YACHTS NOW TIED FOR AMERICA'S CUP

Armistice Request Is Sent Direct to Soviet By the Poles

Proposals Sent to Moscow By Wireless By Council of Defence; Witos Becomes New Leader of Cabinet, Which Has Support of Socialists of Poland.

Warsaw, July 23.—Poland has sent armistice proposals direct to the Soviet Government at Moscow.

After these proposals had been dispatched by wireless at 2 o'clock this afternoon by the National Council of Defence, a new coalition Cabinet was formed under the Premiership of M. Witos.

The new Cabinet has the support of the Socialist Party. M. Datsenski, the head of the Socialist organization, is the Vice-Premier. Aside from the two changes the Cabinet remains the same.

The Polish message was short and to the point. There was some delay in dispatching it owing to hitches in the origination of a coalition Cabinet. A reply is expected by Friday.

London, July 23.—The British public is disturbed by the possibility confronting it that the Allies may be compelled to enter another European war to save Poland. This position was made plain by Premier Lloyd George's speech in the House of Commons Wednesday, and all the newspapers are speculating upon it.

Heretofore the impression has been that Britain's part in Poland was faced with invasion by the Bolsheviks, as it now appears to be faced, would be limited to furnishing munitions. Mr. Lloyd George's statement that Great Britain is bound to give every assistance in her power to save Poland and that he may be compelled to place the whole situation before Parliament, however, is interpreted to mean much more than that.

Washington, July 23.—Poland has asked the State Department to announce formally to the world "the moral support" of the United States to Poland in its battle with the Russian Bolsheviks.

The suggestion also was made that a similar expression from President Wilson would be welcomed and would do much to stiffen the morale of the Polish people.

Support of States. The suggestion also was made that a similar expression from President Wilson would be welcomed and would do much to stiffen the morale of the Polish people.

Support of States. The suggestion also was made that a similar expression from President Wilson would be welcomed and would do much to stiffen the morale of the Polish people.

CONDENN STAND TAKEN BY HARDING

Prohibition Presidential and Vice-Presidential Candidates in U.S. Score Republican

Lincoln, Neb., July 23.—Aaron S. Watkins, of Germantown, Ohio, and D. Leigh Colvin, Prohibition Party candidates for the Presidency and Vice-Presidency of the United States, today issued statements condemning the stand on prohibition taken by Senator Harding in his speech of acceptance of the Republican nomination for the Presidency yesterday.

From Good Sections. The members are mostly from York, Northumberland, Wales and Scotland, some of the best agricultural sections of the British Isles.

That Canada should go after more settlers of this kind in Mr. Scott's opinion. It is difficult to get passengers for all who want to come to Canada, which, he says, is another reason why more care should be taken in selecting immigrants.

CHARGED WITH GAMING. Hamilton, July 23.—At a Methodist church picnic from Toronto, held in Wabash Park here yesterday, eleven youths were arrested on charges of engaging in crap games.

COX, CANDIDATE IN STATES, IS BUSY

Columbus, Ohio, July 23.—Preparation of his acceptance of the nomination of the Democratic Presidential nomination August 7 was the principal task today before Governor Cox. He was to leave here at 4:45 o'clock for his home—The "End" near Dayton, where he will be notified, with the intention of devoting all of next week to drafting his acceptance speech.

PREACHER STUDENTS LEARN TO PLAY BOYS' AND GIRLS' GAMES

New York, July 23.—The Union Theological Seminary to-day announced the establishment of a department designed to teach ministerial students how to play boys' and girls' games, knowledge of which is considered necessary to hold young people loyal to the church.

ADRIANOPLE REPORTED ON FIRE AS GREEKS ADVANCE

Constantinople, July 23.—(Associated Press)—Aeroplanes which flew over Adrianople to-day reported that the city was burning.

At Caltra. London, July 23.—About five o'clock this morning, Caltra, near Ballynascree, Ireland, was visited by police and military, who wrecked many houses in the town, including the Sinn Fein Hall, which was burned to cinders.

Constantinople, July 22.—(Associated Press)—The Greeks are reported to have advanced in the east to Seidlar and Lule Burgas (northwest of Constantinople) encountering virtually no opposition.

The slogan "Up Tuam" evidently refers to Sunday night when Tuam was sacked, the sackings being charged against police as a reprisal for the murder of two constables by a mob.

Constantinople, July 22.—Via London, July 22.—(Associated Press)—The Greek landing on the coast of the Sea of Marmora was made after the Greek fleet and two British dreadnaughts had silenced the Turkish fleet.

British warships, however, did not open fire until after the Turkish batteries had fired many ineffective shots.

POLICE CHIEF IS FINED FOR FAILING TO AID NEWSPAPERS

Cleveland, July 23.—Police Chief F. W. Smith, of Cleveland, has been found guilty of contempt of court and fined \$100, Judge Levine held the Chief guilty of failing to observe the Court's injunction ordering him to open all police records to reports for The Cleveland News.

\$25,000,000 FUND TO MAKE PALESTINE HOME OF THE JEWS

London, July 23.—Decision to inaugurate a foundation fund of \$25,000,000 for the establishment of Palestine as the Jewish National Home was taken by the Zionist Conference at its concluding session here last night. Pledges of self-taxation on the tithe principle were made by representatives of various countries.

Attempted Murder of Elderly Jeweler in His Store This Afternoon

S. A. Stoddard was seriously wounded in the head shortly after 1.30 o'clock this afternoon when he was attacked in a little room behind his Douglas Street jewelry shop by a man whose description is known to the police.

Under Detective Inspector George Perdue, police at present are scouring the city in an effort to arrest the man, who escaped by jumping through the glass of a back door and making his way along a dark alley to the street.

Mr. Stoddard at present lies in the St. Joseph's Hospital in a most critical condition. Apparently the suspect, seen just after his act by Miss Sadie McGregor, of the New Method Laundry Company, was discovered so quickly after he had attacked Mr. Stoddard that he was unable to take any jewelry or valuables from the store.

Made a Reconnaissance. Apparently the attacker, whose name is not known, laid plans for his crime yesterday when he visited the New Method Laundry shop, which stands next door to the jewelry store on the east side of Douglas Street between Port and View Streets.

Mr. Stoddard, of 215 Sayward Building, told the police substantially the same story. About half past one, he said, he came to see Mr. Stoddard, but on entering the jewelry store he could not find the proprietor. He heard him arguing with someone in the back room, however. Mr. Stoddard exclaimed, "Well, if they raise the rear of the store, I'll raise the words to that effect. Thinking that an ordinary business argument was proceeding, Mr. Andrew left the store about fifteen minutes, apparently just about the time Miss McGregor entered. He also heard Mr. Stoddard exclaim, "He's murdering me!" and saw the aged proprietor stagger toward the front of the store. He heard the crash of glass in the rear, and when he got to the rear of the establishment he found the little room empty.

When the police arrived, Mr. Stoddard stated that he had been set upon by a man who had struck him on the head with the butt of a revolver. Mr. Stoddard was unable to give a coherent account of the affair, and was taken in an ambulance to St. Joseph's Hospital.

The police found everything in order in the store itself. Blood from Mr. Stoddard's serious wound stained the floor in the rear room.

In this room, furniture was overturned, and the glass of a broken rear window lay scattered about. It was obvious that someone had jumped excitedly through the aperture.

The most important clue in the possession of the police is a finger print, apparently that of the culprit. The finger print is in blood on a white canvas shoe which was found near the rear door.

More Fighting Between Two Sides In Belfast

Belfast, July 23.—Shooting was renewed this morning in the Keshmir Street area, where bitter fighting occurred last night in clashes between the Unionist and Sinn Feiners, with military intervention.

Early in the renewal of the hostilities in this district one man was reported wounded by a shot that passed through the window of his home.

It was definitely stated this morning that ten persons were killed in last night's hostilities. Among them was Brother Michael Morgan, a Redemptorist, who was shot in Clonard Monastery, Falls Road, during a serious engagement between rioters and troops. It is believed a stray bullet killed him.

Two others killed were William Downey and William Goldenry. There was serious rioting at Bainsbridge, the home of Colonel Smyth, who was assassinated a few days ago. The offices of a news agency were set afire and destroyed.

At Caltra. London, July 23.—About five o'clock this morning, Caltra, near Ballynascree, Ireland, was visited by police and military, who wrecked many houses in the town, including the Sinn Fein Hall, which was burned to cinders.

Splendid Fight IS MADE AGAINST CRUSHING WATERS

Hon. E. D. Barrow Led Workers at Matsqui Checking Angry Fraser

Eric Hearle, Dominion Entomologist, Brings Story Here

Standing breast high in water, hundreds of the resident of Matsqui, and other parts of the Fraser Valley fought two days to keep back the waters surging in from the broken Matsqui dyke. They waded in the flood all Tuesday and Wednesday, and far into the night, in fact it was four o'clock yesterday morning when the men were able to see the crisis was over.

A graphic story of the struggle, which was marshaled by Hon. E. D. Barrow, Minister of Agriculture, was told by Eric Hearle, of the Entomological Branch of the Federal Department of Agriculture to The Times yesterday on his arrival from the scene.

Splendid Co-operation. Mr. Hearle, who has had practical experience of trestles and barricading during his service in France, said he never saw such splendid co-operation effort than that put forward by the men of the district during the long hours, as the waters of the Fraser surged like a miniature Niagara through the broken dyke.

Flares and lanterns from every house in the neighborhood lit up the scene by night, as the gangs worked on the protective measures. Women (Continued on page 4.)

ROBBINS CHARGED IN TERMINAL CITY

Formally Charged With Having Killed Wife; Remanded For Week

Vancouver, July 23.—William Robbins was formally charged in Police Court here this forenoon with having murdered his wife in Stanley Park last Monday evening. He was remanded for a week. The accused, who showed little nervousness, is a rather good looking man, under thirty years of age.

Mrs. Robbins was living in Victoria, at 1049 Pandora Street, till recently. Robbins was in the asylum at New Westminster in April and the Medical Superintendent informed Mrs. Robbins that at that time, April 30, he was physically fit but suffering from illusions.

To States. Afterwards Robbins escaped from the asylum and went to the United States. For some time he did not write to his wife at all and she sent him affectionate letters as late as June 27, asking him if he intended to desert his family. Meanwhile she had applied to the Superintendent of Neglected Children asking for her mother's pension. This had not come through and she became desperate and wrote to her uncle in New Westminster asking his advice.

He recommended that she see Mr. Bullock Webster, as he was an old friend of her father's and would be of much assistance to her.

To Vancouver. In the meanwhile her husband finally communicated with her saying that he had employment in Seattle and suggesting that she join (Continued on page 4.)

FRENCH TROOPS ARE ADVANCING IN SYRIA NOW

Beirut, Syria, July 23.—French troops, in view of the failure of King Feisal of Syria to begin execution of the ultimatum terms, have begun a march on Damascus. They have encountered no opposition and are proceeding toward Aleppo.

Lords Score Government For Dismissing Gen. Dyer

London, July 23.—(Canadian Associated Press)—The House of Lords, by a vote of 129 to 86, carried Viscount Finlay's motion deploring the conduct of the Government in the case of Brig. General Dyer, dismissed from the army for ordering the shooting down of natives during the Amritsar riots in India.

AMERICAN-JAPANESE RELATIONS ARE NOT MATTER FOR LEAGUE

London, July 23.—Mr. Lloyd George asserted in the House of Commons yesterday that he was not aware of the existence of any differences between the United States and Japan of such a nature as to justify the intervention of Great Britain to refer the matter to the League of Nations.

ADVOCATES FREE PORT AREA AT OUTER DOCKS

Board Favors Gigantic Bond Warehouses For Storage

Hon. J. D. Reid, Minister of Railways and D. B. Hanna, chairman of the Canadian National Railway system, will confer with the Council of the Board of Trade after their attendance at the Canadian Club luncheon Monday. It was stated today at a meeting of the council, with President J. L. Beckwith in the chair.

C. B. Schwenker, Beaumont Boggs and A. E. McLean were appointed on a joint committee with the committee on the Outer Docks, to draw up a definite report of the matters that are to be taken up with the visiting railway officials.

Free Port Area. The establishment of a Free Port Area, the creation of a central storage place for export lumber at the docks, the projected railway freight thirty per cent. increase, and the two promised steamers to ply between Halifax and Victoria, were some of the points mentioned that will be discussed at the conference.

The establishment of a free port area, it being stated that such a scheme would entail the building of warehouses on the Government land at the docks and that the Oriental trade could be collected in the raw material to be stored for dispersal from bond, as called for by the buyers in Canada and the United States. Mr. Beckwith, explaining the project, stated that Vancouver was now making very strong bids for a free port area, and that the Oriental trade would be operative locally. He thought that Victoria had a right to such a scheme and that in a very few days the Government would build up the Oriental trade enormously, to the advantage of the city.

Bonded Warehouse Uses. As the Japanese liners proceed to the Sound it was claimed that a free port area would create a large bonded establishment making the Government returns for the five or six millions investment in the docks at the Outer Wharf.

Joshua Kingham, discussing the project, said that it would prove a distinct asset to Canada as a whole to have a bonded warehouse here, and that the cost of the arrangement and the detailed considerations that would have to be taken into account were significant when the advantages were considered.

D. O. Lewis, pointing out that ships could be based at Point Ellice to ferry the freight cars out to the Outer Docks, stated that there would be no lack of adequate facilities for handling the increased freight and that the free port area would be a workable project.

The free port area project was left in the hands of the joint committee as stated, and will form one of the main items taken up by the conference on the arrival of Dr. Reid and Mr. Hanna.

TROOPS ARE DAY'S MARCH FROM PEKING

Chihli Forces Masters of Situation; New Cabinet May Be Formed

Peking, July 23.—There is virtually no military obstacle to prevent the troops of Generals Tsao Kun and Wu Pei Fu from entering the capital. The army hitherto opposing them has completely disintegrated, some of the troops having laid down their arms while others fled.

Chihli leaders, however, have chosen to withhold their troops on the present line, in view of the representations by Cabinet members and diplomats that an advance might result in disorder in the capital. The advance guard is stationed a day's march away.

