Measure No. 1**Common School Fund Constitutional Amendment**

Proposed by the Fifty-fourth Legislative Assembly by House Joint Resolution No. 7, filed in the office of the Secretary of State June 28, 1967, and referred to the people as provided by Section 1, Article XVII of the Constitution.

Explanation**By Committee Designated Pursuant to ORS 254.210**

Measure No. 1 is a proposal that will authorize the State Land Board, with Legislative approval, to expend money from the Common School Fund for improvement of lands under its jurisdiction, and to manage its lands to obtain the greatest benefit for the people of this state consistent with the conservation of the resource. Under the present Constitution, the Common School Fund, which is derived from state land sales over the past century, is "irreducible." This language narrowly restricts what can be done with land income, interest income, and the principal of the fund itself.

The Land Board manages about 600,000 acres of scattered grazing lands in Eastern Oregon; approximately 130,000 acres of timberland in Western Oregon, and the beds of most navigable waters in the state. In managing these lands, the Board is now restricted to a single objective—to maximize its cash income. It cannot spend for fencing, seeding of rangeland or improvement of its lands generally, even though such improvements could enhance its income in the long run. The Board normally cannot set aside land for public recreation, parks or scenic purposes.

The proposed amendment will remove this strict cash income objective, permitting land uses varying with the location, type of land and needs of the citizens of the state. In addition, it will permit the Board to spend moneys from the Common School Fund on worthwhile land improvements. All expenditures, however, must be reviewed and approved by the Legislature under usual budget procedure.

As of January 1, 1968, the permanent Common School Fund was \$14,896,261, and is increasing at an average of \$319,812 per year for the past ten years. In addition to the permanent fund, the Land Board has various annual revenues that are distributed to the school districts of the state. These revenues have averaged \$1,543,181 per year for the past 10 years and have been increasing regularly. Last year's distribution was \$3,189,162. The fund that is distributed to schools annually consists of earnings from the land (58.3%) and interest earned (41.7%).

Depending upon how these funds have been budgeted in each district, the immediate effect may be to increase property taxes by a small amount, probably not in excess of one half of one percent. As land improvements are made and as land earnings are increased, it is predicted that the eventual return will more than offset this temporary effect on local property taxes by increasing the interest distributed.

Under the amendment proposed, all sources of revenue will go into one fund. From this fund, land improvements can be made and the cost of operating the Land Board staff can be paid. The fund itself will be invested and the interest earnings distributed to schools annually. Because land income is now distributed rather than invested, the short range effect will be to reduce the amount distributed, but as lands are improved, the long range effect will be to increase both the principal fund and interest distributed each year.

Measure No. 1

Argument in Favor

**Submitted by Legislative Committee Provided by Subsection (3) of
ORS 255.421**

The land area owned by the State of Oregon and administered by the State Land Board is small when compared to Federal land holdings in Oregon. Nevertheless, state owned lands should be prudently managed to furnish as much revenue as possible to the Irreducible Common School Fund provided for by the Constitution. If you adopt this measure, prudent management will be authorized and required.

Under the present provisions of Sections 2. and 5. of Article VIII. of the Constitution, all revenues from leases and interest on earnings from the sale of land are distributed each year. None of these revenues can be used for good management practices to increase productivity of the lands. In its natural state, much of the land has a low level of productivity and income.

Studies authorized by the Legislature and conducted by Oregon State University, concluded that productivity could be quadrupled by such simple procedures as sagebrush spraying, reseeding, draining and filling. However, under present Constitutional provisions, the State Land Board is a mere caretaker. Your adoption of these amendments will enable the state to gain a much greater return from these public lands.

Furthermore, the new language will allow state lands best suited to scenic and recreational use to be set aside for such purposes.

This Constitutional Amendment is referred to you by the affirmative vote of 86 of your 90 legislators. We urge your support of Measure No. 1. so the Common School Fund and each and every one of you can benefit from the use of sound techniques of land management and conservation on Oregon's publicly owned lands.

Measure No. 2

Constitutional Amendment Changing Initiative Referendum Requirements

Proposed by the Fifty-fourth Legislative Assembly by House Joint Resolution No. 16, filed in the office of the Secretary of State June 28, 1967, and referred to the people as provided by Section 1, Article XVII of the Constitution.

Explanation

By Committee Designated Pursuant to ORS 254.210

The proposed constitutional amendment has three main purposes:

First, to change the basis for determining the number of signatures required for initiative and referendum petitions from a percentage of the total votes cast for Supreme Court Justice to a percentage of the total votes cast for Governor at the preceding election at which a Governor was elected for a four year term.

Second, to repeal several obsolete sections of the existing Constitution relating to the mechanics of bill preparation in the Legislative Assembly and to the rights of a member of the Legislative Assembly to introduce measures. The repeal also would remove archaic and redundant language from existing section 1 a, Article IV, and would combine the initiative and referendum powers reserved to the legal voters of municipalities and districts with the initiative and referendum powers reserved to the people of the state. These repealed sections are purely "clean-up" of the wording and in no way do they diminish the power of the people to initiate or refer measures.

The third purpose introduces new language into the Constitution. Both the present Constitution and this proposed amendment provided the same final date for the filing of initiative and referendum petitions. However, this amendment proposes allowing an additional 15 day period beyond the final filing date during which signatures in support of initiative and referendum petitions can be certified by the county clerks to the Secretary of State.

The percentage figures contained in Ballot Measure No. 2 are less than those set forth in the present Constitution. Proposed initiative for constitutional amendment 8%, now 10%; proposed initiative for law 6%, now 8%; proposed referendum petitions 4%, now 5%.

Generally speaking, the number of signatures required under the proposed constitutional amendment would be in the middle range of the high and low fluctuations that result from the percentages presently required. However, the proposed amendment provides for a base (votes cast for Governor) which would be more stable and consistent from election to election than the present base (votes cast for Supreme Court judge) which in the past has fluctuated considerably. For example:

10%	Total Vote Supreme Court Judge	Year	Total Vote Governor	8%
32,849	328,485	1950	505,910	40,473
46,748	467,483	1952		40,473
40,090	400,897	1954	566,701	45,338
48,125	481,248	1956		45,338
42,139	421,391	1958	599,994	48,000
53,049	530,489	1960		48,000
46,381	463,813	1962	637,407	50,994
65,312	653,117	1964		50,994

Measure changes basis for determining number of signatures necessary for initiative and referendum measures from percentage of votes for Supreme Court Justice to percentage of Vote For Governor, stabilizing the number required in mid-point area between historical high signature requirements and low signature requirements.

Provides an additional 15 days, from filing day, within which to certify signatures needed to qualify measures as well as repealing obsolete and archaic constitutional language.

Measure No. 2

CONSTITUTIONAL AMENDMENT

Be It Resolved by the Legislative Assembly of the State of Oregon:

(1) Sections 1 and 1a, Article IV of the Constitution of the State of Oregon, are repealed, and the following section is adopted in lieu thereof:

Section 1. (1) The legislative power of the state, except for the initiative and referendum powers reserved to the people, is vested in a Legislative Assembly, consisting of a Senate and a House of Representatives.

(2) (a) The people reserve to themselves the initiative power, which is to propose laws and amendments to the Constitution and enact or reject them at an election independently of the Legislative Assembly.

(b) An initiative law may be proposed only by a petition signed by a number of qualified voters equal to six percent of the total number of votes cast for all candidates for Governor at the election at which a Governor was elected for a term of four years next preceding the filing of the petition.

(c) An initiative amendment to the Constitution may be proposed only by a petition signed by a number of qualified voters equal to eight percent of the total number of votes cast for all candidates for Governor at the election at which a Governor was elected for a term of four years next preceding the filing of the petition.

(d) An initiative petition shall include the full text of the proposed law or amendment to the Constitution. A proposed law or amendment to the Constitution shall embrace one subject only and matters properly connected therewith.

(e) An initiative petition shall be filed not less than four months before the election at which the proposed law or amendment to the Constitution is to be voted upon.

(3) (a) The people reserve to themselves the referendum power, which is to approve or reject at an election any Act, or part thereof, of the Legislative Assembly that does not become effective earlier than 90 days after the end of the session at which the Act is passed.

(b) A referendum on an Act or part thereof may be ordered by a petition signed by a number of qualified voters equal to four percent of the total number of votes cast for all candidates for Governor at the election at which a Governor was elected for a term of four years next preceding the filing of the petition. A referendum petition shall be filed not more than 90 days after the end of the session at which the Act is passed.

(c) A referendum on an Act may be ordered by the Legislative Assembly by law. Notwithstanding section 15b, Article V of this Constitution, bills ordering a referendum and bills on which a referendum is ordered are not subject to veto by the Governor.

(4) (a) Petitions or orders for the initiative or referendum shall be filed with the Secretary of State. Signatures of qualified voters on an initiative or referendum petition filed with the Secretary of State that have not been verified before the filing of the petition may be verified thereafter, but signatures not verified within the 15-day period after the last

day on which the petition may be filed as provided in paragraph (e) of subsection (2) or paragraph (b) of subsection (3) of this section shall not be counted.

(b) Initiative and referendum measures shall be submitted to the people as provided in this section and by law not inconsistent therewith.

(c) All elections on initiative and referendum measures shall be held at the regular general elections, unless otherwise ordered by the Legislative Assembly.

(d) Notwithstanding section 1, Article XVII of this Constitution, an initiative or referendum measure becomes effective 30 days after the day on which it is enacted or approved by a majority of the votes cast thereon. A referendum ordered by petition on a part of an Act does not delay the remainder of the Act from becoming effective.

