MAYOR WOULD DISMISS CITY ENGINEER TO-NIGHT

MANY CLAIMING CRIPPEN REWARD

COURTS MAY HAVE TO DECIDE ON MERITS

Inquest Resumed This Morning—Testimony of Identification

(Times Leased Wire.) London, Sept. 12.—The undertaker and morgue-keeper who cared for the decomposed remains found in the basement of the home of Dr. Crippen spent an uneasy half hour to-day under the cross examination of Arthur Newton, who is defending Crippen in his trial for the alleged murder of his wife. When the post-mortem inquest was called Newton asked the morgue-keeper and the undertaker be summoned. His object was to secure from them an admission that when they removed the fragments from the basement they used carbolic acid to counteract the odors. If carbolic acid were sprinkled on the remains, Newton argued, the analysis made by a chemist tending to show the presence of hydrogen in the stomach would be worthless. Both men, according to report, had admitted they used carbolic acid. On the stand, however, they declared there was no ground for such a report. Newton again tried to show that the men, when they removed the remains shovelled it into a box, paying no attention to the stones and sticks that were scooped up. He declared that this handling accounted for the bruised condition of the body.

DOMINION LABOR CONGRESS OPENS

THOUSAND DELEGATES GATHER AT FT. WILLIAM

President Glockling Looks for Many Victories for Organized Labor

(Special to the Times.) Fort William, Ont., Sept. 12.—Informally opening the most largely attended and what is expected to be the most important Dominion Trades and Labor Congress ever held in the auditorium this morning, President Wm. Glockling touched briefly on the work of the congress during the past year, which had, he asserted, been the most profitable in the history of that body. He predicted that the present year would witness even greater victories for organized labor, both in Canada, England and the United States. Ten hundred and forty-six delegates, twenty-two more than attended the last congress held in Quebec, were in their seats before the hour stipulated for the opening of the first session of the twenty-sixth annual congress to-day. All yesterday and last night the delegates poured into the city, and every incoming boat and train to-day will bring its quota. President Glockling said the west is represented as it never was before at a labor congress, and that there will be in attendance fully as many delegates from the east as at any former gathering.

"OFF WITH HIS HEAD!"

CRISIS REACHED IN CITY HALL SENSATION

Mayor Morley Posts Notice That He Will Move the Engineer Be Dismissed—Leading Citizens Denounce Action as Tyrannical

Mayor Morley has lost no time in pressing home his attack on the city engineer. At this evening's meeting of the city council he will present a resolution that he be dismissed. On Saturday afternoon His Worship posted a notice of motion to this end on the bulletin board at the city hall, of which a copy appears elsewhere on this page. The city engineer, Angus Smith, wants fair play, and will this evening forward a letter to the city council asking that specific charges be laid against him and that he be given an opportunity to defend himself before an impartial tribunal. It is understood that in all that he does from now on in the matter of defending himself the city engineer is acting on the advice of his solicitor. The report is current in well-informed quarters that Mayor Morley has another engineer in the city ready to step into the shoes of Mr. Smith, if the dismissal of the latter be accomplished; that this new engineer has been in the city for upwards of a week, and that he is a nominee of one of the employees of the corporation who is known to be unfriendly to Mr. Smith. On the mayor's action in posting a notice of motion indicating his determination to secure the dismissal of Mr. Smith this evening, becoming known this morning, it aroused the greatest indignation amongst all classes of citizens. It is to-day the one topic of conversation, and on every street corner and other places where men most do congregate little knots of ratepayers are engaged in discussing the newest civic sensation. Early in the day some of the more aggressive of the opponents of the mayor's attitude towards the city engineer canvassed the wisdom of hurriedly summoning a public meeting of the representative citizens for the purpose of passing resolutions formally protesting against what is termed a most tyrannical proceeding. It was felt that Victoria owed it to herself in defence of her good name to take speedy action to repudiate the scandalous and indecent treatment it is proposed to mete out to a stranger within her gates. H. G. Wilson, president of the board of trade, was communicated with and asked if he would co-operate in the movement for a public meeting, and he heartily concurred in the idea, though he explained that he would of necessity have to do so as a private citizen, and not as president of the board of trade.

Miss May, secretary of the Music Hall Ladies Guild, of which Mrs. Crippen was a member, testified that she dreamed she saw Dr. Crippen strangling his wife. This, she said, was about the time of Mrs. Crippen's disappearance. Miss May told what she knew of the woman's life and of Crippen's statements to her previous to his flight from London with Miss Ethel Leneve, his typist. Neither Crippen nor Leneve were present at the inquest.

TO ENFORCE BLUE LAWS. New Jersey Man Wants Sunday Trains Prohibited. Trenton, N. J., Sept. 12.—William Fitzgibbon, a Hamilton County justice of the peace, has written to Governor Fort asking him how to proceed to force the Central Railroad of New Jersey to desist from running its trains on Sunday against the sanctity of the Sabbath under the old blue laws. He says he gave the conductors of the road copies of the complaint commanding them to desist running trains on the Sabbath, and that the men threw his complaint on the ground. The governor is away on a vacation, so the vexed question remains unanswered.

FOREST FIRES START IN BRUSH

BURN SECOND GROWTH TIMBER NEAR BOUNDARY

Bellingham Suburbs Are in Danger—Mill and Residences Consumed

(Times Leased Wire.) Bellingham, Wash., Sept. 12.—Brush fires in logged-off land three miles north of the city last night burned the shingle mill of Frank Taylor, entailing a loss estimated at \$10,000 and driving nearby residents from their homes, which are now in hourly danger. The flames are now close to the mill of Pelett & Johnson at Alki and several ranches are threatened. In the city the fire department and a force of one hundred volunteers fought for four hours last night to control a brush fire spreading down on a section of Eureka addition. This blaze was finally gotten under control. A heavy northeast wind last night fanned into flames dozens of small fires which had been smoldering in the woods, and the air is heavy with smoke of burning second growth timber. So far no fires in standing timber have been reported.

MAYOR MORLEY'S RESOLUTION

The following notice of motion appears to-day on the bulletin board at the city hall: "I hereby give notice that at the next meeting of the city council I shall recommend that the services of Angus Smith, as city engineer, terminate on the 30th day of November, 1910, and that he be requested to continue to serve as acting city engineer thereafter until his successor be installed in office. Also that in the event of his services with the city being less than 12 months that he be presented on leaving with the balance of a year's salary from date of leaving office." (Signed) A. J. MORLEY, Mayor.

INSANITY IS A LEGAL DEFENCE

STATE SUPREME COURT REVERSES LAWMAKERS

Declares the Washington Law to the Contrary is Unconstitutional

Olympia, Wash., Sept. 12.—The supreme court has handed down a judgment that the 1908 statute, making insanity not a defense in criminal prosecutions, is unconstitutional. This is one of the most important decisions of the high court this year. The point was decided in the case of the State vs. Martin Strauburg, charged in King County with assault in the first degree. Strauburg shot a man and under section 2359 of the laws of 1908, he was denied the right to plead insanity. The law, which was directly against the insanity plea, provided that "it shall be no defence to a criminal charge that the person charged was at the time of the commission of the offence unable by reason of insanity, idiocy or imbecility to comprehend the nature and quality of the act committed." Chief Justice Radkin holds that while the legislature had a right to pass the law, it is unconstitutional inasmuch as it abridges the right of trial by jury, the trial judge and not the jury, under this law, determining the question of insanity. The decision will reverse the convictions of scores of persons now serving imprisonment.

GOOD SCRAPPER, BUT LAZY

New York, Sept. 12.—Willie Lewis is a good scrapper, but lazy. This is the reason assigned by Dan McKittick, Lewis' former manager, for severing his connection with the fighter. Dan says he can't get Lewis to train properly. "I have quit Lewis," said McKittick to-day, "because he refuses to train. He is one of the best fighters in the business, but it cannot be denied that he is lazy."

REQUEST WAS REFUSED

(Special to the Times.) Winnipeg, Man., Sept. 12.—"We considered it a piece of presumption on your part to make such a request," was the reply F. H. Malcolm has got from F. B. Bennett, manager of the Traders Bank here, to his request that that bank shall cease paying out moneys on behalf of the present directorate of the Western Canada Meat Packing Co., Ltd., which was recommended by Malcolm's statement that he believed he had already secured a majority of proxies from shareholders.

JOIN NIOBE'S CREW

Portsmouth, Eng., Sept. 12.—The second detachment of fifteen boys from Watts naval school who have enlisted in the Canadian navy joined the cruiser Niobe on Saturday.

MANUFACTURERS AT THE TWIN CITIES

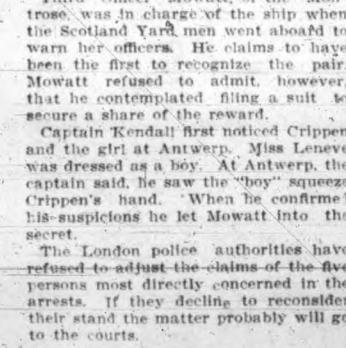

Port Arthur and Port William Delegates on Way to the Coast

(Special to the Times.) Port Arthur, Ont., Sept. 12.—Members of the Canadian Manufacturers' Association, en route from the east to Vancouver, where they will meet in annual convention, are to-day guests of the city of Port Arthur, spending the day at the head of the lakes, and will be entertained at Port William this afternoon. The party arrived shortly after one o'clock this morning in two special trains and were met by Mayor Matthews and other representative citizens at once commencing a sight-seeing tour about the city and harbor. This included a visit to the top of the new six-story Canadian Northern hotel for an excellent panoramic view of the two cities, a visit to the dry docks, blast furnaces, elevators, and other industries. Returning from this trip the manufacturers became guests of the city at luncheon at the Mariaggi hotel and at 3:30 again boarded the yacht sigma on which the trip about the bay was made, disembarking at Port William, where they will be taken in hand by the reception committee of that city, enroute for the west this evening.

NATIONALS COMING WITH HOPE UNBOUNDED

Challengers for Minto Cup Are in Good Shape and Expect to Win

(Special to the Times.) Winnipeg, Sept. 12.—(K confidence and enthusiasm count for anything, the National lacrosse team now speeding on their way to New Westminster, should pretty nearly bring back the cup with them. The winners of the N. L. U. were in Winnipeg for about an hour Saturday night, when their captain, "Newey" Lalonde, thought well of their prospects. The team is in good shape and the line-up unchanged from eastern fixtures.

ANGUS SMITH, City Engineer.

A. J. MORLEY, Mayor of Victoria.

TENNIS CHAMPIONS WILL TOUR EUROPE

Miss Sutton and Miss Hotchkiss Will Play Together in the Ladies' Doubles

Del Monte, Cal., Sept. 12.—Miss May Sutton, women's national tennis champion, and Miss Hazel Hotchkiss, whose attempt is to win Miss Sutton's laurels from her Saturday in the talk of tennis circles, have hands and next season will tour Europe, challenging all comers for women's doubles. Their itinerary will include all the courts of England and Germany where tournaments are scheduled. They will be the guests of Mr. and Mrs. Charles Clark, of San Mateo, and will represent the Pacific States Tennis Association.

IRISH FOOTBALL

Dublin, Sept. 12.—Following are the results of the Irish league football games played on Saturday: Glentoran 2, Bohemians 0; Cliftonville 1, Belfast Celtic 1; Shelburne 0, Linfield 3; Distillery 1, Derry Celtic 0.

A. J. MORLEY, Mayor of Victoria.

ROOSEVELTIAN REST

Oyster Bay, N. Y., Sept. 12.—Colonel Roosevelt is recovering to-day from the fatigue caused by his western trip. The fact that he was supposed to be resting, however, did not prevent him from answering dozens of letters and telegrams. He has scheduled several conferences for to-morrow, many of which are with his political friends.

PEDDLER TO FINANCIER

Salt Lake, Utah, Sept. 12.—David F. Walker, 72, pioneer merchant, clubman and president at the time of its failure, of the California Safe Deposit & Trust Company, of San Francisco, is dead following an illness of several months. Walker began life as a peddler of novelties, and rose to the prominence of a financier. He sacrificed nearly all of his personal fortune to aid the defunct deposit company, and died practically a poor man.

EMIGRATION PROBLEMS

London, Sept. 12.—Lord Brassey, who has announced that he is going to Canada, believes that the difficulty of emigration in its relation to England can be settled by sending an increasing number of young men over

VISITING THE KING

(Special to the Times.) Edinburgh, Scotland, Sept. 12.—A detachment of the Queen's Own Rifles arrived here this morning. Col. Peffatt and a number of officers proceeded direct to Palmoral, Castle on the King's wagonette, while the remainder of the troops were escorted to barracks.

CARDINAL TO VISIT WEST

Winnipeg, Sept. 12.—His Eminence Cardinal Vannutelli, papal legate to the Eucharistic congress at Montreal, will visit Winnipeg and the west after the congress. He will be accompanied by Monsignor Sobolewsky, Ruthenian bishop of Galicia. They will come here with Mr. Langguth, but the exact date of their arrival has not yet been determined. It is probable that the legate will have had experience at the council board

CRISIS REACHED IN CITY HALL SENSATION

Mayor Morley is acting in a most outrageous fashion. The city engineer ought not to be dismissed without a full and fair inquiry into the question of his fitness for the position. It is not now, however, a question as to the competency or incompetency of Mr. Smith, but a question of according him decent treatment. If Mr. Smith has done anything calculated to forfeit the confidence of the mayor and aldermen the matter ought to be discussed openly, so that the people may understand the whole thing thoroughly. This holding of secret meetings in a question involving the reputation of a professional man is a scandalous proceeding. Then, again, if Mr. Smith has done anything to warrant his dismissal, why pay him a year's salary? I do hope that majority of the members of the city council will refuse to endorse the outrageous proposal of Mayor Morley. Charles Hayward, ex-mayor—I am certainly opposed to the attitude of Mayor Morley towards the city engineer. That official ought to be given fair play. He does not appear to have received it since he assumed office in Victoria. Dr. Lewis Hall, ex-mayor—Mayor Morley is acting in a grossly tyrannical fashion in his treatment of Mr. Smith, the city engineer. The latter is the victim of a scandalous conspiracy, and I shall be surprised if the people of Victoria tolerate it. Mayor Morley has posed as the champion of a "square deal," but his treatment of Mr. Smith shows just how sincere he was. The whole thing is scandalous and shameful. I have it on the best of authority that at the suggestion of the mayor another engineer has reached the city ready to take the position when Mr. Smith has been got rid of. I hope a large number of the leading citizens will assemble at the council chamber to-night and take occasion to show their disapproval of the mayor's proposed tyrannical action. Victoria's reputation as a British community, where fair play is thought to have a place, will receive a serious blow if the people are not watchful. H. G. Wilson, president of the board of trade—I am willing to co-operate heartily in any movement to protest against the conduct of the mayor in the matter of the proposal to dismiss the city engineer. Mr. Smith must get fair play. Alex. Stewart, ex-alderman—I am simply amazed at what has recently developed at the city hall. The whole thing is extraordinary and astounding. Mr. Smith's treatment of the city engineer is as inexplicable as it is outrageous. The people should rise in their might and protest. I am surprised that Mayor Morley should get any following at the council board in this matter. Then take the suggestion that if Mr. Smith be dismissed he should be paid the balance of a year's salary. Is that not prima facie evidence that they have no case against the engineer that will bear the light of day? If Mayor Morley is not checked in his mad career I shall be ashamed at being called a Victorian. J. A. Turner, ex-alderman—The whole piece of business is a public scandal. Here we go to allow a gentleman, a stranger in the community, to be insulted and outraged by a crank who for the time being finds himself in the position of mayor? It is not a question at all of the competency or incompetency of the city engineer. If Mr. Smith has done anything to warrant his dismissal let him be dismissed, but let us treat him as a gentleman, not like a burglar or a thief. J. A. Mara, ex-president of the board of trade, expressed himself as displeased with the treatment which is being accorded the city engineer. "The people will not tolerate such conduct on the part of the mayor," said Mr. Mara. P. J. Riddell, a member of the board of school trustees, and track superintendent of the B. C. Electric Railway, said: "I have no hesitation in declaring emphatically that it is my opinion that the city engineer is the victim of a conspiracy. I have personal knowledge that in a number of instances subordinates who were in office when Mr. Smith took the position worked against him. This statement is capable of being proved."

