DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

GHQ/SCAP Records(RG 331)
Description of contents

THE NATIONAL ARCHIVES OF THE UNITED STATES

(1) Box no. 2584

(2) Folder title/number: (5)
Disaster Relief (General)

(3) Date: May 1948 - Sept. 1949

(4) Subject:

Classification	Type of record
9450, 9760 (M)	c, e

(5) Item description and comment:
M: Miyagi

(6) Reproduction: (Yes) No

(7) Film no. Sheet no.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

III (1)

Tele-communication Materials

MEMORANDUM FOR: CHIEF

SUBJECT: Typhoon KITTY

1. As of 0900, 1 September 1949, typhoon KITTY reached the offing west of Tsugaru Strait with a speed of 980 mm. It is traveling northeast with a speed of about 25 miles per hour. Today there shall be south-westerly winds, accompanied by thunder and rain in this area. The typhoon is expected to go up north and finally to hit the west coast of Hokkaido, changing to a north easterly direction. By tonight it is expected it will head towards the Okhotsk Sea, and tomorrow the wind will cease and it will be cloudy with intermittent showers.

2. The following report on damages by typhoon as announced by Information Section, Miyagi-ken was received at 1000 1 September:

1. Damage to people:

An old man drowned at Kakuda Town

2. Damage to houses:

a. 8 units (2 households) were burned at Kanomata Village, Monou-gun.
b. 1 unit burned at Hebita Village, Ojika-gun
c. 8 houses were inundated at Nakamiida Town, Kami-gun and
5 houses were half destroyed
22 houses partially destroyed
d. 1 house collapsed
1 house half destroyed at Kakuda Town, Igu-gun

3. Damage to Civil Engineering:

a. Prefectural highway collapsed about 10 meters at Momoura in Oginokara Village, Ojika-gun
b. 2 embankments collapsed (lo meters each) at Watanoha Harbor

4. Damage to farmland:

a. Marumori-machi, Igu-gun

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

31 August 1949

Typhoon KITTY 1500 31 August 1949

Typhoon KITTY is as of 1500 31 August proceeding northward with speed of 35 kilometers per hour in nearby Ashima Islands. It is expected to land Tokyo area this evening and Sendai area by tomorrow morning. There is possibility of storm attacking Sendai area from tonight till tomorrow morning and its wind speed is expected to be 30 meters per second on sea, 17 or 18 meters onland. The rain fall shall be 200 mm at high land 60 - 70 mm at low land.

0800 1 September 1949

KITTY reached west of Akita Prefecture at 0600. Keeps going up north, north east direction with speed of 20 miles per hour.

Due to this situation, this region is still under Typhoon influence, having a storm but we don't expect too much rain. So far on both sides of Pacific and Japan sea, it indicates several mm and 50 mm on up lands.

In the sou thern part of Fukishima, however, indicated 100 mm. Today must be a maximum of typhoon, with rather strong wind and shower once in awhile.

0900 1 September

As of 0900 1 September KITTY Typhoon reached the offing west to Tsugaru Strait indicating 980 mm. Keeps going up north or north east direction, with a speed 20 miles or 25 mmhs per hour. N orhtern part is still being attacked by a heavy storm, while the southern part, the maximum of typhoon was already over. Today we shall have south east wind or sbouth wind, blow rather violently and also we may hear thunderbolt once in awhile accompanied with showers. This typhoon is expected to go up north and finally to land on the west coast of Hokkaido, later to change direction north east Expected by the middle of nite to head towards Okhotsk Sea (Russia). Tomorrow the wind is expected to cease, but it will be cloudy with intermittent showers.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

THE PLAN OF DISASTER RELIEF DEMONSTRATION

July 4, 1949
MIYAGI PREFECTURE

1. Policy of the plan:

To establish the plan of an actual demonstration of the first aid activities and the relief activities in the imagined case of flood.

2. The chief aims:

A) To bring an attention & attitude of mind of people in general to the disaster.
B) To consolidate the utilization plan of Disaste Relief Squad.
C) To hold members of Disaster Relief Squad in the utomost effectiveness.
D) Thorough practice of the plan.

3. Demonstrating Body:

Disaster Relief Squad.

4. Period of Demonstration:

This shall be decided by each squad during the month of ~~June~~ July.

5. Matters to be demonstrated:

A) Information.
B) Refuge. Inducement. Guard. Delivery of Warning.
C) Practice of Mass Feeding.
D) Prevention of Waters.
E) Rescue & the prevention of epidemics.
F) Ready-to-cooperate attitude of the affiliate organization.

6. An outline of the demonstration:

As stated in the accompanying paper.

7. ~~Examination~~ Comments on the results of demonstration:

After the demonstration is over, its results shall be ~~examined~~ discussed.

8. Report on the situation of demonstration:

To make the report 4 copies, necessary in reporting the situation of the demonstration to the direction concerned.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Outline of Disaster Relief Squad's Demonstration.

1. General Affairs & Welfare Division.

SECTION	MATTERS TO BE DEMONSTRATED	METHOD OF DEMONSTRATION	REMARKS
General Affairs Sec.	1. Collection of informations A) Weather information	Storn warning presupposing the flood shall be issued by the detachment.	Information shall be made public thru the bulltin board.
	B) Guard information.	Such information shall be obtained from guards of Fire Prevention Division.	
	C) Damage information	Same as above.	
	2. Contact of information. A) Weather information & Guard information shall be made contact with Squad Hq. & Divisions.	By Liaison man.	
	B) Damage information shall be made contact with Squad Hq. & Divisions, also to Detachments quickly.	By liaison man or telephone.	
	3. An emergency roll-call. A) To keep in a order a list of members' address & table of sketch showing their where-about.	Any method convenient,such as the one to make a roll-call by calling members to a fixed place at a fixed time.	
	B) To decide in advance that the members are to come to a fixed place immediately after an emergency signal (siren or warning bell shall be dicided in advance.)		
	4. Establishment of Branch Hq.	Such method as that to establish Branch Hq. within the tent pitched outside, in case that the community office is innudated with water and become impossible to be used.	
	5. Budget administration. Be always familiar with the standard rate of the relief provided by Disaster Relief Law and be ready at any time for the compilation of the budget in accordance with the degree of damage, providing an official price table of the materials such as matials necessary for constructing	This shall be demonstrated as a plan on the desk.	