(5) The initiative and referendum powers reserved to the people by subsections (2) and (3) of this section are further reserved to the qualified voters of each municipality and district as to all local, special and municipal legislation of every character in or for their municipality or district. The manner of exercising those powers shall be provided by general laws, but cities may provide the manner of exercising those powers as to their municipal legislation. In a city, not more than 15 percent of the qualified voters may be required to propose legislation by the initiative, and not more than 10 percent of the qualified voters may be required to order a referendum on legislation.

Note: Matter in italics in an amended section is new; matter ~~lined out and bracketed~~ is existing law to be omitted; complete new sections begin with Section.

Measure No. 3

Higher Education and Community College Bonds

Proposed by the Fifty-fourth Legislative Special Assembly by House Joint Resolution No. 2, filed in the Office of the Secretary of State, on November 22, 1968 and referred to the people as provided by Section 1, Article XVII of the Constitution.

Explanation

By Committee Designated Pursuant to ORS 254.210

The Fifty-fourth Legislative Assembly (Special Session) has submitted to the people for approval or rejection an amendment to Article XI-G of the Constitution of the State of Oregon to which the following explanation applies:

NEW BONDING LIMITATION

Measure 3 proposes an amendment to Article XI-G which would place a limitation on the extent on which the credit of the state may be loaned and indebtedness incurred for higher education and community college educational and general purposes buildings at an amount not to exceed at any time three-fourths of one percent of true cash value of all taxable property in the state, as determined by law. It would restrict bond issues in any biennium so that they could not exceed the dollar amount appropriated from the General Fund for the same or similar educational purposes, as specifically designated by the Legislative Assembly.

The proposed amendment would take the place of the bonding authorization now under Article XI-G of the Constitution which terminates in 1969 and which provided for bonding of \$25,000,000 for higher education and \$5,000,000 for community college educational buildings.

USE OF BOND PROCEEDS

Proceeds from bonding as authorized under the proposed amendment are to be used to construct, improve, repair, equip and furnish the educational and general purpose buildings such as classrooms, libraries and laboratories for higher education institutions or for community colleges authorized by law to receive state aid. It would apply also to purchase or improvement of building sites. It would not apply to bonds for self-supporting, self-liquidating buildings such as dormitories, student centers, and health centers, which are authorized under a separate amendment of the Constitution, Article XI-F(1).

PAYMENT OF BONDS

Payment of bonds, including principal and interest, is to be made from the General Fund of the state as authorized and appropriated by the Legislature.

Measure No. 3
Higher Education and Community College Bonds
Argument in Favor
Submitted by Legislative Committee provided by
Subsection (3) of ORS 255.421

Oregon urgently needs your YES vote on State Ballot Measure 3, which offers a well-balanced, long-range plan for financing construction of classroom, laboratory and vocational educational buildings at our State Colleges, Universities and Community Colleges. This measure does NOT propose any tax increase.

Consider these facts: Enrollments in our System of Higher Education have doubled in eight years. The numbers of students in our Community Colleges are increasing even more dramatically—enrollments will be three times greater in 1970 than in 1965! These enrollment growths will continue.

Because we value human resources, we must build the educational facilities NEEDED FOR OUR SONS AND DAUGHTERS—WHEN THEY NEED THEM.

State Ballot Measure 3, which amends the Constitution, was referred to the voters by overwhelming majorities in both houses of the Special Session of the 1967 Legislature. It emphasizes balanced financing and imposes important limitations:

1. General fund appropriations must match any bond borrowing (\$1 cost for each \$1 of bonds) thus, combining two of Oregon's finest traditions—"Pay as we go" and "Pay as we grow."
2. Actual bonding authorization for each biennium under this constitutional limitation will be determined by the Legislature.
3. The bonding proposal will be used for both Community College and State System institutions.
4. Constitutional bonding capacity will never exceed $\frac{3}{4}$ of 1 percent of the true cash value of taxable property in the State. (At present this figure would be approximately \$113 million.)

Thus, passage of State Ballot Measure 3 will:

1. Make it possible to construct educational buildings when they are needed.
2. Help assure college and vocational education opportunity for our young people.
3. Ease pressure on the general fund, and on the local property base in the case of the Community Colleges.
4. Provide for both immediate and future investment into Oregon's employment opportunities and general economy.
5. Help to offset rising construction costs and loss of opportunity if needed buildings were delayed.
6. Assure a long-range financing plan for educational buildings which reaffirms to our young people that we are deeply concerned with their future, and that of Oregon.

In addition, the proposal will make possible immediate financing this biennium for three needed educational buildings: Portland State Science; Oregon State University Forestry, and University of Oregon Law.

For these, and many other important reasons, we join in support of State Ballot Measure 3 with the nonpartisan Colleges for Oregon's Future organization under leadership of former Governors Charles Sprague and Robert Holmes, many other organizations and Oregon leaders, including labor, business and industry.

EDUCATION MEANS PROGRESS FOR OREGON . . . we must move ahead by voting YES on Higher Education and Community College Bonding amendment—State Ballot Measure 3.

CONSTITUTIONAL AMENDMENT

Be It Resolved by the Legislative Assembly of the State of Oregon:

Section 1, Article XI-G, Oregon Constitution, is amended to read:

Sec. 1. (1) Notwithstanding the limitations contained in section 7, Article XI of this Constitution, and in addition to other exceptions from the limitations of such section, ~~subject to subsection (2) of this section,~~ the credit of the state may be loaned and indebtedness incurred in an amount not to exceed at any ~~one time:~~ *time three-fourths of one percent of the true cash value of all taxable property in the state, as determined by law.*

~~[(a) \$25 million]~~ (2) *Proceeds from any loan authorized or indebtedness incurred under this section shall be used to provide funds with which to construct, improve, repair, equip and furnish those buildings, ~~and~~ structures and projects, or parts thereof, and to purchase or improve sites therefor, ~~except self-liquidating and self-supporting buildings or projects constructed pursuant to section 2, Article XI F(1) of this Constitution, that are~~ designated by the Legislative Assembly for higher education institutions and activities ~~;~~ ~~and~~ or for community colleges authorized by law to receive state aid.*

~~[(b) \$5 million to provide funds with which to construct, improve, repair, equip and furnish those buildings and structures, and to purchase or improve sites therefor, that are designated by the Legislative Assembly for community colleges and education centers or that are community colleges and education centers authorized by law to receive state aid.]~~

~~[(3) Except for refunding bonds issued to provide funds with which to redeem bonds issued pursuant to this Article, no additional indebtedness shall be incurred pursuant to this Article after June 30, 1969.]~~

(3) *The amount of any loan authorized or indebtedness incurred under this section by means of bonds to be issued in any biennium shall not exceed the dollar amount appropriated from the General Fund for the same or similar purposes. Any dollar amounts appropriated to meet the requirements of this subsection shall be specifically designated therefor by the Legislative Assembly.*

(4) *Nothing in this section prevents the financing of buildings, structures and projects, or parts thereof, by a combination of the moneys available under this section, under Article XI-F(1) of this Constitution, and from other lawful sources. However, moneys available under this section shall not be expended on or for any buildings, structures or projects, or parts thereof, that are wholly self-liquidating and self-supporting.*

Note: Matter in italics in an amended section is new; matter ~~lined out and bracketed~~ is existing law to be omitted; complete new sections begin with Section.

BALLOT TITLE**HIGHER EDUCATION AND COMMUNITY COLLEGE BONDS—**

3 Purpose: Proposes amendment to Article XI-G, Oregon Constitution. Establishes new bonding limitation for higher education and community college educational and general purpose building programs at amount equal to three-fourths of one percent of true cash value of taxable property in state. Restricts bond issues any biennium to amount of matching legislative appropriation. Authorizes financing of higher education building programs from combined sources. Prohibits using Article XI-G bond proceeds for wholly self-liquidating and self-sustaining programs.

YES

ESTIMATE OF FINANCIAL EFFECTS: This amendment to Article XI-G would increase the bonding limit for Higher Education and Community College educational and general purpose building programs from \$30 million to approximately \$113 million. Total bonding limit would vary in the future as the true cash value of taxable property in the state changes. If all the proposed new bonding capacity were used, the average annual principal and interest payments would increase by approximately \$5 million. The actual payments would be limited by the amount of bonds authorized by legislature. The 1967 Special Legislative Session approved issuing \$9.35 million in bonds out of the increased bonding limit to be established by this measure. Average principal and interest payments in the next thirty years to retire these bonds will be approximately \$560,000 per year.

The incumbent National Committeeman has served as Candidates' Assistance Chairman and Treasurer for the State Republican Party and is a Precinct Committeeman. He was elected as a delegate from the Second Congressional District to the National Convention in 1956 and 1964.

Married in 1932 to Lorraine Pierce, daughter of Walter Pierce, former Oregon Governor and Congressman. They have two children, Mrs. Phillip Dougherty and George Stadelman, Jr., each active in Republican affairs.

George (Bun) Stadelman was born in The Dalles in 1908, attended grade and high schools there. He graduated in Law from the University of Oregon where he was named to the All-American football team.

Stadelman is active in the business and financial community of the state, as a member of the Board of Directors of the First National Bank of Oregon and President of Stadelman Fruit Company, operating branches in most of the fruit producing areas of the Northwest. He has large farming interests and is President of Cherry Lane and Western Orchards, Inc.

Twice elected Mayor of The Dalles, he is a former President of the League of Oregon Cities and District Deputy of the Elks for Oregon, Northeast. He was elected Man of the Year of The Dalles in 1962 and has served in such community activities as President of The Dalles Chamber of Commerce, President of the Northwest Cherry Briners Association, member of the Oregon Committee on Crime and Delinquency, and worked extensively in the United Fund, the Kiwanis Club, the Boy and the Girl Scouts. He is a member of the Board of Overseers of Lewis and Clark College.

