## ITALIAN CABINET HAS POWER TO ACT

Measure Passed by Parliament Was Signed by the King To-day

## GENERAL MOBILIZATION HAS BEEN ORDERED

Phraseology of Declaration of War Discussed by the Ministers

Paris, May 22.—The Havas Agency's correspondent at Rome telegraphs that King Victor Emmanuel to-day signed a decree ordering a general mobilization of the country's forces on land and sea.

London, May 22.—A dispatch from the Stefano Agency at Rome says that King Victor Emmanuel signed to-day the act conferring extraordinary powers on the government "for the duration of the war." This measure, passed by the chamber of deputies, was passed by the senate last evening.

Paris, May 22.—The announcement that Italy had declared war against Austria-Hungary was awaited hourly in Paris to-day, but up to 5 o'clock this afternoon no definite news to this end had been received.

The Italian cabinet is reported still to be discussing the phraseology of the declaration of war. It has been in session since 10.30 this morning.

It is understood here that the passports of Baron von Macchio, the Austrian ambassador to Italy, are all ready for delivery to him. In Paris it is believed they will be handed to the ambassador before the day is over.

London, May 22.—A Geneva telegram reports that Baron Burián von Rajcs, Austrian premier, has resigned, but Emperor Francis Joseph is said to have declined to accept his resignation.

Paris, May 22.—Prince von Buelow, German ambassador at Rome, will not leave the Italian capital until compelled to do so, according to the Rome correspondent of the Petit Journal.

A report is current in Rome that when popular agitation against former Prime Minister Giolitti was at its height, a plot was formed to kidnap Prince von Buelow from his residence, the Villa Malta, but that the plan was abandoned when Signor Giolitti left Rome.

The Petit Journal's correspondent is authority for the statement that Prince von Buelow has installed his aged mother-in-law, Donna Laura Minghetti, in the Villa Malta, in the hope that the property will not be confiscated so long as it is occupied by an Italian woman. He is said to have offered her the use of the villa from the time he leaves Rome until his return.

Brescia Italy, May 22.—Frontier incidents were reported to-day from several points where the Italian Alpine troops pursued Austrian soldiers who had crossed the frontier.

## BRITISH AUTHORITIES ASKED TO EXPLAIN

Wounded Canadians Treated as Prisoners; Marched to Station Under Guard

Ottawa, May 22.—Allegations that certain wounded Canadian soldiers, having returned to England from the front, were treated as prisoners and sent home to Canada in the company of a number of men who were discharged from the contingent as "missing" are being investigated by the militia department.

Major-General Hughes says that the militia department is at this time endeavoring to ascertain the facts of the case. He is said to be misunderstanding on the part of the steamship company which transported the troops was partly the cause.

The stories that were told by Private J. T. Pollock, of Galt, who lost their sight as a result of wounds sustained in battle, have led the militia department to come to the attention of the authorities for an explanation. These two soldiers declare that after being discharged from the hospital in England they were put in the company of discharged men and marched under bayonet escort to railway coaches marked "prisoners and escort only."

Hundreds of sightseers, they state, watched them on their way to the station. On the morning of the 22nd, Canada they were put in the stateroom quarters with prisoners and again were subjected to staring curiosity.

## MANY KILLED WHEN TRAINS COLLIDED

Scenes of Horror Followed Double Smash Near Carlisle, England

## SEVENTY-THREE BODIES TAKEN FROM WRECKAGE

Some of the Travelers Were Burned as They Lay Unable to Move

Carlisle, Eng., May 22.—Three trains collided at six o'clock to-day on the Caledonia railway at Gretna, near this city, causing the death of at least 73 persons and fatal injuries to many others. The total casualties probably will reach 400. Fire in the wreckage added horror to the accident.

By five o'clock this afternoon 73 bodies had been recovered from the wreckage.

One train was a troop train, another was a local and a third the express from London to Glasgow. Assistance arrived quickly.

Firemen, after getting the flames under control, joined in extricating the dead and wounded. The adjoining fields soon had the appearance of an immense mortuary. The majority of the dead are soldiers.

The troop train collided first with a local from Carlisle and before the occupants were able to get clear of the wreckage of this accident the London-Glasgow express crashed into them. The locomotives and cars, shattered and splintered were hurled about in confusion.

Fire broke out and soon was burning so fiercely that the rescuers were driven back. Fire brigades were brought up, but before the fire was put out many travelers pinned under the wreckage had been burned alive.

Some of the victims were so mangled that their rescue from the wreckage was impossible. Several others who were extricated died soon after.

Doctors performed heroic service. One physician, Dr. Edwards, responded to the appeals of two soldiers who were imprisoned by the legs. Facing the scorching flames, he amputated both legs of one soldier and one leg of the other. One of the soldiers died from shock.

Five hundred men of one regiment were on the troop train. When the roll was called after the wreck only fifty-two officers and men responded. Numbers of others, however, were engaged in caring for their wounded comrades.

## CHEERS WERE GIVEN FOR UNITED STATES

Throng Went to Ambassador Page's Residence in Rome; Carried American Flag

Rome, May 22.—After the great demonstration before the Quirinal last night a great crowd, with an American flag carried at its head, went to the Del Drago palace, the residence of United States Ambassador Thomas Nelson Page. There were loud cheers for the United States and demands for revenge for the sinking of the Lusitania.

Great excitement was caused in the capital last night by the report that Signor Bolla, Italian ambassador at Berlin, had been assaulted while driving in the street. It was learned later, however, that the incident was not so serious as was thought, and that the police had begun an investigation. Letters of regret were sent to Signor Bolla by Chancellor von Bethmann-Hollweg and Foreign Minister von Jagow.

Officials of the Socialist party met yesterday in the deputies' chamber and resolved to rally to the support of the government. A manifesto will be issued to work for the national cause.

Admiral Bettio, president of the Italo-Romanian league, telegraphed to M. Filipescu, president of the Roumanian-Italian league at Bucharest, saying that on the day Italy declared war on Austria-Hungary her thoughts would turn to Roumania, counting upon her assistance at a supreme crisis.

In spite of disavowals by high German officials of this attack upon the Italian ambassador at Berlin, Rome newspapers consider the incident a grave reflection upon Italian dignity. The Idea Nazionale declares that the excuses of the German chancellor and the foreign minister are insufficient, and that the insult must be avenged. The Tribuna says that a fitting reply would be for the people of Rome to march to the German embassy and to the station the day he leaves Rome and "return Latin civility for an act of German barbarism."

The Observatore Romano urges a complete union of all Italians and a truce to political passions. It expresses the hope that Italy may be spared the horrors of a long war, and that peace soon will be established.

## TURKISH TROOPS FLED BEFORE RUSSIAN FORCES

Petrograd, May 22.—There has been issued from the headquarters staff of the Russian army in the Caucasus the following report:

"Attempts of the Turks to assume the offensive along the coast of the Black sea have been repulsed. In the Olti region there has been rifle firing between outposts and our troops have occupied Hafavian and Bashkaleh. The Turkish forces fled toward Bytla and the south."

## PROGRESS MADE AT THE DARDANELLES

Advance Made by Allied Forces in Southern Area of Gallipoli Peninsula

## AIRMEN DROPPED BOMBS AMONG TURKISH SOLDIERS

London, May 22.—Official announcement was made here to-day that the French and British forces operating against the Turks on Gallipoli Peninsula had gained further ground at the southern end of the peninsula. The statement reads:

"The following has been received from the Mediterranean forces: 'On May 19, in the southern area of Gallipoli Peninsula, the French forces, in conjunction with the British, made a considerable advance and have consolidated the new position.'

"Our aeroplanes dropped bombs amongst Turkish reinforcements landing at Ak-Bashi Liman, and caused considerable losses."

"On the night of May 18-19 the Turkish forces made determined attacks against the Australian and New Zealand corps, all of which were repulsed with heavy losses, the enemy's casualties being over 7,000, of which 2,000 were killed. Our losses did not exceed 500."

## THIRTIETH NOW IS TAKING ITS SHARE

To-day's List Indicates That Twenty-Third Also is in Firing Line

Ottawa, May 22.—To-day's casualty list indicates that part of the second contingent is in the firing line. In twenty-third and thirtieth battalions being mentioned. The list follows:

Sixteenth Battalion—Dangerously wounded: Pte. W. Abel, Blackburn, Eng.; Pte. Wm. Edward, Scotland; Corp. John Thomson, Scotland.

Killed in action: Sergt. John T. Steele, Scotland.

Twenty-third Battalion—Wounded: Pte. James Mooney, London, Eng.

Thirtieth Battalion—Wounded: Sgt. Hubert Freedwood, London, Eng.

Second Field Artillery Brigade—Suffering from gas fumes: Gunner C. Nicholls, England.

Killed in action: Corp. Joseph Shirley, England.

Third Field Artillery Brigade—Died of wounds: Gunner George Henry Brown, London, Eng.

## FRENCH SOLDIERS KILLED MANY HUNS

Joffre's Forces Now Hold Spur to South of Lorette Heights

## COMMANDS ANGLO-FRENCH FLEET AT DARDANELLES

VICE-ADMIRAL DE ROBECK

This capable officer has been in command of the great allied fleet at the Dardanelles since Vice-Admiral Carden withdrew on account of illness. The warships are keeping up a continuous bombardment, thousands of shells being thrown.

## SIR WILFRID LAURIER SPOKE AT TORONTO

Duty of All Canadians to Unite During Struggle, Declared Liberal Leader

Toronto, May 22.—At the annual meeting of the Liberal Club Federation of Ontario last night Sir Wilfrid Laurier addressed the delegates. He spoke of the war, denounced any attempt at holding an election with the military situation as it is and declared his readiness to co-operate with the government for the prosecution of the war.

