### RED CROSS OLIVER TWIST IS CALLING FOR "MORE"

The women who are making over the garments collected in the Red Cross boxes are very much pleased with most of the donations, many very excellent suits and dresses having been given. A great many of these needed only a few stitches or a button or two before being ready for shipment.

Mrs. R. B. Wallace has been superintending the comfort making and under her ingenious utilization of every scrap of good material, eighteen good warm comforters for babies and small children have been evolved from the old blankets and quilts given.

There is still material on hand for covers for some more of these most necessary articles, and if any one has an old blanket or shawl or anything of warm material laid away, do please dig it out and give it for this purpose. We can't have too many of them.

Mrs. Forman is "boss" of the cutting over of men's partly worn clothing into suits for boys and dresses for small girls, and she is particularly desirous of any good, clean lining material that can be sequestered on the closet shelves of this town. A great deal of this is needed for patching up linings of otherwise good garments. Race, color and previous condition of servitude is of no consequence provided the material has wearing quality and is clean. Also we can use buttons for boys' pants and coats, and buttons for underwear. Have you sorted over your button box lately?

Women's gingham dresses and aprons where the fronts are worn and useless can be utilized by cutting out the good pieces in the back and using them for comfort covers, if they are clean.

Some more sewers are needed, and next Tuesday and Wednesday there will be all day sessions at the residence of Mrs. J. H. Wright, 266 E. Montecito. Mrs. W. E. Walker will be in charge of the work on those two days and there is plenty of every kind. Don't stay away because you can't do tailoring—there are buttons to be sewed on and ripping to do, and lots and lots of just plain sewing.

Several partly worn suits which were sent in have been cleaned and are now waiting for ripping up. If there is anyone who would be willing to do this ripping at their own home rather than to go out to help the work can be delivered to them. Notify Mrs. Wright at Black 95, mornings and

evenings, or at Exchange 2 during business hours.

Heavy mercerized cotton and light knitting wool is needed for tying the comforts. How about the scraps from that last sweater you made? And wide braid will come in handy for binding sleeve edges which are worn. Also any towels that still have wear in them, especially Turkish towels, and partly worn sheets and pillow cases can be put to good use.

The amount that can be done with things you don't need any more will more than make up for the trouble of sorting these things out. And do it now.

### DISCONTINUES CLASS

The children's class of Theosophy and the Thursday evening meetings have been discontinued for the summer months. Announcement will be made in the early fall of the re-commencement of both.

### HAVE YOU EXTRA FRUIT?

If there is any one in Sierra Madre who has extra fruit that they would like to give to the Red Cross or to the poor of Sierra Madre, their kindness will be appreciated if they will phone Municipal Nurse Marcey, who will have the fruit picked and canned, which will be distributed among the sick and poor during the winter months.

### COUNTY ORDINANCE HALTS COLLECTION OF GARBAGE

Ordinance No. 689, issued July 23, by the county supervisors, prohibits the collection of garbage in Sierra Madre, as had been arranged for, beginning Aug. 1. The following clause in the ordinance pertains to Sierra Madre's particular case:

"Section 2. It shall be unlawful for any person to collect, receive or obtain any garbage for the purpose of dumping or depositing the same on any property in the county of Los Angeles outside the limits of any incorporated city, or for the purpose of feeding any animals in the county of Los Angeles outside the limits of any incorporated city."

This will, for the present, prohibit the city trustees from entering into a contract with the gentlemen from Monrovia, but those in charge have another plan which will, within a few weeks take care of the garbage situation.

### SEEKING AND FINDING

I sought true happiness in the world,  
Oh, eager and far was my quest,  
I sought it in mountain, and desert and sea,  
I traveled north, south, east and west!  
But all my searching was fruitless and vain  
Till I turned to Christ with my prayer;  
And kneeling before Him—the living Lord—  
I found abiding joy there!—(W. J. T.)

