Railway Board Is Requested to Make Rate Readjustment

Representatives of Steel Industry, Hardware Men and Grocers Give Views At British Columbia Hearing In Vancouver.

Vancouver, Oct. 20.—Representatives of the iron and steel industry in British Columbia, wholesale hardware men, wholesale grocers and coffee importers testified this morning in the western freight rates case before the Board of Railway Commissioners.

The Vulcan Iron Works is unable to compete with Winnipeg firms in the Crow's Nest district of Alberta and British Columbia because of the freight tariff, Ernest Gadd told the Commissioners.

Representing the wholesale hardware interests, R. P. McLennan stated that commodities such as paint, rope, wire rope, roofing, brooms, wire nails, bar iron, nuts and bolts, chains and stoves were manufactured in British Columbia to-day.

Presenting the steel manufacturing industry, A. B. Weeks said that with the adverse margin of freight rates working against the Province, it was impossible to compete in markets east of the mountains—legitimate territory for British Columbia manufacturers.

Speaking for the steel manufacturing industry, A. B. Weeks said that with the adverse margin of freight rates working against the Province, it was impossible to compete in markets east of the mountains—legitimate territory for British Columbia manufacturers.

W. F. McClintock, for the wholesale grocers and manufacturers, declared Vancouver wholesalers paid \$135 more per car for the same mile, than Montreal could ship a distance of 1,202 miles for \$206.50 less per car than Vancouver.

The Railway Commission is to hold a sitting in Victoria next Monday.

OPPOSE LIFTING OF CATTLE EMBARGO

Farmers' Groups in Britain Raise Objections Monthly Meetings of Experts and Farmers

London, Oct. 20.—(Canadian Press Cable)—The council of the National Farmers' Union resolved to instruct the union members to take every step to oppose importation of store cattle.

It has also resolved to instruct the members of the National Agricultural Council who belong to the Farmers' Union, to support all resolutions brought before the Council with the object of opposing the lifting of the embargo.

The intelligence department of the Ministry of Agriculture has struck a new line. A meeting will be held on the third Wednesday of each month in order to unite in friendly and informal talk farmers and experts who may be able to help them in their difficulties.

Not Considered. London, Oct. 20.—(Canadian Press Cable)—The Daily Telegraph understands the Cabinet has had no time to give consideration to the Finlay commission's report on the cattle embargo.

Paris, Oct. 20.—Premier Gounaris and Foreign Minister Baltazos of Greece arrived here to-day. It was announced before they left Athens that their mission to Paris would be to lay the financial situation of Greece before the French authorities.

RULINGS ON FREIGHT RATES IN STATES. Washington, Oct. 20.—Decisions by the Interstate Commerce Commission in pending cases involving requested reductions in the freight rates on grain, hay and feed and lumber were understood to be imminent to-day after a conference on the railroad situation in which President Harding, Chairman McPherson of the Commission and Acting Attorney-General Goff participated.

TRADE OF GERMANY SHOWS INCREASE. Berlin, Oct. 20.—Figures showing exports from Germany during July, which have been issued here show an increase for that month over June, while the imports also increased.

OFFTAWA THREATRE DESTROYED BY FIRE. Ottawa, Oct. 20.—The Dominion Theatre here was completely destroyed by fire which broke out at 6 a. m. to-day. The building had a frontage of about 120 feet and was used for vaudeville and stock companies.

Fireman Fell and Is in Critical Condition. Ottawa, Oct. 20.—The Dominion Theatre here was completely destroyed by fire which broke out at 6 a. m. to-day. The building had a frontage of about 120 feet and was used for vaudeville and stock companies.

BORDEN TO GO TO WASHINGTON NOVEMBER 4

Ottawa, Oct. 20.—(Canadian Press)—It was unofficially stated here this morning that Sir Robert Borden would leave Ottawa for the United States capital on Friday, November 4. The conference on limitation of armaments and Far Eastern questions is to commence November 11.

ECONOMY LEADS KING TO LEAVE YACHT AT ANCHOR

London, Oct. 20.—(Canadian Press)—King George announced this morning that owing to the state of economy he cannot afford to fit out the royal yacht Britannia for the yacht races next year. "This is a great disappointment," it is stated, "as there is no sport the King enjoys more."

B. C. Business Men Open Fight on New Taxes; Oliver Hints Increase

Manufacturing and retail business interests of British Columbia joined forces to-day to protest to Premier Oliver and members of the Government against the proposal to hand over to the municipalities the collection and benefit of the personal property tax.

Speakers from Vancouver and Victoria, heading a delegation of more than 100 business men who crowded the executive chamber, declared that the personal property tax was unfair, is class legislation and would kill business.

"Nothing would give me greater pleasure than to be able to cut the taxes of the people in half or abolish them altogether," said Premier Oliver in reply.

"I must tell you frankly that if the Province and the municipalities are to meet their obligations there must be a decided increase in taxation." J. B. Thomson, President of the British Columbia branch of the Canadian Manufacturers' Association, declared that the personal property tax was class legislation and therefore not economic.

The continued imposition of this tax, which yielded \$24,000 last year to the Government and which is to be turned over to the municipalities next year, would result in the stagnation of industry, said Mr. Thomson, and would mean the closing of many of the industrial enterprises.

"Thanks for that," said the Premier, and laughter followed. "I am not associating for favors," said Mr. Thomson, "but only for fair treatment, and feel that when our case is considered on its merits we should receive this. But to continue the imposition of harsh taxation will be disastrous. For instance, I could name one large firm in Vancouver, the head of which said that if he had to pay income tax and personal property tax he would simply cut his stock down to one-third, fire two-thirds of his employees, cut his floor space to one-third, get down to a working basis and conduct our business from the East. The country does not want this to happen, and fair taxation is what we want; the situation can be avoided."

"Formidable Array." J. A. Cunningham spoke for the Canadian Manufacturers' Association, B. C. Manufacturers' Association, Employers' Association of B. C., The Mining Association, Master Builders and Contractors Association and the Transport and Cartage Association.

Eric Haber appeared for the Timber Industries Council, the B. C. Lumber and Shingle Manufacturers' Association, the B. C. Loggers' Association, the Mountain Lumber Manufacturers' Association, the Shingle Agency of B. C., the pulp and paper companies of B. C., Timberholders' Association of B. C., Pacific Coast Shippers' Association, and the B. C. Cattle Raisers' Association.

The eleven so-called "standard" union marked time to-day, awaiting the outcome of the labor board meeting.

At Meeting. Present at the union conference were Warren S. Stone, general chief of the Brotherhood of Locomotive Engineers; L. A. Sheppard, president of the Order of Railroad Conductors; W. C. Lee, president of the Brotherhood of Railroad Trainmen; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers; and T. C. Cashen, president of the Switchmen's Union of North America.

DEBATE SALARY FOR THEIR LEADER. Great War Veterans Hold Convention Discussion Various Viewpoints Stated by Delegates

Port Arthur, Ont., Oct. 20.—(Canadian Press)—Matters of internal importance occupied the attention of the Great War Veterans' Association convention this morning. The recommendation of having a paid president was thoroughly debated and opinions aired viewing the question from all angles.

Federation. Acceptance of membership in the British Empire Service League will be the first step taken by the Great War Veterans' Association in connection with the federation of returned soldier bodies in Canada. This was a decision made yesterday.

It was further agreed to perfect a federation with a view to amalgamating Dominion headquarters of the British Empire Service League should be immediately organized, it was declared. The Dominion executive of the G. W. V. A. was instructed to invite the executive officers of equal rank in existing chartered service men's organizations to cooperate with it to that end.

"Main Street," Most Talked Of Novel, To Be New Serial of Victoria Times

"Main Street," the outstanding novel of 1921, will be published as a serial by The Victoria Times. The first instalment will appear on Saturday.

This story by a young Yale graduate does not follow any rules common to "best sellers," does not truckle to a popular taste, but leads the list of book sales this year. More than 300,000 copies of "Main Street" have been sold already and the demand is increasing.

It is the outstanding fiction success since the end of the war! That is why The Times has bought it for publication in Victoria. At the Victoria Public Library the demand for "Main Street" is so great and the waiting list so long that the Library will not be able to satisfy it until well into next year.

Read "Main Street" every night in The Times. Watch for the first instalment.

OBSERVERS REPORT EARTH SHOCKS

Georgetown Seismograph in U.S. Made Record To-day

Gonzales Instrument Made Markings Last Night

Washington, Oct. 20.—Pronounced earthquake shocks beginning at 1:13 a. m. and continuing until 5 o'clock were recorded to-day at the Georgetown University seismographical observatory. The centre of the disturbance was estimated at about 4,400 miles from Washington.

Last Night. Seattle, Oct. 20.—Earthquake shocks of moderate intensity, probably centred at a great distance southeast of Seattle, were recorded on the seismograph at the University of Washington last night. The shocks began at 10:27 p. m. and continued for more than an hour.

The shocks last night reported in the Seattle dispatch were apparently recorded by the seismograph of the Gonzales Observatory in Victoria. The marks, however, were not very clearly defined.

RAILWAYS GIVE STEEL RAIL ORDERS

Mills to Work for C.N.R. and C.P.R.

Sydney, N. S., Oct. 20.—A contract for 20,000 tons of steel rails at the Sydney mills has been signed by the Dominion Steel Corporation and the management of the Canadian National Railways, it is learned here. The order will keep the steel plant going for nearly two months.

For C. P. R. Toronto, Oct. 20.—The Algoma Steel Corporation is in receipt of an order for 32,000 tons of steel rails for the Canadian Pacific Railway, according to news which reached here. Some weeks ago the same corporation received an order for 25,000 tons from the C. P. R. With these orders the company's plant at the Soo will be kept busy probably until the end of the year or longer. The industrial outlook at the Soo is now considered much brighter.

LUNCHEON CANCELLED

NEW MINISTRY IN PORTUGAL

Revolution Led to a Speedy Change

Overturn Was Bloodless, Says London Dispatch

London, Oct. 20.—After a bloodless revolution in Portugal, a Ministry has been formed and is in full control at Lisbon, it is stated in dispatches received at the Portuguese Legation to-day.

Disorders. Badajoz, Spain, Oct. 20.—Serious disorders attended the military movement against the Portuguese Government which broke out in Lisbon Wednesday, it is said in advices received here.

The trouble began when the Cafe Brasileira, a political rendezvous, was closed, citizens and the Republican Guard coming into collision. In the ensuing demonstration there was rifle and revolver firing. The number of casualties is not known. Sailors became involved and fired upon a crowd, wounding a number of persons.

Students and the police also came to blows. The police have arrested numerous persons.

WOMAN CARRIED BODY OF CHILD MILES TO GRAVE

North Bay, Ont., Oct. 20.—The story of a woman walking for miles through deep mud to lay the body of a child of a settler in a grave dug with her own hands was told during yesterday afternoon's session of the Women's Institute of the North, which closed its convention here last evening.

The heroine of the narrative was Mrs. A. H. Willet of Cochrane, who was interrupted during her recital of the need of help among the northern settlers by a delegate to the convention who told the audience of the work which Mrs. Willet has carried on for years, practically without recompense, aiding the families of settlers in the Cochrane district.

Belfast, Oct. 20.—Two persons were wounded during firing which occurred in the Stanhope Street area between military and snipers last night. One of the injured is a young girl.

MONTREAL ELECTION.

Montreal, Oct. 20.—The final figures in the Mayorality election here Tuesday show Mayor Martin was re-elected by 53,024 votes against 22,600 ballots cast for his opponent, Luc Rochefort, a majority of 30,424.

POLICE OF PARIS SEEK PLOTTERS

Investigation Follows Attack on U.S. Ambassador

U. S. CONSULATES IN FRANCE GET THREATENING NOTES

Paris, Oct. 20.—Retaliatory measures in the event of the execution of the two Italians, Sacco and Vanzetti, convicted of murder in Massachusetts, are threatened against the American consulates in Paris, Bordeaux, Lyons and Marseilles, in letters received at those consulates to-day signed by Communist organizations.

A Clue. Paris, Oct. 20.—French experts examining several hundred letters sent recently to Myron T. Herrick, American Ambassador to France, today discovered one which they believe may furnish a strong clue in tracing the maker of the bomb which exploded in Mr. Herrick's home here yesterday.

The letter was addressed to the Ambassador personally, and was received by him at the American Embassy, October 14. It is said to have contained a threat to kill him "by scientific means" which the writer declared he had in his possession.

The experts to-day believed they saw a striking similarity between the handwriting of the letter and that of the address on the box which contained the bomb.