Bun Stadelman's record is that of a worker, a do-er, a builder for the Republican Party. Retain him as your National Committeeman.

Republican**HOWELL APPLING, JR.****For Delegate to the National Party Convention, State at Large**

Former Secretary of State Howell Appling, Jr., one of Oregon's most distinguished leaders, will take to the National Convention the same sound judgement, unflinching courage, and devotion to fundamental principles he applied to his own successful administration.

A two-time delegate to the National Convention and acting Chairman of the Oregon delegation in 1964, he believes that either a continuation of the present administration or a new administration offering little hope for basic change would further deteriorate the very foundation on which the strength of our nation rests.

Sincerity of conviction, frankness in expression, honesty in thought and maturity of experience have earned Howell Appling, Jr. the respect of citizens throughout Oregon. His distinguished record in office, his proven capabilities, and his vigorous party leadership have eminently qualified him to represent Oregon at the Republican National Convention.

VICTOR ATIYEH

For Delegate to the National Party Convention, State at Large

STATE SENATOR VICTOR ATIYEH IS WELL QUALIFIED TO REPRESENT OREGON AT THE REPUBLICAN CONVENTION

- For the past 10 years Senator Atiyeh has served the people of Oregon—6 years as State Representative and the last 4 years as State Senator.
- His experience, solid background and dedicated interest in building the Republican Party make him an ideal delegate.
- Senator Atiyeh's ability and hard work have earned him positions of responsibility and leadership in the State Legislature, and his depth of experience on a variety of committees has given him a thorough understanding of Oregon's problems and her people.
- Senator Atiyeh is a man of integrity and sound judgment who will work diligently for party unity and the success of Republican principles.

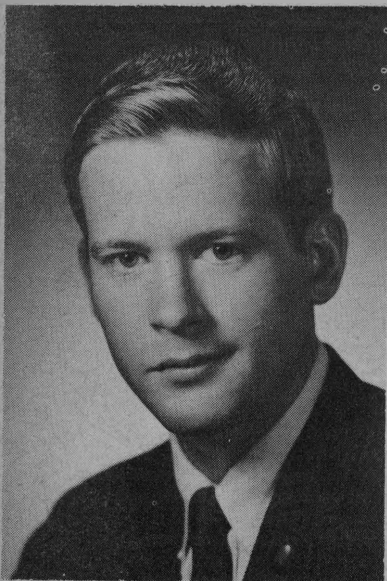

A native Oregonian, Victor Atiyeh is associated with the rug firm bearing his name. He has been active in community affairs, participating in Boy Scouts, U.G.N. and other civic and church activities. He and his wife Dolores have two children.

ERIC R. BLACKLEDGE

For Delegate to the National Party Convention, State at Large

IF THE REPUBLICAN PARTY IS TO SURVIVE AND GROW, WE MUST DEVELOP AND PROMOTE REALISTIC—NOT SIMPLY TRADITIONAL—ANSWERS TO AMERICA'S PROBLEMS.

ERIC R. BLACKLEDGE HAS DEMONSTRATED THE LEADERSHIP, AND THE THOUGHTFUL ANALYSIS OF THE ISSUES THAT THE PARTY AND THE NATION REQUIRE IN THIS CRITICAL PERIOD.

YOUR VOTE FOR ERIC BLACKLEDGE WILL BE A VOTE FOR A REPUBLICAN PLATFORM OF PEACEFUL SETTLEMENT TO THE VIETNAM CONFLICT; REALISTIC INTERNATIONAL POLICIES; AND WORKABLE, CREATIVE SOLUTIONS TO OUR CRITICAL DOMESTIC PROBLEMS.

INTERNATIONALLY—As Republicans, and as Americans, we must try much harder than we have, to understand and react to reality, not the old images built from fear and super-patriotism.

IN EUROPE, we have to recognize, as most Europeans already have, that Europe's future includes increased trade and cooperation with Eastern Europe and the Soviet Union, as well as the U.S. In our own interest as well as theirs, it is time we withdrew American ground troops from Europe, where they are no longer needed, but are a serious drain on our balance-of-payments. And, while maintaining our security, it is time we also build the detente, and increase our own trade and cooperation with the Soviets, where possible.

IN ASIA, we must understand and publicly proclaim the truth about the Vietnam conflict, which the Johnson administration has tried so hard to hide from the American people. It is a conflict in which we should never have become involved, and one which many of our leaders, reporters, and even the Wall Street Journal, conclude we have already lost. To defend Lyndon Johnson's ego and image, we are destroying all of Vietnam, and indirectly, much of the United States, because what we waste in Vietnam weakens us in other areas, at home, as well as abroad. The Republican Party has the opportunity and responsibility of advocating a de-escalation of the fighting, and the acceptance of a realistic settlement.

DOMESTICALLY—We must use the money and vigor we now waste in Vietnam to solve our critical domestic problems such as poverty and crime, that may do more damage to the United States than a hundred North Vietnams. And we must solve them with better programs, such as a Negative Income Tax, that unlike present programs, provides an incentive for self-betterment, and greatly reduces administrative waste.

IT IS YOUR PARTY, ELECT DELEGATES THAT EXPRESS YOUR VIEWS.

provide no ports of safety for the zones of sanctuary for enemy forces striking down American soldiers; and no recognition, credits or assistance to any nation contributing to that enemy.

—recognize this to be the Third World War with U.S. maneuvered into fighting buffer states; and understand that to gain military initiative he must direct the anti-Communist armies of Chiang Kai-shek (idled now in appeasement gesture) in assault upon chaotic Red China—this along with port closure to starve North Vietnam's war effort and upset the menacing Red Chinese regime, cancer core of the Far East.

—recognize in all Communist negotiations that honorable deals cannot be made with dishonorable parties.

—halt inflation by checking wasteful governmental spending and foreign aid; and get the federal government out of agriculture, business, education and the lives of the citizens.

—designate constitutional jurists to the Supreme Bench—not activists to warp the Constitution in furthering social doctrine.

—lift the flag from the mire of Communist aid and appeasement upon a standard where as "Old Glory" it will again command respect of a world of peoples—such respect that no nation on earth would steal an American ship and crew because they would know they did not dare.

In short, the man I will seek for President to a troubled nation is a statesman in the early American tradition—not a politician.

If you share with me this goal, then to the limits of the position I will honor your trust.

—Occupation, farmer.

As convention delegate I would seek for President a very special man; one who will,

—guard as with his life the integrity of his given word.

—think first of the nation and its people; not begin, with his inauguration, the devious manipulation of presidential powers in the building for himself a second term.

—reestablish in this nation the rule of law for group and individual—meeting the criminal element with the forthright dispatch that characterized enforcement in the Old West; and engendering such respect that rioters with fire bomb and murder weapon will not take to the American street because they will know they do not dare.

—subscribe to the creed that no American boy should be placed upon any foreign battlefield where the direct interests of this nation are not involved.

—share the anguish of service families to such degree that he will movement of enemy war supplies—no striking down American soldiers; and no recognition, credits or assistance to any nation contributing to that enemy.

D. G. (DAVE) CROMWELL**For Delegate to the National Party Convention, State at Large**

Abraham Lincoln once wrote to a friend, "I am sorry this letter is so long, I did not have time to write a shorter one." In the same vein, you will find this statement brief because I have given it a great deal of thought.

I believe that representing the Republicans of Oregon at its National Convention in this critical year is an extremely important task. It is a task which requires delegates who can exert intelligent and independent judgment should the balloting continue past the point at which the delegates are required by law to support the candidate chosen in the primary election. If this circumstance should occur, I, as your delegate, would exert every effort to gain the nomination of a presidential and vice presidential candidate who would best represent the interests of my fellow Oregonians and who would

be able to win for the Republicans in November.

I believe that I could ably represent Oregon Republicans because I am personally not committed to any particular candidate and could objectively represent Oregon Republicans should additional balloting be necessary.

I have resided in Oregon for 23 years, hold a bachelor's degree in political science, the study of government, as well as having done graduate work in that field of study at the University of Oregon, and hold a doctor's degree in law from Willamette University. I have had a number of year's experience as a newspaperman and am a war veteran.

I ask your support in sending a delegate to the National Convention who will have as his FIRST consideration the best interests of Oregon and the United States.

Republican

TRAVIS CROSS**For Delegate to the National Party Convention, State at Large**

TRAVIS CROSS would bring to the Oregon delegation at the national convention the experience of non-delegate attendance at three conventions and the benefit of contacts with key Republicans in all 50 states plus friendships among the national news media.

TRAVIS CROSS, 41, a native of Oregon, was an assistant to the Dick Nixon staff at the 1960 Chicago convention, an aide to the Temporary Chairman and Keynoter of the 1964 San Francisco convention—Senator Mark Hatfield—and worked for the National Citizens for Goldwater-Miller Committee headed by Jimmy Doolittle and Clare Booth Luce after the convention.

On two occasions the late Lowell Paget, as national committeeman for Oregon, designated Travis Cross as his proxy for national committee meetings in Washington, D.C. and New Orleans. Few Oregon Republicans have the breadth of association among those who will make crucial convention decisions and among those who will report those decisions. And few have the personal

acquaintanceship among the potential nominees, their staffs and their supporters across the country.

TRAVIS CROSS attended Willamette and Stanford, was on the staff of the former, served as an assistant to three Oregon chancellors of higher education, was assistant to the Secretary of State and for eight years a key member of the Oregon governor's immediate staff. He was a member of the 1958 governor and 1966 senatorial campaign organizations. He served as transition officer for Governor Tom McCall and worked with Governor George Romney during his visits to 37 states and 12 nations.

