WINNIPEG TRIALS ARE SET FOR TO-MORROW

BERLIN PEOPLE NOW REALIZE THE TREATY MUST BE ACCEPTED

Seem to Have Resigned Themselves to the Inevitable, Says Correspondent of the Associated Press; Peace Delegates Now at Weimar

Berlin, June 18.—Via London, June 19.—(Associated Press).—“Sign the treaty and be through with the agony,” is the gist of the comment of the people of Berlin to-day.

After the wrath provoked by the moral indictment contained in the covering note of the Allies' answer, the residents of Berlin seem to have resigned themselves to the inevitable.

“Rather the end with terror than terror without end,” was the way one small merchant put it to-day.

Weimar, June 18.—Via London, June 19.—(Associated Press).—The special train bringing Count von Brockdorff-Rantzau and his colleagues of the German peace delegation from Versailles reached Weimar shortly after midnight.

Count von Brockdorff-Rantzau required on board his train until after breakfast.

The members of the delegation were angry at the hostile attack made upon them at Versailles, in which a considerable number, instead of three as first reported, were more or less seriously injured.

Canada's Delegates. Paris, June 19.—The amended text of the draft of the peace treaty with Germany shows a change in the Canadian plenipotentiaries; in the original document they were named as Sir Robert Borden, the Prime Minister, and Sir George Foster, Minister of Trade and Commerce.

In the amended text they are given as Sir George Foster and Hon. Charles J. Doherty, the Minister of Justice.

An American Resignation. Paris, June 19.—(Associated Press).—The American peace delegation has accepted the resignation of Dr. S. E. Morrison, a member of the section of Russian experts who represented the United States on the Baltic Commission.

Dr. Morrison resigned because he did not approve of the exchange of notes between the Allies and Admiral Koltchak, head of the All-Russian Government at Omsk, believing that Russia can not be restored through Allied co-operation with the Omsk Government.

Railway Re-organization. Paris, June 19.—The Peace Conference Commission on Harbors and Waterways is endeavoring to arrange for the re-organization of railways connecting Plume and Trieste with Vienna, so that conditions will be satisfactory to Italy, Jugo-Slavia and Czechoslovakia.

Some agreement is desirable before the Austrian treaty is completed, but the indications are that the matter will be deferred for decision by the League of Nations.

POSSIBLE NOW CITY WILL ACCEPT PLAN May Utilize Portion of Allocation Under Dominion Housing Scheme

There is a possibility that the city of Victoria will accept at least a portion of the money allocated to it under the Dominion housing scheme. This announcement was made by Mayor Porter this morning, following a conference between representatives of the Corporation and Hon. T. D. Pattullo, Minister of Lands.

The Minister explained to the deputation, which consisted of Mayor Porter and Aldermen Sangster, Patrick and Johns, various features of the Housing Scheme, and pointed out that the city was not bound to accept the total amount if it did not so desire.

The city's Housing Committee which met the Minister of Lands will consider the whole housing question on Monday night, and will probably take final action then.

“Mr. Pattullo's explanation did not alter our views in most respects,” the Mayor stated after the conference. “I still hold that we are absolutely responsible for the money involved, and should any person taking advantage of the plan fail to meet his payments, the city would have to make good to the Government. My idea is that we might take a sufficient portion of the Housing Fund to build houses for the few people who have applied. But we will have to be careful to whom we make loans, otherwise we stand to lose a large amount of money.”

GIVEN THREE YEARS. Toronto, June 19.—On a charge of stealing \$12,000 in money and goods, the property of the Grace Motors, Nelson S. Gotschall, manager of Grace Motors at a salary of \$4,000 a month, pleaded guilty yesterday before County Judge Morrison. He was sentenced to three years in Kingston Penitentiary.

NORTHCLIFFE RECOVERING. London, June 19.—Viscount Northcliffe, who underwent an operation yesterday, was progressing satisfactorily to-day, according to a bulletin issued by his physician.

READY FOR USE SHOULD GERMANY BALK ON TREATY

GIANT BRITISH DIRIGIBLE R-34

London, June 19.—The flight of the giant dirigible R-34 from the British Isles to the United States has been postponed until Germany decides what she intends to do regarding the peace terms.

Should Germany refuse to sign, according to one officer, the flight of the R-34 will be eastward instead of westward.

The R-34 and other airships which now are engaged in a demonstration flight over Germany will return to their bases to-night and remain there until the German decision is announced.

Rumors Current. The definite announcement of the postponement of the trans-Atlantic flight of the R-34 and the information that she and other airships which had left on cruises would return to their bases to-night clarified the situation after several of the morning newspapers here to-day had featured reports which were current last night.

One of these reports was that the R-34 had been diverted from her trans-Atlantic trip, equipped with bombs and machine guns and had been sent to the Baltic, while her companion aircraft, the R-22, similarly equipped, was said to have left Wednesday night for a cruise which would include the Kiel Canal.

Over Berlin. The Daily Sketch said the R-34 was over Berlin at 4 o'clock Wednesday afternoon.

People Stand for Law and Order. So Says Hon. A. L. Sifton When Speaking of Winnipeg Arrests

Halifax, June 19.—Hon. A. L. Sifton arrived here last night to board the steamship Olympic to-day for the United Kingdom, from where he will proceed to the Peace Conference as the chief representative of Canada, to sign the treaties of peace with Germany and other enemy countries.

He was seen by the Canadian Press and asked if he would say anything about the situation in Winnipeg. He said: “The first instinctive feeling of the great majority of the people would, I have no doubt, be that no such arrests would be made at the time of a great crisis such as there exists unless there had been strong evidence of the commission of a serious crime. The question of the individuals responsible is for investigation. The people will approve the proper administration of law and order.”

LACHINE, QUEBEC, DECLARES FOR USE OF BEER AND WINE

Montreal, June 19.—By majority of 67, Lachine voted itself out of the “dry” column yesterday and favored beer and wine. The count showed 754 votes cast, the prohibitionists being represented by ninety-two votes.

Lachine has been under prohibition since 1915, and since that date public sentiment has been tested by three votes on the question.

BAVARIAN ELECTIONS. Berne, June 19.—(French Wireless).—The Roman Catholic Centre Party was victorious, virtually everywhere in Bavaria in the municipal elections held on Sunday. The democratic and Socialist Parties made a poor showing.

LIMITATION OF ARMAMENTS A SUBJECT FOR THE FIRST MEETING OF THE LEAGUE

Paris, June 19.—The indications are that the initial project for limitation of the armaments of the great naval and military powers will be ready for presentation at the first meeting of the League of Nations in Washington in October. While the plans are subject to the signing and ratification of the treaty, several committees are preparing a general outline of work, which will include besides organization many important subjects under the direction of the League, including disarmament.

The reply of the Allies to the German counter-proposals made the definite statement that the Allies intend to begin “immediate negotiations” for the limitation of armaments. It was explained in Confer-

ence quarters to-day that the immediate negotiations contemplated are to be under the League of Nations and that a plan will be ready for presentation at the October meeting.

CHOW SHU MU NOW Endeavoring to Form a Cabinet in China

Peking, June 18.—(Associated Press).—A mandate has been issued accepting the Premier's resignation and appointing Kung Hsin Chug, Minister of Finance, as Acting Premier. Kung Hsin Chug has agreed to accept ten days only.

Chow Shu Mu has been asked to form a cabinet. He is of the old class but it is thought he may blend the conflicting interests and contribute to a peaceful settlement, for which all classes are yearning.

COMMISSION FOR PORT OF DANZIG Inter-Allied Body May Administer City Until League Begins

Paris, June 19.—The Council of Foreign Ministers has under consideration at present a plan for an inter-Allied Commission to administer the port of Danzig, through which Poland has been given an outlet to the sea. This Commission would have jurisdiction until the League of Nations would begin the function and take over the work.

In its consideration of the Polish question, the Council of Foreign Ministers, while planning to have Danzig administered ultimately by the League of Nations, is likely to give the Poles the maximum liberty of action on the question of the Ukrainian boundary, according to The Echo de Paris.

The Council, it is added, also is considering a provision in the treaty with Austria for a plebiscite in the region of Klagenfurt, which is claimed by both the Jugo-Slavs and German-Austrians.

BOLSHEVIKI GET BACK INTO KRASNAYAGORKA But Forts Destroyed

London, June 19.—A Bolshevik wireless message received here claims the recapture by the Bolsheviks of the fort of Krasnayagorka, opposite Kronstadt.

An Estonian communication says that, owing to the pressure of large enemy forces, Krasnayagorka was evacuated after the guns and fortifications had been destroyed.

FLEET REPORTED READY TO MOVE

Report in London Grand Fleet Prepared if Germany Should Balk

London, June 19.—A report which was current here last night and which was published by several of the morning newspapers was that the Grand Fleet had again been placed on a war footing and was ready to sail for German waters at a moment's notice in the event of Germany refusing to sign the peace treaty.

A telegram from Copenhagen reported the arrival here of a dozen British cruisers and several destroyers prepared to enforce the blockade.

BUTTER OUTLOOK IS REPORTED BAD

Going Into Cold Storage Slowly, Says Cost-of-Living Commissioner

Ottawa, June 19.—The Cost-of-Living Commissioner has reported as follows to the Minister of Labor concerning goods in cold storage, and in process of cure in Canada on June 1:

Unsettled conditions in the west have somewhat delayed the report, and have made it impossible to include as complete totals as ordinarily. The comparative figures for the Dominion are made up excluding Manitoba totals, but including all other holdings reported.

The butter stocks reported consist of 2,926,671 pounds of creamery and 148,250 pounds of dairy. Comparative figures show this to be an increase over last month of 167.5 per cent. in the case of creamery butter and 76.95 per cent. in the case of dairy, but even so these stocks are 24 per cent. less than a year ago in each case. In other words, butter for next year's use is going into cold storage more slowly than last year and at very much higher prices. The outlook for next winter is very bad.

The oleomargarine stocks are 351,118 pounds, a small amount compared with the consumption.

The cheese stocks reported are 2,983,438 pounds. Comparative figures show this to be one and three-quarters more than last year, but 12 per cent. less than a year ago.

Eggs in cold storage have increased to 7,549,451 dozen. Comparative figures show this to be 214.8 per cent. more than a month ago and 10.32 per cent. more than last year. Eggs in warehouses other than cold storage amount to 883,400 dozen, and frozen eggs amount to 227,922 dozen. While these stocks look well for next winter's supply, the price at which they are being laid down will make them a luxury next winter.

Pork. The stocks of pork reported are 35,984,771 pounds. Comparative figures show this to be 3.43 per cent. less than a month ago, and 10.47 per cent. less than a year ago. The stock includes 5,969,412 pounds of frozen pork, 2,143,665 pounds not frozen, 2,222,825 pounds of dry salted, 9,012,992 pounds of sweet pickled, and 16,618,876 pounds in process of cure. It then will be seen that nearly one-half of the total amount is still in process of cure and not in cold storage.

Beef. The total stocks of beef reported are 26,113,350 lbs. Comparative figures show this to be 27.24 per cent. less than a month ago, and 37.9 per cent. more than a year ago. These stocks include 22,553,961 pounds of frozen beef, 3,527,074 pounds of unfrozen fresh beef, 583,951 pounds of cured beef and 439,264 pounds in process of cure.

The stocks of meat in storage indicate that for all our shipments overseas we still have plenty left for our own consumption.

Mutton. The stocks of mutton and lamb reported are 2,020,048 pounds. Of this 2,044,892 pounds are frozen. Comparative figures show this to be 51.32 per cent. (Concluded on page 15.)

AQUITANIA WILL REACH HALIFAX AT 7 A.M. TO-MORROW

Halifax, June 19.—Wireless advices from the Aquitania state she will dock here at 7 a. m. to-morrow.

HUNGARIAN SOVIETS WANT FRENCH MASSES TO GIVE ASSISTANCE

Geneva, June 18, via London, June 19.—(Associated Press).—A national congress of Hungarian Soviets, presided over by Bela Kun, has appealed to the French proletariat to aid Hungary and Russia in their revolution for liberty, according to a Prague dispatch received here.

DEPORTATION OF MEN SEIZED AT WINNIPEG IS GOVERNMENT'S PLAN

Counsel for Department of Justice Will Urge Board of Inquiry to Order Strike Leaders Out of Dominion; Trial of Men Will Take Place To-morrow

Winnipeg, June 19.—The special Board of Inquiry under the Immigration Act arrived here this morning and is quartered at the Royal Alexandra Hotel. A. J. Andrews, K. C., representing the Minister of Justice, announced at 11 a. m., and the hearing of the cases of the arrested strike leaders will commence to-morrow morning at 10 o'clock, supposedly at Stony Mountain Penitentiary. The public will not be admitted, but Mr. Andrews has made formal application to the Board to admit members of the press.

He also stated that he would ask, on behalf of the Minister of Justice, for deportation of the men under arrest.

T. J. Murray will appear for the English-speaking prisoners and M. Hyman for the others, it was announced.

A meeting this morning brought into conference A. J. Andrews, K. C., crown prosecutor; Commissioner A. B. Perry and Commissioner Stearn, of the Royal Northwest Mounted Police; T. J. Murray and a delegation of strikers representing labor. The nature of the subjects discussed has not been made public. Mr. Murray said that he had taken no action in connection with making formal application for bail. He conferred with the prisoners at Stony Mountain Penitentiary this morning.

Street Cars. Nineteen street cars were operating on the streets of Winnipeg this morning, and service was re-established on the St. Boniface route.

Company officials declared it was expected to put the cars into service during the day, and that prospects were bright for a formal service before the end of the week. While the Street Railwaymen's Union at a meeting last night voted not to return to work in a body, it was stated that individual workers opposed to the continuance of the sympathetic strike are reporting for duty.

Not at Meeting. Senator Robertson, Minister of Labour, denied that he had participated in a meeting last night at which labor representatives conferred with Messrs. Andrews, Perry and Stearn relative to the situation created by the arrest of the strike leaders. The Minister said he understood that such a meeting had been held, but he had not attended.

Government Upheld. Toronto, June 19.—Strongly urging the Dominion government to go ahead and use the strikers' arms, the Winnipeg strike leaders now in custody, The Mail and Empire to-day says, in an editorial headed “Down With the Reds”:

“The Government has started on the right course, and we hope it will not waver a hair's breadth therefrom until it has put down and disposed of the whole gang of revolutionaries now busy in the country.”

Report Denied. Winnipeg, June 19.—A statement telephoned in yesterday that the Canadian Northern Railway shops at Transcona were to be closed and the work done hereafter at the Fort Rouge shops has been officially denied.

Evidence Awaited. Toronto, June 19.—The Globe, dealing with the arrest of the strike leaders at Winnipeg, says:

“As to the wisdom or unwisdom of the Government's action at this time, the details so far to hand do not afford ground for a decision, but having assumed responsibility for so drastic a step, it is incumbent upon the Federal authorities to satisfy the public that it is justified. If the arrests are part of a plan to railroad the strike leaders out of the country without a trial, under the terms of the amended Immigration Act, they should be abandoned now.”

No Half-Way Step. The Mail and Empire says: “The Government must not stop half-way or listen to the counsels of the solemn owls who undertake to utter claptrap in the name of the citizens. The citizens want to have Winnipeg purged of the gang who did their best to throttle it and set up a rebel Government. Riel was hanged for restoring to (Concluded on page 15.)

W. HOHENZOLLERN

Director of Foreign Office and a Colonel Call on Ex-Kaiser

Amerongen, June 17.—Delayed—(Associated Press).—The former German Kaiser's place of exile in Amerongen Castle again became somewhat animated last night. Lieutenant-Colonel Hoefler, of the Dutch army, lined at the castle, together with Wilhelm Hohenzollern and Dr. Krieger, director of the German Foreign Office.

To-day Colonel von Esbeck, dressed in civilian clothes, was brought to the castle from Arnheim, where he had arrived direct from Germany. The reason for the visit of the Germans has not been ascertained, but it is generally assumed it is in connection with the situation existing in Germany after the announcement of the reply of the Allies to the German counter-proposals. General von Esbeck to-day is about to leave for Germany.

The former Kaiser expressed great interest recently when informed that a party of twelve American naval ratings from Rotterdam had visited Amerongen and taken snapshots of Amerongen Castle and its surroundings.

GUELPH VETERANS WANT LOUGHEED TO GIVE UP POST

Guelph, Ont., June 19.—At a well-attended meeting of the Guelph branch of the Great War Veterans' Association the following resolution was unanimously passed: “That this branch of the Association go on record as endorsing the action of the Dominion executive in calling for the resignation of Sir James Lougheed, and would recommend that all civilian officials of the Department of Soldiers' Civil Resettlement be removed from their places taken by returned soldiers, as start to be made at the Speedwell Hospital at Guelph.”

ROME IS QUIET DESPITE STRIKE

Business Proceeded Notwithstanding Strike Against Cost of Living

Rome, June 19.—The general strike here which was declared on Tuesday night as a protest against the high cost of living continued yesterday, but without much disorder. Troops had been stationed at various street corners, but the city for the most part seemingly was unaware that a strike was in progress. Many shops were closed, but the street cars operated, and crowds of workmen and others spent considerable time in promenading.
An attempt by the strikers to induce the tramway drivers to abandon their work failed. The strike leaders also failed to hold a meeting at the Piazza Popolo, which the police had been forbidding. The strikers were charged by carabinieri and dispersed, but they suddenly rushed to the fruit and vegetable market, where they upset all the stalls and scattered and destroyed the food.

BOMB PLOTTERS HUNTED IN STATES

Washington, June 19.—The menace of bomb outrages still hangs over the United States, in the belief of officials of the Department of Justice, Wm. J. Flynn, chief of the department's bureau of investigation, said he believed there were more bombs to come, but said it was impossible to say when the next attempt to create a reign of terror by explosions might be made.
The Department last night made public testimony of Attorney-General Palmer before the House Appropriation Committee asking for a special fund of \$500,000 to carry on the hunt for radicals.
Mr. Flynn said he knew of no plot planned for Independence Day, and asserted that every precaution was being taken by police throughout the United States.

WILL END DAYLIGHT SAVING.
Washington, June 19.—Doom of the daylight saving inaugurated in the United States as a war measure was pronounced, yesterday by Congress, both Senate and House adopting by overwhelming votes measures to terminate operation of the law when the period of Summer time ends next October 26.

MR. WILSON MAKES TOUR IN BELGIUM

American President and Wife Accompanied by Belgian King and Queen

Brussels, June 19.—(Associated Press)—President and Mrs. Wilson, with King Albert and Queen Elizabeth as their guides, yesterday saw the devastation visited upon Belgium by the Germans. The first part of their visit deeply affected not only Mr. Wilson, but those accompanying him. The second phase was of an entirely different character.
In the forenoon almost no residences were encountered. In the afternoon the appearance of the President at Ypres, Ostend, Zeebrugge, and finally Brussels, was made the occasion of demonstrations that might have been accorded a conquering hero.