It is represented as the President's plan to accept the proffered resignation of General Tuan Chi Jui, the army commander, and abolish the frontier defence. It is reported, will ask Wang Shi Chen to form a new Cabinet, eliminating Anlu influence.

CYCLONE SWEEPS NORTH DAKOTA AREA AND TAKES LIVES

Fargo, N. D., July 23.—A cyclone which swept through the northwest part of North Dakota last evening claimed at least three lives. Five other deaths have been reported at the village of Drake, but wires to the village are down, and it is impossible to verify this report.

Spectacular Race Ends With American Sloop in the Lead

Shamrock Overhauled Resolute Within Three Miles of Finish But American Defender Took Lead Within Last Half Mile and Crossed Finish Line First.

Sandy Hook, July 23.—Resolute won to-day's international cup race after a spectacular race and tied with Shamrock IV. in the fight for the America's Cup.

The official finishing times were: Resolute, 4.39.25 p.m.; Shamrock, 4.43.06. The official elapsed time for the thirty-mile race was: Resolute, 3.37.52; Shamrock, 3.41.10.

By this figuring, Resolute won by three minutes eighteen seconds elapsed time, plus her time allowance of six minutes and forty seconds, making a corrected time of nine minutes and fifty-eight seconds.

Shamrock, after a long stern chase around two legs of to-day's triangular course, overhauled the defender within three miles of the finish, but the American sloop, breaking out a big balloon, took the lead again within the last half-mile and sped first across the finish line, beating the challenger boat for boat, according to unofficial timing.

Led by Mr. Thomas Lipton's chartered steam yacht, a tremendous chorus of whistles greeted Resolute as she crossed the line.

Despite announcement from a Staten Island shipyard that the two sloops would be drydocked there tomorrow if Resolute won to-day, the Regatta Committee at the end of to-day's race signalled a race for tomorrow.

The Start. Sandy Hook, N.J., July 23.—Resolute, defending the America's Cup, dashed first across the line today at the start of the fourth international yacht race, crossing twenty-three seconds ahead of Shamrock IV. The Lipton challenger, which entered the race with two races won to her credit against one race won by Resolute.

With the starting signal sounded at 1 p.m., Resolute crossed at 1.03.05 official time and Shamrock IV at 1.01.56. Then both pulled up to the first ten-mile leg of the thirty-mile triangular course—a beat to windward down the Jersey shore.

When the preparatory signal was blown at 12.44, with the wind at five knots, the two sloops stood away to southward, and when the warning signal was sounded at 12.55 they were 300 yards to windward of the light-ship.

Killed Time. The yachts reached fast to windward of the committee boat and then along the line. They had to kill off time and stood away again to the northward.

Resolute planted herself squarely on Shamrock's weather quater and crossed the line twenty-three seconds ahead of Shamrock.

It was a narrow to-day that hung back and allowed Resolute to set the pace. Captain Burton, of the challenger, was very nearly handicapped, having only four seconds to get over the line within the two minutes allowed after the starting signal.

As Shamrock was twenty-three seconds behind Resolute in crossing the line and must give her a time handicap of six minutes and forty seconds, it was figured that she must finish six minutes and eighteen seconds ahead of the defender to win and six minutes and seventeen seconds to tie.

Resolute Gained. Both yachts crossed the starting line on the second tack and Resolute at once began to gain. Ten minutes after the start both tacked to port, with Resolute 200 yards to windward, going quite fast, and Shamrock almost becalmed.

When the two yachts later headed inshore toward the Jersey Highlands, Resolute gained constantly in the lead. The wind shifted and a squall lifted through the rolling sea, much better than Shamrock's snubby lines.

At 1.11 the American yacht was easily a quarter of a mile ahead. (Continued on page 4.)

PICTURES OF YACHT RACES SENT BY PHOTO-TELEGRAPHY

London, July 23.—Pictures of Tuesday's race between the Shamrock and Resolute off Sandy Hook, N. J., described as having been transmitted by photo-telegraphy, are printed by The Daily Mirror. The newspaper admits they are imperfect and not wholly accurate, but claims that when the experimental stage of transmitting photographs by telegraph is passed, and when the apparatus is developed it will be possible to transmit pictures by this process to any part of the world.

\$150,000,000 SCHEME FOR THREE CITIES

Company Would Build Union Terminals in Vancouver, Seattle and Portland

Portland, July 23.—Application for a franchise to construct a \$150,000,000 terminal in Portland has been made to the City Commission by the American Union Terminal Association of New York. The Commission was informed that the Association plans for absorption in the New York financial district of a bond issue of \$150,000,000 for financing the Portland plans and for similar terminals in Vancouver, B.C., and Seattle.

The plans call for unification and electrification of main line tracks between the proposed three terminal cities.

A. P. Gillies, president of the Association, presented the application for a franchise.

Brandon, Man., July 23.—At the Provincial Fair, the Canada Land and Irrigation Company, Medicine Hat took all the first prizes in Suffolk, also showing the grand champion ram and ewe.

DELEGATES AT MEETING

Plans for the Victoria representation at the Congress of the Chambers of Commerce of the Empire, to be held in Toronto on September 29, were discussed by the Council of the Board of Trade to-day. The name of J. L. Beckwith will be submitted to London by cable as the local delegate.

Mr. Beckwith is unable to state definitely if he will be able to attend.

No Fear Yet of Big Price Fall, Economist Warns

Professor Edwin Robert Anderson Seligman, noted economist, writer, advisor to United States Governmental tax, railway, financial, immigration committees and head of the political science department of Columbia University, is in Victoria to-day, resting on his way back to New York after giving a series of lectures in California universities on the fiscal problems facing the world in these reconstruction days.

A sudden, severe and permanent break in prices is not imminent, the distinguished authority told The Times at the Empress Hotel to-day. "I don't look for an immediate recession in prices," said the Professor. "The great difficulty is to prevent any immediate increases. We must get ready for a stoppage in increases."

Different From Civil War. "The break in prices will come, but it will be more gradual than the break which followed the Civil War in the United States. After the Civil War there was a tremendous increase in the production of foodstuffs because soldiers went on the land and opened up production the great unbroken areas of the West."

MEXICANS LOOKING FOR BOLSHIEVIKI

Mexico City, July 22.—The names of alleged Bolsheviki agitators published in the newspapers here yesterday have been given to a special commission of the Government for investigation, according to Celestino Gasca, Governor of the Federal district. If the Commission finds the allegations true, and those named as Bolsheviki are really a menace to Mexico, they will be brought before the judiciary for punishment, the Governor declared.

COASTGUARD STATION IN IRELAND RAIDED

London, July 22.—A dispatch from Cork last evening said armed raiders yesterday morning attacked the Howe's Strand coastguard station, near Kinsale, and after an hour's siege forced their way into the station and overpowered the marines on guard. The raiders made their escape with ten rifles and some ammunition. One raider was reported to have been killed. This was the second time this station was successfully raided within three weeks. Troops were sent to the scene.

FORTY-TWO LOST WHEN SHIP SANK

Mexican Power Schooner Turned Turtle and Sank Off Mazatlan

San Diego, Cal., 22.—The Mexican power schooner Jacoris Conde, formerly the Japanese-owned Toni Maru, of this port, turned turtle and foundered recently at night off Mazatlan, Mexico, with the loss of forty-two lives, according to word brought here yesterday by the motorship Jeannette R. Those aboard the Jeannette R. said that from information they had obtained at Lower California ports, not a person aboard the Jacoris Conde escaped, and that the tragedy became known only when bodies of the crew and passengers began to wash ashore. It was reported that the schooner was heavily loaded, and the theory was that the deckload shifted suddenly, causing the schooner to list sharply and turn bottomside up without regaining an even keel.

DENY CHARGES OF PROFITEERING

At Vancouver Convention Retail Merchants Challenge Those Who Accuse Them

Vancouver, July 22.—A challenge to those who accuse them of being profiteers was thrown out by the members of the Retail Merchants' Association at yesterday afternoon's session of the convention. The meeting, which was not open to the press, adopted a resolution providing for the prosecution of any retail merchant guilty of the offence by a joint committee of members of the Association and persons selected by the accuser. The gathering was addressed by J. F. Martin, of the Northwestern Fire Insurance Company, of Seattle. He spoke of the advantages of amalgamating the insurance companies with the Retail Merchants' Association, dealing with the high cost of premiums and laying the blame on the present system. According to information supplied by the press committee appointed by the convention, Mr. Martin said the insurance rates would be reduced if amalgamation took place, and also that the combine would prove advantageous to both sides. Daryl Kent asked if it would not be better if the Association formed an insurance company of its own. The matter was referred to a committee to report to the convention. A resolution was adopted recommending that the luxury taxes should be collected from the manufacturer and importer instead of the retailer.

LOAN FOR SOUTH MANCHURIAN RAILWAY

Tokyo, July 22.—Baron Takahashi, Minister of Finance, announced in the House of Peers yesterday that a loan of 100,000,000 yen for the South Manchurian railway probably would be floated in the United States soon. Foreign Minister Uchida, answering questions during the same session, declared the American shipping law doubtless would materially affect Japanese shipping interests, but that Japan was prepared to take the wisest steps to meet the situation.

FIVE MORE WERE KILLED IN IRELAND

Police Sergeant and Four Civilians Lost Lives in Disorders

London, July 22.—At Ballina, County Mayo, Ireland, Police Sergeant Armstrong was shot dead and Constable Regan seriously wounded yesterday morning during an exchange of shots with a masked mob which attacked the police. At Ennistimon, County Clare, two civilians were shot dead and another was seriously wounded in a clash with two officers and two men of a Scottish regiment. After one of the officers had been knocked down the other dispersed the crowd with his revolver. Two young men were shot dead near Mitchelstown, County Cork, in an encounter with soldiers.

EXPORT OF COAL NOW RESTRICTED

Eastern Canadian Mines May Ship Only to U. S. and Newfoundland

Ottawa, July 22.—Prohibition of the export of coal from the Atlantic, St. Lawrence River and Gulf ports of Canada, except to the United States or to Newfoundland, unless otherwise permitted, and in accordance with regulations to be promulgated by the Board, is provided for in a brief order of the Board of Railway Commissioners issued late yesterday afternoon. The order is signed by Hon. F. B. Carvell, Chief Commissioner, and will be effective on and after August 1. It was issued subsequent to the holding of a couple of private sittings of the Board, at which special consideration was given to the situation arising out of the prospective fuel shortage in the light of information gained by Commissioners Carvell and McLean in their conference at Washington with the members of the United States Interstate Commerce Commission. Other steps looking to the conservation of fuel supplies are being considered by the Board and special efforts are being made, in conjunction with the United States authorities, to increase the movement of coal from the mines to Eastern Canada and the prairies, it being recognized that the threatened shortage is to a very large degree a matter of transportation rather than an actual dearth of black diamonds.

ACCEPT AWARD UNDER PROTEST

American Railroad Men Will Renew Wage Request; Telegraphers to Vote

Chicago, July 22.—Acceptance under protest of the United States Railroad Board's wage decision was decided upon at an executive conference here last night by all of the sixteen recognized railroad unions except one, was announced following the meeting by Timothy Shea, of the Brotherhood of Locomotive Firemen and Engineers. The one exception was the Brotherhood of Railway Telegraphers, which referred the award to its membership, together with a strike proposition. The fifteen other organizations decided that they would renew their case before the Labor Board.

NO STRIKE

Washington, July 22.—Discussing the wage award of the Railway Labor Board, Samuel Gompers, president of the American Federation of Labor, in a statement declared that while the railway employees are disappointed, "it is indicated that they will not strike to enforce a fairer decision of their needs."

Addressed by Hon. W. S. Fielding

MADE PLANS TO TERRORIZE POLAND

Russian Bolsheviki Leaders Outlined Ruthless Steps for Their Campaign

Warsaw, July 22.—Via London, July 22.—(Associated Press)—The plans of the Russian Soviet Government for controlling Poland's population in connection with the offensive aimed at conquering the Polish republic were made more than a month ago, according to Russian newspapers reaching Warsaw dated June 11. On this date The Izvestia, official organ of the Central Committee of the Moscow Soviet, published the following: "Recent events on various Polish fronts and our advance into the very heart of Poland's population imperatively require that our workers undertake a most ruthless struggle against the entire Polish position and to take measures for their complete extermination as a nation."

MADE PLANS TO TERRORIZE POLAND

TO PRODUCE OIL FROM ALBERTA SANDS

Ottawa, July 22.—Proposals are already on foot, it is stated, for the reduction of tar sands known to exist in billions of tons along the Athabasca River in Alberta. From these sands it is estimated that huge quantities of gasoline, kerosene, naphtha, bitumen and sufficient oil obtained from the Athabasca tar sands to supply the entire world demand for hundreds of years.

PROHIBITION HELPS STATES, SAYS GARY

New York, July 22.—Prohibition has been beneficial to the industrial and economic life of the United States, in the opinion of Elbert H. Gary, head of the United States Steel Corporation, who issued a statement last night on the eve of his departure for Europe, giving his views on the business outlook generally.

MAN WAS KILLED NEAR VANCOUVER

Vancouver, July 22.—A Pasquill was killed this morning when the automobile in which he and several friends were riding collided with a street car and careened against a telegraph pole on Kingsway. It is believed the automobile came from Bellingham. A Mootch, a Bellingham man, was driving.

RELIEVED GARRISON IN MESOPOTAMIA

London, July 22.—The War Office announced yesterday afternoon that the Indian garrison besieged at Ramadi, Mesopotamia, was relieved last Tuesday after a relief column on Monday had defeated an Arab force of 2,000. Many casualties were inflicted on the Arabs.

MADE PLANS TO TERRORIZE POLAND

Russian Bolsheviki Leaders Outlined Ruthless Steps for Their Campaign

Warsaw, July 22.—Via London, July 22.—(Associated Press)—The plans of the Russian Soviet Government for controlling Poland's population in connection with the offensive aimed at conquering the Polish republic were made more than a month ago, according to Russian newspapers reaching Warsaw dated June 11. On this date The Izvestia, official organ of the Central Committee of the Moscow Soviet, published the following: "Recent events on various Polish fronts and our advance into the very heart of Poland's population imperatively require that our workers undertake a most ruthless struggle against the entire Polish position and to take measures for their complete extermination as a nation."