PLAN LARGE FARM IN NORTHERN B. C.

Party With Project in View Have Gone Into the Skeena Valley

The Prince Rupert Journal, in its issue of September 6, had the following in reference to the project of a party of Victorians who recently left for the northern portion of the province:

There reached the city on Sunday a party that has in view plans that will mean much for the development of this part of the province. The party is from Victoria and includes J. A. Anderson, formerly deputy minister of agriculture for the province; F. E. Mitchell and Mr. Carlton, both of whom are well known in this city. Associated with these men in the project they have in hand, is C. Hanson & Sons, who are to take a very active part in the arrangements.

The principals in the affair are not very communicative respecting their plans. They have gone up the Skeena river and will there examine land in connection with the project. The great feature of the plan in view is the establishment of a farm on a very extensive scale. The farm will it is believed, be conducted under the immediate charge of the Hanson Bros. and will be carried out on a most extensive scale.

Included in the plans is the planting of a large orchard and connected with that will be a nursery, where the young trees for future planting in the district will be cared for, and varieties adapted to the climate will be available. It is reported also that there will be a great stock farm in connection with the scheme so that the farming operations will not be dependent upon one branch of the industry alone.

The putting of the live stock on the land will be proceeded with without delay, according to the plans so that there will soon be an income from the land. The project is not one that will be confined to the one organization. It will have far-reaching effects upon the whole of the country. Those directly interested, are, it is said, planning to develop a wide section of the rich agricultural lands of the Skeena on a comprehensive scale that will work to the advantage of all settlers who go into the country.

This is the first of the moves on a very large scale, but there is reason to believe that before many months past there will be many other such propositions launched and the agricultural resources of this northern part of the province will be developed to an extent that will astonish the older parts of the country. With a rich district within easy reach by rail of this city, with a market to be established here that will be one of the very best on the coast, and with no obstacles to rectify, the opportunities for carrying on farming operations either on a gigantic scale or in a modest way are such as to attract the best in that industry.

FREIGHT RATE HEARING.

Spokane, Wash., Sept. 12.—Railroad lawyers are pouring into Spokane today to be in attendance at the final hearing before Commissioner Prouty, of the interstate commerce case, which begins tomorrow in the federal court. Judge Prouty, who is on his way to this city, will take testimony as to the period of time over which a test of the earnings of the railroads are to be considered with a view of arriving at the proper basis for the readjustment of freight rates in accordance with the recent decision in the Spokane rate case.

DEATH OF MISSIONARY.

Salvation Army Officer in India Passes Away in West.

Crystal City, Man., Sept. 12.—Russell Greenway, only son and eldest child of William H. Greenway, is dead at his father's home. Deceased was a graduate of Wesley College, Winnipeg, and for the past seven years has been a Salvation Army missionary in India. In June he came home stricken with disease from which he could not recover. He was 37 years of age.

FINE ADDRESS AT CLUB LUNCHEON

HENRY VIVIAN, M. P., CREATES GOOD IMPRESSION

Warns Canadians to Take Steps to Ward Off Dangers of Slum Life

"There is not as much attention paid to the lives of the people, and especially to children, as to the stock. The people study the conditions under which stock should live, but they do not consider the lives of the people. The Anglo-Saxons have led in many things, and they must now lead in finding a solution to this slum problem."

These were the words of Henry Vivian, M. P., for Brixton, in the British House of Commons, speaking before the Canadian club at a luncheon this afternoon. There was a rather poor attendance, but the speech was, both in delivery and matter, one of the best, if not the best, of all the addresses that have been given before that body. The members of the city council were invited to attend, but only the mayor and Ald. Bishop responded. Mr. T. J. Jones presided and Hon. William Templeman and a number of other prominent men occupied seats at the head of the table. In introducing the visitor, Dr. Jones referred to the fact that Mr. Templeman and Mr. McGaffey had that morning taken Mr. Vivian for an automobile ride around the district, and that the secretary of the club would do so this afternoon.

Mr. Vivian outlined what had been done in England in regard to model villages. He showed that a medical examination had found that the average child at 14 years of age in Port Sunlight was five inches taller than the child of the same age in the Liverpool slums, and weighed 20 pounds more. These physical results were very marked, but the moral differences were equally marked. In London they had half a million people living in one-room tenements, and two million people in two-room tenements. They were now trying to sweep out the one-room buildings and to improve the other conditions.

Ten years ago the movement was looked upon as the gospel of a few crankies, but to-day it was the active purpose of a great mass of people. Tens of thousands were engaged in this work of rooting out the slums.

A city covering 1,000 acres and capable of accommodating 30,000 people was being laid out 24 miles north of London, and already 8,000 people were living there. The difficulty was to get industries to move to these new model cities. They were now, however, building garden cities in the suburbs of all the great cities and were meeting with great success. He gave examples of people who had moved out to these and who said they would never return to the old conditions. Those children who, under former conditions, were never well, were found to be seldom sick under the new. The conditions also had an effect on the characters of the people.

Mr. Vivian then spoke of the fact that all the new countries were repeating the mistakes which were made in the old land. The slum areas in Montreal, for instance, he said would not be tolerated for 24 hours in London, and in Toronto also these were beginning to grow up. People imagine they can be careless in the matter of developing towns.

Power was given to the municipalities in England to lay out townsite areas both within the cities and in the country suburbs. These were growing up within the centres a thinking organization which pictured what the cities of the future were to be. Germany had led the way in this laying-out of cities. In Frankfurt, for instance, the city was planned for the next hundred years. There were parks and squares all arranged for the lands which were now under cultivation. When the owners of the lands came to build they had to fall in line with the original plan.

As Canada is forcing her industrial life in the direction of building big cities, she should see that she has not at a future date to provide breathing spaces at enormous cost. In London they were taking down buildings that had been up only ten years in order to provide these for the children which may come, but the municipalities seemed to have no conscience or forethought. They should have regard to the future and the public good. No one need be injured in doing this. All that was necessary was to follow the rules of the game. Here there were enormous opportunities. There was a great land to be covered by an enormous population. It was for us now to determine whether the evils of the Old Country were to be repeated.

"Anglo-Saxons have shown they can destroy life better than anybody else," concluded the speaker. "We are thrilled by the fact that our soldiers did so well in the battles of the past. The day of the battlefield is, however, nearly over, but still there is a struggle ahead. In the past the struggle was on the battlefield, but to-day it is one of brains and in future it will be largely a moral struggle. It is my desire that the Anglo-Saxon race shall keep ahead, and in order to do this we must lead physically, intellectually and morally. Every town should have a great purpose before it. May Canada not lose the great opportunity which she has."

A vote of thanks was moved by Hon. Wm. Templeman.

ITALIAN LABORERS FIGHT.

Shaniko, Ore., Sept. 12.—Reports of a battle between a number of Italian railroad laborers at camp 4 in the Des Chutes valley, in which two men were killed, one mortally wounded and another seriously hurt, were received here to-day. It is said bitter animosity has existed for some time between the laborers of camp 1 and camp 4. It is reported that the excitement is intense and another conflict may begin at any time.

RUNAWAY TRAIN.

Two Men Killed on Great Northern This Morning.

Seattle, Wash., Sept. 12.—Two men were killed near the Wellington tunnel on the Great Northern Railroad to-day when fifteen heavily-laden freight cars broke away from the hauling locomotive and dashed down the steep incline toward scenic Hot Springs, where scores lost their lives in the snow-slides last winter.

William Richardson, 65 years old, a track-walker, saw the cars coming, and in attempting to get out of their way, he stumbled and fell to the bottom of the incline, hundreds of feet below. Nearly every bone in his body was broken and he died in a few minutes. The cars crashed into a cabin near the tracks and killed William Johnson, the occupant.

The cars were demolished and the track torn up for a considerable distance.

CREW FIGHT WITH FIRE.

Hayre, Sept. 12.—The steamer California, after a five days' battle with flames, arrived here to-day from New York. The big ship is badly damaged. The fire broke out at Seattle, and the crew fought night and day to prevent the vessel's destruction. The California carried sixteen passengers.

DIED.

McKAY—At St. Joseph's hospital, on the 12th inst., Jennie M., eldest daughter of Mr. and Mrs. J. G. McKay, Keat-ting, Saanich, aged 14 years.

COWARDLY MURDER.

Seattle, Sept. 12.—After having quarrelled with W. C. Knapp, his next door neighbor for about a year over chickens trespassing on his grounds, William Copeland, a painter, to-day stole up behind Knapp while the latter was weeding his garden and shot him in the back. Knapp is dying.

health's sake. A few hens supplied him with fresh eggs. It was because of the trespassing propensities of the hens that Copeland shot his neighbor.

TWELVE DEAD IN TUNNEL.

Jersey City, N. J., Sept. 12.—Three bodies were found today in the ruins of the Erie tunnel in Jersey City, which collapsed last night, bringing the total number of deaths to 12. Eleven injured are at Jersey City hospitals. None of them are believed to be fatally hurt.

ROOSEVELT ON LAW AND ORDER

EVERY CITIZEN HAS A DUTY TO MAINTAIN IT

Reads Capital and Labor of Columbus a Lesson Arising Out of Car Strike

Columbus, Ohio, Sept. 12.—While Mayor Marshall of Columbus was sitting on the platform and troops sent to keep order during the car strike paraded the crowd, Col. Roosevelt discussed the strike situation and announced the authorities for their failure to suppress lawlessness. The address was delivered before a monster crowd.

"Before I came to Ohio I knew the lamentable condition in Columbus," said Roosevelt. "I have been asked by both sides of the controversy here to speak. I will say frankly that I did not like to come but I like doing less, so I came. It has been advertised that I would speak on law and order, and I shall do so. I shall also discuss justice. The first requisite of justice is the establishment of law and order."

"Vice to the man, official or private citizen who does not realize this. We should abhor the conduct of a public servant failing to do his duty in this regard and we must equally condemn ourselves, the people who are as much responsible as the public servants. If they are content with the mere establishment of law and order and fail to learn whether justice has been denied, we should use the whole power of the government to right this wrong. I cannot say what the exact facts here are, but it is certain that broad principles are applicable. Beyond question many acts of lawlessness have been committed, including bombing and the using of that weapon of the worst, meanest and most cowardly assassin—dynamite."

"The authorities' first duty is to end violence and disorder, to check and punish brutality and lawlessness. No excuse should be accepted from any government official, no excuse should be accepted from any private citizen, for failing to help end any such intolerable conditions. It may be to the interests of some leaders that, for political or other reasons, lawlessness continue, but it is against the interests of the workingmen themselves."

"To dismiss men for asking a wage increase would be such infamy that I can hardly believe it has occurred. You should learn about this definitely. A union is equally as necessary as a corporation. Both must obey the law. Unionists have no right to force other workers into their union. Such action is a gross violation of right. But it is equally an outrage for the employer to discriminate against the unions."

My conclusion is that it becomes the highest, most pressing duty to see that complete justice is guaranteed both the employer and the employee, as well as the people themselves.

"It is not merely your duty but your right to insist on knowing the facts that brought on this strike and to judge them. If the present arbitration law is not sufficiently stringent, make it more stringent. If it is not constitutional, amend the constitution. The state and the municipality have the power to force any corporation to do right and it is the duty of the people to see that they do right. Your duties are two-fold. First, enforce the law and restore order; second, learn the facts, remedy the injustice that has been done and effectually prevent the repetition of injustice."

KILLED BY AUTO.

Lexington, Ky., Sept. 12.—While driving with her husband in a buggy Mrs. Gialli Hudson De Garris, a bride of three days, was killed in front of her father's home Saturday by an auto. The horse her husband was driving shied at the auto and Mrs. De Garris leaped in front of the machine which ran over her.

GOSSARD DEMONSTRATION

The Gossard Corset Is a Thing of Beauty and a Joy Forever

We have with us this week an experienced Corset Fitter in the person of Miss Farrissee, who will demonstrate the benefits of the famous GOSSARD CORSET. Miss Farrissee has accomplished wonders in moulding and modelling the female form into lines of grace and beauty, through the agency of this corset, the feature of which is "That it Laces in Front."

Our headline intimates that "The Gossard Corset is a thing of beauty." That is evident and needs no comment, but that it is "A Joy Forever" is a statement we have to prove to many who have not yet experienced the delights of this exquisite creation.

We are anxious to have the opportunity, and shall be glad if our patrons will place themselves in the capable hands of Miss Farrissee, when the wonderful effect of this beautiful corset will be charmingly demonstrated.

The new style of coat and skirt demands that the figure shall be moulded on straight slender lines, which effect is produced to perfection by the wearing of a "Gossard." We confidently leave the matter to your judgment, well knowing that after you have passed through Miss Farrissee's hands one more will be added to the large and growing band of Gossard enthusiasts.

If You Would Have the Fashionable Figure, Wear a Gossard. If You Wish Your Costume to Appear Up-to-Date, Wear a Gossard

Remember, Miss Farrissee Will Be Here For One Week Only. Do Not Miss the Opportunity of Benefitting by Her Experienced Manipulation.

IN REVENGE WOMAN

SHOT HER BROKER

Says Investment Proved a Failure, and, Besides, He Would Not Marry Her

Los Angeles, Sept. 12.—Mrs. William Krauss, 29, former wife of Dr. William Krauss, entered the office of Franklin H. Griffith, well-known mining broker, in the Story building on Saturday, and fired three shots at him, one taking effect in the arm.

Griffith was removed to the Clara Barton hospital and Mrs. Krauss was arrested on a charge of attempted murder. On his way out of the hospital Griffith declared that he had intended to marry the woman in 1908 but, when he learned that she had not been divorced from Dr. Krauss, he refused to marry her. Ever since he said, Mrs. Krauss has been hounding him and trying to extort money.

Griffith said the woman entered his office and again made a demand for money. He said he refused to talk to her and was about to retire to an inner office when she fired three shots. Two went wild.

In the chief detective's office at police headquarters, where she was questioned, Mrs. Krauss told her story of the shooting.

