## IN A BRILLIANT COUNTER-ATTACK FRENCH THREW THE ENEMY OUT OF FIRST LINE WEST OF MEUSE RIVER

**Germans Could Not Hold Fortified Work East of Hill 304  
Gained by Means of Violent Assault; in Hands of French  
Once More; Lost Heavily in Other Vain Attempts;  
Increased Activity From Coast to Aisne**

Paris, June 30.—In a terrific attack on French positions east of Hill No. 304, on the Verdun sector, west of the Meuse, German troops captured a fortified work in the first line French trenches after the garrison had been literally buried under a storm of shells. The position was recaptured by the French in a brilliant counter-attack, the war office announced this afternoon.

The Germans also delivered a powerful attack on the French positions in Avocourt Wood and west of Hill 304, but all their efforts were checked with heavy losses to the attackers.

Considerable activity is reported on the front from Neupport to the Aisne. The statement says:  
"In Belgium last night at about 11 o'clock, following a preparatory artillery fire, German forces attacked a salient of our line not far from the road between Neupport and Lombar-

zyde. A counter-attack was immediately delivered which drove the enemy out of one section of trenches where he had gained a footing.

Patrols Dispersed.  
"Between Chauines and Roye a strong German reconnoitring party, caught under our fire, was dispersed before it could reach our trenches."

"Between the Oise and the Aisne two other German patrols were dispersed in a like manner, one in front of Quennevillers, the other northeast of Vingres."

"In the Champagne district an enemy attack with hand grenades on our advanced posts west of Butte-de-Memil was easily repulsed."

German Statement.  
Berlin, June 30.—Attacks by British and French troops at various places along the western front yesterday and last night were repulsed by German troops, the war office announced to-night.

## TOWARD BORDER OR MEXICANS ATTACK

**Carranza Stands by Plan Indicated in Order Given to Trevino**

**FACTION OF CABINET  
WANTS STRONGER ACTION**

**Carranza's Advisers Think No Way to Avoid Break With States**

Washington, June 30.—Private advice reaching Washington from a reliable source in Mexico City to-day said General Carranza and his advisers had determined to stand by the order to General Trevino to attack American troops in Mexico moving in any direction except toward the border, and that no way was seen to avoid a break with the United States. A faction of the Mexican cabinet, it was said, was urging an even more defiant attitude and wanted to include in the reply to the American request for a statement of intentions a new demand for an immediate withdrawal of all American troops now on Mexican soil.

The advice did not indicate when the response from Carranza might be expected. The last word on the subject to the state department came in a message from Special Agent Rodgers, who said he expected the note to be handed him on Wednesday night.

## RUSSIAN FORCES WILL CAPTURE KOLOMEA SOON

## BRITISH GUNS MAKING UNSTINTED USE OF SHELLS AGAINST LINES OF GERMANS; TO-DAY THE SEVENTH DAY

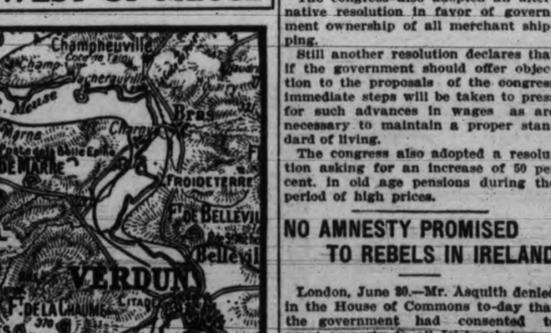

**Using New Trench Mortars of Greatly Increased Range and General Effectiveness; Numerous Raids Preceded by Generous Shelling of Enemy's Positions; Bombardments Have Caused Germans Heavy Losses and Forced Them to Use Much Ammunition**

London, June 30.—The sixth day of the British bombardment of the German lines from Ypres to the Somme was featured by an increasing number of trench raids. These raids invariably are preceded by generous shelling of the enemy's trenches, with here and there a concentrated fire by the new trench mortars, the range and general effectiveness of which have been greatly increased.

## CASUALTIES AMONG BRITISH OFFICERS IN MONTH OF MAY

London, June 30.—Casualties among officers of the British forces during the month of May totalled 1,601. Of this number 466 were killed, 1,099 were wounded and 55 were announced as missing. This brings the aggregate losses since the commencement of the war to 27,923, of whom 3,574 were killed or died of wounds, 17,442 were wounded and 1,907 are missing. The losses during May were heaviest in the Indian contingent in Mesopotamia, with 43 killed and 107 wounded. The Canadian forces lost 33 officers killed and 80 wounded.

## GERMANS FAILED ONCE MORE WEST OF MEUSE

Following an extraordinary violent bombardment, German troops made a powerful attack last night on French positions east of Hill 304, west of the Meuse, and succeeded in taking a fortified work in the French first line. Immediately the French leaders organized a counter-attack, and in a brilliant action the French forces threw the enemy out and recaptured the position.

## OBERTYN, NORTH OF KOLOMEA, TAKEN BY BRUSILOFF'S FORCES

**War Office at Petrograd Announces Capture of Town Between Dniester and Pruth and Villages North and South of It; Kolomea Will Be Taken Soon**

Petrograd, June 30.—The war office announced to-day the capture of the town of Obertyn, south of the Dniester river, and villages north and south of that point.  
Obertyn is between the Dniester and Pruth Rivers and is almost due north of the important town of Kolomea, from which it is only some fifteen miles. It is west of Horodenka.  
It is the opinion here that Kolomea is on the point of falling into the hands of the Russian forces. Gen. Brusiloff has maintained steady pressure on the Kolomea sector and, with his latest gain, now has his forces north, south and east of the town.  
Following the capture of Kolomea it is thought Gen. Brusiloff will direct his attention to the taking of the town of Otytnia, which is on the Kolomea-Stanislaw-Lemberg railway, about 20 miles northwest of Kolomea.

**NO PAPER TO-MORROW**  
To-morrow, Dominion Day, being a public holiday throughout Canada, and the prospects of news of unusual importance from any of the battlefronts being limited, the Times will not be issued. Should any war news of importance be received, it will be bulletined on the office windows.

**KITCHENER'S ESTATE  
VALUED AT \$857,100**

**Will Admitted to Probate To-day; How Field Marshal Divided Holdings**

London, June 30.—The will of Field Marshal Earl Kitchener was admitted to probate to-day. It shows that he left an estate valued at £171,420. The largest bequests were the sum of £20,000 to his nephew, Henry Hamilton Kitchener, and the Broom Park estate and all lands in Kent county to his nephew, Commander Henry Franklyn Chevallier Kitchener, of the Royal Navy, a son of the new earl.

**NEW MEAT CARDS FOR  
WHOLE OF GERMANY  
AFTER SEPTEMBER 1**

Berlin, June 30.—It is announced semi-officially that a general meat card for the entire empire will be introduced on September 1. The cards already have been introduced in the South German states and the larger cities of Prussia, but great irregularity as to the amount of meat allotted to the different parts of the country prevails, and the object of the national card is to secure uniformity in consumption.

**SECRECY IN STATES.**  
Washington, June 30.—Secretary Baker announced to-day that orders have been sent to all department army commanders to suppress all news concerning troop movements.

**ESQUIMALT**  
Electors are invited to attend a  
**Public Meeting**  
in  
**LUXTON HALL**  
**TO-NIGHT**  
H. C. Brewster, M. A. Macdonald and others will speak

Since he captured Czarnowitz, Gen. Brusiloff has made steady progress in throwing back the disorganized Austrian army which was in Bukovina. Spreading fanfare, his forces took Radawitz, Gurahumera, Kutny and Kimpolung, and now they have captured Obertyn and nearby villages. The direction of the movement of the troops which have taken Obertyn has been westward from Bukovina.

The Austrian war office admitted in the report it issued last night that the Austrian forces had been compelled to retreat on a part of the front of Kolomea and southward.

**AMERICAN AIRMAN  
KILLED IN FRANCE**

Paris, June 30.—It was while on an errand of mercy for a wounded comrade that Corporal Victor Chapman, of New York, a member of the Franco-American aviation corps, met his death last week. Captain Boelke, the most famous of all German aviators, who up to that time had accounted for eighteen aeroplanes, sent Chapman to his death, but before he fell the American brought down two German machines. These details were disclosed in a semi-official statement given out to-day which also announced rewards and promotions for other American aviators. All the members of the American squadron have been decorated and promoted.

Sergeant Balesley, of San Antonio, Texas, wounded in a fight near Verdun and crippled for life, is in a hospital a few miles from the aviation camp to which Corporal Chapman was attached. The sergeant asked for an orange, but there was none to be had at the hospital. Corporal Chapman heard of the incident, obtained a basket of oranges and set forth in his aeroplane for the hospital.

While on his way he discovered three French aeroplanes engaged with four German machines and dashed into the fight. swooping down on the Germans he put his machine into action. Two German machines fell to earth. Chapman sent them down almost as soon as he entered the combat. Then Captain Boelke turned on the American and caught him at such an angle that he was able to rake the aeroplane with machine gunfire. One bullet struck a vital spot and Chapman plunged lifeless to the ground within the German lines.

The semi-official statement says that a religious service will be held "in memory of this citizen of the United States, who, inspired by sentiments of lofty idealism, gave his life for the cause of the allies."

For their recent accomplishments rewards and promotions have been given to American aviators as follows: Lieut. Wm. K. Thaw, Pittsburg, the Cross of the Legion of Honor; Sergeant Kiffin Rookwell, of Atlanta, the Military Medal; Sergeant Bert Hall, of Bowling Green, Ky., the Military Medal.

## GERMAN TROOPS ARE BEING DEMORALIZED

**In Constant State of Fear as Result of British Tactics**

**VAIG'S MEN GLAD OF  
OPPORTUNITY TO ACT**

With the British Armies in the Field, June 29.—Via London, June 30.—In spite of the bad weather, British guns are shelling the German trenches and important points along the various sections of their line with considerable intensity. The raids, which have become a new characteristic of trench warfare, are continuing, and one or two which were undertaken this morning were successful in doing great damage.

A brilliant night attack was made by some of the Highland Light Infantry near Vermelles, after a severe shelling of the German trenches. The prisoners taken were much demoralized and admitted that the work of the British artillery and the frequent raids were having a terrifying effect upon the German troops, who now are kept in a constant state of apprehension.

Used Gas.  
A raid on the German front near the Cite de Rollencourt was preceded by gas directed from the British trenches. There is no doubt whatever the plan was successful, because when the British rushed the trench they found a considerable number of dead there, killed by the poisonous fumes which the Germans were the first to invent as an added horror to the awfulness of war.

The British troops are glad of this activity, which has followed a winter of inaction. Raiding parties are keen to leave the trenches to make these rushes across "No Man's Land" into the earthworks of the Germans.

The British losses are extraordinarily light in these local adventures.

**ASKS WILSON INTERFERE  
IN CASEMENT CASE**

Washington, June 30.—A resolution requesting the president to ask the British government for a stay of the sentence of death passed upon Sir Roger Casement, the Irish leader convicted of treason yesterday in London, pending presentation of new facts, was introduced in the Senate to-day by Senator Martine, of New Jersey. It was referred to the foreign relations committee.

Senator Martine introduced the resolution at the request of Mrs. Agnes Newman, Casement's sister. Mrs. Newman hoped to have an audience with President Wilson, but he was leaving for New York and could not see her.

## ITALIANS OCCUPIED MORE POSITIONS

**Offensive on Trentino Front Directed by Cadorna Continues Unchecked**

**WAR OFFICE AT ROME  
TELLS OF SUCCESSES**

Rome, June 30.—The Italian offensive on the Trentino front continues unchecked. The war office announcement to-day says that in the Area valley the Italians occupied the Val Morbia line and the southern slopes of Monte Spil. Along the Posina they captured Grisio, Monte Calgari, Monte Sogli Bianchi.

On the upper But they won possession of the summit of Zelonkofel. Must Fall Back.

Rome, June 30.—The military critics here express the liveliest satisfaction at the results of the offensive undertaken on the Trentino front. The opinion is held that the Austrians must fall back at least until they have reached the fortified line from which they started their offensive, although it is foreseen that they will offer stout resistance at the positions prepared between that line and the front to which their offensive carried them. It is expected that they will be thrown out of such hastily-prepared positions, however, as time has been lacking to fortify them in the thorough manner in which the positions in which the Austrians remained so many months were fortified.

**GERMANY ATTEMPTING  
TO MAINTAIN HOLD  
ON AUSTRIA-HUNGARY**

London, June 30.—A dispatch to the Times from Budapest says the draft of an important treaty of alliance between Germany and Austria-Hungary has just been completed at Berlin and signed by Prince Ernest von Hohenlohe-Langenburg on behalf of Austria-Hungary, and Dr. von Bethmann-Hollweg, the Imperial chancellor, on behalf of Germany.

**VILLA CAVALRY JOINS  
CARRANZA FORCES**

Juarez, Mex., June 30.—Heading 2,500 cavalrymen, formerly part of Villa's army, the Arrita brothers, noted bandits, have arrived at Chihuahua City, according to reports received here to-day from Mexican sources. It is said the Arrita command will join with the forces of General Jacinto Trevino under an amnesty agreement recently reached.