### WOODSON JONES HOME

Mr. and Mrs. Woodson Jones are home from their vacation to Memphis. They enjoyed their visit and were glad to see all of their old friends, but Mr. Jones is strong in his enthusiasm about returning to Sierra Madre and his business here.

### NEBRASKA PICNIC, LONG BEACH

Bixby Park at Long Beach will be the scene of the Nebraska picnic August 6th.

### DR. MACKERRAS RESIGNS

Dr. R. H. Mackerras will tender his resignation as city health officer of Sierra Madre, to the board of trustees at their meeting tonight (Thursday). He has been health officer for Sierra Madre for five years and has been a most efficient official, and the trustees will be reluctant in accepting the resignation.

The doctor and his family will go north for a two weeks vacation August first.

### GARDEN PARTY TONIGHT

All Sierra Madre is planning to attend the garden party at the home of Mr. and Mrs. E. C. Newton, this evening (Friday) and to greet the Governor and Mrs. Stephens, who as the guests of Mr. and Mrs. Frank Hart of Hartwood will attend with her, and for whom an informal reception will be held from 8 o'clock to 8:30. The civic organizations in the city will be represented in the receiving line, by Mayor Mitchell, who will officially greet the Governor and make a short address of welcome, introducing him to the guests; Mrs. Robert Mitchell; Mr. Earl Topping, president of the Chamber of Commerce, and his mother, Mrs. H. W. Topping; J. F. Sadler, president of the Firemen's club, and Mrs. J. F. Sadler; J. Milton Steinberger, Master of the Masonic lodge, and Mrs. J. Milton Steinberger; Captain and Mrs. J. A. Osgood, who are among the pioneers of Sierra Madre City, and the host and hostess, Mr. and Mrs. E. C. Newton.

A very excellent musical program, composing both local and foreign talent, will be given from 8:30 to 9:00 o'clock, following which dancing will be enjoyed on the patio up to 12:00 o'clock, the Kidas orchestra dispensing music with their usual enthusiasm.

Parties desiring to play cards may make up tables to their liking and throughout the evening refreshments will be served, each ticket entitling the holder to cake and coffee. Ice cream and punch will be on sale.

Although there will be no moon, the gardens will be beautifully lighted with fancy lanterns, the darkness only enhancing the general effect. Previous to the party Mrs. Frank Hart, complimentary to her honored guests, will entertain the following persons at six o'clock dinner:

Governor and Mrs. Stephens, Miss Marion Smithson, Mrs. C. Smithson, and Miss Rita Kinard of Los Angeles, Mr. and Mrs. E. W. Camp and Dean William Carson Shaw of Sierra Madre. Mrs. J. Milton Steinberger will also have distinguished guests—J. Seymour Brown and his mother, Mrs. J. Brown of New York. Mr. Brown is here in the interest of the Moving Picture Promotion and is now directing some important developments at Hollywood. He is on his last lap of a world tour, which included a stay of two and one-half years in the Orient, in which he has been making a thorough study of financial conditions.

Another guest will be Gilmore Brown, widely known for his work as managing director of the Community Players of Pasadena.

### FIRE COMPANY CALLED

A call for the fire company early on Saturday morning from West Sierra Madre proved to be a very large palm tree, just opposite the old Torrence place on Park avenue. The fire started in the dead grass around the tree, probably from the careless tossing of a cigarette.

It was quickly extinguished without damage to surrounding property.

### IN APPRECIATION

We wish to express our appreciation to those many friends for kindness shown during the illness and death of our beloved brother, Niles Godfred Peterson.

Mr. and Mrs. Howard Hill and Relatives.

### THE PAGENAT OF SAN GABRIEL

Citizens of this community are invited to attend the Pageant of San Gabriel to be given at the Mission town on the afternoon of Sunday, July 31. Interest is rife in this event all over Southern California, as it is given to commemorate the 150th anniversary of the founding of the mission and also the founding of the City of Los Angeles.

Mrs. Lillian Burkhardt Goldsmith, who has written and is staging the Pageant, has secured many children and grandchildren of pioneer Spanish families to enact leading roles. The Pageant and the attendant festivities are free to the entire Southland.

