## MOTHERS' CONGRESS

### P.-T. A. DELEGATES ATTEND 7TH ANNUAL CONVENTION OF FIRST DISTRICT

Quite a delegation of Glendale ladies attended one or more of the sessions of the Seventh Annual Convention of the First District of California Congress of Mothers and Parent-Teacher Associations, held on Thursday and Friday of this week.

The president, Mrs. Florence Galentine, presided in her wonderfully efficient and business-like manner. She was ably supported by our own Mrs. P. S. McNutt, parliamentarian for the past two years.

There were many splendid reports and addresses. Prof. Ernest J. Hopkins, Head of Journalism Department, University of So. Cal., spoke on "How Much Shall We Believe?" Dr. Lulu Peters and Judge Sidney N. Reeve spoke on Social Hygiene and the work of the Juvenile Court.

Thursday evening a reception was given in the same building, Fraternal Brotherhood Hall, at which the Pasadena Federation members were hostesses.

Some of the speakers on the Friday program were: Dr. Margaret V. Clark, Dr. Maud Wilde, our own Mrs. Ella W. Richardson, Senator Brown, Miss Barbara Greenwood, kindergarten director of the Normals, and Dr. John Brewer, of the same institution. Lieut. Thos. MacKinnon of the 43rd Scottish Canadian Regiment, spoke on war conditions "over there," while our own Mrs. C. E. Hutchinson reported on Training Camp Activities.

Some of the points specially urged were that children be kept in school and that the scholarship funds be maintained. Everyone was urged to register and state party affiliation so as to vote at the primaries and secure representatives who will stand behind prohibition and the other worth-while measures. A closer touch with school life was urged, child-welfare work declared more necessary than ever since the war.

The following ladies from Glendale were present: From Cerritos avenue school, Tropico section, Mrs. Ella Richardson; from Columbus avenue school, Mrs. J. R. White and Mrs. Henry; from Colorado street school, Mesdames F. W. Chambers, F. W. Kille, B. L. Chase and Mrs. Horn; representing the High School association were Mesdames Ben H. Nichols, J. T. Wernette and Virginia F. Rowley; from Central avenue school were Mrs. R. T. Burr and Mrs. Sampson; from Pacific avenue school were Mrs. Minnette Sherman and Edna C. Sawyer. Mrs. C. E. Hutchinson and Mrs. C. H. Toll attended the Friday afternoon session.

### VISITS SAN FRANCISCO

Mrs. Pearl Keller, of the Keller School for Dancing, leaves Tuesday for San Francisco, where she will be the guest for a week of her little pupils and proteges, Merna and Merle Kahler, and their mother. They have gotten that far on their way south following the Pantages circuit, and will be on the boards in Los Angeles the week of May 13th. While there Mrs. Keller will visit friends in Oakland and also friends in Sausalita, who have just built a beautiful home overlooking the bay and facing Mount Tamalpais. She is making the trip to renew her energies before plunging into the final preparations for her third annual Children's Society Vaudeville, which will be held as heretofore at the Palace Grand Theatre. It will take place June 24th and more than one hundred children of Glendale, Eagle Rock, Burbank and Los Angeles will take part. Mrs. Keller is considering a proposition which has been made her by capitalists who are interested in her work, to build a school especially for her in a central location in Greater Glendale. If she decides to accept the offer, it will be another attractive semi-public building for our city.

### BIG SALES

At the unique Thrift Stamp entertainment held at the Intermediate School Friday afternoon, at which the purchase of a Thrift Stamp was the condition of admittance, \$61 worth of Thrift Stamps and War-Savings certificates were sold. One boy invested \$9.50. Besides the scholars there were a number of visiting parents who came to enjoy the entertainment and swell the sales. The program included the song "Knitting" by the Girls' Glee Club, a musical reading, "The Selfish Giant," by Miss Bertha Jackson, also readings by the same talented elocutionist in negro dialect.

WEATHER FORECAST—Fair to night and Sunday. Westerly winds.

## BELATED CREDITS

### SENATOR DEL VALLE TELLS INTERESTING FACTS MISSED BY HISTORIANS

Glendale was well represented at the Educational Conference of the District Federation of Women's Clubs held Thursday afternoon in Los Angeles, over which Mrs. Mattison B. Jones of this city presided. The program was shortened somewhat on account of the reciprocity meeting at Eagle Rock, which club members desired to attend, and the usual parliamentary drill by Mrs. Gleason was omitted.

Senator R. F. Del Valle made a most entertaining talk on California history, in which he brought out facts which were new to the majority of his hearers. For example, he said that the first gold discovery in California was made at Saugus in 1841, though the later discoveries at Marshall and Sutter's Mill have always had the credit. He referred to the records at the mint in Philadelphia for verification, and said that among the treasures of a certain Los Angeles family is a rosary made from that Saugus gold. Many other interesting things were mentioned which have been overlooked by the historians, who, the Senator declared, seem never to have gone south of the Tehachapi. Rev. Dana Bartlett gave a fine talk on the City Planning Commission, and Mrs. Shepard Francis, local head of the Land Army Movement, set forth the purposes and development of the organization.