**FOUR VILLISTAS HANGED.**  
Deming, N. M., June 30.—Four Villistas who took part in the Columbus raid were executed by hanging in the county jail here to-day.

## BRITISH CUTTING OFF MORE IMPORTS

**Motorists Must Be Satisfied With Less; Yeast and Vacuum Cleaners**

Washington, June 30.—The British government has announced, according to a dispatch from Consul-General Skinner, at London, a further restriction on the importation into the United Kingdom of automobiles and various other articles, which is to go into effect July 5. Provision is made for the importation under licenses issued by the government of such articles as may be approved by the British authorities.

After July 5 the importation into the United Kingdom of such motor cars, chassis, parts and accessories (except tires) as were exempt from previous prohibition, and of vacuum cleaners and yeast, will be prohibited. License to import such goods will be granted where goods were on route or paid for on the date of the proclamation or where the national interest is apparent, or where commercial motor cars are required for fire departments, conveyance of wounded or sick, for police or local government authorities, agricultural purposes or the conveyance of essential goods.

Licenses to import yeast not exceeding half the amount imported in 1915 will be granted.

## 102ND AND OTHER UNITS IN ENGLAND; CROSSED IN SAFETY

Ottawa, June 30.—It is announced officially that the following Canadian troops have arrived at a port in England: 65th Battalion, Saskatoon; 84th Battalion, Toronto; 102nd Battalion, Comox; 77th Battalion, Ottawa; Engineers and Signal Corps (draft), Ottawa; Medical Corps, Halifax and Winnipeg; drafts and details.

Following an extraordinary violent bombardment, German troops made a powerful attack last night on French positions east of Hill 304, west of the Meuse, and succeeded in taking a fortified work in the French first line. Immediately the French leaders organized a counter-attack, and in a brilliant action the French forces threw the enemy out and recaptured the position.

Time was when some merchants vied with each other in extravagance of statement in their ads. The wise merchants of today vie with each other in the ACCURACY of their statements about goods and values. Nowadays deliberate misrepresentation in advertising would surely and quickly kill any store indulging in it.

## RUSSIAN VICTORY AT SOUTH END OF LINE

### Austrians Admit Defeat Near Kolomea and South; Russians Have Taken 205,000

Petrograd, June 30.—The official report issued last night said: "Yesterday General Letchitsky, after artillery preparation, inflicted on the enemy, despite his desperate resistance, a great defeat in the region between the rivers Dniester and Pruth, and took possession of three lines of trenches.

"On the remainder of the front in Bukowina and Galicia there were artillery duels at many places.

"In Volhynia, in the region of Liniewka, on the Stokhod, the stubborn battle continues. Yesterday in Volhynia and Galicia we took prisoners 221 officers and 10,255 men.

"On the Dvina front enemy artillery bombarded the region of Sakowitche, Seize and the Dogouschinsk wood, west of Krewo. The enemy then proceeded to attack, but was repulsed by our machine gun and infantry fire.

"Persistent fighting took place on the line of the River Toharatowitsa, a tributary of the Pruth, and also in the region of the town of Kutj. The enemy again suffered heavy losses at these points owing to our valiant combined action.

"During to-day a large number of machine guns were captured. One of our regiments, by extraordinary dash and courage, captured an entire heavy battery consisting of four guns and their teams.

205,000 Captured.

"This success increased the total number of prisoners taken in the course of the fighting from June 4, English

"Caucasus front—In the direction of Erzingan the Turks tried to take the offensive during the night, but were repulsed by our gunfire. In the direction of Bagdad at midday the Turks took the offensive with considerable forces against our positions in the region of Kerind, but were stopped by our fire.

"In the course of an engagement northwest of Pulkarn (Dvina front), a company of Siberian troops distinguished themselves. After the enemy artillery and bomb throwers had demolished this company's entrenchments and barbed wire entanglements, the survivors, commanded by Lieut. Oberlytski, stood their ground and repulsed with the bayonet all enemy attacks until reinforcements arrived. The company lost nearly half its effective strength in killed. The wounded included Lieut. Solodovikov and Col. Ivanoff, who directed the combat."

Austrian Admission.

London, June 30.—The Austrian communication received here last night says that the Austrians have been compelled to retire from part of their front at Kolomea, in eastern Galicia, and southward.

The statement says that massed Russian attacks were made over a front of 46 kilometers. In the region east of the Kolomea line there were stubborn battles and hand-to-hand fighting. In this fighting, after Austrian reserves had been hastily brought up, the superior forces of the Russians were repulsed, but in the evening the Austrians were compelled to retire on a part of the front of Kolomea and southward.

**\$25,000,000 CREDIT FOR MUNITIONS FOR THE IMPERIAL GOVT.**

Ottawa, June 30.—It is announced that the minister of finance, as a result of his conference with the Canadian Bankers' Association was able to cable the British treasury yesterday that a further Canadian credit of \$25,000,000 for the purchase of war munitions and supplies in Canada by the imperial government is immediately available.

With the \$50,000,000 already advanced by the Dominion government and the loan of \$75,000,000 by Canadian bankers, a total of \$150,000,000 of Canadian money has been found in Canada for the imperial government to meet its commitments here.

## The Racking Pains of Sciatic Rheumatism

Were Well-Nigh Unbearable—After Five Years of Suffering Cure Was Effected by Dr. Chase's Medicines

For downright excruciating pain few ailments can be compared to sciatic rheumatism. Since this condition of the sciatic nerve denotes exhaustion of the nervous system, the logical cure is found in the use of Dr. Chase's Nerve Food to nourish the starved nerves back to health and vigor.

Reports are continually coming in to us regarding the splendid results obtained in the treatment of sciatic rheumatism by using Dr. Chase's Nerve Food after each meal and Dr. Chase's Kidney-Liver Pills occasionally as a means of arousing the action of the liver, kidneys and bowels and thereby keeping the system freed of pain-causing poisonous impurities.

Mr. W. J. Talbot, Edenwold, Sask., writes:—"It is a great pleasure for me to recommend Dr. Chase's Kidney-Liver Pills and Nerve Food as a cure for Sciatic Rheumatism. The pain I have suffered has been well-nigh unbearable. It would start in the hips and run down the legs to the toes, gradually getting worse. The nerves contract until one is practically useless. My doctor tried many different treatments, but could only afford relief for a time.

"For about five years I was subject to this trouble with severe attacks which would last about two months. The last attack I had was shortened to two weeks by the use of Dr. Chase's Kidney-Liver Pills and Nerve Food. This treatment was continued until I was satisfied that the cure was lasting."

This statement is endorsed by Mr. H. E. Woolley, J. P. Dr. Chase's Nerve Food, 50 cents a box, six for \$2.50. Dr. Chase's Kidney-Liver Pills 25 cents a box, all dealers or Edmondson, Bates & Company, Limited, Toronto.

**NOW CLEMENCY IS URGED FOR CASEMENT**

**Manchester Guardian Makes Plea for Sake of the New Ireland**

London, June 30.—The Manchester Guardian, one of the most influential papers in the country, makes a direct plea for clemency for Sir Roger Casement.

While admitting that no other sentence but that of death could have been pronounced by the court, the Guardian says:

"Casement was a fanatic, and his crimes, like those of many other fanatics, are free from the taint of sordidness and meanness. The death penalty will do nothing to kill such dreams as his. Rather it will give them life.

"For the sake of the new Ireland which we hope to see, it is a moment for clemency."

An indirect plea for mercy is made by other papers on the ground that the execution of Casement would not assist in solving the Irish problem.

**GERMANS WANT PEACE, STATES REV. DR. AKED**

Stockholm, June 30.—Rev. Dr. Aked, president of the Ford peace conference, has just returned from a visit to Berlin. He says a decided wish for peace is growing among the people of Berlin and those in favor of any "amputation" policy are getting fewer day by day.

Dr. Aked asked the British government through the British legation here for permission to visit England on the same terms as he was permitted by the German government to visit Berlin.

**THREE DROWNED IN QUEBEC.**

Quebec, June 30.—Three persons were drowned yesterday while canoeing on the River Jacques Cartier near St. Catharines—Mrs. Gullot, whose husband is manager for Marceau & Co., dry goods-dealers of this city; M. Jobin, formerly a farmer of Leventment, and his son, aged 14.

**Advance Continues Despite Fact Enemy Has Reached Prepared Positions**

Rome, June 30.—The following official communication was issued last night:

"Between the Adige and the Brenta we continued our advance yesterday notwithstanding the increased resistance of the Austrians as they reached their previously prepared positions. During the evening the enemy launched a violent attack in the Suvana area to delay our advance, but was driven back with heavy losses.

"On the Pasubio sector we took some trenches near Malga Comagno. Along the Posina line our advance was delayed by the nature of the ground and the fire of heavy batteries from Borcola. We chased the enemy from the rocks, reached Grizo, and carried the strong positions of Betta, on Monte Malfo.

"In the Asiatico valley we occupied Fadescala. On the Sette Comuni plateau the enemy has strengthened the northern side of the valley. In this district, which is rough and woody, the enemy held the positions of his machine guns while his heavy artillery continually swept our line of advance. We established ourselves on the southern side of the Arsa valley, and gained possession of trenches near Zebio Sigaarella.

"Along the rest of the front to the Carso there is no change. On the Carso plateau our infantry succeeded in penetrating and occupying some of the enemy trenches. During June 28 we captured 656 prisoners, including 21 officers, and also took four machine guns and ammunition and other material.

"To-day two hostile aeroplanes dropped bombs on Udine. One of the bombs fell on the civilian hospital, killing two women and wounding one. No other damage resulted."

**BRITISH CONTINUE PLAN OF ACTION**

**German Trenches Entered at Numerous Points; Use of Gas Effective**

London, June 30.—The official report issued last night said:

"During the last twenty-four hours a large number of our reconnoitring and raiding parties entered the enemy's trenches at various points along the entire front of the British armies. All these enterprises were successful in achieving their object, inflicting heavy casualties on the Germans and capturing prisoners and war stores.

"In several instances our troops remained for a considerable time in the German lines, repelling counter-attacks across the open.

"One of these enterprises took place after the discharge of gas. Our troops on entering the German trenches found a considerable number of dead. Our casualties were insignificant.

"The artillery on both sides has been active along the front. Enemy trenches were much damaged in many places. The intermittent discharge of smoke and gas has aroused the activity of the enemy's guns and caused him to disclose his battery positions."

**French Report.**

Paris, June 30.—The following official communication was issued last night:

"Between Soissons and Rheims we carried out this morning a surprise attack on a German trench northwest of Saizy, destroyed some shelters and captured prisoners.

"In Champagne the fire of our artillery shattered enemy organizations at Mont Tetu, Butte-du-Mesnil and north of Tahure.

"On the left bank of the Meuse, after a strong bombardment which extended from Hill 304 to the Avocourt wood, the Germans delivered an attack against our positions west of Hill 304. They were repulsed by the fire of our infantry and our curtain of fire.

"In the Avocourt wood lively grenade fighting occurred during the afternoon.

"On the right bank no infantry action was reported. Artillery activity of an intense character was maintained in the sectors of Fleury and Vaux, the Chapitre and the Chenois woods."

**AMERICAN TROOPS TO MEXICAN BORDER**

**Secrecy Maintained Regarding Movements of Trains Carrying the Units**

San Antonio, June 30.—While thousands of National Guardsmen were moving over converging lines to-day toward border stations, extraordinary precautions were being taken to prevent the exact routings and schedules of the numerous special trains from becoming widely known. Maj.-General Funston had been instructed by the secretary of war to exercise the utmost precaution in concealing details of the mobilization. General managers of all railroads carrying troops have been requested not to make public the movements of trains.

It was explained at headquarters that these measures were taken to render more difficult any attempt that might be made to wreck trains. Information obtained by intelligence officers have indicated that such an attempt might be made.

Reports from Brig.-General Pershing and from officers at border points contained no indication of hostile acts by Mexican troops. Reports that a strong Mexican force had interrupted General Pershing's line of communication were denied.

**ROOSEVELT MAY RAISE VOLUNTEER DIVISION**

Oyster Bay, N.Y., June 30.—Applications for enlistment in a proposed volunteer army division which Col. Theodore Roosevelt is preparing to organize if there is a call for volunteers are so numerous that the colonel's secretary, Walter J. Hays, issued to-day a statement in which he said:

"We have been literally deluged with telegrams and letters with applications from men who wish to join a volunteer division. It is physically impossible to reply individually to the organizations and to the men who have communicated with us, but I will see that their applications are carefully filed for future reference so that in the event of hostilities they can be apprised of what action is contemplated."

Offers of equipment include almost everything necessary from shoes to automobiles and aeroplanes.

**AMERICANS PROVIDE MEAT FOR ARMENIAN FAMILIES**

New York, June 30.—Distribution of 1,000 oxen to 2,000 Armenian families in 46 villages of the Russian Caucasus was reported to-day by the American Committee for Armenian and Syrian Relief. These families were refugees who are returning to their homes following the advance of the Russian armies into Turkey. The consular added that there still was need for expenditure on a large scale. The committee estimates there are about 225,000 refugees in the Caucasus and in Persia.

