LEAGUE SESSION LEADING UP TO DISARMAMENT CONFERENCE

WORLD AIRMEN OF U.S. ARMY ARE AT OMAHA NOW

Made 440-Mile Journey From Chicago Field to Nebraska City To-day

Cheered by Many Chicagoans as They Left; Flying Conditions Good

Fort Crook, Omaha, Neb., Sept. 17.—The United States around-the-world fliers, en route to Seattle, added about 440 more miles to their long journey today when they flew from Chicago. They landed at 12:55 p.m., four hours and forty-four minutes from the time they left Chicago.

DEPARTURE FROM CHICAGO

Maywood Aviation Field, Ill., Sept. 17.—The United States around-the-world fliers hopped off here at 8:11 a.m. Central Standard time, on their 440-mile flight to Omaha. Flying conditions were ideal. As the machines ascended hundreds of spectators cheered. The visibility was so good that the planes could be seen miles into the west. The sun glinted on the orange-colored wings as they sped away.

SHOULD ALLOW LABOR MAN TO ATTEND HOUSE

Manson Deplores Burnaby Council's Action in Refusing M.P.P. Leave of Absence

If generally followed by other municipal bodies and private concerns, the action of the Burnaby Council in refusing Frank Brown, Labor M.P.P., elect, leave of absence to attend the Fall session of the Legislature, would rob labor of representation in the House and confine its membership to the independently wealthy. This was the opinion expressed to-day by Hon. A. M. Manson, Attorney-general, after he had returned from Vancouver, where the Brown case was explained to him.

Mr. Manson remarked that while so far as he had found there was no law to prevent the municipal council from dismissing one of the municipal employees on his becoming a member of the Legislature, he would nevertheless regret to see any municipal council take such a course.

"I do not know Mr. Brown, nor is he of my political stripe," said Mr. Manson, "although I have heard that Mr. Brown is an exceptionally fine citizen and likely to make a good representative. The dismissing of a member of the Legislature from an employment, to the Legislature is a serious matter. It strikes a blow at public service. If such a policy were generally pursued it would mean that the Legislature would have in its ranks only the independently wealthy. Labor would be almost certainly excluded from representation. I do not believe that any body of elected municipal representatives would pursue the course that the newspaper reports indicate the Burnaby Council is pursuing."

Vancouver, Sept. 17.—Action will be taken by the Labor members at the coming session of the Legislature, which will assure an all-year-round motor delivery service without regard to weather conditions which at times close the Malahat to traffic, will be completed in good time. The new service will be welcomed by Victoria houses and their customers in the Up-Island cities and also by Up-Island farmers shipping to Victoria.

MILL BAY SERVICE STRENGTHENS LINK

Word Received To-day That Wharves Will be Completed By October 1

Up-Island cities will be brought in closer touch with Victoria for twelve months in the year by the Mill Bay ferry, which it is definitely announced this morning will be in operation by October 1. The Cascade Freighting and Towing Company to-day received word from the Provincial Government that the wharves on both sides of the bay which have been installed in the boat and are now ready to turn over and the changes to convert the Cascade into a ferry capable of handling twelve or fourteen motor trucks or cars, which will assure an all-year-round motor delivery service without regard to weather conditions which at times close the Malahat to traffic, will be completed in good time. The new service will be welcomed by Victoria houses and their customers in the Up-Island cities and also by Up-Island farmers shipping to Victoria.

Moscow, Sept. 17.—Because of the terrible housing conditions and congestion, scarlet fever is increasing here at an alarming rate.

CONVENTION IN OMAHA

St. Paul, Sept. 17.—Omaha, Nebraska, was selected to-day as the 1925 national convention city of the American Legion.

FIRST HEBRIDEANS REACH HERE TO START FISHING ON ISLAND'S WEST COAST

First of the Hebrideans who are coming to Vancouver Island to make a living fishing and farming on the West Coast reached here to-day. The Hebrideans formed a party of six in charge of Rev. Father Andrew Maedonell, who had been instrumental in settling hundreds of the Scottish islanders in Alberta.

Immediately on their arrival here the Hebrideans were taken in charge by officials of the Lands Department. With James Smith, inspector of pre-emptions, they motored to-day to Alberni to look over lands on Barkley Sound where it is planned to build model villages for them.

SEEK LOCATION

The Scotsmen will seek out suitable home sites for themselves and investigate conditions generally on the West Coast. As a result of these observations they will be able to advise their countrymen, hundreds of whom plan to settle here within the next year or two.

The Hebrideans were brought here through the joint efforts of the Provincial and Federal Government. Hon. T. D. Pattullo, Minister of Lands, who has been negotiating for months to secure the settlers for this Province, declared that British Columbia may expect to welcome large numbers of Hebrideans before long. The settlers who arrived to-day are of a splendid type, well suited to make a success of settlement on the West Coast.

CHANGES PENDING AT NAVAL STATION

Commander C. T. Beard Completes Two-year Period of Service Here

Lieut. Beach is Slated to Command Destroyer Patrician

Changes in the command of the Naval Dockyard, Esquimalt, and some of the staff are forecasted, it is understood, under the two-year term of appointment scheme whereby a relief is provided at the end of that period. Three officers will be affected by the change, it is said, which is expected momentarily.

Commander Charles T. Beard, R.C.N., Senior Naval Officer of the station, was appointed to control of the naval ratings at Esquimalt two years ago. He, it is understood, will be recalled at the expiry of the term and leave for England.

Lieutenant V. S. Godfrey, of the Esquimalt Naval staff, will also be affected by the change, it is said, and will be posted to another station, possibly that of Bermuda.

Lieutenant Beach, who commanded the H.M.C.S. Thielapat on the world tour, will be placed in command of the H.M.C.S. Patrician, it is understood.

Lieutenant Presly is slated to come ashore to the post as chief executive of the station. The appointments have not yet been announced but are expected daily from Ottawa. The Senior Naval Officer to succeed Commander Beard may come from Halifax.

SECRETARY OF U.S. NAVY IS RECALLED TO WASHINGTON

Washington, Sept. 17.—At the White House it was reiterated to-day that the return of Secretary Wilbur has been requested by President Coolidge because "important naval matters made it necessary to see him at once."

It was officially denied the President had heard of any criticism of speeches made on the Pacific Coast by Secretary Wilbur or comment concerning them other than that they have been helpful.

EXPECTS POLITICAL ATTACK IN OHIO; BURTON K. WHEELER

Cleveland, Sept. 17.—A statement that he expected to be made the object of civil litigation in Ohio arising out of his political position, was included in a declaration issued here by Senator Wheeler, candidate for the Vice-Presidency of the United States on the Independent ticket, immediately after his arrival for a three-day campaign tour through Ohio.

The nature of the action he expected to face was not indicated, except that he had been a former Attorney-General Daugherty and the Republican National Committee, and declared that "both Mrs. Wheeler and I are wondering what the Ohio gang expects to start while we are here."

Senator Wheeler, who acted as prosecutor for the Senate Committee which investigated Daugherty's conduct prior to his retirement from the Department of Justice, also mentioned in his statement, Blair Conner, formerly an employee of George Lockwood, former secretary of the Republican National Committee, and the Burns Detective Agency. He did not, however, specify what he expected to encounter except in so far as he declared he had information that persons and agencies had been working to obtain "reputation of sworn evidences," but before the investigating committee.

"BLACKMAILING SUIT" "We have been informed that agents working in conjunction with Burns, Daugherty and the Republican organization intend to have a blackmail suit started against me when I reach Columbus, a suit for damages which every lawyer in Montana and the Northwest refused to handle when an attempt was made to blackmail me two years ago, during my campaign for the Senate," the statement declared.

SAYS EUROPE IS SOLVING PROBLEMS; COL. E. M. HOUSE

Wenham, Mass., Sept. 17.—"Europe is now solving opportunities that confronted it in 1919," Colonel Edward M. House, who returned from an extended visit abroad, said in a statement to-day. Under the guidance of Great Britain and France, he added, Europe was confidently working out its own salvation and finding a way out of difficulties without waiting for the leadership of the United States.

Washington, Sept. 17.—A slight earthquake was recorded on the seismograph at Georgetown University early this morning. The tremors began at 2:09 and lasted until 2:30. Rev. Father Tondorf, director, estimated the centre of the disturbance as 1,400 miles south of Washington.

EASTERN FIRMS ASK EQUALIZED RATES WHEN CROW'S NEST SCALES CONSIDERED BY RAILWAY BOARD

Ottawa, Sept. 17.—The hearing on the Crow's Nest Railway Freight Rate Agreement opened before the Railway Commission here to-day. Acting Chief Commissioner S. J. McLean presiding.

W. Near, representing the Page Hersey Tube Company of Welland, Ontario, read a memorandum complaining against the discrimination in rates on shipments from Welland to the West. The discrimination, Mr. Near pointed out, amounted to fifteen cents per hundred pounds against Welland on shipments between Welland and Fort William, as compared with those from Montreal to Fort William.

E. C. Stanaple, representing Bird & Son, manufacturers of roofing paper and other products at Hamilton, also complained against discrimination.

W. P. Lippy of the Plymouth Cordage Company of Welland, Ontario, complained that his firm was being discriminated against under the Crow's Nest rates as compared with Montreal, Toronto and Hamilton firms, but merely for the same rates on binder twine and other products of his company as were given Toronto and Montreal and that the discrimination on twine and implements be removed.

A. J. McCann of the Northern Electric Company, Montreal, said there was a difference of 17 1/2 cents per hundred pounds in favor of Toronto and against Montreal on shipments of copper wire to the West.

W. W. McCue, representing the town of Smith's Falls, Ont., and the Frost and Wood Company of that city, said he wanted the same rates for Smith's Falls as were given Toronto and Hamilton on agricultural implements moving West.

At the beginning of the hearing Acting Chief Commissioner S. J. McLean drew attention to the fact that there had been much discussion of the question of holding sittings of the Railway Commission at different points in Canada. For instance, the city of Vancouver had raised the question. In reply the Commissioner said the question in the final analysis was one of legal instructions and it seemed that such a question would be most expeditiously decided at a main hearing than at a number of local hearings. Vancouver, he said, had agreed to this.

Monument in Memory of Canadian War Dead Is Set Up in South Africa

Toronto, Sept. 17.—The monument erected at Bloemfontein by the Imperial Order of the Daughters of the Empire in memory of the Canadian War dead in the South African War was unveiled to-day by the Earl of Athlone, Governor-General of South Africa, in the presence of General J. B. Hertzog, Premier of South Africa. Canadians resident in Bloemfontein and others, according to a cable message received here by the I.O.D.E.

