# Giants Even Series By Terrific Hitting, Winning To-day 8-5

### Zankees Got Off to Early Start By Knocking Toney Out of Box But Giants Murdered Offerings of Two Yankees' Twirlers; Three Home Runs in Game.

Polo Grounds, New York, Oct. 11.—The Giants came back once more and trimmed their Manhattan brethren in the sixth game of the series. The score was 8-5 and the count in the series is three games apiece.

The Yankees' pitching and fielding was shot full of holes to-day. They got away to a good lead in the first inning but their pitchers were unable to tie the hands of the Giants' sluggers and to help along the avalanche of runs which followed. Huggins' fielders booted two easy chances.

It was one of those games full of thrills. Three home runs were inserted, the Giants bagging two and the Yankees one. The National League champions outthrew their supposedly invincible opponents by two to one.

Miller Huggins picked on Harper as his moundsman, while Toney was McGraw's choice.

Both Pitchers Yanked. Neither pitcher lasted two innings. Toney did not get through the first frame. The Yankees took to his flinging with a vengeance and Barnes was called from the dugout to stop the score.

It looked like a Yankee victory in the first inning. Three runs trickled through on three hits. This was a bad handicap for the Giants to overcome but the Yankees did not allow a few grass-eating stunts on the coaching line in the second and the score was tied up.

The rattle of hits made sweet music to the Giants but it made the Yankees curl up.

George Kelly led off with a walk and Emil Meusel sent a long fly into the stands for a home-run. Fred Fawcett, the youngster who replaced Ruth, shoved himself into the hall of fame by smacking a homer, which made the third in this inning, a record for a world's series.

The Giants staged another fighting, hitting rally in the fourth and went to the front to stay. On four hits they scored four times.

Kelly hitting his hitting eye in form. He walked, hit three singles and struck out once in three times up.

Fawcett, who was in citizen's clothes to leave the Yankee bench, Fawcett up, Fawcett walked, Peckinpah up.

Polo Grounds, New York, Oct. 11.—The batteries were: Toney and Snyder for the Giants, Harper and Shang for the Yankees.

A large crowd was on hand when the players took the field. The outfield stands were jammed, but there were some large spots in the upper section of the grand stand.

# RAILWAYS' EARNINGS EXCEED OUTLAYS

### Canadian National Showed Balance in August Success Nearer Than Was Hoped, Says Hanna

Toronto, Oct. 11.—In a statement to the public D. B. Hanna, president of the Canadian National Railways, says: "It is a matter of extreme gratification to me to be able to announce to the Canadian people that during the month of August this year the gross revenues secured from the operation of the Intercolonial, Prince Edward Island, National Transcontinental, Trunk and Pacific and Canadian Northern Railways exceeded the expenses by a substantial amount. This is the first monthly profit since the railways have been operated by the Board that it has been possible to present such a favorable statement. While I do not wish to appear as unduly optimistic, I do believe that the economies effected as the result of the consolidation are beginning to be reflected in operation and that the day is not far distant when the National Railways will be an asset in which all Canadians may take pride."

The month of August is not especially busy in that it marks the end of the crop year in the Canadian West, as the new grain does not begin to move until September in large quantities to the lake carriers and to the sea.

The mileage of the railways embraced by the statement is over 17,000 miles. The figures for the month of August were: gross earnings, \$18,548,741; working expenses, \$10,489,230.30; net earnings, \$47,231.44.

"No one would venture to foretell the future trade conditions as unsettled as they are to-day. It would, however, appear that the end of serious operating losses on the Canadian National Railways is appreciably near—nearer, in fact, than the most sanguine of us had hoped for. We are beginning to reap the fruits of the great and complicated work of consolidation which was begun when the merging of the Canadian Northern and the Canadian Government lines was accomplished in 1918 and continued when the lines of the Grand Trunk Pacific Railway were added over to the National for operation."

Fredericton, N. B., Oct. 11.—New Brunswick is the "bone dry" of Canadian provinces in the "bone dry" column as a result of the decisive "no" vote on the referendum yesterday on the question of beverage alcohol for beverage purposes.

The body was found in the hollow of a tall cedar tree, surrounded by thick brush, and the man had evidently blown out his brains with a heavy calibre revolver.

Constable Anderson stated that the nearest coroner had been notified and that the body was being moved for the inquest. Chief Constable Stephenson of Nanaimo, who went north to organize the hunt, returned with the body of the man.

Fredericton and Moncton. Fredericton polled only a small vote, but gave a majority of 400 in favor of the "dry" side. The city of Moncton gave a majority of about 1,300 against the importation of liquor and the county outside the city gave a majority of 4,900.

Following New Brunswick's decision, only British Columbia and Quebec are left as provinces where liquor can be obtained without a doctor's prescription. In those two provinces a system of Government control has been in operation for some months.

Alberta, Manitoba, Saskatchewan and Nova Scotia all declared their allegiance to prohibition last November and Ontario followed their lead this year with a decisive "dry" verdict at the polls.

These gatherings, which will be preliminary to a campaign in the city later this Fall, will give an opportunity to tell the public what the league is doing here, and this will particularly be the case with regard to the meeting, which by permission of the Mildred Page Players, will be held at the Princess Theatre on Monday next, when the whole work of the Victoria Division will be explained.

On Trafalgar Day Nelson's signal will be hoisted, and Lieut. R. R. Webb will render "The Death of Nelson." This function will be held at the Parliament Buildings.

# DETROIT SUBURB STRIKES WOMEN FROM PAYROLL

Detroit, Oct. 11.—Highland Park, an adjacent suburb, has decided to strike from its payroll all women employees. Married women were recently ordered discharged from city positions, and last night the City Council adopted a resolution prohibiting officials from hiring unmarried women in the future. The Council was prompted in its action by the large number of men out of employment. It was said.

# Indian Murderer Crawls Into Hollow Cedar and Blows Out His Brains

Surrounded by posies determined to take him dead or alive, facing almost certain starvation in the woods or death in the gallows and crazed by the triple murder which he is alleged to have committed, Ernest Taylor, the Uchelet Indian wanted for the killing of three other Indians, crawled into a hollow tree trunk and shot his brains out. His body, hidden in a giant cedar bole, was found by provincial police not far from the scene of the carefully planned murder series of which he himself was the last victim.

Information that the Kyoquot Indian had come to an end, with the suicide of the man who started it reached William McMynn, superintendent of Provincial Police, to-day in a telegram from Constable Anderson, stationed at Clayquot.

Police were greatly relieved by the discovery of Taylor's body. It had been known that the murderer was carrying out the last part of his plan, and he chose the easiest route out of the death trap.

Taylor's suicide also prevented what probably would have been a long and bitter hunt through some of the wildest country on the whole Pacific coast. Unless his friends had helped him the outlaw probably would have starved this winter. He has been chased undoubtedly would have been fraught with the utmost hardship and danger for the searchers.

For days the laborer was hunted by a large posse of provincial police from Clayquot and Nanaimo, and was completely hemmed off on the number of three reserves at Kyoquot. No means of escape was open to him, and conversely, it was well-nigh impossible for the police to locate the man in the dense brush.

Constable Anderson stated that the nearest coroner had been notified and that the body was being moved for the inquest. Chief Constable Stephenson of Nanaimo, who went north to organize the hunt, returned with the body of the man.

# POPULATION OF MONTREAL ABOUT TO BE ANNOUNCED

Ottawa, Oct. 11.—(Canadian Press).—The population of the City of Montreal and district will be among the figures next to be announced by the Census Branch. It is probable they will be ready for issue during the present week. Figures for the Province of Manitoba are now being held only by belated returns from the new sections of the Province in the North.

# ONTARIO ELECTION KEY PRONOUNCE

Ottawa, Oct. 11.—(Canadian Press).—Ontario will be the central battleground of the whole election campaign. Organizers of the three main parties, the Meighen party, the Liberals and the Progressives, agree that it is in the fight for the thirty-two seats of Ontario that success or defeat will chiefly lie, and as day by day reports of nominating conventions come to hand this fact becomes increasingly evident.

The Liberals and the Meighen party are expected, with the exception of a few seats perhaps, to divide the maritime provinces. In those provinces only four Progressive candidates have so far been officially selected.

In Quebec a heavy Liberal majority is conceded. There is but one Progressive chosen.

On the prairies the situation completely changes. Although nominating conventions are just getting underway, it is obvious that the fight will lie between the Meighen party and the Progressives, the latter claiming they will send to Ottawa an almost solid West.

Over the Rockies, the situation changes again. There the Liberals again form the chief opposition to the Meighen party, and in British Columbia there have been eight Meighen party candidates selected, four Liberals and only one Progressive.

Thus Ontario, with its heavy representation in the House and the present uncertainty of its political field, holds the key. Of all the provinces it is already most prolific in selected candidates. Three-cornered fights will be common, unless a number of indicated candidates drop out of the running before nomination day.

In Brantford, Durham, Halton and the two Hurons, Leeds, Lincoln, Peel, the two Perth, Prince Edward and North, South and West York three, and in one or two cases four candidates are in the field. Altogether in Ontario there are 59 constituencies of the province fifty-nine Meighen party candidates have been selected, forty-nine Progressives, thirty-four Liberals and ten independents.

How many candidates representing the new movement will be in the Ontario field it is practically impossible at this time to say, but there are reports here of between sixty-five and seventy, with a probable total of 130 Progressive candidates throughout the whole country.

Net week Premier Meighen and Hon. T. A. Crerar, leader of the National Progressives, will begin their campaign tours of the province. This week following Hon. W. L. Mackenzie King, Liberal leader, is expected to begin in the campaign for Ontario. Both Mr. King and Mr. Meighen will tour Ontario following their campaigns in the maritime provinces.

Crerar in Ontario. According to a message received at the local headquarters of the United Farmers of Ontario from Hon. T. A. Crerar, leader of the National Progressives, the Westerner will devote the week of October 17 to his election campaign in Ontario. The send-off will take place at Brampton on Monday night, when Premier Drury of Ontario and J. J. Morrison, U. F. O. secretary, will appear on the same platform and at the same time will give an official push forward to the provincial farmer campaign.