**TO THE ELECTORS OF BRITISH COLUMBIA**

**"LILLOOET PROSPECTOR"**

Taking a comprehensive view of the whole measure, two conclusions strike us forcibly, viz., (1) that it carries with its own death warrant and will be killed at the polls. (2) should it escape death at the polls it will create such unsettled, bitter and degrading conditions among us as to wreck our moral and material progress.

Heretofore the father or mother could locate the danger spot in the community—the bar—and exercise his or her influence by at least warning their sons against the danger of frequenting that place. But now the danger spots are everywhere. Every private dwelling house can have it in bottles, or barrels, or hogsheads, can have it in the cellar, the attic, or the kitchen, or the parlor or anywhere in the home, and the neighbor's son, through the intercourse natural among boys, will soon learn where to find it. The opportunities for acquiring the habit are increased a hundredfold.

A man, say, is suspected of violating the law and hauled to court. It is not necessary to prove anything against him; he must prove that he is not guilty of the offence. This is so un-British that in our opinion, though we are no lawyer, the Act would be disallowed by the Privy Council. But it is the clauses 48 and 51 inclusive that will set the Englishman's hair on end and make him wonder what has become of Magna Charta, the great bulwark of English liberty. **WHEN A CONSTABLE CAN STOP HIM ON THE STREET WHILE HE IS RUNNING TO CATCH A CAR WHICH CONNECTS WITH THE NEXT BOAT TO EUROPE, AND SAY: "I MUST SEARCH YOURSELF AND YOUR VALISE, AS I AM OF THE OPINION YOU HAVE LIQUOR IN CONTRAVENTION OF THE LAW." HE SEARCHES AND FINDS NO LIQUOR, BUT THE MAN SEARCHED MAY HAVE TO WAIT FOR THE NEXT BOAT A WEEK OR TWO HENCE.**

The British spirit of liberty is too strong in this province to permit of such violent departures from the traditions of British freedom.

**LIQUOR PERMITS IN WASHINGTON STATE**

Seattle, June 30.—The rapid increase in the number of permits to residents of Seattle for the purchase of liquor outside the state is taken by leading Washington prohibitionists as proof of their opinion that the state prohibition law is ineffective and of but little value because of the loop hole afforded by the right to import liquor from outside the state. On the first day the liquor permit office in the new city building down town was opened the business constituted a record, as 903 permits to import liquor were taken out, and when the office closed there was a string of applicants who could not be served still in line. The previous record for a day's permits was 500.

Reports from the interior of the state show that in every county the number of permits is increasing monthly almost as rapidly as in Seattle. In Gray's Harbor an average of over 100 permits a day is being issued, and on a recent Saturday applications were made for 228 permits.

BAD FOR WILHELM.

According to the director of the Astrological Research Society of New Jersey the Kaiser is going to have the time of his life during the next few months. We are told that the "planetary configurations in their relation to Europe threaten the rapid approach of climaxes whose reverberations will shake the political and business foundations of the entire world."

We do not know what it all means, but we gather that according to the signs in the sky July and August will be two of the most memorable months in Wilhelm's calendar. Nor do we need to examine the stars to predict this. The defeat of the German navy, the startlingly successful commencement of the Russian campaign, the Italian recovery and the beginning of an allied offensive in the west are sufficient for the war prophet to stake his reputation upon. That reputation, even among the illustrious, does not amount to much in any event.

AN IMPORTANT MISSION.

Sir Rider Haggard's mission has an economic aspect no less important, if not more important, than its national and imperial outlook. Besides taking advantage of post-bellum conditions to ensure a more advantageous distribution of the white population of the empire, it aims at the installation of a safety valve against chaos.

stances that may arise, Canada alone should be able to absorb all the immigration the United Kingdom could send no matter how great might be its volume. In common with all the other dominions she must augment her population and open up her undeveloped spaces amounting to millions of square miles if she is to continue to progress at a rate consistent with her natural advantages.

The conditions which arose from the civil war half a century ago were responsible for the extraordinary development of the great productive areas in the United States west of the Mississippi. Northerners and southerners began to migrate westward in thousands, and they were followed by railroads. The whole nation entered upon a new era.

"SORE-HEAD AND MEALY-MOUTHED."

According to our morning contemporary, Alderman Dilworth, one of the speakers at the meeting of Ward 3 Conservatives yesterday evening, described Sir Charles Tupper as a "sore-head and mealy-mouthed." The report does not say whether this elegant allusion to a Tory of national distinction, the son of one of Canada's greatest statesmen and a prominent minister in several Tory cabinets, including the cabinet of Sir John A. Macdonald, was uproariously cheered by the followers of "Billy Bowser," but we may assume that it evoked at least the tribute of applause. No true Bowserite could permit such a sparkling epigram to pass without showing some recognition of the delicate sentiment it expressed or the picturesque imagery of the brilliant rhetorician who coined it.

The Times as a supporter of Liberalism opposes the policies of the Conservative party and in that respect is in opposition to Sir Charles Tupper. In this province, however, Bowserism and real Conservatism are as far apart as Bowserism and Liberalism. The spectacle of Bowser or any of his followers attacking the loyalty of Sir Charles Tupper to the Conservative cause is a slight for the gods. Was the railway policy, with the grinding burdens it imposed upon the people of this province in the interest of Mackenzie & Mann and the firm of Foley, Welch & Stewart, in keeping with the principles of Conservatism? Did Captain Tatlow and Hon. F. G. Fulton cease to become true party men because they resigned from McBride's cabinet rather than share responsibility for the ruinous transaction in which the then Premier, a mere child in business matters, became involved with the shrewdest subsidy manipulators in the Dominion? Is true Conservatism in politics faithfully represented in the fraudulent overpayment to the Pacific Great Eastern of \$7,000,000 of the public funds? Did Mr. Bowser show himself to be a worthy supporter of the party with whose name he has labelled himself when he acted as solicitor for the company which received that money, the finance minister who paid it and the attorney-general who ignored the law he was sworn to uphold in order that it might be paid? Was the McBride-Bowser deal in connection with the Agent General's office an expression of good Tory policy? Is there anything in the principles of Conservatism which justifies the Dominion Trust conspiracy, with its trail of ruin and death? If Sir John A. Macdonald were alive to-day whom would he support—Bow-

ser and his machine or Sir Charles Tupper and his demand for honesty and decency in the administration of the country's affairs? Can anybody outside of a lunatic asylum picture A. J. Balfour or Bonar Law commending Bowserism as true Conservatism?

TRADE AFTER THE WAR.

We observe a tendency on the part of American contemporaries to make light of the alleged intention of the allies to capture German trade after the war. Attention is drawn to the fact that the laws of industry and commerce cannot be set aside by national or international pacts or treaties, not even by common duties against the products of competing nations. We shall not attempt to controvert the reasoning of these enlightened authorities on world economics. At the same time we cannot refrain from pointing out that the fiscal policy of the United States for many years has embodied the very principles they so convincingly controvert. The very newspapers which attack the principles of protection said to have been enunciated before the Paris conference strongly support the candidature of the Republican party for president of the United States for one outstanding reason as against many minor objections to President Wilson's policies: the Republican party is the party of high protection to American industries. Is protection not designed to set aside by artificial means the immutable laws of commerce and industry by limiting as far as possible or destroying entirely competition from sources outside the nation? If the principle is sound within the bounds of the United States when directed against the competition of foreign nations, wherein lies the fallacy if it be applied in a much more extended sphere covered by all the allied powers engaged in the war against Germany? That, surely, is a point requiring elucidation. Only a few weeks ago an article appeared in the Seattle Post-Intelligencer, a Republican newspaper, strongly objecting to the competition of British Columbia with the state of Washington in certain products. Our contemporary argued that if proper fiscal safeguards were enacted this competition could be strangled. Under a Republican administration it held out hopes that this pernicious trade would be wiped out. This is a negation of the new-found doctrine, so far as the United States is concerned, that all trade is beneficial to all parties to it. However, it is interesting to learn that the United States—though probably not the congress of the United States—has become a convert to the doctrine that the principle of freedom of trade so long upheld in Great Britain in solitary distinction is the only sound principle in international relations.

The Berlin Overseas News Agency gravely declares that Queen Victoria of Sweden was visiting her brother at Karlsruhe during the recent French aerial bombardment of that city in retaliation for the German attack upon the open towns of Luneville and Barle-Duc. If we believed the German news bureau, which very few people outside or inside of Germany do, we would have to confess that there was ample room for either suspecting a rift in the royal lute in Sweden or the queen is singularly unfortunate in the choice of the date of her visits to her brother of Baden, for according to announcement she was at Karlsruhe last year also, when France attacked the place in retaliation for a particularly ferocious German aerial bombardment of an unfortified French city. Later, when the French have attacked some other German community in reprisal for a Hunnish outrage on France, we probably shall be told that the President of Switzerland or

the Queen of Roumania or some other personage from a neutral state was visiting the place when the attack was made.

Can it be possible that it was for the following sanguinary utterance that the Berliner Tageblatt was suspended from publication by the Hun military authorities: "We must beat France first of all and finally. That done, our hands will be free to deal with England, for there can be no end to the struggle until the soil of England herself also is saturated with the life-blood of its people." Perhaps this red, gory gem was written immediately preceding the "overwhelming German naval victory" off the coast of Jutland. In any event the chance of saturation now is very remote.

Canadians are not in the mood this year for a joyous celebration of the 1st of July, the natal day of their Dominion. The war has created notable gaps in too many homes throughout the country.

Mr. R. W. Perry says he will follow the candidates of the "Conservative" party in the coming provincial elections. Our idea is that Mr. Perry is too modest. He ought to lead the procession.

We expect Sir Charles Tupper never will have the courage to hold up his head again after he reads what Ald. Dilworth has said about him.

PEOPLE OF YUKON TO VOTE ON PROHIBITION

Dawson, June 26.—The Yukon territorial legislature yesterday passed the bill providing for a referendum on the question of prohibition in the Yukon territory not later than September 1. The action was taken on a petition submitted by the prohibitionists.

Should the bill be adopted by the voters, prohibition will become effective on July 14, 1917. The bill prohibits the manufacture and sale of intoxicants of all kinds and makes no provision for importation for personal consumption. Only intoxicants for medicinal and mechanical purposes would be permitted to be brought into the territory.

The Charm of Your Smile

will be enhanced a hundredfold if your teeth are in perfect condition. One thing sure, no "nature cure" exists that will arrest the germ of decay. No amount of tooth-brushing will bring your teeth back to the snowy state that nature intended them to be. They must have the attention of a competent dental surgeon. He, and he alone, has the skill, the knowledge, the up-to-date methods and appliances to save your teeth.

AT THE THEATRES

ROYAL VICTORIA.

For the last time to-night and to-morrow, the Royal Victoria will have for its attraction, William Farnum, who is well known in this city owing to his magnificent acting in "The Spoilers" in Henri Bernstein's strong drama "Samson".

A good comedy and a trip through Italy shown in natural color finish off an entertaining programme that is well worth seeing.

DOMINION THEATRE.

"Allen Souls," the Lasky feature now showing at Dominion, affords Sessue Hayakawa, the Japanese actor, ample opportunity to demonstrate his ability as a screen artist.

MAJESTIC THEATRE.

"The Iron Will" is the feature at the Majestic theatre for the last half of this week. This three-part adaptation of the Hungarian novel was made by the Biograph company in the west.

PANTAGES THEATRE.

Real work of culture is being accomplished by such organizations as the La Scala Sextette, singing at the Pantages theatre this week.

The members of the sextet Signora Bianchi, an excellent coloratura soprano; Mme. Jennings, with a most sympathetic and mellow quality of mezzo soprano; Signora Silva, with a resonant contralto; Signor Brava, with a tenor of almost heroic proportions; Puccini, with a baritone, and Signor Reburn, with a deep bass voice blend admirably in the ensemble offerings.

Card, Vanity and Coin Cases

FINE TENNIS SEEN IN LADIES' SINGLES

Miss Lawson Defeats Miss Idiens After Hard Game; Hudson Wins

Tennis enthusiasts were treated to a fine exhibition of the game yesterday afternoon at the Victoria Club's handicap tournament, when Miss Lawson defeated Miss Idiens in the ladies' singles. The score, 6-3 and 6-2, is no indication of the play, as every game in each set was close. Both players had the handicap of minus 49. In the men's singles, Hudson (minus 15) defeated Trimen (plus 15), 4-6, 6-1 and 6-3. Trimen, after taking the first set, was outclassed in the next two. In the mixed doubles Miss Idiens and Cove beat Miss McLeod and Phelan.

VICTORIA BOY SCOUTS

We are more than grateful to those who have responded to our appeal and sent in some account of the doings of their respective troops. We give the letters as received.

Troop II. (Collegiate.) From P. M. Sherwood—As our troop is so young, I shall not be able to send you very much news each week. The troop meets every Wednesday afternoon at 3.30 at the Collegiate school. On Wednesday, June 21, the troop marched to Beacon Hill park, where each patrol was examined in ambulance work by its patrol leader.

