The school board of "Greater New York" has decided that vertical handwriting must go. Well, the board might have done a worse thing as vertical handwriting was a fad, not a necessity. We would have thought that when the school board of Greater New York or some other "Great" town get the handwriting question settled, they devote a little time to one of the other "Big" cities, reading, which seems to have become a lost art in our schools. Most of the readers of today are more than forty years of age.
The Ancient and Honorable of Boston were two hundred and sixty-three years old on Monday and many of the men in line were remarkably vigorous for that time of life.
Either the postmaster or potato speculators of Maine are a little early with their scare in regard to the potato crop. It is a little early for a half-holiday celebration. We have hardly received from the Delaware peach and strawberry crop and as there is yet plenty of time to plow, plant and hoe, we hardly need be awake in regard to the potato crop.
Professor Cann has informally nominated Houghton to succeed President McKinley which is all right as far as it goes but the nominating convention is a long way off and in the meantime some very favorable things will be said in regard to the popular Secretary of the Navy, John D. Long.
There are other towns than Weymouth and there are other by-laws than those under which we live. Scituate has a section in its by-laws somewhat similar to one much discussed at our annual town meeting, but nevertheless the supreme court of Massachusetts has rendered a decision on Monday that any municipal board could contract with one of its members for labor or material.
There are now three expeditions somewhere in the "frozen north" hunting for the Pole. Before August there will be an expedition of five to the list and as they will all be well equipped and backed with heavy capital, it is hoped the 17th, 18th and 19th failed to do, viz: give us that 240 additional miles of geography which will complete the top of the world.
\$300,000 is the estimated shortage of receipts High, one of the strongest high school teams in this section. The game resulted in a defeat for Weymouth by the score of 7 to 1. Nearly all of Rockland's runs were made on Weymouth's errors. Manfully pitched a fine game for Rockland while Mitchell and Dillon played well for Weymouth.
The next game is with Bridgewater High at South Weymouth park tomorrow (Saturday).

SERIOUS POWDER ACCIDENT.

Explosion at the Seam-Faced Quarry on Washington Street.
One Man Killed and Another Seriously Broken Up.
A serious accident happened at the seam-faced quarry on Washington street, near the city on Monday.
The proprietor, Joseph Miller, was superintending a blast which was in preparation and gave orders to one Eric Erickson to cut a fuse of the right length. Erickson cut the fuse and seized a chisel struck the fuse which was lying on the rock. There was a nearly open can of powder and a spark from the chisel struck it and the next instant Miller and Erickson were in the air. Fortunately the men near by escaped injury but Miller received the full charge of powder in his face and about one-fifth of the fifteen feet from his point of starting.
The injured men were taken to Dr. Libby's in East Weymouth where it was found that Miller had probably lost both eyes and Erickson had a broken arm and serious lacerations.
Miller was taken to the Eye and Ear Infirmary in Boston and the latest reports are that the right eye is gone entirely and with the least possibility of his ever having the use of the other.
Erickson was taken to the Massachusetts General Hospital where his injuries were treated, but a slow recovery is expected, as internal difficulties are more serious than the broken arm.

GOLDEN WEDDING.