Winnipeg, Oct. 11.—Manitoba's technical adviser to the Canadians' delegation to the International Labor Conference is Hon. T. H. Johnson, Attorney-General.

Victoria and District Liberals will meet at the Liberal Club at 8 o'clock to-night for the general annual meeting of the Association. As William Nicholson, president of the Association, is now the Liberal candidate for Victoria in the forthcoming Dominion election he will not be a candidate again for the position of chief of the local association, and nominations will be accepted for the president, vice-president and secretary of the Victoria Liberal Association.

W. L. Mackenzie King, the Liberal Chief Minister, telegraphed the following message from Sumner Arthur Cox to-day: "Please extend to our friends and Mr. Ivel my heartiest congratulations on his selection as Liberal candidate in the present contest. Unanimous choice means certain victory. Greatly appreciate resolution of confidence and goodwill toward myself paid by the Victoria convention."

Following the election of officers of the Liberal Association to-night the several wards will immediately elect their officers.

# Cabinet-Sinn Fein Conference Begins In British Capital

### Lloyd George and Ministers Meet Irish Delegates, Hold Brief Discussion and Adjourn Until the Afternoon: Formal Communique.

London, Oct. 11.—The conference of representatives of the British Government and the Sinn Fein met at 11 a. m. in the Cabinet room at 10 Downing Street, Premier Lloyd George's official residence. After a session which lasted until 1 o'clock, the conference was adjourned until 4 p. m.

A communique issued after adjournment merely said that the first session of the conference on Ireland had been held at 11 o'clock. It gave the names of those present and announced that the conference had been adjourned until four o'clock this afternoon.

The Sinn Fein delegates were cheered as they drove away. They refused to answer questions.

One of Mr. Lloyd George's secretaries who accompanied the Sinn Fein men just after the conference opened, smilingly said: "You cannot expect any news for weeks yet."

When the conference opened at 11 a. m. the Sinn Fein delegates, after an exchange of introductions, took seats at the table with their backs to windows overlooking the Horse Guards Parade, with the Government representative opposite them.

Strictly speaking, nobody presided in the ordinary sense of the word, but Premier Lloyd George was the spokesman at the outset for the Ministers, and Arthur Griffith, Sinn Fein "Foreign Minister," for the Irish delegates.

Premier Lloyd George's opening remarks were brief as was Griffith's reply, and the conference settled down to the work in hand.

Irish sympathizers outside sang hymns during the opening of the conference.

Little Comm. London, Oct. 11.—Sinn Fein delegates and members of the British Cabinet met at Premier Lloyd George's official residence, No. 10 Downing Street, this morning for a conference which it was hoped might result in the finding of a basis for an adjustment of the Irish controversy.

It is doubtful if there was ever an opening day of an important conference in London marked by so little newspaper comment as to-day's meeting. Several of this morning's journalists refrained altogether from attending the conference, and others assumed an attitude of restraint, manifestly balanced between hope and fear. The proclamation issued in Dublin last night by Eamon de Valera, in which he called for a United Ireland, was issued too late to be reviewed editorially, some papers holding their tongues.

In fact, one is so cheap now that Dr. F. A. Dodge, of Le Sueur, Minnesota, announced to-day that he is burning it in his furnace to heat his residence instead of coal. He is buying his corn for fuel at 21 cents a bushel.

The price of flour in Victoria has been reduced from \$9.20 to \$8.80 a barrel.

While cuts were being made in the price of cereals and bread, Standard Oil Company announced an increase of one cent a gallon in the price of oil and gasoline in the East.

Caution. The public was advised by The Daily Chronicle to "blend prudent caution with optimism." The newspaper remarked that the negotiations through Ireland, while the Daily Mail, "there has never been one with such sharply contrasted possibilities for good or evil."

The Daily Envoys were models of punctuality this morning. They stepped out of their automobiles in front of the Premier's official residence at exactly 11 o'clock, the hour arranged for the opening of the conference. Mr. Lloyd George and the members of the Cabinet forming the Government delegation were in the Cabinet room, where the conference is being held, when the Sinn Fein representatives arrived.

# BAKERS SLICE BREAD PRICES

### Big Cut Here Follows Drop in Wheat Prices

Heavy cuts in bread prices were announced to-day all over the country. They follow the drop of nearly 30 cents a bushel during the last couple of weeks in the price of wheat in Winnipeg and from 20 to 25 cents a bushel in Chicago.

Shelly Bros. from their head office in Vancouver announced a reduction from 10 cents for an 18-ounce loaf to three-18-ounce loaves for 25 cents.

These prices will apply in Victoria as well as Vancouver.

This will be the lowest price bread has been sold at since the war rise started.

In Ottawa price of 24-ounce loaves was cut from 11 cents to 10 cents to-day. Price of the 12-ounce loaf was cut from 7 to 6 cents.

In Montreal price of the 24-ounce loaf was cut to 10 1/2 cents plain and 11 1/2 cents fancy wrapped. Price of plain cake has been cut to 15 cents a pound.

In London, England, price of the quarter loaf was reduced to-day from 1 shilling to 11 pence.

Cuts in bread prices were announced in prairie cities a few days ago.

Corn is now selling at a lower price than it did during the few years immediately preceding the outbreak of war.

In fact, one is so cheap now that Dr. F. A. Dodge, of Le Sueur, Minnesota, announced to-day that he is burning it in his furnace to heat his residence instead of coal. He is buying his corn for fuel at 21 cents a bushel.

# OFFICIALS' NEWS

### ONE SAYS AGREEMENT WITH EMPLOYEES ARMISTICE

Montreal, Oct. 11.—"This is not a settlement but an armistice," was the summing up of one of the executives of the Railway Association in discussing the agreement arrived at between the railways and their employees.

"It is disappointing in that it is a further delay in getting back to normal," declared this official. "A tentative settlement with employees is not a settlement at all. I understand the agreement is practically the unanimous recommendation of the board of conciliation but it leaves the wage issue still vague."

Other officials are less pessimistic and say no other course could be adopted, as the United States settlement still hangs fire both as to wages and freight rates.

"One big national gain is made through the agreement," said a Canadian Pacific Railway officer, "and that is that any danger of interruption to Canada's railway service at this critical period of the year is removed. Both sides have agreed to give prior notice before asking for a reconsideration of the rates of pay. This probably will not happen until the United States situation has cleared."

# LARGE PARTY TO COME FRIDAY

### Number of Kiwanian Delegations to Arrive

The Kiwanian party to arrive here on Friday for the District Convention will be composed of the following number of delegates from the various cities:

Olympia 20, Tacoma 50, North Vancouver 20, Seattle 125, Spokane 25, Aberdeen 10, Baker City 5, Astoria 20, Eugene 5, Everett 35, Westminister 50, Port Angeles 50, Portland 20, Vancouver 150, Yakima 15, Salem 10, Puyallup 20.

The merchants of the city are asking to decorate in the club colors of blue and white. The luncheon and banquet will be held at the Old Drill Hall. It was announced to-day.

Lower wages for unskilled men in Toronto urged. Toronto, Oct. 11.—Seventy-five members of the Toronto Board of Trade waited on the Board of Control of the city yesterday and asked for a reduction of wages paid to unskilled labor by the city and for other steps toward economy. The deputations claimed that the high wage rate of six cents an hour for unskilled help was "a deterrent to a resumption of normal activity in all lines of industry."

Mayor Church said the big outlay in Toronto was for education and carrying charges on debts. He gave no assurance that the wage rate would be cut.

# EXCHANGE NEWS ON UNEMPLOYMENT

Victoria Daily Times

TUESDAY, OCT. 11, 1921. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

Subscription Rates: City Delivery \$1.00 per month. By mail (exclusive of postage) Canada and Great Britain \$6.00 per annum.

HUMAN ECONOMICS.

It is only fair to assume that a leading newspaper owner across the border would not wish to be taken literally when he declares that the major argument in favor of limiting armament is economical.

To the parliamentarian, to the economist, and to the financier the material aspects of the discussions which are to take place in Washington next month very probably have a primary appeal.

To carry the speculation still further it can be asked how the average individual's knowledge of party politics compares with his understanding of the principles which underlie the mission of the League of Nations.

As we have pointed out before until the League of Nations and the disarmament conference are popularized there will still be lacking that tangible support without which no movement in the world may expect to be entirely successful.

What public man, what newspaper, what statesman, what divine, what military or naval commander dare glorify

war-to-day? Every speech, every editorial, every political utterance, every sermon, and even the professional soldier and sailor demand peace.

THE CONFERENCE.

Although the Sinn Fein delegates met the representatives of the British Cabinet this morning without waiving their belief that they still belong to an independent sovereign state or without learning of any change of heart on the part of Mr. Lloyd George it is a matter for congratulation that personal contact has given place to long range and obviously ineffective diplomacy.

PLENTY OF TIME.

During his address at Charlottetown last night Mr. Meighen said he was not stressing the tariff issue in order to avoid other matters. He declared that there is nothing in the record of this Government from its inception to the present day that I am afraid to discuss before any audience in the world.

LOOKS HOPEFUL.

If the Yorkshire Post is correctly informed the British Government has definitely decided to remove the embargo against Canadian cattle but to retain the restrictions in respect of live cattle from other countries.

NOTE AND COMMENT

New Brunswick has decided to have nothing to do with the importation of liquor. Yesterday's vote leaves British Columbia and Quebec in positions of "splendid isolation."

little bit of stage management is another tribute to the sagacity of the Prime Minister. Leaves cost less in British Columbia, in Ontario, and in the Empire's metropolis than they did this time last week.

In case anyone has forgotten that the Greeks and Turks are still fighting it should be remembered that both sides already have claimed decisive victory. The campaign apparently is being continued to decide who shall have the last word.

CABINET-SINN FEIN CONFERENCE BEGINS IN BRITISH CAPITAL

It was expected to play an important part in the negotiations as advisers, followed. A crowd of several hundred persons had gathered in Whitehall at the end of historic Downing Street, which was kept clear except for photographers and newspapermen.

