U.S. EXPORT SALES

- Outstanding Export Sales (Unshipped Balances) on JULY 8, 1979
- Export Shipments in Current Marketing Year
- Daily Sales Reported JULY 9 - 15, 1979
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of July 19 (based on reports from exporters for the week ending July 8, 1979).

Wheat: Sales activity continued moderately heavy for the fourth consecutive week with unspecified destinations accounting for about 60 percent of the net increase. Taiwan, Nigeria, Netherlands, Japan and Czechoslovakia all added significantly to prior contract balances. Sales to other countries were fairly numerous, but small. Purchases by foreign buyers and changes in destination on sales previously reported to unknown reduced the net increase in commitments. Exports of 629,000 MT were fairly heavy, but sharply lower than last week.

Corn: The apparent tightening of the world's supply/demand balance appears to be motivating buyers to cover their MY 1979/80 import needs much earlier. MY 1978/79 sales were rather subdued with the Netherlands and unknown destinations recording most of the increase. Sales to unspecified destinations (2,619,600 MT) dominated MY 1979/80 activity with only nominal sales to specific countries. The USSR was the recipient of the bulk of MY 1978/79 sales switched from unknown. The rate of exports was brisk, exceeding a million tons for the sixth consecutive week.

Barley: The export market was relatively quiet with the only significant activity sales of 13,000 MT to unknown.

Sorghum: The export sector indicated modest activity for both the current MY and MY 1979/80. Venezuela added to purchases for both MY's, while Colombia and Spain added to current MY's purchases.

Soybeans: The net gain in sales for MY 1978/79 was moderate as contract adjustments and cancellations partially offset new sales. Sales for MY 1979/80 increased by 236,700 MT, principally to Western Europe, Israel and Japan. Exports (206,600 MT) were down with the USSR, Japan and Taiwan accounting for over three-fourths.

Soybean Cake and Meal: Sales (118,300 MT) were up nearly 150 percent with Eastern Europe (70,100 MT) and Venezuela (36,800 MT) the major purchasers. Exports to Europe accounted for over 80 percent of the 123,400 MT shipped during the period.

Soybean Oil: A reduction of 12,500 MT in sales to unknown destinations reflected both contract adjustments and the switch in sales to Iran (8,000 MT). Colombia and Guyana were also in the market. Exports (16,500 MT) declined, going primarily to Iran, Panama, Colombia and unknown destinations.

Cotton: Sales activity remains good. Small additional purchases, mainly by Japan, Korea and Hong Kong, accounted for most of the increase of 18,100 RB for MY 1978/79. MY 1979/80 sales continue strong as 181,400 RB were bought principally by China-Mainland - 35,000 RB, West Germany - 34,800 RB, Japan - 31,200 RB, Korea - 30,400 RB, and Spain - 27,000 RB. Exports were disappointing as only 76,000 RB were shipped. Seventy-six percent went to Asia and 16 percent to Europe

Oats, Rye and Rice: Showed no significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR JULY 9-15, 1979, APPEAR ON PAGE 6.