With the President and Mrs. Wilson were Miss Margaret Wilson, E. M. Haruch, Norman Davis, General W. W. Harris, Herbert Hoover, chairman of the Inter-Allied Food Commission, and Commander Baker.

SPARTACAN ATTEMPT FAILED AT WEIMAR

Plan Was to Capture Ebert, Scheidemann and Gustave Noske

Weimar, June 18.—Via London, June 19.—Fifty Spartacans and Communists recently released from the Weimar jail shortly after midnight this morning attacked the castle where the members of the Government live. They were repulsed by a lone guard, who stood by a machine gun until he had driven off the mob.
The attacking party made a surprise descent upon the castle and disarmed the guards at the entrance. They indulged in firing through the windows, however, and this aroused the castle troops.

Apparently it was the intention of the party to seize President Ebert, Premier Scheidemann and Gustave Noske, Minister of Defence.
The casualties in the fighting were five Spartacans and one Government guard, while twenty-eight Spartacans were captured.
Later in the night further shooting was heard. It was learned that the firing had been done by Government troops sent out to repulse an attack by Erfurt Spartacans, who had planned an attack on Weimar simultaneously with the attack on the castle.
The situation was calm this morning, but at all the public buildings the guards were increased.

NICHOLS HAD SPENT A LOT OF MONEY IN MAIN, HE DECLARES

For Seven Years Sought Relief From Trouble; Praises Tanlac

EVIDENCE BEFORE OTTAWA COMMITTEE

"I have spent a lot of money for medicine and treatments during the past seven years, but I never got any relief from my suffering until I commenced taking Tanlac," said Walter N. Nichols, a well-known tennis racket maker, who lives at 16th Avenue and First Street, Vancouver, while talking to a Tanlac representative recently.
"My appetite went back on me to begin with," he continued, "and very soon after that I discovered that my stomach was badly out of order. I got busy right away trying to get something that would stop this trouble before it made any headway, but it just seemed that the more medicine I took the worse I got. After awhile my food commenced to sour on my stomach, and this would cause gas to form so bad that I would be in misery for hours at a time. Then I thought I would just cut out eating anything except something very light, but in a very short time I found that even the very lightest kind of food would cause me to suffer just the same. Why, sometimes I would have such awful, cramping pains in the pit of my stomach I would almost be drawn double. Then I commenced to have pains in the small of my back, and finally got to where I was afraid to stoop over very far on account of the sharp pains that would strike me. I was badly constipated, too, and had severe headaches every day, and I just kept on getting worse, until I was hardly able to do any work at all."

"Well, I heard about Tanlac then, and I went right to the drug store and bought a bottle, and it wasn't very long until I could easily see that I was on the mend, and that I had found the right medicine at last. I will make a long story short, by telling you that Tanlac has completely overcome all my troubles, and that I am as strong and healthy now as ever was in my life. I have gained ten pounds or more, and not since I was a boy have I had such a good appetite and enjoyed my food so much as I do now. The stomach trouble is gone, and so is the constant aching pain in my back. All my energy has come back to me, and I work hard every day, and I don't get so tired and worn out like I did before I took Tanlac. There was never a time in my life when I slept better than I do now, and I feel so fine when I wake up every morning that I just hustle around to get ready to get to the breakfast table, and I tell you I eat a man's breakfast, too, and that is something I have not been able to do for years. Tanlac has done great things for me, and I wouldn't lay it down for all the rest of the medicine I ever saw."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas Avenues.

DOMINION TEXTILE COMPANY'S PROFITS

Manager Puts Year's Profit at \$1,559,888 on Cash Investment of \$500,000

EVIDENCE BEFORE OTTAWA COMMITTEE

Ottawa, June 19.—The gross earnings of the Dominion Textile Company during the year ended March 31, 1919, according to evidence given before the Commons Cost-of-Living Committee by Francis G. Daniels, general manager of the company, were \$3,434,752. There had been carried forward a balance to credit, he said, of \$2,188,194, making a total of \$5,622,946. Out of this payments had been made, such as a dividend, taxes and a reserve of \$1,100,000. The earnings on the common stock had been \$400,000.

"Then," said R. A. Pringle, K. C., counsel for the Committee, "your earnings were \$400,000 on the \$5,000,000 of common stock, which really represents \$500,000 in cash."
Mr. Daniels stated that the gross earnings on the common stock had been thirty-one per cent. After an eight per cent. dividend and the income and other taxes had been paid, the company had carried forward \$1,200,000.
H. H. Stevens, M. P. for Centre Vancouver, examining the balance sheet of the company, declared that the \$3,434,752 stated by Mr. Daniels to have been the gross earnings was not gross earnings, but net earnings.
Mr. Daniels said these were the earnings after deducting all manufacturing costs.
In 1918, the witness said, the company paid 16 per cent. on the common stock of \$350,000, and carried forward a surplus of \$1,444,166. The earnings for the year were \$1,876,371. The earnings were 21 per cent.

Raw Cotton.
In reply to Mr. Pringle, the witness said that on March 31, 1918, the company had on hand 13,300,000 pounds of raw cotton in a rising market. It had bought this at \$22 a hundred pounds, and it had risen later as high as \$36. In estimating costs, the company took the replacement value, and not what material he cost. One of the reasons why the company showed such large profits, he stated, was because it had made from \$1,000,000 to \$1,500,000 on raw cotton.

Mr. Pringle: "Is it altogether fair to the consumers of this country, when it costs you 22 cents a pound that you should sell your products on a basis of cotton at 36 cents?"
Mr. Daniels: "That is no way to put it."
The witness explained that they had to gamble on the price of cotton. E. B. Devlin, M. P., interrupted to say that it was no gamble.
H. H. Stevens said he wished to impress on the Committee that the account presented had nothing in it of any value to the Committee. He remarked that this was very ill-advised.
Mr. Stevens pointed out that in the account presented there was an item of \$894,000 for repairs and \$631,000 for renewals.
"You have made very large profits," he remarked.

Some Figuring
Mr. Daniels said it was necessary. After considerable cross-examination and cross-firing, Mr. Pringle ordered Mr. Daniels to take a pencil and figure the net profits of his company. He did so. Every possible charge which could be made was deducted from the \$3,434,752, including \$1,100,000 provision for war and income taxes, leaving a net profit of \$1,559,888.
Mr. Pringle: "You had a profit on capital stock which you state cost the company \$500,000, a profit of \$1,559,888 after making ample provision for all replacements and all other expenses and considering depreciation and every allowance necessary?"
Mr. Daniels: "That's the result."
Mr. Pringle: "What has become of the \$4,500,000 of stock for which nothing was paid and which is quoted at \$119? Have they been able to put that on the market and sell it at \$119?"
Mr. Daniels: "What about the profit from a profitable purchase of a plant?"
Out of People's Pockets
Mr. Pringle: "We are now dealing with facts. They have got from that stock what has come out of the people's pockets for war and income taxes. They've got that for \$4,500,000 of stock which cost them no money."
Mr. Pringle said that so far as he was concerned he had got nothing from the witness that was any cut above to any great extent. They had got the profits of the company but they ought to have general statement to show the profits the company had been getting from the public. Mr. Daniels was asked to get this.

MINIMUM WAGE FOR WOMEN WORKING IN B. C. FACTORIES

Vancouver, June 19.—A minimum wage of \$14 a week for women factory workers over the age of eighteen years will be the order of the Minimum Wage Board, following an inquiry held in Vancouver yesterday by the members of the Board.
The hours are limited to forty-four a week, except in emergencies, when overtime must be paid for at the rate of time and a half.
Minimum wage scales have now been set for store clerks, restaurant, hotel and rooming house and office workers.
Evidence was received from a number of witnesses as to the amount necessary to keep a self-supporting woman, and the witnesses placed the amounts all the way from \$652 a year to \$1,182.

50,000 MEN WANTED

Before next month this number are wanted to step up and have their corn removed with Putnam's Corn Extractor—it's painless—safe—sure. Use only "Putnam's," it's the best, 25c. at all dealers.

A. F. OF L. CONVENTION DEFEATS RADICALS

Atlantic City, N. J., June 19.—Radical and conservative delegates attending the reconstruction convention of the American Federation of Labor clashed again yesterday. The contest, which arose over a resolution proposing inauguration of a policy of initiative and referendum within the ranks of organized labor, was marked by a display of bitter feeling, resulting in the radical element being crushingly defeated.
A vote was taken whether there should be a roll call on this resolution disclosed that there were only thirty-five delegates out of about 500 favoring the measure. This was interpreted as representing even more than the maximum ratio of radicals within organized labor.

A TORONTO MORTGAGE CORPORATION WOUND UP

Toronto, June 19.—An order to wind up the Standard Reliance Mortgage Corporation was made here yesterday by the court on the company's application, and G. Clarkson was appointed provisional liquidator. It is said that this action was taken in anticipation of the re-organization of that company.
The company was incorporated with a capital stock of \$5,000,000, of which \$2,644,000 was subscribed and \$2,519,124 was paid up. The head office, which is in Toronto, and the branches were closed yesterday afternoon.
Mr. Clarkson stated it was believed that the assets would be sufficient to pay off all the creditors and leave a possible surplus for the shareholders.

MANY MOHAMMEDANS WELCOME GREEK RULE

Salonica, June 18.—Via London, June 19.—A large number of Mohammedans living in Greek Macedonia have appeared before the authorities of that province and have expressed their intention of renouncing their allegiance to Turkey and taking the oath of fealty to Greece. Efforts were made by the Turks to induce the Mohammedans to leave the country, but the commander of a Greek battalion which was guarding the railroad running through Thrace reports that he has received requests from 198 Mohammedan families asking to be placed under Greek administration.

Bring Out All Your Discarded Shoes

You will find that most of them are only half worn out—the uppers are perfectly good—a fact that you cannot afford to ignore when shoes are so costly.
Cat's Paw Rubber Heels and Rinex Soles will make them good as new and a lot more comfortable. They give to each step a spring that makes walking easier and they cushion the heels on hard pavements. They last twice as long as leather and are waterproof.
On every shoe, old or new, demand Cat's Paw and Rinex, the heels and soles of health.

PRINCE OF WALES IS TO ARRIVE IN CANADA IN AUGUST

Ottawa, June 19.—The Prince of Wales is expected to arrive in Canada during the month of August and will be present at the opening of the Canadian National Exhibition at Toronto and at the official opening of the new and the old Parliament Buildings. The following staff will accompany him on his Canadian tour: Chief of Staff, Private Marquis of Salisbury; Chief of Staff, Lieutenant-Colonel E. M. Griggs; Assistant Secretary, Sir Godfrey Thomas, Bart.; Equerries, Captain Lord Claud Hamilton and Captain the Hon. T. W. Leigh.

E. VANCE DIES IN NORTH VANCOUVER

North Vancouver, June 19.—At the age of eighty-three years, Edward Vance, father of Mayor G. W. Vance of this city and a pioneer farmer of Ontario, died yesterday after a lingering illness. He came to North Vancouver six years ago from Etterview, Ont. He celebrated his golden wedding five years ago.
Mr. Vance leaves besides his widow, three daughters, Mrs. Sharpe, of Langley Prairie, Mrs. Corbett and Miss Bertha Vance, at the home here, and four sons, Mayor G. W. Vance, of this city, Alfred at Edmonton, Allan at

PROHIBITION BILL AMENDED BY SENATE

Decision Is Order-in-Council Shall Terminate When Peace Signed

Ottawa, June 18.—That the Order-in-Council prohibiting the importation, manufacture and transportation of intoxicating liquor shall terminate with the signing of peace was declared by the Senate yesterday afternoon.

A bill from the Commons, enacting as a statute law the Order-in-Council of the Government proclaimed under the War Measures Act, was taken up by the Senate in committee.

Senator De Veber offered an amendment striking out the words "and for twelve months thereafter" from the declaration that the regulations "shall continue in force during the continuance of the present war and for twelve months thereafter."

The amendment carried by 34 to 24, after a number of speeches, chiefly dealing with the constitutional point raised on second reading, that by Section 121 of the British North America Act, inter-provincial trade could not be interfered with.

As a preliminary to taking up the bill, Mr. James Loughheed read an opinion from the Department of Justice given on the constitutional aspect of the question at the time the Order-in-Council was made. This opinion observed that Section 121 applies only to articles the growth, produce or manufacture of any one of the provinces, and as to such intoxicating liquor as is of this description, "I am of the opinion," said the official, "that this section does not limit the power of prohibition possessed by the Dominion, because the object of it is to declare immunity from taxation rather than to affect the power which the Dominion otherwise has to prohibit exportation from one province to another of articles which Parliament may consider ought not, for the peace, order and good government of Canada, to be admitted in the latter province."

Ontario Conference.

Toronto, June 18.—A telephone message received by the Ontario Methodist Conference shortly before midnight, informing it that the Senate had amended the bill passed by the House of Commons to prolong the life of prohibition legislation throughout the Dominion for one year, caused much indignation.

A resolution moved by Rev. J. C. Bourne, of Midland, was unanimously carried, condemning in strong terms the action of the Senate and advising the House to take drastic action, either to have the Senate reformed or abolished, in order that the will of the chosen representatives of the people might not be trampled underfoot by a body having no direct responsibility to the electorate.

Industry.

The suggestion that following the example of the Prime Minister of Great Britain, the Dominion Government should call a national convention of all the parties to industry in Canada, was embodied in a resolution passed by the Conference yesterday, following a discussion on the subject of industrial unrest. Many of the speakers declared in favor of labor having a larger part in the control of industry.

RIOTS CAUSED BY DELAYED SAILINGS

Canadian Battalion at Ripon, England, Was Involved in Disturbance

London, June 18.—The military camp troubles have spread to Ripon, where disturbances occurred on Tuesday afternoon in the lines of the Canadian 23rd Reserve Battalion, because the unit's sailing date had been put off from June 16 indefinitely, and partly through resentment of the men on night picket duty being ordered on a route march. The canteen was broken into and stocks consumed or destroyed, including barrels of beer.

Gen. Armond made an immediate inquiry, and during the investigation the gymnasium hut was fired and burned.

An inquiry into the cause of the attack by Canadian soldiers on the Epsom police station reveals allegations that the men stationed at Woodcote Park recently had suffered indignities at the hands of the rough element in Epsom. It is reported that there have been almost nightly disturbances between gangs of youths and Canadian conscripts. It also is asserted that the local police have often displayed an overbearing attitude toward the Canadians.

The chairman of the Epsom Council yesterday wired the War Office, urging that strong action be taken at once, "as the inhabitants have no security at night from the camp, owing to its position being difficult to control except with large guards."

The place was reported quiet last night.

The soldiers attacked the police station, where two of their companions were being held, with pieces of iron railings they pulled up.

In addition to Station Sergeant Green who died from his injuries, eight policemen were more or less seriously injured.

COAL COMMISSION IN BRITAIN ABOUT TO REPORT FINDINGS

London, June 18.—(Reuter's).—The Coal Commission has concluded its sittings and there probably will be three reports, as previously. It is expected the miners' section will favor and the owners' section disfavor nationalization, while the chairman and independent members consider a sufficient case has been made out for nationalization and that therefore Parliament ought to decide.

TWENTY-THREE LOST LIVES WHEN VESSEL SANK OFF SICILY

Messina, June 14.—(Havas).—Twenty-three persons, including Commander Brunelli, superior inspector of the Ministry of Posts and Telegraphs, are missing from the survivors of the Italian steamship Citta di Milano, which sank on the rocks near the island of Filicudi, on the north coast of Sicily. The steamship was at work repairing cables.

REPORTED DEAD.

Ottawa, June 18.—Capt. John Reid, of Montreal, of the infantry, is reported to have died, according to a casualty list issued to-day.

PROFITING DE LUXE.

The tweed manufacturing company of Sherbrooke, Quebec, to whose profit of 72 per cent. for the last year we devoted some attention yesterday was, after all, moderation personified, in comparison with the Dominion Textile Company, according to revelations before the committee of the House of Commons which is inquiring into the cost of living.

This company's net earnings for the year were \$3,434,758 and, after deducting every possible charge that could be deducted, including \$1,000,000 for business profits tax and income tax, the net profit was \$1,559,888.

Although the common stock of the company is \$5,000,000 only \$500,000 have been paid in; thus the profit for the year was 300 per cent. on the actual stock investment. Alongside this the 72 per cent. of the Sherbrooke company is so insignificant as to provoke tears of pity. The balance sheet of the Dominion company, of course, shows a profit of only 30 per cent., but this is reckoned on the whole \$5,000,000 of common stock, \$4,500,000 of which is water, although it is quoted on the market at \$119 per share.

These disclosures do not appear to have affected the tariff stand-patters in Parliament. The House of Commons has just endorsed, with rather suspicious alacrity, the budget proposals of Sir Thomas White by a large majority, alleged low-tariff members supporting the Government on the ground that its defeat in the house and an election now would be a calamity. They do not appear to realize that a continuation of the profiteering such as has been disclosed before the Parliamentary Committee is fraught with much more calamitous possibilities than the defeat of the Government or a general election could have. The majority of the House may yet wish it had followed the Hon. T. A. Crerar instead of Sir Thomas White.

THE LIBRARY COMMISSION.

When the Public Libraries Act commences to operate it should be a fairly easy task to improve considerably the general reading facilities throughout the Province. In the more populous towns and cities it is not a very difficult matter to gauge the public taste and to cater to it intelligently. But in rural communities, where the desire for good literature and plenty of it is just as keen as it is in the thickly populated centres, the lack of provision for this has been very disappointing.

In its appointment of Library Commissioners under the Act passed at the recent session of the Legislature, the Government has enlisted the services, without cost to the Province, of three capable officials. The primary duty of the Commission will be to evolve a policy of library administration to apply throughout British Columbia, and it will maintain a lively contact with public library associations, public library boards and librarians in all matters pertaining to better library service. Special care will be devoted to the operation of a system of travelling libraries and the members of the Commission may rest assured that rural communities will welcome a speedy application of the Act.

Conduct of the work of the Commission on progressive lines can do much in an educational way both in city and rural community. While the general public will usually resent the compulsory shaping of the cut of its coat, it will generally welcome direction in the matter of its literature. Undoubtedly the Library Commissioners can do a great deal towards elevating the reading standard of all classes. Its work, therefore, will be watched with considerable interest.

TWO VERY DIFFERENT KINDS.

A correspondent trenchantly criticizes a paragraph in the bulletin issued by the Loyalty League attributing to "labor leaders" things which, he points out, should be attributed to "strike leaders."