TRAVIS CROSS heads his own public relations firm, an incorporated entity in Salem with an attorney and certified public accountant as board members and which has business and public affairs clientele. He is past president of the Portland Public Relations Roundtable, a member of the board of Sigma Delta Chi and active in other organizations. He is the father of four, a Navy veteran, Congregationalist. Knowing the opportunities and pitfalls for delegations he wants to "help put Oregon's best foot forward in the May primary and at the August convention."

In this time of crisis, it is our duty to provide this nation with new, proven leadership which can lead us out of the present morass. Every voter has an uneasy feeling, a concern over the state of our nation at home and abroad—concern aroused by all the unhappy symbols of social and political sickness raised before them each day in the news—concern heightened by the inability of our government leaders to solve the problems or even discuss them openly. I will work towards nominating a leader who has proven his ability in the national and international scene to solve the problems that face this nation. In this time of crisis, the Republican party is the only party which can provide the leadership necessary. I will work to see that the most qualified candidate, the candidate who can and will win the election in November is selected.

CLAYTON NYBERG

For Delegate to the National Party Convention, State at Large

I have pledged to support the winner of the Oregon presidential primary if I am elected as a delegate to the National Convention, and I know our Republican candidate can win come November.

We must unite behind our nominee, for a Republican victory is essential to return this country to fiscal sanity and arrest civil disobedience to enable us once again to live with our own conscience and rebuild our national honor in the eyes of nations abroad.

As a Washington County Commissioner from 1956 to 1962 and as Washington County Judge from 1963 to the present, I have had the privilege of attending many national conventions of elected officials.

I believe the experience gained at these meetings in negotiating and reaching decisions will stand me in excellent stead during the Republican National Convention.

My assignments have included National Association of County Officials Welfare Committee, Bureau of Land Management Advisory Committee, Executive Committee of Oregon and California Land Grant Counties, Chairman of Oregon Association of Counties Welfare Committee, Metropolitan Planning Commission, Metropolitan Transportation Commission and many other boards and commissions concerned with intergovernmental cooperation.

Our family operates a general agricultural business on our 114 acre farm near Tualatin in southeast Washington County.

If you elect me as your delegate to the convention, I will carry the mandate of Oregon voters expressed by their preference at the polls May 28, and will continue to direct my efforts toward helping elect our Republican candidate next November.

LOWELL C. PAGET

For Delegate to the National Party Convention, State at Large

Lowell C. Paget, Jr., son of the late Lowell C. Paget, Oregon's former National Republican Committeeman and lifetime Republican worker, is proud to be a candidate for Delegate to the Republican National Convention.

Having been in attendance as an observer and worker at every Republican National Convention since 1948, Paget, a Portland businessman, recognizes that the Republican Party is on an upswing at all levels. And with proper party cooperation the Party can emerge as the dominant national party.

"To further and continue this cooperation on all levels," says Paget, "is the platform from which my campaign is launched, and I hope this will be the motivating and guiding spirit for all Republican candidates across the nation."

There has been a Paget at every Republican National Convention since 1936 and this year, says Paget, "In view of the intense focus on the office of the Presidency, the Principle of Inter-Party Unity is extremely crucial.

"I therefore offer myself as a candidate to continue the tradition of Goodhearted Nationally-Oriented Representation of the Republican Voters of Oregon at the National Convention this August 5th."

Republican**TOM WITHYCOMBE****For Delegate to the National Party Convention, State at Large**

A member of the Oregon State Bar, Tom Withycombe is a descendant of a pioneer Oregon family and grandson of the late James Withycombe, Republican Governor of Oregon during World War I. Tom is a Marine Corps combat veteran of Korea. He is Board Chairman of Hub-CAP, the downtown Portland Churches' Community Action Program and is active in other church and civic affairs. He and his wife, Kathy, and four children reside in Cedar Hills. In the past he has served as Deputy Legislative Counsel, Republican Precinct Committeeman and Area Chairman and member of the executive Board of the Washington County Republican Central Committee.

REPUBLICANS FOR VICTORY—ROCKEFELLER-REAGAN

Tom Withycombe believes that in these critical times where freedom remains in peril under the threat of nuclear holocaust, the Republican Party must provide a leadership team with courage and foresight to bring a sound and lasting peace with honor in Viet Nam and restore to the United States the initiative in foreign affairs. With the American economy, under the present administration's policies, in greater danger than ever before, we need a team which understands our free enterprise system and which believes in and will practice fiscal responsibility to stabilize the American economy—a team which will earn the respect and trust of all Americans for our government. The experienced and effective Governor Rockefeller as President and the vigorous and effective Governor Reagan as Vice President would be the best team to meet these crises.

**REPUBLICANS MUST NOMINATE THEIR STRONGEST TEAM—
ROCKEFELLER-REAGAN**

no matter whether the opposition includes LBJ, Bobby Kennedy or any other such combination and whether or not George Wallace's third party is strengthened by the possible results of this summer's heat.

**ROCKEFELLER'S RECORD—GOOD REASON FOR SUPPORTING
ROCKEFELLER**

1. In 1945, with the late Senator Vandenberg, he led the successful fight against the communists to allow mutual defense organizations thereby foreseeing the eventual need of NATO and SEATO.
2. As head of President Eisenhower's Advisory Committee on Government Organization, he engineered the exhaustive study of the federal executive structure providing Rockefeller with an unequalled insight into the structure of and concern about the inefficiencies in the mammoth federal government.
3. As three term Governor of the State of New York he placed into practice Republican principles of fiscal integrity, balanced budgets and promotion of economic growth by encouraging the investment of private capital.

**RESPONSIBLE AND LASTING PEACE IN VIET NAM AND
SOUTHEAST ASIA**

From Governor Rockefeller's record and writings, it is clear that he will provide a positive program for peace in Viet Nam and Southeast Asia, a program which will restore multilateral support to America in its struggle for peace in the world.

RICHARD M. NIXON
For President of the United States

"This is not a time to continue what we have. It's a time for a new beginning."

—from remarks by Mr. Nixon
in Concord, New Hampshire
February 3, 1968

(Concluded on following page)

(This information furnished by Howell Appling, Jr.)

Time passes. A man studies, reflects, learns, grows. So it has been in the life of Richard Nixon—from the California citrus country where he was born to the U. S. House of Representatives, the U. S. Senate, and finally to the office of Vice President. Most recently we have seen him in the greatest political comeback the nation has ever witnessed. Those who once counted Richard Nixon out now list him as the top presidential contender, the man with the most experience and the most national and international know-how, the man most qualified for leadership. The reasons can be capsuled in the word "growth." Since his boyhood, Richard Nixon has been embarked on a long voyage of discovery—a voyage that has carried him to most of the lands in the free world and to many behind the iron curtain. His quest has been for greater knowledge of what lies in the hearts and minds of men. His determination has been to put that understanding to statesman-like use in the best interests of the nation.

More clearly than any other candidate for the Presidency, Mr. Nixon understands the grave crises confronting our country. President Johnson is saying: "Let us continue what we've been doing." Mr. Nixon's response is this:

"When the strongest nation in the world can be tied down for four years in the war in Viet Nam, with no end in sight; when the richest nation in the world cannot manage its own economy; when the nation with the greatest tradition of respect for the rule of law is plagued by rampant lawlessness; when the nation that has been a symbol of human liberty is torn apart by racial strife; when the President of the United States cannot travel either at home or abroad without fear of a hostile demonstration—then it's time America had new leadership."

Never before in our history has there been a challenger who is better prepared for the Presidency than Richard Nixon. His leadership is urgently needed. The seriousness of the situation at home and abroad make his nomination and election imperative if we are to have peace and order and prosperity in the years ahead.

RONALD REAGAN
For President of the United States

GOVERNOR REAGAN OFFERS NEW LEADERSHIP!

Governor Ronald Reagan has brought needed new leadership to government in America. His dedication to people and principles, his recruitment of California's finest and most experienced minds, and his ability to take decisive action have resulted in sound, businesslike administration for our nation's largest state.

(Concluded on following page)

(This information furnished by Citizens for Reagan Committee)

GOVERNOR REAGAN BRINGS FISCAL RESPONSIBILITY!

Governor Reagan astounded the doubters. While recognizing the legitimate responsibilities of government, he improved programs to help people help themselves.

He paid the state's 194 million cash debt inherited from the prior administration and cut an additional 43.5 million in non-essential expenditures. He made good on his promise to provide property tax relief.

GOVERNOR REAGAN GETS THE JOB DONE!

While much of the nation seethed with strife-torn streets, Governor Reagan expanded employment and opportunities for minorities within state government, and led his state toward racial peace. The only thing that has burned under Governor Reagan's administration is the notion that all-powerful government has all the answers.

Governor Reagan has demonstrated how to draw upon the wisdom, energies and resourcefulness of experts in business, labor, government, and, most importantly, of the PEOPLE, TO SOLVE PROBLEMS AND TO MOVE SOCIETY FORWARD.

Seldom has a head of state been so acclaimed FOR GETTING THE JOB DONE.

Governor Reagan rejects the professional politician's vague and glib cure-alls for the crises at home and abroad. Instead, Reagan inspires and draws from the genius of the people, restores the citizens' faith in their government, and by balanced judgment and skillful administration, creatively uses the full resources of the people.

GOVERNOR REAGAN WILL WIN!

GOVERNOR RONALD REAGAN IS A WINNER. He was elected Governor of California by nearly 1,000,000 votes. In a state where Democrats outnumber Republicans by over one and one-third million registered voters, Reagan defeated an entrenched Democratic administration, something two distinguished, nationally prominent Republicans previously failed to do.