San Gabriel, which 150 years ago echoed to the tom tom and the war whoop of the Indian, will on next Sunday at 3 o'clock thrill to La Paloma and the strains of Espanita. There will be dashing caballeros, flashing blades, lace mantillas, maidens and men in the fashion of more than a century ago.

### TO OWNERS OF LIBERTY BONDS

We have been advised by the United States Treasury department that on March 31, 1921, thousands of owners of Liberty bonds had failed to cash coupons due at various times prior to that date, as a result of which interest amounting to \$83,165,867.35 and belonging to owners of these securities is still in the hands of the Treasury department instead of in the possession of those owning coupons which were due but not presented for payment up to that date.

We presume that failure to collect this interest is due either to ignorance or carelessness in not presenting the coupons at the time they were due, but more probably to the failure to present temporary bonds, on which all coupons should have been cashed, in exchange for new bonds with full sets of coupons running to maturity.

You will render real service by calling this situation to the attention of any people whom you know to be the owners of Government securities, particularly in cases where you are employers of labor either in small or large numbers; and in such cases we might suggest that you post a notice in your plants or places of business calling the attention of your employes to the fact that they may be overlooking the collection of funds which are due them.

If you discover that any persons bonds for permanent bonds, we suggest that you advise them to make such exchanges through their bank or through any responsible broker or other agency.

**IN Society...**

By MRS. PALMER RHODES

Miss Kate Schryer of North Sunnyside is enjoying a few weeks' visit with her niece, Miss Alpha Hughes, of Oakland.

After a pleasant week's visit in the home of Mr. and Mrs. L. E. Steinberger, Sr., Mrs. Jennie Culver departed Tuesday for her home in Long Beach.

Gregory Chase has returned from a month's vacation spent at Catalina Island, where he was the house guest of Mr. and Mrs. G. Rust and daughter, Emmeline, of Pasadena.

Mrs. Mildred Clark and son, Robert, left Wednesday for their home at El Segundo, after having enjoyed a short visit with Mr. Clark's parents, Mr. and Mrs. C. M. Clark.

Mrs. A. Wharton Gibson of Pasadena has been visiting this week in Sierra Madre, where she is the guest of Mrs. M. D. Goodfellow and her mother, Mrs. S. E. Davis.

Mrs. Louis Brooks and children, after spending the week with Mrs. Brooks' mother, Mrs. Lenna Seidel, in Los Angeles, will, together with Mrs. Seidel, visit a week at Ocean Park.

Mrs. William E. Lees, Miss Gladys Walker and Mrs. Charles Klunk motored to Laguna Beach Saturday, where Mr. Lees and Mr. Klunk are now employed, and returned Monday evening.

Otto Benton of San Pedro, who together with his parents formerly resided here, is again circulating around Sierra Madre, where for a time he is employed with W. E. McCrary in cement work.

Miss Virginia Jones was hostess last week-end to seven girl friends, who are fellow students at Riverside university. Miss Jones is this week visiting with her grandmother, Mrs. Virginia Holland of Los Angeles.

Fred Gilbert son of Mrs. Ida Gilbert who for two years has been in Washington, where for a part of the time he was attending the State university, arrived here last Thursday with the intention of making his permanent home with his mother.

Mr. and Mrs. T. A. Ewing and daughter, Miss Helen, left Wednesday for Long Beach after having spent six months in Sierra Madre Canyon. Miss Helen will leave the first of August to resume her college work at Berkeley.

**Many Picnic Parties at Beach**

Among the many parties who enjoyed picnics at the beaches last Sunday was one composed of Mr. and Mrs. E. C. Carhart, Mr. Lettau, Mrs. Urban and Miss Esabel Urban, Miss Betty Shaw and Mr. Frank Hinton. The party motored to Laguna Beach, where bathing and a picnic lunch was enjoyed.