"Since my marriage to Dr. Krauss nine years ago," she said, "I have been unhappy. I was at a dinner one night in 1908 at the Angelus hotel, where I was introduced to Mr. Griffith. He asked me to put my money in certain mines which I did. He asked me later to marry him and I consented."

"But the mines turned out to be worthless and I asked him to give me back my money, which he refused to do. He also refused to marry me. This morning I went to his office and demanded my money. He slapped me in the face instead of talking with me. It was then that I drew the revolver and fired at him." Mrs. Krauss denied that she intended to kill Griffith. "I'm a good shot and could have killed him on the spot," she asserted. "I only wanted to wound him. I could have finished him with the first shot."

As Griffith's wound was being dressed at the hospital he said to a friend: "Thank God it happened this way. I've got her now."

REGIMENT DID WELL

London, Sept. 12.—The Q. O. R. did exceedingly well at the manoeuvres at Aldershot. They were kept almost continuously on the move from the time they left camp at 7 o'clock until they went into action at 4. One or two have fallen out on account of sore feet, but on the whole the regiment marched as well as the regulars. When it was deployed to join the fighting line it showed an intelligence which indicated that it has taken full advantage of its experience at Aldershot.

WOMAN SLAVE IN A

CHICAGO FACTORY

Combined Weekly Wages of Mother and Child Amounted to Four Dollars

Chicago, Sept. 10.—Working from 5 o'clock in the morning until 6 o'clock at night and supporting herself and three children on \$4 a week has been the task of Mrs. Adariga Barrow, according to a statement by State Factory Inspector Edgar T. Davies. Mr. Davies announced that he would begin legal proceedings against the employer of Mrs. Barrow as soon as possible.

The case is one of the most unusual instances of the so-called "sacred motherhood" cases—with the dollar sign placed prominently over the \$—that has come to the attention of the department.

The reports show that Mrs. Barrow had been employed at the cigar factory of Julius Greenberg for several months in the capacity of a tobacco stripper, and received on the average forty cents a day for her toil. Reduced to a matter of hours, this means that Mrs. Barrow was paid a trifle over three cents an hour for arduous work.

Force of circumstances, it was declared, led Mrs. Barrow to send her daughter Dora, to work at Greenberg's factory. The girl, who is twelve years of age, also was employed as a tobacco stripper and was required, it is said, to work from 6:45 a. m. to 5:30 p. m. Her earnings report, according to Mr. Davies' report, amounted to \$1.50, or a little less than twenty-seven cents a day. The combined earnings of mother and daughter were four dollars a week.

Investigation into the home life of Mrs. Barrow, Mr. Davies said, disclosed that she was deserted by her husband and left to care for herself and three daughters—an infant, a three-year-old daughter and Dora.

While working to obtain enough money to buy food, Mrs. Barrow had had the baby and three-year-old girl cared for at a day nursery. For this she set aside five cents a day from her slender earnings.

THREE BILLION FEET

Merchantable Timber Burned Up in Idaho, Alone.

Wallace, Idaho, Sept. 12.—Assistant Forester William Cox, who has just arrived from Washington, and Forest Supervisor Weigle, of the Coeur d'Alene forest, will soon inspect the area burned over recently by destructive forest fires.

After going over the entire territory the two officials will prepare a joint report, with certain recommendations looking toward the cleaning up of the fire-swept areas. The report will be laid before Chief Forester Graves for action. Supervisor Weigle said to-day that the burned land would probably be logged-off and then the ground would be prepared for reforestation.

Rough estimates place the merchantable timber destroyed in the recent Idaho fires at three billion feet.

CENSURED SERIOUS

He Committed a Serious Blunder in Diplomacy.

Panama, Sept. 12.—A cablegram from President Taft censuring the action of Charge D'Affaires Marsh in stating that the United States would interfere with the Panama government, unless a president known to be friendly to America was chosen at the election which was to have been held Friday.

CASE WILL BE TRIED BY A SPECIAL JURY

Two Applications in Chambers Regarding Richards vs. Dental Surgeons

This morning two applications were made in Chambers before Chief Justice Hunter in connection with the case of Richards vs. Verrier and the College of Dental Surgeons of B. C.

On behalf of the defendants, H. D. Helmcken, K. C., applied for an order directing the plaintiff to furnish additional security for costs. The plaintiff, who is now resident in Seattle, was ordered to provide \$150 security.

In opposing the application, Mr. Twigg, who appeared for Richards, said that all the applications in court which had so far been made had resulted in the plaintiff's favor with one exception, so that the costs due from him were more than offset by those awarded to him and not yet paid.

His Lordship enlarged the application for one week, and the costs so far incurred being taxed at the rate of 10 per cent.

A further application on behalf of the defendants to have the case tried before a special jury was granted. Mr. Helmcken stated in court that it was the wish of all parties to have the case heard this month, and that the trial would probably occupy three days.

PERSONAL: Mr. and Mrs. W. O. Wallace and daughter Kathleen, arrived home from the East on Saturday last.

Mrs. Lewis Hall, accompanied by her mother, Mrs. Cummings, left by yesterday's steamer to spend a few days in Vancouver.

Dr. H. B. Marchant, son of Customs Inspector W. Marchant, returned to the city last week after completing his course at McGill and will take up practice in the province.

FRISCO CHINESE QUIET: San Francisco, Sept. 12.—Chinatown is quiet to-day following last night's outbreak in which two men were shot in a running street fight.

THE TALE THEY TELL: Speaking at a recent meeting one local orator seems to have shown some sense. The discussion arose over some important contracts proposed to be undertaken by a Canadian firm in the local docks.

Sportsmen Attention!

The owner of a handsome retriever was a remarkably bad shot. One day, on firing both barrels hastily at a rabbit, he heard a mournful howl. The next moment his dog appeared carrying a black object in his mouth, which he laid carefully at his master's feet. The animal had retrieved his own tail! Well, that's what Kilmarnock Scotch does—retrieves its own TALE. It brings back to its distillers the truth of its own advertising story that for quality, age and uniformity Kilmarnock heads the list of popular whiskies. It's because "Johnnie Walker" is such a splendid retriever that sportsmen take it with them when going after game. Prove this statement before the 15th, at any hotel, bar, club or cafe. Ask for Kilmarnock Extra Special, 12 years old, in the square bottle. Pither & Leiser, wholesale agents for B. C.

This evening the members of the B. Y. U., of the Emmanuel Baptist Church, will hold their first meeting for the 1910 and winter seasons. The delegates to the B. Y. U. Baptist and C. E. Conventions will present their reports. After the business is transacted on a social time will be spent and refreshments will be served at the close.

The Women's Institute of Metcalf and Colwood is looking forward to a great success of the first annual agricultural fair. Special prizes are being given by J. D. H. Tucker, K. C. for the best amateur photography, and by Mrs. H. D. Holmwood for the best home-made candy. Stages meet at Colwood 9 a. m. from Victoria, returning to the visitors for the 4.30 p. m. to Victoria, on both days, Sept. 20th to 21st, 1910.

The Vancouver Island Development League is using every effort in its power to bring before the notice of the island generally the exhibition of the B. C. Agricultural Association to be held at the fair grounds from September 27th to October 1st (inclusive). During the course of the exhibition the league will have space on the grounds, where literature will be distributed and information furnished to all inquirers. Last year the publicity stall was well patronized.

Notification has reached Victoria that a touring party comprising 150 bankers of the state of Ohio will reach the city on Saturday afternoon, September 12th. The party leaves Cincinnati on September 15th, and will come across the United States and Canada, arriving here from Vancouver. Twenty-four hours of the time of the sight-seers will be spent in Victoria, the entertainment provided here including a carriage drive around the city, and a visit to the naval station at Esquimalt, Beacon Hill park and the lieutenant governor's residence will also be viewed. From here the party will proceed to Seattle and thence southwards to Los Angeles, from where the return eastwards will be made. The tourists will be in charge of D. Jay Collier, a special representative of the New York Central lines. The bankers during their stay in Victoria will be guests of the Empress hotel.

THE COLUMBIA Grafonola "Regent"

PRICE \$250

The purpose the Grafonola "Regent" comes to serve is one that has never been touched upon before. It combines practical utility with the highest ornamental effect and the maximum of musical entertainment obtainable from a sound-reproducing instrument.

The prepossessing impression created by the "Regent" Grafonola upon a first view is only enhanced by a closer examination. First of all to strike the observer is the dignity and distinction of the instrument, viewed as a whole. In this respect there can be no two opinions. Massive, yet with no suggestion of clumsiness, and with gracefulness of contour brought into relief by every device of the cabinet-maker's art, it leaves an impression of firmness and solidity that cannot be defined, yet that cannot be mistaken.

In reproducing qualities the Grafonola "Regent" represents the supreme height of achievement yet attained in sound-reproduction, its tone being full, clear, rich, powerful and absolutely natural—a result of the application of every latest discovery in the sound-reproducing art.

Better come in and let us show one to you, finished and built of the finest genuine mahogany. Price \$250.

THE JUBILEE SERVICES.

To-morrow, Tuesday, September 13th, being the fiftieth anniversary of the consecration of the church, there will be a celebration of holy communion and sermon by Rev. Canon Cooper at 11 a. m., and a full choral evensong at 8 p. m., at which the Very Reverend the Dean of Columbia will be the preacher. The church is being beautifully decorated for the occasion, and the organist, G. Jennings Burnett, has taken great trouble to make the musical rendering of the services all that could be desired.

On Wednesday evening there will be a conversation in the hall at 8 o'clock, to which all are invited. The services on Sunday, September 18th, will bring the celebration to a close. The preacher in the morning will be the Venerable the Archbishop of Columbia.

The First Presbyterian Church Club will resume its meetings for the winter this evening. This club takes a particular interest in visitors and strangers in the city and will be glad to welcome any such at its meetings.

The usual monthly meeting of the W. C. T. U. Home Committee will be held to-morrow. The annual pound party will be held on the following Tuesday, the 20th inst., to which the public is very cordially invited.

Some twenty rooms will be ready for occupancy in the addition to the Empress hotel on Sept. 20. In all the new wing will contain 68 bed rooms, of which seven will be on the top story. The entire structure will be completed and ready for occupation before the end of the present year.

APPROPRIATIONS FOR PROVINCIAL FALL FAIRS

Department of Agriculture Completes List of Amounts to Be Granted

The department of agriculture has granted the following appropriations to the various exhibition associations throughout the province:

Grand Forks	851

Dr. E. C. Hart, major-surgeon of the local forces, has returned from an extended tour through eastern Canada and the United States. "I found a most hazy idea of the relation of the cities of Victoria and Vancouver in conversations with people in the east," said Dr. Hart. "The majority of easterners seem to think that Vancouver, City and Vancouver Island mean one and the same thing." He was surprised during his trip by the excellent condition of the parks and gardens in the east, where the lawns are kept very green.

FORMS COMMITTEE OF EMIGRATION LEAGUE

British Ex-Service Men to Be Settled in Canada—Francis Devereil Here

Local committees of the Naval and Military Emigration League, which was formed in England some months ago with the object of settling ex-service men throughout the British Empire, have been formed in Victoria and Vancouver by Francis Devereil, of London. The local committee includes Col. Wadmore, D.O.C., Lt. Col. A. W. Garside, Major-Chief and other officers with Lieut. E. H. Mansfield, as secretary.

Mr. Devereil, who has been forming committees through Canada, is managing director of the British Empire Agency, Limited, of London, and is here with the joint mission of carrying on the league's propaganda and overlooking the investments of the concern with which he is so intimately connected.

Explaining the aims and objects of the Emigration League, Mr. Devereil said that the question of finding employment for ex-service men had become a serious one and the league intended to assist these men to find homes and employment in the overseas dominions. The local committees which were forming throughout the Empire would take care of the emigrant ex-service men on arrival and would find employment for them. By this means the time-expired soldiers and sailors of the Empire would not only find their way easier upon discharge, but the emigration of a sturdy, well-trained class of Britishers to the new countries which needed them, would be fostered and stimulated.

The British Empire Agency, Limited, is a commercial concern which distributes information concerning all parts of the Empire and handles investments placing British money in colonial enterprises and is now entering the colonization business. It is probable that Mr. Devereil will close up deals for land, timber and mines in British Columbia before leaving for London. He is a believer in Imperial preference and the linking of the Old Country to its overseas possessions by commercial bonds.

On Saturday last the civic employees working on the street department presented L. Pusey with a type-writer as a small token of regard for the good feeling that has always existed between him and the men under him during his long service as superintendent of the street department.

Comforters are a luxury these chilly nights, and when bought at our low cash prices an inexpensive luxury. Prices 90c, \$1.25 and \$1.65, and up to \$9.50. Robinson's Cash Store, 642 Yates Street.

When a gift is artistic as well as useful it is such an expression of good will that cannot fail to win the most pleasurable appreciation of the happy couple. Any September bride of culture would be delighted to become the recipient of any of our handsome, high class goods.

The Advance Man

"The Manxman."

One of the season's most brilliant offerings will be furnished by Frederic Clark, the well-known dramatic star, who comes to the Victoria theatre on Thursday for an engagement in Hall Caine's great play, "The Manxman." This is one of those impressive plays which tug hard at the heart strings and tell a beautiful story in a most powerful manner. Simplicity is a keynote in the construction of this great play, but there are dramatic moments in the action of it which successfully rival anything on the present day stage. Mr. Clark will be accompanied by a carefully selected company of artists and a magnificent scenic production, complete in every detail.

"Are You a Mason?"
If there is any person in Victoria who feels as if the world is hardly treating them fairly, they should take one of the finest comedies that is being long evening at the Victoria theatre, every minute of which will be spent in giving vent to long peals of the heartiest laughter.

"Are you a Mason?" is one of the few farce comedies that really lives up to description. It has not three minutes

MISS HILDA GRAHAM,
Who Appears in "Are You a Mason?" at the Victoria Theatre To-night.

In the whole show that does not contain either a movement or bit of dialogue that simply compels you to laugh. Even the most pessimistic catches the infection; in fact, do what you like, feel as bad as you may and still you will be among the noisiest a few minutes after the curtain rises.

It is making no boast to state emphatically that Hilda L. Hyden will give just as much satisfaction in this bill as she has in the ones previously presented, and that is saying a whole lot. The best of this really talented company will ably support him, and as they are bending every effort to give a real treat there will surely be something doing to-night and Tuesday at the Victoria. Although the company has been augmented and the scenic and lighting effects are magnificent, the usual stock prices will rule for this show.

"Going Some."
The brightest comedy of recent years will be seen locally for the first time when Lawrence and Sandusky bring their crack company of players to the Victoria theatre on Wednesday night in the famous Paul Armstrong and Rex Beach conceit, "Going Some."

"Going Some" is a story of the irresistibly laughable situations which befalls a bevy of pretty college girls and something else at a home party held at the "Flying Heart" ranch in New Mexico when one J. Wallingford Speed, bogus athlete, in order to appear before the eyes of certain ladies of the party, attempts to win back for the cow-punchers of the Flying Heart a much-prized photograph and set of records which they have lost in a foot-race to the outfit at their rival ranch, The Centipede.

