NUCLEUS OF CANADIAN NAVY.

The Canadian training ship Rainbow, the first fruits of the Canadian navy idea, is now in the Pacific Ocean on her way to Esquimaut.

The arrival of the Rainbow will be an event of unusual importance in that it is the first tangible result of the naval policy of the Dominion government.

The arrival of the Rainbow will be an event of unusual importance in that it is the first tangible result of the naval policy of the Dominion government.

Speaking locally, the arrival of the Rainbow is of great interest because it is the beginning of a policy which will make Esquimaut a great naval ship repairing and ship-building centre.

well as from the broader standpoint of Canadian Nationalism, the Rainbow will be welcomed by everyone.

GRAND JURY PRESENTMENTS.

It is to be hoped that the presentment of the Grand Jury in regard to making provision at the Jubilee Hospital for patients who have delirium tremens or allied diseases will bear fruit.

Another presentment of the Grand Jury which is of great importance is that which recommends that some steps be taken to prevent the use of firearms by young and irresponsible persons.

SATANIC WISDOM.

The following "little bit" was forwarded to the Times by an anonymous correspondent, but we think our readers will agree that it is altogether too good to be sent the way of the ordinary unsigned communication.

A certain Victorian died and went below. He went from one apartment to another, but was turned out of each. Finally he went to the Superintendent and said:

"Mr. Satan, I was sent down here, but there seems to be no place for me. Where shall I go?"

Said Mr. Satan: "You are from Victoria, are you not?"

"Yes."

"You voted for the McBride Government at the last election, believing that they would carry out their promises regarding the island railroad?"

"Yes."

"You also believed that the Victoria members would resign if the railroad was not begun within three months?"

"Yes."

"All right," said Mr. Satan; "I have a place for you!"

His Majesty then opened another door, and the Victorian saw a number of old acquaintances hanging up on clothes lines.

"You see," said Mr. Satan, "I'll have to hang you up here to dry, because you fellows are too green to burn."

NORMAL SCHOOL QUESTION.

Mr. W. J. Sargent has written a letter to the Colonist urging that the present is an opportune time to urge upon the Provincial Government the necessity for a Normal School in Victoria.

We assure the Colonist correspondent that he can depend upon our hearty co-operation in the movement. During the last four years the Times has repeatedly urged the Government to take action upon this matter.

The revolution in Portugal seems to have been well planned beforehand, for only a fortnight ago a letter from a prominent Portuguese in France appeared in the Nation in which it was stated that in case a republican government was formed in that country the "rights of other countries would be respected."

Premier McBride will resign his seat in Yale and continue to represent Victoria. In reaching this decision Mr. McBride shows admirable discretion.

time to open a Victoria constituency. The election in Yale will be held about the first day in December.

There is a new party springing up in Australia and an important plank in its platform is land settlement. The people down there are awakening to the fact that the settlement of the land means the building up of the country on a stable basis.

The large landlords of England are making a great fuss about having to fill up certain forms in which the description of their lands and the values as well as the charges against them are called for.

In China it is considered a patriotic deed to kill the Emperor if it is thought he is not ruling the country well. It is simply part of the system. The man who tried to shoot Prince Hsun at San Francisco would have been looked upon as a hero by many of his countrymen had he succeeded in his fell purpose.

To-morrow the annual exhibition of the Saanich Agricultural and Industrial Association will be held on the grounds at Saanichton. It is an event which is of interest to a great many Victorians as well as to all the inhabitants of the Saanich Peninsula.

How little British Columbians know of British Columbia, is a remark often heard. Take the people of Victoria or Vancouver; half of them have not travelled more than a few miles beyond the confines of those cities unless it is along the C. P. R. main line to or from the East.

AN OLD GUARD WAIL.

Among the humors of the New York state campaign are the following verses, which had a wide circulation in Saratoga among the Old Guard, and which lose none of their poignancy by reason of Teddy's sweeping triumphs.