Troop III. From C. S. George—The III. troop has now arranged for a summer camp, to be held during the second and third weeks of July. It is proposed to camp at Picnic Point, near the Craigflower bridge, and some 29 boys are expected to turn out. Besides the usual camp equipment, it has been decided that each boy should have a pair of bathing shoes as glass is believed to be in abundance on the beaches.

Last Saturday the III. troop met in the afternoon, for the purpose of practicing for their half-hour display on July 1. The ambulance team also had a short practice. Last Tuesday the patrol leaders held their usual fortnightly meeting. Several interesting questions were discussed. It has been decided to hold a patrol leader's social and "banquet" at headquarters next Tuesday at 6.30 p. m.

Owing to the great endeavors of P. L. Wootton, of the 11th troop, the billiard table at headquarters has a fine new cloth. The patrol leaders wish to take this opportunity of thanking him for his efforts.

Troop XI. From A. B. Nash—The Kangaroo Patrol of the XI. troop would be pleased to accept challenges from patrols in other troops for scouting games, which could be held in the Uplands or on the Willow beach, or any other convenient spot, during the holidays. This would, I think, not only be a pleasant pastime but would enable patrol leaders to get their boys interested in the "real thing," an opportunity for which seldom presents itself, except at camp. Arrangements might also be made for shooting competitions, provided the supervision of Scout-Master Burgess could be obtained.

Troop XV. (University.) From the school magazine, Black and Red. We shall be on parade in open competition on July 1, when we ought to more than hold our own. In the month of May we got more proficiency badges and more second class badges than the rest of the city troops put together. For this we were given a "half" on Monday, June 12, which we spent out at Dr. Tolmie's. It was a glorious day, and I think we all enjoyed it. The band (Bear Patrol) played us out and back, and made a very neat and workmanlike camp fire for their tea. Mr. White came up and put us through some drill one afternoon, for which we most gratefully thank him, and Mr. Burgess, of the XI. Troop, has been taking a great deal of trouble with the band, which we all much appreciate.

Advertisement for Seal Brand Coffee, featuring an image of a coffee tin and text: 'The surpassing goodness of our Coffees is not surprising if you consider the story of our fifty years as a business house... Fifty years of constant study to bring to the coffee drinker of North America the best to be found in the plantations of the world. Chase & Sanborn's Coffees'.

ciate, and expect the band to reflect great glory all round when it comes to the 1st of July parade.

No particular news of Troops IV. and X., but we may be sure that the boys up at the Gorge are working away and preparing to raid one or other of the badge examiners.

We hope that July 1 will produce plenty of good "copy." There is one very good piece of news to end up with for this week. His honor the Lieut-governor has made it known to those in authority that he wishes his prize to be competed for every year, so that probably there will be another cup or trophy of some kind for the Scouts to rejoice in. We again thank his honor for this and the interest he evidently is taking in the Boy Scout movement. We need all the encouragement we can get and a good lead like this is especially welcome just now.

FUSILIERS IN CAMP

Bugler Steele Writes Home of the Voyages of 88th and Life in Otterpool Camp.

Bugler Russell Steele, who left here with the 88th Battalion, Victoria Fusiliers, C. E. F., writes a chatty letter to his mother, from camp at Otterpool, Kent. All along the route from here to Halifax the men were given a rousing reception. At every station there were crowds and they cheered, and the passengers on passing trains also cheered them as they passed at the crossing stations.

Bugler Steele has a brother, Lance-Corporal Wayburn Steele, in the same battalion, and they traveled east on the same train. At several points where there was a wait for some time the bugle band of the battalion got off and played marches for the people, and where there were soldiers under arms they marched to the station and the men fraternized. Pickets were kept on the cars at stations, however, to keep the men from getting off and being left behind.

At Ottawa the battalion was formed up leading the 89th Battalion of Calgary and the 90th Battalion of Winnipeg in the march to the parliament buildings, where the Duke of Connaught inspected them. While they were waiting for H. R. H. to arrive the ladies of the Red Cross Society distributed oranges to them. A quick run was made to Halifax, where the battalion arrived on May 31, and within a couple of hours was embarked on the transport. The departure from Halifax was not made until the morning of June 2. The transport was a White Star liner, and on the walls were scratched thousands of names of men who had traveled on her across the Atlantic and to the Dardanelles.

The men wore life-belts all the time, and fire-drill was frequent. The voyage was an uneventful one, and the sea was fairly smooth until near the end of the passage. When nearing the coast of Ireland the ship steered a zig-zag course to avoid submarines, and was attended by a couple of destroyers. The Mersey was entered at six o'clock on the morning of June 1 and two hours later the battalion had untraveled for Otterpool. That afternoon Folkestone was reached, and from the station the battalion marched to camp. The novelty of the new land, as it was to so many of the boys, was a great attraction.

All the way here the men of the 88th enjoyed good health, and the doctor had a light task. On the Sunday spent on shipboard there was a service held on the main deck, at which several hymns were sung and an address was delivered by the chaplain, Rev. G. H. Andrews.

WAS NOTED ATHLETE

English Papers Contain Sketch of Career of Late Rear-Admiral Sir R. K. Arbuthnot.

Rear-Admiral Sir Robert Keith Arbuthnot, who went down when his flagship the Defence was lost in the big naval battle in the North Sea on May 31, was well known in Victoria, being stationed at Esquimaux for two years (1890-92), when his ship, the Warrior, was on the station. Papers just arrived from England giving details about the big engagement include brief particulars of his history. He was born March 23, 1864, and in 1897 married Lina, daughter of Colonel A. C. Macleay, C.B., this being five years after he left Victoria. The fourth baronet, he succeeded his father in 1889. He entered the navy in 1877, as appointed commander in 1897 and captain in 1902. He was severely injured in a serious 4-inch Q.F. gun accident on board his majesty's ship Royal Sovereign off Plata, November 3, 1901. The membership of the Royal Victorian Order was conferred on him in 1904. He was aide-de-camp to the king from March 2, 1911, to July 13, 1912, when he was promoted rear-admiral. He was rear-admiral commanding the 14th cruiser squadron during the naval manoeuvres, July and August, 1912, with his flag in his majesty's ship Diadem, and rear-admiral in second battle squadron October, 1912. His heir is Brigadier-General Dalrymple Arbuthnot, R.F.A., who has been through the whole of the war and is now at Salonica.

Rear-Admiral Sir Robert Keith Arbuthnot was a fine Rugby player in his younger days, and as a three-quarter captained the United Services and also played for Hampshire. He took a very active part in sports in Victoria during the two years he was at the Esquimaux station, and gave great impulse both to cricket and football.

KILLED IN ACTION.

In yesterday's casualty list the name of Sergt. H. C. Stillingtonfleet was erroneously given as Stillington. Sergt. Stillingtonfleet was a rancher in the Okanagan before leaving with the Mounted Rifles, and was a veteran of the Boer war, in which he served in Strathcona's Horse. He was a splendid horseman and a noted polo player. He was killed during the recent fighting near Ypres.

BOY TRAVELS ALONE.

Harold Helm, Son of Private in 11th C. M. R., Sailed From New York To-day.

Harold Helm, the nine-year-old son of a private in the 11th C. M. R., sails to-day on the steamer Kronland from New York, to go to his father in England, having made the trip to New York from Victoria over the Chicago, Milwaukee & St. Paul line, being booked through the local agent, J. G. Thomson. He is making the whole trip alone and on reaching London will live with his grandmother at West-cliffe.

Referring to his long journey the boy said before he left that there was nothing to be afraid of, for he supposed he would pick up with some young fellow about his own age on the way and would not lack a companion. His previous experience in traveling had been to Vancouver several times, and he saw no reason why there should be more danger over a long journey. He is traveling under the direction of a tourist-agency whose representatives will take care of him at points of transfer. He went direct to Chicago and then to New York. He said he would have joined the army if he had been old enough to do so, and that when he is old enough he will enlist. His step-mother resides here.

WELL KNOWN HERE

Signaller H. A. Yeoman Was Wounded in Recent Fighting.

Signaller H. A. Yeoman, whose name appeared among the wounded in a recent-casualty list, was well known in this city, where for several years he was engaged in the real estate business, being a member of the firm of Yeoman & Pilkington. He was born in England and is 36 years of age. He came to Victoria five years ago and joined the naval volunteers when that force was organized, acting as signaller at Esquimaux in the early part of the war. In October, 1914, he enlisted in the 88th and left with the 29th Battalion, subsequently being transferred to the 15th. While in the city he took a prominent part in athletics, and played for the Oak Bay cricket team and for the Law Students' football eleven. Corporal Pilkington, his former partner, was killed in action some months ago.

Y.M.C.A. WORK AT SIDNEY.

The military branch of the Y.M.C.A. is making arrangements to carry on its work at the Sidney camp when that training ground is occupied by the three regiments. A certain amount of work will be continued by the Y.M.C.A. at the Willows while the 103rd is quartered there, but the full programme will begin at Sidney as soon as the troops arrive. Donations of athletic outfits will be welcomed for use in the camp.

GOES TO QUEBEC.

Captain Walter S. Barton, 7th Battalion, who was home-leave, left yesterday to report at Quebec for military duty. It is believed that he will be engaged there in instructional duty. He left Victoria with the first contingent and saw much of the hard fighting in France. His brother, William S. Barton, is a lieutenant in the 103rd.

WOUNDED BY SHRAPNEL.

Miss F. A. Cavin, of this city, has received a letter from her brother, Pioneer W. J. Cavin, who is at present in No. 23 general hospital in France, stating that the wound from which he is suffering was caused by shrapnel, but that he expected to rejoin his unit in a few days.

Chance for a Hug—"Men have such queer slang. Now this article speaks continually of the main squeeze. Doesn't that sound nonsensical?" "Oh, I don't know," said the other girl. "Main squeeze sounds rather nice to me. I think I'd like to meet one of them."—Louisville Courier-Journal.

Most Eminent Medical Authorities Endorse It.

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge of the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Auric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a large trial package for 10c. of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Remedies are unequalled as a Liver Pill. One tiny, Sugar-coated Pellet a Dose. Cures Sick Headache, Bilious Headache, Bloating, Constipation, Indigestion, Bilious Attacks, and all Derangements of the Liver, Stomach and Bowels.

NOT GERMAN.

To the Editor:—In conversation the other day some inference was made to Mr. Fred Landsberg, of Victoria, and I was asked if he was of German origin. This question surprised me, and I have since thought it possible that many people may have had the same idea, and that it may be working an injury to Mr. Landsberg.

The fact is that he is a Russian by birth. His parents were Russian people of the Hebrew faith living at Berdichev, in the province of Kiev, Russia. I was friendly with his father and family and visited at their home very often. They were people of the most estimable character, and all the children, of whom only two others are residents in America, are absolutely loyal to the cause of Russia and the allies. The Russian family name, which is of great difficulty in translating into English, would be spelled like Loschak, but no doubt out here is for convenience called Landsberg.

"NEW THOUGHT."

To the Editor: With reference to the unwarranted attack upon the New Thought movement published in your report of the Rev. W. Stevenson's address before the Baptist convention, permit me to say that such crass ignorance or malicious misrepresentation, from an unmistakably cultured source, bespeaks, in my estimation, the mistaken policy of the modern cleric who, amidst the strife and wrangle of relatively contemptible sectarian differences, attempts to "cast mud into the well of human tears," to quench the spark of life in "hearts still pregnant with celestial fire" and to "close the gates of mercy" on those who, escaping from beneath the spiritual yoke of ecclesiastical superstitions, seek refuge in "that Light" of which the apostolic baptist wrote.

Mr. Stevenson, within the limits of his own legitimate plane, may serve (as in the present case) "to bear witness to that Light" which himself recombust in the "darkness" which "comprehendeth it not." "That 'New Thought,'" so called because of its lack of conventional title, is a "philosophy" and "a religion," none can deny, since it is based upon all wisdom and all thoughts of God; but Mr. Stevenson's puerile attempt to prejudice a great spiritual movement by linking it with "materialism," of all things, is a weak and unworthy avowal of the issue, in terms more applicable to his own cult.

We bear Mr. Stevenson no ill-will, but, as Swinburne says: "To wipe off the froth of falsehood from the foaming lips of inebriated virtue, when fresh from the sexless orgies of morality and reeling from the delirious riot of religion, may doubtless be a charitable office." This office I propose by the fair courtesy of your columns to perform.

MARY WILSON.

MANY TOURISTS

WILL VISIT CITY

Attractions Are Being Advertised in Farming Districts South of Line

Commissioner Cuthbert, of the Victoria & Island Development Association, returned last night from a ten days' tour of cities and towns in Idaho, Washington and Oregon, where he went in the interests of the tourist business and in the Georgian Circuit celebration. He is hopeful that much good will result from his trip, during which he did considerable personal work in advertising the tourist advantages of the island.

In the territory he touched he ascertained that there are ninety-five thousand farmers whose affairs are in prosperous condition. Of these he found that more than 60,000 are owners of automobiles and large numbers travel during the hot weather, many going to Oregon beaches. Years ago the old development association in Victoria paid particular attention to this territory, but latterly nothing has been done to get tourists from there. The association thought it well to again get in touch with this rich field, and sent the commissioner to do the necessary missionary work.