VOTERS HEARD LEADERS' SPEECHES

Port Arthur. Dryden, Oct. 11.—D. Kennedy, a farmer, yesterday received the U. O. labor nomination in the Federal riding of Port Arthur-Kemora.

ESQUIMALT OYSTERS

MODERATE ELEMENT IN INDIA STRONGEST

Says Professor Wood, of Sind National College on Visit Here. That ninety per cent of the peoples of India want a self-governing policy along similar lines to that of Canada, and are prepared to attain that end by peaceful methods.

HOROSCOPE

TUESDAY, OCTOBER 11, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.)

This is rather an uncertain day, according to astrology. Although the Sun is in the zodiacal sign of Scorpio, Venus and Mercury are all adverse.

The giving of presents is supposed to particularly inauspicious under this direction of the stars.

All the signs seem to indicate a great fermentation of the public mind in which the question of unusual interest.

The press is to publish many sensational items and to indulge in severe criticism concerning Congress, the stars indicate, and the closing weeks of the session may furnish unusual scenes.

There is to be an unfortunate incident that will affect Canadian trade, astrologers predict.

Many distinguished visitors are to come to the United States during the next few weeks and one of these will be the centre of a great sensation.

There is to be a prediction that there will be fewer marriages in the next few months, there are to be many betrothals of unusual interest.

Children born on this day probably will be clever and successful.

Fire in Bedroom.—A bedroom fire at 105 Richardson Street gave the fire department a short run at eight o'clock last night to put out the blaze. Little damage was done. The origin of the fire was not stated.

To Play Own Compositions.—At the recital to be given at the K. of C. Hall, Government Street, by Edward Abner Thompson, M. A., the blind dramatic reader, to-morrow evening, an attractive musical programme will add to the pleasure of the affair.

When the Irish Conference opened at Downing Street this morning the Sinn Fein delegates took seats at the table with their backs to windows overlooking the Horse Guards Parade. This

POLITICS Some Politicians Have No Conscience. Fortunately, Others Have. Farmers and Labor Might Make Politics Less Gloomy. Tariff Just as You Please. Disloyalty of Farmers.

It is not every parliamentarian who has a conscience, Montreal Star has discovered. And it makes a difference, Star thinks for these reasons: Cynical outsiders who are not very near to Parliament are fond of saying that the "members" are merely party-dominated automata, "wired" to carry the electric current of their leader's orders.

But this is not always true. Many real men get into Parliament—men who manfully take the bit in their teeth and simply will not do certain things, even at the bidding of the most powerful party potentate.

Farmers and labor in politics together is being discussed in United States as well as Canada. United Mine Workers have adopted a declaration favoring creation of a new political party from a combination of organized labor and organized farmers.

How can anyone doubt that the two organizations would work together better than their several factions co-operate separately? New York Times asks. Farmers want cheap labor. Labor wants cheap food. A combination between them to raise wages and the cost of living is the very thing needed to make politics less gloomy and more of a joke, or at least a less bitter jest, than when it is conducted in the manner of the old-line parties, which forget after election all that they promised before election.

According to labor orators at the South York convention the tariff is a smoke-screen and a red-herring and it makes no difference whether the country has protection or free trade. How would it do to make the fiscal policy optional with the individual, Toronto Telegram suggests.

There could be a collection box at every Customs House. Protectionists could put money in and their opponents could take it out. The scheme has not been tried anywhere and therefore should commend itself to the Independent Labor Party. Its adoption would free that organization from the criticism that it depends too much on Russian guidance and cannot think up anything brilliant itself.

At the U. F. O. nominating convention in East Middlesex, R. H. Halbert, one of the founders of the movement, got so wrathful in dealing with attacks made on the Farmers by the Government that he threw off his coat. Then he waxed indignant at the Farmers being termed disloyal—"us who are rooted to the soil and whose forefathers blazed the trails in the wilderness."

Political orators are again telling their audiences that Canada is "at the crossroads." We hate to bust up a handy metaphor, but the crossroads were the place where criminals were

SAANICH LIBERALS All Liberals residing in the Saanich Electoral District are invited to attend an open meeting of the Saanich Liberal Association which will be held in the NEW LIBERAL ROOMS, KENT BUILDING, CORNER GOVERNMENT AND COURTYNE STREETS, Victoria, B. C., on Wednesday, the 12th Instant at 8 p. m. Business: To appoint delegates to adjourned convention at Duncan on revised basis of representation and to discuss any other business connected with the forthcoming convention or election. A. D. MACFARLANE, President.

TWENTY-FIVE YEARS AGO TO-DAY Victoria Daily Times, October 11, 1896 Freight and passenger trains all over the C. P. R. system are running on schedule again now, following the cessation of the telegraph operators' strike. London—Lord Rosebery has resigned the leadership of the Liberal Party. His retirement is caused by disagreement with his colleagues and Mr. Gladstone, particularly over the Eastern question. Melbourne—The Assembly, after an all-night sitting, to-day passed the second reading of a bill establishing female suffrage and the principle of "one man to one vote." The City Council decided last night to proceed with the construction of a bridge at Point Ellice strong enough to carry street cars.

WOMAN FARMER AS CATTLE EXPERT

English Woman to Visit Antipodes in Jersey Cattle Interests

London, Oct. 11.—A woman cattle expert is one of the latest demonstrations of the growing influence of women in the specialized department of the nation's work.

Surrey, sails for New Zealand and Australia this week-end to teach the farmers there the value of Jersey cattle.
She is recognized as one of the foremost women farmers in this country, and has made a fortune out of Jersey cows.

Princess Patricia Lodge—The Princess Patricia Lodge, Daughters of St. George, 238, held a very successful meeting Friday; the worthy president Mrs. Coleman in the chair.

IN WOMAN'S DOMAIN

Social Personal

To Assist at Concert in Aid of Y. W. C. A. To-morrow

Drury Pryce, a newcomer to Victoria, and a violinist of note, will contribute a group of numbers at the Arion Club concert in aid of the Y. W. C. A. building fund at the Empress Hotel to-morrow evening.

Mrs. J. W. Torning was a bridegroom yesterday at her home on Rockland Avenue, in honor of Miss Leslie Jones, who is shortly returning to California after an extended visit here with her sister, Mrs. Bechtel.

The Hon. E. and Mrs. Burke-Roche returned to Victoria yesterday after an absence of some years in Europe. They have been spending the past few days in Vancouver as the guests of Mrs. J. M. Lefevre, Point Grey.

Vancouver registrations at the Strathcona Hotel include Mrs. J. A. Mills, P. C. Ferguson, E. Halling, Mr. D. T. Wallace, Mr. A. W. Lee, Mr. W. G. Bell and E. J. Mueller; Miss Cassidy, Cobble Hill; Mrs. Cecil Baker and Mrs. J. C. Lang, Salt Spring Island; Mr. R. Ward, Penticton; Mrs. E. B. Priestman and Rev. C. D. Lagopoulis, Winnipeg; Mr. and Mrs. Grasse, Calgary.

The reception and entertainment of the visiting ladies to the forthcoming Kiwanis District Convention, which is being held in this city next Friday and Saturday, has been splendidly planned by Mrs. E. H. Griffiths, general convener for this portion of the convention activities, and the other members of her committee, Mrs. R. J. Robertson, Mrs. Umbach and Mrs. (Dr.) Burgess. Mrs. Griffiths states that the ladies have their plans well in hand, and everything is in readiness to make the visit of the Kiwanis ladies to this city one long to be remembered.

In honor of the eighty-third birthday of Mrs. J. H. Todd, Fairfield Rd., her daughter, Mrs. J. H. Todd, entertained a birthday party at which Mrs. Todd's children, grandchildren and great-grandchildren and a few privileged friends were the guests. After a cricket match by the younger people, a grand march was formed, led by Mrs. Todd and her little great-grandchild to the dining-room where a birthday cake lighted with eighty candles, long, long ago, the position of honor on the prettily-decorated table.

So enjoyable was the dance held recently under its auspices that the Kingstons Street Lawn Tennis Club is planning to hold the second of the series on October 31, Halloween. The Club has decided to continue the series throughout the winter months.

In honor of the retiring president, Mrs. Margaret Jenkins, the Women's Canadian Club will hold a reception at the Empress Hotel on Tuesday afternoon, October 18. The Ladies Musical Club has kindly offered to contribute a musical programme, and it is anticipated that all the members will welcome this opportunity of honoring one who has been for so many years the leading spirit in the organization.

REBEKAH PRESIDENT VISITS. Mrs. Helena C. Cosens, P. G., of Vancouver, President of the Rebekah Assembly of British Columbia, arrived on the afternoon boat, where she was met by the Secretary of the Rebekah Assembly, Mrs. Frances A. Walker, and other prominent members of the Order, who escorted her to the residence of Mr. and Mrs. J. G. Hay, 654 Dallas Road, where a reception is being held for all members of the Lodge, and where she will reside while in the city. She will remain in the city until Thursday morning.

This evening at the I. O. O. F. Hall, Douglas Street, Sir J. H. H. will reside while in the city. She will remain in the city until Thursday morning.

On Wednesday afternoon the Society of Past Noble Grand will hold a reception for the president at the home of Mr. and Mrs. F. W. Dempster, 1517 Bank Street.

Sister Cosens is a member of Mission Rebekah Lodge, Vancouver.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

MR. RABBIT AND MR. FOX TALK MATTERS OVER

Mr. Fox, of course, wanted a chance to think over how he should get his ancestor out of that well and tuck the joke on the Rabbit family, and by the next night, which was still dark and rainy, he was already for Mr. Rabbit when they sat down in front of the fireplace.
"Brer Fox is still down the well," said Mr. Rabbit.
"Yes, I know he is and Brer Rabbit is still running, and I will finish about him before I get my ancestor out, because my ancestor did not mind being down there where it was nice and cool."