A VERY GREEN OLD AGE.

did he attain a green old age?"

"What an interesting man your grandfather must have been! And he was swindled four times after he was 70!"—Edinburgh Scotsman.

TELLS POLICE HE KILLED HIS WIFE

W. Robbins Gives Himself Up in Vancouver; Woman Known Here.

Vancouver, July 23.—William Robbins, a longshoreman, shot and killed his wife in Stanley Park on Monday evening. He gave himself up to the police yesterday and took officers to the spot. Every day since the shooting the man had been going to the place, throwing flowers on the body and drinking beer alongside it.

The deceased woman was a daughter of Capt. F. M. Yorke, formerly of Victoria. The couple had been married several years and had two children.

Robbins, who was a returned soldier, apparently had been suffering hallucinations that his wife's people were trying to poison him. He had been in an asylum for several months.

His Story.
Robbins' story is that a quarrel about domestic affairs arose while he and his wife were walking in Stanley Park. It became heated and bitter. Both became excited, and Robbins drew a revolver which he was carrying and shot his wife in the stomach. She fell beside the road and lay dying. Robbins tried to staunch the flow of blood. The woman, who had great strength and vitality, recovered for the time, although Robbins says it was obvious that she was not likely to recover, and the man, supporting her and covered with her blood, discussed the future of the family with her. It was decided after a little talk that Robbins should leave the weapon beside her and would tell a story of her suicide, but this plan was later rejected.

Three Shots.
For the sake of the children, said Robbins, it was agreed that the wife should be killed, and letting her down, he picked up the revolver and sent three shots into her head, two through the left eye and one through the upper part of the skull. Then, using the butt end of the gun, he hammered her head until the gun was broken and blood scattered over

the corpse and over his own clothes. He lifted the body, which was that of a very large woman and must have weighed about 200 pounds, to his shoulder and carried it into the bush.

Mrs. William Robbins, who was apparently killed by her husband in Stanley Park, Vancouver, last Monday, during a period of unbalanced mentality, was well known in Victoria. She was formerly Miss Alice Yorke, and lived here with her parents about seven years ago, at the time she married Robbins. Her father, Frank M. Yorke, was for many years engaged in business in this city. It is understood here that more recently he has resided in Vancouver with his wife, two sons and other daughters. Mr. Yorke was a brother-in-law of the late Mr. Justice Theodore Davie, one of the early Premiers of this Province, and also a brother of Father Yorke, the well-known priest of San Francisco.

There were two young boys in the Robbins family, according to the records at St. Andrew's Roman Catholic Cathedral in this city. John Robert Joseph was born in January, 1915, and William George was born May 20, 1916. They were both baptized at the cathedral in 1917.

NOT READY YET WITH TWO BYLAWS

Saanich Council, However, Expects to Proceed Next Week

The Saanich Council gave formal reading to several by-laws last evening, two important ones, preliminary to the submission of the money by-laws for waterworks and sewers, being presented.

The waterworks by-law for 1920, to raise \$200,000 by debentures for extensions, was advanced a stage, but no progress was made on the sewer by-law owing to various matters being outstanding.

In answer to Councillor Henderson, the Council was assured that the by-laws will provide for all payments in Canadian currency. In order to meet the exchange fluctuations.

A tax sale procedure by-law was adopted with brief debate.

No date has been set yet for submitting the money by-laws to the electors.

BOARDS OF TRADE HOLD JOINT OUTING TO BRENTWOOD

The Victoria and Duncan Boards of Trade joined hands yesterday afternoon at a mass picnic held at Brentwood, where the party were afterwards entertained by Mr. and Mrs. E. Bulchart. The Victoria Board was represented by J. L. Beckwith, Lincoln Smith, J. G. Thomson, William Agnew, E. H. Hiscok, J. C. Pendray, Major and Mrs. Arthur B. Major, Fynn, H. Malakoff and Abe Hurwitz, of The Seattle Star, who is on tour with a party on Vancouver Island.

The local members were to have left at 1.30 to join the Cowichan members at the gardens, but the difficulty of obtaining transportation nearly wrecked the proceedings. Only one car turned up to convey Mrs. James Dupon, who had gathered, and a second car had to be secured before the party got away, leaving finally after two o'clock.

The Victoria party arrived at the gardens to find that the Duncan Board had finished its picnic, and were dispersed in various parts of the wonderful gardens.

The Duncan party arrived by launch from Cowichan Bay, and was headed by Mayor Pitt, who was accompanied by Mrs. Pitt, his daughter, and Secretary C. W. O'Neill of the Duncan Board, including many residents from Cowichan Valley and Shawnigan. Those present included Mr. and Mrs. R. Garrard, J. D. Pollock, Mr. and Mrs. F. Campbell, Mr. and Mrs. F. Van Norp, Mr. and Mrs. James Dupon, Mrs. D. Savage, H. W. Halpenny, Messrs. Switzer, Mr. and Mrs. F. F. Townsend, Mrs. Murdoch, Mrs. James Greig, Mrs. D. Foh, Mr. and Mrs. W. T. Corbishay, Mr. and Mrs. C. Wallich, Mr. Reid, Mr. and Mrs. Clark, Miss King, Mr. Hahed.

NOTHING BUT THE TRUTH.

He was an honest man! Perhaps the only honest man the income-tax and other banes of civilization have left us.

His honesty at times disconcerted the barrister who was cross-examining him. So the judge took a hand, and put this question to him: "You will swear that the prisoner stole your umbrella?"

And the plaintiff answered: "Your Honor, I will swear that he stole the umbrella I was carrying."

WOMEN OF MIDDLE AGE

How Lydia E. Pinkham's Vegetable Compound Relieves the Ailments of Change of Life.

"During Change of Life I had hot flashes, dizzy spells and every month I was wild with misery I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women ailing as I was, for I think it will carry them safely through the Change of Life, and relieve the ailments that come at that period."—Mrs. ALEXIE C. NANGLE, Jalatia, Ill.

Women who suffer from nervousness, "hot flashes," backache, headaches, "the blues," should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and if complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in such cases is at your service.

took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women ailing as I was, for I think it will carry them safely through the Change of Life, and relieve the ailments that come at that period."—Mrs. ALEXIE C. A. C. PIKE HEADS LABOR

E. S. Woodward, Retiring President, Becomes Secretary of Trades Council.

A. C. Pike has been elected president of the Victoria Trades and Labor Council to succeed E. S. Woodward, who has retired after three years, to accept the office of secretary. Mr. Pike is a member of the Steam and Operating Engineers' Union.

C. E. Copland, of the Upholster-

COUNCIL ADHERES TO PRESENT METHOD OF PAVING WEST RD.

Saanich Will Put Cordova Bay Road Into Better Condition

At the meeting of Saanich Council last evening, information was elicited by Councillor Pim from the engineer, in a report on the proposed extension of the West Road paving, that it was proposed to use the penetration method with regard to the paving, similar to that adopted previously, but using a better quality of material than last year. The cost would be \$1.25 per square yard, as compared with seventy-five cents last year, Mr. Milne reported.

Councillor Pim urged that a good job should be done to suit both the Government and Council, who pay a moiety of the cost.

Councillor Brooks asked about the cost of cement, but was told that a great deal of additional cost would be involved, reducing substantially the area to be improved.

The report was received and filed, the present method of paving having already been adopted.

Oiling Cordova Bay Road.

A lengthy discussion took place with regard to improving the Cordova Bay Road, one-half of the cost to be charged to the general funds, and one-half toward expenditure. It was stated that the heavy traffic of automobiles from the city had created ruts and the surface was breaking up, owing to failure to oil the road early in the season.

Reeve Watson introduced the matter, which was strongly backed up by Councillor Clark, who stated that the far greater part of the traffic originated in the city, and the heavy traffic to the beaches had wrecked the work done in the Spring.

The resolution adopted proved that the cost should be limited to \$600 to each authority, \$1,200 in all.

The councillors repudiated delay for preventing the oiling early in the season. The resolution, as adopted, provides not only for oiling, but for filling up holes in the surface, from Cadboro Bay to the Cordova Bay beach.

Primary Highways.

Reeve Watson moved a motion to apply to the Minister of Public Works asking the Government to declare the East and West Roads as primary highways, and the road along the beach, as a secondary road.

The Council received several suggestions as to other arterial highways, particularly Wilkinson Road and Shelbourne Street. The clerk pointed out that for Government grants a case undoubtedly existed for the purpose of aiding all roads which run outside the municipality, from the city boundary through Saanich to other points.

A list of such roads was then agreed upon, which is promised to be complete, in order to give the Government a choice in the matter.

Fencing Off Beach.

Councillor Pim drew attention to fencing off the shady portions of Cordova Bay beach, an encroachment on public access to the beach.

While it was admitted that the owners had some right to high water mark, the encroachment complained of was of a very peculiar character, with permanent fencing, so it was stated.

It was decided to draw attention of the Department of Marine to the matter.

Damaging Paved Roads.

A long discussion occurred on the benches of the regulation preventing excessive loads on the paved highways. It was stated that some persons were respecting the regulation, while others were not doing so, and one firm which had carried out the rule had lost the contract to another firm who continued to carry excessive loads.

The Council gave instructions to have the regulations enforced impartially.

ELECTRICAL WORKERS PICNIC

All is now in readiness for the second picnic of the Electrical Workers to be held at Deep Bay on Saturday. The committee have been untiring in their efforts to make this an even greater success than last year.

In the sports events there are a large number of handsome prizes.

OUR BIGGEST PROBLEM.

Hon. J. D. Reid, who will be in Victoria in a few days, is responsible to Parliament for the administration of the Canadian national railway system.

The problem of the national railways is Canada's greatest problem. It may not be generally or properly realized that when the Grand Trunk Railway system—Canada's oldest transportation system—has been acquired by the Government by far the largest part of the whole railroad mileage of the country will be nationalized.

The Canadian national system will include what was once the Canadian Northern, the Grand Trunk Pacific, the National Transcontinental—the part of the second transcontinental which was built by the Canadian Government from Moncton to Winnipeg, where it joined the Grand Trunk Pacific running to the Pacific Coast—the old Grand Trunk System, and the Intercolonial, which has been a Government road since its inception many years ago.

These roads represent a liability of considerably more than a billion dollars, the liability involved in the acquisition of the Canadian Northern alone being over \$400,000,000. Further, for the most part the roads acquired by the Government do not pay their way, the deficit on them last year being \$47,000,000.

Hence, the taking over of more than half of the railway mileage of Canada has confronted the nation with a tremendous problem. How far that problem will be solved will depend very largely upon the efficiency with which the big national system is managed.

Dr. C. H. Vrooman, former Superintendent of Tranquille Sanatorium and now director of the Rotary Clinic at Vancouver, will speak on the subject of tuberculosis prevention in the High School auditorium to-night and a special invitation is issued to the public to be present.

WHAT OF THE LEAGUE?

It is patent to everybody by this time that the fundamental principle upon which the League of Nations was established required the formal recognition by all the countries signatory to the covenant that if wars were to be prevented in the future common agreement would refer their own disputes to arbitration before a

supreme international tribunal, and that they must regard themselves as responsible, individually and collectively, for preventing any single nation from declaring war against its neighbor until every means of peaceful settlement had been tried.

It is equally well understood that the Treaty of Versailles was founded upon the Covenant of the League of Nations and such moral authority as it possesses must depend upon this solemn undertaking by all the powers that signed it, that they remain prepared to reconsider any glaring injustices that might develop in the execution of its terms, and generally to abide by their obligation to carry out the Treaty in an impartial spirit, and to prevent the annexation of territory not so granted under its provisions.

Yet in spite of this solemn undertaking Europe is faced with what has all the appearance of a flagrant violation of the spirit of the Covenant by Poland—an original member of the League of Nations—and a decision on the part of the "big three" to uphold the action of the Polish Government by sending armed forces, if necessary, to resist the advance of the Bolsheviks, whose original attitude of defence has been turned by the fortune of war into one of victorious offence.

There is no doubt about the character of Poland's aim; its avowed object was to secure by military conquest territory in Russia to which she laid claim unsuccessfully at Versailles. It is quite true that Poland is entitled to consider the Treaty of Versailles as not the last word in the determination of boundaries, and her course is clear under that assumption; revision, if deemed just, could be made by appeal to the League of Nations.

TURKEY WILL SIGN THE TREATY.

Turkey's earlier defiance has been followed by an announcement that she will sign the Treaty presented to her by the Allied nations. It was her last opportunity to say whether or not she was prepared to be served with a notice of ejection from Europe "once and for all." Apparently she has detected the difference in tone which characterized this latest demand for compliance from the commands of so many former occasions when elaborate "demonstrations" have been staged with which to bend her stubbornness.

NOTE AND COMMENT

Dr. C. H. Vrooman, former Superintendent of Tranquille Sanatorium and now director of the Rotary Clinic at Vancouver, will speak on the subject of tuberculosis prevention in the High School auditorium to-night and a special invitation is issued to the public to be present.

SPECTACULAR RACE WON BY RESOLUTE

(Continued from page 1.) Working inshore, Resolute pinched out further and further to weather while Shamrock sought to overcome her rival's advantage by fore-reaching.

At 1.20 the wind hauled almost to the south, putting Resolute more than one-quarter of a mile to windward, where she was almost able to lay her course for the first mark.

At 1.30 the wind, after having increased to eight knots, went back to south-southwest, making it dead ahead to the first turning, while Resolute was half a mile to windward and going faster than Shamrock, which seemed to lag.

The sloops stood well inshore to gain the advantage of the tide. At 1.37 observers ashore estimated that Resolute was leading by only a little more than a quarter of a mile. Capt. Burton evidently had given up trying to fore-reach the Herreshoff sloop and was beginning to pinch Shamrock out along the edge of the wind.

Shamrock Picked Up. At 1.50, when nearly down to the Highlands, Shamrock had picked up with the aid of a baby jib topsail and was doing better in the breeze, which had dropped back to six knots.

Shamrock cut down some of her rival's lead by a tack inshore, but at 1.55 the American sloop was still quite a point to windward.