### TOPEL—HARRISON

Before a bank of ferns intermingled with pink carnations, Miss Margaret E. Harrison of Eagle Rock became the bride of Frank H. Topel of Los Angeles at 8 o'clock on Friday evening, April 26th.

The impressive double ring ceremony was solemnized at the home of Mrs. S. J. Mosher by Rev. Clifford A. Cole of the Christian Church.

The charming bride was gowned in a beautiful traveling suit and wore a corsage bouquet of Cecil Bruner roses and maidenhair ferns.

Mrs. Topel, who has numerous friends among the younger set, is a graduate of Glendale Union High School, in which institution she distinguished herself as an art student.

Mr. Topel, formerly of the University of Illinois, is a successful young business man of Los Angeles. The happy couple left immediately for a honeymoon tour to different points in Southern California.

### DEATH OF RICHARD L. PHISTER

Following an illness of two years duration, Richard L. Phister of 1432 Valley View Road, Casa Verdugo, passed away at one o'clock this (Saturday) morning. He was a pioneer in the district in which he lived, where he was much beloved by a large circle of friends, and had been a resident of Glendale for about nine years. He was but forty years of age and is mourned by a devoted wife and young daughter, Charlotte, by his parents, Mr. and Mrs. L. F. Phister, and a sister, Mrs. J. D. Elder of Detroit. His mother, who has been spending the winter in Glendale, was at his bedside when he died. He was a prominent Shriner and Scottish Rite Mason, and services over his body conducted by the Masons will be held Monday at 3 o'clock at the Little Church of the Flowers in Forest Lawn Memorial Park, where interment will be made.

### CHANTERS OF THE SHRINERS

Mr. and Mrs. John Hobbs of 600 Central avenue (Tropico district) have motored today to Santa Barbara, where Mr. Hobbs will participate in a Masonic song fest. He is a Mason and belongs to a musical organization within the Order which is known as the Chanters of the Shriners. They travel over Southern California giving concerts, the proceeds of which are given to the Red Cross.

### SIDE LINES

The bureau of farms, under the Red Cross Department of Military Affairs in France, now is operating 10 farms, varying from 3 to 100 acres in size. Most of them have been seeded, and by the latter part of May the hospitals to which these farms are attached will be getting their vegetables from them. The Red Cross now has 17 moving-picture machines in operation at base hospitals, with an average attendance at each performance of 500 men.

After all, you are only saving money. BUY A LIBERTY BOND.

## GERMAN SWEEP TOWARD YPRES CHECKED

### FIERCE FIGHTING IN FLANDERS—ALLIES HOLD ENEMY IN PICARDY—BRITISH NAVY ACTIVE

(Special Service to Glendale Evening News)

Field Marshal Hindenburg's sweep toward Ypres from the south has been checked temporarily at least by a wall of human bodies interposed by the British and French.

The whole northern part of the Flanders front from the Lys river to the Ypres-Comines canal is ablaze with desperate fighting, but the enemy advance, after a prolonged struggle that carried him through the barrier of the hills down to the lowlands, is being held southwest of Voormezelle.

Voormezelle is a small village less than two miles from Ypres. This indicates that the Germans are now within two miles of this long-defended stronghold.

In Picardy the Franco-British forces not only continue to block the enemy advance but are improving their positions by counter attacks.

Field Marshal Haig reported that he had taken more than 900 prisoners in the region of Hangard-en-Santerre and in the neighborhood of Villers-Bretonneux.

The British navy is active again, this time in the Adriatic.

The British Admiralty reported that two destroyers engaged five Austrian destroyers Monday night, the British forcing the enemy to flee to Durazzo, where British airmen followed and destroyed an Austrian seaplane base.

## BRITISH COUNTER AT KEMMEL

### GENERAL SIEGER WITH TEN FRESH DIVISIONS FAILS TO ADVANCE AFTER CAPTURE OF HEIGHTS

(By William Philip Simms, United Press Staff Correspondent) WITH THE BRITISH ARMY IN FLANDERS, April 27.—There is comparative calm on the Flanders front today following a tempestuous three days. The fighting may start again at any minute.

Field Marshal von Hindenburg has brought up Gen. Sieger from the Verdun region to help around Kemmel. Under Gen. Sieger are five divisions of picked troops—60,000 men. Another five divisions are at his left.

Together these ten divisions have failed to make any headway after the capture of Kemmel.

Gen. Sieger tried to advance to Ypres but the British counter attacked brilliantly, retaking lost ground and establishing strong positions.

## ASK MOONEY SENTENCE SET ASIDE

### ATTORNEYS FOR CONVICTED MURDERER MAKE CHARGES AGAIN SAN FRANCISCO DISTRICT ATTY. AND POLICE

(Special Service to Glendale Evening News)

SAN FRANCISCO, April 27.—A charge of "wilful fraud" and "wilful nonfeasance and malfeasance" was made against the district attorney and police of San Francisco today when a motion was filed with Superior Judge Griffin by the attorneys of Thomas J. Mooney.

The motion asked that the death sentence against Mooney and the judgment against him and the order denying him a new trial be set aside.

Mooney appeared before Judge Griffin for resentence, this being necessary after the Supreme Court had denied the motion for a new trial.

