Moderate Breeze May Favor Yachts In Race To-morrow

Great Interest Is Manifest All Over World in Effort of Shamrock IV. to Secure America Cup; Both Sides Give Finishing Touches.

New York, July 14.—Resolute and Shamrock IV., contenders for the greatest of yachting trophies—the America's Cup—were given their finishing touches and the last of their trial spins to-day in preparation for the first race to-morrow. Both craft appeared in fine trim.

New York, July 14.—(Canadian Press)—The United States Government's local weather forecast predicts moderate south to southwesterly breezes, becoming variable, on Thursday, when the America's Cup races are scheduled to start off Sandy Hook. In that event the two yachts should have no difficulty in covering the thirty-mile windward and leeward course in less time than the limit allowed. South and southwesterly breezes would give them a course down along the New Jersey coast to off Asbury Park and return.

Showers are predicted with cooler weather.

BALLANTYNE TO VISIT THIS CITY

Minister of Marine and Fisheries to Leave Ottawa August 10

Ottawa, July 14.—(Canadian Press)—Hon. C. C. Ballantyne, Minister of Marine and Fisheries, who is taking a rest at St. Andrew's, N. B., at the present time, will leave Ottawa on a trip to the Pacific Coast about August 10. While at the coast Mr. Ballantyne will look into matters affecting harbor improvements, more particularly at Vancouver, and problems relating to British Columbia fisheries. He will visit Victoria and go north to Prince Rupert. Mr. Ballantyne contemplated a trip to the coast last Autumn, but had to cancel his arrangements owing to illness.

STOCKS OF WHEAT TO BE REPORTED

Licenses of Wheat Board Other Than Millers to Make Returns

Winnipeg, July 14.—A new regulation, Number 143, of the Canadian Wheat Board, which will become effective Friday, orders that all licensees of the Board other than millers must file with the Board sworn statements of their stocks of wheat by midnight July 31.

The regulation also provides that licensees must make delivery to the Board of all wheat purchased by them as licensees of the Board on or before August 15, in store at public terminal elevators located at Port William or Port Arthur, and on production of the proper documents of title the Board will pay or cause to be paid the cash payment fixed by other regulations of the Board.

POSTMASTERS WANT BIGGER SALARIES

Shorter Hours Called For by Association Convention at Winnipeg

Winnipeg, July 14.—Shorter hours, increased salaries and time and a half pay for overtime were resolved upon as the coming year's objective by the Canadian Postmasters' Association at the concluding session of its convention here. The resolutions adopted include a request for participation in the civil service bonuses, and a demand that special consideration be given the pay basis of postal officials at Customs ports, and to officials on night staffs transferring mails from trains.

Affiliation of the Association with the Railway Postal Clerks, City Postal Clerk and Letter Carriers' Association was recommended. All of the officers were re-elected.

WIRELESS TELEPHONE IN JAPANESE NAVY

Tokio, July 14.—The Japanese navy has established a wireless telephone service between warships and aeroplanes on wing. According to the naval authorities, improved wireless telephone apparatus is now installed on board all the warships belonging to the First Squadron, and will be extended to all the other warships within the present year.

BY-ELECTIONS IN FIVE DISTRICTS

Contests For House of Commons May Shortly Number Six

Ottawa, July 14.—(Canadian Press)—With the advent of the new Government, preparations are likely to be made shortly for by-elections in five constituencies. Acceptance of offices in the Meighen administration by E. B. McCurdy and R. W. Wigmore entail by-elections in Colchester, N.S., and St. John City, N.B., respectively, and when the Government assumed office, there were already two vacancies in Ontario—one in East Elgin, due to the death of David Marshall, and the other in Peterboro West, due to the resignation of J. H. Burnham. In addition, the acceptance of the office of Parliamentary Librarian by Hon. Martin Burrell will entail his resignation as a member of the House.

There is a probability also of a sixth vacancy. Sir Herbert Ames, having taken the position of Financial Director of the League of Nations, is not likely long to retain his seat in the House.

Blondin Sworn In. Hon. P. E. Blondin this morning was sworn in as Postmaster-General. The position of Solicitor-General remains vacant. The Solicitor-General, as a general rule, is not a member of the Cabinet.

Mr. Wigmore. Montreal, July 14.—R. W. Wigmore, M.P. for St. John, N.B., was yesterday evening sworn in as Minister of Customs and Inland Revenue and member of the Privy Council, of the Governor-General on board the Governor-General's private car, the Cornwall, at Bonaventure Station. This unusual manner of swearing in a member of the Canadian Government was made necessary by the fact that Mr. Wigmore was summoned to Ottawa for a trip to the Maritime Provinces and possibly to Newfoundland.

KILLED BY FALL

San Francisco, July 14.—Fred Staub, San Francisco capitalist, fell from a twelfth-story window of his office building here yesterday, and was killed. He was fifty-three years old and was president of the Simplex Ice Machine Company.

BODY OF MAN IS FOUND IN THE SEA NEAR VANCOUVER

Vancouver, July 14.—The body of a man was recovered from the sea this morning near West Vancouver. It is thought that the remains may be those of the person who took a rowboat from Simpson's dock at the English Bay pier some days ago. The boat was afterwards found adrift in the bay and the occupant had disappeared.

Amber Found at Lake in Western Central Manitoba

The Pas, July 14.—With a gunny sack full of pure amber, Jack Murray, former editor of The Canadian Mining Journal, has returned from Cedar Lake, eighty miles southwest of here, where he reports a plentiful supply of amber is scattered about the sand and the muck of the borders of the lake. He states that a canoe could be filled with it in less than one hour.

The presence of amber at that place had been known for several years but until Murray examined it for New York and Toronto interests its value was unknown. Colonel J. B. Miller, of the Parry Sound Lumber Company, and Major Craig, of Toronto, left for the amber fields to-day.

HON. J. D. REID TO VISIT VICTORIA

Ottawa, July 14.—Hon. J. D. Reid, Minister of Railways, left last night for Prince Rupert, Vancouver and Victoria, to consult with Canadian National and Grand Trunk Pacific officials as to the best methods of linking up the Grand Trunk Pacific Canadian-National lines in the West. D. B. Hann will join the Minister at Winnipeg.

Dominion's Net Debt Is Stated at \$2,300,119,030

Ottawa, July 14.—The June statement of the Department of Finance, issued to-day and stating the net debt of Canada, after taking into consideration non-active assets, at \$2,300,119,030, bears the mark of important changes. For the first time, deduction is made for non-active assessments, such as loans to the Canadian National Railway, Grand Trunk and Grand Trunk Pacific Railways, and to this extent the net debt is increased.

Again, it has previously been the custom to lump practically all revenue from direct taxation under the heading of miscellaneous, and not to give separately the revenue from the business profits tax and the income tax, except in the budget speech following the close of the fiscal year. Now the revenue from the taxes is to be shown month by month.

Ordinary revenue during June totaled \$35,618,021, and ordinary expenditure \$40,546,717. In June, 1919, ordinary revenue was \$26,750,316, and ordinary expenditure \$9,042,299. During the three months of the present year ended June 30, ordinary revenue was \$99,525,097 and ordinary expenditure \$82,120,632. Excess of expenditure over revenue last month, as shown above, was due to heavy interest payments on Victory Bonds.

Table with columns: Revenue, June, 1920, June, 1919. Rows: Customs, Excise, Postoffice, Business profits tax, Income tax, Other revenue, Total.

Great Decrease. Expenditure on capital account during June was \$3,163,725, in comparison with a capital expenditure of \$4,432,571 last June. The heavy decrease was due to the fall in war expenditure.

REAL ESTATE MEN GO TO SPOKANE

Convention of Inter-State Real Estate Association To-morrow

Spokane, July 14.—Between 700 and 800 real estate dealers and their wives, from cities of Oregon, Washington, Montana, Idaho and British Columbia will be in Spokane to-morrow to attend the annual convention of the Inter-State Real Estate Association. A special train carrying about 125 delegates left Seattle this morning with men from Victoria, Gray's Harbor, Seattle, Everett, Bellingham and Bremerton. Another special train of Oregon delegates will leave Portland to-day. A big Idaho delegation also is coming on a special train.

A CONFEDERATION CELEBRATION IN MANITOBA

Winnipeg, July 14.—To-morrow July 15 will be the fiftieth anniversary of the entry of the Province of Manitoba into the Confederation of Canada, and the day is to be marked by the official opening of the new Parliament Buildings here by the Lieutenant-Governor, Sir James Aikens. The formal ceremony is to take place at 3 p.m., after which the Buildings will be open to the public.

Amber Found at Lake in Western Central Manitoba

The Pas, July 14.—With a gunny sack full of pure amber, Jack Murray, former editor of The Canadian Mining Journal, has returned from Cedar Lake, eighty miles southwest of here, where he reports a plentiful supply of amber is scattered about the sand and the muck of the borders of the lake. LITTLE BRAY BOY WAS BURNED TO DEATH IN WINNIPEG

Winnipeg, July 14.—Gordon Bray, three-year-old son of R. E. Bray, one of the leaders in last year's Winnipeg strike and now serving a jail term, was burned to death last night while playing with matches.

REGISTRATION DATE EXTENDED TO JULY 31

Delinquents Will Be Given Additional Time to Get on Lists. On account of representations from many sources and by reason of the fact that it is its desire to obtain as full a registration as possible, the Government has decided to extend the period in which all eligible voters may obtain admission to the new Provincial lists until the end of the present month.

This decision applies to all districts alike and in making the announcement this morning the Hon. J. D. MacLean, Minister of Education and Provincial Secretary, urges upon every qualified elector the desirability of his and her name appearing on the voters' list now being compiled.

In the case of Victoria, on and after to-morrow, the original date upon which it was proposed to close registration, the main office at 550 Yates Street will remain open; all suboffices will be closed. Reports reaching the Parliament Buildings indicate that registration in the outlying districts has been extremely slow and unless there is considerably more interest taken during the extended period it is feared that no rural elector will have been included in the new roll.

TORONTO STREET RAILWAY

Toronto, July 14.—The Toronto Railway Company has asked the city to permit the company to defer payment of the franchise fee until the taking over of the railway by the city September 1, 1921.

KOLAPORE CUP WON BY SOUTH AFRICA

Canadian Marksmen Came Second in Contest at Bisley Ranges. Bisley Camp, Eng., July 14.—(Canadian Associated Press)—South Africa won the Kolapore Cup. Canada was second and the Mother Country third.

MUCH DAMAGE DONE BY GREAT STORM

Wind and Rain Storm Visited Parts of Washington and Idaho. Spokane, July 14.—Farm buildings were demolished, orchards uprooted, wheat was washed away, several farm buildings of the Washington State College at Pullman were destroyed and other damage was done by a wind and rain storm in the Palouse section of Southeast Washington last evening, which for a time cut off communication and led to reports of fatalities at Moscow, Idaho and at Pullman. No lives were lost, however, although two men on the State College farm at Pullman were slightly injured.

EMPHASIS ON CONFERENCE

Edmonton, July 14.—Mrs. Nellie McClung has been appointed a delegate to the great Ecumenical Conference of Methodism in England next year. She is the first Canadian woman so honored.

EMPLOYMENT BUREAU FOR BOYS AND GIRLS

Winnipeg, July 14.—An innovation which will have a far-reaching effect on the future of the youth of Manitoba is being initiated by the Manitoba branch of the Dominion Employment Bureau in the proposed establishment of a special employment branch for boys and girls. This branch will get primarily as an advisory bureau in regard to training boys and girls for future employment and will also handle the actual placement of workers. Supervision of the juvenile workers in their occupations with a view to directing activities in the proper channels, also is advocated.

MORE FOR PROFESSORS

Toronto, July 14.—It is probable that the salaries of the staff of the University of Toronto will be increased by the Government, according to an intimation to-day from Hon. R. H. Grant, Minister of Education.

