LIBERAL VICTORY TO-DAY IS ASSURED

Huge Crowds Cheer Premier's Message on Eve of Election

Unprecedented Enthusiasm Sweeps Audiences of 2,500 Men and Women Who Hear Fighting Speeches of Government Leader.

POINTS FROM THE SPEECHES

Premier Hon. John Oliver:

"The P. G. E. really is an inter-provincial project. Why should this Province have to carry the whole load of the cost of extending the P. G. E. to link up with Alberta?"

"If any party becomes inimical to the best interests of the people it should be reformed, destroyed, or replaced."

Who was it who fought that fight in the interests of Victoria for the building of the Island line of the C. N. R.? Who put 100 miles of steel at their disposal, so they could go ahead with construction? Who took hold of your Johnson Street bridge muddle, and got the rights of the city safeguarded? Who interfered when the city and the C. P. R. were at a deadlock and protected the rights of railway cars operated by other than the C. P. R.?"

Hon. John Hart, Minister of Finance:

"Mr. Bowser says he will give the municipalities \$5 per head—\$5 per vote he means! It's nothing but a bribe to the electorate and an insult to intelligent voters, because he knows that eighty-six per cent. of the people of the Province live in municipalities."

"In 1909, when the issue came before the Legislature, Mr. Oliver voted for women's suffrage, while Sir Richard McBride and Mr. Bowser voted against it and the suffrage bill was defeated. In 1913 the bill came up again, and Mr. Bowser, Mr. Pooley and all the Conservatives voted against it. In 1910 the Liberal party introduced its platform a suffrage plank, and when returned to office was happy to give the women of the Province the vote."

Mr. Hall:

"Under the Liberal Administration the Department of Industries came into being—with the renewal of confidence in the government the Songhees Reserve will in a few years become a mass of teeming industry, in which the city of Victoria will find its way to the top in spite of able competition across on the Mainland."

Mr. Clearihue:

"In 1916 the country had to be handed over to a receiver; that receiver was the Oliver Administration, which to-day has brought British Columbia to the front, where it pays 100 cents on its dollar every time."

Never before in the history of the city have Victorians accorded to any political leader such an enthusiastic and whole-hearted reception as that tendered to Hon. John Oliver when, on the eve of his Government's first appeal to the electors of British Columbia, he spoke to crowded audiences at the Royal Victoria Theatre and the Empress Hotel last night. Nearly 2,500 people cheered the Premier's addresses, delivered in his usual vigorous style, and there was apparent at both rallies not only admiration, not only approval of his work, but genuine affection for British Columbia's "Grand Old Man."

Mr. Oliver's final address of the campaign was probably the most impressive he has ever delivered. It was a fighting speech from the moment he commenced by giving the lie to the roorbach charges circulated against him at the eleventh hour of the campaign. Roars of applause swept the huge crowd as he pressed each point home and real admiration greeted the cutting sallies of the Premier in a masterly style. His friends expected to find him tired after his arduous election fight, to miss some of his usual vigor; instead, they found him more vigorous than ever.

Mr. Oliver covered practically all the issues before the electors, reviewed the record of his administration and outlined his plans for the future. Hon. John Hart, Minister of Finance gave the electors an account of his stewardship as manager of the Province's finances while H. C. Hall and J. B. Clearihue, M.C. the remaining Government candidates for Victoria, in short speeches, discussed other questions before the electors. All speakers were accorded unstinted applause. (Continued on page 7.)

LEAGUE BUDGET UNDER DISCUSSION

Another Effort to Have Assembly Approve Various Expenditures Proposed

Geneva, Dec. 1.—Another attempt was made to-day to gain approval of the League's budget for the forthcoming year. This matter came before the Assembly yesterday, but objections were voiced by several nations, delegates from New Zealand, Australia and India pointing out that in their opinion 7,000,000 francs in gold was an excessive amount. Albert Thomas of France, head of the International Labor Bureau, explained contemplated expenditures by that organization and Sir Erskine Drummond, Secretary of the League, participated in the argument, explaining the need of the amount named.

As a result of the protests of delegates another meeting of the Economic Commission was held this morning for the purpose of once more going over the estimates preparatory to submitting the budget at this afternoon's session.

BEARS HIBERNATING

Yakima, Wash., Dec. 1.—Yakima hunters returning from the hills report that the bears have hibernated for the winter and that big game sport is over for the season.

Derby Says Prestige of Britain At High Point

London, Dec. 1.—(Canadian Associated Press)—The Earl of Derby, the retiring British Ambassador to France, speaking in Liverpool yesterday, said: "Don't make any mistake; Great Britain is bang at the top of the tree abroad. There may be some who do not like me. There are many who do not in the least understand me, but there is not a single one who does not respect us, and I would sooner have that than anything else."

PROTECTION FOR WRITERS IN IRELAND

Safety of Newspaper Men Will Be Guarded If Necessary, Says Greenwood

Representations on Subject Were Made by Institute of Journalists

London, Dec. 1.—Protection will be given newspapermen in Ireland if they desire it in the prosecution of their work, Sir Hamar Greenwood, Chief Secretary for Ireland, declared to-day in replying to representations on the subject from the Institute of Journalists.

Sir Hamar said he was anxious to assist the newspapermen of all parties in their difficult task in Ireland. "Instructions have been issued that every facility be accorded them," he continued. "It is not believed any journalist is in personal danger, but if protection is desired it will be given."

The Institute had expressed a desire that the newspapermen should be safeguarded from unnecessary risk or hindrance in the discharge of their professional duties.

STATES ASKED TO SHARE DISCUSSION

Invited to Have Representative With League Committee Discussing Armaments

Geneva, Dec. 1.—The Council of the League of Nations to-day unanimously approved the invitation drawn up by the Military Committee calling on the United States to name a representative to sit on the Committee.

The invitation, the text of which was made public and cabled in news dispatches last night, expressed the view that the general consideration of the subject of a reduction of armaments would be greatly facilitated if the United States Government could see its way clear to send a representative to sit in a consultative capacity with the Committee.

Following the Council's approval of the invitation at its session to-day, a note embodying it was sent to the Washington Government.

A SASKATOON DEATH

Saskatoon, Dec. 1.—Thomas H. Willing, Professor of Natural History in the University of Saskatchewan since its establishment, died at his home last night of pneumonia at the age of sixty-two. He is survived by a widow and two sons, one of whom, Victor, resides in Vancouver.

CONSIDER ATTITUDE TOWARD GREECE

Allied Leaders to Make Decision at Conference in London To-morrow

London, Dec. 1.—The British view with regard to the return of former King Constantine of Greece to Athens, as expressed in official circles here to-day, is that the Allies can not prohibit his return if the Greek people insist upon it. If the Greeks, however, bring back to power the man whom the Allies regard as being hostile and treacherous to Greek and Allied interests during the war, it was added, they will probably make it extremely difficult, if not impossible, for the Allies to maintain friendly or cordial relations with Greece.

It is believed an agreement on the policy to be adopted on this question will be reached at to-morrow's conference in London between Premier Lloyd George, Premier Leagues of France and Count Sforza, the Italian Foreign Minister.

PRICE OF NEWSPRINT IS PUT HIGHER

Montreal, Dec. 1.—The Montreal Star states that the George H. Mand Company of Dayton, Ohio, which handles the export business of the Spanish River and Abitibi Paper and Pulp Companies, has a rate of six cents a pound for newsprint. Yesterday the Canadian Export Paper Company, which acts as selling agent for Quebec paper mills, fixed its rate for newsprint at 6 1/2 cents.

The increase for the Spanish River and Abitibi Companies' products is roughly about two cents a pound over prices previously charged.

Times to Bulletin Election Results This Evening

Election returns will be bulletinized to-night as received by wire and from Times representatives at the Victoria City and District polling stations. A special searchlight system has been installed to illuminate the bulletins in the windows of The Times Building.

Austria As Member of The League of Nations

Geneva, Dec. 1.—Austria was unanimously voted a member of the League of Nations by the Commission for the Admission of New States here to-day. It is expected the Assembly of the League will ratify this action.

Application by Bulgaria for admission to the League was expected to be brought up to-day at the session of the Assembly. Serbia, Greece and Roumania had indicated they were opposed to the admission of Bulgaria, and it appeared probable they would make an issue of the matter.

Germany

Berlin, Dec. 1.—(Associated Press)—Dr. Bernard Dernburg, former Minister of Finance and Secretary for the Colonies, in an open letter to Hon. Puyrredon, Argentine Foreign Minister, who is head of the Argentine delegation to the League of Nations Assembly, urges him to use his good offices to secure the admission of Germany to the League of Nations.

Dr. Dernburg lays emphasis on the declaration of the German Foreign Secretary, Dr. Simon, that Germany would not care to enter the League unless she were welcomed by the other members.

Inferior

It is asserted by Dr. Dernburg that the German people are deeply wounded by the spirit of the Versailles Treaty, which he says attempts to stamp Germany with moral inferiority. He denies that Germany committed any acts before or during the war, which her former enemies had not also committed. In this connection, the writer declares that Germany is ready at any time to go before an impartial tribunal and accept its verdict, since Germany desires but one thing—justice.

A REAL CANADIAN DINNER IN LONDON

Canadian Press Representatives Will Entertain Imperial Press Conference

Montreal, Dec. 1.—A real Canadian dinner, with a Canadian bill-of-fare from soup to fruit, is to be given at the Victoria Hotel in London on December 10 by representatives of the Canadian press to the delegates who attended the Imperial Press Conference in Canada last summer. Lord Burnham is to be the guest of honor, and it is expected that more than 200 will be present.

The principal items on the menu will be Lake Superior whitefish, Canadian moose, Canadian game of various descriptions, maple syrup, Canadian cheese and Canadian fruit.

MONEY FOR DOMINION

Montreal, Dec. 1.—Inland revenue figures for November for this city show an increase of \$1,445,255, as compared with November, 1919. The customs revenue shows a slight decrease.

Illegal to Open Poll at Hospitals; Premier Decries Petty Roorbachs

Neither returning officers nor the Attorney-General have power to open polling stations at hospitals, Premier Oliver explained to-day.

"The Government can't do it," said the Premier. "It is not a matter of the Government refusing to open polls at hospitals. We haven't any power to do so. We have been working to find out whether there was not some way by which we could do so. There is not, and if we did open polls there the whole thing would be illegal."

"The same problem has been facing us with a number of camps in the interior which are miles from any polling station. But we can't do anything."

"The Act will have to be changed at the next session of the Legislature to make it possible for returned men and other persons in hospitals and men in isolated camps to vote."

"I do not believe the Returning Officer in Victoria ever announced that hospital polls would be held. If he did he had no right to make that statement as he was in error."

"We would very gladly take a poll in the hospitals and in many other places, but we found we had not the power. It is not a question of any of these men being disfranchised, at all."

"Putting out that story about refusing to hold polls at hospitals where returned soldiers are is done to prejudice people's minds in the voting. I don't believe in that sort of petty roorbach. Both sides do it."

C.N.R. EMPLOYEES WANT CONFERENCE WITH PRESIDENT

Toronto, Dec. 1.—Representatives of the various branches of the employees of the Canadian National Railways who have been discussing the question of fighting against the order issued a short time ago by President D. B. Hanna, prohibiting employees of the C. N. R. to run for political office, decided last night to ask Mr. Hanna for a conference before taking definite action.

WILL CLOSE IN ON FUME TROOPS

Italian Units Surrounding City Seem About to Take Action

In Order of Day General Says Troops Face Sad Task

Fiume, Dec. 1.—Military action by Italian regulars against the forces of Capt. Gabriele d'Annunzio in this city is apparently foreshadowed in an order of the day issued yesterday by General Cavaglia, commander of the regulars outside of Fiume.

"We are faced with a sad task at the present moment," says the order, "but I rely upon your complete cooperation."

Declined to Answer.

London, Dec. 1.—Premier Giolitti of Italy, speaking in the Chamber of Deputies in Rome yesterday, refused to answer a question asking whether the Government intended to take military measures against Gabriele d'Annunzio in Fiume, says a Rome dispatch to The London Times.

"The Government," he declared, "is anxious to hasten final ratification of the Rapallo Treaty with Jugoslavia, which already has been approved by the Chamber and will be submitted to the Senate December 22."

While General Cavaglia's regulars have thrown a cordon around Fiume, only small incidents have thus far been reported, says a Milan dispatch to The Times. Every effort will be made by the regulars, it is said, to induce the followers of d'Annunzio to desert.

Exchanged Shots.

The dispatch quotes a telegram from Trieste to the effect that regular Alpine and some of d'Annunzio's men exchanged shots and hand grenades when the latter crossed into Italian territory yesterday. A few regulars were made prisoners by d'Annunzio's soldiers at an advanced post on the road to Cantriva.

The expression on the island of Veglia, held by men loyal to the post-soldier, has been reinforced.

ROUNDING UP IRISH EXTREMISTS

Cork Police Authorities Say They Are Being Driven Into Corner

Cork, Dec. 1.—The police authorities here claim to be gaining the upper hand in the fight against the extremists. They assert the men responsible for ambushes and assassinations feel they are being driven into a corner. They are reported to be protecting from the people and moving about the countryside in bands of from 100 to 300, forcing farmers, it is declared, to provide them with food.

All Known

"Every man of them is known to us," said an official. "So they do not dare to scatter and return to their homes because they know they would be arrested immediately. It is only a question of rounding them up, which may take considerable time, especially in a rough mountainous country like that surrounding the scene of Sunday night's ambushes, when fifteen auxiliary police recruits were shot to death near Macroom."

Two Killed

Cork, Dec. 1.—It was reported this afternoon that two men were shot dead last night in the Macroom district and that four persons were arrested.

The town of Macroom is in a state of siege and no traffic is allowed except for food distribution.

Raids in London

London, Dec. 1.—Buildings housing Sinn Fein organizations in this city and its suburbs were raided by Scotland Yard detectives yesterday, and it is declared many documents were seized. No arrests, so far as known, were made.

A new chapter in the history of violence in Ireland was written yesterday morning when two men, suspected of being sympathizers with the Sinn Fein, were called from their beds and shot to death. The shootings occurred in the County Louth, and a military court of inquiry has begun an investigation.

Labor Commission

Dublin, Dec. 1.—Proposals for terminating violence in Ireland are decided by the Labor Commission of Inquiry, comprising representatives of...

ESCAPING CONVICTS COOKED BREAKFAST

Three Men Leaving Port Arthur Jail Even Changed Clothes

Port Arthur, Ont., Dec. 1.—At the Port Arthur district jail at 6 o'clock this morning Joe Bushie, an Indian convict under sentence of fourteen months, locked the warden in his cell, took his keys, released two others, and then went to the jail kitchen, cooked breakfast, changed clothes and walked out, leaving the civilian clothes on the jailer's desk as a reminder.

Bushie, as the warden was passing his cell, called to him: "Hi, Warden, let me out of here; I've got scrubbing to do this morning."

Warden Robinson asked the cook if that was so, and the kitchen man intimated that "he thought he might do a little." As the warden opened the cell door, Bushie grabbed him, took away his keys, shoved him in the cell and locked the door.

Had a Meal

Bushie next released Webb and Gannigan, both short term men, and all three went to the kitchen for a meal before taking their departure. The escaping prisoners took the best of the civilian clothes on hand. Gannigan fancied a mackinaw coat belonging to a prisoner, Scotty Fraser. As the three left the building they visited the other prisoners and said their farewells, and as Gannigan passed Scotty's cell he said: "Scotty, I'm going to wear your coat so that you won't wear it out. So long, Scotty, see you later."

The escape was not learned of until the day warden came on duty at 7 o'clock.

DUTY ON FARM TRACTORS URGED AT TARIFF HEARING

Windsor, Ont., Dec. 1.—An appeal for re-imposition of the former tariff on low priced farm tractors manufactured in the United States was laid before the Tariff Commission at its afternoon session here Tuesday. Supporting the appeal, which was made by Dr. W. C. Doyle, Mayor of Essex.

TORONTO CUSTOMS COLLECTIONS FALL

Toronto, Dec. 1.—The Customs duties at the port of Toronto fell off \$277,925 in November, 1920, as compared with November, 1919. There was a drop of \$517,292, as compared with October, 1920.

Huge Poll Expected To-day as Electors Choose Government

Reports Indicate That More Ballots Will Be Cast Than Ever Before In All Constituencies; Voting Unusually Active Here.

Electors of British Columbia in greater numbers than ever before are choosing to-day the men who will represent them in the next provincial Legislature and deciding whether or not the Oliver Government will be allowed to continue its work of the last four years. Reports from all constituencies indicate that to-day's poll, including, as it does, the votes of nearly 100,000 women who have never voted before in a general election, will be twice the size of any held in the history of the Province.

In Victoria the prevailing excitement over the election caused an early turnout of eager voters this morning. Large numbers voted in all wards as soon as the polls opened and at noon the poll officials were kept busy handling the crowds. It is expected, however that the big pressure at the polls will occur late this afternoon and during the two hours preceding the closing hour, seven o'clock.

A Big Poll

All day automobiles, operated by the different parties contesting the election, carried the voters from their homes to the polls. At each headquarters it was stated that more people probably than ever before were casting their ballots. The fact that so many parties are working for victory was thought to be one of the chief reasons for this, and the general interest excited by the hot campaign just concluded, of course, has caused many electors, indifferent on other occasions, to exercise the franchise.

No one connected with the campaign doubted that the poll would be as large if not larger than that which decided the liquor question in October. Some 15,000 people voted on this issue in Victoria, and about 130,000 cast ballots throughout the Province.

Conditions similar to those in Victoria prevailed in the adjoining municipalities to-day. During the morning polling, though not rapid, was steady and at the noon hour large numbers of voters crowded about the polling stations. At Ward Seven, Saanich, Government supporters claimed that the vote was going solidly for F. A. Pauline, Government candidate, in the proportion of four to one.

Voting in Cowichan

In very marked contrast to October 29 when the liquor referendum was taken and when the electorate commenced to roll up at the stroke of 5 o'clock, in fact, were waiting outside some of the booths, the people (Continued on page 2.)

MRS. HOHENZOLLERN'S CONDITION UNCHANGED

Doorn, Holland, Dec. 1.—(Associated Press)—Mrs. W. Hohenzollern, former German Kaiserin, who has been in a serious condition for a heart attack for several days, was apparently no worse this morning. It was announced she had passed a quiet night.

UNREST IN GUATEMALA

Washington, Dec. 1.—Reports of a threatening revolution in Guatemala have been received in official circles here. It was learned to-day.

JUDGE RULES FILM NOT TO BE SHOWN

Sentle, Dec. 1.—At a stormy scene in Superior Court here yesterday afternoon, Judge A. W. Frater dissolved a temporary injunction restraining the police and the sheriff from suppressing a film called "The Tong Man," which had been displayed at Class A Theatre, 1506 Third Avenue, since Saturday.

"If, as is claimed, this picture has a harmful influence, then this court must take judicial notice of the fact that while all classes see motion pictures, the audiences are composed largely of children, and the welfare of our children is more important than \$1,000 worth of advertising," said the judge.