The monument, of stoneware granite, twenty feet high, was made in Toronto and shipped to South Africa. The word "Canada" in raised letters appears on each of the four sides of the base.

The names of ninety Canadian soldiers and the names of the engagements in which they gave their lives are on the monument, which also bears the following inscription: "Erected by the Imperial Order of the Daughters of the Empire in proud and grateful memory of those Canadians who gave their lives for the Empire in the South African War, 1899-1901."

THOSE WHO VISIT MOSCOW CALLED TO PAY NEW TAX

Moscow, Sept. 17.—Visitors to Moscow hereafter will be obliged to pay from \$50 to \$150 for the privilege. This measure, which was proposed by the Moscow Soviet, is designed to prevent further overcrowding of the Russian capital, which is exceeding all bounds. The money will go toward building homes for the working population.

SLIGHT QUAKE IS RECORDED TO-DAY IN EASTERN U.S.

Washington, Sept. 17.—A slight earthquake was recorded on the seismograph at Georgetown University early this morning. The tremors began at 2:09 and lasted until 2:30. Rev. Father Tondorf, director, estimated the centre of the disturbance as 1,400 miles south of Washington.

CHARGE LIQUOR OFFICIAL WITH SELLING SEALS

Vancouver, Sept. 17.—George E. Nielson, a liquor board employee, appeared before Magistrate Shaw here this morning on a charge of stealing and selling seals from the Cordova Street liquor store, and was remanded for one week.

A statement issued by Attorney-General Manson to-day at the Parliament Buildings indicated that the arrest of Nielson followed careful investigation by his Department. The statement follows:

"Last evening about 10 o'clock one Nielson, an employee of the Liquor Control Board at its Cordova Street store in the city of Vancouver, was directed to be taken to the Vancouver jail on information laid by Liquor Control Board officers. The charge made is one of theft of Liquor Control Board seals."

Supporters of Locatelli also gathered outside the opera house shortly before the attack, but police prevented a serious clash. There were several scuffles before the crowd dispersed.

Anti-Fascists previously staged demonstrations against Locatelli after his arrival in New York after an unsuccessful attempt to fly across the Atlantic to this country. He planned a round-the-world flight.

PLANES MAY DROP BOMBS IN PEKING

Peking, Sept. 17.—Tao-Lin, Manchurian war lord, who has declared war on the Peking Government, is said to have sent a communication to President Tsao Kun containing a veiled threat that he would bomb Peking. The report concerning it came from a foreign source in Mukden, a Manchurian city, which is Chang's headquarters.

The communication is said to have detailed the circumstances which impelled Chang to take military action. It then stated that since Tsao Kun was only a "puppet" of the Central Government's leading militarist, Gen. Wu Pei-Fu, it was Chang's intention within a few days to send to Peking some of his subordinates in aeroplanes to convey his respects to the President and inquire after his welfare.

Chang next stated, according to the report, that he feared since his envoys would be only "rough soldiers," they might behave discourteously. In that event it was said Chang asked the President's pardon in advance.

Officials of the Central Government do not take the threat seriously.

OPPOSES CHANG IN CHINESE WAR; GENERAL FENG

Among the leaders of the forces fighting Chang Tso-Lin, Manchuria, is General Feng, who is a Christian. His army, composed of Christians, numbers 20,000.

General Feng (pronounced Fung) is over six feet, and was born forty-four years ago in central China of poor parents. He enlisted as a private when he was eighteen, and has worked "his way" to be Inspector-General of the Chinese army under General Wu Pei-Fu, the commander-in-chief of the forces decisively two years ago, and the discipline and equipment of his men, combined with their affection for their general and officers, makes them a formidable defence for Peking at the present crisis.

While General Feng was Governor of Honan in 1922 he became a close friend of the Canadian Bishop White and his workers in the capital city of the province. He has published a military manual, "The Spirit of the Soldier," and was recently elected a member of the Conference of the Methodist Episcopal Church of America.

A well-known authority says of his character: "He seems to unite the stern discipline of Oliver Cromwell with the mystical devotion of Chinese Gordon."

PREMIER IS TO HEAR AN APPEAL AGAINST RACING

Vancouver, Sept. 17.—Unanimously demanding curtailment of horseracing in and near the city, the Vancouver Board of Trade last evening authorized the preparation of a statement to be presented to Premier King showing to what extent the lengthy meets here this summer have seriously affected business in general.

A resolution from the Retail Merchants' Association urging that horseracing be curtailed to two weeks each season within a radius of fifty miles of the city, and another from the Vancouver Motor Dealers' Association asking that racing associations be prohibited from staging lengthy meets here were read to the meeting, resulting in the action mentioned.

It also was decided to appoint a delegation to wait on the Federal Prime Minister when he visits Vancouver shortly to present the views not only of the board, but of other organizations opposed to lengthy racing events.

REPORTS ON GOLD FIND ARE AWAITED

Hudson's Bay Company Official Returning to Vancouver From Cassiar

Discovery Now Subject of Discussion Made in Eagle Creek Area

Vancouver, Sept. 17.—Not until his assistants and other Hudson's Bay Company employees come out of the Eagle Creek Area of the Cassiar District, about 250 miles northwest of Wrangell, Alaska, and the end of September will C. H. French, district manager of the Hudson's Bay Company, have definite information regarding the reported gold strike at that vicinity.

"We have little more than rumors at the present time," said Mr. French. "My assistant will return to Vancouver about October 1 from a far-traveling trip through that section of the Cassiar District and he will be supplied with information regarding the discovery of gold."

"Gold was found there before. A French Canadian named Choquet discovered it in 1892."

U.S. GOVERNMENT INVITED TO AID IN FIXING CONTROL OF MANUFACTURE OF ARMS

Geneva, Sept. 17. (Associated Press)—The sub-commission of the League of Nations Assembly on disarmament to-day adopted a resolution requesting the Assembly to consider the advisability of inviting the United States Government to send a representative to collaborate with the League's permanent disarmament commission in framing a draft convention for control of the private manufacture of arms. This draft would later serve as the basis for an international conference.

TROOPS KEEPING ORDER IN KOHAT, INDIA, FOLLOWING CLASH BETWEEN FACTONS

Allahabad, India, Sept. 17 (Canadian Press Cable via Reuters)—Messages received here from Lucknow state the tension is very acute as a result of the clash between Hindus and Moslems at Kohat a few days ago, when it was reported ten Moslems and ten Hindus were killed and twenty-five Moslems wounded.

It is now stated three Hindus and three Moslems lost their lives in rioting at Kohat and that fifty-three men were injured, the great majority of them being Hindus. Many Hindus were so frightened by the outbreak that they abandoned their houses and migrated to safer quarters.

British and Indian troops are still patrolling the city of Kohat and a curfew has been proclaimed for all but European residents.

Ottawa, Sept. 17.—The Minister of Finance plans to float immediately a loan of \$80,000,000 in New York to cover short-term indebtedness of the Government. The issue will precede the long-term loan of \$17,000,000 to be floated in Canada.

EFFORT TO KILL A. LOCATELLI IN NEW YORK FAILS

New York, Sept. 17.—Anthony Cioffo, captured last night after a policeman had been stabbed while defending Lieut. Antonio Locatelli, Italian aviator, from an attack by a mob, confessed he had intended to assassinate the aviator, according to the police. Cioffo admitted being a member of the Independent Workmen of the World and said he had come from Chicago to kill Locatelli because of the aviator's fascist activities, the police said.

Supporters of Locatelli also gathered outside the opera house shortly before the attack, but police prevented a serious clash. There were several scuffles before the crowd dispersed.

Anti-Fascists previously staged demonstrations against Locatelli after his arrival in New York after an unsuccessful attempt to fly across the Atlantic to this country. He planned a round-the-world flight.

RAIN SAVES FIRE AT ARROWSMITH

Mid-island Fire in Green Timber West of Cameron Lake

Rain which fortunately came at a late hour yesterday saved a critical situation on Mount Arrowsmith, where fire broke out the previous evening in the old fire area that caused much apprehension some months ago. It spread rapidly just east of the Summit, and threatened the Esquimalt and Nanaimo Railway track.

The company had out a gang working to hold the fire in check, but as force was the idea that if rain had not fallen it is feared a serious outbreak would have occurred. The conflagration was in the green timber and hard to battle against, however, a four-hour downpour came providentially.

The district is very dry, and the spreading of the former fire, which burned two days, was higher on the hillside than on the previous occasion, and did not attack the bush alongside the Nanaimo-Alberni roadway.

METCHOSIN FAIR DRAWS BIG ENTRY

Lieut.-Governor Performs Opening Ceremony at Colwood Hall

Metchosin District Fall Fair, under the auspices of the Metchosin Farmers' Institute, was thrown open to the public to-day at 11 o'clock at Colwood Hall, and the formal opening ceremony was performed by Lieut.-Governor Walter C. Nichol in the afternoon before a large attendance. A record entry in nearly every section was reported, and in some classes the list was greater than at the Provincial Fall Fair at the Willows Exhibition grounds. Entries from the whole of the district west of Victoria as far as Sooke were represented, and the display of fruit and vegetables was among the best seen at any show on Vancouver Island.

Both the goat and poultry shows were remarkable for the large entry and the quality of the stock. There was a record entry of forty goats and a heavy entry of high-grade birds in the poultry section.

MANY FLOWERS SHOWN
Wonderful collections of flowers from Hatley Park and from Pollock Brothers helped in the wonderful decorative scheme which was employed to make the hall attractive to the visitors to the fair.

The whole of one side of the building was devoted to the women's section, under the auspices of the Lusk-Happy Valley Women's Institute, and this feature of the show proved one of the greatest attractions to the visitors. Competition was keen for prizes offered, and there were entries in nearly every section representing the skill of the housewife in all branches of domestic science. Fruit and vegetables from the Experimental Farm at Sidney were included in an attractive display by the Federal Department of Agriculture. Addresses on various phases of agriculture were delivered by various experts during the day.

There are many added attractions to the show. Entertainment programmes were given this afternoon and evening. Radio entertainments were also on the programme and there were many side-shows.