The criticism is very much to the point. The responsible leaders of organized labor and the leaders of the sympathetic strike are as far apart as the poles. Were it not for the heads of the trades unionist movement the scope of the Winnipeg strike would have been vastly greater. What would have happened if the great railroad brotherhood, for instance, or the other powerful unions associated with important utilities had joined the strike? The economic paralysis would have been ten times worse than it has been. We owe it to organized labor that this has not happened.

If, instead of devoting its vast influence and power to the restriction of the sympathetic strike in Western Canada, the American Federation of Labor had decided to make the Winnipeg quarrel the quarrel of its mighty organization the consequences would have been disastrous for this country.

We would have had a real strike, a strike in which the strikers would have had millions of men and millions of dollars behind them.

The trades unionist movement on this continent is captained by sagacious, far-sighted men who in organizing ability and executive genius have no superiors anywhere—in the Governments or out of them. Gompers might have been president of the United States by this time if he had cherished political aspirations. He and his colleagues have done more than any single agency to combat Bolshevism and revolution, and when the "One-Big-Union" scheme is smashed it will be smashed by the American Federation of Labor, not by citizens' committees or counter propaganda. Organized labor is not on trial in the Winnipeg strike and it would be just as appropriate to refer to all employers as profiteers as to speak of the strike leaders as "labor leaders."

ACTION IS NOW DUE.

With \$750,000 already standing to the credit of the Provincial Government in connection with the national housing scheme, it is to be expected that those municipalities which propose to take advantage of the plan will conclude their agreements without delay. The municipality of Esquimalt has now signified its intention to utilize its share of the fund, amounting to \$25,000, and announces its readiness to receive applications.

Up to the present time the city of Victoria has alternated between flat refusal and halting indecision in connection with the proposals of the Minister of Lands. We were under the impression a week ago that a further conference was to take place between city and Government officials in an endeavor to arrive at a definite decision. At the same time it is difficult to understand just how the agreement, which has been accepted by other municipalities, can be very materially altered in favor of Victoria.

However, it amounts to this: If the City Council decides to remain obdurate, the sixty houses possible of construction under the plan in this city will not be built, and an expenditure of \$180,000—with its attendant employment advantages—doubtless will be utilized by Vancouver.

VARSITY MEN AND RAG SORTERS.

Complete somersaulting of the wage scale in Great Britain in war time has been responsible for a number of glaring anomalies during the process of partial re-adjustment. For instance, the individual who now finds it necessary to consult the "situations vacant" columns of the daily newspapers not infrequently discovers that a University degree qualifies him for a salary similar to that earned by the man, who through force of circumstances has had to follow one humble calling. This may be illustrated by two advertisements which appear in an Old Country exchange. One states that two whole-time assistants are required in the Mechanical Engineering Department of the Sunderland Education Committee. Each must possess a University degree and experience and the junior of the two is offered £200 per annum. The other advertisement, from Battersea, announces that four good rag sorters are required to work at £4 a week from eight until six on five days, and from eight until one on Saturdays. It will be noted that no university degree is required for the last-named position, but the wage works out at £208 per annum.

HERE'S AN OPTIMIST.

Private Thomas William Smith, a London youngster, enlisted in the British Army when he was thirteen years and eleven months old. He is to-day only eighteen. He served in the East Surreys, in the 10th Queens Royal West Surreys, in the Royal Engineers and in the 58th Labor Company successively. His discharge from the army is superscribed "permanently unfit for further service." His father and four brothers were all killed in the first advance of the battle of the Somme and his mother and three sisters were killed in air raids.

This gallant little Britisher was recently interviewed by a London journal and in the course of his talk he says he hopes before long to find suitable employment. He should not be allowed to become weary in seeking a means to a livelihood. An optimist like Private Thomas William Smith is too valuable an asset to the state to be allowed to wander through the streets with black grief enough to send a healthy man into an asylum.

DEMobilized MANNERS.

(London Express.)
 What has happened to our conversational manners? The war has altered them, but while some people consider that it has improved them, others think it has sent them to the dogs. The only point of agreement is that they are different from what they used to be. For instance, the elderly managing director of a sedate city company was a little surprised the other day when Major Crasher, the stockbroker, lately demobilized from the R. A. F., ended a business talk over the telephone with the phrase: "Righto, my dear old bean!" Was that familiar style of address to be considered "quite all right," and, in fact, rather agreeable, or something the reverse? Then the younger lady clerk who used to be in the War Office rings her mother up from the city, and exclaims: "Hello, old thing! I shall be going to the theatre to-night, so don't wait up. Ta-ta, old creature!" The young man who was in the O. T. C. slaps his father on the back and says: "I say, old chum, why don't you get a few new clothes? Trim yourself up a bit, eh? You'd do with a new hat, too. Rotten old hat you've got. Well, so long, old boy. Now, hop off, old sport, or you'll miss the train." Did our great-grandfathers address our great-grandfathers in that cheerful but familiar style after their return from the battle of Waterloo?

A PROBLEM.

(Kingston Standard.)
 A question which was not discussed, but which will have to be, is what can be done to make farming in Canada more attractive to the right class of immigrants? For farmers is what Canada wants. Greater production is what is needed. And a consideration of this matter would not only concern immigrants, but Canadians. Work has to be found for thousands of the latter; the rural districts have been losing their populations gradually for years past. "Back to the Land" should be the urgent cry, and everything should be done which can be possibly done to show men that there is a good livelihood, a happy existence and in time an independence to be gained by

APPOINTMENT GIVEN TO A RETURNED MAN.

Lieut. A. V. Hamilton Selected For Post of Assistant Purchasing Agent

Lieut. Andrew Victor Hamilton, a veteran of the present war, has been appointed by Civil Service Commissioner McInnes to the position of Assistant Purchasing Agent in the Department of Finance.

The new official is a native of London, England. He is thirty-six years of age, a married man and has a family of three children. For the past seventeen years Lieut. Hamilton has been a resident in British Columbia, having left the Old Country to come direct to this Province when he was

nineteen years of age. He was associated with Dixon and Moore, of Prince Rupert, and with the same firm during its period under contract for the Esquimalt and Nanaimo Railway Company. When the style of the firm was changed in 1910 to Moore and Pettick, Lieut. Hamilton took sole charge on the ground in the filling of the firm's contract for the power dam at Jordan River.

In 1916 the new appointee enlisted for service overseas but was detained in Victoria for some time on account of his eyesight. He finally left with a discharge in 1917, however, and reached France with the 3rd Battalion Canadian Machine Gun Section. Although he saw a good deal of the fighting in 1918, Lieut. Hamilton was fortunate in escaping through without hurt. He received his discharge in April last and comes to his new duties well recommended.

MRS. WATT, O. B. E., IS ON WAY HOME.

Former Victorian Instrumental in Establishing Women's Institutes in Great Britain

Friends of Mrs. Alfred T. Watt, O.B.E., will be interested to learn that she is now on her way home from England, where she has been living for the past few years, and is expected in Victoria early next month. Mrs. Watt intends to again take up her residence in Victoria and will renew her associations with the Women's Institutes of the Province, of which she was practically the founder.

During her stay in England Mrs. Watt has performed yeoman service by organizing and establishing Women's Institutes throughout Great Britain. For her signal service in this connection she was decorated with the Order of the British Empire, being among the earliest recipients of this decoration.

Shortly after her arrival in England the need for increasing the home-grown good supply appealed to Mrs. Watt, and she considered that Women's Institutes, if they could be organized in England, would be the best means of attaining this purpose. There was considerable discouragement at the scheme at first, but Mrs. Watt persisted in her work and now has the satisfaction of seeing the movement firmly rooted. There are now well over 400 Women's Institutes in England, Wales and Scotland. Every county has its quota and there are many county organizations and a central executive. Mrs. Watt has lectured in hundreds of small towns and villages throughout the country and among the forty women on her staff of organizers was Mrs. Tyrell Godman, formerly Miss Josephine Ellison, of Victoria. The propaganda work of the Institute is now in a flourishing Government department, working under the aegis of the Board of Agriculture.

REGISTRATIONS STILL BUSINESS BAROMETER.

PREMIER URGES THAT CANORA BE OPERATED

Board of Trade Delegation Waited Upon Mr. Oliver To-day

"Board of Trade strongly urges that strenuous efforts be made by you to relieve freight congestion here, and suggests that the Canora be commenced to move."

The foregoing telegram was dispatched at noon to-day by Premier Oliver to D. E. Hanna, Chairman of the Canadian National Railways, as a result of the conference held at the Parliament Buildings this morning, at which President J. O. Cameron, Board Members J. L. Beckwith and A. E. McLean and Secretary Elworthy were present.

Mr. Cameron pointed out to the Premier that it was impossible to move freight to the Mainland, and emphasized the effect of such a condition on industry as a whole. The suggestion was tentatively advanced by the delegation that naval mines might be used to handle the business until the Seamen's Union called off the strike. Cars were loaded, he said, but the C.P.R. is not accepting freight for the mainland.

DECLARATION OF PRINCIPLES BY THE GREAT WAR VETERANS OF CANADA

Passed by the Dominion Command, Monday, June 9.

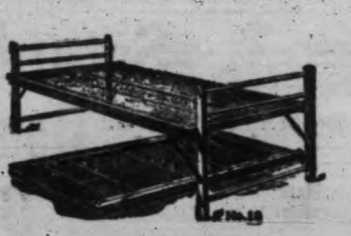

That we stand unalterably opposed to the introduction of the doctrines of Bolshevism and anarchy in this country and we are not in accord with the underlying principles of the "One Big Union," which expressed itself as being in full accord with the Russian Bolsheviki and the German Spartacus and whose principles seek by "massed action" of labor to enforce their power upon the majority of the people and as one of its possible results the menacing of our institutions of government and the threat of their replacement by Soviet rule.

2. We desire and will endeavor to ensure that all members of our association will, whenever occasions demand, lend active assistance in upholding constitutional authority, the laws of the country, and good order.

3. We recommend that a round table conference be held comprised of progressive representatives of labor, employers, farmers, returned soldiers, citizens and women, to consider a solution of the present ominous industrial situation.

4. We endorse the nine principles respecting labor as adopted by the Peace Conference.

5. We advocate progressive legislation as an antidote to current and suggested legislation that serious consideration be given the enactment of laws respecting the following subjects: (a) A minimum wage; (b) Insurance against old age, illness and unemployment;

TWENTY-FIVE YEARS AGO TO-DAY
 Victoria Times, June 19, 1914.

The sealing schooners Alnelo and Katharine were towed to sea this morning. They take Indian crews on the West Coast and then proceed to Bering Sea.

The tug Agnes, of Vancouver, which was on the rocks off Beacon Hill all day Saturday, floated off at high tide on Saturday night.

The two-year-old son of Principal Thomas Nicholson, of Victoria West School, was drowned at the Gorge last evening.

ment; (c) suitable housing for all; (d) reduction of the cost of living by the principle of co-operation limiting the operations of the so-called middlemen, regulations governing the holding of perishable products in cold storage plants and otherwise as deemed possible; (e) strengthen restrictions upon immigration and naturalization; (f) suitable and equal opportunities for the children of both rich and poor, permitting them to attain the general and higher forms of education with governmental problems and citizenship, and extended scope to attain greater agricultural and artisanship education and thus raise the dignity of labor to a proper level which would induce more Canadian people to engage in the pursuits of education and artisan labor; (g) to support the general principles of the voice of labor in industrial management as exemplified in the report of Witley Council of Great Britain; (h) proportional representation to more properly reflect the opinion of the country.

6. That we reiterate our plea that generous provision be made for the widows and orphans of those who have fallen in the present war and those totally disabled as result of service.

Unsuccessful Author: After my death this world will realize what I have done. Sympathetic Friend: Well, don't worry about it, old chap. You'll be out of harm's way then."

Outing and Sports Skirts in White Twill, Pique and Cotton Gaberdine at \$1.50 Each

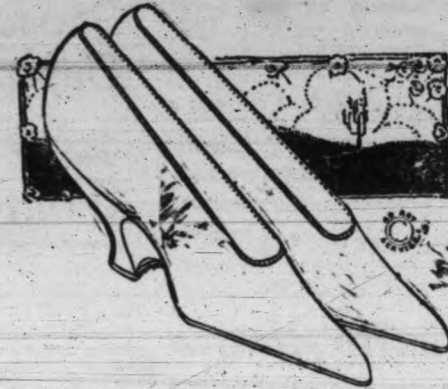

To you this will seem a strangely low price for 1919, and so it is, but the fact remains that they are being sold for this price, although they are easily worth \$3.50 if present day values were governing their selling.

In style they are exceedingly attractive, being made in a happy medium width and finished with pearl buttons and neat pockets. The materials in all the skirts are of good weight and will launder well.

This is one of the best values offered in this quality, skirt for many a long day. Take advantage of it.

Social Personal

S. Gough, of Nanaimo, is an arrival at the Dominion Hotel.

Alderman and Mrs. W. C. Shelly, of Vancouver, are in the city.

Mr. and Mrs. J. W. Coburn, of Nanaimo, are guests at the Empress Hotel.

Mr. and Mrs. Samuel O. Meyer and Miss Ora Meyer arrived in the city yesterday.

Major D. B. Martyn, the Industrial Commissioner, is staying at the Dominion Hotel.

Mrs. Edward Roberts, of Englewood, and Miss Kiddle, are staying at the Empress Hotel.

Mr. and Mrs. S. T. Creelman and Miss Creelman, of Vancouver, are staying at the Empress Hotel.

Mrs. J. H. Gillespie, of Oak Bay, has her guest for a few days Mrs. Ben nett, of Vancouver, who is accompanied by her daughter, Dilya.

Mr. and Mrs. W. J. Bartram, of Vancouver, entertained at a dance at the Laurel Tennis Club on Friday evening last in honor of their daughter, Marion. The out-of-town guests included the following Victorians: Mrs. J. S. Greig, Miss Margaret Greig, F. Leut. R. S. Greig and Miss Belle Hastie.

Last evening at Bredaibane, the minister's residence, the Rev. Captain Campbell, celebrated the marriage of Robert Campbell, of Saanich, and Miss Edith Gladys Maltravers, of Esquimalt. They were accompanied by the groom's brother and his wife, Mr. and Mrs. Archibald Campbell, of Quadra Street. The bride wore a smart travelling suit of dark gray serge.

George Wilfred Vye, of Duncan, and Miss Agnes Syme, of Crofton, were united in marriage last night at the home of the groom's father, Alexander Vye, 1775 Fourth Street. Rev. Joseph McCoy performed the ceremony. Mrs. Allen, sister of the groom, was in attendance on the bride, while Mr. Ben nett supported the groom. Dr. Vye, of this city, is a brother of the groom. Mr. and Mrs. Vye will take up their residence at Duncan.

Professor S. L. Boothroyd, head of the Department of Astronomy in the University of Washington, arrived in the city this week from Seattle, and will spend his summer vacation here as a volunteer assistant at the Dominion Astrophysical Observatory. In addition to assisting in the general programme of work of the observatory, Professor Boothroyd will undertake some special research on the radial motions of the stars. He has had a wide experience in astronomical work in Cornell University and at the Lowell Observatory at Flagstaff, Arizona, before coming to the University of Washington six years ago.

BIG RECEPTION FOR 72ND

Vancouver Will Extend Its Greetings to Famous Battalion—Holiday Proclaimed.

A tremendous reception is being provided in Vancouver for the 72nd Battalion, which is expected to arrive there to-morrow. A public holiday is to be proclaimed so that every one may turn out to welcome home the most popular battalion to leave Western Canada.

When this regiment of killed laddies marched through Ottawa on their way overseas they were adjudged as the finest and smartest unit that had ever trod the pavement of the capital. On going to France the battalion was detailed to the Fourth Division and made an enviable fighting name. The boys fought at the Somme, Vimy, Hill 70, Passchendaele and most of the terrific battles in the last months of the war.

His Honor the Lieut-Governor, Major-General Leckie and Capt. Melvin Malaspina for Vancouver to extend the Province's greeting to the warriors.

Many Victoria boys are returning with the 72nd Battalion and will be dispatched here following the Vancouver reception.

Millions for defence and the same amount for prosecution is the lawyer's motto.

GOVERNMENT HOUSE FETE HUGE SUCCESS

Delightful Affair Yesterday Nets \$300 For Local Council's Girls' Home

A tremendous impetus to the success of the Girls' Home, recently established under the auspices of the Local Council of Women, was imparted by the garden party held at Government House yesterday afternoon, as a result of which the Home funds will be augmented by approximately \$300. It is estimated that approximately one thousand persons attended the affair, which was generally pronounced one of the most delightful of the early summer functions. The lovely gardens with their velvety lawns of vivid emerald, riotous masses of floral color, and fine old trees formed a picturesque setting for the many attractions arranged by the Catholic Ladies' Aid, which had charge of the general arrangements.

Many Attractions.

Delicious afternoon tea was served on one of the lawns, this popular feature being in charge of Mrs. Goulding, Mrs. Mackay, Mrs. Duncan, Mrs. Polard, Miss George and Miss Scanlan. Ice cream found ready sale at the hands of Mrs. Baines, Mrs. McSweyn and Mrs. Milton.

The Misses Evelyn and Irene Moses served soft drinks and Mrs. Orme and Miss Nellie Redgrave sold candy at a very attractive stall.

Mrs. J. Lowery conducted a "flower surprise," a distinct novelty, and Mrs. Moore—in considerable demand by persons curious as to their future, Baby Richard—was a winsome little flower girl and Eugene, and Eugene, Elliot, were two charming little pages, who disposed of programmes.

Musical Numbers.

From three till five the Foundation Band was stationed near the tea-tables and rendered a very attractive programme of music. Later a number of well-known artists contributed to a delightful vaudeville programme, which included the following items: Song and dance, "La Belle Parisienne," Miss Kathleen Leslie; song "Angus Macdonald," Miss Olive Dettler; dances were very gracefully performed by Miss Berenice Ruddock, Miss Leona Hunter, Miss Addie Morris, and the V.D.O.B. Club, comprising the Misses Hunter, Jewell, Welsh, Youngs, Taylor, Duncan, Bailey, Smith, Cruickshanks and Enid Ruddock, soloist.

Vocal numbers were pleasingly rendered by Mrs. Day, Miss Gertrude Burgess, Mrs. Hamlet, Little Miss Beaul Bayton and Baby Burnett, while Master Bassett, a talented young violinist, contributed a number of selections.

The pleasure of the various numbers was much enhanced by the sympathetic accompaniments of the orchestra, including Mrs. F. Warren, pianist; Mrs. Roberts and Miss Snowcroft, violins; and Mr. Staples, 'cello.

