

The Campbell Visitor

VOL. 9, No. 41

CAMPBELL, SANTA CLARA CO., CALIFORNIA, MARCH 19, 1904

\$1.00 A YEAR

LOCAL NOTES.

Mayfield has voted in favor of \$35,000 water bonds.

Fresh line of Jelly and Jam at Putnam's.

Mrs. L. F. Shaw is visiting with relatives in Palo Alto.

Miss Mattie Jenness returned from her visit to Berkeley Monday.

Mrs. Mason of Lawrence is visiting her sister Mrs. P. G. Keith.

The band boys have boarded in the top of the band stand and now practice there.

The Fruit Growers' Union exhibit has been sent to San Jose for shipment to St. Louis.

The Rev. J. W. Lewis went to Capitola, Tuesday to visit a few days with W. H. Swope.

Thaddeus Joy is taking an active part in boating, and will undoubtedly make his class crew.

Miss Alice Joy, Campbell High School 1903, is playing on the girl's basket ball team at Berkeley.

Miss Rilda Cochrane of Sunnyvale has been spending the week with her aunt Mrs. Charles Nicholls.

Dr. Gardner Perry Pond of San Francisco has been visiting a few days this week with E. F. Woodhull.

Roy Canine went to Sisson, Wednesday in the northern part of the State where he will spend the summer.

Mrs. H. E. Scharfe has returned to her home at Upton, California after a pleasant visit with Miss Eva Canine.

Mr. Eddlemon and family of the city are visiting the family of J. Linscott. They are thinking of locating here.

Mr. and Mrs. J. D. Leslie of San Francisco, are visiting F. A. Leslie and family of the Willows, and relatives at Campbell.

John Leonard, Campbell High School 1903, is doing some very creditable work this year in track athletics at Stanford.

Mrs. E. F. Woodhull has been spending several days at Lake Pillarcitos in San Mateo county.

She arrived home Tuesday of this week.

The weather the past two or three days has been rather stormy and the prospects are for abundance of water.

The W. C. T. U. will hold an Ensign Tea at the residence of Mrs. Stratton on Wednesday, March 23rd at 3 o'clock. A large attendance is desired.

The Interurban Electric cars will run to Los Gatos regularly from Saturday on. So far the traffic to Saratoga has been all that could be desired.

Mr. and Mrs. Reid, who have been visiting some time with Mr. and Mrs. J. C. Ainsley, left for their home in Ohio, Friday, expecting to stop at several points on their way.

A letter from J. H. Neff, from southern California, has just been received which we hope to print next week. He says that country does not compare with Santa Clara Valley.

Dr. and Mrs. Cooper have just received copies of the Panama "Star and Herald" a daily of Panama. It is printed partly in American and partly in Spanish. Will is now at Calleo, near Lima, Peru, where he is on a short furlough.

The temperance lecture by Col. Sobieski at the M. E. Church Thursday night was rather poorly attended, owing to the bad weather, but those who turned out enjoyed a real treat. Col. Sobieski has a very convincing and winning manner and would surely have won adherents to his cause had any been present who were not already enlisted.

The masquerade ball given by the Rebekahs Tuesday night at the I. O. O. F. Hall was attended by a large crowd of maskers and onlookers, many of them, especially young men, being from Los Gatos and San Jose. Prizes for costumes were awarded, the first being captured by Herbert Sault, his disguise being a cowboy outfit; the second by Claud Gard and Miss Ruby Fore, his partner.

Prof. Hunt's lecture last night was a splendid account of the

work of the Vigilance Committee of San Francisco. Prof. Hunt is so thoroughly informed upon all subjects relating to the early days of California, that his lectures are most profitable to his hearers as well as interesting. The course given by the Epworth League has been carefully selected and a real means of culture to those who have taken advantage of them.

The lecture to be given next Friday evening by Prof. C. M. Gayley, of the State University, will be a rare treat to the people of this locality. His subject, "Kipling" is one that will be specially interesting and will no doubt be heard by a very large number of people. The lecture is one of the high school course and Campbell is to be congratulated on having so able a speaker appear here. We understand that a number of visitors from outside high schools will avail themselves of the opportunity of hearing Prof. Gayley.