**Entertains Wednesday Club**

The Wednesday club was entertained last week at the home of Mrs. J. T. Mason on West Central avenue. Guests other than the regular club members were Mrs. J. W. Jameson of West Highland, her house guest, Mrs. J. W. Ryan, and Mrs. J. D. Mackerras. Table decorations were of white matilija poppies and following the serving of a most delightful luncheon bridge was enjoyed throughout the afternoon.

**Cooper Buys Home**

Mrs. Ida Gilbert has sold her home at 241 Romona avenue to Mr. Cooper of the real estate firm of Ferris & Cooper, who intends to make it his permanent residence. Mrs. Gilbert, who has purchased a lot in Pasadena, and intends to build a home, has been a resident of Sierra Madre for about three years, and having always been actively engaged in church and club work, will be greatly missed by a host of friends here, who deeply regret her departure.

**Warm Weather Reduces Attendance**

The "You Need Us" club met last Thursday afternoon at the Congregational church. Owing to the fact that a great many of the members are enjoying their summer vacations, the attendance was small. Following the regular business session a pleasant social time was enjoyed and at 5:30 a delicious supper was served, which as a surprise had been prepared and furnished by Miss Marjory Wilson, one of the members now living at Tujunga.

**Priscillas Meet at Torrence**

Those of the Modern Priscillas who accepted the invitation to lunch with Mrs. C. S. Collins at her home in Torrence last Thursday spent a most delightful day, the ride to and from Torrence being an enjoyable feature of the day. A plate luncheon was served at noon, Mrs. Collins being assisted by friends from her home circle. Other guests were all from Sierra Madre with the exception of Mrs. Henderson Childs of Pasadena.

**Met Talented Pianist**

A delightful musical evening was enjoyed at the home of Mrs. A. J. Rust last Friday evening, where in response to an informal invitation a number of friends gathered to meet her talented young friend and guest, Mr. Verne Robinson. Mr. Robinson, who is a pianist of rare ability, is enjoying a vacation from his musical studies at the Oberlin conservatory, which he is spending with his mother, at Oneonta Park. A number of the guests had had the pleasure of hearing Mr. Robinson last year, when just such another musical treat was enjoyed. Others who contributed to the pleasure of the evening were Prof. John Marquardt, violinist, Master Robert Mitchell, pianist, and Miss Gertrude Cook, whose vocal numbers were accompanied by Mrs. George B. Morgridge. Iced refreshments and cake were served, Mrs. Rust being assisted by Mrs. F. D. R. Moots, Mrs. W. J. Miller and Mr. Robinson's mother, Mrs. Rena Robinson, of Oneonta Park.

SUNDAY, JULY 31—

DOUGLAS MacLEAN in "ONE A MINUTE"

A Paramount Picture

The happy tale of a quack who made a million because he made life easy to swallow. Educated to be a lawyer, he sure did know how to make great patent medicine. A zippy film- tonic of essence of joy, distilled from love and human nature. Prescribed for every man, woman or child who feels the need of a laugh.

Also a good Comedy and Current Events

MONDAY AND TUESDAY, AUGUST 1 AND 2—

"THE WOMAN GOD CHANGED"

A Cosmopolitan Production—A Paramount Picture

A romance of Broadway's reckless love and a South Sea isle, where two troubled hearts found peace. It is a picturization of Donn Byrne's brilliant short story, "The Woman God Changed," which was published in a leading magazine.

Also Wilderness Friends (Educational)

WEDNESDAY, AUGUST 3—

LON CHANEY in "THE PENALTY"

With an All-Star Cast

Gouverneur Morris has created one of the most amazing characters in American fiction in Blizard, the legless wonder of "The Penalty," and master of the underworld of San Francisco.

Also a Good Comedy

THURSDAY AND FRIDAY, AUGUST 4 AND 5—

NORMA TALMADGE in "YES OR NO?"

Arthur Goodrich's Broadway Success

Norma Talmadge at her best in a thrilling dual role of two unhappy wives—one a spoiled daughter of wealth, the other a child of the tenements.

