Pantages—Sinner.
Columbia—When the Clouds Roll By.
Variety—Sally.
Royal—Go and Get It.

VOL. 57. NO. 105

VICTORIA, B. C., TUESDAY, NOVEMBER 2, 1920

SIXTEEN EIGHT-COLUMN PAGES

Strong Ticket Is Chosen By Liberals In Vancouver City

Mrs. Ralph Smith Secures Vote of Almost Every Delegate; Three Lawyers In Selected Group; Local Political Developments.

Vancouver, Nov. 2.—Vancouver Liberals last night nominated Mrs. Ralph Smith, Hon. J. W. de B. Farris, the Attorney-General; M. A. Macdonald, K.C.; Captain Ian Mackenzie, Alderman James Ramsay and J. P. Dougherty to contest the six city seats in the provincial general election, December 1.

Conservatives will name their candidates to-night. The standing of the candidates was not announced, but it was learned that Mrs. Ralph Smith had topped the poll, having received a vote from practically every delegate present.

The three new candidates are Captain Mackenzie, Alderman Ramsay and Mr. Dougherty.

Captain Ian Mackenzie is regarded as one of the brightest of the younger school of Liberals. A native of Sutherlandshire, Scotland, and a barrister by profession, Captain Mackenzie is also one of the ablest and natural orators in the Province. He is president of the G. W. V. A. in this city.

Alderman James Ramsay has the proud record of having been nineteen years in public life without tasting defeat. He has been "the finance minister" of this year's City Council and is regarded as being a very sound man of business.

J. P. Dougherty, who has been president of Ward Seven Liberal Association for many years, is assistant manager of the Vancouver Insurance and Trusts Agency. A native of Hamilton, Ont., he has lived in Vancouver for most of his life. He is a director of the Vancouver Kiwanis Club and takes an interest in child welfare work. Mr. Dougherty's three sons all enlisted during the war.

Federated Labor.
Vancouver, Nov. 2.—Three candidates were nominated here last night by the Federated Labor Party to contest the legislative elections for Vancouver City. They are Thomas Richardson, S. Woodsworth and W. R. Trotter.

Esquimalt Situation.
Esquimalt Conservatives are making great preparations for tomorrow night's nominating convention at the Colwood Hall. A special service of volunteer automobiles is being arranged, the cars leaving from the corner of Esplanade Road and Admirals' Road at 7:15 o'clock, and a similar service leaving at the same time from the corner of Craigflower Road and Arm Street. It is commonly considered that the convention will be held in the Esquimalt Club, and a re-nomination of R. H. Pooley.

The Liberals are now well ahead with their arrangements for wresting Esquimalt constituency from the Opposition ranks, this evening the final executive committee meeting will be held in the Esquimalt Club, and on Thursday evening at 8 o'clock the convention will take place. It is expected that the choice of the gathering will be H. C. Heigerson, of Metchoin, who is regarded as able to carry a substantial majority of the agricultural votes and more than break even in Esquimalt township.

Last night an open convention of Esquimalt voters gathered at the Esquimalt Club, and a similar service leaving at the same time from the corner of Craigflower Road and Arm Street. It is commonly considered that the convention will be held in the Esquimalt Club, and a re-nomination of R. H. Pooley.

BRITISH EMBARGO ON CANADIAN SECURITIES

Enforced Retention of Them in Britain Causes Some Hardships

London, Nov. 2.—(Canadian Associated Press)—Conferees in Canada regarding the embargo on Canadian securities have aroused interest here. The Daily News remarks that the effort to prevent Canadian securities from returning to their natural home has had a bad effect on the market for such issues, which is therefore adverse to the credit of the Dominion.

Letters appear in the papers here indicating the hardship which results to British investors who, in many instances, have no power to realize on their investments.

Australia.
London, Nov. 2.—(Canadian Associated Press)—Queensland, Australia, securities continue to show general depreciation, although the Agent-General a week ago issued a message from Premier Theodore assuring investors that the Government would honor obligations despite what had appeared in the press regarding the confiscatory legislation of the state.

WINNIPEG AUDIENCE HEARS LEADER KING

Head of the Liberal Party Addresses 5,000 in Manitoba Capital

Urges Progressives to Join Liberals; Beland Also Delivers Address

Winnipeg, Nov. 2.—An invitation to the Farmer, Labor and other sectional groups to join with the Liberal party under its banner to ensure success against the present administration was given here last night by Hon. W. L. Mackenzie King, who charged that the Government is wasteful and extravagant and is carrying on without a shadow of a mandate from the public and ought to go to the people before conclusion of the legal term of office.

5,000 Present.
Fifteen minutes before the hour scheduled for the meeting to start, every available seat in the Auditorium, which holds 5,000, was filled. Mr. King was preceded by Hon. H. E. Beland, M. P. for Beauce, Quebec, who attacked the fiscal policy of the present administration. Previous to the main meeting addresses were delivered by Mr. King, Conservative, and Mr. P. G. E. Bell, Liberal.

Mr. King was tendered an ovation as he entered the hall behind two Highland pipers.

TEN EGG-LAYING CONTESTS START

One For Whole Dominion and One For Each of the Provinces

Ottawa, Nov. 2.—Ten egg-laying contests were started yesterday throughout the Dominion under the jurisdiction of the experimental farm system. Two of these contests are located at the Central Experimental Farm here and one in each of the other provinces. The two contests here are the Canadian egg-laying contest and the Ontario egg-laying contest, the former being open to the entire Dominion and the latter to the province only. The Canadian contest opened with fifty pens competing for the honors and there are twenty-four entries in the Ontario contest.

It will be a week or ten days yet before final results of all last year's provincial contests, which closed October 31, are received at headquarters here and a few days more than that before comparisons of these will be available for publication.

Brandon, Nov. 2.—The egg-laying contest conducted for the Province of Manitoba at the experimental farm here was won by a pen of single combs laid by W. H. Howe, of Winnipeg, with 2,041 eggs in one year.

A pen of White Wyandottes owned by Thomas Lund, of Stonewall, was second with 1,842, while a pen owned by W. H. Simmington, of Brandon, was third with 1,830.

U. S. MARKET GOOD FOR CANADIAN BONDS

Toronto, Nov. 2.—That the market for Canadian bonds in the United States is in an improved condition is evidenced by the good price received by the Province of Alberta for an issue of \$1,000,000 and yesterday to Harris K. Forbes Company and the National City Bank of New York on a basis of a little under seven per cent. United States funds, according to the present rate of exchange, the bonds are for ten years and bear six per cent, and at the successful tenderers' price of 100.525, Canadian funds, the borrowing is done on a basis of about 5.50 on this side. It is not many weeks since a return of materiality over seven per cent was required by firms underwriting Canadian bonds for sale across the line.

EX-STREET CAR MAN WINS THE NOBEL LITERATURE PRIZE

Chicago, Nov. 2.—Ringing street car bells and collecting fares on the old horse car line was a job which did not tire out Knutt Hamrun here way back in the early nineties, and when he was found reading books on the job he was fired. Knutt went back home to Norway and friends here have just learned that he is the winner of the 1920 Nobel prize for literature.

Golden Electors Heard Mr. Oliver In Campaign

Golden, B.C., Nov. 2.—Premier Oliver last night opened his campaign by warning the electors of Columbia riding against supporting a man and his party, referring to "Bowser and Company, who are guilty of distilling such public service poison as the P. G. E. affair."

"Mr. Bowser has said this to be a campaign of abuse," said the Premier in his opening remarks. "Well, if it is abuse to tell the truth, this will be such a campaign. I'm going to tell the truth whether you like it or not."

The leader of the Government first referred to statements attributed to the Opposition chiefs, the most outstanding of which was a charge that Mr. Bowser had accused the Premier of distilling poison. "He also states we have increased the debt from \$19,000,000 to \$34,000,000. If the Government has borrowed \$27,000,000 and increased the debt only \$26,000,000, we must have made \$2,000,000, but aside from that the Government has borrowed money on short term notes just as any business man. Those notes are renewed every three, six or nine months. Mr. Bowser is attending the building of the P. G. E. plant, which has cost \$27,000,000, has counted renewals in some cases three or four times. That reflects the calibre of the man who is seeking your support."

P. G. E. Railway.
Then the Premier launched into a scathing tirade against the methods, policies, intentions and executions attending the building of the P. G. E. He ended by informing the audience that the present Government had been saddled with the necessity of borrowing \$14,000,000 for the work now on and that to complete the work now on the official schedule would reach a total expenditure of \$37,000,000.

The Premier announced his policy, if elected, as follows: "I will, if elected, appeal to the C. P. R. to come to the aid of the Dominion Government to federalize the road; secondly, if Ottawa should refuse, to appeal to the C. P. R. to come to the aid of the Dominion Government to finish it when financial circumstances permit."

SAYS DOMINION HAS ADVANCED

General Booth, Head of Salvation Army, Gives Interview in Toronto

Toronto, Nov. 2.—General Bramwell Booth, head of the Salvation Army, who is now visiting Toronto, said in an interview that education was not everything and it was possible to make too much of it.

The General expressed himself as gratified with the progress the Army had made since his previous visit to Canada seven years ago. "There has been an advance in material things," he said, "but most of all in the spirit of universal sympathy with every form of suffering."

Workers Needed.
General Booth said he was here to raise additional workers for the Eastern world, where non-Christian countries were opening the door to the Salvation Army. Algeria, India, Japan, the Dutch Indies, China and Korea were among the countries in which the Army was now working, and in Africa the Army was at work among twenty-eight different tribes. One thousand Western officers were wanted for work in the East, the general especially wanted men and women specialists in agriculture.

HOW MCGILL WILL DIVIDE MONEY GIVEN

Montreal, Nov. 2.—The sum of \$5,000,000 which it is hoped will be secured from the campaign for funds for McGill University in Montreal during the week of November 15 to 20 already has been allocated.

Sixty-five per cent will go to the McGill University, \$500,000, or ten per cent, will be required for maintenance and upkeep of its existing buildings, and the remainder, \$1,250,000, or twenty-five per cent, will be barely enough, it is stated, for adequate equipment for laboratory maintenance and equipment.

TARIFF COMMISSION AT EASTERN POINTS
Ottawa, Nov. 2.—Sir Henry Drayton, Minister of Finance, and Senator Robertson, Minister of Labor, will leave here to-night for Charlotte-town, P. E. I., where they will open the eastern hearings of the Tariff Commission.

GEORGIA PRISON GUARD ELOPES WITH A GIRL PRISONER

Milledgeville, Ga., Nov. 2.—Officials at the state penitentiary here have announced that J. W. Gans, a guard at the women's building, and Juanita Weaver, aged twenty-one, a prisoner, "quietly eloped" late Saturday night. Juanita was serving a sentence of one year for shoplifting.

DRASTIC LAW AGAINST FIREARMS

People Cannot Protect Homes From Intruders Without a Police Permit

No Provision Yet Locally to Secure Necessary Permits

After October 15 of this year every person in the Dominion of Canada who has a "cannon, machine gun, rifle, revolver, or other firearm" in his possession, with the exception of a shotgun allowed to British subjects alone, is guilty of an offence under the amended section 118 of the Criminal Code, paragraphs A and B, unless that person has taken out a permit from the police for having such firearm in his possession.

Although the Provincial Police have the necessary forms to issue permits under this section, not a single permit has been taken out, stated Superintendent McMynn today. C. L. Harrison, city prosecutor, called the attention of The Times to the amended section to-day, stating that he did not think it was generally known.

The section of the Criminal Code covering the above states in part: "Any person having in their possession any cannon, machine gun, rifle or other firearm, without a permit therefor, is guilty under the act, provided however that no British subject is required to have a permit for any shotgun."

GERMAN PROPERTY RULING IN BRITAIN

Only Property Brought Into After Jan. 10, 1920, Not Confiscated

Ottawa, Nov. 2.—(Canadian Press)—Much newspaper discussion on the question of a reported decision by the British Government to hand back German property to the Germans and a resultant protest from France, in exploded by a cablegram received by Thomas Mulvey, Under-Secretary of State, from the Imperial authorities. The comment on Britain's supposed decision first appeared, it is stated, in The New York Post, and it was then reported that France was making strong protests and taking the ground that so much French property has been wantonly destroyed by the Germans that this return of property should not be made.

CANADIAN BUTTER AND BRITISH MARKET

Montreal, Nov. 2.—As a result of representations made by a deputation of Montreal dealers in butter, which has been warring with the members of the Cabinet, the Dominion Government will endeavor to induce the British Government to release Canadian butter from the Government control to which it is now subject in Great Britain. British and Irish butter have already been debarred from the Canadian market by regulations that depress the price.

PRINCE OF WALES MODEL FOR PLAY

"Just Suppose," Opened in New York Last Night, Is Success

New York, Nov. 2.—(Canadian Press)—The tour of the Prince of Wales through Canada and the United States last year furnished inspiration to A. E. Thomas for a comedy entitled "Just Suppose," which opened last night at the Theatre. The play is a very agreeable and ingratiating character of the royal visit to this continent.

A Romance.
The story of the play deals with a romance between young English actor Virginia girl, Linda Lee Stafford, whom he meets on a motor car lark on the southern shore of the Potomac. The Prince, who is incognito, is obliged to make a hasty stay in the girl's home because of a slight illness, with the inevitable result that he falls in love with the southern belle. The girl later loves the Prince, but decides that she would honor him more should he go back to fulfill the duty he owes his country rather than renounce his royal title for her sake.

Voters of American Republic To-day Are Electing President

Contest To-day Also Is For Control of Congress; Record Vote of Between 20,000,000 and 30,000,000 Is Expected; Women Marking Ballots.

New York, Nov. 2.—Men and women voters of the United States went to the polls to-day to select a new President for the four years beginning March next. Before the dawn of another day has broken in all likelihood will be known whether Warren G. Harding, Republican, or James M. Cox, Democrat, has been elected to succeed Woodrow Wilson, for it is generally agreed that, barring a miracle, none of the other five candidates has a chance. This choice, it is estimated, will be recorded by an unprecedented vote of between 20,000,000 and 30,000,000 persons, many of whom are women who have been enfranchised since the last presidential election, and are voting to-day for the first time.

