PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

Docket No. 580.—*In re Swift & Co.*, New York, N. Y. The Acting Secretary of Agriculture on September 30, 1936, issued an inquiry alleging that respondent had violated title II of the Packers and Stockyards Act in that it had engaged in and used certain unfair, unjustly discriminatory, and deceptive practices and devices in the sale and handling of meat and meat food products in commerce. A hearing was held and at its conclusion the examiner made a report of the proceedings, tentative findings of fact, conclusions, and recommended order, which was served on all parties, and to which exceptions were filed by respondent and interveners. Oral argument was had before the Secretary on March 4 and 5, 1938. The Secretary on June 1, 1938, ordered respondent to cease and desist from the unfair, unjustly discriminatory, and deceptive practices and devices of denying to any purchaser any discount which, at or about the same time, is granted to any other purchaser of packer products of like kind, quality, and quantity under similar circumstances; of requiring one purchaser of its wrapped and packaged packer products to pay for them on the basis of their weight at the time they were wrapped and packed by respondent and allowing another purchaser to pay for such products on the basis of the actual weight thereof at the time of their physical delivery to the purchaser; and of denying to any buyer of packer products the same terms of credit that are extended to any other buyer, of substantially the same credit rating, purchasing packer products of like kind, quality, and quantity, under substantially the same circumstances.

Docket No. 807.—*In re Frank Keenan*, Chicago, Ill. The Secretary of Agriculture on May 28, 1937, issued an inquiry alleging that respondent had failed to keep proper accounts, records, and memoranda, and that he was insolvent in that he was unable to pay his obligations as they became due in the usual course of business. Respondent filed an answer denying the material allegations of the complaint. A hearing was held at Chicago on August 18, 1937. The testimony introduced by the Government through one of its accountants sustained the allegations of the complaint. A copy of the examiner's report was served on the respondent, but no exceptions were filed. On June 1, 1938, respondent's registration as a dealer was suspended for a period of 1 year.

Docket No. 891.—*In re Metropolitan Poultry Feed Corporation*, New York, N. Y. The Acting Secretary of Agriculture on July 27, 1937, issued an inquiry alleging that respondent had violated title V of the Packers and Stockyards Act in that it had charged for poultry feed prices different from those set forth in its tariff No. 1. A hearing was held on August 9, 1937. The examiner issued his tentative findings of fact and recommended order, but no exceptions were filed. On June 8, 1938, the Secretary issued an order suspending the license of respondent for a period of 30 days, and ordered that during said period of suspension respondent shall cease and desist from engaging in the business authorized by said license, and shall thereafter cease and desist from charging prices for poultry feed to be used in feeding poultry shipped in interstate commerce, or loaded in cars or trucks for the purpose of shipment in such commerce, which shall be greater or less than or different from the prices, rates, and charges on file with the Secretary of Agriculture. On June 23 the effective date of the order of June 8, 1938, was postponed for 60 days.

Docket No. 894.—In re Midwest Farmers, Inc., St. Paul, Minn. The Acting Secretary of Agriculture on July 28, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in connection with the handling of livestock in commerce. A hearing was held on September 21, 1937. A copy of the examiner's report was submitted to the respondent. Counsel for respondent filed exceptions to said report and argued the case orally before the Assistant Secretary, who had been assigned by the Secretary to hear the argument. On June 22, 1938, respondent was ordered to cease and desist from the unfair, unjustly discriminatory, and deceptive practice and device of substituting one animal for another without the knowledge and consent of the purchaser in making delivery of livestock to the purchaser.

Docket No. 928.—In re Leo Schloss, Inc., Newark, N. J. The Secretary of Agriculture on September 4, 1937, issued an inquiry alleging that defendant had violated the Packers and Stockyards Act in that it had used an unfair, unjustly discriminatory, and deceptive practice in connection with the handling of livestock in commerce. A hearing was held on October 19. A copy of the examiner's tentative report was served upon defendant but no exceptions were filed. However, on January 11, 1938, defendant requested that further investigation be made by the Department concerning the matter. An opportunity was afforded defendant on February 23 to argue the case, but it did not avail itself of the right to do so. On June 8 the Secretary ordered defendant to cease and desist from engaging in the unfair and deceptive practice of placing orders and buying livestock in interstate commerce for subsequent slaughter, and thereafter failing and refusing to accept and fulfill the legal obligations assumed as principal acting through its buying agents.

Docket No. 959.—In re Dewey Thomas, Parkersburg and Weston, W. Va. The Secretary of Agriculture on October 20, 1937, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that he had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in the buying and selling of livestock in interstate commerce in that he had failed and refused to furnish a reasonable bond to secure his financial obligations as a dealer. Respondent on May 5, 1938, acknowledged service of the notice of inquiry, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On June 20 respondent was ordered to cease and desist from the unfair practice of engaging in business as a dealer without executing and maintaining a bond or other satisfactory indemnity to cover his financial obligations as required by the Packers and Stockyards Act, and his registration was suspended for 6 months, with leave, however, to apply for a revocation of such suspension upon the furnishing of a bond or other satisfactory indemnity.

