IMPORTANT ANNOUNCEMENT

We are pleased to announce that we have purchased the mail order business of the Eastman Seed Co. of East Sumner and have arranged with Mr. W. H. Eastman, the manager, to carry a full supply of his exclusive specialties, and he will continue to grow for us his leading novelties and specialties and thus maintain the high standard of the "Eastman grown" stock. They are especially adapted to our New England climate and soil.

LEST YOU FORGET

Do not neglect to include in your order, even if only a small quantity, the following, our stocks of which are exceptionally fine:

Low's Champion Bush Beans	Crimson Globe Beet	
Golden Bantam Corn	Davis Perfect Cucumber	
Beefsteak Lettuce	Yellow Globe Danvers Onion	
Yankee Watermelon	Sutton's Excelsior Pea	
Winter Luxury Pumpkin	Icele Radish	Delicious Squash

Try our Sweet Peas and Nasturtiums, our mixtures contain all the known varieties.

Farmers should subscribe for the

PORTLAND DAILY PRESS

as its market reports are carefully prepared and its daily price current will keep them posted in all changes in prices of produce. Its general news is also full and complete.

Send a quarter for a trial month.

Important Announcement.

To the patrons of the *EASTMAN SEED CO.*:—

Having two years ago accepted the Oxford County agency of the Union Mutual Life Insurance Co., and wishing to devote my time more extensively to that business, I take pleasure in announcing that our mail order business will be continued by the

Pine Tree State Seed Co., Bath, Maine.

who will act as selling agents for our exclusive specialties, and carry a full line of general seed supplies. I shall, however, continue to grow the leading specialties our house has put out, and endeavor to maintain the high standard of the "Eastman grown" stock.

I take this opportunity to thank our customers of the past twenty-five years for their generous patronage, and bespeak for our successors a continuance of the same.

Yours for good seeds,

WELLINGTON H. EASTMAN.

Eastman's Specialties. For 1910.

Bright and Early Tomato.

Of the novelties we have introduced during the past twenty-five years, the greatest favorites have been the ones in which extreme earliness is one of the leading characteristics. Eastman's Early Sweet Corn, the Lightning Bean and the Granite State Musk Melon stand in evidence as striking examples, the demand for each increasing each year. The Bright and Early Tomato is no exception. We consider it the best combination of earliness, yield and quality yet attained in this vegetable, and where best known is the leading early tomato for home use and for early market. We have repeatedly tried it in comparison with the leading early varieties, and the BRIGHT AND EARLY has invariably been first to ripen. Extensive tests elsewhere point in the same direction. One market gardener reports that with him it was fully two weeks ahead of any other variety, over fifty kinds being tested. The form of the BRIGHT AND EARLY is nearly round, somewhat flattened with smooth surface, free from irregularities. Color is a deep, handsome red, very uniform in shade. The skin is firm and free from cracks, the flesh solid and of finest flavor. While some large specimens are produced, the average size is slightly below medium. But whatever is lacking in size of the individual fruit is more than made up in the immense clusters in which they are borne. In ordinary field culture on an extensive scale they have yielded with us at the rate of over five hundred bushels of ripe fruit to the acre. Best re-

sults are obtained both in quality and quantity of yield, and especially earliness, if high manuring is avoided.

Per oz. 50 cts., pkt. 5 cts.

BRIGHT AND EARLY, EXTRA SELECTED. From our field of seed tomatoes, we each season pick at the rate of four or five bushels to the acre of earliest ripe fruit, the seeds of which should give a little better results in earliness than the general run of the crop.

Per pkt. 10 cts.

Eastman's Early Sweet Corn.

Eastman's Early Sweet Corn still holds the lead in earliness. Although every few years some new variety is offered that is claimed to be from a week to ten days ahead of anything else, when tested on our trial grounds they are invariably outstripped by Eastman's Early planted alongside. It is the finest flavored of the extra early varieties, and outyields every other early kind we have ever tested, two good ears on a stalk being common when it is given plenty of room. It has white kernels and a pure white cob. During all the years our customers have planted it we do not recall a single unfavorable report, and the demand for it steadily increases. Our sales of Eastman's Early exceed that of all other varieties of sweet corn combined.

Per quart 45 cts. (30 cts. by express); pint 25 cts; pkt. 5 cts.