WOMEN'S COUNCIL VOICE APPROVAL OF DISARMAMENT

Will Send Strong Resolution to Coming Conference

Members of the Local Council of Women at their meeting yesterday afternoon listened with sincere interest to an address by the Rev. William Stevenson, representing the Ministerial Association, in which the well-known minister appealed to the members to give grave consideration to the forthcoming Disarmament Conference which meets at Washington, D. C., on November 11.

Mr. Stevenson observed that he was thrilled at the thought that the world has at last reached the stage where it can contemplate the possibilities of disarmament—a stage which marks a new era in the history of the world. The great cry during the war was that "this is a war to end all wars" and in that belief many idealists gave their lives in the hope that their sacrifice would bring nearer the goal of universal peace.

The following resolution was then moved by Mrs. H. S. Graves and carried unanimously and will be forwarded to the Conference:
Resolved, That the Local Council of Women of Victoria, Vancouver Island, representing forty-nine women's societies in affiliation living in this land of the farthest West, do hereby pray that the peoples of all nations gathered together to consider the restrictions of armaments do your utmost to preserve the peace of the world, and to eschew a better understanding between the nations, that love and toleration of one another may reign and wise counselling and force of arms be used to settle differences.

Civic Matters. A letter from Julia Sears, of Ottawa, purporting to come from the Women's National Bureau of Information, and urging the purchase of made-in-Canada goods, was laid on the table pending information as to its source.

Miss Wark reminded the members of the imminence of the civic elections and the need for would-be voters to register before the end of the present month.

Moral Obligations. Some little discussion arose as to whether sons and daughters are legally responsible for the support of their parents or vice versa.

MEMBER OF WELL KNOWN PIONEER FAMILY IS BRIDE. Many Victorians will be interested in a quiet wedding which took place at St. Paul's Church, Vancouver, on Saturday evening when Miss Constance Kathleen Thompson, eldest daughter of Mr. and Mrs. Stephen Thompson, "Ellesworth," Haro Street, was married to Mr. Gwynne Hurrell, son of Mr. Ernest Hurrell, of Nanaimo.

Milk Situation. A report was given on the milk situation, the report recommending being that consumers direct their attention towards the question of a co-operative milk supply.

Epidemic of Dysentery. It affects many people more in winter than in summer—in the one case it is due to improper eating—in the other, to congestion excited by cold. A small dose of good old Nerviline repeated a couple of times usually removes the trouble very promptly. If there is pain, relief is almost immediate. For cramps, colic, stomach pains, and the like, Nerviline in sweetened water is certainly a wonder, 35c at all dealers.

SAVE SAVE

### WEST CAMAK WILL REPAIR ON MERSEY

#### Crippled American Ship Now at Glasgow for Temporary Repairs

San Francisco, Oct. 11.—The steamship West Camak, crippled Sunday off the coast of Scotland in a collision with the Rowan, will make temporary repairs at Glasgow, then proceed to Liverpool for permanent repairs, according to a cablegram from the ship's master to the marine department of the San Francisco Chamber of Commerce.

The West Camak is owned by the United States Shipping Board and her home port is San Francisco. Sixteen persons from the Rowan were lost when that vessel was rammed by the San Malcolm, shortly after her collision with the West Camak.

### BIG DEVELOPMENT OF INTERCOASTAL FREIGHT BUSINESS

Seattle, Wash., Oct. 11.—Inter-coastal freight business has developed during the last two years to such an extent that there are approximately eighty ships to-day in regular service between Atlantic and Pacific ports via the Panama Canal. According to shipping experts the volume of cargo offerings as yet average only sufficient to provide full loads for fifteen or twenty ships per month. Nevertheless, instead of withdrawing cargo boats, various lines either are putting more on or are preparing to do so in anticipation of business which they already see in prospect.

Wool which has figured largely in eastward bound shipments by sea during the last two or three months, is rapidly diminishing in volume, most of this year's clip, with vast quantities of the clip stored last year, having been marketed. But its place in cargo holds is being taken by canned fish from Alaska and Columbia River, and by canned and dried fruits from California. Enormous

quantities of the latter are being offered, according to shipping agents.

Lumber offerings, statistics gathered by ship operators show, are steadily increasing, although the output of Northwestern mills is still below normal. Portland, Ore., reports a total in excess of 63,000,000 feet shipped by sea during September to Eastern and Pacific Coast destinations. Puget Sound statistics for the entire month are not yet available, but lumbermen here assert that the aggregate from Sound ports will be correspondingly large.

The Brush and West Isles, Naweco freighters, sailed from this port during the first two weeks of October, with full lumber cargoes for New York. The Eastern Glenn and the Lehigh, of the same fleet, carried large quantities of lumber products to Philadelphia, Boston and Portland, Me. The Eastern Glenn carried 10,500 measured tons of cargo, largely composed of California canned and dried fruits for New England ports.

### SHIP IS LAUNCHED AT COUGHLAN PLANT

#### SS. Canadian Freighter Winds Up Present Shipbuilding Programme

Vancouver, Oct. 11.—The Coughlan yard completed its present shipbuilding programme this afternoon with the launching of the 3,350-ton steel freighter Canadian Freighter, built to the order of the Canadian Government. Mrs. W. A. Wallace, wife of the surveyor for the British Corporation and also overseer of the Department of Marine and Fisheries here, acted as sponsor.

The launching marks the culmination, for the present at least, of the greatest shipbuilding programme of any Canadian shipyard. With the sending of this ship into her natural element, the firm has completed twenty-one steel hulls, making a total of 182,100 deadweight tons. These hulls are valued at \$15,000,000 and six 3,350-ton ships.

The trial trip of the Canadian Transporter will take place in a few days.

### WILL CRUISE TO WEST INDIES

S. S. EMPRESS OF BRITAIN

Canadian Pacific Steamships, Ltd., announce Winter cruises to the West Indies, Panama Canal, South America and the Windward Islands by the twin-screw oil-burning S. S. Empress of Britain. The Empress of Britain will be withdrawn from the trans-Atlantic route to make two Winter cruises to the Caribbean Sea and Spanish Main sailing from New York, January 21 and February 25.

### PASSENGER RATES ACROSS THE PACIFIC ARE CUT BY N. Y. K.

Reduction Approximating 10% Effective With Sailing of Suwa Maru

#### Move in Some Quarters Interpreted as Forerunner of General Cut

Effective with the sailing of the Japanese liner Suwa Maru from Yokohama for Victoria, November 11, the Nippon Yusen Kaisha will introduce a reduced scale of first-class passenger rates between the Orient and North Pacific coast ports.

The reduction where applied, amounts roughly to ten per cent. of the existing passenger rates. Single cabins on the promenade deck will be reduced in price from \$25 to \$24 for the passage from Yokohama to this side of the Pacific. Upper deck single cabins will be reduced from \$25 to \$23, and upper deck double cabins from \$50 to \$47. Sofas will be quoted at \$25 on the new scale. Between deck double cabins and promenade deck double cabins will remain at \$30.

In dealing with the proposed cut in passenger fares by the Nippon Yusen Kaisha, the Japan Advertiser, says:

"While many hold the opinion that the N. Y. K. reduction is the forerunner of a general passenger rate cut in which all the companies running ships between the Orient and America will participate no such effect is probable immediately at least, it is said. The N. Y. K. is not a member of the passenger conference nor has it been adhering to the rates agreed on by the conference, which the other shipping companies have been quoting for passage on first-class vessels. The N. Y. K. rates, however, the reduction, thus remain higher than the agreed price except in the case of the double cabins on the upper deck.

The Pacific Mail, Togo Kisen Kaisha and the C. P. & L. are the only firms in the conference, but the Admiral Line and China Mail are technical members because in the past they have adopted the standard passenger rates. This rate is \$30 gold or the equivalent in yen according to the current exchange rates for all ordinary cabins. Special accommodations are sold at varying rates according to the varying degrees of comfort offered on the various ships. Thus the N. Y. K. has merely reduced its price for accommodations, about ten per cent.

Viewed as Business Bid.

The reductions are interpreted as a bid for business by the N. Y. K. as of late its boats have not been carrying near the number of passengers possible. It is doubted if the small cuts will have sufficient effect to cause other companies to make reductions because the N. Y. K. accommodations which are to be cheaper will not make a very large hole in the other passenger lists.

Forerunner of General Cut.

The move is, however, interpreted in some quarters as the forerunner of a general cut in passenger rates, which were advanced \$100 gold by the conference companies at the end of the other using the conference in keeping with the general reductions accomplished on most lines in Europe and America in affecting the post-war recovery. An attempt was made recently by the Shipping Board to obtain a reduction in rates, but the C.P.O.S. and the T.K.K. succeeded in shoving this off by raising a cut-throat rate war. For that reason the agreement was continued with the Admiral Line assenting though not a member of the conference, but a general reduction in rates, which has shrouded the whole matter since that time.

Conference Hold Out.

The three conference members probably will be the last to cut the American rates, and such then will be affected by mutual agreement only on the development of serious competition from other lines, it is believed. The conference agreement has shrouded the whole matter since that time.

### TALITHYBIUS WAS FORCED TO ANCHOR

#### Dense Fog Held Blue Funnel Ship Outside After Clearing Quarantine

Delayed for six hours by fog between William Head Quarantine Station and Victoria, the Blue Funnel Line steamship Talithybius docked at 1 o'clock to-day from the Orient.

The ship under such unfavorable conditions, anchor was dropped in the Roads to await the lifting of the haze.

In a break in the fog the ship left her anchorage and came alongside the Outer Docks about 1 o'clock.

The Talithybius was thirteen days crossing the Pacific from Yokohama, and the ship under such unfavorable conditions, anchor was dropped in the Roads to await the lifting of the haze.

She brought in a good Oriental cargo and several hundred Chinese in the steerage.

The Talithybius is scheduled to sail outward October 29.

### QUARTERMASTER OF METAGAMA ARRESTED

Montreal, Oct. 11.—Richard Borow, quartermaster on the steamer Metagama, was arrested yesterday charged with the theft of clothing from a Mrs. Marshall of Calgary, a first-class passenger. He was remanded.