BRITISH EMPIRE EXHIBITION PLAN

Bill Providing £100,000 Read Second Time in British Commons

London, Nov. 2.—(Canadian Associated Press)—When the bill authorizing the Government to guarantee £100,000 toward the expenses of the British Empire Exhibition to be held in 1923 was read a second time in the Commons yesterday some opposition was expressed on grounds that the country can not afford such outlays at the present time, no matter how good the object may be.

Hon. J. R. Clynes, the Labor leader, however, supported the measure because it allowed Parliament the opportunity to do a great amount of good in promoting the internal trade of the Empire.

SOVIET SENDS NOTE TO GREAT BRITAIN

Asks Britain Not to Approve Petlura's and Balakovich's Operations

London, Nov. 2.—Assurances have been asked of Great Britain by the Russian Soviet Government that she will not countenance the military activities of Generals Petlura and Balakovich, the anti-Soviet commanders whose continued hostilities against the Bolsheviks after the conclusion of peace with Poland are causing trouble.

The request came through Gregory Krassin, Soviet representative in London, who yesterday had a note to the British Government complaining that despite the Polish armistice the forces of the two generals named were continuing attacks on Soviet Russia with the assistance of the various Governments of the Entente Powers. The note asked that Great Britain make it plain that she would not give her approval to these forces in continuing the bloodshed.

50,000 WOULD FLEE FROM THE CRIMEA

No Room in Constantinople For Throng Fleeing Before Bolsheviks

Constantinople, Nov. 2.—Fifty thousand refugees fleeing before the advance of the Russian Bolsheviks in Northern Crimea are attempting to find ships to bring them to this city. Allied representatives here, however, have advised Sebastopol that there is no room in Constantinople for them.

Paris, Nov. 2.—A series of conferences in favor of the Russian revolution are planned by a commission formed by the General Confederation of Labor, the Socialist Party and the League of the Rights of Man. The committee will select a number of cities where these meetings will be held.

Sir James Loughheed Now Is Acting Prime Minister

Ottawa, Nov. 2.—(Canadian Press)—Following a brief meeting of Cabinet, at which they bade goodbye to their colleagues, Sir George Foster, Minister of Trade and Commerce, and Hon. C. J. Doherty, Minister of Justice, left this afternoon for Quebec en route to Geneva, where they will represent Canada at the first meeting of the Assembly of the League of Nations.

Until the return of Premier Meighen to Ottawa on November 19 Sir James Loughheed will be Acting Prime Minister. Sir James also has been appointed acting chairman in the place of Sir George Foster, of the sub-committee of Cabinet reorganization and efficiency in the civil service.

Hon. A. L. Sifton has been temporarily appointed a member of the sub-committee in the place of Hon. J. A. Calder. An Acting Minister of Trade and Commerce and an Acting Minister of Justice have not yet been appointed, but it is understood that

CHINESE MUTINIED IN LOUISIANA

Eleven Members of British Ship's Crew Wounded; Two Will Die

New Orleans, La., Nov. 2.—Eleven Chinese members of the crew of the British steamship Elm Leaf were wounded early to-day when guards resorted to pistol fire to quell a mutiny aboard the vessel.

Twenty-four Chinese participated in the riot, which was precipitated when officers of the ship announced that in compliance with Federal regulations no shore leave would be granted.

ARMED THEMSELVES

According to reports, the Chinese armed themselves with knives, pieces of pipe and scrap iron and rushed from the forecasts to overwhelm the guards. A number got over the ship's side and hid in the woods bordering the river. The rapid firing of the guards influenced most of those not wounded to surrender. Two of the wounded will die.

THE ELM LEAF

The Elm Leaf is anchored at Good Hope, about fifteen miles above New Orleans. The vessel is operated between New Orleans and Tampa.

PERSIAN CREAM

A soothing, healing, liquid preparation that quickly relieves red, rough, sore skin, leaving it smooth and soft. Delightful and healthy to use after shaving.

SAYS PROGRESSIVES SHOULD UNITE

Ontario Liberal Executive, Having Toured West, Speaks of Conditions

Brockville, Ont., Nov. 2.—"The great problem to be solved by the Liberal forces in the west to-day," said A. C. Hardy, chairman of the Ontario Liberal executive, who returned yesterday after accompanying Hon. W. L. Mackenzie King through British Columbia, Alberta and Saskatchewan, "is the division in the progressive, consisting of the Liberals, the Farmers' Party, Labor, and to a considerable extent, the returned soldiers."

PROMISE JUSTICE FOR JAPANESE

Washington, Nov. 1.—The State Department declared to-day in a formal statement that no outcome of the movement in California to re-cast state laws affecting alien land tenure will be acceptable to the country at large that does not accord with existing and applicable provisions of law and, what is equally important, with the national instinct of justice.

The statement was the first issued on the California land question, which long has been a matter of conversation between the Department and the Japanese Ambassador here.

An Assurance. The impression was given that the chief purpose was to convey an assurance to the people of Japan that the American Government would see to it that their legitimate interests would be safeguarded and would continue to have the consideration to which they were entitled.

The Department's statement was made public in agreement with the Japanese Government, it having been the understanding from the start of the conversations with the Japanese Ambassador that neither Government would issue any statement regarding the matter without the consent of the other.

ASHES MINGLED.

Brantford, Ont., Nov. 2.—The ashes of Ella Wheeler Wilcox, poetess and author, who died a year ago, were mingled with those of her late husband, Robert Wilcox, at an anniversary ceremony on the grounds of the former Wilcox home at Short Beach yesterday.

SINN FEINERS USE DUMDUM BULLETS

British Government Considering Special Legislation to Deal With Outrage

London, Nov. 2.—Premier Lloyd George stated in the House of Commons yesterday that the Government was considering special legislation to deal with the use of dumdum bullets in Ireland, where members of the police and military had suffered appalling wounds from them.

Deaths. District Inspector of Police Killigier was shot and killed Sunday night at Grenard, according to a Dublin dispatch. A police patrol was attacked in Abbey Dorney, one constable being killed and two wounded. A constable was wounded at Causeway. Armed civilians captured and destroyed the Littleton barracks, taking all arms and ammunition. In Tralee a naval driver was wounded, and reprisals followed, the city hall and some shops being burned.

RAILROAD DEATHS IN UNITED STATES

Washington, Nov. 2.—Fewer persons were killed on railroads in the United States in 1919 than in any previous year since 1888, and fewer were injured than in any previous year since 1910, said a statement issued to-day by the Interstate Commerce Commission. During 1919 a total of 6,973 persons were killed and 149,058 injured compared with 6,895 killed in 1898 and 119,507 injured in 1910. Of the killed during the year 373 were passengers, and of the injured 7,456 were passengers. Employees killed during 1919 numbered 2,138 and 121,918 were injured.

CANDIDATE NOT NOW RAILWAY EMPLOYEE

Toronto, Nov. 2.—James Higgins, Soldier-Labor candidate for the Ontario legislature in the Toronto by-election, which is to be held on November 8, has been dismissed from employment by the Canadian National Railways, according to a statement made by his selection agent. Mr. Higgins had intimated more than once lately that he regarded himself as automatically dismissed from the Canadian railway service because of his candidacy.

Winnipeg, Nov. 2.—W. D. Bayley, M.P.P., has issued a statement appealing to all supporters of democracy to make a definite protest by resolution or otherwise against the proposed amalgamation of Canadian National Railway employees by D. B. Hanna. Mr. Bayley declares that this action affords an opportunity to test the sincerity of the multitude of people and scores of organizations that urge labor to adopt constitutional means to gain its ends. He states that if labor receives no help from non-labor groups then the public need not complain if labor resorts to so-called unconstitutional means to make its protest effective.

BUILDING CANADIAN TRADE WITH EUROPE

Ottawa, Nov. 2.—The weekly bulletin of the Department of Trade and Commerce announces that W. McEl. Clarke, Canadian Trade Commissioner to Italy, who also has carried on special trade investigations for the Department in Spain, Greece and Egypt, is now visiting Canada. He expects to go to Western Canada about the middle of November. The bulletin states that exporters wishing to get in touch with Mr. Clarke may do so through the Commercial Intelligence Branch of the Trade and Commerce Department.

EIGHT-HOUR DAY IN SWITZERLAND

Berne, Nov. 2.—The referendum on the introduction of the eight-hour day into the Swiss railroad, administrative, postal, telegraph and telephone services has resulted in favor of the measure. The vote is announced at 369,990 to 271,000.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat If You Feel Back-achy or Have Bladder Trouble

Most forms of uric acid which excite and overwork the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

London, Nov. 2.—Sir Campbell Stuart, who was born in Montreal, and who raised the Duchess of Connaught's Irish-Canadian Rangers there in the early days of the war, has been appointed managing director of the Times. He is thirty-five years old.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

"GILLETT'S LYE EATS DIRT"

Made in Canada.

WINNIPEG AUDIENCE HEARS LEADER KING

He referred to the "august convention of the Liberal Party" in Ottawa at which the policies of the party had been given a new application. He emphasized the point that everything had been done in the open and that there had been no concealment. He defended his choice as leader, stating that the convention had heard no dissenting voice, although many more experienced men had been passed over.

Real Issue. The real issue to-day, he said, was between government by the hidden "big interests" and government by Parliament. The progressive groups, in which he included his party, had much in common, and he asked that steps be taken that the progressive groups might be assured of the return of the people's representatives to the next Parliament. He made a plea for unity.

The Government for many years had been a Government of lawyers, he said, and for his part, he would rather have a Government of any other section of the people. The Farmer movement and the Labor movement, he said, could not succeed alone, because they aroused a suspicion of class domination. World history showed that in all nations public feeling had become divided into progressive and reactionary groups. He warned against the danger of falling into the trap set by the same chosen for the Government groups, and asked for union about the Liberal banner of the Canadian National Railways, according to a statement made by his selection agent.

Not Alone. The Farmer movement and the Labor movement, he said, could not succeed alone, because they aroused a suspicion of class domination. World history showed that in all nations public feeling had become divided into progressive and reactionary groups. He warned against the danger of falling into the trap set by the same chosen for the Government groups, and asked for union about the Liberal banner of the Canadian National Railways, according to a statement made by his selection agent.

Railways. In reference to the railway policy of the Government, he said that the Government had not bought the Grand Trunk, but had merely secured an option on it for twenty years and had guaranteed a higher rate of interest to private investments than would have been secured under private control for many years. The Government, he added, was afraid of its own shadow in the matter of freight rate increases.

The order of the Canada that employees of the Canadian National Railways should not run for political office he characterized as a step toward driving workmen to direct action. This policy, if followed out, would prevent a great mass of workmen from taking advantage of a cardinal principle of the "British constitution, which is that everyone shall have equal rights."

Resources. The control established by the Government over the railways was in direct contravention of all principles of Government ownership. In conclusion, he referred to the question of the natural resources of the Prairie Provinces, and stated that the Liberal policy included control of their natural resources by the Prairie Provinces. He charged that the question had been made a football by the Government party for political purposes.

Dr. Beland. Hon. Henry S. Beland, M. P. for Beauce, Que., was applauded as he arose and opened his remarks by stating one of his principal objects was the welfare of the public interest, aside from political matters. He attacked the present Government on the ground that it does not represent the will of the people as expressed in 1917, and in support, outlined the present composition of the Cabinet. The party resource, he declared, had been decided upon as a deliberate attempt to mislead the public, while the Government was in reality a Tory administration.

Dr. Beland attacked the Government from a fiscal standpoint and declared that while Premier Meighen was going about saying, "All is well," the Government was using the war as an excuse to cover many blunders and much extravagance. The war, he said, was responsible for some of the debt, but had the Government the right to spend \$2,600,000 for useless Ross rifles? Public money, he said, had been spent wastefully by the hundred millions during the war, and found its way into the pockets of friends of the administration. \$9,000,000 increase. August expenditures by the Government had been \$90,000,000 for ordinary purposes, he said, an increase of \$9,000,000 in one month. The Government system of taxation, he held, was burdensome to all the people, and a relief to none.

Present discontent he attributed in a measure to war conditions, and to a great extent to the "utter, absolute disregard of the present administration for public opinion, and its disregard of parliamentary institutions," by refusing to go to the people.

Tariff. The Liberal Party, he said, stood between the high tariff policy of the present Government and the policy of free trade. Tariff for revenue, which would afford moderate protection to necessary industries, was the aim of the party, he added.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Genuine Aspirin Prescribed by Physicians for Eighteen years

The name "Bayer" identifies the only genuine Aspirin—The Aspirin prescribed by physicians for over nine years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocrocinolide of Salicylic acid. While it is well known that Aspirin means Bayer Manufacture, to meet the public's greatest intentions, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

NOTED SUFFRAGIST ISSUES STATEMENT

Mrs. Annie M. Sloan, of Buffalo, Declares She Would Not Take All the Money in the World For Good Tanlac Did Her.

MRS. ANNIE M. SLOAN Prominent Buffalo, N.Y. Club Woman and Suffragist

"I will just say frankly, I think Tanlac is perfectly wonderful and I wouldn't take all the money in the world for the good it has done me," said Mrs. Annie M. Sloan, recently residing at 275 Huntington Avenue, Buffalo, N.Y.

Mrs. Sloan has resided in Buffalo for the past forty years and is very prominent in club circles, being an active member of the Buffalo City Club, the Lincoln Republican Club, and the Women Voters League.

She represented the women of her city in their appeal to the United States Senate at Washington when the Suffrage Bill was first introduced, and was honored with a membership in the Washington Suffrage Club. Mrs. Sloan is also deeply interested in church and charity work. Her statement regarding the benefit she has derived from Tanlac will be of widespread interest. She said: "I have only been taking Tanlac about four weeks, but I am already feeling better than I have felt in years. Why, it just seems as though I have been awarded a new lease on life, and I am doing an immense amount of good to others who are trying to find relief not to tell what this grand medicine has done for me. Some time ago I was compelled to undergo an operation for gallstones, after which I got along very well until about a year and a half ago, when I had a very severe bilious attack. These attacks became frequent and with each one I would have to remain in bed for four or five days.