GOLF CLUB HOLDS SPECIAL MEETING

(Special to The Times)
Duncan, Sept. 17.—A meeting of the Cowichan Golf Club was held at the Cowichan Merchants' Store yesterday, at which many matters of interest were discussed. The committee drafted the conditions of the Veterans Cup and also the cup presented by C. H. Dickie M.P., the former is played for each year until won by a player three times. The latter is given for home and home matches with Nanaimo, and is won by the club on top two successive years. The Veterans Cup was donated by Dr. Kerr.

The committee decided to waive the entrance fee until October 31, so as to secure new members. This week-end a match will be played between B teams of the Cowichan and Nanaimo clubs. Those present were K. F. Duncan, chairman, J. J. Fox, A. H. Peterson, Dr. D. E. Kerr and C. W. O'Neill, hon. secretary.

PUREBRED JERSEYS BOUGHT BY FARMER OF ANNACIS ISLAND

Duncan, B.C., Sept. 17.—Eighteen purebred Jersey animals, practically his entire herd, has been disposed of by F. J. Bishop, a well-known Cowichan stock breeder, to Alister Forbes of Mill Bay. Mr. Forbes recently acquired a farm on Annacis Island, near New Westminster, who will move the newly purchased animals there immediately.

Included in the herd are some splendid breeding animals. The herd sire, St. Maves Patrick, was imported from Oregon four years ago, and is a son of Gertles Poppy St. Maves, who was sold for \$1,000 at the Jersey Jubilee in Oregon in 1920, and is now owned by Messrs. David Spencer Limited, Vancouver. Among the females, Sophie Eve of Corfield, a four-year-old with two records of performance records, 7,096 pounds of milk and 425 pounds butter-fat at two years and 2,218

Other cows of known high merit are included in the sale as well as promising young blood.

ARE LOOKING FOR UP-ISLAND FARMS

Victoria and Island Publicity Bureau Receiving Many Inquiries

After issuing a list of ninety-eight prospective Vancouver Island settlers a few days ago the Victoria and Island Publicity Bureau has already received nearly a score of names added to the list which has been started, another list which has been started immediately following a record tourist season inquiries are received daily from persons who visited the island in the early part of the summer, and are now contemplating making it their permanent home. Most of the inquiries are for farm land or improved farms at up-island points and among those who have stated that they will come here are many from California and Eastern parts of Canada. Among those who have written stating they will come is Emil Esser, who pays the bureau a neat compliment. "I thank you for the consideration shown," he writes, "in checking up I find your publicity was so truthful that we have no fear of moving to Vancouver Island." Mr. Esser also states, "We have set our hearts on settling on Vancouver Island. In fact we have come to the conclusion that we could not be happy anywhere else. Vancouver Island seems to have everything we like." He also asks to be supplied with the names of dealers in lumber, seeds and nursery stock supplies, farm implements, building material, and the name of a builder of motor launches.

VANCOUVER ISLAND EMPIRE IN ITSELF

Speech For Co-ordination of Effort Draws Favorable Comment

Victoria's plan for co-operation and co-ordination of efforts for the general welfare of the whole of the island as advanced by C. P. W. Schwengers, president, and B. C. Nicholas, vice-president, at the record session of the Chamber of Commerce.

Throughout the summer the Victoria and Island Publicity Bureau has been co-operating with up-island cities and organizations and tourists here for fishing and hunting have been well posted from daily reports sent by the resorts on accommodation and prospects for sport. Greater co-operation in industrial matters than made possible by one convention a year in the future is contemplated in the future and more frequent meetings to discuss mutual problems have been advocated. The articles dealing with the Record of September 13 comments on Mr. Schwengers' speech at the convention in which he urged closer co-operation between the residents of the other cities of Vancouver Island. It states:

"The high standing of the Victoria Chamber of Commerce is probably due to the work of C. P. W. Schwengers, the president, more than to any other member. Mr. Schwengers is one of the most capable business men in western Canada and his judgment on public questions is invariably right. Addressing the Duncan Board of Trade he did a splendid thing in drawing the attention of residents of Vancouver Island to the resources and opportunities in that portion of the Province. As the late R. M. Marpole of the Canadian Pacific Railway used to say, 'Vancouver Island is an empire in itself. So it is. Mr. Schwengers knows it and is endeavoring to make the fellow residents of the island realize it too. He pointed out what few people realize, that with a population of 100,000 Vancouver Island produces annually \$20,000,000, sufficient with their manufactures and returns on investments to pay off their share of the national debt of Canada in a single year. He reviewed the resources of the island in timber, coal, power, iron and copper ores, and urged his audience to be big enough and courageous enough to be worthy of their great trust."

"The tour of the island by members of the Victoria Chamber of Commerce, to which we will soon be set, should do much to strengthen the bond between the cities. Good progress is being made with the plans and the Chamber of Commerce will be well represented by the party. Names are being added to the list daily. It is planned to visit as many of the cities as possible during the tour."

PUBLIC CROSSING

An order has been issued by the Railway Board, making the private crossing of the Esquimalt and Nanaimo Railway a mile 118 into a public roadway. This is done at the request of the Provincial Department of Public Works, owing to the development auxiliary to the Deep Bay Lumber Company's work at Bowser, the Thompson Clark interests having a large timber project in the neighborhood.

ARBITRATION CAUSE ADVANCED BY PACT

Preliminary Approval of Sanctions Given by Twelve Nations at Geneva

Geneva, Sept. 17.—The representatives of twelve governments, sitting privately as a subcommittee, to give preliminary approval yesterday to several articles concerning sanctions in a draft protocol which Premier Benes of Czechoslovakia submitted, after long and difficult negotiations, as a pact which advances the cause of arbitration, produces a sense of security among nations and prepares the way for disarmament.

Former Premier Branding of Sweden, voicing the opinion of the neutral states, declared Dr. Benes had produced a big historic document which would be given close study.

Among the articles dealing with sanctions, which were thoroughly discussed yesterday, was article seven of the protocol, providing for general contributions from all states, in order that the country, which arbitral tribunals have declared an aggressor, may be outlawed.

This article obligates signatories to assist the attacked state and insure the safety of land and sea communications.

The French consider this clause enables the operation of the British fleet in time of the need of the League of Nations to preserve peace, and say they are satisfied with the British private assurance that the protocol requirements will be loyally carried out. It is even said in French quarters that Great Britain would go to the extent of contributing aerial and expeditionary forces should the situation be so menacing that such assistance seemed desirable.

EMPIRE RATIFIES LEAGUE ARTICLE

Geneva, Sept. 17.—Ratification of the amendments made to Article Fifteen of the League of Nations Covenant has been deposited with the League Secretariat by the British Government, which took the official action for the British Empire as a whole, including Canada, Australia, the Union of South Africa, New Zealand and India.

intercourse between persons residing in the territory of any other state, whether a member of the league or not. The second paragraph of this article, which is usually called the economic blockade article, declares that it is for the Council to give an opinion as to whether or not a breach of the covenant has taken place, and that in deliberations on this question in the Council the votes of members of the league alleged to have resorted to war, and of members against whom such war was directed, shall not be counted.

PEOPLE DEMAND ACTION

PEOPLE representative of all walks of life in Vancouver met on Monday night and went on record against a continuance of horse racing in British Columbia.

"The very fact that by subterfuge promoters erect other tracks shows a deliberate attempt to violate the spirit of the law," Hon. H. H. Stephens, M.P.

"The races are a shame and disgrace to a civilized community," Charles Woodward, M.L.A. elect.

"I repeat that we are suffering from the amount of racing that is permitted here," General Victor W. Odium, M.L.A. elect.

Commenting on the result of the gathering, and the opinions there expressed, The Vancouver Province, which has been extremely outspoken on the subject for weeks past, spares no pains to make its meaning quite clear to the people of the Terminal City.

Vancouver is a commercial and industrial city, a city of homes and a tourist centre. We must never forget that nor allow those who would throw in their lot with us, even temporarily, to forget it.

Our Vancouver contemporary is on safe ground in its contention that an over-drawn racing season disrupts business. Business is a serious affair with the people there as it is a serious affair with the people of Victoria.

HOW HARM IS DONE

CANON F. G. SCOTT, a Quebec divine, says there is no use saying "we should bring Britishers out here to go on farms; they won't do it."

Canon Scott is wrong; they will do it. Let him ask any of the transportation companies whose boats land their human cargoes in his own Province to show him pictures of the hundreds of families who are continually crossing the ocean to make their homes in Canada.

Canon Scott should have considerably qualified his remarks. He might have said that Hon. Mr. Robb was right when he declared recently that families are more good to Canada than bachelors; the Canon could then have said with truth that some young men who have been used to nothing but the bright lights sometimes get despondent and swing back to the congested urban markets.

Canon Scott, however, is hindering the effective working of the Government's immigration policy and actually discouraging people who want to come to Canada, people who would make good Canadians, every time he gives expression to such sentiments as those to which we have referred.

Canon Scott will probably find that more than one newspaper in Great Britain will seize upon his view as another argument why Britain's employed and unemployed should give this Dominion a wide berth when looking for work and a new home.

This is how harm is done to Canada and Canadian development hindered.

THE P.G.E. AND MINING

DISCUSSIONS which centre on the future of the Pacific Great Eastern Railway system seldom recognize the line's relationship to the mining industry of that part of the Province through which it runs and serves.

Mr. Nichols declares that the road is of vital necessity to the mineral industry of the

Province and that the 40,000 square miles of country in proximity to the P.G.E. hold as great possibilities for mineral production as any other area of equal extent in the Province.

These are considerations which very naturally should enter into any discussion looking to the disposal of the road. They are important to the Province and to the company which may eventually take it over.

CHICAGO AND THE LAW

CHICAGO is now watching the effect of a petition which asks for the pardon of a poor boy of nineteen who awaits the hangman's rope. This young man left school when he was fourteen years old and went to work to help to support the family.

The Chicago Tribune contends that it would be unfair to hang the boy; local officials of the American Legion express their willingness to bring the matter to the attention of the national convention which is to take place shortly at St. Louis.

Monday's attendance and the amount of money wagered at the Willows indicate waning interest on the part of the general public in an uneconomic pastime.

Canada's left wing of Labor found the Dominion Trades and Labor Congress at London, Ont., yesterday thoroughly unsympathetic towards anything savoring of "one big union" ideas.

Mr. Meighen told a Winnipeg audience that he was not at all dismayed at the results of the by-elections in Quebec.