SS. Pomona Sustained Injury While Bound From Antwerp to This Coast

The United States Shipping Board freighter Pomona, bound from Antwerp and other European ports for San Francisco and Seattle, lost a couple of propeller blades early this month and was forced to put into Falmouth to effect repairs, according to advices received by the San Francisco merchants exchange.

The Pomona has a quantity of freight for British Columbia and it is expected that she will touch at Victoria and Vancouver to discharge. Her freight for B. C. includes liquor from the United Kingdom and other

**NO NIGHT BOAT ON SATURDAY NOW**

But C. P. R. Will Operate Night Boat to Vancouver on Sundays Instead

Until further notice there will be no night boat on Saturdays between this port and Vancouver, it is announced by the local ticket office of the Canadian Pacific Railway. In place of the Saturday night boat a regular Sunday night boat will be operated to Vancouver, the new night schedule going into effect October 15. The steamer Sol Duc, of the Puget Sound Navigation Company's fleet, will, until further notice, take the 4:30 p. m. sailing each Sunday from this port to Seattle.

All other sailings in the Canadian Pacific coastwise services remain the same as heretofore.

**CANADIAN FARMER DUE THURSDAY**

Government Freighter Has California Cargo for Delivery at This Port

The Canadian Farmer will be the first of the Canadian Government Merchant Marine freighters to deliver freight at this port. It is announced by Harry A. Stuart, divisional freight agent, Canadian National Railways, that the S.S. Canadian Farmer, northbound from San Francisco, will touch at this port Thursday morning with freight for local consignees. The vessel will berth at the Grand Trunk Pacific wharf in the Inner Harbor. The Canadian Farmer is one of three freighters maintaining the C. G. M. M. coastwise service between British Columbia and California ports. The other vessels are the Canadian Rover and Canadian Observer, the latter being the ship which played an important role in the rescue of the crippled S.S. importer.

Trade is being worked up at this port for the new Government service, and it is understood that regular calls will be made here in the future by the ships playing on the California route.

Looks as if Germany might have to do some more "kammerading."—London Advertiser

**ALASKAN AWAY IN PLACE OF ARIZONAN**

Damaged Freighter, If Contract Awarded Here, May Be Reversed in Drydock

Replacing the damaged S.S. Arizonan in the Pacific-Atlantic service, the S.S. Alaskan passed out to sea from Vancouver at 4:30 o'clock yesterday afternoon, bound for Boston and New York. The Alaskan loaded a large shipment of shingles at Vancouver. Freight from the Arizonan, in drydock, is being removed from the holds, and will be trans-shipped for Portland by the Border Line steamer Fulton. A consignment of canned salmon taken out of the ship will be reconditioned at a cannery on the Fraser River.

A complete survey of the damage sustained by the Arizonan is being made in drydock. In the event of permanent repairs to the Arizonan being carried out at Esquimalt, it may be necessary to take the ship out of the basin, turn her around, and again dock the vessel stern first. This would give headroom to effect repairs and would have a tendency to carry forward any oil that might remain in the damaged tanks.

Add Land to Park.—Several lots  
lying at the corner of Belmont Ave-  
nue and Pandora Avenue will be  
made part of Stadacona Park, as a  
result of a decision reached by the  
city Council last night. This land  
is owned by the city, but has never  
been made a part of the park.

### NEWS IN BRIEF

Names Delegates.—Chairman Hol-  
loway and Trustee Thorne will  
represent the Saanich School Board  
at the New Westminster Convention  
of the B. C. School Trustees' Asso-  
ciation, having been appointed last night.

War Memorial.—Ganges: The  
committee of ten appointed to carry  
out a scheme for a war memorial on  
Sunt Spring Island, men who fell in  
the Great War is composed of Dr.  
Sutherland, Mrs. Baker, Mrs. Mouat,  
General Green Wilkinson, Mr. Ed.  
Walter, Mr. Collins, Mr. McAfee, Mr.  
F. Speed, Captain A. E. Alan Wil-  
liams and Mr. Gavin Mouat. It is  
proposed to erect a solid granite or  
other stone memorial on the site of  
the present shrine.

"Got What We Gave."—The Saanich  
School Board was last night  
notified by the Duncan School Board  
that Miss Arkell, newly-appointed  
member of the staff, had not first  
notified the Duncan Board of her in-  
tention to resign. "We have got back  
a bit of what we gave," remarked  
Trustee Mrs. Humphries in reference  
to similar complaints made by Saanich  
to Victoria recently. The Board  
will notify the Duncan Trustees that,  
when appointing the lady to the Saanich  
staff, the Board was ignorant of any  
previous claims, and regrets the in-  
convenience caused.

Pleased With Tillicum.—When the  
Saanich School Board were last night  
asked by Pemberton & Son for a  
formal release from liability on the  
bond of M. Vistaret, the Saanich  
contractor, who built the addition to  
the Tillicum School, all the trustees  
joined in praising the work, declar-  
ing the addition to be one of the best  
bargains Saanich had ever secured.  
"In every respect the contractor has  
shown unusual care to please the  
Board," said Trustee Hull, and  
Trustee Thorne secured unanimous  
support for a formal release of the  
bond.

To Charity Position.—The Saanich  
School Board last night appointed  
Mrs. Hume, specialist in primary  
teaching in graded schools, as assist-  
ant principal of Tillicum School. The  
Board took this course on grounds  
that Mrs. Hume is the senior teacher  
at Tillicum in point of service. They  
also considered the assistant prin-  
cipalship merely involved responsibility  
for the conduct of school affairs in  
the absence of the principal, and was  
not connected in any way with the  
conducting of any specific class. Mrs.  
Hume will continue to control the  
young children commencing to at-  
tend at Tillicum.

Interesting Meeting.—Next Wed-  
nesday evening the Young People's  
Department of the First Presbyterian  
Church will hold a most interesting  
meeting in the church hall. The  
devotional period will be led by Miss  
Dorothy Fisher, and will be doubt-  
less most helpful. The next part of  
the programme will consist of an illus-  
trated lecture entitled "M.C.A.  
Work in France," and the lecturer  
will be Rev. T. McConnell, the newly  
elected pastor of Oak Bay Pres-  
byterian Church. Mr. McConnell did  
considerable work overseas and his  
talk will no doubt be most interest-  
ing in every respect.

Cannot Allow Extra.—G. A. Miles,  
contractor for the transportation of  
school children from the Cordova  
Bay District to Cedar Hill School,  
last night asked the Saanich School  
Board to allow him an additional  
amount because he had not antici-  
pated transporting thirty-one chil-  
dren.—The Board decided that as  
the bid was made on a competitive  
tender, no extra work was admissi-  
ble. The Board will cancel Contractor J.  
Bull's agreement for transporting  
children from Elk Lake to Royal Oak  
School at the end of this month. Un-  
less a larger vehicle is provided, it  
was stated.

Wesley Methodist.—Wesley Meth-  
odist choir will meet for practice  
this week, Friday at 8 p.m. instead of  
Wednesday. There will be a final  
rehearsal on Wednesday, October 13,  
at 8 p.m. in the church, for Maun-  
der's Sacred Cantata "Song of  
Thanksgiving," which will be re-  
hearsed Wednesday, October 26. The  
choir will be augmented by a num-  
ber of singers from other churches,  
and the following soloists will be  
responsible for the solo parts: Mrs.  
A. E. Stokes, Mrs. Young, Miss Mar-  
garet Beattie, George Guy, F. L. Tup-  
man, R. Young, and P. J. Mitchell.  
Conductor, W. Buckler, accom-  
panist, Dr. Isabel Collier and Oliver  
Stout.

VICTORIAN ORDER  
PLANS CAMPAIGN IN  
SAANICH SCHOOLS

The Saanich School Board last  
night approved of a membership  
campaign through the medium of the  
school children, which the Victoria  
Order of Nurses is contemplating.

Trustee Mrs. Humphries explained  
the scheme as being to carry into  
every home in Saanich a clear idea of  
the uses the order proposes to make  
of the War Memorial Health Centre  
at Royal Oak, together with an ap-  
peal for funds for the completion of  
the clinics for dental and adenoidal  
work. The Victorian Order antici-  
pates a great increase in membership  
when the proposals in hand are bet-  
ter understood.

Trustees Holloway and Thorne said  
the ratepayers did not understand  
the need for the fine home with the  
present scope of the order's work,  
and were informed that full utiliza-  
tion of the building waited on larger  
financial support.

Plaintiff Gets Judgment.—In the  
County Court yesterday His Honor  
Judge Lampman handed down judg-  
ment for plaintiff in the sum of \$75  
and costs in the damage suit of Jar-  
vis versus Hoops, where the plaintiff  
claimed damages for injuries result-  
ing after a collision between the  
plaintiff's motor cycle and the de-  
fendant's car on Quadra Street in  
September last. Cleve White ap-  
peared for the plaintiff, with H. H.  
Shandley for the defendant. The ac-  
cident took place at the corner of  
Quadra Street and Pandora Avenue,  
which led His Honor to remark that  
that corner was a favorite place for  
such collisions, it seemed.

Favor Owning Libraries.—Asked  
by the Craigflower Parent Teachers'  
Association as to its attitude to-  
wards the formation of a school  
group to borrow books from the Vic-  
toria City library, the Saanich School  
Board last night decided that such  
matters were not within its province,  
but will recommend the formation of  
school owned libraries on a volun-  
tary contribution basis. The Asso-  
ciation also asked for remission of  
the \$1.00 per meeting fee charged  
for use of the school, and will be  
informed the Board cannot recon-  
sider its decision to charge for meet-

### SS. KATORI MARU IN PORT TO-MORROW

The Nippon Yusen Kaisha liner  
Katori Maru, inbound from Ori-  
ental ports, reports by radio that  
she will reach quarantine by noon  
to-morrow. The Japanese liner  
is running a full day ahead of her  
schedule.

### TO HEAT OR NOT TO HEAT? COUNCIL ASKS

Will Aged Men Go Cold This  
Winter?

To heat or not to heat the Aged  
Men's Home this Winter—that is the  
question which the City Council de-  
bated in exhaustive detail last night.  
And the fate of the aged men still  
swings uncertainly in the balance.