WIND AND RAIN STORM VISITED PARTS OF WASHINGTON AND IDAHO

Spokane, July 14.—Farm buildings were demolished, orchards uprooted, wheat was washed away, several farm buildings of the Washington State College at Pullman were destroyed and other damage was done by a wind and rain storm in the Palouse section of Southeast Washington last evening, which for a time cut off communication and led to reports of fatalities at Moscow, Idaho and at Pullman. No lives were lost, however, although two men on the State College farm at Pullman were slightly injured.

LOSS OF \$50,000

The poultry buildings, sheep, horse and bull barns at the Washington State College were destroyed, causing a loss estimated at \$50,000. A portion of the Northern Pacific Railroad tracks in front of the Pullman station were washed out, and on Union Flat, four miles west of Pullman, it is reported a wall of water ten feet high swept down the narrow valley, carrying everything in its path. Several families had narrow escapes from drowning.

PIONEER WINNIPEG CITIZEN SUCCUMBS

Winnipeg, July 14.—Robert Mulvey, a pioneer resident of this city, died yesterday, aged eighty-three. He served in the Northwest Rebellion under Col. Scott. He is survived by one brother, Frank, of Stonewall, Manitoba, aged ninety-nine years.

Toronto, July 14.—Commenting on the new Meighen cabinet, The Toronto Globe says: "Mr. Meighen made progress in the selection of a 'safety first cabinet.' It remarks that the two new Ministers with portfolios, Messrs. Wigmore and McCurdy, are Conservative additions. There is no place in the Government of to-day for any one who is devoted to the principles of Liberalism."

REORGANIZATION OF THE ONTARIO HYDRO COMMISSION URGED

Toronto, July 14.—Thirteen Liberal members of the Ontario Legislature attended a conference here to-day and approved of a statement by Hartley H. Dewar, Liberal Leader in Ontario last week to the effect that the Provincial Hydro-Electric Commission should be reorganized with five members, instead of three as at present, and that Hon. L. B. Lucas, formerly Attorney-General, should not be retained on the Hydro-Electric Commission.

Lloyd George Tells Germans the Allies' Attitude Not Bluff

Informers Teutons Allies Will Take Measures Against Germany Unless Latter Meets Terms Regarding Coal; Members of German Cabinet Hold a Meeting

Spa, July 14.—(Associated Press)—Premier Lloyd George received Dr. Walter Simons, the German Foreign Minister, at the former's request this afternoon and told him emphatically the Allies were not bluffing.

The Allies, Mr. Lloyd George declared, intended seriously to take measures for enforcement of execution of the Treaty of Versailles unless the Germans should meet the Allies' modified terms regarding coal.

Mr. Lloyd George's statements were made at an informal conference called as a result of the difference between the Allies and the Germans over the question of coal deliveries by Germany and the possibility of a break-up of the Allied-German conference here.

A conference was held later by Mr. Lloyd George and Premier Millerand of France.

BOLIVIAN NOW WANT ANTOFOGASTA

Republicans, Successful in Revolution, Want Chilean Port Handed Over

Buenos Ayres, July 14.—Dr. Jose Maria Escalier, chief of the Republican Party of Bolivia, which is reported to have overthrown the Guerrera Government, told the Associated Press to-day that he planned to return to Bolivia within a week, having received dispatches that the revolution had been successful in three of the principal Bolivian cities, La Paz, Oruro and Potosi. Dr. Escalier, who has been a resident here for several years, was the Presidential candidate of his party in 1917 and opposed Jose Gutierrez Guerrera, who has been ousted from control and imprisoned.

A Change. The revolution in Bolivia, if successful, seems likely to change the complexion of South American international politics.

Dr. Escalier explained the status of affairs relative to an outlet for Bolivia by declaring that while the Guerrera Government sought a Pacific outlet through Arica, the title to which is in dispute between Chile and Peru, the Republican Party claims the outlet should be through the Chilean port of Antofagasta. This was one of the ports that Bolivia lost to Chile in the war of 1880.

He asserted the new Government proposed to withdraw the claim for the Arica outlet, which was presented to the League of Nations and present, instead, a claim for Antofagasta.

MARRIED TO-DAY AT SIXTEEN YEARS

Philadelphia, July 14.—A sixteen-year-old boy and a sixteen-year-old girl were married here to-day at Mount Carmel Church. The youthful romance of Miss Mary La Gent, an orphan, and Matthew Brady, a chauffeur, began when they got into the habit of meeting after their respective schools were dismissed and strolling home together. This was five years ago. Brady proposed formally and was accepted by Miss La Gent, so the story goes, when they were eleven years old. Since then he says he has saved enough money to take the marriage step.

GERMAN HANGMEN GO ON STRIKE FOR INCREASED PAY

London, July 14.—The hangmen of Germany have gone on strike for increased wages, says a Berlin dispatch to the Exchange Telegraph Company to-day, quoting German newspapers.

At Meiningen, according to the dispatch, the execution of a murderer could not be carried out, as the Halle and Munich hangmen refused to work.

SAILORS' BRAVERY TO BE RECOGNIZED

Halifax, July 14.—The British Board of Trade has recommended that the crew of the oil tanker La Bianca, which was sunk by a German submarine off Halifax Harbor on August 5, 1918, be awarded a clasp for their encounter with the enemy undersea craft.

The crew of the La Bianca totaled thirty-four men, under Captain Thomas. Two of them were killed by the shell fire of the submarine and remainder brought to the city and later transported to their homes.

CANADIANS ARE GIVEN WAR HONORS

London, July 14.—(Canadian Associated Press)—The following Canadian awards have been gazetted: Distinguished Conduct Medal—Quartermaster-Sergeant F. A. McBride, for conspicuous services; Military Medal—Sergeant D. F. McDonald and Pte. E. G. Hicks, Meritorious Service Medal—Sapper A. C. Gullouch, for services in France and Flanders.

Dyke Breaks and Half of Nicomen Island Flooded

Nicomen Island, B.C., July 14.—Through the bursting of the old Gourlay dyke the western half of Nicomen Island has been flooded, occasioning a loss estimated as running well into six figures. Over 400 acres are under water.

The water broke over on the R. C. Boyes farm, and he lost everything he had. The flooded acreage is settled largely by returned men who have taken up land under the Dominion settlement scheme. There are twenty-two returned men, and of these over a dozen have been flooded out, putting the Dominion Government, according to local statements, to a loss of \$150,000.

CALL FOR TROOPS TO BE WITHDRAWN

But British Laborites Probably
Will Discuss Ireland at
Later Congress

London, July 14.—What is tantamount to a threat of direct action for the purpose of forcing the Government to call a truce and withdraw its troops from Ireland and institute an Irish Parliament was voted at the Trades Union Congress in London yesterday, when a resolution introduced by the Miners' Federation was adopted on a card vote by 2,700,000 against 1,500,000.

This vote followed previous rather confusing votes, but its effect, according to James Henry Thomas, general secretary of the National Union of Railwaymen, is that, should the Government ignore the railwaymen's resolution calling for a truce in Ireland and opening of an Irish Parliament, it will become the duty of the Congress committee to see that the miners' resolution is carried into effect.

It is believed, however, that before any ballot on this subject is taken another congress will be summoned to consider the miners' delegates were jubilant over their success in carrying the congress on a "down tools" policy by so large a majority.

Two Murders.
London, July 14.—A Dublin dispatch said a police motor was ambushed by an armed party last night between Cloughan and Dingle. Two constables were shot dead.

Guarded by Troops.
London, July 14.—A dispatch from Belfast said that Lifford, the scene of the County Donegal court of assize yesterday, was in possession of a military. Two Lewis guns were upon the roof of the court house, and when Justices Dodd and Kenney arrived to open the court, guns commanded the principal thoroughfares and soldiers occupied positions behind sandbags on the roof. A couple of detachments of the West Surrey Regiment were posted in the square in front of the court house, and other detachments were in the building, while the balconies were guarded by soldiers with fixed bayonets.

In an attempt to prevent the jurors from reaching Lifford, rails were torn up on the Burtonport extension of the Lough Swilly railway, and the telegraph wires were cut.

OTTAWA INCOME TAX TANGLE

Ottawa, July 14.—If the Ottawa Board of Control confirms the recommendation made by City Solicitor Proctor yesterday, Hon. Arthur Meighen, the newly-chosen Prime Minister of Canada, together with numerous prominent civil servants will be sued by the city for their income tax.

This case arises out of the refusal of civil servants to pay the 1920 civic income tax on the ground that under the former agreement between the Government and the city they were to be exempt from taxation for a period of ten years. The corporation claims this period expired last December while the civil servants declare they are not liable for taxation until 1921.

SPINNEY MEMBER OF MEIGHEN CABINET

Ottawa, July 14.—The first meeting of the newly-sworn-in Meighen Cabinet was held yesterday afternoon. Hon. E. K. Spinney, M.P. for Yarmouth and Clare, N.S., who was sworn in as a Minister without portfolio during the afternoon, was present, besides the following: Hon. Arthur Meighen, Prime Minister; Sir George Foster, Hon. J. A. Calder, Sir James Loughheed, Sir Henry Drayton, Hon. G. D. Robertson, Hon. Hugh Guthrie and Hon. F. E. McCurdy.

Present information here leads to the expectation at Liberal headquarters that when the necessary by-elections are held in the Maritime Provinces through the introduction of "new blood" into the Cabinet there will be Liberal candidates named to contest the seats opened.

LOANS TO U. S. RAILWAYS.

Washington, July 14.—New loans to railroads amounting to \$17,022,275 were approved yesterday by the Interstate Commerce Commission, making an aggregate of \$27,043,375 so far certified to the Secretary of the Treasury for payment out of the \$300,000,000 revolving fund provided by the Transportation Act.

SAYS OFFICIALS CAUSED FAILURE

W. Le Froy Speaks of Failure
of Canadian Industries Ex-
hibition in London.

Montreal, July 14.—Walter Le Froy, the proprietor and founder of the magazine "Canada," in London, Eng., who is at present in Montreal to take a ship for the Old Country, this morning took exception to a statement by Harrison Watson, Chief Commissioner of the exhibition in England, that the Canadian Industries Exhibition in London, as a venture, was "dogged by ill-fate."

"Rather should it be described as a venture stifled by official apathy," stated Mr. Le Froy.

Mr. Le Froy blames Government officials for the failure of the exhibition.

BIG FREIGHT RATE INCREASE COMING, DECLARES HANNA

Winnipeg, July 14.—D. B. Hanna, president of the Canadian National Railways, and party are here in the course of an annual tour of the West, during which occasion will be taken to discuss matters affecting the amalgamation of the C.N.R. and the G.T.P. During this trip through the West a number of conferences will be held with local officials and others on matters concerning the amalgamation. Mr. Hanna expects to make some definite announcement in two weeks on the course to be pursued.

Mr. Hanna stated that an increase in freight rates over and above the application for an increase now before the Board of Railway Commissioners would be sought by Canadian railways if the way is increased in accordance with the United States increases is granted. He could give no information as to the increase to be asked, but he stated that it would have to be a very substantial one to make both ends meet.

TARIFF COMMISSION TO BE NAMED SOON

Ottawa, July 14.—The naming of the Canadian Tariff Commission which will tour the country and reach its conclusions before Parliament assembles next winter was shortly expected, now that Premier Meighen has announced the personnel of his Cabinet.

Sir Henry Drayton, Minister of Finance, declines to be the chairman of the Commission, while the naming of Hon. R. W. Wignmore as Minister of Customs means that he will be one of its members.

Hon. J. A. Calder, Minister of Immigration, is practically certain to represent Western Canada on the Commission, when named, will be the third of its kind since 1896. The first was constituted in 1897, under the chairmanship of Hon. W. S. Fielding. It resulted in the tariff revision which included the introduction into the Canadian fiscal system of the principle of preferential tariff covering goods imported from Great Britain.

