NOTE.—I have taken for the basis of this roll the muster-out roll of the Company, in the Adjutant-General's office at Albany, adding to it such data as I could obtain from comrades. I have been aided by memoranda kindly furnished by the Pension Office. Some names given by the latter are otherwise unknown to me, and the fate of some comrades has been learned from this source ; these cases I have designated thus [P]. I am indebted to Sergeants Kohler and Spaulding for much valuable data concerning the history of the Company and the fate of comrades. The names of those enlisted for the Company and rejected by Regimental Surgeon have been omitted.

HISTORY OF THE SECOND ARMY CORPS.—By FRANCIS A. WALKER, LATE SUPERINTENDENT OF THE CENSUS, ASS'T ADJ.-GEN. OF THE CORPS. ILLUSTRATED WITH PORTRAITS. I VOL., CROWN 8vo, 737 PAGES, \$3.50.

GENERAL WALKER served through the war with the famous Second Army Corps, and writes, therefore, from personal knowledge; but, aside from this qualification, he was to an unusual degree fitted for the task of preparing this historical and personal account of the Corps by his gift for vivid and powerful writing. He has given us a book of very great and lasting value.

Excellent full-page portraits of each of the corps commanders in succession are given, and portraits in groups of many brigade commanders. In all thirty-two portraits, made especially for this book. Full indices, and names of all commissioned officers killed or mortally wounded; strength of the Corps at different dates, losses, etc.