Stuart S. Smith, who was the first business manager of the Campbell High School "Oriole," now has charge of all the local advertising in "The Daily Palo Alto," published by the Stanford student body. Stuart has taken a prominent part in several university activities since he entered Stanford last August. At the meeting of the Nestoria Debating Society at Stanford Saturday night, the membership committee offered the name of Stuart Smith for active membership. At the same meeting, Chas. Geer was voted in as an active member.

Mr. and Mrs. Charles Nicholls who live on the Capp place on Johnson avenue, were pleasantly surprised Thursday night by a visit from a crowd of their friends from Sunnyvale, consisting of the Elite Bicycle Club of that place and others. The evening was charmingly spent in games and music and the occasion was enjoyed to the full by all present. The guests were: Mrs. Tucker, Misses Rilda, Edwina and Elma Cochrane, Mildred French, Rena Olsen, Alice and Juanita Middleton; Prof. A. B. Capp, Messrs. Alan and Harlow Plimpton, Fred

Snively, Isham, Howard, Hyland, Chas. Carnes, F. R. Capp and Benjamin Capp.

Blue Point Oysters at Putnam's.

Chester Naramore Marries

Miss Grace Chilson of Sacramento and Chester Naramore were married in San Francisco Tuesday evening. Mr. Naramore is well known in Campbell where he formerly resided. He is a graduate of the Santa Clara High school and of Stanford University.

A San Francisco paper has the following to say:

Miss Grace E. Chilson of Sacramento, and Chester Naramore, of this city, were united in marriage at the home of the bride's aunt, at 2828 Bust street, last night.

Miss Chilson is well known in the musical circles of San Francisco, through her appearances in piano recitals on the concert stage in these cities. Mr. Naramore was one of Stanford's greatest athletes and football players. He graduated with the class of 1903.

A Scratch.

In spite of our invigorating climate it would seem that old age comes upon many people very early in life. The Sunday evening congregations of the churches are often made up largely of very young people, their elders being presumably too feeble to attend. These youngsters, after the manner of their kind, congregate in two or three back rows, and lacking the restraining influence of their natural guardians, give themselves unreservedly to having a good time. We are not blaming the children, some of them are mere high school girls and boys, and others are even more immature, and it is manifestly unreasonable to expect them to conduct themselves properly. They should be attended by their parents,—two of the latter to each child would probably be sufficient to preserve order.

TABBY.

Roadmaster R. K. Thomas Gives Suggestions.

EDITOR VISITOR:—As your Board of Trade is making such a great effort for your town, I take this way of making your people some suggestions that we may have a better understanding about caring for the streets in Campbell. In the past I have done my best for you in the way of keeping the streets clean, but I have felt very discouraged many times as it is very hard to get satisfactory help to do this in the busy season. And again, no doubt you have noticed, many who should assist in this have not, but on the contrary have used the streets for a dumping ground, and in several instances I have been called on by such parties to remove refuse and they felt quite indignant because I hesitated to do so. Now I don't write this for any purpose other than to try to come to a better understanding. The streets of Campbell are county property and the law governing them is very strict and plain. One feature is, one shall not take from or add to the highway without permission, so those who dump their rubbish in your streets are liable to a fine. Now as the season is at hand when people begin to trim their vines and bushes and cut the weeds, please do not dump them in the streets for this makes it look bad and you are violating the law. Now let me make a suggestion to your people and I hope you feel willing to assist in this. If your Board of Trade will name a day we will all turn out and clean up all of the streets of Campbell in good shape. Perhaps in April would be the best time, but let them set the day. I will furnish one team and two men to remove the rubbish (but will not remove any that has been dumped from your lots). Now please call on your Board who is trying to do so much for you and register as one that is ready to help in this; if you can not help send a substitute.

Yours Truly,
R. K. THOMAS.

Hurlbert & Kennedy will sell your Real Estate or Insure your property.

When Ladies See Bargains Rain Does Not Keep Them Back.