Son of East Weymouth Celebrates a Marked Event.
Mr. and Mrs. George E. Lovell celebrate the fiftieth anniversary of their marriage.
We copy the following from the Providence Journal as it will no doubt be of interest to the many friends of Mr. and Mrs. Lovell in Weymouth and Braintree.
"Mr. Lovell was born in East Weymouth, Nov. 9, 1830, being the eldest child of George G. and Mary A. (Jordan) Lovell. He received his early education in his native town, and at the age of 15 years was apprenticed to the nail making trade at the old East Weymouth Iron Works and continued at that place until his marriage, in 1851.
"In 1852 he concluded to try the gold fields of California and on Washington's birthday of that year he sailed from New York on the clipper ship, Tornado, Capt. Mumford, for San Francisco via Cape Horn. They arrived at the Golden Gate on July 3, the passage occupying 130 days of which 35 were spent becalmed on the open sea in the Pacific ocean.
"He remained in California only one year being obliged to return home on account of the sickness of his partner. He immediately took up his old trade and continued in his native town until 1857 when he returned to his family in Somerset, Mass., entering the employ of the Mount Hope Iron Works. In 1862 he once more removed, this time to Providence, taking a position with the old Providence Iron Works on Intra street. Later he was placed in charge of the wharfage privileges of the Sprague on Point street.
"He has ever since been a resident of this city, although in 1881 he accepted a position as superintendent of the old Colony Nail Works of Somerset, Mass., remaining in that capacity until the company was dissolved in 1887. Since then he has been in the employ of the Providence Iron Works, and in 1890 he relinquished the position on the first of the present month.
"During all these years he has had only one week of sickness and that of a trivial nature and he has well up in his trade and at the time of his retirement from that business, in 1896, was considered one of the best nailers in the country and there are many today in this city, Taunton and Somerset to attest his efficiency in that line.
"At the present time Mr. Lovell is well and vigorous, a fact which is no doubt due to his strictly temperate habits, as during all his life he has never known the use of alcohol in any form.
"Mrs. Lovell was formerly Mary A. Lawrence and was born in Quincy, Mass., Sept. 19, 1814, the tenth child of Nathan Lawrence and Elizabeth Millitt.
"At the age of 17 years she removed to East Weymouth where she resided until her marriage with Mr. Lovell. She is a direct descendant of John Waterbury, who settled in 1630 at Weymouth, Mass., of the family which called by the Indian name of Popponet.
"This is the fourth golden wedding to be celebrated in the Lawrence family of which Mrs. Lovell is the youngest child. The first was that of her brother, Isaac Lawrence, of the same name, who died in 1826 at the age of 82 years. He was the eldest living of the family can remember with great distinctness his childhood days in Quincy, Mass., when the family were neighbors to the family of President John Adams, she being a girl of 3 years when he died in 1826.
"The couple have had seven children, four of whom are still living: Frank E., of the West Weymouth Manufacturing Company; Herbert A., of the Household Sewing Machine Company; Charles E., in the cigar and paper business at 12 South Main street and George E., Jr., at Brown Post Office.
"The afternoon session opened with Orphan Hope Lodge of East Weymouth, T. J. Evans, W. M., in charge and this lodge evoked the first and second sections of the second degree and the lecture on this degree was by Corcoran Stone Lodge of Duxbury, Nath. H. Noyes, W. M.
"The first section of the third degree was worked by Konobasch Lodge of Cohasset, W. B. Crocker, W. M., and the second and third sections were by Plymouth Lodge, Plymouth, Stephen C. King, W. M.
"Phoenix Lodge of Hanover, Calvin S. West, W. M., gave the lecture on the first section of the third degree and closed the exercises of the day.
"During the noon hour A. F. Bicknell of Old Colony Lodge favored the party with some very choice vocal solos and in some instances the entire party joined in a hearty chorus.
"My little son had an attack of whooping cough and was threatened with pneumonia but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. J. S. Marchese, street, corner of Washington St., Weymouth. For sale by all druggists.

REYNOLDS POST 58, G. A. R.

Women's Relief Corps 102 Visit the Post.
The sequel to the regular meeting of Reynolds Post No. 58, G. A. R., on Tuesday night was of unusual interest. While the post was having its regular session and business meeting, members of the Woman's Relief Corps to the number of forty five assembled in the banquet room to carry out an order passed at the recent "Red Letter Day" of the corps.
At 8:30 o'clock under the leadership of Miss M. E. Cain who would speak for the evening, the day's work was commenced. The program consisted of a reading of the constitution of the corps, Mrs. Cain spoke of the friendly relations existing between corps and post, the deep interest which is felt in the work of the post, and in behalf of the corps presented the post, with an elegant reproduction of Battle of Gettysburg.
Commander Houghton in well chosen words responded to the presentation and called for a ringing vote of thanks which was responded to with a hearty good will.
Speaking now became the order of the hour and among those who responded were Post Commander George L. Newton, Thomas M. C. Cain, and Mrs. M. E. Cain, V. C., J. M. BURGLARS MADE GOOD NAUL.