"I do not care to open the portals of office with that bloody key," he said, referring to a mid-war election. In such a crisis, he said, political expediency should be lost sight of in view of the menace to the campaign as having sunk political differences to face the universal peril. A coalition government in Great Britain, the Irish Protestant and Irish Catholic Home Rulers and Orangemen standing shoulder to shoulder, the Welsh being willing to defer the question of disestablishment, the apparently irreconcilable French parties uniting to form a defence movement—all were examples to Canada of how a nation should sink all minor political differences for the common good. As leader of the Liberal party he said he was ready to co-operate with the government for the prosecution of the war.

Delegates from all sections of Ontario attended the meeting. Dr. Hugh Spohn, president of the federation, in their reports showed that since the formation of the federation two years ago, the number of clubs affiliated had grown from 22 to 44. Dr. Spohn read a statement indicating the extent to which the members of the Liberals clubs have responded to the call to arms in the present war.

D. G. Conant, of Oshawa, was elected president and J. B. McCreath, Toronto, secretary-treasurer.

## NEW LIEUTENANTS

London, May 22.—The following Canadian have been made temporary lieutenants for service in the field: Quartermaster-Sergt. E. C. Manning, Quartermaster-Sergt. S. R. Meakes, Corp. R. G. McFarlane, Corp. W. A. Davis, Corp. O. B. North, and Sapper G. Bargate.

Paris, May 22.—The French war office this afternoon issued the following report on the progress of hostilities:

"Our troops completed yesterday evening the cleaning up of the trenches known as 'The White Way,' situated to the south of the Lorette heights. A large number of Germans were killed in the branch lines of these trenches. Others surrendered. The exact number of these losses are not known."

"During the night the enemy made several counter-attacks. He was repulsed and he suffered heavy losses. All the spur of 'The White Way' is in our hands."

"We have made further progress to the southeast of the Chapel of Lorette. We are at present within 300 yards of the northeast corner of 'Abala.'"

ENJOYING HOLIDAY.

London, May 22.—The organizers of the new British cabinet are taking a holiday over Whitsuntide, which means that the composition of the coalition government will not be known this week-end.

## CANADIAN DIVISION IN ACTION; CAPTURED GUNS AND PRISONERS

Second and Third Brigades Drove Germans From Orchard in Region of Ypres; First and Fourth Brigades Shared in Engagement at Later Period; Men From Dominion Fought With Splendid Dash

Ottawa, May 22.—Word has been received by the militia department that the First, Second, Third and Fourth brigades of the Canadian division were in another engagement on Thursday and Friday.

The fight between the Canadians and the Germans occurred in an orchard country. The Canadians, it is stated, charged with the bayonet, put the Germans to flight and captured prisoners and several machine guns.

According to the advices received, the men from Canada displayed splendid dash and spirit. No mention is made in the report of the number of casualties, but it is probable that they were heavy.

The fighting occurred near Ypres, the Canadians being commanded by Brig.-Gen. A. W. Currie, Brig.-Gen. Turner, Brig.-Gen. Mercer and Brig.-Gen. Sealey

While there are only a few details available, it has been learned that the attack on the orchard where the machine guns were captured was made on Thursday night by the Second Brigade, under Brigadier-General A. W. Currie, of Victoria, and the Third Brigade, under Brigadier-General Turner, of Montreal, the latter brigade consisting of the Highlanders. On Friday morning the First Brigade, under Brigadier-General Mercer, of Toronto, and the Fourth Brigade, made up of the Strathcona Horse, the Royal Canadian Dragoons and the King Edward Horse, under Brigadier-General Sealey, moved forward and consolidated the position and continued the attack.

The news of the gallant action of the Canadian division indicates that the brigades have been brought to strength again by reinforcements from England.

## THOUSANDS GATHERED AT PALACE IN ROME

King, Queen and Royal Children Appeared on Balcony; King Embraced Flag

Rome, May 22.—Almost the entire population of Rome, except the aged and invalids, gathered last evening on Capitoline Hill, where Prince Colonna, the mayor, had convoked a solemn sitting of the municipal council to consecrate in the heart of the capital the new war.

The Capitoline palaces had been decorated with historic tapestries commemorating events of great national importance. The mayor delivered a patriotic address which brought forth tremendous applause from the thousands gathered in the senatorial hall, the square below and in the surrounding streets as far down as the Forum on one side and the Caffarelli Palace, now the home of the German embassy, on the other.

After his address, Prince Colonna, surrounded by aldermen and the members of the municipal council and preceded by the Quirinal to pay tribute to King Victor Emmanuel as the personification of Italy.

Veritable rivers of humanity poured through the streets leading to the palace of the king. Thousands were packed into the great Quirinal square. The scene which was enacted when his majesty and the members of his family appeared upon a balcony overlooking the square has few parallels in the history of Rome. The crowd numbered several hundred thousand. The hosts were carried away upon a flood tide of Latin enthusiasm when the monarch appeared.

The multitude was so vast that all the people could not enter the square. From the crowd came a sound like the roaring of the sea. The windows on a balcony of the Quirinal palace were opened and a red damask covering was thrown over the parapet. This was a sign that the king was about to appear and the impatience of the crowd increased. There were cries of "Long live the king" and "Long live the queen."

Finally the king, the queen and the royal children came out on the balcony. His majesty was in the uniform of a general. The crown prince, dressed as a sailor boy, waved his cap to the multitude. The excitement of the people arose almost to a delirium.

Then the king did an unprecedented thing. He gave orders that the Italian flag be raised to the balcony. Then amid thunders of cheers from the crowd, his majesty advanced to the national standard and, folding it in his arms, embraced it. The royal family then retired within the palace.

Later the king called a group of the aldermen inside and to them expressed his gratitude for the loyalty and patriotism of the Roman people.

MAJOR WRIGHT KILLED.

Ottawa, May 22.—The Militia Department has been advised of the death in action, presumably in the fighting of Thursday and Friday, of Major Gordon B. Wright, of Ottawa. He was a son of Joshua B. Wright, of Aylmer.

Berehaven, Ireland, May 22.—The British sailing ship Glenholme was sunk yesterday by a German submarine fifteen miles off this port. The members of her crew have been landed here. The Glenholme was on her way from Chile to Liverpool with a cargo of nitrate.

The submarine intercepted the sailing ship and signalled the crew to abandon her. The ship then was sunk, the submarine firing thirty-nine rounds from her gun before she went down.

### PROGRESS IN REGION OF NEUVE CHAPELLE

Several Points Taken From Enemy; Gain at Notre Dame de Lorette

London, May 22.—"Since my last communication of the 17th," says Sir John French, in an official communication made public last night, "the operations have been hampered by the weather.

"But in spite of this our troops have made appreciable progress near Neuve Chapelle. The main characteristics of these operations have been numerous local fights for strong points behind the enemy's original line. In capturing several of these points our infantry again has displayed great gallantry.

"On the remainder of the front there is nothing to report except minor artillery engagements.

"Last night we brought down a German aeroplane in the neighborhood of Ypres."

Paris, May 22.—The following communication was issued last evening:

"Supplementing the previous report of the importance of the defeat suffered by the Germans in their attack north of Ypres during the night of May 20-21, we captured 150 prisoners and took several mine-throwers. The ground was strewn with more than 500 German dead.

"The weather having improved, our troops on the slope of Notre Dame de Lorette made an attack which succeeded brilliantly. We have taken the German fortified work called 'The White Way' which was still partially in the hands of the enemy. From this point the Germans, with their mitrailleuses, were considerably, as also was the case on the plateau to the west of Souchez.

"The entire Lorette hill and the lesser ridges, which the enemy had defended successfully for more than six months, are now in our hands. In addition we have captured that section of Ablain-St. Nazaire which linked 'The White Way' with the northern end of the village, still occupied by the enemy.

"In this fighting we captured more than 250 prisoners, several of them officers. We also took a gun.

"The enemy replied to our success with a very violent bombardment. They have not counter-attacked, however."

### VIOLENT FIGHTING ON FRONT IN GALICIA

Russians Had Successes on Left Bank of San; Official Reports

Petrograd, May 22.—The following official statement was issued last night:

"On May 19 our troops seized an enemy position near the village of Kourchany and captured hundreds of prisoners and machine guns. West of Shavil the enemy fell back along a considerable front. In the region of Roslyny the enemy, reinforced, partially crossed to the left bank of the Dubissa River.

"On the left bank of the Vistula we continue to press the enemy successfully in the region south of the railway between Radom and Kielce, and have already repulsed him at Opatow, on the front of Stuhlan-Novell-Lamow.

"On the Galician front the battle continued on the 19th with great violence. Between the Vistula and Przemysl the enemy extended themselves somewhat on the right bank of the San, in the centre of the region of Sielawa, but on two flanks, in the direction of the Vistula, between Tarnow and Ulanow, and in the direction of Przemysl, near Trzheny, we realized important successes on the left bank of the San."

"Between Przemysl and the great marshes of the Dniester, the intensity of the enemy's attack has remained the same. The enemy suffered particularly great losses in his repeated attempts to pierce our front in the sector of Gussakouff-Krukantza.

"In the direction of Strzy, on the 18th and at dawn on the 20th, desperate battles were in progress, the issue of which is not yet known. But to the north of Bolakhoff, near Bania, we reconquered by successful counter-attacks several trenches lost the previous day.

"Near Kolomea the enemy has brought up reinforcements and continues to hold his ground."

"On the 20th troops landed from our fleet in the Black Sea, broke the enemy's resistance and destroyed the quarries and stations in the regions east of Ereghil, Asla Minor."

Vienna, May 22.—The following official communication was issued last evening:

"The battle along the front in middle Galicia continues. On that part of the San running downward from Sielawa the Russian detachments still holding the west bank were thrown back. East of Jaroslau the Teuton allies viciously repulsed isolated attacks of strong enemy forces. The number of prisoners taken by us continually is increasing.