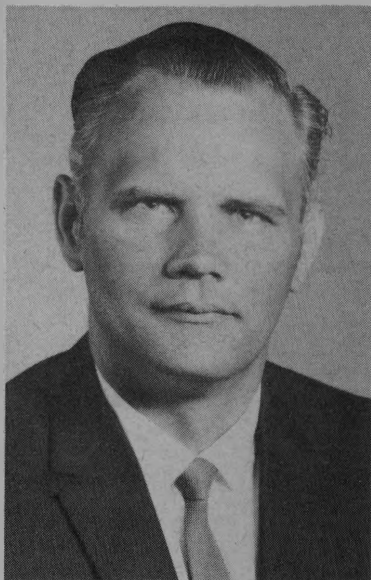

Reagan won because he UNIFIED A BADLY DIVIDED REPUBLICAN PARTY and then, aided by his charming wife, Nancy, conducted an energetic, hard-hitting campaign.

Governor Reagan knows how to get the Republican message to ALL voters. Governor Ronald Reagan is the only Republican candidate who can offer Americans the fresh new leadership people desire. Even Governor McCall said "He's the hottest political property in the Republican Party".

Vietnam is THE issue of this election. It is important not only of itself but as a precedent for future Vietnams in other places and at other times. That some day we will leave Vietnam, there is no doubt. We are told by administration leaders, the military and by the various communications media that military victory or defeat are impossible. The solution, therefore, lies in the truce area. If this is true, the immediate questions are "When?" and "How?"

The time is now. We have suffered defeat on every front of the Vietnamese conflict but one—the battlefield.

What are the defeats?

- International lack of confidence in our dollar.
- Erosion of respect for our country.
- Nationally, a cut-back on the "Great Society" promises, leading to continued disillusionment of our citizens.
- An up-coming war tax.
- And division among the American people.

On the battlefield our men have done their job. We have bled but the wound is not fatal.

What can we do?

I believe that the direction from which the solution must come is not from the United States and western influences but from Asia and Asian influences.

I would take the following action.

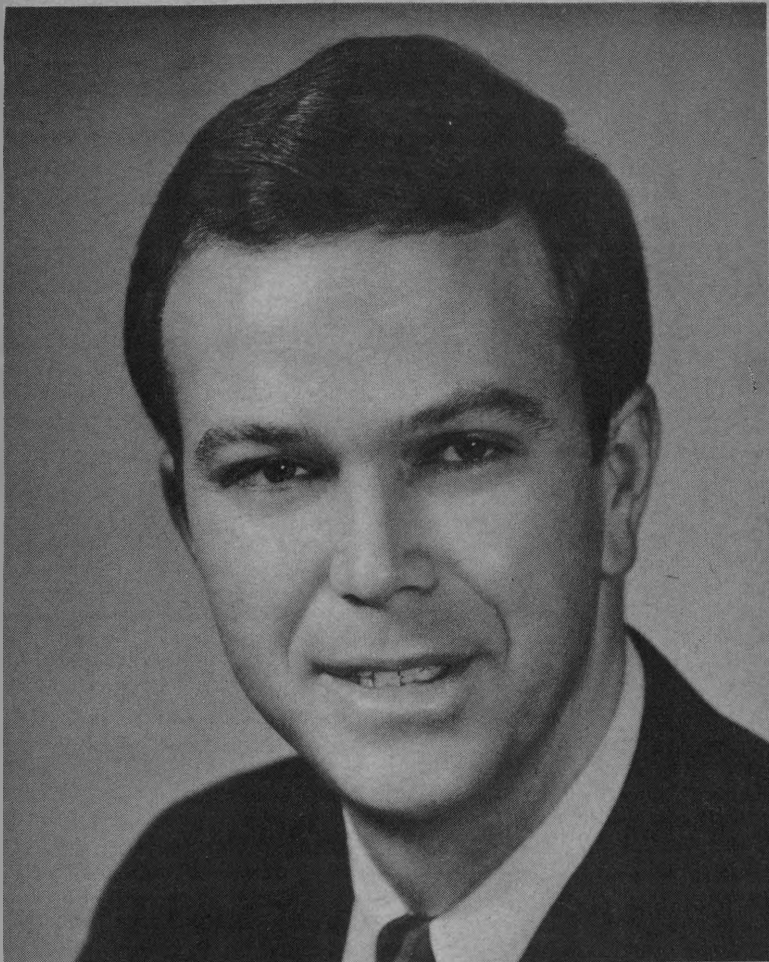

Step 1—Cease the bombing of North Vietnam.

Step 2—Call for an armed truce force of Asiatic countries under the military command of a neutral such as India. Make a replacement ratio of 10 Americans for each Asiatic truce observer. This force could parallel the functions of the U.N. peace-force on Cyprus.

Step 3—Within a year from the "cease fire" the already long overdue Vietnamese elections must be held under the surveillance of the Geneva Armistice Commission.

I believe that in the future we should foster the formation of a United States of Southeast Asia. Little countries, by banding together, can become less vulnerable to political and military pressures, both internally and externally. This is only an outline and expresses the direction I think we must consider.

MONTE MONTGOMERY has the experience to provide a firm, guiding hand as a member of the State Board of Control. His experience and extensive knowledge of state government are deeply founded in MONTE'S decade of service to the people of Oregon as a Republican leader in the State House of Representatives.

(Concluded on following page)

(This information furnished by Montgomery for Secretary of State Com.)

MONTE MONTGOMERY is the one man who can win for the Republican Party in November. MONTE has been victorious each of the 11 times his name has appeared on the ballot . . . this despite a Democrat voter edge. In the past three elections, he has demonstrated his ability to appeal to a wide cross-section of Oregonians by leading the tickets of BOTH parties in Lane County.

MONTE MONTGOMERY has been the most effective Republican leader in Oregon during the past 10 years. His Republican colleagues twice elected him their Minority Leader and twice elected him Speaker of the House. He is the first legislator in the history of Oregon to be so highly honored by his colleagues.

MONTE MONTGOMERY has fought hard to guarantee the election of other Republicans. His efforts on behalf of other GOP candidates resulted in Republican control of the House in 1965 and produced substantial gains in 1967.

MONTE MONTGOMERY has been recognized nationally for his leadership, courage and ability. He is second-term President of the national Republican State Legislators' Association. He is the only GOP state legislator to serve on the prestigious Republican National Coordinating Committee. Other members of this top-level policy-making body include Eisenhower, Nixon, Reagan, Rockefeller, Romney, Dirksen, Goldwater, Ford and Dewey.

MONTE MONTGOMERY has demonstrated that he has the courage and forthrightness to pursue a Truth in Government policy. He is one of the few state leaders who believes in the philosophy that the people have a right to know ALL that goes on in state government—both good and bad. He has the courage to stand on his own two feet. He is not a yes-man for anyone. He is his own man.

MONTE MONTGOMERY has distinguished himself during a decade of service to the Republican Party and the people of Oregon. His record has been distinguished by the highest efficiency, economy and effectiveness, and by an unmatched record of achievement and accomplishment.

MONTE MONTGOMERY has earned your support as our next Republican Secretary of State.

CLAY MYERS
For Secretary of State

When Republican CLAY MYERS was appointed Secretary of State by Gov. Tom McCall, newspaper editorial writers had this to say:

EUGENE REGISTER-GUARD—"He is, perhaps, the most qualified newcomer to the office in the history of the state."

THE OREGONIAN—"He is considered an astute observer and technician on the political scene. . . ."

CORVALLIS GAZETTE-TIMES—"We are gaining more and more respect for Clay Myers."

EAST OREGONIAN—"It has been a long time since Oregon has had a man as well qualified as Myers for the secretary of state's duties."

EFFICIENT, BUSINESS-TRAINED, SUCCESSFUL LEADERSHIP

CLAY MYERS left a successful 16-year business career to serve the people of Oregon. At the time he was appointed Assistant Secretary of State in 1965, he had risen to be vice president of a statewide insurance company, and his future in business was assured.

Clay is now doing the job as Secretary of State that others just talk about.

CLAY MYERS: AN OUTSTANDING RECORD IN OFFICE

- CLAY works quietly and effectively as a member of the Board of Control to improve community services in Corrections and Mental Health, promoting human values and saving taxpayer dollars.
- CLAY submitted one of the leanest operating budgets in the recent history of the office, without impairing state services.
- CLAY is a leader in the fight to protect the public's right to free use and enjoyment of Oregon's sandy beaches.
- CLAY appointed a 20-member Special Committee on Election Law Revision to make a thorough review of the statutes and prepare recommendations for the 1969 legislature.
- CLAY successfully sponsored HB 2133 to build and equip two university-affiliated centers for training of medical-related personnel to work with the mentally retarded.
- CLAY named a five-member "Task Force" to analyze the Audits Division and recommend improvements in auditing procedures to effect economy and efficiency in state government.

CLAY MYERS: A LIFETIME REPUBLICAN PARTY WORKER

Clay has engaged in 25 years of dedicated Republican party involvement, leadership and action—from precinct committeeman to the national level. Clay has been a tireless worker for a host of successful candidates. Except for running as a delegate to the National Convention, this is the first time Clay has offered his candidacy to the voters of Oregon.

A veteran of many volunteer activities and programs, Clay is a vigorous, fresh new Oregon Republican leader, not a professional politician. Thousands of Oregonians signed his petition of candidacy, and all reliable indicators show he is the only Republican who can retain the office of Secretary of State in November.

CLAY MYERS: NATIVE SON OF A PIONEER FAMILY

CLAY, 41, and his wife Elizabeth, have three children. They know the everyday problems that face Oregonians.

CLAY was born in Portland, a fifth-generation member of a pioneer Oregon family. His father was a logger, so the family moved around a great deal during his childhood.

CLAY was an honor student at Benson High School. After military service, he worked his way through the University of Oregon, winning a Bachelor of Science degree in 1949.