One of Premier MacDonald's admirers in the Loxismouth Golf Club lent that "collection of snobs," as Mr. Bernard Shaw described them, \$3,000 some time ago—without interest or hurry for return—in order to ease the financial situation of the Club.

Dr. Frank Crane "Sanity"

WHAT is sanity? The question is not one of merely an amusing nature, but often is serious enough to turn a convict from execution to life imprisonment.

"Am I mad? I really do not know. Doubtless I am clever in certain directions; my talent has enabled me to cut a figure in my profession in London.

"The question must have occurred to every man whether he is wholly sane or not. Doubtless if the acts and opinions of any one of us were set down accurately he would have hard work to explain his sanity.

This is because no man is ever wholly consistent. In the first place, growth and advancement are fatal to consistency.

First Governor of Upper Canada

COLONEL JOHN GRAVES SIMCOE, first Lieutenant-Governor of Upper Canada, was appointed in 1793.

The opening was impressive. No detail of time-honored and significant British ceremony was omitted. It was a momentous occasion.

Ontario owes an immense debt of gratitude to Governor Simcoe, for he took his position and his duties very seriously. He came prepared to carry out a vigorous programme and he saw it through.

THE first Parliament, under Simcoe's guidance, got down to work with a will. It sat for only one month, but it accomplished much.

Colonel Simcoe gave, in single-hearted devotion to his King and the Empire, such energetic service as few Governors have equaled and none surpassed.

ANGELIST WEDS VANCOUVER GIRL Marriage Last Night of Rev. T. A. Sandall of Victoria and Miss Sledding

One of the prettiest weddings of the season was solemnized yesterday at the Full Gospel Tabernacle, Douglas Street, when the pastor, Rev. Thomas A. Sandall, united in marriage to Beulah Bath, daughter of Mr. and Mrs. T. R. Sledding, of 2716 4th Avenue, W. Vancouver, by the Rev. Harold Wesley Cooksey, principal of the Evangelical Bible College of B.C.

Among those now staying at Paradise Inn are Captain and Mrs. Griffin and Miss Griffin of Victoria; Mrs. Doherty, Vancouver; Mr. E. L. Nott, Victoria; Mr. J. Smith, Victoria; Mr. W. M. Willis, Victoria; Mr. W. H. Okm, Victoria; Mr. A. McKenlie, Vancouver; Mr. A. J. McColly, Revelstoke; Mr. and Mrs. White and son, Pasadena, California; and Captain Hamilton, Milne's Landing.

Mr. and Mrs. S. H. Stow have left for Edmonton, where they will stay for the next month.

The first of the Winter dances to be held at Paradise Inn took place Saturday night at 8.30 o'clock. The dance proved to be very popular, and gave to all present a promise of many good times to be held there during the coming Winter.

Mr. and Mrs. S. H. Stow have left for Edmonton, where they will stay for the next month.

The floral decorations at the church were arranged by the young people in the form of a bridal arch of pink and white with large white bells.

A public reception was attended by a host of friends and well-wishers at the College Home, 1023 Fairfield Road, where pink and white flowers with bronze chrysanthemums and streamers in the same colors over an aisleway banked with flowers and ferns, made a pretty sight as the bride and groom stood to receive the congratulations of the assembled friends who presented them with a purse of money.

The happy pair left for Seattle and other points South for their honeymoon. They will be at home at 1023, Fairfield Road, Victoria, B.C., after October 1.

Lake Hill Wool Bee—Lake Hill W.I. will hold a wool bee on Thursday, Sept. 18, at 10 a.m. in the Community Hall, Quadra Street, and at 2 p.m. a special meeting will be held to make arrangements for the Fall conference in Victoria in October, and other business.

Women's Educational Club—The Women's Educational Club of Columbia College will resume its monthly meetings on Thursday at 3 p.m. at the club house.

Mr. Gebhart's report, in part, follows: "The increase in those needing no dental work and in those awarded diplomas for having kept their mouths clean has been steady. There has also been a marked reduction from 55.4 per cent to 46.4 per cent in children requiring fillings, for the most part in first permanent molars. While the proportion of children with fillings is slightly greater than last year, the proportion needing extractions has been reduced from 40.3 per cent to 32 per cent. This is again a most encouraging sign, for it means that more children have sound teeth than last year. It is also indicated that the fillings required are of a far less extensive nature than when that work first began, for in 1923, sixty per cent of the fillings were urgent, while in 1923 only thirty-seven per cent were urgent.

PEOPLE LEARNING—Everywhere one sees a marked improvement in all elements in the community to the importance of this work, accompanied by a willingness to co-operate in every way to make it a success. The principals and teachers in the schools of the district have made real sacrifices in providing the necessary space, that, as a part of the classroom work by the grade teachers.

MINIMUM TIME LOSS—The demonstration has proved that a dental service which is administered in an integral part of the daily school programme produces the most widespread and lasting results. Our experience has shown that, when the dental clinic is in the school building, children can be sent directly from the classroom to the dental clinic with a minimum of waste time, both for pupil and operator, and with a minimum amount of confusion and disruption of classroom work.

SOOKE HARBOR, Sept. 17.—A dance was held in the Sooke Hall under the auspices of the East Sooke Farmers' Institute on Friday evening. Sooke was well represented, and many attended the dance from Metchoin, East Sooke and Otter Point. The dance proved a great success financially, the proceeds of which are being given towards the East Sooke community hall fund. The Sooke orchestra supplied the music for the evening.

SHALL I MARRY FIRST? YOUNG FARMER ASKS "Shall I marry before I come to Vancouver Island? Can you in your capacity as Publicity Commissioner advise me on such a point?" are two questions which the Victoria and Island Publicity Bureau is called upon to answer.

He has £50 set aside for his passage, and £150 to invest when he arrives here. He is twenty-two years of age, and has been farming since he left school, but farming in the Old Country, he states, isn't what it used to be. He is interested in pigs and poultry. The Publicity Commissioner urged him to come right along now, try the country first and marry afterwards.

He has his prospective bride already selected.

DUTCH WANT TRUTH ABOUT THEIR COUNTRY TAUGHT ELSEWHERE Amsterdam, Sept. 17.—Antiquated ideas about Holland that prevail abroad, and which prevent the present generation of Dutch people to mild resentment, have at last been tracked to their origin.

A learned society which has made a thorough investigation of the current geographical text books and manuals used in elementary and secondary schools in all civilized countries of the world has published a report which discloses that most of them are about 100 years behind the times.

Horre-drawn canal barges, for instance, are still given as the popular mode of locomotion in Holland, and while references to cows and windmills are plentiful, the books are silent on the development of modern

STOMACH TROUBLES ARE DUE TO ACIDITY

Teils Safe, Certain, Speedy Relief for Acid Indigestion. So-called stomach troubles, such as indigestion, gas, flatulence, stomach-ache and inability to retain food are probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Blurred Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetener, stomachic and inexpensive remedy to use.

An antacid, such as Blurred Magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Blurred Magnesia, which is especially prepared for the above purpose. (Adv.)

Autumn Hats Have a Tailored Air

From Bond Street, London, and other fashion centres come hats of the tailored mode, just as trim and as sparsely adorned as ever. Yet with many new touches stamping them as smartly correct.

For street wear are small brimmed sailors and many quilt trimmed models of velvet, hatters' plush, felts and other popular materials. While for dress wear the hat takes on larger proportions and is very likely to flaunt ostrich trim or some bird of gay plumage.

Prices are surprisingly low, two very popular opening values being offered at **\$5.00** and **\$8.50**

A Cordial Invitation is extended to our patrons and the public to attend our formal presentation of the new Fall fashions to-morrow, Friday and Saturday.

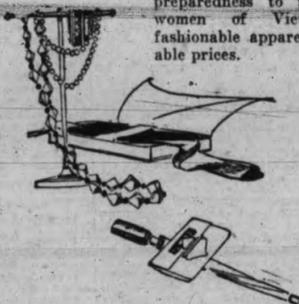

Presented for your approval will be a comprehensive showing of the newest and most authentic modes in Fall Coats, Suits, Dresses, Blouses, Millinery, Furs, Footwear, Hosiery, Gloves, Neckwear and other accessories. Also a truly remarkable collection of the new season's silks and woolen fabrics.

The object of this great fashion event is to demonstrate our preparedness to provide the women of Victoria with fashionable apparel at reasonable prices.

NOVELTY CANES

Fashion says its correct for a woman to carry a cane, but it must be of the novelty order, preferably in a color to match her costume. We have them in about seven different colors with ivory ferrules and tops of bakelite. Prices from **\$2.50 to \$4.50**

Fashionable Frocks to Brighten Autumn Days

For Autumn afternoon occasions frocks of silk and satin are shown in a wide variety of just the most lovely styles imaginable. The lines are mostly straight, some of them quaintly trimmed at the hem with touches of fur. For street and business wear fashion calls for frocks of poret will, crepe wool and the new faille fabrics. The lines are as straight and slim as ever with long roll and Peter Pan collars, trimmings of braid, embroidery and rows of buttons. Among the new colors are Honiki, saddle, navy, dusk, Palermo, Soudanese and penny.

The Straight Fur Coat Is Favored This Fall

The trimmings are made to either match the coat or may be of contrasting fur. For women of average height the length is 45 or 46 inches. For the woman who drives her own car or for smart afternoon wear the short jacket is in strong demand. Neckpieces are shown in an almost endless variety of style to suit every whim. As to the most fashionable fur, it is impossible to select any one. This is going to be a fur season and every kind of fur, so long as it is correctly styled, will be the mode.

Hudson's Bay Furs are correctly styled by designers in daily touch with the world's style centres. Moreover they are properly made by expert furriers. The peltries come direct from our own trading posts. All of which, summed up in a few words, means that Hudson's Bay Furs are absolutely the finest from every standpoint.

Here are two of our outstanding values. Hudson's Seal Coats with skunk collar and cuffs **\$325.00** at **\$195.00**

REMOVING TROUT TO SAVE SALMON

Dolly Varden Trout Prey on Salmon Minnows and Eggs

Anchorage, Alaska, Aug. 17.—Under a plan adopted by the United States Bureau of Fisheries, it is hoped to increase the salmon pack of the Cook Inlet section of Alaska from 200,000 cases in recent seasons to 500,000 within the next few years. According to William Studdert, in charge of salmon protection, the depletion of the salmon in southwestern Alaska has been due as much to failure to conserve the spawning grounds as to over-fishing. Mr. Studdert declared the greatest enemy to the salmon were Dolly Varden trout, which preyed on the eggs in the spawning grounds up streams and stream used by the salmon to reach spawning grounds in the lakes. Researches are being made of every stream used by salmon to reach spawning grounds in the lakes. The streams are being cleared of obstructions and made navigable for the salmon. The lakes will be seeded and the trout transferred to lakes not used by salmon.

