BRYAN OPPOSES U. S. AS A MANDATORY

Steps to Increase Trade of the West Indies and Canada

Representatives of Islands and Dominion Ministers Will Hold Conference in Ottawa Next Week; Putting of Foods on Free List Suggested.

Ottawa, May 25.—(Canadian Press)—Sir George Foster, Minister of Trade and Commerce; Sir Henry Drayton, Minister of Finance; Hon. Martin Burrell, Minister of Customs, and Hon. C. C. Ballantyne, Minister of Marine, will represent the Dominion Government at the conference with West Indies representatives which will open in Ottawa next Monday.

A result of the conference, it is said, will be a large increase in the volume of trade between Canada and the West Indies. Two subjects will be primarily before the conference:

- 1. Renewal and extension of the existing reciprocal preference. 2. Improved transportation facilities.

Under the agreement of 1912 between Canada and the West Indies a reciprocal preference was granted of approximately twenty per cent. On the part of most of the West Indies representatives it is understood a plea will be made for an increase of the reciprocal preference to fifty per cent, with free food both ways.

Development of the Canadian Government merchant marine has brought a new factor into encouragement of West Indies trade. Lack of proper transportation facilities in the past has been a barrier and has tended to divert trade through American ports.

WILL ASK PANDORA LINE BE FINISHED

Hudson's Bay Company's Requests May Make City In-sist on Completion

Before enforcing drastic time regulations the city will insist that the B. C. Electric Railway Company lay tracks along Pandora Avenue from Cook Street to Oak Bay Junction, and so relieve the traffic on Fort Street.

As a matter of fact, the tentative agreement between the B. C. Electric Company and the city, made early in 1918, but shelved on account of a well-known legislative impasse, provided that the company should complete the Pandora Avenue line when asked to do so by a two-thirds vote of the City Council.

In the agreement which the city has been considering since the Legislature gave it power to regulate time regulations this clause is again inserted, and has been approved by the Council.

As the civic authorities understand that the company is prepared to accept the original agreement with minor alterations, it is thought that the clause will be left unaltered. If the clause is thus incorporated in the agreement the city probably will make use of it as soon as possible.

TROOPS DECLARED WRONGFULLY ACCUSED

Colonials French State Sent Into Rhine Cities Were Well Behaved

Paris, May 25.—The French Government is protesting against the accusations which have been made against the French colonial troops who took part in the recent occupation of certain Rhine cities. In a statement it says that of the 85,000 men comprising the army of occupation, only 23,444 were colonial, and of these only 7,490 were negroes.

FORMAL EXCHANGES ARE NOT NEEDED

So Chinese Government Tells Japan in Reply Regarding Shantung

London, May 25.—The Chinese Government on Saturday last sent its long deferred reply to Japan on the subject of Shantung, says a dispatch to The London Times. The Peking Government expressed pleasure that the Japanese Government proposed to return Kiao Chan and would withdraw the railway management, but failed to see the necessity of formal negotiations.

WOMAN APPOINTED

Toronto, May 25.—Miss Laura G. Grant, of this city, has been sworn in as deputy game warden for Ontario. It is thought this is the first appointment of a woman to serve in such an office in Canada.

STATE BOLSHEVIKI WERE DRIVEN BACK

Poles Took Prisoners at Beresina River; Bolsheviki Make Claims

Warsaw, May 25.—Bolshevik troops succeeded in crossing the Upper Beresina River in several places and have been driven back across the river with heavy losses, including more than 400 prisoners, according to an official statement issued here.

London, May 25.—Russian Soviet forces have occupied a number of villages on the west bank of the Dnieper River from fourteen to twenty-seven miles north of Kiev, according to an official statement issued in Moscow yesterday and received here by wireless.

Berne, May 25.—The Polish Government has just made known that it has obtained the military objects assigned to it, the Government will declare itself ready to enter into negotiations with the Bolshevik government. The place of meeting will be designated later.

Taft Urges States to Share in League's Work

Bellingham, Wash., May 25.—In an address delivered here last night, William H. Taft, former President of the United States, pleaded for ratification of the treaty of peace containing the League of Nations covenant with reservations. He denied that the idea of the League had been "born in the mind of a professor who had become a President or a President who had become a professor," asserting that it had come from the plain people.

Article Ten was described as an enlargement of the Monroe Doctrine, but the former President denied that its elimination would take the heart out of the covenant. "In rejecting it," he said, "all that happens is that we are left out of

NISSI COMPLETES HIS NEW CABINET

Italian Ministry Now Ready to Discuss Matters With The Allies

Desire Among Italians to Receive Greater Compensation Is Reported

Rome, May 25.—Signor Abbadini, Minister of Industry, has been transferred to the new Ministry of Labor. Signor Ruffi, Minister of Colonies, has taken the Ministry of Industry, while Deputy Rossi has assumed the Colonial post. Deputy Lopiano has become Under-Secretary of Labor.

It is said in high official circles that Italy desires again to remind the Allies of her enormous losses during the war, and again to offer the suggestion that she has not been sufficiently compensated for these sacrifices. It is said that Italy does not regard the decisions arrived at during the Hythe conference as definite, but only preliminary.

Concerning the Adriatic problem, the Cabinet must decide with regard to a resumption of direct negotiations with the Jugo-Slavs.

The Corriere d'Italia asserts that Foreign Minister Scialoja and former Premier Pachitch and M. Tringali of Jugo-Slavia will decide during the present week on the question of a resumption of the conference.

Calgary, May 25.—After fifty-six days of tie-up owing to floods, the Canadian National Railway line north to Drumheller is once more open, and through trains are being run to Saskatoon.

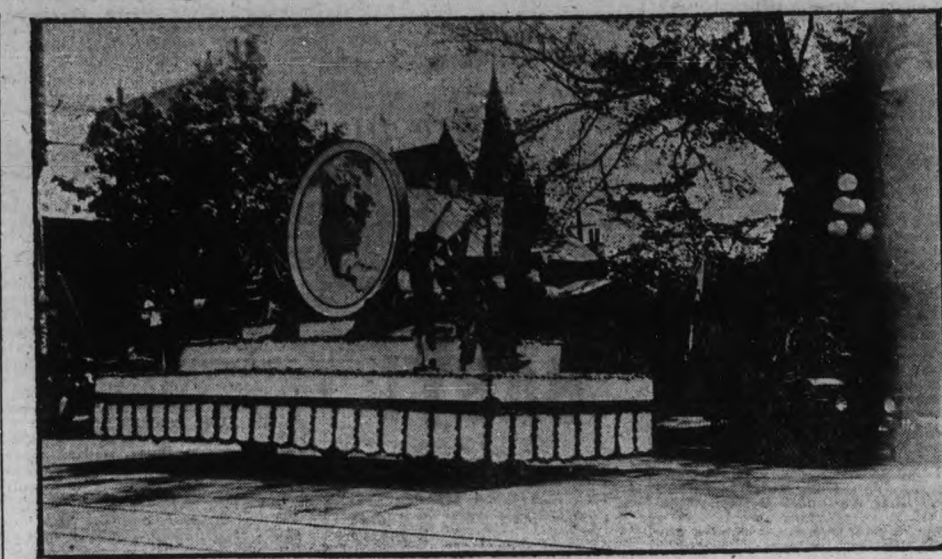

IN SIBERIA YOUNG RESCUED BRITISHERS

Canadian Red Cross Colonel Wrongly Reported Executed By Bolsheviki

Vancouver, May 25.—Receipt of a cable that the report of the capture and execution of Colonel Young in Siberia is unfounded has relieved the anxiety experienced by members of the Canadian Siberian Red Cross Relief Expedition who arrived here last night.

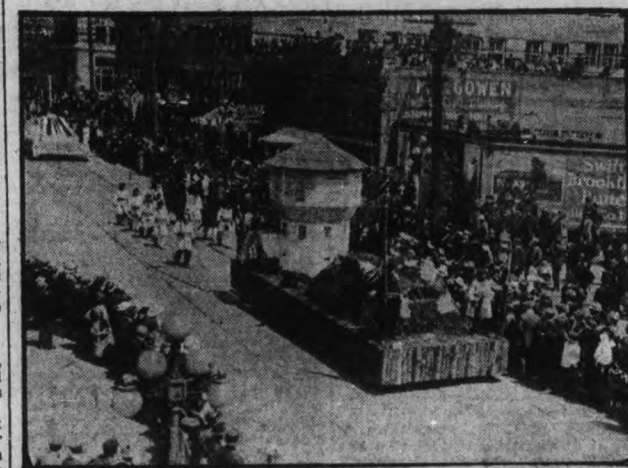

BRITAIN WINS A DAMAGE SUIT IN UNITED STATES

New York, May 25.—"King George of Great Britain and Ireland" was awarded \$2,752 damages in a \$125,000 suit brought on behalf of the British Government against Ernest Harrah, a New York steel broker, for alleged failure to deliver steel scrap as per contract for use in Italy during the war.

Monster Pageant Pleases Many Thousands Along Route of March Yesterday

Historical Street Parade Illustrates Story of Hudson's Bay Company and Resources and Potentialities of Country.

"Victoria people don't cheer like Canadians do in other Western cities," said one of the high visiting Hudson's Bay Company officers in an official car as yesterday's great historical pageant trekked over the Causeway and up through the Parliament Building grounds.

Massed humanity packed the Causeway, the grounds in front of the Empress and the lawns of Parliament Square to witness the 25th Hudson's Bay anniversary spectacle.

"The display is too good and they are too fascinated to have time to bother about letting their emotions loose and they fear they might miss something," said a woman who was nearby.

Along the four-mile route of the procession, jammed all the way with spectators, what cheering there was came out when the Boy Scouts and Boys' Naval Brigade bands and floats with persons known to individuals in the crowd passed by. All other demonstrations, besides the tooting of Klaxons, were confined to superlative and emphatic expressions of admiration for the display which the Hudson's Bay Company, with local public organizations, put on.

C. H. French, assisted by George I. Warren and Organizer Louis E. Wilson, got the parade started from the company's new building, Douglas Street, just after the City Hall Big Ben struck 11 o'clock. It took twenty-seven minutes for the procession to pass Yates and Douglas Streets. The first part which had gone along Douglas, up Fort to Vancouver and down Yates, reached Douglas Street just as the final division passed south to Fort Street.

Officials estimate that nearly 70,000 persons saw the pageant. Visitors had swarmed into the city for the holiday from other parts of the Island and the Province, and every Washington. Nearly everybody in Victoria was down town, on foot or in a car. "Tin Lizzy" that had not chugged since last Summer, were resurrected over Sunday and appeared in the swarms of cars with paternalistic at the wheel and his own and neighbor's children packed in every space of the car. Many cars took up their positions at street intersections at 9 o'clock, as police allowed no cars on the route of the parade.

Winnipeg, May 25.—Johnny Thelgen, aged five, died yesterday from injuries received in a collision between two automobiles, in one of which he was riding. A. C. Chasson, driver of the car, is held by the police pending inquiry.

DESCHANEL RESTS AFTER ACCIDENT

French President Did not Pre-side at Cabinet Meeting To-day

Paris, May 25.—President Deschanel, who was injured yesterday morning by a fall from a train near Montargis, spent a good night and his physicians issued a bulletin this morning saying his condition was as satisfactory as possible, although rest was needed.

Carranza's Funeral. In accordance with his of-repeated request the body of Venustiano Carranza was buried late yesterday afternoon in Dolores Cemetery, where, in the shadow of Chapultepec, the poorest of Mexicans have for many years found their last resting places.

Mexico City, May 25.—Adolfo de la Huerta, Governor of Sonora, who was named President ad interim of Mexico by the extraordinary session of Congress yesterday afternoon, will take the oath of office June 1, according to present plans.

WHEAT OUTLOOK IN INDIA IS BRIGHT

Season's Crop Estimated at 364,900,000 Bushels; Increase in Argentina

Ottawa, May 25.—Substantial increases in the grain crops of India and Argentina are estimated for the coming season by the International Institute of Agriculture. In a cablegram to the Department of Agriculture here, the Institute estimates the wheat crop of India for 1920 at 354,900,000 bushels. Last season's crop totaled 280,000,000 bushels, and the average for the five years 1914-1918 was 354,000,000 yearly.

The corn crop of Argentina is estimated at 258,692,000 bushels, compared with 224,000,000 bushels last year and a five-year average of 198,000,000.

Pyke to Organize Mothers' Pensions

Secretary of Returned Soldiers' Aid Commission Promoted to Important Work

George F. Pyke, who as secretary of the B. C. Returned Soldiers' Aid Commission achieved provincial-wide reputation as the counselor and friend of soldiers and the families of soldiers in trouble, and adjuster of their difficulties, has resigned to accept promotion in the Government service.

Mr. Pyke has been appointed to the office of Assistant Superintendent of Neglected Children, and will have charge of the operation of mothers' pensions in B. C. He will carry out the organization work and bring into operation this Mothers' Pension Act passed at the last session of the Legislature. His administrative office will be in Vancouver.

It was because of Mr. Pyke's administrative ability shown in his handling of returned soldier problems, especially in the way that they touch home life, that Mr. Pyke was chosen to fill the new office, those in touch with the appointment explain.

During the war and until the British Columbia soldiers had all returned home, there were few families in this Province which did not come more or less into contact with Mr. Pyke and his department. It was from his office here in the Parliament Buildings, that individual notices were sent out to relatives and friends of each soldier telling of the date of his arrival.

Bryan Says States Should Not Direct Affairs of Armenia

Takes Issue With President Wilson; Says Proper Course For Republic Is to Enter World League as Friend of All Little Countries.

Washington, May 25.—William J. Bryan took issue to-day with President Wilson on the question of an American mandate over Armenia, declaring in a statement that "any mandate is impossible."

The United States, Mr. Bryan said, could do more toward making the world safe for democracy, "or even for democracy in Armenia," by recognizing the Armenian Republic and entering the League of Nations "as the friend of all little countries."

London, May 25.—(Associated Press)—President Wilson's request that Congress sanction acceptance by the United States of the mandate for Armenia is attracting great interest here. The story was given much prominence in the morning newspapers, but the news was received too late for editorial comment.

NINE ARRESTED BY SEATTLE POLICE

Habit-Forming Drugs and Instruments Seized; Opium Worth \$2,500

Seattle, May 25.—Nine persons were arrested by the police and narcotics and implements for administering them were seized in four different localities last night and this morning. The police point to the big number of arrests as an emphasis of the fact that narcotic smuggling and use of narcotics have assumed large proportions in this city.

Included in the seizures were twenty-six one-pound cans of opium as it was being brought into this city this morning. This seizure has a value, at current prices, of about \$2,500.

Two of those arrested may be opium runners or smugglers operating between British Columbia and Portland.

NEW MEXICO AND HEARST MAGAZINES

St. Paul, Minn., May 25.—A temporary injunction issued by the United States district court in New Mexico, restraining the state Council of Defence and certain officials of that state from interfering with the sale and circulation of the Hearst magazines in New Mexico, was upheld by the United States Circuit Court of Appeals here to-day.

IRISH FARMERS' FREEDOM FORCE

Being Formed; Farmers Object to "Embargo" in Produce Exportation

London, May 25.—A dispatch to The Star from Dublin to-day reports the holding of a meeting there by the Irish Farmers' Union, which considered the draft of a plan for the formation of a country-wide body known as the Farmers' Freedom Force.

The dispatch to "The Star" continues: "The organization owes its inception to the embargo recently imposed by the Socialistic laborites against the export of pigs, bacon and butter to Great Britain, which the farmers claim will cause ruin to the farmers. The draft of the scheme sets forth that the new force is to provide a permanent organized body in every branch of the union and in every county area in Ireland ready for immediate action and capable of meeting forces by force where action by the existing Government is undesirable, unavoidable or unexercised."

