Greetings - 1926

WE are presenting a new catalog full of what we think are the cream of the Dahlia world. They have all been grown in our Gardens this past season and have been greatly admired. Also helped us win many first prizes including the Gold Medal at the New England Dahlia Society's Show at Boston, the Silver Medal at Manchester, and the Silver Cup at Swampscott. These were the main prizes.

We wish to thank our many customers for their kind testimonials, which of course are welcomed, and trust that you will continue favoring us with your kind orders.

Garden sales, and orders taken at Dahlia Shows have again cleaned some varieties so close that we will be unable to list them here, and many on this list are limited.

Yours for better Dahlias.

A word about Green Plants

WE offer many varieties in Green Plants very reasonable. These are not little rooted cuttings or large, soft Greenhouse plants that are liable to die when planted out. If you have had poor luck with dahlia plants in previous years, for your sake we ask you to give our Green Plants a trial.

They are good healthy plants hardened off in cold frames, well rooted and ready to go ahead and plant. Furthermore our method of packing plants is such that they will reach you in good growing condition. We prefer Green Plants for several reasons. They produce better flowers as well as better tubers, which are cleaner and free from disease.

Many of our customers who were formerly prejudiced against plants, now order them almost entirely after trying them.

Don't think you live too far to buy plants as we have sent them most everywhere in the United States and Canada.

Abbreviations: C signifies Cactus; Dec, Decorative; H. C. Hybrid Cactus; P, Paeony; and S, Show

Glory of New England (Mackinley) Dec.	Tuber Plant		
The color combination of this wonderful new Dahlia is superior to anything that we have ever seen. The ground color is a clear sulphur yellow while the florets are heavily tipped pure white. It is truly a mammoth dahlia and the formation is wonderful, never known to show its center or produce a solid yellow or white flower. This new introduction is undoubtedly the largest yellow and white decorative ever introduced, originated by Mr. William MacKinley in 1920 and has been a local sensation.			
In introducing it we do so, believing that it meets all the requirements of a modern dahlia. Plant is a strong robust grower and a prolific bloomer. Flowers held erect on rigid stems. A wonderful garden dahlia and a great exhibition flower			
		10.00	5.00
General MacRae (Meachen & Sherman) Dec.			
This is one of the best. The face of the petals is apricot buff suffused with gold and the reverse, light coral red, a beautiful combination, strong stiff stems high above the foliage

Large, round, yellow, fine stems, beautiful flower, greatly admired			
		2.00	
His Majesty (Bessie Boston)			
A giant flower with long stems, free bloomer, late flowers are as good as the first, at Boston a large basket of these was greatly admired, color bright scarlet			
		7.50	3.75
Head of the Nation (Stillman) Cac.			
Purple with a magenta overcast. A very tall plant and free bloomer. A large incurved claw shaped true cactus. One of Stillman's new introductions. Plants only			
			5.00
Havella (McWhirter) Dec.			
Charming rose pink, large blossoms held erect on long stiff stems. Very pretty			
		2.50

A Few Testimonials

Brazil, Indiana

Andrew Lufkin, Gloucester, Mass.

Dear Sir:

I have received the Dahlias you shipped me, and they arrived in fine condition. They are just the kind of tubers I like to receive. They could not be better.

Yours very truly,

Vancouver, Wash.

Lufkin's Dahlia Gardens, Gloucester, Mass.

Dear Mr. Lufkin:

I had fine success with plants received from you. In your excellent way of packing, the moisture holds well through any reasonable course of mail. I shall want some more plants. Shall await with interest your trade list and catalog later on.

Yours,

Baltimore, Md.

Mr. Andrew Lufkin

6 Harrison Ave., Gloucester, Mass.

My dear Sir:

The plants arrived this morning in A no. 1 condition and your method of packing is the best I have ever seen. I am more than pleased with them. My whole dealings with you have been a great pleasure.

Sincerely,

West Newton, Pa.

Mr. A. Lufkin, Gloucester, Mass.

Dear Sir:

Please send me by Parcel Post the following dahlias at planting time. Enclosed money order for same. I got some plants from you last year and they convinced me that plants are all right. I had been prejudiced against them before.

Gentlemen:

I received your shipment of Dahlia plants the other day and must say I never saw a better lot of plants. They arrived without even wilting.

Yours very truly,

DAHLIA LOVERS The New England Dahlia Society invites all interested in the Dahlia to attend its fifth annual Dahlia Show, which will be held in the Mass. Horticultural Society's Building, on the corner of Mass. and Huntington Aves., Boston, about the 11th and 12th of September 1926.

The 3 large Halls have been given over for this event containing about 15,000 sq. ft. of floor space.

The exact date will be announced later. Send us a card with your address and we will mail you full information before the Show.

By the enthusiasm now being waged, the 1926 Show will be Better and Larger than ever before. Trust you will be with us.

The Dahlia Society of New England was organized at Boston, Mass., in 1922 for the purpose of promoting more and better dahlias in New England. Why not join? Fill in the blank on next page and mail us. A bulletin full of all the hints and writeups from different growers will be sent you.

You are invited to become a member of