Entered L. J. Hart's Store in Washington Square Wednesday Night.
Didn't Want Money but took Clothing, Groceries, etc., to the Value of Sixty Dollars.
Burglars entered the clothing and furniture store of L. J. Hart in Washington square Wednesday night and the time of opening Thursday morning, and carried away clothing, gloves, jewelry, etc., amounting in value to about \$60. The contents of the cash drawer were undisturbed.
The burglars gained admittance to the store through a window in a store room in the rear of the building. There was a convenient chisel hanging up in the store room and armed with this, it was an easy matter to force the door between the store room and the store proper and under the protection of the piles of clothing without fear of detection. Up to within the past few weeks, the electric lights in the store have been kept light all night, but the burglars had the store under surveillance for some time and operated accordingly.
It is thought that the store was also visited by burglars on Monday night, as on Tuesday morning the bars which secured the doors and windows of the store room, were found unfastened. On Tuesday night the store was burglarized, the perpetrators of the break evidently satisfying themselves with looking over the ground and ascertaining the location of the various departments of goods preparatory to removing them later.
Inspector Fitzgerald is at work upon the case but as yet has secured no clue with which to assist him in locating the men.

Miss Alta Shaw of South Weymouth was the presiding officer and did her duty in a very graceful and efficient manner. Reports from the several legions were given showing good work done. At noon the company marched around the square, Henry Littlefield drummer, and into the vestry where a fine programme was given by the several legions present.
Mrs. George Brown, County Secretary of the Woman's Christian Temperance Union gave a fine address to the children and was complimented by the pastor, Rev. H. H. Raymond.

REYNOLDS POST 58, G. A. R.

Women's Relief Corps 102 Visit the Post.
The sequel to the regular meeting of Reynolds Post No. 58, G. A. R., on Tuesday night was of unusual interest. While the post was having its regular session and business meeting, members of the Woman's Relief Corps to the number of forty five assembled in the banquet room to carry out an order passed at the recent "Red Letter Day" of the corps.
At 8:30 o'clock under the leadership of Miss M. E. Cain who would speak for the evening, the day's work was commenced. The program consisted of a reading of the constitution of the corps, Mrs. Cain spoke of the friendly relations existing between corps and post, the deep interest which is felt in the work of the post, and in behalf of the corps presented the post, with an elegant reproduction of Battle of Gettysburg.
Commander Houghton in well chosen words responded to the presentation and called for a ringing vote of thanks which was responded to with a hearty good will.
Speaking now became the order of the hour and among those who responded were Post Commander George L. Newton, Thomas M. C. Cain, and Mrs. M. E. Cain, V. C., J. M. Whitcomb, Chaplain Bradford Hawes, Conrad C. Spear, P. F., Flora D. Bicknell of the W. R. C., and D. V. P., Stella Richards of the Ladies' Aid Society.
Masonic.
By virtue of a warrant issued by Worshipful Grand Master Charles T. Gallagher, a meeting of unusual interest to the brethren of the 25th Masonic District was held in the Masonic building in East Weymouth yesterday.
The work was under the supervision of Right Worshipful Charles Avery, Grand Lecturer and Right Worshipful Joseph Sherman, D. D., G. M., of the Twenty-fifth Masonic District.
Delta Lodge of Braintree, W. E. Guttenberg, W. M., had the opening and accomplished the first section of the first degree. The second and third sections were taken by Old Colony Lodge of Hingham, Edward B. Pratt, W. M., and the lecture on the same degree was by Saint Lodge of Scituate with A. W. Sherman, W. M.
Bates & Humphrey were caterers for the day and at noon the convention numbering one hundred and thirty people sat down to one of those dinners for which the house is celebrated.
The afternoon session opened with Orphan Hope Lodge of East Weymouth, T. J. Evans, W. M., in charge and this lodge evoked the first and second sections of the second degree and the lecture on this degree was by Corcoran Stone Lodge of Duxbury, Nath. H. Noyes, W. M.
The first section of the third degree was worked by Konobasch Lodge of Cohasset, W. B. Crocker, W. M., and the second and third sections were by Plymouth Lodge, Plymouth, Stephen C. King, W. M.
Phoenix Lodge of Hanover, Calvin S. West, W. M., gave the lecture on the first section of the third degree and closed the exercises of the day.
During the noon hour A. F. Bicknell of Old Colony Lodge favored the party with some very choice vocal solos and in some instances the entire party joined in a hearty chorus.
My little son had an attack of whooping cough and was threatened with pneumonia but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. J. S. Marchese, street, corner of Washington St., Weymouth. For sale by all druggists.