Still There. The attention of the police has been directed toward a certain number of American citizens who, although banished from France, are known still to be in the country. The first searches, however, it was said, probably will be made in Anarchist and Communist circles, as the crime is regarded by the police as the result of a Communist campaign against the conviction for murder of Nicola Sacco and Bartolomeo Vanzetti, two Italians, by a Massachusetts court last Summer.

War Bomb. Paris, Oct. 20.—Police authorities investigating the explosion of an infernal machine yesterday, in the residence of Myron T. Herrick, American Ambassador to France, report that apparently a British bomb which was used during the war was concealed in the package sent to the Ambassador.

Mr. Herrick's valet recognized the sound given out by the package when it was opened as being that of a bomb. He was formerly a soldier in the British forces in France.

GREEKS REPORT THEY DEFEATED TURKISH TROOPS

Athens, Oct. 20.—Turkish Nationalist forces have been defeated in a sharp battle along the southern end of the battlefield in Asia Minor, says an official statement issued here.

The fight began on Monday and lasted two days, the enemy hurling savage attacks against the Greek positions over a wide front. Following these assaults, the Greeks are said to have pursued the Nationalists toward the east and southeast.

ELECTION PROTEST WAS DISMISSED

Montreal, Oct. 20.—The protest lodged against the election of Hon. Rodolphe Lemieux as member of Parliament for Maisonneuve by J. A. Cadoux, an elector in March, 1918, was yesterday dismissed in the Superior Court by Mr. Justice Bruneau, owing to the failure of plaintiff to appear.

TO WELD ALL INTO A GREAT CANADA

Task of All in Country Says Gouin Lesson of Past Devotion and Courage

Queen's University Honors Quebec Ex-Premier

Kingston, Ont., Oct. 20.—The harmonious development by the two, great races, English-speaking and French-speaking, of their joint heirloom, Canada, formed the keynote of the address of Sir Lomer Gouin, K. C. M. G., in receiving the degree of L.L.D. from Queen's University at the Autumn Convocation ceremonies here last night.

"God has destined us to form links of the same chain and to weld together into a new nation the best qualities of England, Scotland, Ireland and France," said Sir Lomer. "The past teaches us that we have much in common and that the rivalries of old between England and France do not require the offspring of our two races to consider each other as hereditary enemies. We must retain from the past only its lessons of devotion and courage. To whatever race we belong, and whatever faith, party or class, we must try with all our heart and soul to realize in fact the national unity of our gigantic Dominion and give our country more than its constitutional unity—to make it actually one and indivisible."

"Any man in Canada who does not treat upon equal terms the French-Canadians because they descended from another race, any man who does not grant to all his fellow-countrymen the fullest measure of fair play is not a good citizen because he does not work toward that harmonious development."

AUSTRALIAN WHEAT SOLD IN GERMANY

London, Oct. 20.—(Canadian Press Cable)—The crop of Sydney, N. S. W., correspondent states that William Fraser Dunn, Minister of Agriculture of New South Wales, asserts that the "Victoria" voluntary wheat pool has sold a large quantity of wheat to Germany at 52 cents a bushel.

BOTTOMLEY TRIAL ATTRACTS CROWDS

Bigland Libel Suit Heard in London

London, Oct. 20.—(Canadian Press Cable)—The case of Sydney, N. S. W., correspondent states that William Fraser Dunn, Minister of Agriculture of New South Wales, asserts that the "Victoria" voluntary wheat pool has sold a large quantity of wheat to Germany at 52 cents a bushel.

Mr. Bottomley, M. P. and publisher of "John Bull," bases his action on a pamphlet in which it is alleged he was accused of attempting to defraud the public in connection with his "Victory Bond Club."

Many dramatic moments occurred when a long chain of questions was being put to Bottomley by Bigland's counsel.

"Never, never, never," was Bottomley's repeated answer to questions which sometimes suggested that he had been a party to collusion in the libel action.

To Soldiers' Fund. Pressed by counsel regarding payment for patriotic lectures delivered by him in music halls and elsewhere during the war, the complainant declared the surplus after the deduction of expense had gone to the John Bull Soldiers' and Sailors' Fund.

Bottomley indignantly repudiated the suggestion that he had once declared in a music hall that he was not receiving a penny for the lecture although at the time he had a cheque for the lecture in his pocket.

A sharp passage developed between the magistrate and Bottomley's counsel, Sir Ernest Wild, who, rebuked by the magistrate, threatened to withdraw from the case if not allowed to "protect his client."

Books. The case was adjourned after Bottomley had declared his intention of not producing the books in connection with the Victory Bond Club unless the court especially ordered, to which the judge replied: "The books ought to be produced. I shall draw any inference I like from their non-production."

Immense crowds assembled outside the court, and had to be controlled by police. The majority cheered Bottomley when he emerged.

CHAPTER TO HELP THE GIRL GUIDES

Will Support Effort to Secure Own Premises

Duncan, Oct. 18.—Major Garnett who with his wife and two children and his mother lately arrived here from England, has purchased the house and part of the property on Quamichan Lake belonging to F. C. M. in Thurn. They expect to move in at the beginning of November. Mr. and Mrs. in Thurn will reside in their cottage until the Spring, when they intend to build on their adjoining land.

The monthly meeting of the Cowichan Chapter, L.O.D.E., held in the Cowichan Women's Institute rooms this afternoon was very well attended. It was reported that the pictures and books which the L.O.D.E. had purchased for the High and Public schools had arrived from the East, and it was decided to try and arrange for the presentation of these on Armistice Day, if convenient to the principals of the schools.

Four new members were enrolled, Mrs. Macemith, Mrs. Bruce Powell, Mrs. A. E. Green and Miss N. Robertson.

After some discussion it was unanimously agreed upon that the chapter would help the Girl Guides in the building of a hall, which they are sadly in need of. Miss Denny, R.R.C. district commissioner, who was present at the meeting, on the invitation of the regent, gave a most instructive talk on the duties and aims of the Guides. She told how the idea was first scotched at, but that now it was recognized as one of the finest movements, and had the greatest attractions. Miss Denny said that Guides had to promise to be loyal to God and King, to help other people at all times and to keep the Guide laws. The first principles taught them are loyalty, helpfulness and obedience. They started here in 1915 with a patrol of eight, and now they number over fifty. As a girl cannot be a Guide until she is eleven years old, and so many younger children were eager to have something of the same, it was found necessary to start the "Brownies." These are girls over seven and under eleven years of age, and they started with fifteen and number forty.

The Guides Committee gave a dance last week to help towards the building, but this was not a financial success and a small deficit would have to be met. Mr. Scholey, of the Duncan Opera House, has most kindly offered his hall free of charge for another entertainment, and Mrs. H. C. Martin's orchestra have most generously offered their services for nothing, so it was decided to hold an entertainment and dance in the near future, which it is hoped the public will patronize so that something can be raised to start the "Girl Guides Hall." The probable date of the entertainment will be November 17. Colonel Eardley-Wilmot, president of the Navy League, had written asking if the institution would help on October 21, Trafalgar Day, by tagging for the league, and it was decided that the L.O.D.E. would do this, and several ladies offered their services. It was decided to hold the next social evening in the Institute rooms on Thursday November 24. A standing vote of thanks to Mrs. Tisdall was given for the loan of her home for the last social evening.

PLANS TO CREATE MORE EMPLOYMENT

British Discuss Scheme Lloyd George Outlined

London, Oct. 20.—(Canadian Press Cable)—Premier Lloyd George's proposals for the extension of the trade credit system and for assistance in raising capital for industrial undertakings as unemployment measures have been well received by the big industries. Details as far as published leave little room for criticism. Both schemes are being thoroughly discussed and regarded as sound and workable. Separate committees are being established to deal with the two proposals.

It is understood the Government offered to leave the management of the credits system in the hands of the leading bankers but the latter decided that the scheme should be managed by a committee within the Overseas Trade Board.

It is noteworthy that the conferences on this subject have been of the friendliest character, the bankers giving every assurance of future assistance.

As a part of the Government's plan of alleviation, Premier Lloyd George told the Commons yesterday that the Government proposed to ask Parliament for an appropriation of another £300,000, to enable ex-servicemen to emigrate to the Dominions, where, he said, 60,000 already had settled, with Government assistance.

Mr. Lloyd George declared it was obvious that neither the exporter nor the importer could build upon "an acrobatic basis of exchange."

It was proposed, he said, to raise the guarantee to traders from 85 to 100 per cent, and to fix a maximum for each firm to be determined by an advisory committee.

Costs Too High.—The Premier said the cost of production was too high and that a second difficulty was that of raising capital for some enterprises. He declared the Government proposed to assume power, on certain conditions, to guarantee the payment of interest on loans to the amount of £25,000,000 to be raised for purposes of carrying out capital undertakings providing employment or for the purpose of materials for manufactures. The Government also proposed, he said, to allocate £10,000,000 for the assistance of relief work, forestry and land drainage.

Another proposal was for the establishment within six months of a fund for workers' pensions. Out of this fund the unemployed workers who were receiving unemployment benefits would receive grants toward the maintenance of their wives and children. The grants would be subject to a maximum limit of nine shillings a week at a weekly rate of five shillings for the wife and one shilling for each child. The grants would be met by a Government levy on contributors to the unemployed insurance fund, as follows: Two pence each from the employers and the employees and three pence from the Government.

Committee.—Concerning the proposed guarantee of interest on loans raised by any Dominion or Colonial Government or any foreign Government or local authorities for essential enterprises such as electrification and waterways, which would provide immediate employment in the United Kingdom, the Premier explained that the total liability of the Government would be £25,000,000, and that a committee of men of high authority and knowledge would be created to administer the scheme.

Asquith Spoke.—London, Oct. 20.—(Canadian Press Cable)—Former Asquith declared in the House of Commons yesterday that the system of doles to the unemployed was demoralizing. The policy of starting relief works was not so objectionable, although they were only a temporary palliative. He said the real difficulty in connection with the exchange situation was the violent fluctuations. He partly blamed the peace treaties for the trade slump and urged reconsideration of them. Mr. Asquith pointed out that a very large proportion of the British export trade had gone to the Dominions before the war. It was all the more important that Britain should develop that tendency, as the Dominions supplied Great Britain with essential commodities. There was no reason whatever why healthy, progressive inter-Empire trade, assisted on sound lines by the Government, should not overtop British trade with Europe which had largely been lost through the war.

Co-operation.—Mr. Hon. J. H. Thomas, Labor leader, said the Government's programme indicated that in future Parliament must increasingly accept the responsibility for providing the masses with employment and contentment. He complained that the scale of relief for the unemployed was inadequate, but although the Government's measure fell short of what was required, he urged the House of Commons to co-operate with the Government and make the best use of its proposals in order to relieve the poor. He agreed that reduction of costs was of vital importance—that it was essential for workmen to endeavor to contribute towards the relief of the unemployed that wages were not the sole element in production.

Building.—London, Oct. 20.—(Canadian Press Cable)—With a view to the opening of further channels for the relief of unemployed, the Board of Education of London has petitioned the local authorities encouraging them to submit for consideration or reconsideration the proposals for the extension of the schools.

MAN IS 106.—Ottawa, Oct. 20.—(Canadian Press)—Nobert Barnabe, celebrated his 106th birthday yesterday by doing his customary chores around his home here. Barnabe's mother lived to be 110 and he has a sister 93 and a brother, 96, both hale and hearty. Nobert says he never smoked or tasted liquor.

TWINS NAMED.—Amherst, N. S., Oct. 20.—Mr. and Mrs. Walter T. Goodwin of this town, have announced that the twin boys born to them this week are to be named Arthur Meighen and Mackenzie King.

Mr. Asquith pointed out that a very large proportion of the British export trade had gone to the Dominions before the war. It was all the more important that Britain should develop that tendency, as the Dominions supplied Great Britain with essential commodities. There was no reason whatever why healthy, progressive inter-Empire trade, assisted on sound lines by the Government, should not overtop British trade with Europe which had largely been lost through the war.

Co-operation.—Mr. Hon. J. H. Thomas, Labor leader, said the Government's programme indicated that in future Parliament must increasingly accept the responsibility for providing the masses with employment and contentment. He complained that the scale of relief for the unemployed was inadequate, but although the Government's measure fell short of what was required, he urged the House of Commons to co-operate with the Government and make the best use of its proposals in order to relieve the poor. He agreed that reduction of costs was of vital importance—that it was essential for workmen to endeavor to contribute towards the relief of the unemployed that wages were not the sole element in production.

Building.—London, Oct. 20.—(Canadian Press Cable)—With a view to the opening of further channels for the relief of unemployed, the Board of Education of London has petitioned the local authorities encouraging them to submit for consideration or reconsideration the proposals for the extension of the schools.