Milk Price Figures Are Doubted by Railway Board

Ottawa, Dec. 1.—(Canadian Press)—Doubt as to the accuracy of figures laid before the Railway Commission by witnesses at the adjourned express rates hearing was expressed this morning by Hon. F. B. Carvell, who challenged the statements of M. H. Staples, an official of the United Farmers of Ontario, who quoted the report of an Ontario Government commission to the effect that it cost a farmer \$2.68 to produce 100 pounds of milk, while that farmer had to sell for \$2.33, at a loss to himself.

"The farmers are not fools," declared the chairman of the Board. "They would not continue producing something which is losing money for them. Government commissions, in making reports, figure the farmer's time on an eight-hour day basis, with full wages for the farmer, his wife and family, whereas a farmer works a great many more hours daily and profits thereby."

At another point, when two witnesses, wholesalers, had declared that they knew nothing of the retail prices of their products, the chairman inter-

IN ANSWER TO A QUESTION, WITNESS DECLARED HE KNEW OF CASES WHERE FARMERS HAD CEASED TO PRODUCE CREAM BECAUSE THEY WERE LOSING MONEY BY DOING SO.

At another point, when two witnesses, wholesalers, had declared that they knew nothing of the retail prices of their products, the chairman inter-

PRAIRIE DELEGATION TO SEE MEIGHEN

Three Provinces Are Seeking Control of Their Natural Resources

Winnipeg, Dec. 1.—Hon. T. C. Norris, Premier of Manitoba, and Hon. Charles Stewart, Premier of Alberta, yesterday concluded their conferences on the matter of approaching the Dominion Government with reference to the control of the natural resources of the prairie provinces. It was decided that a delegation should be sent East, on which all three prairie provinces will be represented. A request is to be sent to Premier Meighen at Ottawa to set a date for the conference with this delegation.

LINDSAY CRAWFORD SPOKE IN ST. JOHN

St. John, N.B., Dec. 1.—A meeting of the Self-Determination League for Ireland of Canada was held here last evening at St. Vincent's Hall. The hall was packed for the occasion, the audience including a number of returned men. There was one interruption, only, and the person responsible for it was ejected by the police. Lindsay Crawford, of Toronto, was the principal speaker. Mayor Schofield had been asked to prevent last night's meeting on the ground that perhaps disloyal utterances might be made at it, but after consultation with the City Solicitor, he gave permission for the gathering to be held.

UNEMPLOYED CLASS GREW BY 7,080

Dominion Situation For Week Ended Nov. 6; Ontario Most Affected

Ottawa, Dec. 1.—(Canadian Press)—Dominion headquarters of the Employment Service of Canada, Department of Labor, reports that for the week ended November 6 employment returns were tabulated from 4,583 concerns with an aggregate payroll of 721,952 persons. At the end of the previous week, these concerns had 728,132 employees and at the middle of January, they had 699,406 persons in their employ.

Considering the returns by provinces, it is found that Manitoba and Alberta only showed an increase in employment for the week ended November 6, as compared with that ended October 30. Of the decrease registered in the other provinces, that of Ontario, where it amounted to 3,546 persons, was the most pronounced.

Immigrants.
Ottawa, Dec. 1.—Action by the Government to restrict immigration of certain classes in order to alleviate the condition of unemployment now prevailing in various parts of the country, has been taken with the passage of an Order-in-Council raising the money test of immigrants of the mechanic, artisan and labor classes from \$50 to \$25. The new order provides for suspension of paragraphs 1 to 3 of the former Order-in-Council applicable to those classes of immigrants, and the substitution of four other paragraphs. The first provides that: "No immigrant of the mechanic, artisan or labor classes whatever, skilled or unskilled, shall be allowed to land in Canada unless he possesses, in his right, money to the amount of \$250, and in addition, transportation to his destination in Canada."

The second paragraph provides that if an immigrant belonging to these classes is accompanied by his family, he must possess, in addition, transportation for the members of his family to their destination, a further sum of money equivalent to \$125 for every member aged eighteen and upward, and \$50 for each child of five years and under eighteen years. The new regulations will come into effect along the international boundary on December 15, and at ocean ports on January 1. They will not apply to other classes of immigrants, those specifically not to tourists, travelers or returning Canadians.

The Order states, in opening, that a considerable amount of unemployment prevails in parts of Canada, and that the prospects for employment are not likely to improve during the next few months.

ROUMANIA WANTS MORE TIME TO PAY SUMS TO CANADA

Ottawa, Dec. 1.—(Canadian Press).—The original authorized Canadian credit to Roumania was \$25,000,000. Of this sum, Canada has actually advanced \$20,571,522, the principal now due by Roumania to the Dominion. In addition there is accumulated interest. The first interest payment fell due on October 1. The amount was \$99,525, but the Roumanian Government has not met it and is asking for an extension of time till April 1, 1921. By then the interest due will amount to \$1,800,000. Under the terms of the agreement both principal and interest have to be paid off by December 31, 1924.

J. H. BURNHAM TO SEEK SEAT IN HOUSE OF COMMONS

Peterboro, Ont., Dec. 1.—J. H. Burnham today announced that he will be an independent candidate in the next Federal election. He declared that he did not belong to the new National Liberal and Conservative Party, but he was a Conservative.

DANCE TO INCREASE NAVY LEAGUE FUNDS

Shawnigan Lake, Dec. 1.—The event of the week will be the ball on Friday evening, to be given by the Cowichan branch of the Navy League of Canada.

The monthly meeting of the Shawnigan Women's Institute will be held in the S. L. A. Hall tomorrow afternoon. Mrs. Watt, M.B.E., will address the meeting.

Mrs. R. W. McKay and children have returned home after a two weeks' visit in Vancouver.

Mr. and Mrs. Ray Elford entertained at their home in honor of Dr. and Mrs. Watson Dykes, of Duncan, who are to leave shortly for England. Progressive five hundred was the order of the evening. Mrs. C. Norris and W. D. Todd winning the first prize, and Mrs. Todd and Mr. Cummins the consolation prize. Dainty refreshments were served by the hostess, after which all present took part in a most enjoyable musical programme. Those present were Dr. and Mrs. Dykes, Mr. and Mrs. Frank Elford, Mr. and Mrs. S. J. Heald, Mr. and Mrs. G. Gibson, Mr. and Mrs. Morris, Mr. and Mrs. Cummins, Mr. and Mrs. W. D. Todd, Mr. and Mrs. Phillips, Mr. and Mrs. Rathbone, Mrs. Kingsley, Mrs. Baker, Miss W. Gibson and Messrs D. Elford and E. Gibson.

Interesting News For Working Men

AN ARTICLE WELL WORTH YOUR WHILE TO READ

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain. If nerves are in order, a man is strong, eats and sleeps well. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferrone for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferrone quickly brightens up the mind, it creates an appetite and improves digestion. Ferrone makes blood, quiets the nerves, makes muscles like steel and induces refreshing sleep.

Ferrone is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferrone and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health giver in the world is Ferrone. Because nourishing and perfectly harmless, all can use it, even children. Get Ferrone to-day. 50c per box at all dealers or by mail from The Catarrozone Co., Kingston, Ont.

FOR REFUGEES.

Washington, Dec. 1.—Appropriation of \$400,000 for the relief of the 120,000 South Russian refugees in Constantinople was announced yesterday by the American Red Cross, in response to a cable from Rear-Admiral Bristol, describing the situation as catastrophic.

Lives of the six families occupying a Chicago apartment house were saved by the cries of a baby who had been awakened by the smoke of the burning building.

FARMERS TO MEET IN WINNIPEG

Council of Agriculture to Discuss Political Organization and Marketing

Winnipeg, Dec. 1.—Two important questions—political organization throughout Canada and co-operative marketing of grain—are to be discussed at a meeting of the Canadian Council of Agriculture in Winnipeg on December 7 and 8, and vital decisions may be reached. A number of those who will be present for these sessions will remain over for a public meeting which will be addressed here on December 10 by Premier Drury of Ontario and Hon. T. A. Crerar.

On December 17 Dr. Michael Clark will address a public meeting in Saskatoon on political issues.

TARIFF BODY HEARS VIEWS OF TOBACCO GROWERS

Windsor, Ont., Dec. 1.—(Canadian Press).—"Canadian growers can actually grow better Virginia tobacco than that grown in Virginia," was the declaration made before the Dominion Tariff Commission here yesterday by H. H. Swatman, of Lexington, representing the Canadian Tobacco Growers' Association, who made a strong appeal for a high tariff against American tobacco coming into Canada.

Mr. Swatman asked that the tariff against American tobacco be increased from six cents to the \$10,000,000 which the Government gained from American tobacco imports would be more than made up by the increased crop grown in Canada, should such a measure be made effective.

Seventeen million pounds of tobacco were grown in Essex County last year, resulting in a return to the growers of \$10,000,000 at an average price of 50 cents per pound. Mr. Swatman declared that a wall against American tobacco would lead the Essex farmers to increase their tobacco crops greatly and that the crop would double in two years' time.

Sir Henry Drayton apparently did not place much confidence in the statements of the huge amount of revenue accruing to the Government through an increase in the Canadian crop, feeling that the revenue from American imports would overbalance any advantage secured in the way suggested by Mr. Swatman.

Edmonton Woman Was Almost Helpless From Rheumatism and After Effects of Flu; Tanlac Restores Health.

"I was badly constipated, and every day that came I had a sickening, dizzy headache that almost drove me frantic. Rheumatism developed some time ago, and the pains in my shoulders and back were just about all I could bear. I could not raise my arms to comb my hair, and was down in bed for a month almost helpless. My nerves finally collapsed, and I could sleep but very little."

"I had a close friend who tried Tanlac, and when I saw her statement in the paper telling of how much good it had done her I decided right then to take it myself. And I am so glad I did, for it was the best thing I could have done for it has restored my health completely. I enjoy three good meals every day now, and have gained a good many pounds in weight. I feel perfectly well in every way, haven't a pain of any kind and sleep soundly all night. Tanlac has made life a pleasure to me, and I gladly give my testimonial to be used in letting others know about it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

SMALLER CATCH OF FISH IS REPORTED

Ottawa, Dec. 1.—(Canadian Press).—The catch of all kinds of sea fish during the month of October on both Canadian coasts shows a considerable falling off as compared with the corresponding month last year, according to the monthly statement from the Fisheries Department. The statement shows that during October of the present year the catch amounted to 431,724 hundredweight, while in October, 1919, it was 711,527. The value of the October catch at the point of landing this year was \$1,375,071, as against \$3,028,812 in October, 1919.

IF

GOVERNOR-GENERAL AT MONTREAL BALL

Montreal, Dec. 1.—Honored by the presence of Vice-Royalty for the first time since 1913, and marked by all the traditional features of Scottish ceremonial dances, the St. Andrew's ball of 1920, held here last night, added another to the long list of successful annual functions under the auspices of the St. Andrew Society.

The Cross of St. Andrew served as the central motif for the draped banners of England, Scotland, Ireland and Canada, which adorned the side-walls of the ballroom and the royal arms and standard made the background for the dais. The pipers' strains warned guests at 10 o'clock that all was ready in the ballroom, after which the Vice-Regal party arrived, preceded by pipers, the Duke of Devonshire escorted Mrs. G. W. Ross, wife of the president of the society, and the Duchess of Devonshire being escorted by Mr. Ross. Dancing continued to a late hour.

MAN MARRIED DID

NOT SEEM DRUNK

Montreal Pastor Makes Protest Against Course of Court

Montreal, Dec. 1.—Much indignation is felt in Methodist circles here at the imputations cast on the conduct of the superintendent-pastor of St. James Church, Rev. A. J. Thomas, who was stated to have married a man in an advanced stage of intoxication and whose marriage was annulled in the practice court here last week.

SIX ARRESTED IN ENGLAND RELEASED

Men Arriving From New York Suspected of Being Sinn Feiners

London, Dec. 1.—Six men arrested at Southampton yesterday on the arrival of the liner Aquitania from New York, were released here to-day by police officials. When they were arrested, it was announced they were suspected of being agents of the Sinn Fein.

Revolvers were found on their persons, but the men asserted they were ignorant of the recently enacted Firearms Act, which forbids importation of those weapons. They were closely questioned, and their weapons were confiscated before they were placed on a train coming to this city. When they reached here they were asked to go to Scotland Yard. They refused to talk to reporters, and their identity has not been disclosed.

Various stories regarding the men have been current since they were arrested, but the police are very reticent regarding them.

WOUNDED MAN TRIES TO TELL STORY

Only One Survivor of Police Band Attacked Near Macroom, Ireland

Cork, Dec. 1.—Details of the tragic story of Sunday evening's massacre near Kilmichael, in which fifteen auxiliary police recruits were shot to death, may never come to light. The only available source of information is the sole surviving member of the party, who was severely wounded and is believed to be dying in the military hospital here.

A meagre story of the event, gasped out by the wounded man, has been told officials sitting by his bedside. He declared that the party of recruits met an armed band marching in the road, the men wearing khaki suits and "tin hats." The recruits mistook them in the fading light for soldiers and thus fell into an ambush.

A trench. Statements from other quarters would seem to indicate that the annihilation of the party of recruits can be accounted for only on the theory that the road was mined or a trench had been dug across it. So far as is known, there were no casualties on the side of the assailants.

It appears that the recruits left the village of Macroom early on Sunday to conduct raids and searches in the countryside stretching toward the entire day was occupied with this work, and it was late in the evening when the party started on its return journey. One account of the incident states that at a secluded spot a deep trench had been cut across the road and into it the leading lorry plunged. The second lorry, which was traveling fast, ran into the wrecked car. It is said, and the occupants of both became easy victims of the men who planned the attack.

Police officials at Macroom were ignorant of the tragedy until Monday, when a party was sent to scour the country for the missing men.

Italian Resolution. Milan, Dec. 1.—A resolution expressing sympathy for the Irish nation "in its struggle for the respect of the principle of the self-determination" was unanimously adopted at a meeting of the Roman Catholic committee of Lombardy here yesterday.

\$6,428,544 PAID IN TAXES IN VANCOUVER

Vancouver, Dec. 1.—Marking a banner year in the city's history and the greatest sum ever received so far in any one year in tax payments, there has been paid into the city treasury so far this year the record sum of \$6,428,544.33, according to City Treasurer Johnstone, who last night closed his books for the month of November. Of this sum, \$255,771.95 was paid in during the past month, the last few days being especially brisk owing to the expiry yesterday of the final five per cent. rebate period.

\$14,000 IS GIVEN AS COMMISSION

Vancouver, Dec. 1.—Mr. Justice Murphy yesterday fixed remuneration by way of commission for Liquidator Gwynn of the Dominion Trust at \$14,000 and added \$4,000 to the amount already paid the former Liquidator, Andrew Stewart. The court complimented Mr. Gwynn on the collection of \$1,400,000.

THE ELECTION.

Never in the history of British Columbia has the electorate been faced with such a long list of parliamentary aspirants as that which will make its mute appeal for support in many constituencies to-day.

This election is the first provincial political appeal in which the women have been permitted to share an equal responsibility with the men.

It is to be hoped, however, that the electorate as a whole has been seized with the importance of voting wisely, of avoiding the dangers that a change of government at this stage of provincial progress would involve.

It is this danger—which has been automatically created by to-day's unparalleled range of choice—that every British Columbian who has the best interests of the Province at heart will hope that the final returns this evening will have dispelled by the selection of a capable and stable governing institution.

COMING BACK.

John Bull is coming back in a financial sense in characteristic style. An analysis of the latest British trade returns circulated by the Bankers' Trust Company, of New York, shows a steadily increasing favorable relation between imports and exports.

For example, at the beginning of the present year, British imports were from 32 and 57 per cent. in excess of exports monthly. That excess has decreased to less than 17 per cent. in the last two months.

The following table reveals the improvement of Great Britain's trade in the last ten months:

Table with 4 columns: Month, Imports, Exports, Total Per Cent. Shows trade improvement from Jan to Oct 1920.

These figures indicate that British imports in October were less than those of any other month of the year, that exports were relatively high, and the excess of imports over exports was the lowest in amount of any month but one during the year.

IMMIGRATION CHANGES.

It is good business to regulate the admission of new citizens to this country in such a manner as to prevent an overcrowding of the labor market. And in raising the monetary qualification to apply in the case of a certain class of emigrant, whose search of fresh fields and pastures new has commenced with altogether too little consideration for the conditions under which he might be expected to live during the first few months after his arrival on this side of the Atlantic, a good deal of hardship ought to be prevented.

CURRIE AND THE FLAG.

When Sir Arthur Currie says that a nation which permits an outrage upon the flag of its blood relation no longer can claim the homage of the world his sentiments will be echoed by every American citizen who ponders over the recent disgusting incidents which took place in New York.

WRANGEL WANTS MORE.

General Baron Wrangel has notified the French Government that he is ready to go to Paris and discuss the feasibility of a new crusade against the forces of Soviet Russia.

NOTE AND COMMENT

And the politician says: 'What will the Harvest be?'

Political heart beats will be much more uniform after to-day.

One mathematician has worked it out that the Vancouver voter has four thousand ways to use his vote to-day.

Premier Oliver could not have given a more complete refutation of the land deal charge than he did at the Royal Victoria last night.

OTHER PAPERS' VIEWS

A ROYAL WELCOME

Never in the memory of man for years has there been such a reception to returning royalty as was accorded the Prince of Wales when he reached the imperial capital after his journey through Australasia.

QUICK BOOK BUYING

A literary gossip tells a curious story of the new conditions of the London second-hand book market, which, like every other field of business, is in a state of change and flux.

LAW FOR RECKLESS MOTORISTS

There is a law for the restraint of reckless drivers of motor vehicles, if the courts are disposed to use it. Recently a Brooklyn judge gave proof of it when he sentenced a motorist to from five to ten years in prison for killing two women and driving away.

WHERE IT STARTED

The Egyptians used the first harp—rudimentary instruments with only few notes. The ancient Celts also made the harp their national instrument.

WHY

ARE MOST PEOPLE RIGHT-HANDED?

Babies, like all young animals, are imitative in the extreme. They look around them, see how their parents do things and then seek to follow their example.

SPAIN AND BRAZIL

WOULD AID WILSON

Offer to Assist Him in Role of Mediator in Armenia

Geneva, Dec. 1.—A letter to President Wilson, accepting his offer to act as mediator in Armenia, was drafted by the Council of the League of Nations here to-day.

It was announced this afternoon that Spain and Brazil had offered to join President Wilson in his role of Armenian mediator.

MONTREAL GIRL

HAD FAITH CURE, BUT IS DYING

Montreal, Dec. 1.—Eather James, aged twenty-two, a consumptive, who was carried into St. Andrew's Church last Thursday evening and who subsequently after the ministrations of Sister McPherson, the Ontario missionary, walked out of the church and had her stretcher sent to her home, is now sinking fast and her doctor has abandoned hope.

COURT ORDER FOR U. S. NAVY SECRETARY

Washington, Dec. 1.—The Supreme Court of the District of Columbia has directed a mandamus to issue against Secretary Daniels of the Navy Department to compel him to permit officers of the naval reserve who have been injured in line of duty to appear before the Naval Retirement Board in order that the right to retirement may be determined according to naval regulations.

"The stars incline, but do not compel."

HOROSCOPE

Wednesday, December 1, 1920. (Copyright, 1920, by the McClure Newspaper Syndicate.)

Astrologers read this as a quiet day. Mercury rules strongly for good, while Saturn is friendly.

