### PROCLAMATION 2643

"I AM AN AMERICAN DAY", 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA  
A PROCLAMATION

WHEREAS within the last twelve months we have granted citizenship with its many privileges to thousands of foreign-born men and women through naturalization, and have received into full citizenship the great numbers of native-born youth who have come of age; and

WHEREAS these citizens are giving strength to our democracy in its struggle against tyranny and in its striving to make secure through international organization the rights and opportunities of citizens in our own and in other sovereign nations; and

WHEREAS the Congress, by Public Resolution 67, approved May 3, 1940, has recognized the third Sunday in May of each year as "I Am An American Day" and has requested that the President issue a proclamation setting aside that day for the special recognition of those who have been naturalized or have attained their majority during the past year:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, in order that we may honor those who have recently become members of our body politic and at the same time reaffirm our allegiance to the principles of American citizenship, do hereby proclaim Sunday, May 20, 1945, as "I Am An American Day."

And I call upon Federal, State, and local officials, and patriotic, civic, and educational organizations to hold, on or about May 20, exercises designed to impress upon our citizens, both native-born and naturalized, the privileges of their new status in our democracy and their responsibilities for building this Nation's security and advancing its welfare.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 14th day of March in the year of our Lord nineteen hundred and forty-five, and of the Independence of the United States of America the one hundred and sixty-ninth.

FRANKLIN D ROOSEVELT

§ 1414.8 *Restrictions with respect to eviscerated, frozen, and canned poultry*—(a) *Definitions.* (1) "Processed poultry" means turkeys and chickens, without regard to age, weight, or sex, which have been killed and bled.

(2) "Eviscerated poultry" means processed poultry from which the head, hanks, entrails, or viscera have been removed, and the term "eviscerated poultry" also includes processed poultry carcasses or any edible parts thereof

which have been dismembered or otherwise cut up.

(3) "Frozen poultry" means any processed poultry in cold storage or any eviscerated poultry in cold storage.

(4) "Canned poultry" means eviscerated poultry which has been preserved by heat, refrigeration, dehydration, smoking, pickling, or by any other method or combination of methods of preserving, and also includes eviscerated poultry or any parts thereof preserved in combination with other foods.

(5) "Person" means any individual, partnership, association, corporation, or any organized group of persons whether incorporated or not.

(6) "Authorized poultry eviscerator" means any person whose total production of eviscerated poultry in any calendar week exceeds 10,000 pounds and who holds a letter of authority issued to him by the Order Administrator to receive processed poultry for evisceration or to eviscerate processed poultry.

(7) "Limited poultry eviscerator" means any person whose total production of eviscerated poultry in each calendar week is not in excess of 10,000 pounds.

(8) "Authorized poultry canner" means any person holding a letter of authority issued to him by the Order Administrator to preserve eviscerated poultry and put it in containers.

(9) "Cold storage" means space equipped to be artificially cooled to a temperature of 10 degrees above zero "Fahrenheit," or below, and in which food commodities are customarily stored (but not operated as a part of an established retail food business, hotel, or other establishment where persons are housed or fed, and not including a refrigerator storage compartment, usually called a locker, having a capacity of not more than 15 cubic feet).

(14) "United States Army Quartermaster Market Center" means Field Headquarters, Office of Quartermaster General, 222 South Adams Street, Chicago, Illinois, or any other U. S. Army Quartermaster Market Center or U. S. Army Quartermaster Depot which said Field Headquarters may designate.

(b) *Restrictions.* (1) No person shall eviscerate processed poultry except as provided herein or as authorized by the Director. No person shall sell, purchase, contract to sell, contract to purchase, use, give, or deliver any eviscerated poultry, or accept delivery of any eviscerated poultry, except as provided herein or as authorized by the Director. Any authorization, as aforesaid, by the Director shall be issued only if he determines that such authorization is necessary or appropriate in the public interest and to promote the national defense.

(2) Only an authorized poultry eviscerator may produce more than 10,000 pounds of eviscerated poultry in any calendar week. Only an authorized poultry eviscerator or a limited poultry eviscerator may eviscerate processed poultry.

(3) Each authorized poultry eviscerator shall, out of his production of eviscerated poultry during each calendar week, set aside a quantity of eviscerated poultry equal to the quantity determined by applying such percentage as may be specified by the Director to all eviscerated poultry produced by such authorized poultry eviscerator during the respective calendar week. Any authorized poultry eviscerator is, however, permitted to withhold at least 10,000 pounds of the eviscerated poultry produced during the respective calendar week, by such authorized poultry eviscerator, from the set-aside obligations hereunder, and such 10,000 pounds of eviscerated poultry may be disposed of and used without restriction by (b) (1) hereof. In applying the aforesaid percentage specified by the Director, in order to determine the quantity of eviscerated poultry to be set aside by an authorized poultry eviscerator, the said 10,000 pounds of eviscerated poultry released, as aforesaid, from the set-aside obligations shall nonetheless be considered as a part of the total production of eviscerated poultry, during the respective calendar week, by the authorized poultry eviscerator.

(4) All eviscerated poultry set aside or required to be set aside pursuant to (b) (3) hereof shall be processed and packed in accordance with the specifications of, and be acceptable to, the U. S. Each shipment or delivery of set-aside eviscerated poultry to an authorized poultry canner or cold storage shall be accompanied by a certificate, in triplicate, filled out by the authorized poultry eviscerator in substantially the following language (with appropriate information inserted in the blank spaces):

This is to certify that \_\_\_\_\_ pounds of eviscerated poultry hereby delivered is eviscerated poultry set aside pursuant to the provisions of War Food Order No. 125, issued by the War Food Administrator on February 8, 1945, as amended, and such eviscerated poultry must continue to be set aside and held

(7) No person shall preserve any eviscerated poultry except as specified herein or as authorized by the Director.