Resolute to Windward. At that time the official press boat reported that they were off the south end of the Highlands, sailing about five miles to the westward, with Resolute half a mile to windward, and therefore that much more nearer the turning mark.

At 2 o'clock the yachts had reached that point off the coast where last Wednesday they began a series of short tacks, but this time Resolute had a lead nearly twice as great as that of Wednesday.

At 2.05 Shamrock came about and headed offshore. 700 Yards Ahead. Resolute crossed Shamrock's bow at 2.07 and then came about on the starboard tack, planted squarely on the challenger's quarter.

After this manoeuvre the press boat advised that Resolute was about 700 yards ahead.

Resolute Closer. On the tack offshore Captain Burton again employed the old English trick of sailing along under started sheets for the purpose of fore-reaching his rival, but it was doubtful if Shamrock footed any faster than Resolute, which certainly was standing up closer in the eye of the wind.

The press boat reported at 2.20 that the yachts were about three miles from the first mark and both seemed to leeward of it. Resolute was well to windward of Shamrock and seemingly about two minutes to the good.

Shamrock was further to leeward on the tack and at 2.30, according to observers, was more than a quarter of a mile behind the defender. Captain Adams had the American boat high in the wind and seemed to catch every puff.

At 2.30 the yachts were within a mile of the first mark. Resolute turned the first mark of the triangular course at 2.34.47, and sped away on the second ten miles, a reach to sea.

The green sloop followed the defender around the first mark at 2.34.55. At 2.45 the yachts had sailed three miles of the second leg and Resolute was leading by half a mile. The wind had increased to twelve knots.

At 2.50 the yachts had sailed two-thirds of the second leg. Resolute was still leading. Second Mark. Turning the second mark at 2.55.49, the Resolute dashed along the home stretch of ten miles, striving to win the race and the second series.

Shamrock turned at 2.57.14. After having beaten the challenger to the first mark on a ten-mile thrash to windward, the defender had sped away on the second leg when the wind, increasing to fifteen knots, drove the yachts through the water in a shower of spray.

The elapsed times showed for the second leg were: Resolute, 51.92; Shamrock, 53.18. The total elapsed times for both legs were: Resolute, 2.24.16; Shamrock, 2.25.20. This gave Resolute a margin of one minute and 4 seconds plus her time handicap of 6 minutes and 40 seconds, which put her 7 minutes and 44 seconds to the good.

At 12 knots the two yachts on the second leg were remarkable, averaging well up to twelve knots. As the wind piped to eighteen knots on the third leg, the sloops tore even more rapidly through the water.

Shamrock seemed unable to carry her big reaching jib topsail, which her skipper took in without attempting to reef it.

At 2.41, with a black squall making up ahead, Shamrock took in her topsail. A minute later Resolute hauled down her jib topsail and also prepared to meet the squall.

At 2.50 Resolute was leading by a quarter of a mile with the finish line about four miles away. Apparently most of the squall had passed, for there was a big drop in the breeze, which at 2.51 came around to the northwest, forcing Resolute to tack. Handicapped. Shamrock was forced about by Resolute. Without a club topsail the challenger seemed handicapped. The yachts were drenched by the passing squall, but the wind gradually came around again, fair and strong.

SAANICH COUNCIL FUNDS CAUSE FOR NEW DIVISION

Outbreak of Feeling About
Beaches and Parks
Committee

Saanich Council last evening re-appointed a new Beaches and Parks Committee, after a lively debate on past occurrences between Reeve Watson and Councillor Henderson.

Procedure Tangle.
Councillor Dooley took the view that the previous committee had resigned, and therefore a new resolution was unnecessary, as the committee had disappeared.

Councillor Clark believed the better course would be to accept the resignations and then set out afresh. Some of the councillors took issue, arguing out the position from various standpoints.

The Reeve declared that the old committee had not resigned. That was the stubborn fact to be faced, he said.

Councillor Henderson took issue with that interpretation of the situation.

"I want it thoroughly understood that I am not standing in the way of settlement," said the Reeve.

"Will you admit that you are ready to have a new committee chosen?" asked Councillor Henderson.

"If you will agree to work along regular lines," replied the Reeve.

Reeve Watson then declared the two resolutions out of order which were passed at recent meetings of council.

That ruling was declared illegal by Councillor Dooley, who said the procedure bylaw gave the Reeve no such power, but only that of returning resolutions for re-consideration.

The Council then agreed that the resolutions should be rescinded, which motion was carried unanimously.

So was also another resolution to discharge the old committee.

Effect of Action.
Under these circumstances the resolution criticizing the City Council remains on the books, for having adopted the censure motion recommended by the Victoria members of the Victoria-Saanich Beaches and Parks Committee.

The new committee, which acted recently, was re-elected, composed of Councillors Henderson, Brooks and Pim. Reeve Watson is ex-officio a member as its chairman.

Breeze Develops.

Reeve Watson precipitated the breeze by a remark that the settlement would have been easier if some of the Saanich members of the committee had "not tried to work along certain lines to patch the matter up in an absolutely irregular way." The Reeve charged that the Saanich members had endeavored to transport Victoria-Saanich Beaches and Parks Committee in the face of a condemnatory resolution, when the resolution of notice had exclusive reference to Elk Lake watershed only. Councillor Henderson took the reflection as personal to himself.

The Reeve: "If the shoe fits, wear it."

Is Not Justified.

Councillor Henderson protested that a wrong construction was put on the action of the Saanich members. The speaker declared that the Reeve could not know what took place at the meeting, nor whether the minutes of the Saanich Beaches and Parks Committee were read at the meeting because he was not in a position to hear them by his behavior on the day of meeting.

The Reeve: "I am not a mind reader."

Then Councillor Henderson renewed his protest: "Mr. Reeve: Do you accuse me of underhand and dirty work?" he asked.

The Reeve said the question could be answered as a matter of opinion. Councillor Henderson said no other man in British Columbia had ever accused him of unfair dealing.

Councillor Pim asked why was not the Reeve at the meeting?

The Reeve said he acquired Councillor Pim of improper acts.

Councillor Dooley then, moved motion expressing complete confidence in Councillor Henderson.

Councillor Brooks seconded the resolution.

Councillor Pim said he would be glad to resign if such remarks were made about the new committee.

Councillor Terrell tried to throw oil on the troubled waters, but did not find much welcome, owing to the feeling displayed across the table.

Cause of Friction.

Councillor Dooley declared the Reeve had no right to bring his opinions of such events to the council table, whatever his individual views were.

Exchange of personalities continued between the Reeve and Councillor Henderson, the latter declaring he would not stand for being called "dirty."

"I do not allow any man to call me that, and particularly a man holding the Reevship of this municipality," said Councillor Henderson.

"Your action in this regard looks like it," replied the Reeve.

Councillor Henderson said he had no intention to allow such allegations to remain unchallenged.

Councillor Clark also urged conciliation. He hoped no resolution like that of Councillor Dooley would be passed. He was against the Council's public policy to pass such a resolution about its own personnel.

"If Councillor Henderson feels aggrieved I will withdraw the statement," said the Reeve quietly.

Then the Council broke up abruptly.

The debate was continued in the hall after the meeting adjourned. Councillor Dooley endeavoring to get the Reeve and Councillor Henderson to shake hands.

Two Improvements.

The Council dealt with two matters affecting the beaches, one of which will secure a water service for Island View Beach and the other to construct steps to Cordova Bay Beach. A right-of-way for the steps had to be secured, and apparently such reserve was made before incorporation of the municipality.

Col. and Mrs. E. M. Humble expect to leave Victoria tomorrow on their way to England, where they will take up residence on their newly-acquired estate in Derbyshire. In anticipation of their departure, numerous functions have been given in their honor by prominent hostesses. On Wednesday evening, Sir Frank and Lady Barnard entertained at the dinner hour complimentary to Col. and Mrs. Humble, the other guests including the Lieutenant-Governor and Mrs. E. C. Friar, Col. and Mrs. A. W. Jones, Capt. and Mrs. C. C. Cator, of Vancouver, and D. C. Coleman, of Winnipeg, vice-president of the C.P.R. The affair was held in the private dining room the buffet and dining table being lavishly decorated with pink roses. Last night Col. and Mrs. Humble were the guests of honor at a delightful dinner party given by Mr. and Mrs. G. A. Kirk at their lovely home on St. Charles Street.

Out-of-town visitors at the Brentwood Hotel include Miss Bertha W. Fairbanks, of Seattle; Mr. and Mrs. E. J. Hume, of Hamilton, Ont.; Mr. and Mrs. J. S. Bayless and daughter, of Tucson, Arizona; Miss Louise F. Shields, of Portland, Ore.; Miss Louise Vinsonhaller, of Seattle; Mr. and Mrs. E. J. Whitty, of Seattle; Mr. and Mrs. R. A. Braden, of New Westminster; Mr. and Mrs. Kohl and Miss Kohl, of Winnipeg.

A marriage has been arranged and will shortly take place between Major Maurice Pope, M.C. Royal Canadian Engineers, son of Sir Joseph and Lady Pope, Ottawa, and the Countess Simone du Monceau de Bergendal, second daughter of le Comte and Countess Jean Jules du Monceau de Bergendal, Chaumont-Gleizes, Province of Brabant, Belgium.

Miss Kate Hemming entertained informally at the tea hour at her studio at 649 Government Street, yesterday afternoon, when her guests included Major and Mrs. Philip Prudeaux, Mrs. Minky, of Winnipeg; Mrs. Thompson, of Vancouver, and Mr. and Mrs. Chas. Wood.

Mrs. Clement R. Sneyd, of Vancouver, is spending the week as the guest of her sister, Mrs. Arthur Dyde Lindsay, at Oak Bay, and early in August will go up to Cowichan to visit Mrs. W. Bradford McConnell.

Major and Mrs. F. V. Young, of 141 Beechwood Avenue, have as their guests for a few days Mrs. R. B. Kirchoffer and daughter, Muriel, of Los Angeles, who arrived on the steamship Governor yesterday.

Miss Florence Cartwright, of Long Beach, California, and Mrs. and Miss Stroud, Mrs. E. J. Price and Miss C. M. Rockwell, of Los Angeles, are staying at the Strathcona Hotel.

Mr. and Mrs. P. R. M. Wallis, have returned to the city from Vancouver, where Mr. Wallis has been taking a course in chemistry. They have taken up their residence on Quadra Street.

Arch. Wood, son of Mr. and Mrs. T. E. Wood, Gladstone Avenue, returned yesterday after making a round trip to Australia on the S.S. Canadian Exporter.

Mr. and Mrs. George Rambaut, of Outlook, Saskatchewan, and Miss G. Taylor, of Regina, are visiting Victoria and are registered at the Strathcona Hotel.

Mrs. Rickaby, Mrs. Lesning, Miss Marjorie Lesning and Miss M. Cotsworth, are among the Victorians in Vancouver for the lawn tennis tournament.

Mrs. H. D'Oyly Rochfort, of Oak

Ray, is spending a three months' vacation with her parents, Dr. and Mrs. L. T. Davis, at Parksville.

Mr. and Mrs. H. Warburton, Sr., whose marriage took place in Vancouver on July 16, have returned to Victoria, and taken up their residence at 2523 Grahame Street. The bride was formerly Miss F. Hextall, youngest daughter of the late Frank Wallace Hextall, of Leicester, England.

J. W. Robertson, Mrs. Robertson and Miss Robertson, Joe Claxton and Mrs. Claxton, comprise a motor party from Hopkinsville, Kentucky, who are making the Dominion Hotel their headquarters.

M. F. Ramage and family, W. S. Henderson and family, and C. R. Sawyer and family, are among the Calgary visitors who are registered at the Dominion Hotel.

Miss Helen Law has come over from Vancouver to spend a two weeks' holiday as the guest of Miss Isabel Wilson.

Mrs. F. W. Hudson, and the Misses Dora and Aileen Hudson, of Toronto, have arrived at the Empress Hotel.

Miss Gertrude Dixon, of Victoria, is visiting Mrs. M. T. Morrison, at Shaughnessy Heights, Vancouver.

C. C. Castle, of Salt Spring Island, arrived on the Island Princess, and is a guest at the Strathcona Hotel.

J. Tumulty and Mrs. Tumulty are in the city from William Head, and are guests at the Dominion Hotel.

Thomas McClocklin and Mrs. McClocklin, of Saskatoon, registered at the Dominion Hotel yesterday.

Mr. and Mrs. James Whytock, of Madoc, Ontario, are registered at the Strathcona Hotel.

J. G. Dodd, of Montreal, and George J. Dodd, of Winnipeg, are staying at the Empress Hotel.

James Finlay is down from Shawinigan Lake, and is a guest at the Dominion Hotel.

Mr. and Mrs. J. T. McPherson, of Montreal, are registered at the Empress Hotel.

Mr. and Mrs. D. G. Whitby, of

Montreal, are staying at the Empress Hotel.

Guests registered, recently at the Dallas Hotel include the Hon. George Lawrence and Mrs. Lawrence and son, from Winnipeg; E. Vernon Thompson, Glenbow, Alta.; Rev. and Mrs. Ginty, Dunsmuir; Mr. and Mrs. Bailey, Cariboo; Mr. and Miss Bailey, of Auckland, New Zealand; Mrs. H. Moss and children, from Arizona.

The current issue of the British Columbia Gazette contains notice of a deed poll executed July 17, in which Col. Bernard M. Humble is empowered to change his name to Bernard M. Humble-Burkitt.

The Misses Margaret and Justine Healy, have returned to their home at Shaughnessy Heights, Vancouver, after spending the past few days as the guests of the Misses Winterburn.

Dr. and Mrs. D. Macdonald, of Minneapolis, are guests at the Empress Hotel.

Mr. and Mrs. H. D. Cox, of Chicago, are guests at the Empress Hotel.

Mr. and Mrs. J. Bellager, of Los Angeles, are guests at the Empress Hotel.

A FASCINATING SMOCK

MRS. TYRELL GODMAN

is shown in the above photograph wearing the becoming smock which was made and embroidered by a member of a Women's Institute in England. The embroidery is similar in design to the work done by the Hungarian peasant women, and is strikingly effective. This smock is but one of the many fascinating articles made by the Women's Institutes, and presented to Mrs. Alfred Wait, M. B. E., and Mrs. Godman, in recognition of their achievement in organizing the Institutes in England.