The second Cabinet inquiry commenced in 1906, under the chairmanship of Mr. Fielding, and led to the bringing down early in 1906 of what was described as the "three-barreled" tariff, because it made intermediate, general and preferential schedules.

FRENCH PRESIDENT IN POOR HEALTH

Paris, July 14.—President Deschanel's health, concerning which the newspapers were silent for a month, now is one of the main topics of Parisian conversation and comment in the press.

There is a divergence of opinion, some of the newspapers expressing the belief that the President, although in poor health, is on the road to a fairly early recovery, while other journals declare that his condition is such as to incapacitate him from discharging the duties of his office for some time to come.

Repeated reports that the President will resign and another President be elected are printed with expressions of regret, and with the names of high political figures who might be expected to succeed Deschanel.

Several Deputies who visited the President Sunday declared after seeing him that M. Deschanel looked emaciated and tired, but that a few weeks' rest would assure his recovery.

E. R. LEVINSON DIES IN WINNIPEG

Winnipeg, July 14.—E. R. Levinson, a well known Winnipeg lawyer and former crown prosecutor, died suddenly yesterday aged forty-one years.

Deceased, was born in Australia, was a nephew of General Monash, Commander-in-Chief of the Australian forces in France, and also a nephew of the present Chief Justice of Australia.

"Flu" Makes the Hair Come Out

Specialist Offers Simple Home
Recipe to Stop Loss of Hair
and Make It Grow Again.

People who had the "Flu" this past winter and who now find their hair falling out badly, will be interested in the suggestion of a well-known Hair Specialist who says: "Many people do not know how to make at home a recipe which, in my opinion, is unequalled for stopping loss of hair and making new hair grow out again thick, glossy and luxuriant."

You get from any druggist 8 oz. of Bay Rum, 1/2 oz. of Lavender (de Cologne) and one-half drachm of Menthol Crystals. Mix together and allow to stand over night before using. Rub thoroughly into the scalp with the finger tips or a stiff brush.

This prescription is perfectly harmless, acts quickly and neither dries out the hair nor makes it greasy. But ladies using it should be careful not to get it on the face or where hair is not desired.

SKIRMISHES NEAR PEKING REPORTED

Peking, July 13.—Efforts are still being made by new emissaries to persuade Wu Pei Fu and Tsoo Kun, the Anfu generals who rebelled because of the recent dismissal of Gen. Hsu Shu Chen, to obey the Government's mandate not to march in the direction of Peking.

The food supply in this city is receiving attention from the various foreign legations, in view of the stoppage of traffic between Peking and Hankow and the possible interruption of other railway lines. The authorities here have been asked to make known their minimum requirements.

Skirmishing between rival military forces near this city is reported, and troops commanded by Gen. Tuan Chih Jui are retiring toward Luilho.

Martial law has been proclaimed in Tsien Tsin. Admiral Albert Gleaves, commander of the United States Pacific squadron, is reported to have arrived there.

NO U.S. FARMERS' POLITICAL PARTY

Winnipeg, July 14.—The probability of farmers of the United States organizing for political purposes, such as is the case in different provinces in the Dominion, is very remote, according to J. R. Howard, of Chicago, President of the American Farm Bureau Federation.

"Farmers in the United States do not form more than one-quarter of the voting strength of the population, according to the last census, recently made public, and in my opinion it would be folly for us to organize politically, because we could not hope to control the balance of power," he said.

Mr. Howard was here yesterday with a delegation of United Farmers who are attending the session of the Canadian Council of Agriculture here.

ANAESTHETISTS FORM A SOCIETY

Montreal, July 14.—(Canadian Press)—A new Canadian Society of Anaesthetists has been formed and an effort is being made to hold the first meeting of the society in conjunction with that of the Clinical Congress of Surgeons in Montreal in October.

The officers of the new society are: President, Samuel Johnston, M.A., M.D., Toronto; Vice-President, William Webster, M.D., Winnipeg; Secretary-Treasurer, Wesley Bourne, M.D., Montreal; Executive Council, Charles H. Bastin, M.D., Vancouver; G. M. Geldart, M.D., Ottawa; W. B. Howch, M.D., Montreal; and Charles Ledocque, M.D., Montreal.

MAN KILLED IN CLASH IN ANTWERP

Antwerp, July 13.—Via London, July 14.—Crowds of Flemish paraded to-night in Antwerp in a demonstration against the action of the police Sunday in firing on persons celebrating the anniversary of the Battle of Spurs, of 1802.

One of the several Flemish who were wounded Sunday died to-day. He was heralded as the first Flemish martyr, on postcard photographs which were being sold.

The anniversary of the Battle of Spurs, in which the Flemish defeated the French at Courtrai, was observed as a holiday by those who comprise an independent Flemish party of Belgium.

POLES ARE USING BIG AEROPLANES

Warsaw, July 13.—Via London, July 14.—The members of the Kosciuszko aerial squadron are using bombing Gothas along the southern front against the forces of General Rudenny, the Bolshevik cavalry leader.

These Gothas, which recently arrived, are the largest aeroplanes in use on any front, and have proved particularly effective against cavalry.

EXTENSIVE HIGHWAY WORK IN ONTARIO

Toronto, July 14.—Within the next three months more than 2,000 persons will be employed on the 1,400 miles of the Ontario Provincial highway system. The work being done at present is largely of a preparatory character and after the harvest, when farmers will not be so busy as they are now, the work will be pushed.

HINDENBURG WAS ATTACKED IN HOUSE

Berlin, July 13.—Via London, July 14.—An unknown man broke into Field-Marshal Hindenburg's house to-day and fired at the Field-Marshal. The bullet missed its mark and the man escaped.

The Field-Marshal was alone at the time, and attempted to call a servant. The intruder grappled with the Field-Marshal, and during the struggle fired his revolver. The culprit then broke away and made his escape.

He is believed to be a member of a gang of burglars.

MAJORITY OF IRISH HATE TERRORISM

Want Ireland Kept Within
Empire, Says Sir Hamar
Greenwood

London, July 14.—(Canadian Associated Press)—The Canada Club held a dinner last night in honor of Sir Hamar Greenwood, Chief Secretary for Ireland.

Colonel Sir Campbell Stuart, deputy chairman, described Sir Hamar as the most important Canadian in the public service in the United Kingdom.

Sir Hamar Greenwood said that all political parties were agreed that Ireland should have some form of home rule, but were against an Irish Republic. A vast majority of the Irish people hated the terrorist campaign

and would welcome a settlement keeping Ireland within the Empire.

The guests included Sir George Perley, the Archbishop of Nova Scotia, the Bishop of Montreal and Col. Amery, Under-Secretary of State for the Colonies.

WHEAT FUTURES ON CHICAGO MARKET

Chicago, July 14.—Plans for the resumption of trading in wheat futures, commencing to-morrow morning, were announced to-day by the directors of the Board of Trade.

The probable opening price for December wheat varies from \$2.50 to \$2.75 in the opinion of traders. Deliveries will be quoted for December and March.

INDEPENDENT ELECTED.

Winnipeg, July 14.—A recount of votes cast in Glenwood constituency has cost Premier-Norris one supporter. The recount yesterday changed a majority of six for Breakey, Government candidate, into a majority of four for William Robson, Independent.

GOLD PRODUCTION OF WORLD DROPS

\$350,000,000 in 1919; This
Year Probably Will Show
Decrease

Washington, July 14.—Less gold was produced throughout the world last year than in 1918, and indications are that the 1920 output also will show a reduction, according to the Geological Survey, which on incomplete returns places the 1919 production at from \$345,000,000 to \$350,000,000.

The world production in 1918 was almost \$381,000,000, of which the United States produced \$58,285,196. Returns for the first six months of this year indicated that the United States production for 1920 probably will be less than \$50,000,000. The re-

GOPHERS KILLED IN SASKATCHEWAN

Regina, July 14.—Probably a million bushels of grain have been saved by the destroying of 2,000,000 gophers since the Spring opened by the school children of this province. In order to stimulate destruction of the animals, the Provincial Government offered prizes of Shetland ponies, sheep and pure-bred pigs to the school children with the biggest "kill." The first prize went to Elmer Oliver, of Colgate, who destroyed 11,171 animals.

MANY MENNONITES STAY IN MANITOBA

Winnipeg, July 14.—Comparatively few Manitoba Mennonites are expected to leave the province this Fall, according to R. Fletcher, Deputy Minister of Education, who states that he considers it unlikely that any large number will leave, even if the church orders an exodus. He estimates the number of Mennonites in Manitoba at over 20,000, but states that the total number of the orthodox group, known as the "old colony," do not number over 8,000 in both Manitoba and Saskatchewan. The small group, he says, comprises the ones who will be the most likely to move away.

NEW MODERATOR.

Vancouver, July 14.—Rev. J. R. Robertson, minister of St. David's Presbyterian Church, was elected Moderator of the Westminister Presbyterian yesterday in succession to Rev. A. Macaulay, whose six months' term of office expired this month. Rev. H. R. Grant, of Prince Rupert, was slated for the honor, but owing to his inability to be present at the meeting, was withdrawn as a candidate.

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written, and must be accompanied by the name and address of the writer, but not for publication unless the writer wishes. PROHIBITION COMMISSIONERS.

To the Editor:—Up to the present we have not considered it worth while taking up your space, or consuming our own time, in replying to any of the letters appearing in The Colonist or to the street rumors, casting veiled reflections and suspicion on the character of the work being done by the Provincial Election Commissioners, who have received their appointment on the recommendation of our association; nor do we consider it worth while doing so now, except in fairness to these men and women, all of whom are well known, respected citizens, and all of whom are doing this work without financial remuneration of any kind.

The people as a whole have been slow in registering, and many have shown indifference as to whether they were registered or not. In order to get the largest possible number of qualified electors registered, so that they would be in a position to vote on the forthcoming referendum, these people volunteered to act as Commissioners. They are all busy men and women, and, for the most part, this work has been done after the ordinary day's work was finished.

This work has been successful, inasmuch as they have turned in a large proportion of the total registrations to date. This work has been impartial, as in no case has there been the slightest discrimination shown, or hesitation in taking the application of any one qualified to register, regardless of his or her convictions on the prohibition issue. We have traced rumors to the contrary to their source, and in every case they have been unfounded or denied. The work of these Commissioners has been most conscientiously and carefully performed. For the truth of this statement, we can, with every confidence, refer to the Registrar of Voters for this district. Our applications have been in as good form as any, and much better than many. If there has been any crooked or irregular work done in connection with the registration of voters the public can rest assured it has not been done by our Commissioners. They are doing everything humanly possible to secure a full, correct, and impartial registration. The larger the vote, the larger the majority for our cause.

In the meantime we are not surprised at the tactics of the opponents of prohibition, in their present campaign of poison gas in the form of proven falsehoods, veiled suspicions and empty threats. Nor are the thinking public deceived. The interests which would mark holts with the names of our heroic dead, who fell in freedom's cause, are capable of anything. However, one must pity a cause so barren of merit, that it must resort to such methods.

R. M. THOMSON,
Secretary People's Prohibition
Movement Victoria and District.

MR. MCKIE REPLIES.

To the Editor:—In reply to the letter in your paper this evening which is signed by Mr. Moody and Mr. Seymour Greene, I wish to make the following reply:

Items Nos. 1 and 2 are quite superfluous, as I corrected these statements without delay, in my letter to The Colonist published in Sunday's issue.

The statement that "the representative of James Bay Parents' Committee approved the scheme when brought up at the executive meeting" is not correct, as he was not present at that meeting.

As regards item No. 3, my letter was not intended to convey an erroneous impression, and in fact the baseball game was quite a side issue. The chief point in my letter was that prominent men of this city had called together 1,200 boys, got them to sing patriotic songs, told them that "though they were boys to-day, they were the men of to-morrow and the soldiers of the future," to enable them to become good citizens.

A big Summer camp would be organized and many other things done to make their lives happier.