Eastman's Early, Extra Selected. It has always been our practice to go through our field of Eastman's Early each year and select the first and best ears for our own seed stock, thereby perpetuating and accentuating its leading characteristic of superlative earliness. The past few seasons we have made a little more thorough selection and harvest of the first-fruits, and offer at a slight advance in price to such of our customers as prefer to pay a little more for the probable gain of a few days in time of maturity.

Per qt. 55 cts. (40 cts. by express); pint 30 cts.; pkt. 10 cts.

WHAT OTHERS SAY OF IT.

At N. H. Experiment Station, in a field test of 41 varieties, Eastman's Early took the lead in earliness, yield and quality.

U. S. Department of Agriculture tests, conducted at their Experiment Stations in Maine, New Hampshire, Nebraska and Virginia, with Cory, Peep 'O Day, Golden Bantam, etc., in comparison, EASTMAN'S EARLY led all other varieties in earliness.

Eden Trial Grounds,
Raynham, Mass., Dec. 19, 1908.

Your re-selected EASTMAN'S EARLY sweet corn is the earliest sweet corn, beating Peep 'O Day the last two years by a week or more. It is a SWEET corn, also a heavy cropper, 3 to 5 ears on many stalks every year. I had everything known in the sweet corn line for trial this year, but nothing proved as early as yours.
(Rev.) J. R. Lawrence.

Eastman's Ideal Sweet Corn.

Several years ago we started to originate a sweet corn to follow Eastman's Early. We desired something to be ready for the table as soon as that variety was past its prime, and to surpass it in every point except earliness. After repeated trials we attained the points sought for, and first offered our new creation in 1909, under the name of EASTMAN'S IDEAL. The IDEAL closely follows Eastman's Early in point of maturity, possesses the sweetness of the Crosby, and is more prolific than either. The ears are twelve to sixteen rowed, of good size, and all that can be desired for quality. We predict for it a leading place as a market variety.

Per qt. 75 cts. (60 cts. by express); pt. 40 cts.; half-pt. 20 cts.; pkt. 10 cts.

Purity Cucumber.

Starting with one of the tender foreign varieties of white cucumber, we spent several years in improving and acclimating it until in 1900 we offered it under the name of PURITY. While pre-eminently an exhibition variety, it is in its early stages unsurpassed for the table, crisp, tender, of the mildest flavor, which we have never known to be tainted with the slightest hint of bitterness. We do not recommend it, however, for a general crop, but for limited family use and exhibition purposes. It is now thoroughly Americanized, and may be depended on under ordinary conditions to produce a crop of the fairest and purest cucumbers imaginable, many specimens from two feet upwards in length. No variety equals it for ripe cucumber sweet pickles. It has but few seeds, consequently must always be higher priced than the common sorts.

Per pkt. 10 cts.

Lightning Bean.

This earliest of all beans has proved one of our most satisfactory introductions. Side by side with other extra early varieties on our trial grounds, it has exceeded them in earliness in every instance. While not quite equaling Jack's fabulous bean stalk of the fairy tale, that grew up and blossomed in a night, it still needs to be closely watched when the beans begin to form, as a very few days from the blossom will give pods suitable for string beans. At this stage of their growth they are very tender and of rich flavor. But they keep right on growing, and in a few days more the pods have toughened and not long after they are fit for shelling. It exactly resembles the old Fegee in appearance, but with us it has come into bearing fully two weeks ahead of that variety.

Per qt. 50 cts. (35 cts. by express); pint 25 cts.; pkt. 10 cts.

Metcalf Squash.

In yield the Metcalf outstrips every other variety of table squash. It has been for years the local favorite in the vicinity of Lewiston, in this State, nearly driving other varieties out of the markets of that city during the fall and early winter. It closely resembles the well known Boston Marrow, with the good points of that popular variety intensified, differing from it, however, in being more uniformly of a deep rich orange, in growing somewhat more irregular in shape, and in having, in many specimens, a decidedly rough exterior, and a somewhat thicker skin. It possesses all the characteristics of a good market variety for fall and early winter use, being productive, of good market size, and of superior quality. The illustration is engraved from a photograph of two average specimens grown on our own grounds.

Per lb. \$1.00 1-4 lb. 50 cts.; oz. 10 cts. pkt. 5 cts.

Tattooed Yankee Pop Corn.