TANLAC MEETS TESTS FOR OVER THREE YEARS

"The more I know about Tanlac the more I feel like praising it," says Mrs. Samuel Shelly, 56 Wood St., Toronto, Ont., Canada. "I always take Tanlac when I begin to feel run-down, and it has met my health needs for the past three years. For years before I learned of Tanlac I was in such an awful run-down condition that at times I would get so weak and nervous I couldn't do my housework. I was down to almost a skeleton and still losing weight all the time. Headaches nearly drove me mad and I had a sticky, sorrowful complexion. Tanlac has increased my weight fourteen pounds, and has given me a wonderful appetite. My nerves are steady. I sleep well and have health and strength that makes life a pleasure. Tanlac is for sale by all good druggists. Accept no substitute. Over forty million bottles sold. Tanlac Vegetable Pills for constipation; made and recommended by the manufacturers of Tanlac.

MAY CHANGE NAME OF PACIFIC LINE

No Decision by U.S. Shipping Board Regarding Admiral Oriental Line

No decision has been reached regarding the proposed change of name of the U.S. Shipping Board services on the Pacific, which has been under consideration for the past three months, says a report from Seattle. The Shipping Board of the Atlantic some time ago, but the proposed change on the Pacific is still being discussed and remains undecided. It was suggested that the name of the Admiral Oriental Line be changed to Puget Sound-Oriental Line, American Mail Line or United States-Oriental Line, but because such large sums have been spent establishing the trade, title of the Admiral Oriental Line, this plan met opposition. It is said that the object of the Shipping Board is to get away from trade names of private corporations. E. P. Erckenbrack, district director of the Shipping Board in Seattle, made a trip to Washington, D.C., last May for the purpose of discussing the proposed change in names of the Shipping Board services on the Pacific, but no decision was reached. The U.S. Shipping Board desires to own the names of trade routes on which Shipping Board vessels operate.

Huge Salmon Pact

Circumstances are promising for a salmon pact in British Columbia this year which will amount to 200,000 cases, an increase of that of 1923, it was stated by Ralph Lanning, secretary of the canned salmon section of the Canadian Manufacturers Association, British Columbia Division, recently. It is thought that the total may reach 1,500,000 cases of salmon of all kinds.

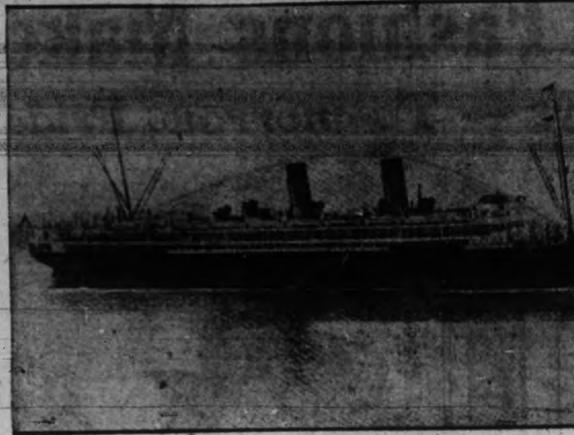

Carries Big List

Amongst the 800 passengers aboard the Admiral Oriental liner President Grant, due to leave for Vancouver tomorrow afternoon at 4 o'clock from Japan, China and the Philippines, the following are included: William Holt Gow, ex-convict-general, Hongkong, transferred to Amsterdam, and Mrs. Gale; Roy Barto, general superintendent of the Cadwallader Gibson Company, Manila, and family; E. F. O'Connor, of the Admiral Oriental Line, Hongkong; D. A. Proudfoot of the Robert Dollar Company, Shanghai; John Kries of the consular staff, Hongkong; Col. S. Chen, military attaché at the embassy in Peking; F. H. Kirchoff, assistant general manager of the Columbia Pacific Shipping Company; K. F. Yamamoto, New York; Mrs. E. P. Jones, Seattle.

Tears Are Shed In Night Clubs By Homesick Men

New York, Sept. 17.—In one of those intimate night clubs, which open at 10.30 o'clock at night and close the next morning when stenographers and office help are rushing to begin the day's work, is a dainty young woman who has been in Seattle for some time. She is a young woman who accommodates perhaps 500 guests and there is but one waiter. The orchestra is composed of a versatile piano player, several hostesses are employed to jolly up an amiable group. The crowd begins to congregate after the theatre and then the frivolity begins. Drinks are 41. There is a small space for dancing. The singing habit jazz tidbits with numerous variations the little song lady keeps the crowd in good cheer until late in the morning. It is then she begins the singing of mournful tunes that appeal to the late hangers-on, especially the men. Tears are shed in profusion and the girl is requested to repeat various numbers over and over again. Men thinking of the wife and family back in a mid-western town and women recalling the happier days of their fleeting girlhood. It is a slow night that the songster does not receive \$25 in tips. Often she gathers as much as \$50. People who cry more than those who laugh. Hostesses who sympathize with misunderstood men on a lark are tipped from \$5 to \$20 for their sympathetic emotions. All evening the girl drinks "down" at \$1 a copy. "Down" consists of a small glass of ginger ale masquerading as liquor. They are not permitted to drink on duty. The substitute waiter made \$67 in tips the other evening. The regular waiter is spending a two-months' vacation in Europe.

DUE FROM AUSTRALIA ON FRIDAY

With over 400 passengers aboard and a valuable cargo of frozen mutton and pineapples, the Canadian-Australian liner Niagara will arrive here on Friday morning from Sydney. She carries 200 passengers in first class cabins, 150 second class and the remainder in third class.

CANADIAN SAILORS EXPECT TO BE PRESENT AT WELCOME OF AMERICAN WORLD FLIERS

Commander Beard Says Bluejackets Will March Seattle Streets if Permission is Granted From Ottawa and if Seattle Makes Request; Seattle Takes Presence for Granted.

"If Seattle makes a request for the men of the Patricia to welcome the American world fliers when they arrive in that city, it is probable that Ottawa will give its consent and that the destroyer will go to the Washington mainland again and make the reception an international one," said Commander C. T. Beard, senior naval officer at the Esquimalt navy yard this morning. The Patricia will be in Seattle for probably two or three days from to-day, as she left here at 2 a.m. yesterday for the Puget Sound port to have her cables tested. When she returns she will go into drydock at the Victoria Machinery Depot, but meanwhile there are statements in the Seattle press saying that the officers and men of the Patricia will be at the reception parade of the city when the world airmen arrive, and that Lieut. J. E. W. Oland, commanding the Patricia, and his men will participate in the welcoming party. The Patricia is commanded on her present trip to the American port by Lieut. J. E. W. Oland, D.S.C., R.C.M., and her officers are as follows: Lieut. V. S. Godfrey, Lieut. H. H. Homs, navigating officer, Lieut. Gow, engineer, Lieut. Commander Stevens and six reserve service officers: Lieut. Kennedy and Lieut. D. R. Anderson.

TESTING CABLES

The Patricia visited Seattle for the purpose of having her cable chains tested, as there are no facilities for such work here. Leaving this port at 2 a.m. yesterday, she made her way through a dense fog throughout almost the entire voyage to Seattle. There she sheathed herself alongside the Milwaukee docks. On her return journey, according to plans, she will engage in target practice. The Victoria Machinery Depot reported this morning that the Patricia was due for inspection, cleaning, painting and some small repairs. The work on the ways on that day. The extent of the necessary repairs is not yet known, but it is her semi-annual check-up. The work on the ways is lengthy it will be impossible for her to be in Seattle for the U.S. aviators' reception. However, Commander Beard says she will be there if Ottawa gives consent and Seattle invites her.

SOL DUC CONTINUES SEVEN DAYS A WEEK

Company Announces Intention of Week-end Excursion Rates
The Sol Duc will continue her schedule between Victoria and Port Angeles, and will also make a regular trip to and from the Mainland on Sundays, it was announced today from the offices of the Puget Sound Navigation Company here by E. E. Blackwood, local agent. Mr. Blackwood received word this morning from C. V. La Farge, general freight and passenger agent of the company in Seattle, saying that the Sol Duc's schedule would be changed and that she would be enabled to make a Sunday run until further notice. The vessel will now operate every day in the week, including Sundays, and over the week-end excursion rates will be allowed, the company announces. Mr. Blackwood is confident that the passenger travel will be satisfactory for some time to come, and that the Sol Duc will be a very necessary link between the Mainland and Victoria through the winter. He believes that the ship is opening up a new and easier way into Washington for tourists and visitors to the American side, and that in the future this will be realized by the public more than ever before.

COULDN'T BE MISTAKEN

An American woman went to Scotland to visit some friends. When she returned one of her friends accompanied her. As they neared New York, the American woman said: "I'll be a little while we shall see Sandy Hook." "Oh," said her Scottish friend, "I don't tell me when, because I am sure I would know a Scotsman anywhere."

LAY UP BOAT ON KOOTENAY LAKES

C.P.R. to Withdraw One Steamer on Nelson-Kaslo and Crawford Bay Route

Vancouver, B.C., Sept. 17.—In view of the decrease in lake travel and the fact that freight shipments are slow for the present year, it has been decided by the Canadian Pacific Railway to lay up one boat on the Nelson-Kaslo and Crawford Bay route for the winter months and to maintain that route by a tri-weekly service which will become effective September 23. It was announced by F. W. Peters, general superintendent of Canadian Pacific Railway, to-day. For several years, Mr. Peters stated, the company has given a tri-weekly service on the rail lines between Kaslo, Nakusp and Sandon, and it is thought that this service will meet the present requirements on the lake and will enable the company to make necessary repairs for the maintenance of the spare steamer so that she will be available in an emergency. "We feel justified," Mr. Peters said, "in cutting down this service as there is a noticeable falling off of traffic from the coast. A few weeks ago, a very good motor road was constructed between Nelson and Balfour, a distance of twenty-two miles, in the most thickly settled area along the lake, and the taxi service has taken away considerable proportion of the traffic formerly handled by our boats, and in addition to this the Government maintains free ferry service across the Arm to connect with the road."