Agreements made by letter to-day should be fortunate. A contract for the new year signed under this rule should be very lucky.

Messages of good import seem to be presaged and these will indicate a return to better conditions of living for 1921.

Scientists are to make great progress in the next few months. New inventions will be introduced and one of these will greatly aid in business.

Schools and colleges have the forecast of a period of supreme importance, in which great progress will be made in all lines of economic study.

Radical ideas are to spread rapidly in this country during the next few years, the seers prophesy, and there will be a serious recognition of "intellectual" which will become prominent in politics.

Many deaths among the nobility in England will mark the winter, it is predicted, for the ferment of thought will cause depression and anxiety that are registered in decline of health.

There is a sign read as foreshadowing renewed race difficulties in which Orientals have a part.

The rise to fame of a woman of the people is prophesied.

Persons whose birthdate it is have the augury of a quiet year, but they may be unusually susceptible and liable to love interests.

Children born on this day may be restless and active, fond of pleasure and a general favorite. They may not be successful in business.

ADDITIONAL LIST OF SUBSCRIPTIONS

Local Red Cross Fund Is Now Increasing For Suffering Europe

Although it is difficult for Victorians to realize the terrible straits to which so many hundreds of thousands of people, and especially children in Central Europe, find themselves because of conditions arising out of the great war, they are responding liberally to the appeal on behalf of the British Empire Relief Fund, and they will have the satisfaction of knowing that they are helping suffering humanity to the ordinary necessities of life, of preventing the spread of virulent disease, and of assisting in driving misery out of thousands of homes.

Following is an additional list of donations to this fund:

Further contributions to the British Empire Relief Fund are earnestly requested, and may be sent to Hon. Treasurer Red Cross Society, Belmont House, headquarters 641 Fort Street, and at The Times and Colonist offices.

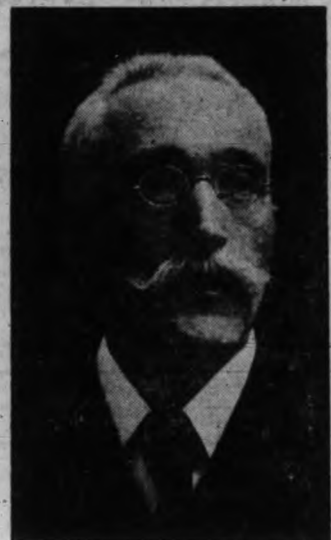

First cargo of German paper suits and overcoats has arrived in Chicago from Hamburg, and will be retailed at \$2.50 each garment.

Unemployment is rather general in New York State, but has not reached acute stage except in garment and automobile industries.

CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Farnint (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

VANCOUVER ISLAND NEWS

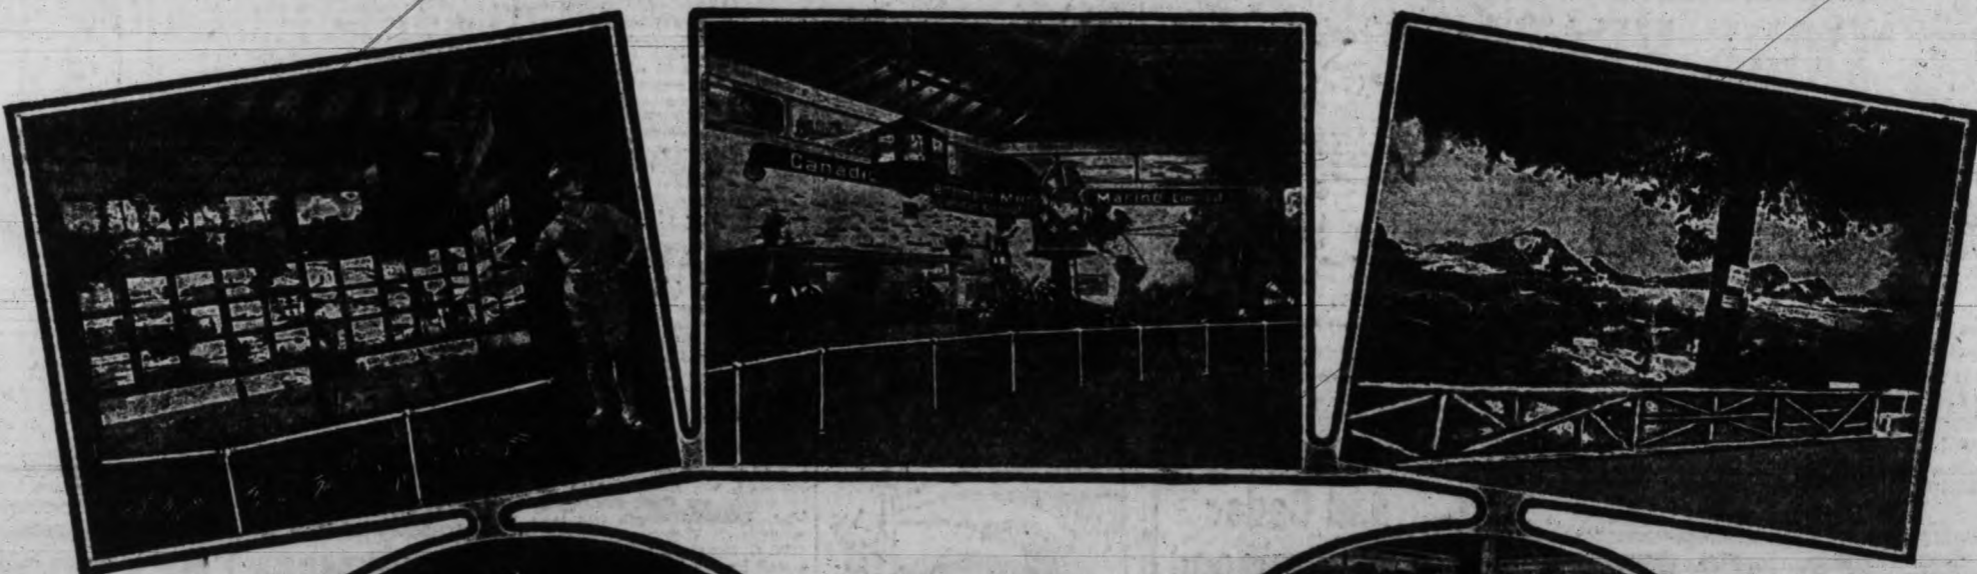

Social Gathering Nanaimo: Twenty-six tables of whist players and many dancers participated in the social gathering on Saturday evening in the Oddfellows' Hall, of the C. W. F. Co. First Aid and Mine Rescue Association, the proceeds of which will be devoted to the new hospital fund. The whist winners were: Mrs. M. Carnelly, Mrs. J. Doherty, Mrs. R. Bennett, and Mr. Harry Waime, Mr. G. Hamilton, Mr. A. Wilson.

A leper, who escaped from the Isolation Hospital at Belleville, N.J. a week ago, has not yet been recaptured.

Are you subject to racking headaches or attacks of Neuralgia?

Do you have them regularly, every week or so? Ordinary headache remedies, that merely dull the pain, do no permanent good. What you need is something to get at the seat of the trouble and do permanent good. DOMINION C.B.Q. (Cascara, Bromide, Quinine) Tablets relieve the throbbing pain or the dull ache. And they do more. They help to regulate the system - break up colds - act directly on the stomach and liver - and, in a general way, are a valuable tonic. If you are subject to Headaches or Neuralgia, DOMINION C. B. Q. TABLETS will do you a world of good, and permanent good. Keep a box handy. Take them when you feel an attack coming on - the chances are, they will completely relieve the trouble before the pain becomes severe. Carry them with you when travelling. They are safe, reliable, effective. They are prepared by the National Drug & Chemical Company of Canada Limited and sold in the red box, by all druggists. Ask for them by name.

The National Railways at the Canadian National Exhibition.

THE CANADIAN NATIONAL GRAND TRUNK exhibits this year were of unusual interest and educational value. Thousands learned of the immensity of the land and water transportation systems owned by the Canadian people. The huge illuminated map of Canada, on which were shown the 23,000 miles of Government railway lines; the Marconi wireless telegraph in actual operation between the sixty-six steamships of Canada's Commerce Carriers and the forty odd wireless stations in the Dominion from the Atlantic to the Pacific; the demonstration by the Marconi Company's operators of the practicability of the wireless telephone; the world map show-

ing the trade routes followed by the Government Merchant Marine; the numerous aids to navigation; and the beautiful display of colored transparencies of Canada's scenic gems from Coast to Coast, were indeed a wonderful lesson of Canada's national effort in Dominion and world-wide trade. In another building was displayed a huge panorama of Jasper, the largest of Canada's National Parks, where the Rockies rise to their greatest height and assume their utmost grandeur, with Mount Edith Cavell - Canada's national monument to one of the world-war heroines - in the centre, and Mount Robson in the farther distance. The above illustrations also show the attention the exhibits attracted. The two buildings were crowded from early morning till the doors closed at night, making it impossible to estimate the number of visitors to the Canadian National Grand Trunk exhibits of 1920.

A most enjoyable afternoon was spent on Saturday last at the home of Rev. Robt. Wilkinson, Gladstone Avenue, when a musical tea was given, under the auspices of the Sherwood Mission Circle.

Mrs. L. J. Byrnes, who has been spending the past six months at the Empress Hotel since her return from the Orient, will leave to-morrow for Seattle en route to her home in New York.

Mr. and Mrs. Russell B. Ker entertained informally at dinner last evening at their home on Linden Avenue, their guests including Miss Eberts, Miss Innes, Messrs. Wilson and Beaven.

Recent arrivals at Brentwood Victoria Hotel include: Mr. and Mrs. Barr, of Victoria; Mr. and Mrs. Ansett, of Victoria; Mr. and Mrs. John Ritchie, of Quebec; Miss Dann, of Quebec; Mrs. Stuart Bailey, of Quebec, and J. F. Reeves, of Quebec.

Sir Frank and Lady Barnard, who have been at the Ritz-Carlton Hotel, Montreal, for some weeks, left last week for New York and have now sailed for Europe.

Mrs. A. C. Burdick entertained informally at the tea-hour at the Empress Hotel on Monday afternoon when her guests included Lady Mc-Bride, Mrs. W. J. Bowser, Mrs. Frank Andrews, Mrs. Margaret Jenkins and Mrs. Roberts.

Mrs. C. C. Castle, of Ganegs, Mrs. Green Wilkinson, of Salt Spring Island, W. H. Forrest, of Hill Bank, and Mr. and Mrs. H. Yearley, of North Bend, are guests at the Strathcona Hotel.

Vancouver visitors registered at the Strathcona Hotel include: R. Rowan, J. B. Morgan, E. W. Copp, and Mr. and Mrs. E. L. McLeod.

W. W. G. McAllister, a former Victorian, and now manager of the company hotel at Ocean Falls, is registered at the Dominion Hotel.

A. McDonald, of Cowichan Lake; J. H. Whelan, M. J. Wilson, Thos. H. Wilks, and W. Weeks, of Nanaimo, are at the Dominion Hotel.

Mrs. Kellott and son, and Mrs. Barron and daughter, of South Salt Spring Island, are new arrivals at the Dominion Hotel.

John W. Froom and Mrs. Froom, of Greenidge, Man., are among yesterday's arrivals.

In recognition of the moral and physical contributions to the cause of the Allies by the Vassar College students, they have been presented with a tank by the French government.

The king of gems, the ruby, yields extraordinary power to-day, since it is both the talismanic and natal stone.

According to the ancients, the life of the stone is bound up with the life of the wearer; it sparkles when he is gay, sends forth red gleams when he is angry, and loses its radiance when he is sorrowful.

All shades of red are fortunate on this day. They indicate strength, vitality and the fulfilment of ambition.

The mignonette is to-day's fortunate flower.

Interested guests and spectators assembled at Holy Trinity Church, Fairview, Vancouver, on Monday evening to witness the wedding of Daisy Greenwood, second daughter of Ernest Redpath, second son of the late J. T. and Mrs. Redpath, of Victoria.

The service was fully choral and an impressive note was conveyed throughout by the responses and anthems of the chorists under the direction of J. C. Welch.

terday's registrations at the Dominion Hotel.

H. W. Tobin, of Toronto, and Mrs. Erskine, of Melville, B.C., are staying at the Strathcona Hotel.

Col. and Mrs. William T. Gear, of Montreal, are guests at the Empress Hotel.

Mrs. F. F. Judd and P. L. Curdy, of Duncan, are at the Dominion Hotel.

E. M. Sharpe, of Lacombe, Alta., is registered at the Empress Hotel.

A. A. Barrett, of London, England, is a guest at the Empress Hotel.

T. G. Lawrence, of Nanaimo, is a guest at the Empress Hotel.

Mr. and Mrs. Alfred Smith, are in the city from Bamfield.

Complimenting the Victoria Dramatic and Operatic Society which has given four performances of the "Yeoman of the Guard" in aid of the funds of the Navy League, the Victoria branch of the League at the close of last night's performance entertained the entire company of principals and chorus, stage manager, musical director, pianist, scenic artist and business manager.

The Navy League orchestra under Bandmaster Rumsby, was also in attendance to furnish music for dancing, which was kept up until nearly 2 o'clock, with a slight intermission for supper.

The king of gems, the ruby, yields extraordinary power to-day, since it is both the talismanic and natal stone.

According to the ancients, the life of the stone is bound up with the life of the wearer; it sparkles when he is gay, sends forth red gleams when he is angry, and loses its radiance when he is sorrowful.

All shades of red are fortunate on this day. They indicate strength, vitality and the fulfilment of ambition.

The mignonette is to-day's fortunate flower.

The service was fully choral and an impressive note was conveyed throughout by the responses and anthems of the chorists under the direction of J. C. Welch.

The bride who was given in marriage by her father, wore her travelling suit of gobein blue broadcloth embroidered in floss silk of the same tone.

Her toques was carried out in tones of blue and taupe with an oxidized metal and a white tulle veil completed her toilette.

She carried a shower bouquet of pink carnations and wore an amethyst, diamond and pearl necklace, the gift of the bride's parents.

During the signing of the register Miss Grace H. Patrick rendered "The Psalm of Love" with masterly technique.

Following the ceremony a reception was held at the residence of the bride's parents, 1124 Tenth Avenue West, which was prettily decorated for the occasion with bronze shaded chrysanthemums and ferns.

The dining table, centred with the traditional wedding cake, was artistic in its floral effect of cyclamen and trailing festoons of smilax fern.

VICTORIAN ORDER IN ANNUAL MEETING

Provincial Board to Receive Reports of Branches; Originator Coming

The final draft of the constitution and by-laws and the hearing of the branch reports will be among the chief items of business for consideration at the first annual meeting of the B. C. Provincial Board of the Victorian Order of Nurses to be held on Friday evening, December 3, in the Provincial Library.

The following members of the Board are among those expected to be present at the meeting: Dr. MacEachern (president), Dr. Mullin, Miss Cole, Miss Johns, Mrs. Rose, Mrs. MacAulay, Mrs. Reid, the originator of the idea of the Victorian Order of Nurses, and although quite advanced in years is coming to Victoria to attend this first annual meeting of the British Columbia organization at its special request.

Branch reports will be received from Vancouver, Victoria, New Westminster, Colwood and Saanichton. The financial standing of the organization will also be discussed at Friday's meeting.

Interested guests and spectators assembled at Holy Trinity Church, Fairview, Vancouver, on Monday evening to witness the wedding of Daisy Greenwood, second daughter of Ernest Redpath, second son of the late J. T. and Mrs. Redpath, of Victoria.

The service was fully choral and an impressive note was conveyed throughout by the responses and anthems of the chorists under the direction of J. C. Welch.

SEAMEN'S INSTITUTE OBSERVED BIRTHDAY

Ladies' Guild Held Successful Silver Tea and Bazaar Yesterday

The Connaught Seamen's Institute was filled with a gathering of well-wishers yesterday afternoon on the occasion of the ninth anniversary of its inception.

The hall was prettily decorated with scarlet-berried holly, arbutus and greenery and each of the small tables at which a delicious tea was served bore a vase of scarlet-berried arbutus.

Tea arrangements were in the hands of a capable committee comprising Mrs. Willis Dean, Mrs. Hiscocks, Mrs. Weaver, Mrs. Wilders, Mrs. Kingham, Mrs. Bass, Miss Oates and Miss Sayers.

Mrs. Jenkins, first president of the Ladies' Guild when it was organized in 1911, in a happy little address dwelt reminiscently on the early days of the movement, which began in Esquimalt.

The Guild was organized to combat the many saloons which regularly extracted the hard-earned pay from the pockets of the bluejackets stationed at the port, the work being carried on along similar lines to that of the late Miss Agnes Weston.

Stating that the value of the Guild's efforts for the men of the navy and the mercantile marine could not be measured, Mrs. Jenkins expressed her pride at having been identified with the work.

A musical programme arranged by Mrs. Rowlands added much to the pleasure of the occasion, vocal solos being contributed by Miss Edith Eilers, Mrs. Dobbs, pianoforte solos by Miss Dorothy M. Cuff, L.A.B., and a dramatic reading by Miss Belle Eilers.

While all tickets are not yet in, the Ladies' Auxiliary feel confident that at least \$1,000 will accrue to the hospital as a result of the recent successful ball, according to reports given at yesterday's meeting of the Auxiliary.

The meeting was held in the Nurses' Home, with the president, Mrs. C. F. Rhodes, in the chair.

Bills amounting to \$771.16, including the expenses incurred in connection with the ball, were ordered paid. A complete statement will be issued later.

A hearty vote of thanks was accorded to all who kindly assisted in selling tickets and making the ball such a success, the members also recording their appreciation of the generous donation made by the Empress Hotel management.

Mrs. E. H. Griffiths and Mrs. Angus McKeown were appointed a committee to do the buying for the usual Christmas cheer.

The dues for the current year are still coming in, subscriptions having been received from the following: Mrs. A. L. Cameron, Mrs. C. N. Cameron, Mrs. Colpman, Mrs. Cowan, Mrs. H. Cooley, Mrs. Copas, Mrs. Schofield, Mrs. Stanier, Mrs. G. A. Kirk, Mrs. Stephen Jones, Mrs. Ritchie, Mrs. Baillie, Mrs. G. H. Maynard, Mrs. F. Fatt, Mrs. Pollock, Mrs. H. Kent, Mrs. Duke, Mrs. Borden, Mrs. Bird, Mrs. Fyvie, Mrs. Woodward and Mrs. McHardy.

The Auxiliary hopes in future that all friends will note the fact that the ladies will again be stationed at Spencer's store to receive 1921 dues.

Mutton Steak

Mutton steak (a slice from the thicker portion of a leg) will serve more people when cooked in the following manner than when served plain, and is delicious.

The following recipe for mutton steak is given by the Home Economics Kitchen of the United States Department of Agriculture:—1½ pounds mutton steak, 1 cup bread crumbs, 1 egg, onion, poultry seasoning, salt, 1 can tomatoes, or 1 quart fresh tomatoes cut in slices.

Spread over the mutton steak a layer of bread crumbs mixed with the minced onion and other seasonings. Roll and tie into shape. Place in a casserole or other dish with a tightly fitting cover. Pour the tomatoes over the meat and cook very slowly in the oven or on top of the stove for three or four hours.