This curiously marked pop corn has proved one of the most taking novelties we ever put out. It is of the "rice" or "squirrel tooth" type, and the colors, golden yellow and tattoo black, are in such marked contrast as everywhere to attract attention. Its fine appearance, superior quality for popping, earliness and large yield, admirably fit it for a market variety as has been demonstrated. It is just the thing to take the premiums at the fairs in the fall. Our artist has endeavored to show its peculiar appearance as far as possible in black and white on a reduced scale.

Per quart 50 cts. (40 cts. by express;) pint 30 cts.; pkt. 5 cts.

Farmer's Friend Potato.

This variety was originally introduced by us as the "Nameless," and received its present name by vote of our customers. The

ten points of excellence claimed for it were (1) extreme earliness, (2) vigor of growth, (3) ability to withstand disease, (4) productiveness, (5) uniformity of size and small proportion of undersize, (6) fine shape—nearly globular, (7) beauty of color—pure white with little splashes of red, especially about the eyes, (8) superior table quality either baked or boiled, (9) long-keeping

characteristics, and (10) the best combination of the above points, making it an A 1 all-round potato.

It is sufficient to say that every claim was substantiated by the experience of our customers. From a single tuber one customer reports ten meals of fine potatoes for a family of three and a peck for seed. Another with ordinary culture raised 1 3-4 bushels from one pound of seed, with hardly a single small potato in the lot, and so on. On our own grounds they out-yielded the Green Mountain planted alongside and receiving the same culture, and while the latter rusted and rotted badly (neither were sprayed) this variety was nearly exempt.

Mr. Willis G. Jones of Connecticut, at whose suggestion Farmer's Friend was given a place among the names from which the final selection was made, writes:

Your Nameless Potato is all you claim for it. I planted eleven kinds in one row. Nine of them rotted badly, yours and one other did not rot at all. What the farmers want now is a round white or netted potato to take the place of the red Stray Beauty. Round Potatoes take the place of long ones in my market. The "Nameless" fills the place that is why I named it FARMER'S FRIEND.

By Express: Per bu., \$3.50; Peck, \$1.00. By Mail, postpaid: Per lb., 25 c.; tuber, 10 c.

For 50 cts.

we will mail the entire collection of EASTMAN'S SPECIALTIES, one tuber of Farmer's Friend Potato, and one packet of each of the seven varieties of seeds, including the "Extra Selected" strains of Tomato and Sweet Corn.

PINE TREE STATE SEED COMPANY

FRIENDS AND PATRONS:

This little book we place in your hands, hoping in so doing that you will be induced to place your order for Garden, Field and Flower Seeds with us.

It is not for a moment presumed we grow all our own seeds or that ours is the only good seed in the market, but it is believed to be as good as the best; as pure, as fresh, of as high a grade, and as true to name as any.

There is no economy in buying cheap, inferior seed. We have carefully revised prices for our new Catalogue, and believe the figures will compare favorably with those of other dealers when quality is taken into account.

We do not put out anything but what we would be willing to plant ourselves.

We are now ready to again serve you with the largest and choicest stocks of seeds we have ever had. Should you favor us with an order large or small, the same will be greatly appreciated and receive our prompt attention.

To Our Old Customers

We hope we may have another order from you this season. We appreciated your order last year and tried our best to please you. The old customers are the backbone of the business, but of course, we are always glad to get an order from a new one. We will look for another order from you and we want you to speak a good word for us to your neighbors if you get a chance.

Why not get your Seeds Free?

Your neighbors and friends will all have to have some seeds, and we can offer them a better deal than they can get anywhere else. Big packages, good, honest seeds and fair dealing. We have a number of customers who make a good thing taking orders for our seeds among their neighbors.

Try and get up a club, we will send you some extra catalogues and order blanks free. It will not cost you a cent to try anyway. If you don't get any orders no one is out anything but us and we will take a chance on it.

We will wrap each order separately and properly label them and will include lots of free packets.

When the seeds arrive, if everything is not just as we told you, you can have your money back. Ask the Bath National Bank of this city if we will stick to what we say. Write today for our terms. We will pay you a liberal cash commission to act as our agent.

Seeds for School Gardens

Gardens for children are being established in many cities and towns as a part of the school curriculum. Children acquire more general knowledge of value in doing things than they could get from book study alone. To allow a child to grow up without planting a seed or rearing a plant is a crime against civilized society.