The commissioner says there are two or three very hot months in the year in this territory and there is a general exodus of wealthy farm and city people. In one transportation office he learned that the agent had sold tickets of the tourist class to the value of \$18,000, all for outgoing settlers spending the hot weather in cooler places. To get a share of this business was the aim of the commissioner, and he got in touch with the officials who could refer travelers to Victoria and left a sufficient supply of literature. Advertisements were placed in the best newspapers so as to attract people and he obtained what will form a valuable mailing list. It contains three thousand names of rich people who may be drawn this way during the summer.

The commissioner looks for considerable travel here next month from the territory he visited and considers the move to get good advertising into the farming community of the north-west States to be one that will result in a big increase in the tourist business in the immediate future.

LIBRARY COMMISSIONERS

Custodian for Reading Room Appointed; Librarian Given Charge of Certain Books.

Out of fifty-eight applicants, the library commissioners yesterday afternoon appointed R. L. Phillips as male custodian in the reading room at the public library. Some complaint having reached the commissioners as to the suitability of certain books on the shelves for general circulation, they looked into the matter, and found that a few books of general literature which are in every library were the cause of the representations made. It was decided that these should be moved to the office of the librarian, catalogued apart and be given out by her at her discretion.

CO-OPERATION IN MARKETING NECESSARY

Board of Trade Committee to Act on Resolution Passed at Conference

The conference held yesterday by members of the various island boards of trade resulted in the passing of a resolution that the time has come for the formation of a central marketing bureau, the purpose of which shall be the organizing of collecting and marketing agencies in all the agricultural centres on Vancouver Island, so that present conditions may be improved. The resolution was the outcome of a discussion on methods to improve the conditions of farming and followed a speech by Thomas W. Martindale, a Nanaimo representative, who, with William Paterson and Alfred Carmichael, drafted it.

Several of the speakers who attended as representatives of island boards of trade mentioned that the practise of taking labor that could be employed on farms in the harvest time for the purpose of road work by the government was a mistake. The first consideration where there was a labor shortage, they said, should be to the farmer.

Mr. Martindale, who is one of the pioneer farmers on the island, said he had been impressed with the object of the conference. He could not find fault with the climate or with the soil or with the labor supply, but there was something wrong with the methods of marketing, and in this the most advanced methods should be introduced.

Mr. Paterson, who represented Duncan, told of the co-operation prevailing in the Cowichan valley and of the success that had come through it. He advocated more activity in the development of land held by railway companies. This would lead to an increase of revenue for them, but this really was of secondary importance and naturally would come through a policy of closer settlement.

H. E. Bousley, of E. & N. Railway Company, replied that the railway company would be glad at any time to receive suggestions from the farmers as to how the railway service might be improved.

The success of berry growing on the island was mentioned by Beaumont Egges. This month was the twenty-fifth anniversary of planting strawberries at Gordon Head. He advocated the exemption from taxation of all newly-cultivated property for five or more years.

John Stewart, Ladysmith, recommended that experts should visit the farmers to offer suggestions on improved methods of cultivation.

A. E. Pianta, Nanaimo, suggested that the government borrow money from the municipal sinking funds to loan to farmers under the Agricultural Credits Act. It could be obtained at 4 per cent, and loaned to the farmers at 5 per cent.

Following the passage of the resolution, the delegates were taken to the experimental farm at Basara Bay, where they were entertained by Professor Stevenson, who was accorded a vote of thanks. The party then returned to Victoria and dispersed.

The resolution passed in the Victoria board of trade agricultural food products committee when it is intended steps will be taken to carry out the formation of a co-operative marketing organization.

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:—

She says:—"Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

SAANICH PIONEER CALLED TO REST

Alex. Menagh, a Native of Ireland, Farmed in Peninsula for Many Years

A highly respected pioneer of North Saanich passed away yesterday at St. Joseph's hospital in the person of Alex. Menagh. The deceased gentleman, who had been suffering for a long time with the illness which finally terminated in his death, was 75 years of age.

A native of Belfast, Ireland, the late Mr. Menagh came to this country with his parents when he was quite young. The family settled first at Oshawa, Canada, and there Mr. Menagh later married Lydia Robson, who predeceased him a number of years ago. It was afterwards that he came west and purchased the farm at North Saanich, where he farmed with success and made many friends.

Two sons survive, A. Menagh, 84 Queen's avenue, this city, and George Menagh, of North Saanich. There is also a niece, Mrs. Clark, wife of Dr. Clark, of this city. Other relatives live in the east.

The funeral has been arranged to take place from the Thomson funeral parlors, Pandora avenue, on Monday, July 3, at 2.30 o'clock.

The kaiser is asking some of his castles, and some of the others, those in the air, are rapidly crumbling.

## RACES AND MILITARY EVENTS FOR HOLIDAY

### Matinee Club Meet at the Willows in Aid of the Red Cross

To-morrow's combined horse racing and military meet to be put on at the Willows by the Victoria Matinee club in aid of the Red Cross should be well patronized, for outside of the fact that it is for such a worthy object, the events themselves should be interesting to the public. The members of the club are co-operating with the club. An attractive programme has been prepared. The old rivals Alvis and Ellis Erickson will meet again in one of the events.

The programme will be commenced at 2 p.m., and soldiers in uniform and children will be admitted free. Seats may be reserved by telephone at Henderson's Riding Academy, Willows Park.

The programme follows:

Entries.

2 p. m.—First heat, free for all pace; one-half mile heats, each a race; three heats: Ella Erickson; owner, J. Jennings; driver, McFadden; Zoe "W."; driver, Symons; Minnie "M."; owner, L. Tait; driver, Tait; King Putnam; driver, Millington; Alvis; owner, M. McDonald; driver, J. Millington.

2.15 p. m.—Military event, run, ride and lead; post entries.

2.30 p. m.—Second heat, free-for-all pace.

2.45 p. m.—Ladies' breeding race: Lady "M.", Miss Henderson; Black Beauty, Mrs. Gillespie; Kitty Lye, Miss Holden; Tommy, Mrs. McAllister.

3 p. m.—Third heat, free-for-all pace.

3.15 p. m.—Military event, tent pegging: Sergt. Porter, Lieut. Gibbs, Lieut. Shakespeare, Capt. Dunford, Major Spurgeon, Lieut. McLagan and Sergt. Major Appleton.

3.30 p. m.—4 1/2 furlongs, thoroughbreds barred: The Ball, C. Gandy; Mollie, Bert Spurgeon; Lady "M.", "Jessie James"; Lady Gladys Gouge.

3.45—First heat, matched race for silver cup; mile heats; three heats: May Putnam (Bik. M.); owner, J. Wolfenden; driver, J. Millington; Macfoster (Bay S.); owner, H. M. Fullerton; driver, W. Millington; Zoe "W." (Hay G.); driver, Symons.

4.15 p. m.—Military event, lemon-cutting entries: Sergt. Porter, Lieut. Gibb, Lieut. Shakespeare, Capt. Dunford, Major Spurgeon, Sergt. Major Appleton and Lieut. McLagan.

4.30 p. m.—Second heat, matched pace.

4.45 p. m.—Military event, wrestling on horseback; transport section vs. battalion.

5 p. m.—Third heat, matched pace; mile heats.

5.15 p. m.—Open, jumping competition; best performance to count: Klondike, Mrs. Gillespie; Mollie, Bert Henderson; Lady "M.", Miss Henderson; Kitchener, Major Spurgeon.

The officials follow: Judges in the stand—Colonel Henzler, Major Spurgeon, President Munzie, A. E. Wade, H. M. Fullerton.

Official starter—L. Tait. Clerks of the course—W. Strachan, M. McDonald and T. Parker. Timekeepers—J. Wolfenden and W. McAllister.

## FEW GOLFERS EMPLOY THE VARDON GRIP

The Vardon grip is supposed to be the last word or the ultimate phrase of golf grips. Yet it is a peculiar fact that only a few of the leading American amateurs employ it. Jerry Travers and Oswald Kirkby both employ the old-fashioned V-grip. So does Bob Gardner. Chick Evans uses a modification of the Vardon grip, but doesn't go in for the full affair. Max Marston has only lately adopted the overlapping method, while Francis Ouimet uses an interlocking affair. The grips used by Travers and Kirkby are almost identical, while those employed by Ouimet, Evans and Gardner all vary—showing that, after all, the way one holds a golf club isn't quite as important as the way one swings.

## INTERCITY CRICKET TEAMS ARE READY

### Preparations About Completed for Big Patriotic Game on Holiday

With the exception of a few minor details, arrangements have been completed for to-morrow's inter-city cricket game, which will be played for the benefit of the Red Cross between teams representing Victoria and Vancouver on the Jubilee hospital grounds. Both the teams are thoroughly representative of their respective leagues and a fine game may be looked forward to. The Vancouver club is provided with some fine bowlers, and as the Victoria team will also have some crack players in the bowling positions, the batters of both sides will likely have a hard day.

The Vancouver team, which will arrive on the morning boat, will breakfast at the Pacific club and then proceed to hospital grounds, where the game is scheduled to start at 10.30.

The officers of the Victoria and District Cricket League who have worked hard to make the day a success, have been assisted greatly by the ladies of the I. O. D. E., and will be further aided by this body on the day of the game, the ladies taking over all the arrangements for the afternoon tea, the proceeds of which will be granted to the Red Cross.

The following committee which has been appointed to assist Mr. Palne, the president of the Victoria and District League, on the grounds, are requested to report at 10 o'clock: Messrs. Bossom, R. H. Barker, F. Rawnsley and F. Jordan.

The teams will take the field as follows: Victoria: F. A. Sparks (capt.), A. Collett, H. B. Hudson, H. A. Ismay, C. P. Askey, R. H. Pooley, H. S. Radcliffe, A. Booth, A. H. Ackroyd, E. D. Freeman, J. Wenman.

Vancouver—F. A. Barra (capt.), J. F. Mendis, E. J. Stroyan, A. J. Kluck, G. R. Leigh, L. T. Dewly, W. G. Chandler, G. F. St. J. Davey, C. V. B. Davey, G. E. Irving, W. G. Chandler.

## BEAVERS WIN WITH ACOSTA IN THE BOX

At Seattle yesterday the Beavers defeated the Giants. Acosta, serving up the slants for Bob Brown's outfit, let the home team down with 5 hits and 3 runs, while the Beavers pounded Ross for 12 blazes, resulting in 8 runs. The score:

Table with columns: Seattle, AB, R, H, PO, A, E. Rows for Seattle, Ross, and Totals.

Table with columns: Vancouver, AB, R, H, PO, A, E. Rows for Vancouver, Ross, and Totals.

## AMATEUR BALL GAME FOR DOMINION DAY

### Grindle's Outlaws and the Ice Dogs Will Battle To-morrow Morning

Victoria baseball fans will be afforded the pleasure of witnessing an exhibition of their favorite sport to-morrow morning, when the Ice Dogs and Pinkie Grindle's Outlaws play at the Royal Athletic Park. The Outlaws have not lost a game this year, and will be out with a stronger lineup than ever for this game, while the Ice Dogs are also strengthening their team.

Shakespeare will do the twirling for the Outlaws and George Straith will be in the box for the Ice Dogs. The game will commence at 10 o'clock. The Outlaws may also meet the Victoria West team in the afternoon.

## LACROSSE VETERANS READY FOR BIG GAME

### Vancouver Team Chosen for Dominion Day Clash at Brockton Point

The personnel of the Vancouver team for the initial clash of the home and home series scheduled for Brockton Point grounds next Saturday is announced by Manager Matt Barr. "Chub" Quigley and J. J. Cambridge were agreed upon as referees. "Boney" Buckling is not on the line up of the Vancouver team, but he will be at the game just the same. The match will commence at 3 o'clock sharp on Saturday with the following players opposing each other.

Table with columns: Vancouver, Goal, Westminster, Norman, Stuart Campbell, Joe Reynolds, Matt Barr, Charley Wickens, Frank Wright, George Matheson, Geo. O'Loughlin, Charley Herman, K. Campbell or P. Mason, W. Miller or "Chub" Quigley.

"John," asked the teacher, "what is a synonym?" "A synonym," said John, "is a word you use when you can't spell the other one."

## NOVEL FEATURES AT ATHLETIC MEET

### V. I. A. A. Preparing for Events Which Will Be Held on Saturday, July 8

The big naval and military athletic meet which the V.I.A.A. is putting on a week from Saturday, under the supervision of Billy Davies, is going to be one of the best ever held in this city. All the usual track and field events will be on the programme, which will also contain new features to Victoria sport enthusiasts. There will be a boxing and wrestling tournament in connection with the meet, in which will be included Judo and Hindu wrestling. The meet will be thrown open to the entire military district No. 11, and 75 per cent. of the proceeds will be donated to the Red Cross and other patriotic societies.