Preparing Vegetables.

Considering the mass of information concerning every which is offered us in these "Directions" there is little or no excuse for young wives to give their husbands cause to complain of sameness of fare, even in the most economical of households.

In parts of Europe it is a general custom to serve vegetables not only as accessories to the meats and entrees, but as separate dishes, to be enjoyed by themselves. For instance, a cauliflower masked with white sauce and perhaps scattered over with grated Parmesan is a favorite dish. Another vegetable course consists of tomatoes nicely broiled with bread crumbs. Fried parsley may also occupy a place in the making up of simple, appetizing entrees from vegetables alone. One rarely realizes how many dainty and savory dishes can be prepared with the aid of meat.—Philadelphia Ledger.

In answer to an inquiry, "Why do women invariably get off of a car backwards," we would say there are some things we do not know and that is one of them. Yet the inquiry is something that the modern-day John Bull, who is in-law are not all bad, neither do all women get off of a car backwards any more than all men get off of a car in the direction the car is going. We have seen men springing from the air and jumping down from the top of a car in the wrong way and we have often seen women pretty and gracefully alight from a car in the direction it was going. There are accidents and accidents by hasty and careless getting out of cars, and too often motorists and conductors are blamed for little mishaps for which they are not responsible.

At 9.15 the entire department of the town assembled at the Engine House in with many ministrations as to the outcome. But when experienced under as favorable circumstances as those of Tuesday, June 11, with the Weymouth Historical Society teachers, the procession was held in the afternoon at the command of ex-Engineer Charles E. Bicknell, a platoon of police and the Columbian Fire and Drum Corps of South Weymouth acting as escort.

Next came the board of selectmen and invited guests and then, Chief Fahy and District Chiefs, Weymouth, Colby, Hart and Hocking, followed by officers, and members of the several companies to the number of 125.

The line of march was then taken up and the procession proceeded up Washington street to the Village cemetery where the graves of the late William Hancock, John N. Oar, and Chief J. R. Williams were decorated.

The interior of the church was decorated with cut flowers and potted plants and a congregation that taxed the seating capacity to the utmost was in attendance. Mr. Nash's address was one of the most able discourses ever delivered from a pulpit in Weymouth, and an appropriate prayer program was rendered under the direction of C. Will Bailey with Herbert A. Hayden as organist.

HINTS FOR FARMERS

Laws Grass. While most of the seed stores sell special laws grass mixtures which contain a half dozen or more varieties of grass seed, we doubt if any of them give better results than a mix of one bushel of Kentucky blue grass, a half bushel of clean redtop or a bushel in the fall, one peck of sweet vernal in the spring and white clover in the spring being amount for one acre. The blue grass is earlier than the redtop, and the redtop resists summer heat better, while the fragrant, sweet vernal is good both early and late. Have the ground thoroughly pulverized and made rich with about 100 pounds of well rotted manure. The blue grass is good for permanent pasture.

Killing Weeds. We see much in our western exchanges about the value of the Anagora coat to destroy weeds, says American Cultivator. It is a very strong and it is not what we want. It is used to be the fashion to advocate keeping sheep to kill weeds and briars. They will surely do that, but they are strong, but we never know any one to start with sheep with that as his main intention who did not come to the conclusion that it was a waste of money. If we want good wool and mutton, the sheep must have something besides briars to feed upon and if they choose to take a few briars or weeds as a sort of condiment with the other food well and good. So we think if Anagora grass is kept and the sheep are well fed, they will be little more and a poor feed. Give us the old plan for killing weeds. Now in July, burn in August and then in the fall, burn in the fall. Sick-Headache.