Larry Glass, an artist in slang and a nerve specialist and athletic trainer, is placed in charge of the training of Speed with the admonition that should his pupil fail to win back the talking-machine both their lives will pay the forfeit. Everything points toward Speed's defeat until certain arrangements are brought about which bring things to a unique and unexpected conclusion with nearly everybody happy.

The contrast of the cow-puncher life and the college habits of the remainder of the party is vividly drawn and each character is chosen with the greatest of skill. Lawrence and Sandusky have gathered a company of twenty of the best elements of light comedy the

west has yet seen, and have dressed their production lavishly with a wealth of special and elaborate scenery depicting scenes on the New Mexican border. Nothing quite so enjoyable or laughable has come out of the east for many a day.

Crystal Theatre.
This gem of picture houses to-day enters its second week of existence, and, judging from the keen interest shown and large and enthusiastic audiences of the past week, it is safe to assert that the Crystal is already among the front rank of places of wholesome amusement. The programme for Monday and Tuesday is an exceptionally strong one. "The Outlaw's Redemption" is a thousand-foot picture, telling vividly of human nature in its many moods, the ultimate overpowering of a man's worst inclinations by love. It is romantic, heroic and spell-binding. "Mother," also a thousand-foot picture of extreme pathos, is far-reaching and almost divine in its moral teaching. "The Girl Next Door" is full of animation and highly amusing throughout. "The Inconstant" depicts the fickle side of male nature, and is a laughter maker. Geo. McLellan will sing "Annie Laurie," beautifully illuminated. On Thursday and Friday of this week will be shown for the first and only time in Victoria, "The Scarest the South Pole with Shackleton," a 2,000 feet of genuine picture—a chance of a lifetime. Further particulars will be given later.

THE PASSING SHOW

The Lyceum.
To-night and balance of week the "Hunt Musical Comedy Company" will begin a return engagement at the Lyceum, formerly Pantages theatre, in a musical satire, "My Niece From Asia," and judging from the criticisms of their former engagement will undoubtedly prove a stellar attraction for theatre-going Victorians. The company composed of some of the old favorites, together with many new faces, will produce a line of musical comedies to please the most fastidious.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Sept. 12—5 a.m.—The barometer remains high over this province and the Yukon, and fine weather is general throughout the Pacific slope and across the Dominion to the Great Lakes. Sharp frosts have occurred in Alberta and Manitoba.

Forecast.
For 26 hours ending 5 p.m. Tuesday, Victoria and vicinity—Moderate to fresh northerly winds, generally fair, not much change in temperature.

Lower Mainland—Light to moderate winds, generally fair, not much change in temperature.

Observations at 5 a.m.
Victoria—Barometer, 30.12; temperature, 55; minimum, 51; wind, 12 miles N.; rain, .04; weather, clear.

Temperature.
Highest 65
Lowest 51
Average 58

Rain, .44 inch.
Bright sunshine, 7 hours 36 minutes.
General state of weather, fair.

DOUBLE DROWNING

Moose Jaw, Sept. 12—A double drowning fatality occurred here due to that most prolific cause of like events, an attempt to change places in a boat when in the centre of the river. Jos. Kaine, aged about 35, a boiler-maker in the C. P. R. shops here, and John Montgomery, a fireman, together with Bert Knox, a fireman, were returning to the boat-house after a trip up the river in a row-boat. The first two stood up to change seats, and in moving the boat, precipitating all into the water. They were drowned, while Knox was rescued with difficulty.

A TROUPE OF THOROUGHBRED ARABIAN PONIES.

One of the features of the A. G. Barnes circus, which is to be held here under the auspices of the B. C. Agricultural Association during Fair week.

Attractions at the fall fair this year will be numerous. With the A. G. Barnes circus as the feature and the many side shows which accompany it, sufficient amusement will be provided for the visitors. Never before in the history of the B. C. Agricultural Association has so many counter attractions been arranged for.

H. S. Tyler, general manager of the circus, is in town completing arrangements with Secretary Geo. Sangster.

The large tent, in which the circus will be held, will be erected in the oval inside the race track. This stretch will nearly all be taken up with the big tent and also those for the side shows.

Speaking of the show the manager stated that it was "a largest trained wild animal collection in North America, their being 200 animals included in it. It takes an hour and forty minutes to complete one show.

Among the side attractions there will be "The Loto Show," where the statue

turns to life; "The Minstrel Maids," reputed for their wonderful singing qualities; "The Ticker," where abundance of laughter is provided, and "Monkey-land," where many monkeys of many sizes are shown.

Besides the wild animals, this company has several of the most comical clowns on the continent, and also a number of acrobats, who win great applause wherever they display their wonderful ability in their many thrilling and sensational feats.

REVISION OF BANK ACT WILL NOT BE DRASTIC

Powers of Investment May Be Extended—New Measure Will Be Moderate

Ottawa, Sept. 10.—The revision of the Banking Act, one of the principal government measures in the forthcoming parliamentary session, is not expected to be of a drastic character. Hon. Mr. Fielding, minister of finance, was in communication on the subject last session with prominent bankers, and the decision to defer the revision to this year permits of further representations. The bankers, it is understood, would welcome an extension, to some degree, of the powers of investment, but on the whole are not complaining much against the status quo. It will not be surprising if the government measure makes provision for a more rigid inspection in some cases than is now authorized.

It is stated that the public works department that tenders will be called at the end of the year for the erection of the new departmental block at Ottawa. The plans now are being entirely revised and cut down so that the cost will be reduced, while the appearance of the building will be altered. The change has been made in order to preserve Mackenzie avenue, originally intended to be closed up, as a driveway.

Doubt is expressed in well-informed official circles, if the international waterways commission, as at present constituted, can pronounce upon the scheme for damming the St. Lawrence at the Long Sault rapids. The project has been before this body for many months and numerous hearings have been devoted to it. The commission has never yet reported, and it may not do so at all. Members of it in Ottawa, while not saying this in so many words, rather convey that impression. There is to be a new waterways commission, permanent in its character, and implementing the provisions of the waterways treaty between the Canadian and the United States governments.

The present commission, it is believed, will hand over to that body the adjudication of the vexed question which has grown to be of national importance. The interests which seek to secure the St. Lawrence power are so determined and backed with such formidable financial resources, that they are not expected to readily give up the scheme.

THE TRAIL MAGAZINE.

The Trail, for the current month, is quite up to the high mark it has set for itself, and almost brims over with good things. Fiction is represented by five stories, some grave, some gay. Of the latter class, "Swallowed—One Bomb" by Dan Mark Lemon, with illustrations by D. Ritchie, is calculated to make the most sedate laugh. It is the story of a small boy, who to escape a well-deserved thrashing, pretends to have swallowed an explosive bomb which the slightest jar will cause to do its deadly work. How the boy gets the upper hand of his frightened parents, his teachers, the policemen, and in fact the whole town, by his trick—and is finally brought to time by a pet goat, makes a few pages of most amusing reading. "The Grey Ball," an illustrated old-time love story by L. M. Montgomery, the popular authoress of "Anne of Green Gables," is equally good, although in an entirely different line. For those who like Jewish stories, there is a well-told one by Ed. Colin, with comic illustrations. Busy Woman's Easy Chair is a new department, edited by Graciot

Blaine, which is sure to be popular. The same writer, who has been doing a series of illustrated sketches, has likewise a most complimentary article "Victoria, Victorious," in which she says a number of very nice things about the capital city of British Columbia. An illustrated article, "Swedes in Alberta," is most interesting. "Is Medicine a Humbug?" "Prevention of Forest Fires," and other special articles make up a splendid number.

BLAINE GOES DRY.
Bellington, Wash., Sept. 12.—The city of Blaine Saturday voted "dry" by a majority of 71. A total of 441 votes

were cast. The city council revoked all saloon licenses several months ago. The election will prevent the licensing of saloons for a period of two years. Lyndon is the only other "dry" town in Whatcom county.

POLITICS AND GUNS.

Vienna, Ill., Sept. 12.—Thomas Sheridan, states attorney of Johnson county, shot and killed Harry Thacker here Saturday. The trouble between the men is said to have been the result of criticism on the part of Sheridan over political acts of Thacker's father.

PRAIRIES FISHERIES COMMISSION MEETS

Conditions in Inland Waters to Be Investigated and Reported On to Ottawa.

Regina, Sept. 12.—The first meeting of the royal commission appointed to enquire into the fisheries of Saskatchewan and Alberta was held here under the chairmanship of Prof. E. E. Prince, of Ottawa, the other members of the commission being ex-Chief Justice McGuire, of Prince Albert, and Dr. Euston Sisley, of Calgary. The chairman, in opening the proceedings, expressed the hope that the commission, which was first appointed with large powers to investigate fishery conditions in inland waters would result in the gathering of such information as would enable them to make recommendations to Ottawa which would be in the interest of the western fisheries generally.

The first witness heard was Dr. Low, of Regina, president of the Saskatchewan Game Protection Association, who advocated the introduction of black bass in the interests of sportsmen. From here the commission makes a tour of the two provinces.

DIABETES

From late figures the hope of recovery under the new emollient treatment seems to be about as follows:
In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the disease gets more stubborn, and between thirty and forty the percentage is not high—probably not much over half yielding. Under thirty the percentage is less and in children recoveries have been very few and most of those obtained with the aid of skilled physicians forcing nutrition, with alkaline treatment to prevent formation of acetone.

BOARD OF LICENSING COMMISSIONERS

The next sitting of the Board of Licensing Commissioners will be held in the Police Court, City Hall, Douglas street, on Wednesday next, the 14th instant, at 2:30 p.m.

Municipal Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable to construct permanent sidewalks of concrete on both sides of Collinson Street, between Cook Street and Trutch Street, and to construct curbs, gutters and boulevards (including maintenance) on said street, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General Bylaw and amendments thereto, and the City Engineer and City Assessor having reported to the council in accordance with the provisions of section 4 of said bylaw, upon such and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by bylaw in that behalf regulate and determine.

WELLINGTON J. DOWLER,
C. M. C.
City Clerk's Office, Victoria, B. C., Sept. 9th, 1910.

Tenders for Grading and Paving

Tenders will be received by the undersigned up to 4 p.m. on Friday, the 16th, for the grading of Asquith street, Cecil street, Forbes street, Victor street, and to construct permanent sidewalks of concrete on both sides of the roadways, and remove the rock for a distance of 3 feet from the edge of the sidewalks. Also to drain and pave with asphalt Sutej street, and to construct permanent sidewalks of concrete on both sides with curb and gutters, all as per specifications and plans.

The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT,
Purchasing Agent,
September 8th, 1910, City Hall.

ESTATE OF ADAM (OTHERWISE LOUIS) YOUNG, FORMERLY OF THE NEW BUNGALOW HOTEL, VICTORIA, B. C.

TAKE NOTICE that probate of the will of the late Adam, or Louis, Young was, on the 24th day of August, 1910, granted by the Supreme Court of British Columbia out of the Victoria Registry to the Executors, H. Wille, L. B. Young and H. B. Young.

All persons having claims against the said estate are hereby required to send full particulars thereof duly verified, to the undersigned on or before the 1st day of October, 1910.

After that date the Executors will proceed with the administration and distribution of the estate, having regard only to claims of which they shall have received due notice.

Dated the 25th August, 1910.

NEW NATIONAL SPIRIT ARISING IN CHINA

Brother of Lord Beauchamp Tells of Opportunities for Christian Work in China

There is a new national spirit arising in China, and he would be a wise man indeed who could forecast what the outcome will be," said Rev. M. Beauchamp, brother to Lord Beauchamp, to a Times representative on the steamer Montevideo yesterday. Mr. Beauchamp is an Anglican missionary who for over twenty years has been working among the Chinese in the province of Tzechuan, on the western boundary of the Middle Kingdom. He is on his way home, to England, but expects to return to continue his work. "What China lacks at the present time is leaders," continued the missionary. "It is possible that some overt act might at any time induce a rebellion against the present regime but it is doubtful if that would be of much advantage unless there were some strong man to take the lead in reforms. There was a time when the Chinese considered themselves the only educated and civilized people in the world. To-day they see that they have dropped behind in the race and are striving hard to learn and to catch up. This is a great opportunity for missionaries. The people are just ready to learn of the teachings of Christianity. They are in a receptive mood, and if this opportunity is neglected it may not ever again offer. What is needed is people who will go to the country and live right among the people. When I am there I adopt Chinese dress, and live just as do the Chinese. This gives them confidence, and I am therefore able to influence them much more than I otherwise could. "When we commenced the work in Western China there was no demand for education, and we devoted most of our time to evangelical work. To-day the Chinese are all wanting a western education, and we have to change our methods to meet this demand."

BLACK SAYS ACREAGE GAIN IS STRETCHED

Ogilvie's Winnipeg Manager Disputes Government Figures

Winnipeg, Sept. 12.—Mr. Black, manager of the Ogilvie Flour Mills Company, being interviewed on the subject of this season's crop in the Northwest, gives the following details: The Manitoba, Saskatchewan and Alberta governments combined last year, placed the acreage in their respective provinces at 7,057,000 acres and the total yield at 144,239,000 bushels. It has been impossible to account for more than 118,000,000 bushels from last year's wheat crop, showing that there was an overestimate of 1,300,000 acres in their figures. It seems likely that similar errors must have been carried into their estimates this year. Otherwise the increase in acreage would be altogether in excess of what is possible in the way of an increase. The estimate of increase in wheat acreage in Manitoba for this year over last is in round figures about 500,000 acres, which would mean an increase over last year of nearly 20 per cent. Whereas the Province of Saskatchewan, where a very much larger proportion of new land has been brought under cultivation, estimates the increase at about 15 per cent., or about 550,000 acres. "Our inspectors have covered the ground very carefully," said Mr. Black, "and from the figures we have supplied we are inclined to place the yield this year at 80,000,000 bushels, a surprisingly good showing under the trying conditions which have prevailed. The wheat and barley crops, however, have suffered to a very much greater extent than the wheat, and it now looks as if there will be 70,000,000 bushels oats and 15 to 18 million bushels less barley than was harvested last year."

Apollinaris

"THE QUEEN OF TABLE WATERS."

Its pure Natural Carbonic Acid Gas acts as a Gastric Stimulant and Tonic and promotes the Digestion and Assimilation of even the Richest Food.