MAN IS 106.—Ottawa, Oct. 20.—(Canadian Press)—Nobert Barnabe, celebrated his 106th birthday yesterday by doing his customary chores around his home here. Barnabe's mother lived to be 110 and he has a sister 93 and a brother, 96, both hale and hearty. Nobert says he never smoked or tasted liquor.

TWINS NAMED.—Amherst, N. S., Oct. 20.—Mr. and Mrs. Walter T. Goodwin of this town, have announced that the twin boys born to them this week are to be named Arthur Meighen and Mackenzie King.

REPORTS ABOUT NAVY BASES UNTRUE

British Admiralty Official Denies Extension Plans

London, Oct. 20.—The reports that Great Britain was planning the establishment of naval bases in the Bermudas, and at Singapore or elsewhere were termed "pure imagination" to-day by an Admiralty official, who declared he was unable to understand what Premier Hughes, of Australia, was referring to in his recent speech on the subject.

A dispatch from Melbourne yesterday said: Premier Hughes, speaking to-day in the House of Representatives of the Commonwealth, said the question of a British naval base in the Pacific was discussed at the recent conference of the Empire, and that a decision regarding it was reached. He added, however, that the base would not be at Singapore.

PERIOD OF SILENCE ARMISTICE DAY

Ottawa, Oct. 20.—(Canadian Press)

In compliance with the request of the British Colonial Office, the Canadian Government will shortly issue a proclamation calling upon all Canadians to observe the two minutes of silence from 11 o'clock in the forenoon until two minutes after on Friday, November 11, the anniversary of the actual signing of the armistice. Special commemoration ceremonies will be held Monday, November 7, as provided by the act passed at the last session of Parliament.

The two minutes of silence will be observed on November 11 in order to make this mark of respect to those who fell and in memory of the ending of the war uniform throughout the Empire. As usual all movement will cease for the period, including ships and trains. The ceremonies on the legal holiday, November 7, will be under the supervision of local patriotic and soldier organizations.

CRERAR'S PLAIN QUERY.

According to the Prime Minister the grain growers of Western Canada have spent more on political propaganda than the Government has spent. Mr. Crerar took occasion to deal with this charge in his address to the people of Woodstock last night and his retort has a double edge. He tells Mr. Meighen that the statement is not in accordance with the fact; but he also reminds him that if the charge were supported by the truth the money involved would be none but that of the farmers themselves. Nor is Mr. Meighen going to escape with a plain denial and an obvious statement of fact from Mr. Crerar. The Progressive Leader repeats his question concerning the origin of the funds upon which the Government is conducting its campaign. "I have already asked Mr. Meighen that question," comments Mr. Crerar. "I now ask it again." This is just about as far as the Progressive leader wandered from the moral issues whose discussion he prefers to excursions into the doubtful and dangerous realms of personalities. If the Prime Minister does not choose to answer the simple question asked he had better remain dumb on the subject for the rest of the campaign.

ORGANIZING THE T. B.

Ten thousand former members of the Canadian Expeditionary Force have organized themselves into a national body which will be known as the Tubercular Veterans' Association of Canada. Its inception has been brought about chiefly because the Dominion Government has failed to appreciate the necessity of special treatment in the case of its tubercular patients. At its first annual convention in Winnipeg yesterday officers were elected and a general plan of campaign mapped out.

How necessary it has become for the afflicted men themselves to take the initiative where the Dominion Government has woefully failed needs no repetition. It is beginning to get to be an old story and there are no indications that the authorities are moved by the need of a policy to deal with the menace of tuberculosis either in discharge of an immediate obligation to the afflicted ex-service man or in satisfaction of an obvious national demand.

The fact that it should be necessary at this stage of human progress for one of the speakers at the Winnipeg gathering to inform the people that a "trained" tubercular subject is an educational agent and not a menace to his fellow men affords a striking commentary upon the short distance which has been traversed towards understanding one of the greatest physical dangers to which humanity is exposed.

GETTING BOLDER.

Although the Prime Minister preferred to be somewhat ambiguous when discussing the geographical origin of the Farmers' Movement in New Brunswick the other day the Hon. Hugh Guthrie apparently sees no reason why Mr. Crerar and the general public should be left in doubt. At Clinton yesterday and in the hearing of his leader the Minister of Militia informed an audience that the Progressive platform had originated in the minds of immigrants from the United States who were trying to make a clear patch between them and the land they had left. Neither the Prime Minister nor Mr. Guthrie appears to have mentioned the names of those former political stalwarts who transferred their allegiance from one or other of the old parties to favor the Progressive cause. Neither the Prime Minister nor Mr. Guthrie seems to

have explained to the good people of Clinton that half a dozen of the Farmer Parliament of Alberta are men who came from Great Britain and not from the United States. Neither apparently considered it necessary to explain how these "immigrants from the United States" would be likely to make "a clear patch between them and the land they had left" by shouting themselves hoarse for an increase of fifty per cent. in the British preference. It is only fair to the intelligence of a Clinton audience to assume that the ministerial explanations were quite unnecessary.

WELL SAID.

Commenting upon the national tributes which Great Britain and the United States have paid to the "unknown warrior" of each country The New York Times observes in part as follows:

"At the moment when the greatest and most lasting cause of misunderstanding and irritation between Great Britain and the United States seems about to be removed this symbolism of substantial sympathy and good feeling that exists between the two countries is especially grateful and gracious."

If the press of both countries would take our New York contemporary as the pattern of understanding where Anglo-American relations are concerned such few reminders of friction as may still remain would soon disappear.

SILLY TALK.

Within the last forty-eight hours the inventive faculty of some enterprising journalist has been given full rein to conjure up what the British Empire would do in the event of the forthcoming conference at Washington turning out to be a failure. One part of the programme suggested is a great navy in the Pacific to which the Dominions would contribute according to their interests in problems near to their shores.

Another incidental detail is mentioned in The Daily Sketch and concerns itself with the establishment of a first class naval base at Singapore—or an alternative base of less importance in Australia—and the conversion of the Bermudas into a station of the first class. It is conveniently pointed out, however, that if an agreement is reached at Washington the arrangement would be countermanded. These sort of rumors and suggestions are not good business at this stage. They will not influence the delegates in the slightest particular. On the other hand they might easily result in exciting the public mind at a time when every ounce of sentiment should be devoted not to alternatives of failure but to demands for success. Happily the British Admiralty has described the yarn as "pure imagination."

REGISTER AND VOTE.

It should not be necessary to remind the people of Victoria that unless those who are eligible to vote at the annual civic elections take the precaution to register their names at the City Hall before the last day of this month they will have no voice in the selection of their public officials for the next term. Nor should it be necessary to remind the electors that unless they manifest practical interest in the affairs of the community by going to the polling booth at the appointed time they will have no solid ground for complaint if the personnel of a Council or a School Board or a Police Commission should fail to please them. The franchise is a precious right and it should be exercised. Public apathy towards questions which concern the life of the community is deplorable in itself. To ignore the fundamental privilege of our democratic existence is unpardonable.

NOTE AND COMMENT.

It is not true that a measure is contemplated for preventing tourists from following the birds to Victoria. It is pointed out that the average politician is not "up in the air" long enough to give the interested parties a fair show in committee.

If any religious denomination imagines it can trap the British Prime Minister where half the statesmen of the world have failed his reply to a Springfield

body should set all doubts at rest. He has been claimed by the Disciples of Christ and by the Baptists and he was asked to make known his precise affiliations. Mr. Lloyd George wrote to the effect that he is a member of the Disciples of Christ; but attends the Baptist Church.

The morning paper says the farmers are thinking in terms of agricultural implements and not in terms of the national industrial situation. And yet we seem to recall its advocacy of greater agricultural production in this and other Provinces.

Long range salutes might well be adopted as the permanent custom at the annual opening of the Provincial Legislature. The legislative pile gets more than its share of "fireworks."

Those members of the local House who are not quite sure of their independence or political leanings should conduct a searching inquiry before the real business of the session commences.

If the notion of the Leader of the Opposition gets before the local Legislature it will probably provide an opportunity for a large number of speeches. We shall have one guess at the number of settlers it will assist on the land.

POLICE OF PARIS SEEK PLOTTERS

(Continued from page 1.)

Wrappers Examined. Fragments of the wrapper of the deadly package are being examined in the hope that it may be possible to trace its origin. It was badly shattered by the explosion, however, and there appears to be little hope of determining who the criminals are.

Paris newspapers to-day voted horror at the outrage and printed long accounts and photographs showing the wrecked room in the Herrick residence. J. Humant declared the police might use the incident in their campaign against the Communists. Number Suspected. The entire detective force of Paris under the personal direction of the Prefect of Police, worked throughout the night in efforts to trace the makers of the bomb. No arrests had been announced by the police up to noon to-day, but it was said a number of persons were under surveillance and that two clues formed the basis for further investigation.

Mr. Herrick's valet, who was hit by pieces of the bomb, probably will leave the American Hospital to-morrow as his injuries have proved to be slight. An X-ray is being taken to-day to determine the exact location of the fragments, which his physicians say could be removed with difficulty.

Guarded. The Embassy was carefully guarded to-day by policemen and detectives. Experts at the city laboratory had completed examination of fragments of the bomb and confirmed earlier reports that it was of British make and the best work of the highest awards for valor on the graves of the British and United States "unknown soldiers."

DEATH SENTENCE.

Roseburg, Ore., Oct. 19.—Sentence of death by hanging is to be pronounced Saturday morning upon Dr. R. M. Brumfield, according to announcement in court after a verdict was returned at midnight by the jury which today heard the hearing of the story of the wrecked automobile and the headless body of Dennis Russell.

HOROSCOPE.

THURSDAY, OCTOBER 20, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.)

This is read as rather a doubtful day by astrologers. While Jupiter and Saturn are in benefic aspect, Uranus is strongly adverse. Under this planetary government trade and commerce should show improvement, but there may be certain conditions that retard widespread revival because Uranus is adverse. There is a sign read as strongly inimical to our national welfare, owing to its effect upon the vision of those who wield power in legislative affairs.

Saturn seems to promise recognition of service for the aged in various walks of life. Honors to heroes and public servants of every class are foretold. Reactionary tendencies that make for wise conservation are to be strong during the last week of the year. The horoscope of the President of the United States contains the best aspects for the next few weeks and he will continue to gain great popularity. Uranus is in a place believed to encourage intrigue and deception. Crimes that require cleverness will be numerous. One of the signs of the times will be the introduction of ingenious inventions that make for labor-saving and contribute to changes in domestic customs. Return to home-making and to simpler conditions of living is forecast. Cities are to lose many residents in the newer scheme of things, which will be a step beyond suburban life.

Lloyd George is to meet with much trouble in the life of his life, according to the prophecy of a London astrologer. Denmark is now said to be subject to a sinister rule of the planets. Persons whose birthdate it is have the augury of a year of success, but they may have many obstacles that are nerve-racking. Children born on this day have rather a doubtful and unsettled life that will unfold most profitably. They are likely to be generously endowed with talents.

FRESH PROOF OF FRIENDSHIP BETWEEN BRITAIN AND U.S.

New York, Oct. 20.—(Canadian Press)—"Each country has done its utmost to honor the unknown soldier of the other," says The New York Times, in commenting on the bestowal of the highest awards for valor on the graves of the British and United States "unknown soldiers."

LLOYD GEORGE DECLARES CHURCH AFFILIATIONS

Springfield, Ill., Oct. 20.—Controversy over the religious affiliation of Mr. Lloyd George, Prime Minister of Great Britain, who had been claimed by both the Disciples of Christ and the Baptists, was settled to-day by Mr. Lloyd George himself after the manner of a Solomon choosing neither the one nor the other, but claiming them both.

GREEK-TURKISH PEACE EFFORT

Constantinople, Oct. 19.—A British mission will soon proceed to Anatolia to sound the Nationalists regarding peace. The Ankara Government has already advised the British Embassy that the delegates would be welcome. The feeling in Constantinople is that cessation of the long-drawn out conflict in Asia Minor may possibly be in sight.

Ottawa.—A committee of the Cabinet has been appointed to visit the centres of population in Eastern Canada to secure the views of commercial men on tariff revision. The committee consists of Mr. Fielding, Sir Richard Cartwright and Mr. Paterson.

London.—A quiet celebration which, according to French newspapers, was designed to offset the visit of the Czar and Casaria to Paris occurred in Trafalgar Square to-day in commemoration of the Battle of Trafalgar.

It is now probable that the C.P.R. steamers will call regularly at the Outer Wharf since Lieut. George A. Lee, R.W.R., commander of the Empress of Japan, allowed Pilot Thompson to bring his steamer in yesterday afternoon.