Docket No. 982.—In re Feldman Bros. Co., Elizabeth, N. J. The Acting Secretary of Agriculture on November 16, 1937, issued an inquiry alleging that respondent had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in violation of title II of the Packers and Stockyards Act in that, after it had purchased livestock through its duly authorized agent and had accepted such livestock which was shipped to it in commerce by the vendor, it made arbitrary and unauthorized deductions from the remittance covering the agreed purchase price. A hearing was held on January 6, 1938. A copy of the examiner's report was served upon respondent but no exceptions were filed. On June 20 respondent was ordered to cease and desist from the above-mentioned practice and device.

Docket No. 1040.—In re Octaf Stragier, Spokane, Wash. The Acting Secretary of Agriculture on January 19, 1938, issued an inquiry alleging that respondent had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in buying and selling livestock in interstate commerce, in that he failed to furnish a reasonable bond to secure his obligations as a dealer. On April 5 respondent acknowledged service of the inquiry, admitted the truth of the matters and things therein alleged and waived a hearing thereon. On May 3 respondent filed a satisfactory bond with the Chief of the Bureau of Animal Industry. On June 8 respondent was ordered to cease and desist from the unfair practice of engaging in business as a dealer without executing and maintaining a bond or other satisfactory form of indemnity to cover his financial obligations.

Docket No. 1066.—In re New System Poultry Market, Philadelphia, Pa. The Secretary of Agriculture on January 28, 1938, issued an inquiry alleging that respondent had violated title V of the Packers and Stockyards Act in that it had failed to maintain such finances as were necessary to enable it to meet its obligations as a licensee as they became due in the usual course of business. A hearing

was held on February 7. The evidence disclosed that respondent was unable to meet its current obligations and indicated that it will continue to be unable to fulfill the obligations that will be incurred in connection with the future purchase of live poultry on credit as a licensee. A copy of the examiner's report was served on respondent, but no exceptions were filed. On June 1 respondent's license for buying, selling, and handling live poultry in commerce was revoked.

Docket No. 1068.—In re Glenn Baker, Kokomo, Ind. v. Boris & Neuman, Inc., Chicago, Ill. Glenn Baker filed an informal complaint against Boris & Neuman, Inc., seeking reparation under the Packers and Stockyards Act, a copy of which was served upon defendant. A hearing was held on February 8, 1938, and from the evidence adduced it appears that complainant and defendant entered into a contract of purchase and sale for 221 geese at 17 cents a pound to be shipped from Kokomo, Ind., to Chicago, Ill., on or about November 10, 1937; that the weight of the geese at Kokomo at the time of shipment was 2,865 pounds, but that defendant found the weight upon arrival at Chicago to be 2,455 pounds, making a shrinkage of 410 pounds, which was an unreasonable shrink; that the geese were on the road from 1:30 a. m. to 6:30 a. m. and that a reasonable shrinkage would be 171 pounds, and that reparation should be awarded to the complainant on the basis of 17 cents per pound for 238 pounds of geese, which is the difference between the claimed shrinkage of 410 pounds and the actual shrinkage found to be 171 pounds. The examiner's report was served on both the complainant and defendant, but no exceptions were filed. Therefore, on June 1 it was ordered that Glenn Baker be awarded reparation in the sum of \$40.48 against the defendant, Boris & Neuman, Inc., together with interest thereon at the rate of 6 percent per annum from November 10, 1937, until paid.

Docket No. 1072.—In re Samuel Castiglia, Philadelphia, Pa. The Secretary of Agriculture on February 3, 1938, issued an inquiry alleging that respondent had violated title V of the Packers and Stockyards Act in that he had failed to maintain such finances as were necessary to enable him to meet the obligations incurred as a licensee as they became due in the usual course of business. Hearings were held on February 7 and March 21. A copy of the examiner's report was served upon respondent but no exceptions were filed. Therefore, on June 10 the Secretary issued an order revoking respondent's license to buy, sell, and handle live poultry in commerce.

Docket No. 1091.—In re Farmers Commission Co., A. Levit Co., Inc., O. V. Handy Bros. Co., Inc., Samuel Askin, and A. A. Levine, Philadelphia, Pa. The Acting Secretary of Agriculture on March 1, 1938, issued an inquiry alleging that respondents had violated the Packers and Stockyards Act in that they had engaged in and used an unfair, unjustly discriminatory, and deceptive practice and device in that they had jointly and severally refused to sell live poultry in interstate commerce at the market price to Abraham Butler, of Philadelphia, a licensee under the act, and to extend to him the usual credit period of approximately 1 week, thereby subjecting Butler to an undue and unreasonable prejudice and disadvantage. Copies of the inquiry were served on each respondent, and informal answers were filed by them, which answers, in substance, denied violating the act as alleged. A hearing was held on March 25 and 26. A copy of the examiner's report was served on each respondent, but no exceptions were filed. From the evidence adduced at the hearing it was found that Samuel Askin, who is a retailer, had not violated the act as alleged, therefore, the charges against him were dismissed on June 20. On the same date the other respondents were ordered to cease and desist from subjecting Butler, or any other licensee, to an undue and unreasonable prejudice and disadvantage by refusing to extend the usual credit period without any reasonable basis for such refusal.