I still contend that it is a very bad precedent for the boy of to-day who is the man of to-morrow, to promise him something, and then do nothing towards fulfilling that promise. In conclusion, if my letter has been thought to be discourteous to the ladies and gentlemen who are assisting the Scout movement, then I very heartily apologise.

The impression given in Messrs. Moody and Greene's letter is certainly not what my letter was meant to convey.

E. P. MCKIE,
331 Phoenix Place, Victoria, July 13, 1920.

THE MEIGHEN CABINET.

Apart from the appointment of two new Ministers the Hon. Arthur Meighen has left undisturbed the Cabinet bequeathed to him by Sir Robert Borden, and even those changes were dictated by the determination of Mr. Rowell and Mr. Burrell to retire. The two Ministerial recruits are the Hon. F. B. McCurdy, who will administer the Department of Public Works, and Hon. R. W. Wignmore, who will have charge of the Department of Inland Revenue. Both are from the Maritime Provinces which the retirement of Sir Robert Borden and Hon. A. K. MacLean left without Cabinet representation. Hon. F. B. McCurdy was formerly Parliamentary Secretary of the Department of Soldiers' Civil Re-establishment, but resigned in disgust over what he described as the indifference of the Government, almost the same Government, by the way, as that of which he now is a member. The retirement of Mr. Rowell and Mr. Burrell necessarily involves a slight readjustment of the offices, including the assumption by the Hon. James Calder, Minister of Immigration and Colonization, of the duties of President of the Council, formerly discharged by Mr. Rowell.

The announcement of the Meighen Cabinet is also a tacit assurance that there will be no Dominion election this year, and that the new Prime Minister intends to worry on with Sir Robert's Ministerial impedimenta as long as he possibly can. The object of the curtain shifters at Ottawa evidently has been to dodge the necessity of bye-elections in connection with the Cabinet shuffle as far as possible, and it is not hard to picture the efforts that were made to induce Mr. Rowell and Mr. Burrell to reconsider their decision to retire. If they had done so we would have beheld a perfect exhibition of the double shuffle, that is to say, a Cabinet readjustment without a reference to the electors in a single instance.

Whether the acceptance of the Borden Cabinet almost intact was one of the conditions under which Mr. Meighen succeeded to the Premiership, or whether he took over the whole Ministry of his predecessor because he dared not do anything else, only those behind the scenes know. Mr. Meighen surely must desire some further representation from Quebec, the only members of his Government from that Province now being the Hon. C. J. Doherty, Minister of Justice, and Senator Blondin, Postmaster-General. He knows he is fatally handicapped as long as he fails to break into the solid block of Quebec members who sit behind Mr. Mackenzie King, but at present there could be nothing so hopeless as an attempt of the Government to carry a bye-election in the old Province.

No doubt, Mr. Meighen will endeavor to reorganize his Cabinet before he challenges the opinion of the country, but this will not be before at least one session of Parliament and possibly not before two. The elaborate, if nebulous, platform of the National Liberal and Conservative Party, which was announced a few days ago, appears to have been so much wasted energy, since it is obvious that the policy of the Meighen Government will be precisely the policy of the Borden Government.

EXTREMISTS WIN TEMPORARY.

By a vote of 2,700,000 against 1,800,000 the special Trades Union Congress held in London yesterday went on record in favor of a resolution submitted by the Miners' Federation demanding the withdrawal of troops from Ireland and the institution of an Irish Parliament. The immediate possibility as a result of this decision is a policy of direct action by the consolidated forces of Labor in Britain with the object of compelling the Government to capitulate and do the bidding of the Congress. But before a strike ballot is taken it is suggested that another special Congress will be called at which the matter will again be discussed and further counsel taken.

Yesterday's gathering was expected to provide a test of strength between the followers of James Henry Thomas and the men in the ranks of the Miners' Federation who subscribe to the doctrines of Robert Smillie and others who are seeking to emulate their "comrades" in Russia. For the moment the extremists appear to have won, although the prospect of a further discussion suggests that the more sober-minded element has been sufficiently alert to appraise the consequences to Labor as a whole, and particularly to its aspirations to government, if the long-deferred threat of direct action were translated into application.

Obviously the terms of the resolution passed yesterday are in open defiance of the Government and of such a drastic character as to invite immediate rejection, let the result be what it may. Once the administration permits its constitutional functions to be dictated by a minority law and order become a plastic quantity in the hands of those who are suffering from radicalism. Nevertheless, if the Government ignores the resolution—which it must do—the Congress has no alternative but to carry it into effect as far as it is possible. Then the conflict would be one between public opinion, behind the resources of the state, and Labor, whose future influence upon the people would be determined by the extent to which it attempts to enforce the mandate of the miners.

RAINBOW TO BE SOLD.

It is a pity that the Dominion Government cannot be persuaded to turn over the old cruiser Rainbow for the use of the Boys' Naval Brigade as a training ship. In the meantime there is a possibility of its disposal as junk after the machinery has been dismantled. Canada's merchant marine of necessity must depend upon her ability to provide the men with which to man the national fleet. Ships always can be built in a few months; but it takes a good deal longer to turn out the seaman. Little expense need be involved in the maintenance of the Rainbow for the coming mariners. She would be stationary and her adoption for training purposes would make possible a considerable extension of the Boys' Naval Brigade movement to which this country must look for her sailors in the future.

POLAND'S DILEMMA.

While it is true that the first experiment of Bolshevism in Western Europe was a failure its definite appearance on the Rhine during the early part of the year proved how imminent was the danger of a complete collapse of civilization throughout Central Europe as long as the contributing agencies of disorder were not subjected to a sufficiently forcible check. Fighting between the revolutionary forces and the German Government troops actually did take place near Wesel and Duisburg; but the difficulty of obtaining supplies quickly brought the Bolshevik outbreak to an end. No such contingency appears to be facing the Bolshevik armies now advancing upon Poland over of seven hundred and fifty mile front. On the contrary the Soviet forces have attached all the modern appurtenances of war which had been supplied in large measure by the Allies to Denikin and Kolchak, with the result that unless the Moscow Government can be induced to agree to the Allied request for an immediate armistice between Poland and Russia the territory of the former state may once more undergo all the hideous tragedy of war.

The danger of such an advance of militant Bolshevism lies in the opportunity that would fall to defeated Germany, many of whose more adventurous military "out-of-workers" would be recruited by the victorious Soviet armies, whose momentum very naturally would increase by the added moral and material support. This is the chief consideration which undoubtedly is actuating the Allied delegates at Spa in their desire to intervene before the inevitable overthrow of the state which at present serves as a buffer between what is left of Central European civilization and Bolshevism.

The best that can be said of conditions as they appear to-day, therefore, is that Bolshevism has been prevented from spreading throughout Germany for the time being, and that the apparently victorious armies of Lenin and Trotsky have arrived at the threshold of a man's land only to be confronted with an invitation from the Allies to call off their immediate hope of conquest.

NOTE AND COMMENT

"Our watchword should be: 'We want industries,'" exclaimed Reeve Lockley at last night's meeting of the Esquimalt Council. May the neighboring township get what it wants.

Eight million bottles of Mumm's champagne are to be auctioned in Paris shortly. As a news item this merely bubbles with interest to Victorians and British Columbians generally.

It is announced from an authoritative source that the new Premier of Canada will favor the return of the natural resources to the Prairie Provinces. May he take into consideration the question of British Columbia's railway belt and the Peace River block while he has the subject in mind.

Meighen is pronounced Me'en, the letter G having a place in the name for ornamental purposes only. Indeed, the new Prime Minister carries several letters in his name that could be dispensed with.

Notwithstanding the betting odds there appears to be more confidence in the camp of Shamrock IV, this time than there has been over the prospects of any of the challenger's predecessors.

Including the Premier there are sixteen people in the Dominion Cabinet. This ought to be enough to run the affairs of the country, yet we are informed additions to the list are contemplated. Too many cooks can spoil the broth at Ottawa as readily as they can do it anywhere else.

OTHER NEWSPAPERS' VIEWS

A MONARCH IN THE AIR.

(From The London Times.) The King and Queen of the Belgians, after staying but a few days for the Curzon wedding, have flown back again to their own country. This is the fourth time they have come to England by aeroplane. One of the results is that England, which would cheer no hero of the war more heartily than King Albert, has never had a proper chance of welcoming him. The nearest approach to it was when, about a year ago, he attended the concert in Belgium's honor at the Albert Hall. His journey was rapid and not sufficiently public. But what a cheer the audience gave him!

FOUR WAYS TO LOWER PRICES.

(From The London Daily News.) The way to lower prices is clear, but it is neither short nor easy. We must improve our American exchange by increased production of all imports. We must insist on the opening up of unfettered trade relations with Russia. We must help Germany to put her house economically in order, not merely to enable her to make indemnity payments, but so that she may assist the production of the world instead of simply swelling the consumption. There is little doubt that we must do the same for Russia, though Russia, when artificial barriers are removed, will be found far more capable of self-support than is realized. The result, in time, would be a substantial drop in prices.

CAPT. J. M. HOWELL

WELL KNOWN HERE

Washington's Secretary of State Was Frequent Visitor

Tacoma, July 12.—Capt. J. M. Howell, Secretary of State of Washington since 1905, died here shortly after noon. He was a well known in Victoria as a visitor in connection with publicity matters, particularly the business of the Pacific Northwest Tourist Association, of which he was the official Washington State representative. He was born in Iowa in 1864. He leaves a widow and a son.

The funeral will be held at Olympia, under the auspices of state officials and the Elks' lodge. Before his appointment to the office of secretary of state, in 1905, to fill the unexpired term of the late Sam H. Nichols, resigned, Capt. J. M. Howell had been a prominent factor in the Republican politics of Pierce County. With his parents, he had resided in Tacoma since 1877. He attended the Oregon State Normal School at Monmouth, returning to Tacoma, after having been graduated, he engaged in the real estate business with his father. He received his first important political appointment from James H. Davis, in 1901, when Mr. Davis, having been elected auditor of Pierce County, named Howell as his deputy. Four years later Howell succeeded Davis in that office, was re-elected, and at the expiration of his second term, he was elected to the legislature and formed a partnership in real estate and insurance with Davis, who had, in the meantime, served as a member of the state board of control. In 1908, Captain Howell was an unsuccessful candidate against Secretary of State Nichols for the Republican nomination, but succeeded Nichols a year later under appointment from Governor M. E. Hay. He was elected to the position in 1912, and re-elected in 1916, always serving as a straight Republican and, as such, casting his political lot with the regulars in 1912 when the progressive movement, or third party, swept the country.

He was a member of the Tacoma Club, the first military organization in Washington, of for many years was prominent in the national guard, in which he rose to captaincy. WRITERS' VIEWS ON MEIGHEN CABINET

(Continued from page 1.) the treasury benches, and they have no intention of obliging their office chairs just to oblige the new Prime Minister. No doubt Mr. Meighen would be glad enough to part with most of them, but he cannot expect to start a civil war in the coalition by telling them to get out.

Vancouver Sun. Vancouver, July 14.—"Disappointment will be felt throughout Canada and especially in British Columbia, at the new Cabinet appointed by Hon. Arthur Meighen," says The Sun. "The Premier has missed his opportunity to rejuvenate the Government and start it upon a fresh and vigorous career." "The difficulty with which the administration is afflicted has not been eliminated." "The Government is no worse than it was, but the promise of improvement implied in the selection of an energetic young leader has not been fulfilled."

Vancouver Province. Vancouver, July 14.—Dealing with the Meighen Ministry, The Vancouver Province says that it is the Borden coalition which is the Premier, three retired members of the Cabinet replaced, and a little shifting of portfolios. After pointing out that nine of the new Ministers have been active Conservatives, five active Liberals and three non-political. The Province gives a sketch of the new Ministers, and adds: "While the Meighen Ministry, like its predecessor, contains only one French-Canadian, and that one not in the Commons, it can not be considered fully representative. Yet if the Premier and his colleagues shall now energetically and courageously go about the tasks that have been waiting for them they will be able to justify the administration to the people of Canada."