For the last six weeks we have had a continuous rainstorm in this city, yet the crowds of people daily attended the GREAT FURNITURE SALE at PATTOSIEN'S, Corner Sixteenth and Mission streets, San Francisco. This shows that rain will not stop the ladies from shopping when they know they can get "real" bargains. This week all the three-piece \$40 parlor sets will go at \$23; the five-piece \$45 sets, \$29.50. There is no doubt the crowds will continue coming until the first of May, when the store will close forever. Prices will double after that time.

Temperance Lecture.

Monday night a temperance lecture was delivered by the Rev. Mr. Kiff of South Dakota, who has been visiting his friends, Mr. and Mrs. Sickers of Foxworthy avenue. The lecturer was an interesting speaker, and presented many new arguments for his cause. Some of his strictures on those whose political opinions differ from his own were regarded as rather intemperate and called forth protests from some of his hearers. The episode did not detract from the interest of the meeting, however.

Manager Wanted.

Trustworthy lady or gentleman to manage business in this county and adjoining territory for well and favorably known house of solid financial standing. \$20.00 straight cash salary and expenses paid each Monday by check direct from headquarters. Expense money advanced. Position permanent. Address Manager, 810 Como Block, Chicago, Illinois.

SUMMONS.

IN THE SUPERIOR COURT OF THE State of California, in and for the county of Santa Clara, Alida M. Wise, Plaintiff, vs. G. W. Wise, Defendant. Action brought in the Superior Court of the State of California, in and for the county of Santa Clara, and the complaint filed in the office of the Clerk of said county of Santa Clara. The people of the State of California send greeting to G. W. Wise, Defendant.

You are hereby directed to appear and answer the complaint in an action, entitled as above, brought against you in the Superior Court of the State of California, in and for the county of Santa Clara, within ten days after service on you of this summons, if served within this county, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the county of Santa Clara, this 6th day of January, A. D. 1904.

{Seal.} HENRY A. PFISTER, Clerk,
By A. C. Russ, Deputy Clerk.
Cobb & Rea, Attorneys for Plaintiff

DYER'S CONFECTIONERY

A choice lot of fresh candies and soft drinks. Home made pies, cakes and doughnuts. Cigars, tobacco, jewelry, stationery and canned goods, oranges, lemons and apples. Tamales and fresh roasted peanuts. Light lunch served at any time.

Next door to postoffice, Campbell

 Advertising Rates, 50c. an Inch per month

Entered at the Postoffice at Campbell, California, as second-class mail matter

THROUGH the courtesy of Orrin S. Henderson, Railroad Commissioner for the Third District, we have received a copy of the new railway map of California, which shows the different railroads of California, as well as the typography of the state in a remarkably fine manner. It is mounted on cloth and any of our friends who are interested in examining the extent of the railway lines of California are at liberty to call at our office and inspect this one. Each railway is shown in a different color or as nearly so as possible, and it is surprising to see the extent of this branch of the business in our State. No less than thirty-eight different railway lines are shown, a fact that will be a surprise to most people.

It might be of interest to our readers to know that our office possesses one of those new official county maps recently furnished by County Surveyor McMillan. This map is 6x8 feet, hung on a roller. It contains all the tracts of land in the county, with the owners name in almost all cases, and it shows almost all the old Spanish grants in different colors, the township lines, supervisors' districts, school districts, county boundry, railroads, county roads, private roads, trails, school houses, incorporated town boundries, principal subdivisions and partitions outside of San Jose, postoffices and the location of same, showing rural delivery routes, and a topographical map showing topography from Summit of Coast range to Pacific Ocean. It also contains an elevation chart of the county above sea level, ranging as it does from sea level at Alviso to over 4000 feet on Mt. Hamilton. It is a most excellent map and a credit to Surveyor McMillan. It is worth your while to call in and inspect this map. At the same time you can see maps of the new voting precincts of Campbell and Hamilton, maps of the United States, with all its possessions, as well as maps of the world. These are here for your benefit.

THE Board of Trade will meet this Saturday night for import-

ant business. Every member is expected to be present and all others who are interested are cordially invited to be present. If you want to see Campbell go ahead and are willing to do your share in helping in the matter attend this meeting.

NEW COMERS are on the way to Campbell and Santa Clara county from the East, and it is for our people to demonstrate that this is a good place for them to locate. Let us put our town in the best of order and keep it in that way. We have the best section in the State and let us keep it up to par.