(9) Eviscerated poultry produced by an authorized poultry eviscerator shall be preserved only by refrigeration unless and until it is sold to or used by an authorized poultry canner.

(10) An authorized poultry canner shall use set-aside eviscerated poultry only in the production of canned poultry in accordance with the specifications of the U. S. Army. Each shipment or delivery of frozen poultry to an authorized poultry canner shall be accompanied by a certificate, in triplicate, filled out by the owner of the frozen poultry in substantially the following language (with appropriate information inserted in the blank spaces):

This is to certify that ----- pounds of frozen poultry hereby delivered is frozen poultry set aside pursuant to the provisions of War Food Order No. 125 issued by the War Food Administrator on February 8, 1945, as amended, and such frozen poultry must continue to be set aside and held until it is disposed of in accordance with the provisions of said order.

S. Army Quartermaster Market Center, and shall retain the third copy for two years.

(14) In the event of the suspension or the termination of the provisions of (b) (1) to (b) (13) hereof, all canned poultry, frozen poultry, and eviscerated poultry set aside pursuant to said provisions at the time of suspension or termination of said provisions, shall continue to be set aside and may be sold or disposed of only in accordance with (b) (4), (b) (11), and (b) (13) hereof.

(c) *Authorizations.* (1) Any person who desires to produce in excess of 10,000 pounds of eviscerated poultry in any calendar week may apply to the Order Administrator for a letter of authorization as an authorized poultry eviscerator. (2) Any person who wishes to become an authorized poultry canner may file with the Order Administrator an application to become an authorized poultry canner. ### Chapter VI—Solid Fuels Administration for War

#### PART 602—GENERAL ORDERS AND DIRECTIVES

##### CANCELLATION OF STATEMENT CONCERNING DISTRIBUTION OF CERTAIN COAL VIA GREAT LAKES

On February 5, 1945, SFAW issued a statement announcing that it would be a part of the program of SFAW to prohibit, on and after April 1, 1945, any bituminous coal produced in Districts 1 to 8 from moving via the Great Lakes for use as railroad locomotive fuel. Railroads receiving coal for railroad use from these districts via the Great Lakes were advised to arrange to purchase coal from other districts after April 1, 1945.

After consultation with the War Production Board, it has been determined that it is not necessary at this time to institute the program indicated in the statement concerning the distribution of certain coal via the Great Lakes issued on February 5. Therefore, this statement is hereby cancelled, effective immediately.

Railroads receiving coal via the Great Lakes for railroad locomotive fuel are being advised by SFAW of the maximum amount of such coal they will be permitted to receive during the season of lake navigation commencing April 1, 1945.

Issued this 16th day of March 1945.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-317, Direction 11]

COMBED COTTON YARN FABRICS FOR THE ARMED SERVICES

The following direction is issued pursuant to General Conservation Order M-317:

(a) *Purpose.* The purpose of this direction is to enable the Armed Services to obtain additional quantities of certain combed cotton yarn fabrics to meet their programmed requirements.

(b) *Definitions.* (1) "Required fabrics" means any one of the combed cotton yarn fabrics listed in Schedule A to the extent that they (i) use yarn made from combed sliver reserved in paragraph (c) (1) of this direction, or (ii) are produced on looms required by paragraph (c) (3) to produce any of the Schedule A fabrics.

(2) "Combed yarn fabric mill" means any person who produces any woven combed cotton yarn fabric over 12 inches wide.

(c) *Production and other directions.* The following directions must be observed by each combed yarn fabric mill which on December 30, 1944, produced or had looms assigned to produce any combed cotton yarn fabric:

(1) *Combed sliver production.* Effective April 2, 1945 each combed yarn fabric mill operating combers shall reserve each week at least 50 percent of its poundage production of combed sliver for making yarns suitable for required fabrics.

(2) *Operation of twister spindles.* No combed yarn fabric mill shall operate any twister spindle after April 16, 1945 except to produce ply combed yarns suitable for those required fabrics, the specifications of which call for ply yarns. All ply yarns so produced shall be used by the mill only to make required fabrics or sold only as permitted by paragraph (d).

(3) *Production of required fabrics.* Subject to any changes directed under paragraph (d), each combed yarn fabric mill shall produce in the calendar quarter beginning April 1, 1945, and in each calendar quarter thereafter, at least as many yards of each of the fabrics listed in Schedule A as it produced in the fourth calendar quarter of 1944. In addition to this minimum production, each combed yarn fabric mill shall use each loom which on March 17, 1945 was producing or was assigned to produce any of the fabrics listed in Schedule A, to produce that same fabric only. Each combed yarn fabric mill also shall operate to produce required fabrics such further and additional looms as will consume, at the maximum rate of production, all yarn made by it from the combed sliver production reserved under paragraph (c) (1) of this direction.

(d) *Use, production and sale restrictions.* (1) Effective April 2, 1945 no combed yarn fabric mill shall use any combed sliver reserved under paragraph (c) (1) except to make yarn suitable for required fabrics, or use any yarn made by it from such reserved sliver except to make required fabrics.