Vancouver World. The World says: "If the personnel of the new Meighen cabinet is to remain as announced last night, Mr. Meighen's efforts will provoke little enthusiasm. The three new Ministers are men of average, rather than outstanding ability, who will scarcely compensate for the loss of Borden, Rowell and Burrell." "It is fair to presume, however, that this does not represent the Prime Minister's final effort in that direction."

Toronto World. Toronto, July 14.—The Toronto World, referring to the necessity for two by-elections in the maritime provinces following the creation of the Meighen Cabinet, remarks that "Mr. McCurdy is a keen politician and has probably looked over the ground before accepting a Cabinet position. Mr. Wignmore, we are told, is practically assured of an acclamation."

The World remarks that Mr. Rowell has retired "perhaps later to become leader of the Opposition."

Mail and Empire. The Toronto Mail and Empire says that legislation necessary to reconstruction is now on the statute books and the new Government will be occupied chiefly in carrying it out. "The lines for the administration of the Dominion have been drawn," it concludes, "and it will be the business of the Government to fill out the plan with the performance on a grand scale."

Montreal Gazette. Montreal, July 14.—Commenting on the new Federal Cabinet, and while seeing no reason for surprise or for disappointment, The Montreal Gazette calls for action. It says: "The new Government must show action. The aloofness from the electorate of recent years can not continue if victory is to be gained when the appeal to the electors comes." Edmonton Journal. Edmonton, July 14.—The Edmon-

ton Journal, dealing with the new Cabinet formed at Ottawa, says: "There has been little opportunity of judging the qualities of the new maritime ministers, but Sir James Lougheed's long residence in the West, which dates back to 1882 when he began the practice of law at Calgary, and his extended parliamentary and administrative experience, should enable him to step easily into the duties of his very onerous post."

MUCH DAMAGE DONE BY GREAT STORM

(Continued from page 1.) stroyed, reports said, adding that boulders and gravel were deposited several feet deep on some of the best land. Pullman's lighting system was out of commission for several hours. Lewiston, Idaho, also was in the path of the storm, as was Winona, where four houses were washed away. Trouble at the Asotin Creek power plant put the lighting system of Lewiston out of commission. A train was stalled by the rush of water.

In Spokane. Rushing water which overtaxed the sewers caused overflows into basements of numerous business houses in Spokane, causing losses to stocks which have not yet been estimated. Telephone lines throughout the city were put out of commission by the lightning, which also burned out the lights in hundreds of residences.

Local Faniers Suffer. At the Washington State College, which is reported to have suffered severe damage from the storm, was being carried on an extensive egg-laying contest. This contest was known as the All Northwest Egg-Laying Competition, and there were a number of birds from Vancouver Island and the Lower Mainland in the poultry buildings. Under these circumstances it is expected that local fanciers will be severely sufferers.

Paris at 3.30 o'clock this morning, and with the entire French delegation called on Premier Millerand to present their respects on the occasion of the French national holiday. Later the delegates held a consultation before going to the conference.

German Scheme. Konstantin Fehrenbach, German Chancellor and head of Germany's delegation here, and Dr. Simons, German Foreign Minister, suggested to the Allied Governments that they send a commission composed of Ministers and experts to meet working men and their representatives for the purpose of talking over the urgency of increasing coal production. The proposal was made yesterday afternoon, but the Premiers have not replied as yet. Dr. Simons explained to them his idea was this could be done immediately and the work of the commission completed quickly, not taking more than three or four days. The Allied Ministers, however, do not appear disposed to enter into direct negotiations with the German mining unions.

No Yielding. No disposition was shown by Chancellor Fehrenbach and Dr. Simons this morning to yield to the Allies on the question of coal deliveries. "The German delegation regrets that the conference may be dissolved without further agreement," said Dr. Simons to the correspondents, "but we have done as much as we could and await the action of the Allies." The Allied Ministers appear equally firm in their decision that Germany shall deliver 2,000,000 tons of coal monthly.

KOLAPORE CUP WON BY SOUTH AFRICA

(Continued from page 1.) Africa, India and Canada are represented. Australia's absence is probably explained by the fact that her leading marksmen are remaining at home for the Imperial Challenge Cup gathering. The Canadian team is as follows: Major Utton, Toronto; Major Richardson, Victoria; Major Northover, Winnipeg; Captain Crowe, Guelph; King's Prince, last year's champion; Captain Vincent, Hamilton; Lieut. Nix, Winnipeg; Sergeant Hawkins, Toronto, and Private Edwards, Toronto.

Sweepstakes Winners. Additional sweepstakes winners are: Captain Martin, Calgary; Major Utton, Toronto; Major Richardson, Victoria, and Sergeant Bova, Montreal. In the Duke of Cambridge Prize, Lieut. Doyle was awarded judgment of \$1,000 and the custody of the mule, and Morris was ordered to pay the costs of the suit as well as the \$1,000. Just as judgment was entered the mule dropped dead.

Chicago, July 14.—Six months before Dr. Harry J. Helseiden, a physician, died in Havana, he gave his friend, E. W. Wagner, a broker, \$5,000 to buy 200 bales of cotton. The cotton was bought at fifteen cents a pound. Once Helseiden was told he had a big profit. His reply was to buy more. When he died his estate was valued at \$25,000. Later, by an order of court, Mr. Wagner closed the cotton deal at a profit of \$170,000.

TRADES CONGRESS

TO MEET IN EAST

Important Questions to Be Considered by Big Labor Conference

The thirty-sixth annual session of the Trades and Labor Congress of Canada will convene in the Armouries Building, City of Windsor, beginning at 10 o'clock Monday, September 13 according to information received here to-day from the heads of the Congress.

Windsor with the surrounding municipalities of Walkerville, Ford City, Sandwich, Ojibway, and other points is fast becoming one of the most important industrial centres in the Dominion and there is great expectation that the record attendance of 324 delegates established at Hamilton last year will be exceeded.

The participation of Canada in the League of Nations has brought Canadian workers to closer touch with the world's labor movement and the international aspect of many labor problems.

Each year brings new problems and as the decisions reached affect not only the lives of the workers affiliated to the trades union movement but to the entire social fabric of the community, local unions and affiliated bodies are called upon to select men and women as delegates who have the broadest vision and coolest judgment.

The aggressive action of those workers who would destroy the international trades union movement still continues; the rapid growth of mergers and huge trusts controlling the industries of this country cannot safely be ignored; profiteering is still rampant and the benefits of wage increases are generally discounted before they have been received; inequalities in social life become daily more apparent; inordinate wealth flagrantly displays itself ostentatiously before the eyes of the great mass of workers yet struggling for a reasonable standard of living; unemployment still exists and production is curtailed by those who own and control the machinery of same; freedom of speech and press is yet far from being an accomplished fact; immigration and similar problems loom up with ever greater significance, and without attempting to define more fully all the matters that the delegates will be called upon to consider sufficient is above outlined to emphasize the importance of local unions and affiliated bodies choosing from their ranks members who are thoroughly representative, in order that the conclusions reached may reflect the matured and reasoned judgment of the organized workers of this Dominion on these important problems.

Women workers are growing in number from year to year, and problems affecting their employment are of paramount importance. Unions which include women workers are requested to bear this fact in mind when electing their delegates.

JOHN H. PACKER, well-known electrical engineer, of Liberty, Mo., who says that to look at him to-day no one would ever take him to be the same man he was before Tanlac restored his health. Has gained forty-four pounds.

"For two years previous to the time I began taking Tanlac, I lived principally on a raw-egg diet. During this time I was laid up in the hospital for five months and practically no hope was held out for my recovery. I don't suppose any man had a worse case of stomach trouble than I did, in fact they said I could not live."

"Tanlac did not seem to help me much at first, and I had almost made up my mind to give it up, but if I had given it up it would have been the mistake of my life. I stuck to it for a fair test and am thankful that I did for after finishing my fourth bottle my appetite was better and I noticed myself improving."

"This encouraged me to keep on taking it and in two months I was able to eat a good square meal and digest it as good as anybody. Then it wasn't long until I got so I could go back to my work and the time I had finished my last bottle, I found I had actually gained forty-four pounds in weight."

"To look at me to-day no one would ever take me to be the same man I was when I began taking Tanlac."

The above remarkable statement was made recently by John H. Packer, well-known electrical engineer of Liberty, Missouri.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Magistrate—"Can't this case be settled out of Court?" Mulligan—"Sure, sure, that's what we were trying to do, your Honor, when the police interfered."

Local News

Local Knights of Columbus and their lady friends held an enjoyable cabaret at the Criterion last night, the spacious hall being filled to capacity with the merry-makers. In the intervals between dancing to the strains furnished by the Criterion orchestra an enjoyable musical programme was given to which songs were contributed by Miss Mamie Fraser, Mrs. Chas. E. Wilson and D. C. Hughes, Tom Obee, who cleverly impersonated a "coster" while Claude Johnson, of Portland, Ore., and his one-string violin prove one of the most popular turns. Mrs. A. J. Gibson ably officiated as accompanist for the vocal numbers. The gaiety was kept up till a late hour, and the affair was unanimously voted a huge success.

Mrs. J. E. Starr, of Toronto, and her daughter, are staying for a few weeks at the James Bay Hotel. Mrs. Starr's husband, the late Rev. J. E. Starr was formerly a resident of this city, and prior to his death was judge of the Juvenile Court, Toronto.

Mr. and Mrs. E. Sholto Douglas, who have been visiting relatives in Victoria for the past three months, have left for Vancouver en route for their home at Hexhill, England. They are accompanied by Miss E. K. Douglas of Victoria.

Among the guests registering at Brentwood Hotel on Monday were: Mr. and Mrs. R. W. Chadney, of Vancouver; Mrs. Murray, of Vancouver; Mrs. R. C. Farrow, Vancouver; Mrs. C. H. Farrow, Vancouver.

Many visitors from the prairies are in Victoria at present, and among these at the Dominion Hotel are Wm. Sharp and Mrs. Sharp, of LeCombe, Alt., and W. F. Fitch and son of Virden, Man.

Mrs. Audrey Grieve, of Penticton, with her daughter, is visiting her parents, Rev. B. H. and Mrs. West, on Harbinger Avenue. They expect to be in the city for two weeks.

Dr. P. M. Campbell, Mrs. Campbell and Miss Campbell, from Lethbridge, Alberta, are visitors to the city and are registered at the Strathcona Hotel.

Mr. and Mrs. J. H. Walton, of Portland, Oregon, and Mr. R. S. Wright, from Salt Lake City, are staying at the Strathcona Hotel.

Registered at the Empress Hotel are Mr. and Mrs. F. Armstrong, of Akito, New Zealand, Misses N. and F. Armstrong, and Miss Speed.

Mrs. Roderick McKenzie of this city is visiting in Vancouver, the guest of Mrs. Alex. McKenzie, Eighteenth Avenue West.

L. E. Drake and family, of Fort Clements, are visiting Victoria and making the Dominion Hotel their headquarters.

Miss Helen McLand came over from Vancouver on Monday on a three weeks' visit to Mrs. Duncan McKenzie.

John Mitchell and Charles Johnston, of the Parker Island Fisheries, are registered at the Strathcona Hotel.

Mr. and Mrs. R. Glendinning are down from Duncan and are guests at the Strathcona Hotel.

G. S. Hopkins and Mrs. Hopkins are in from Sooke, and are guests at the Dominion Hotel.

Mr. and Mrs. William F. Walker,

of Cleveland, Ohio, are registered at the Empress Hotel.

Mr. and Mrs. Zela are down from Westholme, and are staying at the Dominion Hotel.

Lieut. G. A. Maude, of Mayne Island, is a guest at the Dominion Hotel.

