

The German Ambassador

Tokyo, September 27, 1940.  
Strictly confidential.

No. G 1000

Excellency:

At the moment when our conversations, begun on the 9th instant at Tokyo, are about to eventuate in a successful conclusion of the Three Powers Pact, it is Minister Stahmer's and my sincerest desire to tender to Your Excellency the expression of deepest appreciation for the principal part Your Excellency has played throughout in a most generous and accomodating spirit.

We wish to take this occasion to state once more in this letter some of the salient points reiterated in our conversations with Your Excellency which are as follows:

The German Government are convinced that the Contracting Parties are about to enter into a new and decisive phase of world history in which it will be their task to assume the leadership in the establishment of a new order in Greater East Asia and Europe respectively.

The fact that for a long time to come their interests will coincide and the unrestricted mutual confidence of the Contracting Parties form the solid foundation on which the Pact is built.

The German Government firmly believe that the technical details concerning the execution of the Pact will be settled without difficulties and that it would not be in keeping with the far-reaching importance of the Pact and it would be practically impossible to anticipate all possible cases which might arise in the course of its application; they can only be dealt with in the spirit of mutual confidence and helpfulness as they arise from time to time.

Conclusions of the Technical Commissions stipulated in Article 4 of the Pact shall be submitted to the respective Governments for approval in order to be put in force.

It is needless to say that whether or not a Contracting Party has been attacked within the meaning of Article 3 of the Pact shall be determined upon consultation among the three Contracting Parties.

*Letter to German Ambassador from  
at*

If Japan, contrary to the intentions of the Pact, should be attacked by a Power so far not engaged in the European War or the China Incident, Germany will consider it a matter of course to give Japan full support and assist it with all military and economic means.

With regard to the relations between Japan and Soviet Russia, Germany will do everything within its power to promote a friendly understanding and will at any time offer its good offices to this end.

Germany will use her industrial capacity and other resources technical and material as far as possible in favour of Japan in order both to facilitate the establishment of a new order in Greater East Asia and to enable her to be better prepared for any emergency. Germany and Japan will further undertake mutually to aid each other in procuring in every possible way raw materials and minerals including oil which they will have been in need of.

The German Foreign Minister implicitly believes that Italy will of course act in concord with Germany and Japan when and where assistance and co-operation by Italy is sought in reference to the matters above enumerated.

I have the honour to present to Your Excellency the above expose as the views of the German Foreign Minister conveyed personally by his special delegate, Minister Stahmer, and repeatedly transmitted to me from my Government.

I avail myself of this opportunity to renew to Your Excellency the assurance of my highest consideration.

signed: Ott.