"About six weeks ago I had another of these attacks and was in such awful pain I almost gave up hope. This spell left me without any energy and so weak I could hardly walk across the room. "Tanlac has relieved my troubles entirely. I am enjoying splendid health now and am brimful of new strength and energy. Everyone should know of Tanlac." Tanlac is sold in Victoria by D. E. Campbell, Corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

HEAVY CHICAGO LIQUOR SENTENCES

Chicago, Nov. 2.—"This man apparently is determined not to go dry," commented Federal Judge K. M. Ladd, as he imposed a sentence of thirty months in the federal penitentiary at Leavenworth and a fine of \$20,000 upon Charles M. Sommers, owner of the Birchmont Hotel and of the St. James Grill. Sommers and his cousin, William Sommers, who was sentenced to ninety days in the county jail and fined \$10,000, pleaded guilty to conspiracy to violate the prohibition laws and to selling liquor. "I, for one, will do my duty in such matters," said Judge Ladd.

ECZEMA

you are not a physician. In a word you use Dr. Chase's Ointment for Eczema and skin irritations. It relieves at once and gradually cures. It is a beautiful, non-irritating, and safe. VANCOUVER MEN WILL COME TO ISLAND SHORTLY

Vancouver, Nov. 2.—The sale of the agency for the Oldsmobile in Victoria has been acquired by T. Moryson and C. Kilpatrick of the city. Both are well-known in Vancouver trade circles. Mr. Kilpatrick has been for some time with Egg Brothers as agent for the Dodge cars. Mr. Moryson has been employed by the local McLaughlin Agency for four years and member of various clubs and organizations is well known in the city. He is a popular member of the Kiwanis Club and the Vancouver Golf and Country Club. The members of the new firm company yesterday. The price paid to leave for the island with the gold was 116 shillings, 8 the next few days, when they were sold for one ounce net, and the terms secure temporary quarters and the sale called for shipment of the range for the erection of a permanent building in October, November and December, the dispatch added.

MEXICO TO PAY MONEY TO WIDOW OF BRITISHER KILLED

Washington, Nov. 2.—Great Britain has agreed to a settlement of the claims against Mexico growing out of the killing of William S. Benton, a British subject, near Juarez, February 17, 1914. Mexico is to pay \$10,000 to Mrs. Benton and a pension of \$250 a day as long as Mrs. Benton remains unmarried.

AUSTRALIAN GOLD TO UNITED STATES

London, Nov. 2.—The sale of 104,000 ounces of fine gold to the National City Bank of New York by the London Producers' Association at Melbourne was reported in a Melbourne dispatch to the Exchange Telegraph yesterday. The price paid for the gold was 116 shillings, 8 the next few days, when they were sold for one ounce net, and the terms secure temporary quarters and the sale called for shipment of the range for the erection of a permanent building in October, November and December, the dispatch added.

CANADIANS GO TO LEAGUE ASSEMBLY

Foster and Doherty Leave For Geneva; Amendment of B. N. A. Act

Ottawa, Nov. 2.—(Canadian Press).—Sir George Foster, Minister of Trade and Commerce, and Hon. C. J. Doherty, Minister of Justice, as Canadian delegates to the Assembly of the League of Nations will leave Ottawa for Geneva this afternoon. They will be met in London by Hon. N. W. Rowell, formerly President of the Privy Council, who will be third delegate to the League.

1. Amendment of the British North America Act.
2. Delimitation of the Canadian-Newfoundland boundary along the Labrador frontier.
3. Naturalization of aliens.
B. N. A. Act.
The amendment of the British North America Act, which is to be the subject of discussion between the Canadian Minister of Justice and the British authorities, concerns the question of giving to Dominion legislation the same force of extra-territoriality as is now the case with legislation passed by the Parliament of the United Kingdom.

Penalties.
If the amendment to the British North America Act is passed by the Imperial Parliament, the Canadian Parliament would have authority, for instance, to impose penalties on Canadian airmen committing offences against Canadian regulations while not actually flying over Canadian territory. At present laws passed by the Dominion Parliament have no such force. The question came before the Dominion Parliament last session, when a resolution favoring such amendments of the British North America Act was passed by both Houses. A number of points in respect to the amendments have arisen, however, and these are to be discussed in London. But it is expected that the amendment will be adopted at Westminster as a matter of course.

Vancouver Island News

COWICHAN RED CROSS AIDS WAR FAMINE FUND

Cowichan Station, Nov. 2.—The Cowichan branch of the Canadian Red Cross Society held its annual general meeting in the old hall, Cowichan Station, on Friday last. The accounts for the year showed a balance in hand of \$118.83, and arrangements have been made for a dance to be held on November 11, which it is hoped will add considerably to the bank account of the society.

Mrs. Moss, O.B.E., as retiring president, presented the report on the society's activities during the past year, laying particular emphasis on the progress made in conjunction with the North Cowichan branch in establishing a health centre for the Cowichan electoral district. The Cowichan branch has also been responsible for the organization of a South Cowichan company of Girl Guides, which means an average of progress along lines of guide training. A letter from the Provincial branch, with a circular letter attached, was read and discussed by the meeting. The letter contained an appeal for money to go to the Imperial War Famine Fund for the relief of suffering in the war stricken areas of Europe.

It is proposed to organize a campaign throughout Canada during Armistice week to raise the \$500,000 which is the portion allotted to Canada, and of this half million British Columbia is expected to contribute \$30,000, which means an average of less than ten cents a head. Upon discussion it was voted that the Cowichan branch send the sum of \$50 from the funds in hand to the Imperial War Famine Fund. Officers elected for the coming year were: President, Mrs. Moss, O.B.E.; vice-president, C. Wallace; secretary-treasurer, C. Gibbons. The committee consists of Mrs. R. M. Palmer, Mrs. Owens, Miss Bolster, Mr. May, Mrs. Gibbons, Col. Moss and Mrs. Thompson.

Political Situation.
Nanaimo.—A candidate representing the returned soldiers and labor men may be put up in Nanaimo for the coming Provincial elections. Sunday evening at a meeting of about 150 returned soldiers and their dependents, in the Opera House, a resolution was passed inviting co-operation with the labor men and a committee was appointed to co-operate with their committee in choosing a candidate who would represent especially the interests of the returned men and manual workers of the community. The meeting, though not called by the C. W. V., which by a recent resolution barred itself from politics, was directed by members of the association. The speakers were: Messrs. A. Murdoch, president of the Nanaimo C. W. V., A. N. H. McDiarmid, John March, J. Somers and J. R. McKinnell, all local men. It is likely that a meeting of labor men will be held, possibly to-morrow night, to consider their attitude on the situation.

Open Memorial Hall.
Cumberland—All sections of the community were well represented at the formal opening on Tuesday evening last of the Memorial Hall erected to the memory of the fallen heroes and for the use of the members of the Great War Veterans' Association. The hall was well filled with invited guests and friends, a pleasant evening being spent. W. Brown, president of the Cumberland Branch of the C. W. V., A., was in the chair, and on either side of him were seated Mayor D. R. McDonald, Mayor Duncan of Courtenay, Chas. Graham, District Superintendent of the Canadian Collieries (Dunsmuir) Ltd.; G. W. Clinton, American Consul and President of the Board of Trade; and Mrs. C. J. Bunbury, president of the Women's Auxiliary.—Cumberland Islander.

Shipping to Peru.
Courtenay.—Mr. Hurford's experience in shipping four head of pure bred stock to Mollendo, Peru, will give some indication of transportation difficulties and expense, says the Comox Argus. First of all he must pay \$150, U. S. gold per head, then there is a fee of fifty dollars for the gold for taking care of them on board ship and in addition the skipper must furnish the necessary stails and fittings on board ship and provide feed; any feed not consumed on the voyage to pay tariff and freight rates. But in spite of all these difficulties the four head of pure bred stock will start on their long journey to Peru this week-end. The consignment consists of three heifers and a young bull. More would have been sent if the freight rates and insurance had not been so prohibitive.

Extending Accommodation.
Campbell River.—Campbell River has made much material progress this year in the way of new business premises and added accommodation for the ever increasing tourist traffic. Charles Thulin, proprietor of the Willows Hotel has recently completed a very fine new store conveniently situated near the wharf. The building measures 100 by 30 and contains the general store, post office and warehouse on the ground floor, while the second story has been put to the useful purpose of housing the overflow of tourists from the hotel. The seventeen new rooms on the second floor have been tastefully furnished and from the windows a splendid view can be had of Discovery Straits with its continuous stream of passenger and freight steamers, the 4 passenger way to and from North and British Columbia and Alaskan ports. A greater rush of tourists to this resort will come next season to enjoy the many attractions for which this district is famed.

Nanaimo.—In the official recount Friday by returning officer H. N. Shaw, it was found that of eighty-six absentee voters, 42 were for Government control and 24 for Prohibition. The complete vote stands as follows: Government control, 1,998; Prohibition, 879; spoiled, 24; total votes cast, 2,901.

Receive Medals.
Nanaimo.—Miss E. Dickman, who

won the Governor-General's medal for obtaining the highest rank in senior grade work of the district, and Miss Ada Bailey, who stood first among the High School entrants last June, were presented with their medals Friday afternoon at a general assembly of the school, Principal Manzer, in the absence of the chairman of the board, making the presentation.

Mission Work.
Sidney, Nov. 2.—The Provincial of the Order of the Society of Mary, Rev. Fr. Rossin, of Dorval, Que., is on Vancouver Island on an annual visit to the Indian Missions of Cowichan, Kuper Island and Saanich, which are in charge of the Fathers of that order. During his visit Father Francis, of Cowichan, has been appointed in charge of the Saanich parish. Father Rossin will leave for the East on Thursday.

ROYAL OAK C.G.I.T. HOLDS ENTERTAINMENT

An interesting programme was given in the Royal Oak Hall on Saturday by friends and members of C. G. I. T. The first item on the programme was a competition, "Advertisements." Mrs. Neville kindly looked after this and also gave the prizes which were won by Mrs. J. Booth and G. Reid. Delightful vocal solos were given by Miss Bishop of Victoria, Mrs. Towler and Mrs. Layritz, while Mrs. Colin Cummins also of Victoria delighted the audience with her amusing sketches. Mrs. C. Bishop, President of the Co-operative Committee for Girls' Work clearly and concisely outlined the objects of the C. G. I. T., telling how it aims to train girls to be leaders and also develop them on all sides, physically, intellectually, spiritually and socially. She also congratulated the girls on the work they have done under the leadership of Miss K. Butt and Miss Littler.

Brief demonstrations of the 4 Standards were given by the teams. Their demonstrations were entirely the outcome of their own ideas without any help or suggestions from anyone. Mrs. Bishop and Mrs. Pease kindly acted as judges, points being awarded for the work of the teams.

The True Blues under Captain Irene Barker and the Hiawathas under Captain Evelyn Cummins both gave excellent demonstrations of their standards, namely the Physical and the Intellectual, respectively, both receiving 10 points. The Sunbeams under Captain Kathleen Griffin also did very well and were awarded 8 points, for their demonstration of the Spiritual and Service Standards.

The ice cream, cake and candy stalls were managed by the three teams, respectively, each team in decorating its stall tried to have the decorations correspond with their name. 10 points were awarded the Sunbeams for their stall which was most originally decorated. The Hiawathas were a close second with 9 marks, while the True Blues received 8 marks.

HER CASE SEEMED HOPELESS

But "Fruit-a-lives" Brought Health and Strength

29 St. Rose St. Montreal.
"I am writing to tell you that I owe my life to 'Fruit-a-lives.' This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-lives' and tried them. After taking a few boxes of this wonderful medicine made from fruit juices, I am now entirely well."

Madame ROSINA FOISIZ.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or send postpaid by Fruit-a-lives Limited, Ottawa.

received 8. Each team also had an exhibition of the work done in connection with their hobbies. Some of the canned fish, fruit and vegetables were excellent as also was the sewing and crochet work. The Sunbeams received 10 points for their exhibition of work, the Hiawathas 9 points and the True Blues 8. As a result of the three competitions the Hiawathas and the Sunbeams were a tie with 25 points while the True Blues had 25. Miss Bishop, kindly played the Community Sing after which the girls gave their "yell" with much gusto and effect, an encore being demanded. The crowning event of the evening was a dialogue, entitled "The Crystal Gazer," by Miss Cummins and Miss Dora Pease, both of Victoria. After a hearty vote of thanks to all kind helpers refreshments were served by the girls. Miss K. Butt and Miss Phyllis Cummins, President of St. Michael's C. G. I. T. were in charge of the door. The proceeds amounted to over \$100, this is to be devoted to a Parish Hall Fund. The girls hope to be able to build a Parish Hall in the Spring.

LESS WHEAT VIA ST. LAWRENCE ROUTE

Montreal, Nov. 2.—The total amount of grain which passed down the Lachine Canal in October showed a decrease of 2,461,192 bushels as compared with October, 1919, the total being 4,532,892 in that month and 2,132,500 bushels in October, 1920.

RUMOR DENIED.

Regina, Nov. 1.—There is nothing to it. This was the answer of Premier Martin when asked last night as to the truth of a Prince Albert dispatch which stated that Hon. W. F. A. Turgeon was contemplating retirement as Attorney-General in the Provincial Cabinet in order to enter the Federal list.

Woman of Middle Age

Owing to methods of living not one woman in a thousand approaches this naturally natural change in her life without experiencing a train of annoying and sometimes painful symptoms. Those dreadful flashes, smothering spells, fainting spells, nervous trouble irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—I did not eat or sleep for six months. I was so nervous and could not get on my feet for three months. Cause male trouble. My cousin, who vector, told me to take Lydia E. Pinkham's Vegetable Compound and it did me greatly. Then during the (of Life) I used the same remedy. seventy years old now and am so do my own housework and wamble to church every Sunday morn'g evening. I am recommending gettable Compound to my friending the same troubles as I had. remedy is the best on earth. It find words to express my grat' for it.—Mrs. SUSAN C. STAPLE School St., Taunton, Mass.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache.—I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANE, 743 N. 20th St., Philadelphia, Pa.