JURY CRITICIZED BY TRIAL JUDGE

"No Bills" Returned by Vancouver Grand Jury

Statement Made by Mr. Justice Gregory

Vancouver, Oct. 20.—The grand jury this morning brought in a "no bill" in the case of W. D. Grant, Vancouver contractor, who was charged with the manslaughter of Gertrude Garland. This means that Mr. Grant will not come up for trial, but is freed of the charge.

The case arose out of an automobile accident. Grant was driving the car which carried Miss Garland, Madge Sawyer of Seattle, her sister, Mrs. Hewitt, and two or three men. The car smashed into a telephone pole and Miss Garland subsequently died of injuries received. Grant was arrested, charged with manslaughter and committed for trial. The action of the grand jury now frees him.

CONFERENCE PLAN IS SUGGESTED

United Typothetae of America and Printers

Toronto, Oct. 20.—The report of the committee on nominations laid before the convention of the United Typothetae of America yesterday included the names of J. Linton Engle, of Philadelphia, for president; J. C. Acton, of the Acton Publishing Company, of this city, for first vice-president and chairman of the executive committee, and Fred W. Gage, of Battle Creek, Mich., for treasurer.

"Ninety-Seven Per Cent. Versus Three Per Cent." was the subject of an address by Henry P. Porter, chairman of the committee on education. Referring to the strike, Mr. Porter thought it had taught a never-to-be-forgotten lesson. The combined result was that the printing unions had got the surprise of their lives, men breaking away from their unions and seeking jobs under private contract. The greatest result was perhaps the changing of many closed shops into open shops.

The speaker mentioned the meeting of the executive in July last Summer, and expressed the hope that both managements and printers might confer in such a manner as to prevent a recurrence of the conditions which had been existing since last May.

TWO SAILORS LOST THEIR LIVES

Marine City, Mich., Oct. 20.—Two members of the crew of the steamer William H. Wolf lost their lives when the vessel burned opposite here to-day, and Captain J. F. Hanson of Detroit, who escaped by jumping from the deck of his ship into a small boat, suffered fractures of both legs.

NOMINATIONS FOR HOUSE OF COMMONS

More Men Enter the Federal Field

Ottawa, Oct. 20.—Nominations of candidates for the Commons include: Restigouche, N. B.—P. Michaud, Liberal; Lunenburg, N. S.—Dr. D. Stewart, Conservative. Hants, N. S.—A. Parson, Conservative. Victoria and Halliburton, Ont.—T. H. Stinson, Conservative. North Grey—M. R. Duncan, Conservative. Marquette.

Winnipeg, Oct. 20.—At a Liberal convention held at Shoal Lake last night Edward Henry was selected to contest the Federal riding of Marquette.

North Toronto. Toronto, Oct. 20.—Mayor Church was chosen by the Conservatives of Gold Dues to contest the seat in the Federal House. Right Hon. Sir George Foster was the late member. Not a Candidate.

Montreal, Oct. 20.—"I am not, and will not be a candidate. You will see me for not giving any further explanation. I have given to this movement—I have given to this cause more than—(here Mr. Bourassa turned away from the audience visibly overcome with emotion, with tears running down his cheeks)—I can not value it, for that service is not counted. But my physical forces are worn out and can no longer bear the strain of carrying on an election campaign."

In the above words, Henri Bourassa made it clear that he was not a candidate on any platform for election at the forthcoming Federal general election in the constituency of Labelle County, as has been intimated recently.

Toronto, Oct. 20.—At a meeting of the labor representative committee of the Independent Labor Party held last night a resolution was passed repudiating the name of R. H. H. Marquette, secretary of the provincial Independent Labor Party in the South York riding.

ACCUSED CONVICTED OF ARSON; GIVEN THREE YEAR SENTENCE

Mike Seminoff Found Guilty of Saanich Arson Case

Completing the Assize calendar here Mike Seminoff, charged with arson, was sentenced to three years in the penitentiary yesterday afternoon by Mr. Justice Murphy. The jury returned after being out ten minutes, and asked for further evidence as to the movements of the accused from the night of the fire. Mr. Justice Murphy acquainted them of the fact that they would have to deal with the evidence already submitted after being out twenty-five minutes in all, the jury returned with a verdict of guilty.

Asked what he had to say the prisoner at first stated he wished to see a lawyer, and upon being told that the counsel he had previously engaged had refused to act, stated he had nothing further to add, beyond the fact that he was an innocent man, and not guilty of the crime with which he was accused. "I am not guilty," he states, "me innocent, I never done that thing in my life." Mr. Justice Murphy told the accused he had no option but to take the verdict of the jury and pass sentence.

Against Long Sentences.—This is a very serious offence, and circumstances make it still more so. The woman and children escaped from the burning house barely with their lives. I am averse to giving long sentences; but the accused could be sent to jail for life. I must consider not only you, but the effect upon the public; we cannot have people burning houses because they have a grudge against a man. I sentence you to three years in the penitentiary.

"Well, if you believe me, I do nothing," replied Seminoff as he was being led away by the police.

E. J. Sinnott, Jr., who was appointed by the Crown to act for the accused, whose lawyer had refused to proceed, entered but a brief defence, calling one witness.

Oswald C. Barton, acting registrar of the County and Supreme Court, testified that Seminoff had fled a mechanics lien against the property and house of Olga Drayman, and that this had been filed in May, the fire taking place in August.

In addressing the jury Mr. Sinnott stressed the point that a large amount of insurance had been placed on the house by Drayman, and that the accused would not likely burn the house which was his only living for the lien of \$140 still owing to him in wages.

J. S. Brandon, for the Crown, contended that the accused was the person who fired the Drayman house, giving his anger at the Draymans as the motive.

The fact that the evidence was circumstantial and not direct, in the main, was commented upon by His Lordship who pointed out, however, that direct evidence was impossible to obtain and not necessary, if the circumstantial evidence pointed solely to the accused as the originator of the crime, if crime there had been.

KING'S ROAD POLICY AND DELTA PEOPLE BEST SAYS PATERSON

"A.D." Makes Record Short Speech in Seconding Reply

In the shortest set speech that the Legislature has been treated to for some years A. D. Paterson told the House yesterday afternoon that his constituency, Delta, is the best in the Province and that his constituents are the best people in B. C.

This declaration was greeted with cries of members in all parts of the House who wanted to put in a good word for their own constituency.

Tom Uphill's voice was heard above all the others as he told Mr. Paterson that he had overlooked Fernie which had everything beaten.

Mr. Paterson said that he had planned to speak one and one-half minutes in seconding the reply to the Lieutenant-Governor's speech. He actually took a little more than three minutes and then the House was adjourned until Thursday afternoon.

Delta Municipalities Well Off. In his three minutes, Mr. Paterson said that he was pleased that the Government is dealing with the municipal financial question, although his constituency, being the best in the Province, with one municipal having no bonded indebtedness and the other two being financially strong, is not as vitally interested as some others where the municipalities are in bad shape.

Road Policy Best. "This Government has established the soundest road policy ever contemplated in this Province," Mr. Paterson said. "I have no hesitation in saying that."

Mr. Paterson went on to explain that under the Hon. J. H. King roads have been mapped out and classified, so that there is now some system in dealing with and paying them, instead of under the old system where \$50 was given here and \$150 another place for road assistance.

Changes Mind on Sumas. Referring to the Sumas Reclamation Scheme Mr. Paterson said that for a year and a half he was opposed to it, but recently he made a trip to see the work which is being carried on with the result that he has changed his mind.

Mr. Paterson also commended the Government for the work of the Land Settlement Board. He pointed out that land in many parts of the Province has become too costly for the man with limited capital to buy and that the Land Settlement Board, however, has come to the assistance of such a man and enables him to go out and settle on a farm and give him a chance to make good.

FRIENDS SEE A BIG CHANGE IN MRS. AXON

Regina Woman Suffered Five Years From Stomach Trouble Before Finding Relief

"Whenever I meet any of my old friends now the first thing they want to know is what I have been taking to cause such a big change in me, and I lose no time in telling them it was Tanlac," said Mrs. Mary Axon, 22 Rodney Street, Regina, Sask.

"Until I got hold of this grand medicine I had not known a well day in five years. Everything I ate disagreed with me, and my nerves were keyed up to a high pitch on account of my suffering, and I couldn't get a sound night's sleep."

"My appetite picked up almost from the first dose of Tanlac, and no matter what I eat I never have the slightest distress afterwards. My nerves have quieted down, too, and I sleep like a child all night long. I'm now a well and happy woman."

Tanlac is sold in Victoria by The Owl Drug Co., and all other druggists. (Adv.)

LABOR'S ATTITUDE TO FEDERAL POLL

The time is not opportune for putting a labor candidate in the field for the Federal election, the Trades and Labor Council decided last night, but it was felt that every consideration should be given any labor candidate that might be put up by the Federated Labor party, which has called a meeting for to-night for the purpose of discussing the advisability of putting a candidate in the running.

D. T. Miller and H. T. Ravenhill, representing the Canadian National Council for Combating Venereal Diseases, addressed the meeting, and it was decided that arrangements should be made for these gentlemen to address a mass meeting of labor men.

The proposed amendments in taxation are being strenuously opposed, and a report will be brought in giving the full effect of the taxation which it is proposed to impose. A mass meeting will be called to protest the proposals if necessary.

"The tax amendment will make the married man with a family pay the same tax as a single man with no responsibilities."

"It is the most vicious and unjust ever proposed in this province." If a man has enough to live on before being taxed there is some justice in it, but the one per cent. income tax on all persons regardless of sex or circumstances should be strenuously opposed," said Alderman Woodward, the secretary.

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlook the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes: "I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."

C. K. Christian Against Legislation to Allow Canadian Born Orientals to Vote

Notice of motion was given at the Trades and Labor Council last evening by C. K. Christian that at the next meeting he would present a resolution strenuously opposing the move set on foot some time ago to get the Legislature to amend legislation to give Orientals born in Canada the vote.

"A petition has been presented signed by various business men of the city asking the present Legislature to grant the franchise to native born Orientals in British Columbia."

"I have a raft of figures and data that will stagger the people and I will present these at the next meeting, when I will ask this Council strenuously to oppose the move to give native born Orientals the vote," said Mr. Christian.

Mr. Christian has been working for some time on the birth-rate and other features of the Oriental question in this province and he says that the results of his investigation will prove rather startling to the white races living here.

GREENIZEN CASE LEADS JUDGE TO COMMENT ON ACT OF J. H. MCGREGOR

Commenting in his judgment in the Greenzen and Twigg case in the Court of Appeal, Mr. Justice McPhillips has the following to say with regard to the conduct of the late J. H. Herrick McGregor, whose actions have been the subject of comment during the trial.

"The late J. H. Herrick McGregor was a gentleman of high professional and social standing in the city of Victoria—what would entitle the appellant to question his integrity? The joint adventurers never apparently went into the question of the value of the land—in truth were only too anxious to profit by Mr. McGregor's great knowledge and experience and heavy outlay of money and expense of surveys borne by Mr. McGregor, and now do not hesitate to defame the fair name and character of a valiant soldier—the late (Major) J. Herrick McGregor or died for his King and country

TELLS OF FARMING IN AFRICAN WILDS

How gentlemen farm in Nyassaland in the southern portions of East Africa, with the labor of natives at six shillings a month and with only hoes as implements of cultivation, was told yesterday by James Wilkie, who arrived here this week and registered at the Strathcona Hotel. Mr. Wilkie said that the products of his farm and farms about his were shipped to London for sale, but the market this year was very unsatisfactory, he added.

Taking up farming in Nyassaland over fifteen years ago, Mr. Wilkie has 500 acres of land upon which cotton, coffee and tobacco are grown. On account of the low wages paid black labor, Mr. Wilkie prefers the wilds of Africa for farming purposes to the agricultural lands of Canada, he says.

Before the war, he stated, wages were four shilling a month, but have been raised to six lately.

SAYS ASSOCIATION IS TOO EXPENSIVE

Overhead for Publicity Assailed by Trades Council

A number of speakers at the Trades and Labor Council last evening assailed the policy of spending so much money on the Victoria and Island Development Association. Speakers asserted that a labor representative should be on the association executive—and a check-kept-on expenditure.

Figures were quoted showing receipts and expenditures, and it was claimed that the public should have more details as to what was being done with the money.

"When I came to Victoria the grant was \$4,000, and Herbert Cuthbert was the publicity commissioner. This has increased to \$20,000. The next commissioner was an experienced newspaper and publicity man, and he got \$175 per month. After he left a girl did the work for \$75 a month and put out the same data, as there was nothing new to put out," said one speaker.