Up to one year ago I had a severe attack of sick-headache. I tried many remedies but nothing helped. I was told to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. I did so and was cured. I can now eat and sleep as usual. I feel like a new man. I can now eat and sleep as usual. I feel like a new man. I can now eat and sleep as usual. I feel like a new man.

CHANGES AT WEST POINT.

West Point has settled into its customary condition of quietude now that the investigations are all over. Congress, however, in spite of that, is not satisfied with the maintenance of the school. It has passed a bill to increase the number of cadets from 1,200 to 1,500. This bill will be passed in the next session. The school is now in the hands of the new superintendent, General Slocum. He is a very capable man and is expected to do well. The school is now in the hands of the new superintendent, General Slocum. He is a very capable man and is expected to do well.

BANDS FOR PAN-AMERICAN.

The Music will be a Great Feature of the Exposition at St. Louis. The arrangements for the bands are already being made for the appearance at the Pan-American Exposition of some of the most famous bands of the season. From May 1 to Nov. 1, concerts will be given daily in various parts of the Exposition grounds by these bands. The variety of musical entertainment thus afforded will be a notable feature of the Exposition. Prominent among the organizations engaged is the Sousa Band, which is known wherever there are lovers of music and whose success in the rendition of military music has been a triumph for many years. The most notable achievement in the history of international events was perhaps the triumphal tour made by Sousa and his band through Europe, extending from April to September, 1900. It was 22 years since an American band had been heard on the European Continent, and so emphatic was the success of the American conductor and composer that the tour became a series of triumphs throughout France, Germany, Belgium and Holland. It was the official band at the Paris Exposition of 1900.

HOW RUSSIANS KNOW OF US.

Mrs. MacGahan spreads American news in Land of the Czar. Russia affords an interest to the people of the United States, and it is quite possible that you Yankees furnish matter for reflection to the subjects of the Czar. It is not that you know much about our affairs, it is due in a very large measure to a certain energetic Russian woman who resides in this country, and who sends to the Russian papers, she is the widow of Janarius Alphonse MacGahan, the famous war correspondent. Although Mrs. MacGahan is a native of Russia, she is not one of her own people. Her husband was an American and he was killed in the war between America and Russia. She is now in St. Petersburg, and she is very active in spreading American news in Russia. She is the widow of Janarius Alphonse MacGahan, the famous war correspondent. The Broomstick.
"Who's your girl and his girl's wife?"
"In Boston you must make it plain
To have an intellectual brain."
"In New York you must show the amount
Of cash you pay for your smart."
"In Baltimore you must proclaim
The woman who is beauty's name."
"In Brooklyn you must be a friend
If only you wish to be a friend."
"In Washington they give you grace
According to your rank and place."
—Boston Globe.

That being called, you show your hand.
"Never they are so polite
That you must either drink or fight."
"In Omaha they merely grin
And murmur, "When did you roll in?"
"In St. Louis they exclaim,
"How long do you expect to stay?"
"In Salt Lake they always say
"How long do you expect to stay?"

Unless "I love you" you get the price.

THE PEOPLE KNEW HIM.

(George's Plaster in Pale's Nihil.)

George Washington made and sold four, and every barrel of four in the market, branded "O. Washington, Mount Vernon," and sold without delay. No question was ever raised as to the quality of the plaster.

Benson's Plaster is sold in its reputation everywhere. All the buyers want to be certain of it that the plaster offered him really is Benson's, and not a worthless imitation of it or substitute for it.

Do not mistake the Balladonna, Capodomo or Birmingham plasters as "just as good as Benson's." They are easily inferior. For other plaster is as good as Benson's.

MONUMENT TO KOCIUBKO.

One of the strongest of the fortifications on the Hudson and at its base was stretched the famous chain across the stream to prevent the passing of British ships. For a century or so, of course, Fort Clinton has been useless as a fortification. It has been used as a meeting place for the cadets. In the shadow of the redoubt of the old fort have been fought the most important battles of the war. It has been the scene of many a heroic deed. It has been the scene of many a heroic deed. POLITICAL QUIPS.

"Teddy and Freddy" would be a rather precious ticket for 1904.—Chicago Tribune.