The following members of the Local Council of Women presided at the gates and collected the entrance money: Mesdames Gee, Willis, Wark, J. H. Holmes, Graves, Robinson, Riddale, K. Andrews, MacInnes, Bishop, and the Messes Willis, Wark, Marlat, J. Crease and A. Williams.

A tablespoonful of vinegar added to the water in which meat is stewed or boiled will make the toughest meat tender.

A BEDTIME STORY

UNCLE WIGGLY AND PEETIE'S STICK.

Copyright, 1911, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"Where are we going this vacation, Uncle Wiggly?" asked Nurse Jane Fuzzy Wuzzy one morning, as the rabbit gentleman finished breakfast in his hollow stump bungalow.

"Oh, we may go to the mountains or the seashore, Miss Fuzzy Wuzzy," he answered the muskrat lady housekeeper. "Or we may take week-end trips in our strong automobile."

"That would be nice, I think," said Nurse Jane, and then she hopped out into the kitchen, for she feared she smelled a cherry pie burning. But the pie was all right, I am glad to say.

A little while after that Uncle Wiggly started out in his machine to look for an adventure, as he did nearly every day.

"And while I'm out I'll be thinking about our vacation," he said to Nurse Jane.

Away rode the rabbit gentleman and soon he was skidding along through the woods, wondering what would happen him. It was not very long before Mr. Longears heard a rustling in the bushes. He slowed down his machine and looked on both sides of the path.

"I wouldn't want to run into or run over the Bazooka, the Pipsisewah or the Skeezies," said Uncle Wiggly to himself. "I must be careful."

The rustling noise grew louder, and just as Uncle Wiggly was about to speed up and hurry away, out from behind the bushes came Neddie Stubtail, the little boy bear.

"Hi, Uncle Wiggly!" asked Uncle Wiggly.

"Indeed I do!" laughed the brown, shaggy chap, and into the seat he climbed.

"Where was it at school-to-day, Neddie?" asked Uncle Wiggly.

"Oh, yes, I was there," said Neddie. "And you ought to have seen what happened."

"What was it? Did a strange cat get in and try to catch the lady mouse teacher?"

"Oh, no, it was worse than that!" said Neddie. "Peetie Bow Wow, the puppy dog boy, he—"

And just then there was another rustling noise in the bushes. Neddie stopped speaking, and Uncle Wiggly stopped the auto.

"I hope that isn't the Bazooka this time," said Uncle Wiggly, and he was getting ready to start up again, and hurry away in case it should be the bad chap, when, all of a sudden, out from under a sassafras bush popped Peetie Bow Wow himself.

"Oh, Uncle Wiggly!" barked the little puppy dog boy, as he saw the rabbit gentleman in the auto. "Will you please take me back to school as fast as you can?"

"Why, what's the matter?" asked Mr. Longears. "The school is closed for the day. You don't want to go back there; do you? The lady mouse teacher isn't there, and all the boy and girl animals must have gone long ago."

"Yes, but the janitor rat gentleman; he'll be there yet," said Peetie. "I forgot my stick, and I want to get it before dark. We can have some fun with the stick; can't we, Neddie?" he asked.

"Oh, yes indeed! If you could take Peetie back, so he could get his stick before the janitor goes away, it would be a great favor," spoke the little bear boy.

"All right. Hop in, Peetie, and we'll go to the school, even though lessons are over for the day," said jolly Uncle Wiggly. And as Peetie took his place beside Neddie Stubtail, Uncle Wiggly thought to himself:

"I suppose he forgot his baseball bat stick, or maybe a stick to roll a hoop, or something like that. Boys have so many kinds of sticks to play with. Anyhow it can't be a hockey stick, for they only use those in winter, on the ice."

Soon Uncle Wiggly was at the hollow stump school. The old rat gentleman janitor, who had finished sweeping, was just locking the doors, but he waited until Peetie could run in and get his stick.

"Just as the puppy dog was coming out to get back into the auto, there leaped from behind a big stone the bad old soft and fluffy nosed Bazooka.

"Oh, wow!" howled the Bazooka. "This time I have caught you without chasing you! Come now, Uncle Wig-

RED SHIELD DRIVE PROSPERS IMMENSELY

Teams of business men are doing great work in a store to store and door to door canvass of the city for the Red Shield drive. Satisfactory results may be expected, but that need not prevent anyone from stepping into the Campaign Headquarters with a contribution to this cause.

Speakers have been busy visiting various industrial plants, where they have been most kindly received, for it is very evident that the army is popular, considering the magnificent work it has done.

Arrangements have been made to have speakers at some of the theatres, just little five minute, machine gun talks, and that is pretty decent of the theatre managers.

The newspapers have been most liberal in lending their valuable columns for publicity matter, but then the papers know what the army has done, and they like to let the public share in that knowledge.

PRETTY WEDDING AT HOME OF PREMIER

Frank Weaver, Nephew of Hon. John Oliver, Married Yesterday Afternoon

"Del Bonita," Fern Street, the residence of the Premier and Mrs. John Oliver, was the scene of a very pretty wedding yesterday afternoon at 2 o'clock, when their nephew, Frank Weaver, of East Delta, was united in marriage with Mrs. Louise Wright, of Delta, formerly of Chester, England. Rev. R. Stewart, of Edmonton, who is occupying the pulpit at the First Presbyterian Church, performed the ceremony in the presence of a number of relatives and intimate friends. The reception rooms were attractively arranged with roses, the ceremony taking place in the drawing room beneath an arch of yellow roses and greenery.

The bride, who was becomingly gowned in navy blue taffeta, trimmed with fringe, smart hat of blue Georgette, and a white marabou wrap, entered the drawing-room on the arm of the Premier to the strains of the Bridal Chorus, played by Miss Margaret Wood. The bridal bouquet was of Marechal Neil roses. Miss Mildred Oliver made a winsome bridesmaid, gowned in white taffeta with white hat of Georgette and bouquet of pink and white carnations. Mrs. John Oliver was handsomely attired in grey charmeuse and Georgette and wore a corsage bouquet of yellow roses. William Hassall, cousin of the groom, acted as best man.

After the ceremony a delicious repast was served in the dining room, the table being charmingly decorated with roses and centred with the four-tier wedding cake, which was cut by the bride and distributed by the bridesmaid in conventional fashion. The guests included Mrs. George Naden and Miss Naden, Mrs. F. A. Proctor, Mrs. Dunford, the Misses Margaret Wood, Grace Wood, Christine Alden, Daisy Savage, Blanche Smith, Alice and Nellie Oliver, Mary Heaton, Dr. Robert Oliver, J. Oliver, J. Weaver, brother of the groom, Charles Callow, Daniel Johnson, of Mud Bay, Master Stanley Wright and little Miss Mary Parlington.

Mr. and Mrs. Weaver left on the afternoon boat for Seattle en route for San Francisco, where the honeymoon will be spent. On their return they will make their home at Delta.

MUTRIE & SON 1203 Douglas St.

STRIKE IN MONCTON SETTLED YESTERDAY

Moncton, N. B., June 19.—The strike of the electrical workers in this city, insofar as the Moncton Tramways Electric and Gas Company is concerned, was settled yesterday and the men have resumed work. Some con-

cessions in the way of wages and better hours were promised the men.

Has anybody seen a postage stamp answering the following description? The stamp is rectangular in shape, about seven-eighths of an inch long and three-quarters of an inch high. The color is orange, and the central design a mail aeroplane in flight. Above, in a curved line of Roman capital letters are

the words "U. S. Postage." Triangular ornaments appear in the two upper corners. Below the aeroplane, in a straight line of Roman capital letters, is the word "Cents," with the figure "6" within circles in the two lower corners. This is the new American aeroplane mail service stamp, and collectors in this country should be on the alert to obtain early specimens.—Tit-Bits.

COMMONS CARRIES BUDGET PROPOSALS

Vote on Government's Scheme Shows a Majority of Fifty

Ottawa, June 19.—The budget proposals of the Government were carried by a majority of fifty in the House of Commons at an early hour this morning. The debate was concluded at 2:30 a. m. and the Speaker put the question. The vote on the McMaster amendment was taken first, and 14 Unionists voted for it. They were as follows: Crerar, Clark, Maharg, Knox, Davis, Levi Thompson, Reid, McCrear, J. C. Campbell, Fielding, Pardee and MacNutt.

Two Liberals voted with the Government, Messrs. McCrea, of Sherbrooke, and W. D. Euler, of North Waterloo.

The vote stood as follows: For the amendment, 121; Government majority of 51. A vote was then taken on the main motion.

Messrs. Maharg, Knox and Douglas, who had voted for the amendment, then voted in favor of the budget. No Liberals voted for it.

W. F. Cockshutt, the Brantford Conservative protectionist, voted against the budget, as also did the following Unionists: Crerar, Clark, MacNutt, Thompson, Johnston, Campbell, Davis, Fielding, Pardee and Buchanan.

The voting The voting stood: For the budget, 120; against, 70—a Government majority of 50.

The last figures were announced at 3:15 a. m. During the debate A. B. McColg, Kent, Ontario, in speaking in support of the McMaster amendment, suggested the nationalization of coal storage plants as a method of reducing the high cost of living.

Greater production was necessary if the high cost of living was to be reduced.

Sir Thomas White.

Sir Thomas White, following A. B. McColg, emphasized the fact that the increase in Canada's national debt was due entirely to the war. He declared that of all nations which had been in the war since the beginning, Canada's financial condition was the best. The per capita debt of Canada amounted to about \$250. In New Zealand it was \$900 per head. In Australia it was more than \$300.

The member for Kent (Mr. McColg) had taken the stand that the Government had been remiss in collecting a share of the profits from industries which had derived benefit from the war. The Minister declared that assessments totalling \$75,000,000 had been made under the business profits tax. This tax was higher than in any other country in the world, and he believed that Canada was the only country which was continuing it throughout the present year.

Sir Thomas, continuing, said that of all the loans floated in the war by belligerent countries, the last Canadian Victoria Loan was by far the greatest success.

As to the loan being tax-exempt, Sir Thomas said that if it had not been tax-exempt the country would not have obtained anything like the amount of money it did obtain, or would have had to pay a much higher rate of interest.

There was criticism of the income tax, but it should be remembered that in some provinces, as in British Columbia, there was a triple income tax. At the present time the Canadian income tax was on about the same basis as that of the United States. Were it made too heavy, it would debar many persons from coming into the country. Furthermore, the Dominion Government, in the matter of taxation, should have regard to provincial and municipal requirements.

He thought that the adoption of a land tax would not be wise at the present time.

Cost of Living. Sir Thomas attributed the high cost of living to diminished production and increased consumption due to the war. If there were combines, he said, such action as is necessary should be taken, but despite any action that could be taken by the Government, groups of men would make money, and if it were made honestly it was a good thing for the country. If proper steps were taken to get people to come to Canada, and the people of Canada produce, work and save, the future could be looked forward to with confidence.

Coming to Mr. McMaster's amendment, Sir Thomas said he did not believe there were in the House twenty men who would consider it wise to tear the tariff to pieces, and build it up again at the present time. In a great producing country like Canada, duties on foodstuffs, he said, had an almost imperceptible effect, but these duties should bear more heavily on the necessities. If the amendment were carried, he said, the customs collections, which would be reduced by \$17,000,000 by the proposed changes, would be reduced by another \$23,000,000. A vote for the amendment would be a vote in favor of having the revenue of the country drop to \$50,000,000 less than the current expenditures.

A Political Amendment. The Leader of the Opposition was one who believed in fiscal freedom so long as it did not affect the iron and steel products of Nova Scotia. He thought the amendment was designed to serve a political purpose rather than to define a policy.

Sir Thomas declared that no matter what platform the Opposition adopted, if it were occupying the Treasury benches it would not want to make tariff changes at present. The Liberals had not done it when they were in power, and they would not want to do it now.

The budget represented a sincere effort to promote stability at a most unstable time, while meeting, insofar as possible, the wishes of the various sections of the community. If an inheritance and land tax were put on they would not meet a fraction of the deficit which the country was facing. In closing, he made a plea for unity. The Government, he said, could not play favorites as far as the tariff was concerned. It must adopt a policy which would work out to the national interest.

Hon. W. S. Fielding declared himself in favor of the amendment. He warned the Government of the danger of the exemption of the war bonds from taxation. These bonds were getting into the hands of the wealthy classes, he said, and they would find after a time that the poor man who paid the taxes would have a rich neighbor paying not a cent. Pointing out that the supporters of the Government advocated endorse-

Bargains Extraordinary For Those Who Shop on DOLLAR DAY

ment of the budget because it had many of the features of the reciprocity agreement Mr. Fielding made an extended reference to that issue and poked fun at the Minister of Finance for bringing about what he had been sent to Parliament to oppose.

Colonel James Arthur, Parry Sound, and Colonel C. W. Peck, V. C. Skeena, supported the budget, the latter rising to speak at 2:15 a. m.

Speaking after midnight, R. L. Richardson, Springfield, said he regarded this as still a war Government, and so long as the war or aftermath of the war continued, it was his duty to support it. On tariff matters he agreed in the main with Dr. Michael Clark.

W. D. Euler, Liberal member for North Waterloo, was opposed to both the budget and the amendment, and announced his intention of voting against both.

S. W. Jacobs (George Elienne Carter, Montreal) said it was time for the Government to dissolve the House and go to the country.

F. L. Davis, Neepawa, opposed the budget, declaring the tariff proposals did not appeal to his commonsense and were not in accordance with the views of the majority of the people.

Supported Budget.

The members who spoke in favor of the budget included H. C. Wright, of Battleford; J. H. Burnham, of Peterboro; R. H. Butts, Cape Breton South; R. C. Henderson, Macdonald, Man., and W. A. Loggie, of Northumberland.

The members who spoke for the amendment included J. F. Reid, of Mackenzie; Albert Knox, Prince Albert, and J. A. Maharg, Maple Creek.

FIRE DURING NIGHT AT INEZ DRIVE HOME

Residence of R. S. Thompson Was Almost Burned Down

Fire early this morning almost entirely destroyed a dwelling house occupied by R. S. Thompson on Inez Drive, off the Gorge Road, Saanich.

It appears that Mr. Thompson and his family had retired considerably before midnight leaving no fire burning in the house.

The damage to the house, which consists of eight rooms, is estimated at about \$4,000, while about half of the furniture, valued at \$700, was also destroyed.

It is thought that the fire was the result of a defect in the chimney. The only theory which explains the occurrence is that a spark from the chimney early in the evening was carried through a hole or device into the rafters, where some debris probably smouldered for hours and then broke into flame.

The house is the property of Mrs. J. Fullbrook, of Toronto, and was fully insured.

Barrier Again Lowered Immigrants of Laboring Class May Not Enter Province.

Skilled and unskilled labor is again, by Order-in-Council, prohibited from entry into British Columbia.

Notice is given in the last issue of The Canadian Gazette.

The following ports of entry in British Columbia are designated as the ports of entry at which order shall apply: Vancouver, Victoria, New Westminster, Nanaimo, Prince Rupert, Port Simpson, Anxox, Comox, Ganges Harbor, Ladner, Ladysmith, Steveston, Cheaminus, Powell River, Stewart, Union Bay, Whales Island, Newport, Alberni and White Pass.

VETERANS' PARADE TO AID RED SHIELD

Helpers Wanted For Doughnut Day on Saturday

Every Salvationist in town is requested to be present to-night at the Red Shield Headquarters, when the Salvation Army Silver Band will march to the G. W. V. A. Rooms to escort the Veterans to the Campaign Headquarters.

Fifty cars and 250 canvassers are expected to gather for the distribution of envelopes in all the residential districts.

Every home will receive an envelope to-night which will have a place for the donation of each member of the family, as well as guests and visitors.

Victoria ladies are requested to help the Campaign by making doughnuts which will be gladly called for on Friday if word is left at the Campaign Headquarters, Phone No. 29,900.

Hundreds of doughnuts are required and as many hands make light work, it is hoped that all ladies who can possibly help will do so.

Mrs. J. S. Harvey, President of the Next-of-Kin Association, with an energetic band of helpers, has kindly assumed the responsibility of supplying the doughnuts, and it is in connection with the ladies' activities that the appeal is made.

Two hundred dozen are already promised. Mrs. Harry Pooley and a band of society ladies will dispose of the doughnuts on Saturday in a novel manner.

In New York doughnuts were sold in the streets by society ladies and the campaign funds in consequence largely augmented.

TO UNVEIL TABLET TO SIR JAMES DOUGLAS

Interesting Ceremony at Elliott Street Saturday; Lieutenant-Governor to Participate

Considerable historic interest attached to the ceremony scheduled to take place at Elliott Street, James Bay, on Saturday afternoon at 2 o'clock, when a tablet will be unveiled to mark the site of the house occupied by Sir James Douglas, the founder of Vancouver Island.

The tablet is the gift of the Lady Douglas Chapter, I. O. D. E., of which Mrs. R. E. McMiching is the regent, to the city of Victoria.

thus perpetuating the memory of the late Sir James, the Chapter is living up to its motto "Keep one hand on the traditions of the past and green the memory of our illustrious dead."

Lieut.-Governor at Ceremony The unveiling ceremony will be performed by Mrs. Dennis Harris, youngest daughter of the late Sir James, after which the Lieutenant-Governor will formerly present the tablet to Mayor Porter, who will acknowledge the gift on behalf of the City.

Other speakers at the ceremony will include Reginald Hayward, Chief Factor of Post No. 1, Native Sons, and George Bushby, grandson of the late Sir James and Lady Douglas. Members of the 50th Gordon Highlanders, the Boys' Naval Brigade, the Cadets of the South Park School and the Boy Scouts in all of which organizations the Lady Douglas Chapter has shown its interest, will form a guard of honor.

A picturesque feature will be the grouping of the standards of the various I. O. D. E. Chapters, which will be represented at the ceremony by their Regents and standard-bearers.

Boys' Naval Brigade The occasion will mark the first appearance of the Boys' Naval Brigade at a public ceremony. The boys will carry the handsome flag presented to them by the Lady Douglas Chapter recently. Crawford Coates, having kindly donated the standard-bearer's holster belt.

It is hoped that all members of the I. O. D. E. as well as the general public will be in attendance at a ceremony designed to honor the memory of the man who founded Victoria.

TO GIVE SCHOLARSHIP TO EX-SERVICE MAN

Tillicum Womens' Institute to Inaugurate Commendable Scheme

More than the usual interest attached to the meeting of the Tillicum Women's Institute held in the Tillicum School yesterday afternoon, by reason of the fact that three speakers were on the agenda, Mrs. Sidney Houlton, of Calgary; Miss Helen Stewart and Mrs. Blackwood-Wileman, Mrs. Lowrey presided.