"In stubborn night battles our troops stormed the Russian position east of Drohobcz and captured Neudorf, taking 1,800 prisoners.

"The Russian counter-attack across the Dniester in East Galicia has come to a standstill on the Pruth line. Hostile efforts to break through our line near Kolomea failed. All attacks against this bridge head were repulsed with most severe losses to the enemy.

"In the fighting in the hilly country of Kielce, which still continues at some points, we have captured 4,000 prisoners since May 16. The total number of prisoners in our hands now amounts to 154,000."

"The following decorations have been awarded to officers and men of the submarine E-14, which, operating in the Dardanelles and the Sea of Marmora, sank Turkish gunboats and a transport:

"Distinguished Service Cross to Lieut. Edward Stanley and Acting-Lieut. Reginald Lawrence.

"Distinguished Service Medal to every member of the crew."

"Victoria Cross to Lieut.-Commander Edward Doyle.

"Distinguished Service Cross to Lieut. Edward Stanley and Acting-Lieut. Reginald Lawrence.

"Distinguished Service Medal to every member of the crew."

London, May 22.—The following statement was issued by the admiralty yesterday:

"The following decorations have been awarded to officers and men of the submarine E-14, which, operating in the Dardanelles and the Sea of Marmora, sank Turkish gunboats and a transport:

"Distinguished Service Cross to Lieut. Edward Stanley and Acting-Lieut. Reginald Lawrence.

"Distinguished Service Medal to every member of the crew."

London, May 22.—In consequence of reports of the violence of political persecutions in different parts of the country, the minister of the interior has ordered all civil governors by telegraph to institute energetic measures to stamp out such persecutions. The cabinet has decided to send representatives into the provinces to pacify the country and prevent factional feeling.

Two British warships are lying off the mouth of the Tagus river.

London, May 22.—The Italian senate last evening by a vote of 262 to 2 passed Prime Minister Salandra's bill granting plenary powers to the government in dealing with the situation that has arisen through Italy and Austria being unable to reach an agreement concerning the demands Italy has made upon Austria.

Berlin, May 22.—A meeting of protest against the shipment of war materials from the United States to the Allies was held by the Deutscher Wehrverein. A resolution was adopted calling for the discontinuance of the export from Germany of goods particularly needed in the United States, such as dyestuffs, and the limitation of imports from the United States as far as possible, until the trade which is declared objectionable is stopped.

## Seized With Paralysis Could Not Walk

Most Extraordinary Cure Effected by the Use of Dr. Chase's Nerve Food.

To have the nervous system paralyzed, to be unable to walk and to be unable to talk, and then to be completely cured, is not a usual experience, but Mr. Hyatt tells in this letter what he passed through. Doctor told him his case was hopeless, and when they gave up he turned to Dr. Chase's Nerve Food and obtained complete cure.

Mr. Avery Hyatt, blacksmith, St. Ann, Lincoln Co., Ont., writes: "I am a blacksmith by trade, and ten years ago became afflicted with paralysis. I could not walk or read or write, and could talk with difficulty, so that it was a hard matter to understand anything I would say. Being only a young man, I was nearly discouraged. Two doctors told me it was brought on by overwork, and that my case was hopeless."

"One day my father read about Dr. Chase's Nerve Food, and advised me to try it. I bought 12 boxes, and when the fifth was used I saw that I was getting better. . . . time the 12 boxes were used I was cured. I am well and strong and working every day, thanks to Dr. Chase's Nerve Food."

This statement is certified to be true by Elmon J. Hodgkins, J. P.

No ailment is more dreaded than paralysis. And yet how few people realize that paralysis of the nerves is only the natural result of neglected nervous troubles.

At first you do not sleep well, have nervous headaches or indigestion, and yourself easily irritated and annoyed; can hear noises which in good health you would never notice. You do not consider yourself sick, and yet you lack the usual energy and vigor and feel out of sorts.

Restore the nerves by using Dr. Chase's Nerve Food. 50c a box, 6 for \$2.50. All dealers, or Edmondson, Bates & Co., Limited, Toronto.

## ATTACKED AND LOST MORE THAN 1,400 MEN

### German Forces Made Costly and Fruitless Attempt at Ville-Sur-Tourbe

Paris, May 22.—The French Official Eyewitness at the front in a dispatch to-day gives details of a check which was administered to the Germans at Ville-sur-Tourbe, France. He denies the statement made in a German official communication on May 16 that the Germans occupied the village.

"In checking the German attack," says the observer, "more than one thousand German bodies were counted as dead, and we made prisoners of the remainder of the assaulting troops, comprising nine officers and 400 men, only fifty of whom were wounded. We also took fifty quick-firing guns. Our total losses, counting killed, wounded and missing were only 500, half of which number were incapacitated merely temporarily. There was no loss of material."

The eyewitness says that great preparations were made by the Germans previously to the attack, and he states that a high value was placed on this position. He continues:

"Preceding the attack three mine-fields were exploded, each containing approximately six tons of explosives. However, the explosions were, much greater than had been anticipated, and instead of aiding the attack, only delayed it."

"Meanwhile the colonial infantry

counter-attacked brilliantly, much hand-to-hand bayonet fighting ensuing. An encircling movement was begun which effectively cut off all avenues of retreat and the Germans had no alternative but to surrender."

The observer concludes by telling of several remarkable escapes from death by men taking part in this engagement. One young sapper received 150 wounds in the explosion of a single shrapnel shell.

A soldier over fifty years of age who had been fighting continually since August had his arm half carried away by a shell. He amputated the torn arm successfully with a penknife.

## SAVAGES ARE LAYING LONG PIPE LINES NOW

London, May 22.—The Germans are installing pipelines in Alsace and connecting them with generating stations 20 to 30 miles behind the front, in general preparation to loose vast volumes of poisoned gas when the French attempt to advance. This, at least, is the story brought from Alsace by travellers arriving at Lugano, whence the accounts have been sent here. It is said that similar preparations are being made on the Austrian frontier, where the entire region has been tunnelled and pipes laid.

### PREPARING REPLY.

Washington, May 22.—Ambassador Gerard, at Berlin, cabled yesterday that the German government is preparing a reply to the inquiry as to whether reference of the case of the American ship William P. Frye to a prize court was to be considered as the answer to the suggestion of the United States that the case be settled by direct negotiation.

## GREAT SEA BATTLE IN ADRIATIC SOON

### Italian and Austrian Fleets Expected to Clash Soon After Operations Start

London, May 22.—The command of the Adriatic will be the first object sought by both Italy and Austria-Hungary. Military strategists have considered this in all discussions of the initial movements when hostilities begin. That Italy is powerful enough to block the Austrians at the northern frontier is not doubted for a moment, but it is not so certain that Italy can prevent a strong Austrian fleet blocking the Strait of Otranto and thus rendering safe the passage of a large body of troops from Fiume across the Adriatic to some point well below Venice. The threatening of an invasion in the vicinity of Brindisi or Taranto would demand of Italy the withdrawing of a large body of troops from the north, which otherwise would be available for purposes of an advance on Austrian territory.

"The Austrian fleet is based on Pola, the great naval station of the dual monarchy, and during the present struggle up to the present the ships of Austria-Hungary have remained practically unengaged."

The French fleet has made a show of blockading the Strait of Otranto, and only recently a French battleship was torpedoed while on this duty by an Austrian submarine.

On the other hand Italy in recent years has devoted her energies to building a powerful fleet, and this determination to increase the strength of her naval forces has been a source of apprehension of the deepest sort to Austrian statesmen. The bases of the Italian destroyers and submarines in the Adriatic are Venice and Marano. Italy does not possess such a favorable coast line as Austria-Hungary for torpedo boat destroyer operations. The coast of Dalmatia affords excellent shelter for this type of craft and faces within close striking range of the Italian shore lines.

To the southward of Venice there is no good natural shelter between Ancona and the Gulf of Manfredonia.

What the Italian general staff long has had to consider has been the danger of a strong hostile force landing in the region of Rimini and Ravenna, to be followed by an advance against Bologna and Ferrara. A feat of this character, if accomplished, would be recorded as a grave military misfortune, and especially so if another hostile army should succeed in making a landing in the vicinity of Pescara. From Pescara the roads to Rome itself would be threatened.

The Italian frontier on the north is defended by numerous forts armed with 11-inch and 12-inch guns. There also is a strongly fortified camp between Udine and the sea. Recently the Italian military engineers have succeeded in linking together an important series of works. The object of these new works is to protect the concentration of troops and prevent a sudden raking of the Italian frontier. The new military defences on the frontier also includes the works on the course of the Isonzo.

The military measures recently taken have been for the sole purpose of holding the northern frontier, while for the southern shore lines the defence in the first instance devolves upon the navy.

In any operation between the Italian and Austrian fleets, little help, it is declared, could be given at this time by either Britain or France. These two countries require the maintaining in being of strong home squadrons to meet any possible attack from the German high sea fleet, and all available vessels of the second fighting line, with an occasional exception, such as the Queen Elizabeth, are engaged at the Dardanelles. Under these circumstances the control of the Adriatic would resolve itself into a problem to be worked out between Italy and the dual monarchy, and it is for this reason that a naval engagement of magnitude is believed inevitable at the outset of operations.

## MORE EVIDENCE WAS HEARD AT WINNIPEG

### Royal Commission Continued Its Work Yesterday; P. G. McTavish Testified

Winnipeg, May 22.—At yesterday's session of the royal commission which is investigating matters connected with the erection of the Parliament buildings important evidence respecting payment on caissons was given by P. G. McTavish, the accountant in the provincial architect's office. This witness testified that V. W. Horwood had told him to omit all details on the counterfoils when making out work certificates. McTavish used to make out many of the architect's certificates and submit them to Horwood for signature. He had not understood, on receiving them, the special instructions about omitting details on the counterfoils. He had been in doubt as to whether the job was being done under a contract or a "force account."