TREASURES OF THE KING INVALUABLE

No Protection From Fire Was Afforded Them Till King Edward's Reign

Both Windsor Castle and Buckingham Palace are overflowing with treasures of every description—plate, pictures, jewels, statuary, books and relics of enormous historic value. When King Edward came to the throne he found valuables of all kinds locked away, undisplayed and uncatalogued, and more than all—absolutely unprotected from fire. During his all too brief reign King Edward effected a complete revolution. In the first place he installed electric lights all through both the chief royal residences, in the second he put in every possible appliance and arrangement for fire fighting, and after that extended the royal library, inspected the gold pantry, and had all the various treasures of the two palaces properly inventoried and displayed. The value of the plate alone which King George inherits is almost incalculable. The so-called gold pantry at Windsor consists of two large fire-proof safes, in which is kept plate of an estimated value of \$8,750,000. The gold plate which is used for state banquets weighs more than five tons. It is not of course all solid gold. If the larger pieces were solid they would be too heavy to move at all. Some of the pieces are silver-gilt. It takes one man to carry two dishes or eight plates. The latter are of pure gold. There is not much ancient English plate in the gold pantry. Charles I. melted down all the plate of his day and coined it into money. But there are some exquisite foreign pieces, among them a great silver chalice taken from the flagship of the Spanish Armada, and the famous Nautilus cup, made by that master of the art, Benvenuto Cellini. There is a shield by the same great Italian, and the wonderful gold tiger's head taken from Tipoo Sahib's throne after the storming of Seringapatam in 1799. This tiger's head is a marvellous work of art. It is life-size, and its teeth and eyes are cut out of pure rock crystal. Another relic captured at the same time is the jewelled bird called the "Uma." In shape it is like a pigeon, with a peacock's tail. Its feathers blaze with precious stones and a magnificent emerald hangs from its breast. According to an old Indian legend, whoever owns this bird will rule India. There is also a shield formed of

snuff boxes and valued at \$45,000, and a great quantity of beautiful cups and saucers, among them a rose-water fountain of silver, designed by the late Prince Consort and weighing nearly 3,000 ounces.

Detectives who reside at the castle as ordinary officials guard these vast treasures of plate, and also the jewels, which are locked in another underground safe. These jewels have, of course, nothing to do with the crown jewels, which are kept in the tower. They are the private property of the royal family. Queen Alexandra's personal jewelry is of immense value, and for precaution's sake has been all duplicated in haste. But Windsor Castle is not the place for the enterprising burglar to go "a-burking." There is an old law, still un repealed, which enables the reigning sovereign to put to death any person or persons through whose carelessness any of his gems may be lost. What would happen to a burglar one shudders to contemplate. The royal library at Windsor contains more than 100,000 volumes, among them many that would fetch enormous prices if put up at auction. There is a Metz Passler for which a collector would sell his last stick, a Charles I. Shakespeare, a magnificent Saxon on vellum and other treasures too numerous to mention. Below the library is a room containing one of the finest collections of prints in existence. These alone would probably fetch \$300,000 if sold. In the same room are no fewer than 20,000 drawings of the old masters and a collection of more than 1,000 miniatures. The late Queen Victoria collected these miniatures.

Every Home Becomes a Studio

By our original and practical system of teaching Art

We give you, RIGHT AT YOUR HOME in your spare hours, the most scientific and authoritative training in Art that has ever been prepared.

Our Courses have been prepared by the strongest combination of Art talent in America—by a staff of six of the ablest Artists and Teachers on the Continent—men and women who have spent years in the great Art centres of Europe.

HALL'S Sanitary Washable Distemper

Is a sanitary water paint. Sold by us ready to mix with water. One coat of this Paint gives an even and solid color and is all that is usually required. Leading sanitarians use and recommend it as the modern, artistic and hygienic wall-covering.

Sir Charles Cameron says: "The advantages of using a paint which contains an effective microbe destroyer are obvious." It is the

Most Sanitary Wall Paint of the Age

Its effect upon rooms is to make them look always clean, airy and spacious. It is applied with a white-wash brush, saving 40 per cent cost of labor. It sets hard, kills vermin and disinfects; is washable in three weeks. It neither cracks, blisters nor peels off. Does not fade or change color. Made in a great variety of pleasing colors, including rich dark as well as light shades. A special outside quality is made for use on stucco-work, wood-work, brick-work, etc. It makes walls that are a picture in themselves. Specially prepared artistic stencil friezes are sold for Hall's Distemper Decoration. Come in and see them.

SWEDISH DR. CRIPPEN ENTANGLED WITH LAW

Three Wives Die in Quick Succession, and Johan Eklund Faces Charge of Murder

Stockholm, Sept. 12.—Now that the body of the second wife of Johan Eklund, the accused wife murderer of Falun, has been disinterred, Scandinavian interest in the "Swedish Dr. Crippen" has become intense. Medical evidence as to the symptoms attending the deaths of the accused's three wives tend to deepen the suspicion against Eklund, and his explanations have proved halting and contradictory. He denies that he was drunk for two days before the death of the third wife, but neighbors declare he was intoxicated before and during that day. Eklund tried to explain her death as due to her drinking half a bottle of arsenic solution he had bought for his nerves, but Drs. Ardell and Carlsson denied the possibility of that, whereas they pointed out the rat poison supplied to Eklund just before was exclusively acid of arsenic and was strong enough to kill ten people. One witness said Mrs. Eklund told her in October that her husband insisted on her being insured before he married her, but inquiries of forty insurance officers have failed to locate such a policy. Dr. N. A. Ahlberg, of the Falun hospital, told how the second Mrs. Eklund was discharged cured in 1908, but almost immediately afterwards she died—an event which surprised him, very much. Then came sensational evidence from a witness who produced a bottle of arsenic he said he took from Eklund's desk just after the second wife's death. The name of the chemist had been erased from the label. He took the bottle and kept it because of the suspicious aloofness as to Eklund's Bluebeard tendencies, thinking that perhaps it would have value as evidence some day. Eklund had first denied any knowledge of this bottle and attributed its presence to spite, but on being told that the witness had sworn to his information he declined to proceed with his denial, saying instead that it must have belonged to his son's laboratory. Eklund continues to demand bail, but it has been refused.

SCHOOL-PRINCIPAL DEAD.

Emerson, Man., Sept. 12.—The death occurred Saturday morning of Duncan Creaser, principal of Emerson house school, after a brief illness of hemorrhage of the stomach. His home is in Winnipeg. The funeral takes place there to-day.

GERMANS IN AFRICA PREFER BRITISH RULE

Berlin, Sept. 12.—Germany's foremost political writer, Herr Maximilian Harden and Dr. Carl Peters, the real founder of Germany's African empire, have stated that the inhabitants of German south-west Africa are so intensely discontented with German rule that they have contemplated abandoning the German flag to join the British South African federation. The German colonists are presumably dissatisfied with the excessive bureaucratic control exercised over them by officials, many of whom have gone straight from Berlin without any real insight into colonial life. One German colony contains more government officials than white inhabitants and it is a matter of common knowledge that Germans, when they emigrate, go preferably to any part of the world rather than to the German overseas possessions.

WOMEN BUT CHATELAINS.

Mrs. Gordon Grant Says This Province is Worse Than Russia. Vancouver, Sept. 12.—The second annual provincial convention of the Council of Women concluded with an address by Mrs. Gordon Grant, Victoria, on "Citizenship." In which she said the position of women in British Columbia was worse than that of the women of Finland and Russia, and that women in this country were little better than a mere chattel. The progress of woman's suffrage has been rapid during the past three years. Eighteen parliaments in Europe and the United States had passed laws dealing with female suffrage. In Australia and New Zealand and most British Colonies women have secured the right not only to vote, but to sit in Parliament. In British Columbia the position of woman was unique, inasmuch as a single woman could vote, but when married she could not, thereby being placed in the same position as women in Russia. The conference will meet next year in New Westminster. Hon. W. J. Howser presided. Ewing Buchanan, president of the board of trade, and W. B. Johnson of Seattle, spoke at a mass meeting of women Saturday night.

HOSPITAL IS SAVED.

Montreal Public Comes to Aid of Institution. Montreal, Sept. 10.—Ex-Judge Lorange, president of the Notre Dame hospital governing board, announced that the institution had been saved, that practically \$200,000 had been subscribed, that the debt on the old hospital would be paid, that the necessary repairs would be started at once and that plans were being elaborated for the completion of the new hospital on Sherbrooke street east. Up to last evening the amount subscribed to the Notre Dame hospital fund reached the sum of \$194,000 and enough had been promised to bring the amount somewhat in excess of the required \$200,000.

EARNINGS OF THE C. P. R.

Montreal, Sept. 12.—C. P. R. earnings for the week ending September 7th totalled \$1,958,000, an increase of \$204,000 over the same week a year ago.

ROBBERS FALL OUT OVER LOOT DIVISION

One Shoots the Other With Fatal Results—A Seattle Tragedy

Seattle, Sept. 12.—An unidentified man, 43 years old, known as "Gust" was shot and killed Saturday in a room in the Russell House, 506 Seventh Avenue south, by Gust Eckola, bartender in a saloon. Eckola escaped. The police say the dead man was a thief and that he and Eckola quarrelled over the division of proceeds of two rich robberies in one of which \$30 was stolen from a young woman in a hotel in the restricted district and in the other, \$45 taken from a logger in the saloon where Eckola worked. Mrs. Matt Hill, proprietress of the Russell House, rushed up to two policemen on the street and said a man had been killed in her rooms. The policeman found a man lying in a pool of blood on the floor, still alive, but he died in a short time. Mrs. Hill said the shooting took place in the morning and was witnessed by her husband, but that the wounded man asked that the police be not notified. She said Eckola accused him of not dividing honestly, whereupon the man struck Eckola in the face. Eckola then drew a pistol and shot his assailant through the head. Both Mr. Hill and Katsaskato, a hired man, were arrested.

CANADA REMOVES EMBARGO.

Good Example Set for Great Britain. Ottawa, Sept. 12.—The embargo against cattle from Great Britain has been removed by the Canadian authorities. It was put on in consequence of an outbreak of foot-and-mouth disease in Yorkshire, and official notification that the disease has been stamped out being received from the British Board of Trade, Canada declares the embargo off.

YOUNG MAN'S SUICIDE.

Los Angeles, Cal., Sept. 12.—William Oliver Radford, son of Wm. H. Radford, a millionaire mining man, of San Francisco, committed suicide here Friday night by taking poison. The body was found Saturday night. A message was left for Mrs. N. G. Busch, 3343 South Jefferson Avenue, in which she is referred to as "The only girl I ever loved."

Too Much Red Tape and Bureaucracy in Colonies in South-west

Berlin, Sept. 12.—Germany's foremost political writer, Herr Maximilian Harden and Dr. Carl Peters, the real founder of Germany's African empire, have stated that the inhabitants of German south-west Africa are so intensely discontented with German rule that they have contemplated abandoning the German flag to join the British South African federation. The German colonists are presumably dissatisfied with the excessive bureaucratic control exercised over them by officials, many of whom have gone straight from Berlin without any real insight into colonial life. One German colony contains more government officials than white inhabitants and it is a matter of common knowledge that Germans, when they emigrate, go preferably to any part of the world rather than to the German overseas possessions.

Learn the Difference

Try Mooney's Biscuits with all the rest. See how much more flavory, crisper Mooney's are. Their superiority is due to our painstaking methods—our modern facilities and using the costliest materials. We get the finest cream and butter from the famous Western Ontario farms because we pay top prices. Our flour is a special blend. Yet they cost no more than common kinds.

Mooney's Perfection Cream Sodas

Canada's Standard Soda Crackers

Mooney's Perfection Cream Sodas are made in our large sanitary factory amid a flood of sunshine. Here in this splendid building with its hundreds of skilled employees—each an expert in his line—we create this delicious and nourishing biscuit. After these biscuits leave the ovens and while they are still piping hot, with all their oven aroma, they are packed in dust and damp-proof packages. We even ship them in our own private cars. No other biscuit manufacturer does this. So they reach your table—whole, flaky, and fresh. Try them today. At your grocer's.

The Mooney Biscuit & Candy Co., Ltd., Stratford, Canada

PILES

Dr. Chase's Ointment is a certain and guaranteed cure for every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. See all dealers or EDMANSON, HATES & Co., Toronto.

DR. CHASE'S OINTMENT.

Read the "Times"

About Your Suit!

You may be as "touchy" in regard to the looks, make and fit of your suit as you please and still you can be fully satisfied here.

We had particular folks in mind when we had our suits made.

Note the hang of the coat, the perfect fitting collar and lapels, the handsome shoulders, the grace of the trousers.

The designing, cutting and tailoring were all done by the most high salaried experts.

The patterns and colorings of the fabrics are entirely new.

Our Suits at \$18 and \$20

Are remarkable values—remarkable for all round goodness.

Come here, sir, with all your suit desires and we'll see that you are satisfied—yes, more—pleased at every point.

READ THE TIMES

SOCIAL AND PERSONAL

Mr. and Mrs. Edgar Fawcett returned last week from a short stay in Seattle.

Mrs. Clapham and Miss Clapham are the guests of Mrs. H. G. Ross, Vancouver.

Mrs. John Hirsch, Duncan, who was the guest for a few days of Mrs. Eberts, has returned home.

The Misses Eva and Florence Munroe have left for Toronto, where they will enter the Westbourne Young Ladies' College.

Miss Helen Spaulding has returned to her home on South Pender Island after a visit with Mrs. Mackay, Carberry Gardens.

Mr. and Mrs. Albert Sparrow, Vancouver, whose marriage was solemnized on Friday last, are spending their honeymoon here.

During her stay in Vancouver as a delegate to the provincial local conference of women, Mrs. Hasell was the guest of Mrs. Carey-Gibson.

G. McCalliard, of this city, was the guest of honor last week at a very pleasant party given by Mr. and Mrs. H. Craig, Point Grey, Vancouver.

Capt. A. D. McIntosh, McBride Street, left on Saturday evening to attend the provincial school trustees' convention at Kelowna. He will return to the city on Friday.

Mr. and Mrs. T. S. Gore and Mr. and Mrs. B. Heisterman are spending a short time at Banff, after which Mr. and Mrs. Gore will leave on an extended tour of England and the continent.

H. Crane, chief clerk in the department of the attorney general, has returned from a three months' stay at Tranquille and Enderby, very much improved in health. Mrs. Crane met him in Vancouver.

Miss Mason, Amphion Street, who with her brother, C. Dubois Mason, and his friend, Mr. Smith, of Vancouver, have been camping during the summer at Campbell River, have returned to town. Miss Mason has three very large canvases and a number of smaller sketches of the beautiful Campbell River scenery to show for her summer's work. Mr. Mason and his friend enjoyed some excellent sport. The trip was a very interesting one in many ways despite the visitation of swarms of mosquitoes.

Mrs. Mohun, 818 Blanchard Street, and Miss Newton, gave a charming afternoon at home on Thursday last in honor of their guest from Seattle, Mrs. Mohun received in a rich black satin gown, Miss Newton in a pretty white costume, their guest in a most becoming old gold satin. The drawing room was very prettily decorated for the occasion with sweet peas and gypsophylla, while the tea room was very artistic with yellow flowers and yellow shaded lights.

Prior to his leaving to assume his new duties as assistant principal of Dawson school, Vancouver, Mr. Pollock, late principal of South Park school here, was tendered a farewell at the home of Rev. T. W. Gladstone on Friday evening last, and presented by his co-workers with a handsome silver-mounted umbrella, suitably engraved. The presentation was made by Mr. Campbell, who succeeds Mr. Pollock as principal of South Park, and short addresses were made by Mr. Gladstone and Donald A. Fraser, both of whom spoke appreciatively of Mr. Pollock's work here, and wished him all success in his future career. Mr. Pollock made a suitable reply, and the remainder of the evening was pleasantly spent in social intercourse.

Exclusive Designs in Artistically Cut Glass

We have just opened up a large shipment of beautiful Cut Glass. In this will be found many new designs, the depth of the cutting reflecting many exquisite hues.