"The public is entitled to know where this money is going. Four thousand dollars was spent last year for relief work in wood cutting. Five thousand should be enough for this association and the balance go toward unemployment. For \$75 or \$100 a month we can get the same results that we are now getting with a publicity commissioner who is paid \$250 a month, and there are two other employees as well."

"There is an item of \$1,019 for publicity articles which the commissioner is supposed to write himself. The Pacific Northwest Tourist Association is doing the same work, and so is the C. P. R. and other railway companies. The money furnishes a few fat jobs," said the speaker.

Alderman Woodward said he had opposed the grant in the City Council. He thought Victoria well enough advertised and that the money should be used in developing attractions and other features here, which would keep the money here and give employment to those needing it. B.C. TEACHERS NOW HAVE MAGAZINE

First Issue of Publication Contains Valuable Matter

The B. C. Teachers' Federation Magazine has made its official bow to the public. In a first number it is desirable that the whole of the data dealing with an organization of a professional character should be placed before the public, and this has been done in the magazine.

An explanatory item shows some of the principal contents as follows: "As will be seen, the first two issues of the Magazine have been combined. This has been done in order to enable us to put in the hands of each member of the Federation a Year Book, containing full information of the activities of the Federation during the past year. The constitution of the Canadian Teachers' Federation, the revised constitution of the B. C. Teachers' Federation, and a model constitution for the organization of local Associations are all given—while reports of the Imperial Conference of Teachers held at Toronto, and the annual meetings both of the Dominion Federation, and our provincial organization, are included.

In addition we have also printed a complete list of the membership of the B. C. Teachers' Federation for the year 1920-21, so that all members will be able to have the same for reference.

Senior Basketball League for Victoria

Ten Clubs Represented at Meeting Last Night Which Decided to Proceed With Organization; Committee Appointed to Arrange For Halls For Games; Jim Dakers Acting Chairman.

Representatives of ten athletic clubs gathered in the J. B. A. A. clubrooms last night and decided to proceed with the organization of the Senior Basketball League.

The teams to be included in the new organization and the date for opening will be decided at later meetings.

Jimmie Dakers is acting as chairman of the organization and George Allan as secretary until the preliminary work is accomplished.

Judging from the expressions of opinion of the various representatives at last evening's meeting the Senior League promises to provide a great feast of fast and thrilling sport this winter.

The promoters of the new league will be quite satisfied if six of the teams enter. This would ensure good competition, and go a long way towards reviving interest in the indoor sport.

Offers Trophy. Fred McConnell, on behalf of his brothers, has offered to donate a trophy for the Senior League.

The question of halls is expected to be solved in the near future.

It is hoped that the league will be able to work in with the Fifth Regiment Saturday evening promenades.

SPENCER'S PROVIDE FOOTBALL SURPRISE

Launched Strong Rally in the Last Half; Scored Four Goals; Beat Garrison.

Weller's Easily Disposed of Kirkham's and Maintained Unbroken Record

Results in the Wednesday Football League yesterday were as follows: Weller's, 8; Kirkham's, 0; Spencer's, 4; Garrison, 1.

Weller's kept their season's record from stain by overwhelping Kirkham's at Beacon Hill. The game was very one-sided as the score would indicate and although the grocers made several rallies in an effort to score they failed to break through the sterling defense of the upholsterers.

Following the splendid victory of Spencer's over the Work Point Tommies at Central Park it begins to look as though the real scrap for the league will be between Weller's and Spencer's.

Weller's sharp-shooting forwards were in great form yesterday and Jasper, the grocer's goalie, had a very busy afternoon. In the first half shots from Stewart and Knapman each added one. Hay scored four goals, which is the highest number secured by a player in one game in any league this season.

Kirkham's were not able to save a shut-out, finding it impossible to put the ball passed Jelliman.

Spencer's provided the surprise of the day by handily defeating the Tommies, who were expected to prove one of the tough elevens in the league.

The first half ended with the Garrison leading by one goal to nil, but towards the close of the game Spencer's opened up with their heavy artillery.

The Garrison tried to force Spencer's back by long kicking but the ball was brought back quickly.

The games attracted large crowds and proved that the Wednesday League is quite popular. This is the league's first season but it has undoubtedly won a permanent place in the football circles.

PRESENT PRIZES AT YACHT CLUB DANCE TO-MORROW NIGHT

During the dance which is to be held at the Royal Victoria Yacht Club to-morrow night the prizes won during the season in the dinghy races will be presented to the winners by Commodore Genge.

Five cups are to be presented, two being for ladies and three for men. The dance is expected to prove a big success.

CECIL LEITCH NOW AT TOP OF FORM

Meets Miss Collett This Afternoon in Thrilling Match at Belleclaire Club

New York, Oct. 20.—One of the most thrilling women's golf matches of the season was expected at the Belleclaire Country Club to-day when Miss Collett, British, French and Canadian champion, meets Miss Glens Collett the young Providence, R. I., star in the semi-finals of the club's invitation tournament.

Miss Leitch after having been off her game in two United States tournaments, the national championship at Deer-N-J, and the Bethel Cup contest, now has risen to the height of the form that made her world-famous as a golfer.

St. Mary's, Ont., Oct. 20.—In the final game of the home and home series between St. Mary's, intermediate champions, and Riverides, of Toronto, senior champions, to decide the championship of the O. A. L. A., the former won to-day's game 8 to 6.

Riverides are champions, however, taking the round 17 to 8.

ATLANTA RACING

Atlanta, Ga., Oct. 20.—Little competition developed in the Grand Circuit races yesterday. In the 212 trot the Great Volo won in straight heats.

In the free-for-all trot, Cox drove Ecolorado to three successive victories, though he was pushed in the second heat by Charley Rex and compelled to take a mile in 2:04 1/2.

Edna Early, driven by Thomas, won the first two heats of the 2:02 pace pretty much as she pleased, but was outtraced by Hazel Keustner in the third.

Grooming Schooners For Saturday's Race

Bluenose and Elsie at Halifax. Getting Ready for Classic Fishermen's Event—Nova Scotia Forget All About Election and Irish Trouble

Halifax, Oct. 20.—With the American defender, Elsie, and the Canadian challenger, Bluenose, both in port and looking for all the world as though they were eager for the starting gun which will send them away on Saturday in the first race of the series to determine the ownership of this year's blue ribbon of the North Atlantic fishing fleet, Halifax to-day forgot the general election and the Irish situation and gave itself to schooner racing.

Plan a Workout. To-day a trout preliminary to going on the slips for a final grooming is planned by Skipper Angus Walters, of the Bluenose, while Captain Marty Welsh will devote the day to getting the Elsie straightened away for a workout over the course on Friday.

Canadians Back Bluenose. Every Nova Scotian is hoping for a victory for the Bluenose. Nothing else in the world interests them but the coming races, and if the Elsie should retain the trophy a great deal of good Canadian money will be transported across the border.

It is believed that the race will be much closer than last year's between the Delawanna and the Esperanto, which won the cup for the Americans. The Bluenose has shown much speed on her trials and her crew have been drilled hard with a view to giving the Gloucester men no advantage in this respect.

Another Fishermen's Race. Halifax, Oct. 20.—A match race between the Boston schooner Mayflower and the International Yacht Canada is the latest proposal of the international fishing schooner racing situation.

London, Oct. 19.—Leading British owners in the international metro class, at a meeting yesterday decided to ask all the clubs interested to agree that next year's race be held under rules of the International Yacht Racing Union.

And where, asked the passenger, "shall I put this bag?" "Up on the rack," said the porter. "But it's a black bag," said the passenger.

NEWS IN BRIEF

Commercial Travelers Meet.—The monthly meeting of Victoria Council No. 434 will be held this evening at 8.15 o'clock in the A. O. F. Hall, Broad Street. Several candidates are coming up for initiation and a large attendance is assured.

McKenzie Avenue Parent-Teachers.—The meeting of the McKenzie Avenue P. T. O. will be held Friday afternoon at the school, when Trustee Mrs. Humphries will speak. Refreshments will be served, and as this is the first afternoon meeting of the year, it is hoped there will be a particularly large attendance.

Oak Bay Theft.—Ford motor car bearing license number 21332, was stolen from the premises of Mr. Murtree, 93 Beach Drive some time after three o'clock this morning. It was reported to the Oak Bay police, and Chief Syme and his staff are working on a clue for its recovery.

Burglary Committed.—With the aid of a pass key a burglar or burglars entered the premises of W. A. Jamieson, 1091 Fowl Bay Road, between the hours of 8 and 11 o'clock last evening and got away with some money and jewellery. The police are working on the case.

Acme Club to Meet.—The first meeting of the newly formed Acme Club will be held in the Y. M. C. A. this evening at 8.15 p. m., the proceedings to commence with a supper, to be followed by a debate on the proposition, "Resolved that the Farmer's party is not in the best interests of Canada." Messrs. Jackson and Pearson will uphold the affirmative, with Messrs. Boulton and Pettman for the other side. Committee reports are to be dealt with later.

Hospital Clerk of Works.—George McGregor, Messrs. Bolden, L. U. Convery and Charles Williams have been appointed as a sub-committee to act on the selection of a clerk of works for the new wing of the Jubilee Hospital, together with the architect in chief, P. Leonard James. Some fifty applicants responded to the advertisement, making the task of selection extremely difficult. The sub-committee will function as soon as possible and report any recommendation found to the hospital board at the regular meeting on Friday evening next.

Will Discuss Politics.—A mock political meeting, wherein three "Candidates" will appeal to their "electors" for support, will be the feature of the next meeting of the Young Men's Club of the Y. M. C. A., to be held following a supper at 8.15 p. m., at the institution on Tuesday next. The National Liberal-Conservative Party is to be represented by Jack Neild, while Harold McDonald will represent a straight Liberal candidate. Jack Bartholomew will represent the Farmer party. After the three addresses, ballot papers will be passed, and vote taken on the result of the "campaign."

Gaelic Society Meeting.—An enjoyable evening was spent at night by a large number of the members of the Gaelic Society, who gathered in the Orange Hall to attend the meeting, which was followed by a dance and concert. Norman MacDonald was a very able chairman, and the musical programme included selections from the following artists: Mr. and Mrs. Pye, Mrs. Jamieson, Mrs. Baker, Miss MacIntyre and Mr. Taylor. Miss MacIntyre delighted the audience with Highland dancing. Mrs. Ridgard's orchestra supplied the dance music.

Successful Drive.—The weekly military five hundred tournament conducted by the Princess Patricia Lodge No. 238, Daughters of St. George, was held last night in the Odd Fellows Hall, Douglas Street, where sixteen tables of card players were in evidence. The winners of the play were: First, Mrs. Livingstone, Mrs. Wilby, and Messrs. Houtt and Brockington; second, Miss Biddling, Miss Nicholson, Messrs. Green and Bates. An enjoyable informal dance followed, the music for which was supplied by Messdames Watson and Davis. Another tournament will be held next Wednesday night at the same place.

Held Mock Parliament.—An amusing session of a mock parliament was held by the Y. P. A. of the First Presbyterian Church last evening, about 100 members being present. A devotional paper on "Dispensation of Christianity" was given by Miss Mona Hayes. Rev. T. Menzies, M. P. P. for Comox guided the phrasing of the debates that followed. William Hudson acted as Speaker; Aubone Hoyle as Premier; Miss Mary McKinnon, leader of the Opposition; Jack McCready, clerk. The debate on the speech from the Throne was continued by Miss L. A. Dick, and R. McKinnon, opposition members. Premier Hoyle adjourned the session until November 9. The members of the Y. P. A. were reminded that a reception social is to be tendered to the Rev. Mr. and Mrs. W. G. Wilson on Wednesday evening next, at 8 o'clock at the schoolroom of the First Presbyterian Church.

In commemoration of Trafalgar Day, the Ladies' Guild for Sailors will hold a bridge-tea at the Dallas Hotel commencing at 2 o'clock. A large number of tables for bridge and five hundred have been engaged, while many friends of the beneficiary institution, the Connagatt Sailors' Institute, have announced their intention of attending for tea at 5 o'clock. An attractive musical programme has been arranged, including songs by Mrs. Clifford Warr, Mrs. Allison and Mr. James Hunter, and Mrs. Fred Wright will be at the piano.

JAMES H. BEATTY TO INAUGURATE SERIES OF SUNDAY CONCERTS

Mr. James H. Beatty, president of the Chamber of Commerce, has recently consented to introduce the G. W. V. A. band at their first series of twenty concerts to be held this season at the Capitol on Sunday evenings after church hours, commencing next Sunday. Mr. Beatty will give a short address on music, its benefits to the community and why people should support their own music organizations.