GARDEN FETE NETTS \$523 FOR SAANICH HEALTH CENTRE AND V.O.N.

The funds of the Spanish Health Centre and the Victorian Order of Nurses of that district have been increased by the handsome sum of \$523.10 as the result of the highly successful garden fete held at "Cloverdale," the residence of the Misses Toimie on Saturday last. The amount taken in at the affair was \$556, while the expenses were kept to the remarkably low figure of \$31.90. The committee in charge are elated at the result of their efforts and wish to express their sincere thanks to all those who donated articles for the fete or in any way contributed to its success.

DEAN QUANTON ON CURFEW LAW

If Spirit of Girl Guides More General, No Curfew Needed

A message of greeting to the Girl Guides from Lady Baden Powell, wife of the Chief Scout, was conveyed to the Victoria members of the organization at a special meeting held in the school room of Christ Church Cathedral last evening. The greeting was brought from England by Mrs. Boardman, of Oxford, a Commissioner of the Guides, who with Miss Macdonald, another Commissioner, is visiting in Victoria.

Inspiring addresses were delivered by the two visitors, each giving an interesting account of the progress of the Girl Guides' movement throughout the world, with particular reference to the work accomplished in Great Britain. They extended hearty congratulations to the local troops on their excellent records.

Very Rev. Dean Quanton welcomed the visiting Commissioners and complimented the local Guides and their Captain, Miss Leighton on the influence for good they were exerting day by day on the growing girls of the district. In the course of his inspiring talk, the Dean commented on the efforts now being made to enforce the curfew law, voicing the opinion that, however desirable it might be, such a law would be very difficult to put into practice. If the girls of the city could only be induced to take an active share in the Girl Guides' movement and assimilate their spirit, there would be no need of the curfew, said the Dean, concluding with the observation that many women in Victoria who had grown prematurely old through confining their interests in life to themselves would derive much benefit and enlarge their present narrow vision if they would take an active interest in some such movement as the Girl Guides.

At the conclusion of the meeting a hearty vote of thanks was passed to the visiting Commissioners and refreshments were served by the Guides.

How to Make Coffee

Allow one heaping tablespoonful of Seal Brand Coffee to each cup. Pour fresh, boiling water over the coffee. Simmer 5 minutes. Let stand a few minutes. Then serve. Be sure you use rich, full-bodied SEAL BRAND COFFEE. Whole, ground—fine-ground for Tricolours and ordinary percolators. In ½, 1 and 2-lb. tins—at all good dealers; Write for "Perfect Coffee—Perfectly Made". Mailed free on request. CHASE & SANBORN, MONTREAL.

GAINED 20 POUNDS BY TAKING TANLAC

Regina Woman Says She Is Deeply Grateful For What Tanlac Has Done For Her

"I have not only gained twenty pounds in weight by taking Tanlac, but have been completely relieved of a bad case of indigestion and rheumatism from which I had suffered for years," said Mrs. Albert Barton, 1939 Oiler Street, Regina, Sask.

"For years I was constantly bothered with indigestion and gas formed on my stomach to such an extent that at times the distress was awful. I was subject to terrible spells of dizziness and became so weak and run-down that I could hardly get around. Then I had rheumatic fever, and ever since then I have suffered from rheumatism so bad that it seemed to be in all parts of my body. Often the pain was so great that I had to wear bandages, and I was unable to do my housework.

"I heard so much about the good results people were getting from Tanlac, that I decided to give it a trial. I was surprised at the benefit I received from even the first bottle, and in a short time I had splendid appetite and could eat anything and never suffer in the least from indigestion. As I have said, I have gained twenty pounds in weight, and am so much stronger than I can do my housework without any trouble. But best of all the rheumatism has left me entirely, and I don't have so much as a twinge of pain now. I am deeply grateful for the great blessing that Tanlac has sent me, and am glad of this chance to tell others what a grand "medicine" it is."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

1,562 HORSES SOLD.

Regina, July 22.—A total of 1,562 horses was sold through the Southern Saskatchewan Co-operative Stockyards at Moose Jaw yesterday, the sale constituting the largest ever carried out in Western Canada.

COUNCIL OF BOARD COVERS MUCH GROUND

Freight Rates, Parcel Service and United Charities Given Attention

The practice of carrying parcel mails past Victoria to Vancouver for delivery here on their return, was the subject of considerable discussion by the Council of the Board of Trade to-day. The reply received from Col. Ross, Chief of the Parcel Post, was severely criticized. Col. Ross stated that "the number of parcels for Victoria and Vancouver Island is so insignificant that the separation of the mail into individual bags for disposal on arrival in Victoria is impracticable."

A resolution to the effect that the letter from Col. Ross be replied to by stating that Victoria was the first port of call and the Capital City, and that the reply request that the service be amended as suggested, received a hearty endorsement by the Council.

The Council appointed Messrs. Kingham and Spencer to act as delegates to the United Service Council to take action with them on the question of the formation of the United Charities Fund. This fund, it was suggested, would be collected at the beginning of the year, and disbursed by a committee to the charities concerned, with due attention to the deserving as opposed to the undeserving. The able work of the Friendly Help Society would not be interfered with, stated the Chairman, and the question of the Y. M. C. A. and hospitals might have to be left outside the arrangement.

The idea of the central charities fund is to eliminate undue calls by small organizations on the business men, who feel that by donating a lump sum at the beginning of the year they will be helping the worthy charities under the strict supervision of the committee.

The project is still in the phase of organization, and nothing has been definitely settled yet, it was stated.

The recently postponed meeting of the Island Associated Boards of Trade is to be held in November, it was stated.

A request from the Winnipeg Board that the Victoria Board take up the matter of the request of the Railway Companies for a thirty per cent. freight increase was referred to the preliminary commission, after a preliminary discussion. It was stated in the communication from the Winnipeg body that the increase seemed a little unreasonable, and that investigation by the boards of trade might be advantageous.

A report from the legislation committee of the Board dealing with a letter on superannuation from the Civil Service Commissioner was referred back to that committee. The communication asks suggestions from the Board on the matter of superannuation of civil and civic employees, in the Government, police and municipal departments.

The express service between Seattle and Victoria is to be inquired into with a view to ascertaining whether or not it be true that Seattle companies ship parcels through Blaine and Vancouver to this point instead of direct by water.

NEW SYSTEM CUTS GARBAGE COSTS IN CITY

Proposal to Levy Charges For Garbage Collection Finally Quashed

As a result of improvements effected by City Engineer F. M. Preston, the maintenance costs of the city garbage department have been cut down thirty-three per cent. Alderman George Sangster, Chairman of the Civic Streets Committee, which oversees the engineering department, so stated to-day.

And while the decreasing costs of garbage collection were made public, it was learned simultaneously at the City Hall this morning that the City Council has rejected the proposal to levy a monthly charge on all householders for the privilege of having their garbage collected has been finally rejected by the aldermen.

Truck Cuts Cost. Saving in the garbage costs has resulted from Mr. Preston's plan of operating a big truck in the collection of garbage. This truck was built at the city yards, an old motor car, which the city owned, being used as a basis for its construction. Though a good deal of criticism was levelled at Mr. Preston and Alderman Sangster for the inauguration of the "funeral procession," as it was christened, the project has apparently justified itself since its inauguration. So far eight of the small garbage collecting carts have been taken out of active service as a result of the operations of the truck and it is possible that the number of carts will be reduced still further.

Probably the cutting down of garbage costs influenced the aldermen in rejecting the scheme which was sponsored by Alderman Sangster, and which contemplated the levy of a monthly charge of fifty cents upon each householder for the privilege of garbage collection. This charge, it was proposed, would be collected through the waterworks department, which would send out garbage bills along with the monthly water bills to all householders.

Unpopular Scheme. Objection to this plan was raised for several reasons. The chief of these, it was learned to-day, was the unpopularity of the move. The proposal, indeed, raised a considerable storm of protest among householders. Its sponsors pointed out that it would be of benefit chiefly to property owners, who now bore the entire cost of garbage collection, which was of benefit to thousands who paid no property taxes. It was only fair, Alderman Sangster and his supporters argued, that the people benefited from garbage collection should pay for it. They pointed out, too, that many owners of vacant land, who derived no benefit whatever from garbage collection, were forced to pay for its maintenance—a situation which they considered most unfair.

One great difficulty which the sponsors of the plan faced was the collection of garbage charges in Victoria West. In this district of course, it would be impossible to collect the charges through the waterworks department, as the district's water supply is furnished by the Esquimalt Waterworks Company. Again, in the city the civic authorities could not only stop garbage collection if the charges were not paid, but it could turn off the water supply to delinquents as well. It was thought desirable to resort to such measures if necessary for the more stoppage of garbage collection, it was thought, would simply create unsanitary conditions.

HOW TWENTY MEN HELD THE RAGING TORRENT AT BAY

Mr. Barrow and His Fellow Workers in Water Thirty-six Hours

TEN THOUSAND ACRES SAVED FROM OVERFLOW

If the Minister of Agriculture of this Province were given to personal adulation he could preserve for the literature of this country an episode of dogged pertinacity, physical endurance and stubborn grit that would easily rank with the best that modern fiction has to offer. But in describing the part that was his privilege to take in stemming the raging torrent of the overflowing Fraser, Mr. Barrow drew aside the curtain sufficient only to get his picture of the well-known miraculous performance of some score of men—the Minister included—who struggled incessantly for thirty-six hours in a surging stream—often near their necks, which at times threatened to engulf their human obstacle and send it to eternity.

Danger to 10,000 Acres. In explaining the tremendous consequences of failure, Mr. Barrow estimated that at least ten thousand acres of the most fertile and productive area in the whole of the Fraser Valley would have been flooded had it not been for the joint efforts of the Matsqui people who pitted themselves against the seething torrent as it poured through the breach in the dyke. It was that disastrous prospect which impelled every man and woman capable of rendering aid to put his and her weight into the task.

For thirty-six hours twenty men—among them the Minister of Agriculture himself—struggled with their herculean task. Only on those occasions when it became imperative to restore circulation did any of these men leave their posts for a few minutes exercise. For no longer than was absolutely necessary to conserve their urgently needed energy was the individual task suspended. And in this manner the day was won.

How It Was Done. The Minister explained that when the work of damming commenced the first step was to place his whole weight upon each individual sandbag as he laid it upon the bottom—nor was it possible to build perpendicularly until at least a twenty-foot foundation rampart had been laid down and held together with fencing wire. With the base of the dam in position, however, the volume of the torrent compelled the careful placing of each bag and the weight of the body until each consecutive part of the structure had been securely held by wire passed from the workers to those on shore. In this way nearly fifteen feet of barrier was successfully erected.

The difficulty of the valiant score, moreover, were not involved in laying the foundation—and it should be mentioned that all this work was done in the pouring rain, which itself, but at a distance sufficiently removed best calculated to weaken the volume of the torrent to the point when actual repair of the broken dyke could be undertaken with hope of success—for as the rampart began to rise under their efforts the current increased until not one of them could stand without support. On this account, therefore, it was necessary for them to exercise a good deal more care in the placing of the bags than had been demanded in the construction of the base work and it frequently occurred that in order to see that the bag got into its correct position, so as to nullify all the work that had been done before, it was necessary to involve total immersion in the muddy torrent. Only by that process, however, could success have been accomplished.

Praise for Matsqui People. Mr. Barrow found it difficult to find terms in which to praise the magnificent determination and ceaseless energy of the people of Matsqui. To them he says British Columbia owes a debt of gratitude.

for this Province would have suffered a distinct loss if the human barrier which so successfully held in check the waters which threatened such a vast area of the most productive land had given way at any point. Happily the long strain to which the Minister and his fellow-workers were subjected has been attended by any serious results. And although Mr. Barrow stuck it out for thirty-six hours it was not before he reached Vancouver direct from the scene that he could obtain a change of clothes. To look at him this morning it was difficult to imagine that he had gone through such an ordeal so recently.

SMOKE NUISANCE

CAMPAIGN STILL IN ACTIVE PROGRESS

Cameron Mill Charged Under By-law, Following a Case Recently

The second of a series of charges laid under the Smoke Nuisance By-law of the city was called to-day in the city police court, when the Cameron Lumber Company, Ltd., was formally charged with offending under that civic ordinance, in that the company was alleged to have caused inconvenience to private property by reason of the sawdust and charred soot from their plant on Garbally Road.

H. W. R. Moore appeared for the defendants. Mr. Moore applied for an adjournment of the case until the appeal of the Puget Sound Lumber Company had been heard in the higher courts. This was subsequently granted after some evidence had been taken.

City Prosecutor Harrison exhibited a head of lettuce that he stated had been blackened and rained with the sawdust and soot from the mill of the defendant company. The exhibit, called to the attention of counsel for defendants, elicited "I am willing to admit that my learned friend has shown me a small cabbage, which has some sawdust on it."

"Lettuce, not cabbage," interposed Mr. Harrison, who asked that the admission be taken, and the case could then be adjourned at the discretion of the court.

Fire Chief Stewart testified to having his attention called to the lettuce by a lady living at 341 Dunsedin Street, and of collecting similar specimens of vegetable in the surrounding district, which were covered, he stated, with refuse from the defendant's mill.

The hearing is set for Friday next.

GREAT LAKES-TO-SEA ROUTE IS URGED

Detroit, Mich., July 22.—Building of a direct route to the sea from the Great Lakes was urged as a necessity to move the products of the West, in a telegram from Senator Miles Polk, of Washington, read to-day before the Great Lakes-St. Lawrence Tidewater Congress. The Senator was unable to attend.

Don't take anybody's word for it. But if you're a coffee drinker, and feel as though something is wrong with your nerves, quit coffee and use

NORMAN YARROW ON BRITISH COLUMBIA

British Shipping Journal Deals With Visit of Esquimalt Manager to Glasgow

Some months ago it was rumored that Yarrow had under consideration the transfer of its plant at Scotstoun to Esquimalt in view of the industrial disputes which hindered operations on the Clyde.

