HEADQUARTERS EIGHTH ARMY
United States Army
Office of the Commanding General
APO 343

SUBJECT: Roster of Overseas Consultants, Inc. 20 OCT 1947

TO : All Military Government Teams

1. In most instances members of the Overseas Consultants, Inc. have had no difficulty in identifying themselves in the field. However, there have been a few instances in which they have encountered personnel who did not understand their identity. In order to clarify this a list of all Overseas Consultants on duty in this theatre and their position assignment is shown below.

2. The Overseas Consultants, Inc. are civilians who are under contract to the Secretary of the Army to make surveys in connection with reparations and industrial levels in Japan. It is extremely desirable in the interests of the Occupation that the surveys be completed at the earliest practicable date. It is desired that all concerned render all possible assistance and appropriate courtesies to individual members of this group.

3. Each member of the group is to be issued a technical and intelligence pass by G-2, GHQ. The orders written by GHQ authorizing the various trips in connection with their work will include the phrase (CAF-15 comparable grade). This headquarters will endeavor, by priority radio, to insure that all locations to be visited are promptly and properly notified, giving the names of the individuals who may be expected, together with their proposed itinerary and purpose of the visit.