Ottawa, May 25.—(Canadian Press)—The signing of a treaty at Washington between Canada, the United States and Great Britain covering the sockeye salmon fisheries of British Columbia follows on the investigation of the International Joint Fisheries Commission, which was appointed over a year ago to adjust matters of dispute on fisheries between Canada and the United States.

Three members were appointed from Canada and three from the United States.

New Canadian-American Salmon Treaty Signed

Washington, May 25.—A treaty between the United States and Canada covering the sockeye salmon fisheries was signed to-day by Sir Douglas Hazen for Canada, Ambassador Geddes for Great Britain and Secretary Colby for the United States.

The treaty provides for the protection, preservation and propagation of the sockeye species of salmon and for the fisheries in waters contiguous to the United States and Canada and in the Fraser River system.

THE WESTERN IDEA

Washington, May 25.—The United States Government's gross loss on operation of the railroads during Federal control was \$300,213,000, according to the final report of S. Sherley, Railroad Administration director of finance.

Of this total \$67,513,000 was chargeable directly to the excess of operating expenses over revenues and rentals for the "Class One" roads, Mr. Sherley said. Smaller lines, sleeping car companies and inland waterways added \$45,469,000 to this total.

The \$500,000 has been subscribed by outstanding individuals and corporations in both Eastern and Western Canada.

Seattle, May 25.—As a sequel to the gruesome career of James P. REPORT DENIED.

Rome, May 25.—Cardinal Gasparri, Papal Secretary of State, to-day authorized a denial of a report recently printed in Paris that the Holy See had requested that it be permitted to participate in the League of Nations and that the request had been refused.

"The Holy See never presented nor thought of presenting such a request," said the Cardinal.

MANSLAUGHTER CHARGE.

Oakland, Cal., May 25.—After a gun trap set in his office had exploded and killed Theodore Wieck, aged fourteen, F. L. Parker, manager of the Eureka Lumber Company, threw the body into the estuary. He later told the police of the crime. The body has been recovered and identified. Police say Parker will be charged with manslaughter.

SIR H. GREENWOOD'S NEW ASSISTANTS

W. A. Copp and Sir J. Anderson Act as Under-Secretaries For Ireland

London, May 25.—It was officially announced yesterday that Sir John Taylor had retired from his position as Under-Secretary of the Chief Secretary for Ireland, and was to be succeeded "during the present pressure of business," by W. A. Copp, second secretary to the Minister of Pensions. During the same period, Sir John Anderson, chairman of the Board of Inland Revenue, is to act jointly with James McMahon, as Under-Secretary to the Lord Lieutenant.

Sir John Taylor's retirement had been anticipated, though only a few days ago it was announced that his leave of absence had been extended for a month. He has forty years' service to his credit, and is looked upon by the Irish as one of those who maintained the old tradition of Dublin Castle.

Announcing the retirement of Sir John, The London Times said that his term extended back to the turbulent days of the '80's, and it was supposed the advice which he tendered was for drastic measures. His retirement, the newspaper added, would be regarded in Ireland as meaning a more lenient attitude toward Ireland.

New Men, New Methods.

The Daily Chronicle, Coalitionist Liberal, remarked that it was to the official world of London that Sir Hamar Greenwood, the new Chief Secretary for Ireland, turned to find men in whom experience of affairs might be united with freshness of outlook on Irish problems. Where old methods had failed, there was at least some hope for courage that tried new ones. Outlines of new methods, so far as they had been revealed, suggested a combination of stronger measures in some directions, with milder ones in others. It remained to be seen, it said, how far it was justified by realities.

New York Resolution.

New York, May 25.—A resolution urging the workers in England, Scotland and Wales to exert their political and economic power to the end that their Government "withdraw the army of occupation from Ireland and permit its people to pursue their lives peacefully under the form of government which they have lawfully expressed an opinion," was adopted at a mass meeting held here last night under the auspices of the Central Federated Union of New York.

WOMAN TO ATTEND PRESS CONFERENCE

London, May 25.—(Canadian Associated Press).—The only lady representative to attend the Imperial Press Conference in Canada will be Miss Mary Frances Billington, of The Daily Telegraph, who will officially represent the Society of Women Journalists, of which Viscountess Northcliffe is now president.

Miss Billington was president of the Society from 1913 to 1919, and did valuable work in helping to obtain permission for a few women writers to visit the bases and lines of communication in France in connection with the work of women during the war.

Miss Billington has been twice in India, but this will be her first visit to Canada.

No trace of Bergdoll has been found.

MANY LABORERS

NEEDED IN FRANCE

From 400,000 to 500,000 Needed For Work in Devastated Regions

Paris, May 25.—From 400,000 to 500,000 imported laborers are needed urgently in France for the devastated regions, according to the newly-created Superior Council of Materials and Labor, appointed by Jean Ogier, Minister of the Liberated Regions. It is calculated that France's pre-war force of 1,100,000 builders has been reduced by heavy war casualties and application of the eight-hour law to the equivalent of about 500,000, which is inadequate.

The new commission, which has been working unofficially for several weeks, has drawn up a programme to speed up the re-claimed machinery from wreckage will be utilized first, and then material capable of being manufactured on the spot where it is needed before bringing in products of other countries or importing men.

The departure of more than 200,000 Germans and the return home of many Chinese conscripts have produced the shortage of workers more acute.

The recent arrival of thousands of Polish laborers brought small relief and it is considered probable some arrangement will be made soon, which Germany will send unemployed men to France.

MOTOR ACCIDENT CAUSE OF DEATH

Montreal, May 25.—David McKerrow, forty years old, died in the Royal Victoria Hospital early this morning and three other persons are suffering from serious injuries following an automobile accident which occurred Sunday night near Napierville, Que., when the car left the road at a curve and turned into a ditch, throwing its six occupants into a nearby field.

JUDGMENT AWAITED.

Ottawa, May 25.—(Canadian Press).—The Supreme Court of Canada did not render its decision on the Board of Commerce reference when court reassembled this morning after the holiday recess. The Quebec list of cases is being proceeded with and will occupy the court for a week or so.

The pending judgment will define the jurisdiction of the Board of Commerce as a profit-fixing tribunal, based on the intra vires of the Combines and Fair Prices Act and the Board of Commerce Act, under which the Board operates. The Supreme Court may not give its judgment until the end of the present term. The judgments of each term are usually given all together at the end of the term.

SAANICH'S ROAD FENCES.

To the Editor.—I note in your issue of the 21st inst. a report of the "Saanich Council" dealing with the above subject. It states that they have taken legal advice upon having certain fences which now encroach upon the road allowance removed.

Now, I would like to ask through your columns, if it would not have been wiser on the part of the Saanich Council (before giving instructions to private individuals to remove their fences) to have rectified their own misdemeanor in regard to the same offence carried out on Sibley Street, which I am given to understand, the consent of the engineer and under the supervision of the road superintendent.

If the Council through its employees establish a precedent, then others cannot be blamed for following it.

A. E. HORNER.

PROFITEERING OR LACK OF BRAINS.

To the Editor.—Many of my customers have asked me why candies have gone up in price in the last few days, and they are informed that owing to the manufacturers' tax of 10 per cent. and the jobbers' tax of 1 per cent. fewer are to be obtained for the children for 10 cents.

The fact is distinctly pointed out in the press that the manufacturers only pay 10 per cent., but yet the Inland Revenue Officer has instructed the jobbers to collect the 10 per cent. tax on goods already in their possession, some of which has been stored for months.

It does not take a very intelligent person to see that the more the wholesaler had in stock on the 1st inst., the larger the amount of money that somebody will stand to make by collecting 10 per cent. as by no wording of the Act are the jobbers entitled to receive it.

Hope that the Inland Revenue Officer will stand to make by wherefore through the press, I remain "CURIOUS."

A CALL FOR ACTION.

To the Editor.—During a recent trip through the most populous part of Alberta and Saskatchewan, I was much impressed by one, the unlimited possibilities of production and development; the other, the fact that permanent home making was not an ideal entertained by the great mass of the population. Sooner or later they look for a fairer country, mostly to the West, where they can get a better life than they have so lavishly bestowed upon them.

Two points in the West are ever contrasted, Victoria and California. Much dissatisfaction was expressed with the latter, and almost invariably preference was given to Victoria, but—and here is the rub—"We find nothing to do, no amusement during rainy days. Keep us busy and we will spend our winter vacation with you."

With the wealth of the Northwest knocking at our doors, we are still asleep. Victoria needs no advertising. She is known and appreciated for what Nature has done for her, and despised and neglected for what man has not done.

The problem is simply stated: Give our winter visitors entertainment and our housing facilities will have to be doubled within one year. Make the winter attractive for three months and the wealth of three Provinces will come to us in permanent residents.

Here is the normal solution of a bankruptcy future. Let our city fathers "read, mark, learn and inwardly digest."

RE GOLF LINKS.

To the Editor.—With a persistence worthy of a better cause, the advocates of this referendum have prevailed upon the Legislature to pass a statute making the referendum carry by a bare majority, after being defeated at the January elections, when they made a strenuous canvass for the Golf Links By-Law, which required a three-fifths vote to carry it.

The effect of this statute is to take away from the owner of real property the most valuable safeguard he had, establishing a bad precedent. For instance, why should not tennis, baseball, football, lacrosse, hockey, cricket, etc., etc., get the same support by the same

CANADIAN MAJOR PRAISES TANLAC

Former Member of Mounted Police and Overseas Officer Says It Restored Him to Splendid Health

"I have tried Tanlac with entire satisfaction, and I give it my unqualified endorsement." Was Park's statement made a few days ago by the Sed Park of Victoria, B. C. Before the war Mr. Park was connected with the Royal Northwest Mounted Police, and during the war rendered valiant services as a Major in the Canadian Expeditionary Forces in France. He received his honorable discharge from the army six months ago, and has since been engaged in Government service.

"For the past two years I have been in bad health, which was brought on by a chronic case of stomach trouble," said Major Park. "My appetite was practically gone, and I ate very little of anything, for I could hardly find a thing I could digest. Gas would form terribly on my stomach, and give me a heavy, bloated feeling and cause my heart to palpitate so bad it was hard for me to breathe. I was troubled with constipation, and had to be taking laxatives every few days. I had awful headaches regularly every other day, and many times I wasn't able to go to work. While in France I was shell shocked, and my nerves were simply a total wreck, why, the least unexpected noise nearly drove me frantic. Of course, it was hard for me to get to sleep at night, and the little rest I got was disturbed by terrible dreams. My back, too, was weak, and pained me constantly.

"A few weeks ago I started taking Tanlac, and I am surprised how fast it has built me up. I feel better and stronger in every way and am simply enjoying the very best of health. My appetite is fine, and I don't have to be careful about what I eat now for everything digests properly. I am not troubled with constipation or headaches any more, and my back never pains me. My nerves are much quieter and steadier, and I sleep fine every night. Tanlac is a dependable medicine, and deserves all the praise people everywhere are giving it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Local improvements were floated on us by a bare majority, except when the Council used its power of initiative for about two millions. "Once bit, twice shy." It is claimed for this referendum: 1. That it will be a thing for city, attracting people to come. 2. That it will be a paying institution and make money for city. 3. That it is a woman's game. It is claimed against the referendum: (a) There are four links already adjacent to city to attract people. (b) That it will pay in mere conjecture; with municipal management chances are dead against it. (c) In the main, it is a leisure class game, not a workingman's. Let us leisure class pay for it. (d) The game gives the least entertainment to the people at large, having little or no interest for spectators. (e) Ratepayers overloaded now for necessities, no money for frills or favorites. Every ratepayer who believes in the principle of a margin of safety for his property, contained in the three-fifths vote provision on money by-law, should vote against the referendum, for while it is proposed to provide the money out of current revenue and not by borrowing, the effect is the same, it comes out of the ratepayer.

Under our system of voting, a majority of those who vote is not representative of all who vote, for of the 8,883 property owners entitled to vote only less than 22 per cent., or 1,918 votes were cast for, and 1,895 against the Link By-Law, hence the necessity for the margin of safety to protect absentees and those who refrain from voting because they do not understand what is proposed, or for other reasons.

Whilst we pretend that we are governed by the people, that majority rules, the whole "ought to, shall and must rule," the preceding paragraph illustrates what a humbug it is. As a further illustration, only one member in our Legislature has a majority of all on the list in his district, only eleven others have over 40 per cent., and only another eleven have over 20 per cent.

There is a technical point that may nullify the referendum which the Legislature authorized April 16, passing the following section of an amendment to the Municipal Act on April 17: "Section 20, sub-section 1. No by-law to which the assent of the electors is necessary shall be valid or have any effect unless the votes polled in favor thereof be at least three-fifths of the total of the votes polled, exclusive of those which may have been rejected, on any of the grounds specified in section 79 of the Municipal Elections Act."

It is admitted that what the ratepayers want is a rest from being raided until such time as they have a chance to recover from the iniquitous load of local improvement taxation.

That what the workingman wants is work, not golf.

PORT ALBERNI MADE OBJECTIVE OF NEW TOUR

Vancouver Island is expected to gain greatly with the inauguration by the Canadian Pacific Railway of a new tour from Seattle to Port Alberni, which has just been started as a combined water and rail trip. Commissioner Thomson, of the Development Association, has for some time past been advocating the establishment of a special tour to Alberni, as a trip which would be very attractive to visitors to the Coast.

Tourists making the trip will come over from Seattle on the regular ferry, spend a day in Victoria, and take the Princess Maquinna for the trip to Port Alberni. The return journey to Victoria will be by rail, and the ticket provides for unlimited stop-overs and thirty days in which to make the round trip.

THE DRY DOCK.

Once more the warning is thrown out that the Dominion Government may not proceed with the construction of the dry dock at Esquimalt because some of the members on both sides of the Federal House have come to the conclusion that only those expenditures upon which an immediate return is practicable should be incurred at the present time. The sentiment is a commendable one and its application in practice on numerous occasions during the last few years would have saved the taxpayer of this country a good deal of the load he is now carrying. But it must be remembered that this particular undertaking is part of a policy laid down nearly ten years ago, the prosecution of which was delayed merely by the outbreak of hostilities in 1914. Moreover, the work is neither an extravagance nor a luxury. And there is not the slightest reason why its eventual operation should not include business of sufficient profit at least to defray the cost of maintenance and gradually to reduce the initial liability. Indeed, quite apart from its national significance as a component part of the country's naval policy the undertaking should not now be divorced from the country's reconstruction programme. The necessity to provide employment in the capital city of the Province—whose repatriation task has been made a great deal more difficult by the enormous number of men who have returned to but who did not go from British Columbia—must be taken into consideration. Any change of policy at this stage will be met with strenuous protest from the people of this city.

"SOCKEYE TREATY" SIGNED.

Of particular interest to British Columbia's salmon fishing industry is a dispatch from Washington announcing the signing of a treaty between the United States and Canada providing for the better regulation of sockeye fishing in the Fraser River and adjacent waters. The general provision of the treaty in question is the authority it bestows for joint regulation in the matter of closed periods which have been deemed essential to prevent depletion and eventually to restore the annual run to its normal volume. In future, therefore, there will be enforced a longer closed season generally, a shorter fishing week, and a longer closed seasonal period. The treaty similarly provides for the establishment of an international commission composed of two United States and two Canadian representatives whose duty it will be to examine into conditions surrounding the salmon fishing industry, to observe the effect of the new regulations, and to recommend to their respective Governments such amendments to the treaty terms as may be considered necessary from time to time.