At the afternoon session, McTavish said that when the first applications came in for payment on the caisson work, he had remarked to Horwood on the cost, which appeared excessive. He had pointed out that the iron for the rings at 7 cents a pound cost \$140 a ton, and a high-class structure of steel could be erected for \$80 or \$90 a ton.

It transpired from McTavish's testimony that the provincial architect knew of the intention to substitute caissons for piling eight days after the original contract was let. Charles H. Dancer, deputy minister of public works, wrote to Kelly & Sons on July 16, 1914, advising them that their tender had been accepted. On July 24 Mr. Horwood instructed McTavish to notify the Simplex Pile company, who had recommended their concrete piles to the government, that caissons and not piles were to be used. Officially the government did not authorize the change of piles until some time afterward, for it was not until August 1 that Mr. Horwood formally recommended the alterations.

Kelly & Sons signed their own bond. This fact was stated by H. J. Simington while giving the commission a connected story of the parliament buildings case as told by the exhibits.

F. W. Simon, the architect, had recommended to the government that the successful contractor should be bonded by a strong insurance company. The government, however, had paid a \$5,000 bond signed only by members of the firm of Kelly & Sons.

## MEMORANDUM BEFORE CABINET YESTERDAY

Washington, May 22.—Whether another note shall be sent to Great Britain on interference with American commerce was discussed at the cabinet meeting yesterday. The members differed in their views.

The memorandum given out in London by the British foreign office, explaining the delays of American shipments, was before the cabinet. While the statement of facts contained in the foreign office statement was accepted as generally correct, it was understood that state department officials held that it did not affect the principle concerning the right of Great Britain to hold up non-contraband shipments destined for neutral countries.

## MUST SERVE THREE YEARS IN PRISON

Vancouver, May 22.—Sentences of three years apiece in the penitentiary were imposed at the close of the assizes yesterday by Mr. Justice Murphy on Ulysses Benistant and Joseph Kallette, a German. Benistant had been found guilty of attempting to murder his wife, a young Belgian woman. Kallette had been found guilty of performing an illegal operation on a young woman patient at his bath establishment on Granville street.

## INFLECTED HEAVY LOSS ON THE ENEMY

Melbourne, May 22.—General Sir Ian Hamilton, commander-in-chief of the British land forces at the Dardanelles, in a cablegram to the government expressing regret for the death of Brigadier-General W. T. Bridges, of the Australian forces at the Dardanelles, who died as the result of a wound, says: "The irreparable loss was brilliantly avenged yesterday by his own troops, who inflicted a terrible loss of seven thousand on the enemy, his own troops' loss being under five hundred."

## MORE CASUALTIES.

London, May 22.—Australia, New Zealand, Canada and the British Isles figure in the lists of casualties in France and among the members of the Mediterranean expeditions posted at the war office last night.

Canadians—Killed, 108; died of wounds, 48; wounded, 151; sick from gas fumes, 8; missing, 85, of whom 59 belong to the 16th Battalion, Canadian Scottish.

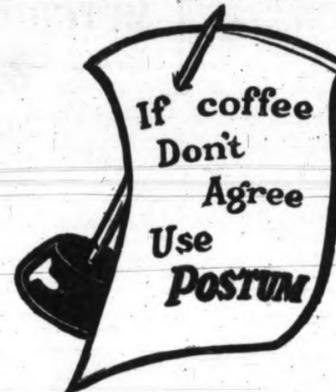

New Zealand—Dead from wounds, 7; wounded, 160.

Forty British officers are posted as killed, 7 dead of wounds and 83 wounded.

## DESTROYED BY FIRE.

Vancouver, May 22.—Old-timers will regret to hear that the old landmark, Fort Douglas, at the head of navigation on the Harrison lake, has been destroyed by fire. Such is the information conveyed to Peter Byrne, Indian agent for New Westminster district.

"I have been a trained nurse for some fifteen years, and like many nurses, drank strong coffee. About two years ago I had to call a halt. I missed my coffee until some one recommended Postum, which I have used ever since, recommending it to many of my patients."

### A Teacher says:

"I have been a coffee drinker ever since I can remember. I have been teaching school for sixteen years, and became more and more nervous. I could not sleep. After reading some of your literature I decided to try Postum. I have been using it about thirty days; my nerves have improved; I have no headache; sleep peacefully, and am able to do my school work better."

### A Doctor says:

"I often find it necessary to prohibit the use of coffee for my patients, and have advised the use of Postum with good results to the nervous system and digestive apparatus."

THE MAYOR TO OTTER.

Mayor Stewart's sharp reply to General Otter's lecture to this city regarding the internment of alien enemies, as printed in our columns yesterday, was quite called for and will be generally commended.

In that leisurely fashion which is the sign manual of red-tapism the militia authorities finally decided that internment stations should be established at Nanaimo and Vernon, but it was not until early this month that Victoria was given an opportunity of sending its alien charges there; in other words, not until ten months had elapsed since the outbreak of war were any facilities provided for the disposal of alien enemies, and even these were so limited and the time allowed so short that only a small proportion could be gathered in by the police.

In these circumstances the letter of Sir William Otter rebuking the civic authorities for being "remiss in not availing itself of the opportunities given for the subsistence of aliens" is wholly uncalled for. If ever there has been remissness in connection with any subject under the sun, it has been on the part of the militia authority, of which General Otter is a distinguished ornament, in its treatment of this difficult question.

ATTACKING KITCHENER.

The savage personal attack upon Earl Kitchener by the London Daily Mail is the culmination of a hostile campaign conducted by the Northcliffe papers against the war department since the early stages of the struggle.

But while the Northcliffe papers scrupulously refrained from a repetition of their attacks upon the constant flow of criticism and innuendo aimed at the cabinet in general, but largely intended for Kitchener. Their proprietor regarded the war chief as the main obstacle in the way of the enlargement of his dividends.

cism, it is positively grotesque. It questions Kitchener's ability as a soldier while admitting his great powers of organization, and then expresses the hope that no such calamity would befall the nation as that he should be permitted to interfere with the actual strategy of this gigantic war.

In one respect, however, there seems to be considerable ground for the newspaper criticism in the Old Country not confined to the Northcliffe sensational sheets. This is the censorship of news, which in numerous instances has reached the degree of sheer stupidity. Not long ago the British papers were forbidden to publish accounts of incidents at the Dardanelles which were described in Italian and New York journals.

The great difficulty the authorities in London are encountering is making the people realize the seriousness of the war. They never can understand it in the sense that the French people, for instance, understand it, for geographical and economic reasons, but if they were told more about what was transpiring they would grasp the nature of the sacrifices required of them.

THE RAILWAY POLICY.

In the course of a lengthy defence of the provincial government occasioned by an article in the Toronto Globe the morning paper makes this characteristic observation relative to the railway policy: "We assert without fear of successful contradiction that if the provincial government were forced to foreclose upon its mortgages covering the railways mentioned it could sell them to other railways for an amount sufficient to cover the guarantees."

We do not know if this absurd opinion is shared by the government. If it is, we can understand how Sir Richard McBride and his colleagues have come to make such a fearful mess of their railway policy and other undertakings. If there is one thing certain in this world, it is that "other railways" would not accommodate the province by taking off its hands for the full amount of the guarantee bankrupt institutions upon which it had been necessary to foreclose.

WILL INVESTIGATE.

We are pleased to observe that following the disclosures at the inquest over the victims of the South Wellington mine disaster, to which we referred a few days ago, Mr. Bower, as acting minister of mines, has authorized a rigid investigation of the affair by Mr. Justice Murphy of the Supreme Court as royal commissioner.

GERMANS HAVE PICKED OUT ONE NATION

Germany have picked out one nation after another as their hereditary foes. They will have some difficulty in the future in selecting hereditary friends. The time is near at hand when even

completed and probably neither will be completed unless the government of Canada or the provincial government dig up additional guarantees. The Canadian Northern Company is admittedly bankrupt with contractors' attachments for millions clinging to it.

The railway policy of the provincial government has been a calamitous fiasco, and if the morning paper had any sense of responsibility it would recognize the fact. It has imposed upon us a burden greater than ever was assumed by any other state or province in the history of railroad construction.

"With some knowledge of the fact we assert without fear of contradiction that the company had no intention of building a mile of railway on this island and consented to do so only because Mr. McBride made compliance with the request of aid contingent upon construction upon this island as well as upon the mainland.

Observe that our contemporary even then was making assertions "without fear of contradiction" just as it did this morning, and they are all of the same kind. To illustrate further the looseness of statement which has characterized the chief exponents of this ruinous policy we quote the following editorial remark made on January 23, 1911:

"The first contract for the Island division of the Canadian Northern Pacific railway has been let and work will be begun at once. Forty miles are to be put in hand and as work is to be finished in a year we may look for very rapid construction. It means a mile of road for every eight days at least, which through a country of the character of Vancouver Island must be quite a record."

The sequel showed that it was quite a record.

GERMANS HAVE PICKED OUT ONE NATION

Germany have picked out one nation after another as their hereditary foes. They will have some difficulty in the future in selecting hereditary friends. The time is near at hand when even

Dan O'Leary, father of Mike of that ilk, is not thoroughly satisfied with the feat of his famous son. Many fathers would be proud of the accomplishments of a son who single-handedly captured a gun, disposing of a company of Germans who barred the way to his exploit. Not so Dan. Asked by a newspaper correspondent if he was proud of the exploit of his intrepid son, Dan replied: "I am surprised he didn't do more. I often laid out twenty men myself, with a stick coming back from Macroom fair, and it is a bad trial of Mick that he could kill only eight, and him having a rifle and a bayonet."