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

	a shelter, materials for emergent mass feeding and other materials necessary. Regarding an account, in case of Mass Feeding, name of goods, quantityof it, amount of money, number of person feeded and other matters necessary shall be recorded as a measure to prevent the relief from its excess.	
Liaison Section	1. Contacts among Rooms of Branch chiefs.	
	A) Contact with Squad Hq.	This shall be demonstrated by liaison man or telephone.
	2. Contact with the damaged area.	By despatching a liaison man.
	3. Contact with the shelter, first aid station and Government agencies.	By telephone or liaison man.
Relief Section.	1. Survey on a place of safety. Be familiar with a place of safety, its location, floor space, capacity and so forth, by surveying previously school, temple, hotel, Public Hall, community work shop and other buildings.	By judging the imagined damage situation, to guide peoples' refuge to the safety place which have previously been deicded as No.1, No.2 and No.3 and so on.
	2. Construction of Shelter.	
	A) In case that the refuge quarter in unable to accomodate all refugees, to build a shelter to accomodate them.	
	B) As to prepare for the worst situation, to keep in constant availableness lumbers, cedar bark, strow mats and other materials necessary for construction of shelter.	
	3.)Demonstration of Mass Feeding.	
	A) Equippments necessary for Mass Feeding. To keep in hand the equippments necessary for Mass Feeding, such as rice cooking pan, spatula, large spoons, buckets and so forth.	Mass Feeding shall be demonstrated with the foodstuffs which refugees shall bring.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

	B) Procurment of foodstuffs, salt, salted plums, fuel and so forth.	
	To figure out the necessary amount of Mass Feeding.	
	C) Arrangment of the person who will work for Mass Feeding. To make an arrangment plan of such persons by getting cooperation of Reserve Division.	
	D) To grasp the number of persons who need to be feeded.	
	E) Delivery of Foodstuff. a) This shall be available to only such persons who took their refuge to their relatives' house or the person who lost all foodstuff he had.	This shall be demonstrated with the cards written the name of goods and quantity.
	b) Milk shall be delivered to the infants.	
Guidance Section.	1. Measures regarding the security of Peoples' mind. A) To strengthen the attitude of peoples' mind against the rumours, for the rumour is easily circulated in case of disaster.	As a plan on the desk.
	B) To stress an importance of peoples' cooperation in preventing the crimes, for thieving & pilfering are easily committed in case of disaster.	
2. Fire Prevention Division.		
Fire Prevention Section	1. Caution & Guard. Guards shall in advance be familiar with dangerious water point and shall record timely a situation of increasing water, and constantly report it to Hq. thru Liaison man. They must attach special attention to the point that flood is to come in short time.	Guards shall be desnatched to the bank to watch the situation of increasing water. Situation of increasing water shall be imagined by contact information.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

	2. Delivery of Warning. A) Issue of Warning. To decide in advance siren or bell and have people know it.	This shall be demonstrated by demonstration signal, in case of demonstration. Method of Oral Delivery may be used.
	B) Issue of Refuge Warning. To decide in advance siren or bell and have people know it.	
	C) Release of Warning.. To decide in advance siren or bell and have people know it.	
Rescue Section.	1. Inducement of Refuge. A) To secure a refuge place.	The refuge shall be demonstrated by supposing the limited disaster-stricken area.
	B) Order of Refuge. Aged person, children and sick-person are to refuge first.	Inducer shall guide peoples to a safety place while giving them oral orders in order to prevent any confusion. Refugees are to bring their own rice necessary for Mass Feeding.
	C) Despatch of traffic controller.	
	D) Roll-call. When it is judged that all peoples have refuged, to make a rool-call and make sure that none in missing.	
	E) Remarks. a) To take care of fire. b) Prevention of burglary.	Such matters shall be given to peoples by inducer.
	2. Rescue of life. A) To design a plan of rescuing lives by life-boat and raft.	This shall be the plan to be reserved.
	B) According to the situation, despatch of boat may be requested to Hq..	
Water Prevention Section.	1. Prevention of Waters.	This shall be demonstrated with and by the technique of flood control.
	3. Economic Division.	
Supply Section.	1. Procurement of necessary quantity of goods. A) Materials	The plan on the desk.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

A) Materials of Mass Feeding.
To procure the materials necessary by grasping an accurate number of the person to be feeded.
Materials shall be stored at the fixed place quickly by making respective contacts with the agencies concerned.
B) To keep sound connection with Control Agencies & Government Agencies.

B) Plan & Procurement of necessary quantity of clothes, beddings and livelihood necessities.
To figure out the necessary quantity based on the Standard, and request of the Pref. procurement of them.

2. Delivery of Goods.
A) By surveying the person who needs delivery of goods, make the name list of such persons.

B) Distribution Committee shall determine the person who shall receive the goods.

C) Regarding the method of distribution, the goods shall be distributed to the person in an exchange of the ticket which has previously given to them.

---

4. Medical Division

Medical Relief Section.	1. Despatch of Medical Relief Section. A) With a cooperation of Reserve Divis., to assume the attitude ready to despatch Medical Relief Section. B) Location of the office of Medical Relief Section shall in advance be made known to each Division concerned. 2. Establishment of the First Aid Station. To establish the first aid station at the refuge place or the place adequate for medical treatment, as occasion calls.	Fundamental performance of first aid shall be demonstrated.
Epidemic Prevention Section.	1. Despatch of Epidemic Prevention Section. With a cooperation of Reserve Div., to organize such Section and put it in ready for despatch.	Insect Killer shall be spread to get a lid of them.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

	2. Disinfection of Well Water and the cleaning.	
Supply Section.	1. Procurement of medicin necessery for treatment and prevention of epidemic and sanatory materials.	Plan on the desk.