It will be understood that the treaty signed to-day is the official recognition and adoption of recommendations made by the International Fisheries Commission which sat in this Province in the Winter of 1918. It was signed more than twelve months ago, but it was withdrawn from the United States Senate for the correction of a somewhat anomalous constitutional point dealing with infractions of its terms. To-day's announcement, however, indicates that the necessary modification has been effected to the mutual satisfaction of the two high contracting parties, while the signing of the treaty may be taken in part as the successful culmination of a great deal of research and expert examination carried out by the Provincial Department of Fisheries under the Hon. William Sloan and Mr. John P. Babeck, the latter of whom has been unrelenting in his warnings that only the most drastic course would save the famous Fraser "run" for posterity.

THE ARMENIAN MANDATE.

It is very probable that popular sentiment in the United States is just as averse to foreign commitments to-day as it was a little over five years ago when one of the foremost American periodicals congratulated the country upon its isolation from the European conflagration, and from the diplomatic usages which it held responsible for continued strife between the peoples of the Old World. On account of that very natural and peculiarly American point of view—not to mention the political considerations of the moment—it may be supposed that Congress will hesitate before accepting President Wilson's suggestion that the United States assume the mandate for Armenia. Should the President be successful in obtaining the sanction of Congress it would be tanta-

mount to an implied endorsement of the covenant of the League of Nations; hence it is hardly likely that the reservationists would be prepared to retreat from such a very definite attitude—an attitude especially cultivated and cared for in order that its full fruits might be available throughout the coming election campaign—to satisfy a practical manifestation of the President's own consideration for the people of Armenia. Nevertheless, whatever fate may await it, Mr. Wilson's proposal to Congress is an evidence of his own desire to see the United States assume more than the role of spectator in connection with world affairs.

It is to be feared, however, that his personal interest in Europe's fate—politically and financially—will not dampen the ardor of his opponents whose appetite for political capital has been designed to create an increased sentiment in favor of splendid isolation. At the same time very considerable interest will centre in the action Congress takes towards the President's suggestion.

ORIENTAL TRADE.

During the last twelve months several parties of American businessmen have passed through this city on their way back from the Orient. Their mission invariably has been one of personal examination into the possibilities of trade extension between the peoples of China and Japan and the United States. In every instance they have returned convinced of the fact that he who goes after the business can get it. That conclusion bears out the warning given to the manufacturers of this country by Sir Edmund Walker a few months ago after his own investigation of the Oriental field. When he passed through this port Sir Edmund laid particular emphasis upon the fact that if Canada is desirous of extending her business relations with China and Japan—and where could she have a better or nearer field for those products in which she holds a virtual monopoly—her business men must enter the Oriental market with a personal knowledge of its demands. Obviously, our enterprising neighbor to the South has been quick to detect the value of personal contact with his prospective customer. The inference is obvious: If the Canadian manufacturer wants the business, he must organize for a working tour of this rich field of possibilities.

NOTE AND COMMENT

We are under the impression that when General Sir Arthur Currie returned to Victoria in the fall of last year time did not allow the preparation of the customary illuminated address and the words of welcome were read to Victoria's distinguished soldier from a modestly typewritten folio. Now that Sir Arthur has agreed to an early translation from his military duties to the Presidency and Vice-Chancellorship of Canada's notable seat of learning, it is fitting that the expression of welcome which marked his homecoming to the city of his earlier adoption should compare favorably with the numerous documents presented to him during his triumphal journey across the country. No doubt the matter has escaped the attention of the City Council for the moment.

Victoria's teaching staff has invited the Board of School Trustees to consider its application for a general increase in salary amounting in the aggregate to seventy thousand dollars. The figure in the Board's estimate for the additional cost of teachers' salaries during the current fiscal year does not exceed seven thousand dollars. It will thus be seen that the demand is exactly ten times greater than the supply. Until the joint conference has taken place this evening it will not be possible to learn whether some sort of a compromise is likely to be reached. In the meantime, however, it may be supposed that wise counsels will prevail and that nothing will be done calculated to prejudice the new condition in the settlement of which a number of important considerations of especial interest to the educational future of this city might become disadvantageously involved.

With the exception of the farmer and not a few mothers in the community the general desire undoubtedly was that daylight saving should have been adopted this year. To be satisfactory and to avoid confusion, however, an arrangement of this kind must be national in its application. Vancouver's adoption of the plan is not sufficient reason for Victoria to follow suit, and the authorities here would be wise to hesitate before committing themselves to any procedure which might be irritatingly confusing to the frequently arriving tourists from the other side of the border.

OTHER NEWSPAPERS' VIEWS

A QUESTION OF OUTPUT. (The Regina Leader.)

If a few of the outstanding men in the ranks of Labor were to boldly say to their comrades: "We are wholeheartedly with you in your demands for high wages, reasonable working hours, and proper living and working conditions, but when our employers meet these demands, we, in turn, are going to give them the best service, to the end of producing the largest possible output," a very rapid betterment in all economic conditions would be brought about. Such a policy on the part of the workers would create a tremendous revival in industry; more, not less, employment; and the resultant increase in output, would operate to bring down the costs of living which to-day are nullifying to a large extent the increase in wages which has taken place.

LLOYD GEORGE'S PAEAN. (The New York Times.)

Lloyd George's speech in celebration of the San Remo homecoming was a masterly prose paean. The British Prime Minister brought back sheaves and garlands. So, according to his testimony, did every other major participant in the conference. "As far as I can see," he told the House of Commons, "everybody is satisfied with what happened and everybody is convinced that he did it." It was like the fourth act of a play with a happy ending. What quarrels there were in the other acts were only preliminary to the great curtain renewal of solidarity of affection.

PYKE TO ORGANIZE MOTHERS' PENSIONS

(Continued from page 1.)

Government officials also explain that Mr. Pyke is well qualified for the administering of mothers' pensions through his experience in the distribution of the Provincial relief fund. For the last year his principal work has been the handling of the \$250,000 voted by the Legislature for the assistance of dependent soldiers who are in financial or other trouble.

Praised By Soldiers.

"There is no name better known among returned men and their families than that of George F. Pyke," said one high Government official. "He has been in close touch at one time or another with 85 to 90 per cent. of the returned men of British Columbia. His successful work has resulted in him being the recipient of many expressions of praise and also expressions of regret that he is giving up the soldiers' work."

Mr. Pyke went overseas in 1916 as Quartermaster Sergeant of the 196th University Battalion. He came to Victoria two years ago from Vancouver to take the commission secretaryship. Before he enlisted he owned The Cogitiam Star.

R. D. Smith Succeds.

Leaving his office at the end of last week, his staff, who have cooperated with him and sacrificed their evenings and holidays during the soldier return rush so that relatives might have early news, presented him with a walnut silver mounted cane. R. Donald Smith has been appointed to succeed Mr. Pyke in the Soldiers' Aid Commission work. He was an aviation pilot, going overseas in November, 1917. Before that he was for six months in the Department of Education. He came to Victoria from Grand Forks just before enlisting. He has been under Mr. Pyke since he returned from overseas in July, 1919.

Suicide Report.

Colonel Adolfo Herrera, leader of revolutionary forces, on whom responsibility has been placed for the death of Carranza, has telegraphed to army headquarters here that the President committed suicide rather than surrender.

In the Carranza camp at Tlaxcalantongo, the telegram stated, forty prisoners were captured. Some of these were later released, but eleven generals were placed on board the train that brought Carranza's body to this city, but were taken off before reaching this city. They are said to have been taken to the prison at Santiago Tlatelolco.

Assassinate.

Vera Cruz, May 25.—Reports of an autopsy performed on the body of Venustiano Carranza failed to agree with the claim of Rodolfo Herrero that the President committed suicide rather than be taken captive. It is asserted in official quarters here. Surgeons who conducted the autopsy, it is declared, found Carranza had been struck by two rifle bullets, one of which penetrated his breast and the other his abdomen. The bullets entered from in front and it was the conviction of those who saw the body that the President had been assassinated, it is said.

Villa.

El Paso, Tex., May 25.—Whether or not General Francisco Villa will consent to retire in conformity with the demands of the revolutionists to-day was a question on which a reply from the chief of state is eagerly awaited. In the meantime revolutionary forces in numbers are being sent to points of vantage, ready to take the field against the Chihuahua military leader in case his answer should be unfavorable.

BIG STEEL MERGER IS INCORPORATED IN NOVA SCOTIA

Halifax, N.S., May 25.—The British Empire Steel Corporation was incorporated under the Joint Stock Companies Act of Nova Scotia Saturday afternoon, and subsequently the Provincial charter was issued by the Provincial Secretary. The capital of the company is \$500,000,000. Its registered office will be in Sydney.

The British Empire Steel Corporation first sought a Dominion charter, and application was made for incorporation to the Dominion Government under the Dominion Companies Act. That application has been abandoned and the Corporation, the second largest in the world, started its career under a Nova Scotia charter.

This will more closely identify its interests with Nova Scotia, and incidentally it means an additional \$75,000 to the revenue of the Province, which is the amount of the fee which the Corporation has to pay for its charter. This is believed to be the largest fee ever paid in Canada, for

NO AFFILIATION. London, May 25.—(Canadian Associated Press)—A resolution came up before the annual conference of the National Federation of Discharged and Demobilized Soldiers that the Federation should work with the Labor Party. The proposer said the Federation was going steadily downward, its programme being too narrow. The resolution was negatived, the question of affiliation with any political party being referred to a special ballot.

LIQUOR WAREHOUSE PLAN IN ALBERTA Calgary, May 25.—A further extension of six days was granted the wholesale liquor warehouses on Saturday, according to advices received from the Attorney-General's Department at Edmonton. This makes a total extension of eighteen days and there is a growing feeling among the more prominent liquor wholesalers that the present action of the Government is but a forerunner to the recommendation to the Dominion Government for the granting of five or six bonded warehouse licenses to the leading houses operating in the city. Since the original closing order of May 12 a number of the smaller wholesale houses have closed.

**CAME OVERLAND BY
OLD OREGON TRAIL**

Ezra M. Meeker, Nonagenarian Pioneer, Is Visitor in City

From prairie schooner to airship. That is the story Ezra Meeker, pioneer of the Oregon Trail, is able to tell in his ninetieth year, on the present occasion of his visit to Victoria, for the Hudson's Bay Company's pageant yesterday.

This veteran of veterans, a pioneer of the old Oregon trail, has received widespread fame for his accounts of the prairie schooner parties who pushed their way from the Middle West to the Pacific Coast, and also for his remarkable trip in 1906 to mark with memorials the abandoned trail overland. It was no light thing for a man seventy-six years of age to undertake, and his fame was sounded in every city from the Pacific to the Atlantic.

Writer and Story Teller.
Mr. Meeker has not only achieved fame as a pioneer of the neighboring state, but he has written most entertaining books, and has the genius of a story teller which makes out of the experiences of those pioneers, a story of striking interest. It is not only of those who lived to come through to the evergreen coast that he has told, but he has paid the tribute of a cherished remembrance to those who laid their bones in the wilderness side by side with the oxen.

Mr. Meeker was born of New England stock at Huntsville, Hamilton County, Ohio, on December 2, 1830, his father being Joseph R. Meeker, who had married Phoebe Baker. When Ezra was a boy of nine the family moved to Franklin County, and in 1841 went to Indianapolis, where he had the only opportunity he received of a scholastic education in a short attendance at the common schools of the city. Mr. Meeker has said in some of his later writings that he educated himself largely by reading good newspapers. In 1851 he went to Iowa, and on May 13 of that year married Eliza L. Sumner. He was looking for land to locate. The winters were cold and gloomy accounts had come through of the more fertile valleys and more hospitable climate of the Pacific Coast, so he decided to make the journey.

Memorable Journey.
He started at Eddyville with his young wife and baby, the ox team consisting of one wagon, with two yoke of four-year-old steers, one yoke of cows, and one extra cow. That cow was the only one lost during the trip. They effected a crossing of the Missouri River, near where is situated Council Bluffs, Iowa, on a scow and made the passage by way of the North Platte and the Bear River to Fort Hall, thence down the Snake River, and the Columbia to Portland, Oregon, where they arrived on October 26, 1852.

Mutual Protection.
Mr. Meeker relates in one of his books called "The Ox Team on the Old Oregon Trail, 1852-1856," the incidents of that journey. The story of the ox teams which traveled in cavalcade for mutual protection, reads very similar to the tales of the trekking of the Boers north of the Vaal. Instead of having to deal with hostile bushmen, the parties were faced with fears from the Indians, but it was the nature of the country rather than the terror of its inhabitants which concentrated in blood the overland trail. He estimates that at least ten percent died. The trials of the emigrants as the teams became weaker and the ravages of the cholera took their toll, are such as to stir the imagination looking back over the vista of years.

Summary Justice.
He bears testimony to the everlasting dust as the ox teams made their way across the prairie and through the mountain fastnesses. Always there preceded an advance party to spy out the land for water, grass and fuel, the three essentials. The loneliness of the all-night vigil is graphically told by Mr. Meeker. They dealt out summary justice, did those pioneers seeking a promised land beyond the mountains. Mr. Meeker tells of a man being hanged for some criminal act, just as the Vigilantes dealt with criminals in San Francisco. The Council of Elders then made provision for the wagon of the executed man to be driven by another, and his wife and family safely delivered to the journey's end.

Mr. Meeker's party spent a week resting at Portland, they then went to St. Helen, where they remained three months. He stakes a claim where now the town of Kalama, Washington, stands, then he sold this and came to Puget Sound. He sent his wife in a canoe by the Cowitz River to Cowitz Landing, and thence by ox team to Olympia. He settled at Stellacoom in 1853, engaging in merchandizing. In 1862 he removed to Puyallup, where he secured a homestead. In 1867 he engaged in hop raising and became a leading grower. He went into partnership with his father, who had started in business two years before, and in 1868 returned to his business as a merchant, which he conducted till 1884, when he sold out to his son. He became interested in the Puyallup Hop Company in 1891, of which he became President.

At Expositions.
Mr. Meeker has been connected in various ways with all the leading expositions of recent years, and was commissioner in charge of the Washington exhibit at New Orleans. It was while taking part in the Lewis and Clark Exposition at Portland he conceived the idea of going back with an ox team over the route. Although seventy-six years of age at the time (1906) he refused to listen to the advice of friends who told him that he would die on the trail. He left Puyallup and achieved his object, succeeding in having monuments placed at intervals along the route to mark the track of the pioneers. The wagon contained part of the original vehicle in which he transported the family in 1852. Of late years Mr. Meeker has devoted himself to compiling stories of pioneer life.

For Women At Home

Social Personal

The marriage took place quietly Saturday morning in Vancouver of Miss Viola L. Van Deusen, daughter of the late Robert Van Deusen, and William H. Logan, only son of Capt. and Mrs. W. H. Logan, of Victoria. The ceremony was performed by Rev. Mr. MacKenzie. The bride wore a smart tailored suit of dove grey broadcloth with a most becoming hat of grey fur de chine faced with old rose. Both the bride and bridegroom were unattended, and after the ceremony a luncheon was held in the immediate vicinity. Mr. and Mrs. Logan left later by motor for Seattle, where they will spend a brief honeymoon. Upon their return they will reside on Matthews Avenue, Shaughnessy Heights, Vancouver.

The wedding was celebrated on Empire Day at the residence of the officiating minister, Rev. Dr. Campbell, of the late Janet Logan Percy, daughter of the late George Percy, of Kaimrat, Kelso, Scotland, and Mrs. Lowrie, of Cowichan Station, and Frederick William Barker, of Cowichan Bay. The bridegroom was accompanied as groomsmen by Mr. William John Lowrie. The bride wore a becoming turquoise colored suit, with white picture hat and was attended as bridesmaid by her sister, Miss Louise J. L. Percy, who wore a suit of grey serge. Mr. and Mrs. Barker, after their return from a honeymoon trip, will make their home in this city.