The excellent Dr. Derenburg, who entered the United States ostensibly as

ed as a protagonist of the kultur of Germany, has asked the American government to procure him a safe conduct from the British government so that he can return to the land of his fathers. The very excellent doctor, who defended submarine warfare as practised by Germany and vehemently justified the sinking of the Lusitania, saying non-combatants had no business upon the ship, evidently is determined to take no chances himself. But thus far the Wilson government has refused to comply with his request.

Newspapers which cast upon a people the blame for the mistakes of its government betray a cynical lack of appreciation of moral values. They overlook the fact that the public is the unwitting victim of misplaced confidence and that they themselves are the instruments through which the people are dragged into a sense of false security. In this province attacks upon the public interest have been made under the cover of asphyxiating gases pumped up by the subsidized government press.

Scott Act Vote.—The electors of Perth county, Ontario, having petitioned the governor-general for the taking of a vote on the application of the Canada Temperance act (the Scott act) to that county an order-in-council has been passed fixing Thursday, June 24, as the date for the holding of a poll. The official count of the votes will be held at Stratford on June 28.

Slow Postal Transit.—Owing to the slow speed of the post office department an order-in-council has had to be passed by the federal government to enable Paul Boytnick, farmer, Grouard, Alberta, to locate and enter for two adjoining quarter-sections of land. In December, 1908, a South African volunteer bounty land certificate was issued to John Gordon Davis, Vancouver, who assigned it to Mr. Boytnick and it was mailed to the latter in care of the Canadian Bank of Commerce at Grouard. So swift was the postal service that it did not reach Mr. Boytnick until November 5, 1913, five days after the last possible day on which he could have made use of it.

CHARGED WITH ASSAULT

Justification Pleaded as Defence by Member of 48th Battalion.

Henry Walker, 1313 Vancouver street, a member of No. 2 company 48th battalion, was charged in the police court this morning with having assaulted Isaac Byers on Sunday, May 16. The assault was admitted by the soldier, who claimed justification.

The assault occurred, it was stated, over a beating given his son by Mr. Byers. Mr. and Mrs. Walker were in their house and heard a child scream. Mrs. Walker went outside and saw a boy on the grass being beaten and thought it was her son. It was, however, Mr. Byers' son. Mr. Walker followed his wife, heard her protest to Mr. Byers against beating the boy, and heard also, according to the evidence of Mr. Walker, Mr. Byers use bad language to Mrs. Walker. Mr. Walker thereupon struck Mr. Byers, and because of this a charge of assault was laid.

Mr. Byers denied the language, and Magistrate Jay adjourned the court until 11 o'clock to allow Mr. Walker to bring his wife to testify. At 11 o'clock Mr. Walker said he had been unable to get Mrs. Walker by telephone, she being absent from the house. The magistrate adjourned the hearing until Tuesday so she could be called.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

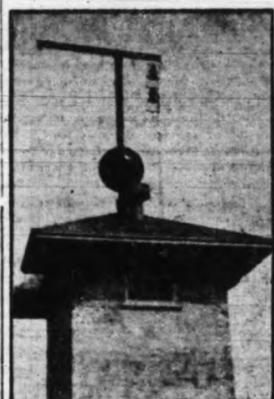

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSENG, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NEW TIME BALL

Superintendent E. Napier Denison intends to start dropping the time ball on the Belmont block on Monday. This ball will be placed half way up the mast at 12.45 p. m., at the top at 12.55, and will be dropped exactly at 1 p. m. each day. This will be done direct from the observatory at Gonzales Heights, by means of closing an electric circuit which passes through the C. P. R. telegraph office to the Belmont block. The dropping is done by means of a special trigger beneath the ball which is released when the observatory key is closed. This allows the ball to fall rapidly at first, then by an automatic brake it is stopped before it reaches the base of the mast. The storm signal lights will also be directed from this mast, and also the storm signals for the day time will be hoisted from the other side of mast.

FOUR MEN SENTENCED

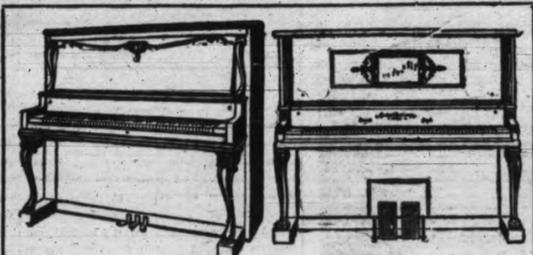

One Month in Jail Apiece for Men Found Guilty of Retaining Stolen Goods.

William Trentafies and John Kplateris were found guilty yesterday afternoon of having had in their possession goods which they knew to have been stolen. The goods were part of those stolen from the store of Lewis & Leiser on Saturday night, May 8. Following the conviction of the two men Judge Lampan decided to remand them for sentence until the cases of the other six men similarly charged had been dealt with. Of these George Kapis and Peter Narvaris were then charged and pleaded guilty. The four men were then sentenced to one month sentences. J. A. Aikman, appearing for them reminded his honor that the men had been in jail since arrest, and asked for a short sentence.

The remaining four men were not further proceeded against the prosecution announcing that the case against them was not substantiated. They were discharged.

A LARGE OUTLAY

Sum of \$400,000 Has Been Expended in Unused Lateral Connections. The city engineer reported to the streets committee of the council yesterday that of the laterals laid in connection with local improvement work and not used, there are some 15,500 sewer and surface drains so existing in the city. He added: "It is altogether probable that a great number of them will never be required. There are also about 5,000 or 6,000 water laterals which are not in use, and the value of same is depreciating every year. The cost of constructing these laterals amounts to approximately to \$400,000. The matter will be taken up in the future, in connection with local improvement work yet to be undertaken. The engineer stated he was not yet ready to report on the local improvement by-laws to be closed up. Some further information on the subject was being acquired in connection with the cost of completing the underground work on several streets. The committee adjourned to visit the work on Quadra street, near Burdett avenue, which is difficult to construct on account of the steep grade. Hold Meeting.—A meeting of Steam and Operating Engineer's union will be held on Sunday morning at 10.30 at room 3, De Cosme block.

**AT THE THEATRES**

**ALLEN PLAYERS.**

After a week's rest the Allen Players will return to the Princess theatre on Monday, and will be seen in that sparkling comedy by Victorien Sardou entitled "Divorcens," one of the most entertaining ever written. The play is a daring one, and Miss Felton, who appears in a favorite comedy role as "Cyprienne" will express amazingly frank views, but with such naïveté that she is irresistible. Norman Pearce as the patient husband, and Bron Eagan as the "rattle-headed" third person, complete the trio around whom the main thread of the comedy is woven. The play is typically French in atmosphere, and is a new phase of the "eternal triangle," which has formed the subject of scores of novels and dramas.

**PANTAGES THEATRE.**

To accommodate the huge holiday crowds expected at Pantages theatre on Monday, Manager Rice has decided to hold three shows in the evening instead of the usual two. The first will commence at 6.30. The usual matinee will begin at 3 in the afternoon. A big special attraction which has been secured will be the first showing of exclusive motion pictures of the Lusitania, showing the embarkation of passengers for the fatal voyage, and other notable views. In addition a big bill of splendid vaudeville has been arranged. It includes singing, dancing, comedy and acrobatics.

Stuart, "The Male Patti," is scheduled to be the headline feature. He possesses a wonderful soprano voice and because of his ability to vocalize on the very high notes he has been likened to Patti. Stuart has just returned to this country after a twelve-year engagement in Europe.

"Childhood Days Revue" is the name of the added attraction. It tells the story of a group of children and their old school teacher. There are ten people in this skit which takes the form of a musical comedy with singing and dancing. The cast is headed by Jules Field and Dan Collins, who are two well known comedians. Other acts of merit next week are: Harry Artrim and Betsy Vale, a "polite" pair in "Flings of Fun"; the Six Fultons in their acrobatic novelty, and Carletta, the Human Dragon.

The big six act bill being given this week will be presented for the last time to-night at the usual performances.

**"OMAR" IS DELIGHT TO THE EYE AND EAR**

Story of Persian Poet Presented at Royal Victoria by Guy Bates Post

Putting into practice the dictum of an eminent British producer and player that anything is a play which may be made interesting on the stage, Richard Watson Tully has woven some fancied episodes in the life of the Persian philosopher and poet in with some of his poetry, to form what proves to be a delightful entertainment in "Omar, the Tentmaker," which is at the Royal Victoria theatre for two nights, with Guy Bates Post as the central character.

Under the circumstances it was impossible to make a satisfying drama out of the matter, but the times and the scene lend themselves admirably to the uses of "atmosphere", and the great vogue of Omar among the well-read guarantees an audience from his hosts of admirers. Mr. Tully has made extensive use of his opportunities and has produced a dramatic entertainment which lacks nothing as a lovely spectacle, and in the hands of Mr. Post the character of Omar is held to something of an adequate representation.

Of the poet, scientist, humanitarian, thinker and fatalistic philosopher who flourished in Nishapur in the eleventh century little is known, but Mr. Tully has invented a love story for him which has this recommendation for all Omarians, that it shows him with the admirable virtue of constancy. Omar loves the daughter of his teacher "in the garden where the roses blow", but she is taken from him to become the fourth wife of an old sultan. He gives shelter to her daughter after they are both deserted by the sultan, and he believes the thirteen dead. Years after he meets the Shireen of the garden, learns that the little Shireen is his own child, and settles down to a life of philosophic calm.

This story is told in language which is a mosaic from many sources. Primarily it comes from the lips of Omar in the finely-chiselled and beautiful musical rubaiyat of FitzGerald's version, but many of these are inverted and twisted to fit. To this excellent foundation has been added the words of other versions, and Mr. Tully has written the necessary connecting links to make unity of the whole. One result of this is to make the progress of the dialogue—or monologue—some-what difficult to follow for those to whom the rubaiyat are not familiar, even though Mr. Post's clear enunciation leaves no word uncertain.