Docket No. 1092.—In re Merchants Produce Co., Inc., v. Irwin Block, Philadelphia, Pa. Complainant in this case filed an informal complaint on November 15, 1937, alleging that defendant was indebted to it in the amount of \$41.58 for live poultry. A copy of the complaint was served upon defendant, giving him 20 days in which to answer, but no answer was filed. A hearing was held on March 21, 1938. From the evidence adduced at the hearing it developed that the indebtedness upon which the informal complaint was based accrued on November 25, 1935, and no payment had been made on this indebtedness within 90 days prior to the date of filing the complaint. As the complaint was not filed within the 90-day statutory period, no reparation can be awarded. The examiner's report was served on complainant and on defendant but no exceptions were filed. Therefore, on June 10 the case was dismissed.

Docket No. 1108.—*In re John Clay & Co.*, Denver, Colo. The Secretary of Agriculture on April 1, 1938, issued an inquiry alleging that respondent in its capacity as a market agency engaged in the business of buying and selling livestock on commission in interstate commerce had violated the Packers and Stockyards Act in that it had used fictitious names in its transactions. On April 13 respondent acknowledged receipt of the inquiry and practically admitted the truth of the matters and things therein alleged, and waived a hearing on the allegation that the sheep were sold to the account of a fictitious name. Later respondent's representative conferred with the representatives of the Department and satisfactorily explained all the other allegations in the complaint. On June 8 respondent was ordered to cease and desist from using a fictitious name in reporting the sale of livestock to shippers.

Docket No. 1112.—*In re Integrity Poultry Co.*, Philadelphia, Pa. The Acting Secretary of Agriculture on April 18, 1938, ordered that a hearing be held to allow the applicant an opportunity to show cause why his application for a license under title V of the Packers and Stockyards Act should not be denied. It now appears that applicant is no longer handling live poultry in commerce and requests that his application for a license be withdrawn. Therefore, on June 1 the case was dismissed.

Docket No. 1129.—*In re David R. Nissley*, Manheim, Pa., v. *Eastern Livestock Cooperative Marketing Association, Inc.*, Lancaster, Pa. The Secretary of Agriculture on May 17, 1938, ordered that a hearing be held on May 26 in the above-entitled case, but the complainant under date of May 25 requested that the Secretary dismiss the case. Therefore, on June 10 the case was dismissed.

Hearings have been held to allow applicants for licenses to buy, sell, and handle live poultry in commerce an opportunity to show cause why their applications, made under title V of the Packers and Stockyards Act, should not be denied. During the month of June, orders were issued granting licenses to the following:

Stockyard Withdrawn From Jurisdiction

Little Rock Stock Yards Commission Co., North Little Rock, Ark., was withdrawn from the jurisdiction of the Packers and Stockyards Act on June 3, 1938.

Modification of Order in Docket No. 5

Pursuant to the provisions of the Packers and Stockyards Act, the Secretary of Agriculture on June 30, 1924, issued an order prescribing reasonable rates and charges to be observed by the Peoria Union Stock Yards Co. for the rendition of services at its stockyard at Peoria, Ill. Respondent recently filed a petition seeking a temporary modification of the above-mentioned order to increase yardage charges. A detailed appraisal of the value of the land and the structural property of petitioner was made by Department engineers, and detailed audits and analyses of petitioner's books and records covering its operations for the 5-year period ended April 30, 1937, were made by Department accountants. Based on the information submitted, the Secretary on June 2, 1938, issued an order modifying to some extent the rates and charges for yardage.

Proceeding in Docket No. 311 Reopened

The United States Supreme Court on April 25, 1938, found the Secretary's order of June 14, 1933, prescribing reasonable commission rates to be charged at the Kansas City stockyards, invalid because the market agencies were not accorded a full hearing. On June 2, 1938, an order was issued by the Secretary reopening the case and submitting the proceedings, findings of fact, conclusion, and order, as issued on June 14, 1933, to the market agencies as the tentative findings of fact, conclusion, and proposed order of the Secretary in this proceeding and giving the market agencies 30 days from the date of service thereof in which to file exceptions.

Supreme Court Upholds Order of Secretary in Docket No. 450

The United States Supreme Court on May 31, 1938, rendered a decision upholding the order of the Secretary of Agriculture issued in March 1937, reducing the charges for services, yardage, feed, and bedding at the Denver Union stockyards. The new rates became effective June 1, 1938. As a result of this decision approximately \$50,000 will be returned to shippers, the difference between revenues under the old and the new rates.

THE COLONIAL PERIOD

The colonial period extends from the first settlement of the United States in 1607 to the beginning of the American Revolution in 1776. It is characterized by the growth of the colonies and their increasing dependence on Great Britain.

THE REVOLUTIONARY PERIOD

The revolutionary period extends from the beginning of the American Revolution in 1776 to the adoption of the Constitution in 1787. It is characterized by the struggle for independence and the establishment of a new government.

THE FEDERAL PERIOD

The federal period extends from the adoption of the Constitution in 1787 to the present time. It is characterized by the growth of the United States and the development of a strong federal government.
