## FOREWORD

No travel guide is perfect. Changing conditions, of course, contribute to this.

The listings in this Guide are carefully checked. Despite this, past experiences have shown this from the time we check to the time you use our guide, changes have been made. Therefore, may we emphasize that these listings are printed just as they are presented to us. We would like you to understand that the publishers cannot be responsible after this check has been made.

If you should experience unpleasant or unsatisfactory service at any of the places listed, you will do our fellow traveler a favor by reporting this place to us.

## INFORMATION

In planning your trip or tour, secure a road map from your local service station for the trip you expect to take. Plan your trip from this map, noting the route and cities you expect to pass through. Then you can make note of the accommodations in these cities in case you might want to stop over. No maps are published in our guide as they would not be large enough for your convenience.

**DON'T BE DISAPPOINTED** — Make reservations in advance. State date of arrival, number of persons in your party adults or children and the number of single or double beds required. After confirmation of your reservation get rates and send one night's lodgings to be certain reservations are held.

★Denotes The Travelers' Green Book recommended Hotels, Motels, Tourist Homes, etc. (Omission of ★ does not necessarily mean inferior accommodations.)

---

The publishers make every effort to assure the accuracy of the "Green Book" editorial information, and to maintain the high character of its advertising pages. We cannot however, accept responsibility for inaccuracies in editorial or advertising matter. Where rates are quoted, they are subject to change.

You may find a stalled car there . . . or a pedestrian who has slipped and fallen . . . almost anything can happen. Think ahead, be alert, slow down.

### **Take a tip from the truckers—**

Carry at least three 15-minute fuzees in your car. If you stop at night by the roadside to change a tire — Light the fuzees, stick them in the ground about 100 feet away. Their red glare means danger, avoiding the risk of collision!

# VACATION SECTION

VACATION . . . what a lovely picture the word itself can evoke. A seashore, mountain trail or trout stream, perhaps. So charming you can hardly wait for your vacation to arrive.

It goes without saying, you want to read "WELCOME" in the smiles of those that you visit. The lodgings of your choice is waiting for you after a long day's ride. This section is designed so that you might make your selection from the many VACATION RESORTS listed. Write to the resort of your choice to secure their rates, to see if you can be accommodated. Some resorts have folders which they will be glad to send you. Tell them that you saw their listing in the GREEN BOOK. This helps us to sell more ad space so that we can give you more information about their place.

Our advertisers are ready and willing to make your vacation the most enjoyable you have ever had. For complete confidence in making the best decisions . . . WHERE TO GO . . . WHERE TO STOP. We recommend that you make your reservations with the "Advertisers of THE TRAVELLERS' GREEN BOOK."

Thousands of Motorists are being killed each year on our roads.  
**PLEASE BE CAREFUL** — Your loved ones would like to keep  
you for a long time.

### HOW TO KEEP FROM GROWING OLD

---

Always race with locomotive to crossing. Engineers like it; it breaks the monotony of their jobs.

Always pass the car ahead on curves or turns. Don't use horn, it may unnerve the fellow and cause him to turn out too far.

Demand half the road — the middle half. Insist on your rights.

Always speed; it shows them you are a man of pep even tho an amateur driver.

Never stop, look or listen at rail-road crossings. It consumes time.

Always lock your brakes when skidding. It makes the job more artistic.

In sloppy weather drive close to pedestrians. Dry cleaners appreciate this.

Never look around when you back up; there is never anything behind you.

Drive confidently, just as tho there were not eighteen million other cars in service.