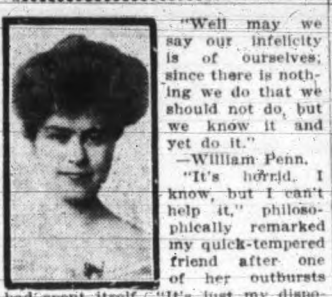

When purchasing any article of cut glass, you are getting something different, something which you will always be pleased with, all of which is imported by us direct from the largest manufacturers of America. Every article is richly represented.

Challoner & Mitchell Co., Ltd.
JEWELLERS.
607 Government St., Victoria, B.C.

Among those present were: Mr. Wattle, Mrs. Menka, Miss Long, Miss McLeod, A. E. Campbell, Miss Baxter, Miss White, Miss Roberts, Mr. and Mrs. McLean. Dainty refreshments were served during the evening.

The North Ward Athletic Association is busy making preparations for their grand opening ball, which will take place in the A. O. U. W. hall on Thursday evening, September 22nd. The committee in charge of the affair is now busily engaged in getting everything in shape for the event, and they hope to make the affair a grand success. The dances which the North Ward boys have held in previous years have always been most successful and they have earned a reputation in this line. This will be the first big dance of the season, and is being looked forward to by all the members of the club and friends with the greatest expectations. The Turner-Drössel orchestra of four pieces has been engaged for the occasion.

The Evening Chit-Chat

"Well may we say our infelicity is of ourselves; since there is nothing we do that we should not do, but we know it and yet do it."

—William Penn.

"It's absurd, I know, but I can't help it," philosophically remarked my quick-tempered friend after one of her outbursts had spent itself. "It's just my disposition to go off the handle and say what I mean and a good deal more."

"That's the kind of philosophy that keeps the world from getting better any faster than it does—the philosophy of 'I can't help it. It's just my disposition.'"

It is almost a universal philosophy. Everybody says it once in awhile and some people say it continually.

If you think that's exaggerated, watch for it. Ten to one, you will hear that or its substance half a dozen times in the next few days. And the same odds that you will be one of the offenders.

Hardly an hour after I had decided to write about the prevalence of the habit I actually caught myself answering, when I was accused of worrying unduly over something, "I can't help it. I've always been frightened to death of typhoid."

"I can't help feeling that way. I've always been terribly jealous."

"I can't help being so nervous when I'm in a boat. I've always been afraid of the water. I think it was born in me."

"I can't help sitting up late. I know it isn't good for me, but I do so hate to go to bed."

"I can't help losing my temper with him. He is so exasperating."

These are a few of the "I can't help it's" that I have gathered in the last two or three days since I have been specifically watching for them.

And not one of the people who said it seemed to be in the least ashamed of himself or to realize that he was using a word which ought not to be allowed to exist.

That's the worst about the "I can't help it" people. They are so conscientious. They seem to feel that that settles the matter in a very simple and comfortable way.

Some of them even seem to be rather proud of it. "I can't help it," he made that way, they announce as complacently as if they felt that, by becoming part of them, the fault or weakness was transformed thereby into something rather nice.

As a matter of fact it seems to me that the admission "I can't help it" is a much greater weakness than the fault you admit.

Honest acknowledgment of a fault is splendid as a beginning. To recognize your imperfections, it has been said, is half the cure. The grain of salt to take with that epigram is, "if with the recognition comes the intention and expectation of curing them."

"I can't help it" is the white feather shown by that which should be the proudest part of man—his will power.

Ruth Cameron

NEW GRAND THEATRE.

The New Grand this week has Walter Law, star of "The Spellers," playing with his company in "At the Threshold," a new tabloid dramatic playlet with which Mr. Law has made a success. The Grand has also for this week, La Belle Meecker, the physical culture maiden; England's impersonator, Emma Don, whose portrayal of male personages has brought her to perform before Royalty; Tom Gillon, who will appear as "Finnigan's Friend," and Will Lacey, the bicyclist, who scorns two wheels, and so rides and dances to music on one. This turn is framed on new lines, for dancing on

STYLISH FALL COSTUME.

Many of the larger shops are already showing fall fabrics and models. A charming model from which our sketch was made was of black and white plaid mohair, trimmed as shown above with bands of black satin and satin-covered buttons. Chemisette and stock were alternate bands of tuck-mousseline and Irish insertion, which also served as a finish to the short sleeves, the mousseline being finely plaited in this instance.

MONTEAGLE IS IN FROM ORIENT CRAMMED TO HATCHES WITH SILK AND TEA

Many Passengers, Both White and Yellow, Arrive From China and Japan

Crammed to the hatches with tea, raw silk, and other valuables from the Orient, the steamer Monteagle arrived in port yesterday nearly two days late.

She also brought 316 Chinese passengers and six Japanese in the steerage, and over seventy people in the saloon, making in all one of the best paying voyages that has been made across the Pacific for many a day.

The steamer had on board 1500 bales of raw silk and 200 bales of the manufactured article valued at \$800,000. She had also 2,000 tops of tea for which special care was made at Keelung, in Formosa, and Shimoda, in Japan.

The saloon list included Lieutenant John White, R. N., until recently commander of the river gun-boat Robin, flying on the Yangtze Klang; Rev. M. Deuchamp, a missionary from the Chinese Western provinces; Y. Yamakawa, one of the young journalists being sent to study at Columbia College for three years by the proprietors of two of the largest newspapers in Japan, the Osaka Mainichi Shimbun, and the Tokyo Mainichi Shimbun.

There was quite a little romance aboard the vessel on the homeward voyage. A lady passenger, Miss M. B. Bird, proved to be a great attraction to many of the officers and gentlemen passengers, and there was great rivalry, much jealousy being engendered by the manner in which she distributed her smiles.

Word was brought from Hongkong that the Chinese had instituted a boycott against American goods and had sent out circulars to all their countrymen. The proximate cause of this step is the detention of the steamer station at San Francisco from the mainland to an island, in which isolated position the Chinese allege that they are unable to procure surticles, and are therefore virtually imprisoned on the island.

The Monteagle discharged a quantity of freight at this port and then proceeded to Vancouver.

SHIPPING REPORT

(By Dominion Wireless) Sept. 12th, 8 a. m.

Point Grey—Clear; calm; fog 30; Cape Lazo—Clear; calm; fog sea-ward; 30; 52; spoke Alameda, 10.30 p. m., northbound; William Jolliffe reported—southbound off Ripple Point, 7.30 p. m.; spoke Santa Cruz with Princes May and Jolliffe, 8 miles from Cape Lazo, 8 a. m.

FAST SAILING.

Ship St. Paul Averages 240 Miles Every 24 Hours on Voyage From Alaska.

Averaging 240 miles sailing every 24 hours for five days of the few hours less than eight days she was on route, the bi-cannery ship St. Paul of the Northwestern Fisheries company's fleet arrived at Puget Sound Thursday with a record passage to her credit and a full cargo of new salmon in her hold.

The St. Paul broke all sailing records between Cook Inlet and the Sound and made all the more remarkable showing because becalmed a day off the entrance to the Straits and both crew and passengers were taken for 36 hours in an effort to clear the gulf of Alaska after leaving the Kenai river.

The St. Paul came in looking trim and neat instead of weather worn, as might have been expected after a season in the Northern salmon waters. The St. Paul brought more than 100000 pounds home.

RICH GOLD FINDS IN TIERRA DEL FUEGO

Steamer Lyra Brings Confirmation of Previous Reports of Strikes of Precious Metal

Confirmation of the news brought by vessels of the Kosmos line that discoveries of big deposits of gold have been found on Tierra del Fuego Island in the extratropical south of the Antarctic is furnished by those on board the Luckenbach Steamship Company's liner Lyra, which is now on Puget sound after bringing a big sugar cargo from New York to San Francisco.

According to those on the Lyra what was formerly a small settlement at Punta Arenas is now a thriving town of more than 15,000 inhabitants. Gold has been discovered and mines are worked far back in the interior of Tierra del Fuego Island. Even though the fierce winter snows and blizzards were raging while the Lyra was at Punta Arenas July 4, news of active pursuit of the precious metal on the island was brought to the vessel by those on shore.

One enthusiastic miner at Punta Arenas is credited with saying that the gold in Alaska will be insignificant in comparison to the strikes in far south Tierra del Fuego. Many of the wealthy owners of sheep ranches north of Punta Arenas have crossed the Straits of Magellan and are trying their fortunes on the new fields.

First news of the remarkable discoveries of gold in the Far South were brought here some months ago by vessels of the Kosmos line. It was said then that more than 250,000 ounces of the precious metal, valued at \$5,000,000, had been taken out in one season and conveyed to England. Much of the gold had been mined on the mainland north of Cape Froward and Punta Arenas, though a considerable quantity came from Tierra del Fuego.

The districts in which gold has been found belong to Chile and to the Argentine Republic. Facilities and encouragement are given to miners by both governments, and it is thought that this policy will attract a large number of prospectors to the new fields.

The Lyra will load on Puget sound for San Francisco and New York.

H. M. S. ALGERINE BACK AFTER NORTHERN CRUISE

Spoke a Number of Local Fleet of Sealers With But Small Catches

After a six weeks' cruise in northern waters, H. M. S. Algerine, Capt. Jones, returned to her moorings in Esquimalt harbor at 6 o'clock this morning. The trip was an uneventful one, and no exciting incidents marked the journey.

The weather during the greater part of the passage was dirty, and the little dog-boat was rather a hard time in the Bering Sea. The visit of the Algerine to the north was mainly to patrol those waters during the sealing season.

Two sealers were spoken by the Algerine while in the north. The Eva Marie, Victoria, reported having taken 200 seals, and a schooner registered from Liverpool, N. S., signalled that she had secured 94 skins. No other vessels were sighted in the north.

MARINE NOTES

Steamer Zealandia was spoken by the local station of the Dominion government wireless system at 11.45 last night when 55 miles off Flattery. She reported all well on board.

Steamer Princess May was reported eight miles from Cape Lazo this morning at 8 o'clock. She is in tow of the tug William Jolliffe and the Santa Cruz. She should arrive here this evening or early to-morrow.

Captain Bucknam, the local pilot, went away just after noon to-day in charge of the yacht Anemone, recently purchased by C. Taylor, of this city. The owner and party will go to Seattle and other points on Puget Sound before returning home. The captain is taking his holidays.

GRAND TRUNK FALL SCHEDULE

NORTHERN TERMINUS AT PRINCE RUPERT

Steamer Bruno to Connect With Princes and Run to Stewart Twice a Week

The Grand Trunk Pacific Steamship Company has just issued its fall schedule of sailings for the steamers Prince Rupert and Prince George. Both steamers are to continue on the run, but instead of going to Stewart they will remain at Prince Rupert connecting with the Bruno, which will make the run to the mining town. The local dates of arriving and sailing have been changed in order to give the steamers a longer time at Prince Rupert, so that the boilers may be blown down and a day off spent at that port.

The steamers will leave Seattle at 2 p. m. Sundays and Thursdays, arriving at Victoria at 7 the same evenings, and leaving again half an hour after midnight for Vancouver, which they will reach at 7 a. m. Mondays and Fridays. Leaving again at 11.30 they arrive at Prince Rupert 11.30 a. m. Wednesdays and Sundays.

On the south bound trips the steamers leave Prince Rupert at 8.30 Thursdays and Mondays, arriving at Vancouver 10 a. m. Saturdays and Wednesdays. Boats leave the Terminal City 2 p. m. the same day, arriving at Victoria 7 p. m. and leaving again for Seattle at midnight, reaching that city at 6 a. m. This morning the local office of the G. T. P. are removing their headquarters from the office on dock C and both the ticket and freight offices will be temporarily at the new freight office on dock B. These are much more commodious offices than the other, there being, besides a general office, a private room for Mr. Brown, the freight agent.

The big steamers will hereafter dock at dock B, and freight will be delivered there for transmission to the north. The entrance to that will be temporarily through the Victoria Dock Company's property, there having been a small subsidence in the new roadway caused by a rain Saturday night. As soon as this has been rebuilt the new road will be used.

The work is being commenced to-day on the foundations for the new ticket office which is to be built by Dinsdale & Malcolm, and which Mr. Duperey and his staff expect to occupy in the course of a month or two.

SHIPPING GUIDE

IN THE MATTER OF THE "NAVIGABLE WATERS" PROTECTION ACT, BEING CHAPTER 115 OF THE REVISED STATUTES OF CANADA. Each tender must be accompanied by the deposit bank cheque in favor of the Deputy Minister of Marine and Fisheries equal to 10 p. c. of the whole amount of the tender, which cheque will be forfeited if the successful tender declines to enter into a contract with the Department or fails to complete the steamer. Cheques accompanying unsuccessful tenders will be returned. The Department does not bind itself to accept the lowest or any tender. Newspapers copying this advertisement without authority from the Department will not be paid. For full particulars apply to the Deputy Minister of Marine and Fisheries, Ottawa, Canada, 22nd Aug. 1910.

TAKE NOTICE that James R. Stewart, named Act, has deposited the plans for and description of the proposed site thereof, to be constructed upon all that land owned and submerged land in West Vancouver, British Columbia, lying between Victoria Harbor, B. C., lying adjacent to and pertaining to Lots 6 (six) and 7 (seven) of Section 22 (thirty-two) Esquimalt District, and more particularly described as follows: Commencing at a point north fifty-six degrees and forty-five minutes east (N. 56 deg. 45 min. E.) and twenty-eight and seven-tenths (28 7/10) feet from the intersection of water mark of West Bay, thence high water mark of West Bay, thence south eleven degrees and six minutes east (S. 11 deg. 6 min. E.) a distance of six hundred and sixty-seven feet (667 ft.), thence east a distance of one hundred feet (100 ft.), thence north a distance of seven hundred and thirty feet (730 ft.), more or less, to shore line, and thence following shore line to point of commencement. TAKE NOTICE that the expiration of one month from date of publication hereof application will be made by the Governor in Council for approval. Dated at Victoria, British Columbia, this 10th day of August, 1910. HANINGTON & JACKSON, Solicitors for Applicants.

SHEEP INDUSTRY FOR CANADA

BULLETIN BY LIVE STOCK COMMISSIONER

Report Preliminary to Permanent Scheme for Upbuilding of the Industry

Dr. J. G. Rutherford, live stock commissioner for the Ottawa government, has issued the following article on The Development of the Sheep Industry in Canada:

For a number of years it has been evident and it is now a matter of common knowledge that the sheep industry in Canada, particularly as regards the general production of market sheep and of high class wool, has been in an increasing decadent condition. Not only has the number of sheep owned in the country been gradually lessening but the interest in sheep-growing has itself been on the wane. The census of sheep in Canada reveals the fact that the Dominion as regards the number of sheep kept compares not at all favorably with other great agricultural countries of the world. Indeed, as compared with them it has permitted sheep-raising to become a somewhat insignificant phase of its agriculture, notwithstanding its great adaptability both as regards soil and climate for the growing of mutton and wool. In 1909, according to agricultural returns, there were in the United Kingdom 31,338,822 head of sheep; in the Argentine 67,211,754 head, in Australia 77,043,266 head, in New Zealand 23,480,707 head, while the latest returns for Canada place the number at not more than 2,765,390 head. In view of the fact that sheep have not only a direct and primary value through the actual financial returns which they make to their owners, but because they represent as well in themselves a peculiarly important asset in agriculture owing to their ability to increase soil fertility and to check and destroy the growth of weeds upon the land, the situation which the above figures suggest appears to be a rather critical one and one which may well receive careful consideration. The returns for the decline in the sheep industry in Canada have been the subject of much comment in various ways and while these need not be discussed in this note it may be well to state that the live stock branch has had its attention very urgently directed toward the present unsatisfactory status of the business and in recognition of its importance to the country generally, has now decided that it is time to take for the Canadian government to consider a comprehensive policy and to undertake definite and extended measures likely to operate toward the encouragement, improvement and development of the industry as a whole.