Bank Clearings.—Bank clearings for the week ending to-day were \$2,132,998, as compared with \$1,900,118 in the corresponding week of 1920.

Naval Veterans.—The naval branch of the G. W. V. A. will hold a meeting at the headquarters, Bastion Street, on Friday evening at 8 o'clock, at which all members are urged to attend.

Taken to Penitentiary.—Mike Sem-noff, convicted at the Assizes yesterday of arson and sentenced to five years in the penitentiary, was taken to Vancouver to-day en route to Oakalla, by the provincial police.

Police Board Meeting.—The Board of Police Commissioners will meet at 3 o'clock to-night to discuss uniforms and general matters of business. The meeting is to be held in the court room of the city jail.

Turn Down Bond Offers.—The civic finance committee yesterday rejected offers for Johnson Street Bridge bonds, stating that they had a right to expect a higher price for the bonds than that offered.

Recover Stolen Jewelry.—The city detective force yesterday recovered all of the jewelry that had been taken some days ago by thieves from the home of Mr. Baum, and police court prosecutions are to follow it is stated.

Burglary Last Night.—P. W. Dempster, 1517 Bank Street, reported to the police to-day that his residence was entered last night, the burglar gaining entrance by unlocking the front door. A quantity of lodge regalia and some jewelry is reported missing.

Legging Industry.—Rev. John Arthur, of the Columbia Coast Mission, will lecture on "The Legging Industry From the Old Ox Teams to the Present High Lead" at Royal Oak Hall to-morrow evening at 7.30 o'clock. The lecture will be illustrated with lantern slides.

Start Kingwell Case.—Examination of evidence yesterday in the land flooding case will start to-morrow afternoon, it was announced to-day. The case is a suit for damages brought against the city by Councilor Kingwell, of Esquimalt, who claims that the city is to blame for the flooding of his land near Elk Lake.

In Police Court.—Jack Henderson was fined \$15 in the city police court to-day for temporarily borrowing a bilge pump without the knowledge or permission of its owner. The accused stated he would have returned the article in the course of a few days or so. Raphael Fanadrea, Mrs. Teena Ruffini, and Charles Long were charged in court with the assault of Joe Bisson, of this city. The accused failed to appear and will be summoned forthwith.

To Speak at Colwood.—The local Socialist party has made arrangements for a meeting at Colwood to-morrow night, at which W. A. Pritchard will speak. He will leave Saturday morning for Ladysmith. A meeting will be held here Sunday night, in the Columbia Theatre, when A. S. Wells, editor of the B. C. Federationist will speak, and if arrangements can be made it is hoped to secure the three Socialist candidates from Vancouver to address Sunday night's meeting here.

Prof. Sedgewick's Lecture.—The second of the series of lectures under the auspices of the Women's University Club will be given to-night in the Empress Hotel, ballroom, by Professor Sedgewick, of the University of British Columbia, who will speak on "The Centenary of Matthew Arnold." Although there has been a large subscription of tickets for this event it will be possible to obtain more at the door, and considering Professor Sedgewick's knowledge of his interesting subject and his skill as a speaker no doubt this opportunity will be taken advantage of. 2-12—Tomorrow's Bridge Tea

Liquor Appeal Taken.—Before His Honor Judge Lamman in the County Court to-day, R. C. Lowe took an appeal from a police court conviction of Police Magistrate Jay, who imposed a fine of \$500 with liquor confiscation upon Charles Bright, convicted of being in possession unlawfully of 61 bottle of King George whisky. Mr. Lowe raised the objection that the accused had been arrested without the requisite warrant and was therefore brought unlawfully before the police magistrate. C. L. Harrison appeared for the Crown, stating that the objection raised had been thrown out in the police court during the trial. Detectives Macdonald and Phipps gave evidence of the finding of the liquor at premises at 124 Kingston Street on May 25 last, the charge being laid in the lower court under the old Prohibition Act. His Honor reserved judgment.

MACKENZIE KING BACK IN OTTAWA

Ottawa, Oct. 20.—(Canadian Press)—Expressing optimism as to the outcome of the election, particularly as far as the maritime provinces are concerned, Hon. W. L. Mackenzie King, leader of the Liberal Party, returned to Ottawa to-day after a four-weeks' tour, which commenced on Toronto on September 17, including meetings in Montreal and Sherbrooke in Quebec and three weeks in the provinces down by the Atlantic.

LEGISLATIVE ACTION DEBATED

Discussion at Convention of G. W. V. A.

Port Arthur, Ont., Oct. 20.—(Canadian Press)—Steps to secure legislative action on the requirements of returned soldiers were discussed at the annual convention of the Great War Veterans' Association, this morning and the resolution introduced on this matter had not been dealt with up till adjournment. It was decided first of all to change its caption from "Political Action" to "Legislative Action."

WAGES CUT

Montreal, Oct. 20.—A ten per cent. cut in the salaries and wages of all the civic employees of the city of Montreal, including the Mayor and aldermen, with the exception of laborers earning \$20 a week or less, was decided upon by the Verdun Council last night, when the 1924 budget was adopted. The cut will go into effect on November 1.

EVERY MAN SHOULD HAVE BANK ACCOUNT

Should Create Emergency Fund Says Leading Banker

Every man should have, besides any other investments, a substantial savings bank account for emergency. E. W. McMullen, manager of the Merchants Bank here, told the Rotary Club at its luncheon to-day, "Every man has to spend most of his income to pay the cost of living and such luxuries as he thinks he needs, but he should always have a surplus left over."

NEW YORK WOMAN LEFT ESTATE OF \$60,000 FOR CATS

UNCHARTED REEFS FOUND ON COAST

Capt. Holmes Newcombe, of C.G.S. Malaspina, Reports Marine Hazards

Capt. Holmes Newcombe, of the C. G. S. Malaspina, has reported two uncharted reefs on the British Columbia coast. One is three cables from the extreme west of Cherry Point, at the entrance to the Alberni Canal, and the other is one cable north of the extreme north of Beak Island, entrance to Raven Cove.

It was on the latter reef that the patrol steamer Givensy came to grief. The following notice to mariners gives particulars of the uncharted reefs:

Barkley Sound—Entrance to Alberni Canal—Off Cherry Point—Uncharted reef reported.

The commanding officer of the C.G.S. Malaspina reports the existence of an uncharted reef off Cherry Point, entrance to Alberni Canal.

Approximate position—About 3 cables 254 degs. (S. 49 degs. W. mag.) from west extreme of Cherry Point. Remarks—This reef was not examined very closely, but 2 1/2 fathoms was found and it is quite possible that there is much less water at the soundings taken very uneven.

Vancouver Island—Victoria Harbor Chart issued.

A new chart of Victoria Harbor, numbered 215 of the Canadian Hydrographic Survey, has just been published.

Copies may be obtained from the Hydrographic Survey, Department of the Naval Service, Ottawa, for fifteen cents per copy, payable in advance.

Seaforth Channel—Entrance to Raven Cove—Uncharted reef.

An uncharted reef has been found by the commanding officer of the C.G.S. Malaspina in the following position:

About one cable northward of the north extreme of Bank Island, in the entrance to Raven Cove.

Latitude N. 52 degs. 15 min. 15 sec., longitude W. 123 degs. 10 min. 56 sec.

The following sextant angles fix the position of the reef: Noon Point, 0 deg. North side, Dearth Island, 37 degs. 52 min. South side Law Island, and 22 degs. 52 min. Long Point, 52 degs. 28 min.

BIG CARGO FOR MELVILLE DOLLAR

Vancouver, Oct. 20.—Three thousand tons of general cargo is jammed into the Canadian Pacific Railway sheds to be loaded into the holds of the big freighter Melville Dollar, Capt. Wright, which reached port Tuesday from European ports, New York and San Francisco. The ship will be in port about one week.

Capt. Wright, who is one of the best-known mariners plying in and out of this port, reports a good passage without any mishaps.

The Melville is already about half loaded for her passage to Yokohama, Kobe, Shanghai, Hongkong and Manila. She is discharging only about 350 tons here. Outward she takes spelter for Yokohama, 500,000 feet of lumber and spelter for Kobe and also a shipment of flour; 100,000 feet of lumber, machinery and rails for Shanghai and 250,000 feet of lumber and general for Hongkong.

COMMISSIONER LAMB REACHED CANADA BY EMPRESS OF FRANCE

Salvation Army Chieftain to Confer With Authorities on Immigration

Commissioner David Lamb of the Salvation Army was among the passengers on the Empress of France, which arrived at Quebec Thursday. The Commissioner, who is a frequent visitor to the Dominion, has come on what he calls a short visit to examine existing social and economic conditions and to confer with authorities with a view to planning so far as it is now practicable for next year's immigration work.
He is aware of the present state of the labor market in Canada and the States, and says that the energies of the Army's Department this year so far as they concern Canada, have been almost entirely devoted to the selection and settlement of women.
Commissioner Lamb is determined to keep himself well informed as to Canadian developments, and to see that the department he directs is kept au fait with the changing conditions.
In the Spring of the year he paid an extended visit to the Pacific Coast and Prairie Provinces. Now the Commissioner, who is accompanied by the Colonel Chas. Taylor, and was met by Major Thos. Judge, the Army Immigration Resident Secretary, has gone East to visit Nova Scotia and New Brunswick, and hopes to be in the neighborhood of Montreal, Ottawa and Toronto next week, then the Commissioner goes to the Western Prairie for a few days, while Colonel Taylor will visit the Prairie Provinces, returning to Montreal or New York early in November.

C., and a party of prominent Japanese business men who will tour this continent and Europe.

DECLARE SCHEME HAS DEFECTS

London Papers Comment on Employment Proposals

London, Oct. 20.—(Canadian Press)—Premier Lloyd George's speech in the House of Commons yesterday, when he outlined the Government's policy with regard to trade and unemployment, has called forth from the newspapers a measure of praise of his presentation of what is admittedly a difficult case, but the actual proposals are the subject of criticism.
The Times comments on the extension of the export credit scheme to the Empire and expresses the view that the most serious defect in the scheme is that it tends to increase taxation without offering the country any prospect of immediate relief being obtained from the crushing fiscal burdens.
The Daily Mail regards the scheme as "unrealistic, but sound."
The Daily News thinks the scheme is not inspired by any broad policy but is merely a limited attempt to evade the coming storm.
The Herald, bluntly describes the proposals as "bluff" and adds: "You can not feed the unemployed on bluff."
Chronicle and Telegraph support the scheme.

PRAIRIE BANDIT MAY BE GARDNER

Robber May Be Escaped Washington Convict

Seattle, Oct. 20.—Belief that Roy Gardner, escaped mail bandit, now is operating in Canada, is felt here following the announcement of a spectacular train robbery yesterday morning near Moose Jaw, Saskatchewan, where a lone bandit operating along lines exactly similar to those followed by Gardner in the United States, held up a messenger of the Dominion Express Company and looted the car safe of \$30,000.
Following Gardner's escape from McNeil Island federal penitentiary early in September, federal officials have been unable to get any trace of the elusive fugitive. The first spectacular robbery since Gardner's escape was the one in Saskatchewan. From information received here it is believed the methods employed by the bandit closely paralleled those used by Gardner in previous hold-ups.
Investigation.
Moose Jaw, Oct. 20.—While the Mounted Police and Provincial Police are combing the district in search of the unknown bandit who robbed the express messenger on C. P. R. Train No. 4 Wednesday morning, an investigation is being held here to-day by Supt. Gordon, of the Dominion Express Company of Winnipeg. There were no fresh developments further than that certain facts lead to the conclusion that the man who did the "job" on No. 4 is the same man who robbed the C. P. R. express at Tofield, Alberta, on September 22.
The information carried in dispatches during the night that the loss was in excess of \$5,000 and under \$30,000 was given categorical denial by the express company officials and the chief of the investigation department of the C. P. R.
The actual amount missing was stated to be in the neighborhood of \$2,900. It was also denied that there were any bank remittances in the safe. There is, of course, the possibility that further investigation may disclose the loss of more. This would be possible if the robber made off with the parcels and the waybills as well. As the waybills have been checked with the empty envelopes left in the car, it is not believed that the loss will be increased.
No arrests of suspects have been made thus far.

LEAGUE COUNCIL'S SILESIA RULING IS MADE PUBLIC

Paris, Oct. 20.—The decision of the Council of the League of Nations on the Upper Silesian question, made public here to-day, divides the plebiscite area in almost equal parts between Poland and Germany—46 to the number of communes and provides administrative machinery for the gradual inauguration of the new regime over a period of fifteen years.