The grounds at Mrs. Crow Baker's charming residence on the George accommodation a large number of spectators on Empire Day. The proceeds of the admittance charge will go to the Victoria branch of the Navy League. The Boys' Naval Brigade band played lively airs during the afternoon, and added much to the enjoyment of the occasion. Mrs. Mortimer Appleby and Mrs. W. M. Hotham served tea.

Active preparations are being made for the lawn fete to be held under the auspices of the Navy League, on June 26, in the grounds of "Gonzales." A special feature will be dancing in the house. Golf, croquet, and clock golf will provide entertainment on the lawn, in addition to the usual booths and garden fete attractions.

Mrs. V. S. MacLachlan, Provincial Secretary of Women's Institutes, will leave tonight for the Mainland, where her first address will be to a meeting at Langley Triangle, Milner. Mrs. J. H. MacGill, magistrate of the juvenile court in Vancouver will be the other speaker. Mrs. MacLachlan will go on to Salmon Arm, Vernon, Nelson and other points in the interests of the Women's Institutes.

On Saturday afternoon at 628 Harbinger Avenue, Miss Lillian Derbyshire and Mr. Albert Burton united in marriage by the Rev. B. H. West. The newly married couple are spending their honeymoon at Shawanigan Lake. Mr. and Mrs. Burton will reside in this city.

Dr. Stowe Gillen, of Toronto, the first woman to take a degree of medicine, is the guest of Miss Margaret Bayne, superintendent of the Provincial Girls' Industrial School in Vancouver.

Mrs. Frank Higgins, who has been visiting her parents at Clarkston, Wash., and friends in Spokane, returned to the city on Saturday.

Stores Commissioner H. E. Burdick, with Mrs. Burdick, were in the city yesterday for the Hudson's Bay Company's pageant.

Mr. and Mrs. Newton Burdick, formerly of Victoria, and now of Vancouver, spent the holidays on Vancouver Island.

Major H. H. Wise, of Winnipeg, and Lieut. H. W. E. Pepler, of Toronto, are guests at the Empress Hotel.

Mrs. Fullerton, of Vancouver, spent the week-end in Victoria visiting her son, who is at the University School.

Mr. and Mrs. Devereux, of Vancouver, are registered at the Empress Hotel.

Mr. and Mrs. J. S. Braidwood, of Vancouver, are guests at the Empress Hotel.

Song Recital

Anticipated by Music Lovers
There is keen anticipation in musical circles of the concert to be given next Thursday at the Empress ballroom under the patronage of the Victoria Ladies' Musical Club. The Elizabeth Douvan, who will be heard in song recital, is a lyric soprano who won for herself an enviable reputation in Vancouver. She has recently completed her studies with Mrs. Sembrich in New York, and it has been said of her that she has absorbed that golden Latin proverb, "Summa ars est celare artem," which means literally an active concealment of the means by which one makes effects, her best work being done with effort.

R. H. GREEN WEDS PERTSHIRE GIRL

War Romance of Victoria Lawyer Culminates in Fashionable Scottish Ceremony
Aberthrie, Meigie, Perthshire, Scotland, April 28. — (By Mail) — Robert H. Green, of Victoria, son of R. F. Green, M.P. for West Kootenay, B.C., and Miss Margaret Gordon Thompson, younger daughter of Mr. and Mrs. S. Thompson of the Grange, Meigie, were married to-day at the South U. F. Church, Alyth. They are leaving for Canada after a honeymoon in the Northern Highlands and will take up their residence on Vancouver Street, Victoria, early in June.

Ball Concludes Gala Festival

Leading Citizens Gather at Brilliant Social Function
As a fitting climax to Empire Day festivities, the ball at the Empress Hotel last night in honor of Sir Robert and Lady Kindersley concluded with a brilliant spectacle, the gala events which had marked the day. As fireworks illuminated the harbor and the streets were thronged with people witnessing the last of the festival, the ball was a most successful gathering of Victoria's best known citizens assembled at the Hotel in response to the invitations of the Hudson's Bay Company, Mr. Charles H. French.

Over a thousand invitations had been sent out, and the ballroom, room and rotunda were crowded to capacity, the entire ground floor having been given over to the guests. While many spectators took the opportunity to obtain a glimpse of the pretty scene and the many smart dresses which were a feature of the occasion.

The gathering included many pioneers of the city, though in the assembly were many of the younger generation, who enjoyed to the full the dancing which an excellent programme provided. Thought the sitting-out arrangements were admirably arranged for the comfort of all guests, it was noticeable that almost all took advantage of the opportunity to dance.

Sir Robert and Lady Kindersley, Miss Kindersley and Mr. Hugh Kindersley arrived soon after ten o'clock. In the party were His Honor the Lieut.-Governor, Judge and Mrs. Lampan, Mr. Basil Friswell, J. S. Bennett, and Mrs. Kindersley wore black panne velvet with diamond ornaments, and Miss Kindersley was in white.

The colors of the Hudson's Bay Company, blue and gold, lent themselves admirably to the decorative effect in the ballroom. Festoons of blue and gold hung low across the ceiling, while flags struck a brilliant note of color about the walls. A buffet supper was served in the dining room at midnight, and light beverages were served all the evening in the palm room. Nothing had been overlooked for the comfort of the guests.

Among those present were: Brig.-General Ross, G. O. Mrs. Ross, Mr. and Mrs. F. Pemberton, Mr. and Mrs. Curtis Sampson, Mr. and Mrs. J. J. Shalleross, Colonel and Mrs. Humble, John Cochrane, Mr. Justice Martin, Professor E. H. Russell, Professor Fred Wood, Mr. and Mrs. Cuthbert Holmes, Mr. and Mrs. Herbert Kent, Mrs. S. F. OBITUARY RECORD

The death occurred on Saturday at St. Joseph's Hospital of Walter Henry Paul, aged 68 years, who was born in Somerset, England, and was a resident of Duncan for the past thirty years. The late Mr. Paul is survived by one brother in Duncan, one brother in England and two sisters in Texas. He was a member of Queen Alexandra Lodge, Sons of England. The remains are resting at the Sands Funeral Chapel, and were forwarded on Sunday to Duncan, where service will be conducted to-day.

The death took place on Monday, May 24, at St. Joseph's Hospital, Joyce Mary Harris, little daughter of Mr. and Mrs. Ernest Somerset Harris, of 1072 Davis Street, aged three years and eight months. She is survived by her parents and three

brothers and two sisters. The remains are resting at the Thomson Funeral Home, and will be removed on Wednesday morning, May 26, to the family residence, whence the funeral will take place at 2.30 p.m. Rev. H. V. Hitchcock, of Parksville, will officiate. Funeral will be private.

The funeral of the late Mrs. Josephine Victoria Grice, the beloved wife of Mr. J. E. Grice, of 2109 Vancouver Street, who passed away on Friday afternoon at her home, took place this afternoon from the Sands Funeral Chapel. Rev. H. S. Osborne officiated. The late Mrs. Grice was a member of Camosun Chapter, I. O. O. E., and Victoria No. 1 Mac-cabees, under whose auspices the funeral service was held. Interment was made at Ross Bay Cemetery.

The death occurred this morning of Mrs. Mary M. Blackett, widow of John C. Blackett, in her 92nd year. She was born in Sidney, N.S., and was a resident of this city for the

It's in the Years to Come That You'll Appreciate Good Teeth

It is always safe to visit your dentist in doubt about your teeth. There may be no need for attention to your teeth, but one never knows. And no reputable dentist today will induce a visitor to his offices to have unnecessary work performed. You needn't be afraid on that score in this office. The point is, that it is better to have your teeth carefully examined so as to be in possession of the real facts, rather than to neglect them and have to suffer later on.

The corrective service we perform is safe, efficient and moderate in cost. Our work is honestly produced—the greatest attention is given to details—the ten-year guarantee which this office is famed for, is presented to each patient. The prices we ask are truly reasonable. Details of Excise Tax Are Now Made Public

Schedule of Imposts to Be Collected by Retailers Arrives; Stamp Taxes and System of Accounts Fully Explained.

Collector of Inland Revenue Richard Jones has this afternoon received the following schedule of the new excise taxes and instructions as to the system which retailers will be required to adopt in making their returns and collecting the imposts from customers under the new Federal taxation. Stamp taxes and other information is also set forth in detail.

The schedule attached to the notice of motion of Sir Henry Drayton, in full, is as follows:

1. That the following excise taxes be imposed, levied and collected on the total purchase price of the articles hereinafter specified, and on articles of clothing the said tax may be imposed upon the combined selling price of materials and cost of manufacture when sold separately:

Ten Per Cent.
(a) A tax of ten per cent. on Boots, shoes, pumps and slippers of any material (not including shoes or appliances made to order for persons having a crippled or deformed foot or ankle) in excess of \$9 per pair.
Hats, men's and boys', in excess of \$5 each.
Caps, men's and boys', in excess of \$2 each.

Carpets in excess of \$3.00 per yard.
Curtains, including tapestry curtains, in excess of \$7.50 each.
Chandeliers, except for churches.

Articles commonly or commercially known as jewellery, whether real or imitation, for personal use or for adornment of the person:
Fifty Per Cent.
(c) A tax of fifty per cent. on: Articles of gold not otherwise provided for in his resolution adapted for household or office use.

2. That the excise taxes as imposed by the preceding resolution shall be paid by the purchaser to the vendor at the time of sale for consumption or use other than for resale, in addition to the duties of customs already imposed, and by the vendor to His Majesty in accordance with such regulations as may be prescribed.

3. That the following excise taxes be imposed, levied, and collected on the articles hereinafter specified, namely:
Ten Per Cent.
(a) A tax of ten per cent. on: Boats, yachts, canoes and motor boats. Provided that on satisfactory proof being furnished that these articles will be used only for trading or commercial purposes a refund of the amount paid under this resolution shall be granted.
Cameras weighing not more than 100 pounds.
Candy and confectionery.

On champagne and all other sparkling wines.
(i) A tax of fifty cents per gallon:
On lime juice and fruit juices, fortified with or containing not more than twenty-five per cent. of proof spirits not otherwise provided for in this resolution.

In Addition to Duties.
4. That the excise taxes as imposed by the preceding resolution shall be payable in addition to the present duties of excise and customs at the time of sale by the Canadian manufacturer when imported, but shall not apply to such articles when exported, and shall be accounted for to His Majesty in accordance with such regulations as may be prescribed.

5. That every person selling or dealing in the articles upon which taxes are imposed as prescribed by the foregoing resolutions may be required by the Minister to take out an annual license therefor, for which license a fee not exceeding \$2 shall be paid.

6. That the provisions of the said foregoing resolutions shall be deemed to have come into force on May 19, 1926, and to have applied to all goods mentioned therein imported or taken out of warehouse for consumption on and after that day, and to have also applied to goods previously imported for which no entry for consumption was made before that day.

7. (a) That a tax of one per cent. in addition to the present duties of excise and customs imposed and levied and collected on sales by manufacturers, wholesalers or on importations; that the purchaser shall be furnished with a written invoice of any sale, which invoice shall state separately the amount of such tax, when not included in the purchase price; that such tax must not be included in the manufacturer's or wholesaler's costs on which profit is calculated; and the tax shall be paid by the purchaser to the wholesaler or manufacturer at the time of such sale, and by the wholesaler or manufacturer to His Majesty in accordance with such regulations as may be prescribed, and such wholesaler or manufacturer shall be liable to a penalty not exceeding \$500, if such payments are

BANQUET RECALLS MEMORIES OF OLD HUDSON'S BAY DAYS

Governor Foreshadows Development of Company Lands Here

Stirring memories of early Hudson's Bay Company days were revived and plans for the development of Hudson's Bay property here forecast by speakers at the banquet which the Company gave in the Empress Hotel last night to its "honorable and loyal servants," and to two hundred prominent gentlemen of the city.

Sir Robert Kindersley, Governor of the Company, who was the guest of honor, took the opportunity of expressing his own appreciation and the thanks of his family and associates for what he called the splendid generosity displayed by the Canadian people in connection with the Company's 250th anniversary celebration.

"It is quite impossible," he observed, "to study the history of the Hudson's Bay Company without discovering that you are studying the history of Canada. We prize the traditions created through those early years infinitely and it will be our endeavor to uphold them in the future."

Opening of Store.

"As I stated, we are going to complete our store here as soon as we can. The Mayor and I have to discuss one matter in that connection regarding Pandora Street and certain improvements we would like to see carried out before we finally embark on this undertaking, and from my short acquaintance with the Mayor I feel sure that we shall be able to come to some arrangement."

"Besides the property which is, I hope, to be converted into a municipal golf course, the Company has other large properties here that we are seriously considering at the moment. It is our desire to develop them in such a way that they will be useful to the city and to the Company. I cannot tell you along what lines this development will be carried out or where we shall start, but it certainly will be our endeavor, as I said, to carry out development that will be useful to both the city and the Company. This is my second visit to Victoria and everywhere I go I am astounded at the extraordinary natural beauty of the city, and anything we can do to help a place so beautiful I feel we should do it."

Great Part in Future.

"I have received at the hands of Canadian citizens one long series of courtesies and kindnesses and I wish to acknowledge them and say that they will forever live in my memory."

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

NEW TREATMENT FOR CASES OF ASTHMA

Properties of Herbs Are Found to Give Relief Even in Severe Cases

The many sufferers from asthma, bronchitis and kindred diseases will be interested in the discovery of medicinal properties of herbs which promise relief from these troublesome diseases of the air passages.

The story of the treatment is probably best told by Mr. H. S. Duncan, of 1388 Eleventh Avenue E., Vancouver. Mr. Duncan has been a sufferer from bronchitis and asthma since childhood. Periodically he developed bad colds which made hospital treatment necessary. So pronounced was his case that sleepless nights were often the rule, and although doing everything he was advised his ailment still remained in acute form.

Finally through the advice of a friend he tried the herb treatment and at once felt beneficial effects. After taking the treatment for some time he states that he now sleeps perfectly and feels as fit as any man. The herb treatment is a simple one. The herb treatment is a simple one. The herb treatment is a simple one.

Wonder Health Restorer is on sale at Victoria at Ivel's Pharmacy, and also at most druggists throughout the province. The cost of treatment is nominal. Any sufferer from asthma, bronchitis, catarrh or similar ailment should investigate this remedy. If you are a druggist cannot supply you, communicate direct with the W. Y. and that of my family. Great as has been the part of the Hudson's Bay Company in the past I see no reason why it cannot play an equally great part in the future."

Premier Oliver.

A fine tribute to the head of the Hudson's Bay Company was paid by Premier Oliver, who proposed the toast to Sir Robert and his family. After tracing the history of the Company from its earliest days, mentioning particularly its splendid work during the war, Mr. Oliver declared, "we realize that in Sir Robert Kindersley the Hudson's Bay Company and the British Empire has a worthy successor to the many worthy men who have held the position of Governor in the past. It is largely due to the efforts of such men, to our forefathers, that we are able to gather here to-night. Are we worthy successors to those splendid men? When, some 250 years from now, our descendants gather together as we do to-night will they be able to say about their forefathers with the same truth as I say it now they gave loyal service to their country, their King, and their God? We have a magnificent heritage, but it brings with it heavy responsibilities which sometimes I think we don't fully realize. Let us so administer our heritage that future generations may say that we are worthy successors to the hardy men who carved out our great Canada."

The most pleasant feature of the banquet was the presentation—mentioned elsewhere in these columns—to Sir Robert and Mayor Porter of a gavel made from the historic apple tree planted in Fort Vancouver, Washington, from seeds brought across the ocean by Hudson's Bay Company officers nearly a hundred years ago.

Sir Robert's Thanks.

