Supplement Explanation to my Questionnaire

1. Concerning the statement at page 3 of my questionnaire,

"1) From 1 January, 1931 to 19 February, 1946.

Advocate: Belonged to the First Tokyo Bar Association,"

I add a further explanation as follows:-

Since 1922, i.e., The year when I was graduated from The Tokyo Imperial University till 19 February, 1946, I was engaged in the law profession as an assistant lawyer at The Law Office of Dr. Chuzo Iwata, under his direction and supervision. The principal parts of my task at The Law Office were investigation of law cases and other legal questions, and attendance at the courts as an assistant of Dr. C. Iwata. The scope of those cases was very comprehensive, including Civil, Commercial, Criminal and Administrative Cases, especially the cases on the limited companies were far more than the others.

2. Concerning the paragraph set forth in Page 3 of my questionnaire,

"From 3 July, 1945 to 30 August, 1945, assistant of Privileged Administrative Inspector, ; engaged in investigation and inspecting affairs concerning laws on Economic Control",

I beg to make further narration as follows:

Ten assistants were attached to Mr. Chuzo Iwata, who was appointed directly by His Majesty to Privileged Administrative Inspector to make an administrative investigation for reformed policy and to discover any leakage in the management of laws for Economic Control, and six members out of them were nominated under the recommendation of the government and the rest four members were nominated on the recommendation of Mr. Iwata.

I was a member of the latter group and the rest three persons were theorists of Economic liberalism, differed from members nominated by the government.

I acted, as a member of assistants, in cooperate with others as possible I could whenever we were inspecting each competent government offices, the Bank of Japan and manufacturing companies and always attended to the conferences, consisted of the inspector and assistants, which were held after or prior to the investigation.

The very intention of Mr. Iwata who jointed me to a member of the above, was to make me play a part of this private secretary according to our special relation as I mentioned in the previous paragraph 1.

In order to carry on the mission of the inspector smoothly within such a short period, it was thought that the business would be fallen in considerable difficulties from the first, being jointed three of economic liberalism to the assistants as I mentioned above.

Just as we thought, the radical confrontation of opinions among assistants had brought forth unexpected troubles, so I had been entirely obliged to take great pains and efforts beyond my expectation in carrying on my duty as the secretary.
