in sedan chair in six hours. He descends in three hours and gets away by another accommodated train, as there is no fit shelter for a European in the town or on the mountain.

REOF FIRE

The Fire Department was called shortly after three yesterday afternoon to extinguish a small roof fire, which had broken out at 313 Fort Street.

CHARGES THAT LEAGUE WOULD BE A "SUPER-STATE"

Washington, June 11.—Asserting that opponents of the League of Nations have crumpled up many unimportant objections to play upon popular sensitiveness, Senator Walsh, of Montana, a Democrat, defended the League covenant in the Senate today against charges that it subverts the American constitution.

SENATOR WALSH SAID NO ONE INTENDED THE LEAGUE COVENANT WAS PERFECT, BUT IT WAS A "MERE SUBTERFUGE," HE DECLARED, TO TALK OF AMENDING IT.

Senator Walsh said no one intended the League covenant was perfect, but it was a "mere subterfuge," he declared, to talk of amending it. "The Senate may do," he continued, "to propose amendments, which, in substance, would be rejection of the treaty with a condition. The whole subject would thus be opened up and negotiations must be resumed. Doubtless other nations would propose amendments. The stupendous labors of the past six months would all be undone, and peace would be as far away as it was last December."

CARGO OF MAKURA BACK AUSTRALIA

Vancouver, June 11.—In view of the refusal of the crew of the Canadian-Australasian liner Makura to allow volunteer longshoremen to handle the cargo, the officials of the company have practically decided to send the ship on her return voyage to Honolulu, Suva, Auckland and Sydney without discharging her load here. This action is prompted by the anxiety of the company to provide passage for the large number of passengers who are held up here.

FINANCIAL NEWS

TO-DAY'S TRADING ON THE WINNIPEG MARKET

Winnipeg, June 11.—The market was very quiet to-day with poor demand for each article and barely. There was nothing doing in futures. Quotations: High Low Close. July 1919 77 77 77 77. July 1920 85 85 85 85. July 1921 125 125 125 125.

NEW YORK STOCKS WERE IRREGULAR

Uncertainty Overhangs the Market; Stocks Rallied at the Close. (By Burdick Bros. & Brett, Ltd.) New York, June 11.—The market was generally recognized that the pace recently established has been too rapid to be ranked with an orderly advance. Many stocks have been exploited beyond their real worth and are starting to lower to more secure foundations. The weakness in the industrial is also having a temporary effect on the rails which have not advanced in the same degree. Offerings were absorbed this morning on the depression and a gradual betterment resulted and lasted up to the close. The copper stocks gave signs of recovery and advanced four points after a firmness during the depression.

WRITING CINEMA PLOTS

There are quite a number of people in the world who have some original ideas that would make good cinema stories. Such people are now going to have the chance of their lives. According to the American papers, the big moving picture concerns are facing a great crisis—a dearth of really good scenarios. These firms are openly inviting the public to submit ideas or stories, which will be carefully considered and handsomely paid for on acceptance.

CORN RALLIED ON BAD WEATHER REPORT

(By Burdick Bros. & Brett, Ltd.) Chicago, June 11.—The market was dull and uninteresting for the greater part of the session. The Government weekly weather report was not encouraging and private advice was even more pessimistic. There was covered in the final dealings and rallied the market.

PARKS COMMISSION IS NOW LAUNCHED

Organization Formed. Last Night to Deal With Important Matters

Preliminary steps were taken last night by the Victoria and District Recreation Commission toward attaining the objects of the newly-formed organization. It is the intention of the body to approach the City Council for a grant to cover the supervision of playgrounds, and the organization will be maintained with a view to investigating recreational needs of the community and acting as a sort of advisory committee to the Council.

Will Want \$1,550.
A delegation from the Commission will wait on the Streets Committee of the City Council on Friday afternoon and apply for an appropriation of \$1,550 for park supervision.
Mayor Porter was elected honorary chairman of the Commission, with Lester Patrick active chairman; Dr. M. Raynor, vice-chairman, and Major Stanley Okell, secretary-treasurer. The executive will be composed of R. M. Thompson, Dr. Arthur G. Price and Mrs. J. D. Gordon, while the standing committee will be made up as follows:

Committees Named.
Recreation Survey Committee—Messrs. David J. Clark, Frank Glotman, M.P.P.; Mrs. Williscroft, School Playgrounds—Capt. Aiken, Harry Charlesworth, Mrs. Livingstone; Parks—Capt. George M. Gordon, Tom Douglas, Alderman Harvey, Commercialized Amusements—Howard Stephenson, Miss M. J. Wark, Gordon Jameson and J. W. Okell; School and Home Gardens—E. Hallwright, R. McInnes and Miss Bertha Winn. Extended use of schools and public buildings—Mrs. Graves, Mrs. Frank Andrews, Alexander Stool, Athletics—Dr. Morris, W. Thomas, Frank Slavin, Mrs. J. L. Beckwith. Beach and Bathing Facilities—Dr. A. E. McMillan, Fred M. McGregor and Miss Budd.