Women Middle Age Should Depend Upon

HARDING OR COX?

Not only on this side of the international boundary line but also in Great Britain the election of Senator Harding to the Presidency of the United States appears to have been taken for granted. Many of the principal British journals already have indulged in not a little speculation upon a Cabinet of Harding's selection and its probable policies. Until the returns are counted, however, there will still remain that possibility of surprise to which political history has been no stranger.

The striking feature of the presidential election campaign has been the peculiar apathy of the people themselves in contradistinction to the intense interest with which the whole of Europe has watched its progress. The Old World's particular concern in the outcome is the natural aftermath of the war coupled with the new international relationships to which the great Republic became committed as a result of her part in the struggle.

Europe has directed her attention to the United States because of her wealth and her ability to lend practical aid in the general reconstruction of the world. The less affluent countries on the other side of the Atlantic had hoped that their path to economic recovery would have been made easier by a larger conception of international responsibility than that which marked the recent announcement made by the Secretary of the Treasury. Therefore, unless the policy of the incoming President and his Cabinet offers more hope of financial assistance they will regard the future with serious apprehension.

Now that the campaign has closed it is interesting to observe to what extent the League of Nations was allowed to become an issue. It is true that both candidates indulged in continuous flirtations with the Covenant. But it failed to develop into the bogeyman that had been expected. Both candidates believe that an organization capable of averting wars in the future is absolutely necessary.

Senator Harding would support the League practically as it stands. Senator Cox is flat against its acceptance. He has declared himself an advocate of an "international association founded upon the principles of justice." But the term has proved too elastic to permit of easy translation into a concrete proposal so far. The Republican Party found its main stumbling block in Article Ten and from that fundamental objection it proceeded to develop the old doctrine of splendid isolation to the point that the League in its present form was made to appear the worst possible piece of business to which the people of the United States could be asked to commit themselves.

The Irish question ceased to be a real factor when both Republican and Democrat platforms were closed to Eamonn de Valera. It has been trotted out at various intervals when local sentiment has appeared to warrant it. But both candidates merely touched the fringe of the issue, with which they could not be officially concerned even if they wanted to be, and contented themselves with a varied collection of fairly safe platitudes. Upon no occasion did either Harding or Cox say anything that might be turned to the embarrassment of their respective parties at a later date. And both were well clear of any public statement that would provoke the least strain in the relations existing between the United States and Great Britain.

Nevertheless to-day's election will do away with the necessity for the continuation of the public siring of a number of points of conflict between the two nations which are of importance only in-

asmuch as they may be made to serve the political atmosphere of the moment.

A DOMESTIC LOAN.

There is no reason to believe that the people of British Columbia will share the concern exhibited by our morning contemporaries in connection with the domestic loan which the Province expects to raise from the purse of its own population. The Minister of Finance was careful to infer in his announcement published in our news columns yesterday that the details of the manner in which the Government would conduct its appeal for five million dollars would not be developed until after the people themselves had had an opportunity to say whether the Oliver or another Administration should be entrusted with that duty. No obligation has been incurred for which a new Government could be held responsible. Nor is the idea so new that it may be labelled a campaign dodge. A domestic loan for British Columbia at least was one of the prophecies made by the Minister of Finance during his budget speech last March. But a departure of this kind very properly demands a good deal of thought, and in announcing its policy the Government which now seeks re-election to office has shown its willingness to set the pace in provincial financing which surely should not fail to gain the support of our contemporary. There is nothing like giving British Columbians an opportunity to obtain a stake in the Province in which they live and earn their livelihood. We are also of the opinion that the principle will be adopted by other Provinces in the Dominion if the money markets of the country continue to be influenced by the abnormal conditions of exchange.

SILENT ON IMMIGRATION.

Scarcely an individual who formed part of the audience at the Prime Minister's meeting in the Royal Victoria Theatre on Saturday night would have offered any objection if the Hon. Mr. Calder had confined himself to the work of his own Department instead of indulging in a lame attempt to defend the Administration. Mr. Meighen already had covered a great deal of history during the seventy-five minutes in which he occupied the stage and the Minister of Colonization and Immigration was provided with an excellent opportunity to vary the fare with something of real importance to the people of this Province and the country generally.

Mr. Calder has recently returned from Great Britain after conducting an examination into immigration programmes on that side of the Atlantic. Surely he must know that British Columbia is vitally concerned in the tide of emigration which should be flowing to her from the Old Land. But not a word did Mr. Calder say. And what better point in his tour of this part of the Dominion could he have selected than the capital city of British Columbia to say something about the prospect of increased population for this Province. We are told from time to time that British Columbia will get her share of the right kind of settler, men of brain, brawn and capital. But the Minister of Colonization and Immigration on a Victoria platform, just fresh from a tour of Great Britain upon that very important business found that the best he could do was to devote such time as he was permitted to speak to a defence of the Government of which he is a member by repeating the arguments used by the Premier—to better advantage and to an audience in better mood—half an hour before him. Small wonder that Mr. Calder was obliged to cut his remarks short.

Dr. King Spoke.
 Hon. J. H. King, Minister of Public Works, and A. Buchanan, the local member, were the other factors that formed a triumvirate at the festivities.
 Mr. Buchanan concentrated on the fact that while the Government had disposed of an issue of provincial bonds in 1916 for \$6,750, a 1920 issue had brought 103.25, a record price for Canada and conclusive proof that the credit of British Columbia had been re-established.
 Good Roads.
 Dr. King dwelt on matters appertaining to his Department and had no difficulty in his accounting, as Golden and vicinity have the best roads in the province, an illustration that Dr. King held up as the objective of the administration if returned to power.
 While the audience was not so large as expected it was 100 per cent loyal, not one heckle being uttered during the orations. Great applause at the conclusion of the meeting expressed the attitude of the audience.

DRASTIC LAW AGAINST FIREARMS

Every American or other person, resident in Canada, not a British subject who even has a shotgun anywhere in his possession, without the necessary permit, will be guilty of this offence.
 To date the public has not realized the effect on one heckle being uttered during the orations. Great applause at the conclusion of the meeting expressed the attitude of the audience.
 While the audience was not so large as expected it was 100 per cent loyal, not one heckle being uttered during the orations. Great applause at the conclusion of the meeting expressed the attitude of the audience.

NOTE AND COMMENT

An amendment to the Criminal Code of Canada which became operative last month obliges all owners of firearms—except shotguns—to obtain a permit in order that their retention may be legalized. It will be natural for the burglar of the future, therefore, to demand the production of the householder's revolver permit before he allows

himself to be made the target for his own indiscretion.

Mr. Bowser is confident of a sweeping Conservative victory at the polls on December 1. Mr. Oliver told the people of Vancouver on Saturday that he never felt more confident of success. The people say: "You never can tell."

According to a dispatch from London the population of the Armenian town of Hadjin have been massacred by the Turkish Nationalists. To read that the League of Nations is to cost \$400,000 per month next year is little consolation to this unhappy race.

When Sir Eric Geddes went to Dublin in connection with the Irish railway strike he said this: "I am here to settle this Irish railway business; it has been hanging about long enough, and it is about time that we got a move on." One of these days Mr. Lloyd George may say this: "As the champion strike settler, international expert, and the only Prime Minister that Northcliffe cannot muzzle, I have arrived in Dublin to take the 'Sin' out of Sinn Fein and to give Ireland peace."

Later advices from South Africa intimate that Premier Smuts's resolution at the convention of the South African Party was adopted unanimously. This means the harmonious cooperation of the two races and a substantial working majority in Parliament over Labor and Nationalists combined.

WHY DO SOME PEOPLE HAVE DIMPLES?
 (Copyright, 1920, By The Wheeler Syndicate, Inc.)
 The peculiar mark which we call a "dimple" is really nothing more than a dent or depression in a part of the body where the flesh is quite soft. When we smile, the indentations which appear when a person smiles. But it should be remembered that dimples are also to be found in other parts of the body. Babies, for example, usually have dimples above and below the mouth, and some infants who are plump often have several in their backs and shoulders.

These are due to the fact that the fibres which lie under the outside skin are too short in one spot or another and pull the skin in, forming the dimple. This natural effect can be easily imitated by a slight surgical operation, the outer layer of skin being opened and lifted and the fibres underneath slipped so that the skin, upon healing, is pulled slightly upward. The fact that dimples frequently occur in the cheek is due to the comparative irregularity of the length of the skin fibres of this part of the body.

WHERE IT STARTED
 PENS.
 (Copyright, 1920, By The Wheeler Syndicate, Inc.)
 The use of the pen is very ancient. Bronze pens have been found at Pompeii in the excavations; Isidore of Seville (615 A.D.) mentions pens of reed. Goose quills were in universal use until the eighteenth century. Gold was a favorite material of the more wealthy scribes.

GOLDEN ELECTORS HEARD MR. OLIVER IN CAMPAIGN
 (Continued from page 1.)
 Dr. King Spoke.
 Hon. J. H. King, Minister of Public Works, and A. Buchanan, the local member, were the other factors that formed a triumvirate at the festivities.
 Mr. Buchanan concentrated on the fact that while the Government had disposed of an issue of provincial bonds in 1916 for \$6,750, a 1920 issue had brought 103.25, a record price for Canada and conclusive proof that the credit of British Columbia had been re-established.
 Good Roads.
 Dr. King dwelt on matters appertaining to his Department and had no difficulty in his accounting, as Golden and vicinity have the best roads in the province, an illustration that Dr. King held up as the objective of the administration if returned to power.
 While the audience was not so large as expected it was 100 per cent loyal, not one heckle being uttered during the orations. Great applause at the conclusion of the meeting expressed the attitude of the audience.

DRASTIC LAW AGAINST FIREARMS
 (Continued from page 1.)
 Every American or other person, resident in Canada, not a British subject who even has a shotgun anywhere in his possession, without the necessary permit, will be guilty of this offence.
 To date the public has not realized the effect on one heckle being uttered during the orations. Great applause at the conclusion of the meeting expressed the attitude of the audience.

They are likely to be affected considerably.
 No Permits Yet.
 Regarding the provision for the securing of permits, Superintendent McEwen stated to-day that residents in communities under 25 magistrates have to secure their permits from the latter dignitary. The city police court office when asked by The Times to-day asked which magistrate they would look the question up, and could offer no advice on the permit issue. Superintendents of provincial and mounted police may grant permits in their areas, while police magistrates, it is thought, will have the issuance of permits in their own limits.
 Evidently the machinery for the provision of permits is not yet in motion, because it was impossible to secure one this morning, though The Times made very determined efforts.

STRONG TICKET IS CHOSEN BY LIBERALS IN VANCOUVER CITY

(Continued from page 1.)
 represent Sidney at Mahon Hall, Vancouver, on Friday afternoon, when the Islands nominating convention will be held.

Canvassers Begin.
 With the completion of the Soldier-Labor ticket for Victoria constituency by the selection of Messrs. Dakers and Dooley, the chief organizers of the party this morning started to work in earnest to create a smooth working organization.
 It is expected that the remarkable organization created almost overnight by the united effort of the various unions in the city will be a squad of volunteer canvassers to take the field, and the Women's Auxiliary to the Grand Army of United Veterans is dividing its membership into five ward groups with intent to leave no home in the city unvisited.
 An air of expectancy and little else marks the Conservative headquarters at this time. There is a persistent refusal of both old-line party men and the younger element to discuss nomination probabilities. President Dunford explained the hopes of the party this morning by saying, "It is the prominent and well liked business men of the city that we are building hopes of success at the post-Thursday's convention, as there are a score of good names which will probably be submitted."

Mr. Northcott's Position.
 In this connection the reply of W. W. Northcott, J.P., to a delegation of interest. Mr. Northcott said, "If I am selected at an open Conservative convention I shall be delighted to enter the field."
 As City Assessor and a man widely acquainted with the needs of the city and the legislative changes required to secure better financial conditions for municipalities generally, Mr. Northcott is in a unique position, and his entry into Provincial politics is proving of great interest.
 The meeting of Ward Five Liberals scheduled for this evening in the Arcade Building will complete the party organization in the city. The separate ward committee rooms are now in operation, the special telephone service installed yesterday being as follows:
 Headquarters, 1578; Ward 1, 7481; Ward 2, 7482; Ward 3, 7483; Ward 4, 7484; Ward 5, 7485.

Nelson Liberals.
 Nelson, B. C., Nov. 1.—Nelson Liberals to-night nominated James O'Shea, Barrister, for the provincial house, W. Wolverson being his rival for the nomination. The Conservatives will nominate to-morrow night.

VOTERS OF AMERICAN REPUBLIC TO-DAY ARE ELECTING PRESIDENT

(Continued from page 1.)
 Some Figures.
 Topeka, Kas., Nov. 2.—Incomplete returns from four precincts out of thirty-six in Topeka at 11 o'clock gave Harding 109 and Cox 59. Under the double system the count began at 10 a. m.
 Wichita, Kansas.
 Wichita, Kas., Nov. 2.—The first 28 ballots counted in six of the twenty-nine precincts in Wichita gave Harding 163, Cox 50; Allen, Republican for Governor, 132; Davis, Democrat for Governor, 108.

Salina, Kas., Nov. 2.—First returns from the fifth ward here show Harding 63 and Cox 30.
 Boston, Nov. 2.—The town of Mashpee, on Cape Cod, gave, for President—Cox, 4; Harding, 43. For Governor—Cox, Republican, 44; Walsh, Democrat, 2. Four years ago the vote of Mashpee for President was: Wilson, Democrat, 21; Hughes, Republican, 12.
 Norwell, Mass.
 Boston, Nov. 2.—The town of Nor-

well, in Plymouth County, voted as follows for President and Governor: For President—Cox, 48; Harding, 409. For Governor—Cox, Republican, 406; Walsh, Democrat, 30.
 Parsons, Kansas.
 Parsons, Kas., Nov. 2.—First returns in Parsons to-day gave Harding 32 and Cox 22. For Governor—Allen, Republican, 39; Davis, Democrat, 23.