## NO CHANGE AT VILLERS-BRETONNEUX

### AMERICANS ASSIST FRENCH TROOPS TO REPULSE THE ENEMY IN AN ATTACK ON REMY

(Special Service to Glendale Evening News)

PARIS, April 27.—The French war office reports "no change" on the Villiers-Bretonneux and Hangard front.

A lively bombing is in progress.

American troops fighting with the French repulsed a German attack on Remy west of Thennes.

Severe artillering is reported on the right bank of the Meuse.

## LONG CASUALTY LIST

### PERSHING'S REPORT INDICATES THAT BIG BATTLE IS TAKING ITS TOLL OF AMERICAN FIGHTERS

(Special Service to Glendale Evening News)

WASHINGTON, April 27.—The great West Front battle is beginning to take its toll of American fighters.

General Pershing's casualty list today contained 103 names. Of these eleven were killed in action; forty-seven were severely wounded; 37 were slightly wounded; two are missing; four died of accidents and two of disease.

## RAILROAD HELPING MEN PLANT WAR GARDENS

HARRISBURG, Pa., April 27.—In addition to helping to win the war through what they are doing to facilitate transportation, employees of the Pennsylvania Railroad are going in for war gardening. Home food production via the Pennsylvania route, is the motto under which they are working with their hoes.

## DELIGHTFUL SURPRISE THE FLAG TO THE FORE

### DIANDO FILM MEMBERS HONOR HARRY MAC PHERSON WHEN HE GOES TO WAR

Thursday noon Baby Marie Osborne on behalf of the Diando Film Corporation presented Harry F. MacPherson, who left today to join the photographic division of the aviation corps in France, with a handsome wrist watch and a purse raised by his fellow workers and employers.

The purse, amounting to \$75, was intended to afford him expense money until Uncle Sam's pay day came to him with his salary. The employes gathered at noon and "Mac," as he is affectionately known by all, came into the affair unconscious of any presentation. He was posed for several pictures with Baby Marie and suddenly she strapped the watch to his wrist, at the same time telling him that all his co-workers were going to watch him and his efforts against the enemy, and that as the watch ticked, so would their hearts beat in unison for his safe return at the end of the war. Following this she gave him the purse.

Mr. MacPherson was so filled with something that kept rising in his throat that he was unable to make an acceptance speech, but showed he was proud of the affection of the Diando girls and boys, by clasping Baby Marie in his arms and loving her, while the assembling gathering clapped their hands.

### MAKE IMPROVEMENTS

Henry Jensen, owner of the Palace Grand Theatre in this city, and his son Robert Jensen, who is manager of the theatre, have made a very decided improvement just north of the theatre building. They have graded and oiled a space of ground one hundred and fifty feet deep and one hundred feet wide. This ground is to be used as an auto parking space. It will accommodate a great many autos. There are two driveways, one for the autos to enter and another for them to leave the grounds. This auto park will insure safety for the users of autos while the owners are visiting the show. It will also give more room on the street and will allow accommodations for a greater number of machines near the theatre building. Mr. Jensen in the past few months has spent several thousand dollars in making very marked improvements on the theatre building and surroundings.

### LEGAL TALENT ON BOARD

The Board of Trustees of the City of Glendale is well equipped with legal talent this year. There is the city attorney, W. E. Evans, who for six or seven years has served in this capacity. Two years ago Frank L. Muhleman was elected as a member of the Board. Mr. Muhleman is an attorney of marked ability. And now this year Hartley Shaw, another attorney, has been elected a member of the Board. So if Glendale municipal affairs go wrong on account of a lack of legal advice, it is certainly not because there are no attorneys to give this advice. The other members of the Board, G. B. Woodberry, president, and Trustees C. H. Henry and R. M. Jackson, while not attorneys are men of broad experience and have excellent judgment on all questions that pertain to municipal needs. It has been said that doctors do not always agree and maybe it will be the case that lawyers will not always agree. But so long as the differences are just red tape disagreements they are not vital to the city's interests.

### GARDENING IS FASHIONABLE

The cultivating of city lots has become very popular. This year it is not as it was in former years. Boys and girls who would be at work in the garden on a holiday would be laughed at by their associates. But now it is considered very honorable for a young man or woman to be seen with a hoe in hand working in the garden. This is just as it should be. It is now quite difficult to find a vacant lot in any part of the city that is not under cultivation. The old-time farmer from the middle west who has been residing in Glendale for several years and has not been doing any active work, has a good chance now to show how he got a start on the prairie farms in pioneer times, and the way they till the soil on these small plots of land in this vicinity indicates that they know how to handle very much larger tracts of land. There are a few lots that are not under cultivation, and it would be a great improvement if these lots too could be plowed up and planted to something that would add to the city's food supply. Gardening this year is both fashionable and patriotic.