Alderman E. S. Woodward, chair-  
man of the Home Committee, who has  
spent much of his time this year  
fighting for various improvements in  
the Home, proposed that the Council  
call for tenders for the installation  
of a hot water heating plant at the  
Home. "This plant," he explained,  
would cost about \$3,500, which would  
be paid out of a request recently left  
to the Home.

"In our private business if we owed  
as much as the city does and someone  
left us \$2,500 we would use it to pay  
off some of our outstanding debts in-  
stead of using it to install a heating  
system which many of us haven't got  
in our own homes," Alderman E. B.  
Andros protested emphatically.

"The Aged Men's Home has no  
debts so the argument doesn't apply,"  
Alderman Woodward retorted. "I  
think if we can bring a little heat  
into the aged men's lives we  
should do it. The present system  
only heats the corridors and the aged  
men live in their rooms. It has been  
so cold that we have had great diffi-  
culty in persuading them to open their  
windows and let in a little air."

Finally, after further cogitation, the  
Council decided to call tenders on the  
proposed heating plant.

### Guild of Health.—The Rev. T. E. Rowe will lecture on Divine Healing in Christ Church Cathedral on Wed- nesday evening at eight o'clock. Mr. Rowe will be in the Cathedral for consultation on Wednesday morning from 10.30 to 12 o'clock.

### Scottish Concert.—Miss Mairi Matheson, the noted Scottish singer, and other artists will take part in an excellent programme arranged for the concert at Esquimalt Methodist Church commencing at 8 o'clock this evening. Vocal and instrumental se- lections will be given and the artists include—Elsie Bryant, Miss May Brogan, Mr. Spence, Miss Mead, and M. J. Mutch.

### Want Traffic Expert.—Following R. W. Mayhew's suggestion to the Chamber of Commerce directors yester- day that British Columbia needed a competent freight and traffic ex- pert to look after the Province's in- terests in railway matters, a meet- ing of members was held this after- noon to discuss the details of the case which should be laid before the Board of Railway Commissioners, which will hold sessions here and in Vancouver next week. Among those who are deliberating on the question are: C. P. W. Schwenger, J. H. Beatty, E. C. Nicholas, R. W. May- hew, J. G. Cameron, A. E. McLean, H. Goulding Wilson, William Munzie, J. Carl Pendray, J. G. Thomson and W. Mitchell.

### A POISON STOREHOUSE IN EVERY HOME

You may not think so, but that's  
what happens to everyone of us  
when the kidneys are affected. The  
kidneys are the filters that remove  
from the blood the waste matter that  
acts like deadly poison on the vitality  
and health of the system. Dr.  
Hamilton's Pills stimulate the kid-  
neys, expel fermenting matter from  
the bowels, restore the liver and  
stimulate all excretory organs. No  
medicine will clean up the system,  
tone the blood, make you feel fit and  
fine as quickly as Dr. Hamilton's Pills.  
Useful and reliable in every home. Dr.  
Hamilton's Pills of Mandrake and  
Butternut, 25c dealers, or The Co-  
larhazone Co., Montreal. Adv.

### G. A. RICHARDSON & CO.

Victoria House 636 Yates Street

Named Commissioner.—Arthur R.  
Wolfenden was officially appointed  
Local Improvement Commissioner to-  
day in a successful application grant-  
ed by Mr. Justice Murphy in Supreme  
Court Chambers. City Solicitor H. S.  
Pringle put forward the choice of the  
Council for the post. Mr. R. J.  
Bannerman was first suggester of the  
post, made vacant recently by the  
death of the late J. J. Shallerose, but  
stated he could not act. Mr. Wolfen-  
den, it is understood, has consented to  
act.

Accused Acquitted.—Vaclimus Paul,  
charged with being unlawfully in  
possession of two pairs of game birds  
was to-day acquitted in the police  
court. J. A. Atkinson appeared for the  
accused. Magistrate Jax stated the  
evidence was not sufficiently strong  
to connect the accused with the own-  
ership of the birds. The grouse, nine  
in number, will be returned to Veness,  
witness, and the pheasants will be  
distributed among the Aged Ladies  
and Aged Men's Home. It was ordered,  
Veness is to be charged, it is learned,  
Jacob, an Indian, was fined \$5 for  
being drunk, and admitted the offence.

To Go to Assizes.—Francis Turner,  
charged with using a race track  
ticket, knowing it to have been  
forged, was given the opportunity of  
electing to-day in the County Court.  
The accused, defended by Frank Hig-  
gins, K. C., elected trial by jury, and  
will appear at the Fall Assizes. J. S.  
Brandon acted for the Crown.

POLITICIANS

W. E. Stenland was last night elected chairman of Ward Three N. L. and C. organization to work for the re-election of the Hon. S. F. Tolmie.

Mrs. E. E. Coady-Johnson was chosen secretary. H. R. Savage and Alfred Petch were named as representatives on the central executive.

The following ward executive was appointed: Miss Tully, Miss Lottie Bowron, Mrs. Pierpont, Mrs. Greggson, T. Milligan, E. E. Coady-Johnson, L. B. Wilson, J. Turner, Frank Andrews, Gerald Cross, J. Schindler, J. Cockett, H. Burns, W. Merryfield, H. Clare, Hugh McDonald, C. M. Cookson and A. C. McRae.

Ward Three organization will meet again Thursday night.

To-night Ward Four executive and Ward Two N. L. and C. supporters will meet at headquarters in the St. Francis Hotel.

Ward One will meet there Wednesday night.

The N. L. and C. nominating convention for Nanaimo will be held tomorrow at Duncan.

It is said in N. L. and C. circles that C. H. Dickie of Duncan is practically certain of nomination, although the names of Reeve Lockley of Esquimalt and George Clark of Saanich will go before the convention.

Labor and radical elements in Victoria are meeting in Labor Hall, Broad Street, to-night to talk over entering a candidate in the fight here between the Hon. S. F. Tolmie and W. M. Ivel. T. A. Barnard, of New Westminster, who polled more than 5,000 votes against Dr. Tolmie at the last election, is talked of, and so is J. H. Hawthornthwaite, former Socialist member of Newcastle in the Provincial Legislature.

Besides campaigning and demonstrating in Esquimalt Thursday night for the election of W. A. Pritchard in Nanaimo, Victoria Socialists will start activities in Oak Bay, Saanich and other rural parts of the riding near to Victoria.

W. A. Pritchard of Vancouver, Socialist candidate in Nanaimo, has been visiting Victoria in connection with local Socialists. "Despite ardent opposition I can make the grade in Nanaimo if I have the support of members of the Socialist party," said Mr. Pritchard.

MANY BURGLARIES REPORTED. The candy store in the premises of Messrs. Kelly, Douglas & Company was ransacked over the week-end. It was reported to the police yesterday, by thieves who found nothing to their liking and chucked up a skull and cross bones on the counter to show their displeasure. It is thought boys were responsible for the raid.

The home of J. A. McConnell, 1569 McClure Street was ransacked over the week-end in the absence of Mr. McConnell.

ence of the family. A quantity of staple foodstuffs were removed. Entry was gained through a basement window.

A. Pendray, a local contractor, reported to the police, to-day the disappearance of a quantity of lumber, removed from building operations on Johnson Street during the night. Other attempts at entry were also reported, pass keys and window forcing being tried in most cases.

RENEGE FIGHT ON PENSION SCHEME

Oppose Superannuation for Police Alone

Plans for putting into effect in all city departments the pension scheme provided in the new Superannuation Act, which was rejected by the city early this year, will be thrashed out again at the next meeting of the civic Finance Committee, it was announced at the City Hall to-day.

The Finance Committee will take up the pension scheme again as a result of the efforts of the Police Department to have the Superannuation Act to apply to policemen.

Strong action of aldermen, led by Alderman George Sangster, will fight to prevent the pension scheme being applied to one class of department alone. They want it to apply to all departments or to none.

The other departments have as much right to a pension scheme as the police, said Alderman Sangster declared to-day. "We should not give the police pensions and leave the rest of the civic employees without them. That would be most inequitable. We must give pensions to all or none. Whether we can go ahead with the pension scheme will depend upon our finances. It is proposed to investigate our finances and see if we can put the scheme into effect this year. The whole matter will be thoroughly investigated."

The final plans for the reception and entertainment of some 700 Kiwanians, with many ladies, were announced to the membership of the local club at the noonday luncheon to-day.

It was emphasized that all local members would be expected to register with the secretary prior to Friday. Ladies of local members need not register, and will be very heartily welcomed at all the convention functions.

The ladies will be entertained along with the many visiting ladies entirely free except for such affairs as the two luncheons and banquet to follow. Mrs. E. H. Griffiths acting as convener of all local ladies committees for the convention.

It was requested that all Kiwanians should be on hand to extend a hearty welcome to the American delegates when they arrive on the special Canadian Pacific Railway boat on Friday, at 1.30 o'clock.

The members to-day practised some of the songs they will use in the convention functions, and were congratulated upon their performance in a neat and humorous address by Dr. Boyd, of San Francisco, also a Kiwanian. For the official banquet to be held the Premier, Mayor Porter, the American Consul and the presidents of the Canadian, Rotary and Kiwanian clubs have been invited. Harold M. Diggon won the attendance drawing to-day.

Kiwanian Charles Campbell rendered a brief report on the convention presentation to Everett, recently. Cars for drives for the visiting ladies and delegates were requested for Friday morning at 10.30 at the Empress Hotel, and on Saturday morning, and otherwise by arrangement with Kiwanian Tom Morrison.

President Mark Graham and vice-president Kenneth Ferguson made plans to-day for the participation of the Victoria members in the conference, and asked that all Kiwanians act as guides and guardians to the visiting members of the Kiwanian club, and make their stay memorable in the history of the movement.

It was expected at the City Hall that the Dinsdale motion would be modified in the light of late developments, and that a committee would be formed to negotiate with the Electric Railway Company. The idea now is to hold round-table discussions with the company and avoid open battle between it and the city.

