btm

26th May, 1926.

Dear Sirs,

I am in receipt of your letter of the 21st instant respecting the Motor Vessel "SCOTTISH MINSTREL" and in reply I have to inform you that the test results of the original crankshafts of this vessel were as follows:-

<u>Tensile.</u>	<u>Elongation.</u>
29.2 tons per sq.in.	34%
28.0 " " " "	35%
30.0 " " " "	34%
28.6 " " " "	36%

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
ROTTERDAM.