The officers and men of H.M.C.S. Rainbow have promised their co-operation, and a large number of entries may be expected from this and any other ships in port at that time. The fact that the meet is being promoted for patriotic purposes should ensure a large attendance, while with Billy Davies in charge the scheme should be an unqualified success. Mr. Davies is well known locally as a successful promoter of indoor tournaments of all kinds, and he was supervisor of the complimentary meet to H.M.S. New Zealand and U.S.S. Virginia held during Carnival Week a couple of years ago. This meet was the most successful ever held in the city.

The following committee will have charge of the entries: Warrant Officer King, of H.M.C.S. Rainbow, Messrs. Harry Skuce and A. Hawthornthwaite. Entries should be sent to the committee at 641 Port street before Wednesday, July 5.

Following is a list of the events: Track events—100 yards, 220 yards, quarter mile, half mile, 120-yard low hurdles, half mile relay race, sack race, high jump, running broad jump, obstacle race, potato race, bandmen's race, business men's half mile relay, tug-of-war (one pull). School children's races (post entries), age 9 to 14 years—50 yards, girls; 50 yards, boys. Needle and thread race, husband and wife only; married ladies' race; returned soldiers' race, 100 yards.

Boxing—105 lbs., 115 lbs., 125 lbs., 135 lbs., 145 lbs., 155 lbs., heavy. Wrestling—105 lbs., 115 lbs., 125 lbs., 135 lbs., 145 lbs., 155 lbs., heavy; Judo wrestling; Hindu wrestling. Naval field gun display; pie eating contest.

## MEIKLE IN FORM AND TIGERS LOSE

The Miners took the Tacoma Tigers into camp yesterday at Butte, pounding Shubert's giants all over the lot. Meikle, for the home club, was in fine form and held the Tigers to one scratch hit until the ninth when he was touched up for 2 hits and a free pass. He tightened up in time to stop the rally, however, Tacoma getting but 3 runs. The score:

Table with columns: Tacoma, AB, R, H, PO, A, E. Rows for Tacoma, Meikle, and Totals.

Summary: Two-base hits—Grover, Hilliard. Sacrifice hits—Kippert (2). Double play—Wuffill to Bartholomy to Thompson; Bohne (unassisted). Hit by pitched ball—Hilliard and Levis by Melhaf. Stolen base—Johnson. Bases on balls—Off Meikle, 3; off Melhaf, 4. Struck out—By Melhaf, 2; by Meikle, 2. Left on bases—Butte, 11; Tacoma, 5. Time—1:40. Umpire—Finerman.

## JOY RIDING KILLS CHANCES OF GIANTS

### Spend Too Much Time in Cars When at Home and Slump Follows

New York, June 30.—Joy riding is killing the 1916 pennant chances of the New York Giants, just as it ruined the prospects of the 1914 and 1915 McGrawian machines.

John McGraw and some of the New York fans seem to be mystified because the Giants are sluggers on the road and cannot hit at home. For a time the signs on the centre field fences were blamed. But this excuse was shattered by other clubs which came here and proceeded to blow themselves to slugs.

The whole trouble with the Giants is that they have automobilists. Practically every member of the club has a gasoline car. When he is home he spends his evenings chugging around at a rate of speed as great or greater than the law allows. He goes for jaunts far into the night and comes home with his eyes inflamed by the wind friction. The next day his vision is not as clear as it should be normally; there is a slight blur. His eye batting judgment is punk and he cannot connect.

On the road the Giants are a different crew altogether. They leave their cars at home and don't spend half the night racing around. They get plenty of sleep and they don't do anything that irritates their eyes. As a result, they jump into the game each afternoon with a clear eye and how they do isn't that of baseball. The Giants during their first stay at home this season could not hit with any consistency. Meanwhile they were fitting hither and thither o' nights in their cars. Then they went on the road minus their autos—and they hit like fiends. They came back, resumed their automobilism, and again they have slumped in a clubbing way.

The condition that exists this year is the same as existed before. The Giants during the past three seasons have not been able to do any noticeable batting at home. All their swatting has been done on the road, where joy rides have been few and far between.

Benny Kauff was quite a swatsman in 1914. That was before he suffered from automobilism in a malignant form. Last season the hit-killing germs began to infect his system and Kauff didn't hit with as much success as in former years. This season Kauff, who has a new racing car, is hitting around 375. If McGraw enforced a rule prohibiting the Giants from riding in autos until the season is over it's an absolute certainty that the batting power of the club would increase 15 to 20 points in a few weeks.

Other ball players own autos, but they use them in moderation. The Giant players alone seem to be permitted to race around at any speed they wish and as often as they care. McGraw is lenient with them in this respect. So far he has seen no harm in it. But other managers have, and most of them have issued orders restraining their players from frisking around too much in the night air. They decided that fresh air was all right for a ball player when in bed in the ordinary way, but concluded that it wasn't good for a player's eyesight when he ploughed through it nightly at the rate of from twenty-five to sixty miles an hour.

Moran's weight was announced at 204 pounds and Dillon's 169. Dillon went on the scales in fighting togs, while Moran was stripped. The Indianapolis man was in fine condition, but Moran looked fat. Dillon was the aggressor from the start, although Moran landed the first blow to the head. Moran, instead of playing a waiting game, started off to batter down his opponent, but Dillon was fast and too clever for the big fellow."

Yale varsity lacrosse men recently completed the second season of the sport at the university since it was abolished by the authorities something like 20 years ago. Last year the game was brought back again by a few experienced men who were at Yale and this year the lacrosse team was admitted to the Yale Minor Athletic Association, and with this backing entered the northern division of the Intercollegiate Lacrosse League. Games were scheduled this year with Stevens, Hobart, Cornell and Harvard. Three outside teams were played—the Crescent A. C. of Brooklyn, Lehigh, the present champions of the southern division of the league, and the Gotham Lacrosse Club. Starting out with good material the team was hindered by lack of coaching. Being new to the university the support given the team did not warrant a paid coach, and thus the team had to be content with the little coaching it could get free. The prospects for next year are bright, provided that the team gets some good coaching. Of those who remain to the team, Spenser, Church and Bennitt are good defence men. Lambart at centre with some coaching will make one of the best, while Hatch, Manning, Nevitt, Phillips and Griggs will be the mainstays of the attack. Yale will again be a member of the Intercollegiate League, and from present expectations should be well up in front when the season is completed."

**HULL OF BARRISTER IS BADLY BUCKLED**

For Length of Over 26 Feet Bottom of Steamer Resembles a Concertina

Upon the completion of the survey of the steamer Barrister, following dry-docking operations yesterday, it was discovered that the forward plates were affected, and for a considerable distance the rivets had started. The hull plates were damaged on both sides of the keel, and on the starboard side forward the bottom resembles a concertina.

Yarrows, Ltd., undertook to effect temporary repairs within four days, and gangs of workmen are engaged day and night to complete the work within the time stated. It is expected that the Harrison steamer will be floated from the Esquimalt basin on Sunday.

The agents are anxious to dispatch the steamer to Seattle as quickly as possible as a large cargo is at tide-water awaiting shipment to the United Kingdom.

As soon as arrangements can be completed an inquiry is to be held by the wreck commissioner into the stranding of the Barrister on Portlock Point.

**RECORD TOURIST SEASON.**

More tourists will this summer visit Yellowstone Park than ever before. This prediction is based on a record volume of requests for literature and information concerning rates and time required to go through the great national playground.

That the Gardiner gateway will prove even more alluring from the standpoint of park visitors is foreseen from reservation already made. Increased facilities have been provided for handling traffic into the Yellowstone this summer, and according to reports no trouble is anticipated in providing comforts for the thousands who are bent on seeing the "land of geysers" with its innumerable scenic attractions.

**KAMAKURA DUE OUT.**

The N. Y. K. liner Kamakura Maru, three days behind schedule, is due to leave Seattle at 5 p. m. to-day and will reach here about 8 p. m. on her way out to the Orient. Seven first-class and 30 steerage passengers will embark at this port.

**SADO MARU EN ROUTE.**

The Nippon Yusen Kaisha steamer Sado Maru is reported to have sailed from Hongkong on Tuesday, June 27, for this port via Yokohama. She is due in port July 28.

**JEWELRY AUCTIONED FOR DESERVING CAUSE**

Niagara's Passengers Contribute Valuables to Aid Dependents of Naval Heroes

With three hundred passengers aboard the Canadian-Australian liner Niagara, Capt. J. T. Rolls, reached port on schedule late yesterday afternoon after a splendid passage of sixteen days from Auckland, N. Z.

Apart from a number of prominent men, mention of whom is made elsewhere, the Niagara brought in many tourists from points in the Antipodes through to England via the Canadian route. From this time onward it is expected that all inbound Australian liners will handle increasing lists of tourists.

Capt. Rolls reports a remarkably fine passage, favorable winds and calm seas being logged each day since Sydney was left behind on June 8.

An outstanding feature of the voyage was an auction sale conducted shortly before arrival at Honolulu to obtain money for the dependents of the gallant naval men who were lost in the recent North Sea fight. Articles of jewelry and silver donated by the passengers netted \$1,150, which will be handed over to the fund being raised for this purpose.

It was reported aboard the Niagara that during the run between Suva and Honolulu a fire broke out in the ship's laundry, resulting in the destruction of a large amount of ship's linen, but nothing definite could be learned from the liner's officers.

Questioned regarding the reported escape of the German gunboat Geler from Honolulu, rumors of which were brought here by the Inaba Maru, Capt. Rolls stated that as far as he knew this ship was still keeping company with other interned enemy vessels at the Hawaiian port.

There was a total absence of fog off the coast as the Niagara approached Cape Plattery and she made a fast run of four hours up the straits to William Head, arriving alongside the outer docks at 5.30 p. m. Twenty first-class, 21 second-class and 17 third-class passengers disembarked here, while for Vancouver she carried 118 first, 39 second and 28 third-class. The first-class passengers coming ashore here were: Sir Rider Haggard, Misses B. and D. Forrest, Mrs. and Miss Logan, F. Deamer, G. Carter, Mrs. G. Williamson, Mrs. R. Marshall, F. McCall, Miss M. Seymour, Miss H. Caldwell, Mr. and Mrs. F. Wallbridge, Miss E. Wallbridge, G. Campbell, Miss J. Gault, A. Robertson, Mrs. A. Mooney, and A. Campbell.

After dispatching small shipments of Antipodean freight and mail at this port the Niagara left at 7 p. m. for Vancouver.

The Niagara will leave here July 5 on her return trip to Australia.

David Mills Says Company's Plans Have Not Changed Regarding New Liner

That the 15,000-ton passenger liner Aotearoa, constructed at the Clyde yards of the Fairfield Shipbuilding Company to the order of the Union Steamship Company of New Zealand, will be placed in the Canadian-Australian service, just as soon as it is possible to outfit her after she has been released from the admiralty service, was the statement last night of David Mills, manager of the Sydney offices of the Union Steamship Company of New Zealand, who, accompanied by his daughter Muriel, passed through Victoria on the liner Niagara en route to London.

Mr. Mills, who is a brother of Sir James Mills, head of the big Antipodean steamship line, is taking his first holiday in several years, and will tour England and possibly visit France before returning to Australia. He says his trip is purely for pleasure and relaxation.

The Aotearoa was taken over by the British admiralty after the outbreak of war, in an uncompleted state, and converted into an auxiliary cruiser. She is now patrolling the high seas on the European side as the Avenger.

This steamship was specially designed for the passenger and freight trade between Sydney, Auckland, Victoria and Vancouver, and but for the war would be now engaged in the trade. It was the original intention of the company to dispatch the Aotearoa on her maiden voyage from Sydney for Victoria a year ago last May. She will be of similar build to the Niagara, but slightly larger and embodying many improvements.

Mr. Mills learned with great interest on his arrival of the recent purchase of fifteen British steamers by the Australian government through Premier Hughes, who is now in London. Mr. Mills knew nothing of the rumored fortnightly cargo service between Australia and British Columbia.

**START SHIPBUILDING PLANT ON FRASER**

New Westminster, June 30.—Preliminary work in connection with the establishment of modern shipbuilding yards on Poplar Island, in the Fraser river, has been commenced by the Westminster Marine Railway Company, which has started a gang of men at work clearing the site. Its application for a lease of the island for this purpose has been placed before Deputy Superintendent-General of Indian Affairs D. C. Scott, now on the coast, who has given assurances that the lease will be granted. The company proposes establishing a \$70,000 plant on the island, of which the modern machinery alone will cost \$15,000. Ways will be built capable of handling the largest vessels in the coast trade. The company is making preparations to build two auxiliary schooners to be used in the lumber carrying trade.

**NO WORD ON KENKON.**

No word has yet been received here of the floating of the Kenkon Maru No. 3. There is a possibility that she may come off the rocks at high tide to-day.

**EARLY SETTLEMENT OF STRIKE IS PREDICTED**

Conferences to Be Resumed at San Francisco With View to Ending Dispute.