The aldermen realize that they can turn the jitneys loose and bring back a five-cent fare, but a majority do not wish to do this if they can avoid it. The fact that I did not present my motion asking for the cancellation of the agreement to-night does not mean that we have abandoned the idea of a negotiated settlement. The rest of the Council wanted more time to investigate the one-man car question, and so I have given them a week to do so, but we do not intend to allow the company to put one-man cars on here."

MATE FINED FOR ROUGH TREATMENT OF QUARTERMASTER

Habits of Mate of Arizonan Aired in Court

The result of an altercation that was settled by Chief Dawsey on board the U. S. freighter Arizonan in the Esquimalt drydock basin recently was heard in the Esquimalt police court to-day, when R. Tobish, first mate, was charged with assaulting Patrick Bernard Clark, a quartermaster. J. A. Alkman appeared for the accused, and E. V. Finland for the municipality. The mate was fined \$20 upon conviction. A large number of the crew of the ship was called in evidence.

The complainant stated that the accused had thrown his arm around his neck, and pummeled him in the face for a start, later getting him down on his back and beating him with his fists, while the mate kept him down with his knees.

The difference arose out of the fact that the quartermaster was told to fetch a broom, and had not done so. The complainant was angry because he was lashed, when he began corrective measures.

The complainant Clark was logged two days for incident by the captain of the ship. Other witnesses stated that the mate had had trouble with other members of the crew, upon the charge of assaulting a mate upon the charge of assault against Clark, and imposed the fine as stated.

The other departments have as much right to a pension scheme as the police, said Alderman Sangster declared to-day. "We should not give the police pensions and leave the rest of the civic employees without them. That would be most inequitable. We must give pensions to all or none. Whether we can go ahead with the pension scheme will depend upon our finances. It is proposed to investigate our finances and see if we can put the scheme into effect this year. The whole matter will be thoroughly investigated."

The final plans for the reception and entertainment of some 700 Kiwanians, with many ladies, were announced to the membership of the local club at the noonday luncheon to-day.

It was emphasized that all local members would be expected to register with the secretary prior to Friday. Ladies of local members need not register, and will be very heartily welcomed at all the convention functions.

The ladies will be entertained along with the many visiting ladies entirely free except for such affairs as the two luncheons and banquet to follow. Mrs. E. H. Griffiths acting as convener of all local ladies committees for the convention.

NO DANISH PASTRY

Lieutenant-Governor Nichol, on his return to Victoria to-day from the Okanagan, announced that he has made no arrangements for any Danish pastry, and that he has no pastry cook for Government House.

BAKERS GO INTO BREAD PRICES HERE

High Costs of Materials Here Make it Difficult to Meet Eastern Prices

The question of reduction of bread prices, following the cuts announced in other cities of Canada and the United States as a result of the recent drop in the price of flour, was taken up this afternoon by the Bread and Cake Manufacturers' Association.

"So far as the Victoria trade is concerned we have not seen any justification for a cut in price up to the present time," said H. Amphlett, secretary of the organization this afternoon.

"We are standing alone for as far as the cost of materials is concerned, as they are higher here than in other parts of Canada. And besides the manufacturers here have not considered any further cuts in price. The wage schedules for Toronto and Montreal are vastly different from what the schedule is in Victoria."

"We are taking due notice of the situation which is developing and with the new prices coming in for flour and the crop and harvest returns we shall in a few days meet to consider the situation as a whole. Whatever reduction in price is justified by the present situation will be made at the earliest possible moment."

STOCKS QUIET IN WALL STREET

(By Burdick Brothers, Ltd.) New York, Oct. 11.—The market was a quiet affair today and little change was recorded at the close. There were very few constructive influences facing the stock market and traders were still maintaining a waiting attitude. Some eveninging of commitments during the last hour was noticeable owing to the fact that tomorrow will be a holiday throughout the United States, "Columbus Day."

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Oct. 11.—There was a distinctly better tone to the local wheat market to-day. Selling pressure at country elevators has eased up quite materially and there was a better general inquiry. Trading was fairly active throughout the session and futures closed at 4 1/2% higher. The coarse flour grades were on the upgrade. THE HOUSE. Consists of 7 splendid large rooms, entrance hall, very large sitting and dining rooms, separated by an artistically built archway; large bright kitchen, convenient pantry with all the necessary shelves, bins, cupboards, etc.; fully equipped bathroom, and two nice cozy bedrooms, with clothes closets downstairs, making a complete 5-roomed suite on 1st floor. The upper portion of the house contains 2 good bedrooms and a bath. The entire house is plastered and finished in the very best of materials and is practically new, having only been completed a few years. Everything is in "tip-top" shape. THE LAND. Contains a little over one-third of an acre of excellent soil, all clear and nicely laid out and garden. There is a gentle slope to the property, as well as a tile drain around the house, affording perfect drainage. THE SITUATION IS IDEAL. Being just over the 2 mile circle, having the country atmosphere, besides enjoying all the conveniences of the city. You have to see this property to appreciate it. Let us show you it to-day. SACRIFICE PRICE, \$2,700 ON TERMS. The adjacent one-third acre can be secured at a very small figure if desired. SWINERTON & MUSGRAVE, 640 Fort Street.

misconception that the word meant mistiness, the Dean said. It was really indefinable, but the nearest approach to the meaning in words might be expressed as the practice of the apprehension of unseen realities especially in regard to personality and escaped all material things the sooner he became merged in the one absolute impersonal God, the Dean remarked. Religious mysticism really originated in India. The West was not the home of philosophy and wisdom. In India there was the belief that the soul—man-embodied—his own personality and escaped all material things the sooner he became merged in the one absolute impersonal God, the Dean remarked. "Christian mysticism, instead of depressing personality, stimulated it, believing in union with God and not in the dissolution of all personality, the speaker said. The speaker referred to St. Paul, St. Peter, and St. Bernard, as great mystics, yet with distinct personalities. The Christian mystics of the middle ages thought that the body was a hindrance to their religion (knowing the main factors for education, namely, the will), and tortured themselves in the hope of subduing it, he remarked. The great modern mystic, Von Hegel, says that life must consist of three elements—the institutional, in which the church forms the "most part; the rational, which concerns the intellect, and the mystical, which, like gulf stream makes itself felt by its warmth and which is the vitalizing power of all doctrines and ceremonies. Revival of Interest. There was a great revival to-day in the study of the writings and translations of great mystics, Dean Quinlan said. However, one of the wrong and popular conceptions of mysticism was that it meant Pantheism, or God in all and all in God. God over all, God above all. Other dangers in the study of mysticism were quietism, a disregard of institution, and sacraments which were really external parts of life, helping man to express the deeper emotions and self dedication to which some of the modern cults seemed to be leading, the lecturer remarked. The history of mysticism were first that it forms the basis of a universal religion, as it lays stress on the inner consciousness of God, and goes behind creed, culture, and race. Buddha, Confucius, Marcus Aurelius, and Zoroaster had caught a part of the music of the truth, but Jesus-Christ-embodied—the whole harmony, the deep diapason, the lecturer remarked. Other advantages of mysticism were that it was the corrective of materialism and a sanctifying influence in life. The mystic was the mystic element as the pennyworth of bread, in the sack of grain, in all modern cults, but the pennyworth was to the liking of the modern mind. The mystic side of Christianity can give rest not only afterwards, but during the battle. Social service was needed to-day, but meditation a food for the inner self was also greatly needed, he stated. Vote of Thanks. During the evening Miss Jessie Byrd contributed a violin solo, and Mrs. Robert Jones a vocal solo. A vote of thanks was tendered at the close by Wm. Marchant, and seconded by F. D. Rard. Rev. Wm. Stevenson, pastor of the church, also spoke a few words of thanks to the Dean for his uplifting and helpful address. Percy Marchant presided. McKenzie Avenue School Vacancy. The Saanich School Board last night appointed Miss A. Gawley to the permanent staff, assigned to McKenzie Avenue School in place of Miss Thorpe, who recently resigned.

DEAN SPEAKS ON "MYSTICISM" Considers Subject From Oriental and Occidental Standpoint. On Monday in the Emmanuel Baptist Church, the first of a series of lectures by prominent lecturers, was given by the Very Rev. Dean Quinlan. The building was filled to capacity, and the splendid sale of tickets augurs well for the success of the course, the proceeds of which are to go to the mortgage fund. Definition of Term. The Dean in a brilliant and comprehensive manner, with many touches of wit, humor and pathos, spoke on "Mysticism." The lecturer first defined the word mysticism as coming from the Greek word, meaning a closing of the eyes, so that nothing can be seen but the inner vision—really an inner consciousness of God. Mysticism required two conditions, an absence of noise and freedom from the material. Jazzy music was the very antithesis of mysticism, he said. In some minds there was the

## DR. J. C. ROBERTSON TO SPEAK HERE

Sunday School Workers Will Assemble for Two Days.

A conference of Sunday school workers under the auspices of the Victoria Religious Education Council will be held at the First Presbyterian Church Hall on Thursday and Friday.

The programme is as follows:  
Thursday Evening.  
8 p.m.—Supper at Y. W. C. A. for officers and members of Young People's Societies. Subject and discussion—"How to Organize a Young People's Department." Speaker, Rev. J. C. Robertson, D.D., General Secretary of Presbyterian Board of S. S. and Y. P. Societies.

8:15 p.m.—Address—"The Young People's Task in Church and Community," by Rev. W. E. Galloway, Western Secretary of the Methodist Board of S. S. and Y. P. Societies. Chairman, Mr. Auburn. Host, Presbyterian representative on R. E. C. Friday Evening.

8 p.m.—Supper at Y. W. C. A. for ministers and S. S. workers. Subject and discussion—"Religious Methods of Children and Practical Methods of Meeting Them." Speaker, Rev. J. C. Robertson, D.D.

8:15 p.m.—Illustrated address—"Impressions of S. S. Work in the Orient," by Rev. J. C. Robertson, D.D. (recently returned from World's S. S. Convention at Tokio). Chairman, Rev. W. C. Frank, Methodist District Secretary of R. E.