YOUR attention is called to the letter from Roadmaster Thomas. It is worthy of consideration and the Board of Trade will take the matter up.

CAMPBELL must and will have an electric road. It has been delayed too long already for the good of the community.

SILVER BELLS

Revolution in Bread-Making

We have found the flour that is going to make a revolution in Bread Making.

WHY?

It is made from Blue Stem Wheat and Hard Wheat from Minnesota, and it is blended in such proportions as to produce flour for bread making that has never before been offered in this community.

Silver Bell Flour, the miller tells us, contains 28 per cent gluten.

Housekeepers coming here from the East ask why they can not obtain flour equal in quality to Pillsbury's Minnesota Flour.

The answer is that most California flour is made from Australian Wheat, while Minnesota's best Patent Flour is made from Hard Wheat.

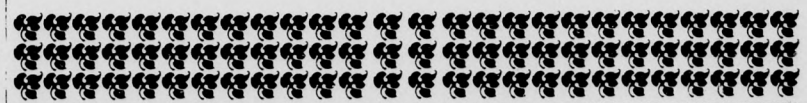

SILVER BELL FLOUR is put on the market with the assurance that it is not excelled in quality by any flour whether made here or in the East. We claim for Silver Bell Flour that it will make from eight to ten more loaves of bread to the barrel than flour made from Australian Wheat and we are going to offer this carload of Silver Bell Flour at the regular prices for our local flour:

Barrel.....	\$5.10
100-pounds.....	\$2.55
50 pounds.....	\$1.30

It is our expectation that every bread maker in Santa Clara county will not rest satisfied with her bread until she has given the Silver Bell Flour a trial.

P. J. Farrington

Greater California.

At the recent convention of the Central Coast counties at Santa Clara, one of the most thoughtful toasts at the banquet was given by R. P. Lathrop, of Hollister on "What the California Promotion Committee is accomplishing, and how it will benefit this section of California." He said in part: "The purpose of the committee is to furnish reliable and unbiased information to the world regarding the resources of and the opportunities in California.

The organization is maintained by a subscribing membership of about 300 members. The amount realized is approximately \$2,000.00 a month. The committee employ a working force of fifteen in the various departments.

Commencing in September of last year the committee placed advertisements in a number of Eastern publications, calling attention to the aims and objects of the committee. The principal object being to secure the names of people intending to come to California. By this method over 50,000 names were secured, and this list is growing constantly. None of these names are ever lost sight of. Each one is sent a personal letter and then the follow-up system is taken up and as high as four or five letters to one individual has been sent and in several instances they have been induced to come and settle in California where they had paid no attention to the first letter sent.

The work of the committee is spreading out in various directions. The correspondence is increasing. During the month of January the committee received and sent out 5,537 letters. At the present time they average 200 letters a day, and during the last month 68,148 pieces of literature were sent out. The committee are trying through this literature and by personal letters, lectures, and the kindly assistance of the press to induce people to come to California.

There is a bright future for California in the next few years. Its population in 1900 was 1,485,053, showing an increase over 1890 of 276,923 in ten years. Assuming then from a conservative estimate based on returns already received that the State's population has increased 20 per cent since 1900, the increase would be shown to be 297,000

for three years, or 20,000 more for the past three years than for the ten years previous. At this rate the population of California in 1910 would amount approximately to 2,500,000. And why not? The eyes of the world are upon us. Their attention is directed this way. The good work done is beginning to tell. There is a growing propensity on the part of the people all over California to lend a helping hand in this great advertising work. How much has been done in the past three years to advertise California more than previously. I venture to say that there has been more good practical and efficient advertising done during the past three years than for ten years previously outside of Southern California. And what we are accomplishing to-day will look small compared with the results that we shall realize in the six years to come. It seems then a conservative estimate to assume that California will roll up a population of 2,500,000 in 1910.

The sections of the State that are the most energetic and do the best and most practical advertising will be the sections that will profit the most by the increased population.

The Bigness of a Small Industry.