Ship Lost But Crew is Saved

British Freighter Strikes Rock Off Irish Coast

Queenstown, Sept. 17.—The British freight steamer *Asiah*, New Orleans for Liverpool, struck on Stag Rock, near Galley Head, on the south coast of County Cork, Ireland, to-day and is reported to be breaking up. The crew was taken off by the British destroyer *Sea Wolf*.

Special Rates to East This Season

Winnipeg, Sept. 17.—Special excursion rates to Eastern Canada, the Pacific Coast and certain points in the United States to prevail during the coming winter, were authorized to correspond with those in effect last year at a meeting of the Canadian Passenger Association Western lines. Announcement to this effect was made at the close of the meeting held in the office of the association president, Osborne Scott, general passenger agent of the Canadian National Railways.

Head Office Turned Over to Company; Mason Estate Figures

Toronto, Sept. 16.—"Did you tell Ocean G. Smith this scheme was false, fraudulent, improper?" Such was the question put by Gordon M. Shaver, counsel for the accused former chief accountant of the Home Bank, O. G. Smith, to Edward L. Middleton, solicitor for the Canadian Property Company, at yesterday's session of the Home Bank case here before Judge Coatsworth. The "scheme" referred to was that the transaction in which the bank turned over its head office on King Street West, Toronto, to a holding company. Middleton said emphatically he had not told Smith any such thing, because he did not think the scheme false or fraudulent. The scheme was that the King Street building should be turned over at a price of \$25,000 by the simple expedient of borrowing money from the Home Bank and giving it a bond therefor. "Did you ever see anything improper in it?" Middleton was asked. "No," said Middleton. "You did not advise the directors they were doing anything improper?" "I did not," Middleton said. "NOT SURE OF ORDERS" were your instructions that everything was to be properly done?"

WILL SURVEY WRECK

Portland, Ore., Sept. 17.—To determine if submerged wreckage of the British steamship *Welsh Prince* is at a depth of at least thirty-five feet below water, a survey of the place where the forward part of the hull of the ship rested is to be carried out this week. Contractors are reported to regard the task of removing the wreck as completed. In advance of acceptance by Maj. R. T. Colner, Corps of Engineers, U.S.A., a survey will be made. The wreck occurred in the Columbia River near Astoria, May 25, 1922, when the *Welsh Prince* and the big American-Hawaiian freighter *Iowan* crashed together in a heavy smoke screen, due to forest fire. The two vessels collided at 10.50 p.m. Seven members of the crew of the *Welsh Prince* were killed and three injured.

THE MASON ESTATE

A bit of sensation was caused by the brief testimony of John A. Whitehead, estates manager of the Trust and Guarantee Company. He was called to give evidence as to the present status of the estate of the late J. Cooper Mason, former general manager of the Home Bank. "How much is available for the creditors?" he asked. "Not more than \$2,000 or \$3,000," he said. "What the total liability?" "About \$420,000." "Of which bank is the creditor?" "How much?" "About \$400,000." It is understood this \$400,000 includes the double liability on the stock held by the Mason estate.

Canadian Property Company's Solicitor Heard at Home Bank Trial

Toronto, Sept. 16.—"Did you tell Ocean G. Smith this scheme was false, fraudulent, improper?" Such was the question put by Gordon M. "Did you ever see anything improper in it?" Middleton was asked. "No," said Middleton. "You did not advise the directors they were doing anything improper?" "I did not," Middleton said. "NOT SURE OF ORDERS" were your instructions that everything was to be properly done?"

NEW YORK, SEPT. 17.—SUPPORTERS OF THEODORE ROOSEVELT AND THE PROGRESSIVE PARTY TO THE NUMBER OF FIFTY FROM DIFFERENT PARTS OF THE COUNTRY LAST NIGHT GAVE OUT A STATEMENT EXPRESSING REGRETMENT AT THE ATTEMPT TO APPROPRIATE THE NAME OF 'PROGRESSIVE' TO THE RACIAL MOVEMENT REPRESENTED BY THE CANDIDACY OF SENATOR ROBERT M. LA FOLLETTE.

"Simple as a personal candidate," said the statement, "Senator La Follette has earned no title to the confidence of supporters of Theodore Roosevelt. He refused them his aid when it would have been decisive of success." Signers of the statement included Chester H. Rowell of California.

The high cost of litigation to an unsuccessful plaintiff was emphasized by W. C. Moresby in a motion in Supreme Court Chambers this morning in the action of Ella vs. the Bank of Montreal. Plaintiff, Henry R. Ella, sued defendants for damages to an eye, sustained when he looked on at building operations at the site of the new bank building. Plaintiff was unsuccessful in the suit, defendants being absolved of responsibility for the accident, and was assessed the costs of the suit. These, stated Mr. Moresby, plaintiffs' counsel, amounted to \$1,677, which sum was later reduced by order of the registrar to \$1,452.

The motion was for taxation of the costs which counsel held too high for what he described as the simple action involved. Counsel quoted from an itemized list of costs, taking objection to several phases of the bill. Harold B. Robertson, K.C., counsel for the defence, agreed to a suggestion by Mr. Justice Murphy that the matter should be brought before Chief Justice Hunter, who heard the suit. Adjudgment of the motion was granted to bring this about.

Real Estate Board Addressed By Norman McLean

Vancouver Property Owners Aggressive For Economies

Norman McLean, president of the Associated Property Owners of Vancouver, was the guest of honor at today's luncheon of the Victoria Real Estate Board, held at the Chamber of Commerce. Mayor Hayward, a number of city aldermen, Reeve MacInnis and delegates from several public bodies also attended to hear Mr. McLean explain the organization of the Vancouver taxpayers.

He showed that progressive policies of economy had been fostered by the taxpayers, while upholding the council, and declared the attitude of his organization at the Penticon convention. He assailed Hon. Mr. Manson was wholeheartedly in favor of such a change.

"Vancouver has it now; all we want in that the city manager plan be made a law, and that is where we need your co-operation," he said, after describing the wide scope of power entrusted to City Controller Filkins of Vancouver.

Charged with speeding between twenty-five and thirty miles an hour on Fort Street recently, Richard Lee was fined \$20 in City police court to-day. Motor Cycle Constable Peterson told of pacing the motorist on several blocks and finding the speed over the limit. R. C. Love appeared for the accused, who pleaded guilty and apologized for the breach.

The sight of a large panther slinking ahead of their automobile on Fort Street recently, two Victorians into an exciting chase this week in the Jordan River district. As soon as they saw the cougar the party stopped the car and unchained a dog. The panther fled, but the dog, who the latter failed to see, and the chase came to an end without the valued pet.

Spring salmon are plentiful in Cowichan Bay, according to fishing enthusiasts reaching the city over the weekend. One party caught eight springs, totalling 128 pounds, including one fish of 45 lbs. in two hours trolling after dawn. Another party, a well-known sportsman, caught six Spring salmon while trolling in the same waters a few hours later.

The setter and birds were mounted by W. W. Tow, local taxidermist. The display is attracting considerable attention. One party of visiting auto-motors stopped to take a look at it to be the most attractive form of display they witnessed in a continental-wide tour.

A map of British Columbia showing in colors the natural resources of each locality and disposition of lands within the railway belt has just been issued by the Natural Resources Intelligence Service of the Department of the Interior. It also shows railways, forests, Indian reserves, timber berths and grazing leases. The aim of the service is to effect the widest appreciation of the true character of Canada's physical assets and thus, some measure assist those, who through the attraction of new industries or in some other manner, are engaged in developing Canadian resources.

WITHDRAWS OFFER TO PURCHASE PARK

The City Council having taken no action with the offer of H. M. Fuller and associates to purchase the Willows Park for \$60,000, subject to certain conditions with regard to continuation of horse racing franchises, the offer has been withdrawn.

The council had received some data from the city comptroller and building inspector on the investments at the grounds, and the physical value of the property there, but because that has taken no action. Therefore the council was formally in a communication received yesterday afternoon advised that the offer had been withdrawn.

CHANGE OF LAW

Householders and trades license holders are advised that there has been a change of the law in connection with the registration which is due in October.

Householders were admitted to the new law, which was put on proof from the license inspector that the road tax had been paid, provided they had made the necessary declaration in the previous year. However, the law is now amended, and personal registration is incumbent on the householder. The same plan applies to licenseholders.

FOUR CHINAMEN HELD FOLLOWING VANCOUVER RAID

Alleged Counterfeit Labels For Liquor Bottles Seized By Police

Believed 500 Cases Have Been Distributed With Spurious Seals

Vancouver, Sept. 17.—Detective Ricci, who had been gathering information in connection with the case for some time past, secured eight warrants of arrest and search Monday and with the co-operation of the other officers conducted simultaneous raids on premises at 107 Pender Street East, 747 on the same street, and 1441 Hastings Street East.

At 107 Pender Street East Lee Bute was arrested and a quantity of Chinese liquor and alleged counterfeit labels were seized. The police are believed to have been distributing 500 cases of liquor with spurious seals similar to those seized in Tuesday's raid.

The accused men are scheduled to appear in police court to-day, but it is expected that a remand will be granted to allow a further investigation into the case.

Those under arrest on charges of having unsaleable liquor are: Lee Bute, 107 Pender Street East; David Lee, 747 Pender Street East, and Lum Quong and Ng Pang, 1441 Hastings Street East.

To-day the men were brought up for preliminary hearing and remanded.

JAIL SENTENCES URGED FOR THOSE WHO DO NOT VOTE

St. Paul, Minn., Sept. 17.—Jail sentences for those who fail to vote as an encouragement to bring the electors to the polls was urged by former Judge Kenesaw Landis in an address to the American Legion at its national convention here.

MARGOT ASQUITH'S LATEST SURPRISE

Tells What England's Leaders Are in Secrecy of Own Minds

London, Sept. 17.—Margot Asquith, the intractable, has presented a new bouquet of thistles to England's national leaders in disguise of character studies in articles appearing in The London Magazine. They amount to literary physicanalysis, and Mrs. Asquith sets out to tell what England's leaders in secrecy of their own minds really are.

Lloyd George loves crowds more than himself, she writes. He has more ideas than his youth, but for with fields and impartial good humor. That is one of her few unbarbed shafts, tempered, perhaps, by consideration of the fact that Lloyd George and Asquith are making a supreme effort to be friendly.

