Fever and Ague,

FROM which mankind suffer ever a large part of the globe, is consequent upon a deranged action in the system, induced by the poisonous miasmas of vegetable decay. This exhalation is arrested by the action of solar heat on wet soil, and rises with the vapors from the earth.
While the sun is below the horizon this vapor hangers near the earth's surface, and the virus is taken with it through the lungs into the blood. There it acts as an irritating poison on the internal viscera and extending organs of the body. The liver becomes torpid, the skin refuses to secrete the poisonous virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce violent constitutional disorder. The spleen, the kidneys and the stomach sympathize with the liver, and help create disorder in the whole blood of the system of our organism, as if in an attempt to expel the morbific influence, unconscious that the whole blood of the body in the internal excretories to force them to cast it out. The blood leaves the surface, and rushes to the central organs with congestive violence. The result is the Chill. But in this effort it fails. Then the Fever follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through that other great excretory—the skin. In this also it fails, and the system abandons the attempt exhausted, and waits for the recovery of strength to repeat the hopeless effort. Another chill, and the fits or paroxysms of FEVER AND AGUE. Such constitutional disorder will of course undermine the health, if it is not removed.
We have labored to find, and have found a antidote

AYER'S AGUE CURE,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body as it should, and does expel it, when taken in season with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps the system so pure it free from its attacks; keeps the system in health, although exposed to the disease. Consequently it not only cures, but protects from a great variety of affections which are induced by the malignant influence, such as Remittent Fever, Chill Fever, Dumb or Masked Ague, Periodical Headache or Bilious Headache, Bilious Fevers, Neuralgia, Rheumatism, Dysentery, Diarrhœa, Cholera, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Hysterics, Chollo, Paralysis and Painful Affections of the Kidneys, Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE" removes the cause of these derangements, and cures the disease.
This is accomplished by stimulating the excretories to expel the virus from the system; and these organs by degrees become habited to do this their office of their own accord. Hence arises what we term *acclimatization*. Time may accomplish the same end, but often life is not long enough, or is made a flood in the attempt, while this "AGUE CURE" does it at once, and with safety. We have great reason to believe this is a surer as well as safer remedy for the whole class of diseases which are caused by the miasmatic influence, than any other which has been discovered; and it has still another important advantage to the public, which is that it is cheap as well as good.

AYER'S CHERRY PECTORAL

has won for itself such a renown for the cure of every variety of Throat and Lung complaint, that is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

ANTI-GOUTY ELIXIR
OF
DU POLYTE BRIEUGNE,
INVENTOR OF THE ANTI-RHEUMATISM
Tropical Balm.

TELL how all medical science has had no power over the gout, this terrible disease which has ever made so many victims all over the earth, and still leaves daily hundreds more than the combinations to give them up to the most painful sufferings of all seasons in which they unfold the symptoms of this disease too well known to the unfortunate sufferers. It suffices to name them to appreciate the value of the ANTI-GOUTY ELIXIR which is due to the effort of the ANTI-GOUTY ELIXIR, which is the cause of the horrorous searches of M. HUPPORTE, chemist, already favorably known by the discovery of his anti-rheumatismal TROPICAL BALM, that has taken the name of the ANTI-GOUTY ELIXIR. The ANTI-GOUTY ELIXIR, particularly designed for curing the fits of the gout, possesses a power so less powerful than the TROPICAL BALM, and preferable to the latter, and by repeated essays upon its numerous patients.
The ANTI-GOUTY ELIXIR is easy to take, and the taste is no way disagreeable. It can be taken pure or mixed with wine or other agreeable drink. Its curative effects are felt after a few hours, whatever may be the intenseness of the fit. In twelve hours a sensible relief is experienced, and all its symptoms vanish away.
For sale at the general depot, in New Orleans, by
J. WRIGHT & CO.,
21 and 151 Chartres street.
And in the principle drug stores of the United States.

MISCELLANEOUS

Important to Farmers.

We have been requested to call the most particular attention of our readers to the following card:

Dr. McLane's Celebrated Vermifuge,

has been so deeply write of under Vermifuge; the name is simply written, instead of the genuine Dr. McLANE'S VERMIFUGE, they very frequently get one or other of the many worthless preparations that are now palmed upon the public. We therefore may here to urge upon the planter the importance and propriety of invariably writing the name in full, and to advise their factors or agents that they will not receive any other than the genuine Dr. McLane's Celebrated Vermifuge, prepared by Fleming Bros., Pittsburg, Pa.
We would also advise the same precaution in ordering our Dr. McLANE'S CELEBRATED LIVER PILLS. The great popularity of these Pills, as a specific or cure for LIVER COMPLAINT, and all the bilious derangements so prevalent in the South, has induced the vendors of many worthless nostrums to claim for their preparations similar medicinal virtues. Be not deceived.

Dr. McLane's Celebrated Liver Pills

Are the original and only reliable remedy for Liver Complaints that has yet been discovered; and we urge the planter and merchant, as he values his own and the health of those depending on him, to be careful in ordering. Take neither Vermifuge nor Liver Pills unless you are sure you are getting the genuine Dr. McLANE'S, prepared by

FLEMING BROS,
Pittsburg, Pa.

Below we give a list of some of the principal wholesale druggists and dealers in patent medicines in this city, and from them the genuine Dr. McLane's Celebrated Vermifuge and Liver Pills can always be obtained. They are also sold by all respectable druggists.