Dr. and Mrs. W. Strong, of Philadelphia, are staying at the Empress Hotel.

R. W. Thomson, divisional mining engineer, is in the city from Kamloops.

General McRae is expected to be in the city from Vancouver to-morrow.

H. L. Roberts, of Vancouver, is a guest at the Empress Hotel.

W. H. Smith, of Vernon, is a guest at the Empress Hotel.

NEW CONSTITUTION FOR WOMEN'S PRESS CLUB

Amendments to the constitution of the Canadian Women's Press Club drafted some time ago by the Victoria branch and now endorsed by the Calgary branch, will make the club a purely professional one. The elimination of all but active writers, bona fide journalists and press artists from the membership of the club is aimed at in the new amendments, and provisions are also made for the appointment of a representative and efficient executive.

Under the amendment active probationary membership may be given paid writers employed for not less than six months on a newspaper, and that within one year satisfactory probationers may be admitted to full membership. Women authors whose works (not published at their own expense) have been within twelve months of membership application issued by a reputable publisher; women editors who have for twelve months owned or managed their own publications and are still doing so; women writers who have had at least six articles of four short stories accepted and paid for at regular rates by recognized publications within

two years of date of application (not including articles of wholly technical import); artists in black and white (not commercial artists only) so established for at least one year; and verse writers with six poems published and paid for by standard publications within two years.

Additional amendments have also been suggested by the Calgary and Vancouver branches and the complete draft of the amended constitution will be submitted for approval at the triennial meeting in October at Montreal.

The Canadian Women's Press Club, having had no triennial meeting since before the war, will have much business to transact at the forthcoming meeting.

The powers of the Dominion Executive to protect or discipline members are outlined in the proposed constitution. The powers of association members, without power to vote or hold office those who have done no active professional work for a stated period. Failure to pay fee within a stated period after it falls due, it is proposed, shall automatically cancel membership.

Ratification of membership in the C.W.P.C. is according to the amendments to be placed in the hands of the Dominion executive, instead of those of the triennial meeting.

Where a local branch has been established it is provided that application for membership in the C.W.P.C. be made through the local branch, which shall have the right to recommend or advise against such applicant.

DIETARY VALUE OF THE PINEAPPLE

We have all of us heard of the health-giving qualities that pineapple are supposed to possess. The juice of the pineapple actually contains valuable ferments — ferments that help to carry on digestion, and, as an authority points out, pineapple juice begins to help digestion as soon as it reaches the stomach. Sour milk, which also contains valuable ferments, is in itself rather difficult of digestion, and must dispose of its own mass of fats and proteins before it begins to digest other things. But pineapple juice is ready to begin its helpful work the moment it enters the stomach.

Pineapple juice is a delicious beverage for Summer. It is not difficult to prepare. The juice separates readily from the fibre, especially when sugar is added to it, and should be chilled thoroughly, and it should, of course, be taken from thoroughly ripe pineapples.

Pineapple cut into cubes or shredded with a silver fork and served very cold, slightly sweetened, with almost any other fruit, forms a delicious dessert. With whole sweet strawberries, with halved red cherries, with oranges and grapefruit cut into dice, with sliced bananas, with dried peaches—with all this it is tempting. Such a dessert should be served in regular glasses, and served in dessert glasses, very cold. A little finely shaved ice may be added to make it more tempting.

Pineapple water is a cooling dessert for a very hot day. This can be made from canned as well as fresh pineapple. Like any other water-ice, it is very little tax on the digestion, or a cup of sugar and two cups of water. Simmer until very soft and then press through a vegetable press. Strain, measure and return to the fire, with a pound of sugar for each pint of juice. Cook until the sugar is all dissolved and bottle while hot. Cover the corks with sealing wax.

Pineapple syrup can be added to any fruit punch. A delicious beverage can be made with pineapple and strawberry syrup diluted with very cold charged water, poured over shaved ice. Orange juice and pineapple with sliced cherries and ice are good together, and pineapple syrup added to lemonade is also refreshing. Mixed with cold tea, imported ginger ale and a little melted grape or currant or crabapple jelly it forms another sparkling drink.

CHAPTER WORKS FOR EX-SOLDIERS' BABIES

Sailing of First Contingent to Be Commemorated on August 26

As in the past five years, the Lady Douglas Chapter, I.O.G.E., will this year commemorate the departure of the first contingent from Victoria on August 26, 1914, with the sale of sprigs of heather. Preliminary plans for the celebration of "Heather Day" were made at yesterday's meeting of the Chapter. The general offer has gone forth from the City Council forbidding the holding of tag days, it was decided that the little souvenirs should be sold in the leading stores of the city on August 26.

Mrs. Willis Dean, first vice-regent, was made general convener for the arrangements. The general offer of George Fraser, of Uclulet, to send sufficient purple and white heather for the occasion was gratefully accepted.

Mrs. Brown, convener of the Soldiers' Comforts Committee, reported having sent three parcels of clothing, two layettes and two packages of supplementary clothes to the families of soldier settlers who were in need. At the conclusion of her report, Mrs. Brown pointed out that the work of the committee, in no way encroached on that of any other organization as parcels were only sent to settlers in the outlying districts. On the motion of Mrs. A. N. Mout, the committee was granted a further donation of \$50 to continue its good work. A special vote of thanks was passed to Mrs. Gill for knitting baby wear for this work.

The regent, Mrs. R. B. McMicking, reported having attended the inspection of the cadets at the Sir Charles Douglas School and paid tribute to the smartness and efficiency of the troop.

Mrs. Worlock, in her report of the Municipal Chapter meeting drew attention to the memorial service to be held in Ross Bay Cemetery on Sunday, August 1. She also appealed for magazines and periodicals for the patients in Craigdarroch Hospital.

The Chapter gratefully accepted the invitation of Mrs. George G. Bushby to hold a bridge tea at her home in September.

A special vote of thanks was entered Mrs. Scriven, Mrs. Rolston and Mrs. Pearce, who presided at Terry's on Alexandra Rose Day, and to Mrs. Dunn, who was stationed at the Market, a standing vote of thanks being accorded to Mrs. H. A. Whillans, who was the Chapter's convener for the day.

HOLD GARDEN PARTY

Young People of Church Enjoy Pleasant Affair in Victoria West.

A most delightful garden party was held in the grounds of the home of Mr. and Mrs. G. N. Newell, 410 Craigflower Road, last night, for the members of the Young People's Society of the Wesleyan Methodist Church, of Victoria West. More than 150 enjoyed the affair, the setting for which was made beautiful by the fairy-like lighting effects in the garden.

President Harvard, of the Society, presided over a pleasant programme of music and song, among those taking part being members of the Metropolitan Choir, including Mrs. D. Knight, Mrs. Lewtas and Mr. and Mrs. Williams. Miss B. McDonald and Miss Purdy each contributed most enjoyable numbers, while L. A. Young played a cornet solo.

Refreshments were served by a committee under A. W. Stokes. The gathering is one of a series planned by the Society for the Summer months.

Rich Fruit Desserts For a Trifle

A package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jelly. It is a real-fruit dainty. Each package contains a wealth of fruit-juice essence, condensed and sealed in glass.

No artificial flavor is used in Jiffy-Jell. No saccharine is used. Every housewife who once tries it will always make sure to get it. For this is the only quick gelatine dessert which has these bottled fruit flavors. Your choice of ten flavors—try it.

In Jiffy-Jell you get the delicious fruity flavor and goodness of the fruit itself.

WILL TRY TO END INTER-MUNICIPAL TROUBLE TO-DAY

Removal of Elk Lake Dispute Augurs Well For Future Relations

ter the wounded started returning from the front, and was composed of the prominent public men in the cities and districts through the Province. The Secretary, George F. Pyke, was the only salaried official, whose principal duties at that time were to meet troop trains and give advice and such help as was within his scope to those in need.

"At a later date the Commission was reorganized and Major F. A. Robertson appointed to a salaried position as Chairman. Representatives were appointed; some salaried, others honorary, in the districts most in need. An appropriation was made by the Provincial Government and this money has been and is expended to many needy and in some instances destitute cases.

"This Command has acted as intermediary in hundreds of instances. The relationship between the Command and the officials of the Commission has been of the utmost cordial nature and I would take this opportunity to congratulate them on the absence of 'red tape' in the administration of their duties."

It is queer that they make a boy's pockets smaller than a man's. A boy has lots more to carry.

The long-drawn-out break between the city and Saanich Municipality, it is hoped, will be healed finally when the Victoria-Saanich Beaches and Parks Committee meet in regular session this afternoon.

This afternoon's meeting was called by Alderman A. E. Todd, chairman of the Victoria section of the Committee. Alderman Todd, wishing to get the committee in working order again, sent notices of a meeting to all the Victoria members, and to the members of the special Elk Lake Committee. In addition, he wrote personal letters to the Saanich members, telling them of the meeting and asking them to attend.

Discussing the matter this morning, the alderman said he hoped that all members would be in attendance in the afternoon and that the joint gathering would mean the end of the long-standing feud which broke out over the proposed sale of part of the Elk Lake watershed area. The proceedings at the meeting, he announced, would be the same as previously, and business, he hoped, would be transacted as if there had been no break. As a result, he felt confident, the trouble would be ended finally and the important business which required attention would be transacted from then on without dispute.

It is not likely that the Elk Lake issue will arise again to cause another rift in the Victoria-Saanich city, as the city became deadlocked with the neighboring municipality on the proposed Elk Lake sale before, the Victoria aldermen backing the sale intended to press the matter further, if necessary taking it before the Legislature next year. Since the proposed sale failed, however, they have changed their minds. It has become clear to them, they state, that the people of Victoria do not want the watershed sold, but prefer to retain it as a site for a park. On this account, there appears to be no possibility that any move toward selling the property will be made this year.

It is felt at the City Hall that the tacit agreement among the aldermen, that it would be useless to press for the sale of the watershed area has removed one of the biggest causes of friction between Victoria and Saanich. The removal of this difficulty, it is expected, will enable the Victoria-Saanich Beaches and Parks Committee to carry on with a minimum of trouble thenceforth.

CITY LOSES IN FIGHT FOR LIQUOR SEIZED BY COURT

The City Police Commission is just about ready to admit defeat in its vigorous efforts to secure from the Provincial Government payment for thirty cases of valuable liquor of which the Government took possession when the liquor, it will be recalled, had been seized by city police in the course of their work enforcing the B. C. Prohibition Act. The city was unable to dispose of this liquor until early this year when it secured from the Legislature power to do so. And by the time this power was secured, Government officials instructed the police authorities to forward the thirty cases to Vancouver. This was done, however, immediately the Police Commission set about recovering the liquor treasure, which in these days of the high cost of drinking, was valued at a big figure. Later, when it was found impossible to get the liquor itself, the Commission pressed the Government to pay for it. A bill covering the liquor has been forwarded to the Government authorities, but so far the Commission has secured no results. Indeed, Mayor Porter admitted when discussing the matter recently that he had little hope of securing anything for the precious cases.

Tribute to Government Department From Official of Veterans' Association

Among the various subjects dealt with by Walter Drinnan, Secretary-Treasurer of the Provincial Command of the Great War Veterans' Association, in his recent report is that of the British Columbia Returned Soldiers' Aid Commission. Of this organization, its usefulness, and the co-operation which has existed between its officers and the officers of the G. W. V. A. Mr. Drinnan has the following to say:

Harry Morton Turns in Fourteenth Straight Win

Big Pitcher Trimmed Vancouver Yesterday; Drives In Two of Runs Himself; Lefty Lawson Also Shows Form and Set Back Beavers in Twilight Game.

First Game—Victoria, 3; Vancouver, 0. Second Game—Victoria, 8; Vancouver, 0.