CLAY is a devout Episcopalian and is deeply interested in the affairs of his church.

CLAY'S roots are deep in Oregon. He enjoys the challenge and stimulation of serving the needs of his native state. Visitors to the Secretary of State's office in the Capitol find a warm welcome and a friendly interest in their problems.

Republican**ANCEL S. PAGE**
For State Treasurer

It has often been said—by Republicans and Democrats alike—that the job of state treasurer is one of the most responsible, time-consuming jobs in state government.

(Concluded on following page)

(This information furnished by Ancel S. Page)

Basically it involves the handling of more than \$300 million of Oregon taxpayers' money every year. That is why the business experience and integrity of Ancel Page are needed in this important office.

Check these credentials of Ancel Page for the post of state treasurer:

- Founder of Page & Page Co. as one-man concern in 1935. Employer of 300 when company was sold in 1960.
- President today of Instant S Service, Inc., manufacturers, inventors and developers of patents.
- Selected by President Dwight D. Eisenhower as charter member of "President's Club", with objective of giving needy countries industry instead of money. Page's assignments under President Eisenhower was to Tunisia.
- Chosen in 1955 as member of Business & Defense Services Administration by U. S. Dept. of Commerce. Still serves as one of 3,500 charged with vital responsibility for survival in national emergency. Assignment: executive supervisor of national defense in the Pacific Northwest. (This honor includes certification as one of few designated to serve as president of the United States in a national emergency.)
- Graduate in both electrical and mechanical engineering. Holds degrees from Oregon Institute of Technology, Northwestern College, Harvard University.

Born in Wendling, Oregon in 1903, Ancel Page started this outstanding business career without special advantage. On his own from age 13, he learned early the virtues of hard work and self-sacrifice. In building Page & Page Co. into one of the West's industrial leaders, he put in 14-hour days, six days a week, with no vacation for 32 years. And the pace goes on.

There is not a single truck manufactured in the United States, Canada, Mexico or free Europe that does not carry one of Ancel Page's inventions on it.

During this meteoric business career, Ancel Page not only maintained an ever-growing payroll of his own, but brought millions of dollars and new payrolls into Oregon in the process. "As state treasurer I will continue this important thrust", Page emphasizes.

Married and the father of one daughter, Ancel Page is an active civic figure. He is a member of First Christian Church, American Legion, 40 & 8, Elks, and Woodmen of the World. A veteran of the U. S. Navy, he made 35 Atlantic crossings in wartime. Page and his family reside at 7025 S.W. Canyon Road in Portland.

Ancel Page looks upon the job of state treasurer as an end unto itself, not as a political stepping stone. In his own words,

"IF I AM ELECTED, I WILL DO WHAT I AM ELECTED TO DO."

For Attorney General****A LEADING REPUBLICAN
TO RESTORE LEADERSHIP
TO THE OFFICE OF ATTORNEY GENERAL**

- Lee Johnson is a leader.

He has proven this in two terms in the Oregon House of Representatives. The Associated Press named him "Outstanding Freshman" in 1965. In his second election his district responded to the job he had done. Seven out of ten voters re-elected him. He is now chairman of two key legislative committees. His fellow legislators elected him to the nine-man Executive Board of the National Republican Legislators Association.

(Concluded on following page)

(This information furnished by Lee Johnson for Attorney General Comm.)

- Lee Johnson knows the law.

He is now a successful practicing attorney. He was an anti-trust attorney with the U.S. Department of Justice under Eisenhower. His law school record was distinguished. As a member of the House Judiciary Committee, he sponsored and got passed a bill to establish a Criminal Law Revision Commission and a bill for better training standards for police.

- Lee Johnson on the issues.

"I am a candidate for Attorney General because that office provides a unique opportunity to take the leadership in the fight against crime. . . . Law enforcement has some very serious problems here in Oregon. Coordination among the law enforcement agencies must be improved. All of these agencies—whether it be police, prosecution, or other—need to be upgraded. Most of our jails are substandard. Our criminal laws are archaic. Our police are overburdened with non-police tasks. Our efforts to deal with juvenile delinquents are inadequate. Narcotics have become a serious problem. Drug abuse among juveniles is widespread. The office of Attorney General should become the focal point and the nerve center for a statewide effort to solve these problems." (Speech . . . Condon)

- "The present attorney general has held that office for an incredible length of time—15 years. During that period Oregon's population has increased by 50%; the size of state government has tripled; and Oregon's crime rate has doubled. The very conditions of life have changed and I say it is time for a change." (Speech . . . Portland)
- Oregon hasn't seen an exciting Attorney General race in years. It is time for a change. This is why Lee Johnson will be campaigning everywhere in Oregon—asking support on the basis of his record of accomplishment and a pledge of action.
- Miscellaneous facts:

Lee is married and the father of five children. He is a veteran U.S. Navy officer having served in Korea. He received his education at Princeton University and Stanford Law School. He is a member of the World Affairs Council; Metropolitan Prospectives; Multnomah, Oregon, and American Bar Associations; Oregon Pilots Association; YMCA; Portland City Club; Oregon State Grange; Izaak Walton League.

REUBEN LENSKE

For Judge of the Supreme Court, Position No. 1**STOP THE WAR IN VIETNAM**

Our illegal and immoral war in Vietnam is resulting in the destruction of a small nation far from our shores and in killing, maiming and burning hundreds of thousands of innocent people and, in turn, the loss of thousands of our own boys. If judges, individually and through their judicial councils spoke out against this terrible destruction of life and property, our congressmen would muster the necessary courage to deny appropriations for that undeclared war. Then our president would have to stop the slaughter that has lost for our country, using in part a phrase in the declaration of independence, the decent respect of the opinion of mankind.

INSURANCE COMPANIES GET OFF SCOT FREE

An automobile driver negligently causes his guest, a 16 year old girl, to be maimed for life. He and his insurance company get off Scot free because she was a guest. Paying or not paying a 35 cent fare for the ride should make no difference on responsibility for using due care to avoid injuring one who trusted the driver. Courts should stop pussyfooting on the moral and constitutional basis for such injustice.

COURTS SHOULD GIVE ANSWERS

No court should leave unanswered any issue properly raised on appeal when such issue could result in the case going the other way. Merely saying the issue was considered begs the question and gives no answer.

TRUTH IS THE FOUNDATION

All decisions should be founded on truth. When a litigant challenges the truth of a court's statement it should meet the challenge. Three months is not one month (236 Or. 638). Merely saying that the motion or petition is denied or that the assignment is without merit begs the question instead of answering it. Instead of promoting truth this may conceal or avoid it. Per curiam opinions may conceal the truth and should be abolished.

HONESTY IN JUDGES

Judges are rarely guilty of accepting graft but honesty is more than that. Honesty also means freedom from bias or prejudice. These may result from a particular social or financial background or outlook. Whenever there is a legitimate challenge for prejudice a litigant cannot have a fair trial unless a different tribunal is provided.

BIG INSURANCE COMPANY—LITTLE MAN

Discriminatory denial of the proved damage from a fire loss is wrong. See 237 Or. 539.

Deduction for depreciation on account of fire loss to a house is unfair. What difference does it make to the homeowner that he gets a new board on the side of his house instead of the old good one?

WM. M. McALLISTER

For Judge of the Supreme Court, Position No. 1

Wm. M. McAllister has made an outstanding record as a justice of the Supreme Court of Oregon, and has become a nationally-recognized leader in the field of judicial administration. During his term as Chief Justice from 1959 to 1967 the court soon cleared up a badly congested docket and thereafter kept its docket completely current. Under his leadership remarkable progress was made also in speeding up the administration of justice in the trial courts. Delay in the trial of both criminal and civil cases in the circuit courts was substantially eliminated and the dockets of those courts maintained in an excellent condition.

Justice McAllister was Chairman of the Conference of Chief Justices of the United States in 1964-65, and is now Chairman-Elect of the Section of Judicial Administration of the American Bar Association.

Justice McAllister is a native Oregonian. He attended elementary and high schools in Portland and Gresham, and graduated from Willamette University College of Law in 1928, and in the same year was admitted to the practice of law in Oregon. From 1931 until his appointment to the Supreme Court in August, 1956, he practiced law in Medford. In November, 1956, Justice McAllister was elected to a full six-year term on the court, and was re-elected to a second term in 1962.

Justice McAllister served in the legislature as a representative from Jackson county from 1937 to 1944 and was speaker of the house in 1943-44. He also served as a senator from Jackson county in the 1949 session of the Legislature.

During World War II, Justice McAllister served from 1943 to 1945 as a Major in the Judge Advocate General's department, principally as a military government officer in the European theater of operations.

Justice McAllister is a former member of the Board of Governors of the Oregon State Bar, and of the Board of Bar Examiners.

Justice McAllister should be re-elected for another term on the Supreme Court.

GERALD W. DETERING

**For Delegate to the National Party Convention
Second Congressional District**

**ELECT REP. GERALD W. DETERING
DELEGATE**

Three-term Linn County State Representative Gerald W. Detering knows Oregon and its problems. He will vote for a Presidential candidate who will work with Oregon's government to improve our state.

DETERING IS EXPERIENCED

Having served in the legislature since 1963, Gerald Detering is familiar with all aspects of Oregon's economy and government. In the past two sessions, Rep. Detering chaired the House Agriculture Committee. He also served on the Natural Resources, Fish and Game, and State and Federal Affairs Committees. All have extensive dealings with federal agencies. Detering knows that a strong Republican President will mean new industry and more jobs for Oregon.