### BEFORE THERE WAS ANY CESSION OF THE COMPETITIVE YELLS, A PIANO IN THE REAR OF THE HALL

Before there was any cessation of the competitive yells, a piano in the rear of the hall began the strains of "God Save the King," or "America," as each listener chose to interpret the music, and the audience arose. Cecilia Lyon in flag costume and carrying the colors made the circuit of the room as the herald of the Juniors, and again as the Marseillaise was played. Finally the class appeared, in sailor costume, marching two abreast, and marching unusually well, too, and there were yells in salutation, and yells by all four classes at once but not in unison, with the bang of the tank, the screech of the eagle and the crack of revolvers intermingling. Fathers grinned, mothers looked concerned, and Professor Howe considered it time to slow down the racket and declared all shooting taboo because the hall must be cleared of the acrid smoke before the orators could attempt to speak. So the class songs were given, all clever and spirited, all confident of victory. Sophomores chose the tune Yankee Doodle, the Freshmen "Storybook Boy," Seniors "Over There," the Juniors "Keep the Home Fires Burning," and all sang

## THE LOCAL TELEPHONE QUESTION

It is important that the people of Glendale should be awake to the fact that changes will be made soon in telephone rates or a toll will be charged between Glendale and Los Angeles. The question came before the Board of Trustees of the City of Glendale at a meeting Thursday evening. H. B. Lynch, manager of the Public Service Department stated that he had learned by inquiry that there are about 8260 telephone calls from Glendale to Los Angeles daily and to charge the customary toll of ten cents would make an earning for the company of \$826, providing such a charge would not decrease the number of calls.

Glendale and Los Angeles are closely connected in a business way. There are thousands of people who reside in Glendale who are employed during the day in Los Angeles, and it is very convenient for these people to have free telephone advantages, and then too, the business houses of Glendale have found it greatly to their advantage to give hurry orders for merchandise by phone. Should there be a ten-cent toll charge it would be the cause of many residents discontinuing the use of phones, and it would be a great inconvenience to those who would continue to use them.

The Evening News favors a flat rental the same as is paid by telephone patrons in Los Angeles. Even if the rent is higher, the advantage of having free service to Los Angeles would offset the extra rent paid.

Some one has suggested that a toll of one cent per call would be a proper charge to make. Of course such a charge would have to be governed entirely by the number of calls. However, the question is a live one and is before the people, and should receive the most earnest consideration.

## HAPPENINGS IN STATE

(By United Press)

CHICO, Cal., April 27.—Labor questions confronting prune and apricot growers in connection with the 1918 harvest were considered here today at a meeting of the California Prune and Apricot Growers Association. A large delegation from San Jose and other prune and apricot sections attended the meeting. The question of hours, and wages to be paid labor this year, and the matter of insuring an adequate labor supply formed important topics. Full data of the prune and apricot situation, including the tonnage on hand and in prospect, was given. Settlements between buyers and individual growers were discussed in detail.

BERKELEY, Cal., April 27.—Henry Morse Stephens, Sather Professor of history and head of the history department, has been appointed Dean of the College of Letters and Science by President Benj. Ide Wheeler of the University of California. He succeeds George P. Adams, who gives up the deanship to become associate professor in the department of philosophy and to take up important war work. The appointment of Dean Stephens concludes a general change in the University deanships. Prof. Charles Mills Gayley was recently appointed dean of the faculties and Prof. Wm. Carey Jones Dean of the Graduate Division.

SACRAMENTO, Cal., April 27.—The policy of compelling women teachers to retire after marriage is one of the greatest economic losses in California, according to Will C. Wood, state high school commissioner. "Some of the best teachers I have known have been married women," says Wood. "In fact, marriage, and especially motherhood, generally gives the teacher a more sympathetic attitude toward childhood. In view of the threatened shortage of teachers I feel very keenly that all efficient teachers should be retained in the service at this time." The recent dismissal of all married teachers in the Bakersfield schools gave rise to this question of retiring teachers who marry.

SACRAMENTO, Cal., April 27.—Teaching the English language to the aliens in Uncle Sam's army is a task which has been undertaken by the state immigration and housing commission. The work among the soldiers in California was started by the patriotic men and women of San Francisco, and other communities now are urged to follow the example. According to a report of the commission there are nearly 300 soldiers at the Presidio and Fort Scott who do not speak, read or write English readily. Among these men 23 different languages are spoken.

SACRAMENTO, Cal., April 27.—Analysis of whale meat, recommended as a substitute for beef, made at the University of California experiment station, show that it is very nutritious. It contains 23.31 per cent protein, a larger percentage than is contained in average beef. Other constituents of whale meat are: water 71.22 per cent; ash 1.02 per cent; undetermined substances, .21 per cent. The experts say that whale meat is as easily digested as beef and, like other meats, is more readily digested than eggs.

Economy in the purchase of farm implements is not necessarily based on low first cost, for good equipment properly cared for will last and give better service for many years.

Corner Brand Blvd. and Colorado St.  
Glendale 234 Home Blue 200

The net shortage of freight cars on March 1st, according to reports filed by the American Railway Association, amounted to 138,102 as compared with 98,044 on February 1st and 89,995 on January 1st. It therefore appears that the car shortage is on the increase, and it behooves all shippers to carefully inspect their loading records to be sure that they are releasing cars as quickly as possible and that they are loading them to full weight capacity.

Ten million dollars has been voted by congress for the relief of the housing situation in the District of Columbia and Otto Eidlitz, director of housing for the Department of Labor, is working out details of the building program which will be carried out under it.