Vancouver, July 14.—Victoria climbed within three points of the leadership of the Pacific International League yesterday at the expense of the Vancouver Beavers, while the home forces glided cellarwards as a result of a double defeat. The Capitals stung the Beavers in the afternoon fracas 3-0, and came right back and repeated in the twilight affair 8-0.

The first victory was due to the superior flinging of one Harry Morton, Victoria twirling ace, who turned in his fourteenth straight victory, and also some timely hitting by the same individual. He accounted for two of Victoria's three runs, rapping out a hit to centre which gave the visitors their first run in the third inning and walloping the old ball to the centrefield fence for a home run in the seventh. In the fourth Brown propelled the spheroid over the right field barricade. Morton, who pitched good ball all the way through, although in trouble a few times, has only lost two games this season.

the Beavers at all stages. Three or four times the local forces had runners on the paths with no one down but they failed to manufacture hits at the right time and some smart fielding with line drives directly at fielders choked off runs. Both teams played bang-up ball. Cooper pitched nice ball. In both contests the Capital out-hit Vancouver, driving out hits at opportune moments. In the evening contest, Johnson started hurling for Vancouver, but Victoria started bouncing base hits in all directions early in the combat and he was yanked. Morley finishing the game, Victoria had seven markers when the change was made and although the Beavers poked out an occasional hit, Lawson was steady in the pinches and blanked them all the way. The teams are scheduled to play the final game here to-day at 2:30 o'clock, weather permitting. Tomorrow the clubs will jump to Victoria, where they will round out the series.

ORASMEN ARRIVE TO COMPETE FOR HONORS

Portland, Coeur d'Alene and Vancouver Contestants Here For N.P.A.A.O. Regatta

Twenty-three husky, subburnt oarsmen from Portland and Coeur d'Alene arrived in Victoria this morning on the steamer Sol Duc from the Sound. Immediately after arrival they were taken to the hotel by the steamer and took them to the E. & N. depot, where they were loaded on to a freight car. The party went through to Shawanigan Lake this afternoon to look over the course. On the arrival of their shells to-morrow they will immediately rig them and take a trial spin over the course. Fred Newell, captain of the Portland Club, is fairly optimistic over the chances of his club retaining the silverware, which it now holds. He stated, however, that the club will represent Portland against Kennedy. He is almost on a par with Pfander as a sculler, but the former champion's experience was expected to stand him in good stead in such a gruelling contest as that which will be rowed at the lake on Saturday.

The Portland oarsmen who arrived this morning are as follows: Jack McDonald, George Gore, William Gregory, L. V. McCumsey, H. E. Didsund, F. A. Abraham, D. Cowan, W. M. Beveridge, L. P. Older, A. W. Lingas, Ben Klakey, Louis Miller, A. A. Stevens, Fred R. Newell, C. B. Boyington and G. C. Colquhoun are from Coeur d'Alene. Vancouver Sheila Here. On this afternoon's boat the Vancouver contingent of oarsmen arrived and will proceed to the lake in the morning. Among them are A. Mariacher, F. B. Fellows, W. H. Fletcher, D. N. Hossie, G. H. Clark, J. F. C. Sweeney, C. G. Bassett, A. M. Grimmett, W. E. Poupore and S. A. Kyal.

The Victoria oarsmen, who will proceed to Shawanigan to-morrow with the Vancouver contingent, will be as follows: P. Hay-Currie, M. A. Kent, J. H. MacLaren, V. Brendorf, H. Bendroit, C. E. Armbrister, F. Frost, R. D. Travis, C. W. Pauline, T. Temple, L. Cummins, H. Jobe, W. Shawanigan, D. Watson, D. Hartley, J. Riddell, A. MacLachlan, J. Y. Simpson, W. S. Day, D. Moses and J. A. Wickson.

Arrangements for the regatta have been completed. The Bays have worked assiduously for months past arranging the classic rowing event. The demand for tickets is still heavy. The train will leave at 1:15 o'clock and returning will leave Shawanigan at 5 o'clock in the evening and 1 o'clock on Sunday morning. The dance which is to be held on Saturday night at the Shawanigan Lake Athletic Association is attracting much interest. The speed boat "Bluebird," which has been of invaluable service in the training of the oarsmen, proceeded to Saanich Inlet yesterday and today being hauled across by the Shawanigan Lake. It will be used by the officials during the regatta.

DECIDE WESTERN GOLF CHAMPIONSHIP TO-DAY Memphis, Tenn., July 14.—"Bobby" Jones, of Atlanta, made his bid for low medal score honors in the amateur championship of the Western Golf Association by completing the 36-hole qualifying match yesterday with a score of 82. "Chas. N. Evans" of Chicago, former national champion, and rated with Jones as one of the strongest contenders for the 1920 title, finished the qualifying round in 150.

OLD COUNTRY CRICKET London, July 14.—The grounds have favored bowlers after the long continued rains and some remarkable figures have been made in cricket matches. During the weekend at Nottingham, Nottingham dismissed Northamptonshire in the first innings for 28, the lowest score of the season. Barrett took five wickets for 15 runs. Rhodes, for Yorkshire, secured four Derbyshire wickets at Derby for 28, and Robinson, five for 30 at Tunbridge Wells. Jupp, for Essex, took six Kent wickets for 40, and Woolley of Kent four Sussex wickets for 22. Nottingham won the Lancashire match at Manchester was abandoned owing to rain and the Warwickshire-Somerset game at Birmingham was abandoned. Rhodes took seven wickets for 24 in Derbyshire's second innings, making 117 for 44 in the match.

Only Three Heats Have Been Won By Challenger

Defenders Have Usually Outsailed British Contenders; Interesting Review of Happenings in Races for Cup; Livonia Made Fastest Time; Atlanta Smallest Challenger.

New York, July 14.—The first race in seventeen years for the America's Cup will start to-morrow off Sandy Hook, the contesting boats being the cup defender Resolute and the challenger Sir Thomas S. Lipton's Shamrock IV. It may be interesting at this time both to yachtsmen and to a great many who are not acquainted with this form of sport to read a few facts in connection with this historic yachting trophy. To begin with the America's Cup at first was not an international trophy. In fact it had no significance other than being a prize offered by a yacht club for a race around the Isle of Wight, England, which was open to all nations. In August, 1851, the schooner yacht America, owned by Commodore John L. Stevens and four other members of the New York Yacht Club, won this race and the cup became their property. Six years later, Commodore Stevens and his associates conveyed the prize to the New York Yacht Club in trust as a perpetual international trophy, which has since been known as the America's Cup, taking its name from the schooner yacht which won it in British waters.

The first race for the America's Cup, as an international prize, was held on August 8, 1870, over the regatta course of the New York Yacht Club, in New York's lower bay. The challenging boat was Cambria, owned by James Ashbury, of the Royal Yacht Squadron, England, and the cup was defended by practically the whole fleet of the New York Yacht Club. That, however, was the only race in which the challenger had to best the defender. In the only contest in which the issue was decided by a single race, Cambria, by the way, finished tenth in that event, while the old America finished fourth. The race was won by Magic, the yacht Idler finishing second.

In all there have been twelve contests for the cup, in the second of which the New York Yacht Club, with the schooner Livonia and the New York Yacht Club agreed to defend the trophy with only one boat in the cup. The 1871 contest was the best four out of seven races. Livonia won a single race owing to the steering gear of the defender Columbia breaking down. Only twice since the day October 12, 1871, has a challenging yacht crossed the finish line ahead of the defending boat. On September 10, 1895, Valkyrie III, of the New York Yacht Club, followed the defender, finished in the minute and 16 seconds ahead of the American boat, and on October 4, 1901, Shamrock II, finished two seconds ahead of Columbia, but lost to the defender by virtue of conceding 42 seconds time allowance.

In the races of 1876, 1881, 1885, 1887 and 1887, the contests were decided on the results of a race, two out of three races. From 1893 to the last race in 1903 the agreement was for the best three out of five races. Few Fail to Finish. On only three occasions has one of the competing yachts for the America's Cup failed to finish. In the last race of the 1895 contest, Valkyrie III withdrew immediately after crossing the starting line. On October 17, 1895, Shamrock lost her topmast and withdrew in the second race of that year. On September 2, 1901, Shamrock III did not finish in the final race of the series, as she was already beaten and had nothing to gain by continuing the race.

Just once in the history of the cup races has a competing yacht been disqualified. This was in the second race of the series of 1895, when Lord Dunsarve's Valkyrie III was disqualified for fouling Defender. The Fastest Time. The fastest time ever made in a race for the America's Cup is credited to the old schooner Columbia. On October 15, 1871, the day before she was defeated by Livonia, she sailed 20 miles leeward and windward, 40 miles in all, in 3 hours, 1 minute and 33 seconds. It must not be inferred, however, from this, that the Columbia was the fastest yacht that ever sailed for the cup. There is no method of determining the relative speed of two or more boats other than by a race. In a race in which they sail together, when Columbia made the fast time referred to undoubtedly the conditions of wind, weather and sea were most favorable.

The fastest time ever made on a 15-mile course straight away and return, 30 miles in all, is credited to the defender Valkyrie III, on October 12, 1871, she covered the course in 2 hours, 24 minutes and 29 seconds. The fastest time in a triangular race for the cup was made by the Columbia on October 3, 1891, the time for the distance, thirty miles, being 3:30.18. In the first three contests for the cup the challenging boats were schooners and the defenders for the second and third also were schooners. In all other contests, however, the yachts have been sloops or cutters. The smallest challenger in the history of the cup race was Atlanta, which was built at Belleville, Ontario, Can., in 1881. She measured 44 feet on the water line, and was the first sloop to appear in a contest. The first yacht ever built especially to defend the trophy was Pocomah. This was in 1881. Prior to that year the New York Yacht Club had selected from its fleet the yacht considered to be best suited for the purpose. Pocomah did not come up to expectations and was rejected in favor of Mischief, one of the first sloops of the fleet. Since that year, however, new defenders have been built for every contest.

There were two candidates for the honor of defending the cup in 1885, two in 1886 and four in 1892, and in every contest, excepting one, since the race between Atlanta and Mischief, the cup has been defended by a yacht built for that particular race. The one exception was in 1901, when Constitution, built for the race of that year, was discarded in favor of Columbia, which successfully defended the trophy in 1909. Resolute Cleaned. New York, July 14.—Forty men began sandpapering and oiling the bottom of the American Cup defender Resolute immediately after she had been drydocked again yesterday at Staten Island. "She looked pretty dirty from the oil and filth collected from the bay," was the only explanation given by Emmons, managing owner of the yacht, of the fact that she had been hauled out after having just left one drydock. It was said Resolute will be floated again this evening, although it was at first expected that she would remain at Staten Island until Thursday, the first day of the races, and then be towed to the starting line with a canvas apron that should be dropped. This, if yachting men pointed out, might give the defender a slight advantage over Shamrock IV, which is still riding at anchor in the shelter of Sandy Hook.

Y.M.C.A. POLO TEAM LOST OUT TO V.A.S.C.

Exciting Match Played at Gorge; Cold Water Bothered Players

One of the most exciting polo games of the season was staged last night at the V.A.S.C. Clubhouse at the Gorge between the V.A.S.C. team and the Y.M.C.A. The final score was 2-0 in favor of the V. A. S. C. Both goals were scored in the first half of the game, McNeill getting one and Plumb the other. It was probably due to the very cold water that neither team scored in the second half.

George W. Stott was the referee. Near the end of the game he had to put off one of the Y.M. men for fouling. This was unfortunate for the Y. team, as one of their men was taken sick about the same time, and had to leave the water.

The teams lined up as follows: V.A.S.C., Forwards—Plumb, Barnett, Silburn, centre-half, J. D. McNeill; backs—Wellburn and Baldwin; goal—Hiberson.

Y.M.C.A., Forwards—Archie McKinnon, Marshall, McFadyen; centre-half—Angus McKinnon; backs—Young and Barclay; goal—Wenger.