San Francisco, June 30.—Officials of San Francisco labor organizations predicted to-day an early settlement of the Pacific coast longshoremen's strike now that the union executive committee and Seattle employers are here ready to begin anew compromise conferences in connection with the San Francisco waterfront employers' union at the call of Henry M. White, federal mediator. Mr. White said no meeting had yet been arranged. The members of the longshoremen's executive committee of the Pacific coast district, however, meeting informally to-day, agreed to stand firm for all of the demands, to enforce which they quit work in every American port on the Pacific coast just a month ago to-day. A prominent union labor man, not connected with the longshoremen, said the strikers would get "almost everything" and that the only bone of contention now was the demand of a dollar an hour overtime. The other chief demands, 55 cents an hour and the closed shop, have been conceded by the waterfront employers' union.

Bullets were exchanged for bricks in a brush between striking longshoremen and non-union stevedores and guards to-day. No one was injured. A number of the union men pelted the occupants of a motor truck carry supplied to the American-Hawaiian S.S. Company wharves where a large number of strikebreakers are at work. Guards on the motor truck fired four shots in return.

**FIJIAN EAGER TO GET INTO FRAY**

Another batch of men from the far-off Fiji group, who, according to the non-commissioned officer in charge, "will assist in negating the Kaiser's ambition for Prussian dominance," passed through this port from Suva last evening aboard the Canadian-Australian liner Niagara.

This small company of twenty men, composed of the finest type of manhood from the southern islands, is known as the First Fiji Reinforcements, the squad being in charge of two non-commissioned officers, Sgt. W. H. Statham and Corp. C. L. Philpott. These men have been recruited in the Fiji Islands to take the places of those gallant veterans of the first and second contingents, which earlier in the war passed through Victoria on their way to the front. The first contingent was composed of 65 men, and the second 60 men, both units being attached to the King's Royal Rifles. The Fijians have won undying fame in the fighting in France. Where the fighting was thickest, they were in it, and but few of the gallant little band survive. Out of a European population of 2,000, the Fiji Islands has contributed 340 men for service at the front, according to Sgt. Statham, which is a splendid average.

The average height of the men of the First Reinforcements is 5 ft. 8 in., as compared with 5 ft. 8 1/2 in. of the second. The average age is 23 years 10 months, while that of the first contingent was 25 years 3 months, and that of the second 25 years 1 month. Corp. Philpott stated that out of the first contingent 11 have been killed in action, 3 died of wounds, 4 were wounded, 2 are missing and 1 taken prisoner. Of the second contingent 1 has been killed, 2 died of wounds and 7 were wounded.

"The Fijians are loud in their praise of Sir Everard Thurn, former governor of the Fiji Islands, who is devoting the whole of his time in London, not only putting himself in touch with "the Fiji," but also in sending them all sorts of comforts and money, communicating with them by letter, cheering them when they are permitted to visit London, and in every way making them understand that he is the one to whom they can go with all their troubles and difficulties.

Prior to their departure from Suva the First Reinforcements were entertained at a banquet, attended by His Excellency Sir Bickham Sweet-Escott, the governor. They were accorded a rousing send-off by the European and native populace.

**DAMAGED BY FIRE**

Beaver, Sister Ship to Bear Put Out of Commission at Frisco.

San Francisco, June 30.—The steamer Beaver, of the San Francisco & Portland Steamship Company, caught fire last night while tied to her pier. When the fire department apparatus arrived the flames, which were between decks, had gained much headway in the cargo of paper and grain. The Beaver is a sister ship to the wrecked steamer Bear, which grounded on the Mendocino coast two weeks ago.

At 9 o'clock officials of the San Francisco & Portland Steamship Company reported that the fire was under control.

The fire, which started in some rolls of paper which formed part of the cargo, was confined to the 'tween decks. It will require a survey, it was announced, before the damage by fire and water can be estimated.

**ASIA DOCKING EARLY**

C. P. R. Trans-Pacific Liner Will Reach William Head at 5 a. m. Saturday.

The C. P. R. S. S. liner Empress of Asia, Capt. W. Davison, R. N. R., is completing a fast run across the Pacific from Yokohama. In a radiogram received by the local agents to-day it was stated that the big three-stacker will reach William Head at 5 a. m. to-morrow. The liner is expected to come alongside the outer docks about 6.30 a. m. A full cabin list of passengers and capacity cargo is carried by the Empress.

**NOTED MUSICIAN OF MONTRÉAL**

Advices the Use of "FRUIT-A-TIVES," The Famous Fruit Medicine.

MR. ROSENBERG  
559 Chagrin St., Montreal.  
April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives.' I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of Intestinal Paralysis—with nasty headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives,' and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives,' and you will be agreeably surprised at the great benefit you will receive."—A. **PRESENTATION BY CHOIR**

Jesse Longfield Recipient of Gold Signet Ring From Chorists of St. Andrew's Presbyterian Church.  
A very pleasant evening was spent at the residence of Mr. and Mrs. Jesse Longfield, 1509 Yates street, last evening, when they entertained the St. Andrew's Presbyterian church choir at the last of their season's "At Homes." About 40 persons were present, and spent the evening hearing musical items, playing games and dancing. The chief item of interest was the presentation to Mr. Longfield, the choir-master and organist, of a solid gold signet ring beautifully engraved as follows: "St. Andrew's Presbyterian Church, 1916." H. S. Radcliffe, secretary of the choir, made reference to the splendid work Mr. Longfield had done and was doing for the choir, gave him the assurance that all the members appreciated his services very much, and promised him on behalf of all the members good support next winter. Mr. Radcliffe also read some lines which had been composed by Miss Campbell, a member of the choir. The formal presentation was then made by Miss Mary Morton amid loud cheering and applause, and as Mr. Longfield stepped forward to receive the gift the old familiar song, "He's a jolly good fellow," was sung. Mr. Longfield responded, saying how surprised he was at receiving this gift, and how he appreciated very much the way the choir had stuck to him through all these trying times, and assured them he had the choir at heart and would do all in his power to help it along. He hoped they would all spend a very good summer and come back in September ready for a good winter's work. "He was pleased to see such a good crowd out at the last 'At Home' for this season, and made special reference to the presence of Alf, Lemm, who had been a member for the past twelve years. Three good cheers were then given him, after which three cheers were given for Mrs. Longfield for the splendid work she was doing for the choir both as a soloist and in connection with the very pleasant monthly 'At Homes' that have been spent during the winter. The evening closed with the singing of Auld Lang Syne.

The regular meeting of the circle will be held next Monday afternoon at 2 o'clock.

**Try Magnesia For Stomach Trouble**

It Neutralizes Stomach Acidity, Prevents Food Fermentation.  
Doubtless, if you are a sufferer from indigestion, you have already tried peppermint, bismuth, soda, charcoal, drugs and various digestive aids, and you know these things will not cure your troubles—some cases do not even give relief.  
But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little magnesia—the ordinary carbonate, citrate, oxide or milk—but the pure bisulphate of magnesia which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in your stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lummy feeling which seems to follow most everything you eat.  
You will find that, provided you take a little bisulphate of magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover the continued use of the bisulphate of magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

**My Birthday Party To-morrow, Daddy!**  
Watch the extra sparkle in the eyes of children—the clapping of the hands and the delighted laughter when Maple Buds are served at the party. Let them eat plenty—they are not harmful in any way; in fact they contain the finest and most expensive cocoa beans, rich, creamy milk, and the best selected sugar blended skillfully.  
Grown-ups relish them too—you know that yourself.

COURT OF REVISION CLOSED WORK TO-DAY

In Addition to Ten Per Cent. Cut at First, \$429,000 Has Been Lopped Off

The civic court of revision sat this afternoon to confirm the bill and close up the work of the court for the year. The assessor was in a position to report that the land value assessment stood at the amended total of \$62,738,863, and \$25,302,431 on improvements.

The overhaul of the Sooke conduit pipe line has just been completed after being in hand for several weeks, and the water commissioners will pay a visit next week to the pipe line to see how it operated after the water is running through again from the lake to Humpback.

If the repairs executed under the guarantee have been effected to the satisfaction of the department, the company who built the line, the Pacific Lock Joint Pipe Company, can claim the payment of the hold back and thereby close its undertaking with the city.

Many Are Called as Witnesses in Case of Gillespie v. Pooley

There was but a short time available for the trial of Gillespie v. Pooley this morning in supreme court, owing to the prolonged list of chambers applications which Mr. Justice Murphy had to deal with first.

At the afternoon sitting yesterday I. L. Rubinowitz, for the plaintiff, put in a number of letters and other documents. In this regard the case is one of the most voluminous for many years, there being nearly one hundred documentary exhibits.

There are several old-timers called as witnesses in the case, including John Grant, Lieut.-Col. McGregor, Vancouver; J. A. Mara, Michael Carlin and others.

James H. Gillespie, the plaintiff, came to British Columbia in May, 1886, and for many years engaged in mining in the Cariboo and later was a logger. As a matter of fact he logged off lot 15, block 3, in Old Granville townsite, and later was given a right of purchase of the land.

At the afternoon sitting yesterday I. L. Rubinowitz, for the plaintiff, put in a number of letters and other documents. In this regard the case is one of the most voluminous for many years, there being nearly one hundred documentary exhibits.

His lordship insisted on strict adherence to the rules of evidence, in view of the imputation of fraud being made on a dead man.

Counsel found considerable difficulty in getting evidence from the plaintiff on account of age, though the replies given were clear when the questions were leading.

Ex-Mayor John Grant has been a resident of Victoria, off and on, as he put it, since 1862. Late in 1893 or early in 1894 he got an order from Gillespie on Pooley for \$100, but when he presented it the latter told him that he could not pay any money on account of Gillespie as he had not got title for the property in Vancouver.

**Sidney Board of Trade.**—The regular meeting of the Sidney Board of Trade was held last Tuesday evening, a fair attendance of members being present. Letters were received from the attorney general and Bryan Williams on the dog nuisance. In a letter from the Dominion Express Company they stated that they regretted their inability to re-establish an office in Sidney. One new member, Dr. Stuart Tiede, was elected to the board. The secretary was instructed to write Mr. Trowsse, road superintendent, asking for the construction of a sidewalk on the north side of Beacon avenue from Fifth street to the ditch.

### LOAN COMPANIES AND MORATORIUM

#### President of Confederation Life Association Speaks on Conditions

Optimism is the west is expressed by John K. Macdonald, of Toronto, president of the Confederation Life Association, who is in the city with Miss Macdonald on an inspection visit of the company's interests in this section of the Dominion.

Mr. Macdonald said: "The inevitable reaction from speculation was beginning to be shown when I was here last in the summer of 1914, and while the war has undoubtedly delayed the revival, I am confident it will come. Of course, those people who are living on reaty margins must suffer, because you cannot have a healthy condition of affairs where the only industry becomes the transfer of property from one person to another, and that had been too much the case a few years ago in the coast cities. You have got to develop industrial independence of the east, so that in addition to maintaining your people in a city there may be permanent industry for your institution. I look for western Canada to be the wealthiest part of the Dominion in the years to come, and Saskatchewan to be the wealthiest province, because wealth comes from the soil. The prosperity of the prairie provinces will be the best assistance which can be given to your people here, for the transfer of products to the Orient and the cultivation of industrial independence are the best guarantee for the revival of British Columbia."

At a time when you need money now than ever before, the moratorium of Manitoba and British Columbia are deterrents to the introduction of capital. They create a bad moral fibre, because the man who cannot pay, and yet might be induced to endeavor to meet his obligations, is tempted to let his obligations go undischarged. A loan company, even transacting a conservative business like the Confederation Life, wants assurance of business probity, and the moratorium laws of these provinces are antagonistic to the cultivation of a right spirit in business.

"You must not think in the west that because the manufacturers of the east are busy with war supplies that the depression is not felt there. The storekeepers are suffering from decreased sales and the practice generally is that when a store falls vacant it lets again at a lower rental. There is not the same hesitancy about money matters perhaps, but the war's effect is felt in every province."

Mr. Macdonald mentioned that Col. Macdonald, general manager, who was here last fall, is leaving the company temporarily to engage in war service and therefore he will be required immediately in Toronto to resume his connection with the company's affairs.

Mr. Macdonald has been here for many years connected with the company, and is a leading philanthropist and church officer in Toronto.

**PUPILS' CONCERT**  
Returned Soldiers' Association Fund Benefits by Recital by Miss Hemmings' Students Last Night.

Miss Hemmings' pupils' recital in aid of the Returned Soldiers' Association Fund, held last night at the Empress ballroom, was an unusually interesting demonstration of what can be accomplished by a painstaking and accomplished pianoforte teacher with the Virgil Clavier method.

Practically all the pupils commenced their work with a short demonstration of clavier exercises with the metronome.

One of the most accomplished of the pupils was Miss Lois Cassil, whose performance of the exercise for the demonstration of the efficacy of the method in teaching accuracy, freedom and command of the key board, was convincing. She afterwards played the Schumann "Novellette" in a very pleasing way, freedom of action, assurance and neatness of touch and expression.

A very young pupil, Miss Dorothy Dean, was another particularly promising student. Miss A. McBride brought beautiful tone and graceful touch to her playing of the MacDowell "Witches' Dance," which followed an interesting exercise in the legato, staccato and other tones.

Miss Dennis Harris has been heard before on several occasions.