**Personals**

Councilman R. M. Jackson and wife are moving back into their own home at 102 South Maryland.  
 Mrs. F. O. Randall of Pasadena is the week-end house guest of Mr. and Mrs. Ed. Lee of 103 Belmont street.  
 J. H. Shumate and wife, of 1424 West First street, arrived at home this morning from a several months' visit with relatives and old friends in Kentucky.  
 Mr. and Mrs. A. C. Macdonald of 410 South Isabel street have been made happy by the arrival of a son, born Friday morning. He has been named Andrew Carlyle Macdonald.  
 Mrs. Harold R. Wolfe and daughter Doris have moved to Fellows, in the oil fields, where Mr. Wolfe is now employed. Their home at 1540 Ivy street has been leased for a year.  
 Miss Elma Kennedy of 1451 Sycamore avenue entertained Friday at a luncheon at Christopher's Misses Grace and Clara Marie Goudie and Miss Mavis McNary. Following the luncheon the young ladies saw "Hearts of the World."

The first meeting of Round Table Girls since its roster was increased was held Wednesday evening at the home of Mrs. Noble Ripley, 527 Mariposa street. Systematic work for Belgian babies in the manufacture of layettes, was begun.  
 Mr. and Mrs. Donald Bennett, who have been residing at 228 Mira Loma avenue for several months, are moving today (Saturday) to 504 North Central avenue (Tropico district), formerly the home of H. B. Goodrich, which they have purchased.  
 Miss Marian Kennedy of Pasadena, daughter of R. L. Kennedy, former principal of the Cerritos avenue school, is the week-end guest of Virginia Chappius and took in the Oratorical Friday evening, where she joined her old class in High School.  
 Mesdames W. W. Ramsay and F. McG. Kelley were delegates who attended the large reciprocity meeting of the Eagle Rock Woman's Club Thursday afternoon, as representatives of the Tuesday Afternoon Club of this city, of which Mrs. Ramsay is president.

The evening given by ladies of the Holy Family Catholic Church at the Elks Club House Friday evening was a social and financial success. About one hundred and fifty attended. Old-fashioned whist was the entertainment for the fore part of the evening, which finished with dancing.  
 Walter Webb and family have moved back from Niland, where they located when Walter secured a position as foreman with the S. P. His family all became ill so he managed to change to the Santa Fe and will probably live in Los Angeles. The family formerly lived at 1443 Riverdale.

Out of the usual order was the exceedingly pleasant meeting of Chapter A. H. of the P. E. O. Friday, which took the form of a picnic at Griffith Park. It began at 11 o'clock and the lunch was spread at noon. There was a very short business session and the afternoon until 5 p. m. was spent with Red Cross work.  
 Paul Rider, son of Rev. O. P. Rider, pastor of the Tropico Presbyterian Church, who has been engaged in secretarial work at the Y. M. C. A. in connection with the naval base at San Pedro, is giving up his position to enter upon a training course in navigation and seamanship which is being given at Los Angeles High School, with the intention of enlisting in the navy.

At a recent meeting of the county horticultural commissioners of the state held at Fresno, it was decided to ask the Governor to proclaim a "state rodent week" and institute a state-wide campaign to kill squirrels commencing April 29th and ending May 4th.  
 The cities of San Jacinto and Hemet which suffered severely from the earthquake of April 21, have decided to profit by their experience and all business buildings will be rebuilt in a most substantial manner. Many of the masonry buildings in both cities were badly damaged or demolished.

**ANNOUNCING**  
 The location in this city of George M. Anderson, expert violin maker and repairer.  
 Makes a speciality of regraduating old violins if heavy in the wood, making the old instrument valuable for tone quality. Very reasonable. Glendale 278-W. Residence, 258 E. Fifth St. 194t26\*

**JAPANESE RAISE RATES**  
 THE JAPANESE LABOR STATION announces that owing to the increasing cost of living they will advance their rates to 40 cents an hour; \$1.50 for half a day and \$2.75 for all day. These are the same rates that prevail in Los Angeles and Hollywood. 173t24\*

**APPRECIATION BY W. C. T. U.**

The Woman's Christian Temperance Union of Glendale wishes, through the Glendale News, to express their appreciation and thanks to the donors who have contributed any sum of money, great or small, in the recent "drive" for war service funds. In a published list of women's organizations whose work received Government approval, the Woman's Christian Temperance Union takes third place.  
 The organization has been working diligently in various ways in war service since the beginning of the participation by the United States, and now wishing to enlarge the scope of their activities, have thought it only proper to ask help from friends outside the organization.  
 The Southern California W. C. T. U. instituted the plan to raise \$30,000 through the several Unions of this part of the state. Glendale was apportioned \$300.00. West Glendale bravely assumed \$100.00 of this, leaving \$200.00 for the City Union.  
 Now at the close of the drive we are glad to announce that something over the full quota of \$300.00 has been raised, for which we are duly thankful.

We thank you,  
**RUBY J. SMART,**  
 Chairman,  
**JENNIE MOTTERN,**  
 Secretary.