## WIFE OF FARMER ALMOST STARVED

Mrs. Peterson Suffered Awful Pains After Every Meal; Is Now Well As Ever

Declaring she was actually starving to keep from suffering awful misery, Mrs. Amy Peterson, wife of a prosperous farmer of Lakeville, Mass., gave out a remarkable statement, recently, in connection with her relief through the use of Tanlac.

## COUNCIL WILL ASK OWNERS TO MOVE HOUSES OFF STREETS

Buildings Encroach Upon Municipal Roads in Esquimalt Centre

That the area to be re-surveyed in Esquimalt did not contain all the inaccuracies of the former survey of the township, but only a small portion of them, developed at a meeting of the Esquimalt council last night, when Engineer Bourne reported finding a serious encroachment of many lots upon municipal roads.

Buildings, he stated in his report, were in some cases ten feet on the roadway, while fences overlapped the road, and each other in an alarming manner. Whole blocks were off the correct line, thus throwing adjoining lots out of proper alignment. One case in particular occurred where a large shed was some five feet on the roadway, and its fence ten feet on the thoroughfare.

### Engineer's Report

Engineer Bourne's report read as follows:  
"I beg to call your attention to the serious encroachment on the street by buildings and fences on Wollaston Street and Dunsmuir Road. In order to give Mr. John Dean, the location of the street lines on a certain block I had to do considerable amount of survey work, covering a fairly wide area, similar to the encroachments in red is enclosed for your perusal.

"It will be noticed that on Dunsmuir Road the sheds of the Provincial Government, lot 19 encroached upon the street about ten feet. Mr. Robert's fence, adjoining, encroached somewhat less. On lot 46 Mr. Donegan's house is on the street about two feet, and his fence about five. On Wollaston Street Mr. Bank's fence, lot 23, encroaches about six feet. It will also be noticed that the fences overlap on the adjoining property in some cases, similar to the conditions which exist in the area that is now being surveyed under the 'Special Surveys Act.'

"This is a very serious matter, and I would suggest that these people and the provincial government be requested to move the buildings back to the proper lines."  
A postscript to the report of the engineer—the postscript ran:  
"On additional survey it appears that the two stores on Esquimalt Road, Mr. Lock's and another, encroach upon the street about four feet. I may add that I found numerous old posts on the street in various places."

**Shows Conditions.**  
The blue print which accompanied the report of Engineer Bourne showed very graphically the state of affairs existing under the former surveys—whole lots in certain blocks has been moved several feet to the south, and encroached on the roads, while to the north many properties did not take up all the land that was part of the same parcels.

The council, after a hasty look at the blue print, decided to adopt the engineer's report, and to request the people named therein to have the buildings and fences moved back to the roadway of the municipality. The area complained of by the engineer, it was explained, is separate and distinct from that on which the special survey is now being conducted.

When the account of the surveyor on this work came before the board, it was ordered back for further particulars, but with the expression of the entire council that the account was true, and would have to be paid. There was no dispute on the special survey, the first session that passed without some reference to the work now under way and in a fair way to completion by Mr. Hutchison under the Surveyor-General's department.

## PLAN TO DRAIN ROSS BAY LAND

Alarmed by continual reports that graves in Ross Bay Cemetery are often partially filled with water before coffins are lowered into them, the City Council last night decided to investigate the possibility of draining cemetery land lying along the Dallas Road.

## WOULD KEEP LAND OUT OF CLUTCHES OF SPECULATORS

### City Makes Plans for Auction Sale

Large areas of vacant city property which have reverted to the corporation at tax sales during recent years should not be allowed to fall into the hands of speculators, Alderman E. S. Woodward warned the City Council last night. But the Council decided to let its Reverted Lands Committee go ahead with plans for holding an auction sale of reverted lands as soon as is thought desirable. The terms under which the committee may wish to hold this auction, however, will be submitted to the Council for approval.

"Will it be a condition of this sale that a man must use this land he purchases?" Alderman Woodward asked.

Members of the Reverted Lands Committee replied that no such condition was contemplated.

"Then I am against the plan," said Alderman Woodward. "We should strive to prevent our land falling into the hands of speculators who have been the city's curse in the past."

"What we want to do is to get the land back into the hands of people who will pay taxes on it," Alderman Andrews retorted. "If a man builds a house on the land so much the better, but if he wants to keep a goat on it all right, provided he pays the taxes."

Alderman Sargent urged the Reverted Lands Committee to set a reserve price on all land offered for sale at the proposed auction.

## 4,000 ELECTORS WILL HAVE CHANGE TO GET ON LIST

The 4,000 electors who could not vote at the last provincial election because of their failure to exercise their franchise will have an opportunity of getting on the list which will be used by the Federal returning officers in the forthcoming election.

Registrars will be located in each ward in the city at places to be announced later and those wishing to vote in the Dominion election should appear at these offices and their names are not on the list then they can have their names entered. If they fail to attend to this matter they will find that on election day they will be unable to vote. Due notice will be given when registration will begin and where.

The last provincial voters' list will be used by the Federal Government as a basis on which to work and the new names will be added as applications are received and approved. It is important, therefore, that everyone should bear this matter in mind.

The revision of the voters' list will be held between November 14 and November 20, inclusive, in accordance with the terms of the Dominion Elections Act, which deals with revision in the following sections:

**1. Procedure at Sitings.**  
107. Sitings and Procedure Generally.—The revising officer's sitting must begin on the twenty-first day before polling day and continue during a total of six consecutive week days. Changes in the list will be made only upon application; all names placed on the list by registrars will be allowed to stand unless an application is made for their removal or correction. Applications for the correction of the list may be made either by the voters concerned or by the registrar; applications for the removal of names may be made by any person on giving the statutory notice. Any person is at liberty to apply to the revising officer to have his name added to the list. He need not have made any application to the registrar for registration and, if he has not obtained a certificate from the registrar of the latter's refusal to register him. At the request of any urban registrar any mistake made by him will be corrected by the revising officer, upon his being satisfied that the correction is a proper one.

**108. Making of Amending Lists.**  
The revising officer will at the sittings have before him the revising officer's record upon which each application and its disposition will be noted. During recesses in the course of the sittings the entries made in the record will be transferred to the index books prepared for each polling division by the urban registrar or registrars. New names added to the list will be inserted with the same capital letter. All the names added under any letter will be given the same number as the last name registered by the registrar but this number will be followed by the letter of the alphabet in succession, thus "37a," "37b," etc. The date of the entry and the revising officer's initials will be added in the column for remarks. When names are struck off a line will be drawn through the registrar's entry, except the number, which will be allowed to stand. The words "struck off" and the revising officer's initials will be noted in the same way as when a name is added.

## WHAT CAUSES HEADACHES?

"Fruit-a-tives" Prevents Auto-intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial constipation or insufficient action of the bowels. Waste-matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema, and other skin diseases.

"Fruit-a-tives" always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa. (Adv.)

## COUNCILLOR BURNED BY VAPORIZED GAS IN CLEANING TANK

Councillor Mesher Shows Miraculous Presence of Mind

Councillor J. F. Mesher was welcomed back to the Esquimalt Council in session last night, after his painful accident. About a week ago Mr. Mesher was cleaning out a gasoline tank, and had washed it out three times with scalding hot water when the accident occurred. It seems the top and bottom taps were left open and the water was running through. The gasoline, of course, had been drained off first, but apparently some remained in the form of vapor, for when Councillor Mesher lit a match to see what kind of a job he had performed, the whole interior of the tank took fire and flames shot out into the councillor's face.

But for Mr. Mesher's quickness of mind in shutting his eyes his sight would undoubtedly have been damaged; as it was, his face was badly burned and every bit of hair removed from the upper lip and eyebrows. By careful treatment Councillor Mesher regained his health without further trouble, and last night was once more welcomed back to the council board after an accident which might well have cost him his life.

## COUNCIL FINDS LOSS IN PRACTICING PHILANTHROPY

Anomaly Develops; Many Matters Before Council

The Esquimalt Council last night discovered that while the Esquimalt High School is educating eight Victoria pupils and the City High School is educating six Esquimalt pupils, that Esquimalt must pay for its six, and cannot collect from the city for the eight receiving tuition in Esquimalt.

It was "heads I win, tails you lose," thought the Council. Reeve Lockley explained that the Victoria students were admitted to the Esquimalt school voluntarily, and the Council could not collect, but that under the School Act the city could collect for all children from outside municipalities. The six Esquimalt students in the city school are undergoing a business course which they cannot get at Esquimalt. The matter was dropped, with the account vendors by City Comptroller Raymond ordered to be referred to the Esquimalt School Board for action.

**Tax Sale Lands.**  
It was reported that land with tax arrears to the value of over \$700 annually had reverted to the Council at the last sale. The land was instructed to sell this at the upset price, accrued to date of sale, at any time that he could find purchasers for the respective blocks. A letter from the Union of B. C. Municipalities asking for the sum of ten dollars was received, and the amount ordered to be paid.

**Take No Action.**  
A letter to the Council from the Amalgamated Association of Street Railway Employees was read asking that the Council go on record as opposing the one-man car system. The letter gave a very comprehensive review of the one-man car system in other cities and urged that their use here would be "detrimental to the travelling public." The Council refused to touch the matter, until after the City Council had shown some desire to express its views.

**Will Install Lights.**  
The Council decided to go ahead with six new lights for Mary streets in the municipality. Eight had originally been intended, but the B. C. Electric Railway wished \$739.80 for this work, with the municipality supplying the lamps and shades—a sum slightly more than the appropriation left for the work. Two lights planned were eliminated, and the remaining six will be proceeded with at once.

**Caring For Indigent.**  
A letter was read from the Provincial Secretary, in connection with an aged resident of the municipality, who had become a charge upon the municipality. The man will be placed in the Provincial Home, if the Council pays seventy-five per cent. of his upkeep. His property will go to the Government, which will give regular account of their care of the same, and any proceeds from rent or otherwise will be credited to the municipality. It was stated.