(2) No combed yarn fabric mill shall sell or deliver any required fabrics or yarn made from combed sliver reserved under paragraph (c) (1) except (i) to fill a direct order of the Army, Navy, Maritime Commission, or

War Shipping Administration; or (ii) to fill a rated order bearing the purchaser's certification, substantially as follows:

This material will be used to fill Contract No. \_\_\_\_\_ (insert number) of the \_\_\_\_\_ (Army, Navy, Maritime Commission, or War Shipping Administration.)

(3) Each combed yarn fabric mill must report its proposed production schedule of required fabrics for the second calendar quarter of 1945 (and for later quarters, if requested), on Form WPB 4181, together with other information called for, by the form. This form covering proposed production for the second calendar quarter of 1945, must be filed with the War Production Board, Textile, Clothing and Leather Bureau, Washington 25, D. C., not later than March 24, 1945. If the War Production Board approves a proposed production schedule, it will so advise the mill in writing. If the War Production Board finds it necessary to make changes in the proposed production schedule, it will direct the mill in writing to make such changes and each mill must comply with the directions it receives. No combed yarn fabric mill shall, after March 17, 1945 enter into any contracts for any required fabrics until its production schedule for the applicable period has been acted on by the War Production Board in writing. Changes will be ordered in a mill's proposed production schedule when necessary, to meet the programmed requirements of the Armed Services for each of the required fabrics, taking into account the relative abilities of the various mills to produce these fabrics, and the effect on over-all production of both the required fabrics and combed yarn fabrics for civilian use.

(e) *Appeals.* Any person may appeal from this direction as provided in paragraph (g) (4) of Conservation Order M-328.

Issued this 17th day of March 1945.

(b) *General provisions.* Carbon tetrachloride is subject to the provisions of General Allocation Order M-300 as an Appendix B material. The initial allocation date is February 1, 1944, when carbon tetrachloride first became subject to allocation under Order M-363 (revoked). The allocation period is the calendar month. The small order exemption without use certificate per person per month is any less-drum quantity totaling less than 700 pounds.

(c) [Revoked Mar. 19, 1945.]

(d) *Suppliers' applications on WPB-2947.* Each supplier seeking authorization to use or deliver shall file application on Form WPB-2947 (formerly PD-602). Production during any month shall not exceed 35% of the total production for the period March 1 to June 30, 1945.

(b) *Production for preferred orders.* In addition to the amount specified in paragraph (a), any person may produce camelback to fill purchase orders placed directly by the War Department, Navy Department, Maritime Commission, Aircraft Resources Control Office or Foreign Economic Administration for Lend-Lease account.

(c) *Appeals.* Any appeals from the provisions of this order should be addressed to the Tire and Tube Division, Rubber Bureau, War Production Board, Washington 25, D. C., Ref: Order L-345.

§ 1337.37a *Applications for adjustment* (a) Any producer of high-tenacity rayon yarn who is subject to a War Production Board direction pertaining to that yarn may file an application for adjustment of its maximum price in accordance with Article III of Revised Procedural Regulation No. 1 if:

(1) Compliance with the direction is not (or with any prior direction has not been) possible by use of equipment designed for and previously devoted to the production of such yarn, but requires (or has required) extensive installation of new plant facilities or extensive conversion of equipment originally used for a different purpose; and

(2) The cost of the yarn manufactured on the new or converted equipment can be ascertained and segregated from the cost of the balance of the high-tenacity yarn produced by the applicant.

(b) An adjustment will be granted to the extent that the applicable maximum price per pound is lower than the applicant's average total cost per pound of the yarn produced on the new or converted equipment.

(c) As used herein the word (1) "direction" means any order to produce stated quantities within specified periods, excluding purchase orders or contracts bearing preference ratings; (2) "new" means neither built nor under construction prior to November 1942; (3) "previously" means prior to November 1942.

**PART 1377—WOODEN CONTAINERS**

[RMPR 320, Amdt. 3]

**EASTERN AND CENTRAL WOODEN AGRICULTURAL CONTAINERS**

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 12 (b) is amended to read as follows:

(b) *Applications for adjustment—(1) When adjustment may be granted.* The Price Administrator may by order adjust the maximum prices established under this regulation for one or more plants of any seller who can show:

(i) That increased costs result in hardship which will impede his production of essential supply of agricultural containers, and

(ii) That his existing maximum prices are less than manufacturing costs if his current over-all profits are favorable in relation to those of a representative peacetime period; or that his existing maximum prices do not exceed total costs if his current over-all profits are comparable to his over-all profits for a representative peacetime period; or that his existing maximum prices do not afford a reasonable profit if current over-all profits are unfavorable compared to those in a representative peacetime period.

(2) *Factors which may also be considered.* The following factors are relevant to the consideration of whether maximum prices are at such a level that production or supply of agricultural containers is impeded or threatened.

(i) Whether greater efficiency in production or merchandising can reasonably be expected so that an adjustment would not be necessary.

(ii) Whether the seller previously sold the particular item under consideration at a price which was below his total unit costs.

(3) *Form and contents of application.* Applications under this section must be filed in accordance with Revised Procedural Regulation No. 1, issued by the Office of Price Administration.

All applications must contain:

(i) Profit and loss statements and balance sheets in the detail normally prepared by the applicant, covering the company's entire operations by years from 1936 through 1939 and for the last

19 F.R. 2821, 11007; 10 F.R. 654.

full calendar or fiscal year and the available interim period for the current calendar or fiscal year. The applicant may submit, in addition, data for other years, if, in his opinion, they are more truly representative of his normal operations.

