He "Beat It"

The following news item concerning the brother of Mrs. George W. Reamer, is clipped from a Canadian paper:

"Serg't Elmer E. Bain, cabled to his family, stating that he is in 'Blighty' on leave. Serg't Bain enlisted in Edmonton, Alta., in February, 1916, with the Canadian Engineers and has been on active service since August, 1916, and through such battles as Ypres, the Somme, Vimy Ridge and Lens. He was wounded by shrapnel March 1, 1917. He was sent to the hospital for treatment, and, according to a comrade's story, he threw away his hospital tag and 'beat it' back to his company. Serg't Bain gained his promotion on the field, and has been decorated with the Military Medal.

Another brother, Melvin W. Bain, of Wallace, Idaho, has recently enlisted with the Flying Corps, 3rd Mechanics, U.S.A."

High Cost of Living to Take Another Rise

The milk producers of Monterey County have combined to raise the cost of milk, notice having been served on all retail distributors that on February 1 a charge of 25 cents per gallon will be made for milk supplied at their dairies.

The price is quite a jump for some, as they have been selling milk at 17 cents per gallon, and were apparently earning a reasonable profit. But it is similar to the case of the Shasta county and his higher price for huckleberries—"one big war in Europe."

Some Tonic

Every resident of Carmel knows Doctor Charles Peake, the herbist, who has made a study of the various plants which grow in the vicinity of our famous Mission.

The Doctor specializes on the cascara berry, from which he manufactures a most excellent tonic.

Some few weeks ago Dr. Peake journeyed to San Jose in the interest of his business, and a several days since wrote a friend here to send him by freight a full barrel of the cascara berry wine. He did. On arrival at destination it was discovered that there was a shrinkage of eight gallons between Monterey and San Jose.

The Doctor is thinking of writing the railroad officials to learn if any of the freight haulers have laid off on account of illness.

It is said the cascara berry wine has a good "kick."

Thank You

From a San Francisco subscriber comes this note:

"It comes to my mind that my subscription for the Pine Cone must be about due. I am, therefore, enclosing check for \$1.50. There would be a decided vacant spot in my week if the Pine Cone failed to arrive."

WEEKLY GREETING

Truth-telling is a righteous practice which in itself shapes an entire career. It guides a man away from all that is crooked and hidden, into the sunlight of a frank and open life that needs no hiding.—Aron.

Learning Thrift

The President believes that that the cost of the war—that is the literal cost in money and resources—can be offset by the lesson in thrift that the American people will learn. In addressing a Treasury official, he wrote:

"I suppose not many fortunate byproducts can come of the war, but if this country can learn something about saving out of the war, it will be worth the cost of the war. I suppose several times over wasted more than we are about to spend."

One citizen in every ten is the owner of a government bond. When the war savings are on sale a while longer, it will not be surprising if it is found that one-half of all our people own stock in the government.

Many of our citizens will have learned the first lesson in thrift; but it is only the first; Americans are but beginning the course of instruction. Before the end of the war they may be changed from a wasteful people to something resembling the thrifty French.

It is Not Just

When the zone system goes into effect it will increase postage charges on periodicals fifty to nine hundred per cent, thus putting out of business "the greatest merchandising and selling agency ever developed."

Publisher, advertiser, author and reader are affected. Determined efforts will be made to repeal the measure. You can help by writing to your Congressman, at once.

The Pine Cone has a well equipped job printing plant. Prices are fair.

Finest Golf Course in World to Open

The splendid new golf course on the grounds of the Pacific Improvement Company, close to Carmel-by-the-Sea and Pebble Beach, is nearly ready for play. It will be in readiness on Washington birthday, and golf enthusiasts from all parts of the State are expected to be in attendance.

The course presents an interest, a study and an inspiration to golfers, whether they be of the ranks of players or among those interested in the building of links.

On account of the growing popularity of golf in northern California, it has been possible to plan and put into existence a course embracing every ideal and every facility that is available.

Foremost, the setting along Carmel Bay, lends enchantment. Eight of the course holes border on the dunes and beach, some holes running out onto promontories, with others working back by natural hazards of every description to the forest borders.

It is doubtful if any more natural site for a golf course could be found. There is rolling ground, sand dunes, innumerable creeks, and always the broad Pacific in view. More than 200 hundred acres are utilized for the course. An ordinary 18-hole links can be laid out on 120 acres.

Before the final lay-out of the new course was settled upon, no less than six distinct plans were submitted. Two golfers, chosen for its lay out and construction, were Jack Neville and Douglas Grant. The latter was lately returned from a study of the championship courses of Great Britain, while Neville, who has planned six California courses, was the right man in the right place.

Red Cross Benefit

The Duke of Wellington, Napoleon Bonaparte, John the Baptist, and other famous characters, were included in Mrs. Jarley's Wonderful Wax Works Exhibition.

With the coming of the Dickens-made famous lady to Arts and Crafts Hall on February 1, we may expect to see some remarkable likenesses of local, national and international personages.

As this affair is for the benefit of the Red Cross, the whole town should turn out. Dancing will follow the exhibition.

(Editorial)

PATRIOTS, ARISE!

There is not enough display of the flag in this town. For months there has been no patriotic gathering here. Let us wake up. At least, in all public meeting places—in the churches, moving-picture theatre, dining-rooms, at dances, etc.—at all times, display conspicuously Old Glory.

In Eastern towns and cities crowds attend the moving-pictures just for an opportunity to sing "America" and "The Star-Spangled Banner."