Norman A. Yarrow, manager of Yarrow's Ltd., Esquimalt, is now visiting his parents in the United Kingdom and in connection with his presence on the other side of the Atlantic, "Syren and Shipping" journal, known British shipping journal, says:

"In view of the declaration some time ago by Sir Alfred Yarrow to the effect that it labor troubles and other difficulties continue to increase in this country, his firm would have to consider seriously the question of transferring its works from the Clyde to British Columbia, the statements recently made by Norman A. Yarrow in Glasgow are of exceptional shipbuilding interest. Sir Alfred did not say in so many words that he would see his fine yard and engine shops at Scotstoun closed down rather than struggle under the handicaps imposed by continual disputes over working conditions and rates of pay, and by the delays which were inseparable from these, and from the irregularities which were experienced in time-keeping. But he did make it quite clear that there were fewer troubles in British Columbia, and that, if necessary, he would not hesitate gradually to increase the importance of his yards at Esquimalt and decrease that of his Clyde works in proportion, so that ultimately the former might become their main establishment, and the latter, if it remained there at all, would be quite a secondary consideration.

Destiny of British Columbia

"Now Norman Yarrow, who is manager of the British Columbia works, and is at present on a visit to this country, says that in his opinion the Pacific Coast is destined to become one of the most important industrial areas of the British Empire. It has many advantages of a permanent character in its natural resources, its geographical position, its business opportunities and its trade possibilities, all tending towards successful and stable development. It will play an increasingly important part in the Oriental and Australian trades, which are expanding steadily every year. In the success which has so far attended their own efforts, the reputation for honorable dealing and good work associated all over the world with the name of Yarrow has been of great assistance. This should give the people of the Clydeside something more to think about, for they may be quite sure that the firm of Yarrow will hesitate no more about closing down at Scotstoun and fitting wholly to British Columbia, when the circumstances warrant such a step, than they did about closing down at Poplar and fitting to the Clyde when they found that vessels could not be built on the Thames except at a loss. The testing time is not yet. At present there is work enough and the Scotstoun yard is busy with cargo vessels. But if, when the falling off in activity comes, there is no improvement in industrial conditions generally, something may very well happen. No sentimental reasons will keep Yarrow on the Clyde if another part of the world promises better."

BIANCA'S ARRIVAL RECALLS LENGTHY VOYAGE BY PUAKO

Barquentine, on Maiden Voyage, Was 200 Days Out and Insurance Paid

Shipping men here, on learning of the arrival of the overdue sailing schooner Bianca at Port Natal, recalled a similar instance in wind-jammer annals when the barquentine Puaoko, on maiden voyage, was posted missing bound from this coast to South Africa and finally turned up at her destination 200 days out. So convinced were the underwriters that the Puaoko was lost that the insurance was paid over before the vessel emerged from obscurity.

The Bianca, bound from Victoria, B. C., to Delagoa Bay, South Africa, arrived at Port Natal on Wednesday, two months overdue.

The Bianca is owned by the Bianca Shipping Company, one of the American subsidiaries of the Gram interests, of Norway, which had a number of wooden ships built in Seattle and other Washington ports. She is a vessel of 2,500 tons deadweight, launched by the Duwamish Waterway plant of the Elliott Bay Shipbuilding Company last year and in commission last fall.

Through the Universal Shipping & Trading Company, of Seattle, she was chartered to British interests to carry lumber from Geopu Bay, B. C. to Delagoa Bay. She sailed from Victoria, B. C., January 28. She should have made the voyage in four months, but instead took six months.

The vessel is managed by the J. E. Chilberg Line, of Seattle, as representative of the owners. She is commanded by Capt. R. Peterson, an old time master in the North Pacific lumber fleets, and carries 18 men. From Port Natal she will continue the voyage to Delagoa Bay.

An unusual feature of the voyage is that from the time the schooner passed out of Cape Flattery January 28 until her arrival at Port Natal, not the least sign or trace of her could be found. She never was sighted by any passing vessel.

SCHOONER BEACHED TO EFFECT REPAIRS

Presho Was Leaking Badly After Being Floated Off Carmanah Point

With her hull leaking badly, the Tacoma fishing schooner Presho, which was rescued from the rocks off Carmanah Light, Vancouver Island, last week by the cutter Snohomish, has been beached at Port Angeles for temporary repairs, and is to be floated off to Punaikoa Sound. When the Presho went on the rocks she lost her propeller.

The vessel was hauled off the rocks with the assistance of the fishing schooner Roche Point, which passed a line from the Snohomish. Permanent repairs to the Presho will be made at Seattle or Tacoma.

VESSEL MOVEMENTS

STEAMSHIP INDUS READY FOR BERTH CANNOT GET FUEL

Vancouver, July 23.—The Coughlan shipyard did a 30-day job on the steamer Indus for the Swedish East Asiatic Company, and in the words of the representative of that company, J. A. Sturrock, she is a beautiful job, but she cannot go to sea. The oil shortage is the reason. The Indus is ready to steam for Portland to load four for Europe, but diligent inquiry failed to locate enough of the essential ingredients. So low are the stocks of the Imperial Shell and Union Oil Companies, and so uncertain are future supplies, that with contracts for the Canadian line for operation by the Harbor Marine Company, Ltd., now fitting out with machinery at the W. M. D. plant. The boilers are being longitudinally riveted and will shortly be hoisted aboard.

MAIN ENGINES IN CANADIAN WINNER

Under Superintendent Craig the main engines have been put in place aboard the Canadian Winner, product of the Harbor Marine Company, Ltd., now fitting out with machinery at the W. M. D. plant. The boilers are being longitudinally riveted and will shortly be hoisted aboard.

PLAN TO DEVELOP OUTER DOCKS HERE

Council of Board Wants Lumber, Collection Point Established

The establishment of a lumber collection point for export shipment at the Outer Docks was one of the matters discussed by the Council of the Board of Trade in session to-day. Joshua Kingham, H. G. Wilson, and G. A. Kirk, members of a committee that had been appointed to investigate the matter, reported to the effect that the lumber men of the entire Island would welcome such a project with open arms.

At present most of the lumber for export was boomed to Vancouver for loading, while the Government docks adequate facilities for collection and loading would be an easy matter to establish, the report said. The advantages to the Government and the Island mill men would be obvious, it was stated, and would have the net result of clearing the Island of some of the accumulated cut lumber that could not be loaded on to boats under the old system.

The question is to be taken up with the proper authorities, and steps to secure the desired collection service and facilities at the Outer Docks. Speaking on the more general question of the utilization and development of the Government docks, the meeting was told of the promise of the Hon. Dr. Reid, in 1916, by C. B. Schwengers who stated that that of Government steamers built under the Canadian Merchant Marine Act, in connection with Halifax and Victoria.

"The Government has gone into the railway business since," stated President J. L. Beckwith, "and I think the conditions have been slightly changed in that regard."

To Link Coast to Coast

Mr. Schwengers stated that during the war the reason given for the non-compliance with the minister's announcement was that the shipping was "urgently required elsewhere." Since the war was over some eighteen months, however, he stated, there was no reason why such a satisfactory service could not be established connecting the East to the West by water, with the consequent drop in freight rates.

The question was left in the hands of the committee, which will take action at the conference with the Hon. J. D. Reid on his arrival here.

POSSIBILITIES OF TRADE WITH SWEDEN

Commercial Attache at Vancouver Arranging For Shipments by Johnson Line

Vancouver, July 23.—To investigate the possibilities between British Columbia and Sweden and arrange for shipments for the first of a Swedish line of motorships due here July 28, Herman Virde, commercial attache to the Swedish consul at San Francisco, is looking over the ground here.

The Johnson Line will operate motorships between British Columbia and Sweden via San Francisco and the Panama Canal. "There seems to be an impression that British Columbia has few articles that we require," said Virde, "and Sweden has little that British Columbia needs," declared Mr. Virde in an interview here.

"But in the establishment of this line of motorships between Sweden and Vancouver the intention is not simply to rely upon direct shipment of goods. For instance, there is a good market in other parts of Europe, more especially in France, for many of the commodities you have for export. The Johnson vessels will make the triangular, thus affording Vancouver the opportunity of exporting direct to France and in return accepting the exports of the country of Sweden, while the vessels can secure cargoes between France and Sweden.

"Sweden has learned the same lesson that the United States and Canada has learned during the past few years, and that is that the development of its foreign trade means buying and selling. One of the vital factors in the direct trade of goods which is in the cost of freight, that is why arrangements are being made to operate the vessels on the triangular route rather than in direct trade, which might mean, upon occasions, smaller cargoes and higher rates.

"Sweden needs your hard lumber probably more than we do. All of our lumber is soft and we must import the closer grain variety from somewhere. Vancouver is interested in the shipment of that lumber, and there seems no reason why such a trade cannot be developed greatly by vessels calling at this port and travelling by way of the Panama Canal.

"Some extent to which this trade has been developed between the port of San Francisco and Stockholm can be gathered when I tell you that in 1914 the total amount of trade between the ports was under \$100,000, compared with \$3,500,000 for 1918."

LEAVES FOR EAST TO INSPECT SHIPS FOR PACIFIC ROUTE

E. G. McMicken, general passenger agent of the Pacific Steamship Company, left Seattle on Wednesday for Camden, N. J., where he will inspect the United States Shipping Board's new passenger liners Wenatchee and Keystone State, which have been assigned to the Admiral Line for operation between Seattle, Victoria and the Far East. The vessels are now nearing completion at the yards of the New York Shipbuilding Company at Camden. Mr. McMicken is going east via San Francisco.

EASTERN PILOTAGE COMMISSIONER WILL HAVE HANDS FULL

Duties of Government Appointee Will Be Elastic in Scope

After its experience in pilotage matters on the Pacific Coast the Dominion Government appears to have been a little chary in completing its pilotage organization on the Atlantic seaboard.

The Civil Service Commission has invited applications for the position of superintendent of pilots for the Montreal-Quebec pilotage district at an initial salary of \$2,000 a year, which will be increased on recommendation for efficient service at the rate of \$150 a year until the maximum of \$3,600 is reached.

Wracks included.

The position embraces a variety of duties. The superintendent's duties will be, under direction, to supervise the pilotage service in the Montreal-Quebec district, to call and assign pilots to ships, receive pilotage dues and make the required reports and returns to the Marine Department, to conduct investigations, when required, into wrecks, collisions and strandings, to make recommendations and handle correspondence in connection with such work and to perform other related work as required.

He must hold a master's certificate of competency, must have been actually master of a seagoing ship, or a passenger ship in the coasting trade, for at least a year, must be thoroughly familiar with all shipping matters, especially those of the Gulf and River St. Lawrence, and have a knowledge of both English and French. While no definite age limit is fixed, age may be a determining factor when the selection is made.

CROWN OF GALICIA COMING TO PACIFIC

Harrison Freighter Scheduled to Sail from Glasgow Early This Month

R. F. Rithet & Co. have been advised that the British steamship, Crown of Galicia will be the next Harrison Direct Line freighter to arrive on this coast from the United Kingdom.

The closing date for cargo at Liverpool and Glasgow was July 2, and although no word has been received of her departure, it is expected that the British coast on her way here.

The Crown of Galicia, which was selected to take the place of the Taciturn, will touch at San Pedro and San Francisco en route to Victoria. She is looked for at this port about the middle of August.

The steamship Statesman, of the same fleet, is now on Puget Sound completing cargo for the homeward voyage.

DARKEN GRAY HAIR

LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally that Nobody can tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Fined.—W. G. Peels, of Cordova Bay, was fined \$10 by Magistrate Jay in the Esquimalt Police Court yesterday for driving an automobile past a street car which was standing to discharge passengers.

BRIEF LOCALS

Colonist Beaten.—The B. C. Electric team defeated The Colonist baseball nine at the Royal Athletic Park last evening, 11-9.

Alderman Patrick Back.—Alderman Joseph Patrick Back returned to Victoria after a prolonged trip through the interior with the Vancouver Board of Trade Kootenay excursion. He states that he was greatly pleased with the journey which, he says, covered a very large expanse of country. He regrets, however, that he was the only Victorian in the party.

To Picnic at Cordova Bay.—The Gaelic Society will hold a basket picnic at Cordova Bay to-morrow. The party will leave by trolley from the Forster's Hall, Broad Street, at 1:30 p.m. Tea will be provided. The affair is in the hands of a capable committee under the chairmanship of N. P. McDonald, and a good programme of sports has been arranged.

Veterans to Hold Smoker.—To-morrow evening the Great War Veterans' Association will be hosts at a smoker to be held in the club rooms of the United Service Club. Boxing bouts will be added to the entertainment, which is a novel and varied order. Tom Obee will give "Coster" characterization, and Harold Diggen a conjuring entertainment. E. B. Jones, H. Roberts, and Mr. Samson will be included in the vocal renderings for several splendid numbers.

Photographer at City Hall.—The interior of the City Hall, so dingy in appearance, was immortalized to-day when a photographer and his assistant visited the historic pile, and took pictures of it from every angle. Each office, was visited in turn and filled with choking smoke as a flashlight picture was made. Indeed, some of the officials, it is reported, were driven forth by the dense cloud, but the fact that the offices will be preserved for immortality in black and white more than compensated for this. When the photographers got around to Mayor Porter's office, however, they could not find him. His secretary waved them away. He had not arrived from the country, she said.

MANY APPLICATIONS FOR TEACHING STAFF

City School Trustees face a most difficult problem in making appointments to the Public School staff. When they meet to make these appointments next Tuesday evening they will have before them 210 applications for some half dozen positions in the Public schools. The Trustees feel that the task is almost hopeless, and it is probable that the applications will be referred to Municipal Inspector Winsby for recommendation.

At Tuesday's meeting a teacher of English will be appointed to the staff of the new Arts College.

SUMMARY OF TO-DAY'S YACHT CUP RACE

Sandy Hook, N.J., July 23.—The official summary of the American Cup race to-day follows:

Sloop—Resolute.—owner, R. W. Emmons; start, 1:01:33 p.m.; finish, 4:39:25 p.m.

Sloop—Shamrock.—owner, Sir Thomas Lipton; start, 1:01:58; finish, 4:43:06 p.m.

Resolute—Elapsed time, 3:37:52; corrected time, 3:41:12.

Shamrock—Elapsed time, 3:41:10; corrected time, 3:41:10.