St. Mary's Guild Bazaar—The Ladies' Guild of St. Mary's Church, Oak Bay, will hold their annual Christmas bazaar in St. Mary's Hall on Tuesday, December 7, from 3 till 6 o'clock.

Say it with cards—Dianora.

Cinnaform Pastilles For the throat and mouth; an excellent preventive against diseases such as influenza, sore throat, quinsy, tonsillitis, diphtheria, etc. 50¢

Tasteless Cod Liver Oil With malt extract, syrup of hypophosphites and wild cherry; the best reconstructive tonic for after colds and other run-down conditions. \$1.00

Menthol Cough Balm Is the biggest value; is the best for coughs and tightness on the chest. 50¢

POSSIBLE MILK DIET A diet of milk is often needed by children and invalids who think they cannot take it. But it can be served in the form of milk soups, puddings, toast, rice and raisins boiled in milk, custards made mostly of milk, milk sherberts, breads made with milk, vegetables with sauces of milk. Cocoa with a good deal of milk is also good. A luncheon of hot bread and milk and stewed figs on a Winter day is an excellent one for the growing girl. A few raisins cooked with rice or farina and a sprinkle of jam for garnish will often tempt the appetite.

HUGE CROWDS CHEER PREMIER'S MEETING ON EVE OF ELECTION

(Continued from page 1.)

Huge Meetings.
Government supporters had expected an unprecedented turnout of electors and they were not mistaken. By half past seven the theatre was packed and police turned hundreds away before 8 o'clock. Not only was the pit jammed, but a dense crowd, including many prominent Liberals, packed the stage. Disappointment in attempts to secure seats in the theatre, over six hundred people pressed into the Empress Hotel, behind the Premier spoke first.

The programme of the rallies was so arranged that Mr. Oliver and the three other Government candidates in Victoria all were able to address both audiences. After delivering a speech at the Hotel, the Premier arrived at the theatre in the middle of the evening and concluded the programme with an address which drew thundering applause every few minutes from all parts of the building.

Seasoned political observers remarked with real surprise the spontaneous outburst of approval which greeted Mr. Oliver's remarks, and the absence of the heckling which, it was anticipated, would greet the Government leader at the climax of a bitter election campaign every few minutes from all parts of the building.

Seasoned political observers remarked with real surprise the spontaneous outburst of approval which greeted Mr. Oliver's remarks, and the absence of the heckling which, it was anticipated, would greet the Government leader at the climax of a bitter election campaign every few minutes from all parts of the building.

Premier Arrives.
Mr. Oliver's arrival on the stage at the theatre was the signal for thundering applause, followed by unrestrained cheers and waving of hands—a reception unequalled previously in the election fight. The Premier simply smiled in appreciation, amid the continued yells and clapping, drank a toast to the audience—but only in ice water out of a jug which stood at the chairman's table.

As he crossed the stage Mr. Oliver carried in his hand the now celebrated eleven-hour roach which charged him with dishonesty in connection with a New Westminster land deal. Copies of the charges, he stated, as soon as the audience would allow him to proceed, were being circulated at the doors of the theatre. "Well, things are not always what they seem," he observed as he proceeded, in crushing sentences, to refute the allegations. Finally, as the great gathering almost rocked the building with applause, he waved the "lying sheet" aloft and, demanding whether the people of the Province intended to elect men who used such methods, crumpled it up and tossed it to the floor.

Covers All Issues.
Mr. Oliver then went on to outline the work of his administration, his own efforts in connection with the building of the Canadian National Island line and with the construction of the Johnson Street bridge; traced Mr. Bowser's attempt to pay out \$107,000 of the people's money for a bridge site, as reported elsewhere in these columns; defended his policy of keeping speculators' hands off the Province's natural resources; outlined the condition of the Pacific Great Eastern Railway and declared that the cost of its extension to link up with Alberta should be shared by the two Provinces interested; defended the Dolly Varden legislation and the plan for a new liquor law which he intended to put into force; reiterated his stand on the question of municipalities and the provincial government, between all the people of the province, so that the difficulties of

the next few years might be overcome. When the Premier concluded applause quite as sustained and deafening as that which had greeted his appearance showed what the audience thought of his speech.

Candidates Speak.
The first speaker was Mr. Clearhue, who centred his remarks about industrial development and the industrial policies of the Government. He was followed by Mr. Hall who traced the legislation which the Government had passed to assist Victoria. Mr. Hart, in the most eloquent speech he has delivered during the campaign, explained the financial policies of the Government and showed the fallacy of the Opposition's attack upon the alleged extravagance and poor judgment of his department.

Mrs. Watt, O.B.E., spoke briefly on the Government's social legislation.

Hon. Walter Scott, ex-Premier of Saskatchewan, who officiated in the chair, opened the theatre rally with glowing speech on the resources of the Province. William Fyfe, President of the Victoria Liberal Association, presided at the Hotel.

A feature of the meeting were the songs rendered by Mrs. Charlie Willis, Mrs. Morton and Mrs. Charles Wilson.

Some of the salient points from the speeches delivered by Mr. Oliver and his colleagues follow:

Mr. Oliver.
"I never received a cent from the Cordage Company, nor did the Cordage Company pay a cent for its New Westminster site. It's one of the greatest tributes to the honesty of our administration that they have so manufacture that kind of thing. Are you prepared to put the government of this great province with all its potentialities in the hands of men who will stoop to this kind of thing?"

(A thundering "no!" greeted this question as the Premier, crumpling up the roach, tossed it to the ground.)

"One of reasons men are out of employment to-day goes back to many years ago when the McBride Government allowed land to be held up by powers of attorney and the settlers who came in and found that they could not pay the prices these speculators wanted. They had to leave the country or drift into the cities."

"R. Ross Sutherland acquired land grants to twenty-two parcels of land between 1908 to 1916—aggregating a little over 5,000 acres. I don't wonder Mr. Bowser gets support from these men. We passed legislation to break up this monopoly and we are doing it. The Almighty made this earth for man and no one has a right to keep men from living on this earth. As a result of our efforts the speculators to-day are more anxious to get rid of their holdings than they were to acquire them."

"Is there any wonder the absentee speculator simply has no love for this Government?"

"Between \$4,000,000 and \$5,000,000 have been payable only in Victoria. Apparently he knows little of his own affairs because the loans issued in 1915 and 1916 were payable in New York and his last two loans were sold altogether in the United States. His interest was subject to the exchange, just as ours."

"Mr. Bowser claimed that his borrowings were payable only in Victoria. Apparently he knows little of his own affairs because the loans issued in 1915 and 1916 were payable in New York and his last two loans were sold altogether in the United States. His interest was subject to the exchange, just as ours."

"We made the financiers fight for our bonds, and fight they did. The tenders for our loans were opened before the bond men and passed around among them. The highest tenderer was awarded the bonds in all cases."

"If, as is claimed, there was plenty of money in Canada for British Columbia's purposes, why did the Dominion Government have to go to the United States for money?"

"The last issue of B. C. bonds costs this Province 4.75 per cent. interest per annum. Mr. Stewart adds the ten per cent. exchange to this and says the interest is 14.75 per cent! In reality, if we had to pay a ten per cent. exchange the interest rate would be 5.22 per cent."

"With regard to the question of taxation adjustment and municipal finance: In 1916 when we took office with a revenue of \$4,000,000 and an expenditure of \$5,000,000 we were in no position to give any of our revenue over to the municipalities. This was true in succeeding years and even now for the first time in ten years the Province has made ends meet. We are willing to meet in conference with representatives of the municipalities and consider ways and means of bringing about better conditions. Anyway, isn't the Municipal Government part of the Provincial Government in reality? Isn't the creation of Municipal Governments simply handing down to the municipalities the power to control their own local affairs? Under a proper system there should be no conflict between the two, there should be a close co-operation."

(Concluded on page 2.)

plebiscite: Did you see then any way in which you could cast a fraudulent vote under that Act? If you did let us know and we will patch that up, too. Under it a man can vote wherever he happens to be and political parties won't have to spend thousands of dollars to transport voters to the polls."

"How about this liquor question? How about this middle-of-the-road idea which Mr. Bowser talks about? Why, he couldn't even keep his automobile in the middle of the road! He has a habit of running into the ditch! He has run the finances of the Province and the P. G. E., too, into the ditch. He says my plan to lay the question before the Legislature is not in accord with the best parliamentary practice. What do you send men to the Legislature for? I am not so egotistical as to believe that alone I can frame a better Act than I could after consulting with forty-six other members. We shall have no difficulty in dealing with this question, and I shall certainly be in a far better position to prepare a bill after we have heard the views of the members expressed on the floor of the House."

Mr. Hart.
"I am not going to stand, as Mr. Bowser does, 'Forget the past, my future is spotless.' I stand on the record of our administration."

"For four years we have been building a financial sub-structure, and now, if we are returned, we shall be able to commence the construction of a new financial structure which no one will be able to tear down and bring conditions back to their 1916 standard."

"The resources of the Province belong to the people, and no Government has the right to sell them recklessly and spend the proceeds in the same way. The proceeds must be put into a consolidated fund which must be kept intact unless it is spent to reduce the public debt, loaned to municipalities and farmers and so forth for the development of our resources—the interest on the loans to be used to reduce taxation. This is what we intend to do. This will do away for all time with reckless expenditure at the expense of the Province's assets."

"We plan to issue a domestic loan so that the people of this Province will reap the benefit and the money will remain in our Province."

"Mr. Bowser warned us against borrowing and criticized our borrowing. Then up in Ponce Soups recently, when he thought he was out of the hearing of the Coast, he promised to borrow \$25,000,000 to build the P. G. E. through to that point. If he got hold of it he believes it would cost the Province more than \$100,000,000."

"Mr. Bowser says we borrowed \$27,000,000—but only \$5,000,000 was borrowed in connection with our own policy. The rest we had to borrow to make up liabilities incurred by our predecessors."

BRIDGE LAND QUESTION IS MADE CLEAR

Premier Describes Situation as City Starts Bridge Work

As work on the new Johnson Street Bridge commenced yesterday morning the outline of the bridge appropriation proceedings, afforded the public by Premier Oliver at his big meeting last night, is of particular interest.

"Mr. Bowser went through the form of arbitration to fix a value for the bridge site land," the Premier stated. "They were going to pay \$107,000 for that land. Mr. Bowser didn't tell the public why the Government couldn't pay over the money and accept the deed for the property. But he said he was satisfied with the conditions of the purchase, but unfortunately he was not in a position to pay over the money and accept the deed." Mr. Oliver declared producing a letter signed by Mr. Bowser to prove his contention. "What was the matter. They had no authority to proceed. The auditor would not pass the voucher for the payment, and he was afraid to go to the Lieutenant-Governor for a special warrant, the only other way. He said he would advise his successor in office to adopt the course he favored. Naturally his successor didn't take his advice. Then they asked me, as Minister of Railways for the money, but I replied, 'I'm English, but I come from Missouri—I came through that state on my way West!' They asked me for a cheque, but I said, 'You'll get a cheque, but it won't be the kind you're looking for.'"

When loud applause greeted the Premier's remarks, he added smiling, "This is really entertaining isn't it?" "They offered Frank McDiarmid \$11,000 to get the matter into court. They got it into court but not much further," he stated. "I mention this matter because I have been advised that Mr. Bowser has promised Neil Mackay, one of the owners, that he will give them a flat and leave to prosecute the Government for the money if he is returned to power." "While the question for the former appropriation proceedings remains as described by the Premier, no progress has been made in the city's expropriation of the bridge land. In the meantime, until an arbitration can determine the price of the land the city is proceeding with the bridge work. At present workmen of the City Engineer's Department are assembling equipment in preparation for a start on actual construction."

OBITUARY RECORD

The funeral of the late Mrs. Mary Thurnburn took place this afternoon, the cortege leaving the family residence at 2 p.m., arriving at St. Luke's Church at 2.15 p.m., the service being conducted by Rev. A. G. Wells. Beautiful floral tributes covered the casket and many friends attended the obsequies. Interment took place in St. Luke's cemetery, Cedar Hill.

The remains of Alan Dunwoodie, wireless operator of the steamer Newington, will reach the city from Prince Rupert on Sunday morning. Pending funeral arrangements which will be announced later, the body will repose at the R. C. Funeral Parlors.

The funeral of the late Charles Gunion, who passed away at his home, corner Craigflower and Admiral's Road last Monday, took place this morning, the cortege leaving the Sands Funeral Chapel at 9.30 o'clock and proceeding to St. Andrew's Cathedral, where Mass was celebrated by the Rev. Father McClennan. Many relatives and friends were present. The pallbearers were: F. Ross, C. Fletcher, J. Silver, J. Gollidge and J. Zack. Interment was made at Ross Bay Cemetery. Rev. Father Leternie officiated at the graveside.

The funeral of Oliver Joseph little son of Mr. and Mrs. Walter Joseph, of Esquimalt, took place this morning from the Thomson Funeral Home at 8.30, proceeding to St. Joseph's Catholic Church, Esquimalt, where Mass was said by Rev. Father Silver. Many friends attended. The body rests in the family plot on the Songhees Reserve, Esquimalt.

German lace manufacturers are copying English patterns, and sending lace here to sell at twenty per cent less than the home production.

Personal property, including jewels and several automobiles, of Olive Thomas, film star, who died from poisoning in Paris, will be sold at auction in New York.

CITY FLOATING FIRST DOMESTIC ISSUE OF BONDS

Floating \$336,500 Issue Locally and Plans to Make This Its Usual Policy

Arrangements for the floating of Victoria's first real domestic loan were made yesterday by City Comptroller James L. Raymur, and during this morning city bonds were ready for sale to local buyers.

The bonds which the city is floating in its new loan are those issued to build the new Johnson Street bridge, to pay for work on Pandora Avenue and to cover the expense of installing a number of sidewalks. At the present time \$100,000 worth of Johnson Street bridge bonds, \$230,000 of Pandora Avenue bonds and \$6,500 sidewalks bonds, a total of \$336,500, are to be issued.

All these are really six per cent bonds, but they will be issued at a figure that they will bear interest at six and one-half per cent. As they are serial bonds the prices will vary from 96.35 for ten-year bonds to 99.50 for one-year bonds. The average issue price is 97.94.

The Bridge bonds are for a thirty-year period, and the Pandora Avenue and sidewalk bonds for ten years. All these bond issues have been approved by the Inspector of Municipalities, and, as stated, are ready for the public.

In announcing that the bonds were ready for the public, Alderman W. J. Sargent, Chairman of the Civic Finance Committee, outlined the city's plans as follows: "It must be plain to all thinking persons that the city can float its bonds in Victoria at the rate of the utmost value to everyone concerned—particularly to the people of the city. With this idea in mind the Finance Committee recently met with local bond dealers who previously had formed an organization, to see if the present time was opportune for floating a loan locally. It had been proposed that we stage a sort of miniature Victory Loan drive to sell our bonds, but the bond men advised us that they did not think that such an undertaking, under present market conditions, would be successful at the present moment. Therefore, we decided to dispose of them to the citizens at the City Hall through the City Comptroller.

"We are in hopes that the habit of buying city bonds will grow among Victorians, and it is our intention to make a practice of issuing our bonds at a rate of interest that is really popular one. Indeed, where could one get a better investment than city bonds at six and one-half per cent?"

"For one thing we are issuing our \$6,500 of sidewalks in small denominations which, we hope, will be absorbed by people with small incomes and by children, just as Victory Bonds were absorbed. The sidewalk bonds are being issued in denominations of \$50 and \$15, so that anyone can become an investor and help to keep our money in Victoria. We expect to issue large numbers of kiddies put their savings in these bonds, while the rich men of the community could hardly do better than buy bonds of the large faces at the big interest we are offering.

"If we can accomplish this result we shall keep in Victoria large sums of money which at present go to the East as interest on our bonds held there."

"Again," Alderman Sargent proceeded, "often the city is given an opportunity to purchase its outstanding bonds at an unusually low price, and in many cases has utilized sinking fund moneys to do this. Sometimes, however, we have not had available sufficient sinking fund moneys to take advantage of these offers but in the future, we hope, not only new bonds will be purchased by the citizens but these city bonds held abroad and offered advantageously will be bought locally also. They will be offered to the citizens who can absorb them and bring about the time when practically all the interest earned by these bonds will go into the pockets of the citizens of Victoria and will accumulate in Victoria."

LOOSE TUBE IS LIABLE TO CUT.

The average motorist has learned by experience to use the proper care of the mechanism of his car, but he too often neglects his tires. Ordinary care-accorded spare casings and tubes is good insurance and will save the motorist both cash and trouble and a few suggestions, therefore, regarding the proper care of tires may benefit the reader.

For example, never carry spare tires unprotected in the tool box. Exposure to strong light and varying degrees of temperature is also injurious to rubber.

All brewers in the U.S. manufacturing beer containing more than one-half of one per cent. alcohol are to be seized by the Government.

Good Cars in Demand

The fit of damps through which the industry is passing is due in part at least to indigestion due to over-indulgence. Readjustment and a return of nearly normal conditions is a matter of weeks now rather than months, provided the remedies referred to are applied. The cue for the future in the motor car business should be moderation in everything except hard work.

"Discontinuance of production and delay in resuming it will almost certainly bring about another shortage in good motor cars next Spring. There probably will never again be a shortage for good cars already offers relief from the delirium of the last few weeks. Sales are increasing satisfactorily from day to day.

Pass the Evening Hours Pleasantly

When the night falls early and the hours drag slowly by you will find this sweet, rich toned instrument a masterful and versatile entertainer.

CAR SHORTAGE IN SPRING POSSIBLE

Prodigious Production of Past May Have Reaction, But Prosperity Certain

Detroit, Dec. 1.—Fifteen years at least of continued prosperity for the motor industry in Detroit and a decidedly probable shortage of good motor cars next Spring are predictions of Walter P. Chrysler, executive head of some of the largest automotive and allied industries in the country.

In his Detroit office Mr. Chrysler attributed the period of "dumps" through which the automobile industry has been passing to prodigious production and a paralyzing "sitting habit" acquired during three years of extraordinary motor car demand.

"Detroit has ahead of it at least fifteen years of continuing and increasing motor manufacturer prosperity," Mr. Chrysler said. "This is as certain as anything in the future can be if manufacturers will curb their appetite for prodigious production and salesmen curb themselves of the deadly sitting habit."

Good Cars in Demand
"The fit of damps through which the industry is passing is due in part at least to indigestion due to over-indulgence. Readjustment and a return of nearly normal conditions is a matter of weeks now rather than months, provided the remedies referred to are applied. The cue for the future in the motor car business should be moderation in everything except hard work."

IMPROPER FUEL LEVEL.

If the fuel in the carburetor is set at the proper level it will cause various reactions. If the level is too high, it will flood the carburetor; if it is too low it will result in a lean mixture and difficult starting. For satisfactory operation it is important that the float be adjusted so that the gasoline level will be about a thirty-second of an inch below the outlet of the lowest nozzle.

TO REPAIR FUEL LINE.

It is perfectly possible to repair a broken pipe line, such as that which carries the fuel, simply by remaining out one side and filling down the other, after the edges have been evened off and then thrusting the smaller end into the larger. Wrapping a pair of this kind with tape and then with fine wire will hold the junction for an indefinite period.

RIM ADJUSTMENT.