VARIETY

One of the best comedy-dramas of the year is "Nobody's Kid," the new Robertson-Cole production, starring Mae Marsh, which will be shown today at the Variety Theatre. Katherine Carr and Howard Hickman are responsible for the scenario which is adapted from Kate Langley Bosher's popular novel, "Mary Carey." Miss Marsh is at her best in this sympathetic role of Mary. The story is placed in an orphan asylum, where Mary, because of her bubbling spirits and failure to observe the strict discipline of the institution, has won the enmity of the superintendent and trustees. Mary is not malicious but full of fun. As the story develops Mary finds life more and more unbearable.

those in poorer circumstances who make the very best of life and put on a brave front in the face of adversity is demonstrated.

Byron Aiden and Elizabeth Lisle do the team work in this offering and assume the responsibility for the major portion of the fun. Mildred Page, as the little orphan, plays with her usual charm and ability, and Wanda Deane, as Mrs. Wiggs, is very clever. All the members of the popular company furnish their quota to the success of the play, which is one that will draw large audiences at the balance of this week's performances.

Everything is most realistic, and the appearance of a real train on the stage rather astonishes the audience. "Mrs. Wiggs of the Cabbage Patch" is a play that never wearies, and no matter how many times it has been witnessed there is always sufficient appeal in the story to insure one's going again.

Next week's offering will be "The Rosary," and an exceptionally fine selection of plays has been chosen for the Winter's repertoire.

ROYAL VICTORIA

In the land of almost perpetual sunshine—in other words, California's "Movie Land"—directors do not pray for rain when the scripts of their pictures call for outdoor rain scenes. Instead, they choose their location, take their companies into the morning sun and have the rain machine build a framework for the shower.

Director Wallace Worsley, while making Gouverneur Morris' "Ace of Hearts," a Goldenwyn picture, which will be shown at the Royal Victoria Theatre again to-day, ran into a terrific storm in the author's manuscript. But he wasn't in the least discouraged. The director chose his location, a house opposite a small park, and had the overhead sprinkling system, virtually an arrangement of shower bath spouts, erected on the spot. The connection was made by a hose to the city's water supply, and the rain-fall regulated at will.

Lon Chaney and Leatrice Joy were caught in the first sprinkle, but after the lady was safely bestowed indoors, the director gave the word for full power. The result was that Mr. Chaney received a thorough drenching, but the scene was realistically taken. Had the rainstorm, with its accompanying clouds, been real, it would have been too dark to photograph the scene.

A musical treat is in store for music lovers when they hear the Royal musical trio at the above theatre this week. A programme has been chosen that will appeal to all tastes. Then in addition to a good comedy, Bruce Secombe and a Ray Fitzmaurice and a Bray Young decided that "Gloom" would add a modern touch to the allegorical play that was written before the anti-liquor law went into effect in the United States.

FEATURE PICTURE AT DOMINION

RUBY MILLER and DAVID POWELL in a scene from the PARAMOUNT PICTURE—"THE MYSTERY ROAD"

"THE MYSTERY ROAD" AT THE DOMINION

Globe Theatre company will appear to us as great an advantage in "The Marionettes" as they do in the "Sardou play."

Troupe of Palace Girls Appear in Cabaret Scene

The famous London Tiller troupe of ballet dancers known as the "Palace Girls," appear in their novel dances in the big cabaret scene of "The Mystery Road," a Paramount picture starring David Powell, which will be shown at the Dominion Theatre to-night. This picture was produced by Paul Powell in the Paramount studio in London, and on the Riviera in southern France, and from every standpoint it is said to be one of the best shown to the American public in many months.

The Tiller troupe of dancers long have been reigning favorites on the London stage. They support Phyllis Redells, said to be the finest dancer in Europe, in a number of difficult and picturesque scenes. The dancing takes place in one of the most elaborate cafe scenes ever staged in any picture. It is here where Gerald Dombey, a young Englishman, portrayed by David Powell, meets Vera Lyphast, an adventuress after many years separation and his infatuation for her leads to dramatic events of extraordinary interest.

The story was written by E. Phillips Oppenheim, the novelist, and the adaptation was made by Marguerite Turnbull. The principal supporting players include Nadja Ostrowska, Mary Glynn, Percy Standing, Fardoe Woodman, Lewis Gilbert, Irene Tripod and others.

CAPITOL

There are few better known plays than "Experience," by George V. Hobart, which was presented in New York in 1914. In George Fitzmaurice's Paramount picture of this title, the story was enlarged and put into scenario form by Waldemar Young. It will be shown at the Capitol Theatre this week with a special programme.

As the screen affords greater possibilities for detail in stories than the play stage, those who have seen the play will have the added interest of seeing just how the scenario has been handled. One feature which was added, much to its value, is the character of "Gloom," which does not appear in the original play. The part is the antithesis of "Experience," Mr. Fitzmaurice and Mr. Young decided that "Gloom" would add a modern touch to the allegorical play that was written before the anti-liquor law went into effect in the United States.

Very refreshing are the sweet voices of the Capitol Ladies' Trio and their singing of popular ballads are sure to be enjoyed by all.

POPULAR STOCK COMPANY LEAVING

Mildred Page Players Abandon Princess Theatre

The Mildred Page Players will be seen no longer on the boards of the Princess Theatre after another four weeks. It was announced last night that the playhouse had been leased to another company. Whether Byron Aiden, manager of the popular stock company, and his wife, will go into "the movies" or take the present company to Vancouver has not been decided yet.

"I deeply regret leaving Victoria," Mr. Aiden said last night. "I appreciate keenly the support accorded our company, especially during the last six months, and my only sorrow is that we shall be unable to continue here and give our patrons the same standard of entertainment which they have been receiving in the past."

Victoria theatre-goers will hear with real regret of the departure of the Mildred Page Players, who have won a distinct place in the amusement world here.

MARIE LOHR

Miss Marie Lohr who has scored such a triumph in "Fedora" in Ottawa and Toronto and Montreal, recently is presenting Pierre Wolff's scintillating comedy "The Marionettes" this week.

In selecting "The Marionettes" as her second vehicle during the present Canadian tour, Miss Lohr is affording the pleasure of witnessing a splendid example of the versatility for which she is famed in London. In these days of "one part" stars, it is a pleasant surprise to have England send an artist who is equally at home as the emotional Fedora and the social butterfly Fernando in "The Marionettes."

As in the case of "Fedora," Miss Lohr has brought her entire London production and the members of her

INSTRUMENTAL TRIO

NOW AT ROYAL

Is Composed of Members of Orchestra

The Royal Victoria still maintains its excellent musical standard of good things apart from its photographic and judging from the keen appreciation and hearty applause of its numerous patrons, a great deal of satisfaction prevails throughout. Last week there was provided an unusually good musical novelty in the performance of two talented young lady instrumentalists, Margaret and Jenny Strain.

This week an admirable instrumental trio is receiving a well-deserved recognition at the hands of the audience. This trio is composed of members of the Royal orchestra, the players being the conductor and leader Alfred Prescott, violinist; Frank Balagou, cellist, and Malcolm Moore, pianist. They have selected a group of three numbers especially suitable to the occasion—a serene and entrancing, and a popular number in all of which their work is of delightful quality. The ensemble gives one a taste of chamber music, they possess the tone and essential bond of sympathy, and above all they evidently have that enthusiasm without which a high attainment in their art can never be reached. They give solid musical pleasure, and those who have never tired in showing their appreciation and delight.

Noticed in the orchestral numbers are excerpts from "Pagliacci" and "Butterfly," a suite by the New York writer, film music, Friml, a Russian, and some pieces by Chopin and Rubinstein.

FRENCH COSTUME

PLAY ON SATURDAY

"In the Queen's Service" Will Be Presented at Little Theatre

Ponder the possibilities for trouble when one woman wants to marry a certain man and another woman sets out to force her to marry some other man. As the rather cynical hero of the play remarks, "the world's troubles have their source in less." But this is only part of the theme of the historical drama which the Victoria Dramatic and Operatic Society is to produce at the Little Theatre for seven nights commencing on Saturday next. It should, however, be sufficient to indicate that the plot cannot lack intense interest.

Essentially the play is a drama, and teems with incidents of tense excitement calculated to enthral the audience in keen appreciation; but, there are softer moments too—moments of pathos, of play and of love—all of which will give scope for emotional work by the cast and pleasure to the audience. In fact, there will be seen in this play more emotional acting than has been called for by the last few plays produced so successfully by this enterprising society. Transitions from gay to grave, from love to hate, from apathy to action, are all required in the interpretation of this gripping romance and the past experience of the various members of the particularly strong cast selected will certainly prove invaluable to give them the confidence, ease of manner and versatility which will be required. To those of the public who have consistently followed the past activities of the Victoria Dramatic Society it will be a matter of interest and confidence to know that the cast includes such prominent local talent as Mrs. Fred Beilby, Eileen Allwood, Mrs. Fairbairn and Messrs. "Bob" Webb, Herbert Kent, Alex McPhillips, C. R. Dunsford, Thomas Lewis and J. Gillan.

The box office is open at Ken's Edison Store at 10 a.m. daily and during the evenings of the week of performance at the theatre, and intending patrons might do well to remember that the accommodation of the Little Theatre is less than 250 seats.

WELSH CHOIR HOLDS SUCCESSFUL PRACTICE

The first rehearsal of the Welsh Choir held at the Campbell Building last evening was a complete success in every way. The officers elected were as follows: J. Gardiner, president; W. D. Morgan, secretary; J. O. Jones, treasurer; R. Ryder Lewis, conductor. Committee, Messrs. Lewis, Thomas, Mason, McEae and Messrs. Williams and Thomas.

The conductor, Mr. Lewis, after trying out several excellent vocalists, was most enthusiastic over the quality of talent shown by the choir, numbering about fifty voices. Special reference was made to the contraltos and the several boy alto singers. Rehearsals will be held at the Campbell Building every Wednesday at 7.45 p.m. Applications for membership can be made to the secretary, 5 Mahon Building.

SIGNPOSTS OF THE SEA. The ordinary magnetic compass has one great fault: Its needle does not point to the North Pole, but is always some distance to one side or the other of the true line. Further, this deviation varies from year to year, and it is seldom the same in any two parts of the world. This kind of compass, too, is liable to be upset if there are metals or magnetic substances in its neighborhood. The latest instrument carried by all great ships is called the gyro-compass. It consists for the most part of a heavy wheel turned at very high speed by an electric motor. The axle of the wheel is so mounted that it can turn in any direction. If its axle can swing on its mounting, a heavy wheel rotating at high speed will point always in the same direction. The gyro-compass is set on a base which is in harbor, and no matter how much the ship rolls, or what turns she makes, its wheel remains faithful to its original direction. Owing to its jointed mounting it does not follow the movements of the ship. -TIT-BITS.

NO SUNDAY SHOOTING ALLOWED IN SAANICH

Many Fines Are Imposed Upon Offenders

Sunday shooting in Saanich was responsible for a number of convictions in the Saanich police court yesterday. Under the by-law covering that offence it is unlawful to discharge firearms in the municipality of Saanich between sun-down on Saturdays to sunrise on Mondays. One are is closed entirely to shooting, while others must conform to the general prohibition of shooting on the Sabbath.

Carl Dore and Leslie Stevens were convicted and fined \$10 each on two counts, \$20 paid by each, for discharging firearms in the prohibited area, and on Sunday. Ernest Moss was fined \$10 for the discharge of firearms on Sunday. F. G. Heatherill, charged on three counts was acquitted—the prosecution failing to prove that it was the accused who had fired the shot heard by the police. The accused stated he had borrowed a gun from Canon Hincliffe, but had not actually used it.

H. L. S. McCulloch, charged with operating a motor car in a manner that was not careful and prudent, was remanded until Friday week for hearing.

INSPECTOR DENIES DR. HALL'S CHARGE

Protests Against Accusation of Collusion With "Underworld"

When seen to-day by a Times representative in regard to Dr. Ernest Hall's accusation of collusion between a faction of the police department and the "underworld" in procuring the registration of voters for the municipal elections, Inspector of Detectives George Perdue expressed regret that the Commissioner should make such a charge against the department. "As far as my own branch is concerned," the Inspector said, "I wish to give that accusation a flat denial and to protest against being dragged into any quarrel the Commissioner might have with any element in the community to which he is opposed. I may state here that if the accusation should arise in any department to take part in an election in defence of its reputation, it will do so with clean hands—without any collusion or co-operation with any element in the community to which decent citizens can object."