I am so weary of Teddy,
Teddy, the statesman on wheels;
Tired, and my poor brain already
Under the incubus reeks;

I am so tired of his cromo,
Tired of his magazine curves,
That I am living on bromo,
Trying to brace up my nerves;

I am so tired of his Stetson,
Tired of the glasses beneath;
Tired of the khaki he gets on,
Tired of his tributes and wreath;

I am so tired of his cronies,
Tired of his cousins and aunts;
Tired of his hippos and ponies,
Tired of his stuffed elephants;

He has made life to me dreary,
Loading R down with his fame;
I am disheartened and weary,
Sick of the sound of his name;

Sick of his boots and his screeches,
Tired of his arrogant speeches,
Sick of his boots and his speeches,
Tired of his whole glib game.

YALE ELECTION.

To the Editor:—The following item is taken from the Vancouver Daily Province of October 3rd, 1910: "It is understood that the by-election for Yale to fill the seat rendered vacant by the decision of Hon. Richard McBride to sit for Victoria, will be held the first week in December."

If the people of Yale are only shown that the McBride government considers that it takes five men in Yale to be as good as one man in Vancouver, there should be no trouble in electing any supporter of such a government to stay at home, with the loss of his deposit.

PRESS OPINIONS

No Compromise. The London Times has evidently given up all hope of a compromise on the relations between the House of Commons and the House of Lords at the conferences between the party leaders which will soon be resumed in London, for it admits that "the next appeal to the electorate must necessarily of course turn largely on the constitutional question and not on the Tariff Reform issue."

Advertise Well in Advance. This is only the beginning of October, and Christmas is nearly three months away. Do you know, though, that in a very few weeks the many thousands of people here from the Old Country will be starting out their gifts for loved ones across the ocean, to get there before December 25?

The Annexation Movement. Hon. R. Lemieux said no more than the truth when he told a London paper that talk of the annexation of Canada to the United States is confined to England. On this continent we hear little of it.

Mackenzie & Mann. Mackenzie & Mann are said to be contemplating the acquisition of the London street railway and also the traction company. Of these enterprises "feller-countymen" may it truly be said that no "pent-up Utes" ever existed that would be capable of confining their restless energies.

SCHOOL GARDENS NEAR CITY OF WINNIPEG. Experimental Tract of Half Acre Proves Great Success—Divided Into Eighty Plots.

The Provencher school garden in St. Boniface, adjoining the city of Winnipeg, which has attracted so much attention since it was started last year on account of its being the only one of its kind in the province of Manitoba, is just about to yield up its treasures for the year 1910.

The garden, which was begun more as an experiment than for practical results, has proved to be a success from every point of view. It has not interfered in the least with the boys' work in school but on the other hand, has been a novel scheme for keeping them busy at a profitable work when they might otherwise have been idling away their time.

Perhaps the prettiest feature about the garden is the two beautiful flower beds which have been made directly in front of the school and overlooking the garden. The beds are so raised as to give a perfect view of them from the street. They measure about twelve feet by five, and are raised at the back to an angle of about fifteen degrees.

Runaway horses are unknown in Russia. None drives there without having a thin cord with a running noose around the neck of the animal. When the animal bolts the cord is pulled, and the horse drops as soon as it feels the pressure on the windpipe.

NORTHWESTERN DOES NOT JOIN THE COAST

Portland Will Place Team in Judge Lindsay's League for Next Fall

Portland, Oct. 7.—The Pacific Coast league will not be enlarged to admit teams other than Portland from northwestern cities. The Northwestern league will be permitted to place a team in Portland next season, providing Congressman W. W. McCredie will finance the Northwestern league team. This was the gist of the meeting between a committee from the Pacific Coast league and the managers of the Northwestern league teams held here yesterday. Charles Graham, of Sacramento, representing Henry Berry and Edward Walter, of Los Angeles; W. W. McCredie, of Portland; D. E. Dugdale, of Seattle; Edward Quinn, of Tacoma; Joseph Cohn, of Spokane, and R. P. Brown, of Vancouver, participated in the meeting. The original purpose of the meeting was to devise a plan whereby the Pacific Coast league could be enlarged into an eight club league. Both the Coast and Northwestern magnates were agreeable to this idea, but they split upon the make-up of the league. Graham, representing Berry and