We hope in a few years to see an hour's garden work several times a week given to every child in the primary grades in all schools. We will be glad to correspond with teachers or others who desire to purchase seeds for this purpose. We will make special low rates on all kinds of seeds that are to be used for this purpose.

To Members of the Grange

You can save money by getting up a Seed Club in your Grange and sending the order to us. Write for full information about the advantages secured on Grange orders.

A beautiful Grange emblem pin free if your order amounts to a dollar or over.

Be sure and state the name of your grange and if wanted for a lady or gentleman. These beautiful gold pins are in the shape of a shield and guaranteed to wear for years.

Kind Words From Our Friends

They are proofs of merit, such testimonials cannot be bought.

Lewiston, Maine, Nov., 1907.

"I received the bulbs I ordered and many more for which I thank you very much. You were more than generous with extras."

MRS. E. C. WELLMAN.

From the Maine Farmer: "The Pine Tree State Seed Company at Bath are importers and growers of pure and genuine flower and garden seeds. Their seeds are fresh, true to name and of the finest quality, such as will produce nothing but the best. This company is to be warmly commended for their efforts to introduce Maine grown seeds."

A testimonial we are proud of, from the wife of the Past Master of the National Grange:
South Bend, Ind.

"Having received a generous supply of seeds from you last spring, I am anxiously waiting for your catalogue to again send in my order. I cannot say enough in praise of the excellent quality of your seeds. They were perfect; not a seed failed to appear."

Very sincerely,

MRS. AARON JONES.

Good Will Farm, Hinckley, Maine.

April 3, 1908.

"Seeds arrived, safely and promptly and we were greatly pleased with them. You may feel sure of a larger order next year.

CHAS. F. NUTTER,

Asst. to Rev. G. W. Hinckley.

Berwick, Me., April 13, 1908.

"Your seeds came wonderfully and are the best seeds we have had. We can not praise your seeds high enough."

MRS. LOVINA D. MURRAY.

Randolph, Vt., May 1, 1908.

"The seeds came all right. We never had so many in a package before. They are bright looking seed, shall surely recommend them when ever we have an opportunity."

GEO. C. FLINT.

A pleasing testimonial from the wife of the Master of the Maine State Grange:

Alta, Maine, May 18, 1908.

"Accept my sincere thanks for your kindness in sending me so many extra packets. My Sweet Peas last season were the most beautiful I have ever had and all other seeds received from you gave perfect satisfaction. I enclose an order for vegetable seeds."

MRS. S. C. STETSON.

Perry, Maine.

"Received the seeds previously ordered and are much pleased with the size of the packages, and best of all we know that the seeds will all grow, as we have used your seeds before with the best results."

LOUISE C. WASHBURN.

Mr. E. H. Libby, Secretary of the Maine State Grange, writes as follows:

"The flower seeds received from you last spring were very fine and my wife was very much pleased with them. No one makes a mistake in buying your seeds."

Lowell, Mass., March 2, 1906.

"While visiting in Maine last summer I had several bouquets brought to me, and the flowers were so beautiful and different from any I had ever seen, I had to ask where the seeds were bought, and your address was given me. If you have a catalogue please send me a copy."

MRS. C. C. BERRY.

Middlesex, Vt., May 3, 1908.

"Received the seeds all right and am very much obliged for the very generous amount of complimentary packages."

J. A. CHAPIN.

Riggsville, Me., Dec. 16, 1908.

"The vegetable seeds I bought of you last spring were the very best I have been able to buy since I came to Maine, over five years ago. The Buckwheat, Barley and Hungarian grew all right. Will do my best to get others to buy your seed."

W. F. NUTTER.

Daybreak Farm, Readfield, Maine.

"I wish to say that our flower garden the past season was a constant source of delight. All seed germinated well and developed into healthy plants. The Sweet Peas and Asters were particularly fine, was awarded first premium on my Asters at Kennebec County Fair."

ANNIE A. NICKERSON.

Col. H. S. Foster of No. Calais, Vt., writes: "The seeds received from your house were O. K. You will get an order from me soon and a good sized one."

Lisbon Falls, Maine, Dec. 10, 1909.

"Received my Grange pin it is a beauty. The seeds we received from you were all extra good and true to name."

EVA M. CARVILLE,

Secretary Pine Tree Grange.

Mere Point, Maine, Sept. 10, 1909.

"All the seeds received from you were excellent and paid for themselves many times over."

EDITH SKOLFIELD SMITH.