As a preliminary to the adoption of any settled policy and in order that the live stock commissioner may inform himself thoroughly as to the details of the sheep and wool trade in Great Britain and the United States and as to conditions as they actually prevail in Canada, the minister of agriculture has authorized the appointment of a committee of two competent men to investigate the sheep situation in general in the three countries named. At the same time it is the expectation that without an actual visit they will gather as much information as possible concerning the trade of the other great sheep producing countries in so far as it may be of interest in the development of the industry in Canada. It has been thought advisable to have this committee consist of, in the first place, a wool expert whose special training has made him familiar with all the technical and practical phases of wool markets and woolen manufacture in the United Kingdom and Canada and in the second place, a capable Canadian sheep breeder whose experience has given him a somewhat extended knowledge of sheep-farming in this country. These gentlemen have already been appointed and are at present pursuing their investigations in Great Britain. The personnel of the committee consists of Mr. W. T. Ritch of Manchester, England, and of Mr. W. A. Dryden of Brooklyn, Canada.

Mr. Ritch though perhaps unknown to the members of the Sheep Breeders' Association has had familiar and honorable relationship with tradespeople in Canada for a period of years, having represented widely in this country certain English cloth manufacturers whose interests he served efficiently and acceptably. Mr. Ritch's experience has made him thoroughly familiar with the woolen industry in England and Scotland, with the wool markets and manufacturing districts of that country and has besides given him a general knowledge of the woolen trade, including that in staple and shoddy articles and in the manufactured product both of England and America. He has visited also in a business capacity Australia and New Zealand and had made careful observations concerning the growing and marketing of wool in these countries. Combined with his technical knowledge, Mr. Ritch has acquired a practical understanding of the growing and handling of wool on the farm and together with this has evidenced an enthusiastic and intelligent comprehension of what may be expected from the development of the sheep industry in Canada, thus commending himself to the attention of the commissioner in connection with the appointment to the committee. It is felt that Mr. Ritch will be able to place such information at the disposal of the minister, his officers and of all interested in sheep breeding in this country as is likely to be particularly valuable in the furtherance of the scheme for the upbuilding of the industry which is now in contemplation.

The other member of the committee, Mr. W. A. Dryden of Brooklyn, Canada, is very well known to the stock breeders of Canada. The present owner of Maple Shade has taken his own study of the qualities which gave his father so large an influence in his own province and, although as yet a comparatively young man, has acquired

knowledge of the stockman's art which has already brought him to the fore amongst Canadian breeders. Mr. Dryden's collegiate and agricultural education has been such as to bring him into demand in a more or less public way and, in recent years, he has been about Canada a good deal in connection with judging and other work under the supervision of the live stock branch. Mr. Dryden's judgment is practical and his recognized popularity speaks well for the confidence which may be expected from his fellow-breeders in his ability to perform with credit to himself and them, the work which he has now undertaken. In combining the services upon this committee of a practical sheep man with that of a technical expert the department has reason to believe that the problems of production and of marketing, both as regards wool and mutton, will be studied and discussed in such close relationship that the results of the inquiry will most successfully serve the purpose for which it is undertaken. After consultation with the live stock commissioner the members of the committee have, of course, been allowed the liberty of depending largely upon their own initiative in planning their route and in evolving the details of their investigations. The general procedure will, however, be somewhat as follows: Mr. Ritch preceded Mr. Dryden to England in order to attend a number of important wool fairs, in progress during August and September. There he will be in close association with wool merchants and with men interested or engaged in the woolen trade in its several branches and will thus be enabled to discuss with them in all its phases the various details of the industry in connection with both home and foreign markets.

Both members of the committee are arranging to be present at the big late summer and autumn sheep sales which are annually held in the latter part of August during September and in October. They will visit Smithfield and the larger meat markets of London and of other important cities. It is possible, also, that they will be present at the annual ram sales at Kelso and at one or two other leading centres. This will bring them into intimate touch with sheep breeders, mutton raisers, dealers, butchers and provision men in all the important localities. It will give them an insight into conditions and methods as they prevail upon the farms throughout the country. It will direct their attention to the systems of marketing in operation in every stage of the business. It will furnish them with information concerning prices, profits and as to the extent and nature of the trade, and in short, give them a knowledge of the great sheep industry of the United Kingdom and of the import trade in dead mutton and lamb. It is hoped that the investigations in Great Britain will put the branch in possession of such information and of such facts and statistics as may enable it to intelligently assist in building up a great Canadian business in the raising of sheep and also in finding a place for the Canadian products of wool and mutton in the commerce of the world.

Returning to Canada the investigators will visit all the provinces and interview prominent sheep men and manufacturers in order to familiarize themselves with the difficulties, drawbacks and defects in connection with conditions as they now prevail, and which have hitherto operated to retard the advancement of the sheep industry in the country. It is expected that they will gather information as to the injury inflicted on our agriculture through the decline of interest in sheep raising, that they will take note of the localities where the growing of sheep could be most easily and profitably encouraged and that, bringing to bear the suggestions gleaned from their general inquiry upon the various phases of the situation as they find it in Canada, they will draft recommendations for the guidance of the minister in framing, in the near future, such a policy as will prove in the best interests of the industry.

If time permits Mr. Ritch and Mr. Dryden will also visit the United States. In many states of the Union, as compared with Canada, almost uniform conditions prevail, particularly as regards the advantages that are possible and which may be derived from an extensive sheep trade. Many single states own more sheep than are to be found in the whole of the Dominion, and although to the south of the line there may be some discouraging features in the general situation, nevertheless there may be much in the way of suggestion to be learned from that country. Further, trade relationships between the two countries must always be more or less intimate and as the United States, notwithstanding its severe duty, imports annually from Canada a goodly quantity of wool, it would seem to be of direct advantage to have some specific information concerning the status of the trade in the former country and also as to its availability as a future market.

Canada has undoubtedly wonderful possibilities and large opportunities in connection with the development of its sheep population. The present investigations have been undertaken as preliminary to the adoption of a permanent scheme for the encouragement and upbuilding of the industry. In the belief that Canadian agriculture must, of necessity, suffer severely while sheep remain so few in number in the country, the minister and his officers will not be satisfied until statistics show a return of at least ten times the present estimate and until sheep raising has established itself as a recognized factor in promoting the national prosperity.

Western Realty Co.
 Room 4 New Sylvester Building. 715 Yates Street

INJURED BY HOBBLE SKIRT.

Paris, Sept. 10. — Two Parisiennes have been the victims of serious accidents through their devotion to the tight-fitting or "hobble" skirt. Madame Detriere, wife of a mining engineer, wearing one of these freak gowns, was alighting from a taxi, and the skirt restricting the movement of her limbs, she missed the steps of the auto and fell in the roadway, breaking one of her legs and sustaining severe abrasions of her face. The second victim of fashion's decree, Mme. Menetrey, who lives at Enghien, outside Paris, was also injured while alighting from an automobile. She fell, and her face struck a piece of a broken bottle, which inflicted a frightful wound. She also broke her right ankle.

MOIR BRIBED THE GUARDS.

Ottawa, Sept. 12.—Sensations that will startle Canada are expected as a result of the recent escape of the famous Gunner Moir, the London murderer from the Hamilton asylum. It is alleged that Moir had \$200 and loaned it to asylum attendants. They could not pay him and as he promised not to press them for it, they furnished him with keys which enabled him and another murderer to escape.

CANADIAN HOME JOURNAL.

The Canadian Home Journal has just celebrated its fifth birthday, and has come out in a sixty-page issue. New departments have been introduced and the current number is one which all Canadians should be proud to support. The Dominion has been flooded too long with American journals, especially those devoted to women, with their tiresome "heart to heart" talks, and their features much better suited to the privacy of the home than to be scattered broadcast. This is Canada's growing time, and Canadians from the Atlantic to the Pacific should stand by their own magazines and their own writers. E. Phillips Oppenheim, whose new serial, "Jeanne of the Marshes," begins in the current issue, is a well-known English novelist and is deservedly popular. Later on a Canadian serial by one of our best-known writers will be run. Arrangements were made at the sixth annual meeting of the Canadian Women's Press Club, held in Toronto in June, by which news of its members should appear from time to time in the pages of the Canadian Home Journal. This will be sure to prove a most interesting feature, as it will enable women writers wherever situated to keep in touch with each other. A page for juveniles and a large space devoted to fall fashions, help to make up a noteworthy number.

PROVINCIAL CONFERENCE

FIRST DAY'S SESSION COUNCIL OF WOMEN

Interesting Proceedings at Vancouver—Report of Work in B. C.

No business of great importance was transacted at the first day's sessions of the provincial conference of the Councils of Women of British Columbia which opened in St. Andrew's school room, Vancouver, on Thursday morning. Among the delegates present from Victoria were Mrs. Cooper, president of the Victoria Council; Mrs. Gordon Grant, Mrs. William Grant, Mrs. Spofford, Mrs. Hasell, Mrs. E. G. Hay, Mrs. Chipman-Skinner, of St. John, N. B., who is prominently identified with council work in her own city, was present as a guest, as was also Mrs. Cook of Victoria, while a number of Vancouver members were also present.

Miss Bowes conducted the devotional exercises which preceded the morning sermon, at which the chair was taken by Mrs. R. S. Day of Victoria, provincial vice-president. Mrs. Hasell was elected conference secretary and Mrs. C. B. Towney press secretary.

On behalf of the Vancouver council, Mrs. P. McNaughton welcomed the visitors in a brief speech in which she expressed the hope that great benefit would be derived from the gathering and from the interchange of ideas that would result from it. In the course of her address she quoted the words of an eastern divine, who, in speaking recently of the National Council of Women, said that it was a triumph organization, and one of the greatest unifying forces among the nations, and that he looked for the development of a world's conscience by its service. It preached a higher doctrine than the survival of the fittest, in as much as its aim was to restore the unit and help the helpless. He looked upon the sympathy and he felt that by such gatherings and work as this, public opinion would be formed, and afterward established into law. Her welcome was replied to by Mrs. Cooper of Victoria, and Mrs. Herring of New Westminster.

Mrs. Day, who was a delegate from this province to the annual meeting of the National Council recently held in Halifax, read the report of the council work in British Columbia which she had presented at that gathering, and which had been approved by the National Council. Her paper, which was a carefully prepared one, covered a wide scope and showed that the writer possessed a comprehensive knowledge of the part women must play in the development of the west. At the suggestion of Mrs. Gordon Grant and Miss Bowes, the hearty thanks of the assembly were conveyed to Mrs. Day and Mrs. McNaughton.

The delegates were entertained to luncheon at the Hotel Dunsmuir, after which the afternoon session was opened when Mrs. Day gave a very interesting report of the meeting at Halifax. Among other points of interest she brought before the women the necessity of having a larger representation from British Columbia at the national gathering. Mrs. Day and Mrs. Andrews of Victoria, were the only representatives at Halifax coming from west of Ontario, and she pointed out the benefits the western councils would derive were they more adequately represented and urged that a larger delegation be sent to the next national meeting. Mrs. Day explained that at this meeting a number of matters had been taken up and arrangements made that they might be brought before

the next quinquennial congress in 1914. Among others standing committees were formed on employment for women, technical education for girls in the public schools, and for the collecting of data on all questions concerning children, their reports to be laid before the quinquennial congress to be dealt with by that body. Mrs. Day also explained various proposed amendments to the constitution. For her very excellent report a vote of thanks was proposed by Mrs. W. H. Griffin and Mrs. Lucas.

The meeting then adjourned and the delegates were driven to the Industrial Home at Point Grey, motors having been kindly lent by Mrs. A. Bellane, Mrs. R. P. McLennan, Mrs. A. M. Sutherland, Mrs. Clark, Mrs. Fee, Mrs. Walker, Mrs. C. S. Douglas, Mrs. W. D. S. Rurison, Mrs. Norman McLean and others. Superintendent Donaldson showed the visitors over the grounds, which are looking very attractive just now with their gay flower beds and neatly kept vegetable gardens. They were then taken through the house, visiting the dining room, the kitchen, the bakery, where 200 loaves of bread had just been taken from the ovens; the school room, where half of the boys were at school, while the other half were engaged otherwise, some making boots and others working on their uniforms; the dormitories, with their neat rows of white beds, and the little hospital ward with the nurses' room adjoining. Half of the boys attend school in the morning and the others in the afternoon, and those who were found at work in the school room were given a short address by Mrs. Cooper of Victoria. Tea was afterward served in Mrs. Donaldson's private apartments, the refreshments having been furnished by Mrs. Stark. The ladies were then driven to the Detention Home on Tenth avenue, where they made a short visit.

An invitation was issued to the delegates to attend the lecture given in St. Andrew's church on Thursday night by Dr. Anderson Scott of Cambridge University, England, who has been giving a course of lectures at Westminster Hall and who spoke on Charles Lamb. The lecture was given under the auspices of the students of Westminster Hall, and a number of the visitors accepted their invitation.

MAY SUE ROOSEVELT.
Legislator Acquitted on Bribery Charge is Thinking of It.

Chicago, Sept. 12.—Lee O'Neill Browne, acquitted on a charge of legislative bribery in connection with the election of United States Senator Lorimer, refused to confirm or deny a report that he will sue Col. Roosevelt for libel because of Roosevelt's statements concerning the legislative hearings and trials resulting from the Chicago Tribune's exposure of the alleged bribery in the legislature.

"I am going to bide my time," Browne said. "Then the newspapers and the public will see what I will do. I am going back to my own county to start a big fight for re-election and I think I will win. I have not had time to give Roosevelt or the Tribune any thought. What I may do still is a matter of conjecture."

State's Attorney Wayman is preparing evidence for the bribery trials which will be held in Springfield. Much of the evidence gathered for use here was not admitted but Wayman is confident that it will be available there.

CHINESE TONGS AT WAR.
Oakland, Cal., Sept. 12.—The arrival here to-day of seven Chinese, alleged by the police to be gunmen employed by one of the warring tongs, is believed by the authorities to mean that the Orientals have shifted their base of operations from San Francisco to this city.

For several days there has been a noticeable unrest in the Chinese section. Following the arrival of the seven mysterious visitors to-day the streets of Chinatown are almost deserted. The police believe the local Chinese were informed in advance of the invasion. Special officers were detailed to duty, and every effort will be made to prevent bloodshed.