DETERING IS A WORKING REPUBLICAN

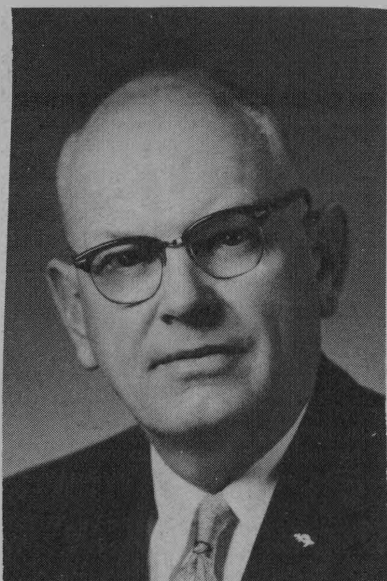

Rep. Detering, a life-long Republican, has been a precinct committeeman and has worked closely with the Linn County Central Committee. In 1956 he attended the Republican National Convention that nominated President Eisenhower for a second term.

DETERING IS CONCERNED ABOUT AMERICA

"A major issue in the 1968 Presidential campaign is the spiraling crime rate. As a board member of the Oregon Council on Crime and Delinquency, I am concerned about the lawlessness that is sweeping America. We need a Republican President who will offer strong moral leadership, particularly to our young people, and who will submit legislation to strengthen law enforcement agencies."

Republican**ROBERT L. ELFSTROM****For Delegate to the National Party Convention
Second Congressional District**

A veteran Republican legislator who has served as Republican Minority Leader in the House and is now serving as Minority Leader in the Senate, Bob Elfstrom has the experience and political know-how to again represent Oregon Republicans at a national convention with distinction and effectiveness.

His broad experience in political affairs has included such varied responsibilities as Mayor of Salem, President of the League of Oregon Cities, Chairman of the Oregon Liquor Control Commission, and eight regular sessions of the legislature where he earned the title of "watchdog of the treasury" because of his insistence on prudent spending of the tax payers' dollar.

Named Salem's "First Citizen" (1951), his long public service has included President of the Cascade Area Boy Scouts, Trustee of Willamette University, Elder and Trustee of the Presbyterian Church, President of the Presbyterian Men's Club of Oregon, Trustee of San Anselmo Theological Seminary, President of the Rotary Club, Director of the Salem Chamber of Commerce, Y.M.C.A., and Salem Community Chest, Chairman 1952 Marion County March of Dimes, and he is listed in Who's Who in America.

In business he heads the successful contracting firm of R. L. Elfstrom, Inc. of Salem which operates throughout the State of Oregon. He is a director of the Commercial Bank of Salem and past president of Continental Enterprises, Inc.

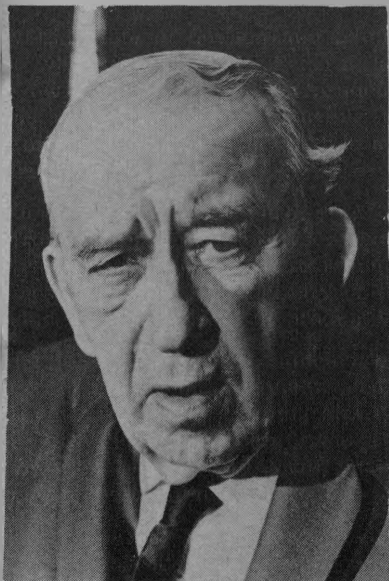

He represented Republicans of the First Congressional District at the 1960 and 1964 National Conventions.

REX ELLIS

**For Delegate to the National Party Convention,
Second Congressional District**

Experience; Dean of the Oregon State Senate and member of the powerful Ways and Means Committee 14 of the 18 years I was a State Senator. Was delegate to National Convention in 1964. Presently actively engaged in mining and farming.

The government has become so entrenched in independent enterprise that we are slowly facing complete domination. I advocate getting the federal government out of business.

All land owned by the federal government, not being used for a specific purpose, should be given to the counties, and the legislature set up ways and means of selling this land. It should be on the tax rolls.

We are currently spending billions of dollars to reach the moon, but for what? I advocate that the billions now being spent for moon trips should be

used to care for the needy of our country, educate our children, and reduce taxes.

It is a well-known fact friendship cannot be purchased. The same holds true for our foreign aid policy. We should take care of our problems at home and see that our citizens have proper care, and worry about our neighbors later.

A vote for or against Ellis is taking a straw vote as to the popularity of these issues and would give the presidential candidate the feeling and thoughts of Eastern Oregon.

Republican**IRVIN MANN, JR.****For Delegate to the National Party Convention

Past president Oregon Cattleman's Association, past president Port of Umatilla, non-practicing attorney, cattleman, past director Oregon Public Port Authority and Inland Empire Water-Way Association, a two-term state legislator with service on the Taxation, Fish and Game and Agriculture Committees, presently member of Oregon Interstate Cooperation Commission.

Irvin Mann says, "I believe the American people in November are going to give the Republican party the greatest vote of confidence we have received in forty years and I want to be a part of the preparation for that victory. I will support the candidate the people of Oregon choose as long as he has a reasonable chance of nomination."

MRS. TED SHAY

For Delegate to the National Party Convention
Second Congressional District

According to Republican National Convention rules, each state shall have one man and ONE WOMAN on each of the four permanent committees.

In order to insure full representation for Oregon, at least four women must be elected as delegates.

Mrs. Ted Shay of Salem has served the Republican Party as:

- President of the Petticoat Pollys Republican Women, 1963-1964
- State Legislative Chairman, Oregon Federation of Republican Women, 1965
- Vice Chairman, Marion County Republican Central Committee, 1964-1966
- 2nd Vice President, Oregon Federation of Republican Women, 1965-1967
- Chairman, Marion County Republican Central Committee, 1966—
- Secretary, Republican State Central Committee of Oregon, 1966—
- 1st Vice President, Oregon Federation of Republican Women, 1967—

Shirley Shay, a political science graduate from Willamette University, is married to Dr. Ted Shay, Willamette University professor, and has four children.

Mrs. Ted Shay would be a responsible member of the Oregon delegation, combining dedication to Republican principles, proven leadership ability, and party organization experience.

ROBERT F. SMITH

**For Delegate to National Party Convention
Second Congressional District**

ELECT

REP. ROBERT F. SMITH

DELEGATE

ROBERT F. SMITH IS A REPUBLICAN LEADER . . .

As a four-term State Representative, Bob Smith knows the processes of government. Bob has served as Majority Leader and Speaker Pro Tem of the Oregon House of Representatives in the 1965 and 1967 sessions. He is a member of the Republican State Executive Committee and the Republican State Coordinating Committee. A past Harney County Republican Chairman, Bob Smith chaired the Foreign Affairs Committee at the 1966 Republican State Convention.

ROBERT F. SMITH IS FAMILIAR WITH THE SECOND DISTRICT . . .

Born and raised in Burns, Bob Smith received his BA from Willamette University. Smith is a rancher in the Burns area and operates an oil distribution business in Harney County. As Chairman of the House State and Federal Affairs Committee, the Interim Committee on Public Lands, and as Oregon's representative to the congressional Public Land Law Review Commission, Bob has dealt extensively with the problems of grazing lands, irrigation and timber which mean so much to the Second Congressional District.

ROBERT F. SMITH WILL VOTE OREGON'S INTERESTS . . .

Bob Smith believes that 1968 will be the crucial election of this century for Americans. The problems of crime, inflation, drug abuse, riots and Vietnam demand leadership in Washington, D. C. Bob Smith knows that the people of the Second District want the Republicans to nominate a candidate who will beat LBJ soundly in November.

GEORGE (BUN) STADELMAN**For Delegate to the National Party Convention
Second Congressional District**

George (Bun) Stadelman has the ability, the experience, the forcefulness and the knowledge of area problems to give the people of the Second Congressional District vigorous and effective representation in the Republican National Convention at Miami.

The Stadelman family is widely known for distinguished public service as Republicans. His father was Mayor of The Dalles, a State Senator and later Secretary of State. George (Bun) Stadelman is the National Committeeman for Oregon, was formerly candidates' Assistance Chairman and Treasurer for the State Republican Party. He was elected as a delegate from the Second Congressional District to the National Convention in 1956 and in 1964.

Married in 1932 to Lorraine Pierce, daughter of Walter Pierce, former Oregon Governor and Congressman. They have two children, Mrs. Phillip Dougherty and George Stadelman, Jr., both active in Republican organizations.

George (Bun) Stadelman was born in The Dalles in 1908, attended grade and high school there. Graduated in Law from the University of Oregon, where he was named to All-Coast and All-American football teams.

Twice elected Mayor of The Dalles, he is a former President of the League of Oregon Cities, a past Exalted Ruler of The Dalles Elks and past District Deputy Grand Exalted Ruler for Oregon, Northeast. He was elected Man of the Year for The Dalles in 1962, is a member of the Board of Directors of the First National Bank of Oregon, Stadelman Fruit Company, Mill Creek Orchards, Western Orchards and the Oregon Committee on Crime and Delinquency. He is a member of the Board of Overseers of Lewis and Clark College and has served in such community activities as President of The Dalles Chamber of Commerce, Kiwanis Club, United Fund, Boy and Girl Scouts and the Heart Fund.