Resolute won by three minutes eight seconds elapsed time; nine minutes, fifty-eight seconds corrected time.

The WEATHER

OBITUARY RECORD

The remains of the late Mrs. Florence Hinson were laid to rest yesterday afternoon. Services were held at the Thomson Funeral Home at 2:30 o'clock. The Rev. Wm. Stevenson officiated. There were many beautiful floral tributes, and a large gathering of sympathizing friends attended to pay their last respects to the deceased. Delegates from Victoria Lodge, No. 2, B. E. E., the V. A. S. C. V. I. A. A. and the Elks' Amateur Swimming Club were also in attendance. The hymns sung were "Rock of Ages" and "Nearer, My God, to Thee." The following acted as pallbearers: Messrs. F. C. Dillabough, J. Rivers, T. Morsey, F. Eilers, J. Burgess and R. Thompson.

PRESS BRIDGE PLAN UPON HON. J. D. REID

Mayor to Take Up Present Delay With Railway Minister

When Hon. J. D. Reid, Federal Minister of Railways, reaches Victoria next week Mayor Porter will hold a conference with him on the Johnson Street bridge question and urge the Federal authorities to do their utmost to press the matter forward.

At present the bridge project is held up by the delay of the Dominion Board of Railway Commissioners in granting its official approval of the bridge plans. The civic authorities have waited in vain for many weeks now for a favorable reply from the Commission, but as none has been forthcoming, no progress has been made. And, as a result, the Mayor and aldermen are not a little impatient.

"I shall talk the matter over with Dr. Reid," the Mayor stated to-day, "though I am not very hopeful that it will expedite matters."

Some of the aldermen, however, feel that Dr. Reid, if he chose, could do a great deal unofficially to spur the Railway Commission into action. Indeed, some of them wished to see a meeting of citizens called to determine upon some definite measures to be taken to call such a meeting have yet been taken.

TELLS DYSPEPTICS WHAT TO EAT

Avoid indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things:—

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or putrefaction by the use of a little Bisulphated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisulphated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five-grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisulphated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid milk or citrate, and in the bisulphated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

PERJURY CHARGE FAILS

Lee Jim Young Was Only Twelve Years Old When Immigration Authorities Said He Swore Falsely.

Lee Jim Young, charged with perjury by the Dominion Immigration authorities, was discharged by Judge Lammiman in the County Court this afternoon.

J. S. Brandon and R. L. Reid, K. C., prosecuting for the Government, charged that Lee, when he was only twelve years old in 1905, appeared before Sydney Child and swore that he had been in Canada for three years, whereas he had been here only two years, having come in 1903.

Leonard Tait swore that Lee was a student at the North Ward school for some years when he was principal.

It was also charged against Lee that he had been going around under a number of aliases, such as Lee Jim Young and Lee Kim Young.

J. A. Russell, defending Lee, asserted that the Chinese boy was too young to appreciate all these fine distinctions when the swearing was done.

"BABE" RUTH AGAIN.

New York, July 23.—"Babe" Ruth, premier batsman of the New York American League baseball club, to-day added another home run to his record, making his total thirty-three for the season. The hit, made off Pitcher Morton, of Cleveland team, was made in the sixth inning, the ball going into the upper right field stands.

B.C.-SWEDEN LINE OF SHIPS SHORTLY

Vancouver, July 23.—A direct line from Sweden to Vancouver is about to be started by the Johnson Line, Herman Virde, commercial attaché to the Swedish consul at San Francisco, announced. Mr. Virde was in conference with W. E. Payne, secretary of the Vancouver Board of Trade, to discuss business conditions prevailing throughout the west.

The proposal is to run, from four to six ships of from 6,000 to 9,000 tons between Vancouver and Stockholm.

STEAM ENGINEERS TAKE TEST CASE

Union Lays Information Against Victoria Gas Company

On information laid by the Union of Steam and Operating Engineers, the Victoria Gas Company and Norman Eek were charged to-day with operating without an engineer's certificate, as required by the Boiler Inspection Act, in the City Police Court.

H. W. R. Moore appeared for the prosecuting Union, while the defendants were represented by A. D. King. The case was adjourned until Tuesday at the request of the defendant counsel.

Mr. Moore, acting for the Union, stated that the case was a test one, and if conviction were secured, he followed by a number of other informations being laid.

VISITING ARTIST IS HONORED

Provincial Arts and Industrial Institute Luncheon For W. St. Thomas Smith

In honor of W. S. Thomas Smith, the eminent Canadian artist, and Mrs. Smith, who are visiting Victoria, members of the Provincial Arts and Industrial Institute held a luncheon at the Dominion Hotel to-day. J. Forsyth, vice-president of the Institute, was in the chair.

In welcoming Mr. Smith to Victoria, the chairman expressed the hope that in the coming years art would receive proper recognition in the West. He referred to the efforts of the Institute to foster the industrial and literary arts and voiced his confidence that with proper co-operation, Victoria would have its own art gallery before very long.

Rev. J. Gibson Inkster in reminiscent vein, reviewed his long acquaintance with the artist, who has perpetuated scenes of his boyhood home in the Orkney Islands. Mr. Smith in replying, expressed his pleasure at the many beautiful spots with which Victoria abounds. Other speakers included Captain Butler, Charles St. Barbe, Messrs. Embersson and Harvey.

Those attending the function were Miss Josephine Crease, Miss Alma Russell, Miss McCulloch, Miss Kitto, Miss Wyld, Mrs. H. P. Hodges, Mr. and Mrs. Embersson, Mrs. Pagot,

ANOTHER WORLD JEWISH CONGRESS

London, July 23.—In order to afford Jewish bodies at present not affiliated

Messrs. John Harvey, Walter Harvey, Rev. J. G. Inkster, Messrs. John Kyle, S. McCure, J. S. McMillan, C. Parker, Chas. St. Barbe, J. J. Shallock, Hele Ash, Hugh Davis and R. B. Butler.

with the Zionist movement an opportunity to participate in the reconstruction of Palestine, the Zionist World Conference, which concluded its sessions here last night, decided to convene another world Jewish congress, "constituted on a democratic basis," as soon as possible.

Such a congress, it was stated, "shall be the authoritative body to speak and act on behalf of the Jewish people."

Thorough Lubrication

IMPERIAL POLARINE can be depended on to give you thorough lubrication, to keep the engine running quietly and faultlessly, to take you a 100 miles or 1,000 miles at the least cost for fuel, oil and repairs.

Imperial Polarine forms a piston-to-cylinder seal that maintains compression and utilizes the full power of the fuel. It spreads a thin, yet unbreakable oil film over every friction surface that minimizes wear—it is the perfect lubricant.

Imperial Polarine will not break up under high operating heats. It burns freely with hardly a trace of carbon. Costs less because it saves depreciation and fuels. Sold in gallon and four-gallon sealed cans, half-barrels and barrels, also 12½-gallon steel kegs, by dealers everywhere.

Look for the Imperial Polarine Chart of Recommendations when you buy oil. It shows which of the three grades described below is recommended for your car. Use the grades specified, exclusively.

IMPERIAL Polarine

IMPERIAL POLARINE (Light medium body) IMPERIAL POLARINE HEAVY (Medium heavy body) IMPERIAL POLARINE A (Extra heavy body)

Giants Started Early and Were Never Headed

Victoria Sluggers Could Do Nothing With Talley's Moistened Slants; Crippled Team Made Things Very Interesting For Capitals; Snappy Double Play Saved Giants.

Seattle, 4; Victoria, 2.

Look what happened! Just when everyone was reclining comfortably and looking for two weeks of straight victories over the tail-enders, Toad Talley heaved a monkey wrench into the machinery and upset everything and everybody.

Wes Kelly did the flinging for the Capitals and in the seven innings he worked his yielded but four hits, but coupled with an error they were responsible for three runs.

The Giants got away to a flying start. With one out in the first Grant hit a roller to Elliott, who made a perfect peg to Dempsey.

Victoria tried hard to get to Talley but they found his moist balls very deceptive. In the third Land hit to deep centre for two bases and scored on a slashing single over second by Elliott.

It looked as though the Capitals would stage a belated rally in the seventh but it was nipped in the bud, a snappy double breaking everyone's heart.

James was sent in to finish the game for Victoria, and after retiring the first three batters in the eighth he wobbled in the ninth.

Robcke Looked Good. Owing to Doelze being under the weather Hoffman went behind the bat.

ANTIPODES SENDING FAST OLYMPIC TEAM

Australia and New Zealand Have Fine Athletes; Fanny Durack Detained

Sydney, Australia, July 22.—Champions in five sports, swimming, tennis, cycling, distance walking and sprinting, will represent Australia at the Antwerp Olympic games.

Miss Fanny Durack, noted Australian swimmer, will not be on the Olympic Games team. Illness has made it impossible for her to go to Antwerp. Six other swimmers, however, are going. They are Miss Lily Beaupaire, Frank Beaupaire, champion of Victoria; Ivan Stedman, Keith Kirkland, H. Hay and S. Herald.

Two bicycle riders, Gerald Halpin and J. King, will enter at Antwerp. Halpin holds the commonwealth half-mile record and King the ten-mile championship.

Australia's sprint representative will be W. W. Hunt, who holds a mark of 19 seconds in the 100-yard dash and 22 2-5 for 220 yards. The distance walker will be G. R. Parker, who has set marks in the one and three-mile events, the latter in 22 minutes, 45 4-5 seconds.

R. V. Thomas, co-champion of P.

O'Hara Wood in the world's doubles championship, will represent Australia at tennis with Gerald Patterson, the commonwealth's Davis Cup defender.

Wellington, N. Z., July 22.—New Zealand's Olympic Games team will include B. Hadfield, sculler, who has won the diamond sculls at Henley, and E. Davidson, sprinter, who, according to local records, has four times beaten 10 seconds in the 100-yard dash.

Other New Zealand athletes going to Antwerp will be Miss Waldron, holder of the New Zealand women's 100-yard swimming record, and E. Wilson, hurdler. Wilson holds the local 400-yard and 120-yard hurdle arks. His 120 yards' time is better than 16 seconds.

WANTS DEMPSEY TO FIGHT CARPENTIER OVER IN LONDON

New York, July 22.—William A. Brady, theatrical producer, last night announced that he had been authorized by G. A. Cochran, London fight promoter, to offer Jack Dempsey \$50,000 to sign an agreement to meet Georges Carpentier in London in November or December.

KINGSTON ST. TENNIS

Keenly contested matches were played yesterday in the Kingston Street Lawn Tennis Tournament, that between Parkes and Griffiths being productive of some good tennis and exciting moments. Parkes won in three sets, his victory being due to steadiness and accuracy.

The results were:
Miss Parkyn and Swayne beat Miss Boiston and McCredy, 4-6, 6-2, 6-4.
Mrs. Foster and Colborne beat Gardner and Miss Sissons, 5-6, 6-4.
Parkes beat Griffiths, 6-4, 2-6, 6-3.
There will be no matches to-day, but to-morrow (Saturday) a number of games are down for decision as follows:

At 2 p. m.—McCredy plays Swayne; Miss Marquart plays Mrs. Sayer; Miss Boiston plays Miss E. Edwards.
At 3 p. m.—Parkes plays Gardner; Shephard plays O'Halloran; Sommer plays Sayer.
At 4 p. m.—Mrs. Sayer and Miss Severs play Mrs. Gardner and Miss Boiston; Miss Parkyn and Swayne play Miss Wood and Lambie.
At 5 p. m.—Miss E. Edwards and Robinson play Mrs. and Mr. O'Halloran; Gardner and Archbold play Greaves and Lambie.
At 6 p. m.—Miss Dudgeon and Miss Parkyn play Miss Wood and Miss Thorpe; Miss Marquart and Miss Hickey play the winners of the match between Mrs. Sayer and Miss Severs and Mrs. Gardner and Miss Boiston.

U. S. TRAPSHOOTERS MAKE FINE SCORE IN TEAM-MATCH TO-DAY

Antwerp, July 22.—The American trapshooting teams in the Olympic competition to-day closed its shooting in the team-match here with a total of 547 targets out of a possible 600. The individual American scores out of a possible 100 were: Frank M. Troeh, Vancouver, Wash., 94; Mark Arlie, Champaign, Ill., 94; Horace Bonser, Cincinnati, 91; Forest W. McNeil, Houston, Tex., 83; Frank S. Wright, Buffalo, 83; Jay Clark, Jr., Worcester, Mass., 84. Total, 547.

Troeh shot the last thirty targets with a severely cut trigger finger.

WINNING PLAYERS GET MEDALS AT DINNER

At a happy function held in the United Services Club Rooms last night the members of the Knights of Columbus football team, which won the senior championship of Victoria, were entertained by the Victoria Council No. 1255, Knights of Columbus, and presented with a cup and medals.

In the absence of Hon. John Hart, Minister of Finance, J. D. O'Connell presided at the function. About seventy-five footballers and their friends were present. Among the guests were: H. W. Hart, president of the G.W.V.A.; James Adam, pre-

VANCOUVER ISLAND NEWS

Monster Picnic.
Nanaimo.—With all kinds of sports, from quoits and ladies' home nursing to tug-of-war and hat trimming for the sixth annual picnic of the Canadian Western Fuel Company's employees will be observed on Saturday, July 31, on Newcastle Island. Over \$450 will be presented in prizes for the sports, which begins with the children's events at 1 p. m., and ends with waltzes at sundown. Scows will leave the ballast wharf at 3 a. m., the launch Alma taking care of the Brechin people and cars bringing in picnickers from Northfield.

Visiting Port Alberni.
Port Alberni.—Judge J. T. Ronald, of Seattle, Dr. Dickson, New Orleans, Miss Kigore, Seattle, Mrs. Niblock, Victoria, and M. and Mrs. Virtue, Seattle, are touring the island and are now registered at the Thomas Hotel.

Jewish Tag Day.
Nanaimo.—A tag for the suffering women and children of Central and Eastern Europe will be held under the auspices of the Canadian Red Cross Society on Saturday, July 24.

Lodge Formed.
Sidney.—J. W. Barker, of Victoria, the organizer of the A. O. U. W. of B. C., has been successful in securing a sufficient number of applicants for membership to enable him to submit the petition to the Grand Master for a charter.