This is what she has to say of Lord Curzon: "His natural self made many friends in his youth, but for some unknown reason he grafted on to that brilliant and hospitable self a certain ceremonious non-conducting personality which changes intimacy and his sense of humor—which is of highest quality—never has been focused on himself."

"Ramsay MacDonald," she writes, "watches and defends himself, but whether from strain or suspicion, he is not at ease about himself."

Other shots are: "Stanley Baldwin, though a little perplexed, is unconcerned and enjoys himself."

"Lord Grey has a self that few men can influence and none can win his intimacies as with birds, trees and squirrels."

"Austen Chamberlain is more loyal to his friends than to his convictions."

"Lord Birkenhead listens to himself, but his brains have gone to his head, and then a situation will be developed, the outcome of which cannot be foreseen."

COURTESY NEW YORK POLICEMAN IS GIVEN A TRIP TO EUROPE

New York, Sept. 17.—William B. Leeds and his wife, Princess Xenia of Greece, were so impressed by the courtesy and efficiency of John P. McIntyre, traffic patrolman stationed at the gate of the Cunard line wharves here, that they decided to pay the expenses of a six months' tour of Europe for him and his wife. They are to sail to-day.

EVANSTON, ILL., SEPT. 17.—CHARLES G. DAWES, Republican candidate for the Vice-Presidency of the United States, returned to-day from a visit to the American Legion convention in St. Louis to spending two days at a conference with his campaign managers and prepare for his second invasion of the Northwest with a speech Friday at Sioux Falls, S.D.

Winnipeg, Sept. 17.—Formation of an industrial army with a compulsory enlistment for all able single men seeking unemployment relief and optional for married men for carrying on work such as roadbuilding, clearing brush, was advocated to-day by a resolution introduced at the Army and Navy Veterans' Convention. It considered that this was the solution of the problem of unemployment among former service men. The army would be under the direction of competent officers and all unemployed refusing to work in it would become liable under the Vagrancy Act. The convention protested against "promiscuous immigration" and advocated bringing from Great Britain such settlers as actually required in various provinces. Archdeacon Laycock will hold a dedication service at St. Martin's Church, Obed Avenue, on Wednesday evening at 8 o'clock.

VETERANS' SOLUTION TO UNEMPLOYMENT

Is Formation of Industrial Army For Road Building and Bush Clearing

MARY PICKFORD IS SUPPORTED BY ABLE CAST AT DOMINION

In her latest United Artists picture release, "Dorothy Vernon of Haddon Hall," which is an adaptation of the novel of the same name by Charles Major, Mary Pickford appears under the direction of Marshall Neilan, who last directed her in "Daddy Long Legs." A worthy cast, including Alan Forrest, Clare Eames, Marc McDermott, Wilfrid Lucas, Lottie Pickford, Estelle Taylor, Eric Mayne and Anders Randolf, support Miss Pickford.

Each morning as Mary Pickford came upon the set during the filming of "Dorothy Vernon of Haddon Hall," Marshall Neilan's orchestra greeted

MAE MURRAY FRENCH MISS IN PRODUCTION NOW AT PLAYHOUSE

Mae Murray is here. That's her newest Metro picture, "The French Doll," which is at the Playhouse Theatre, is undoubtedly this star's most elaborate and fascinating production.

This startling photoplay breaks Miss Murray's own record for gorgeous settings and luxurious settings. Her costumes were made from her own designs in New York, Paris and Vienna, and they represent the last word in apparel. There are scenes of society life in Paris, New York and Palm Beach. Miss Murray has the role of a vivacious French girl who finds romance.

"The French Doll" is based on the successful play in which Irene Bordoni played the leading role. Frances Marion prepared the scenario. The photoplay is presented by Robert Z. Leonard and was produced by Tiffany Productions, of which Mr. Leonard is director general and M. H. Hoffman general manager.

with characteristic bankers and croupiers dealing these games of chance. Besides the poker tables which will also be seen in this set, there are a large number of tables at which the actors are playing the latest indoor craze—mah jong.

As if this was not enough gambling for one drama, the author called for a scene in another scene and Director J. Gordon Edwards has reproduced one of the most realistic underworld pool room scenes ever put on the screen.

ROYAL SHOW IS BETTER THAN EVER WITH GOOD HOUSES

"To-night's the Night," Reginald Hinckley's vehicle for the week, is making a big hit every night at the Royal Victoria Theatre.

All the principals are making good and the chorus, which was not at its best on the opening night, is now showing what it is capable of in the rendition of snappy choruses and the presentation of attractive dancing.

Ernie Petch never had a better Jew part. He is a scream from start to finish, and in his duet, "Please Don't Flirt With Me," which he sings with Helen Starr, he excels himself, leaving the audience rocking with laughter. Will Marshall and Peggy Lewis also deliver some of the best work they have ever done and win a wealth of applause for every number.

HUTCHINSON'S BOOK REPRODUCED IN FILM VERSION AT COLUMBIA

"If Winter Comes" was called one of the best novels of the past few years. By the same token, "If Winter Comes," the William Fox screen version of the Hutchinson book, is the outstanding photoplay of the last ten years.

Crowded houses at the Columbia Theatre, where Percy Marmont is seen in his Columbia characterization of the whimsical Mark Sabre, prove emphatically that when a really fine work of fiction is given adequate film dramatization the public will show its appreciation in no uncertain manner.

"If Winter Comes" has been brought to the screen as the author himself would have filmed it were he a photo-play director, it is claimed. The story follows the book literally, the cast is ideal, and the whimsical humor and deep pathos of the story are emphasized in the screen adaptation.

To-night is the last opportunity to see this photodrama, as it closes its run at the Columbia Theatre.

ALCHEMY OF LOVE TRANSMUTES BASE METALS INTO GOLD

It is seldom that a stage play made from a well-known book quite satisfies its audience, and even more seldom that a screen version of a play comes up to what is expected of it. Wherein "The Man Who Came Back" is decidedly different.

The audiences which filed out of the Capitol last night were satisfied, and with good reason.

The story is of Henry Potter, the good-looking, lovable and utterly irresponsible son of a New York millionaire who takes great pride in his family name.

George O'Brien who plays the role of Henry Potter, is a newcomer, and William Fox may safely chalk up another "find." To his splendid physique, his handsome features, and attractive personality is added the ability to act. He lives in his part with great natural grace, a fine touch, and in the more dramatic scenes with true genius.

Dorothy Mackall has had considerable screen experience, but she has never put across a finer bit of acting than she achieves in her role of Marcelle.

The supporting cast includes David Kirby, Edward Friel, Harry Hines, Emily Fitzroy, Cyril Chadwick, Ralph Lewis, Walter Wilkinson and Brother Miller, all of whom do excellent work.

COLISEUM SHOWS FILM OF GAMING CASINO IN ACTION

Several scenes and a number of dramatic moments occurring in the Fox film version of the successful New York play, "It Is the Law," now at the Coliseum, are staged in a huge casino, and besides being peopled with nearly five hundred richly dressed "extras," the gaming room is equipped with gambling apparatus from all parts of the world.

There are roulette tables, rouge et noir boards and most unique of all French baccarat tables in full swing.

FAIRBANKS SPECIAL DUE AT COLISEUM

"The Thief of Bagdad" Will Be Shown Here Commencing September 25

Douglas Fairbanks in "The Thief of Bagdad" will have its presentation in this city at Coliseum three days starting Thursday, September 25.

It is a glorious fantasy of the Arabian Nights—a fanciful story of love and adventure, laid in an imaginary world of fancy, and abounding in amazing happenings—or as one scribe has put it, "unbelievable wonders," such, for instance, as the flying carpet, the winged horse, that flies through the clouds, and numerous other amazing conceptions, actually brought to life. And for its presentation in this city "The Thief of Bagdad" will offer all the colorful atmospheric effects, a symphony on orchestra, trained by the composer of music; full scenic and stage effects, a band of Arabian musicians, with the instruments of their native country, as well as Mohammedan Prayer Man. When "The Thief of Bagdad" is shown here there will be brought into use all the late inventions of motion pictures, including Edison's newest high-tension lamps, as well as the newly invented silk and rubber screen. The latter device holds the illumination with less reflection, providing a clearer picture than heretofore. The sale of seats will open Monday, September 22. Mail orders will be filled in the order of receipt.

CANNOT FURNISH HOSPITAL WITHOUT FURTHER FUNDS

Fraternal Societies' Aid Would be Heartily Welcomed

That there must be some additional subscription to furnish the East Wing of the Jubilee Hospital without debt being incurred was the statement to The Times by George McGregor, president of the institution this morning, in indicating that the subject was engaging the attention of the board now, and that further contracts for furnishing should be let at the next meeting of the board.

The nature of that subscription is the chief issue before the directors, because a general public appeal may not be the best method of securing results, nor perhaps altogether in keeping with the undertaking given by the directors when the public appeal was made last November.

The directors then pledged that they would not come before the public again for the building fund, and that they would open the building free from debt. The actual cost of construction has been provided by cutting out certain details, and not finishing the treatment rooms for private patients, three of which will not be opened when the building is occupied. But in spite of the generosity of a number of citizens and societies which undertook the

PRINCE OF WALES TO LEAVE U.S. FOR ALBERTA SUNDAY

Syosset, N.Y., Sept. 17.—The Prince of Wales expects to leave here Sunday night for Alberta.

Traveling from Glen Cove to New London, Conn., by yacht, he will board his special train for Canada. He will remain on it, with no prolonged stops, until he reaches High

River, Alberta, whence he will go by motor to his ranch.

The Prince was surrounded and followed by a crowd across the polo grounds at Westbury, L.I., after the same yesterday between the British and United States teams, but he said he enjoyed it.

A small crowd on the side lines swarmed after him as he started across the field. Men and women from across the field augmented the throng, and soon the Prince was surrounded by a dense crowd. The police had difficulty inducing enthusiastic admirers to allow the Prince

room to walk to the club-house. Captain A. F. Lascelles, the Prince's secretary, asked concerning the report the Prince had profited on the stock market, said the Prince might have put up a bet or two on horse races, but he seldom gambled, and was ignorant even of the terminology of the stock market.

VISIT SON ON ANNIVERSARY—Mr. and Mrs. Elbermont Nash, visited their son, "Golden Rule" Arthur Nash, Cincinnati clothing manufacturer, for the first time in seven years, to celebrate their fifty-fifth wedding anniversary. The son recently gave \$25,000 to his employees because he did not want to become a millionaire.