Also BEN TURPIN (he with the wandering eye) in "LOVE'S OUTCAST," a Comedy

SATURDAY, AUGUST 6—

BUCK JONES in "FIREBRAND TREVISON"

The Dashing Cowboy Star

A Western drama which is one long thrill. He was down, but never out! He fought to the last ditch, and then he won!

Also a Good Comedy

**GIVE US THE PUBLICITY, MR. HATFIELD**

C. M. Hatfield, who left Sierra Madre some three months ago, has recently won a wager at Medicine, Hat, where he went, and where he guaranteed to produce so much rain within a given time. He received \$8,000 for four inches produced in three months.

But—Sierra Madre wants the publicity. Mr. Hatfield lives in Sierra Madre. He calls Sierra Madre his home, but the Los Angeles papers are a little over-zealous in having the world know that Mr. Hatfield lives in Los Angeles.

Give us the publicity Mr. Hatfield.

**A TERRIBLE FROST**

An American and a Scotchman were discussing the intense cold in the North of Scotland.

"It's nothing at all compared to the cold we have in the United States," said the American. "I can recollect one winter, when a sheep, jumping from a hillock into a field, became suddenly frozen on the way and stuck in the air like a mass of ice."

"But, mon," exclaimed the Scotchman, "the law of gravity wouldn't allow that!"

"We don't do things by halves in my country," replied the other. "The law of gravity was frozen, too!"

**N. G. PETERSON DEAD**

N. G. Peterson passed away in Los Angeles last Friday after a long and painful illness which culminated in partial paralysis.

Mr. Peterson had many friends in Sierra Madre, having worked here for several years as a carpenter, residing at the home of his sister, Mrs. Howard Hill. For the two years previous to his illness he resided on a home-stead which he had taken up near Hemet.

Mr. Peterson was a native of Stockholm, Sweden, and was aged 74 years. He came to Minnesota with his parents when a small child.

He was a member of the Sierra Madre Masonic lodge and of the Eastern Star Chapter.

A brief funeral service was conducted by the Rev. Thompson at the A. T. Gay undertaking parlor on Sunday afternoon, after which the Masonic lodge conducted the burial service in the Sierra Madre cemetery.

Besides Mrs. Hill, Mr. Peterson leaves six brothers and sisters, among them being Mrs. O. E. Fowble of San Gabriel and Oscar A. Peterson of San Bernardino. His passing marks the first break in the family circle since the death of their mother forty-three years ago.

**FIREMEN'S CLUB ELECTS BOARD OF DIRECTORS**

At the annual meeting of the Sierra Madre Firemen's club held at the City hall Wednesday night the following members were elected directors of the club for the ensuing year:

H. E. Allen, L. C. Brooks, L. Dietz, Woodson F. Jones, Earl D. Topping, J. F. Sadler and M. D. Welsler.

These men make a strong representation of Sierra Madre's business interests and the members of the club feel that they have a board that will see the club house building brought to a successful completion. The new board will organize at once.

WANTADS in the News pay big returns on the money invested. Everybody reads the wantads in the News.

When you think of the APEX consider not only how it saves your time and strength in cleaning carpets, but remember its hundred other uses.

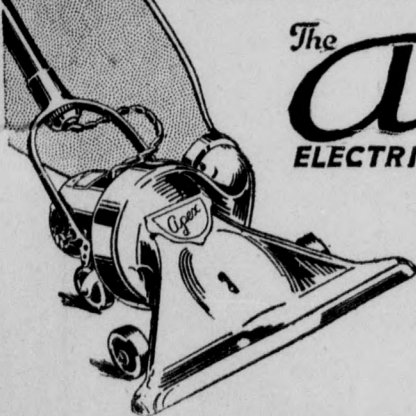

The APEX would be worth its weight in sterling silver if used only for cleaning furs and clothing, for removing dust from picture mouldings and frames and fire places, from door and window casements, from steam and furnace radiators, from closet floors and shelves, from behind the bath tub, from draperies, curtains and portiers, from inside the piano and for cleaning and aerating pillows and mattresses—doing any cleaning task in a fraction of the time and with none of the physical effort required by brooms, brushes, feather dusters and dusting cloths and by destructive beating and shaking.

