<!--\*PART 2\* STARTS HERE-->

==Project idea==  
{{TOC\_right}} <!--Please live this here and continue to the next section-->

===What is the problem you're trying to solve?===  
<!--In this section: Explain the problem that you are trying to solve with this project. What is the issue you want to address? Be brief, you can update and add to this later.-->

===What is your solution?===  
<!--In this section: Explain the experimental solution that your project offers. How does your project solve the problem you've identified? Be brief, you can update and add to this later.-->

Edit summary:

Watch this page

**Proposal title**  
What is the name of your project? This will become the title of your proposal page.

\*

**Summary**  
Please briefly summarize your project in one sentence

\*

**Project idea**  
Think of your project as an experiment - explain the overall problem you see and your idea for a solution that your project aims to test.