Minimum Wage. Miss Stewart spoke on the Minimum Wage question, sketching in brief but entertaining fashion the history of the movement and tracing its growth and effect on the rise from the time of Charles I. to the present day.

All-British Federation. Mrs. Blackwood-Wileman, Chairman of the Advisory Board, outlined the aims and objects of the Institutes and their work. She referred to the federation of the Institutes in Canada, and stated that there was a likelihood of an all-British federation, while there was also a possibility of a federation of the American societies.

Scholarship For ex-Soldier. Plans were made to hold a garden party on July 3 at the home of Mrs. J. C. Newbury, George Road. The proceeds will be devoted to the establishing of a scholarship to supplement the grant made to a returned soldier taking an agricultural course.

Friendly Help Appeals for Clothing. The Friendly Help has issued an urgent appeal for a suit of clothes for a man of medium build and a knickerbocker suit for a boy of fifteen, small size.

Bank Clearings. The clearings for the week ending today were \$2,212,915, as compared with \$1,892,221 in the corresponding week of 1918.

Alex Sander Answers Questions. Alex Sander, "the man who blows," possessor of a world-wide reputation, has at last consented to import to the world some of his wonderful knowledge by answering daily through this column, during his appearance at the Royal Victoria Theatre, a number of baffling and puzzling queries, selected at random from a wagon load of thoughts.

Steve J.—Will the City Council allow band concerts to be held in the Park adjoining the Dominion Hotel on Sunday afternoons?

Answer—Yes, provided sacred music is played.

Cliff D.—Are the Martell Twins in the Alexander show sisters?

Answer—They were.

E.J.D.—Can I write poetry?

Answer—Yes, With the same proficiency you play golf.

Capt. T.J.G.—Should I resign my secretarial duties in favor of a theatrical engagement?

Answer—Although you can make a success of both professions—stay where you are.

Tom H.—It is rumored Beacon Hill Park is to be illuminated. Will it be awarded the contract?

Answer—Yes, provided you are prepared to lose money for the good of the cause.

Harry R.S.—It was recently rumored that McLean was to start another laundry in Victoria. What has happened? Has he got cold feet?

Answer—McLean is purchasing the interests of other shareholders in the New Method, making some alterations, installing new equipment and in every manner preparing to turn out a class of laundry work never before attempted in this part of the country.

Adjutant T.—Will the Red Shield Campaign be successful?

Answer—Dollars to Salvation Army doughnuts it will be.

David S.—Jr. Will the new addition to the Spencer store be completed for the Christmas holiday trade?

Answer—Yes, if Luney Bros.' steam shovel doesn't strike.

Stewart, W.—Will the day ever come when everything will be sold by auction?

Answer—Get-rich-quick schemes are prohibited by law.

J. T.—Can you tell me the meaning of the word "chimpanzee"?

Answer: Kelly gets no free ads in this column.

SATURDAY WILL BE DOLLAR DAY HERE

Popular Institution Will Be Continued With Record List of Bargains

Saturday will be Dollar Day in the local stores.

Five years ago this summer the popular feature of Dollar Day bargains on a specified day, which has been introduced with the great success in other cities on the continent, found its way to Victoria.

The success of the first venture, both to the mercantile community, and to the public at large, assured the continuance of this plan. In order that the Dollar Day scheme should not become too frequent, the merchants resolved not to hold them oftener than six months, and the approaching event will be the second during the present year.

The experience in this city during the period that Dollar Days have been held has been that all parties benefit by these special occasions, and that it enables the stores to dispose of stock. At a time when the price of every commodity has increased tremendously, and the public is feeling the pressure of economic conditions the prospect of a bargain day in all classes of commodities will be heartily welcomed.

The increase in bank clearings shows that the conditions have improved in certain classes of industry, here, and that factor is certain to swell the business turnover on Saturday. There has been some doubt for the past two or three weeks as to industrial unrest in the city, but with the cloud rolling away this week, the Dollar Day, which would have occurred some two weeks earlier, can now be staged with a certainty of success.

Each Dollar Day sees an increasing number of merchants participate, and there is every assurance of a record day's business being turned over on Saturday.

During the war the death-rate in battle in the United States Army was 57 per 1,000, and the death-rate from disease was 17 per 1,000. In the Civil War the rates in the Union forces were 33 and 65 per 1,000 respectively.

WOMAN'S HAIR REACHES TO KNEES

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils, falls to her knees. Moreover, it is of soft, silky and fluffy texture and in color a glorious, glossy gold.

Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said:

"Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning grey in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well-known physician. It said that by taking ordinary Lavona de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it and had my druggist mix 2 ounces of the Lavona de Compose with 6 oz. of Bay Rum and 1/2 dr. of Menthol Crystals, and started to use it. My hair quickly began to grow. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet, and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor, I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it."

Those who use it should be careful not to get it on the face or where the hair is not desired.

LETTERS

Letters addressed to the Editor and intended for publication must be short, and clearly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

A HAPPY ENDING.

To the Editor.—In view of the fact that I have recently in a very plain and candid manner expressed in public prints my views of strikes, I crave some space to perform the more pleasant duty of extending my congratulations to the people of Victoria, unions and non-unions, on the preservation of the honor and good name of this our Queen City.

However, before dismissing the subject as I trust, forever, I crave indulgence to submit one or two observations.

On economic grounds there exists some division of opinion as to the merits of the strike propaganda. But in very recent times so-called strikes have taken on a new phase. In the United States they are passing through an epidemic, not of legal and orderly "strikes," but of "riots," as Seattle and Winnipeg attest.

It was not a threat of a strike that recently gave concern to the people of this city, but of a riot. We have with-in the year had three "strikes" here, but they were as quiet as the people who were concerned. The people no concern except trifling inconveniences. The strike of the street car employees was an absolute blessing, as it caused thousands of lazy people, including the writer, to have to walk. It improved the health of the people to the extent of saving thousands of dollars doctors' bills, as I am informed.

All honor to the people of this beautiful city; in that they have done honor to the name of the Great Queen!

A. A. FREEMAN.

THE FARMER'S CASE.

To the Editor.—Will you kindly allow me space for a few lines in reply to Mr. C. H. O'Halloran. I shall not attempt to deal with the big question of Free Trade and Protection. A prairie farmer can hardly be expected to be able to deal with this. Mr. O'Halloran appears to have the whole of his argument on what seems to me to be very erroneous supposition.

First, he claims that farmers are benefited by protection on imports, and that, therefore, it is only fair that the consumers should have protection by prohibition of export of food from Canada.

Mr. O'Halloran cannot have much knowledge of farming, or he would know that farmers stand to gain more from free imports than any other class in Canada. The greatest difficulty the Government of Canada have to contend with at the present time is the demand made by many farmers for Free Trade with Great Britain and the United States. For generations the Canadian farmers have been taxed heavily in order that other industries could be established. Whether this policy has been good for Canada or not I shall not attempt to discuss. But no one with any knowledge of the subject will dispute that this is what the farmers have had to put up with.

Then he claims that Canadian farmers should be prohibited from exporting food until Canadian needs have been supplied. He says: "Local consumption of butter in Canada must be supplied at fifty cents per pound, and the surplus over and above this may be sold abroad at five shillings a pound, or at any other price available in the world's markets." This is absurd and hardly worth notice. But as many people who have no knowledge of farming appear to favor such a proposition perhaps it is well to point out that the farmers will have some say in this matter.

The export of food has to be held up until Canadian needs have been supplied, perhaps Mr. O'Halloran will be able to tell us what time of year it will be when the farmers will be allowed to sell in open market. As most of us know, or ought to know, the great bulk of a year's crop is ready for market in October. It is now the middle of June and Canadian needs have not yet been supplied. As a marked fact Canadian needs last year round, any thought to enforce a proposition to hold up the Canadian farmers would inevitably be met by the farmers' association advising the farmers to keep the wheat in the bins and the butter in cold storage until such time as a fair and reasonable deal could be made. A few months

more or less would not affect the farmers.

I am aware that trouble in this direction has been foreseen, and penalties provided therefore. If I remember right nine months in jail and \$1,000 of fine for all who obey not the decrees. It seems to me to be rather a big order, that the farmer of Canada shall be sent to jail because they do not like to sell their produce at half the price it is worth in open market.

The problem of the world's food supply this year is a most difficult problem for the Canadian Government, a most difficult problem for all the world's governments, and such proposition as this only aggravates an already sufficiently difficult situation.

This is too big a question to be dealt with by amateur politicians. With nearly the whole world at starvation point, the only body that can be competent to deal with this great question is the Peace Conference and we must look to this Conference for any right settlement of this great problem.

GEORGE DOBSON.
Oak Bay, June 19, 1919.

WANT SPECIAL BADGE

Army and Navy Veterans' Executive Opposes Awarding Class A Badge to Siberian Forces.

At a meeting held last evening the executive of the Army and Navy Veterans endorsed the resolution passed by the Comrades of the Great War that the Class "A" service badge awarded only to men who had seen service at the front should not be given to the Siberian forces, who had not seen powder. The executive believed that a special badge should be struck for this force. The matter will be brought up at the Dominion Convention of the Veterans.

The executive did not take any action in regard to the treatment which it is stated returned teachers are receiving at the hands of the School Board. The chairman and secretary were instructed to get the true facts of the matter, and report to the executive.

The Veterans decided to line themselves up behind the Red Shield Drive and donated what moneys remained from the May 24 pageant to the campaign.

BIRTH OF THE TYPEWRITER

The announcement of the death of Colonel Halstead, a member of General Sherman's staff in the Civil War, reminds one that he has been declared to be the inventor of the first typewriting machine.

As a matter of fact, the first genuine typewriter, as we think of them to-day, was invented by C. L. Sholes, a printer, of Wisconsin, U.S.A., who took out a patent in 1875. His original machine was the size of a small dining table. In course of time its size was reduced, and an improved article was placed in the hands of Messrs. E. Remington & Sons, gunmakers, of Ilion—not of Ulysses fame, but of New York. Hence "the Remington typewriter."

The finished model is now in the Victoria and Albert Museum.—Tit-Bits.

FARMER IS ONLY MAN TO RETAIN CALMNESS

Washington Professor Gives Timely Comment on Agriculturalist's Point of View

"In this day of trouble and unrest throughout the world it seems that the farmer is about the only man who has failed to become excited. The question naturally comes, 'What would have happened if the unrest in the city had permeated in the rural districts during the last twelve months?' In many ways, America should be grateful to the farmer for his steady outlook upon the world and its problems," says Dr. E. O. Holland, president of Washington State College, in an address on "Farming and Railroad" before the Transportation Club in the Railway Exchange Building at a luncheon.

"But the farmer needs assistance in several ways," said Dr. Holland. "First of all, he needs someone to help him to get information with respect not only to the growing of crops, but the marketing of the finished product and other facts that have to do with business and success. Here is work in which the railroad man of the right spirit can help enormously. The information the farmer will appreciate from the railroad man is information that includes weather reports, crop

forecasts, a summary of experimental and demonstration tests and suggestions as to how the farmers can cooperate together in locating their markets and in getting the best prices.

"At one time the farmer looked upon the railroad man as a sort of exploiter who would misrepresent conditions in order to encourage the farmers to buy land along their lines, which would, in the end, mean disaster to the purchaser. The farmer was justified in this because there were a few representatives of railroads who believed that the only thing they had to do was to sell land along their railroad lines. Fortunately, only a few railroad men assumed this attitude. They were short-sighted and the railroad company suffered every time this was done, but the vision of J. J. Hill and other great railroad pioneers was soon to be found in every one from the section hand to the president of the railroad system.

"As a consequence the farmer soon discovered that in leading railroad men realized that the prosperity of the railroads depended upon the prosperity of each individual farmer. To-day the railroads have the welfare of the farming population at heart and are showing it by conducting their business not only in an efficient manner, but with a sincere desire to aid the farmer. Good farming and good railroading are inseparable.

"The pioneer farmer would have been impossible in America if it had not been for the pioneer railroad men. The railroads, like true pioneers, cut their way through the forests and prairies, and as a consequence, the villages and cities that were built in the new territory were the creation of the constructive genius of the great railroad builders of America.

"Sometimes we forget that such states as Kansas, Minnesota and the Dakotas were peopled through the agencies of the great transcontinental railroads. Undoubtedly America would be much less in size, wealth and position if it had not been for the pioneer farmer and the representatives of the large transcontinental railway lines."

PIE AT HOME.

There was only one piece of pie left on the plate and Willie's mother pressed the visitor to take it. He declined, but she insisted. Willie had had no pie, and this was more than he could stand. In a voice of bitter sarcasm he howled out:

"Keep on worryin' him, ma—keep on worryin' him. He'll take it after a while!"—Ex.

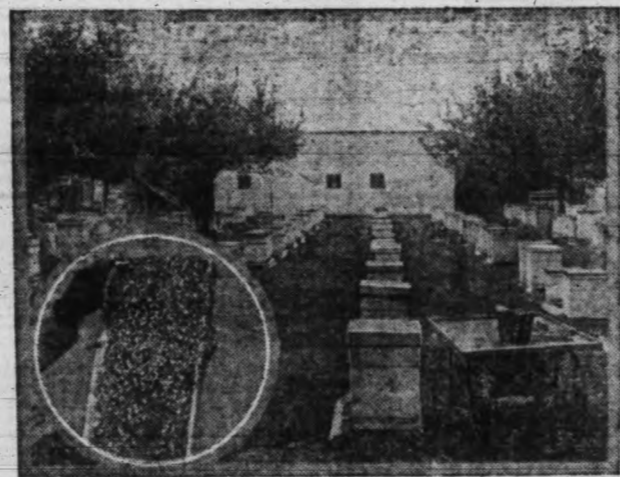

Help you to solve your buying problems economically. We are able to offer you money-saving opportunities, and we will tell you about them promptly in these advertisements every week.

Johnson Street Merchants.

BEE AS AN ECONOMIC ASSET PREDICTS A CROP OF 300,000,000 BUSHELS

British Imports of Honey Valued at \$200,000 a Year — Canadian Exports Last Year Valued at \$13,000 — Big Field for Development

"Economy," said Sir Edmund Walker, recently, "is a sort of fine art. It is the difference between the savage who represents wastefulness and the cultivated man who should abhor all forms of waste."

This is one cogent argument, at least, for the keeping of bees—the mobilization of the thousands of tons of nectar going to waste all over the country each year, nectar that by the marvelous activity of the bee can be converted into honey.

Bee-keeping is numbered among the outdoor activities that is peculiarly suited to women. It does not absorb one's whole time or attention. It can be started economically, and it grows rapidly from small beginnings. That there are great opportunities in Canada for this meagerly developed industry goes without saying. British imports of honey alone are valued at \$200,000 a year, and the supplies come chiefly from the West Indies, Chile, Peru and the United States. Canadian exports of honey for the fiscal year ending March, 1918, amounted to 88,409 pounds, representing a monetary value of \$13,012. The honey went chiefly to Italy and France.

During the period of sugar shortage in 1918, honey assumed new importance as a foodstuff, and it is altogether likely that it will be used more extensively in years to come as a result of its new-found popularity as a substitute for sugar.

In the United States impetus has been given to the industry by the formation of two large co-operative societies for the better marketing of honey. Last year the revenue from bee-keeping in the States was about ten times that of any year previous to the outbreak of the war. During the last half of the year alone, honey to the value of \$2,000,000 was exported.

Recreation and Profit.

Colonies of bees in the orchard, garden or backyard afford great pleasure as well as profit. They are not only valuable as producers, but they offer recreation, and are most beneficial in cross-pollinating flowers and plants. No other industry requires as little care in proportion to the returns. Wherever fruit grows, bees thrive, and Ontario and British Columbia are singularly well endowed for the development of this industry. It is estimated that at present there are some 5,000 bee-keepers in Ontario and that about 3,000 tons of honey are produced annually. In 1918, 235 tons of honey were produced in British Columbia, an increase over the 1917 production of 65 tons—constituting the biggest yield in the history of the province. There are 125 colonies of bees at the largest apiary in British Columbia, and in 1918 they produced 9,000 pounds of honey, worth \$2,250, while the total capital invested probably did not exceed \$1,500. There are at least 125 women bee-keepers in the Pacific province. In Ontario, Quebec and other provinces women are also engaged in this industry, and it is well known that at least a dozen women in Ontario add from \$300 to \$400 a year to the family income by running between 60 and 70 colonies of bees.

Bee culture need not necessarily be a side line. In many instances an experienced bee-keeper can make a good living by devoting his entire time and attention to the work. It is usually unwise to undertake bee-keeping on an extensive scale without having considerable previous experience. It is a good plan to begin in a small way, making the bees pay for themselves and for all additional apparatus, and gradually extending the work as local conditions or the desires of the individual permit. Courses in bee-keeping are given at most of the agricultural colleges.

Write to the Department of Agriculture, British Columbia, for: Guide to Bee-keeping, Bulletin 20, and to the Publications Branch, Department of Agriculture, Ottawa, for:

Bee-keeping in Canada—Circular 18. Bees and How to Keep Them—Bulletin 25. Facts About Honey—Exhibition Circular, English and French.

Mrs. Startuppe—"Ah, professor, and how is my daughter getting along with her singing? Do you think she will ever become a great singer?" Professor—"Madam, it is very hard to say."

Mrs. S—"But, surely, she possesses some of the qualifications?" Professor—"Ya, madam, she has a mouth."

Keep the Bowels Regular and You Won't Be Sick

If the bowels do not move regularly, they will, sooner or later, become constipated, and constipation is productive of more ill-health than almost any other trouble.

The sole cause of constipation is an inactive liver, and unless the liver is kept active, you may be sure that headaches, piles, heartburn, biliousness, jaundice, floating specks before the eyes, and many other troubles will follow the wrong action of this one of the most important organs of the body.

Milburn's Laxa-Liver Pills will regulate the bowels so that you will have a free and easy motion every day, and one pill a night for thirty days will cure the worst case of constipation. They do this by acting directly on the liver and making the bile pass through the bowels instead of allowing it to get into the blood, thus causing many stomach and bowel troubles.

Mrs. Jos. Labrec, Louise Apts, Calgary, Alta., writes: "I have been troubled with constipation for the last two years. I have tried numerous treatments, but have never been relieved by anything until I used Milburn's Laxa-Liver Pills which are helping me wonderfully."

We do not claim that Milburn's Laxa-Liver pills are a "cure-all," but we do claim that there is nothing better for a sluggish liver.

Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The louder a man talks—well, you know what there is in a bass drum.