**ON TO MISSOURI**

The official train to the Missouri Centennial Jubilee goes via the Salt Lake route to Salt Lake City, the Denver and Rio Grande to Colorado Springs and Denver, the Union Pacific to Kansas City and the Missouri Pacific to Sedalia.

The Missouri special will leave Los Angeles at 8 p. m. next Thursday, August 4, and will arrive at Sedalia the morning of the 9th. The fare to Kansas City and return is \$94.61.

Stops will be made at Salt Lake and Colorado Springs, where the excursionists will be entertained by the commercial clubs of these cities.

If you wish further information, call C. I. Farmer, city passenger agent at the Maryland hotel, F. O. 1708, or at his home, 77 South Lima, Sierra Madre.

**1384-MILE TRIP**

Harold and Eugene Crandall are home from a 1384-mile trip to San Francisco and return. They made the trip in a Studebaker light six recently purchased from the Sierra Madre Garage. Not one bit of trouble was experienced on the entire trip, not a tire was changed. The new Studebaker light six was designed and is produced to meet the demand for an efficient, durable and economical light weight car.

**EACH PUPIL COSTS \$51.94**

## The Story of Our States

By JONATHAN BRACE  
XXXII—MINNESOTA

MINNESOTA is formed partly from a portion of the Northwest territory and partly by the Northeast section of the Louisiana Purchase. It was the Mississippi river which was the dividing line between these two large territories.

The Eastern section was ceded by France to Great Britain in 1763 and became a part of the United States at the end of the Revolution by the Treaty of Paris in 1783. The Northwest territory was organized by congress four years later. Then, as this great federal domain became settled and was gradually divided into states, the Eastern part of the present State of Minnesota belonged in turn to the Territories of Indiana, Michigan and Wisconsin.

As to the western portion of the state, this was a part of the Louisiana Purchase, which was bought from France by the United States in 1803. As this region became subdivided, Western Minnesota formed a part of the Territories of Louisiana, Missouri and Iowa.

The first white man to penetrate to Minnesota was the French explorer, Duluth, who in 1678 built a fort on Lake Superior and there established a very extensive fur trade. Two years later, Father Hennepin and two companions were sent by La Salle to explore the Upper Mississippi and reached the Falls of St. Anthony, where Minneapolis now stands. But it was not until the Nineteenth century that permanent settlements were made. In 1822 the first mill was built at the Falls of St. Anthony, where were destined to arise such important successors. In 1841, Father Galtier built a chapel dedicated to St. Paul, and this was the foundation of the present great city of that name.

As to the name Minnesota, the state was so called from the river that runs through it, which in the Dakota Indian language makes the words "Minne," meaning "Water," and "Sotah," meaning "Sky-colored." Sometimes the state is called the "North Star State," from the motto on its coat-of-arms.

Minnesota was admitted to the Union in 1858. Its area is 84,682 square miles and it is the most important of our wheat producing states. It has twelve presidential electors.

### UNDERWENT OPERATION

Miss Edith Blumer underwent a minor operation at the Pasadena hospital on Tuesday, at which time a spruous growth was removed from her heel. Miss Blumer has been in considerable pain for some time believing her foot to be rheumatic, but an X-ray examination revealed a bony growth which necessitated an operation. Miss Marion Vannier attended her during the operation and her many friends here will be pleased to learn that this cause for discomfort has been removed.

### BETHANY NEARS COMPLETION

The Bethany church at the corner of Baldwin and Montecito streets, is rapidly nearing completion, but the time for dedication has not been set. The work has been carefully brought to almost perfect completion and those in charge have every reason to be more than proud of this magnificent structure.