Mr. Smith is a mature player, and brought both strength and feeling into his rendering of the Godard "Le Cavalier Fantastique." His forte appears to be octaves. Mr. Wales, who played after him Oleson's "Butterflies," has lightness of touch and velocity. Miss Dora Tanner played the Schubert Scherzo with clear notation and nice rhythm. Miss Doris Corbett, not quite sure of the composition in one or two places, displayed good tone in her rendering of the Baumgardt "Idylle," and much of the same merit in the latter respect was noticeable in Miss Lillian Norris' Gurlitt number and the Clement composition as played by Miss Nora Donovan.

All the artists in the second half of the programme are quite well known. Miss Hemmings, a splendid Beethoven interpreter, played with her usual fine sense of proportion and attention to detail. R. McKenzie, Mrs. Andrea Taylor, Mrs. Hedden Gillespie and Miss Hemmings also contributed to this part of the programme.

**RUSSIAN PROHIBITION.**  
Petrograd, June 30.—The Duma today passed the bill permanently prohibiting the sale of drinks containing more than one and one-half per cent. alcohol. The measure must be passed by the upper house and signed by the emperor before becoming a law.

### POLITICAL NOTES

The heavy growth of brush and young trees which has in part obliterated the right-of-way of the Canadian Northern Island section did not daunt R. H. Pooley, late member for Esquimalt, when he addressed a meeting of the electors at Sooke.

Mr. Pooley said he had made every effort to have the company go on with the work of construction of the line, but the delay was due to financial conditions caused by the war. He promised that he would not relax his efforts to secure the completion of the line.

Nothing was said of the fact disclosed by questions answered in the House that the company has ample money from the proceeds of the bonds guaranteed for that section of the road to complete it, according to the figures given by the minister of railways of the amount remaining and the amount required to complete and operate the line.

Ward Four Conservatives met last evening and named fifty delegates to the convention to be held next week. Dr. W. E. Home was in the chair, and speeches were delivered by him, William Blakemore, R. W. ("Spavin") Perry and Ald. Dilworth. The latter was not very elegant in his references to Sir Charles Hibbert Tupper. Mr. Blakemore made the usual anti-prohibition speech, but though he condemned the bill he appeared to think the government was all right otherwise. Mr. Perry assured the faithful that he is behind the Conservative party, so it must be assumed that it is quite safe.

F. W. Welsh, who got into rather unenviable publicity during the course of the Vancouver election inquiry, and who dropped off the Conservative ticket to allow room for Hon. Dr. McGuire to run in the general election as a member of the government, seems to have come to the conclusion that he retired.

He is going to face the coming convention, which it has been found necessary to hold in Vancouver in the government interests, and it is reported that he is going to have his name before it and "make them put him off, if they want to."

A. E. Lucas, son of the late member for Yale and president of the Young Conservative Club, is credited with political ambitions, and wants to get on the ticket as the representative of the younger element. John D. Kearns is slated for that post, and there will be a pretty fight put up if Lucas persists in trying for the place.

T. D. Pattullo, Liberal candidate in Prince Rupert electoral district, has been making a tour of the Bella Coola valley this week and was very well received in that section of the constituency, which was studiously avoided by Premier Bower and his party on their trip. The people of the valley, who are hard-working, and who have proved their agricultural possibilities, are anxious to have a change of government, and probably Mr. Bower knew what he was doing when he passed them by.

"It is funny to have a premier of a province going around hollering that his opponents are dangerous men, when that premier is W. J. Bower, the man who allowed the Dominion Trust legislation to go through," says the Prince Rupert News. "It is extremely funny. Bower is dangerous, says Bower, because he tries to find out if the legislature was alive or dead on March 14. Bower wants a court decision on this point as there is still doubt as to whether all legislation passed since that date is legal. If it is illegal it is better that the people should know now rather than discover it at some awkward moment in the future. Bower could settle the matter very easily, but evidently he prefers to let things slide. If so, so much the worse for Bower. This point must be settled sooner or later."

"The attempt of Mr. Bower to carry this district by appointing William Manson minister of agriculture is nothing but the part of a drowning man catching at straws," says the Bella Coola Courier. "Hon. William Manson has thoroughly discredited himself to the average elector by his blindness to the real needs of his district. Here in Bella Coola, for instance, his lack of perception is shown in the fact that he ignores the representations made by men who have everything at stake in the place, the men who have borne the burden of development, the men who constitute the bone and sinew of the district, and preferred and taken the advice of men who have very little to show to their credit, either in performances or possessions."

"Money has been spent lavishly, but probably one-half of it to no good purpose, and in reply to remonstrance against this waste Mr. Manson said: 'You got the money, did you not?' That has been his position in regard to expenditures here. He did not concern himself how the money was spent if it only pleased the men from whom he took his advice. And the result of Mr. Manson's policy is that he will find very few of the settlers whom he has so persistently ignored who will vote for him in the next election."

"We are somewhat dubious about the necessity of creating a separate portfolio of agriculture at this time. On the point of economy it is not advisable; the province has been doing considerable for agriculture, and that not badly, in times past under a deputy minister, and would do equally well in the future, especially with a man of the undoubted ability of Mr. Scott. But even if we concede the necessity of a separate and salaried minister at the head of the department, we most strenuously and emphatically oppose the appointment of a man so entirely destitute of the qualifications needed to discharge the duties of this office as Mr. Manson is known to be. He has neither the education nor the experience which qualifies him as the head of the most important industry of the province."

### DOMINION DAY TO BE WELL CELEBRATED

#### Numerous Sunday School Picnics Arranged for Tomorrow; Other Sports

Dominion Day has been reserved as usual for the great majority of the annual Sunday school picnics of the city churches, and these, combined with the three or four other events of the day of a somewhat larger character, will absorb the greater part of the population who are on organized pleasure bent.

The big affair of the day will, of course, be the meeting of the Matinee Base Club at the Willows, which will be featured by horse racing, military contests and equestrian events of general interest. The meet is being held to raise funds for the Red Cross. There is also the inter-city cricket match at the Jubilee hospital grounds, when a picked team from Victoria will play a picked team from Vancouver. The entire gate takings will be given to the Victoria Red Cross Society. The match will begin at 10 a. m. and will continue throughout the day, tea to be served in the grounds and the proceeds of this likewise to go to the Red Cross. The event will no doubt be very largely patronized by cricket lovers and sports devotees generally.

Scouts' Inspection.

Many people will be interested in the inspection of the Victoria Boy Scouts which is to take place at Beacon Hill park in the morning. At 8.45 the troops will assemble at the corner of Yates and Cook streets, and will march under the senior scoutmaster to Beacon Hill park via Yates, Government, Simcoe streets, and the park taking up their stand at the Burns monument. The inspection will be by his honor the lieutenant governor about 10 o'clock, and there will be the presentation of the Wilkeson shield.

A special boat is leaving the C. P. R. wharf at 9 o'clock for Cowichan Bay, where Dominion Day is to be celebrated by aquatic sports. A number of motor boats are going up from Victoria also, some of the participants in to-morrow's events having already gone. In conjunction with the aquatic sports there will be a grand fête ashore with side-shows, which will add to the interest of the event.

**Children's Picnics.**  
The Naval and Military Methodist church Sunday school, Esquimalt, will hold its annual picnic at Beacon Hill park. A special car will leave Admirals road at 10 o'clock. Wesley Methodist Sunday school will have a picnic at View Royal, the same place as last year. The picnicers will be conveyed by motor car leaving the church, McPherson avenue, at 9.30, and returning at 1.30. Emmanuel Baptist church Sunday school will celebrate the day at Macaulay Point, Lamson street, the children to leave the church by car at 9.30 a. m. The Congregational church picnic will also take place on this day. A special car will leave the corner of Pandora and Quadra streets at 10 a. m. sharp for Mount Tolmie, where a good programme of sports will be held. The car will leave Mount Tolmie at 8.15 in the evening.

Centennial Methodist church school picnic on this date, at the foot of Admirals road, Esquimalt. A special car has been arranged for, to leave Hillside and Douglas at 9 a. m. sharp. Ice cream and light refreshments will be for sale on the grounds, and a good programme has been prepared. The Metropolitan Sunday school will go to the Dominion experimental farm, where three special trains leaving by the V. & S. at 8.30, 10.30 and 1 o'clock having been arranged for.

The Salvation Army basket picnic will be held at Patricia Bay, intending picnicers being asked to catch the special train that will leave the inter-urban depot at the corner of Pandora and Douglas at 10 a. m.

Tabernacle Baptist church Sunday school is another of the organizations which will observe the day by holding its annual picnic. The children will leave the church at 9 o'clock in the morning by motor car, and will go out to the picnic grounds, at Olympia street, the Willows.

**WILL NOT INTERFERE**  
Retail and Wholesale Liquor Stores Can Sell After 1 p. m. on Saturday.

The city authorities will not press the off license holders to close up their stores on Saturday afternoons under the terms of the Weekly Half-Holiday act, and the chief of police was so advised at the meeting of the police commission yesterday. The action of Vancouver in this regard will not be followed. In that city they are to be closed. The ground taken here is that the liquor law and the hours of sale are set by a special statute over which the commission has no control.

Thus the wholesale and retail stores where liquor is sold in sealed vessels may remain open or closed as their proprietors desire, unless action should be forthcoming from the firms interested.

The hotels which do a bar trade will not be interfered with by this statute, so far as the present intentions go.

There will be no change in the Sunday law as it affects fruit, cigar and news stands, the commission taking the view that the policy of its predecessors should be respected.

As a result of the complaints with regard to tally-ho drivers leaving their ladders on the boulevard on Menzies street, the chief of police this morning asked the owners to abandon the practice and this will be done in future.

**Singing on Sunday.**—Miss Mary Large, of Vancouver, who is at present a guest at the parsonage, Naval and Military Methodist church, Esquimalt, will sing at the services at the Military Convalescent Home on Sunday morning at 9.30.

### OBITUARY RECORD

The death occurred to-day at the Royal Jubilee hospital, of Mrs. James McGregor, 1542 King's road. She was 74 years of age, a native of Scotland, and had been a resident of Victoria for the past 28 years. She leaves to mourn her loss, besides her husband, Thomas McGregor, a son, who also resides in the city. The funeral will take place on Monday at 2 o'clock from the Sands funeral parlors, interment at Ross Bay cemetery.

The funeral of Herman Ludwig Papke, whose death occurred on the 25th instant, at his home, 1035 Mason street, took place yesterday afternoon, at the Sands funeral parlors. There were many beautiful flowers sent by sympathizing friends, among them a lovely wreath from the members of the Far West Victoria Lodge, No. 1, K. of P. The hymns sung were "Rock of Ages" and "Jesus, Lover of My Soul." Rev. Mr. Gerbich officiated. The Knights of Pythias turned out in a body and gave their usual service at the graveside. The pallbearers were: E. P. Nathan, A. Herberger, E. Schaper, A. G. H. Harding, J. H. Mansell, and W. P. Smith. Interment was made in Ross Bay cemetery.

The funeral of Robert Henderson, whose death occurred at the Jubilee hospital on June 25, took place this morning from the Thomson funeral chapel at 11 o'clock. Rev. Gilbert Cook officiating. The pallbearers were W. Hunter, S. Stevens, J. H. Thomas, and R. Hutchins. Interment was at Ross Bay cemetery.

**Personal**

A pretty wedding was solemnized at St. Michael's church, Royal Oak, by Rev. H. D. Hadlow last Saturday, the principals being Ethel, only daughter of Mr. and Mrs. Louis Durval, of Royal Oak, and Mr. William F. Rankin. The church was pretty with flowers, having been decorated by girl friends of the bride. The choir was in attendance, and sang "The Voice That Breath'd O'er Eden." Mrs. Jackson presided at the organ and played the wedding march. The bride was in an attractive robe of cream cashmere trimmed with white satin and a bodice of shadow lace. She wore a veil with wondrous orange blossoms. Miss Bertha Boydell made a very pretty bridesmaid dressed in blue voile, trimmed with

ANOTHER MINISTER GIVEN FAREWELL

Congregation of First Baptist Church Says Goodbye to Rev. J. B. Warnicker

Ministers of practically every denomination in the city were present last evening at the farewell to Rev. J. B. Warnicker, pastor of the First Baptist church, who last Sunday preached his last sermons to the congregation of that community.

Mr. Warnicker's pastorate was not over so long as a single member of the First Baptist church was able to carry out those principles which he had taught, fighting the battle of righteousness. His six years' pastorate there had made him their personal pastor.

On behalf of the congregation Mrs. Dillabough presented Mr. Warnicker with a purse of money, and the Ladies Aid presented Mrs. Warnicker with a handsome leather hand-bag and gold piece.

Rev. F. A. P. Chadwick, representing the Anglican community, referred to the many delightful occasions on which he had met Mr. Warnicker at gatherings of the ministers of the city.

Rev. William Stevenson's tribute was marked by his own personal sense of loss. He had tried to bring Mr. Warnicker to Victoria, had rejoiced when he came, and found in him a man of kindred sympathies and broad outlook.

thoroughly maintaining their confidence and respect and love. Distinct above everything else in his ministry had been his pastoral work. He had been a splendid visitor among the members of his church, had been kind and sympathetic to those in trouble and affliction.