Thanking the Vancouver, Washington, men who made the presentation, Sir Robert promised that the gavel would repose in the Company's Board Room in London, though he was glad to say that his director were so docile that no such instrument was needed to keep them in order.

Mayor Porter, whose remarks caused a prolonged outbreak of laughter, observed that if Sir Robert did not need the gavel he could very well use both of them on his recalcitrant aldermen who were inclined to "kick over the traces" on occasion. Welcoming the Vancouver delegation he pointed out that the boundary between Canada and the United States was only an imaginary one after all.

C. H. French, district manager of the Company, who presided, was given a striking ovation by the assemblage and, with Sir Robert, was accorded three hearty cheers. His modesty denied him the responsibility for the success of the celebration, and gave all the credit to Louis E. Wilson, who organized pageants all through Canada. However, the popular manager said he held a proud man—proud to think that he belonged to the Hudson's Bay Company, and proud because he was conceded enough to think the some of the hard work performed by the pageant committees had been done out of regard for himself.

During the banquet the hotel orchestra, under Lou Turner, played a number of airs most acceptably, while vocal numbers were rendered by James Hunter and Edmond Petch, Harry Charlesworth acting as accompanist.

JERSEY BREEDERS WILL CONVENE AT DUNCAN TO-MORROW

The summer convention of the B. C. Jersey Breeders association will be held to-morrow at Duncan. The party will lunch at "Fauvic," and inspect the herd of W. A. Willet, local director of the association, who has charge of the arrangements for this convention. During the afternoon the visitors will look over the herds of Messrs. Bishop, Paterson, Doering and Corfield.

In the evening there will be a business meeting and social at the Tsouhalem hotel, and on the following day those who are able to stay over will visit other herds in the district.

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with

Select this Rich Finish for your Library, Den or your Billiard Room

NO upholstery is more in keeping with the general tone of the library—in the private home or the public institution—than that which gives the full, warm richness of Fabrikoid. No upholstery for this purpose is more economical. It possesses all the appearance of leather, but is superior in every way. No hard spots that break, no soft, spongy plates that rot and tear in Fabrikoid. A surface that will not absorb water or grease, that is uniform throughout, and will wear years longer than many leathers.

Make this the upholstery for your library furniture—for your den or smoking room. Try the oak panelled-wall finish, with Moorish or Machine Spanish Fabrikoid—those rich, two-toned effects—in the panel centres. It will give a finish that is almost indestructible under ordinary wear, that is rich and handsome and easily kept clean and sanitary.

When you buy new furniture insist that it is upholstered with Fabrikoid and you will insure yourself of longer wear.

Ask your dealer about it today. Write for our free booklet, "Fabrikoid in the Home."

AUXILIARY TO OPEN ANNUAL CAMPAIGN

Hospital Society Conducts Week of Membership Enrollment

The Women's Auxiliary Society of the Provincial Royal Jubilee Hospital will open a membership campaign to-morrow morning. Ladies will be stationed at the main door of David Spencer's, Ltd., where the public may enroll as members or contribute to the donation list. Notices and subscription envelopes have been sent out all over the city, and the municipalities of Oak Bay, Esquimalt and Saanich, inviting membership in this very excellent society which does such good work.

The sympathy and co-operation of every woman in the city is invited, either by becoming a member, or contributing in some way to the finances. The membership fee is two dollars annually.

From Wednesday morning until June 3, the society will conduct its campaign week when members will be in attendance at Spencer's store from 10 a.m. until 6 p.m., to receive the subscription envelopes and give receipts.

TEAMSTERS' COUNCIL ENDORSES STAND

Approves Action of Local Men in Staying By Agreements

The Pacific Coast District Council of Teaming Craft No. 26, met in the Labor Hall, North Park Street, on Sunday, twenty-five delegates being present.

Important matters affecting the craft were under consideration. The attitude of the bakery drivers, who lived by their agreement, and stayed on the job during the bakers' strike was fully considered, it being unanimously agreed that it is the duty of all locals in order to preserve their organization to live by their agreement and stay on the job.

Wage agreements affecting certain districts were considered. The proposed agreements of the local teamsters were heartily endorsed, particularly that affecting the drivers in the wholesale trade, the wages being paid in the local wholesale trade at present being the lowest in the coast district.

The visiting delegates, after enjoying a splendid lunch prepared by the wives and friends of the local teamsters, were taken for a drive around the city, all being agreed that the capital city teamsters are splendid hosts. Many of the delegates stayed over for the parade yesterday.

ALDERMAN SARGENT T OREPLY TO F. A. McDIARMID'S LETTER

Alderman W. J. Sargent, Chairman of the Civic Finance Committee, stated this morning that he would take occasion at the City Council meeting to-night to reply to the charges made against him in a letter which F. A. McDiarmid, Solicitor for the B. C. Union of Municipalities, recently addressed to the Mayor and aldermen. Mr. McDiarmid declared that Alderman Sargent had undergone a change of heart in his attitude toward the Union Solicitor and

VENERABLE NORMAL PRINCIPAL RETIRES

Wm. Burns, of Vancouver School, to Be Succeeded by D. M. Robinson

William Burns, principal of the Provincial Normal School at Vancouver since 1901, B. C. school inspector before that from 1892, and before that principal of the Victoria High School, is to retire, at his own request, it was announced to-day by the Hon. Dr. MacLean, Provincial Secretary and Minister of Education.

Mr. Burns is to be succeeded in August by David M. Robinson, B. A., brother of Dr. Alexander Robinson, former superintendent of education.

The retiring principal was born in England of Scottish parentage, educated at London University. He travelled in Germany and France to become proficient in modern languages. In 1882 he came to Canada, took his B. A. degree at Queen's University, Kingston, and later a post graduate course in biology at the University of Toronto. He taught at St. Catharines before coming to British Columbia.

A liberal appreciation allowance is to be paid him by the Provincial Government, because of his great success as a teacher over a long period of time.

Mr. Robertson came to British Columbia in 1923. He is a graduate of Dalhousie University. He was first assistant at the Central School, Vancouver, for a number of years, after that principal of Central School, principal of Lord Roberts School, Vancouver, principal of the Model School, Vancouver, assistant master of the Normal School, Vancouver, first assistant in the Normal School, Victoria, and finally on the staff of the Normal School, Vancouver.

Mr. Burns is very well known in Masonic circles throughout the Province.

FILM EXPERT SEES NEWS IN INDIAN RACES

From the flat roof of one of the Gorge bathhouses, the operator of the Ford Film Corporation yesterday obtained some water sports pictures which he claimed would be excellent materials for the well known weekly news series.

"This is the real stuff, something which is impossible to get anywhere else," said Mr. Flickinger, when remarking on the Indian races.

Mr. Flickinger is now on his way to Campbell River, and will make a number of films of unusual lumbering operations during the trip. At Duncan the woodsmen are preparing to stage such stunts as topping tall Douglas firs and other spectacular feats. Before the tour closes the films will also register views of the Jordan River power plant and other important industrial plants of Vancouver Island.

Capitals and Tigers Broke Even Yesterday

Olympic Golf Course Favors Steady Driver

Elliott's Costly Error Gave Tacoma Morning Game After Lawson Had Pitched Beautifully; Kelly Had Little Trouble in Beating Tigers in Afternoon.

Morning Game—Tacoma, 4; Victoria, 3.
Afternoon Game—Victoria, 8; Tacoma, 4.

It is a shame to have to record a loss against "Lefty" Lawson in yesterday morning's game. He pitched almost a perfect game of baseball, letting the Tigers down with six hits, striking out nine men and granting but two bases on ball. Despite this brilliant twirling Lawson was thrown down in the field by a costly slip by Carty Elliott, which paved the way for three runs.

For seven innings the game produced a lot of fast fielding and the Capitals forged slowly ahead. Then Elliott chucked his wild throw into the pot and Stevens, the big Tacoma catcher, stirred things up with a home run. The fans looked for a rally by the Capitals in the last two innings but Cole turned them back by masterly pitching.

A Pretty Duel.

It was a pretty pitching duel between Cole, a right-hander, and Lawson, a southpaw. The latter had the best of the argument, due to effective control. Victoria got to Cole in the first inning. Church laced the first of his four hits, went out to second on Brown's pass and scored when Vaughan let Carman's drive slip through his pinions. For five innings the Caps could do nothing in the seventh Elliott and Dempsey each pitched out a single and advanced a base when Leard got a walk. Church drove home Elliott and Dempsey, with a hot single over second.

The Tigers did not break into the scoring until the third inning, when a base on balls to Cole, a hit by Den Zienke and a sacrifice by Vaughan resulted in a tally. Lawson shut Tacoma out for four more innings and would have done so for the rest of the eighth. Two men were out and no men on bases when Gomes slapped out a double. Graham hit a slow grounder to Elliott, who fielded the ball easily but threw wild to first, allowing Gomes to score and giving Graham a life. Stevens then became the hero of the lot and scoring the ball out of the lot and scoring Graham ahead of him.

Kelly Wins His Game.

In the afternoon game Victoria worked more smoothly in the field and Kelly, the little pitcher, had no difficulty in winning his game. His wild outburst had the Tigers hitting grounders to the infielders for easy outs. A run off Kelly in Tacoma got the first four innings. Gomes hit a home run in the first and a base on balls and two hits in the second turned in another tally. An error on the part of the Capitals and a single scored a run in the third and an error by Elliott in the fourth allowed Stevens to score, nothing dangerous to Kelly.

Killeen tried to pitch Tacoma to a second victory in the double-header, but he had a lame arm. He wobbled in the first three innings and collapsed in the fourth. Even at that Killeen stayed by the job and lasted the game. He tightened up in the last innings and showed a lot of good stuff.

How the Runs Came.

Although he issued three passes in the first Killeen was not scored on. In the second a similar number of passes kept the Tigers from scoring. Responsible for one run, Dempsey drove the ball out of the yard in the third for a run. In the fourth Killeen could not keep the ball out of the groove and four hits, including a double, were made off him. These with an error by Anfinson and a passed ball by Stevens, resulted in the Caps boosting their score by five. Zienke drove in the last tally. Brown walked, stole second and crossed the plate on Zienke's triple to deep left centre.

Course at Antwerp Presents Untold Difficulties For Man Who Has Tendency to Hook or Slice; Greens Are Fast But a Little Bumpy.

Antwerp, Belgium, May 25.—Players in the Olympic golf championship events to be held in connection with the Olympic Games, beginning on July 12, will compete on a course that offers few terrors to the steady, straight driver who is an accurate judge of pitch and distance, but which promises untold difficulties to the man with the slightest tendency to hook or slice.

The Associated Press correspondent recently went over the course, which is that of the Antwerp Golf Club, at Cappellenbosch, about fifteen miles from Antwerp. There are no pronounced elevations, but the eighteen holes of the course are dotted all about with natural, bumpy little hummocks of hard earth—most of them on the fairway—while sandpits and annoying little cup-like depressions vie with artificial bunkers, tiny water ditches and particularly nasty stretches of trees or rutty highroads on or bordering all the fairways.

Wants Playing Over.

"It is a course which should be played over several times by any one who intends to compete in a real match," the correspondent was told by one Scotch officer—a scratch man at St. Andrews—who found difficulty sometimes in making the round in bogey, which is 78.

The length of the course is 5,820 yards—2,885 yards for the first nine holes out and 2,935 yards in, with a hole, the fifth, is 540 yards—the cleanest, widest straightaway of the lot, though even this offers occasional pitted or wooded difficulties, and the shortest is the twelfth, 150 yards, a nice little pitch for the accurate masher but so full of trouble in the shape of ditches, bumps and traps that only the scratch men generally make it in the 3 strokes set for bogey.

Just now, after the Spring rains, the entire course is spongy, but, during the baking hot weather which is customary at Cappellenbosch in July, it becomes hard and bumpy, giving much bound and roll to the ball.

Greens Are Fast.

The greens, which have been well kept despite the war, are composed of a thin mossy grass, fast but here and there, just a bit lumpy. Most of them are protected by pits or ditches before and behind, and are particularly dangerous for overshots.

Beavers Beaten.

Vancouver, May 25.—Yakima took the opening game of the series at Spokane yesterday by bunting hits at the opportune moment and backing the offerings of Pitcher Valencia with errorless support.

WILDE GIVEN HARD FIGHT BY WALLACE

Critics Think Jimmy Would Have Lost Title Had Bout Gone Longer

Toronto, May 25.—Jimmy Wilde, world's champion flyweight boxer, retained his title here last night by defeating Patsy Wallace, of Philadelphia, in ten rounds. Though he was given the referee's decision, earned by a shade, if the bout had been of longer duration Wallace would, no doubt, be the proud possessor of the world's title. Wilde had a lead on points in the early rounds by his clever methods. That Wilde is a boxer of the highest order can be denied, and it was his speed and ability under favorable circumstances that proved his saving grace. Wilde was greeted by an enthusiastic welcome and the crowd was with him. Three days previous he had been officially welcomed by the civic authorities and was made to feel that he was a real guest in every sense of the word.

Wallace, on the other hand, was not the recipient of any such ovation and hence was not the popular contestant. Wilde's victory was well received.

Carpenter to Fight.

New York, May 25.—Georges Carpentier, the heavyweight champion of Europe, and Battling Levinsky, of New York, American light-heavyweight title holder, have agreed to meet in a twelve or fifteen-round contest at 175 pounds, ring-side on the night of July 28. It was announced here last night by Jack Curley, Carpentier's American representative. Whether a decision will be given depends on the place selected, Curley said. It is thought probable that New York City would be the scene of the contest, if Governor Ringolds on the Walker bill, which provides for fifteen-round bouts to a decision.

Westminster Even Score When Champions Slow Up

Victoria Had Game Well in Hand When They Lost
Their Checks and Salmonbellies Ran in Two Tallies;
Overtime Period Did Not Produce Deciding Tally.

Victoria, 4; New Westminster, 4.

Victoria's world champion lacrosse team learned a very dear and costly lesson yesterday afternoon at the Stadium. Instead of having the honor of winning the opening game of the season by two goals within the regulation time, they were forced to play one period overtime and the best they could do with the Salmonbellies was to obtain a draw. Victoria had the game on cotton-battling until the defence went to sleep towards the close of the game and lost their checks. Within two minutes the Royal City boys beat Boss Johnson twice and evened up the score. The champions now know that no lacrosse game is won until the final whistle has blown and it is just as well they were taught the lesson at the commencement of the season as later.

The game attracted several thousand spectators, but they were unable to follow the play in detail owing to the way in which the Stadium is laid out. The grandstand and bleachers provided a splendid view of one goal, but the other net was so far away that it was with difficulty that the combination and individual efforts could be noted. The ground was also hard on the players' feet and whenever a man was spilled he lost several square inches of skin from his legs.

Victoria Scores First.

There was a lot of hard, fast play in the opening period, and the defences on both teams handled the lighter home men far from gently. Patchell, who covered Bert Johnson, the fleet little outside home Victoria player, made good use of the wood, and on several occasions parted Johnson's hair with good healthy wallops. Feedham, who last year played with the champions, played inside home for the Salmonbellies, and he was a marked man throughout. Even with Kroeger right on his trail and other men ready to jump on him the minute he got loose, Feedham scored two goals and sent in many dangerous shots which had Johnson scooping fast and cleanly.

Victoria started the scoring. Bert Johnson got away from Patchell, beat two other Royal defence men and drove the ball so fast past Coates that he never made a motion with his stick.

In the second period Sinclair got away nicely, and shot one passed Johnson. Westminster made things merry for a time, and Johnson showed that he is one of the finest goal-tenders in the game by the brilliant stops he made.

Fast Third Period.