災害に十一億追予

縣いよいよ復旧に本腰

第二十回宮城縣定例議會は二十四日招集されたが今議會に提出される追加予算は總額十六億八千七十二万円で當初予算は總額十六億八千七十二万円で當初予算以來の數次にわたる追加を繰り返すれば實に四十六億円にのぼる膨大な予算となつた、今回の追加予算案のうち災害關係經費は十一億三千五百万円でその總額の六七%を占めている、災害關係予算案の概要つぎのとおり（單位千円）

災害對策費【九〇一、三九三】…出水期までの計畫予算は十二億五千万円だが成績は次期予算に組込む予定である…災害土木復旧費（七四三、〇〇〇）災害耕地復旧、水禍施設、林濟復旧、中小河川改良、罹害對策、災害救助、罹災害補償（七〇八）治山治水對策費【一三三、六三七】中小河川改良費（五二、八九二）河川調査、造林、山地治山、水源涵養費（四二、七〇〇）砂防關係費（二四、一〇七）河川維持費（一、六二九）

江合川水系の支会役員決る　當縣會議會第三部会の江合川水系を中心とした第一支会役員はつぎのとおり決定した

顧問　仙台市長櫻井良治、同市長櫻高橋大藏、同副市長伊藤助、同三春重雄、同佐藤新助、同栗野豐助、同丹野鶴一郎、同松尾啓三、同清水源太郎、同荒井徳二、同阿部栄太郎（生出村長）三浦孝（高館村長）木皿喜太郎（開上村長）庄子多門（大沢村長）庄子喜吉（鹿瀬村長）鈴木源之助（多賀城村議會副議長）鳶尾榮吉（根白石村長）星坂邦助（七北田村長）佐々木久吉（利府村議會議長）赤間龍助（鹽釜代表）

第四部会役員決る　第四部会（名取七北田川水系）の正副部会長は部報の通り部会長に議會門間正藏、副部会長に仙台市議會議長伯耆雄、多賀城村長賀川邦雄の三氏と決定したが理事はつぎのとおり決つた

顧問　仙台市長櫻井良治、同市長櫻高橋大藏、同副市長伊藤助、同三春重雄、同佐藤新助、同栗野豐助、同丹野鶴一郎、同松尾啓三、同清水源太郎、同荒井徳二、同阿部栄太郎（生出村長）三浦孝（高館村長）木皿喜太郎（開上村長）庄子多門（大沢村長）庄子喜吉（鹿瀬村長）鈴木源之助（多賀城村議會副議長）鳶尾榮吉（根白石村長）星坂邦助（七北田村長）佐々木久吉（利府村議會議長）赤間龍助（鹽釜代表）

理事　芳賀光雄（仙台市議）相澤清一（同）鎌塚新七（七北田川水系）

災害復旧費を増額

知事会議で決議要望

九日から三日間首相官邸でひらかれた全國知事会議で最終日の十一日災害復旧費の増額ほか三項目を決議、政府、政党ならびに關係方面に要望したが水害關係つぎのとおり

災害復旧費の増額　災害復旧費の大幅削減により多数村縣においては予定工事を繼續しえざるはもちろん今後の見通しさえたたず、仆民はさだるべき災害開を控え戰々兢々たる有様である政府は實情調査費を削減しあるいは對日援助見返り資金または預金部資金の活用などにより災害復旧費増額の措置を講ぜられたい

耕地改良ならびに離地災害復旧　土地改良の助成費を削減し災害復旧對策においても耕地の復旧をはじめとし鐵筋土木に對する助成を削減せられたのは現下の國情よりしても農村經濟安定の見地よりするも遺憾にたえない政府はこれが善後措置について今後十全の方途を講ずるとともに土地改良、災害復旧、鐵筋土木の實施により固定した資金の運通および貸借關係の調整に關する緊急對策を講ぜられたい

第四部会役員決る　第四部会（名取七北田川水系）の正副部会長は部報の通り部会長に議會門間正藏、副部会長に仙台市議會議長伯耆雄、多賀城村長賀川邦雄の三氏と決定したが理事はつぎのとおり決つた

顧問　仙台市長櫻井良治、同市長櫻高橋大藏、同副市長伊藤助、同三春重雄、同佐藤新助、同栗野豐助、同丹野鶴一郎、同松尾啓三、同清水源太郎、同荒井徳二、同阿部栄太郎（生出村長）三浦孝（高館村長）木皿喜太郎（開上村長）庄子多門（大沢村長）庄子喜吉（鹿瀬村長）鈴木源之助（多賀城村議會副議長）鳶尾榮吉（根白石村長）星坂邦助（七北田村長）佐々木久吉（利府村議會議長）赤間龍助（鹽釜代表）

日標三千万円

青葉十字運動の募金

青葉十字運動の具体的実施要綱を決定する当会議本部で委員会は十三日午後一時半から仙台市内東一番丁三陽会館にひらき募金目標を当初の一千万円から三千万円に修正したほかは同れも企画局会議におけるる原案を承認決定した

副議長は高橋

大藏氏に決定

当会議の副議長は定員二名となつているがこのうち一名は第一回本部委員会で縣町村長会長富田慶重氏が選出され、のこる一名は欠員中のところ十三日の本部委員会で前沿山部長高橋大藏氏が選出された、同氏は縣議会土木常任委員長である

江合川右岸水害予防組合結成

江合川右岸の玉造郡岩出山、東大崎、西大崎、志田郡古川、志田、荒雄の六ケ町村では二十五日午前十時から古川町公民館で江合川右岸水害予防組合を結成、復旧工事の促進と水防施設の完備実現運動の申出ることになつた

論壇

水防の國民運動を望む

鎗本佐二

大小河川の要所には堤防その他護岸の工事が必要であるが然しいかに頑丈な堤防を造つても油断は絶對に禁物である外國の例ではあるが歴年無比を誇つた鉄筋のダムが決壊して、多数の人命を喪つたことさえある。元來人間の造つたものはその時代における科学の粋を究めたものでも、思わぬ欠陥が潜み、予想外の出來事に出会わすものと予め覚悟してかゝらねばならぬ。数年にわたる濫伐濫伐のために各河川とも河床が驚くほど隆起し、何時の間にか最大こう水位が数尺堤頂を越えているにもかゝわらず、一向気付かないでいるとしか思われぬ所が決して少くない。昨年建設省の調査によると一日の雨量七〇ミリ位で既に災害の危険にさらされる個所が、全國三千三百の河川中二万一千五百八十八ケ所あり、更に雨量が増すとその災害規模は二、三倍にたかまるという予想がなされている。実に累卵の危険を感じては同人といえども決して安閑として居れないであろう。