Early Forecast of Prairie Yield Is Most Encouraging

Agricultural crop conditions do not bulk so much in the public eye this first post-war year as they did during the past four seasons, writes F. M. Chapman, editor of Farmers' Magazine. If they did, doubtless there would be considerable scaremongering over Ontario conditions. The wet, cold spring prevented the usual acreages of coarse grains and spring wheat. Following it came the two weeks of excessive heat which, while stimulating growth of crops already growing, rendered work on the land difficult for horses and baked clay lands where reseeded might have been done, and also put further seeding practically out of business as far as yields will be considered. As estimated in last week's despatch, the proportion of unseeded land in Ontario would be low if named at one-third. This loss of acreage will come out of coarse grains, while buckwheat will be used as a late crop in much of this acreage. Labor shortages are very marked this year, even worse than last year and much land is lying idle. A trip over western central counties this week shows almost alarming conditions. True, we have a good growth of grass and meadows, beef feeding, though, is in a rather critical state, and as thousands of cattle went out at from 12 to 14 cents, profits on this grass are not too apparent. Increased Acreage in West. Against this report, we find Western conditions almost ideal. All the three Western provinces report a good outlook for grain crops. F. W. Cranhall writes The Financial Post from Calgary in an optimistic strain: "Cropping conditions this spring have been ideal. The area put into crop is very large and while I can give no accurate figures from my observation, I would say it was 25 per cent larger than last year. Never have I seen land prepared so well for the reception of seed as this year and this on account of the failure of such a large portion of the crop in this district last year, which was known sufficiently early in the season to have this land put in excellent condition for the 1919 crop. There never has been as much attention paid to the quality of seed used as was the case this year and the result is that, with the abundant moisture that obtained the surface soil and the quick germinating properties of the grain, we have the best stand of growing grain I have ever seen in Alberta. In various districts we have had very satisfactory spring rains and wherever this has occurred, the crop conditions were never better. With a few more good rains, a good crop should be insured. The farmers and grain growers are very optimistic, but coupled with this optimism is a certain caution which is commendable. Very few of the farmers are going into any extensive building operations or expenditures which are not absolutely necessary in connection with their operations. It seems to be the wise thing at the present time until a good crop is fully assured.

Southern Wheat Harvest. The wheat harvest in Southern Texas has begun and daily the yellow lines crawl northwards. By the middle of June, Kansas will be at it. In Southern Michigan wheat is heading out, while in Ontario rye is heading out in all fields.

A survey of the whole American situation shows that when the most northern harvest is completed North America will have enough bread grain to meet the world's needs as they are now estimated. Canada and the United States should harvest and thresh the tremendous total of 1,500,000,000 bushels of wheat unless a weather calamity blights present prospects.

Canada's wheat crop will bulk large from present appearances, some estimates putting it at 300,000,000 bushels. Fruit has blossomed in Eastern Canada and British Columbia as never before. The hot weather has likely reduced the seeding considerably but all reports show a splendid outlook especially for Ontario, in apples, pears and small fruits.

COLLIERIES SUSTAIN IMPROVED SHOWING

Ten Innings Necessary For Baseball League Champions to Bag Points

All claims made for the new line up of the Canadian Colliers Nine in the city amateur baseball league were justified last night when the team stacked up against the Foundation team, who are first-in place for the league pennant. The Colliers did not manage to win, but the game ran into ten innings before the shipbuilders could hang up the eleventh tally, and put themselves one ahead of McFarlane's boys.

are hefty hitters when they started, and taking advantage of Jimmy Holness's day off hit him so badly that he turned the box over to Ross. Carné on the mound for the Colliers pitched a good game, but did not get all the support possible in the field.

ATHLETIC CLUB FOR RETURNED SOLDIERS

Comrades of Great War Will Take Up Boxing and Track Work

One more athletic organization has sprung into existence and will be welcomed by the other clubs of the city as another indication of the increasing interest in sport. The latest entry is the Comrades of the Great War Athletic Club, which will extend its activities to boxing, track work, and athletics generally. The Comrades have a well-equipped gymnasium at their commodious quarters and many of the members have been taking a great interest in the work.

WILLARD BETTER THAN AT HAVANA BATTLE

Handed Monahan a Knockout With a Half Pulled Punch

Toledo, Ohio, June 19.—Fifty-four scheduled rounds of boxing precede the 12-round heavyweight championship contest between Jess Willard and Jack Dempsey here July 4. It was announced to-day by Ad Thatcher, matchmaker of the Toledo Athletic Club. The first match will start at 10 o'clock in the morning, an hour after the gates of the huge arena open, and the boxing will be almost continuous until Willard and his youthful challenger climb into the ring.

ENTRIES ARE SLOW FOR BOXING TOURNAMENT

Davies Has Wired Tacoma For Entries For Saturday's Show

W. H. Davies is finding that the fighters are not so willing to come forward for the V. I. A. A. tournament Saturday as at first thought. He has a fine string of V. I. A. A. fighters on hand and eager to work, but is anxious to match the men against representatives of other clubs rather than against their own club members.

VICTORIA CRICKETERS BEAT NANAIMO ELEVEN

Pass Visitors Total of 51 Runs at Fall of the Sixth

The Victoria team of cricketers captained by Robert Lethaby had little difficulty in defeating the Nanaimo team in an enjoyable game at the Jubilee grounds yesterday afternoon. The Nanaimo men batting first made a total of fifty-one runs, and the home team had piled up 75 for seven wickets when they declared the innings closed and gave the visitors another chance at bat. In the next innings the men from the Coast City made a better showing, and had knocked up 85 for eight wickets when time was called.

Sparks and Wilson held the visiting batsmen down well in the first innings, and Hindmarch with a total of 23 and Paul with ten were the only players to reach double figures. Hindmarch played a forceful innings, and his score included one of six and three fours. The Nanaimo batsmen made a bad start. The first wicket fell for seven runs, the second for eight, but the total was taken to 20 before the next wicket fell. Three more wickets fell without an increase in the total.

OLD BATTLE SPIRIT ENTER LACROSSE TILT

Keeness of Shipbuilders and New Westminster Promises Spectacular Work

According to advices received from New Westminster, the team from the Royal City which will meet the Victoria (Foundation) representatives in the second battle of the season for the Munn Cup, has been considerably strengthened since the game of last Saturday, when the lads from the banks of the Fraser won from the boys of the Terminal City.

Two of a Kind.
 They are coming over full of confidence in their ability to overcome all opposition and are determined to win at all costs. The Foundation players will welcome this spirit with something of a like character, for they are just as sure that the Royal City stick-handlers will return to the Mainland minus the victory scars they are so intent on carrying away with them. The game, because of the keenness to win on the part of both teams, promises to be of the spectacular variety.

Pick Team To-night.
 To-night the local boys will work out for the last time before Saturday's game. The line-up will also be decided upon after to-night's practice. Munro will be on hand. He has just returned from across the water, is in splendid shape and will give a good account of himself. Munro is a local product, stands over six feet in his running shoes, works hard and will stand a lot of stiff checking. The game will start at 3 p. m.

BILLIARD HANDICAP

The Two Jacks games in the billiard handicap resulted as follows:
 Leisar, R 50, won from Wright, R 25, by 3 points.
 Bennett, O 50, won from Richardson, R 50, by 16 points.
 Raitton, O 100, won from Harper, O 50, by 14 points.
 Anderson, R 50, won from Parsons, R 50, by 3 points.
 King, R 125, won from Stilwell, R 75, by 12 points.
 Hunt, O 50, won from Vincent, R 50, by 13 points.
 Moonnigse won from Barker R 25, by 9 points.
 Hiberson, O 100, won from Somerton, R 50, by 49 odd.
 E. McIlroy, R 100, won from Holt, R 25, by 25 points.
 The last games in the first heat will be played to-night, Penketh, O 50, meets Pendelbury, s.c.; A. Petch, O 50, meets Frost, O 100; Down, s.c. meets Oakes, O 50.

Semi-ready Talk:
 "The erect form, with high shoulder carriage, marks the military figure of the man who has marched and carried his knapsack for the years of the war."
 "That's why we designed and made a Returned Soldier's special suit—a suit that would fit him with the ease of the tunic and yet be smart and tailor-finished."
 "The Semi-ready physique type system was designed to meet every physique type figure—to give as good a fit as though the suit were cut from the individual measures."
 "That's why the real friends of the Returned Hero like to bring him to a Semi-ready store."
Mearns & Fuller,
 Douglas and View.

COLONIST NINE BEATS TIMES CARRIERS' TEAM
 A third straight victory for The Times team was stopped last night by The Colonist when a defeat of 28 to 10 was handed out. To the Times carriers. The smaller boys of the Times had no chance against a team whose smallest player topped the largest Times player, with the exception of one. Banner, for The Times proved himself to be at home in the box. He held The Colonist down to few hits. R. Mawhinney behind the bat for The Times showed that being small is no hindrance to catching ability. Whiteby in the centre field made a brilliant catch which was worthy of note. Hughes and McNaughton for The Colonist were reliable batteries, holding The Times boys down well with the help of good support in the field.

Win For Snipers.
 The Snipers beat the Wanderers last night on the Central School diamond in the play-off of their last game, which resulted in a tie by 7 to 3 after a fast contest. Wright and Thacker formed the battery for the winners, Danglefield and Salloway for the Wanderers.

A GOOD "GAD" PLYER.
 A tramp applied to a lady for work and was given some carpets to beat. He did the job so well that she commended him for it.
 "You must have beaten carpets frequently to be such an expert," she said.
 "Never beat a carpet before, in my life, lady; I've been a school teacher," he answered promptly.

NEW CRICKET CAPTAIN FOR VICTORIA ELEVEN

J. Hebben Gillispie Will Lead City Eleven in Inter-City Games

The committee in charge of the inter-city games with the Vancouver cricketers have made their choice of captain for the Victoria eleven. J. Hebben Gillispie will endeavor to follow the example set by the F. H. Ackroyd last season and hand out a brace of defeats to the mainland eleven.

Popular Selection.
The announcement will be read with pleasure by local cricketers as Gillispie is a veteran of the game in Victoria and a popular player. An association with local cricket extending over twenty years was only broken by four years overseas, and he has already played in the Victoria eleven. In his first game this year he made a total of 72 runs against the Incogs. Although he is playing third man on the Victoria eleven, he is also a point fielder and a neat worker in the field.

A Cricket Family.
He is a member of the Gillispie family of cricketers who have taken a big part in local cricket, and a good sportsman generally. He is equally at home on the rugby field, being an effective three-quarter.

The full team will be announced after Saturday's game.

Wednesday Cricket.
With the Congregational Wednesday and the Foundation Amateurs to open the schedule, a second attempt to start a Wednesday cricket league will be made next Wednesday, the games to be played in the evening, commencing at 8.45, instead of in the afternoon. Percy Payne is hopeful of getting the Five C's Juniors in the race, and possibly another club to make the competition more interesting.

Congregational Wednesday beat the Nomads team by 88 to 45 at Beacon Hill yesterday afternoon, the score being as follows:

Nomads.	
G. Freeman, b Stevens	1
Geo. Leeming, b Stevens	2
Kirkham, b Stevens	5
Booth, c Worthington, b Stevens	2
Jamieson, c Worthington, b Stevens	2
Campbell, b Worthington	1

DEL MONTE PRO. LEADS SEVENTY-FOUR GOLFERS

Spokane, June 18.—Harold Simpson, Del Monte professional, led a field of seventy-four golfers at the close of the third round of sixteen holes to-day in the open championship of the Northwest Golf Association tournament here. He turned in a 71 for the morning's play, giving him a total of 221. Don Stein, of Seattle, with 72, was second, with a total score of 223.
Robert Lager, San Francisco professional, who led the field at the close of the second round last night with 144, turned in an 83 this forenoon for a total of 221. Rudolph Wilhelm, of Portland, scored a 76 for a total of 229; E. Martin, of Tacoma, had a 73 and a total of 225, and Joe Novak, of Spokane, 76 and 227.
Morning's scores and total scores of leading professionals follow: George Turnbull, Del Monte, 79 and 229; Alex Duthie, Vancouver, 79 and 234; F. Noble, Butte, 79 and 235; N. Christian, Seattle, 74 and 235; James Simpson, Boise, 78 and 234.
Leading amateurs made the following scores: Clark Spliers, Seattle, 79 and 230; Forrest Watson, Portland, 78 and 231; E. J. Barker, Butte, 77 and 232; H. A. Fenger, Seattle, 78 and 232; Heinrich Schmidt, Aberdeen, 72 and 234; E. H. Hughes, Spokane, 77 and 236.

INTERNATIONAL LEAGUE STRONG FOR SERIES

Kansas City, Mo., June 19.—That seven of the eight clubs of the International League voted in favor of a championship series between the pennant winner of that league and the winner of the American Association at the close of the present campaign, was the statement of President Hickey, of the American Association, who is in Kansas City to-day.

WILLARD HANDS SLEEP PRODUCING WALLOPS

Sparing Partners in the Champion's Camp Have No Easy Time

Toledo, O., June 18.—Sparring partners in Jess Willard's training camp received a punching to-day that they did not anticipate. The champion informed them before the workout he intended to eliminate all burlesque from his training, and that they would have to look out for themselves.

Jack Helmen was knocked out twice in the first round that he worked. A right-hand cross to the chin dropped him flat and Willard shadow boxed around the ring until the Chicagoan recovered. Another short right to the jaw a little later sent Helmen to the canvas.

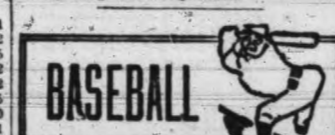

Others Get Battering.
Jack Hepel and Walter Monahan also received a battering during the six rounds they faced the champion. After the work with the gloves, Willard shadow boxed at top speed and wrestled.

Dempsey did not work with the gloves to-day, but tugged at the weights, shadow boxed and punched the bag to satisfy the crowd which stood in the rain to watch him go through his paces. Manager Kearns said to-night that the challenger weighed 195 pounds.

Jack Dempsey will not do any more serious training for his heavyweight championship contest with Jess Willard here July 4 until next Saturday or Sunday. This was definitely decided upon by Manager Jack Kerns to-day after physicians had advised him that any rough work with the gloves would likely result in reopening the wound over Dempsey's eye.

Heat is Terrific.
The terrible heat of the last few days also was responsible for the decision to continue Dempsey's lay off. For three days Toledo has sweltered and even Willard has temporarily abolished his road work for fear of losing weight too rapidly. The champion tipped the scales at only 248 pounds yesterday, a drop of four pounds within two days, and he does not intend to bring his weight below 245 pounds.

Dempsey, his trainers said to-day, is in fighting trim at present.

8.15 P.M.

AND UNTIL SATURDAY

The Greatest Theatrical Event Victoria Has Ever Enjoyed.

THE MASTER OF THEM ALL

ALEXANDER

THE MAN WHO KNOWS

And His All New

Show of Wonders

LADIES' ONLY SOUVENIR MATINEE TO-MORROW

ALL SEATS 50-CENTS

FREE

Mr. Alexander will give away a number of Horoscopes, original Luminous Oulji Boards and Oriental Gazing Balls.

PRICES: Saturday—Matinee—25c, 50c. Plus War Tax
Nights—25c, 50c, 75c, \$1.00.

No one under 5 admitted nights and 16 Ladies Only Matinee.

TO-DAY'S AMUSEMENTS

Royal Victoria—Alexander in his performance of mystical and magic feats.

Pantages—Vaudeville.
Columbia—Charlie Chaplin in "Chase Me, Charlie," and serial, "The Lure of the Circus."

Dominion—Pauline Frederick in "Paid in Full."

Variety—Mabel Normand in "Mickey."

Romano—Kitty Gordon in "Mandarin's Gold."

ROYAL VICTORIA

Ladies, don't tell your husbands, but slip down to the Royal Victoria Theatre to-morrow at 2.15 p. m. to the private matinee arranged by Alexander, "The Man Who Knows." Alexander has fixed it so that ladies only will be present.

But you go and learn what is going on. This matinee will be the only performance for ladies only. Before you go, boil down all those questions and think of the one you most want to know. Perhaps if you do not go to this matinee you may never learn the answer to that perplexing question.

To-morrow at the matinee every lady will be able to get an answer if she will but follow Alexander's request and keep absolutely quiet, as at these affairs more questions are answered than usually.

A special feature of the matinee will be the presentation to the audience of a number of Alexander's original luminous Oulji boards, horoscopes, Oriental gazing balls and spirit paintings. The winners will be determined by a drawing. All in the theatre will have an equal chance of winning.

There will be evening performances until and including Saturday evening and a general matinee on Saturday.

DOMINION

One of the most remarkable casts assembled by any director in support of a star, is that which appears in Pauline Frederick's new Paramount Photoplay "Paid in Full," which is now at the Dominion Theatre.

This is a superb picturization of Eugene Walter's famous play which has held the stage ever since its production in New York in 1907. Robert Cain, a popular leading man portrays the role of a cowardly, shiftless man, the husband of Emma Brooks, the part played by Miss Frederick. Mr. Cain has written splendid work in the past, but it is said that his impersonation in this picture is an unusually brilliant performance.

Frank Losee, one of the most experienced character actors in motion pictures, plays the part of a scoundrelly capitalist who seeks to take advantage of Mrs. Brooks when she appeals to him to be lenient with her husband who has stolen a large sum of money from him. William Stanger, a popular actor, is seen as a breezy Westerner who ultimately brings happiness to Mrs. Brooks. Jane Farrell and Vera Beresford have excellent roles and both are noted for their artistry and charm.

VARIETY

Neil Moret, the popular song writer, gave the "Mickey" cast a great surprise at their studio one day by an unexpected musical recital in which he serenaded Mickey. There were many exclamations of delight, of course, since no one had imagined he had even seen any of the scenes in this great photoplay, which will be shown at the Variety again to-day. Miss Normand, particularly, was pleased with the song, which brought out in such sweet and melodious music the very spirit of the photoplay.

To-day this song, which the photoplay inspired, is proving one of the most popular hits of the year, one million copies having already been sold to the public, song and dance records having been made by the leading talking machine companies and piano roll companies.

COLUMBIA

Charlie Chaplin, the world's most famous screen comedian, is the stellar attraction at the Columbia this weekend, appearing in his latest special release, "Chase Me, Charlie." The name alone promises heaps of fun, but with a film of five parts, each one of which is brimful of amusing incidents, Columbia patrons are assured a most enjoyable hour. Another thrilling episode of the Universal serial, "The Lure of the Circus," starring Eddie Polo, will be shown on the same programme, rounding out an exceptionally good programme.