The under-rated hen has paid the grocery bills and provided shoes and hats for a great many families in San Luis Obispo county, without receiving the intelligent care that her value as an income-producer deserves. Shipment of eggs and poultry from Paso Robles, San Miguel and Templeton, during the past year, aggregated over \$58,000. Poultry men, commenting upon our mild, equable temperature, freedom from winds, absence of diseases common to poultry in other vicinities, and particularly upon the sandy, porous quality of the soil, predict that one of the great chicken industries in the state will centralize here. The business affords opportunity for a man of slender purse to provide a sure income while he is improving his home and installing his orchard.—L. G. Sinaud in Sunset Magazine for March.

Fraternal Aid Anniversary. Rubber Stamps.

The fourth anniversary of the Fraternal Aid Association Saturday night was celebrated in fitting manner by the members who were present in full force. The lodge was honored by the presence of General President Don Carlos and his wife, who contributed much to the success of the occasion.

Mr. Don Carlos, in his address on the work of the Fraternal Aid, pointed out its good qualities and showed its rapid growth. He also in an able manner explained the new rates, recently adopted by the order, showing that it was the part of wisdom to make such a change, and that it was an honorable thing to go before the membership and state the exact facts. In this way the members will have confidence and encouragement if they are fully advised as to the standing of their order. His address was one of great earnestness and was well received.

A fine program was rendered after the business session, containing the following numbers: Violin and piano duett, Mr. and Miss Hutton; vocal solo, Mrs. P. C. Hartman; piano solo, Miss Brandenburg. Mrs. Don Carlos, being called upon for an address, declined, but instead sang a negro melody in a most charming manner, calling forth an insistent encore, to which she kindly responded.

The tables for the banquet were artistically decorated with flowers and vines, and loaded with dainties which were enjoyed to the utmost.

Big Returns From Small Farms in California.

In 1902 a man sold from a small farm of twelve acres of vines 15 tons of raisins at 4 cents a pound, which amounted to \$1,200. In addition to this he sold \$90 worth of black grapes, giving him a gross income of \$1,290. As he had to pay \$170 for help in picking, his net sales amounted to \$1,120, to which he added \$325 by working for adjoining farmers. And so the small farm pays—and pays well when properly managed. This is of particular interest, as the large land owners are about at the point where they will break up their immense tracts into small farms, which will be the opportunity of the settler.—Sunset Magazine for March.

Valley Blossom Day.

The people of San Jose are doing all they can to assist in making Saratoga Blossom Day a big success, and that city will supply a large and enthusiastic contingent on the day of Saratoga's celebration. In the meanwhile the idea has been conceived of supplementing that local event with a second day's celebration, to be held in San Jose, representative of the entire county—a general Valley Blossom Day, in which all sections of the county will engage. The program for this has been so far arranged that its success is already assured and it will undoubtedly be the most novel and attractive entertainment ever held in the valley.

The executive committee through the columns of the VISITOR desire to extend a cordial invitation to all the residents of this section to participate. In the forenoon there will be a parade, the main feature of which will be Knights of the Orchard. Heading the parade will be one hundred or more flower-decked horsemen, each bearing a branch of orchard blossoms, and these Knights of the Orchard will emphasize the character of the parade and give it significance as representing the orchard communities and the great orchard industry of Santa Clara valley.

Following these will be floats by organizations, private vehicles, pony carts, automobiles, bicycles, etc., all decorated with fruit blossoms, hundreds of children in costume representing the characters in Mother Goose and in child fiction, several pieces of artillery with officers and men from the Presidio, and many other attractive features.

In the afternoon at Agricultural Park there will be an unique program of ancient and modern games, a Battle of Blossoms, a parade of the fine racing stock now stabling in the park, more than one hundred in number, and other attractions.

The organizations and residents of Campbell and the surrounding section are invited by the committee to join in this celebration, to take part in the parade, and to enjoy the entertainment at the park.

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakened kidneys

No Doctor

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

**THEDFORD'S
BLACK-
DRAUGHT**

CAMPBELL

(THE ORCH RD CITY)

Lies 50 miles south of San Francisco on the Santa Cruz division of the Southern Pacific Railway, 5 miles from San Jose, in the famous Santa Clara Valley, the garden spot of the State.