Almost every day visitors, some of them contractors, come to Sierra Madre to see this church building, and the fact that the brick was made from sand on the church property and stone brought from our own foothills, and only two men being employed on the work during its entire building makes the work more wonderful.

### SOUTHERN COUNTIES GAS ISSUES \$1,250,000 8% STOCK

The new issue of \$1,250,000 Southern Counties Gas company eight percent preferred stock has been accepted for listing on the Los Angeles Stock Exchange and beginning last Monday, July 25, was called in the regular order. The stock is being sold through the organization of the company's employees. It is being offered at \$99 a share when purchased outright and at \$100 a share if paid for in ten equal monthly installments.

This is the only preferred stock to be issued by the Southern Counties Gas company.

The company distributes natural gas in 43 cities in Los Angeles, San Bernardino, Orange, Ventura and San Barbara counties. It was organized in 1911 and in less than ten years has increased its gas output 4440 percent. Last year its gross business amounted to \$3,156,760. Today the tangible property is listed at \$7,526,447. The stock is being sold locally by the company employees.

### INSPECTED WHIPPLE BARRACKS

Miss Marion L. Vannier, superintendent of the new Miller hospital at St. Paul, is spending her vacation with her mother, Mrs. E. H. Vannier, of S. Hermosa avenue. En route home Miss Vannier was privileged to inspect the Whipple barracks near Prescott, Arizona, where she visited a friend. This barracks, which is under the supervision of the United States Public Service, houses hundreds of ex-servicemen, among whom are seven hundred tubercular cases which are receiving treatment. Miss Vannier speaks in very highest terms of the splendid manner in which these cases are being cared for and the excellent equipment, and happy location which is accountable for the successful treatment of tubercular cases. Being located just outside of Phoenix, which is termed the "Mile High City," the hospital is located at an altitude of 5,200 feet, making it possible to use the sun treatment. The catering is remarkable, the patients being allowed to order food to their liking and express a preference as to its preparation. In the face of so much adverse criticism of the various United States institutions of this kind, it is refreshing indeed to hear this most favorable report, coming from one who has made a personal inspection.

## American Ships Now Sail Seven Seas

Twin Bed Staterooms, Private Baths and Nurseries for the Children Give Hints of Luxuries Provided on Ships of the New American Merchant Marine

ANYWHERE in the world on an American ship! Americans no longer need go to sea or ship their goods in foreign bottoms. That, to-day, is the proud message from the National Capital to the American people.

From every port in the country now sail stately and luxurious vessels, under the American flag, carrying passengers and cargo to every country in the globe.

The nation, through the United States Shipping Board, is flinging a new Declaration of Independence to the world, independence of foreign vessels, for American travelers and commerce.

With a proud merchant fleet numbering 3,700 vessels of 19,533,390 deadweight tons (not including small ships), according to official figures compiled to May 1, it is now "up to" the people of the United States to keep that fleet on the United States Shipping Board owns and controls 1,720 vessels of 11,123,406 deadweight tons.

"We must take the huge corporation, the world has ever known, and make it an institution of which every American will be proud," declares Albert D. Lasker, chairman of the United States Shipping Board.

"Our Merchant Marine must be sustained if it is to be permanent," declared Rear Admiral W. S. Benson, commissioner of the United States Shipping Board.

Not only in quantity does the American fleet excel, but in quality. Here are some of the features of many American passenger vessels to which the traveling public has been accustomed only on big foreign liners—public rooms with palatial lounges and music rooms; palm garden verandas and writing rooms; ball rooms, glass enclosed promenades, swimming tanks, twin beds, shower and tub baths.

After forty-six years service in the United States Navy, during which time he saw the American flag, except on ships of war, almost disappear from the ocean, and now figures as the greatest single "up to" the people of the United States to keep that fleet on the United States Shipping Board owns and controls 1,720 vessels of 11,123,406 deadweight tons.

"We have the ships," he declares. "The United States Shipping Board is using every endeavor to build up this vast fleet into a profitable enterprise, but we need the cooperation of every American."