Girl Wins Handicap. The weekly fifty yards handicap was run off just before the polo game and resulted a win for Gracie Wellburn. Kathleen Wellburn was second and Langston Plumb, third. Plumb was scratch man.

Tes and refreshments were served by the ladies to the Y. visitors and to the eighty or ninety club members who were present.

LEAGUE LEADERS ARE BEATEN BY YARROWS

Ebert Brown Shut-out Vets While His Team-mates Drove in Three Runs

A pretty pitcher's battle was staged last night between Brown and Alex Straith and was witnessed by a handful of spectators. For some reason or another the fans are not taking to the amateur games this season as well as they did last year.

Straith let Yarrows down with four hits and whiffed eleven of the shipbuilders, but a couple of wild throws to the bases paved the way for his defeat. In the third Gandy walked, stole second and scored when Mellivride threw high to first to catch Hall, who ambled around to third and scored on Potts' drive to left field.

Yarrows annexed their last run in the fourth. McGregor cracked a double to centre, advanced to third on a balk and scored on a fielder's choice.

Another Game To-night. The Vets will play another game this evening at 6.30 o'clock at the Stadium. They are billed to meet the celebrities of the Knights of Columbus. Ray Parfitt, the hard-luck pitcher, will be on the mound for the Knights and Dick Rossan will do the hurling for the Vets.

BABE RUTH STRUCK OUT FIVE TIMES

New York, July 14.—New York-St. Louis divided a double-header, the visitors winning the first game, 6 to 4, and the Yankees the second, 7 to 4.

Shocker struck out fourteen Yankee batters in the first game. Babe Ruth struck out five times out of eight trips to the plate.

First game—R. H. E. St. Louis..... 6 9 1 New York..... 4 9 1 Batteries—Shocker and Severeid; Collins, Thormahlen, Shore and Han-nah.

Second game—R. H. E. St. Louis..... 3 8 0 New York..... 7 9 0 Batteries—Wellman and Severeid; Mogridge and Ruel.

ROYAL VICTORIA

One of the most graphic sea stories ever shown on the silver-sheet will be seen again to-night at the Royal Victoria Theatre with William Farnum, the William Fox star, who will enact the role of the hero. The story, "Wings of the Morning," is a well-known novel by Louis Tracy.

Some of the ship scenes were photographed in most picturesque island locations in the Pacific. A fight between Mr. Farnum and a horde of pirates forms the climax to a series of dramatic situations. J. Gordon Edwards directed the picture, and this fact promises much in the way of production.

Few screen stars have enjoyed the sudden rise to popularity that has greeted Douglas MacLean and Doris May, who were but recently elevated to stardom by Thomas H. Ince. Making their debut in Harry Roberts' Richard's "Twenty-Three and a Half Hours' Leave," the youthful pair had the satisfaction of hearing their initial effort hailed as the best comedy feature of the season. They followed this success with "What's Your Husband Doing?" which also proved a big laughing hit. Now their third vehicle, "Mary's Ankle," from May's well-known stage play, is at the Dominion Theatre. Like its predecessors, it is for entertainment purposes only, and is said to be packed with laughs. It is a Thomas H. Ince production and a Paramount Artcraft.

DOMINION

The most repulsive and the most amazing of all sea monsters is the octopus, also known as the cuttlefish. While it is seldom seen, there is no reason for supposing it is a rare animal. Dr. Paul Bartsch, of the Smithsonian Institution, the foremost authority on marine inhabitants, says that the octopus is really an intelligent animal with a highly specialized and complex brain stored away in a cartilaginous shell which protects the nerve centres and encloses the nerves of hearing and supports the eyes that are like the eyes of a hohgoblin—great staring disks, ghoulish and ghastly. They are protruding and oversized so as to catch all possible rays of light in the dark depths of the sea. Dr. Bartsch says there is no doubt that creatures of this family attain a length of at least 135 feet. This allows 100 feet for the two major tentacles. There are also eight shorter arms for grasping and holding the prey which the long ones have grasped. The two major tentacles are provided at their ends with suckers and shorter arms have similar suckers all along their length, which act like cupping apparatus. Air being exhausted from them, the grip of the arms is so convincing that nothing can tear it loose. The octopus can swim forward or backward, and can outswim any sea animal. This creature creeps flies in the remote regions of the sea and seeks its prey far below the surface, not often presenting itself for human inspection. Its worst enemy is the whale, but the whale is able to overcome only young members of the squid family.

COLUMBIA

The Pacific Coast recently was searched for twins "alike as two peas." The search lasted for a month and resulted in two Los Angeles boys being dragged before the motion picture camera at good salaries. They are Henry and Hugh Johnson, seventeen years old. They were needed at Universal City for "The Peddler of Lies," the photoplay now at the Columbia Theatre, starring Frank Mayo and Ora Carew. They were attending a school of dramatic expression in Los Angeles, but never before had appeared on the stage or before the camera. Their close resemblance, however, was more important than their histrionic ability, and with the aid of Director William C. Dowling they played their parts most acceptably.

PRINCESS PRESENTS MY IRISH CINDERELLA

Mildred Page Will Appear in Title Role of Paddy

One of the most beautiful plays of the year will be seen at the Princess Theatre, commencing this evening for the remainder of the week, with a Saturday matinee.

Mildred Page will play the title role of Paddy, and as the big crowds who attend all her plays during former engagements in this city demonstrated that Victorians love an "Irish Colleen," "Paddy" is sure to receive a warm welcome.

This play comes recommended as one of the finest of all Irish comedy dramas. A special programme of Irish melodies is being arranged for this week's play, and "Irish atmosphere" will permeate throughout the entire performance. The lady members of the company will be seen in lovely gowns, and all the players will be seen at their best, as there is a splendid part for each one.

Miss Birkley as the fortune-hunting widow will be seen to great advantage. Miss Nina Gullbert, who has made so many friends during her brief stay will again delight them in one of her breezy ingenue characterizations. Tom Sullivan has in the role of Lord Sutton, a part particularly well suited to him. George Cleveland as the lovable old vicar is preparing a character study which will add to the laurels he won as the Bishop in "Nothing But the Truth."

But not least, Mr. Aldenn will furnish oceans of fun in one of those comedy parts in which he excels.

HAS GENUINE WARM WEATHER APPEAL

Remarkable Diving Exhibition Is Seasonable Headline-Feature on New Pantages Bill

The new bill of Pantages vaudeville which opened with the matinee performance this afternoon has a genuine hot weather appeal. What could be more in keeping with the spirit of these Summer days than the sight of an expert swimming venus splashing about in a huge stage demonstration of practically every kink in the swimmer's art. This feature is presented by Odiva, one of the very best of the exhibition swimmers on the stage, and she is assisted by a school of splendidly trained sea lions. These are not the least remarkable part of the highly entertaining exhibition.

The sea lions are human in their understanding. There are acrobatic, diving and clowning seals imitating everything done by Odiva. They do everything but talk. One of the seals, a big, black Alaskan seal, does somersaults—does the mermaid prayer and answers and calculates with the rapidity and sureness of a high school pupil. This is without doubt one of the biggest seal acts shown on the vaudeville stage.

Degnon and Clifton call their act "Taking Things Easy." The scene shows the two boys in their room, one playing a piano and the other playing solitaire. One endeavors to show the other how to play, and finds himself up in the air. This is an excellent acrobatic act.

A New Blood-Food Called Ferrozone Sure to Restore you Quickly.

Every day comes the good news of wonderful cures with Ferrozone. In Peterboro it worked marvels for Louis Meehan—put him right on his feet—made him entirely well.

"About three years ago," says Mr. Meehan, "I had the Grippe which left me in a very run-down condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative."

Ferrozone gives you force, energy, it strengthens the stomach, cures indigestion, prevents headaches—guarantees good health.

one of her great successes, that has been chosen as Mabel Normand's next picture.

Philosophy of a blockhead: "If you would look spruce you must never pine."

Briere and King are billed as "The Little Girl From Boston and the Boy From New Orleans." They offer a lively bit of entertainment with their offering of exclusive songs and dancing, as well as impersonations. Miss King was leading support to Elsie Janis in the "Slim Princess," and Mr. Briere distinguished himself as Grenfell Lorry in "Graumark."

Manning and Lee will be seen in "After the Matinee," which includes a complete repertoire of bright and snappy singing, talking and dancing. Alice Manning, billed as "The Song Story Girl" proves herself a fallible and gifted singing comedienne in an excellent repertoire. She is a charming lady with winning ways.

The twelfth chapter of "The Adventures of Ruth" completes a popular priced entertainment that will be hard to beat for Summer interest.

THAT CAUSED IT

"So glad to meet you, Grace," said the girl in the blue costume. "I was just on my way to your house to ask you, as my oldest friend, to be one of my bridesmaids." How lovely! I did not know you were engaged," replied Grace.

he's awfully in love, and just too nice to live. Will you do it?"

"Of course! I'll be charmed. But"—she dropped her voice to a whisper—"do come around the corner and tell me all about it. Here comes that idiotic, irrepressible donkey, Jim Berton. He's grinning as though he meant to stop, and I don't wish to be seen talking to him."

"Jim Berton! He's the man I'm going to marry!"—Tut-tut.

CROSSES CONTINENT FOR GOOD CLIMATE

Dr. Frothingham Again in City of Victoria For Vacation

That the United States will eventually enter the League of Nations, perhaps not as at present constituted, is the opinion of Dr. Paul Revere Frothingham, the well known minister of Arlington Street Church, Boston, who has returned to Victoria for his customary Summer visit with Mrs. Frothingham.

The visitor usually spends a portion of each year in Victoria, during which he secures some relief from pastoral and educational duties, so that he is able to complete literary work which is denied him in the more strenuous duties at Boston.

The U. S. Situation.

After a careful consideration of the situation as defined at the nominating conventions of the two major political parties at Chicago and San Francisco Dr. Frothingham has come to the opinion that much of the opposition to the League of Nations is directed by personal animosity to President Wilson, and that when the smoke dies away after the political battle of next November conditions will be ripe for some settlement to be reached in keeping with the greatness of the American people, and which will be acceptable to the British sentiment.

Vice-President Nomination.

One of the most notable factors of the two nominating conventions, in his opinion, is the fact that both great parties favored the selection of first class men for the Vice-Presidency. Both Governor Coolidge, who holds the gubernatorial chair in Dr. Frothingham's own state of Massachusetts, and Mr. Franklin Roosevelt are personal acquaintances, and of the former he says the country as a whole holds high opinion in view of his handling of the police strike, while Dr. Frothingham states it is common knowledge that much of the naval activity in the recent war by the American fleet was Mr. Roosevelt's work, although Mr. Daniels loomed larger in the public eye.

Few people, Dr. Frothingham says, are abler among the younger generation of American public men. Dr. Frothingham knows Mr. Roosevelt in connection with Overseer work at Harvard University, and was told by the vice-presidential Democratic nominee recently that he contemplated withdrawing from public life, but apparently this situation may change his policy in the matter of his future career.

In Dr. Frothingham's judgment the most important change which has taken place with regard to the general condition of affairs in the United States recently has been the general restoration of the sense of law and order, and the removal and decreased influence of red or Bolshevik sentiments.

Dr. Frothingham since his last visit to Victoria has been engaged in the Layman's League work in the Southern States. This is an organization which aids Unitarian church movements, and which is growing steadily. Another cause for which he has lectured, and for which he has considerable interest is that of the Harvard Clubs, which are scattered in various parts of the country.

Dr. and Mrs. Frothingham expect to be at the Empress Hotel for some time.

"FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit. Drop a little Freezone on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to remove every hard corn, soft corn, or corn-between the toes, and the calluses, without soreness or irritation.

The pretty cashier was so busy admiring herself that she took an unreasonably long time to count out change to a hurried customer.

"Good heavens, how vain you are!" he exclaimed, irritably.

"Indeed, I am not," she returned sweetly. "I do not think I am half as pretty as I really am."