The third period produced a lot of fast work by the two homes. McDougall sent in a hot one. Coates cleared with some difficulty. Westminster went in hard and Sinclair gave a past close in to Feedham, who beat Johnson with one of his back-hand shots. Sceler came in fast, and fed Feedham the ball in front of the net, but the home man was cut down before he could shoot. Sinclair again worked his way, and gave Chambers a chance to shoot, but the ball went wide. Boss Johnson picked out another hot one from Feedham, and the ball was hustled to the other end of the field. McDougall went in alone, and beat the defence, and Coates with some splendid effort. When the ball returned to Victoria territory Feedham hit the post with an under-hand shot, and Mitchell tested Johnson with a hard shot. Victoria recovered, and again the Royals' goal. John Johnson gave a pass to Joe Painter, who scored and put Victoria in the lead.

New Westminster opened up with a rally in the fourth. Feedham went through after an opening, but was stopped. Bert Johnson then added

Ninth Straight Game

AMERICAN LEAGUE.

Philadelphia, May 25.—Chicago battled Naylor hard and won yesterday 10 to 2. Felsch tied Ruth's 1920 record by hitting his sixth home run of the season. A great catch by Jackson prevented Walker from equalling the same mark.

Score— R. H. E.
Chicago 10 15 0
Philadelphia 2 8 2
Batteries: Felsch and Schaly; Naylor, Hasty and Perkins, Styles.

Ruth Gets Only Hits.
New York, May 25.—Ehmke's pitching and a home run by Flagstead with one man on base enabled Detroit to defeat New York, 3 to 1, yesterday. Ehmke held the Yankees to two hits, both made by Ruth.

First Baseman Pipp, of New York, was ordered off the field by Umpire Nainna for protesting a decision.

Score— R. H. E.
Detroit 3 6 1
New York 1 2 1
Batteries: Ehmke and Stango; Mays and Hannah.

Bush Was Strong.
Boston, May 25.—Bush pitched effectively against St. Louis, Boston winning 6 to 1, yesterday. The visitors' run came in the eighth. Aside from that inning Bush was given sensational support while St. Louis fielded poorly.

Score— R. H. E.
St. Louis 1 7 5
Boston 6 2 3
Batteries: Bush and Sanders and Severid; Bush and Schang.

NATIONAL LEAGUE.

Chicago, May 25.—Alexander won his ninth consecutive game yesterday when Chicago shut out Philadelphia, 5 to 0. Alexander pitched in the form, only one visitor, Lebourveau, reaching second.

Score— R. H. E.
Philadelphia 0 6 2
Chicago 5 9 0
Batteries: Rixey and Withrow; Alexander and Stank.

Winning Struck Broken.
St. Louis, May 25.—New York broke St. Louis' winning streak yesterday by 7 to 4. Sherdel was knocked from the box when five of the first six who faced him in the seventh hit safely and drove in four runs. St. Louis hit Nehf freely.

Score— R. H. E.
New York 7 11 0
St. Louis 4 14 0
Batteries: Nehf, Toney and Snyder; Schupp, Sherdel, May and Clemens.

Reuther Wins Again.
Cincinnati, May 25.—Cincinnati broke its losing streak by winning from Boston, 4 to 2. McQuillan pitched brilliantly for six rounds but in the seventh the Reds bunched five hits for three runs and scored another on three hits off Hearn in the eighth. Reuther was in rare form except in the fourth.

Score— R. H. E.
Boston 2 5 0
Cincinnati 4 12 0
Batteries: McQuillan, Hearn and Cowdy; Reuther and Wingo.

Dodgers Beat Pirates.
Pittsburgh, May 25.—Good pitching by Marnaux enabled Brooklyn to defeat Pittsburgh, 1 to 0, yesterday. Adams was hit hard but the visitors used poor judgment on the bases. A pass to Johnson in the fourth, followed by an out and Konechky's two-bagger scored the only run.

Score— R. H. E.
Brooklyn 1 9 0
Pittsburgh 0 4 0
Batteries: Marnaux and Miller; Adams and Schmidt.

ORPHANS LOST WHEN RACE FANS CLIMBED FENCES

"It was evident to everyone present at the Willows on Saturday afternoon that automobile races are popular with Victorians," said C. H. Willis this morning, when commenting on the financial side of the entertainment which the motor dealers had carried through so successfully.

"The general public seems to have got an impression from some source that the races were being staged for the benefit of the auto men, and that profits were to be divided between the Protestant Orphans Home and the Victoria and Island Development Association seems to have been entirely unknown. At any rate, that is the only possible excuse, which we who worked so hard to make the races a success, are able to find for the thousand spectators who calmly climbed fences to see the thrills.

"Not boys alone, but grown men and women swarmed over the long fence line at scores of easy points, and while the takings at the gate were sufficient to pay all expenses, there was no surplus for division as had been planned. In addition, the racers were generally out of pocket for their trip, their share of the receipts being in some cases insufficient to cover their expenses, although winners like Jack Ross and McDonnell, who skimmed the cream of their classes were on the right side."

ROYALS WIN GAME BY FURIOUS RALLY

Defeated Vancouver 7-5 in
Exciting Lacrosse Game;
Lots of Casualties

NEW WESTMINSTER, MAY 25.—

Un-corking a burst of speed, characteristic of New Westminster stickhanding brigades for a couple of decades or more past, the Salmonbellies of 1920, attired in the same old blue and red, broke a five-all tie in the dying moments of yesterday's Minto Cup battle, slipped through two rapid-fire goals and finished up on the long end of a 7-5 score, Vancouver failing to cut down the lead before time was called. It was the second straight win for the Royals in this season's series.

Five thousand enthusiastic lacrosse fans filled the stadium and cheered the rival clubs as they saw-sawed through an exciting game. Five times the count was tied, finally, just when

everyone was anticipating another overtime session, Nelson made a wild dash down the field and, taking a long shot, beat Jake Davis for the odd counter. A few seconds following the facoff and Doughty Spring celebrated his return to the game by adding another and Vancouver fans left the shouting to the Royal City folks.

Speed was in evidence at all times, brilliant combination plays featured each period, and there was some heavy checking which was not according to Hoyle, at which neither resulted in displays of the manly art, but the teams got through without serious mishaps, the casualties being few.

Two penalties were meted out, but more were in order. Doughty Spring drew a stiff one for laying McLaren low with a vicious crack over the head in the second period, and McLaren was chased for trying to push George Feeny through the fence head first. Someone cracked Pat Feeny in the nose and Buck Mar-crook's shins, while Huff took the count in the last period, but considering the heavy applications of the hickory and the keen feeling which exists, and fortunately nothing serious happened.

It was a spirited game, anybody's right up until the Royals got the breaks in the last few minutes and delivered the winning counters.

V. A. S. C. HAD FINE OPENING SATURDAY

The opening of the Summer season of the Victoria Amateur Swimming Club on Saturday afternoon last was quite a success. A good crowd attended. The exhibition of the various strokes was very interesting. The following demonstrated the strokes: Breast stroke, Mrs. R. Ibberson and Miss Rosie; back stroke, Mrs. R. Ibberson and Colin MacFayden; side stroke, under arm and over arm, Mrs. J. Marshall and Jack McNeill; trudgeon, Jerry Welburn and John Larsen; trudgeon crawl, Kathleen Welburn and Earl Squires; life-saving, Mrs. R. Ibberson and Mrs. J. Marshall and Jerry Welburn and John Larsen.

Tea was served in the sitting room, and a very enjoyable time spent. Reeve Watson and Councilors Dooley and Henderson attended and took much interest in the afternoon's events. They expressed themselves as pleased with the work accomplished by the club and its members.

DILLON DIRECTS

"THE RIGHT OF WAY"

Harold Lloyd Stars in "From Hand to Mouth"

Jack Dillon, director for Bert Lytell in a picturization of "The Right of Way"—which is showing at the Dominion theatre all week—for Screen Classics, Inc., was a member of the original company when Sir Gilbert Parker's celebrated novel was produced on the legitimate stage.

Mr. Dillon appeared in the New York stage production of "The Right of Way" in the part of Billy Wantage, the youth who goes to the bad. This part is played by Antrim Short in the Screen Classics, Inc., production.

"The Right of Way" is Bert Lytell's second big picture for Screen Classics, Inc., his first being "Lombardi, Ltd." June Mathis, head of the Metro scenario staff, personally adapted Sir Gilbert Parker's story for the screen.

TO-DAY'S AMUSEMENTS

Pantages—Vaudeville.
Dominion—"The Right of Way."
Variety—"Counterfeit."
Columbia—"It Pays to Advertise."

The entire production is under the per supervision of Maxwell Karger.

Harold Lloyd recently made his second trip to New York. As his first visit to the metropolis covered only three days, this trip was the first opportunity he had to really get acquainted with the Big Town, and this he did with the zest of a school boy on a holiday.

Theatres occupied most of his time, but he managed to see all the high spots of interest—such as the Woolworth Tower, the Statue of Liberty, Brooklyn Bridge and Bronx Park. His first view of New York by night came by accident.

He and Ed. E. Roach, who produces the Harold Lloyd comedies, went to Princeton to see Princeton kick the ball with Harvard. Both Lloyd and Roach are great sport fans and enjoyed the game with a hundred per cent. brand of enthusiasm, which however, lost much of its strength when the driver of the taxi they hired to take them back to New York lost his way.

The journey that should have taken three hours took five and a half, and the taxi bill was only sixty-five dollars.

"But," said Harold Lloyd, "being late got us back after dark and we saw Miss Liberty and the bay and sky line by night. It was a great sight, so good came out of bad luck, after all."

"From Hand to Mouth," the newest Roach-Pathé comedy starring the inimitable Harold Lloyd is at the Dominion theatre as a feature of the programme this week.

"COUNTERFEIT" IS VARIETY ATTRACTION

Elsie Ferguson Stars in Story of Newport This Week

Elsie Ferguson's latest photoplay, "Counterfeit," which is showing at the Variety Theatre to-day and tomorrow, is said to portray faithfully life in the homes of the rich at Newport. The sets used were copied exactly from the interiors of the Summer palaces at the ultra-fashionable resort. An especially elaborate and beautiful scene reproduces a ballroom with a fountain in the centre. "Extras" thoroughly in keeping with the surroundings were selected and some of the gowns and jewels worn are declared to be striking. Newport is the setting for the activities of the character played by Miss Ferguson, a Southern girl in the secret society seeking to capture a band of counterfeiters who have been traced to society's Summer capital. A love story runs through the exciting incidents of the plot. The leading man is David Powell, and the picture was directed by George Fitzmaurice.

BRYANT WASHBURN IN COMEDY FILM

"It Pays to Advertise" at Columbia; Jack Dempsey Feature

"It Pays to Advertise," which came to the Columbia yesterday, has as its original authors, Roi Cooper Meigrue, and Walter Hackett. It was adapted to the screen by Elmer Harris, a scenarist of great ability and also a playwright of no small consequence, while it was produced under the direction of Donald Crisp, a comedy director of the first water. The combination has proved a happy one from first to last, inasmuch as "It Pays to Advertise" is fairly bubbling over with original humor, while the comedy situations developed during the course of the unfolding of the story are of an ingenious and striking nature.

"It Pays to Advertise" is essentially a comedy of young business America and as such it strikes a high-water mark in the line of pictorial humor. Such situations as the hitting upon a successful advertising slogan "Thirteen Soap, Unlucky for Dirty," the scenes in the theatre of the college town and the manner in which the young men make good in their enterprise with practically no capital back of them, have rarely, if ever, been paralleled on the screen heretofore.

Mr. Washburn, skilful farce actor that he is, renders what is probably the cleverest performance of his entire career before the camera as the optimistic Rodney. He is supported by a cast of unusual merit, headed by Lois Wilson, who is on the other end of the romantic interest of the picture. Walter Hiers, the rotund comedian, who was seen to good advantage in the recent Washburn picture, "Why Smell Left Home," has the prominent role of Ambrose Peale, which he handles with a sincerity and enthusiasm which scores every point of comedy. Frank Currier, the veteran character of the screen, is cast as Cyrus Martin, the wealth soap manufacturer.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrant and you appear years younger.

HOLIDAY CROWDS STORM PANTAGES

Full Houses Appreciate Good Vaudeville Offering This Week

The "Follies of 1920," headliner of the holiday bill at the Pantages is an admirable vehicle for the wholesome comedy contributed by the principals. Because it is a George Choos production it goes without saying that it is stamped with the hall mark of success. The comedians are Jack Henry and William Pollard, supported by a chorus of ten dainty damsels. The choruses are catchy and the music is tuneful and the production on the whole is up to the usual standard of the producer. An added feature is Little Pipifax, advertised as "vaudeville's funniest clown." Little Pipifax created much laughter by his antics, while his partner, a clever tumbler, added strength to the performance.

The show is opened by Alphonse Berg with his act "Fashions de Vogue." Berg is a lightning designer who creates stunning costumes on living models with striking results. The models May Weston and Isabelle Vance are talented musicians and singers.

An unusual musical offering is presented by Weaver Brothers, whose specialty is music produced from such commonplace instruments as saws and pitchforks. Billy Small is a good musician with the violin. He contributes classical and popular selections and is well received. Miller and Capman dance with grace and skill and otherwise entertain acceptably. Eccentric dancing is the feature of this act.

INDIAN REGATTA DRAWS THOUSANDS

Gorge Scene of Much Entertainment, With Unexpected Features

An old-time favorite, and a pleasing break in the day's proceedings, the Indian races and water carnival at the Gorge yesterday afternoon, drew between five and six thousand people. For an hour before the event the automobiles were trailing one another up the Gorge Road at the rate of fifty to the minute. Parking areas were crowded as far as the eye could reach and many of the people had to leave their cars while still a mile from the sports.

Contrary to the gloomy forewarnings of some, the weather was ideal for the event, there being just enough breeze to prevent one from feeling too warm. Hundreds of water craft from large launches down to single seated dugouts were in evidence and formed part of the picturesque scene. On both banks of the Gorge for hundreds of yards within sight of the regatta-spectators seated themselves, and saw the afternoon through.

Less Spectacular.

The regatta itself, though promising to be one of the largest and most representative yet held in this city, proved to be less spectacular than the list of entrants might have led many to suppose. Promptly at 2.45 the water procession headed by a band in 1670 costumes in a launch, got away from Point Ellice Bridge, the Indians in canoes taking place next with the long war canoes glistening from their careful greasing for the races. The Governor's launch with party followed, while for a considerable length behind it the private craft, mostly decorated. The Indians that had entered canoes for the event were: Nitimat, Clo-osee, Malahat, Tarrtip, Quamichan, Kheipsee, Kuper Isalant, Tsan-out, Nanaimo, Clam-clam-a-lita, and Americans (two canoes). Whether it was the effect of the holiday in the town of the palace, where it was rumored that tea was slightly stronger than was usual, or that the braves did not feel inclined to compete for the usual events with that just degree of verve and dash that they used to display, cannot be said. But there was certainly something lacking from the racing of the braves and their Kiootchmen.

Valdez Island.

In the main events Valdez Island Indians took everything before them, and were closely followed by the Cowichan who tried hard and willingly. In the first war canoe race, eleven paddle event, with Valdez, Cowichan, Quamichan and Malahat entering, the Valdez won an easy first, with the Cowichans second, Malahat third, while the braves from Quamichan got tired of the struggle and "died" quietly on the return journey. The next event of general interest was the Kiootchmen's race, and for this contest, sufficient did not turn out, so that to fill two boats, the Indians had to invite some of the brethren from the banks. At last two scratch crews were obtained, and the race was on, the Cowichan and the Quamichan competing. The squaws made the return trip in good time, but the hapless Quamichan, the scratch crew, came to an ignominious end in the chilly waters of the lower Gorge. After wobbling successfully down the first half of the voyage the Quamichans "dumped" and for the next ten minutes there was considerable excitement in rescuing the "perishing" Kiootchmen.