**POST AND CORPS**

In the chop suey dinner served at the all-day meeting of the N. P. Banks Post and Corps Friday at G. A. R. Hall, of which Mrs. James E. Phillips had general charge, a very successful innovation on the usual order was made. Covers were laid for about 125, the special guest list including Mrs. Lucretia Orr, president of the Robley D. Evans Relief Corps, and Mrs. Martha Chapin of the same Los Angeles organization. The excellent program which followed the dinner included vocal numbers by Dr. P. O. Lucas and Mrs. A. J. Van Wie, a humorous address by Joe Griffin, of the Sons of Veterans, and a talk by Comrade Tom Hull of Los Angeles, who afterwards raffled off a left-over cake, for which he got \$3.50. The usual business session of the Corps followed the program, the business meeting of the Post taking place in the forenoon.

**SUBSTITUTE FOR CORN**

Stockmen around Stenville, Montana, have found what they believe to be a good substitute for corn in the feeding of dairy cows and hogs, by the use of dried sugar beet pulp, says the Manufacturer.  
 The pulp is sold to the farmers for \$22.50 per ton at the railroad. Corn at the same place brings \$70 per ton. Manager John G. Howe of the Bitter Root creamery states that in various tests in different agricultural colleges and government experiment stations, it has been demonstrated that beet pulp is equal, pound for pound, to corn, as a milk producer in cattle or a flesh and fat builder for hogs.

Liberty, when it once begins to take root, is a plant of rapid growth. —Washington.

**Our Gov't.**

is surely the greatest and best on earth. The insurance on the lives of our soldiers and sailors at a nominal cost has now been supplemented by a law whereby the Government will advance the premiums on policies of life insurance taken out by soldiers and sailors before the United States declared war, and will continue to pay them till a year after the war closes, if the insured is not able to pay them himself.

I have a number of policy holders with the colors, to whom this may prove a boon. There are, of course, some limitations and conditions. Parents or friends can see me for further information.

**Notice in Regard to the Collection of Garbage and Waste Matter**

Tom Shima is authorized by contract to gather all garbage in the city of Glendale in accordance with the provisions and regulations of Ordinance No. 247. The districts and times of gathering are as follows:

**MONDAY AND THURSDAY**—All that portion of the City south of Colorado Street and north of and including Ninth Street.

**TUESDAY AND FRIDAY**—All that portion of the City east of Brand Boulevard north of and including Colorado Street to and including First Street, and all that portion of the City south of Ninth Street.

**WEDNESDAY AND SATURDAY**—All that portion of the City West of Brand Boulevard and north of and including Colorado Street and east of Brand Boulevard north of First Street.

Waste matter such as tin cans, bottles, etc., will be gathered by the City of Glendale, and the districts and time of gathering will be once a week in each district as follows:

**WEDNESDAY**—All that portion of the City south of and not including Colorado Street.

**THURSDAY**—All that portion of the City lying west of and including the west side of Brand Boulevard and north of and including Colorado Street.

**FRIDAY**—All that portion of the City north of and including Colorado Street and east of Brand Boulevard, including the east side of Brand Boulevard. Also Verdugo Canyon District.

**CITY OF GLENDALE**

**STABILITY OF BUILDINGS**

"Ample proof of the stability of Los Angeles buildings was given by the earth shock experienced at 3:32 p. m., April 21," declares the "Southwest Builder and Contractor." "The shock was the most severe recorded since Los Angeles has become a great city and the damage which resulted to structures was inconsequential. Some plate glass windows which were set too rigidly were broken and cracks appeared in places in a number of buildings, but there was no real structural damage in any case, the cracks being confined to partitions or non-structural parts and to points of connection between separate structures. Many sensational rumors of damage to buildings were started by excitable persons but a careful investigation by the city building department proved all of them groundless.

"The earth shock had its origin in the San Jacinto mountains about 100 miles east of Los Angeles where it was felt most severely. The movement was from east to west, the first thrust being a vertical one, followed by an undulating motion lasting from 30 to 45 seconds. This movement caused structures of all kinds to rock. This rocking motion varied as the height of the structure, being most violent in the high buildings, which swayed several inches out of line at the top.

"Wise building restrictions and a rigid enforcement of them have contributed to the solidity of the buildings of Los Angeles. The city building department has consistently and persistently stood for good masonry construction as the best safeguard against earth shocks and the insignificant damage done by the temblor of April 21 is abundant justification for this policy. All brick buildings erected under the Los Angeles regulations have substantial masonry walls laid in cement mortar and all parts of the buildings securely tied. Flimsy construction has been responsible for the greater part of the damage to buildings by earth shocks in California and elsewhere. Steel skeleton and reinforced concrete buildings of the maximum height safely withstand severe shocks, as has been demonstrated in Los Angeles and elsewhere. A much more violent shock than that of April 21 could be experienced without causing any serious structural damage to them."

**SUMMER HOTELS AS HOSPITALS**

According to a dispatch from Washington the government has suspended as a definite program the project for the erection of big army hospitals in the United States, and instead will lease a sufficient number of large summer hotels and convert them into hospitals for wounded troops returned from France. This decision is said to be based on the necessity for saving all the steel possible for building ships. Practically all the large summer hotels are equipped with heating apparatus and if hospitals were built it would be necessary to install new heating plants in them. These new heating plants would require a large number of steam boilers, the plates for which can be used to greater advantage in building ships.

graded classes for all ages.  
11 a. m.—Denominational Day.