Some statesmen who are disposed to emulate Abraham Lincoln forget that they are not a hair splitter.—Washington Post.

After a man has by hook and crook been in office for a long time, drawing a bigger salary than he could get elsewhere, he begins to talk about him as one who "has dedicated his life to the public service."—Chicago Herald.

THE CHINESE PUZZLE.

Those who profess to believe that Russia has "yielded" in the matter of Manchuria would probably do no little trouble in defining the extent of her submission.—Philadelphia Record.

While England, Russia, Japan and the rest of them squabble with each other in the East, it is not a revolution in Russia or a break in China. What would surprise it would be a sudden turn in favor of peace and justice in international affairs.—Baltimore American.

The Fourth at Sebogang Light

By Joe Lincoln.

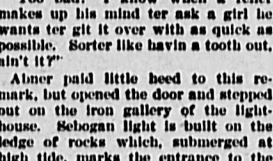

ING, dong, ding dong! boomed the bell buoy at the end of the ledge.

charge of but one man; so, unless the fog lifted, the trip would have to be postponed.

A Fourth of July Veteran

When I was a barefooted boy, how happy I would feel.

Never seemed to get one-third enough of 'sis' or a 'bang'.

Years ago as this happened, on the boy that was playing with the crackers on the 'sis' or a 'bang'.

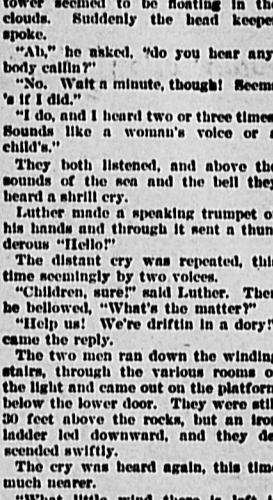

The First Fourth

It has always seemed funny to me.

The boys wanted their sister to remain at the light until evening and see the fireworks.

SHORT IN HIS ACCOUNTS, Supt. of Water Works Lies in a Bad Light Before the Courts.

An Amount Aggregating Nearly \$10,000 Alleged to be Involved.--Work of Auditors Discloses Big Fraud.

Ries Arrested on Charge of Embezzlement and if Released on Bail Will be Re-arrested on Charge of Forgery.--The Department of Which He Was in Charge Apparently Abounded in Loose Methods.--The Water Commissioners Come in for Severe Criticism by the Citizens.

During the week now drawing to a close, the citizens of this town have been treated to a sensation which in the number of startling facts that have been brought to light since its discovery, stands without parallel thus far in the annals of the town.

The entire board of water commissioners held a meeting at the water office Monday afternoon, and after making a report on the accounts, which were fully audited, it was decided that there was a huge task before them, decided to have the town auditors make a thorough examination of the books.

It is claimed by some that certain members of the water board have been dishonest in their accounts, and that they have been guilty of embezzlement.

The arrest of Supt. Ries came as a great surprise to the citizens of the town. He was arraigned in the District court at Quincy, Monday morning, when his case was continued until Thursday.

While the warrant charging Ries with forgery is still in the hands of the police, there is some doubt as to his being served as it has been argued upon the town's case, but was postponed in an alleged real estate deal.

For some time past the water department has been in a bad way. Several business ventures in which he engaged are known to have resulted disastrously to him.

MORE JUNE WEDDINGS

The marriage of Mr. Henry P. Tilden of this town, to Miss Gertrude E. Powers of Washington, D. C., was solemnized at the Berkeley Hotel, Boston, on Monday.

The wedding ceremony was a very simple affair owing to the recent death of the bride's sister, only the immediate families being present.

With a little entourage as possible, Mr. James T. Temple of Bangor, Me., and Miss Helen M. Romans, daughter of Mr. and Mrs. J. H. Romans of Ringwood park, were united in marriage at the bride's home last Friday noon.

There was an elaborate wedding at the Church of the Sacred Heart, Weymouth, Monday morning when Miss Mary Wilfrid Curley, the eldest daughter of Mr. and Mrs. Patrick Curley of Prospect street, was joined in matrimony to Mr. Joseph Francis Branley, son of Mr. and Mrs. Marcus Branley of Holbrook street.