The playwright stresses the praise of wine which is so constant in the mouth of Omar, but in order to justify what FitzGerald's quatrains give no warrant for, he prefaces the playbill with a note that it is necessary to follow the other versions as well.

Few finer stage pictures have been seen here than those which frame the action of the play. Nothing has been spared by the producers to make it complete on this side. In scenery and settings it is sumptuous and a delight to the eye, fit accompaniment to the charm to the ear of Mr. Post's reading of his lines. Much use is made of silhouetted outlines and the perfection of imaginative illusions by keeping the stage in misty shadow. The footlights are not burned, and all the illumination comes from the sidewise as the figures in action move in and out of the scene. All this is entirely in harmony with the play and the place.

The garden, the winding street in Nishapur of which the two ends are seen, the prison, are all excellently set. A daring but very impressive scene is that in which Omar, being basinated and fainting, sends his soul "forth into the invisible, some letter of that after-life to spell." Sattler and other planets, "the door to which there is no key," and there in vision Shireen and the little Shireen come to him to give the key as being in the posterity that motherhood brings. Another symbolic scene represents the pots holding colloquy as to the intentions of the potter.

"Omar" recalls "Kismet", with which the theatre opened. More than any other player on the stage except Otis Skinner, Mr. Post has the instinct and the aptitude for such pieces. He is resourceful, intelligent, and vivid in his appreciation and his portrayal of a character, and especially in this role are these qualities required. He gives pleasure to the ear by the understanding and the feeling he has for the form and substance of the rubaiyat, and the manner and variety of accent with which he speaks the other quatrains and sayings of the play. He is suggestive in gesture and intonation, and his silences are simple and pregnant with emphasis.

Miss Louise Grassler makes a charming Shireen, Miss Mabel Emerson is a lovely Little Shireen, and among the other players much credit is to be given to John Hunter Booth and Gerald Fring. The cast is a large one and several have but a small part to fill. The mob last night proved to be rather vehement, even for an excitable eastern people.

The curtain calls were many, and the appreciation of the audience for actors and entertainment was generously expressed. Great praise is due the orchestra for its playing of the incidental music and the extracted

CANADIAN, NOT GERMAN.

To the Editor:—It has been forcibly brought to my attention that a malicious report to the effect that I am of German origin has been put into circulation and is calculated to injure me in my employment. This report is absolutely without foundation, and I trust you will allow space for the following facts, which I will be pleased to prove to any one interested.

WAR TAXES.

To the Editor:—The undersigned wishes to draw the attention of the public to the attitude of many persons who, in purchasing medicines and toilet preparations, refuse to pay the additional cost due to the war, which extra cost is represented by war stamps placed on the goods to the value of four cents on the dollar. It is of course apparent that the government adopted this course with the intention of distributing the financial burden over the entire community. It is certainly unpatriotic on the part of any man to refuse to bear his share. It is furthermore absolutely unfair to expect the druggist to bear the four per cent tax for all his customers.

WHEN FACTS WARRANT.

To the Editor:—The Colonist of this day (May 21) states that it "never made an assertion affecting any one's honor unless proven facts warranted it in doing so."

THE RIFLE RANGE.

To the Editor:—If you will allow me, I should like a little of your space to voice an injustice prevailing with regard to work on the rifle range. This week the Dominion authorities were supposed to have made the work into relief, thereby giving to 700 unemployed of Spanish a chance to earn a dollar.

STALE EGGS.

To the Editor:—I conclude from a letter I have received from a prominent poultry man and conversations I have had, that an analysis of the imported egg question would be of interest to some of the British Columbia producers.

ALIEN ENEMIES.

To the Editor:—At an overflowing, enthusiastic meeting of citizens, convened and presided over by the Reeve of Oak Bay, held at the municipal hall, it was unanimously decided to petition the Dominion authorities to adopt precautions by internment of every alien.

WANT LIGHT PLACED ON DANGEROUS REEF Motorboat Owners Think Sisters' Reef on Way to Gorge, Should Have Night Mark

Motorboat owners are desirous of having a light of some description established on "The Sisters," a dangerous patch of rocks lying off Deadman's Island. Each year several launches run aground on this reef. Two spar buoys have been moored to indicate the danger spots, and during the day no trouble is experienced in navigating the channel.

One light would eliminate all danger of accident. The rocks are right at the turn from the upper harbor into the Victoria Arm and during the summer, countless numbers of motorboats ply these waters.

WOULD ASSIST WONDERFULLY. The stillness of midnight last Thursday was disturbed by the cries for help, emanating from two ladies who were in a launch, which was high and dry on the reef.

PRINCESS ROYAL HAS RETURNED TO SERVICE Operating on Night Run to Vancouver After Long Lay-up; May at Esquimalt

After having been laid up for nearly five months, the C. P. R. steamer Princess Royal, Capt. Locke, is again in service, and is operating on the night run between here and Vancouver. Following the mishap to one of the Princess's crank shafts, the Princess Sophia was withdrawn from the night service and sent to Granby Bay and the Royal was pulled out of retirement to fill up the gap on the former schedule.

Preparatory to entering the Shagway service the Princess Alice is now undergoing extensive overhauling at the company's docks. Her interior is receiving special care from the renovators, and when she sails on her initial excursion to Alaska, she will be in splendid shape.

## TRIP TO 'FRISCO EXPOSITION IS PROMISED VICTORIA LACROSSE CLUB

### Coach Springer's Team in Splendid Shape for Monday's Game With Royals

Victoria's amateur lacrosse twelve have been promised a trip to the Panama-Pacific exposition, should they be successful in winning the P. C. A. L. A. Championship and Mann cup this year. This is the announcement made by a member of the local lacrosse committee this morning, and it is up to Coach Springer's squad to make good with such a reward in sight. The Victoria team, which was picked on Thursday, is said to be the fastest and trickiest that ever represented the capital in the coast league. Coach Springer has given youth the preference in picking his squad, and he expects the locals to win by at least three goals in Monday's clash.

The game will start at 1:30 sharp, in order to allow the ball teams to play at 4 o'clock. The New Westminster team will leave Vancouver on Sunday night, and Dad Turnbull, who again

has charge of this club, is confident that he can repeat his win of a year ago when the Salmon Belles won in the second quarter, after Victoria had run up a three goal lead.

Conrad Jones has decided that he can do with three home players from the east, and he has given up hopes of bringing the famous Newey Lalonde to the coast. Billy Fitzgerald has written that he will report about the middle of June, his coaching position at Swarthmore college keeping him in the east until June 1. He will be in perfect shape when he arrives, however, so that he should be a great help to Jones' twelve.

Cotton Brynjolfsson is working splendidly with the Vancouver team, and will probably catch a place on the home team. Brynjolfsson is a husky youth, who can take a lot of bumps, and he is dangerous when near the nets. The terminals will have George Roberts and Red Donhee, another pair of hustlers, in line for the opening of the season, so that they should give the Royals a pretty stiff argument. Jones can always present a rather husky defence, but his home field has given him a lot of trouble.

### MONDAY'S MATCH

ALLIE MCGREGOR

Victoria home player, who will be seen in action in Monday's game at the ball park. McGregor is one of the fastest home fielders in the league.

## BAYLEY WINDS UP TRAINING FOR BOUT

### Victoria Lightweight Left This Morning for Nanaimo; Will Make Weight Easily

Joe Bayley wound up his training yesterday afternoon with six fast rounds against Cyclone Scott. The Victoria light weight is confident that he can whip Johnny O'Leary, and will enter the ring at 132 lbs., so that there will be no danger of O'Leary raising any fuss as to the weight limit. Bayley left this morning for Nanaimo, and he will confine his work to a brisk walk to-morrow with another on Monday morning. Cyclone Scott will go to the Coast City with Bayley, and will be in his corner when the bell is pulled.

Quite a crowd of rail birds were on hand at the Panama gymnasium yesterday afternoon to witness the final brush between Bayley and Scott, the boys tearing at one another at a good clip for the entire six rounds. Bayley also skipped the rope for half an hour, and put in fifteen minutes at the bag. He is down to weight right now, and took care that he did not do much heavy work. Bayley's hands are in first class shape, so that local fans need not worry as to the champion being able to put over the steep producer.

On the mainland the fight fans will be able to get a glimpse of Tex Foster in action against Frank Barriac. Since the Alberts-Barriac bout fell through, the mainland promoters have been anxious to have Foster meet the former V. A. C. amateur. This bout is billed for Brighouse Station.

## MAYOR STEWART TO OPEN SPORTS

His Worship Mayor Stewart has consented to be present to perform the opening ceremony at the Amalgamated Friendly societies sports at Oak Bay on Monday, Empire Day. The first race, to be started by his worship, is timed for 2:30, and as a record crowd is assured, the public are warned to be there on time.

The proceeds are in aid of the Red Cross society and the society's benevolent fund. There will be a very valuable lot of prizes to win, the merchants of the city contributing very handsomely for that purpose.

The sailors from the ship and the dock yard at Esquimalt are very enthusiastic, and are entering for most events, their presence alone guaranteeing a good afternoon's entertainment for the public.

The marsh for the parade will be found between Blanshard and Quadra streets at 1:20 ready to line up the members of various lodges, on their arrival at the Esquimalt wharf at 1:30 prompt, lodges are urged to be on time in order to be placed in their proper places.

## DATES CHOSEN FOR EXPOSITION SERIES OF SOCCER MATCHES

Further particulars of the Panama-Pacific football tournament have been received by Jimmie Adams, and the letter will now have a very definite proposition to lay before the meeting of the B. C. F. A., which will be called shortly to consider the sending of a soccer team to the fair. The dates for the Pacific coast championship games will be October 1, 3 and 6. The eastern teams representing Chicago and New York, will play for the eastern honors, and the winners will meet the All-Star coast eleven, for the international championship on October 16, 14 and 16. The coast eleven will be chosen in a trial game on October 8.