(ii) Condensed profit and loss statements broken down as between (a) agricultural container department and (b) all other departments by years from 1936 through 1939 and for the last full calendar or fiscal year and the available interim period for the current calendar or fiscal year. A breakdown of sales between (a) agricultural containers and (b) all other products is to be submitted for the same periods.

(iii) A complete breakdown showing footage produced and manufacturing costs of lumber and veneer produced for use in manufacturing agricultural containers for each plant owned, operated or controlled by the manufacturer for the last full calendar or fiscal year and the available interim period for the current calendar or fiscal year.

(iv) A breakdown of all manufacturing costs of agricultural containers for each plant for which adjustment is sought for the last full calendar or fiscal year and the available interim period for the current calendar or fiscal year. Lumber and veneer costs and the footage purchased and manufactured should be shown separately for each period. SECTION 1. *Scope of the regulation.* The purpose of this regulation is to establish maximum prices for all domestic and imported "bulk" and "domestic packaged" honey, except: (1) comb honey, and (2) cut comb honey. The excepted types are exempt from price control. As to "bulk honey", maximum prices for all sales (other than export sales covered by the Second Maximum Export Price Regulation) are established by this regulation. This regulation, also provides maximum prices, at which "bulk honey" may be imported. As to "domestic packaged honey", maximum prices are established for all sales except: (1) sales by wholesalers and retailers as classified and for whom maximum prices are provided in Maximum Price Regulations 421, 422 and 423 and (2) export sales, maximum prices for which are covered by the Second Maximum Export Price Regulation. The regulation also establishes maximum commission charges for buying agents.

**SEC. 2. Certain definitions.** (a) A "producer" means a person who offers for sale honey produced by colonies of bees under his control.

(b) A "buyer's agent" means a person who assembles honey for reshipment, who invests none of his own money in the honey and who acts completely for the account of and on the responsibility of a packer or dealer. (A "producer" cannot be a "buyer's agent" with respect to honey which he produces, nor with respect to honey of other producers except on a normal business basis without any payment to another producer of any part of his commission or making any exchange arrangement for the purpose of enabling any producer to obtain more than such producer's maximum price.)

(c) A "dealer" means a person in continental United States (1) who buys and resells bulk honey, (2) who assumes responsibility for delivery in accordance with specifications; and who maintains an established place of business throughout twelve months of the year. (A "producer" cannot be a "dealer" with respect to honey which such producer produces, but may be a "dealer" with respect to honey which he has purchased in the normal course of trade or business from another producer or dealer to supply requirements of his customary trade in excess of his own production.)

(d) "Honey" means the nectar and saccharine exudations of plants gathered, modified, and stored in the comb by honey bees. The term includes such product irrespective of whether it is in liquid or other form.

(e) "Bulk honey" means honey in a container of more than 15 pounds capacity.

(f) "Imported bulk honey" means honey produced outside of continental United States (the 48 States and District of Columbia), which is sold in a container of more than 15 pounds capacity. Bulk honey which is composed partly of imported honey and partly of domestic honey is considered as imported bulk honey, and must be so priced, marked and invoiced.

(g) "Domestic bulk honey" means honey produced in continental United States, which is sold in a container of more than 15 pounds capacity.

(h) "Packaged honey" means honey in a container of 15 pounds capacity or less.

(i) "Domestic packaged honey" means honey packaged in continental United States in a container of 15 pounds or less capacity.

(j) "Standard glass container" means a glass container of the type which is in general use in the honey industry.

(k) "Fancy container" means a container the cost of which is 50% or more greater than the cost of a "standard glass container" of the same size.

(l) "Dyce process" means the method of pasteurizing and minutely recrystallizing honey patented by Cornell University Research Institute.

(m) "Wholesaler" means a seller of packaged honey for whom prices are provided by Maximum Price Regulation No. 421.

(n) "Retailer" means a seller of packaged honey for whom prices are provided

by Maximum Price Regulations Nos. 422 and 423.

(p) "Consumer" means a person who buys honey for personal or household consumption.

(q) "Local shipping point" means the point near the producer's apiary to which he customarily brought honey for receipt by or shipment to a purchaser.

ARTICLE II—MAXIMUM PRICES

**SEC. 3. Maximum prices for bulk honey.** Maximum prices for bulk honey are as follows:

(a) For "domestic bulk honey":  
 (1) *Producers' maximum prices.* Where a sale is made by a producer in a marketable container, f. o. b. producer's local shipping point:

	<i>Cents per lb.</i>
(i) To persons other than consumers—	12
(If purchaser furnishes, exchanges, or returns a container for that shipped by the seller, the maximum price shall be 1½¢ per lb.)	
(ii) To consumers—	15

(2) *Buyer's agent's compensation.* Where a sale is made in a marketable container f. o. b. assembling point through a buyer's agent, compensation may be paid to such agent above the specific maximum prices not to exceed ½ cent per pound.

(3) *Dealers' maximum prices.* Where a sale is made in a marketable container, f. o. b. shipping point by a dealer:

	<i>Cents per lb.</i>
(i) For 12,000 lbs. or over or any quantity in a pool car—	13
(ii) For less than 12,000 lbs. but not less than 1,500 lbs.—	14
(iii) For less than 1,500 lbs., but not less than 300 lbs.—	15
(iv) For less than 300 lbs.—	16
(v) When treated by the "Dyce process" by one licensed to use such, there may be added to the above price—	3
(Containers and invoices covering such honey must be marked "Dyce Processed Honey")	

(vi) If a purchaser furnishes, exchanges or returns a container for that shipped by the seller, dealers' prices shall be reduced ½¢ per lb.