It is very important after a tire has been changed that the rim shall be properly placed. In this connection it is not good practice to tighten each lug fully before going on to the next. The proper way is to tighten one lug a little, then the one opposite a little, and so on until they are all snugly in place. If each lug in turn is tightened all the way the rim is likely to go on a little askew, and this makes for squeaks and general looseness, perhaps to the extent of the rim working off.

RELIABILITY

is a proof of true worth. The reliability of Beecham's Pills as a safe, gentle and effective corrective and eliminant has been proven for 70 years. Digestive disorders often cause impaired health. Biliousness, headache, lost appetite, constipation, and ailments may be relieved by that reliable family medicine

SPARK PLUGS SHOULD LAST FOR SIX MONTHS

The modern spark plug operates for extremely long periods without giving trouble, but occasionally the motorist encounters persistent plug trouble and cannot explain the cause. A certain group of owners will install cheap plugs which, to say the least, are expensive. Plugs as now made should not give trouble for six months if the operating conditions are right. The greatest source of plug failure may be traced to leakage in the plug itself. This refers to hot gas leakage brought about by non-gas-tightness of joints in the plug. The loss in power is due to reduction in compression pressure as a result of carbon contained in the gas there is a black soot deposited which also interferes with plug operation. Where the plugs are so located that the float be adjusted so that the water the conditions are still worse, because such plugs run normally hot.

RUBBER PAVEMENT TO HELP DEADEN SOUND

London is experimenting on the use of rubber as a pavement where it can help to deaden the sound of heavy automobile traffic. Such places as in front of hospitals, schools and hotels have in front of them a few yards of rubber pavement instead of the common wood blocks or stone sets.

RIGHT TIME TO TAKE READINGS OF BATTERY

In taking battery readings with the hydrometer the operation should be performed before the distilled water is added to the solution, which will otherwise be diluted and a wrong reading given. Also after the water has been put in it takes some time for the acid to mix with the water. Lighter stays on top, and if the hydrometer is used, say an hour after the water has been added, it will take up only a weak solution, which is not the real one.

BRIEF LOCALS

To Give Dramatic Recital.—Miss Iona Robertson (Mrs. Campbell MacKenzie), the well-known Scottish elocutionist, will give a dramatic recital on Monday evening next in St. John's Hall.

To Speak For Navy League.—H. F. Helmsing, provincial secretary of the Navy League of Canada, will leave this evening for Chilliwack, where he will on Friday afternoon address the school children and in the evening a public meeting in the interests of the League.

Case Remanded.—Russell Ferguson was charged in the Police Court to-day with a serious offence involving a girl under the age of fourteen years. The accused asked for remand to obtain counsel. The hearing of the case was set for Monday next.

Found Vancouver Rainy.—In the Police Court this morning Lee Hong, a Chinaman, was arraigned for being without visible means of support. Through the offices of the interpreter Wing Lee Hong told the court that he had lived in Vancouver for ten years until recently, when he came here to escape the rain which had lasted steadily for over a month in the Terminal city. He had no money, but would be willing to go back, if someone would pay his fare. He was allowed out on remand, with invitation to clear out if the fare to Vancouver was forthcoming.

Court Maple Leaf.—Court Maple Leaf held a very successful five hundred on Monday night. Mr. Wiffen was in charge of the game, and the following were the winners: First, Mrs. Rogers, Mrs. Webb, Mr. Saunders, Mr. Ridgway. Second, Mrs. Robertson, Mrs. Hood, Mr. Johnston, Mr. Wagg, Consolation, Misses Wagg, Mr. Francis, Mr. Jarvis, Mrs. Perry winning the special. Mr. Russell winning the table centre with the nearest number of beans in the jar, 210 being his guess and there actually being 311. A dance was held at the conclusion of the cards. Mrs. Regard kindly providing the music.

Veterans of France.—The general meeting of the Veterans of France will be held in the clubrooms on Thursday evening. Several important matters will come up for discussion in view of recent events, and members are urgently requested to be present.

Pantomime Next.—At this evening's meeting of the Victoria Dramatic and Operatic Society, Messrs. Clark and Fairbairn will explain to the members something about the pantomime which they have written in collaboration for the society's production early next year. A one-act sketch will form part of this evening's entertainment and all members are asked to attend.

Young Men Entertain.—A very enjoyable evening was spent in the Y. M. C. A. headquarters last night, when the W. P. S. Club, a young men's organization in the Y. M. C. A., held a social. There were about forty young men and women present and numerous games were played, concluding with a sing-song.

Case is Dismissed.—The County Court action of Quinn vs. Walton was dismissed yesterday afternoon by Judge Lammiman. Plaintiff claimed \$100 damages for injury to truck following a collision with defendant's motor car last September on Leighton Road. S. T. Hankey appeared for plaintiff and H. B. Robertson for defendant.

Sale of Work.—The Daisy Chain Chapter, L. O. D. E., held a very attractive sale of work this afternoon at the home of Mrs. Gallagher, 914 St. Charles Street. The stalls were attractively decorated and many useful and beautiful articles were offered for sale. The musical programme was much enjoyed. The proceeds will go toward the education of a little Indian girl, Liliwatli Lal who was adopted by the Chapter some years ago.

Pictures of Central Africa.—Rev. H. Masters, who has just returned from Central Africa, will give a lantern lecture at the Girls' Corner Club, O. F. Hall on Thursday. Mr. Masters has some unique and interesting slides and has thrilling tales to tell of his adventures in that far away land. Members will meet at the usual for tea at 6.15 p. m. and the lecture will commence at 7 p. m. to which all girls working in the city are invited. The Ladies' Aid of St. Paul's Presbyterian Church have the arrangements for the tea in hand, and a large attendance is expected.

Had Car Stolen.—A. C. Roloff reported to the police to-day that some time after 6 o'clock last night his car was stolen from Glenford Avenue. It is an Overland five-passenger car, No. 21456, B. C. license. The police are investigating.

IMPORTANT NOTICE

To meet a much needed want we have decided to inaugurate an

All-Night Service for Prescriptions

from our Yates Street Store, on and after December 1st. We are the only druggists in Victoria to offer this service to the public. At any hour during the silent watches of the night your doctor's prescription will in future receive immediate attention. All prescriptions compounded from pure drugs by qualified and skilled pharmacists. An innovation of such benefit to the public deserves your earnest attention. There will be no night delivery.

We have a drug store in your locality.

HOW HAIL INSURANCE WORKS

Hail insurance is practically only a term in Eastern Canada, but in the West it signifies something of vivid importance. Measures known as Municipal Hail Insurance Acts are in force in each of the Prairie Provinces. These Acts provide a system of mutual insurance under which rural municipalities can operate to tax each other for the granting of compensation to individuals for losses incurred by hail, which are often very serious. How the system works out and the extent to which it operates in Saskatchewan and Alberta are set forth in the November number of The Agricultural Gazette of Canada. Each claimant is entitled to receive not more than five cents per acre for every one per cent of damage from hail he has sustained. To some this may not appear a very liberal provision, but when it is understood that the total number of claims filed in 1919 in Saskatchewan were 7,838 and that the total indemnity paid amounted to \$1,911,776 a different view will obtain. For one storm alone that occurred in July of the year referred to claims amounting to \$1,100,000 were satisfied. In Alberta the total losses for the same year were \$508,000 against a valuation of \$12,000,000 insured. Besides the system under Government supervision there are thirty-six companies in Saskatchewan that carry hail insurance and that paid out \$1,750,000 in 1919 for losses caused by hail.

Last Soccer Games For Garrison Cup Saturday

Senior and Intermediate Leagues Close This Week-End and Victoria Wests, Metropolis and Yarrows Will Prepare For Island League; Speak of New City League.

With the playing of next Saturday's soccer matches the series for the Garrison Cup will be completed. The championship lies between Victoria Wests and the Metropolis. Should both these teams win on Saturday a play-off will be necessary to decide who is to hold the trophy for the year.

In the Intermediate League the last game will also be played on Saturday. The Firemen and Esquimalt are due to play a postponed game from October 9. The fire-fighters should take this game, but even if they lose they will win the championship as they have a commanding lead at present. The Firemen have played consistently all season and take the title from the Metropolis Intermediates.

Games Arranged.

At a meeting of the Victoria and District Football Association held last night the soccer card for Saturday was arranged as follows:

Senior League.

Yarrows vs. Metropolis at Royal Athletic Park. Referee Locke. Victoria Wests vs. Comrades at Central Park. Referee Dougan. Sons of England vs. G.W.V.A. at Beacon Hill, lower grounds. Referee Jasper.

Intermediate League.

Esquimalt vs. Firemen at Beacon Hill, upper grounds. Referee Payne.

Junior League.

Rocksides Roosters vs. Civil Service at Albion ground at 2 p.m. Referee Mr. Gillingham. Naval Brigade a bye. Juvenile Foresters vs. Saanich Rovers at Central Park at 2 p.m. Referee Mr. McEwan. J.B.A. vs. Sons of England at Central Park at 3:15 o'clock. Referee Mr. Campbell.

Island League.

With the completion of local leagues the attention of soccer enthusiasts will be drawn to the new Vancouver Island League which will get underway about December 15. Victoria Wests, Metropolis and Yarrows will be the three Victoria teams in the league. Three teams from the upper island, Cumberland, South Wellington and Nanaimo United will round out the league.

In order that there may be football games for the senior teams which did not make the Island League and also for the Intermediate League teams, a proposal is now being considered to form a six-team city league, which would include the Comrades, G.W.V.A. and Sons of England, the three unsuccessful senior teams, and the Firemen, Metropolis, Garrison and Esquimalt, of the Intermediates. It is proposed to amalgamate two of the Intermediate teams in order to save having an odd team.

This matter will be thoroughly discussed at a meeting to be held this week. It will probably be called a Consultation Series.

Jackson Cup Games.

Following the completion of the Island League the local teams will

JESS WILLIARD TO GET HIS CHANCE TO REGAIN BIG TITLE

Will Fight Winner of Dempsey-Brennan Bout in New York on March 17

New York, Dec. 1.—Tex Rickard announced to-day he had received contracts signed by Jess Willard, former world's heavyweight boxing champion; Jack Dempsey, present title-holder, and Bill Brennan, for a championship bout March 17, 1921, between Willard and the winner of the Dempsey-Brennan fight here December 17.

Reports to this effect had been circulated for some time but official announcement of contracts having been signed was not made until to-day.

Rickard said the fight will be staged in Madison Square Garden unless the State Boxing Commission should prevent it. The size of the purse was not made public.

JUNIOR HOCKEY PRACTICE.

The Meridac hockey team will hold a practice at the Arena on Saturday afternoon from 2 to 3 o'clock. All the playing members are requested to turn up.

HORSE RACING IS BOOKED FOR CITY

Ponies Will Gallop Around Willows Track Next Summer

Vancouver, Dec. 1.—By sanctioning race meetings at Hastings Park for two weeks each year for the next three years at a rental of \$10,000 per year, the city council has enabled British Columbia horsemen to line up one of the strongest circuits in the country and one that will do no little good for racing and the development of the thoroughbred. The Westminster Thoroughbred Association has secured Hastings Park and it is now planned to organize a strong circuit which will embrace Hastings and Brighouse Parks and the Willows, Victoria. This will include weekly racing and will encourage the leading owners of the country to send their best stables North.

Dates for the various meetings will be fixed early in the Spring. The horsemen will comply with the law in every respect, racing but two weeks on each track with twenty days intervening between the first and second meetings at each course. Pari mutuel machines will be in operation at all tracks.

MAUPAS AND WALKER WILL WRESTLE FOR CANADIAN LAURELS

Ottawa, Dec. 1.—Emile Maupas and George Walker will meet here next Monday night for the light-heavyweight wrestling championship of Canada. Walker is well known in the west, being formerly of Port Arthur.

TORONTO HOCKEY CLUB IS FIGHTING ORDER

Toronto, Dec. 1.—The Toronto Hockey Club has moved to set aside the order of Mr. Justice Middleton, made on November 20, appointing Charles Robin receiver and manager of the assets of the Arena Gardens Limited. That order was made on the application of the Toronto General Trust Company, which is trustee under a mortgage of March, 1915, amended in July, 1917, to secure \$300,000.

A provision of indenture was to the effect that it should become enforceable in the event the Arena Gardens stopped payment or intimated its intention of stopping business. The company informed the Toronto General Trust Company on November 9 that it intended to stop business and not to resume it, on account of its financial position.

WITH THE QUOTTERS

In defeating such veterans as McCaig, Leiper, McKenzie and Scouler at the quoting tournament on Saturday last at the Willows, Billy Wallace caused quite a surprise. His splendid pitching was remarkable, and puts him in the front rank of quotters. Considering he has been playing less than a year, his performance was very creditable.

Double-header Will Be Held at Arena on Monday Night—Senators Meet Garrison and Elks the War Vets.

Each team has its team practically picked, but refrains from making any announcement until the end of the week. The Senators, last year's champions, will start the season with the best looking team. They are well supplied with players, having two goalies and a spare defence man and several extra hustling forwards.

The War Vets look like the second best team right now, and no doubt will give the Senators a tough run. They are particularly strong on the defence. Harold Bray, the Vets' manager, is quite confident that his boys will be in the running all the way through.

Garrison Have New Men.

The Garrison have managed to get a fair team together, and have a couple of fine individual players. The Princess Pats, however, did not produce as many whirlwinds as had been expected. Col. Codville, the O. C. of the Pats, is a fine stick-handler, and with Major Goodhue, the Garrison have two of the nicest forwards seen here for a time. Vic Gravitt will be in goal, and Art Moore, last year with the Senators, and Capt. Clark will be on the defence.

The Elks have assembled a squad which must be figured in the race. Last year they were runners-up for the title. Their team is just about as strong as last season. Percy Watson is in goal in place of Vic Gravitt. It is understood, however, that Ernie Cook, who was to have managed the Elks, has decided to play for the Senators. This will leave Spence and George for the defence. Jimmie Stewart should have a good year on the forward line.

Hitch in Arrangements.

It is understood that a slight hitch has occurred in the arranging of details for the rink between the Victoria Amateur Ice Hockey Association and the Arena company. This no doubt will be amicably settled before the week-end.

LOOKING THINGS OVER

Georges Carpentier is to get \$200,000 for one fight. Cully Wilson, the bad man of hockey, receives much less than this for fifty battles in the National Hockey League each Winter.

Wafren Snyder is Toronto's new football hero. He is only seventeen years of age and was unknown until this season. Snyder is said to be the best punter Varsity has had since Hugh Gall was in his prime.

Mrs. Hal Chase has sued the great first baseman for divorce, alleging non-support, cruelty and various other offences, while the National Baseball Commission expelled him for gambling, and the Chicago grand jury indicted him for engineering the fixing of the world's series of 1915. Outside of this Hal, you're all right.

Watch for some terrific driving on the British links next season, says a dispatch from London. During the past few days two leading golf professionals, George Duncan and Abe Mitchell, have been experimenting with the standardized ball, which was decided on as a result of the compromise between the United States Golf Association and the Royal and Ancient Club. They were supplied with some of the first samples of the ball made to the standard specification of not less than 1.62 inches in diameter, nor more than 1.62 ounces in weight. At the end of three days both players were satisfied that they could drive this ball farther than any other ball. Mitchell estimated the gain at from ten to fifteen yards, while Duncan put it at rather less. Mitchell drove it 315 yards without any assistance from wind or sloping ground, and Duncan even exceeded this distance in a cross wind.

It is regrettable that the Victoria Rugby Union could not see its way clear to bring the combined Stanford-California Rugby team to this city. The southerners asked for a guarantee of \$500 and the Union refused to take up the proposition. On the other hand Vancouver guaranteed the Californians \$1,500 for three games. Surely if Vancouver could make such a large guarantee the Capital City could provide one-third the amount. By charging an entrance fee of 50 cents this would only mean an attendance of 1,000 people and the obligation would be met. If a live committee went through the town no doubt between two and three thousand tickets could be sold. It is sad to think that the Rugby Union has lost faith in the city. The Union is anxious to boost Rugby in Victoria. No greater stimulus could be given the game than to bring the Californians, who won the Olympic championship, here. In the interest of the great game it is hoped that the Rugby Union will re-consider its decision and give Victorians in this city an opportunity of seeing in action one of the finest Rugby machines in existence.

The bigwigs of the Yankees are just as well pleased that Babe Ruth is playing ball in Cuba. He played ten games there and has signed for ten more. The theory of Ed. Barrow, business manager, is that the Cuban trip will do Ruth good if he doesn't meet with an injury. Barrow knows as much about the big slugger as anybody living, and says not only will the games help the Babe keep in condition by keeping his fat down, but that his temperament is such that his appetite for baseball won't lose its edge from the Winter work. "He could play all Winter and it wouldn't do him a bit of harm," declares Barrow. A new Ruth story has to do with his barnstorming tour before going to Cuba. This was in Rochester. Babe had a sore wrist and the first time up struck out. The next time he hit weakly to first. The third time the local promoter of the game, thinking some explanation was due the crowd, went on to tell how Ruth had hurt his wrist but was doing his best. While he was talking the Babe reached out with one hand and hit the ball over the left field fence. "Sit down!" "Whadayu tryin' to give us?" were cries that greeted the announcer, who didn't know what had happened until he turned and saw the ailing Ruth trotting around the bases.

TELEGRAPHIC RIFLE SHOOT IS ARRANGED

New Haven, Conn., Dec. 1.—A telegraphic match with Oxford University, England, has been arranged with the Yale Rifle Club, it was announced to-day.

The schedule includes Oxford, February 3 and Leland Stanford (tentative) February 24.

After the sermon, which had been on "Domestic felicity" the minister happened to meet Sandy, one of his flock, who expressed his delight with the discourse. "And you are happy at home, Alexander?" continued the man of cloth. "Well, sir," responded Sandy, "the wife and me has only had yin quarrel in a oor life." "Indeed!" said the minister, evidently quite pleased. "Aye," continued Sandy, looking down at his feet, "of course, it's occasionally interrupted!"

COMEDY AND MUSIC
DOMINATE NEW BILL

Tabloid Production, "Sweet Sweeties," is Headline Attraction at Pantages

Combining a fascinating plot with half a dozen luring songs, six pretty girls in gorgeous gowns, and a hundred laughs, the tuneful farce, "Sweet Sweeties," which is to be the big attraction behind the spotlights at Pantages Theatre this week, is one of the top-liners in miniature musical comedy.

Herman Becker, one of the best known and most successful producers of shows of this kind, went to extraordinary effort in rounding together the talent for this latest of his productions. He has placed Billy Barnes and Jack Barton in opposition as the chief funster and the impeccable hero respectively, and for contrast there is the delicate beauty, engaging personality and fine voice of Helen Murray. As a background Mr. Becker has provided a scenic setting appropriate in all respects, and the result is declared to be one of the brightest little musical comedies to step into vaudeville since Alexander

AMUSEMENTS TO-DAY

Pantages—Vaudeville.
Columbia—"The Chorus Girl's Romance."
Variety—"The Law of the Yukon."
Princess—"Tempest and Sunshine."
Royal—"45 Minutes from Broadway."
Dominion—"Behold My Wife."
Criterion—Belmont House.
Blue Mouse—724 Yates Street.

Pantages took them in hand and raised them to their present high standard.