## RECORDS BROKEN AT UNIVERSITY SPORTS

### Kilpatrick Again Wins Senior Championship; Parents Witnessed Annual Field Events

Ideal weather and a large attendance, together with a number of record-breaking performances, featured the annual sports of the University school, at Mount Tommie yesterday afternoon. Kilpatrick again won the senior championship, while Heggie I. captured the other title. The West House captured the House cup for the largest number of points. The prizes were presented at the conclusion of the sports by Mrs. Barnacle, Rev. W. W. Bolton welcoming the visitors to the school in a few well-chosen words.

In the 100 yards, open, Mackenzie equalled the school record by 2-5 secs. In the broad jump, open, Kilpatrick created a school record by jumping 20 feet 6 3/4 ins. In the 220 yards, under 16, Byrn I. equalled the school record—2-5, and in the 320 yards, under 15, Helmecken II. created a school record. His time was 27 2-5 secs.

## BASEBALL ROYAL ATHLETIC PARK TACOMA VS. VICTORIA VICTORIA DAY 10:30 a.m. and 4 p.m.

## LEAFS WILL COME HOME IN LEAD DOUBLE HEADER FOR VICTORIA DAY

### Tacoma Tigers to Make Season's Debut; Change in Time of Mid-week Games

With his club returning home in first place, President Joshua Kingham looks for the biggest crowd in years at Monday's win baseball card at the Royal Athletic park. It is some time since the Victoria fans have had a change to welcome home a club that was setting the league pace, and with Marty Nye's athletes right at the top of the heap, a rare old turnout is expected. McGinnity and Kaufman are the probable pitching selections for Tacoma, while it looks like Al. Bonner and probably Frank McKenry will go for the Leafs. The morning game will start at 10:30 sharp, while the afternoon clash is billed for four o'clock.

The new auto parking space has been completed, and special efforts will be made to handle the crowds. This is the first appearance of the Tacoma club here this season, and with the Leafs in a battle for first place, a double win will just about clinch this berth for the rest of the week.

President Kingham also announces

that he has changed the time of starting the mid-week games from 4 o'clock to 3:30. A number of fans waited upon the Victoria president and it was to please the business men of the capital that he decided upon the change. Saturday's game, as usual, will start at 2:45 p.m.

Spokane, May 22.—"Tiny" Leonard, a pitcher of the Spokane club, was sold yesterday to Victoria, Max Fleck, who pitched for the Chicago Federals last year and was recently released by the local team, was re-signed by the Spokane team.

Vancouver, May 22.—Seattle out-hit the champions yesterday and won by a score of 4 to 3. Eastley was effective in the pinches.

Score: R. H. E.  
Vancouver..... 3 9 1  
Seattle..... 4 13 2

## BONNER TWIRLS HIS THIRD STRAIGHT WIN

### Kaylor Stars in Defensive Play; Haworth Out of Game for a Few Days

Al Bonner came through with his third successive win since joining the Victoria club yesterday, and the Leafs are now firmly entrenched at the top of the Northwestern league clubs. Bonner was given two runs by his team mates yesterday and they were enough, the former Giant holding the Black Cats to a single tally for the seven hits that they drilled off his delivery. The win gives Victoria a nice boost, as both Vancouver and Tacoma were beaten yesterday, Spokane hopping into a three-cornered tie for second place. Old Guss, Engle, a vel, whose joints fairly creak when he winds up, held the Leafs to five hits, but a couple of walks proved fatal.

Victoria backed up Bonner's efforts with sensational fielding, Ted Kaylor cutting off a couple of runs with pretty throws from right field for double plays, the entire Leaf infield being geared up to top speed. Pug Bennett led both clubs with the stick, getting three safe wallops in as many trips to the plate, while Willis Butler broke into the base stealing column with a couple of pilfered sacks, Kaylor also getting away with a clean steal. Bonner pitched a perfect game of ball, striking out three and allowing only one pass to first. Engle breezed five, but passed four, both of his walks being turned into runs.

Homer Haworth was hit in the hand by a fast ball in the third, and had to be taken out of the game, Harry Hoffman going behind the bat. The score:

LOCAL ENTHUSIAST HAS SENT BASEBALL GLOVES AND BALLS TO THE FRONT

Former Fire Chief Tom Watson has responded to the call for baseball equipment at the front, and he sent a box of gloves and balls to Northern France yesterday. Dr. Tait donated a couple of catching gloves, while he secured a number of balls from President Joshua Kingham, of the Victoria club; Tealey Raymond, of the Seattle club, and Mr. Marty Nye, Other equipment will be forwarded just as soon as it can be secured for the troops now on the firing line. Mr. Watson now has two sons "doing their bit" in the trenches.

Toronto, May 22.—The telegram from President Johnson, of the American league, that the club owners and players were arranging for a donation of baseball paraphernalia for the use of the Canadian soldiers who were coming as a welcome surprise to the mayor of this city and those who follow the American national game in this country.

## No Waiting for Parts--

Think what an advantage is here. When your car is a FORD you have a complete stock of duplicate parts, at factory-fixed prices right to your hand. In the best of cars there are times when parts break. No other make of car is so thoroughly represented in spare parts as the FORD. Our expert service men could rebuild your car from stock parts if necessary. This is a tremendous advantage to the car-owner. The FORD does not require repairs often but it is satisfaction to know that when it DOES there need be no delay.

### STOCKS CONTINUE TO GO UP ON EXCHANGE

Demand is Relatively Broadening in Local Market; To-day's Session

Lucky Jim Zinc went up to four cents a share. The strong condition of Coronation Gold was upheld and Granby was subject to general supporting tactics. Regardless of dormancy in numerous obscure issues, the list taken as a whole revealed strong features. The relative broadening inquiry for stocks of the sounder type, even of a speculative nature, was remarked. Only in one instance was unsatisfactory action recorded. This was in Standard Lead, which, for no apparent cause, had a dropping appearance. This stock always has met with buying orders around the dollar mark.

### TO-DAY'S TRADING ON THE WINNIPEG MARKET

Winnipeg, May 22.—Wheat futures opened unchanged to 1/2c higher, oats 1/2c higher, and flax 1/2c to 1c advance. Trading was quiet. May wheat has still a premium over July, but this has narrowed in the past week. There was more activity in cash circles. Nos. 2, 3 and 4 grades of wheat were in fair demand by

### FOLLOWING RISE, PRICES CLOSED AT LOWEST FIGURE

(By F. W. Stevenson & Co.)  
Chicago, May 22.—New crop months in wheat closed at bottom for the day. Early strength came from the same quarter as yesterday—alarming reports from crop experts going over the winter belt. This was in Standard Lead, which, for no apparent cause, had a dropping appearance. This stock always has met with buying orders around the dollar mark.

## THE BLOOD IS THE STREAM OF LIFE

Pure Blood is Absolutely Necessary to Health

### FRUIT-A-TIVES PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are the Best of All Tonics to Purify and Enrich the Blood

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives," by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

## PRICES HAD STRONGER TONE IN WALL STREET

Sparseness of Offerings Drove Bears in the Market To-day

(By F. W. Stevenson & Co.)

New York, May 22.—Sentiment in stock circles, while undetermined still, was of a hopeful vein and prices closed quite strongly.

Character of the support tendered suggested accumulation by important interests, and, too, outside participation was improved.

In any case, the market was easily advanced on sparseness of offerings, and the element working for a decline were driven to cover in many instances.

### TOOK OATH IN 1912.

New York, May 22.—Records which are regarded as tending to substantiate the claim that Anton Kuiper, who committed suicide in London while on trial as a German spy, was an American citizen, have been found in Brooklyn. The papers on file there show that he swore allegiance to the United States in Brooklyn in 1912.

### AS COLONIAL SECRETARY?

London, May 22.—Both the Morning Post and the Daily Telegram, nowadays perhaps the most sober exponent of Unionist opinion, prophesy that Rt. Hon. Austen Chamberlain will become colonial secretary, and approve the choice.

### TONE OF BERLIN PRESS.

Berlin, May 22.—All the morning newspapers to-day condemned in the strongest terms the attack on the Italian ambassador last evening and warmly expressed the slightest consideration of Italians who remain in the city. The tone of the press without exception is strikingly calm and moderate. In spite of the fact that Italy's course generally is considered treacherous, the articles directed against her contain little in the nature of abuse.

## TREATY WITH CHINA TO BE SIGNED TO-DAY

What Baron Kato, Japanese Foreign Minister Said Regarding Demands

Tokio, May 22.—Why Japan endeavored to keep secret the fifth group of the demands she presented to China last January, was explained in the diet to-day by Baron Kato, minister of foreign affairs.

Japan had believed she was justified, he declared, in demanding the concessions contained in the first four groups. The fifth group did not represent demands, but rather hopes.

"We had to see what China would say about this fifth group," the baron explained, "and there was, therefore, no necessity of communicating it. Later, because of the appearance of erroneous accounts of this group, Japan decided to make the matter public."

In reply to an interpellation as to why Japan was restoring Kiau Chau to China, the foreign minister said that the position of the government was based entirely on the necessity of destroying German influence in the Far East, and maintaining the integrity of China. The restoration of Kiau Chau was not an incident of the negotiations, but had been decided upon long before these were undertaken. So long as no other country held Kiau Chau, Japan was satisfied.

In the House of Peers Baron Kato was applauded when he said that the majority of the people did not consider it a disgrace that the nation had made a concession for the friendship of China, and in the interest of the friendship of the powers, including Great Britain and the United States.

Discussing in the diet the government's needs for supplemental credits, Count Okuma, the prime minister, said the failure of the diet which was dissolved to adopt the budget of 1915-16 had compelled the government to follow the budget of the previous year, which was insufficient for the nation's needs to-day.