Six parties have national tickets for President and Vice-President in the United States to-day, though by no means in all the states. These tickets are Republican, Democrat, Socialist, Prohibition, Farmer-Labor and Single Tax. About thirteen other parties have candidates either for state tickets or for representatives in Congress, bringing the total of all parties in the field nearly to a score.

In the Presidential election there will be chosen 531 members of the Electoral College, of which 266 will be necessary to the election of a candidate as President. In the last election President Wilson had 277.

Electing 33.
 The present membership of the United States Senate is 36, composed of 47 Democrats, 48 Republicans and one Republican and progressive. This year 33 states are to elect 34 Senators, the terms of 32 members of that body expiring on March 3, 1921, while the other two are being selected to fill unexpired terms up to March 4, 1925. Of the 32 Senators whose terms expire next March, 17 are Democrats and 15 Republicans. The two additional vacancies were caused by the deaths of Senators Bankhead of Alabama and Martin of Virginia, both Democrats. One Senator is to be chosen in each of the 33 states except in Alabama, which elects 2.

The only states which do not elect Senators are Delaware, Maine, Massachusetts, Michigan, Minnesota, Mississippi, Montana, Nebraska, New Jersey, New Mexico, Rhode Island, Tennessee, Texas, West Virginia and Wyoming.

Women Candidates.
 There are women candidates for the Senate in six states—Prohibitionists in Indiana, New York and Pennsylvania; Socialists in California, for the Farmer-Labor Party in New York and Connecticut and for Independents in Nevada.
 Socialists have candidates for the Senate in eleven states: Alabama (2), California, Florida, Illinois, Indiana, New Hampshire, New York, Oklahoma, Oregon, Pennsylvania and Washington. The Farmer-Labor Party has Senatorial candidates in seven states: Connecticut, Illinois, Indiana, Iowa, Missouri, New York and Washington.

At least eight other parties have nominated candidates for senator in one or more states. These are Progressive, Socialist, Labor, Single Tax, Independent, Industrial Labor, Labor, Independent, Republican and Non-Partisan League.

Representatives.
 The total membership, 435, of the next House of Representatives is to be elected. Of this number, 215 is necessary for a majority. The present membership is: Democrats, 190; Republicans, 232; Independent Republican, 2; Independents, 1; Prohibitionist, 1; vacancies, 2. There are candidates for Representatives in eleven states, including Alabama, California, Idaho, Iowa, Michigan,

Nebraska, Massachusetts, New York, Oklahoma, Oregon and Missouri.
 Governors are being elected in these seven states, while election for longer state offices are being held in seven others. Those electing Governors are: Arizona, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Washington, West Virginia and Wisconsin.

The Socialist Party has candidates for Governor in eighteen states: Delaware, Florida, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New York, Oklahoma, Oregon, Pennsylvania, Rhode Island, Wisconsin and Pennsylvania.

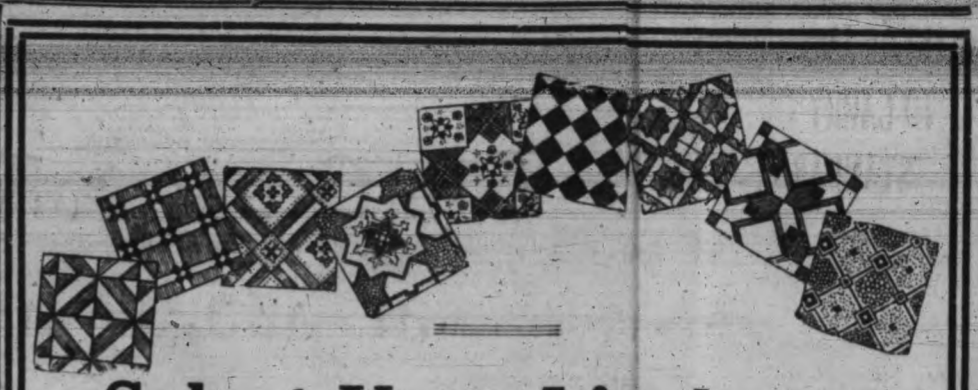

There are Prohibitionist candidates for Governor in seven states: Illinois, Indiana, Missouri, Nebraska, New York, Pennsylvania and Vermont.

The Socialist Labor Party has candidates for Governor in seven states: the Farmer-Labor Party in nine and the Single Tax Party in two, Illinois and Pennsylvania.

Many women are running for office on state tickets.
 Constitutional amendments are being voted upon in 23 states. There are referenda in 12 and initiatives in four. Arkansas is voting on amendments granting suffrage to women and the powers of the initiative and referendum to the people. California has a referendum on five questions, including the Harris Prohibition Enforcement Act, and the sale of poison.

One of the most notable of the initiatives is that in California, where the voters are deciding the fate of Japanese farmers by amending the Alien Land Law so as to withdraw the land leasing privilege from aliens who are ineligible to gain American citizenship.

Four years ago the town gave Hughes, Republican, 15 votes, and Wilson, Democrat, 7.

Union Labor Selects Candidates; Adopts Amended Soldier Platform

Last night's convention of unions in the new Trades Hall on Broad Street by the Trades and Labor Council, selected James Dakers and Thomas Dooley as candidates in the provincial election, to complete a soldier-labor ticket in this constituency. The Grand Army of United Veterans has already named R. P. McLernan and C. K. Christian as its choice, and with only a few minor changes the same platform serves for both co-operating organizations.

Many Ballots.
When balloting commenced there were 191 votes cast, and of these Mr. Dakers received 54 on the first count, Mr. Dooley was second with 23, the balance being scattered between nine other nominees.

Four additional ballots were required to secure the nomination of Mr. Dooley, his final selection being by 25 votes to 24 for George Colwell, the total cast on each ballot falling steadily as delegates declined to stay any longer.

All through the proceedings there was an apparent effort by an aggressive group of alleged One Big Union sympathizers to create dissension, this showing plainly when the tentative platform of the soldiers was being read, clause by clause prior to adoption.

Suggestions that the whole convention be delayed for one week while a special committee prepare a platform, or alternatively that a committee take half an hour to compare the soldier proposals with the Trades Congress platform and the aims of the local Council, were each turned down after protracted argument.

As President Pike put each clause to the vote a strong voice voted nay from the rear of the hall, where a group of highly critical delegates were ensconced, and at the close of discussion secured approval of a clause calling for unemployment insurance.

Mr. Dakers' Remarks.
After a prolonged filibuster led by W. Moulton, who claimed that a plank calling for revision of the Municipal Act was only designed as a vote catcher, James Dakers, who had taken a leading part in keeping the discussions from unduly wandering, closed the protests by agreeing "certainly if it is a vote catcher, everyone understands taxes, this is important to ratepayers. The Government has taken all tax sources, and to give relief to taxpayers the Municipal Act must be revised," he said.

In explanation of the reasons why it was impractical to refer the platform to a special committee before electing candidates, Secretary E. S. Woodward said the Government had called the election at short notice to improve its chances at the polls, and President Pike agreed to refer the amended platform, together with those of the Trades Congress and Local Trades and Labor Council, to a special committee for formation of a permanent labor code of demands.

As the balloting was not concluded until after 11 o'clock with but half the delegates remaining there were no speeches of acceptance, and the naming of the platform committee was deferred until later.

SAYS PLUMBING

IS SATISFACTORY

Alderman Dinsdale Explains Attempt to Alter Specifications

"The plumbing of Victoria is satisfactory," said Alderman Dinsdale, in the City Council last evening, in speaking to a motion to amend the Sewer Specification By-law 1920. The amendment would entail an extra expense of nearly \$200 to the average small cottage, he said. The plumbers, with one exception, were said to be favorable, declared the alderman.

Alderman Fullerton alluded to the situation which had been presented to the Board of Commerce here some time ago at the Victoria sitting, when certain conditions in purchasing supplies were exposed.

The Council, finding the change was being made to conform with provincial legislation, resolved to lay the matter over in order to take the opinion of the Hon. John Hart.

CUTICURA SOAP

For Shaving, Bathing and Shampooing

Warms as the Sun warms

WHAT'S IN A NAME?

Facts About Your Name: Its History, Its Meaning, Whence It Was Derived, Its Significance, Your Lucky Day and Lucky Jewel.

By Mildred Marshall.
Copyright, 1920, by The Wheeler Syndicate, Inc.

IRENE.

Perhaps the most disputed name in lexicon of feminine proper names, from the standpoint of pronunciation, is Irene, signifying peace. The accent of the syllables has changed within the past couple years, and the final "e" is now sounded by the fashionable, who have adopted the name.

The origin dates back to heathen days when Eirene (peace) was personified, and adored, as a goddess. In Christian times, when peace on earth and good will to men was preached, she was formed into a name of much fame. The first Irene whose care revived St. Sebastian after his first martyrdom, and in 203, three sisters, Akape (love), Irene, and Chionia, underwent martyrdom at Thessalonica, but Irene seems to have absorbed all the subsequent honor although Akape is occasionally to be found in modern Greece and formed the masculine surname Akapetos, once the property of a pope, and still used in Russia.

The name Irene was very frequent among Greek empresses and belonged to the lady who would find have added many wives. It is from her that the Russians have it as Eirenea, and in the ancient Greek colony at Sorrento, where the women's features strongly recall their Hellenic descent, Irene is one of the most popular baptismal names.

Irene's jewel is the jacinth, which is recommended especially to travelers, since it insures its wearer from harm and is said to pale in color if danger approaches. It is a peculiar fact, but one none the less, vouchsafed for by historical record, that no one wearing a jacinth has ever been known to have been struck by lightning. To dream of the gem signifies success. Saturday is Irene's lucky day and a her lucky number.

James Russell Lowell has written on Irene:

"Here is a spirit deep and crystal clear,
Calmly beneath her earnest face it lies,
Free without boldness, meek without a fear,
Quicker to look than speak its sympathies;
Far down into her large and patient eyes
I gaze, deep-drinking of the infinite,
As, in the mid-way of a clear still night,
I look into the fathomless blue skies."

GIRLS' VOLUNTARY CLUB

To Hold Silver Tea Saturday to Raise Funds For Christmas Philanthropic Work.

For the first time since its organization six years ago, the Girls' Voluntary Club will appeal to the public for support at a silver tea to be held in the Victoria Club on Saturday afternoon between the hours of 3 and 5 o'clock.

A delightful programme has been prepared to which vocal and instrumental numbers will be contributed by Miss Harry Pookey, Miss Maudie Fraser, Miss Winnifred Bell, Miss Kate Ede, Miss Irene Banner and Miss Jessie Carter, violinist.

The club meets every Wednesday and has been doing an excellent philanthropic work in caring for six needy families in the city, the girls providing all materials out of their own pockets. During the war the club worked energetically for the Red Cross, but since the armistice has been directing its efforts along peace-time channels.

The Victorian Order of Nurses is the medium through which the club helps in its cases, and the members hope to raise sufficient funds at Saturday's tea to provide Christmas hampers for the beneficiary families.

TO-DAY'S JEWELS

The tope is to-day's talismanic gem. It was believed by the ancients that those who wore a tope on this day would be the recipients of unexpected good fortune. It is a gem of wealth, but since the tope is considered an emblem of secrecy, it is not a lucky gift for friends or lovers.

The rich pulsing ruby presides over the destinies of those who were born on some anniversary of this day. It is believed to bring courage and to ensure its wearer with ambition and lofty ideals. The ancients believed that one who wore a ruby could not be defeated in a legal controversy; it also protected him from danger when also traveled either by land or sea.

Pink is the color which Oriental superstition decries for interference on this day. It is believed that a woman who wears it will find all of her social ambitions frustrated.

The red rose is to-day's significant flower. It is a symbol of coquetry.

VOICED HOTEL

SOCIAL PERSONAL

Three hundred guests attended the dance in the K. of P. Hall last evening and enjoyed to the full the arrangements made for their entertainment and comfort. Heaton's orchestra furnished the music and during the evening Instructor Rawlinson introduced a novelty dance which proved a great attraction. The ball was prettily arranged with Halloween favors, while chrysanthemums were used in the decoration of the supper room. The committees, who received many congratulations on the success of their efforts were as follows: Chairman C. Hosking; secretary-treasurer, Mrs. R. E. Glover; floor—Mrs. V. McDonald, Mrs. Evans, Mrs. R. B. Glover and F. Grant; Refreshment—Mrs. Monk, Mrs. O. J. Pickering and Mrs. Evans.

The opening monthly musicale of the Ladies' Musical Club held on Saturday at the lovely home of Mrs. J. O. Cameron, Moss Street, attracted many visitors and members, and boded well for the success of subsequent events of a similar nature. The contributing artists were, Miss Phyllis Greenwood, Mrs. Meyell, Miss Doris Ashdown, while Miss Springs, and Mrs. Conyers officiated as accompanists. At the close of the programme tea was served. Mrs. Gideon Hickey and Mrs. R. Nash presiding at the tea-table assisted by Miss Louise Hayward, Miss McCulloch and Miss Greenwood.

Complimenting a number of the cadets of the Royal Naval College, Mrs. E. C. Thomas entertained at a delightful tea on Sunday at her home at St. Charles Street. The charmingly decorated tea-table was presided over by Mrs. Russell B. Ker and Mrs. Ray Green. The guests included, the Misses Norma and Helen Macdonald, Miss Helen Bennett, Miss Betty Robertson, the Misses Jean and Freda Bullen, Miss Rhodes, Miss Phyllis Johnson, Miss Doris Gibson, Miss Helen Forman, Miss Audrey Top, Miss Vivian Combe, the Misses Dolly and Ruth McBride, Miss Naomi Heming.