"Inglennook," Monmouth, Maine, Sept. 11, 1909
Pine Tree State Seed Co., Bath,

"Simple justice prompts a recognition of the superior quality and germinating power of the garden and flower seeds ordered of you last spring. I never saw a richer assortment of Sweet Peas or greater wealth of bloom. I think them superior to any furnished by you the past ten years. I must attribute the earliness and abundance of garden crops to the same critical selection of seed and testify my appreciation of the same. Especially would I mention "Sutton's Excelsior" and "Admiral Dewey" Peas. Commenced using the last of June and they held good until the last half of August. I consider "Sutton's Excelsior" the richest, sweetest and best all round pea I ever grew, about one week later than the earliest but growing vigorously and bearing abundantly. For a later, rank growing, heavy bearing pea, of choice quality, give me the "Admiral Dewey." Shall want a larger supply early in 1910.

Very truly,

G. M. TWITCHELL.

Novelties and Specialties in Vegetable Seeds

CRIMSON GLOBE BEET.—This beet is remarkable for its smooth skin and fine shape, and it does not grow large and coarse. The flesh is very dark and quality fine, sweet and tender. Pkt. 5c; oz. 15c; 1-4. 30c.

BEEFSTEAK LETTUCE.—This grand new variety grows to an immense size, makes large loose heads of a rich and buttery flavor. The leaves are of a soft green tinged and flaked with red, never grows bitter. A fine summer variety. Pkt. 10c; oz. 30c.

BRITTLE ICE LETTUCE

LETTUCE, BRITTLE ICE.—Very large, extremely crisp, hard-heading variety. The plants grow to a large size, sweet and mild in flavor. Pkt. 10c; oz. 25c.

LETTUCE, MAY KING.—A new early head lettuce, its growth is extremely rapid and its fine large heads are ready in advance of any other heading variety. Crisp and very brittle. Pkt. 10c; oz. 25c.

ALL SMOOTH CUCUMBER.—A variety of the highest merit. The fruits are large, extra smooth and very regular in form a rich dark green color, retaining its color until fully ripe, the smoothest cucumber grown. Pkt. 10c; oz. 20.

SENATOR PEA.—A grand new second early pea. The vines grow to about 2 feet high filled with enormous pods. You will be delighted with the quality and quantity. Pkt. 10c; pt. 20c; qt. 35c.

SUTTONS EXCELSIOR PEA.—A new early dwarf English variety. Pods very large and well filled with delicious flavored peas. Grows about 18 inches high. Pkt. 10c; pt. 15c; qt. 30c; pk. \$2.25.

PRINCE EDWARD PEA.—A brand new large wrinkled sort, produces the largest and best filled pods of any pea in existence. A very heavy cropper, pods of immense size, a rich dark green. Grows 3 to 4 feet high. Pkt. 15c; pt. 20c; qt. 35c; pk. \$2.50.

VOLGA CABBAGE.—A new variety from Russia. We highly recommend it as a mid-summer to fall sort. It grows very uniform, heads nearly round, and of equal size and is one of the most remarkable heading sorts we ever saw. Pkt. 10c; oz. 30c.

THE NEW DAVIS PERFECT CUCUMBER.—This new variety beats all others in points of beauty, quality and productiveness, a beautiful dark green color, handsome shape and enormously productive. This variety enables one who has not glass to produce the same high priced cucumbers as those grown in a greenhouse. Pkt. 10c; oz. 20c; 1-4 lb. 50c.

MUSK MELON GOLDEN GEM.—A new round variety, flesh deep rich orange and of the most exquisite flavor. Pkt. 10c; oz. 20c.

PEEP-O'-DAY SWEET CORN.—Ten days earlier than any other sort and the sweetest of all Extra Early Corn. The stalks 3 1-2 to 4 1-2 feet high and bear from two to five ears, will stand very close planting. Pkt. 10c; pt. 15c; qt. 25c.

GOLDEN BANTAM SWEET CORN.—One of the best extreme early varieties. Dwarf and sturdy in habit, growing about four feet high and bearing two and three good ears to each stalk. The ears five or six inches in length having eight rows of broad yellow grains of a delicious flavor. Pkt. 10c; pt. 15c; qt. 30c; selected ears 10c each.