Foreign Minister Kato, who followed, sketched at length the negotiations with China. He said that a treaty and notes with China soon would be signed and presented to the emperor for ratification. All these documents later would be submitted to the diet.

## NORTHCLIFFE NOW IS VERY UNPOPULAR

London, May 22.—Lord Northcliffe to-day is the most abused man in the British Isles. The editorial in yesterday's Daily Mail condemning Kitchener caused an immense furor and a public demonstration in the stock exchange against it. Even the newspapers which yesterday severely criticized and condemned Kitchener now recall his good services and hunt the dictionary for adjectives denouncing Northcliffe. Some papers demand his head on a charger.

The Daily Mail replied this morning that its statements were more than justified.

The whole controversy, with its bitter personalities, is mainly symptomatic of the high strung nerves of the people. The public has been shaken out of its excessive complacency and is "jumpy."

## INTERVIEW AT OTTAWA IS SET FOR TUESDAY

Ottawa, May 22.—It has been arranged that an interview between the western mayors and the government will take place on Tuesday next, shortly after the arrival of the mayors. Sir Robert Borden will be back in the capital before Tuesday and will receive the visitors. The first question that will be taken up will be that of unemployment.

## TRAIN CREW ARRESTED.

Paris, May 22.—"It is considered that Austria's action in destroying the bridges and cutting telegraph and telephone lines at Ponte Caffaro and Lodrone can be held to constitute a casus belli, making Italy free to open hostilities without further diplomatic formalities," says a Gaulois dispatch from Turin.

The Milan express reached a point near Ponte Caffaro, where the line had been cut, the train was seized by the Austrians and the crew were arrested. It is supposed the same fate has befallen another train from which no news has been received since it crossed the Austrian frontier."

## GOES TO WINNIPEG.

## SERIES OF ACCIDENTS

Tramcar Strikes Rig, Demolishing Light Standard and Plate Glass Window.

A collision between a two-horse express rig and a street car at the intersection of Fort and Broad streets, at ten o'clock this morning, resulted in a series of accidents.

The express, owned by Calwell Brothers, was proceeding down Fort street and was just turning in to the curb in front of the entrance to the Pemberton building when it was caught from behind by a Willow car. It was pushed on for several feet before the car stopped, and in its progress it was shoved up on the sidewalk partially and into one of the light standards.

The standard snapped off at the base and fell heavily across the walk. The top struck the corner of the window of the Dignon Printing company and shattered two huge panes of plate glass, one in front and the other in the entrance way. The crash of the falling glass could be heard for some blocks and quickly drew a large crowd to the spot.

The rig was badly smashed, the owners estimating the damage at \$100. The two men who were in it and the horses escaped injury. The windows, the property of Pemberton & Sons, will cost over \$100 to replace, and the light standard is worth \$50. The front step of the car and an iron door were torn off. The standard was replaced this afternoon and the light will be on again to-night.

The motorman says he rang his bell to warn the driver to get out of the way, but the driver states that there was no warning. There were many people passing the Pemberton block at the time, but fortunately at the instant when the standard fell no one was on the spot.

## SIGHT SEEING AUTO TALLY-HO WAS BUILT BY LOCAL LABOR

A unique and certainly up-to-date vehicle has been placed on the streets this week in the form of a sight-seeing auto tally-ho, the property of Messrs. Cameron & Caldwell, Johnson street. The elegance and finish of the vehicle are remarkable, and reflect great credit on its builder, John Weston, of Broad street, who for the past thirty-nine years has carried on the business of carriage and vehicle builder in the city. Built by local labor throughout and finished in a Detroit gray with dark blue lines, it has attracted considerable notice and comment while proceeding through the main thoroughfares and must create a favorable impression on the traveling public who are now, and during the summer season, passing through the city. Its construction at least proves that during the present stagnation of business they have sufficient confidence in the future to undertake this venture, which has run into considerable money to complete.

Cameron & Caldwell are well known as the proprietors of the C. & C. Taxi Service, livery and transfer. In conjunction with this they also operate the tally-ho service throughout the summer season, and it is their intention to enter on a large scale the catering for picnic and pleasure parties to various resorts around the city.

A display of this nature has a beneficial effect on the welfare of the city, particularly at the present time, and creates a spirit of optimism which will no doubt have its effect in the near future.

## MINE ACCIDENT INQUIRY

Mr. Justice Murphy to Sit as Royal Commissioner on South Wellington Disaster.

Mr. Justice Murphy is to be appointed to sit as a royal commission for the purpose of holding an inquiry into the mine disaster which took place February 9 when nineteen lives were lost through the flooding of the South Wellington mine of the Pacific Coal Mining Company Limited. The commission has been found advisable following the verdict of the coroner's jury at South Wellington recently.

A survey of the workings of the mine has been ordered by the government. The surveyor, also will take a survey of the abandoned workings of the Southfield property. The commission will sit immediately the surveys are done.

On account of the holiday there will be no meeting of this lodge next Monday evening. Second nominations and election of officers will be held on May 31.

Colfax Rebekah Lodge No. 1.

This lodge will give one of its popular social dances next Tuesday evening, and as it is being given in a good cause there will no doubt be a large attendance.

Vancouver Encampment No. 1.

Several matters combined to make the last meeting of the encampment an interesting one. The election of officers for the ensuing term resulted as follows: C. P. G. Cudlipp; H. F. Gees; Thompson; senior warden, F. Forner; scribe, D. Dewar; treasurer, A. Sheret; junior warden, F. B. Shaver. A very interesting matter was discussed, and it will no doubt be the subject of future debate. The whist tournament was continued at the close of the lodge business, and the three highest are: Pat. A. Anderson, 42; Pat. E. L. Miller, 42; Pat. A. Sheret, and Pat. P. G. Cudlipp are tied for third place with a score of 38 each. A very energetic member of Vancouver Encampment, Pat. A. Anderson, P.C.P., has been recommended for the position of district deputy grand Patriarch for this district. Pat. Anderson has been a hard worker in the encampment for some years, and his appointment to the position will be very popular.

Columbia Lodge No. 2.

The next session of this lodge will be a very interesting one, as the semi-annual election of officers will take place and the whist tournament will be continued. Bro. Anderson, P.C.P., has been recommended for the position of district deputy grand master for this district. Bro. Murkar filled the various chairs in the lodge in a very efficient manner, and the recommendation comes as a reward of merit. It is hoped that a large number of members will be present next Wednesday evening to participate in the election of officers.

On account of the holiday there will be no meeting of this lodge next Monday evening. Second nominations and election of officers will be held on May 31.

Canton Victoria No. 2.

The next meeting of this lodge will be an important one as the semi-annual election of officers will take place. The officers hope to see a large number of members present.

Bro. D. Balm III.

The members of the various L. O. O. F. lodge will regret to learn that Bro. D. Balm, P. G., is seriously ill at the Victoria private hospital.

## TWO PATRICIA MEN KILLED IN ACTION

Men Who Went Forward as Reinforcements Die on Battlefield

Sergeant James Smith, who is reported killed in action, joined the 68th Fusiliers in January, 1913. He left with the reinforcements of the Princess Patricia. He was 41 years old, and went through the Afridi campaign in India in 1897-98, and the South African war. Pte. Charles Thomas, also killed in action, joined the Fusiliers last fall. He too went with the reinforcements for the Princess Patricia, and was the same age as Smith. He had been eight years with the second battalion of the Wiltshire regiment, and went through the South African war.

Pte. Louis Glazen, wounded, is a son of Samuel Glazen. He left here with the first contingent. He is 22 years of age.

Serjt. Harry Hardy, missing, was for nine years on foreign service with the Northampton Regiment. With that regiment he went through the South African war. He became a corporal in the Highlanders on their formation, and was promoted sergeant on Salisbury Plain. He had been employed at the Empress and King Edward hotels.

## ASTORIA DELEGATION ARRIVES IN CITY

Mayor and Council Are Here to See Permanent Paving and Street Works

Seeking information on the street improvements which have been effected in Northwest Pacific coast cities in recent years, the municipal delegation from Astoria, Oregon, arrived in the city to-day, and was shown over the principal work done in Victoria in recent years by representatives of the local municipal authorities.

The position of Astoria at the mouth of the Columbia river assures its permanent stability, especially since the opening of the Celilo canal this month has practically (with some small necessary improvements) rendered the navigation of the Columbia river from the British Columbia frontier to the sea a feasible proposition, and the present municipal administration is fully alive to the situation.

"In fact," said Mayor Fred J. Johnson this morning, "we are laying the corner stone of the permanent development of the town. In the past the work has not been permanent, but the time has now come for improvements of the same character as other progressive towns. I would like to acknowledge the friendly relations between the people of Oregon and Washington and British Columbia."

Municipal Judge Olof Anderson said: "We wish to recognize the courtesy of Mayor Stewart in all communications with our council. Our city is commencing a large scheme to reclaim a thousand acres behind the sea wall, and we desire to place permanent work on the streets which will then be necessary. A large municipal dock is also to be constructed, so that you will appreciate that Astoria is bound to go ahead. The population is now about 15,000, and there will be a great increase when the improvements are effected. Having heard of the considerable amount of work which has been done in Victoria we desired to visit here, and see what had been accomplished."

"We have visited Tacoma, and leaving out Seattle we came to British Columbia in order to see something before the public holiday next week. In Vancouver yesterday we were shown round by City Engineer Fellows, and every courtesy was extended. Later we went over to New Westminster. We shall return to Seattle, and from there will visit Centralia and Portland before returning home."

In the party, in addition to those mentioned are Councilmen C. J. Curtis, E. A. Lenneker, Louis W. Glaser, Martin Johnson, and the president of the council, George Caboth. City Engineer G. T. McClean and A. Proctor, a local property owner, are also with them.

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots; Here's a Remedy for Freckles.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any grocer, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Barely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.