(vii) Freight charges paid by the dealer to a carrier or prior vendor from the producer's local shipping point to the point from which the dealer sells f. o. b. may be added to the above prices if the invoice states the point where the honey was originally obtained.

(b) For "imported bulk honey":  
 (1) *Maximum import prices.* Where imported into continental United States, per pound, landed weight basis, c. i. f. port or point of arrival:

	<i>Cents per lb.</i>
(i) When imported free of U. S. duties—	11.2
(ii) When imported from Cuba—	10
(iii) When imported from any place except Cuba, and U. S. duty is payable—	9.7

(iv) The maximum prices for imported bulk honey are for deliveries, c. i. f. at a continental U. S. port or point of arrival, all charges paid, except United States duty. If, at date of transfer, honey produced outside continental United States has not reached a point or port of arrival in continental United States, the total

paid or to be paid for the honey (except duty) and all other current charges incident to moving the honey to such point or port shall not exceed the appropriate maximum price for such honey at that point or port of arrival.

(2) *Dealer's maximum prices.* Where a dealer makes a sale of imported bulk honey in a marketable container, duty paid, f. o. b. freight car or truck, at a point or port of arrival in the United States:

Quantity	When warehoused by dealer in U. S.	When not warehoused by dealer in U. S.
(i) For 12,000 lbs. or over or any quantity in a pool car—	<i>Cts. per lb.</i> 11½	<i>Cts. per lb.</i> 11½
(ii) For less than 12,000 lbs., but not less than 1,500 lbs.—	12½	11½
(iii) For less than 1,500 lbs., but not less than 300 lbs.—	13½	11½
(iv) For less than 300 lbs.—	14½	11½

(v) Where a sale is made of imported bulk honey, not warehoused, on a basis other than an f. o. b. car or truck basis, the loading and carting charges that would have been incurred if the sale had been f. o. b. car or truck must be deducted from the 11½ cents per pound maximum price.

(vi) Where a sale of imported bulk honey is made in bond, the maximum price shall be the same as that established for the same type of sale made on a duty-paid basis less the amount of applicable duties.

(c) *Container and case charges.* The sale of new containers at less than cost or of used containers at less than the prevailing market price by a purchaser of honey to a producer from whom he purchases honey; or if honey is packed in cartons or cases a charge for the cartons or cases, by the seller, shall be considered an evasion of this regulation.

(d) *Maximum delivered prices.* Where delivery is made at some point other than the point at which the above prices are applicable, the maximum prices shall be determined by adding to the applicable maximum prices set forth above, the cost of transportation for the quantity delivered, up to but not in excess of the lowest common or contract carrier rate from the point at which the prices are applicable to the point where the honey is actually received by the buyer.

**SEC. 4. Dealers' maximum charges for services.** (a) Whenever any dealer or the dealer who has supplied him has within the continental United States heated and strained or heated and filtered and repacked bulk honey into a new or thoroughly cleaned container (except "Dyce process" honey) a service charge not exceeding 1¢ per pound for domestic bulk honey so treated, or 1½¢ per pound for imported bulk honey so treated, may be added to the specific maximum price by the dealer on sales to all buyers except those purchasing for the purpose of bottling honey. (No charge may be made to purchasers bottling honey.) In the event the dealer who ordered or the dealer who supplied him received the imported bulk honey in barrels and repacked it into metal containers after heating and straining it, or heating it and filtering it, the maximum service charge which may be added shall be 2¢ per pound.

(1) If a dealer makes any of the service charges provided above:

- (i) An invoice must be furnished the purchaser stating that the honey has been heated and strained, or heated and filtered, and repacked into a container by a dealer in the continental United States, with the name and address of the dealer who performed such service; and
- (ii) Such honey must be sold in a container which is marked: "Repacked in the United States."

**SEC. 5. Maximum prices for packaged honey.**

**NOTE:** Wholesalers and retailers determine their maximum prices for packaged honey under Maximum Price Regulations Nos. 421, 422 and 423. All other sellers determine their maximum prices under this section.

(a) *Domestic packaged honey.* The maximum price by sellers other than wholesalers and retailers as defined in Maximum Price Regulations Nos. 421, 422 and 423 for an item of domestic packaged honey is the maximum price determined therefor pursuant to the following methods: Nos. 1 or 2, whichever the seller elects to adopt. However, if the item of domestic packaged honey is packed in a fancy container and if the seller is not able to determine the maximum price for such item pursuant to Method 1, he may either use the maximum price established for that item pursuant to Method 2 or apply under section 7 for authority to establish a maximum price on such item.

(1) *Method 1.—Formula prices submitted on Forms 1-A, 1-B, and 1-C.* A seller of "packaged honey" shall determine his maximum f. o. b. shipping point price to each class of customer for which he had prices during the "base period" of September, October, and November, 1941, for each kind, flavor, brand, container type and size of "packaged honey" by adding his "permitted increase" to 102% of the "base price" for such item.

(1) The "base price" shall be calculated by dividing the total dollars charged f. o. b. shipping point before customary discounts and allowances for each such item during the "base period" by the number of such items sold during this period to each class of customer.

(1) The "permitted increase" per pound shall be calculated by adding the following two cost increases per pound under inferior subdivisions (a) and (b).

(a) *Cost increase for honey.* The cost increase per pound for honey shall be the difference between 11.8¢ and the seller's "weighted average cost" per pound for honey purchased during the "base period."