河州や堤側の耕作が繁雑されたり、また食糧事情の好轉につれ自然谷地方とも下火になつたとはいえ、石垣や蛇籠がそのまゝ、残がいを留めていたり、灌木類がのび放題に打遺されていたり、護岸工作等、非常時に備えて文字通り水も漏らさぬ不断の警防が、地元住民の行事でなくてはならないのである。

こう水時に流木や大形の流失物を引揚げること、種々の邪魔ものを素早く取除けることは、激流に備えて堤上に土嚢を積むことゝ共に必ず実行したいことで、水防團の華々しい活動にまたねばならぬけれども、派手ではないが平常の水防行事が行届いてさえおれば、せつば詰つであわてふためいたり、また危かしい應急処置で村人を狩出す必要がなく、洪水に対して水位を見守り監視の処置を講じて、水禍を免れることができる。是非ともかゝる平時の訓練が望ましいのである。

いずれの河川でも水防團を結成して利水に努め、この水の脅威に關らねばならぬが、流域の住民一人残らず團員である心構えが願わしく、またこのことが当然の權利であり義務であるというても支障はないと考える。法規に縛られたり法の余所から強いられたわけではなく、父祖傳來地元民の繪羅で、水防林の巡視および手入を月極め驗番でやつている所をしばく見聞したが、まことに麗しいことで自然頭が下るのである。

最近水防法が職会を通過したそうであるが、法規にまつまでもなく、この際河川愛護の國民運動が全國に徹底することを希うて止まぬ。

（筆者は林学博士）

開拓政策の三轉

食糧增産主義へ

解說

農林省は開拓政策の重点を食糧增産主義へ轉換し、これまで入植者の選定に當つては、戰災者、引揚者、海外からの復員者、失業者、戰傷病者、戰死者遺家族、戰地からの復員者、海外からの引揚者、戰災

〝AOBA CROSS〟OR〝GREENS CROSS〟CAMPAIGN IN FACE OF TYPHON SEASON

In a concerted move to defend our native province from flood ravaged and vitalize the prefecture financial distress, an 〝Aoba Cross〟 campaign is now looming large to develop its fullfledged activities for a month beginning July 15, 1949, with Miyagi prefecttre as its center.

After the model of 〝Red Cross〟 whose purpose is to save human face on the principle of philanthropy, the proposed Aoba Cross or Greens Cross movement has its mission in relieving this prefecture from incessant threat of annual floods on the basis of philanthropic devotion on the part of the local citizens at large.

With the intimate connection of the word 〝grden〟 or 〝aoba〟 as well-known alias of Sendai lot with the mind of the prefecture citizens, the new campaign is expected to go a long way toward working out a substantial means to terminate flood damages which so far hate been regarded as rather a predestined local fate but which should be checked on scientific analysis

Major events during the period consist of an enlightenment campaign and a fund-raising movemet. Scheduled in the enlightenment program are; deliveries of speeches regarding floods by concerned prefecture officials at junior high schools; preparation and distribution of thousands of picture cards showing flood-torn realities for the past few years; invitation with prize of theses; settlement of 〝Aoba cross song〟; hoisting of Aoba cross flags at government and public office buildings throughout the prefecture; erection of Aoba Cross towers in front of Sendai station, and at Sukiya-bashi-Tokyo and another one at some strategic spot in Osaka with a flood photo exhibition scheduled at the foot of each tower; etc.

In another program of raising funds for the purpose scheduled are; local groups personal petitioning to the central government agencies including the Prime Minister's office and the National Diet and their contribution invitation of the street at Shinjuku, Ginza, Shinbashi and other pivotal quarters in the Metropnlis participated in by Diet members from Miyagi Prefecture; appeal to general sympathy of Miyagi-ken natives in and out the profecture through every means available; and last of all, exhibitions of local celebrities' works for spot sale. The sponsor Miyagi-ken Flood Board members were greatly impressed in this connection when they received three tables of fancy paper, each bearing letters 〝Ao Ba Ju Ji〟—Greens Cross—in Chinese characters, which were contributed from famous old poet Bansui Doi of Sendai who wrote them in sympathy with the campaign in disregard of his benumbed hand in the sick bed.

With 30,000,000 yen set at the goal, the fund collected will serve to cover the expenses for purchase of flood control materials, installation of meteor ological institutions and warning facilities as well as setup of ideal model communities in the control of floods

The year's campaign will start on July 15 when a Prefecture people's rally will be held at the plaza in front of the Kencho building with several schedules including commendation of persons of distinguished service in the flood control activities.

The Aoba Cross campaign is expected to be observed as an annual event with th period set aside during thee typhoon season.

砂防五ケ年計画

木村正昭

近年の災害傾向　昨年九月のカスリン台風により埼玉縣はもとより東京都の東南部まで水浸しとなつた利根川のはん濫および昨年九月のアイオン台風による一関および宮古市の大災害は未だわれわれの記憶に新らしいところであるがこの水害による損失を算出の面より見れば、我國耕地面積は約五百万町歩で、その内收穫量の最も多い河川周辺の美田地帶で水害をうける危険性のあるもの百八十万町歩にのぼるのである、これが昭和二十年の水害で四十八万町歩冠水約四百万石の減産となり、その他流失埋没せるもの二万町歩におよび昭和二十二年には四十三万町歩冠水、土木の災害復旧費のみで百五十億円、昭和二十三年には四百八十億円の多額に達したのである、この他新地、家屋の流失、鉄道不通などあわせて考えれば、その損害は莫大な額に達するのである、かくのごとく近年水害は激増し被害額は年々增加の一途をたどりつゝあり、國土復興の前途に大きな問題を投げかけている

水害の原因　一体にこの災害激增は何に起因するか、特に昨年の利根川はん濫の如く近年の水害が既改修河川にも多く起つていることは何に起因するかを検討してみよう、第一にずつと以前よりの山地崩壊に起因する土砂が河川の最上流部に堆積していたのが、土砂流出防止工事がでさていないため徐々に中流部下流部に押し出してきたこと、第二に最近の山林乱伐は赤城山の形が変つたといわれる位の大崩壊を惹起し、ために非常の利根川上流の如く山地に新崩壊が多くでさつゝあること、第三に局部的な強雨により水量を增し

第十六條　①水防のため緊急の必要があるときは、水防管理者、市町村長または消防長に対して應援を求めることができる、應援を求められた者はできる限りその求めに應じなければならない