#### THE FLAG TO THE FORE

(Continued from Page One)  
with the dash and spirit of excited,  
eager boys and girls.

Professor Howe, explained the ori-  
gin of the "Oratorical" in 1910 and  
read the list of champions, ending  
with Frank Balthis, whom he intro-  
duced as the chairman of the even-  
ing.

Thereupon Frank took charge of  
the meeting and made several an-  
nouncements, first that the prize of  
\$20 would be given in war savings  
certificates instead of in gold, sec-  
ond that the contest judges were Pro-  
fessor Dixon of the University of  
Southern California, Professor Howe  
of the L. A. Normal, and Professor  
Sheron of Occidental.

Mrs. Blackburn, cashier of the  
Glendale Red Cross Chapter, was  
then summoned to the stage and was  
there presented in the presence of the  
audience with a check for \$100, a  
facsimile of the inscription on the  
wall above the Juniors and the gift  
to the Chapter from the class, the  
presentation being made by its presi-  
dent, Miss Ruth Lathrop, in a  
brief but entirely appropriate  
speech. Mrs. Blackburn in felicitous  
phrase thanked the givers on behalf  
of the Chapter and voiced its appre-  
ciation of the patriotic spirit mani-  
fest in class, school and community.

By this time the gathering was  
ready for the real business of the  
evening and the first orator was in-  
troduced, Philip Wernette, champion  
of the Juniors, whose theme was,  
"The Lost Provinces" (Alsace and  
Lorraine). The appeal which the  
subject made to him was readily un-  
derstood by the audience when he  
revealed the fact that he is of Alsa-  
tian descent. Reciting the history  
of these unhappy provinces, torn  
from France by covetous Prussia,  
who desired and needed the iron  
mines there found, he described the  
suffering the present war has  
brought upon them and declared  
it to be the plain duty of the  
United States to stand with France  
in any settlement which may be made  
following the war for the restora-  
tion of the provinces to their original  
and natural allegiance. His earnest-  
ness and sentiment made an excel-  
lent impression upon his hearers,  
who bestowed all the applause the  
rules of the contest allow and he  
was the recipient of a beautiful basket  
of roses.

Harland Durand, who was the next  
speaker and the champion of the  
Seniors, has an excellent voice and  
spoke with vigor in defense of his  
subject, "Right Makes Might," which  
he quoted as the utterance of the im-  
mortal Lincoln. He declared that  
the strongest line of defense of Amer-  
ica today is not on the battle fields  
of France or Belgium, but in the  
principles of right, that if Germany  
were backed by such principles of  
democracy as America is striving to  
maintain, nothing could prevail  
against her. Victory, he insisted,  
must be so complete that after the  
war there will not remain one ob-  
stacle to enduring peace; that free-  
dom of the seas must no more be a  
question which shall embroil nations.  
Said he: "It is the duty of the Nin-  
teenth Century to weld the world  
into a brotherhood of nations. The  
world needs a leader and what peo-  
ple are so fitted for the task as  
those of our own nation, in which  
are incorporated the races of every  
land?" This champion also had to  
acknowledge a salvo of applause as  
he took his seat, and received a very  
beautiful basket of white roses.

Esther Black, the Freshman rep-  
resentative, as the only girl orator,  
was quite naturally an object of spe-  
cial interest. Her subject concerned  
woman's part in the world war and  
she spoke with deep conviction and  
appreciation of the high destiny to  
which women are called. "Times of  
peace have never flourished side by  
side with shot and shell," she de-  
clared. "Construction and destruc-  
tion cannot work hand in hand. Things  
of mind and spirit cannot advance  
while the physical is being wrecked  
and torn. The shot which started  
this war sent men to their  
most ancient occupations. It sent  
women to things they had never done  
before. It is the women behind the  
men behind the guns who are going  
to win this war. The French wom-  
en, worn with the burdens of war,  
are waiting for a response to their  
S. O. S. from the women of America.  
War is not alone on the battle field.  
A million and a quarter of women  
are engaged in industries that are  
directly or indirectly contributing to  
the furnishing of war supplies." She  
also said: "No woman has any ex-  
cuse for being a coward, and only a  
slacker is the woman who 'did not  
bring up her boy to be a soldier.'"  
Miss Black also received besides  
the tribute of warm applause, a very  
beautiful bouquet of red roses and  
later a basket of pink carnations.

The last speaker, Clarence Ralston,  
made a very stirring address on "The  
Prussian Menace," which he brought  
home in a vital way that greatly im-  
pressed an audience which followed  
his every word with close attention.  
He rooted the origin of the war in  
"the mad ambitions of the Prince of  
Darkness." The Prussian Menace,  
he asserted, is not a thing which  
sprung up in the night, but is the  
product of a deliberate evolution. He  
traced the development of Prussian-  
ism, fostered by such military and  
political leaders as Frederick the  
Great and Bismarck, and showed how  
Prussia has been spreading her ten-  
tacles over the earth. He declared that  
she now controls the products of one  
hundred and seventy-six millions of  
people and on that account has been  
sustained in this struggle; that she  
has advantages in this war which  
other nations would be slow to imi-  
tate, as for example her salvage  
plants in which the bodies of dead  
soldiers are converted into glycerine  
for war purposes and into food for  
hogs. He cited also the state of  
semi-slavery into which she has  
plunged her civilian population, forc-  
ing them to work in shop and field  
for little or no wage. The Prussian  
Menace he pronounced "a determined  
threat against the whole world." To  
his lot fell a lovely basket of red  
and white carnations and an ovation  
of applause.