The "weighted average cost" means the total dollars f. o. b. beekeeper's shipping point paid for honey purchased during the "base period" divided by the number of pounds of honey purchased during the "base period". In computing the "weighted average cost" that quantity of honey which was produced by the seller during the "base period" shall be deemed to have been purchased by him at a price of 5.6¢ per pound and that quantity of honey which was not purchased directly from the f. o. b. purchaser's shipping point during the "base period" and for which reason an f. o. b. beekeeper's price cannot be calculated, shall be deemed to have been purchased at 5.6¢ per pound or his delivered cost if such cost is less than 5.6¢ per pound. Persons who made no purchases of honey during the "base period" shall adopt 5.6¢ as their "weighted average cost."

(b) *Cost increase for transportation.* The cost increase per pound for transportation shall be the difference, if any, between the

figure obtained by dividing the total freight dollars paid for honey purchased during the "base period" by the total pounds of honey produced and purchased during the "base period", and the figure obtained by dividing the total freight dollars paid for honey purchased during the months of June, July, and August, 1942, by the total pounds of honey produced and purchased during the months of June, July, and August, 1942.

If the cost increase for transportation cannot be computed because of purchases not having been made during one or both of the above specified periods, then computations may be made on the basis of purchases made during those periods closest in point of time to the periods specified above. The periods adopted must each consist of three consecutive months and must be periods during which representative quantities were purchased. Transportation taxes which were paid shall be excluded in making the computations.

(c) The sum of the increased cost per pound obtained under (a) and (b) is the "permitted increase" per pound. To obtain the "permitted increase" for each particular item, multiply the "permitted increase" per pound by the number of pounds in the container.

(d) *Filing of Forms 1-A, 1-B, and 1-C.* A seller shall not sell or deliver any item of "packaged honey" at prices determined pursuant to Method 1 unless and until he has obtained from and filed with the Sugar Sec-

tion, Food Price Division, Office of Price Administration, Washington, D. C., one copy of Forms Nos. 1-A, 1-B, and 1-C. These forms, when executed, shall be sent to the Office of Price Administration, Washington, D. C., and shall be deemed filed on the fifteenth day following the date on which they were mailed.

(1) If the Office of Price Administration finds that the prices reported in Forms Nos. 1-A, 1-B, and 1-C are different from those allowed by Method 1, or it finds that the forms have been improperly executed, or omit required information, the Office of Price Administration may by letter or telegram object to prices thus reported. A seller, after receiving such letter or telegram, shall not sell or deliver any item, the prices of which have been objected to, at prices higher than those set forth in Method 2 until he has resubmitted corrected prices on Forms Nos. 1-A, 1-B, and 1-C.

(b) *Maximum delivered price.* Maximum prices which a seller determines pursuant to Method 1 are f. o. b. shipping point. Maximum prices determined pursuant to Method 2 are f. o. b. packing plant for domestic packaged honey, except as provided below, the maximum delivered price shall not exceed the appropriate f. o. b. maximum price plus actual freight charges incurred (exclusive of charges for local drayage, hauling or handling) to the purchaser's receiving point.

(1) Uniform maximum delivered prices for packaged honey to particular classes of purchasers in a particular zone or area may be determined by adding to the appropriate f. o. b. maximum prices the "weighted average charges" from the point at which the f. o. b. maximum price applies to that class of purchaser's receiving points. This "weighted average charge" for transportation for any zone or area shall be figured as follows:

(i) Determine the total estimated transportation charges, which would have been incurred, if the shipment of the item which he made during the one-year period immediately preceding the date of calculation, to the particular class of purchasers in that zone or area, had been at rates in effect on the date of calculation; and

(ii) Divide that total result from (i) by the total number of pounds or other units of the item included in those shipments. Where more than one means of transportation is used, averages shall be taken separately for each means.

(2) Any packer, whose maximum prices are provided by this regulation, who sells packaged honey directly to a retailer from a branch warehouse owned or controlled by him and located in a city other than that in which his packing plant is located may determine maximum delivered prices for such sales by adding together the following:

(i) His maximum price for sales of the item to wholesalers, f. o. b. packing plant.

(ii) The freight, if any, incurred on the item from the packing plant to the branch warehouse; or if he has more than one branch warehouse in a particular zone or area and wishes to sell the item at a uniform price within the zone or area within which the branch warehouses are located, the "weighted average transportation charges" from the packing plant to the warehouses within the particular zone or area. "Weighted average transportation charges" shall be figured in accordance with the method set forth in subparagraph (1) above.

(iii) The sum obtained by multiplying the markup figure appropriate to the particular sale which would have been applicable to him as a "wholesaler" operating under Maximum Price Regulation 421, had he purchased the finished product and not bottled or packed it, by the total of (i) and (ii); plus such additional transportation charges which a wholesaler would be permitted to add to Maximum Price Regulation 421.

SEC. 6. *Calculations.* Amounts computed in the process of figuring a maximum price (other than the maximum price itself) shall be carried to four dec-

imal places. If the figured maximum price for an individual unit in the total quantity being sold involves a fraction of a cent, such fraction shall not be rounded off before determining the maximum price for the total quantity being sold. However, if the maximum price of the total quantity being sold involves a fraction of a cent, the price shall be adjusted to the next higher cent if the fraction is  $\frac{1}{2}$ ¢ or more, or to the next lower cent if the fraction is less than  $\frac{1}{2}$ ¢.