Reasons for Forming.
The reasons for forming the organization and the objects to be attained are as follows:
(a) The growing sense of the importance of the play side of human life, particularly in the development of the young to whom it is so essential as it is recreational to the mature.
(b) The necessity for such wise and considered direction of this play as will enable it to contribute to the best ideals of citizenship.
(c) The many advantages paralleled by our system of public education which must result from the encouragement of community play in its various aspects.
(d) A general dissatisfaction with our present opportunities of play both in regard to what is available in completeness and what they possess of mischievous possibilities.

These considerations at least have urged the representatives of various public bodies and other organizations in the city and district, to organize themselves under the following plan:

Objects.
(a) To make a careful study of the recreational life of the community.
(b) To determine how far the recreational needs of the community are being met, or whether there is need of modification, improvement, change or extension in what is already being done.
(c) To take steps to draw up a plan for the community which will cover the recreational needs of all the people.
(d) To plan for the more extended use of existing public buildings, playgrounds and parks, for recreational purposes.
(e) To secure adequate supervision, especially for the playgrounds.

Delegates Present.
The meeting was a thoroughly representative one. The organizations that had delegates were: Victoria West W. C. T. U., Municipal Chapter I. O. D. E., Women's Independent Political Association, Local Council of Women, Central W. C. T. U., Women's Canadian Club, Y. W. C. A., women's department of the police, Medical Society, Canadian Club, Ministerial Association, Returned ex-Servicemen's Association, Foundation Organizations, Board of Trade, Trades and Labor Council, Victoria West Brotherhood, Wesley Wesley School, Murray Club, St. Paul's Church Cathedral, City Council, First Baptist Church, Medical Health Department, Teachers' Association and the Y. M. C. A.

MATRIC ISSUE OF THE CAMOSUN CAUSES MUCH EXCITEMENT AT SCHOOL

A visitor to the High School yesterday would have been surprised at the scene of excitement and confusion which presented itself. One of the greatest events in the year, the issue of the Matriculation number of the school paper, had just occurred. For in the Matric "Camosun," in obedience to an ancient tradition, there always appears a blank page on which the students collect the autographs of their friends. And the process usually provokes a small riot.

Many features which have not been attempted before appear in the issue which has just been published. While many of the old customs have been retained as in former years, pictures of all the Matric students appear with a few pungent remarks about each appended. A special feature which caused the utmost merriment is a page devoted to the portraits of a number of prominent students before they had advanced beyond swaddling clothes. The appearance of these pictures was as much a surprise to the "victims" as to the rest of the school, for the originals were secured by stealth.

How American Women May Keep Faces Young

"The American smart woman ages early," says the English woman, says Christian Miller, F. C. I., the famous English health expert. She adds that our climate "so youthfully that you over-exert yourselves and grow old before you know it. That same exhilarating air which makes the skin that makes moisture grows pale and withered looking and soon forms wrinkles."
"The American complexion" is best treated by applying pure mercurized wax, which causes the faded, lifeless cuticle to take off in minute particles, a little each day, until the fresh, young skin beneath is wholly in evidence. Every druggist has this wax; one ounce usually is sufficient. Spread on at night like cold cream, washing it off next morning.

REJECTED MEN HOPE TO ORGANIZE ON AN ALL-CANADA SCHEME

Victoria Branch Holds Second Regular Meeting With Over Fifty Members

Although the organization is in its infancy, the Victoria branch of the Honorably Rejected Volunteers of Canada already boasts of more than fifty members. At its second general meeting held in a room kindly lent for the purpose by the British Columbia Electric-Battery Company last night, nearly a score were present and heard various reports of the association's progress.

Esquimalt Red Cross.—The sum of \$54 was sent to the Red Cross headquarters for the month of May by the Esquimalt Branch. The financial statement submitted by the treasurer, Mrs. Besonette was as follows: Mrs. F. R. Wright, donation \$1.75; Mrs. Hicks, donation, \$4; Mrs. Rodhead, \$2; Mrs. Fleming, \$1; Mrs. Appleby, donation, \$11.45; Mrs. Lock, machine motor, \$10; St. Paul's Guild, donation, \$4.50; Yarrows, Ltd., monthly subscription, \$40. Total, \$84.

Veterans Stand for Law and Order.—A meeting of the executive of the Great War Veterans' Association was held last evening to decide on the stand to be taken by the association in event of a sympathetic strike in this city. The following resolution was passed: "That in the event of a sympathetic strike in Victoria we take the stand to enforce law and order, and that we endorse constitutional government."