BOWSER DEMANDS PROBE OF DOINGS OF LIQUOR BOARD

Charges Maladministration in Long Resolution Before House

Speaker Holds Up Motion, Says Some Items Improper

Enquiry into all the dealings and doings of the Liquor Control Board is demanded in a resolution brought before the Legislature by W. J. Bowser, Opposition leader. Mr. Bowser will speak on his resolution Monday.

In the meantime, Speaker Manson refuses to put Mr. Bowser's resolution on the order paper on the grounds that there are certain things in it that should not be there and were passed for political effect.

Mr. Bowser, however, says that everything in the resolution is justified by recent revelations and that he will bring the Government to heel on all that comes before the House and is made public.

Campbell Warehouse Deal.

In his resolution Mr. Bowser says: "That whereas by the Government Liquor Act, being Chapter 30 of the Statutes of the Province of British Columbia, 1921, the Government of the Province of British Columbia is authorized to purchase and sell liquors;

"And whereas it is now understood by the general public that the Government would purchase and sell nothing but the best of liquors at the cheapest price possible to the consumer after allowing for a fair profit and otherwise exercise the greatest economy in the administration of the liquor stores;

"And whereas the Government purchased from a close political supporter of the Government, without any justification, certain premises known as the Campbell warehouse in the city of Vancouver;

Charges Recklessness.

"And whereas the official value of the premises, as fixed by the City Assessor, was \$15,000;

"And whereas the Government not only without any justification or legislative authority but illegally paid the sum of \$150,000 for the purchase of the said premises;

"And whereas the Government, in the administration of the Act, have unnecessarily leased premises for advertising and other purposes and in leasing liquor stores and warehouses in various parts of the Province are paying a rental to political friends far in excess of their value;

"And whereas the Government have been extravagant in the purchase of plant, fixtures and furnishings;

Employ Liquor Convicts.

"And whereas, in the administration of the Act, the Government have indulged in reckless and unjustifiable extravagance and incompetency and in the selection of officials they have in numerous cases employed men

FREE AT LAST OF KIDNEY TROUBLE

"Fruit-a-lives" Brought Her Health and Strength

624 Champlain St. Montreal.

"For three years, I suffered constantly from Kidney Disease and Liver Trouble. My health was miserable and nothing in the way of ordinary medicine did me any good.

Then I started to use "Fruit-a-lives" and the effect was remarkable. All the pains, Headaches, indigestion and Constipation were relieved and once more I was well.

All who suffer from such troubles should take "Fruit-a-lives."

convicted of infractions of the liquor laws and other laws of the Province;

"And whereas the Government neglected to take a large quantity of liquor out of bond prior to the 10th of May, on which date an extra duty was imposed by the Federal authorities, thereby entailing a very heavy loss to the Province;

Buy From Friends.

"And whereas questionable practices have been and are being resorted to in connection with the purchase by the Government of liquor for sale both under the Prohibition Act as well as the Government Liquor Act from certain political friends, relatives and business associates of members of the Government;

"And whereas the Government, while in a position to go into the open market and obtain liquors at the minimum market price, have seen fit, both under the Prohibition Act and the Government Liquor Act to make such purchases through political friends and agents at greatly increased cost over and above the actual market value and have adopted a practice of purchasing cheap liquor of inferior quality in order to permit of a large secret commission or profit being acquired by their aforesaid political friends;

Permit Abuses.

"And whereas great abuses have been permitted and encouraged in the use of permits and the amount of liquor purchased thereunder;

"And whereas the Government, claiming that they have lost a large quantity of liquor from the Hastings Street liquor store, Vancouver, have without proper investigation, dismissed the whole staff, thereby casting a reflection and doing injustice to possibly a great many innocent employes;

"And whereas no permits to operate bonded liquor warehouses or excise bonded warehouses in this Province can be issued without the consent of the Honorable the Attorney-General of the Province of British Columbia;

"And whereas as a result certain consents have been given by the Attorney-General through political friends and agents for which the applicant has had to pay large sums of money;

After Attorney-General.

"And whereas certain practices have been followed by the Honorable the Attorney-General in connection with the administration of justice and in dealing with the administration of the Prohibition Act as well as the Government Liquor Act and other acts and those convicted thereunder, which have not only brought into disrepute the name of the Government but have been an incentive to certain officials and employees of the Government with the consent of the members of the Government to give their time and ability for the advancement of the interests of their political friends as well as of the Government as a political party and for these purposes, public moneys have with the aforesaid consent thereby been improperly and illegally used;

"And whereas prior to and during the late Provincial election, certain officials and employees of the Pacific Great Eastern Railway, who were being paid out of public moneys for their services, were, with the knowledge and consent of members of the Government, engaged in connection with certain reprehensible political activities;

Names Select Committee.

"Be it therefore resolved that a Select Committee, consisting of seven members, viz: Messrs. Messrs. Whiteside, Ramsay, Peterson, Clearhue, Hanes, Pooley and the mover, be appointed to inquire into all questions directly or indirectly relating to the above matters, and the committee shall have power to call for and compel the attendance of persons and the production of books, papers, documents, telegraph and telephone messages and generally all things that may be necessary in carrying out the most searching inquiry in connection with the above matters and the committee shall have power to administer oaths or affirmations to witnesses to take evidence under oath and they shall report the evidence and their findings to this House."

WILL SELL POPPIES FOR RELIEF FUND

G.W.V.A. Plan Feature For Armistice Day

As a tribute to those who slumber in the graves where the poppies bloom in Flanders, the Great War Veterans' Association of Victoria will sell poppies on Armistice Day to raise a relief fund which will go toward the alleviation of distress among the widows and children of the heroes of the Great War who paid the supreme sacrifice.

An effort is being made to secure the co-operation of all patriotic societies and it is also hoped to get authority to sell poppies in the schools. All those who are willing to assist in the movement are asked to communicate with secretary H. P. Thorpe by telephoning number 3777 or calling at the G. W. V. A. offices, Bastion Square.

The City Council has given permission to sell poppies on the streets, and it is planned to get all the business houses and hotels to decorate with poppies.

On Armistice Day the women and children in France will decorate the graves of fallen Canadians. Last year the United States adopted the Poppy day idea and everyone wore the flower as a token of reverence.

Friday, November 11 will therefore be combined, Armistice Day and Poppy Day as it is expected that the poppy fitted will give all the support possible to the proper celebration of the commemorative occasion.

MR. PRITCHARD IS HEARD IN CLOVERDALE

Socialist Candidate Addresses Large Audience

"If tinkering with the tariff was a solution, how came it that the United States had to-day 6,000,000 unemployed, with 20,000,000 dependents, while low tariff countries such as England were faced with the same problem," asked W. A. Pritchard at St. Mark's Hall last evening. Mr. Pritchard is conducting a campaign as Socialist candidate for Nanaimo.

After a short quotation from the report of the United States Industrial Commission, the speaker held a picture of what he termed the life of riotous luxury among some of the "upper set," and contended that conditions to-day were similar to conditions preceding the decay and downfall of ancient empires, and concluded by saying that if there was to be peace and contentment it could only come about by the fruits of labor being utilized for the benefit of the whole, and the producer being allowed to enjoy to the full the product of his toil.

Unemployment.

Mr. Pritchard dealt with the question of unemployment, pointing out that the machinery of production was constantly being improved in the struggle for control of the markets of the world. Within the confines of the present system the problem was insoluble, he contended. He would give one suggestion to the defenders of the present system who were in earnest on the question: Shorten the hours of labor and in the way absorb those at present unemployed, double wages, and in this manner double the consuming power of the working classes and by this process get rid of the piled up mass of commodities at present glutting the market. With their present wages but little improvement could be made on this stored-up mass.

Mr. Pritchard turned to the problems due to re-organization of international credit, and expressed the opinion that creditor nations would scarcely welcome the idea of cancellation of the debts of the Allied nations, as had been suggested.

WARNS PARENTS AGAINST MUMPS

Health of the City Excellent, Health Officer States

Warning to parents to see their children avoid mumps was sent out by City Health Officer Dr. A. G. Price to-day.

"The main thing is for parents whose children show symptoms of children and so prevent the complaint from spreading," Dr. Price stated this morning. "There are a number of cases of mumps about town and parents should be careful. The trouble is not serious but it is not pleasant. Its progress will be checked to a great extent if parents will only exercise a little care.

Except for the prevalence of mumps present in a very satisfactory state, Dr. Price stated. There have been no patients in the Isolation Hospital for weeks, he said.

TO RAISE FAMOUS SIGNAL OF NELSON IN TRAFALGAR BAY

The Boys' Naval Brigade will parade at the Parliament Buildings at 11.30 o'clock and the famous signal of Lord Nelson at Trafalgar will be hoisted. Several prominent citizens have promised to attend the function, which will include the re-enacting of "The Death of Nelson."

A GREAT HEALER.

Sir Frederick Mott, who is now retiring from the post of pathologist-investigator of the causes of disease—to the London County Council, is one of the most distinguished scientific men in the world.

He has made wonderful discoveries concerning the Insane. No one has done a finer work for humanity than Sir Frederick Mott, who is regarded with feeling of affection, not only by his professional colleagues but also by the thousands of patients who have benefited by his ministrations. Tit-Bits.

RAISIN PIE

Men are quickly refreshed at night by a dessert like this.

2 cups Sun-Maid Seed Raisins
2 cups water
2 tablespoons lemon juice
1 teaspoon salt
1 tablespoon corn starch
1 teaspoon sugar

Wash the raisins, put in saucepan with 1 cup cold water and bring slowly to a boil. Add sugar, salt and corn starch which has been mixed with 1 cup cold water. Boil 3 minutes; add lemon juice. Pour in pie tin which has been lined with crust, white hot cover, brush top with cold milk and bake in moderate oven until brown.

All measurements for this recipe are level.

SUN-MAID RAISINS

Use Sun-Maid Raisins, made from California's finest table grapes—American Raisins, processed and packed immaculately in a great modern California plant.

Seeded (seeds removed); Seedless (grown without seeds); Clusters (on the stem). Also a fine, ever-ready dessert.

Raisins are cheaper by 30 per cent than formerly—see that you get plenty in your foods.

Delicious raisin bread and raisin pie are sold by bake shops and groceries everywhere. Buy them. Raisin bread is made with lots of raisins. Insist on it. First-class bakers do not stint.

SPREAD MADE-IN-B. C. DOCTRINE IN SCHOOLS

Parents Asked to Sign Pledge to Buy Home Products

Victoria school children and their parents are being taught the wisdom of buying goods made in British Columbia by means of a propaganda scheme put into effect by the city school authorities to-day.

The school authorities are sending to each child in the schools a copy of a pledge, proposed by the Manufacturers' Bureau of Vancouver, to be signed by parents and returned. The pledge to be signed by parents reads as follows:

"I will, as far as possible, buy farm and factory products of British Columbia, Canada and the Empire, in the order named. I will ask for goods produced elsewhere, and if they are not available, then those of Canada and the Empire, in order named. It is understood that such preference is to be given where quality and price compare favorably with other goods."

"When you buy B. C. products you provide work for British Columbia men and women," says a card attached to the pledge. "When you buy other products you reduce the amount of employment in British Columbia."

"Every time you spend a dollar you help to support some school. Do you prefer to improve conditions in the schools your children attend, or in those of a distant locality?"

"By building up British Columbia industries you are providing a future in this country for your children. The women do most of the buying. The present and future prosperity of this Province depends on them."

"Do your part by asking for farm products and manufactured goods made in B. C."

MAYOR DANCES MOST OF NIGHT; HUNTS ALL DAY FOR HIS HEALTH

Mayor Porter's health has been poor for a couple of weeks, and his physicians told him to relax. He decided to do so with a vengeance yesterday. He went to the Jubilee Hospital ball at the Empress Hotel, and danced almost every dance.

Retiring at about three o'clock he decided to carry his relaxation a little further. He was up about dawn this morning, and out to his property in the country, where he spent most of the day chasing the elusive pheasant. Now he says he is feeling fine—better than for weeks.

LIKE FATHER, LIKE SON.

Relating his experiences at the Bar, Mr. Allen Upward tells some stories of Lord Chancellor Westbury.

"Westbury was notoriously lax in his private life, and when he boasted that, by a celebrated decision in the Privy Council, he had 'abolished H-I with costs,' Cardinal Newman, is said to have retorted that it was not a fair decision, as the judge had a personal interest in the question."

"Westbury's son was as bad as himself, and gave his father a good deal of trouble. After getting him out of one serious scrape the Chancellor observed: 'It's all very well for me to save you now, Dick, but when I am gone you will be the greatest scamp in England!'"

"Yes," was the dutiful reply, "yes father, when you're gone."—Tit-Bits