Local friends of the Hon. and Mrs. Burke-Roche formerly of this city, who are now in England, will regret to hear of the bereavement they have sustained by the death of Baron Fernoy, brother of the former. Baron Fernoy, who died suddenly on Sunday, had on recently succeeded to the peerage being formerly Hon. James Boothby Burke-Roche. Maurice Burke-Roche, the elder of his twin sons, succeeds him in the title.

Mr. and Mrs. J. L. Raymur entertained at supper on Sunday evening at the residence when their guests included Mrs. Percy Stevenson, Miss Muriel Dunsmuir, Miss Sybil Street, Messrs. Carew Martin, Victor Sutherland and Bevan.

The engagement is announced between Captain, the Earl of Minto, the eldest son of the late Governor-General of Canada and the Countess of Minto, and Marion, eldest daughter of Mr. and Mrs. G. W. Cooke, of Montreal.

Mrs. and Miss Scarth, of Winnipeg, who have spent the past two months in apartments on Menzies Street, left on Monday for Vancouver. They are loud in their praise of Victoria and hope to return in the near future.

Mrs. Martyn, of Yokohama, who has been the guest of Mrs. F. B. Pemberton at the "Antioch," has returned to the city after a few days in Vancouver, where she was a guest at Glenice Lodge.

The engagement has been recently announced of Miss Gladys Peters, youngest daughter of Colonel and Mrs. James Peters, Esq., of Vancouver, B.C., and H. R. Bray, of Vancouver, B.C.

Miss A. Winnie and Miss H. Winny, Merritt; George Monford, of Kelowna and W. H. Chapman, of Bulkley Valley, are registered at the Strathcona Hotel.

Among the Vancouver visitors registered at the Strathcona Hotel are A. Stabler, J. Markey, R. W. Murdoch, J. and H. Jaynes and Mr. and Mrs. W. R. Orr.

Mr. and Mrs. J. D. Chambers, of Killam, Alberta; Mr. and Mrs. J. Lamb, of Tait, and Mrs. K. Kingston, of Winnipeg, are registered at the Strathcona Hotel.

H. Rutherford and Mr. and Miss Alington, of Duncan, and Richard Kirkham and A. Spurrier, of Nanaimo, are guests at the Strathcona Hotel.

Miss Florence Mills and Miss Doris Cox, of Alberni, and A. Crozier and D. Wylie, of Port Alberni, are new arrivals at the Dominion Hotel.

George Leslie Ewing, Miss N. Leckie Ewing and Mrs. M. L. Moraley, of Port Haney, registered at the Dominion Hotel yesterday.

Captain H. T. McGee, of Sidney; W. H. Forrest, Jordan River; and Mrs. Willett, of Duncan, are guests at the Strathcona Hotel.

HOPE TO VISIT ISLAND ANNUALLY

Mr. and Mrs. Vanderbilt, Jr., Glad to Leave California For British Columbia

Mr. and Mrs. Cornelius Vanderbilt, Jr., will arrive in Vancouver Wednesday from California, and will come over Thursday to spend a few days at their recently-acquired island home at Sproat Lake.

In Seattle, describing his tour, Mr. Vanderbilt said:

"We camped out most of the way. Our first thrilling experience came one night when we were awakened by the falling of a box on the top of our automobile. The flashlight revealed the face of a full-grown mountain snake, as two or three would roll out of the blankets every once in a while."

Mr. Vanderbilt referred to the Sproat Lake island as follows:

"It's just a tiny bit of ground in the middle of Sproat Lake, on Vancouver Island," said the millionaire reporter. "We are on our way to visit there now. We will make plans for the building of a small Summer home and, we hope, will spend all our summers there."

"The island seems to be overrun with wild game and the fishing is great. In the winter trappers and many ermine in their bear traps. One woman offered to sell me some ermine skins for \$1 each. She apparently didn't know the value of them."

According to Mr. Vanderbilt he left but few friends behind him in California.

After spending five days on their island, Mr. and Mrs. Vanderbilt will leave for New York. Shortly after his arrival in New York the reporter will be sent to Albany, N. Y., as a special correspondent for a New York newspaper for the winter.

HEADS LIBERAL TICKET

Mrs. Ralph Smith was the unanimous choice of the delegates at the Liberal nominating convention held in Vancouver last evening. She headed the ticket, receiving the largest number of votes. Mrs. Smith, who ran in the last election as an independent candidate, has now joined the ranks of the Liberals.

Welcomed Member.—One of the features of the meeting of the Victoria Amateur Swimming Club last evening was the welcoming back of Mrs. A. Menzell who has just returned from a trip to England. She has always been an interested member and hard worker for the ladies' section of the club.

NORTH SAANICH WOMEN'S INSTITUTE BUSY SESSION

There was a large attendance at the monthly meeting of the North Saanich Women's Institute held at Sidney on Friday last to meet Mrs. Jones-Evans and Mrs. McLachlan.

The president, Mrs. Deacon, was in the chair, and business was dispatched as expeditiously as possible. The dress making committee reported that the delay in getting the class started had been owing to the difficulty of securing a teacher, but that they had now heard of one. The course is to consist of twenty lessons. Subjects for the coming conference were discussed and delegates appointed.

TO MEET IN FUTURE AT MEMBERS' HOMES

At the meeting of the Agnes Deans Cameron Chapter, I. O. O. E., last evening an announcement was made that the Chapter had been presented by the Campbell Patriotic Club with a number of dolls, which will be used in connection with the I. O. O. E. Christmas tree for soldiers' orphans. A donation of \$25 was received from a member for the War Memorial Fund in memory of her brother who was killed overseas.

On Friday evening the members will hold card party at the home of Mrs. Macklen, 1221 Rockland Avenue. It was decided that during the winter the Chapter would hold the monthly meetings at the homes of members. The December meeting will take place at Mrs. Colman's residence on St. David Street.

Learn what clean teeth mean

See the results of the new way of teeth cleaning. They are quick and decisive. You will know at once that they mean a lifetime of cleaner, safer teeth.

Millions of people employ it. And the glistening teeth seen everywhere show what it means. See what it means to you.

A film combatant

Most tooth troubles are now traced to film—that viscous coat you feel. Film clings to teeth, enters crevices and stays.

The ordinary tooth paste does not end film. So the film remains—much of it—and may do a ceaseless damage. Nearly all people suffer from it, more or less.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So, despite the tooth brush, all these troubles have been constantly increasing.

New methods now

Dental science, after years of searching, has found new ways to fight film. All have been proved

FUTURE OF ENGLAND PROPELLED FOR PEACE AND PROGRESS. Bishop Schofield Claims Confidence in Old Country For Settlement of Troubles. The Imperial Government under the guidance of Sir Robert Horne, President of the British Board of Trade, was more than expectant of settling for all time the disputes between employer and employee in England.

HOUSING PROBLEM. That the housing problem, for some time since the cessation of the war, a serious question in the settlement of all other matters, was being met by an extensive building programme, he stated, that was rapidly building up large blocks of dwellings in every town and city of the Old Country.

LIQUOR QUESTION. The drink question was the last point taken by Bishop Schofield to serious observations made during his recent tour to speak at the Conference in England. That England has a great deal to learn on this important matter was evident, he stated, from the conditions that prevailed.

BRIEF LOCALS
Repairs to Outer Wharf Approach.—The City Council authorized last evening the repair of the roadway from Dallas Road to the Outer Wharf, which has much heavy traffic.
Quid of Health Meetings.—On Wednesday at 10 a. m. there will be a health meeting in the school room of Christ Church Cathedral. On Thursday Rev. S. E. Rowe will lecture in Christ Church Cathedral.
British Campaigners.—There will be an extraordinary meeting of the British Campaigners' Association held on Wednesday at 8 p. m. at the rooms in the Union Bank Building. All members are asked to attend.
Seaman's Institute.—The monthly meeting of the Seaman's Guild of the Victoria Seaman's Institute will be held at the Institute, Superior Street, on Thursday afternoon next at 2:45 o'clock.
Overhanging Boughs.—The City Council at its meeting last evening decided to have the engineer look into complaints of overhanging boughs and branches, the matter being brought to the Council's attention by a case of trouble on Simpson Street.
Armistice Day.—In considering the application of the Great War Veterans' Association for Armistice Day to be declared a public holiday, the City Council last evening thought it was rather a matter for the Provincial Executive to determine.
Adopt Fare Agreement.—The City Council last night finally passed the R. C. Electric Agreement Bylaw. A special bylaw providing for elimination of jitney traffic on the routes now served by the street car service is being prepared, and will be submitted to the Council for its initial hearing next Monday.
Sale of Work.—The annual sale of work by the Court Maple Leaf, A.O.F., will be held in the Foresters' Hall next Wednesday from 2 till 6 o'clock. Final arrangements have been made, and the following Sisters will be in charge of the different stalls: Sisters Green and Jarvis, apron stall; Sisters Monte, children's clothes; Sisters Ankor and Wagg, bran tub.
A Wool Bee.—A wool bee will be held by the South Saanich Women's Institute on Thursday next at the Temperance Hall, East Saanich Road. Workers will leave the city at 9:45 o'clock on Thursday morning from the terminal of the Flying Line, Douglas Street. A demonstration will be given in wool combers and mat-tresses, which are highly recommended by the medical profession. Tea will be served during the afternoon to all visitors.
Equal Pay for the Sexes.—The St. Andrew's Debating Club will meet in the lecture room of the church, this evening, to debate the subject, "Resolved that women should receive the same rate of pay as men for equal work." The aim of the club is to encourage freer debate on some of the much vexed questions of modern social and political life. The officers and members extend a very cordial invitation to all who take an interest in the art of debating to attend these meetings, which are held every Tuesday evening.
Gonzales Chapter.—At the meeting of the Gonzales Chapter, I.O.E., this morning, plans were made for a rummage sale to be held on Tuesday, November 2, at a place to be announced later, and for a bridge tea to be held at the home of Mrs. George Bushby on November 24. Mrs. L. B. Kent and Mrs. Neame were appointed to the local committee of the Oak Bay troop, Boy Scouts. The members went on record as being in favor of supporting secondary education, after hearing a report on educational work. The drawing in the lampshade was held. Mrs. Neame being the fortunate winner.

TERCENTENARY OF PILGRIM FATHERS
Famous Mayflower's Company Won "Honor to the World's End"
The celebration of the tercentenary of the departure of the Pilgrim Fathers for New England has occupied the attention of the United States, Great Britain and Holland during the last few months. Every one knows how the little knot of Englishmen first went to Leyden, Hol-

The Famous Mayflower Which Brought the First English Settlers to New England, 1620

Loyal Order of Moose.—Events are progressing so rapidly with the Victoria Lodge, that it has been decided to put on the Second Degree, or Legion, next Saturday evening. The K. of P. Hall has been chosen for the venue and large numbers of "Moose Legionnaires" will invade the city for the occasion. Vancouver will be represented strongly and their famous band will appear, as well as a big crowd from Seattle, Port Angeles and neighboring towns. A least fifty candidates will be put through and the "Frolle" will long be remembered by the citizens of Victoria. On Wednesday evening a whist drive and dance (also at K. of P. Hall) will take place, and on Friday evening a large class will be initiated at the regular lodge meeting.
land, how they found it necessary to save their nationality, how one hundred proceeded in the Mayflower from Plymouth and "after long beating at sea" they reached land on November 9, 1620, off New England.
Winslow's says of the voyage: "Being pestered nine weeks in a heaving, unwholesome ship, lying wet in their cabins, most of them very weak, and weary of the sea, they rejoiced at the landfall. From the first land seen, north of Cape Cod, they sought to stand southward to find some place about Hudson's River, according to their first intentions, but were forced to put back to make a harbor November 11. 'This day,' says their record, 'before we came to harbor, observing that some were not well affected to unity and concord, but gave some appearance of faction, it

was thought good that there should be an association and agreement that we should combine together in one body, and to submit to such government as we should by common consent agree to make and choose."
A formal compact to this effect—a strong and simple model for the constitution of a self-governing civil state, the earliest framed in the new world and almost unique in history—was signed by forty-one men, representing 100 persons (one of them an infant born at sea, whose also one a servant died). The office of first governor was intrusted to John Carver, who had notably led in the earlier conduct of affairs, and was esteemed a goodly gentleman among them.
"Thus was founded an English settlement in New England. The story of how so many of them died from plague is one of the most pathetic in the founding of any commonwealth, for plague, Indian wars and famine decimated that gallant little band, yet in 1622 they were able to say, 'they were allowed to suck of the abundance of the sea and of the treasures hid in the sand.' No troubles ever overcame their cheerful courage. It was well said of them by a contemporary writer, 'let it not be grievous unto you that you have seen instruments to break the ice for others who come after you, the honor shall be yours to the world's end.'"
Edward Winslow, who was the historian of the famous party. The painting from which the above picture was reproduced is said to be the only one extant of a Pilgrim Father. Winslow was the son of a salt boiler, who had been a yeoman farmer in Worcestershire, England, and who moved to Drotwich, then as now, the centre of the salt industry in England. The entry of his baptism appears in the parish register of St. Peter's Drotwich, in October, 1595. Edward Winslow adopted printing as a trade and emigrated to Holland, where he did printing work for his movement. He arrived in England in the Speedwell in 1620, and took a lead in the subsequent departure of the whole party of 102 in the overcrowded Mayflower. The privations which the party encountered, and when they finally landed at Cape

PAGEANT OF THE PILGRIM FATHERS AT PLYMOUTH

A reproduction of the scene of the departure of the Pilgrim Fathers from Plymouth, England, in 1620, at the recent pageant held in Plymouth. Insert, Rev. Hugh Parry, director of pageant. From pictures in The London Weekly Times.