SEC. 7. *Individual authorization of maximum prices.* If any person has an item of honey treated by a process similar to that used for "Dyce process honey", or an item of honey packed in a fancy container or any other item of honey within the scope of this regulation for which a maximum price cannot be determined by any of the specific provisions of this regulation, a maximum price for such item may be established by the Price Administrator upon application of the prospective seller. The application shall be filed with the Office of Price Administration (Sugar Section), Washington, D. C. and shall set forth:

(a) A description in detail of the item for which a maximum price is sought, including size, grade and brand name, if any, and a statement of the facts which make it different from the most similar item for which a maximum price may be determined by specific provision of the regulation, identifying the similar item and stating its maximum price.

(b) If the item is packed in a fancy container, a statement of the cost of the container (or container and carton) and size.

(c) If the item has been treated by a process similar to the "Dyce Process", a statement as to the cost of that process.

(d) The proposed maximum price for this item including a statement of any discounts or allowances which should be made applicable to the proposed price.

(e) The method of distribution to be employed by the seller in marketing (i. e. whether to wholesalers, retailers, consumers or other classes of purchasers).

Upon receipt of the application, the Office of Price Administration will authorize a maximum price, or a method for determining a maximum price, for the applicant or for sellers of the items generally, including purchasers for resale. The maximum price authorized will be one which bears a proper relationship to those of comparable items and sellers. After filing the application, the applicant may deliver the item, but he may not receive payment for it until a maximum price is authorized.

SEC. 8. *Customary allowances and discounts.* The maximum prices established by this regulation shall be reduced to reflect the seller's customary allowances, discounts, and other price differentials.

SEC. 9. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery. No person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward after delivery except in accord-

ance with authorization by the Office of Price Administration. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production, and it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by order by the Price Administrator, or one duly authorized to act for him.

SEC. 10. *Notification of new maximum prices.* With the first delivery of an item of packaged honey after the effective date of any provision changing the seller's maximum price, he shall supply each wholesaler and retailer who purchases from him written notice reading as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

The Office of Price Administration has authorized us to adjust our ceiling price for packaged honey. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulations 421, 422 or 423, you must refigure your ceiling price for this item on the first delivery of it to you, from your customary type of supplier, with this notification after (insert effective date of the regulation or amendment which authorized the adjusted price). You must refigure your ceiling price following rules in section 6 of Maximum Price Regulations 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after determining the new maximum price for the item, and with the first shipment after the 60-day period to each person who has not made a purchase within that time, each seller shall include in each case, carton or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stating it on the invoice covering the shipment instead of providing it with the goods.

ARTICLE III—GENERAL PROVISIONS

SEC. 11. *Geographical applicability.* This regulation applies in the 48 States of the United States and the District of Columbia.

SEC. 12. *Compliance with the regulation—(a) No selling or buying above maximum prices.* Regardless of any contract or obligation, no person shall sell or deliver, or buy, import or receive, in the course of trade, any item at a price higher than the maximum price established for the sale by this regulation.

(b) *Evasion.* No person shall evade a maximum price, directly or indirectly, whether by commission, service, transportation, or other charge or discount, premium, or other privilege, by tying-agreement, or other trade understanding, or in any other way.

(c) *Enforcement.* Any person violating a provision of this regulation is subject to the criminal penalties, civil enforcement actions, license suspension provision, and suits for treble damages provided by the Emergency Price Control Act of 1942, as amended.

**SEC. 13. Licensing.** The provisions of Licensing Order No. 1, licensing persons who make sales under price control, apply to sellers subject to this regulation, but no such license is required of or granted to a farmer as a condition of selling an agricultural commodity by him. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

**SEC. 14. Records which must be kept.** Every person who makes sales covered by this regulation shall:

(a) Make and preserve for examination by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942 remains in effect, all records of the same type as he has customarily kept relating to the prices which he charges.

(b) Preserve for examination by the Office of Price Administration the records which were the basis for figuring the maximum prices reported to the Office of Price Administration on Forms 1-A, 1-B, and 1-C.

**SEC. 15. Sales slips and receipts.** Any seller who has customarily given a purchaser a sales slip, receipt, or similar evidence of purchase shall continue to do so. Upon request, any seller, regardless of previous custom, shall give the purchaser a receipt showing the date, the name and address of the seller, the name of each item sold, and the price received for it.

**SEC. 16. Transfers of business or stock in trade.** If the business assets, or stock in trade of a seller subject to this regulation are sold or otherwise transferred on and after March 24, 1945, and the transferee carried on the business, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no transfer had taken place, and his obligation to keep records sufficient to verify those prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions contained in this regulation.

**SEC. 17. Export sales.** The maximum price at which a person may export an item covered by this regulation shall be determined in accordance with the Second Revised Maximum Export Price Regulation, as amended.

**SEC. 18. Federal and State taxes.** Any tax upon, or incident to, the sales, delivery, processing, or use of honey imposed by any statute of the United States or statute or ordinance of any State or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such honey and in preparing the records of such seller with respect thereto:

(a) As to a tax in effect prior to the effective date of this regulation for each kind of honey. (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the

amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price prior to the effective date for such item the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such a case shall include such amount in determining the maximum price under this regulation.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this regulation.

(b) As to a tax or an increase in a tax which becomes effective after the effective date of this regulation for each kind of honey. If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor, and separately stated and collected from the seller by the vendor from whom he purchased.

**SEC. 19. Petition for amendment.** Any person seeking a general modification of this regulation may file a petition for amendment in accordance with Revised Procedural Regulation No. 1, issued by the Office of Price Administration.

This regulation shall become effective March 24, 1945.