②應援のために派遣された者は水防については應援を求めた水防管理者の所轄の下に行動するものとする

③第一項の規定による應援のために要する費用の負担は應援を求めた水防管理團体と應援した水防管理團体との間の協議により定める

（つづく）

―災害予算繰上げ―

建設省では今回の水害による河川関係施設の損害額を中小河川五十億円、直轄河川十億円とみてこれに対応する復旧費として見返り資金による約五十億円程度の融資を二十二日の閣議で蔵谷建設相から要請したが見返り資金の充当は困難とみられるので結局本年度災害復旧予算の第三ならびに第四・四半期分の繰上げによる約二十億円との融資をうける筈で次の臨時国会にこれが補正予算を要求する予定

つ、将来の災害を根本的に防止し国土保全の万全を期するものである、その内訳は河川数八十四数河川、町村数にして五十八百町村にえん堤一万七十七百本、床固三万八千五百組、護岸二万一千五百個護岸四百八十万メートル、除石百万メートルで総工費十百八十六億円となつている、なお附帯効果として砂防えん堤利用による小発電の百計四十二万キロワットおよび床固を利用するかんがい面積二十六万五千町歩、その他開墾十万七千町歩、土地改良五万七千町歩ができるのである、その他現在の発電貯水えん堤が上流よりの土砂により堪漫し発電能力の減退を来たしつつあるのを防止することもできるのである、以上概略説明であるが、これらの国の水害の根本をついて将来の水害を根絶させる目的をもつてここに砂防五ケ年計画を樹立したものである（建設省・河川局砂防課改訂）

水防法成立

八月三日から施行予定

関係各方面から要望されていた者ことは、水防管理團体である水防法案は今國会に提出されて害予防組合の管理者又は水防管理いたが衆参両院を通過成立、六團体である市町村組合若しくは市月三日公布となつた、八月三日町村の長をいう

から施行される予定である、成立した水防法つぎのとおり

第一章　総　則

第一條　この法律は、洪水又は高潮に際し、水害を警戒し、防ぎょし、及びこれら因る被害を軽減することをもつて公共の安全を保持することを目的とする

第二條　①この法律において「水防管理團体」とは、水害予防組合法（昭和二十二年法律第二百二十六号）第九條に規定する消防の機関をいう

②この法律において「消防機関」とは、消防組織法（昭和二十二年法律第二百二十六号）第九條に規定する消防の機関をいう

③この法律において「消防本部」とは、消防本部を置く市町村にあつては消防署を、消防本部を置かない市町村にあつては消防團の長をいう

④この法律において「水防團長」とは、水防管理者、水防團長が行う水防管理團体にあつては水防團の操作、水防のための水防團及び消防機関の活動、一の水防管理團体と他の水防管理團体との間における水防に必要な連絡、通信、輸送及び水門の操作、水防のための水防團及び消防團の指揮をいう

⑤この法律において「水防計画」とは、水防上必要な警戒、警戒、共の安全に重大な関係のある水防管理團体を指定することとができる

第三條　①水防予防組合は、その区域における水防を十分に果すべき責任を有する

②水害予防組合の設置されていない区域においては、市町村組合又は市町村の区域における水防を十分に果すべき責任を有する

③都道府県知事は、その区域における水防管理團体が行う水防が十分に行われるように確保すべき責任を有する

第四條　都道府県知事は水防上必要な措置を求めなければならない

第五條　①水防管理團体は水防事務を処理するため水防團を置くことができる

②前條の規定により指定された水防團を置くべき水防管理團体（以下指定管理團体という）は、その区域内にある水防機関が水防事務を十分に処理することができないと認める場合においては、水防團を置かなければならない

③水防團及び消防機関は、水防に関しては水防管理者の所轄の下に行動する

第六條　①水防團は、水防團長及び水防團員をもつて組織する

②水防團の設置、区域及び組織並びに水防團長及び水防團員の定員任免、給與、扶助及び服務に関する事項は、水防予防組合にあつては、組合の議決で、市町村組合又は市町村にあつては條例で定める

第七條　①都道府県知事は、水害予防事務の調整及びその円滑な実施のため、都道府県水防協議会にはかつて当該都道府県の水防計画を定め、建設大臣の承認を受け、且つ承認を受けた水防計画を国家消防關係官に報告しなければならない

②前項の水防計画に関し重要な事項を調査審議させるため、都道府県に都道府県水防協議会を置く

②都道府県水防協議会は、水防に関し関係機関に対して意見を述べることができる

③都道府県水防協議会は、会長一人及び委員十五人以内で組織する

④委長は都道府県知事をもつて充て、委員は関係行政機関の職員並びに水防に関係のある団体の代表者及び学識経験のある者のうちから都道府県知事が命じ、又は委嘱する

⑤前各項に定めるものの外都道府県水防協議会に関し必要な事項は当該都道府県條例で定める

第九條　水防管理者、水防團長又は消防機関の長は關時区域内の河川、海岸、堤防等を巡視し、水防上危険であると認められる箇所があるときは、直ちに当該河川、海岸提防等の管理者に連絡して必要な措置を求めなければならない

第十條　中央気象台長、管区気象台長又は測候所長は、気象の状況により洪水又は高潮の虞があるときは、その状況を建設大

運用に関する計画をいう

第二章　水防組織

第三條　①水防予防組合は、その区域における水防を十分に果すべき責任を有する

②水害予防組合の設置されていない区域においては、市町村組合又は市町村の区域における水防を十分に果すべき責任を有する

Disaster Relief Consultative Committee Meeting

Date: June 20, 1949.
Place: Sendai Chamber of Commerce and Industry.
Attendant:

Mr. Sasaki, Deputy Director of Miyagi Chapter, Japan Red Cross.
Mr. Kudo , Chief of Administration Board of Miyagi Ch Chapter, Japan Red Cross.
Member of Committee:
Mr. Ishida, Miyagi Ken Medical Doctors' Association.
Mr. Sugano, Kahoku Press Co.
Mr. Monma, Yukan-Tohoku Press Co.
Mr. Oyanagi, Miyagi Branch, Doho Engokai.
Mr. Odanaka, Sendai Central Radio Station.
Mr. Miyake, Miyagi-ken Minsei-Iin League.
Mrs. Igarasu, Miyagi-ken Midwife & Health, Clinic Nurse Association.
Mr. Itabashi, Youths' Association League, Miyagi-ken.
Mrs. Chiba, Miyagi-ken Women's Association.
Mr. Abe, Miyagi-ken Social Work Association.
Mr. Takahashi, Miyagi-ken Teachers' Association.
Mr. Kikuchi, Miyagi Branch, Saisei-kai.
Mr. Tachibana & Mr. Kimura.