DELICIOUS SQUASH.—A superior fall and winter variety that for thickness of flesh and richness of flavor is unsurpassed. Color a handsome green, weighing from 5 to 10 pounds. Pkt. 5c; oz. 15c; 1-4 lb. 35c.

ADMIRAL DEWEY TOMATO (new).—One of the finest in every respect, early, smooth and uniformly handsome, ripens clear up to the stem, superior to all other varieties for main crop for canning or shipping, of large size and bright scarlet color. Pkt. 10c; oz. 35c.

TOMATO CHALKS EARLY JEWEL.—The largest of the extra early bright red tomatoes. The plants are immensely productive, sweet flavored and very early. Pkt. 10c; oz. 35c.

EARLY JUNE PINK TOMATO.—This new variety is a beautiful deep pink in color, very early and of fine flavor, sweet and mild. The fruits are set in large clusters. Pkt. 10c.

EARLIANA TOMATO.—The earliest smooth, bright red tomato of good size and flavor now in cultivation. The plants are hardy, well set with fruit, nearly all of which ripen extremely early in the season. The flesh, a deep red. Pkt. 10c; oz. 30c.

ADMIRAL DEWEY TOMATO

LAXTONIAN PEA.—In all respects the greatest advance yet made in Dwarf Early Peas. A vigorous grower. Eighteen inches high. The pods are very large averaging nine to ten in a pod. Very early. Pkt. 15c; 1-2 pt. 35c; pt. 60c.

WATER MELON YANKEE.—Best for New England. This new melon is a fine variety for the family and market, very early and prolific. The bright red flesh is cool, crisp and sweet. Will mature anywhere in Yankee land. Pkt. 10c; oz. 25c.

WATER MELON YANKEE

CORN GOLDEN NUGGET.—Sweetest on Earth. The ears of this new Golden Sweet Corn are larger and more prolific than Golden Bantam, tender and unusually sweet. Ready for market only a few days behind the earliest. Pkt. 15c; pt. 20c; qt. 40c.

New Sweet Peas

COUNTESS OF SPENCER.—Large wavy petals, soft rose-pink in color, free flowering. The large, handsome flowers are produced on long stems. Pkt. 10c; oz. 25c.

WHITE SPENCER.—Pure white of large size beautifully crinkled and fluted. The flowers are borne three and four on a stem and covered with blooms throughout the season. Pkt. 10c; oz. 25c.

WHITE SPENCER

PRIMROSE SPENCER.—Like the above only the color is a primrose or creamy yellow. Pkt. 10c; oz. 25c.

FLORENCE MORSE SPENCER.—A light pink edged variety very beautiful, borne upon strong stiff stems, four flowers to each stem. Pkt. 10c; oz. 25c.

FRANK DOLBY.—A lovely light lavender, has a bold wavy standard with wide spreading wings, beautifully fluted. Pkt. 10c; oz. 25c.

E. J. CASTLE.—A rich Carmine Rose with salmon shading. Standard crinkled and waved. Pkt. 10c; oz. 25c.

BLACK BIRD.—Very deep purplish maroon almost black, wings darkest claret, hooded form. Pkt. 10c; oz. 25c.

DAINTY.—A beautiful large flower, upon first opening appears to be white but quickly changes to white with a pink edge. Pkt. 10c; oz. 20c.

QUEEN OF SPAIN.—A delicate peach-blossom pink tinged with apricot. Pkt. 10c; oz. 25c.

BOLTON'S PINK.—Large bold flower, very showy, of a soft salmon-orange pink. Pkt. 10c; oz. 15c.

GLADYS UNWIN.—A large bold flower of the New Orchid flower type, a lovely pink in color. Pkt. 10c; oz. 20c.

SCARLET GEM.—Dazzling scarlet, bright and clear and wonderfully free flowering. Pkt. 10c; oz. 15c.

HELEN PIERCE.—A new gloximia-flowered type, bright blue mottled on white, of good size. Pkt. 10c; oz. 15c.

FLORA NORTON.—A beautiful rich lavender. The flowers are large and fine form. Pkt. 10c; oz. 20c.

CLEMATIS

Portland, Maine, March, 1910.

I had by first experience with a garden last year and the Beefsteak Lettuce I raised was the talk of the town. I sowed the seed you sent me out doors and my lettuce grew fully as fast as that of others near me who transplanted.

The red shades in this variety make it fine for decorating and it eats as tender and crisp as any I ever tried.

A REMARKABLE CROP OF PEAS.