In the war canoe race for craft under forty feet, Valdez again led with Cowichan and Malahat in the order named. The Cadz braves appeared to be in decidedly better condition for racing than any of the others, and made some very good times. In the doubles, Valdez again took first, with Cowichan second and Kuper Island third. In the main the Indians appeared to be both to race, and the management deserves great credit in making the showing

they did with their refractory charges. In the canoe tilting Audrey Griffin and Gordon Young won from D. Grubb and Frances Bayley, while in the centipede race this order was reversed. The greasy pole justified its name and retained its Union Jack at the mast head in spite of frantic efforts to capture it by a multitude of willing "heroes."

TELLS TALE OF MEN WHO TRAP IN NORTH

Hudson's Bay Co. Present Vivid Story of Fur Life in Far North

Close interest marked the reception of large audiences at the Royal Victoria Theatre yesterday gave to the presentation by the Hudson's Bay Company of the Romance of the Far Fur Country, the guests of the Gentlemen Adventurers being introduced to the many difficulties and hardships which, even to-day, are met with in the carrying on of the fur trade forming so great a feature of the life of Canada's far northern wilderness.

Difficulties met with in navigating the ice strewn waters of Hudson's Bay, the life of the Eskimo, and the methods used by skilled Indian trappers were all brought well to the fore, and ever dominating as a back ground was a hinted but not forced connection with the great Hudson's Bay Company.

Occasions when rugged scenery and turbulent waters threatened to become too intense to retain close interest are relieved with brilliant cartooning, and the same artist also is called upon to turn to laughter moments which otherwise spelled nought but the incredible hardships the fur-gatherers experience in the course of the day's work.

The performances continued to-day.

The Lewis J. Selznick organization made another addition this week when Myron Selznick announced he had signed Hobart Henley, a director of long experience, with an extensive list of box office successes to his credit. Mr. Henley has been prominent in the motion picture industry as

Whatever you do, eat Krumbles

W. K. Kellogg

NATURE puts plenty of body-building, strength-making elements into wheat. Nature makes wheat taste good, so that we will eat it and get its benefits.

"Whatever you do, eat Krumbles" has a definite meaning. We use all the wheat grain for Krumbles. We grind it, we cook it, we shred it, we toast it—

And we better it with a flavor that makes it doubly good.

A lawyer, for example, like all men whose work is largely indoors and calls for much mental activity, needs just such a food as Krumbles. Easily digested, nourishing, it helps keep you fit and fine.

Ask your grocer for Kellogg's Shredded Krumbles—the only Krumbles made.

Krumbles is made in the same kitchens at Toronto as Kellogg's Toasted Corn Flakes and Kellogg's Krumbled Bran—Always wrapped "Waxtite."

with uniformed chauffeur, led the pageant. Heralds and cavaliers, mounted and on foot, an impersonation of Prince Rupert, first Governor of the Company; Indians with travois, trappers and adventurers, all in costumes dating back as far as 1870 and some in wigs, made up most of the first three divisions. Original Red River carts were brought here from Winnipeg.

Animal Exhibits Featured.
There were floats bearing mounted specimens of the wild animals of Canada borrowed from museums. Sault Ste. Marie, however, went a step further and placed a real live cow attached to a cart on its float. A man had to hold the cow so that the animal would not get balky and back the cart and everything off the float. Members of the Victoria Goat Breeders' Association, headed by George Filmer, also brought their live animals and set them in a float.

Recalling Early Days.
Nanaimo had a delegation in the pageant with a float of the famous Nanaimo bastion. A scale reproduction of Fort Victoria 1843-1860 was also presented. R. H. Nunn, municipal official of Esquimalt, presented on behalf of the Esquimalt Council a reproduction of H. M. S. Esquimaux, 1844, the first Imperial Navy ship to enter the harbor. That with the most elaborate detail was Sir James Douglas arriving at Cadboro Bay in 1846 on the deck of the Cadboro, with real live Indians in their canoes paddling around the bows of the strange vessel.

Campaign For Hospital.
The Kiwanis Club head a float boosting for a new hospital. Nurses of the present institution in their uniforms were grouped around a model of the proposed building. Y. M. C. A. gymnasts did thrilling trapeze work on their float. Native Sons showed their first post, a cabin in the wild woods surrounded by animals. The B. P. O. Elks also had a woodland scene with

combined for the production of this float. William Little, with a flat-topped hat and sitting in one of the carriages seen in Victoria, took the part of Sir James Douglas, the second Governor here. The carriage was driven by William Symons, coachman to many of the early Governors here.

Pioneers Appear.
Street crowds were surprised to see James William Bland, Supreme Court usher, appear in a scarlet robe, a heavy brass hat and a golden horn. It was announced that yesterday marked the fiftieth anniversary of his last parade with the original volunteer fire department of Victoria.

Accompanying Mr. Bland were

these pioneers in civilian garb; G. F. Robson, D. Manson, C. Leggo, Edgar Fawcett, W. A. Robertson, a member of the Legislature thirty years ago; Stanley O'Sea, "Johnnie" Moore, who came to Victoria when nine years old; Munro Miller, R. T. Williams, Harry Hearne, Tom Alexander, W. Irving, A. Croghan, William Wale, H. Richards, H. Levy, J. Stewart, James Pottinger, C. Weller, E. A. Harvey, Fred Carne, Mr. and Mrs. Cartwright and Mr. Mellado, representing arrivals at the post in 1850, 1855, 1860 and 1865. As Dr. J. S. Heimcken, who was a member of the first Hudson's Bay post colony here, could not participate in the parade, it was routed past his home on Elliott Street,

which is the original homestead of the family in James Bay.

Many Others.
Other floats showed Simon Fraser in the Fraser River, the ketch "Non-Such," which left Wapping in 1840, the lumber industry and other resources of Canada, the home products of Victoria, the advantages of the First Presbyterian Church Bible Class and the Student Welfare Club. The Rotary Club and the Teachers' Association also had floats. The automobile dealers were represented and the Victoria and Island Automobile Association demonstrated the progress of the motor car by the contrast of an early "buck-board" with a 1920 model.

Oak Bay Delegates.
Miss Anderson, of the Provincial Library, Miss Mary McLeod, Miss Marjorie Napier, Miss Nellie and Miss Lottie Perry were the features of the float of the Provincial Arts and Industrial Institute showing the manufacture of woollen products. Others on this float were G. T. Napier as a shepherd and Jack Napier in charge of sheep dogs.

Oak Bay as "the Garden Suburb of Victoria," indicated the happiness of living in that district by a huge butterfly shaped and colored float full of children and flowers.

The Board of Trade had the model of one of the schooners being built by the Victoria Shipowners, Ltd. The schooner was set in a sea of waves surrounded by eight little girls as nymphs, arranged by Major and Mrs. Taylor. The schooner was named "S. F. Toimie."

I. O. D. E. Attractive.
The I. O. D. E. float presented a handsome appearance, the central figure being Imperial Unity, personated by Miss Belson attired in silver armor over which was thrown a blue cloak. In attendance upon Imperial Unity were the "Larch Keys of the Empire," as follows:
London, Miss Pemberton; Victoria, Miss Scott; Gibraltar, Miss M. Pemberton; Cape Town, Miss Carey; Singapore, Miss K. Neame; Bombay, Miss Simmons; Halifax, Miss Eberts; Colombo, Mrs. Burge; Sydney, Mrs. Butler; Hongkong, Mrs. Holmes.

ECZEMA IN RASH CUTICURA HEALS

On Face and Head. Itched and Burned. Disfigured.

"Last year I became affected with eczema. It started on the cheeks in a rash, and the water spread and made my face sore all around the ear and partly on my head. The skin was very sore and red, and the breaking out itched and burned so that I could hardly help scratching. My face was very disfigured."

"Then I used a free sample of Cuticura. It helped so I bought three cakes of Soap and one box of Ointment, and my face was healed." (Signed) Miss Martha Berger, Spanaway, Wash., Feb. 11, 1919.

the float. On the float were Peace, Patriotism, Sacrifice, Wisdom, Fortitude, Justice, Education, Courage and The Children, represented respectively by the Misses Hayward, McBride, Craig, Morley, Morton, Gallher, Macdonald, and Mrs. C. Wilson, Mrs. Crowe and Mrs. Orpen.

One of the most striking features in the parade was the showing made by the Boys' Naval Brigade. The brigade was headed by its band of thirty pieces, and the boys swung along in true naval fashion, workmanlike to a degree, a credit to Victoria and to the Navy League.

Sir Robert Kindersley and the Lieutenant-Governor dropped out of the parade at the steps of the Parliament Buildings and from there reviewed the rest of it as it passed.

"Too bad the milk soured I wanted to make Creamed Soup for dinner"

Hot and Long March.

Many who were marching, tired out after the parade had wound itself around town and landed at the Parliament Buildings and then dropped out.

The only trouble the pageant ran into was when some of the heavy and bulky floats tried to negotiate the sharp and rough turn from Elliott Street to Douglas. Low wires at this point also caused trouble to displays with projecting aerials. Charming young girls in airy and brilliant attire who were posed on projecting edges of the floats or on lofty seats shuddered and grasped for supports as the frame work creaked with the lunging of the cars on this sharp and rough descent.

Weather Also a Feature.

pany weather. In Vancouver, as it was here until yesterday morning, the weather had been equally and cold. But as the sun rose on the day of the parade, there as here the weather changed.

Hard on Complexions.
The dozens of young women with bare arms and uncovered heads who took part in the symbolic features, declared last night that they were suffering from sunburn, although some had taken elaborate means to protect their complexions. More than two hours of uninterrupted scorching by the first hot sun of the warm weather was more than the best-groomed complexion could stand, they said.

Trappers and Indians and adventurers, marching in the heavy, hot blankets and leather cloths of the wild North, felt they had done a day's work long before the end of the route was reached.

Governor Heads Pageant.

Washington Delegation Prominent.
Vancouver, Washington, founded by the Hudson's Bay Co. in 1824, sent over a delegation which had a car and a large number of walking members singing Vancouver songs and giving yells about the district of prunes. A car carried the original descendants of the first Fort Vancouver, Wash., Hudson's Bay colony.

Young Women Admired.

Two young women were wildly admired. One was Miss Grace McDonald, society belle of Vancouver, who posed in flowing robes as Britannia on a float showing the world set in billowy clouds with R. J. Duncan's John Bull sitting up in front yelling to and saluting all his friends along the street.

Miss Mona Misener was the other. She was Canada and sat haughtily on a proud throne surrounded by nine other pretty young women representing the provinces of Canada. The color scheme was broom, ivy and poinsettia. Four Mounted Police were outriders. The Canadian Club and the Women's Canadian Club

PRESIDENT CALLS ON TRIP SOUTH

Admiral Boat Was Held at Seattle For Necessary Repairs

Three days behind schedule owing to the necessity of crank-shaft repairs, the liner President, Captain N. E. Cousins, of the Pacific Steam-

ship Company, is leaving Victoria this evening on her southbound trip to San Francisco and Wilmington, Cal. Aboard the President will be the University of California rowing crews which have been racing the University of Washington crews at Seattle.

Empress of Russia Now Holds Another Record

C. P. O. S. Liner Brings Largest List of Salon Passengers Yet to Pass Through This Port From the Orient; Many Prominent People Arrive.

All records in passenger travel across the Pacific were broken by the Canadian Pacific Ocean Services liner Empress of Russia, which reached port yesterday noon from the Orient with nearly five hundred travelers crowding her saloon quarters.

All told the great liner housed 480 in her first class cabins in addition to second and third class passengers. Extra first class space has to be provided to accommodate the rush of bookings, and in some cases the ship's officers had to double up to provide additional berths for the passengers.

The rush of travel as particularly affecting the Empress of Russia could be adequately gauged by the mass of animated humanity which surged around the purser's wickets in search of telegrams and mail after the liner had docked. The big area at the foot of the grand stair case also was never more thickly populated, while the dining saloon was occupied by through travelers passing the immigration officers and beseeching the ticket agents in an effort to arrange for accommodation.

C.P.O.S. officials freely admitted that it was the greatest crowd that has ever passed through here from the Far East. Most prominent among the passengers traveling aboard the Empress of Russia was the Hon. Roland Morris, United States ambassador to Japan who is bound to Washington, D.C., on diplomatic business.

The American ambassador was accompanied by Mrs. Morris. Sir Paul Chater, well-known philanthropist, accompanied by Phil Chater, was also prominent among the travelers from the Orient. He is bound to England. Sir Francis Aglen, Inspector General of Customs in China, passed through from Hongkong. Lady Aglen, his wife, has been a frequent passenger by the Empress.

Alfred Holt, head of Alfred Holt & Co., of Liverpool, operators of the Blue Funnel Line, is returning to England after studying conditions in the Far East. He was met at the wharf by Duncan Cameron, local representative for Dodwell & Co., Pacific coast agents for the Blue Funnel Line.

The members of the Silk Association of America, headed by Charles Cheney, arrived on the Russia from Japan where they have been investigating the silk situation. The party consisted of Mr. and Mrs. Charles Cheney, Mr. and Mrs. William C. Cheney, Ramsey Peungnet, secretary and treasurer of the Association; John B. Dunlop, of the firm of John Dunlop & Sons; George A. Post, president of the Post & Sheldon Corporation; Mrs. Post and Miss E. Post, D. E. Douty and wife, Commander A. A. Elison, C.B., R.N., British navy man from the Hongkong station.

Col. P. M. Kerokoff-Rinskoo, Russian military officer from Smolensk, passed through en route from Vladivostok to the United States. Baron de T. Kersbeek and Baroness Kersbeek are bound from the Orient to Brussels.

The Empress of Russia was slightly delayed at William Head owing to the necessity of going alongside the wharf at the quarantine station to land a diphtheria case. The diphtheria patient was Mrs. Stayer, wife of P. A. Stayer, passenger from Yokohama. Fifth engineer, Patterson, chief electrician McNaughton and Barber Stock were contacts, but were isolated aboard the ship.

Sir Edward Brockman, chief secretary for the Federated Malay States, was expected aboard the Empress of Russia, but failed to make connections at Hongkong. The Empress, after landing over 2,000 bags of mail, left about 3 o'clock yesterday afternoon for Vancouver.

MANILA MARU HAD SHORT STAY HERE. O.S.K. Ship Cleared For Puget Sound Early This Afternoon

After discharging 200 tons of Oriental freight at the Outer Docks the Osaka Shosen Kaisha liner Manila Maru cleared at 1 o'clock this afternoon for Seattle and Tacoma. Captain Yamaguchi reported an excellent trip from Japan, the outstanding incident of the voyage being the violent death of T. Takasugi on the accident to Captain W. I. Webb, mention of which is made in another column.

The Manila Maru brought in a total cargo of 7,372 tons inclusive of 2,183 tons for Seattle and 5,189 tons for Tacoma. The through freight included 253 tons of raw silk and 159 tons of silk goods. The liner also carried \$497 tons of bean oil in bulk. Captain Webb was the only Britisher in the saloon. The Manila Maru has 305 passengers, 95 of which came ashore at this port. Following the Manila Maru in the O.S.K. service will be the Mexico Maru, formerly commanded by Captain Yamaguchi. Then will come the Hawaii Maru, a former carrier in this trade, which for some years has been plying out of Japanese ports to South America.

The Arizona Maru, first of the two new liners which the O.S.K. is building for the trans-Pacific service, is scheduled to arrive here July 22. These ships, which are of the same type as the Africa Maru, will have cabin accommodation for about fifty passengers.

