From : Reparations Agency, Tokyo.

Subject: Application for Movement and Authorized Use of Reparations Equipment Filed by Arata Shipyard Co., Ltd.

R.A.R. No. 50 (M.S.) 7 February 1950.

1. The Reparations Agency hereby submits to your Headquarters an application for movement and authorized use of nine (9) reparations equipment now lying idle in the Kansen lant, Kawasaki Heavy Industry Co., Ltd., (Code No. 13-71) filed by the Arata Shipyard Co., Ltd. (non-reparations plant) together with a recommendation of the ministry of transportation as enclosed herewith.

2. The applicant, Arata Shipyard Co., Ltd. which is a leading shipbuilder of small-and mediumsized steel vessels, suffered a great damage by a fire in December last year and the restoration work is now smoothly under way However, they are facing many difficulties in getting good machines with which to replace the damaged ones.

3. As stated in detail in the recommendation and application attached hereto, they want to move nine (9) reparations equipment located in the above-said plant (Code No. 13-71) and utilize them as "authorized use".

4. The Arata Shipyard Co., Ltd. has a close relation with the Kawasaki Heavy Industry Co., Ltd. Kansen plant as a co-operation factory and, in the case of the above movement, these machines will be kept in good operable condition at the former.

5. It is requested that your Headquarters be good enough to give a most favorable consideration to this application.

MOT-M No.86 (VR) 23 January 1950

TO : GENERAL HEADQUARTERS, SUPREME COMMANDER FOR THE ALLIED POWERS

FROM : MINISTER OF TRANSPORTATION

THROUGH : Reparations Agency

SUBJECT : Application for Permission to Transfer Machines Designated as Reparations

1. With reference to the subject matter, the Arata Shipyard Co., Ltd. (a non-reparations factory) filed with us an application for permission to transfer and use nine (9) idle machines now in the possession of the Kawasaki Heavy Industry Co., Ltd., Kansen Plant, a shipyard designated as reparations.

2. As the applicant Arata Shipyard Co., Ltd. had lost all the plant facilities in an unexpected fire broken out in December, last year, the restoration work is now speedily under way. The same plant heretofore showed quite an excellent record as a capable shipbuilder of small- and medium-sized steel vessels. It is considered necessary, therefore, that the plant be given an assistance in developing the present business as a ship repair plant. Now the damage restoration work of the plant is progressing smoothly with help from various circles concerned. As a means to obtain machineries of urgent need, the plant is now planning to utilize temporarily the undermentioned machines now held by the Kawasaki Heavy Industry Co., Ltd., Kansen Plant, the parent company of the applicant plant.

DECLASSIFIED E.O. 12065 7/1/80, NLJ

Our Ministry recognizing the plan, upon deliberation, helpful to the smooth implementation of a shipbuilding plan in the future as well as unobjectionable to the custody and maintenance of such reparations equipments as contained in the application, hereby request for your kind approval therefor as early as possible.

Particulars of machines planned to be transferred are as follows:

name of machine	maker	inventory No.	use or not in use
Lathe	Pond machine tool	1C6 - 62	not in use

DECLASSIFIED E.O. 11652 SECTION 3 (E), NARS Date

To : General Headquarters, Supreme Commander for the Allied Powers.

From : Reparations Agency, Tokyo.

Subject: Application for Movement and Authorized Use of Reparations Equipment of Haruki Factory, Boki Seizo K.K. (Former Toa Kinzoku Kogyo K.K.)(Code No. 32-28) Filed by Tsuchiyama Factory (non-reparations plant) of the Same Company.

RAR No. 88 (NS) 17 February 1950.

1. The Reparations Agency hereby submits to your Headquarters an application for movement and authorized use of 13 sets of reparations equipment now lying idle in the Haruki Factory, Boki Seizo K.K. (Former Toa Kinzoku Kogyo K.K.)(Code No. 32-28) filed by the Tsuchiyama Factory (non-reparations plant) of the same company, together with a recommendation of the Ministry of International Trade and Industry, as enclosed herewith.

2. The Tsuchiyama Factory which is now engaged in the manufacture of various sorts of rayon and spun rayon machinery, is in urgent need of expanding its manufacturing capacity in order to meet ever increasing orders for cast-ironed parts from the Japanese Government Railway and other private enterprises.

3. The said factory comes to know that the machines which are lying idle in the Haruki Factory, a sister plant of the Tsuchiyama Factory, is very suitable to its operation and it wants to transfer these machines to its factory and put them into operation as "authorized use".

4. The subject plant has 25 year experiences in this line of the production and has played an important role in the development of the artificial silk and staple fiber industry.

5. It is, therefore, requested that your most favorable consideration be given to this application at the earliest practicable date.