Walter, declared for five teams in the south, with three in the north. Congressman McCredie supported the Northwestern in their demand for a league with four teams in the north and four in the south. Graham stated that if the idea of northwesterners was adopted, it would be necessary to withdraw the franchise now held by Vernon. This, he said, would be unfair. Berry and Walter, Graham said, had entered into a ten-year lease of a baseball park at Vernon, and to take away their franchise would be to cause them heavy financial loss. Both sides were unyielding, and the proposition was deadlocked. Next came the proposition to place a team in Portland. To this Graham assented, providing the team should be financed by Judge McCredie, which McCredie agreed to do. This means that Portland will have continuous baseball next season as in 1909. The Northwestern league playing here on dates when the Pacific Coast league's Portland team is away from Portland. Congressman W. W. McCredie, principal owner of the Portland team in the Pacific Coast league, to-day received a message from Judge Graham, of San Francisco, the president of the league, forbidding the playing by Portland of Gus Hetling, pending the decision of the protest of Oakland club. This is Judge Graham's final ruling after having received protests from Judge McCredie at a previous ruling to the same effect. Oakland has pro-

tested Hetling on the ground that he is under contract to the Spokane team in the Northwestern league. McCredie denies any such contract, and asserts that Hetling was merely loaned to Spokane, and has been continuously upon Portland's reserve list.

BOXING CIRCUIT THE LATEST SUGGESTION

McIntosh and Britt Outline Plan Which They Think Would Be Popular in England

London, Oct. 7.—A step to put prize fighting on the same plane with vaudeville is being planned by Hugh McIntosh and Jimmy Britt. The scheme is for the establishment of a regular circuit, the fighters to play the circuit in approved vaudeville fashion. The British Isles, France and one other country on the continent will be included in the circuit. American boxers will be the headliners. According to the plans already outlined, McIntosh and Britt will have houses in London, Manchester, Leeds, Glasgow and Paris. The first fight will be held in the Olympic games in December between "Bombardier" Wells and some other heavyweight the winner to be given a chance at Champion Jack Johnson. Other elimination contests will be held over the circuit.

SOCCER GAMES FOR SATURDAY

THIRD DAY'S PLAY IN LEAGUE TO-MORROW

Good Games Expected at the Garrison and Oak Bay Grounds Between Soccer Elevens

Garrison and Victoria West at the barracks, referee, D. McDougall; Cedar Hill and Empress at university, referee, A. Locksley; Equilmalt and North Ward at Canteen ground, referee, G. Allison; Foresters and J. B. A. A. at Oak Bay, referee, S. J. Thompson. There are two particularly interesting matches down for play in the first division of the city association football league to-morrow, one at the Oak Bay park between the J. B. A. A. and Foresters teams, and the other between Victoria West and the Garrison at the Work Point barracks. The Equilmalt club officers report having built up their team and strengthened it in many places, so that a good game will be expected. Their followers at the Canteen ground to-morrow, when a busy village men line up against the North Wards.

LANGFORD ONLY SLIM CHANCE ON JOHNSON

J. A. Fullerton Witnessed Battle Against Jeanette at New York and Says Best Man Won

Mr. J. A. Fullerton, C. P. R. official, and the doyen of sporting officials in this neck of the woods, a steamship man by choice and an all-round sporting enthusiast by inclination, is back again after a tour of the east that lasted several weeks. During his stay in the east, Mr. Fullerton visited most of the principal eastern cities and happened to be in New York when Sam Langford and Joe Jeanette had their all-black 15-round argument a short time ago. Was Mr. Fullerton there? Foolish question No. 4-11-44. As if an old boxing referee and ring critic like Mr. Fullerton would miss a scrap if he was within 100 miles of where it happened. Mr. Fullerton bears out the views of the other eastern ring critics that this Langford-Jeanette scrap was one of the best that has been held in the east this winter. That the better man won is also Mr. Fullerton's opinion, as he says the stocky Canadian negro had the better of Jeanette all through the bout, and it was only the latter's marvelous ability to stand punishment that saved him from being knocked out. But as for Langford meeting Jack Johnson, the present heavyweight champion, Mr. Fullerton thinks it is an entirely different matter. After seeing Langford at his best and extended to the limit against a good heavyweight, Mr. Fullerton does not concede him more than a slim fighting chance against the conqueror of Jeffries, in case they meet.