The Meeting was opened with Mr. Sasaki's openning address. After introducing himself as the deputy director of Miyagi Chapter, he emphasized the meaning of Article 1 of Disaster Relief Law, and further explained about Article 21 of the same Law.

Article 1. The purpose of this Law is that, in case of emergency disasters, the Japanese Government will immediately take necessary relief measures under its responsibility with the cooperation of local public organizations, the Japan Red Cross Society, and other organizations, togather with the cooperation of the people at large, for the protection of disaster-stricken people and for the preservation of social order.

Article 21. The Japanese Red Cross Society, shall in view of its mission, cooperate in the relief work.
The Government shall, under its direction and supervision, have the Japan Red Cross Society coordinate the cooperation by the organizations other than local public organizations and by individuals, excepting those under the provision of Article 25.

Then, Mr. Kudo took the stand and stated the mission of this Committee as follow.
The Committee is to give the advice to Red Cross regarding the disaster relief work, the coordina-

Nurse Association.
Mr. Itabashi, Youths' Association League, Miyagi-ken.
Mrs. Chiba, Miyagi-ken Women's Association.
Mr. Abe, Miyagi-ken Social Work Association.
Mr. Takahashi, Miyagi-ken Teachers' Association.
Mr. Kikuchi, Miyagi Branch, Saisei-kai.
Mr. Tachibana & Mr. Kimura.

The Meeting was opened with Mr. Sasaki's openning address. After introducing himself as the deputy director of Miyagi Chapter, he emphasized the meaning of Article 1 of Disaster Relief Law, and further explained about Article 21 of the same Law.

Article 1. The purpose of this Law is that, in case of emergency disasters, the Japanese Government will immediately take necessary relief measures under its responsibility with the cooperation of local public organizations, the Japan Red Cross Society, and other organizations, togather with the cooperation of the people at large, for the protection of disaster-stricken people and for the preservation of social order.

Article 21. The Japanese Red Cross Society, in view of its mission, cooperate in the relief work.
The Government shall, under its direction and supervision, have the Japan Red Cross Society coordinate the cooperation by the organizations other than local public organizations and by individuals, excepting those under the provision of Article 25.

Then, Mr. Kudo took the stand and stated the mission of this Committee as follow.
The Committee is to give the advice to Red Cross regarding the disaster relief work, the coordination of the relief campaign, the cooperation by civil organizations and by individuals and the labour service.

Further, he pointed out the following as the character of Disaster Relief Law:
1) The Law made it clear that the Government has the responsibility to relief and protect disaster-stricken people.
2) The Law provided the coordination of all activities regarding disasters.
3) The Law provided the financial responsibility of the Central Government and of the Prefectual Government in case of disasters.
4) The Law gave a great rule in the disaster work to the Japan Red Cross Society.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Mr. Kimura suggested the plan of joint disaster training of Prefectural Government's agencies and Red Cross's Medical Squads formed or to be formed on town & village level, and,in order to conduct such plan as soon as possible, he wished Red Cross to make the greatest effort to stimulate towns & villages which have not established such squad to form such squad.

Red Cross staff said in answering to Mr. Kimura that so far 106 medical squads have been formed throughout the Prefecture. A medical squad usually consist of one doctor and nurses including midwife. But, in case of such village as Odaira-mura and Otakaza-wa-mura, both in Katt-gun, which have no doctor within its community, they make an agreement with doctors in near-by village or town. He further explained the medical teams which based on the prefecture-wide. There are 13 such teams which are commissioned by Public Health Department, Prefecture; three of which are offerred by Medical Department, Tohoku University; one by Sendai Hospital: four by National Hospitals; five by Miyagi Red Cross Hospital. And,he concluded that though we have such excellent teams, medical squads on towns and villages level are absolutely necessary to give the medical first aid untill the arrival of Medical Teams.

Then, the representative of Doctor's Association stood up and stated that the Association will have all doctors in this prefecture to cooperate with medical squads.

Mr. Tachibana urged that the system of supervision must be clearly understood by all organizations concerned. He took Toyama-ken Disaster as for an example and said that many organizations in near-by Prefectures made their way to Toyama with heavy loads of relief goods and medical teams when they heard the big earthquake destroyed entire towns and city. But, when they arrived at the disaster area, they were forced into confusion and could not do their full strength effectively due to indefinite system of supervision. Further, he stated that,by the Disaster Relief Law , Disaster Relief Committee Board was established on Region level to coordinate all activities of all organizations regarding disasters, and emphasized that all organizations concerned should perfectly understand them. He also emphasized that the coordination between medical teams and medical squads.

Red Cross strongly wished to have full cooperations of all organizations concerned, explaining that all the expense they offer in reliefing disaster-stricken people shall be repaied by Red Cross or by Prefectural Government through Red Cross.

Mr. Kudo stated that publicity is the first requirement for disaster relief campaign, therefore, he wished the Press Co. to give full support to the disaster relief campaign.

Then, the representative of the Press Co. stood up and answered that the Press will be glad to support the campaign and do make many efforts to draw people's attention and warm heart toward the relief work.

Mr. Kudo said that Prefectural Government, Red Cross including all organization concerned and the Press Co. are only three that are authorized to carry out the disaster relief campaign. However, people in general seemd to like to donate things through the Press

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDS NO. 775013

concluded that though [illegible] on towns and villages level are absolutely necessary to give the medical first aid untill the arrival of Medical Teams.

Then, the representative of Doctor's Association stood up and stated that the Association will have all doctors in this prefecture to cooperate with medical squads.