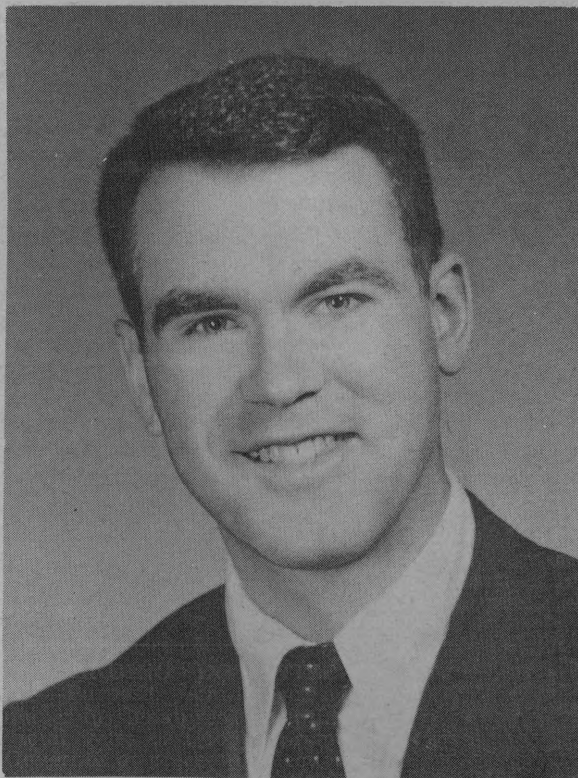

Bun Stadelman's record is that of a worker, a do-er, a builder for the Republican Party.

WILLIAM W. QUIGLEY

For Representative in Congress, Second Congressional District

"TIME FOR A CHANGE ISN'T IT"

FAMILY MAN—Bill and Fran have three children—Bill (20) a helicopter crewchief in Vietnam; Bob (13) and Cathy (11) in Baker Public Schools.

EDUCATION—Bill completed the eighth grade in a country school; he earned his high school diploma in his off duty hours while serving with the Navy in the South Pacific at the close of WWII. With the help of the GI Bill of Rights he and Fran both worked to earn for him a Bachelor of Science and a Doctor of Dental Medicine from the University of Oregon and the Dental School respectively. She worked as a waitress, and he worked variously as a janitor, bus driver, grocery clerk, timber faller, hop and bean picker and as a metallurgical chemist. Bill has completed the Armed Forces College course in the "Economics of National Security" and a two week active duty session in a National Security Seminar.

LEADERSHIP—He started his post war career as a laborer; he was organizer

and chief steward for his labor union. Later he was labor foreman and labor supervisor for the Zia Company of the Manhattan Project at Los Alamos, New Mexico. He has been president of his class, president of his dental fraternity and sat on the boards of a College Co-op, Lions Club and Community Chest; has been chairman of Chamber of Commerce Committees, Chairman of Cub Scout Packs, Master of a Grange and is now serving on the Governor's Committee for Mental Retardation. Bill is forty-three years old; he is a Lieutenant Commander in the Naval Ready Reserve.

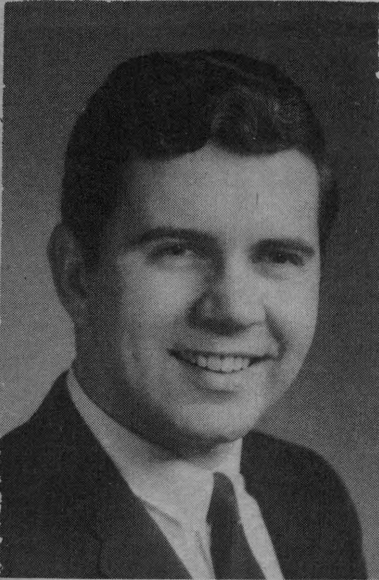

EARLY BACKGROUND—Bill was born the fifth child of ten to Chas. and Lola Quigley of rural Jackson County, Illinois. His father was a farmer-coal miner until the depression. Bill worked as a farm hand and spent a year in the CCC camps before going into the service. He and five of his brothers were to serve simultaneously in the armed forces in WWII. He was discharged as an Aviation Machinist First Class in 1946.

Bill and Fran have lived in Portland for sixteen years—in Baker for six years.

ROOT KNOWS OREGON'S NEEDS . . .**

Marv Root of Madras, Oregon, is a young man on the move. He has gained more experience in politics and more first-hand knowledge of our national problems than most men twice his age. As a Republican candidate for Congress from Oregon's 2nd District, Marv's abilities and fresh ideas are benefiting the people of Oregon.

A PROFESSIONAL BACKGROUND . . .

Marv Root was educated in the Jefferson County Public Schools, and received a BA from Seattle Pacific College. He is an ordained minister in the Oregon Conference of the Free Methodist Church, having completed three years of graduate study in Theology at Western Evangelical Seminary in Milwaukie. He has spoken to and counseled with persons in over 30 states and two Canadian provinces.

Marv Root has served as a public relations consultant for three years. He operated a custom harvesting business in Jefferson County while working his way through college.

In 1967, Marv Root was named by the Jaycees as one of America's "Outstanding Young Men". He is a member of the Junior Chamber of Commerce and the Farm Bureau.

"POLITICS ARE THE PEOPLE'S BUSINESS" . . .

L. B. Day is a graduate of Willamette (Political Science) and has proven himself well qualified to cope with and solve legislative problems in behalf of the PUBLIC interest.

REP. DAY, in seeking his third term in the House of Representatives, CALLS FOR: PROTECTION of Oregon's prime FARM LANDS; SUPPORT of local CRIME-FIGHTING AGENCIES; TIGHTENING of our EDUCATIONAL resources; and a well-coordinated, well-staffed, quality DAY CARE CENTER program for children of working mothers.

REP. DAY is a strong CONSERVATIONIST in the fields of agriculture, our ocean beaches and recreation parks.

DAY was named SALEM'S JUNIOR FIRST CITIZEN FOR 1967 and recently was named one of the TEN TOP OUTSTANDING YOUNG MEN in Oregon for 1967.

REP. DAY worked diligently during the 1967 session, serving as Chairman of the House Planning and Development Committee, which he led into broad, new areas for the future development of the state's resources. His imagination in this area has helped bring about the naming of Oregon State University as a SEA GRANT COLLEGE, which will establish Oregon as a leader in marine research.

REP. DAY, during his second term in the House, achieved legislation for tightening election laws, public disclosure of campaign funds, fiscal control of state expenditures and budgets, and the creation of the STATE ARTS COMMISSION.

DAY, married, the father of a son, aged four, will work toward better education for his son as well as every other child in this state.

HERB TOTTEN**For County Commissioner, Marion County, Position No. 3**

Few men can equal the breadth of experience, the training, and the sympathetic understanding that Herb Totten would bring to this important office.

Of our most immediate challenge, Herb Totten says, "The planners warn us that in the next 15 to 20 years, we will have more new people in Marion County than the present population of Salem."

"Whether we can absorb this growth . . . can prevent runaway property taxes . . . can protect our citizens . . . can protect the livability of our area . . . depends in large part on decisions which will be made by your County Commissioners in the next four years."

Facing challenges of rapid growth, taxes, zoning, welfare and other key county problems is not new to Herb Totten. As Executive Secretary of a Citizens-Taxpayers Group, Herb led a successful campaign to reduce unnecessary county expenditures, to reorganize county government and to provide for competent professional management in Shasta County, California. In Lassen

County, Herb served four years as a County Supervisor (County Commissioner). During his term, taxes were held down and sound growth was laid out under a new and equitable zoning ordinance that is still in use.

When he moved his family to Salem in 1955 Herb brought with him experience gained through office management in a general contracting firm, thirteen years service as a maintenance foreman with the California Division of Highways and ownership and operation of his own large cattle ranch. For the last twelve years, he has had a unique opportunity to meet people and learn their problems firsthand through county service as an appraiser and later as Right-of-Way Agent.

Added experience and understanding were gained from service as President of Marion County Employees Association and the Salem Chapter of the Society of Real Estate Appraisers, from service on the Governmental Affairs Committee of the Salem Area Chamber of Commerce and from his many other activities. His program as a County Supervisor won recognition through election as an Honorary Life Member of the Northern California County Supervisors Association.

BOB COE

For County Treasurer, Marion County

County Treasurer Bob Coe has demonstrated the alert and aggressive leadership we need in County affairs.

Capable, sincere and friendly, Bob has a record for getting things done, in government, in business and in civic and church affairs.

During some eight years as your County Treasurer, Bob Coe has already saved you more than \$1,000,000 in taxes through interest earned on investments. Bob credits much of the success of his investment program to cooperation from County Officials and from 63 participating districts.

Substantial tax savings were made through pooling of investments. By combining investments of Marion County, School and fire districts and other districts into one fund, an extra $\frac{1}{2}\%$ is earned on the same amount of money invested. Introduction of modern equipment and streamlined business methods permitted the Treasurer's Office to absorb a 257% increase in workload without a corresponding increase in costs.

New distribution methods worked out by Bob Coe have saved substantial amounts for the school districts. Previously school districts were forced to borrow money and pay interest on it until tax revenue was turned over to them.

Bob Coe has been responsible for handling more than \$190,000,000 since taking office, without a loss. This is a tribute to his tireless efforts to provide maximum security for public funds and public documents entrusted to him. He is continually seeking new and better ways to provide greater protection.

Bob Coe's investment program has already won national recognition. He was asked to explain his investment program to the National Association of County Treasurers and Finance Officers and was subsequently elected Secretary-Treasurer of that organization.

Bob Coe came to Salem in 1954 from Tillamook where he was "Junior First Citizen" in 1950, a City Councilman, Vice-President of the Commercial Bank of that City and President of the Lower Columbia Bankers Association. His broad civic activities have included President of the Methodist Men, President and now District Governor of Sertoma, Chairman of the Cancer Drive, Treasurer of the Capitol Manor Retirement Home, President of the Oregon Finance Officers, President of the Association of County Treasurers and Finance Officers, Treasurer of Marion County United Good Neighbors, Vice-President of South Salem Lions Club and member of the Board of Candalaria Mothers and Dads Club and the Parents Council.

Married to the former Ethel Alice Sanders of Eugene, they have two daughters Judy Joyce of Portland and Susan Roberta of Salem.