The sister ship to the Arizona Maru is the Alabama Maru. Death and accident intervened during the voyage of the Osaka Shosen Kaisha liner Manila Maru which made port this morning from the Orient.

Violent death was the portion of T. Takasugi, seaman employed on the Manila Maru, who when the ship was six days out was struck on the temple by an iron bar with which he had been tightening a funnel stay. Releasing his hold for the purpose of securing a larger implement the bar in the twisted stay swung around with great force and struck the unfortunate seaman on the forehead, and hurling him to the deck. When picked up the man was unconscious and lingered but a short time after the accident.

Dislocated Shoulder. The accident befel Captain Wallace L. Webb, member of the Canadian Siberian Expeditionary Force and who has seen much service in Siberia as provost marshal of the international police force. Captain Webb, who left here with the 25th battalion, and who has many friends in Victoria, was the only British passenger traveling aboard the Manila Maru. Two days ago, while making his way along the deck toward the wireless room to send a message ashore, he fell over a deck chair in the darkness and striking the iron cover of the steam steering gear he dislocated his shoulder. The ship was rolling badly at the time and he was assisted to the ship's doctor, but as the nature of his injury was not at first apparent no attempt was made to set the fracture.

Brought Ashore Here. Upon the arrival of the liner here, Dr. Holmes was summoned and after completing an examination he arranged for the transfer of Captain Webb to the Victoria Private Hospital. Before going to Russia, Captain Webb saw service on the French front being wounded at Pachedeale. He has been troubled for some time with shrapnel received during the Pachedeale engagement and it was his intention to undergo an operation for the removal of the shrapnel following his arrival in Canada. It was Captain Webb's intention to stay in Victoria but a few hours en route to Montreal. The accident at sea, however, changed his plans, and he will be forced to remain here for some weeks.

A MESSAGE TO WOMEN

Who Are Just Ready to Drop

Vinol Will Enrich the Blood and Create Strength

Physicians Recommend It and Druggists Guarantee It

Many women act as though they just wonder how they are going to get through this trying season and do their work. They may be overworked, or influenza, or a chronic cold or some sickness has left them without strength or ambition, and thin, nervous and devalitized. If such women only knew what VINOL, our non-secret cod liver, iron and hypophosphite tonic will do for them we would not be able to get enough to supply the demand. In a natural manner it creates a hearty appetite, aids digestion, enriches the blood with thousands of red corpuscles, creates strength and the system is filled with renewed vigor.

Do not let any druggist sell you a substitute for VINOL, as there is nothing like it, so nothing else will do.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

PROPOSE EXHIBITION FOR CENTENARY OF ANGLO-SAXON ADVENT

A Vancouver, Washington, Delegation Here to Start Drive For 1924 Event

Victoria is regarded as the mother of so many cities of British Columbia, her sons having gone forth in the past three-quarters of a century to found other cities that it is well to be reminded by the delegation here now that she too had a mother at Fort Vancouver, on the Columbia River, now Vancouver, Washington, founded in 1824.

The delegation, which reached the city Sunday afternoon, headed by Clement Scott, President of the Chamber of Commerce, is composed of old timers of the district, descendants of the original settlers, and the historical representative, Glenn H. Ranck, author of Legends and Traditions of the Northwest. Mr. Ranck came with an official commission from the Mayor of the City to gather the necessary data to link the transfer from the Columbia River to Fort Victoria, incidental to the Ashburton Commission, when Sir James Douglas took up his residence here in 1849.

With them was A. A. Quarnberg, who brought a walking stick made from the original apple tree planted at Fort Vancouver in 1824, which still stands, the pioneer of the great red apple country of the Pacific Northwest. They brought two gavelts made from the tree, and from the old stockade, which was yesterday at the banquet presented to officials of the Hudson's Bay Company, and to Mayor Porter. Mr. Quarnberg is the county horticulturalist of Clark County, and pays special care to the famous tree in his town. Mr. Scott had a long talk with The Times, his object being to gather information to launch an ambitious project which is contemplated in the Columbia River city. It is to mark the centenary of the founding of Vancouver, Washington in 1924 by an exhibition modelled on a small scale on the Lewis and Clark exposition, but to be historic in the growth, resources, and potential future of the Pacific Northwest. He believes a scheme of this character would receive wide recognition. It is understood the Company will send an investigator to Vancouver, Wash., to look over the local situation.

CAUSEWAY CROWDED WITH SIGHTSEERS

Community Sing and Fireworks Display Attract Vast Crowds to James Bay

Apparently everyone in Victoria and the adjacent districts last night made a point of putting in an appearance at the illuminated Parliament Buildings and the Causeway, to take part in the Community Sing or to see the fireworks.

Rarely has there been a greater press of people gathered on the wide street, the spacious lawns of the Empress Hotel and the Parliament Buildings, but the squad of police under Deputy Chief Palmer kept traffic under excellent control, and with every one moving there was no undue congestion. The Community Sing was under the direction of Mr. Frank J. Behl, and commenced shortly after 8.30 o'clock, thousands of voices taking part. The soloists were Miss Dorothy Doersel, Mr. F. Waddington, Lieut. Robert R. Webb and Mr. Ernest Butterworth. The programme included popular airs such as "O Canada," "I'm Forever Blowing Bubbles," "Dear Old Pal of Mine," "Till We Meet Again," "Old Black Joe," "My Old Kentucky Home," "Land of Hope and Glory," "The Marseillaise" and "Rule Britannia," concluding with the National Anthem.

FOUR BISHOPS ARE GOING TO LAMBETH

Drs. Landor, McKim, Roots and Trollope En Route

Four bishops arrived yesterday on the Empress of Russia, two from the Anglican Church and two from the Protestant Episcopal Church of America. The great Lambeth Conference is the reason of their journey at this time. Bishop Landor, of Hongkong, who with Bishop Trollope, of Korea, will represent the Anglican Church in the Orient, is very well-known to Victorians, having made a long visit to Vancouver Island some time ago. Dr. Trollope is making his second return from Korea. He went out from England, after sundry parochial experiences, as assistant to a former bishop, and later returned to a charge in the English Midlands. His experience in Korea, however, was availed of when a vacancy took place in the diocese, and he has now been in Korea as a bishop for some years until this tour. Dr. Trollope, in the course of a chat with The Times,

STOPPED HER HEADACHES

Years of Suffering Ended by "Fruit-a-tives"

112 Hazen St., St. John, N.B.

"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-tives,' made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-tives.' After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since." MISS ANNIE WARD.

said, while expressing a disinclination to discuss the political troubles between the Japanese and Koreans, that Korea is a changing nation, and such disturbances as have been reported are practically inevitable. "Where," said he, "can you go to any country where trouble is not brewing. The problems that the world is facing are not restricted to any climate or race." Dr. Trollope stated that his mission, which is under the auspices of the English Church Union at Seoul, is one of the smaller Christian denominations operating in the peninsula, larger missions being conducted by the Roman Catholics and the American Presbyterian and Methodist Churches. Dr. McKim is one of the best known of the American clergy in the Orient, while Dr. Roots did valuable work at Wuchang, prior to the time when he was consecrated bishop in 1904; and since that time has resided in the Orient, his diocese embracing a large part of central China.

BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected.

Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis the most general cause of consumption. Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated part, and thus prevents it becoming chronic.

Mr. R. E. Sundblad, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds." Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont.

C.C.M. CLEVELAND BICYCLES

All This Extra For You

Many a bright, shiny-looking bicycle is a gay deceiver. It is merely built to sell.

In a few short months it becomes a chipped, rusty-looking object that runs as hard as it looks.

Don't be "persuaded" to buy a bicycle merely on its looks.

Extra Satisfaction

Buy one of the well-known C.C.M. bicycles—made in Canada for more than twenty years.

The C.C.M. trade mark on the frame is an assurance to you of extra quality and satisfaction.

The beauty of the C.C.M. is more than surface deep. There are three coats of rich, brilliant, waterproof enamel over a coat of anti-rust. That means a tough, elastic enamel that will stand wear and weather.

Two Hour Nickel Bath

The smooth, highly-polished nickelling is over rust-proof copper. The parts to be nickelled are left in the nickel baths in a double-strength solution for two hours. Cheap nickelling is given only twenty minutes or so. You see now why C.C.M. nickelling keeps its bright appearance and wears so long.

You don't always spin along smooth pavements. Sometimes you have to bump over ruts and cobble stones. So the C.C.M. is built with a large margin of safety.

The C.C.M. frame has the long, strong, "Fish-mouth" reinforcement at the joints. This makes a rigid, powerful frame. It is a safeguard against "buckling".

Extra Strength

The wheels will stand the jars and jolts, too. The selected hard maple rims have no knots or weak spots. The spokes are of special toughened piano wire.

The C.C.M. is a safer-than-ordinary bicycle.

It is also easier-riding.

The special construction of the driving parts gives the direct line drive that makes the C.C.M. run with the least effort. It steers more easily, too. It's a joy to ride a C.C.M.

New Hercules Brake

And the new Hercules Positive Drive Brake—the Coaster Brake without a side arm—is included as regular equipment without extra charge.

There are C.C.M. dealers in almost every locality in Canada. Look for the C.C.M. sign. Then drop in and see the new models.

JUVENILES RESPOND TO HONOR SYSTEM LATELY INSTALLED

An incident of the Hudson's Bay Company's pageant of interest to

women conversed with the movement for the honor system in dealing with juveniles delinquents was attached to the float decorated by the boys of the Provincial Boys' Industrial School, which took part in the parade in Vancouver, and won the first prize. It was one of the test days for the

honor system. Sixty-eight boys went to the city, mingled with the crowd as other citizens without guard or supervision, and not one failed to report at the school at the appointed hour. The float carried an exhibition of their industrial class, and the legend, "Just Boys." Since Superintendent David Bran-

kin installed the honor system in the New Year there has been a notable improvement in the deportment of the boys, and the running away episodes which used to be continual have ceased

BENEFICIAL READING. "What would you suggest for our literary club to read?" asked Mrs. Plubdub. "A good cook book," responded her brutal husband.—Kansas City Jour-

FINANCIAL NEWS

STRONGER MARKET IN WALL STREET TO-DAY

(By Burdick Brothers, Ltd.)

New York, May 25.—The stock market was considerably stronger to-day and prices closed strong. Oils, steels and copers were very much in evidence and sharp advances were witnessed. The advance in some quarters was claimed not to be genuine and was just a number of holders short covering. However, money rates were easy and the news was not quite so depressing as the last few days.

WOOL BROKER HERE FROM ADELAIDE

British Purchases of Clip Have Aided South Australian Pastoralists

Wool growers in South Australia, as elsewhere in the Commonwealth, have done well from the British system of buying the clip of the pastoralists in bulk, a practice introduced during the war.
This is the opinion of George Jeffery, who has been Chairman of the Adelaide Wool Brokers' Association, which handled the South Australian clip.
Mr. Jeffery arrived on the Niagara. In the course of a chat with The Times he stated that the majority of the pastoralists—he is also one as well as a broker—favoured continuation of the system, but unfortunately it was necessary to secure 75 per cent. for continuance, and only 74 per cent. of the growers agreed to the continuation of the system of marketing the clip.
The eastern part of the State, he explained, as well as the Barrier region of New South Wales, which is industrially as well as economically united with South Australia has been suffering seriously from drought. He states, however, that South Australia is improving industrially, and the country promises to face its post-war problems with energy and decision.

Does it Hurt You To Bend Over?

This is a Sign of Kidney Weakness, But Can Be Quickly Cured

Don't give up! You can be cured and made well again.
That backache and dragging weariness can be stopped for all time.
These sharp attacks when bending over, and that lameness in the morning can also be overcome.
Every ache and pain due to kidney weakness will disappear quickly once you start to use Dr. Hamilton's Pills, a marvellous remedy long ago made famous by its strange healing effect upon the kidneys and liver.
Don't wait till that dragging pain in the loins grows worse. Start the cure to-day.
Delay will mean swelled ankles and limbs, sharp rheumatic pains in the muscles and joints, and other painful symptoms as well.
If you are always tired, have continuous headache, dizzy spells and specs before your eyes or ringing noises in the ears—these are common symptoms that warn you of the immediate need of Dr. Hamilton's Pills of Mandrake and Butternut. Sold in 25c boxes.

His Death Expected

New Brunswick Man Saved

Mr. Isidore Thomas, of Tilley's Road, Gloucester County, N.B., while expecting death, availed himself of help that was offered at random. Here is part of a letter he wrote to us—

"I beg you to publish my letter, so that people may know what Gin Pills did for me. My case was very serious. I was so sick everybody expected my death any day. Finally, on advice from friends, I tried Gin Pills, and in a short time was well again, and soon had gained 20 pounds."
Kidney and bladder troubles, very often, work in secret ways. A bad condition may exist, with only a backache to indicate it. That is why the slightest pains in back or sides should be investigated. These pains, along with sciatic neuralgia, rheumatism, dizziness, constipation, lassitude, lumbago, highly-colored urine, headache, floating specks before the eyes, gravel, indicate kidney trouble. A course of Gin Pills, taken at once, will give relief, and prevent the progress of the disease, enabling the organs to right themselves and restore good health. Gin Pills are the sure, safe, quick remedy. Get a box from your druggist or dealer—50c. Money refunded if no relief found. Send for free sample.

ALL TROPICAL FRUIT MAY GROW IN PAPUA

Bishop Sharp Here From New Guinea; The German Settlements

A great economic future awaits New Guinea, particularly that part which has passed to Australia under the mandate transferring the seized German colonies in the East Indian archipelago to the Commonwealth. This is the opinion of Bishop Gerald Sharp, who arrived in Victoria on the Niagara.
The Bishop, who has been ten years in New Guinea, in that part which is known as the Papua Territory of the Commonwealth, is now on his way to the Lambeth Conference. He is accompanied by the Rev. S. R. N. Gill, one of his clergy.
"The most salient comparison, I would say," he stated to The Times, "between the southern, or British portion of New Guinea, and the northern or former German section, is the extent to which the exploration and development has proceeded in the interior, as compared with the German section, where the fringe only has been touched. A great part of the northern area has never been explored by white men. In the Papuan territory, with the exception of a portion along the western frontier, the greater part of the country has been at least provisionally explored.
"I would say that every tropical product will grow in the island, which is the second largest in the world. At present the exports are limited to two or three staple commodities which can be increased to an indefinite number. Including the adjacent islands, also under the mandate, it is estimated that there are only about 2,000 white men in the German territory, and about a thousand in British Papua, so that the opportunities are indefinite for exploration.
The Bishop stated that pending a decision with regard to the future religious needs of the area, he occasionally conducted religious services in the ceded territory, but until the military occupation gave way to the civil one the future of the missions was uncertain.
He spoke highly of the conduct of the native labor, and the good conditions under which the natives worked. It had not been necessary to import labor for the plantations, and no problem such as has crept in in Samoa is anticipated, the Bishop stated.

LANGFORD WOMEN'S INSTITUTE IN SESSION

The general meeting of the Langford Women's Institute was held on Friday. After the general business was over J. W. Gibson, Director of Agricultural Education for British Columbia, was introduced by the president, Mrs. Radford. He gave an illustrated lecture on "Rural Education." The lantern slides were both beautiful and instructive and the lecture itself was most interesting; it showed how much easier applied lessons were for the children to assimilate than the theoretical ones. The main points were: Firstly, to create an interest in something; secondly, to gain a knowledge of that something; and thirdly, to become able to apply that knowledge to the best advantage.
To illustrate this part of the lecture, a few pictures were thrown on the screen showing a school garden which had been reclaimed from the wild by the children, fenced, and while fencing, the calculations were made by the children—cultivated, sown, harvested and marketed and a success made of it, thus bringing all three points into work.