ROMANO

A picture you will thoroughly enjoy is "Mandarin's Gold," starring Kitty Gordon, which is showing at the Romano Theatre. It is a picture that is jam-packed with thrills and surprises, and it presents this famous star in one of the very best roles of her entire career. Miss Gordon is seen in "Mandarin's Gold" in the role of Betty Gordon, a society woman who is very badly in need of money, and who in a surprising manner is given the opportunity of securing the money she needs. No matter how you may think the picture is coming out, you are certain to get a real surprise when you see this attraction. This is a production that is easily one of the best and most interesting pictures of the season.

PRINCESS

On Saturday evening at the Princess Theatre the curtain will rise for the first time on "The Pantomime Rehearsal," the great London musical comedy success which the Princess Dramatic Society will interpret with their usual excellence and skill. Delightful singing, replete with humor of the side-splitting variety, splendidly acted and produced by the strongest cast that has ever appeared in any one local performance, a huge success is confidently predicted.

A very pretty Fairy Grotto scene has been painted by S. G. Clark whilst the costuming is once again under the able direction of Mrs. Tilton. Tickets for the opening and subsequent

Peer of Psychics and Seers at Royal

ALEXANDER, "THE MAN WHO KNOWS"

performances can now be secured at the box office by applying in person or by phoning 4625.

FANNIE WARD'S ONLY

DAUGHTER WIDOWED

Secret Marriage to Captain Barnato Disclosed; Succeeds to Millions

London, June 18.—The Weekly Dispatch says that Fannie Ward, the well known actress in motion pictures, has arrived in London from America for the purpose of looking after the interests of her daughter, Dorothy Barnato, the girl widow of Capt. Isaac Barnato, the son of the late Barney Barnato, South American diamond merchant.

Behind this announcement is the romantic story, never before disclosed, of a school girl marriage that brought with it a brief spell of happiness, followed by a great sorrow and incidentally \$2,500,000 in money to the grief-stricken girl bride.

The widow says: "I was seventeen and Jack twenty-three when we were married. He was in the Royal Air Force that bombed Adrianople and Constantinople and then he came home. We had just one Christmas

together when Jack got influenza and died. Money, yes, I believe there is an awful lot of it, but I hate to speak of it. If I had Jack back I would give it all for him."

PANTAGES

Hager and Goodwin, the song writers, appearing at the Pantages this week, are authors of the popular ballad, "That Wonderful Mother of Mine," of which more than 1,000,000 copies have been sold, it is said. The success of this song is consid-

ered all the more remarkable because the Hager-Goodwin writings run very largely to comedy. They are singing their own songs at Pantages this week and nearly all of them were designed for laughing purposes.

Other offerings on the current programme include the Krazy Kats Revue, a big musical comedy act; Tameo Kajiyama, noted Japanese calligraphist; Cecelia Rhoda and George Crampton, comic opera stars; Faye and Jack Smith, in songs, steps and sayings, and Helen Jaekley, aerialist.

THE PERFECT LOVER.

"The Perfect Lover" is the striking title of the first production in which Eugene O'Brien will make his bow as a Selznick star. The story of "The Perfect Lover" was adapted from "The Naked Truth" by Leila Burton Wells, which appeared in Harper's Magazine, and the producers feel confident that it will give the star the most popular role he has ever had. "The Perfect Lover" will mark Mr. O'Brien's first appearance as a star in his own right, having earned that honor only after acting his way into great popular favor and gaining for himself a following equalled by very few screen actors. Mr. O'Brien was probably the screen's most popular leading man and will be remembered for his splendid work opposite Norma Talmadge.

COUNCIL'S STAND ON PLAYGROUNDS NOT TO BE CONSIDERED FINAL

Rotary President Would Have Said Something Had Aldermen Been Present

The refusal of the City Council on Monday night to vote money toward playground supervision will not be taken as final by the Victoria and District Recreation Commission, according to an announcement made at the luncheon of the Victoria Rotary Club to-day by Dr. M. Raynor, the vice-chairman of the new organization.

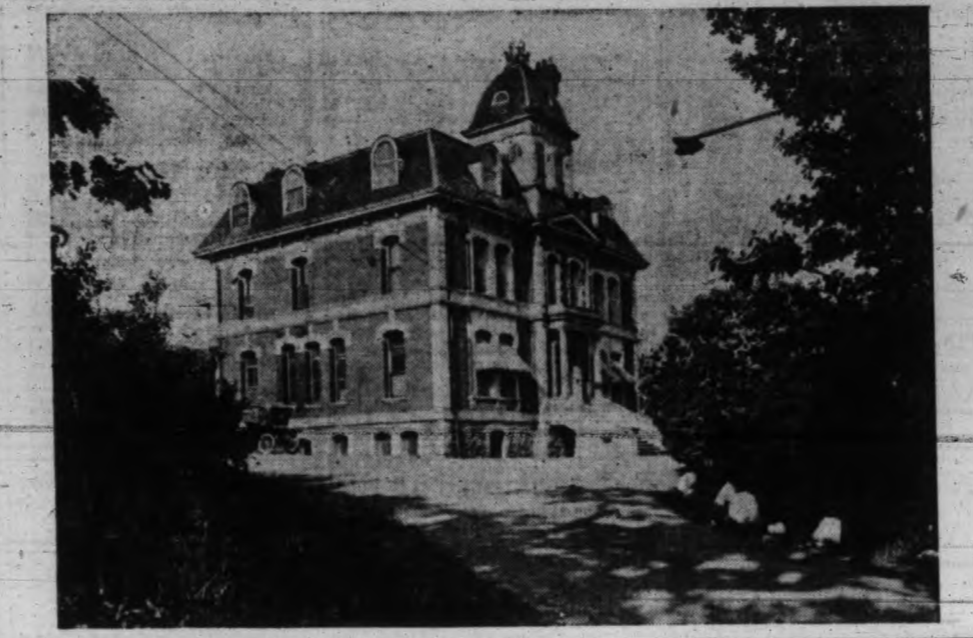

It was intimated at the meeting by President J. P. Scott that had Mayor Porter and his colleagues been present he would have had something emphatic to say about the Council's "unexpected" decision. Mr. Scott would have told the aldermen just how much the Rotary Club did and would in the future have to do with municipal life. As only one alderman was in the room, however, the President refrained from discussing the subject.

In an address on "Recreation" and the need for playground supervision in Victoria, Dr. Raynor, in view of the absence of aldermen, avoided remarks on the Council's stand.

After hearing the details of W. F. Best's plan to establish swimming baths in Victoria, the Rotary Club appointed a committee to co-operate with the company which has the swimming bath project in hand.

It was announced at the meeting that the Club directors had wired to Mr. Robert Jordan, the Prime Minister, urging that Dr. S. P. Tomlin, M.P., be appointed to the portfolio of Agriculture in recognition of his business ability and special knowledge.

Annual Meeting of Royal Jubilee Hospital Set for Monday Week—Administration Block

MASS MEETING TO PROTEST "STAR CHAMBER TRIAL" Of Strike Leaders; E. S. Woodward Urges Nation-Wide Strike

To protest against the "Star chamber trial" of Winnipeg strike leaders, a mass meeting of "all fair-minded" citizens has been called by E. S. Woodward, President of the Victoria Trades and Labor Council. The meeting, for which Mr. Woodward assumes full responsibility, will be held in the Royal Athletic Park at three o'clock on Sunday afternoon.

A statement issued this afternoon by Mr. Woodward reads as follows: "Early this morning President E. S. Woodward, of the Trades and Labor Council, was notified of the statement attributed to the newspaper that the strike leaders of Winnipeg would be denied civil trial, and that the plan of the Government was to deport the accused and their families by the end of the present week. He thereupon wired President Moore of the Trades and Labor Congress of Canada protesting against the trial of strike leaders and urging nation-wide strike to enforce the resignation of the present monstrous Government. He further assumes responsibility for calling a mass meeting to voice the sentiment of all fair-minded citizens on the institution of the star-chamber in Canada. He will be glad to hear from responsible merchants, clergymen and other who are in sympathy with the objects of the meeting and who are prepared to take the platform."

The Labor Band will be in attendance.

VICTORIA WILL HAVE TWO CURTISS PLANES

A representative of the Aerial League of this city made a business trip to Vancouver for the purpose of buying "Pathfinder" No. 2. He also inspected the damaged "Pathfinder" and has made arrangements as soon as the strike trouble is over to have the machine shipped here and repaired. It is estimated that about a week's work will put the machine in shape again.

The damage done to the "Pathfinder" was not as serious as was first thought, and it will soon be flying over the city again, with "Pathfinder" No. 2.

PRIVATE MEMBERS HERE Three Up-country Legislators Call at the Parliament Buildings on Departmental Matters.

Dr. W. H. Sutherland, member for Revelstoke; Joseph Walters, member for Columbia, were callers at the Parliament Buildings this morning. Each member has a number of matters to be disposed of in connection with the demands of his respective constituency.

MUCH LAND SOLD AT CITY TAX SALE

This morning's session of the city tax sale was extremely satisfactory from the city's point of view, forty-five parcels of land being sold. Some \$10,000 had been taken up to noon, and equal success was expected during this afternoon's session.

TERMINAL ELEVATOR AT ONTARIO POINT

Ottawa, June 18.—The Agricultural Commission of the House has brought in a recommendation in favor of the construction of an interior terminal elevator in Ontario. It declares that a sum not exceeding \$1,500,000 should be placed in the supplementary estimates to provide for it.

MANITOBA'S PROHIBITION.

Winnipeg, June 18.—Endorsement of the Manitoba Temperance Act was given at last night's session of the Committee on Evangelism and Social Service expressed the pleasure of the Committee at the great increase of sobriety throughout the province since the passing of the Act.

Will Hold Garden Party.—A garden party will be held by the Imperial Services Club at Mount Adelaide, Dunsmuir Road, this evening, commencing at half-past seven.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-tives" Point the Way to Quick Relief

Verona, Ont.

"I suffered for a number of years with Rheumatism and severe Pains in my Side and Back, caused by struts and heavy lifting.

"When I had given up hope of ever being well again, a friend recommended 'Fruit-a-tives' to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine."

W. M. LAMPSON.

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c.—or sent postpaid by Fruit-a-tives Limited, Ottawa.

painting up the tea house. It is good to sit there again, as five years ago, in May. The girls are just as pretty as they group themselves under the trees, slanting their parasols to keep the sun out of their eyes. Some of them must be the little pig-tailed girls—grown up into elegant young ladies—whom I used to watch with their dolls, and their lesson-books, and their older brothers, in the spring of 1914. They used to take snapshots of Peter Pan, and row with wild oars on the Esplanade, and play tomboy games of "rounders" under the trees against the pond. Five years has made a difference to them. And where are their older brothers? I met some of them in Ypres and along the Menin road, and in ditches up by Bapaume, and later, in a thin brown line which barred the road to Amiens. They are mostly the younger brothers, who sit with their straw hats tilted, opposite their pretty sisters, in Kensington Gardens.

As a "revenge" I miss many old faces in London, and find the town changed somehow. There are different crowds from those I knew now surging up the Strand and Fleet Street, New Zealand and Canadian soldiers have taken the place of men who used to linger under the print shops and stroll up St. James's Street by way of Pall Mall.

But in Piccadilly Circus and all its tributaries I see faces that are vaguely familiar to me, though I cannot fix them at once until suddenly I visualize them in field caps and khaki. They are in "civilian" now—thank the Lord for that! they say—and they are the heroes of the war, wondering what they shall do in the way of a job. I like to see the greetings of these men who come face to face in Piccadilly.

"Hullo, old man, you're out of it, then?"

"Yes, at last. Do you remember where we last met?.... That shell-hole we shared?"

They laugh at some fantastic remembrance—unbelievable here in Piccadilly, where the buses go strreaming by, and where the trees in the Green Park are all feathery in full and glorious foliage, London!.... It is good to be alive in London with the sun shining—Philip Gibbs, in the London Chronicle.

HIS IMPRESSION.

Lady Customer—That parrot I bought off you swears dreadfully. Dealer—I'm surprised at that, ma'am. I thought he was quite an expert.

MARINELLO POWDER

stays on, applies without caking, preventing that artificial "made-up" look, producing a naturally beautiful appearance.

Recommended and sold by more than 3500 Beauty Shops as a reliable preparation. We'll gladly give you sample.

Only approved Marinello shop in Canada.

Employ the services of Marinello Beauty Specialist. Enjoy the satisfaction of knowing you look the best.

LIEUT. FLETCHER HOME

Is Visiting Parents Here After Four Years Overseas' Service.

Lieut. J. Adrian Fletcher arrived home yesterday after four years' war service in France, and latterly in command of No. 2 Platoon, B. Co., of the 29th Infantry Battalion. He took part in the engagements at Arras, Bonalieu Wood, Cambrai and Valenciennes, where his battalion distinguished itself.

Lieut. Fletcher is staying with his parents at 1900 Carberry Gardens.

Yesterday's Garden Party—The Catholic Ladies' Aid wish most gratefully to thank the Lieutenant-Governor and Lady Evelyn for their presence and kindness, also G. E. Jenkins, Lou Turner and the Foundation Band, Mrs. Warren and her orchestra, Mrs. Newbury, Mrs. Smith and all the kind contributors to the concert. Messrs. Fletcher Bros. for loan of piano, the K. of C. K. of P., Wellers and City Fair for their assistance, and to all those who so generously donated money or refreshments or helped in any way to insure the success of the fête.

Must Fly From East—The Victoria Rotary Club recently wired to the Halifax Herald asking if that publication would award its \$5,000 prize for a trans-Canada flight to an aviator who started from Victoria or Vancouver and flew to the East. A reply has been received stating that no alteration in terms can be made, and that the aviator must start from Halifax.

Opens Drug Store at Stewart—George A. Fraser of this city has opened a drug store at Stewart, B. C., featuring a special equipment of first-aid boxes for miners.

Lady Douglas's Chapter—All members are requested to attend the unveiling of the memorial tablet at Elliot Street on Saturday at 3 p.m. The garden fête and bridge at the residence of Mrs. Geo. Dunlop has been postponed until the autumn.

A Belgian Decoration—L. McLeod Gould writes to state that the M.M. with which he was credited yesterday should have read the Belgian Croix de Guerre.

K. of C. Hut—There will be a military 500 and dance to-morrow evening at the K. of C. Hut, Fort Street, in which all ex-service men are invited.

COMMISSIONER STARTS DUTIES OVER THE BAY

Government Not Rushed For Applications For Advisory Board; No Pay

Major Donald B. Martyn, D.S.O., M.C., with bar, Croix de Guerra, the newly appointed Industrial Commissioner, took up his quarters at the Parliament Buildings this morning and promptly commenced to wade into a number of proposals already submitted to the Department over which he is to preside. It will necessarily take some time, however, before it is possible for the Department to make an announcement as to the relative values of schemes placed before it for consideration, all of which must go before the Advisory Board yet to be selected.

It may be mentioned in connection with the Advisory Board, the services of those members of which carry no stipendiary emolument, that there has been nothing like an avalanche of applications to service in the honorary capacity. A few recommendations have been verbally mentioned to the several members of the Government, but up to the present no gratuitous service has been synonymous with lack of desire for a seat on the Board.

Nevertheless, Premier Oliver stated this morning that the Cabinet hopes to be in a position during the next few days to make a selection which should be of very considerable assistance to the Commissioner.

SOCIAL AND PERSONAL

Practically the whole of the adjacent countryside was represented at the very successful garden party held at the residence of Capt. and Mrs. H. R. Hammond at Metehosin yesterday afternoon. The weather was ideal for such an event, and the warmth of the afternoon caused a steady demand for the delicious ice cream and light refreshments served by the ladies of St. Mary's Chancel Guild, who promoted the fête. An attractive musical programme added much to the enjoyment of the many visitors. As a result of the enjoyable affair the Church funds will be augmented by about \$50.

The Citizens' Regatta Committee held a very successful flannel dance last night at the Foundation Club rooms, kindly lent for the occasion by the members of the Club, about three hundred attending and dancing until the small hours. The following associations arranged the details: The J. B. A., Victoria Swimming Club, the Yarrow Athletic Club, and the Foundation Organization. The proceeds of the affair are to be devoted to obtaining prizes for the regatta on July 1.

GOES TO MAINLAND

Premier Oliver Will Attend the Funeral of Brother-in-Law Who Died Yesterday

Premier Oliver left the city on this afternoon's boat for the Mainland in order to be able to attend the funeral of his brother-in-law, John Woodward, of Mud Bay, who died yesterday morning.

Mr. Oliver expects to be back at the Parliament Buildings on Monday morning next, and while on the Mainland he proposes to attend to a number of departmental matters on Saturday.

OBITUARY RECORDS

Agnes Graham Currie, aged 50, a native of Scotland, wife of Richard Currie, 638 Hillelde Avenue, died this morning at St. Joseph's Hospital. A resident of Victoria for the past nine years, she leaves to mourn her loss her husband and one son, William Henry, of this city. The funeral, which will be private, will take place at 2.30 p. m. Saturday from the B. C. Funeral Chapel. Interment will be at Ross Bay cemetery, Rev. A. B. Colwell officiating at the graveside.

DROP IN PRICE OF STEEL PLATES

Canadian Government Will Get Shipping Material at Cheaper Figure

Steel plates contracted for by the Dominion Government with firms in the United States have taken a tumble in price, according to Ottawa advices.

The price of steel plates manufactured in the United States has gone down from \$2.25 a hundredweight, to \$2.75, and the Government will, on that account, get its ships a little cheaper than it had anticipated. The Government's contract with the Pittsburgh firms called for a maximum of \$2.25 and for anything less in the event of a reduction in price. It is considered probable that the price will go still lower. The Government will buy the steel at the Pittsburgh price and sell to \$2.25 a hundredweight. This will mean a profit of \$10 a ton, which the Government can apply to reducing the cost of its ships. For one of the standard 8,100-ton ships 2,800 tons of steel plates will be used, so that on each ship the Government will save \$28,000. As many of the Pittsburgh firms have been closed down for lack of orders to keep them running at full blast there should be no difficulty for some time in the Government securing any steel it may need, for shipbuilding steel is the only material used in shipbuilding on which a drop in price has been reported.

SIXTEEN BODIES ARE RECOVERED

Divers Work Successfully on Wreck of Sunken Princess Sophia

Juneau, June 19.—Three divers who returned here yesterday from the wreck of the C.P.R. passenger steamer Princess Sophia reported they believed they could raise the vessel this summer. The Sophia went down last fall in Lynn Canal, north of here, with all aboard, 343 persons.

The divers brought back sixteen bodies they found aboard. Among the identified were: G. L. Sholseth, Nenana, Alaska; T. N. Turner, Iditarod, Alaska; Claude C. Fairer, W. Maclellan and Thomas Lepage, of Victoria, of the Sophia's crew.

Friends of Thomas Lepage have been notified that the body is being brought south from Juneau on the Steamer Princess Alice for interment here.