The art and grace of the bill is provided by the Four Renees, charming young ladies of exceptional talent musically and in dancing. Against a colorful and elaborate scenic background, they offer a programme arranged in the best of taste of exclusive songs and original dance numbers in which their own presences are enhanced by some stunning costumes.

An original feature of the bill is the sketch "Cut It Out," in which those two vaudeville favorites, Eddie Swartz and Julia Clifford, appear a joyous compendium of Mr. Swartz's Jewish comedy and songs and Miss Clifford's delightful songs

and dances. All across Canada the act has been heralded as one of the best fun features of the season.

Arthur Stuart and Hazel Keeley are billed as smart steppers in diverting dances. Both are youthful artists, but they are masters, and bring into their little act an abundance of vim and effect, one of the most interesting of the season.

Chisholm and Breen add to the comedy with their playlet, "Her Cave Man," a little romance of the city girl and the country lad in a battle of wits which ends with a song.

The concluding episode in "Trailed by Three" is being exhibited at Pantages this week, bringing to a close one of the most interesting adventure serials that Victorians have seen.

COLUMBIA

As Marcia Meadows, the heroine of "The Chorus Girl's Romance" and the possessor of two of the most irresistible shoulders ever seen on or off the screen, Viola Dana proved to have found a most charming characterization of her career. She appears again at the Variety Theatre to-day.

The story, adapted from the fiction of F. Scott Fitzgerald and published originally as "Head and Shoulders" in the Saturday Evening Post, has to do with an odd romance between a chorus girl, whose show is trying out in New Haven, and Horace Tarbox, a prodigy in scholarship. It seems that some of Horace's more worldly friends persuaded Marcia to go to his college rooms and see what would happen. What did happen is not what either Marcia or Horace or Horace's friends or even the audience imagined. The consequent events form one of the freshest and sprightliest and most human stories seen on the screen of the picture theatre in many a day.

VARIETY

Lovers of the great outdoors and admirers of the poetry of Robert W. Service are packing the Variety Theatre, where "The Law of the Yukon" is the principal attraction. Charles Miller, the director of this screen classic, has admirably adapted a Northwest story to the lines of the great Canadian poet. It is an unusual story, gripping and vital, showing the development of a land hard to wrest from nature's clutch. Strong men are making the strength. They fight hard, and play just as hard: love deeply, and hate in the same fashion. Usually a Klondiker's passion is never questioned, and so, Morgan Kleath, editor of the first daily paper, The Gold City Nugget, was accepted on faith. He proved himself a hero to many and fate willed that his everyday deeds should lead him into grave difficulties. His un-revealed past, curiously enough, adds to his misfortune. So, too, is his past that saves him. "The Law of the Yukon" has everything which goes to make a really great picture: Love interest, dramatic action, humor and world beating photography.

PRINCESS

PRINCESS

To-night at the Princess Theatre the Mildred Page Players present "Tempest and Sunshine" the quaint comedy drama of playful life in Kentucky in the year 1860. The novel of the same name has been a popular item of fiction among young girls for years, and no doubt there are many who will enjoy seeing their favorite story book girls in a real play. The costumes are dainty and attractive, the stage settings pleasing and artistic. Last and by no means least the cast is all that should be and promises to delight all who witness the charming play.

To-night an also souvenir photo night and each lady who attends will receive a photo of Miss Genevieve Berkeley who will appear as "Tempest." During to-night's performance the election returns will be read between the acts.

At the Saturday matinee of "Tempest and Sunshine" the prizes will be given to the two children who guess nearest the correct number of words Mr. Aldenn had to say in the part of "Rodney Martin" in "I Pays to Advertise" last week.

To-night and "Tempest and Sunshine" to-night and the benefit of the week with the usual Saturday matinee. Tonight is souvenir photo night.

Will Announce Returns.—The election returns will be announced from the stage at the Royal Victoria Theatre to-night.

ROYAL VICTORIA

There's no one likes a joke better than Charlie Ray, the motion picture star. Recently while he was filming George M. Cohan's great play "Forty-Five Minutes From Broadway," Mr. Ray had an opportunity of having a quiet laugh at the expense of some local pugilists, in Los Angeles. Mr. Ray is a great friend of the local fight promoter, in Vernon, a suburb of Los Angeles, and while in the neighborhood of his establishment on a location, decided to drop in on his old friend for a call. The motion picture star was made up in his character in the play—Kid Burns, an prize fighter. And the make-up was a wonderful one.

When Ray walked into his friend's office there was a bunch of "pugs" waiting to try and arrange matches for the forthcoming bouts. They gave the actor an approving look and began to whisper. Mr. Ray noted their attitude. Walking up to the telegrapher he inquired for his friend and received the information that he was not in. Then the stenographer said, "Who shall I say called?" "Oh tell him Johnny Dundee from New York," replied Ray in a nonchalant manner. "And tell him I am out here to meet all comers." Then he slowly walked out the office. That night his friend called him up at his home in Hollywood, and in a querulous voice informed him that every aspiring champion on the Pacific Coast had been on his heels trying to arrange a match with the Eastern fight star.

Charles Ray in "Forty-Five Minutes From Broadway" will be the attraction at the Royal Victoria Theatre again to-night.

DOMINION

In "Behold My Wife" which is now showing at Dominion, George Melford has produced the finest photoplay of his career. The veteran producer of "Everywoman," "The Sea Wolf," and "The Round Up" has fairly outdone himself in this deeply appealing screen version of Sir Gilbert Parker's novel of the Canadian Northwest, "The Translation of a Savage."

The action of the picture takes place in a rugged land of trading posts and snow and also in the beautiful country district of England. Mr. Melford has brought out well the contrast in these two backgrounds. The story deals with the younger son of aristocratic English parents who, returning from an expedition to a trading post in Canada, receives word that his fiancée back home has jilted him, due largely to his family's objections. Enraged more against them than against the girl, he marries an Indian maiden who had been following him about in innocent admiration and sends her to England to disgrace his kin. Then he attempts to lose what vestige of manhood he has remaining. However, dramatic events not only regenerate the man, but effect a remarkable change in his redskin bride. The picture is a Paramount, with Elliott Dexter, Mabel Jullienne Scott, and Milton Sills taking chief honors in the cast.

That Mme. Nazimova will renew her contract with the Metro Pictures Corporation seems now no longer a matter of doubt. Her agreement is known to be in the hands of Richard Rowland, head of the organization. It appears that there remain only one or two details to be arranged before the great actress affixes her signature to the instrument. Just how long a term the contract will run is not known.

Mme. Nazimova returned to her Los Angeles home recently after a vacation of several weeks spent in and about New York. Part of the time she spent with her sister on a little farm in the East, and she declares she had the time of her life playing with her nephews and nieces, looking at the new-born chicks, and finding out what treatment is best to make Summer roses bloom.

She is all ready, she declares, to go back to work. And when Nazimova says work, she means re-o-r-k. Not only does she work before the camera, but she studies the script with her director, and even oversees the cutting and titling of her pictures.

"Aphrodite" from the tale by Pierre Laus—is the production on which Mme. Nazimova will begin work. This will be an adaptation for the spectacle play which has been creating such a furore in the East.

A distinguished young artist, Mme. Nazimova, has been known for her dancing as a premier with Theodore Kosloff productions, but who

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply of much better cough syrup than you could buy ready-made for \$2.00. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

also is a talented designer of costumes and stage settings, will assist Nazimova in the costuming and settings of "Aphrodite."

When Alice Lake, Metro's newest addition to the ranks of stardom, was a little girl in Brooklyn, mince pies were an unflinching dessert on Halloween. That was in the pre-anniversary days. But Miss Lake decided that she would not give up her mince pie this year and instructed her cook accordingly.

"You whistle while you're making the pies and then I'll know that the pie is not being cheated," she told the chef.

For a while the whistling went energetically forward and then stopped. Miss Lake hurried to the kitchen.

"Just stopped to wet the whistle," explained the cook with a wide grin.

PILES

Are Generally Caused by CONSTIPATION

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble and misery.

Ninety per cent, are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are caused under three headings i.e. itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken.

Milburn's Laxa-Liver Pills are 25c. a vital class of pills, or dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

Corinne Griffith and her supporting company will leave for East Hampton, Long Island, within two weeks, to film exterior scenes for her newest Vitaphone picture "It Isn't Being Done This Season." Work on the picture already has begun under the direction of George L. Sargent. Webster Campbell will be Miss Griffith's leading man.

LABOR CONDITIONS

REFLECT SEASON

Decrease in Placements Shown in Report of Employment Service

The Employment Service of the Department of Labor reports that returns from the Dominion and Provincial offices of the Employment Service of Canada for the week ended November 6, show a decrease in placements when compared with the returns for the previous week. The offices reported that they had made 8,484 references to regular positions and that 8,847 placements were effected. This represents a decrease of 542 when compared with the reports for the preceding week when 7,389 placements were reported and practically coincides with the corresponding week of last year when 1,593 casual jobs were supplied as compared with 1,766 reported during the week ended October 30.

During the week 9,314 applicants were registered, of whom 8,630 were men and 1,154 were women. This represents a slight decrease in registration when compared with the preceding week when 8,809 applications were reported. During the week employers notified the Service of 7,845 vacancies of which 6,536 were for men and 1,099 for women. When compared with the 7,463 vacancies reported during the preceding week, this is an increase of 382. Of the placements in regular employment 6,201 were of men and 446 of women.

During the week Nova Scotia offices reported 15 placements as compared with 13 during the preceding week. New Brunswick reported 105 placements as compared with 98 during the previous week. Quebec reported 375 placements, 204 within the province and 174 in other provinces, as compared with a total of 286 during the preceding week. Placements reported by Ontario offices totalled 2,471, of which 2,446 were within the province and 25 in other provinces, as compared with a total of 2,415 during the previous week. The Prairie Provinces reported placements as follows: 895 by Manitoba offices, 621 within the province and 274 in other provinces, as compared with a total of 1,049 during the previous week; 639 by Saskatchewan offices, 781 within the province and 156 in other provinces, as compared with a total of 1,108 during the preceding week; 1,189 by Alberta offices, of which 7 were in other provinces, as compared with a total of 1,749 during the preceding week. British Columbia offices reported 857 placements, of which 322 were within the province and 25 in other provinces, as compared with a total of 926 during the week ended October 30.

Corinne Griffith's forthcoming Vitaphone production bears the unique title of "It Isn't Being Done This Season." Work on the picture already has begun under the direction of George L. Sargent. Webster Campbell will be Miss Griffith's leading man.

Tinker Toys. Special value, per set 79¢

These are only a few of the many special bargains being offered commencing Thursday.

Special Note to All the Kiddies in Victoria From Santa Claus, Toyland, David Spencer's, Ltd.

I will be in Toyland Thursday afternoon, at 3 o'clock to see you, and will have a small gift for each one. Be sure and come—as I want to know what you want for Christmas in time to get it ready for you.

Signed,
SANTA CLAUS

A MAN OF RENOWN

Among the notable professional men of this country who achieved great success along strictly legitimate lines, was Dr. R. V. Pierce, founder of Invalids' Hotel and Surgical Institute in Buffalo, N. Y.

Devoting his attention to the specialty of women's diseases, he became a recognized authority in that line. His work, "The Common Sense Medical Adviser," is now in over two and a half million homes in this country and Europe. At one time Doctor Pierce represented his home district in Congress.

Just fifty-one years ago he gave to the world a Prescription which has never been equalled for the weakness of women. Many women in every hamlet, town or city will gladly testify that Doctor Pierce's Favorite Prescription did them a world of good.

Another of this great physician's successful remedies is known as Dr. Pierce's Golden Medical Discovery and, like the "Prescription," is now sold by all druggists, in both liquid and tablet form. This is probably one of the most efficacious discoveries ever made in medicine, for the list of men and women all over the universe who have successfully used it for indigestion and as a blood tonic and system builder, makes an amazing total of thousands. "Pleasant Pellets" for stomach, liver and bowels, introduced by Dr. Pierce fifty years ago, are recommended by thousands all over the United States and Canada.

A new edition of the "Medical Adviser," over 1,000 pages, bound in handsome cloth, can be obtained by sending one dollar (or one-cent postage stamps) to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

SUM OF \$615,211 CUT FROM AWARD

Manitoba Government-Kelly Case; Province May Take an Appeal

Winnipeg, Dec. 1.—(Canadian Press)—The Manitoba Court of Appeal today cut \$615,211 from the award made to the Provincial Government by an arbitration board against the firm of Thomas Kelly & Sons for alleged faulty construction of casements under the new Manitoba Parliament Buildings.

The case has been dragging through the courts for the last five years. Practically half the award made the Government was set aside by the Court of Appeal.

The judgment means a loss to the Province of approximately \$1,000,000. Interest on the sum for the last five years amounted to over \$300,000. The amount now owing the Government by the Kelly firm is \$488,139.55, with interest at five per cent, since 1915.

The Province may take an appeal to the Supreme Court of Canada.

ONLY 365 ESCAPED FROM HADJI WHEN TURKS SHELLED PLACE

Constantinople, Nov. 28.—An eyewitness survivor from Tadi, Asia Minor, describing the Turkish bombardment of that place, says that 365 escaped from the town, and the 365 who escaped stumbled over the bodies of the defenders through blazing streets. During the last days of the siege, the inhabitants ate donkeys and dogs, and finally cats, rats and mice. When the refugees arrived at Adana, the French took charge of them.

\$500,000 FIRE IN TOWN IN ALABAMA; STORES DESTROYED

Jasper, Ala., Dec. 1.—Fire which originated early to-day in the building of the Crawford Mercantile Company here destroyed twenty business houses and ten residences before it was brought under control. Early estimates place the loss above \$500,000.

TO BE EXCLUDED.

Paris, Dec. 1.—All agricultural syndicates which adhere to the Third Internationale, Moscow, will be excluded from the Federation of Agricultural Workers, according to a decision reached by the national committee of the latter organization, it is stated in newspapers here.

CHILD KILLED.

Montreal, Dec. 1.—Sliding on her sleigh down an embankment too near a roadway cost Margaret O'Reilly, eight years old, her life. She was struck by a passing automobile.

NEW YORK, Dec. 1.—Times Square, the heart of the "Great White Way," was thrown into confusion about 1 o'clock to-day when a film room fire broke out in the quarters of a motion picture concern in the Longacre Building. Many extra pieces of fire apparatus were summoned to check the flames.

METAL FIRM IN TORONTO FAILS

Toronto, Dec. 1.—Liabilities of \$24,000,000 and assets of only \$1,675,575 were reported to-day to a meeting of creditors of N. Branner & Company, Toronto, metal dealers. The creditors are chiefly American and European firms, with one Canadian firm interested to the amount of \$40,000.

BARROOM DEATHS IN PASSAIC, N. J.

Passaic, N. J., Dec. 1.—Two men were shot dead and one seriously wounded in a saloon here early to-day after the bartender had served near beer to a patron who asked for whiskey.

BERKELEY FROM CAMPUS.

Berkeley, Calif., Dec. 1.—Skull and Keys Honor Society is barred from the University of California campus until January 1, 1922, by action of the academic senate yesterday. The action follows the suspension of two members and censuring of the society for gross vulgarity and the "subjecting of coeds and other students to ridicule" at the thirteenth annual "running" of the organization last October.

GRAFT IN TOKIO.

Tokio, Nov. 30.—Members of the municipal council of this city resigned to-day in connection with charges of graft which have been presented.

GERMANY AND MEXICO.

San Antonio, Tex., Dec. 1.—Germany has officially recognized the De La Huerta Government of Mexico, according to a dispatch.

CITY LOOTED BY CHINESE TROOPS

Soldiers Mutinied and Set Fire to I-Chang; 100 Foreigners There

Shanghai, Dec. 1.—(Associated Press)—Witnesses received by business houses here to-day report that the troops in I-Chang, a treaty port of Hupeh province, have mutinied, seized and set fire to the city and are looting it.

The messages, which were received by the Robert Dollar Company and the British-American Tobacco Company, state that the troops wrecked the banks and foreign business establishments of I-Chang, which has a population of about 40,000. The foreigners in the city number 100.

PRUSSIAN ASSEMBLY IN AN UPROAR

Taking Over of Hohenzollerns' Property Was Subject Under Discussion

Berlin, Dec. 1.—Disorderly scenes occurred in the Prussian Assembly yesterday following a debate on a motion presented by the Majority Socialists which would transfer property of the Hohenzollern family to the Prussian state and would assign a suitable income to members of the former reigning house. So serious was the situation that the vice-president was compelled to suspend the sitting.

Vilmann, a Socialist, who introduced the motion, argued that for every million marks paid to the Hohenzollerns, former enemies of Germany would "claim another billion in reparations." He declared there was no desire to deprive the Hohenzollerns of a livelihood, but strictly speaking, they were not entitled to a penny.

Disorder began when Kauffmann, a Conservative, speaking in the Reichstag Monday, is declared by the Vossische Zeitung to have expressed himself in favor of introducing a year of economic service in order to restore Germany's economic and cultural life. The Minister, in his speech, which dealt with Germany's economic situation, spoke especially on the necessity of promoting exportation.

YEAR OF ECONOMIC SERVICE IN GERMANY IS PLAN URGED

Berlin, Dec. 1.—Herr Schaiz, Minister of Economics, speaking in the Reichstag Monday, is declared by the Vossische Zeitung to have expressed himself in favor of introducing a year of economic service in order to restore Germany's economic and cultural life. The Minister, in his speech, which dealt with Germany's economic situation, spoke especially on the necessity of promoting exportation.

FLOWERS PICKED IN AN ONTARIO GARDEN

St. Catharines, Ont., Dec. 1.—A resident of this city yesterday picked a bunch of summer flowers in his garden and found a fish worm clinging to the roots of the plants. The fish worm indicated a mild winter, he said.

FRENCH COMMUNISTS PERISHED IN WRECK

Paris, Dec. 1.—Three French Communist leaders who participated in the recent Communist congress at Moscow have perished in the wreck of a sailing boat which they leased at Marseilles for the return trip to France, says a dispatch from Stockholm. The three men who were lost, it is said, were M. Vergat, M. Leapeut and M. Lefevre.

TORONTO CARPENTERS WANT MORE MONEY

Toronto, Dec. 1.—Carpenters and joiners in this city are not going to comply with the request of contractors and builders to co-operate with them in stabilizing prices in order to stimulate building next year. On the contrary, the men are formulating a demand for increased wages. The present scale is ninety cents an hour and they are planning to demand a minimum of \$1.10 an hour to become effective the new year.

THE MATTER IS BEING SUBMITTED TO A vote of each local and the officials declare that over 90 per cent of the members are in favor of making a demand for the new rate.

BARROOM DEATHS IN PASSAIC, N. J.

Passaic, N. J., Dec. 1.—Two men were shot dead and one seriously wounded in a saloon here early to-day after the bartender had served near beer to a patron who asked for whiskey.

BERKELEY FROM CAMPUS.

Berkeley, Calif., Dec. 1.—Skull and Keys Honor Society is barred from the University of California campus until January 1, 1922, by action of the academic senate yesterday. The action follows the suspension of two members and censuring of the society for gross vulgarity and the "subjecting of coeds and other students to ridicule" at the thirteenth annual "running" of the organization last October.

GRAFT IN TOKIO.

Tokio, Nov. 30.—Members of the municipal council of this city resigned to-day in connection with charges of graft which have been presented.