SCENERY SUPERB

With the Santa Cruz Mountains to the west and south and the Coast Range on the east, a majestic amphitheatre is formed, the beauty of which can not be excelled anywhere. Campbell has an altitude of 195 feet. The cool breezes from San Francisco bay at the north insure an even and comfortable temperature throughout the summer months, while the winters are warm and pleasant. Flowers bloom out of doors the year around.

EDUCATIONAL ADVANTAGES

Campbell has a population of about 600. It maintains a (third class) post-office which distributes mail to 3,000 patrons, covering over 30 square miles of orchard homes. There are two churches—Methodist and Congregational—a first class High School and Graded School, and within a few miles are two Universities, two Colleges, a State Normal School and several Business Colleges and private schools.

The Stanford University with its marvelous architecture is only 20 miles away.

NO SALOONS

Campbell has a complete water system of its own. It has electric lights and power for mechanical purposes, which is distributed throughout the orchard district. A telephone exchange serves over 40,000 people. A prohibitory clause in all deeds to property within the town limits, prevents the saloon from being established.

FINE ROADS AND RESORTS

The Santa Clara Valley boasts of the finest roads to be found in the State. It has over 350 miles of sprinkled rural highways. In attractions for tourists the Santa Clara Valley can not be surpassed. Thirty-two miles eastward over a magnificent mountain road is the famous Lick Observatory on Mt. Hamilton, 4,444 feet above sea level. There are numerous mountain retreats within two hours' drive for those who love the camp and sparkling brook. The sea beach to the southward 27 miles by rail or carriage drive, and through the most beautiful mountain scenery in the world.

A trip to the Big Trees, twenty feet in diameter and two thousand years old, will furnish a delightful day's outing.

MINERAL SPRINGS

The hot springs of Alum Rock Canyon and Congress Mineral Springs are within two hours' drive, giving a panoramic view of the entire valley.

The Almaden Quicksilver Mines, the largest in the world are within easy access by rail or team.

The largest seed farms in the world only 10 miles distant.

FRUIT CENTER

Campbell's mammoth fruit dryer and packing house is the largest in the world. It has a capacity of over 10,000,000 lbs.

The Campbell Orchard District is noted for the quality of its fruits. For delicacy of flavor and beauty and perfection of color, its cherries, apricots, peaches, apples, plums, grapes and pears, have no equal in their fresh state, and command the highest market price. As cured or dried fruit the Campbell prune, apricot, and peach is shipped to every civilized country on the globe. Nearly one-half of all the prunes grown on the continent are from Campbell orchards. One and a half million cans of fresh fruits are packed in Campbell every season.

The demand for intelligent labor is increasing every year. Families desiring profitable employment in orchards, packing houses and canneries find this an ideal home.

LAND VALUES MODERATE

Land values are very moderate—bare land brings from \$100 to \$300 per acre and when set to trees sells from \$200 to \$1,000 per acre, according to location and age of orchard. Ten to fifteen per cent is an average net income, while many places yield a much higher rate.

In short a Campbell home is one surrounded with HEALTH, WEALTH AND PLEASURE.

COMMISSIONER'S SALE ON FORECLOSURE.

IN THE SUPERIOR COURT OF THE STATE of California in and for the county of Santa Clara. F. W. Prusch, Plaintiff, vs. Frank L. Dreschmeyer, as Administrator of the estate of Oliver W. Farnsworth, deceased, Defendant.

Under and by virtue of an order of sale issued out of the Superior Court of the State of California, in and for the county of Santa Clara, on the 16th day of February, A. D. 1904, in the above entitled action, wherein said F. W. Prusch, plaintiff, obtained a judgment and decree of foreclosure and sale against said F. L. Dreschmeyer, as administrator of the estate of said Oliver W. Farnsworth, deceased, defendant, on the 25th day of January 1904, for the sum of nine hundred and sixty-two (962) dollars, United States gold coin, principal and interest, and which said decree was on the 30th day of January 1904, recorded in judgment book Number One, of said court at page 175, I am commanded to sell all that certain lot, piece or parcel of land situate, lying and being in the county of Santa Clara, State of California, bounded and described as follows to-wit:

Beginning at a post on the left bank of the Coyote River, from which a white oak tree 40 inches in dia., bears S. 5 3/4° W., 0.94 chs., thence S. 51 1/2° W., 10.95 chs. to post, from which a white oak tree 45 inches in dia., bears S. 24 3/4° E., 1.48 chs. dist., thence N. 43 3/4° W., 8.48 chs., thence N. 51 1/4° E., 4.79 chs., to left bank of Arroyo, thence along creek S. 63 1/4° E., 2.20 chs., N. 70 1/2° E., 7.00 chs., S. 38 1/4° E., 1.92 chs. to the place of beginning. Containing 6.65 acres. Courses all true. Mag. Var. 16 1/4° E.

Public notice is hereby given that on Monday the 28th day of March, A. D. 1904, at 11 o'clock, a. m. of that day at the front door of the Court House in the county of Santa Clara in the city of San Jose, said court and State, I will in obedience of said Order of Sale and Decree of Foreclosure and Sale, sell at public auction the above described property or so much thereof as may be necessary to satisfy judgment with interest, to the highest and best bidder for cash, gold coin of the United States.

Dated January 18th, 1904.

H. V. KIMBERLIN, Commissioner.
Eli Wright, Attorney for Plaintiff.

IN THE SUPERIOR COURT OF THE STATE of California, in and for the County of Santa Clara. In the Matter of the Guardianship of the Person and Estate of Catharine Loveland, an Incompetent Person. Order to show cause why mortgage of real estate should not be made.

The petition of L. E. Stevenson, Guardian of the Person and Estate of Catharine Loveland, an Incompetent Person, to mortgage real estate of said Incompetent, having been heretofore filed with the Clerk of the Superior Court of the State of California, in and for the County of Santa Clara

It is hereby ordered that all persons interested in the estate of said Incompetent person, be and they are hereby required to appear before the aforesaid Superior Court in Department II thereof, at the court room of said Court, at San Jose, California, on Friday, the 25th day of March, A. D. 1904, at 10 o'clock a. m. and there to show cause why the real estate of said Incompetent, lying and being in the county of Santa Clara, State of California, and described as follows:

First: All of that piece or parcel of land in the county of Santa Clara, State of California, containing 3 acres, more or less, and being a part of lots 4 and 6, Section 29, Township 6 South, Range One West and part of the Rancho Pastoria de las Borregas, said piece or parcel of land being set aside by the Court as the separate homestead to the said Catharine Loveland, a certified copy of said decree and being of record in Book IV page 257 of Miscellaneous Records of Santa Clara County, California.

Second: An undivided six-twelfths in and to that certain piece or parcel of land in Santa Clara County, California, containing about 42 acres, and bounded on the East by the public road known as the Lawrence Station Road, on the South by the 12 acre tract of land now or formerly owned by Mary J. Britton, on the West by the farm known as the Southerland place, but now the Flickinger place, and on the North by the homestead and residence of said Catharine Loveland.

Third: All that piece or parcel of land in the County of Santa Clara, State of California, containing 12 acres more or less, bounded on the East by the road known as the Lawrence Station road, on the south by the private road, known as Southerland land, on the West by the old Southerland place, but now the Flickinger place, and on the North by lands of the estate of C. C. Loveland, and being the same piece of land deceded by Mary J. Britton to Catharine Loveland by deed dated September 28, 1888, and recorded in Book 110 of Deeds, page 234, Records of Santa Clara County, California.

Fourth: All of Lot 3 in Section 29, Township 6 South, Range One West, Mt. Diablo Meridian, Santa Clara County, California, and situate in the fractional Southwest one-fourth of said Section 29, and containing about 20 acres of land should not be mortgaged for the sum of \$4000.00 mentioned in said petition, or such lesser amount as to the Court shall seem meet, and said petition on file is referred to for further particulars.

And it is further ordered that this order be personally served on all persons interested in said estate for at least ten days before the time appointed, or by publication thereof, at least once a week for four successive weeks in the CAMPBELL VISITOR, a newspaper of general circulation, published in the County of Santa Clara, State of California, next before the time appointed for such hearing.

M. H. HYLAND,
Judge of the Superior Court.
Dated San Jose, February, 16, A. D. 1904.