Mr. Tachibana urged that the system of supervision must be clearly understood by all organizations concerned. He took Toyama-ken Disaster as for an example and said that many organizations in near-by Prefectures made their way to Toyama with heavy loads of relief goods and medical teams when they heard the big earthquake destroyed entire towns and city. But, when they arrived at the disaster area, they were forced into confusion and could not do their full strength effectively due to indefinite system of supervision. Further, he stated that, by the Disaster Relief Law, Disaster Relief Committee Board was established on Region level to coordinate all activities of all organizations regarding disasters, and emphasized that all organizations concerned should perfectly understand them. He also emphasized that the coordination between medical teams and medical squads.

Red Cross strongly wished to have full cooperations of all organizations concerned, explaining that all the expense they offer in reliefing disaster-stricken people shall be repaied by Red Cross or by Prefectural Government through Red Cross.

Mr. Kudo stated that publicity is the first requirement for disaster relief campaign, therefore, he wished the Press Co. to give full support to the disaster relief campaign.

Then, the representative of the Press Co. stood up and answered that the Press will be glad to support the campaign and do make many efforts to draw people's attention and warm heart toward the relief work.

Mr. Kudo said that Prefectural Government, Red Cross including all organization concerned and The Press Co. are only three that are authorized to carry out the disaster relief campaign. However, people in general seemd to like to donate things through the Press Co. rather than the other authorized agencies. There, one of the member said " just because their name get on the paper if they donate through the Press Co. ", everyone presented laughed and the Meeting wasffinished.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

21 June 1949

Maybe Heavy Rains Visits Today.
Della Typhoon Come yp North-East.
It needs Strict Precaution

As of 3:PM on 20 June, according to Sendai Weather Bureau, Della Typhoon, which indicate 980 milibar at center, is coming up north-east, at a speed of 30 km an hour on the sea north east of Ishigakijima Island, expected to pass through Kyushu 7:00 AM on 21, off Hachijyojima Isalnd 7:00 AM on 22.

Rain is likely to be about 50 or 60 milimetre. Subsequent course is unknown pretty much rain is likely to be in Tohoku on acc unt of it.

On the other hand, the rain started on 18 due to North Ocean Cold Air Body and South Warm Front Line is likely to continue to rain on 21 too to reach about 140 milimeters.

If Della Typhoon affects this in addition, pretty much is expected.

The Weather Bureau gave heavy rain warning again 1:00 PM on 20 June stating that low land will be covered with water, river will considerably rise. There is fear of flood somewhere. Strict precaution should be taken because much rain is expected specially in North Sendai on 21 June.

It recovered only 30% of suffered place including 2600 places due to successive flood disaster last year and the year before last. Miyagi prefecture rivers and Port Section says, "It was almost completed in main places. It will be safe, if it's the puring rain as much as 100 milimeters."

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Police Report on Flood (As of 9:00 AM)

Rice fields flooded: 791 cho

Vegetable fields flooded: 44 cho

Road destroyed: For 10 meters on a road between Kakudamachi and Edano-mura.
Impassable for motor cars.

Road flooded: The same road is flooded at a spot and closed for traffic..
Water is about 50 cm deep.

Flooded fields are all in the middle and southern part of the prefecture.
Water of all the rivers in the prefecture is decreasing gradually.

Flood Situation (As of 4:00 PM)
Watari and Natori District

8.173 acres (rice field)) inundated
400 acres (vegetable field))

2 bridges in Takadate Village, Natori-gun were washed out.

(From Social Section, Mr. Sato)

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

1630 - June 3

Irene Randolph
Signature of MG Welfare Officer

43 homes destroyed (172 people) of these 12 families (53 people) were Korean and 1 family (4 people) were Christ -

Mr. Yoichi Suzuki and Ri Rin Ki, Korean Residents Union representative came in on March 16th and requested M.G. assistance in securing relief funds from Pref. Govt for Korean families to be given out by Korean Union - Welfare Officer explained that M.G. would not take any action of this kind because it would (one)

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

be definitely undemocratic. & do so - It was explained that any Kansan formerly in need of public assistance in emergency asst. should apply individually through City welfare Channels.

Later welfare Offices talked with Mr. Kimura welfare Chief and warned him against discussing public welfare funds and supplies to any body & people to be used in the name & under the organization - It was suggested that the needs of the individuals victims of the fire be carefully investigated and the assistance given to those in need - Mr Kimura reported that as a group the victims of the fire were in good financial condition and not in need of public assistance - Proper ration points and emergency Repairs to assist have been taken -

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

REPORTS ON MOCK DISASTER RUN 3 MARCH 1949

From Shizugawa Police Station
To Miyagi Pref. Police Chief

Repait on tidal waves drill

1 A. Time of warning issued 5.00 a.m
Time of acception 5.03 a.m
from Yamaizu Police Station. Abe Sadaiyu
to Shizugawa police-box Abe Takao
by telephone

Wireless to Kesennuma delayed about
23 minutes. Our station received it 5.24 a.m.

B. Time of warning cancelled 6.00 a.m.
Time of acception 6.00 a.m.
by wireless from Kesennuma P.S.

2 Time of issuing from our station

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

To	From	Time	sender	receiver
Shizugawa Town office		5.04 a.m.	Police Sato	clerk morita
Shimizu Police-Box		5.04 a.m.	Police abe	police Kumagai

3. The way of transmission of warning to people and required time.

The moment we received warning from Pref we whistled for a minutes to make inhabitants known. In consideration of communication facilities broken down due to earthquake, we sent bicycle crew & walking crew to notify people verbally and completed all over villages in 20 minutes.

4. From warning to completion of evacuation.

Evacuation was started the moment it whistled at 5.03 a.m. and completed at 5.25 a.m. provided that in the direction of Shimizu, Tomaura Arata Hirano where it is comparatively far away it was a little delayed (completed at 5.30 a.m.)

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

because. due to forwanding of warning
by bicycle & walking.
It means took about 30 minutes from
warning till completion of evacuation.

5. How evacuated & how many

As we had heavy wind & snow at midnight
and it was chilliest we ever had this winter,
we were apprehensive of people being slow
in action. But under the guidance & encouragement
by Police, firemen, disaster relief squad,
evacuation was started in good order and
gathered at designated places respectively.

Shizugawa	high school	470 persons
	primary school	320
Omoriyama		180
Itosawa		120
Shimizu		150
Hayashi, Okubo		30
machama		80
	Total	1.330

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

about 60 % of inhabitants on the coast.