GERMANY AND MEXICO.

San Antonio, Tex., Dec. 1.—Germany has officially recognized the De La Huerta Government of Mexico, according to a dispatch.

FORCED TO SELL

The Stewart Store

COLLISION INQUIRY OPENS AT VANCOUVER

Master of Marmion Testifies That Princess Royal Was at Fault

Vancouver, Dec. 1.—Swearing that at no time, in his opinion, did the steamer Princess Royal, which was in collision with the steamer Marmion and barge Louisiana in Grenville Channel on the morning of November 6, alter her course after coming out of the fog, but that she bore down on the Marmion without apparently attempting to avoid a collision, Captain McNaughton, master of the Marmion, gave evidence which tended to show the Royal was entirely at fault for the mishap at the marine inquiry at the Court House to-day.

Fog Prevalent. The inquiry is being conducted by Captain J. D. Macpherson, Dominion Wreck Commissioner, assisted by Captains Williamson and Evans, as nautical assessors.

Captain McNaughton stated that his vessel with the barge in tow was proceeding from Victoria to Ladysmith. The collision took place at 8:15 o'clock. The weather was not thick, for he could make out points of land after hearing the water fall at intervals. The land was about three cable lengths away. Witness had been blowing fog whistles and echo whistles at intervals.

Heard Steamer Blow. He stated that he heard a steamer blow four different times. At length he saw the stem of the Royal break through the fog. She was fully 500 feet away. He blew his fog whistle not wishing to confuse the master of the Royal with other signals. The Royal was bearing down on the Marmion, and witness placed his helm hard a starboard in an effort to bring the ships parallel. The Royal struck the Marmion a glancing blow with some force.

Witness estimated that his own ship was holding her own as regards speed as the tide was running at from two to two and a half miles an hour. He only had sufficient speed on to keep the barge from running into him. He estimated that the Royal was coming on at about seven knots an hour. The Royal, however, had reversed her engines just before the impact.

Captain Macpherson questioned witness as regards blowing his whistles in a fog as provided for in Article 28. Witness maintained that there was not sufficient fog to warrant it. In any event, he said, the Royal had "all kinds of time" to clear him.

The evidence of Captain Jorgensen, master of the barge, substantiated in the main that of Captain McNaughton. The inquiry is continuing.

CITY OF VICTORIA FAST ON TRIALS

Coughlan-built Ship Averaged 13 Knots When Tested Out Yesterday

Vancouver, Dec. 1.—The trial trip of the nineteenth vessel constructed by the firm of J. Coughlan & Sons took place yesterday when the 3,800-tonner City of Victoria fulfilled every expectation of her builders and performed to the entire satisfaction of the many engineering experts aboard her. Handled by Captain Moode, of the local pilots, and commanded by Captain Parks, the big boat averaged 13 knots over a 15-mile endurance test with plenty more speed in her if she were crowded.

CLAIMANTS AGAINST SOPHIA VALUABLES

Persons With Claims Against Salvaged Safe Must Report Promptly

Seattle, Dec. 1.—Persons who have claims against the safe which was salvaged from the wreck of the steamship Princess Sophia, wrecked in October, 1918, on Vanderbilt Reef, Alaska, have been requested by Federal Judge Jeremiah Neterer to report the fact as soon as possible. A civil action in connection with the safe and its contents, comprising gold dust, is to be heard January 11, 1921. Frank W. Walters, the diver who secured the safe from the wreck, has libelled it for wages.

HAWAII MARU IS CROSSING PACIFIC

The Osaka Shosen Kaisha liner Hawaii Maru, which sailed from Yokohama November 26, is due here December 10. The liner has 216 tons of Oriental cargo for Victoria and 190 tons for Vancouver. One first class and 20 steerage passengers will disembark here, eight first class and 188 steerage being routed to Seattle. This afternoon the O. S. K. liner Arizona Maru will sail from the Outer Docks for Japan.

ASIA COMING ON. The Canadian Pacific Ocean Services liner Empress of Asia, Captain A. J. Halley, R. N. R., sailed from Yokohama November 27, running right on schedule. The big liner is scheduled to arrive here on Monday next.

BUT TWO SURVIVORS FROM PIRRIE WRECK

Bodies of Recovered Victims to Be Buried at Port Angeles

Seattle, Dec. 1.—Bodies of victims who lost their lives when the barge Pirrie went down in a gale at Cape Rock, off the Washington coast, last week, will be taken to Port Angeles, Wash., for burial, it was announced here to-day. Two Chilean sailors, only known survivors of the twenty-three persons aboard the barge, will be brought to Seattle and turned over to the Chilean consulate here for return to Chile.

Members of the lifesaving crew from Neah Bay, Wash., continued their search along the beach near Cape Johnson, where eight bodies were found Monday night, and yesterday in the hope of rescuing any other who might have reached shore alive, or of finding other bodies. It was not considered possible, however, that additional survivors of the wreck could be found. Captain C. T. Moritz, port captain for W. R. Grace & Company, owners of the Pirrie, left Port Angeles to-day to take charge of the searching parties.

MARINE INSURANCE ON LAKE VESSELS CEASED AT MIDNIGHT

Duluth, Minn., Dec. 1.—Regular marine insurance rates on vessels plying the Great Lakes ceased at midnight last night, bringing navigation officially to a close. However, many ships will continue to sail the lakes until the ports freeze up.

C. Portland, Nov. 30.—Arrived: Captain A. P. Lucas, San Pedro; Washtenaw, Port San Luis.

COLLISION INQUIRY OPENS AT VANCOUVER TO-DAY

Master of Marmion Testifies That Princess Royal Was at Fault

Vancouver, Dec. 1.—Swearing that at no time, in his opinion, did the steamer Princess Royal, which was in collision with the steamer Marmion and barge Louisiana in Grenville Channel on the morning of November 6, alter her course after coming out of the fog, but that she bore down on the Marmion without apparently attempting to avoid a collision, Captain McNaughton, master of the Marmion, gave evidence which tended to show the Royal was entirely at fault for the mishap at the marine inquiry at the Court House to-day.

SS. PRINCESS ROYAL

SCHOONER ENDS NOTABLE CAREER

Sailer Snow and Burgess in Market Will Be Dis-mantled

Seattle, Dec. 1.—In the advertising columns of coast papers during the week appeared a notice of the sale of the schooner Snow & Burgess, it being stipulated that she could possibly be converted into a barge or the purchaser break her up for junk, which seemingly marks the passing of another famous American sailing vessel.

Originally a barque-rigged craft, built at Thomaston Me. in 1878, the Snow & Burgess made many celebrated voyages between Atlantic ports and Europe, Africa and even to far-off Asia. Of oak construction, the craft was pointed out as one of the best products of the then famous Maine shipbuilding art. She later entered the trade between New York and San Francisco via the Straits of Magellan, and made two voyages out of Puget Sound, carrying spars to the plants of the Pigeon Spar Works, once famous on the Atlantic Coast.

For that charter two voyages were necessary to cut ports in her bows to permit of the loading of the lengthy sticks in demand in those days, and these ports are now in the vessel, which now lies at an up-bound harbor near Port Townsend.

As the square-rigger was passing out of style some twenty years ago, she was purchased by A. P. Lauritzen, of San Francisco, and converted into a five-masted schooner. In this rig she served for a number of years, but was converted to become successful sailer.

Just prior to the late war she was chartered for Lauritzen by Ansey Mahoney, of San Francisco, who operated her in the off-shore trade to the South Seas. Mahoney in turn chartered her to Henry Smith, who is reported to have paid approximately \$200,000 for the vessel.

Her last voyage was to a South African port for which she received \$30 per thousand feet for her lumber cargo said to have been the peak price paid for lumber shipments out of Puget Sound. Her return to Puget Sound for the purpose of loading another such cargo she encountered a heavy storm and reached the Strait in a badly battered condition. A survey was held and she was pronounced unseaworthy.

The firm of Rothchild & Co., acting as agents for her owners, have advertised the craft for sale. It is said that she might easily be converted into a barge, and also that if dismantled her hull would disgorge much valuable copper and iron which is used in her construction. The rigging, masts and sails of the vessel are said to be in first-class condition, and one of the masts is in view the equipping of one of the Lake Union hulls, is figured on purchasing the vessel, the sale being advertised for December 3.

RUSSIAN STEAMSHIP RESCUED BY PAWLET

Seattle, Dec. 1.—Rescued from the reef-infested waters south of the Kuril Islands, the disabled steamship Yana, one of the vessels of the Russian Volunteer Fleet, is being towed to Hakodate, Japan, by the steamship Pawlet, of the Pacific Steamship Company, the Admiral Line, it is announced in wireless messages received by the company's headquarters in Seattle.

The Kuril Islands lie east of Vladivostok. The Yana sent out a wireless call for help several days ago and the Pawlet, which was a short distance out of Vladivostok on her way to Japan, rushed to the rescue.

CELEBRATED ST. ANDREW'S NIGHT.

Scotsmen and women to the number of nearly four hundred gathered in the Caledonia Hall last evening to celebrate in true Scottish fashion the anniversary of their patron saint, St. Andrew, under the auspices of St. Andrew's and Caledonia Society.

An attractive programme given under the chairmanship of J. M. Aitken included songs by Miss Taylor, "Scottish Bluebell" and "Comin' Thro' the Rye"; song, Miss Jean Wallace, "Annie Laurie" and "My Ain Wee Home"; song, J. Dobbie, Jr., "Cameron Men" and "Shoulder to Shoulder"; song, Miss Hayman, "Robin Adair"; song, R. Morrison, "Sweet Afton" and "Auld Pair o' Feet"; song, Mrs. R. Morrison, "Annie Laurie" and "Pack Up Your Troubles in Your Old Kit-Bag"; song, J. Dobbie, Jr., "Jean Frae Aberdeen" and "I Love My Bonnie Jean"; song, Mr. Petrie, "The De'il's Awa' Wi' the Excelsior"; song, Miss Jean Dobbie, "Soldier's Laddie" and "Bonnie Heather"; an exhibition of fiddling by T. Gibson, and the concluding item being a Highland dance by Miss McIntyre, followed with an encore, the Shean Truchbus, accompanied by the piper, Miss A. Wallace.

Dancing took place at the close of the programme, the dances including the Petronella, waltz quadrille, Eye waltz, Scotch waltz, Highland schottische, valetta, accompanied by Wallace's three-piece orchestra, while the bagpipes accompanied the reels, the grand march and Cossackian circle.

COMFORT IN THE COMPARISON.
"When foods 'high prices make me feel
Wagner said Peter-Paine,
"I think of Adam's costly meal
And I grow calm again."
—Boston Transcript

ELECTION EVE THRILLS GIVEN

One Candidate Even Delights Public With Vaudeville Performance

Candidates of all parties ended their campaign last night with an assortment of election eve political thrills.

J. D. McDonald, Federated Labor Party candidate, told his audience in the Crystal Theatre that if he was not seventy-one years old he "would like to go up into the local newspaper offices and have a little scrap." He said that newspapers have been acting as agents of the devil.

He also said that a society Hon. John Hart is connected with had threatened him because he dared to run and oppose the Minister. Efforts were also made to incarcerate him in an asylum.

W. D. Peirce, running mate of Mr. McDonald, declared there was no use in capital and labor trying to get together unless labor was willing to be the spider and the spider and the fly tried getting together and there was no more fly.

Stunts at Esquimalt.
At the Rex Theatre, Esquimalt, R. H. Pooley, Conservative candidate, held a vaudeville performance. Miss Agnes Wallace gave burlesque entertainment, and among others who gave vocal and instrumental turns were Miss Dora Atkinson, Mrs. R. H. Pooley, Mrs. Hartley, Mrs. W. H. Brown, Mrs. E. R. Howden, Reeve Lockley, president, and Mr. Pooley and J. J. Shallice.

Mr. Pooley declared that if the Conservatives were returned to power there would be "something doing," they "will make things wake up," "make things hum," and lay the foundations of a great era of prosperity. He said attempts have been made to "get me in wrong with the ladies," but they were not fair as he voted for mothers' pensions.

Mr. Gordon Does Not Approve.
At St. Luke's Hall, Cedar Hill, M. P. Gordon, Conservative candidate in Saanich, ridiculed the idea of a Provincial bank advocated by the Minister of Finance.

"How would you like to put your deposits in an institution to which men of the stamp of M. A. Macdonald might have access?" Mr. Gordon asked.

Mr. Shallice also appeared at this meeting and told of his municipal aid policies.

Rival political attractions in the city drew the attendance at the Princess Theatre, where James Dakera, Tom Dooley, R. P. McLernan and C. K. Christian elucidated their Soldier-Labor-Farmer policies. A. C. Pike, president of the Trades and Labor Council, presided.

AFTER THE "FLU"
Four Children Had Whooping Cough

Whooping Cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way brings on the "whoop" which brings the so-much-sought-for relief and heals and soothes the lungs.

Mrs. J. M. Rose, Imperial, Sask., writes: "After the flu, last Fall my four children took whooping cough and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup is 25c and 50c a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

RECITAL FOR JUNIOR PUPILS OF COLUMBIA SCHOOL

On Saturday evening the Junior pupils of the Columbia School of Music will give a recital at the school. The following programme will be given:

Pappillon Thome
Hazel Clyde.
"Ave Marie"—Violin Gounod
Tom Denny.
God Save the King.

Two can live as cheaply as one on a hunger strike—Norfolk Virginian-Pilot

An Interesting Store and Busy Workshop at Old Land's End

To begin with, this shop is at one of the most unusual spots in England—for it is right on the summit of the famous Lizard Point, in Cornwall.

Next, it is unique in that, being at such a place, it is open practically all the year round.

Thirdly, it is unique in its organization, for half of it is the owner's workshop, and half is the sale-room, the two being separated by a wooden partition, leaving the front of each wide open to the street (such as it is, being a rough path).

It is the first shop one would find on entering England from Land's End, and the last on leaving England by the same route.

Then, too, the things made in the shop, and sold there, are also unique, for they are ornaments and objects formed from the Cornish Serpentine stone only. Moreover the workman makes the objects in "his" half of the shop and sells them in the other half! And, last of all, his very name is unique—for it is Squibb!

Factory and Shop.
The little shop is—in each half—slightly raised out. When the heavy mists of the Lizard Head hide it in bad weather; when the sun fairly blisters the paint on the hottest August days; even when the winds howl and roar round this dangerous cape, you may find Mr. Squibb still hard at work, alone there, making the famous lighthouses, vases, candlesticks, cups, bowls, etc., out of the masses of Serpentine Rock on the ledges beside him.

He uses chisels of all sizes and shapes; lathe and knives, heavy and light; and the most delicate tools of other kinds, all with a charm, a deftness, and a precision such as marks out at once the skilled and accomplished workman.

You stand watching him in utter fascination as you see the beautiful work take on such wondrous forms, and marvellous polish, under his clever fingers.

The Serpentine Rock is in itself a very heavy mineral, and is also in some cases extremely brittle. Unless the worker is at the same time both very skilful and very careful, he may easily do tremendous amounts of damage, and lose more than he will gain, by spoiling hours and hours of work.

Monthly Recital of the Dominion Academy of Music
Central British Columbia
By F. H. Kitto, D.L.S.

A large and appreciative audience was present in the Recital Hall of the Dominion Academy of Music, when an excellent programme was rendered by students of all ages who showed the skilful training given them by Madame Webb. Among the singers were the Misses Ethel Edwards and Ellen Budge, both of whom gained encores for their charming songs—Mrs. McKittrick, the Misses Steenson, Margaret McKay, Kitty Puntin and Etie Lindsey were also heard to good effect. The pianoforte numbers were given by Miss Merle North, who gained her well-earned laurels; the Misses W. Stewart, Rachel Daniels, Loris Taylor, Mildred Clark, Eileen Puntin, Dorcas Lee, Marjorie Lorenz, Grace Macdonald, Maude Worthington and Master Victor Johnson. The pianoforte solos by the tiny tots, Frances Jones, Hilda Hunter and Master Henry Worthington were very creditably performed.

Following is the programme:
Piano Duet—(1) Melody Kiroos
Frances Jones and Marie Webb.
Hilda Hunter and Doris Taylor.
(2) Folk-Song Kiroos
Henry Worthington and Madame Webb.
Piano Solo—Forget-me-not Dorothea Sterndale Bennett
Kitty Puntin.
Piano Solo—(1) Spinning Wheel Victor Johnson.
(2) Dance of the Dwarfs Dunhill
Marjorie Lorenz.
Song—Still as the Night Albert
McKittrick.
Piano Solo—Cradle Song Taubert
Grace Macdonald.
Song—Surrender London Ronald
Miss Ethel Edwards.
Piano Solo—Valse Cottillon Albeniz
Miss W. Stewart.
Song—Devotion Miss Marguerite McKay.
Piano Solo—(1) A Morning Song Maude Worthington.
(2) Remembrance Telma
Mildred Clark.
Song—I Dream of a Garden Lehmann
Miss Steenson.
Piano Solos—(1) Romance Rubenstein
Kitty Puntin.
(2) Romance Rubenstein
Eileen Budge.
Piano Solo—Johanna, Minor. Chopin
Rachel Daniels.
Song—When Snowdrops Ring. Sanderson
Piano Solo—Impromptu in A Flat Schubert
Piano Duet—Spanish Dance. Moszkowski
Loris Taylor and N. E. Myiam.
Part Song—Queen of the Night. Smart
Choral Class.
National Anthem.

Another Price Suggestion
DOUGHNUTS and CRULLERS

DR. PRICE'S CREAM Baking Powder

MADE IN CANADA

Afternoon Tea Doughnuts
3 eggs
6 tablespoons sugar
1/2 teaspoon salt
1/2 teaspoon grated nutmeg
2 tablespoons shortening
4 tablespoons milk
2 cups flour
3 teaspoons Dr. Price's Baking Powder

Beat eggs until very light; add sugar, salt, nutmeg and melted shortening; add milk, and flour and baking powder which have been sifted together; mix well. Drop by teaspoons into deep hot fat and fry until brown. Drain well on unglazed paper and sprinkle lightly with powdered sugar.

Crullers
4 tablespoons shortening
1 cup sugar
2 eggs
3 cups flour
1/2 cup cinnamon
1/2 teaspoon salt
3 teaspoons Dr. Price's Baking Powder
1/2 cup milk

Cream shortening; add sugar gradually and beaten eggs; sift together flour, cinnamon, salt and baking powder; add one-half and mix well; add milk and remainder of dry ingredients to make soft dough. Roll out on floured board to about 1/4 inch thick and cut into strips about 4 inches long and 1/2 inch wide; roll in hands and twist each strip and bring ends together. Fry in deep hot fat. Drain and roll in powdered sugar.

inviting for intensive settlement and development along agricultural and industrial lines.

The report may be obtained free upon application to the Superintendent, Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

A country farmer walked into the general store of the village with a quick and decided step. "I want," he said, "that tub of marmarine and that lot of bacon and all the other food-stuffs." "Good gracious," said the recently bereaved widow who kept the shop, "whatever do you want with all them things, Mr. Giles?" "I dunno," replied the worthy farmer, "but I know I am the executor of your husband's will, and Lawyer Styles said I was sure to carry out all the provisions."