BESTING SPANIARDS—Abdel Erim, whose Riffian tribes men have just met with fresh successes in their efforts to drive the Spaniards out of Morocco.

MAJ. MARTIN'S WRECKED PLANE—The wreckage of Maj. Frederick Martin's ill-fated round-the-world aeroplane (above) was discovered and photographed by William E. Sullivan (below), U.S. hatchery foreman, near Port Moller, Alaska. The plane, Sullivan says, is a total wreck, but the engine is apparently in good condition and can be salvaged by a dog team. The plane was found about 1,000 feet above sea level.

RISES IN SOCIETY—At the top "Moonlight" drawing a delivery wagon on Toronto streets, a year ago attracting no more attention than any ordinary horse. "Moonlight" recently was sold at the Cobourg Horse Show to Sir Clifford Sifton for the tidy sum of \$2,500, having risen in so brief a time from delivery horse to one of the most famous jumpers in Canada, having cleared the bars at more than seven feet. Below, "Moonlight" ridden as a saddle horse.

"BILL" FAHY ARRANGES BOND—William F. BRITISH SCIENTISTS AT JASPER PARK—The special Canadian National trains, carrying the members of the British Association for the Advancement of Science were halted at Jasper, Alta., long enough for the visiting scientists to see some of the beauties of Canada's largest national park. The visitors were entertained at Jasper Park Lodge and were also taken for drives to Maligne Canyon and Mt. Edith Cavell. Photograph shows three members of the party standing before the totem pole at Jasper Station. Left to right, they are: Senator Faure (of France); Sir Charles Parsons, inventor of the turbine engine, and Sir Robert Falconer, Chancellor of Toronto University.

THIS PLANE'S SPEED IS 197.5 MILES AN HOUR—The navy hydro-aeroplane U.S.N. 4 broke all speed records for planes of its type when it cleared the air over the Delaware River near Philadelphia at a clip of 197.5 miles per hour. It is a small plane with a wing spread of but 22 feet and 6 inches. Inset shows Lieutenant George Cuddihy, who piloted the machine on its record flight.

BEDTIME STORY

Uncle Wiggily and the Tumble Bug

(Copyright, 1924, by McClure Newspaper Syndicate)

By Howard R. Garis

"Ting-a-ling!" rang the telephone bell in Uncle Wiggily's hollow stump bungalow one morning after breakfast. "Dear me! That's too bad!" exclaimed Nurse Jane Fuzzy Wuzzy when she had said "hello," and listened for a moment to some one talking at the other end of the wire. "That certainly is too bad!" Uncle Wiggily will come right over!" "What's the matter?" asked the bunny rabbit gentleman, as he made his ears stand up straight in surprise. "Is the bad Fox coming here after me? If he is I should say it was too bad!" "No, it isn't the Fox," said Nurse Jane, as she hung up the telephone.

Ha! Ha! laughed Uncle Wiggily.

"But Uncle Butter, your goat friend, is ill!"

"What's the matter? Did Aunt Lettie say he had been eating too many tin cans?" asked the rabbit.

"She doesn't know what the trouble" went on Nurse Jane. "She says Uncle Butter just sits in a chair, looking as cross as a patch of black clouds, and he grunts and goes and says 'Oh, dear!' all the while."

"Egad, he must have the dismal epidemic," laughed Uncle Wiggily.

"It isn't dangerous or catching. All Uncle Butter needs is to be made to laugh and he will get better. I'll go over and see him."

"Do you think he will laugh at you?" asked Nurse Jane, smiling.

"Well, maybe I can make him giggle a bit," spoke the bunny, hopeful like and meditative.

On his way over to Uncle Butter's house, Uncle Wiggily sat down to rest on a grassy bank at the side of a hill. And while he was sitting there, all of a sudden, something tumbled down from the top of the hill and hit the bunny gentleman's hat.

"Hello, what's that?" cried Mr. Longears, jumping up. He saw a big, brown bug crawling on the ground. And, as the bug crawled, it slipped and tumbled and tumbled, and he tumbled down the hill and hit his hat!" asked the rabbit.

"Yes, thank you—I mean excuse me—I did," buzzed the bug. "I hope I didn't hurt you," and, as he spoke, the bug tumbled down again.

"Ha! Ha!" laughed Uncle Wiggily. "Excuse me for laughing, but you do look so funny," said the bunny. "I can't help giggling."

"And I can't help giggling," said the bug with a smile. "I'm a Tumble Bug and I must tumble—it's my nature," and he tumbled over a little stone, no larger than the head of a pin. And there the Tumble Bug lay on his back, kicking his six legs in the air—so funny as never was.

"Oh, dear! You make my ribs ache from laughing—you're so funny, Tumble Bug!" shouted Uncle Wiggily. "You're so funny—Oh, I have an idea! Did you ever make a goat laugh?"

"Lots of times!" said the Tumble Bug.

"Then come with me and make Uncle Butter laugh," said Uncle

Life is Real

No thoughtful man can close his eyes to the realities of life.

It is true that life insurance has to do with life. Life insurance sets the mind at rest,—it saves money for old age comforts,—it enters into many a business deal; in fact, it touches all phases of life.

But, it is equally true that life insurance stands between many a bereaved family and the hard realities of living. The loss of the breadwinner often places burdens upon shoulders too weak to carry them. Then Life Insurance can and will assume the load.

Good citizens of Canada are insuring their lives now at the rate of over a Million Dollars a day. Why not consult your nearest life insurance man and find out all that Life Insurance can do for you?

Party of Editors Arrives From Netherlands After Extensive Tour

That as a result of their visit to Canada it will be possible to induce a large movement of the best type for immigration, joined the party of Netherlands editors who arrived here yesterday afternoon after an extensive tour of Canada.

All the places likely to be attractive to agricultural settlers from the home country have been visited, and the editors will be able to write appreciatively of their journey and of the opportunities for settlement.

Knowing Western Canada well, L. J. S. Van Riemsdyk, of Winnipeg, representative of the Holland League for Immigration, joined the party in Quebec and traveled with them, the guide of the group being A. B. Calder of the Canadian Pacific Railway.

The party, which was met by representatives of the Victoria Press Club, will spend to-day in the city and will proceed to Qualicum and Cameron Lake to-morrow morning, returning to Nanaimo to cross that way to the mainland, whence the journey east will be made on the southern route.

"We have," said Mr. Van Riemsdyk to The Times, "an opportunity in the Netherlands for farmers who cannot take up their fathers' land, and when there are several sons immigration must be resorted to if the men are to continue to follow agricultural pursuits, for which they are particularly suited. When you think we have 7,000,000 people in an area about equal to this island, the congestion of space will be appreciated.

"One of the after-war problems has been the unemployment which is extensive in the country, and as a consequence some of the large cities have joined with the government to establish an emigration policy, which enables them to give a grant to a man of a lump sum, enabling him to start in a new country. This occurs directly in the case of men engaged in agriculture, while in the case of urban dwellers, we recommend the prospective emigrant to study a year with a farmer before he goes out, as a consequence of which we avoid sending green men to this country.

The various centres where he visits to discover few Hollanders who are failures, and those who have not succeeded were office people in the first place," said Mr. Van Riemsdyk. The party consists of M. J. Brusse, editor of The Nieuwe Rotterdamse Courant, Rotterdam, and his son, H. J. Brusse; H. C. J. A. van Lammerdam, editor of the De Tyd, Amsterdam; T. Croonen, editor of the De Standard, Amsterdam, and M. A. van Roggen, Dutch consul at Vancouver.

BULB GROWING OFFERS OPENING

Lesson of Scilly Islands Can Be Learned Here

Grower From Famous Flower Raising Islands Visits City

That Vancouver Island, and the adjacent islands are particularly well fitted for the production commercially of bulbs is the opinion of W. G. K. Birkinshaw, of St. Mary's, one of the Scilly Islands. Mr. Birkinshaw, who was in the city Monday and yesterday, is an expert bulb manufacturer of Wolverhampton, England. He began his interest in that remarkable group of islands which are famous the world over for their bulbous plants as a summer resident, gradually extending his interest and now is among the associated growers. He gives special attention to testing new varieties, and improving the market conditions, his farm, together with that of another grower, being used for practical tests of special features in cultivation.

TWO FACTORS
Equable temperature, and experience in co-operative marketing, which Vancouver Island growers possess, the former by nature, the latter by several years of trial, are two of the chief reasons why the islands are successful. The seas around this coast also have another feature in common with the Scilly Islands, that there is an abundance of help rich in potash available, and it may be mentioned that the chief manure used by the islanders for their early crops is partially rotted seaweed from the rocky shores of the numerous islands.

THE INDUSTRY
The Scilly Islands have a considerable start in early maturity on the Channel Islands and on southern Cornwall, the flowers are at the show signs of opening, are placed under glass, with a little heat in case of cold weather, and then drained of all the water which comes from them. This occupied forty-eight hours, and another day will be required in transit before they are on the market. The islanders have had a steamer which operated from the central island, St. Mary's, to Penzance, where they are shipped direct by special train to London for display at Covent Garden market. The flowers are put up in bunches of thirty-six, packed in light wooden boxes considerably lighter than the standard boxes of a dozen usually packed about half a dozen trips from market to the islands. The boxes are shipped direct to a central island, where they are distributed through the trade there. The best bulbs are grown on sandy soil, and the most careful watch is kept to sustain quality.

Special Service At Metropolitan Church on Sunday

On Sunday morning next there will be held a special service for "Old Folks" at the Metropolitan Church. Automobiles will be provided to convey any elderly people in the city to the service, and return them to their homes. Dr. Sippell will conduct a service appropriate to such an occasion, and both messages and music will prove an inspiration. Any persons acquainted with any elderly people wishing to attend this service can have automobiles provided by telephoning 765.

Give your tooth brush an even chance

Your Pro-phy-lac-tic Tooth Brush does its best work when you give it a chance to dry out thoroughly between brushings. The saw-tooth-pointed bristles tufts chase germs best when they are dry.

Notice to Breeders of Livestock

Mr. Erick Bowman, the discoverer of The Bowman Remedy, claims that in treating 70,000 cattle in the United States the results have been successful in 98% of the cases treated. Are your dairy cows and heifers causing you trouble? Are you obtaining results in calves and milk that satisfy you? Do your cows (according to your knowledge of their capacity) produce as much milk as they should—or are you marking time and feeding a number of boarders that should be sent to the butcher? These are matters that can be put right. Delays are fatal.