Cod, of their many adventures Winslow's journal records. Winslow after-wards came back to England to beat up recruits from the Old Country, and among those who went out at his invitation were his four brothers from Drotwich. Winslow now became agent for emigration, became President of the Council of War (against the Indians), and also was instrumental in forming the confederation of all the little colonies which had been founded. Back in England once more he was thrown into prison by Archbishop Laud, but he was got out again by the member of Parliament for Drotwich at that time. He later helped to found the first missionary society, but, being too valuable to England, because of his experience of the colonies and of shipping, he was retained by Cromwell in England, where he organized, on the clothing of the Baltic, the supply of timber from America for Cromwell's fleet. Later he was appointed to be Governor of what was then called Hierniola, but he succumbed to yellow fever on the expedition. He had a son, who fell in love with and married (when they were home in 1651) Penelope, a daughter of the Penns, who were an influential family belonging to the De la Warrs, who founded Virginia. In honor of the occasion, Edward Winslow had their portrait painted. Winslow was a man of talent, broad-minded toleration and character, and a worthy leader with Carter, Bradford and others.
In Police Court.—For the first time in many days the city police court yesterday morning, with the remnant of the prisoners sitting around the courtroom, under the watchful eye of the law. Eight charges of drunkenness were laid, all of them obtained convictions. Seven were fined \$5 each, while the eighth was allowed off owing to the fact that a second charge

MUST HAVE LICENSE TO SHOW CANNON TAKEN FROM ENEMY
Under the 1920 amendment of the Criminal Code affecting the possession of fire arms the city is liable to a penalty not exceeding \$100 or three months in jail for being in possession of the war trophy cannon without a permit; it being defined that a corporation is analogous as a person within the meaning of the Act.
Even the possession of a cannon in Beacon Hill Park might constitute an offence within the meaning of the Act, it was stated this afternoon. The amendment went into effect on

World's Latest Sporting News

Amateur Hockey League Will Probably Expand

Three of Last Year's Teams Will Be In Race and Three Newcomers Are Anxious For Berths; Garrison Has Formidable Line-up and Wants In; Meeting To-night

Momentous decisions will be made at the meeting of the Victoria Amateur Ice Hockey Association which is to be held this evening. This body will determine whether or not the league will be enlarged in order to make room for new clubs which wish to compete and also as to the date of the opening game. The drafting of the schedule will more than likely be left in the hands of a committee, although Percy Watson, the energetic secretary of the association, has worked out a schedule which may be adjusted to a league of either four, five or six teams.

Three of last year's teams will be in the league this year. George Strath announces that the champion Senators are ready for the fray and Darrell Spence has the Elks runners-up last year, on lease, while Harold Gray, manager of the G. W. V. A. claims to have the finest and fastest team that the Vets or any other aggregation has ever possessed. It is not expected that Two Jack's will exercise their franchise this season, as many of their players are out of town. At the last meeting of the association Mr. O'Brien made the statement that he wished the franchise turned over to the Veterans of France.

HAMILTON WILL MAKE FOURTH N.H.A. CLUB

Hamilton, Ont., Nov. 2.—The announcement made yesterday that this city is to get the Quebec Club franchise in the National Hockey League and that the league is to be made up of Toronto, Montreal, Ottawa and Hamilton is good news for the hockey fans here.

The meeting to-night will decide whether it will restrict the league to four clubs or expand and take in the other clubs. Yarrows, the Garrison and the Veterans of France are all seeking a berth, and it looks as though it will be hard to keep some of them out.

Major Hendy, chairman of the Garrison Games Club, has submitted the names of the players which his team intends to use, and judging from the records attached to it would be disastrous not to include this organization. The players have been with McGill, Varsity, Queen's, Nelson Tigers, Dawson, Ottawa, Montreal and Newfoundland teams, and are reputed to be first-class men. In making application for admission Major Hendy stated that towards the end of this month when a company of the "Princess Pals" is stationed here, a number of additional crack players will be added to the club.

George Beck has assembled a classy bunch of ice athletes who wish to carry the colors of Yarrows. He is after a place in the league and the Veterans of France are also clamoring for admission.

The clubs which seek franchises are requested to have the list of their players ready for the consideration of this evening's meeting. The meeting will be guided by these lists as to whether or not they will decide to expand the league. The association is not anxious to spoil the brand of amateur hockey by taking in extra teams, but at the same time it is not desirous of ruling out clubs which are keen of playing and have a fairly strong personnel. It is expected that there will be at least five clubs in the league this season.

The V. I. A. A. which has intended entering a team, finds it impossible owing to the hockey association's affiliation with the B.C.A.U. Several of the V. I. A. A. players are on the black list, and are not allowed to compete in the amateur league.

BEARS NUMEROUS.
Toronto, Nov. 2.—North Haliburton is being overrun by bears which have been driven out of Northern Ontario by forest fires, and Sir Sam Hughes has organized a hunting party.

Orangeville Not Expected To Come West Until Spring

Officials of the Victoria Lacrosse Club have concluded that the Orangeville, champions of amateur lacrosse in Ontario, are not desirous of playing this month for the Mann Cup. A week has elapsed without any reply coming from the easterners as to whether they want to come West this month or wait until the Spring.

"I am of the opinion that the managers of the Orangeville Club are anxious to wait until next May before coming to the coast to try and lift the Mann cup," said Ed Christopher, president of the Victoria Club, this morning. "If they had figured on coming out this month they would undoubtedly have communicated with us prior to this to discover what we were prepared to do in regard to expenses."

Too Late For Lacrosse.

The officials of the local club took the stand that the season had advanced too far for lacrosse, but they made it plain to the easterners that if games were desired this month the world's champions would be ready to take the field. It was pointed out to the Orangeville Club, however, that the uncertainty of the weather made it disagreeable for lacrosse and advised the challengers to make the journey next Spring.

PERCY WATSON

who last season guarded the nets for Two Jack's, but this year will be with the Elks. Besides being a good net-guardian Percy also is secretary of the Victoria Amateur Ice Hockey Association.

GOALIE SWITCHES

Wanderers came through with their second straight win of the season on Saturday afternoon at Oak Bay, defeating the hard-driving Cardinals in a game in which the fortunes varied. In the opening half the Wanderers seemed to be all over the Cardinals and did all their scoring, but in the closing session the Gillespie-Grant clan found their younger opponents biting valiantly to pile up a score. The Cardinals played exceptionally well in the final period and did all the scoring.

The Wanderers loomed up dangerously right from the kick-off. Within two minutes Walls slipped across the line, but an offside was called and a scrum followed. Grubb saved the situation by a fine kick to the Wanderers' twenty-five, where the Cardinals were able to keep the ball until Sholto Gillespie set the picket back to the Cards' territory with a terrific kick. The Cardinals rushed the ball back to their own twenty-five but towards the close of the half the Wanderers began to wear down the opposition.

Walls slipped again in the second half. Grant narrowly missed his effort to convert. Sholto Gillespie evaded the field and went over and this time Grant annexed the extra points. Just before the whistle Grant crossed the Cardinals' line for another try and this ended the Wanderers' scoring.

The Cardinals opened the second half with determination and their superior condition backed them up well in their efforts. Grubb, who played brilliantly, carried the ball to within five yards of the Wanderers' line by a free kick. By a free kick the Wanderers cleared their line but the ball was soon rushed back. After Grubb had again taken the ball to within five yards of the line Bannan romped across with the first try for the Cards. Honeychurch converted. The Wanderers attacked but found the Cardinals' defense too hard to break through. Bannan brightened the hopes of the Cards to win when he tore across the line for another try. Honeychurch failed to convert.

Both teams played a man short. The Wanderers were one shy at the start and the Cardinals suffered a loss immediately after the opening when Straker was hurt.

The teams follow:
Wanderers—Back, Parker; three-quarters, Walls, S. Gillespie and E. Gillespie; half-backs, D. M. Grant and Stewart; forwards, Lowe, Monfeith, McIre, Drummond, Stewart, Hope, Acland and J. Jones.

V.I. Cardinals—Back, Steel; three-quarters, Bannan, Gravin, Huxtable and Blyth; half-backs, Grubb and Lumsden; five-eighths, Johnston; forwards, Straker, Herman, G. McCrea, J. McCrea, Parfitt, Tolmie and Honeychurch.

Bays Win Match.
In an exhibition game played at the University School grounds the Bays defeated the University Old Boys 6-0. Brynolfson got the only try of the game and Goodson kicked the other three points on a free kick, which he dropped over the bar. Both teams played a hard game and the Bays' defense had considerable work to do in the second half, when the Old Boys showed much speed.

BAYS WILL MEET CADETS.
The Bays have arranged for a rugby game with the Boys' Naval College at the Canteen Grounds on Saturday afternoon. The Bays are rounding a good team into shape and last Saturday took a fall out of the University Old Boys.

Vancouver Rugby Union Ignores Amateur Union

Decided to Compete in McKechnie Cup Games Against Suspended Victoria Players; Will Recognize Only International Rugby Union Rules; First Inter-City Game November 20.

Vancouver, Nov. 2.—The Vancouver Rugby Union will ignore all threats made by the British Columbia Amateur Athletic Union to suspend the players if they participate in matches with members of the Victoria Union who have been set down for playing with and against a professional golfer.

A decision to this effect was reached at a meeting of the local union last night.

"We discussed the question from every angle and arrived at the unanimous decision to carry on as in the past and to observe only those rules laid down by the International Rugby Union, with which body we are associated," President Bell-irving stated to-day.

Will Not Submit.
"We do not want to appear antagonistic towards the amateur union, but we do not feel that we should submit to their wishes and have decided to go ahead as in the past."

The date for the first McKechnie Cup match between Vancouver and Victoria, November 20, in the Capital, was confirmed at last night's meeting. The Vancouver team will be chosen from the members of the three local squads.

The annual meeting of the B. C. Rugby Union will be held at Victoria on the same date. Messrs. Bell-irving, J. L. Gunn and Roy Priest were appointed delegates from the local union.

DISLIKED PLAYER'S ACTION IN QUITTING

V.A.S.C. Did Not Suspend Jock McNeill in View of Character of Game

In order to avoid any further animosities in water polo games the special committee of the V. A. S. C. which investigated the Act of Jock McNeill, a star water polo player, in leaving the water before the game was finished, reports in favor of having the constitution of the British Columbia Amateur Swimming Association amended so as to have all competitive water polo games handled by referees appointed by that association.

The V. A. S. C. held a meeting last evening when the special committee presented its report. The V. A. S. C. polo team, of which McNeill was a member, was engaged in a struggle for the Vancouver Island championship at the V. I. A. A. polo at the George on September 6. With the score 3-0 against the V. A. S. C. McNeill objected to the rulings of the referee and left the water.

The Recommendation.
After outlining the causes leading up to the action the committee recommended the following resolutions which were adopted:

"That we strongly disapprove of any player leaving the water during the progress of a game under any circumstances without permission from his captain, and consider that a player so doing should be suspended except under exceptional circumstances.

"That steps be taken to amend the B. C. A. S. A. constitution so that all competitive water polo games be played in charge of referees appointed by the B. C. A. S. A."

"That water polo must not be allowed to become a source of dissension between the swimmers and that the players should be impressed with the importance of co-operating with the referee in an endeavor to play strictly to rules and display a friendly and sportsmanlike feeling."

Not Satisfied.
The committee considered that the game was inefficiently refereed and did not suspend McNeill for his action. It took into consideration his record and the character of the game, "a reputation of which is not desired," the report adds.

The social programme for the Winter season was taken up at the meeting. Mrs. Marshall, the late captain of the club, is to be the guest of honor at a social which is being held at 8 o'clock. Preparations are being made for the dance at the K. of P. Hall, which is planned for November 18.

Ladies Let Cuticura Keep Your Skin Fresh and Young

Better—any way you look at them. Better bristles—better handles—better workmanship—better value for the money. When the Simms Trademark goes on a lather brush, it means a brush that will give years of shaving satisfaction.

DOMINION
That sterling actor, Thomas Meighan, who had so conspicuous a share in the success of such popular photoplays as "The Miracle Man," "Male and Female," and "The Prince Chimp," has been elevated to deserved stardom and is appearing this week at the Dominion Theatre in his first stellar vehicle, "Civilian Clothes."
The picture was adopted from Thompson Buchanan's stage play of the same name.
As an overseas captain who, after being reported officially dead, returns to discover that the petted society girl he married in France, was attracted more by the uniform than the man, Mr. Meighan gives one of the most spirited and enjoyable performances of his career. Of course, he wins back his wife eventually, but not until he has taught her a lesson in democracy by becoming a butler in her household.
Martha Mansfield, remembered for her appearance in "Dr. Jekyll and Mr. Hyde" in support of John Barrymore, is a charming figure as the spoiled young wife. Picturesque Havana serves as the background for some of the action. Hugh Ford produced the picture which is Paramount. This feature will be shown three days only, Monday, Tuesday and Wednesday.

COLUMBIA
The management of the Columbia Theatre has had every assurance from the United Artists Corporation that the next production made by Douglas Fairbanks—"When the Clouds Roll By"—to be shown here this week, is the most elaborate, costly and stupendous picture he has ever turned out from his California studio. When "Doug" began his picture, immediately after he had finished his first United Artists release, "His Majesty the American," he called a conference of all his associates at his studio in Hollywood, Cal., and told them his idea for the next story. Everyone was astonished. "Doug" was absolutely determined that he was going to do something daring, and with that he insisted that everything from beginning to end had to be of the most elaborate order. He went so far as to insist in his story that an entire city such as may be found throughout the middle west section of the United States, be destroyed in providing one of the spectacular punches in the production. And the destruction was not to be an ordinary destruction. It had to be a flood. The proposition seemed almost impossible, but to "Doug" there has never been anything that he can't do when he wants to. And a flood it was. The proposition seemed almost impossible, but to "Doug" there has never been anything that he can't do when he wants to. And a flood it was. The proposition seemed almost impossible, but to "Doug" there has never been anything that he can't do when he wants to. And a flood it was.