#### OCCULT SCIENCE OF CHRIST CHURCH

Independent Spiritualist, Hurtt's  
Hall, 594 West Broadway, Glendale.  
Rev. A. William Goetz, Pastor.  
Sunday Services: 7:15 p. m.—Free  
Healing Circle. 8 p. m.—Lecture.  
Subject, "Clairvoyant." 8:45 p. m.—  
Messages. All welcome. Free will  
offering.  
Wednesday, 8 p. m., Health and  
Success Club lecture, "Who Rules  
Your House?" 8:45, Message Circle.  
All welcome. Admission.  
Tuesday Service at 512 South Jack-  
son street. Occult Science School—  
Class in Spiritual Unfoldment.

While the decisions of the judges  
were awaited, the chairman gave per-  
mission for some more noise, and the  
yells and songs broke out afresh, only  
subsiding when Mrs. H. E. Bartlett  
was called to the platform to an-  
nounce the decision of the committee  
selected to make the award for the  
finest booth. Others on the commit-  
tee were J. C. Sherer and Richardson  
D. White. It was a critical moment  
and the classes held their breath  
while Mrs. Bartlett explained how  
glad they would have been to make  
four awards, but that since there  
could be but one, it was given to the  
Freshmen. And then the Freshmen  
didn't do a thing but jump up and  
down and yell and register joy in all  
conceivable ways until the signal for  
silence was given that the oratorical  
award might be announced.

It was handed to Chairman Balthis  
in a white envelope with which he  
toyed, tantalizing the expectant boys  
and girls by false starts and irrelev-  
ant remarks until they began to  
throw things at him, when he im-  
parted the information that Clarence  
Ralston had won the honor. A yell  
which raised the roof but let it down  
again followed and a scrimmage in  
which a dozen huskies in khaki  
reached the platform from the ranks  
of the triumphant Sophomores, and  
on their shoulders the happy cham-  
pion was borne to the hall with cheers  
and congratulations assailing him on  
all sides. The waiting overflow in  
the vestibule who, seatless, had spent  
the evening gathering the crumbs of  
the oratorical feast, were glad to par-  
ticipate at the finish and beamed  
with pride. Juniors served refresh-  
ments in the cafeteria and everybody  
was satisfied and happy.

We stand for justice—  
BUY A LIBERTY BOND.

#### NOTICE

Notice of the filing of the assess-  
ment for the Opening, Widening and  
Laying out of Sycamore Canyon Road  
as contemplated by Ordinances No.  
295 and 296 of the City of Glendale,  
together with a diagram of the dis-  
trict to be assessed for said improve-  
ment.

Public Notice is hereby given that  
the City Manager and Ex-Officio  
Street Superintendent of said City  
has filed with Clerk of the Board of  
Trustees of said City of Glendale the  
assessment for the Opening, Widening  
and Laying Out of Sycamore  
Canyon Road as contemplated by Or-  
dinances Nos. 295 and 296, together  
with the diagram of the district to  
be assessed therefor.

The date of the first publication of  
this notice is April 22, 1918. All  
parties interested are hereby required  
to file in writing their objections to  
the confirmation of said assessment  
by said Board of Trustees, with the  
said Clerk of the Board within thirty  
(30) days after the said date of the  
first publication of this notice, to wit:  
On or before May 22, 1918.

Persons signing objections must  
give Post Office addresses.

J. C. SHERER,  
City Clerk and Ex-Officio Clerk of the  
Board of Trustees of the City of  
Glendale. 196t10

culin tested. Garvanza 1121; Glen-  
dale 306. C. C. Miller. 193ft

## WHEN THE WAR IS OVER

and our boys come marching home—the boys who  
have faced death for you—will you be able to look  
them in the face and say, "I did my best for you,  
boys"?

Are you saving and buying War  
Savings Stamps Regularly?

## Glendale Sanitarium

## How Do Your Sacrifices Compare With These?

The American boy who goes to war gives up the  
position which means so much to his future, or the  
little business which has just begun to show promise  
of success.

He severs home ties, gives up home comforts;  
leaves behind parents, friends, wife or sweetheart.

He faces the probability of being obliged to take  
up life anew when he returns; of losing all the advan-  
tages which years of hard work have won for him.

He faces the possibility of coming back incapaci-  
tated for earning a living, and of being dependent  
upon his friends or upon charity.

He faces the possibility of never coming home at  
all.

Facing these things, he goes to France to fight  
for us who remain safely at home—and when the mo-  
ment comes for him to go over the top—he GOES!

What will he think, how will he feel,  
if we complain because we are asked to  
make a few sacrifices for him—sacri-  
fices so insignificant when compared  
with his?

Show him that to invest in Liberty  
Bonds is not a SACRIFICE but a PRIV-  
ILEGE—an appreciation of his sacrifice.