Richmond, Maine, Dec. 4, 1909.

Mr. Kimball,

Dear Sir:

You requested me to give you my success with the peck of Notts Excelsior Peas that you shipped me the first of July. Will say that I planted them the 6th day of July, the 26th of August we had our first mess of peas from them. We had all the peas we wanted until the first of October. We had 8 in the family all of the time. We canned 50 quarts. It was so dry I didn't expect they would do very much but I never had a piece of peas pod better or hold green longer. I think they are the very best pea to plant for a late pea that I ever tried.

The vines are small they are almost proof against mildew, which will spoil all rank growing peas that I ever tried.

Mode of Cultivation.

I planted them on land that was planted last year and dressed. I planted with King of Corn Field Planter, rows 30 inches apart drilled quite thick with liberal dose of Sagadahoc Corn Fertilizer, then kept the ground loose and weeds out.

Faternally,

DANIEL BROWN,

THE MAGAZINE FOR THE COUNTRY HOME—THE HOUSE AND THE GARDEN

HOUSE & GARDEN shows in picture and text all that is best in house building, furnishing and interior decoration. In strong, readable articles, by men who know their subjects and who are authorities on what they write, the various architectural styles are pictured and described—Colonial, English Half-timber, Cement, Stucco, Tudor, Mission, Bungalow, etc. All the ramifications of the subject are taken up in articles which will delight and help every home-maker—the various rooms of the house, hallways, stairways, chimneys, fireplaces, porches, windows, entrances, outdoor sleeping and living rooms, wall coverings, rugs, curtains, pictures, draperies, antique furniture and furnishings, and the innumerable things about the house in which every home owner is interested. The articles are superbly illustrated by the finest half-tone engravings.

The surroundings of the house are as important as the interior for comfort and beauty, and HOUSE & GARDEN deals adequately with this delightful side of country living. Its treatment of the subject is essentially practical, is of interest alike to the beginner or advanced gardener and for the small plot as well as for the large estate. It covers every phase of the subject from window-boxes to landscaping: The vegetable garden, the flower garden, the fruit garden, bulbs, shrubs, trees, hardy flowers, hedges, vines and trailers, the lawn, the water garden, the rock garden, hotbeds, coldframes, the greenhouse, fertilizers, insecticides and the thousand and one things that demand the interest and attention of every garden-maker. There is even a Beginner's Department which deals with first principles from which the most inexperienced can work.

SIX BEAUTIFUL MAGAZINES FOR \$1.00

HOUSE & GARDEN, enlarged and greatly improved, is the authoritative guide in all matters relating to the house and to the garden. We are glad to direct the attention of our patrons to this aid to intelligent garden making, since far better results in growing bulbs, plants and seeds will be secured if their planting and culture be carefully directed.

The issues for the next six months will be full of notable articles on the home, its building and furnishing, and its surroundings. The April number will be a splendid Spring Gardening Annual especially devoted to the garden and its work,—this issue alone will be of invaluable service to those interested in the beauty and utility of the garden. The subscription price of HOUSE & GARDEN is \$3. a year, but the publishers have made a Special Rate to our patrons so they may get the magazine for six months for \$1., which includes all the important gardening issues of the Spring and early Summer.

R. E. DIETZ COMPANY, NEW YORK

To our Customers:

We are so impressed with the February issue of The Garden Magazine which we have just finished reading, that we would like to devise a plan that would make all of our customers subscribe to it.

This magazine has been good from the beginning and is getting better all the time. Today it is by far the best gardening periodical in the world and worth much more than a dollar to the owner of the smallest or largest garden.

Our recommendation should induce every one of our customers to subscribe, but it won't, so we have persuaded our company to make the following offer:

Every customer who sends an order for \$2. may add a subscription to The Garden Magazine for six months or for \$4 orders a subscription for one year.

The customer who receives The Garden Magazine will be a better one - easier to do business with, because he will get better results. So it is plain that we do not make this offer for philanthropic purposes.

The illustrations are alone worth the price - a delight and an education. Articles on cultural directions are real directions, written by real gardeners who know how to write.

Perhaps you are not going to send us an order this year. If not, write your name and address on the margin of this sheet and send it with the dollar, direct to Doubleday, Page & Company, 137 East 16th Street, New York. We are sure you will thank us for the suggestion before another season passes.

Yours very truly,

Pine Tree State Seed Company.