6. Suitability of personal effects

Instruction having been given beforehand about 80 % of personnels were ~~right to~~ take out personal effects in what kind.

But there are hardly any person who carried medicine.

7. Trafic control.

people passed through the fixed road in evacuating, there was no confusion or other trouble.

8. Fitness of gathering places

It was very good to have elected school where it is pretty high and have flat square and big building.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

9. The number of leader participated

A. Shizugawa P.S chief & others	11	persons
B. Sanuma Policemen for help	12	
C. Shizugawa Fire chief & others	130	
D Medical Section composed of Local Welfare group	12	
Total	196	

10. Degree of earnest intention

In spite of wind & snow at midnight, people participated bravely, especially town authorities concerned & leader of fire brigade were most earnest

This drill was significant.

As we had conflagration in 1943 in this town, it is inevitable that coneiderable people did not participate in evacuation in fear of accidental fire.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

11. Situation of despatched policemen for help

By emergency summons, Saruma P. S sent 11 policeman including police sergeant Haga by truck. Left Saruma at 5.20 a.m. arrived Shizugawa at 6.45 a.m. in 1 hour and 25 minutes safely through mountain bad snow road of 20 Kilometres. All are high-spirited re-organized in command of Shizugawa Police chief and sent to Shimizu, Hosoura where damaged most.

The public feeling is very quiet.

An adequate relief measures are being taken.

This is the final report of mock disaster of this time.

(X01)

The mock tidal wave warning was
given at 5:00 a.m. March 3.'49
Detection Section, Pref.

The 1st Information.

On request of help by Yanaizu Police Station at 5:07
a.m.. The tidal wave which hit Sanriku Coasts
caused the heaviest damage around Okatsu, followed
by Shizukawa and the damages occured in other
places are small. Police squad is requested to
help the both bay mentioned above.

The 2nd Inf. Given by Shizukawa at 5:20 a.m

The tidal wave of 3 meters high swept along
the whole coasts of Tomura, Utatsu and Shizukawa.
Death toll is believed smaller than expected due to
the quick refuge action on the part of people there,
a considerable damage, however, is expected, so
about ten police men is needed.
Guard Measure Head Quarter shall be placed
in Shizukawa Police Station.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG 30. 775013

places are small. Police squad is requested from the Chief
help the both bay mentioned above.

The 2nd Inf. Given by Shizakawa at 5:20 a.m.

The tidal wave of 3 meters high swept along the whole coasts of Tomeura, Utatsu and Shizakawa. Death toll is believed smaller than expected due to the quick refuge action on the part of people there, a considerable damage, however, is expected, so about ten police men is needed.
Guard Measure Head Quarter shall be placed in Shizukawa Police Station.

The 3rd Inf. Given by Okatsu, at 5:45 a.m.

The detailed informations of damage up to now is unknown yet, but houses washed away are seen here and there. As the later strike of the wave is possibly expected, so all efforts are being directed toward guard and stabilization of the public feeling, with assistance of Fire Brigade

DECLASSIFIED E. O. 12065 SECTION 3-402 / NND NO. 775013

Hope Still Alive

Drilling Work Goes On

Getting two trucks mounted air drill, sent by 538 Engineer Group, they dug about 30 feet deep, as of noon, Nov. 11 they have to dig 60 feet more.

It is expected they could get there at midnight of Nov. 12 or in the early morning of Nov. 13.

About 200 people in the neighbourhood and from other mines are engaging in the rescue work, with the four technicians dispatched from Sendai Comerce & Inductry bureau.

Digging work in general looks like very hard, because of the nature of earth.

(brief translation)

Filed

1. How we acted against flood damage.

River and Harbor Section, Miyagi prefecture.

It was afraid that flood might be arised due to access of Ione Typhoon on the 16th of September, therefore, the prefecutural Public Works Bureau had the spot organs put the police structure and made them prepare to prevent water at the 5 p.m of September 16.

After that time, it became heavy rain, we connected with the Meteorological Observatory at all times and reported it to the public works branch offices at any time, and, on the contrary, we had heard circumstances, namely, circumstances of flood or damage from the branch offices. Moreover, we negotiated with the Food Distribution Body and gathered about 3000 empty straw-bags and were ready for tranpoitation of them to the each branch offices by motorcars.

After, it became unexpected heavy rain, these all communication facilities, telegram, telephone, Railway, were broken, but all members had been performing the command of water prevention and obtaining of information all

connected with the Meteorological Observatory at all times and reported it to the public works branch offices at any time, and, on the contrary, we had heard circumstances, namely, circumstances of flood or damage from the branch offices. Moreover, we negotiated with the Food Distribution Body and gathered about 2,000 empty straw-bags and were ready for tranpoitation of them to the each branch offices by motorcars.

After, it became unexpected heavy rain, these all communication facilities, telegram, telephone, Railway, were broken, but all members had been performing the command of water prevention and obtaining of information all night.

The branch office had performed precaution and water prevention throughout the night, however, flood water was epoch-making large quantities, and more it arose so swiftly, and this accident was in night, so the dykes were inundated full-scale by water.

As the result of water prevention labor, we have known following facts that flood damage was prevented at many places by water prevention labor.

Tamachi.

We are repairing the national road through Sendai to Ichinoseki at present and organized 5 Emergency Road Repair Units and we are in a hurry.

The transportation of labors and materials has been feeling difficulty, because 10 bridges were broken and road at 11 places.
But it will be repaired nearly.

And other interruption places, bridge, road etc., will be restored by the temporary working and temporary bridges.

In the broken places of dyke, emergency work was attempted by the native people's cooperation, and begun by them.

Moreover, the investigation of the damage circumstances at large has been performed by all members of the Public Works Bureau, but some places are under flood now, therefore, complete investigation will be needed more few days. When we finish it, we will report to the Construction Board and accept aid from it.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NND NO. 775013

And we begin survey and design of it. as the countermeasure for future flood damage, we will perform the repair work in accordance with emergency degree as stated-above, and more at the same time we will make the improvement program and enforce it.

Still, that raining was so large quantities, I think it is difficult to take this as a standard, but we ought to examine again former program, and estimate great flood in future, and we should establish the counter-measure for it.

Still, we will extend sand prevention work and establish whole-scale program for the control of water and mountain.

We admit that the cultivation and water control should be thought all-roundly.