VARIETY
Mary Pickford in "Suds" at the Variety has been drawing capacity houses. Manager Clark has "Suds" demonstrated by Miss De Frenchie, a little French girl from Paris. Miss De Frenchie uses a wash tub to demonstrate the tale of a shirt. "Suds" is a splendid comedy in 5,000 feet, and is bringing joy to everyone who has seen it so far. Albert Austin, who plays the role of Horace GreenSmith in support of Mary Pickford, will be remembered for his years in support of Charlie Chaplin; in fact, he is still a member of the world's famous comedian's organization, but was loaned to Miss Pickford to appear as Horace GreenSmith in her second United Artists photoplay, "Suds," which will be the attraction at the Variety all this week. Austin was a well-known comedian on the English stage before coming to this country in the same company "Karno's Night in a London Music Hall" that brought Charlie Chaplin to these shores. Austin has been with Chaplin ever since, and in some of Charlie's productions played as many as six different roles.

PANTAGES
One of Alice Brady's stage successes was the drama "Sinners." Patrons of Pantages Theatre were given an opportunity to see it yesterday on the screen, and they now understand why the play was such a decided hit on Broadway. It is a strongly emotional production and rich in interesting contrasts.
The gay life of the city is strongly set off against the dignity and wholesomeness of country life, and there are some decidedly tense situations developed when a party of suave urbanites drive up in an automobile one quiet Sunday afternoon to the small town home of the heroine of "Sinners." The things they do which they had never done before in their lives and the things they do not do which they had done all their lives make not only for interest and entertainment, but for excitement.

AUSTRALIAN TOUR A SERIES OF TRIUMPHS
Moiseiwitsch Feted in Antipodes; Box Office Opens For Local Recital
Bookings for the recital to be given by Benno Moiseiwitsch, the Russian pianist, at the Empress Hotel ballroom on Thursday following, November 4, opened yesterday with a good demand for seats. For the convenience of patrons, the box office, which is at the Heintzman Piano Co., Government Street, will remain open on Wednesday afternoon.

This eminent Russian pianist who is being brought to the city by the Ladies' Musical Club has just reached Victoria continuing from Australia, where he met with extraordinary success. Evidence of his triumph may be gauged by the press notices, the Melbourne Herald critics saying in part:
"People arriving at the Town Hall yesterday shortly after three o'clock were astonished to find 'house full' notices posted in the main vestibule. The Moiseiwitsch spell is undoubtedly strong. He could continue to draw large audiences for some time to come. But unfortunately these treats must end. The whole world awaits this Russian genius of the piano and we cannot hold him much longer."
"Mr. Moiseiwitsch opened his programme yesterday with a short prelude in B major. This quite unorthodox idea of playing a few bars of quaint music before the greatest item on the programme seemed to suggest that the pianist improvised tenderly for a few moments to quieten the nerves of those who had been struggling madly for admission to the hall. This was followed by a superb performance of the movement in the hands of Moiseiwitsch. . . . Among the things of outstanding beauty heard during the afternoon must be mentioned one of the greatest performances of the F minor Fantaisie of Chopin ever heard from any pianist excepting De Pachmann or Paderewski."

MINISTERS ADHERE TO PROHIBITION PLAN
Have Not Been Discouraged by Emphatic Verdict on October 20
A firm determination to continue the campaign against the liquor traffic, underpinned by the recent plebiscite, was the keynote of the meeting of the Victoria Ministerial Association yesterday. Two resolutions in connection with the matter were passed with enthusiasm. The first was worded, "Resolved that we as a Ministerial Association approve with gratification at the splendid victories won for prohibition by the three great wheat provinces, also by the province of Nova Scotia."
The second resolution was "That we as an association re-affirm our determined adherence to the principle of complete prohibition for British Columbia as the only solution of the liquor problem, and further assure our friends and well-wishers in this province and throughout Canada of our determination actively to pursue our present course of aggression until such legislation is secured as shall effectually and permanently remove the evils of the liquor traffic."
Plans were considered in connection with the appeal to be made in the local churches for the Vimy Memorial Church on November 18, which day has been set aside throughout Canada to raise \$150,000 for a church to be erected in the vicinity of Vimy Ridge to the memory of Canadian soldiers. The appeal will be made to all denominations, and the projected memorial church will be built under the auspices of the Federated Protestant Churches of France.

EXHIBITION OF RANCH BRED SILVER FOXES
An unique exhibition under the immediate management of the Commission of Conservation of Canada, will be held in Montreal on November 24, 25 and 26. It will be the first international exhibition of ranch-bred live silver foxes. Fur-farming is rapidly becoming a scientific branch of animal husbandry and, although little more than a decade old, is one of Canada's most flourishing infant industries.
While the great number of Canadian fox ranchers are to be found in the Maritime Provinces and chiefly in Prince Edward Island, there are many in each of the other provinces and the number is steadily increasing. The interest evinced in Quebec, Ontario and Western Canada generally demonstrates that many Canadians are desirous of embarking in the fur-farming of mink, beaver, fisher, marten and other fur-bearing animals.
Present advices indicate that fully 150 animals will be brought from Prince Edward Island alone. It is confidently expected that other provinces will send an equally large number in proportion to the number

of their fur-farmers and many enquiries have been received from the United States. The Secretary of the exhibition is Mr. F. C. Nunnick, Commission of Conservation, Ottawa.
A healthy growth of the industry should do much to check the rapid depletion of wild fur-bearing animals and to steady unstable conditions in the large fur markets. It is confidently expected that the exhibition at Montreal will result in the formation of a Fur Breeders' Association of Canada, which can do much to establish and keep accurate breeding records of pedigree fox stock and, in general, advance the interests of the industry.
Dallas Fitzgerald, who gave up the joys of New York six months ago to assume the duties of director at Metro's Hollywood studios, has joined the ranks of permanent Californians. Mr. Fitzgerald has purchased a site for a new home in Beverly Hills and will begin construction work in the immediate future. Since going to the company's West Coast studios he has directed Bert Lytell in "The Price of Redemption" and Viola Dana in "Cinderella's Twin."
Another cowboy recruit to the screen is Gwynn Williams of Texas, who appears in the new Goldwyn picture starring Will Rogers, "Cupid and the Cowpuncher." He is six feet two inches tall and weighs 205 pounds.

Stop Work & Lay Up advised Doctor but **Zam-Buk** put me right
Says M. J. E. ARSENAULT

RELATING how Zam-Buk made short work of a dreadful outbreak of leg sores, Mr. J. E. Arsenault, a well-known Justice of the Peace of Wellington, P.E.I., says:—"I slipped and gashed my leg on the edge of a freight truck. The wound, instead of healing, became ulcerated, and later on, a form of eczema developed which spread rapidly over both legs. My limbs were so swollen and sore that I had to keep them in bandages and the doctor said I would have to stop work and lay up. As a busy man I couldn't afford time for this. Then I started out to try all the salves, liniments and lotions I heard of. This

Eczema on Both Legs
got steadily worse until the lucky day I hit upon Zam-Buk. Greatly to my delight, the first dressings relieved the pain and irritation, and as I continued with the balm my sores got better and better every day. I soon realized that in Zam-Buk I had at last got hold of a real cure and it only needed perseverance to put me right! It is now a considerable time since Zam-Buk healed the sores but there has been no return of the eczema nor any trace of it. It would have been impossible, I think, to have found a worse case of sores than mine."
Send for Sample Box I—50c. box, 5 for \$1.25. All Druggists and Stores, or Zam-Buk Co., Toronto. Skin sufferers sending one cent stamp (return postage) can obtain Free Trial Sample.

UNITARIANS PLAN FOR CAMPAIGN Drive Will Be Conducted Next Month For Extension of Church Work

Hogton, Nov. 2.—Announcement was made today by Henry M. Williams of the executive committee of the Unitarian educational and religious campaign, that this first nationwide forward movement of the denomination is now more than 80 per cent organized in this country and Canada, and that November 11, the formal opening of the ten-day intensive period to raise three million dollars for the extension of the work of the church, will witness the actual raising of the quotas in a great many of the 200 parishes throughout the twenty-five divisional areas in which the North American continent has been divided.

English Solve Housing Problem How the Situation Has Been Handled in Old Country; Concrete Structures

London, Nov. 2.—British methods of handling the housing problem are characteristic and far-reaching. As with many other measures of general welfare, the authorities needed a good deal of prodding before they could be aroused, but when once alive to the needs they put into effect various practical measures for public relief, and those measures have become operative in this country.

Can Be Quickly Erected. Probably the concrete could be poured into moulds for a row in but little more time than for a single house. Anyway, enough houses of the kind have been built within a few weeks to care for the overflow of homeless in the district.

Announcements under this heading will be inserted at the rate of 2c. per word per line.

LIQUOR CONTROL AT SOURCE OF SUPPLY Premier Says Province Probably Will Apply to Federal Authorities

Golden, Nov. 2.—Addressing an audience here last night, Hon. John Oliver announced the principles to be followed in dealing with liquor legislation in the event of the Liberal Party being continued in power by the electors.

Importation. "Some people maintain that the province should have the sole right to import," continued Mr. Oliver, who added he thought that perhaps that system would be best.

AMERICAN ELECTION The results of the Presidential election in the United States, together with the choice for Congress, will be bulletined at The Times business office as they received this evening.

U. S. MARKETS CLOSED All American stock, cotton and grain markets are closed today because of the Presidential election.

FOR RESULTS USE TIMES WANT ADS.

REVERTED LANDS ISSUE UP AGAIN

Council Not Yet Ready to Accept Advice of Real Estate Exchange

Several matters arising out of the disposal of reverted lands occupied the attention of the City Council last evening. Some irritation appeared to have arisen with regard to the action of the Real Estate Exchange on Friday in offering expert assistance to the valuator. However, the ripples stirred by Alderman Andros were soon allayed when Alderman Sargent explained exactly what had taken place, and assured the Council the Exchange was only acting in the best interests of the city.

Alderman Andros, who favored only calling in their assistance after Mr. Cameron's report is in to the Council, found opposition from Alderman Sargent, who attended the meeting of the Exchange. Alderman Sargent thought a more friendly spirit should be shown to the Real Estate Exchange, which contained experts whose advice could not fail to be of value to the Council. He intimated the newspaper reports gave the whole proceedings. Alderman Patrick was anxious for the best advice to be followed and would welcome the suggestions of the Exchange, as much land was not now paying taxes.

INTERVENTION IS UNWELCOME

City Council Does Not Desire Another Inquiry Into Food at Home

The City Council has referred to the City Health Officer the question raised at the special meeting of the council of the Board of Trade last week, when the Board instructed its civic affairs committee to investigate the food menu at the Aged Men's Home. The Board's committee wrote to the Council for information on the subject.

After Alderman Johns had moved the motion, which was eventually adopted, Alderman Andros thought that while it was very gratifying for the Board of Trade to take an interest in the matter, yet the Council must remember that a committee of the Council had looked into the matter, and reported, therefore "until we allow anybody to interfere with it, let us prove first whether the change is a failure," he said. "Until we have tried out the system we cannot ascertain what other steps should be taken."

CHANGES IN Y.M.C.A. SECRETARIAL POSITIONS RECENTLY

Vancouver, Nov. 2.—Several changes have recently taken place or are about to take place in Y. M. C. A. secretarial circles. Capt. W. T. Tall, who for two years has been in Vancouver in the Y. M. C. A. military service department, latterly as secretary of the Red Triangle Club, has accepted the general secretaryship of the Nelson Association. R. Ben Jackson, until recently social and membership secretary of the Vancouver "Y," is going to Revelstoke to succeed A. E. Smith as general secretary of the R. R. Y. M. C. A. there. Mr. Smith has been appointed secretary of the new R. R. Y. M. C. A. at Capreol, New Ontario, where the Canadian National Railway has erected its first Y. M. C. A. building, a \$100,000 structure.

POLICE FIRST AID TEAM IS PRAISED

Injured Man Thanks Department For Efficient and Gentle Treatment

Appreciation for voluntary services is more often felt than expressed, but one instance to the contrary is to hand which shows the first aid team of the police department in a very favorable guise. P. Shapland, of 323 Broughton Street, who had the misfortune to meet with an accident wrote to the Chief of Police to thank him for the services rendered by the patrol wagon first aid team in that occasion, stating:

"On June 25, while working as a lineaman for the B. C. Electric on the Gorge Road, I had the misfortune to fall from a pole, and smash my thigh. In a very short space of time your Patrol driver Stark was on the scene, and I wish to express my heartfelt thanks for the skillful manner in which he and his assistant put a temporary splint on my leg, shifted me to the stretcher, and almost before I was aware of the fact, had transferred me to a bed in St. Joseph's Hospital."

"In my twenty-seven years as a lineaman, I have had several serious accidents, and the contrast between the torture and pain I suffered formerly, and the total absence of it in this case was a revelation to me. I feel impelled to add that the people of Victoria, especially the working men like myself, are singularly fortunate in having such a speedy up-to-date service at their disposal. Too much thanks cannot be given to you, for the high degree of efficiency to which your department has been brought."

WILL SPEAK HERE ON SUNDAY SCHOOLS

GIVE SOLDIERS MORE TIME TO APPLY FOR HOMES

As a means of granting an extension of time in which ex-soldiers may take advantage of the Soldiers' Housing scheme, the Esquimalt Council last night tabled a request

ENGINEER AS FARMER.

The numerous duties of F. M. Preston, City Engineer and Water Commissioner, were added to by the City Council last evening in a rather remarkable way. Mr. Preston has been appointed city farmer—in other words the city's watered lands around Elk Lake are to be farmed under his direction. The lands have long been used for husbandry, and

Edith—"When it comes to love, I wouldn't give a thought to how much a man is making." Maud—"Neither would I, dear. What would primarily interest me would be to know how much he had already made. There's no use taking chances."

VETERANS HALLOWE'EN

Ladies' Committee Provides Programme of Games, Pranks, Dances and Music.

Veterans of France and their friends to the number of 200 dipped for apples, danced and did other pranks at their Halloween social last night at the club. The Veterans' orchestra provided the music.

Mrs. Herbert Gann gave a charming sketch. Miss Wallace played on the pipes. Miss Dooley and her younger sister sang, and there were solos by Miss Walker, Mr. and Mrs. Jackson, Comrade Hoare, Comrade Potter and Comrade Ingledew. R. Macnicol, president, spoke, giving credit for the function to the ladies' committee and urged everybody to patronize their five hundred parties.