VESSELS ARE BEING WORKED AT VANCOUVER

Vancouver, June 19.—The deep-sea ships on the waterfront do not show any indication of suffering from the strike. Work is proceeding on the Melville Dollar, and all hatches are being worked with full gangs on the Key West. The C. P. O. S. officials declare they will have plenty of men to handle the Methven and the Montague when they arrive.

The sailing date of the steamship Makura is still indefinite.

The Annette Rolph, with sugar for the B. C. Refinery has made no attempt to discharge and still lies idle at the refinery pier.

TRIBUTE PAID TO NAVAL ARCHITECT

"Rivet" Refers to Career and Achievements of J. S. Clark

Commenting upon the progress made in the development of the new steel shipyard at Hospital Point the latest issue of "The Rivet," issued by the Harbor Marine Company, Ltd., says: "Under the guiding hand of J. S. Clark the yard space lying between Hospital Point and Cholberg's is being rapidly transformed from a desolate rock pile into a modern steel shipyard with the newest appliances and most up to date arrangements."

After seeing what has already been accomplished in so short a time and looking with a prophetic eye to the period when all the carefully laid plans will have matured, and the big ships will be in course of construction, one realizes that our President, C. J. V. Spratt, was both fortunate and far-sighted in his selection of a Naval Architect.

Mr. Clark's experience of shipbuilding in an administrative and executive capacity, has been far too lengthy and geographically varied, to be dealt with adequately in these pages. To touch briefly on some of the salient features of a long life spent in this word it may be recalled, that having familiarized himself with all branches of the work on shore, he spent eight months at sea as ship's carpenter on the sailing ship "Tycoon" to learn the working of a ship at sea.

He was for fifteen years with the largest shipbuilding firm in England, during the last seven years of which he held the position of manager. It was at this time that Mr. Clark won the \$1,000 prize offered by the Thames Conservancy Board in open competition with the world.

It was Mr. Clark who laid out the splendid dockyard in Bilbao, Spain, for the construction of armored cruisers. Later he spent twelve and a half years in Japan, where he was responsible for the designing and construction of all the ships built by the Mitsui Bishi Dockyard, and also the 14,000 ton steamers for the Toyo Kisen Kaisha.

METHVEN ARRIVES

Completing her first round trip to the Far East, the C. P. O. S. freighter Methven passed up to Vancouver early this afternoon.

The collier Tanager, from San Francisco, passed up the gulf early this morning bound for Nanaimo.

CARRYING JAPANESE AMBASSADOR HOME

N. Y. K. LINER SUWA MARU
Which is due to clear from the Outer Docks this afternoon bound from Seattle for Yokohama and Hongkong. Prominent among her saloon passengers is Viscount Kikujiro Ishii, His Imperial Japanese Majesty's ambassador to the United States.

CAPT. N. E. COUSINS GAVE WINNING TIP TO FAIR GAMBLER

Seattle, June 19.—Capt. N. E. Cousins is a mariner whose generous physical proportions as well as navigating ability is generally known among the travelling public of the Pacific coast, but that he could guess to the minute the time the gang plank would be run ashore from his vessel did not develop until the steamship President berthed here.

The perspicacity of the doughty mariner developed when, upon the arrival of the liner at Victoria a number of the members of the Northwest Hotelmen's Association started a pool on the time the ship would dock at Seattle. The President reached Victoria from the south at 4.30, and got away from Seattle at a few minutes after 7 p. m.

Several of the ladies of the hotelmen's party displayed anxiety to get into the pool. One of them approached Capt. Cousins, told the doughty mariner her desire, and he promptly replied that the gang plank of the President would be placed on Pier D at 11.55 o'clock.

Writing this hour on the slip of paper, the fair passenger hunted up the stakeholder, deposited her guess and her coin, and the pool then being closed, promptly told her fellow travelers that she would win because the captain had told her so.

Laughter greeted the assertion, and even E. G. McMicken, general passenger agent of the Pacific Steamship Company, and H. B. Britten, of McMicken's San Francisco staff, doubted the ability of the skipper to so closely designate the minute the gang plank would touch a wharf.

This resulted in a number of more wagers, and when the big liner berthed many an eye was glued to watch dials, and promptly at 11.55 o'clock the plank was lashed to the gangway rail of the big liner at Pier D.

"That's certainly going some," declared McMicken.

"Huh. He probably had the chief engineer in cahoots with him," asserted J. C. Marsaduck, manager of the New Washington Hotel, who was in on the pool, but did not designate 11.55 as the hour.

Anyhow Capt. Cousins called the turn, and a certain Tacoma lady, for the winning party hails from that city, has some additional pin money to-day.

WRECK IN HANDS OF U. S. COURT

Princess Sophia Turned Over to Federal Court When Suing for Limitation of Liability

WAS INTENTION TO ATTEMPT SALVAGE

But Seattle Concern, Without Authority, Sent Expedition North to Work on Wreck

The wreck of the Princess Sophia, which was lost with all hands, numbering 343 passengers, on October 25 last, when she slid off the ledge at Vanderbilt Reef, is virtually owned by the United States Federal Court, presided over by Judge Neterer, to whom the vessel was turned over when the C. P. R. sued for a limitation of liability in the matter of claims, and because of this fact the company is unable to undertake the salvage of the ship, which lies submerged in Alaskan waters.

Briefly, this is the position in which the C. P. R. is placed, as explained by Capt. J. W. Troup, manager of the B. C. Coast Steamship Service, when approached this morning regarding the possibility of the company attempting to save the Princess Sophia. He dispatched an expedition to survey the wreck and has since been successful in recovering a number of bodies imprisoned in the sunken ship.

Agreement Reached.

Subsequent to this the trustee appointed the Deep Sea Salvage Company, which contracted to prosecute salvage work, but this agreement was not reached before negotiations had been conducted with the Pacific Salvage Company, whose experts reported that the ship might be saved, but at a cost that the undertaking would not be worth while.

The wreck of the Princess Sophia was turned over to the Federal Court at the time claimants in the States were appearing to bring suit against the wreck to the United States Federal Court, and the C. P. R. in turn sued for limitation of liability in American courts and under American law, and in order to do so the company, instead of abandoning the wreck to the United States Federal Court, had been proposed to do, turned the wreck over to the United States Federal Court.

It was the original intention of the company to attempt the salvage of the Sophia and arrangements were being made with the Pacific Salvage Company to send an expedition to Lynn Canal this spring. In the meantime, however, the Deep Sea Salvage Company, of Seattle, undertook to conduct salvage on its own account. An agreement was then entered into between the Federal Court and the Seattle salvage concern to carry on salvage work on the wreck.

Company Helpless.

This left the C. P. R. helpless in the matter, apart from attempting to recover bodies, which has been done from the start. The C. P. R. has spent large sums of money in payment for the services of divers who have been engaged in the attempt to recover bodies from the wreck.

The company has also offered every possible assistance to the Court in its attempt to recover more bodies.

AFRICA MARU ARRIVES

The O. S. K. liner Africa Maru with passengers and cargo from the Orient made port this afternoon.

CANADIAN TROOPS BACK FROM SIBERIA

Hearty Welcome For Montague Men; Stow-aways Discovered

The C. P. O. S. liner Montague docked at the outer wharves at 1.15 to-day with 747 Canadian members of the Siberian force on board under command of Major-General Elmley. There were sixty-eight officers in the party.

As the vessel drew up to the dock the ship rails were lined with cheering men, whose greetings were lustily answered by the crowd of spectators on the dock, who were present to welcome the men home again.

Captain Hendy went out as far as the Quarantine Station to meet the troops and is accompanying them to Vancouver, the boat having left for the Mainland at 2 o'clock this afternoon. The vessel carries 600 tons of army supplies.

Major R. F. Verrinder and Capt. M. Benthams were in charge of the men who landed at Victoria. They are as follows: F. Atkinson, San Francisco; J. H. Bourne, Victoria; J. Duckworth, Victoria; E. A. Franklin, Alturas, Cal.; F. J. Hepkinstall, Victoria; E. G. Irving, Victoria; F. C. Landry, Victoria; P. H. Leicester, Victoria; E. J. Murphy, Seattle; D. H. Russell, Kamloops; H. M. Fowell, R. N. W. M. P.

Russian Stowaways

Eight Russian stowaways were discovered on board the Montague who had hidden themselves away on board the vessel and later managed to secure possession of some Canadian uniforms. When it came to taking the roll call, however, the deceit was discovered, and the men were placed in custody.

THERE IS DANGER IN TENDER GUMS

To preserve healthy teeth the ordinary tooth-paste is futile. You must first care for the gums, on which tooth health depends.

How many people think of this? You find out of five people over forty suffer from gum-decay, or Pyorrhea (Riggs' Disease).

At first the gums become tender, though actual gum-shrinkage is imperceptible. But in time receding gums will surely loosen your teeth, and then only a dentist can save them. The tender, bleeding gums of Pyorrhea also act as so many doorways for disease germs to enter the system, infecting joints or tonsils—or causing other ailments.

Forhan's (For the Gums) prevents Pyorrhea, if used in time and used consistently. This means that it prevents gum-shrinkage, gum-tenderness, gum-bleeding. So, automatically, Forhan's prevents tooth loosening.

Brush your teeth with it. It scientifically cleans the teeth—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for treatment. 3cc and 6cc tubes. All druggists.

FORHAN'S, LTD., 507 St. James St., Montreal.

Forhan's FOR THE GUMS

Large Number of Seamen Said to Be Willing to Return to Work

At 3.30 p. m. to-morrow the C. P. R. steamship Princess Adelaide will leave here for Vancouver, temporarily succeeding the Princess Patricia, which will be given a day's lay over for overhaul. The Princess Adelaide will maintain practically the same schedule as the Princess Patricia.

On Saturday it is proposed to dispatch the Adelaide at 4.30 o'clock to Seattle, temporarily relieving the steamship Indianapolis.

The C. P. R. plans to increase its service and it is not unlikely that when the Princess Patricia is back in commission this week-end, the Adelaide will remain in commission. Beyond inconveniencing the travelling public the seamen's strike might not exist as all the essential routes are easily being maintained.

It is reported that the seamen held a meeting last night and that the general feeling was in favor of a return to work.

E. & N. Railway

Every Sunday Until August 17, 1919

Train No. 2 will be put back two hours, leaving Wellington at 4.15 p. m., arriving Victoria at 8.05 p. m.

MAYOR PORTER OPENS ST. BARNABAS FETE

Many Attractions at Three Days' Fete Arranged by Ladies' Guild

Mayor Porter yesterday afternoon formally opened the three-days fete being held at St. Barnabas Church grounds under the auspices of the Ladies' Guild, and if the success of the opening afternoon be any criterion the church funds will be augmented by a substantial sum.

A steady stream of parishioners and friends thronged the lawn and purchased the many attractive wares displayed. A butterfly stall in charge of Miss Sinclair was only rivalled in popularity by the fancy work stall at which Mrs. Bosustow, Mrs. Bassett and Mrs. Albert Jones, of the St. Cecilia Guild presided. The generous room, in charge of Mrs. Couch and Mrs. Botteley, attracted many young folks.

Mrs. Thomas Watson and Mrs. Morry had the plain sewing stall, and Mrs. Wootton, Mrs. Forbes and Mrs. Babington conducted a superlative shop. Mrs. Gedrin, Mrs. Jones and Mrs. Bannerman presided over a table well stocked with dress-making necessities. Miss Dalby and Miss Garnham conducted a very popular candy booth. Miss Muriel Miller found a ready sale for her lovely flowers, and Mrs. Knox and Mrs. J. Jones, who conducted the ice cream stall, were kept very busy supplying customers.

An attractive feature was afternoon tea served in the Sunday school room under the direction of Miss King and the Misses Morry. Other attractions included clock golf, directed by Mrs. Shadle, and "ladder" golf under the direction of Mrs. Newcombe.

In the evening the following artists contributed numbers to the attractive concert programme, arranged by Mrs. Vaughan: Miss Brody, pianoforte solo; Mrs. Wallace Whidden, song; Mrs. J. Johnstone, recitation; Rev. E. G. Miller, song; Miss G. Watson, song; Miss M. Mitchell, song; Miss O'Brien, song; Mrs. Fink, stories from France; Mrs. Smith, song; Mr. and Mrs. M. Menelaws, banjo; Miss Foote, song; Mr. Crichard, song. Accompanist, Miss Miller.

WOULD CEMENT THE FRIENDLY FEELINGS

Should Foster Admiration of French For Canadians, Says Capt. Balbaud

A large audience listened with rapt attention to the lecture given last night in the Provincial Library, Parliament Buildings, by Captain Paul Balbaud, who is touring Canada addressing Canadian Clubs, Rotary Clubs and scores of other organizations with the idea of cementing the friendship built up by the Canadian and French soldiers who fought shoulder to shoulder against the inhuman devices of the Hun.

Power of Sentiment
Captain Balbaud displayed the ability of a speaker who is capable of touching the finest cords of sentiment. There was a great deal of sentiment in the war and sentiment had a great deal to do with the winning of it, as some of the finest and greatest deeds of the war were carried out as the result of deep seated sentiment and the strong adherence to the highest principles which the Canadians and French were willing to lay down their lives for, he claimed.

To carry on the great respect and love for each other developed by the Canadians and the French through their relationship during the war, Captain Balbaud explained that a scheme for the interchange of scholarship is now being arranged between the two countries.

"The war has shown us that Canada and France esteem each other and love each other. It is our duty to see that this friendship is not allowed to drop. Hitherto you have not heard much about our universities in France but you have heard a great deal about those in Germany," said Captain Balbaud.

Interchange Scholarship

"Now we have organized in Paris a committee whose special function will be to take charge of the girls and boys whom you send from this country to study art, medicine, or other subjects, and direct them into the right channels, see that they go into the right homes, live in the right hotels, and frequent the right restaurants, during their stay in Paris, so that you will know that when your children go to our country to study they will find a path in the labyrinth of our big city."

"We are trying now to arrange a scheme in Paris for the recognition of Canadian grades of scholarship so that when your students come to us we will be able to place them on a definite footing. On the other hand, the committee of which I speak will have its counterpart in each province of this country, we hope. We want you to help our young who come over here from France. It is at present very difficult for the young Frenchman coming to this country to meet the right people. After meeting the right people it is very difficult for him to prove to them that he is the right man. This is a matter of more than personal interest; it is a question of national and international duty. I hope you will all help me in that which I request."

Captain Balbaud said that the Government of France was deeply indebted to the Canadians for the way they had responded to the call. He went on to relate a number of personal experiences he had had in France showing the bravery and resourcefulness of the Canadians. France and Canada were in that position where they held the highest respect and admiration of each other and the feeling should be fostered through the coming generations, he stated.

He also related a number of incidents to show that the German was still an insidious and obstinate as ever, and was looking forward to the next few years to give him another opportunity to attempt to overrun the world with militarism. General Leckie presided at the meeting and introduced the speaker. The General spoke of the bravery of the magnificent army of France with whom

he had enjoyed the honor of facing the foe. The French troops had always been an inspiration in the difficult work the British had to undertake.

Dr. H. E. Young moved a vote of thanks, which was heartily accorded Captain Balbaud. The Captain left to-day for Vancouver and after giving a number of addresses there he will proceed east. He is attached to the staff of the University of Toronto.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distending gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.
It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and blast right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk)—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

STAGE COMEDY DRAMA IN VICTORIA WEST

"Red Acre Farm," a rural comedy-drama in three acts will be played again to-night at Semple's Hall, by the Western Star Amateur Dramatic Society of Victoria West. The production was given last night, and was greatly appreciated by the audience. The affair is being held under the auspices of the Women's Auxiliary of the G. W. V. A.

Messrs. Robison and Ryland provide the specialties between acts, and after to-night's performance there will be dancing. The cast is as follows:
Joshiah Armstrong, owner of Red Acre Farm A. W. Semple
Col. Barnaby Strutt A. J. Clunk
Crawling Codwallowers A. J. Clunk
Jonah Jones, a farm helper Lemon Squire Harcourt, who holds a mortgage H. Charlton
Harry Harcourt, his prodigal son H. J. Hasenfrantz
Dick Randall, who seeks his fortune C. Robinson
Tom Busby, a travelling merchant G. S. Weston
Amanda Armstrong, Joshiah's wife Nellie Armstrong, driven from home Mrs. H. Hasenfrantz
Laura Armstrong, a poor weak singer Miss F. Hasenfrantz
Mrs. Barnby Strutt, the colonel's wife Miss L. Lemm
Junior, adopted daughter of the Strutt's Miss E. Kennedy

Victoria, June 19—5 a. m.—The barometer is falling over this Province and showers may become general on the Coast. Fair, warm weather is general in the prairie provinces.

103RD BOYS GATHER

Held Splendid Smoker Last Evening—Excellent Programme of Entertainers.

Inaugurating a series of entertainments the members of the 103rd Battalion Association gathered in the G. W. V. A. rooms last evening and thoroughly enjoyed a smoking concert. About 200 of the boys were present and expressed the hope that the committee would hurry the next entertainment. The programme which was arranged by Ralph Lee was of exceptional merit. Members of the "1919 Follies" from the Gage were present and provided several excellent turns. Clyde Hagar and Walter Goodwin, of the Pantages Theatre, provoked an unrestrained uproar. Others who entertained were: Pte. Hooks, trombone soloist; Pte.

Porter, Pte. Ralph Lee, Pte. Kelly, Corp. Jimmy Higgins, who sang "Honest Irish Lad;" Mr. Samson, Geo. Craknell, Tom Kelway, Bert Zala and Major Spurgeon, who sang "Sucking Silence Through a Straw."

"You are not the man you were when I married you," said his wife. "I sincerely hope I'm not," retorted the brute. "As big a fool as I was then!"

MOST EVERYONE USES THEM FOR THE STOMACH

They Act Quickly, and Make You Feel Lively as a Kid

A crowning curative triumph in medicine is now given to the world, and all who have been suffering from stomach ailments, indigestion and headache can be cured by a purely vegetable remedy.

Calomel, salts and such like are no longer necessary. They are harsh and disagreeable. Science has devised something far superior, and you can go to-day with 25c to any druggist and buy a box of Dr. Hamilton's Pills, which are considered the very quickest and safest cure for the stomach, bowels, liver and kidneys.
Half sick men and women who scarcely know what ails them, will be given a new lease of life, with Dr. Hamilton's Pills. Depressed spirits disappear, headaches are forgotten, appetite increases, blood is purified and enriched, pains at the base of the spine are cured, the nerves are toned up, ambition to work is increased, and day by day the old-time health and vigor return.
A trial only is necessary to prove how beneficial Dr. Hamilton's Pills are to all who are weak, nervous, thin, depressed or in falling health.