STRIKERS INDICTED.
Four Hundred Will Be Arrested, In Quaker State Town.
Greensburg, Pa., Sept. 12.—The grand jury Saturday afternoon returned indictments against 400 striking miners on charges of rioting as the result of recent disturbances growing out of the coal miners strike.
Wholesale arrests have been made since the indictments were read in court.
The grand jury also recommended the erection of a new workhouse, to relieve the congestion of the local jails which have been filled with strikers.

Itching Scalp Ceases After One Application

D. E. Campbell is Willing to Guarantee Parisian Sage Because He Knows It Gives Satisfaction to All Who Use it.
Most druggists know that there is no hair preparation that gives so much satisfaction as Parisian Sage which is now on sale all over Canada.
The reasons are many.
A large, generous bottle for 50 cents.
The only hair tonic that is sure to kill the dandruff germs.
A rigid guarantee to cure dandruff, stop falling hair and itching scalp in two weeks or money back.
Keeps the scalp cool in summer and

free from unpleasant odors.
Will make any woman's hair bewitchingly charming in one week.
Grows hair and makes it soft, brilliant and luxuriant.
And here's more proof:
"Some fourteen years ago I had typhoid fever. It caused my hair to nearly all fall out. I have since used and tried several hair tonics and restorers, but nothing ever made my hair grow in until I tried a bottle of Parisian Sage. The use of Parisian Sage cooled and cleansed the scalp, removed all the dandruff, and left my hair silky and glossy in appearance, besides making the new hair grow in. To-day I have an abundance of hair, hardly any gray hairs, and no dandruff.
Is it any wonder that I praise Parisian Sage?"—Mrs. Ann E. Moody, 1905 Bathbridge St., Manchester, Va., April 2, '09.
Leading druggists everywhere sell Parisian Sage. D. E. Campbell sells it in Victoria for 50 cents, on the money-back plan. The gift with the Auburn hair is on every package. Mail orders filled by Groux Mfg. Co., Fort Erie, Ont., some Canadian makers.

REAL ENGLISH-BUILT BOOTS AT WHOLESALE PRICES

STOREKEEPERS' EXPENSES ABOLISHED. The "MIDDLEMAN'S PROFIT CUT AWAY. Wearers can now import their own boots direct from England, thus saving all intermediaries and unnecessary dealers' profits. GRAND FORKS BOARD OF TRADE OFFICERS Fitting Up Permanent Quarters-Freight Rate Discrimination Discussed.

Grand Forks, Sept. 10.-The annual meeting of the Grand Forks board of trade was held in the city hall, President Hood presiding. T. A. McIntyre was appointed secretary pro tem.

The election of officers resulted in the choice of A. B. Hood as president, and R. J. Gardner as vice-president. P. H. Donaldson was elected secretary-treasurer for the current year, and J. L. Melkie assistant secretary.

The president appointed the following standing committees: Freight and express, E. Davis, N. L. McInnes and G. D. Clark; industries, Mayor Clark, W. K. C. Manly and H. A. Sheads; advertising, R. J. Gardner, J. W. Rutherford, Martin Burrell, H. W. Collins, F. Miller and the secretary.

The committee appointed at the last meeting to solicit members and subscriptions towards fitting up permanent quarters for the board, reported having secured thirty-three names and donations amounting to \$27.50.

The question of discrimination in freight rates between this point and the Okanagan country to the prairie provinces was referred to the freight and express committee.

TWO BROTHERS DIE. Found Dead in Their Cells in Nelson Jail-Inquest is to be Held.

Nelson, Sept. 10.-At Cranbrook two brothers, Walter and Robert Hoag, were taken in by the police suffering from severe alcoholism. They had been in town for a week and were known to be drinking heavily. They were taken to the police lockup and the doctor prescribed for them. During next day they showed signs of betterment and were resting quietly when the jailer attended to their wants. His surprise was great when he found both of them dead in their cells.

The chief of police communicated with Dr. Connolly, the coroner, who directed that an inquest be held. The inquiry was adjourned in order to have a post-mortem examination of the remains made, it being considered by the jury an extraordinary occurrence that both brothers should die at the same time of the same cause.

The Hoags came from Travelers' Rest, near Huntington, Prince Edward Island. They were well-known here as first class sawyers who always worked together. It was their boast that if one were found at one end of the saw the other was sure to be in charge of the other end. They were inseparable and intensely devoted to each other. A short time ago one of them was injured in the woods and the other nearly lost his life through anxiety at the occurrence, it is said.

TO KEEP THE SKIN CLEAR You Must Learn for Yourself the Virtues of DR. CHASE'S OINTMENT. Dr. Chase's Ointment is so pure and clean, so delightfully soothing and healing and so certainly effective in making the skin soft, smooth and clear that it has only to be tried to be appreciated.

But have you realized that as a means of clearing and beautifying the skin it has no equal and no rival. Pimples, blackheads, roughness and redness of the skin, irritation and eruptions of every form yield readily when this soothing, healing ointment is applied frequently.

The cold winds of winter, and spring bring actual suffering to many people whose skins are tender and easily irritated. To such Dr. Chase's Ointment is of inestimable worth. Sixty cents a box, all dealers or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Receipt.

EE SPEAKING FROM EXPERIENCE EE THE DOCTOR: "Ah! yes, restless and feverish. Give him a Steedman's Powder and he will soon be all right." EE CONTAIN NO POISON EE

- Lore Yuen Song vs. Wing Fong Co.—stood over to next court.
- Kelly vs. Morton—Sept. 21st.
- Hollingsworth vs. Peters—Sept. 27th.
- Frame vs. Vailo—Sept. 14th.
- Wright vs. Victoria City—Day to be fixed.
- Britten vs. C. P. R. Co.—Day to be fixed.

What Other People Think

CHOICE OF MINORITY

To the Editor:—I think it would be well at this time for Mayor Morley to remember that he is the choice of but a minority of the civic electors. He is elected by virtue of the vote of a bare one-third of the electorate, having received 1,487 votes out of the 4,256 votes counted.

WARD FIVE.

HUNTERS' DANGERS.

To the Editor:—Now that the hunting season is about starting, in the interests of safety, it would be well to know where and who the coward was that shot Mr. D. Allan, the fool that shot Mr. Fry, and where they will be hunting, as all hunters will have to beware of them, and if any shooting of their kind is to be done that those that would be in danger of being victims may have a chance of getting in the first shot.

NOT A MAN HUNTER.

MR. ALLAN'S CASE.

To the Editor:—I have read with painful interest a letter from Mr. E. D. Allan appearing in your issue of Friday about the terrible calamity which befel him a year ago. If the inhuman culprit will not avow himself why should not the departments of justice endeavor to bring him down, and make him pay the penalty of his crime? Yes, why? Solomon said, "money answereth all things." If money is wanted to press for the ends of justice let it be found. Who bids to help? I feel sure that either of our daily papers will open a fund to aid justice or compensation in so serious a matter. If a fund can be started the writer will give \$5 and will be glad to receive communications on the subject.

Friends of justice and right, come on the 64 Yates St. JOSEPH PETERSON.

A WORKINGMAN'S VIEW.

To the Editor:—With your permission, I would like to focus the attention of the citizens on the question of the wages for the civic employees. I think that it is perfectly clear to the minds of those who are not in sympathy with workmen occupy a status in the community that is worth while considering. The spirit of the times indicate a rising prestige for the common toiler. People are realizing more and more that they are more than a mere necessity to human society. It is evident, nevertheless, that the present city council have failed to realize this—that is, if their recent actions are anything to go by.

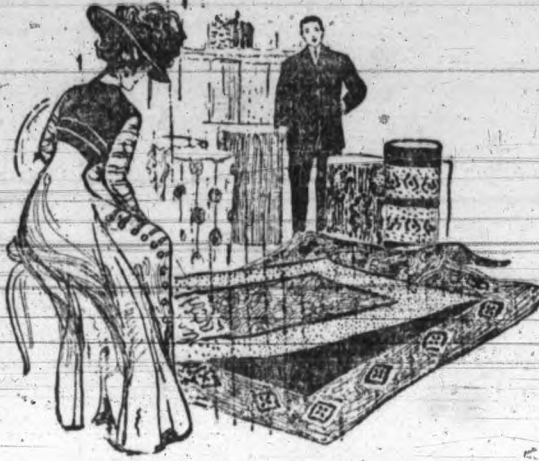

Last Friday evening a treat was afforded them in the visitation of a deputation of city workers. Their business was to urge their views on the question of a standard wage for all those working on the outdoor staff of the city. Mr. A. R. Sherk outlined briefly their contract, advanced various arguments in their favor. This being done, a few questions were asked by different members of the council. Amongst some of the questions was one relating to the average wages paid to laborers in Vancouver. One of the deputation replied, giving figures obtained from one of the local papers, wherein a statement was to the effect that "the general laborers received \$23 per day, or 35 cents an hour, 4 hours in the week." The chairman also read figures obtained from someone in Vancouver showing the wages on the city work from the foremen down to the ordinary laborers, and compared them with the wages paid at present in this city. This, I thought, was a glaring example of the unfair way that the chairman treated the question. Would anyone with any sense of fair play strike an average between the former and the latter? In view of the fact that the proportion in numbers of the latter were so large, while that of the former so small, I think that it was a contemptible method of calculating the average wages in all justice, he should have eliminated the foremen from his reckoning and took the average of the men under them. According to his reckoning, it would appear that the average is far above what the men were in reality getting. Every worker knowing that it is the reverse. Yet, Alderman Bannerman, the chairman, says he always believed in treating the workers fairly.

The Mayor, "the friend of the working-men," gave a few palliative words of sentiment, moral obligation and such like. He evidently thought that the workers had come there on an errand of sentiment. If so, his past mistakes are placed in the background as compared to such an error. The workers were there on business. Life is a business in itself, and not mere sentiment. When the worker's existence depends on the labor power that he has to sell, moral obligation is generally given a secondary consideration and "business" is introduced into a serious business. The same course is pursued whether the employer be a private individual or a civic council. This Worshipful says that he is opposed to making the question of wages a cold-blooded proposition (it always was nevertheless), and wanted it to exist as at present on the sentimental basis. At the present, if a man working for the city falls to do enough work for his foreman, he is speedily dismissed. Great sentiment, forsooth! Moreover, puzzle, find the moral obligation if the same unfortunate worker goes to the Mayor to get another "job." Such talk as the Mayor uses is a splendid subterfuge whereby to fool the workers. Fortunately, it does not work with everyone. He says that he believes in justice. Wherein, then, lies the justice of giving one man using the pick and shovel in one department of civic work the sum of \$23 per day, while another man using the same kind of tools in another department gets the begrudging wage of 25c per day? Must this be the case? Must the Mayor and Alderman Bannerman be

Our Taste Is the Standard---Convince Yourself

There is only one way to satisfy your curiosity, and that way is to see for yourself. Your friends who think this is the finest store they have been in in the West tell you so, but you cannot believe it, and if you are a stranger in this city you start to argue with them. You could save yourself all this trouble if you would wait till you could see for yourself. Come to-day and be convinced. You can't help yourself once you get a glance at what this store contains.

Squares Are Popular With Many Homekeepers Ever Tried One?

The homekeepers who favor rugs and Squares as the ideal floor covering, will find in this display of ours much of intense interest. No such a showing of such lines has ever before been attempted in this Western territory.

Hundreds of Rugs and Squares are on display and shown so that but a few minutes are necessary to show you the entire display. The very latest in rugs and squares and the most modern way of showing same.

And the values—look at the price ranges. Every one is a guaranteed quality. See them.

INGRAIN SQUARES, from \$5.00 to	\$29.00
TAPESTRY SQUARES, from \$9.00 to	\$26.00
BRUSSELS SQUARES, \$16.00 to	\$42.00
AXMINSTER SQUARES, \$18.75 to	\$65.00
WILTON SQUARES, \$27.00 to	\$48.50
VELVET SQUARES, \$24.00 to	\$42.00
SMYRNA RUGS, from \$30.00 to	\$55.00
GENUINE ORIENTAL RUGS—All prices.	

Kensington and Krypton Wool Squares Are Favored Styles

These lines of Wool Squares are decidedly popular with Victorians. Their excellent style and splendid wearing qualities commend them to those who must expend their carpet appropriation to the very best advantage. The art patterns and colorings are very pleasing. They are excellent wearers and are reversible. We can heartily recommend them.

See these Kensington Squares—	
Size 2 1/2 x 3 yards, at each	\$11.00
Size 3 x 3 yards, at each	\$13.00
Size 3 1/2 x 3 yards, at each	\$15.00
Size 3 x 4 yards, at each	\$17.50
Size 3 1/2 x 4 yards, at each	\$21.00
Size 4 x 4 yards, at each	\$23.50
Size 4 x 4 1/2 yards, at each	\$26.00
Size 4 x 5 yards, at each	\$29.00

Krypton Wool Squares are of extra heavy weight. They are reversible—giving double wearing surface. Charming art designs and colorings, specially desirable for bedroom use.

Size 3 x 3 yards, at each	\$19.00
Size 3 x 3 1/2 yards, at each	\$22.00
Size 3 x 4 yards, at each	\$25.00
Size 3 1/2 x 4 yards, at each	\$29.00

What We Are Offering in Silverware

If you are not already familiar with the excellent offerings of our silver shop, you should get acquainted with this section of the big store at your first opportunity. Here's an opportunity to become acquainted—come in and see some of these articles listed below.

The largest and best factories in the world contribute to the showing, and you'll find much of interest awaiting you. Come to-day—there's no better time.

BAKE DISHES, \$6.00	CAKE BASKETS, \$3.50	CASSEROLES, \$6.00

PETER McQUADE & SON

SHIPCHANDLERS. Sole Agents.

With Mr. was a revelation to all present of the wonderful power behind the simple words. Mr. and Mrs. Codd, who were well known in musical circles in their home city, Winnipeg, will be a much prized addition here during the coming season. The song service vice. There was a very large attendance throughout the evening and the theme, "Songs in the Night," or Jesse Longfield, organist and choir "Hymns of the Blind," the composers' master.

opposed—let the workers please remember the suggestion of a standard wage, that is for the workers directly employed by the city. But what about men working for the firms doing contract work for the city? Is it not a fact, Mr. work for the city? In it not a fact, Mr. Editor, that in the contracts a clause compelling the contractors to pay a minimum wage of \$5 per day of eight hours—a fixed standing wage, mind you—to its employees? Thus we find them forcing the contractors to pay a standard wage and at the same time refuse to have the same for the workers directly employed by the city. Very consistent, are they not?

The fact of the matter is, the workers are getting tired of such sentiment. What they want is justice. They have a stake in the community that needs to be protected. I have no objection to what is being done to make this city attractive to tourists, but after all, everyone will agree that the people who do the most lasting benefit to the city are those who make their permanent homes here. Some of the civic workers are property owners, own a lot and perhaps a shack on it; others rent homes, and others, not counted among the benefactors, who may some day make their permanent homes in this city. What encouragement is the city council going to give them to live permanently? Are they expected to live here if they can live better elsewhere? They have to work, forced by economic conditions, in order to live. If they move from one place to another it is because the prevailing conditions of industry forced them to. Does the city council think for one moment that any young man will remain in this city if he can get a higher price for his labor power in some other place? So long as he has to sell his labor power he is justified in going to the place where he can get the most for it. This is a vital question to the city, as well as to those directly con-