The publication not only provides an accurate description of the country for general readers, but it also contains exceedingly useful information for the settler. There are chapters on the climate, soil, forests, minerals, fisheries, game, water resources, and the different districts, Port George, Peace River, Caribou, Fort Fraser, Hazelton, and Skeena, are each treated separately and in detail. The agricultural and industrial opportunities are shown without any exaggerations or embellishments. In the appendix are given synopses of regulations and acts affecting the settler, such as pre-emption, purchase and lease, Land Settlement Act, Government aid, mining, etc.

The report is written in non-technical language and is well illustrated with photographs taken by the author and territory which Central British Columbia, and 35 miles to the north, accompanies the book. This interesting and very promising part of British Columbia which has now become accessible by the completion of the Grand Trunk Pacific Railway, offers a new field, vast and fruitful, to thousands of willing workers. It is thus described—"an territory which has the potential wealth in natural resources beyond estimate and where conditions for home-making are of the best. The areas of arable agricultural land are in the neighborhood of 10,000,000 acres with additional lands suitable for grazing purposes. The belt is highly mineralized and no one can forestall what extent of treasure lies buried beneath its hills. The coast and inland waters are rich in fisheries, the extent and value of which are beginning to be more fully realized. The forests are also most extensive, and the lumbering and pulp industries are already well under way. Water-powers are numerous and great. The climate is agreeable. In fact conditions are exceedingly

Kills a Cold, Prevents Catarrh
Simply a Wonder—It Stops a Cough, Eases the Throat, Cures Sniffing Instantly.

Thousand's Recommend Catarrhose

Catarrhose Inhaler is the One Preventive Against Coughs, Sore Throats, Bronchitis and Catarrh.

Are you sneezing and sniffing, is your head stuffed up? No need for that. Just use Catarrhose; it is quick relief and sure cure. It never yet failed to cure any Cough, Cold, Bronchitis, or Catarrh. Thousands have used it with uniform success, and the cause is to be proved enough that it will cure you too. The pleasant germ-killing medication is breathed from the inhaler into the nasal passages, throat, and lungs. It kills the germs and heals the sore membranes; it cures these diseases quickly and for all time. Nothing in the world so satisfactory as Catarrhose. Large size, lasts two months, price \$1.00; trial size, 50c. All dealers or The Catarrhose Co., Buffalo, N. Y., and Kingston, Canada.

DOMINION RAYNSTERS
"Made-in-Canada" Raincoats
AND IF IT RAINS—

You need not fear a wetting if your coat is a "DOMINION RAYNSTER". These all-purpose weather coats give you complete protection against sudden down-pours, steady rain and dampness, because they are absolutely waterproof.

"DOMINION RAYNSTERS" are made with inner linings of rubber incorporated into the texture of the outside cloth.

Their superior workmanship and carefully tested materials assure complete and lasting satisfaction—which is confirmed by the RAYNSTER label in each garment. The variety of styles assures pleasing models and patterns for men, women, boys and girls.

If you want a coat that you can wear every day, wet and dry, and which will give you complete protection during the rainy spells, ask your dealer for a "DOMINION RAYNSTER".

"DOMINION RAYNSTERS" are sold by the best stores carrying wearing apparel.

"DOMINION RAYNSTERS" are Dominion Rubber System products.

Vapo-Cresolene
A Vapor Treatment for Coughs and Colds
The Vapor Treatment for Coughs and Colds is the best and most reliable remedy for the relief of a cold or sore throat. It is simple to use, you just light the little lamp that operates the vaporizer and place it near the bed. The soothing antiseptic vapor makes breathing easy, relieves the cough, soothes the throat, and prevents the development of complications. Recommended for Whooping Cough, Bronchitis, Croup, Sore Throat, and Asthma. Has been used for the past 40 years. The benefit is unquestionable. Send for descriptive booklet. Sold by all druggists. VAPOR-CRESOLENE Co. Montreal.

KING EDWARD HOTEL

is now open under new management, having been thoroughly renovated and up-to-date. Rooms at moderate rates, single or en suite. Special family rates.

H. T. FITZSIMMONS, Prop.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

RUB RHEUMATISM OR SORE, ACHING JOINTS

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

WHEN RHEUMATISM HITS YOU HARD!

Our aim is to produce a country of happiness, prosperity and health, and all we ask is leave to carry on the work we have started to bring this condition about.

Mr. Hall.
The past administration has placed reserves on large areas of iron deposits and oil-bearing lands, not to tie up development, but to protect the Province from speculation without development.

Sloan's Liniment

Sloan's Liniment Should Be Kept Handy For Aches and Pains.

WHY wait or a severe pain, an ache, a rheumatic twinge following exposure, a sore muscle, sciatica, or lumbago to make you quit work, when you should have Sloan's Liniment handy to help curb it and keep you active, and fit, and on the job?

Without rubbing, it penetrates, prompts relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest is the most economical. 25c, 75c, \$1.40. Made in Canada.

"DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair.

A 25-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness. All druggists!

REV. J. W. FLINTON

formerly of St. Marks, Boleskin Court, and now of Sandwick, near Courtenay, will be inducted by the Bishop of Columbia at Sandwick on December 12.

AN ONTARIO DEATH.

Warkworth, Ont., Dec. 1.—Israel Humphries, for sixty years postmaster of Warkworth and for the same period township treasurer, died here yesterday, aged eighty-four.

SERVED ONTARIO LONG.

Toronto, Dec. 1.—Lieut.-Colonel Delmeur, Assistant Clerk of the Ontario Legislature, after fifty-two years' service, finished his labors yesterday. He has been superannuated.

HUGE CROWDS CHEER PREMIER'S MEETING ON EVE OF ELECTION

(Continued from page 1.)
How can we co-operate without taking cognizance of provincial financial conditions as well as municipal financial conditions? I am for a policy of co-operation—we want cohesion, sympathy, co-ordination of effort.

"We come before you on the record of our work in the last four years—work accomplished under difficulties such as no other Provincial Government has had to contend with. And the next three years, I believe, will be the most difficult for the Province and the municipalities that we have seen for many years. We need co-operation between all the people of this Province, between the Provincial Government and the Municipal Governments, to meet these difficulties. Let us shoulder the burden like men and see these difficulties through in the good old British way."

"Remember, the Government which you elect to-morrow will be in custody of all you possess and will have the duty of formulating policies to govern not only the present but the generations to come. In the words of the Good Book, 'He who would be greatest among you, let him be thy servant.'"

Mr. Clearihue.
"Under the Liberal Administration the development of the natural resources of the Province has always gone hand in hand with the development of the Human Assets; it being fully realized that to have the country was of little use without the men to run it."

"There are but one half million souls in this Province, but it needs some fifteen millions to develop it, but under the Liberal Administration for the past term the Province had progressed further than during fifty years of Conservative administration."

"Speculation without development was the record of the Bowser Government, development without speculation is the only policy, and the one that has been followed consistently by the Liberal Government in the past term."

"The Liberal Government has shown its faith in the Province, and its keynote has been action, headed by the dominant personality of its leader, Premier Oliver."

"Curtailed of imports, especially across the border, and expansion of exports to the markets of the world will restore the value of the Canadian dollar to its pre-war level, and cut down the high cost of living by the amelioration of the adverse exchange, this has been one idea constantly in the minds of the Liberal Administration during its term in office."

"Our aim is to produce a country of happiness, prosperity and health, and all we ask is leave to carry on the work we have started to bring this condition about."

Mr. Hall.
The past administration has placed reserves on large areas of iron deposits and oil-bearing lands, not to tie up development, but to protect the Province from speculation without development.

SPLENDID FINAL RALLIES.

Vancouver, Dec. 1.—Three thousand electors of Vancouver that evening greeted the Liberal candidates in rallies at the Hotel Vancouver and Dominion Hall. More than 1,500 people were unable to obtain an entrance at these mass meetings, according to a careful check at the doors. At both the hotels, Dominion Hall hundreds stood throughout the meetings, and many others obtained precarious seats on platform and tables.

Fired by the biggest crowds that have yet attended any meeting of the present campaign, the candidates were at their best, and drew forth applause and cheers from their audiences that amounted to an ovation for their success at the polls to-day.

MOVED FOR CONVENIENCE OF SALE

Stewart Williams & Co.

Sang at Liberal Rally Last Night

Mrs. Archie Wills, the well-known contralto, was among the artists who sang with much charm at the Liberal rally at the Royal Victoria Theatre last evening.

MILK PRICE FIGURES ARE DOUBTED BY RAILWAY BOARD

(Continued from page 1.)
It was stated that it was apparent the witnesses had shut their eyes purposely because they did not want to tell the Board what the retail prices were. The witnesses in question were R. J. McLean, manager of Bow's Creamery, Toronto, who declared he did not know the retail price of his firm's products, and H. R. Gray, of Gunn, Langlois & Company, Montreal.

Request Granted.
The resumed hearing to-day of the application of the Canadian express companies for a forty per cent. increase in rates was not confined to argument of counsel as expected. When the Board met Chief Commissioner Carvell said that he had received a request from D'Arcy Scott, counsel for the National Dairy Association, to be allowed to submit more evidence and it was acceded to.

F. H. Philpen, on behalf of the express companies, stated that they proposed to put in the latest available information as to the position of the express companies.

Lower Price.
H. S. Johnson, president of the Lindsay Creamery Company and secretary of the Canadian Creamery Association, the first witness called by Mr. Scott, said that the farmers were now being paid 56 cents for butter fat, as against 30 cents a year ago.

Upset.
Mr. Johnston stated that his company was now paying from 49 to 51 cents for butter fat. The market was upset and prices had been coming down fast. Last year at this time 63 cents was being paid to the farmer. Very little butter was being sold for export and the home consumption was decreasing. Production of butter also was decreasing. Cheese prices were lower, but exports of that article were higher than last year.

ROUNDING UP IRISH EXTREMISTS

(Continued from page 1.)
The Labor Party in the British Parliament and the Labor executive body of Great Britain, which arrived here last night, the Commission, which will investigate the situation in Ireland, laying special stress on reprisals, issued a statement upon its arrival that it felt less concerned about fixing responsibility for the reign of violence than for ending the present chaotic situation on the island. The members asserted they were willing to give all assistance in their power to any responsible suggestion for the re-establishment of peace.

A Proposal.
Proposals for an immediate conference of the Irish Labor Party, the Roman Catholic hierarchy, the Irish

peace conference and the Labor Commission have been published here. When asked their opinion of this plan, the Commissioners said if the other bodies named wished their co-operation, they were ready to act, but they insisted that they must await an invitation to take part in such a conference. They also declared it was necessary for them first to consult their colleagues of the British Labor Party.

To England.
London, Dec. 1.—It was announced last night that the bodies of the fifteen auxiliary police recruits who were killed near Kilmichael, County Cork, Ireland, on Sunday evening, will be brought to England from Cork probably late this week. One recruit in the party has been missing since the fight and has not yet been found.

No Arrests.
Liverpool, Dec. 1.—Police raided the Sinn Fein headquarters in Scotland Road this morning. They carefully searched the premises but made no arrests.

C.P.R. LAYS OFF WORKERS IN SHOPS

Montreal, Dec. 1.—Reports made to headquarters of the labor unions here yesterday stated that 1,100 workers had been laid off temporarily at the Angus shops of the C. P. R. These reports were confirmed by J. T. Foster, president of the Montreal Trades and Labor Council, who added that the same conditions obtained, not only at the Angus shops, but also in practically all the metal industry shops in Montreal and district.

Grant Hall, vice-president of the C. P. R., asked in regard to laying off of men, declared that a certain number were being laid off, but that this number certainly did not amount to seventy per cent. of the staff.

The Blood Pressure

"WHAT is the meaning of blood pressure?" you may ask, and "What has it to do with the health?" For, as much as we hear of blood pressure these days, it is somewhat of a mystery to most people.

Perhaps the easiest way to explain it is by comparison with water pressure, whereby water is supplied to homes and made available upstairs and down at a mere turn of the tap.

The blood in the human body is under a similar pressure, as you will know if you cut an artery and see the force with which the blood spurts out.

The arteries may be likened to the rubber hose which you attach to the water system in your house. So long as the rubber retains its elasticity you do not fear trouble, but as it gets older and harder and begins to crack you dread the water pressure which is everywhere testing the strength of the hose.

And so it is with the arteries. The walls of the arteries harden as age advances, more particularly if the vital organs are not doing their full duty in filtering and purifying the blood and keeping it in rich, healthful condition.

When your physician suspects that your arteries are hardening and losing the

CUSTOMS FIGURES SHOW DECREASE

STOCKS STRENGTHEN AT CLOSE TO-DAY

Ottawa, Dec. 1.—(Canadian Press).—Customs receipts for the month of November, 1920, show a decrease as compared with November, 1919, of approximately \$2,250,000, but with the inland revenue returns for the month there is a net increase of \$4,917,820, customs and inland revenue collections for last month as against November, 1919. The increase in collection from war excise (luxury tax, manufacturers' tax and sale tax) last month was \$8,136,076, as compared with November of last year. For the month of November, 1920, the total collections from customs and inland revenue were \$26,487,751, as against a total of \$21,931,131 in November, 1919. Total collections for the eight months ended yesterday were \$209,571,915.72, as against \$152,998,473.79, an increase in the revenue of \$56,573,442.93.

PENNY FARES FAADING IN LONDON

But It Is Still Possible to Travel Swiftly and Very Cheaply

London, Dec. 1.—London is loudly lamenting the passing of the penny. Penny postage disappeared some time ago.

Now penny fares are fading. Only the penny will buy these days is a German mark, which used to be worth a quarter of a dollar.

Latest inroad on the poor penny is tube and bus fares.

For weeks the underground stations have shrieked with posters.

The Metropolitan District Railway, London Electric Railway, Central London Railway, City and South London Railway, and London General Omnibus Company tell in tearful accents how in six months they carried 601,000,000 passengers.

Took in \$29,275,275.

Spent \$29,095.

Pocketed \$29,095.

Out of which they had to pay interest on a trifle of \$100,567,100 they had invested.

No More Penny a Mile

So now they are going to "soak" the poor Londoner with an increased rate of "rubber, and a corner" corresponding increased rate on the motor buses, which will work out at:

BARS WILL OPEN AGAIN AT 7 P.M.

An indication of the expansion of Royal Securities Corporation is reflected in the announcement that it has purchased the six-story office building, 16 St. James and St. John Streets, Montreal, from the London and Scottish Assurance Co., Ltd.

Since 1910 the offices of Royal Securities have been located in the building, which was passed into its ownership, the first two floors and part of the third already being occupied by the various departments of the Corporation.

The decision to purchase the building, we are informed by Mr. Humphrey Bevan, the local representative of the Corporation, has been rendered necessary by the increasing difficulty in securing additional accommodation for the growing staff of the Corporation.

NO NEW LIGHT ON SMALL MYSTERY

Toronto, Dec. 1.—It was established today that the mysterious trunk which, according to an evening paper last night, was containing something to do with the disappearance of Ambrose J. Small a year ago, contained nothing but books.

The police department this morning stated that the \$105,900 in Victoria Bonds which were recovered when John Doughty was brought back to Toronto on Monday had been hidden between the seats of a car in the attic of the house of Doughty's sister.

VANCOUVER DOCTOR UNDER ARREST

Vancouver, Dec. 1.—Charged with murder in connection with the death of Mrs. Mitchell, allegedly as the result of an illegal operation, Dr. S. Blumberger, a medical practitioner of the city, was arrested here today.

MR. PATRICK.

Vancouver, Dec. 1.—That the Alberta A. U. governors will effect a clean-up in amateur hockey in that province is the opinion expressed today by Frank Patrick upon his return from Calgary. Patrick made the following statement on his return this morning:

"The development of the hockey situation in Alberta made it necessary that I should accept Brigadier-General McDonald's invitation and go down to Calgary. We presented our case to the governors of the Alberta Union on Monday and they expressed themselves as being entirely convinced of the necessity of a general clean-up. Brigadier-General McDonald and all his associates satisfied me in the short time we were together, that they are the men, who can effect that clean-up; and I am now prepared to leave the entire matter in their hands."

LORDS DISCUSS THE IRISH BILL

London, Dec. 1.—There appeared to be a prospect to-day that the Irish Home Rule Bill would go through the committee stages in the House of Lords without serious amendment.

The House of Lords to-day rejected Lord Milford's amendment which would have had the effect of creating one Parliament for Southern Ireland and leaving the six Ulster counties under the Imperial Parliament. The Government resisted the amendment on the ground that it struck at the whole framework of the bill and the amendment was defeated by a vote of 111 to 53.

HIT BY TRAIN.

Prince Albert, Dec. 1.—Robert Lofthouse, a young farmer of Surgeon Valley, was seriously injured to-day when his wagon was struck at the River Street crossing by a train which was leaving here for North Battleford. He is suffering from concussion of the brain.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Dec. 1.—With a firm undertone, wheat, which opened lower at mid-session, advanced on better buying power developing, and at the close was 5 to 6 cents higher for the future and cents higher for cash. The demand for cash wheat was just fair and the offerings were not heavy. Premiums were unchanged. There is fair demand for some grades of cash oats daily for Eastern Canadian account. The cash demand for barley, rye and flax is very quiet but small quantities are being worked daily.

The offerings are very light.

Oats closed 1/2 to 1 cent higher; barley 1/2 to 3/4 cents higher; flax 1/2 to 3/4 cents higher.

ROYAL SECURITIES BUYS MONTREAL BLK.

An indication of the expansion of Royal Securities Corporation is reflected in the announcement that it has purchased the six-story office building, 16 St. James and St. John Streets, Montreal, from the London and Scottish Assurance Co., Ltd.

Since 1910 the offices of Royal Securities have been located in the building, which was passed into its ownership, the first two floors and part of the third already being occupied by the various departments of the Corporation.

The decision to purchase the building, we are informed by Mr. Humphrey Bevan, the local representative of the Corporation, has been rendered necessary by the increasing difficulty in securing additional accommodation for the growing staff of the Corporation.

FEED PRICES IN RELATION TO RAISING OF HOGS

Is the complaint that feed prices to-day are too high for profitable hog raising in Canada well founded? How many have undertaken the little sum in arithmetic necessary to find out the facts for themselves?

A study of the trend of these two prices since 1899 shows that the producer has never undertaken the high returns in dollars and cents for his hogs in comparison to the cost of feeds as he does to-day, in spite of the decline from the peak prices of last Summer. Of course, there are other expenses, including labor, now at a premium, which have to be taken into consideration. But, stripped to a bare comparison of costs of feed to price for hogs, the tale is both interesting and surprising.

Taking official figures of the Dominion Department of Agriculture, it will be found that the ratio of hog prices to the average of five feed prices (both per hundredweight) for all Canada rose from 4.7 to one in 1899 to 4.8 to one in 1910. The table below sets forth the relation of this year's monthly feed and hog prices as compared with the 26 years from 1899-1916. The detailed monthly figures for 1920, which are typical for the Dominion, are priced at Toronto:

Date	Ave. Ratio, hog price to feed prices
1899	4.7
1900	4.8
1901	4.9
1902	5.0
1903	5.1
1904	5.2
1905	5.3
1906	5.4
1907	5.5
1908	5.6
1909	5.7
1910	5.8
1911	5.9
1912	6.0
1913	6.1
1914	6.2
1915	6.3
1916	6.4
1917	6.5
1918	6.6
1919	6.7
1920	6.8