JUDGE LINDSAY IS ELECTED PRESIDENT

Seattle Irishman Chosen to Guide Destiny of Ball League Which Victoria May Enter

Seattle, Wash., Oct. 8.—Judge Robert H. Lindsay, who was elected president of the Northwestern Baseball League last night to succeed W. H. Lucas, said to-day that he expects some sort of action soon on the question of enlarging the circuit of the Northwestern league. It was expected that the matter would be taken up last night previous to the election of officers but it was put over for consideration later. W. D. Haywood was chosen vice-president of the league. George Shredder, of Tacoma, was elected a director to take the place of Eddie Quinn, resigned. This was taken to indicate that Shredder still controls the Tacoma club. Judge Lindsay was much surprised when called upon the telephone last night and notified of his election. He did not know that his name was even up for consideration. The former court commissioner of King county was willing to serve. "Certainly," said he, "I'll accept the job. I don't know what I am up against, but I love the national game and I shall do my best." Judge Lindsay is a native of Ireland. He came to Seattle 20 years ago. He is prominent in legal circles.

Twenty Years of Age, and Runs 300 Yards in 28 1/2 Seconds—Wins \$500

Valentine, Neb., Oct. 7.—As a sprinter, Mrs. Running Horse, a Sioux Indian squaw, 29 years of age, belonging at the Pine Ridge agency, a short distance from here, takes the prize. The occasion was the last day of the Cherry county fair. As a feature, a foot race for Indians, open to the world, had been arranged. It was for a prize of \$500 on a straightaway track, a distance of 200 yards. There were 125 entries, including men and women, one of the entrants being Mrs. Running Horse, who carried off a \$200 prize at a foot race at Rapid City, S. D., last summer. Three days prior to the race here it

Rugby Teams Practice at Oak Bay To-morrow Afternoon—Large Turn-Out Wanted

The dates for the provincial Rugby matches between Victoria and Vancouver representative teams for the McKeehan cup will be announced early next week. This statement was issued by Secretary Spaulding, of the Victoria Rugby union, this morning.

There will be a Rugby practice to-morrow afternoon at Oak Bay, when members of the Victoria and James Bay clubs will be engaged. Players are expected to be on the ground to-morrow at 2.30. Teams will be picked and a regular team match indulged in if sufficient men turn out.

SPORT NOTES.

One team only is now wanted in the Northwestern league. The decision to play continuous ball at Portland next season includes a team for the Northwestern. To make it a six-team league as was determined by the club owners, one team more is required.

The High school boys are taking regular Rugby practice. On Wednesday afternoon they open the season with a Rugby match at the university grounds against the boys of that school.

Hams is reported to have forbidden it. There will be a school girls hockey league.

The annual Gold Seal road race will be held on Thanksgiving day, October 31st. The race is regarded as the premier long distance event of the west, the distance being about eleven miles.

Jack Gillis won five events at the Westminster fair sports. There were only Vancouver athletes competing against him.

His Majesty King George V. has entered five horses in the 1912 Derby race. An equal number have been entered for the Oaks and St. Leger the same year from the royal stable.

V. A. McKillop, who batted so well during the cricket tournament here, headed the list of Seattle club averages. He had two centuries and had over eighty, twice. Seattle won eight and drew one of thirteen games played last season.

R. E. Walker, the South African sprinter, has determined to turn professional. He says: "I have carefully considered the matter and I do not see any discredit in being a professional runner."

Harry Schumacher, writing in the New York Evening Mail, gives a number of facts in proof of his statement that George Stallings, former manager of the New York ball team, was the victim of a big plot, the result being his substitution by Hal Chase.

St. Louis, Mo., Oct. 7. — Daniel O'Leary pedestrian, is arranging a walking match at the St. Louis coliseum in March. O'Leary will challenge all comers to a 48-hour test. He will offer a prize of \$1,000 to be given the winner.