Labor Day.
South Wellington.—The residents of South Wellington have decided again to celebrate Labor Day by conducting a big day of sport and entertainment for both young and old. In past years these celebrations at South Wellington have been looked forward to as quite one of the events of the year, and with the enthusiastic manner in which the suggestion to hold a similar event this year was received at a meeting held last night in Richards Hall, and the strong committees which were then formed, there is every reason to believe that this year the celebration will be no exception to the general rule. Samuel McMurray has been elected president, with Archibald Greenwell as secretary and Chester Bowlsby treasurer.

Library Popular.
Nanaimo.—The public library which was opened only in February last is indeed filling a want in the community. In the short time since its doors were opened the library has loaned more than 6,000 volumes, while its reading room is well filled.

I.O.D.E. Regatta.

Sidney.—Last Friday afternoon the committee nominated by the Allies Chapter, I.O.D.E., met the Holy Trinity Ladies' Guild committee and decided to hold their joint regatta and moonlight dance at Deep Cove on Wednesday, August 25. There will be water sports, side show attractions, refreshments, and in the evening a dance will be held on the B. C. E. Ry. dancing platform. A very enjoyable time is anticipated says the Sidney Review.

Gold Medal Donated.
Nanaimo.—A gold medal will be given to the honor boy of the recent boys' camp at Page's Point. This medal has been donated to C. B. McKinnon by W. A. Rundle, the traffic manager of the Canadian Fairbanks-Morse Company, in Vancouver, who is himself greatly interested in boys and has charge of over a dozen clubs in St. Mark's Church, Kitimat, organized along the lines of the Canadian Standard Efficiency Training programme. The boys themselves will vote on their comrade who was, in their opinion, first in general efficiency and good conduct. The medal is of good size, with a pin clasp, and bears the inscription: "Honor Boy, Y. Camp, Nanaimo, 1920." The voting will probably take a fortnight, the presentation to be made at the church service which the winner attends.

INDUCING SETTLERS TO LOCATE THROUGH NORTHERN VALLEYS

J. Bruce Walker, of Immigration Department, on Visit Here

Bringing a very enthusiastic report on the progress of immigration of desirable settlers in the Central Interior valleys, as well as the Western prairies, J. Bruce Walker, Commissioner of the Immigration and Colonization Department, arrived in the city yesterday afternoon, accompanied by his daughter.

Mr. Walker and Miss Walker are on their way to Seattle to-day, where Mr. Walker will look into the question of advancing desirable immigration into British Columbia.

After Mr. Walker was here last year organizing associations of Canadian farm land vendors, composed

of owners, realty men, and so forth, he made a tour of the Nechaco, Bulkley, and similar interior valleys, and found them exceptionally well situated for experienced farmers, many of whom had since gone in from the United States. There would be the same movement from the British Isles, Mr. Walker stated to The Times, if transportation across the Atlantic could be secured. When that is available he is sure there will be a considerable movement to settle up these fertile valleys. Meanwhile movement must necessarily come from the South. Therefore he will now meet American colonization men who are interested in diverting traffic and particularly permanent settlers to Western Canada.

TWO WEST VIRGINIA MINERS WOUNDED

Williamson, W. Va., July 23.—Two miners were wounded to-day when

USE "TIZ" IF FEET ACHE, BURN, PUFF UP

Can't beat "Tiz" for sore tired, swollen, calloused feet or corns.

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions. As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty feet. Get a box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

The Portsmouth Solvay Coal Company's mine at Freeborn was attacked by persons hidden in the hills on the West Virginia and Kentucky sides of Tug River. A detachment of the state constabulary with bloodhounds was immediately sent from Williamson to the scene of the shooting.

WANT VARNISH GUMS

Demand For Paint Has Consumed All Available Stocks.

One of the features of the market for paint materials for many months has been the situation in varnish gums. The unusual demand for paint and allied products created by summer weather and trade campaigns has resulted in an excessive consumption of varnish. This condition has caused manufacturers of varnish considerable difficulty in

Either way ends every corn

Use Blue-jay as you like best. Apply liquid Blue-jay from a bottle, or use the Blue-jay plaster. The effects on the corn are identical. The pain stops. And the entire corn quickly loosens and comes out. Blue-jay now is ending some two million corns a month. It has so reduced corn troubles that most folks never have them. It will end them all when all folks know about it.

The Blue-jay method is easy, gentle, sure. It is scientific—the creation of a world-famed laboratory. For your own sake, stop paring corns. Cease the old, harsh, inefficient methods. Learn what millions know—that corns are folly, the pain is needless. Anybody can be kept forever free from corns with Blue-jay. Prove this tonight. Buy Blue-jay from your druggist.

Blue-jay Plaster or Liquid The Scientific Corn Ender

SAUER & BLACK, Limited Chicago Toronto New York

ATTEMPTED MURDER OF ELDERLY JEWELER

(Continued from page 1.) beside the window. Inspector Perdue took possession of it immediately. As the crime occurred only a short time before the time when the daily steamer leaves for Vancouver, police officers immediately were dispatched to watch all people boarding the vessel, and the police started to institute a thorough search for the suspect. A large crowd collected about the jewelry store while the preliminary investigations were proceeding. Up to 3 o'clock no arrest had been made.

NUORTEVA GOES BACK TO RUSSIA

Lloyd George Gives Information; Bolsheviks Make Threat Against Britishers

London, July 23.—A Bolshevik wireless dispatch from Moscow received here last night threatens vengeance against the British and Finns should Great Britain deport Santer Nuorteva, once secretary to C. A. K. Martens, the Russian Bolshevik representative in the United States, to Finland and harm should befall him. The wireless communication says:

With reference to the arrest of Nuorteva and the British decision to deliver him to Finland, where he has been condemned to death, the Soviet Government has decided that in the event this infamous act is perpetrated, all British people in Russia, the Ukraine and Azerbaijan will similarly suffer, and that should Finland harm Nuorteva, punishment will be meted out to the Finns. The Soviet Government notified the British and Finnish torturers that they will receive a lesson and be taught to be wise.

Back to Russia. The allegation of the Soviet that the British Government had decided to hand Nuorteva over to Finland is not supported by anything known here. Premier Lloyd George, answering a question in the House of Commons yesterday, said Nuorteva had left England and was returning to Russia. His passport had been returned to him.

The Prime Minister added that he had been arrested because he had not conformed to the rules regarding immigrants, and that anyone else acting in a similar manner would have been similarly arrested. According to The Herald, the labor organ, Nuorteva was "brought back" to Harwich Thursday from Esbjerg, Denmark, and was detained at Harwich pending instructions from Scotland Yard. The newspaper adds that "there is reason to believe the Government now intends to liberate Nuorteva and allow him to remain in England until he returns to Russia."

the matter of keeping ahead of orders.

They have consumed all available stocks of varnish gums consequently as quickly as they could get deliveries. This has caused a stringency of offers in varnish gums and importers doing business in the Far Eastern primary markets are hard pressed to keep them supplied.

Kauri gum in particular is in demand and the same is true of Damar, Batavia, East India and Singapore grades. All are commanding high prices and manufacturers say they will need large stocks for months to come. All incoming shipments lately have been sold to arrive and spot goods are rare. From The World's Markets, published by R. G. Dun & Co.

Victoria Should Have Cheap Bananas and Plums To-morrow

POTATO PRICES DOWN; FIRST APPLES ARRIVE

Bananas and plums are being unloaded on the market to-day by local wholesalers at less than cost and should be on sale in retail stores to-morrow at cut prices. Arrival to-day of a carload of bananas, part of which is already in a ripe condition, forced wholesalers to rush this fruit on the market at once. To move this fruit quickly they have had to cut prices below what the fruit cost them. A large shipment of California plums also arrived at one wholesale house and an over-ripe condition. These plums are being rushed out at less than cost.

New Oranges. These two cut-price shipments resulted in fruit prices being easier to-day. The market, however, will likely be stronger and much higher at the first of next week, when most of this stuff has been moved.

A carload of Sunkist Valencia oranges arrived to-day. Orange prices all down the Coast are higher. The price of these oranges in Victoria is 125, 150 to 175, 48 75, 200, 215, and 235, 49.

More Apricots Monday. The same firm that brought in the first carload of apricots early this week, is bringing in another carload to-morrow for Monday morning delivery. The first carload was cleaned up in a couple of days. The fruit in this second carload is slightly riper.

Potatoes Slump Again. The carload of watermelons, overnight to-day, will arrive to-night for Monday morning delivery. Canteen potatoes were still \$2.25 a small crate to-day in Victoria, but shipments out of Seattle to-day were \$1 higher on the large crates.

Potatoes slumped again to-day. Victoria new potatoes are down to \$5 a sack to-day and Mainland are \$4.50. A few old Alberta potatoes have come on the market at \$2.75. Cucumbers are up 25 cents a dozen for all grades. Specials are wholesale \$2.50 and \$2.25 for No. 1. Tomatoes are up 50 cents a crate, making \$6 for No. 1 and \$5.50 for No. 2.

BOLSHEVIKI SAY THEY HOLD DUBNO

London, July 23.—Capture by Soviet troops of the fortress of Dubno, one of the Volhynia group of fortifications defending the southern Polish border, is announced in Thursday's official statement from Moscow, received by wireless to-day. The Bolsheviks are said to have taken the railway town of Slonim, seventy miles southeast of Grodno and twenty miles west of Baranovitch.

REPORT ON DEMANDS OF TELEGRAPHERS

Conciliation Board Makes Award on Demands of C. P. R. Employees

Ottawa, July 23.—(Canadian Press)—It was definitely stated at the Department of Labor to-day that the report of board of conciliation appointed to inquire into the demands of the C. P. R. telegraph operators is now in the hands of the Minister of Labor. There was a prospect yesterday that the laborers of the board would prove fruitless because of inability to secure a majority of its members to reach an agreement. This morning, however, word was received that F. H. Shippen, K.C., the representative of the company, would with some reservations sign the report prepared by Judge Gunn, the chairman, and it will now be necessary for the committee representing the men to decide whether or not the findings will be accepted.

IRISH VOLUNTEER KILLED IN BELFAST

Belfast, July 23.—An Irish volunteer named Seamus Cogan was shot through the head and two other soldiers were dangerously wounded when the motor car in which they were speeding past a military cycling party was fired on by soldiers to-day.

TO-DAY'S EXCHANGE

(Burdick Bros. Limited.) Montreal, July 23.—New York funds to-day, 14 1/2 per cent. New York, July 23.—Demand sterling to-day, \$2.75 1/2. London bar silver to-day, 54 1/2. New York bar silver to-day, \$0.99 1/2.

ADVANCE CHECKED IN WALL STREET

(By Burdick Brothers, Ltd.) New York, July 23.—The close of the stock market today showed a sharp advance from the opening quotations on to eight points. The sharp rise near the close was attributed partly to the foreign situation, particularly in Poland, and the advance in foreign exchange market causing floor traders to operate on the selling side, sterling made a new low for the month.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, July 23.—There was practically no change in the cash grain situation which has prevailed for the past few days. All spreads were reported unchanged from the previous close with the exception of No. 3 barley, which was 2 cents off. Oats were in fair demand, but business was of light volume. There was not much doing in barley, flax or rye.

VARIATIONS SLIGHT IN CHICAGO GRAINS

(By Burdick Brothers, Ltd.) Chicago, July 23.—The grain market had a very active session, but the range of prices was narrow. No news of importance.

NEW YORK SUGAR

New York, July 23.—Raw sugar steady; granulated, \$16.50; refined unsettled; fine granulated, \$21.40-22.50.

MONTREAL MARKET

(By Burdick Brothers, Ltd.) Montreal, July 23.—Market for Montreal products quiet.

LOCAL STOCK QUOTATIONS

A Bank Account For Your Wife

More and more, are the wives of today running their homes on a business basis—systematically and efficiently. Many wives have a monthly allowance for household expenses. This, they deposit in a Savings Account in The Merchants Bank—settle bills by cheque—and thus have an accurate record of bills paid. Such a business-like method also gives a woman the feeling of happy independence in having a bank account of her own.

Trade Balance in Favor of States in Year Was \$2,872,000,000

Washington, July 23.—Exports from the United States during the fiscal year ended June 30 reached a new high record of \$8,111,000,000, but as all records for imports also were smashed the net trade balance in favor of this country was only \$2,872,000,000. This, compared with a trade bal-

ance of slightly more than \$4,000,000,000 the year before. The figures were made public to-day by the Department of Commerce.

Imports for the year were valued at \$5,238,748,580, an increase of more than \$2,000,000,000 compared with the year before and \$3,000,000,000 during the year ended June 30, 1918. The exports for the year compared with \$7,232,252,656 the year before, an increase of \$878,927,445.

FOR COLONIZATION. Winnipeg, July 23.—That a million dollars had now been assured for the Western Canada Colonization Association, was a statement made by Mayor Brown, of Medicine Hat, in Winnipeg on route West from Eastern Canada.

VOTES FOR WOMEN. Marion, Ohio, July 23.—Eugene Hope "that Republican members of the Tennessee Legislature will support ratification of the woman suffrage amendment" was expressed to-day by Senator Harding in a telegram to John C. Houk, a Republican member of the Senate of that state.

Montreal, July 23.—Sir Charles Hobhouse, of London, England, is in this city, enroute to Western Canada. He is representing a group of English capitalists under whose auspices extensive irrigation ventures in the West have recently been brought to completion.

"DANDERINE"

The Only Dessert

of This Kind

Stops Hair Coming Out;
Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you cannot find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

There are numerous forms of quick gelatine desserts. But Jiffy-Jell is the only one with the real-fruit flavors sealed in glass.

They crush the fruit, condense the juice and seal it. A bottle of the liquid-fruit-essence comes in each package of Jiffy-Jell. In a moment's time you can prepare a delicious fruit dessert.

Sugar is used in Jiffy-Jell—not saccharine. And real-fruit flavors in place of artificial. It will give you a new conception of these delightful dainties.

Jiffy-Jell is often used in place of jam, marmalade, etc. Additional sugar may be used to suit the taste.

PROMPT RELIEF