#### DEPARTMENT OF LABOR.

##### Division of Public Contracts.

##### UNIFORM AND CLOTHING INDUSTRY

##### NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas, the prevailing minimum wage determination for the uniform and clothing industry, issued by the Secretary of Labor on January 25, 1941, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U.S.C. Supp. III, sec. 35), provides that the minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of that Act, for the manufacture or supply of products of the suit and coat branch of the Uniform and Clothing

Industry, is not less than 60 cents an hour or \$24 per week of 40 hours, arrived at either upon a time or piece-work basis, subject to a 20 percent tolerance for auxiliary workers: *Provided*, That such auxiliary workers may not be paid less than 40 cents per hour or \$16 per week of 40 hours; and

Whereas, under date of October 18, 1944, I issued a notice of opportunity to show cause, which was published in the FEDERAL REGISTER on October 24, 1944 (9 F.R. 12749), wherein it was proposed, as a result of administrative difficulties arising in the enforcement of the determination as it relates to auxiliary workers, that the uniform and clothing wage determination be amended by

1. Permitting the employment of auxiliary workers in the suit and coat branch of the industry without limitation as to number; and

2. Clarifying the definition of the term "auxiliary workers" as applied to the suit and coat branch of the industry; and

Whereas, such notice gave to all interested parties opportunity to show cause on or before November 18, 1944 why the Secretary of Labor should not amend the uniform and clothing wage determination pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act so that the amended determination would provide that:

(1) The prevailing minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U.S.C. Supp. III, sec. 35) for the manufacture or supply of products of the suit and coat branch of the uniform and clothing industry is not less than 60 cents an hour or \$24 per week of 40 hours, arrived at either upon a time or piecework basis; and that auxiliary workers, as hereinafter defined, in the suit and coat branch of the industry shall be paid not less than 40 cents an hour or \$16 per week of 40 hours, arrived at either upon a time or piecework basis. The term "auxiliary workers" as applied to the employees in the suit and coat branch of the industry shall include only those employees engaged in the following auxiliary occupations:

(a) *Position marking.* The operation, by hand, of marking with a punch, thread, or chalk, the position of buttons, pleats, darts, pockets, buttonholes, etc., by the use of a template, rule or similar device.

(b) *Shade and size numbering.* The operation (except when done by "sobar" or other power-driven machine) of identifying a garment part by marking or stamping the size, shade, or lot number with chalk or stamp, or by sewing, pinning, or stapling a ticket to the garment part.

(c) *Bundle tying.* The operation of tying together into bundles piles of garment parts, or partially finished garments.

(d) *Bundle ticketing.* The operation, by hand, of preparing and attaching an identifying ticket to a bundle of work.

(e) *Matching and pairing.* The operation of pairing or matching garment parts.

(f) *Basting pulling.* The operation of pulling out basting stitches.

(g) *Hand trimming.* The operation of cutting away with scissors, excess piping, loops or tape.

(h) *Cleaning.* The operation of clipping the waste ends of threads resulting from "black" or permanent stitchings.

(i) *Turning.* The operation of turning inside out or outside in, parts of, or complete garments. Does not, however, include turning of lapels or collars.

(j) *Floor boys and girls.* Workers who carry bundles or materials from department to department or to workers.

(k) *Porter.* Performs the janitorial work of sweeping and cleaning the shop.

(l) *Hand felling.* The operation, by hand, of attaching the lining to the body of the garment or to another lining with a blind or felling stitch.

(m) *Bushelling.* The operation, by hand, of sewing up small rips, and openings.

(n) *Examiner's helper.* Performs minor preliminary checking for rips, tears and other imperfection in the garment, but is not responsible for the final determination as to the acceptability of the work. Also performs the operation of brushing the garment and removing loose lint or thread.

and  
Whereas, the Amalgamated Clothing Workers of America has filed a brief protesting the inclusion of the occupations of "hand felling" and "bushelling" in the proposed list of auxiliary workers; and

Whereas, information submitted to me indicates that the occupations of "hand felling" and "bushelling" are considered throughout the industry to be skilled occupations, that the prevailing wages paid to employees engaged in these two occupations are equal to or in excess of 60 cents an hour, and that such occupations of "hand felling" and "bushelling" should no longer be classified as auxiliary;

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before April 28, 1945, why the auxiliary occupations in the suit and coat branch of the uniform and clothing industry as defined in the notice of opportunity to show cause dated October 18, 1944, should not be changed by eliminating the occupations of "hand felling" and "bushelling." Any such showing should include information as to the number of workers engaged in "hand felling" and "bushelling" and the average straight-time hourly earnings of each such worker for the pay roll period ending on or nearest to February 17, 1945.

All objections, protests, or any statements in opposition to or in support of the proposed elimination of the occupations of "hand felling" and "bushelling" from the list of auxiliary occupations in the uniform and clothing industry should be addressed to the Administrator of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, 165 West 46th Street, New York 19, New York, and should be filed with the Administrator not later than April 28, 1945. An original and four copies should be filed.

Dated: March 12, 1945.

Administrator.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding;

That the property described as follows: All right, title, interest and claim of any kind or character whatsoever of Christine Wessel and Marie Johansson, and each of them, in and to the Estate of Mathilde Von Deylen, deceased, is property payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

*Nationals and Last Known Address*

Christine Wessel, Germany.  
Marie Johansson, Germany.

That such property is in the process of administration by Anna Beatrice Weiderman, as Executrix, acting under the judicial supervision of the Surrogate's Court, Queens County, State of New York;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Prop-

erty Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.
