REPORT.

The President and Directors of the LAKE SHORE & MICHIGAN SOUTHERN RAILWAY COMPANY respectfully submit to the Stockholders the following Report for the year ending December 31, 1873:

HISTORY OF ORGANIZATION.

The Company is a consolidation of the following Roads:

These two Roads last mentioned were consolidated, under the name of the *Lake Shore Railway Company*, in March, 1869.

This Road was consolidated with the Lake Shore Railway Company, under the name of the Lake Shore & Michigan Southern Railway Company, in May, 1869.

In August, 1869, the Buffalo & Erie Railroad Company, (eighty-eight miles,) was consolidated with the Lake Shore & Michigan Southern Railway Company, under the name of the LAKE SHORE & MICHIGAN SOUTHERN RAILWAY COMPANY, thus forming a continuous line of Railway, five hundred and forty miles in length, between the cities of Buffalo, in the State of New York, and Chicago, in the State of Illinois.

This Company owns branches as follows:

Ashtabula, Ohio, to Jamestown, Pa	niles.
Elyria, Ohio, via Sandusky, to Millbury, (Junction with Main Line,)	niles.
Toledo, Ohio, to Elkhart, Indiana, (Air Line,)	niles.
Adrian, Michigan, to Jackson, Michigan	niles.
Adrian, Michigan, to Monroe, Michigan	niles.

The following Roads are under separate organizations, but the capital stock thereof is owned wholly by this Company:

The Detroit, Monroe & Toledo Railroad-extending from Toledo, in the State

of Ohio, to the city of Detroit, in the State of Michigan	65 miles.
The Kalamazoo & White Pigeon Railroad-extending from White Pigeon,	•
Michigan, to Kalamazoo, Michigan	37 miles.
The Northern Central Michigan Railroad-extending from Jonesville, Michi-	
gan, to Lansing, Michigan	60 miles.

The following Roads are operated by this Company under leases:

This Company has a large proprietary interest in this Road, and operates it under a lease for sixty per cent. of the earnings.

The terms of this lease are, the payment of interest on bonds and stock amounting to \$103,800 per annum.

That portion of the Main Line, from Toledo, Ohio, to Adrian, Mich., thirty-three miles, was acquired by a perpetual lease from the Erie & Kalamazoo Railroad Company, by the terms of which this Company pays the sum of \$30,000 per annum.

Under a contract with the Cleveland, Columbus, Cincinnati & Indianapolis Railroad Company, this Company has the right to use their track between Cleveland and Berea, (twelve miles,) for all Passenger Trains, at an annual rental of \$42,000 for sixty (60) trains per week; for any trains beyond that number, \$8 per train.

The aggregate length of the system of roads operated by this Company, including one hundred and nine miles of leased road, was by last Report eleven hundred and thirtysix and one-half miles.

On the first day of August the Mahoning Coal Railroad, extending from Andover, on the Ashtabula Branch, (twentyfour miles from Ashtabula,) to the large and flourishing city of Youngstown, Ohio, a distance of thirty-eight miles with two short branches into coal mines, since built was opened for business. This Company operates the Mahoning Coal Railroad, under the lease printed in the last Annual Report, for sixty per cent. of its gross earnings, paying over to that Company monthly forty per cent. of the gross earnings. This Company assumed no liability whatever beyond this division of the earnings.

As the business of the Mahoning Coal Railroad is almost wholly the transportation of coal and iron, it was found necessary to reach Lake Erie at the harbor of Ashtabula, hence the Ashtabula Branch was extended from Ashtabula to the harbor, a distance of two and one-half miles, at a cost of \$123,723.69.

The panic of September, following immediately upon the opening of the Mahoning Coal Railroad, was especially depressing in its effects upon the iron and coal interests. This, together with the lack of dock facilities at the harbor, has rendered it impossible to judge, as yet, what the Road will earn under more favorable circumstances. We believe, however, that it will take care of itself, and give this Road a large and fairly remunerative business.

The average number of miles operated by this Company was:

In 1873, 1,154 miles, earning per mile.....\$16,824 In 1872, 1,061 """"16,682

The whole number of miles of Railroad owned and leased by this Company is one thousand one hundred and eighty-one.

EQUIPMENT.

During the year 1873, the equipment was increased to the extent of forty-four new engines and eight hundred and thirty cars of various classes, at a cost of \$1,196,502.13.

The equipment at the close of the year 1873 stood as follows:

Locomotives	462
Passenger Cars-all classes.	253
Freight Cars-all classes	9,843

We are now supplied with an abundance of motive power, of which forty-five per cent. (two hundred and eight locomotives,) is new, and the rest in good working condition.

Of the ten thousand and ninety-six cars on the Road, four thousand two hundred and ninety-eight (forty-three per cent.) are new, having been added to the equipment since the consolidation in 1869, while large numbers have been built to replace cars worn out or destroyed. It is, therefore, safe to say that nearly one-half of our entire rolling stock is but two years old.

CAPITAL STOCK.

The Capital Stock of the Company is \$50,000,000. Of this sum \$533,500 is the ten per cent. guaranteed stock of the late The Michigan Southern & Northern Indiana Railroad Company. Of this guaranteed stock \$350,600 is "assented," (claim for dividends between 1857 and 1863 settled,) and \$182,900 is "unassented."

Bonded Debt.

The Bonded Debt of the Company stood-

At the close of the year 1873	
December 31, 1872	
	INCREASE\$5,224,000

in the bonds of 1882, (\$6,000,000 issue,) described on page eight of the last Annual Report.

This increase yielded to the Company \$4,325,235.28.

The discount, \$898,764.72, was charged to "Income Account," as heretofore, and in accordance with the uniform and conservative policy of the Company in this respect.

The Funded Debt of this Company, and the annual charge for interest thereon, is as follows:

Lake Shore & Michigan Southern\$30,195,000	Interest, 7 per cent\$2,113,650			
Detroit, Monroe & Toledo 924,000 Interest, 7 per cent				
White Pigeon & Kalamazoo	Interest, 7 and 8 per cent 44,000			
\$31,719,000	\$2,222,330			

A detailed table of the various classes of bonds will be found elsewhere in this Report.

It being soon ascertained that the issue of \$6,000,000, bonds of 1882, was wholly inadequate to meet the pressing necessities of the Road for construction and equipment, and also for the extinguishment of the large floating debt, your Board of Directors resolved upon providing for these purposes, and for the retirement of the \$6,000,000, bonds of 1882, by a second general mortgage of \$25,000,000, a copy of which is hereto appended.

None of these bonds were issued in 1873; they are seven per cent. bonds, both registered and coupon, interest payable June 1st and December 1st. Bonds mature December 1, 1903.

The security is a second mortgage (first mortgage being \$25,000,000,) upon a Road and equipment which earned, in 1873, more than \$19,000,000.

It is expected that the issue of \$12,000,000 of these bonds will retire the \$6,000,000, "Bonds of 1882," and extinguish the floating debt. The balance of the \$25,000,-000 will be held in reserve for purposes of construction and equipment that will increase the earning capacity of the Road, and will not be used except in case of the most urgent necessity.

Gross Earnings-1872.

Gross Earnings-1873.....

Increase in gross earnings, 1873 over 1872, \$1,714,673.98, which is nine and one-half per cent.

Of this increase \$1,367,536.57 is from freight, an increase of ten and seven-tenths per cent., and \$351,186.45 from passengers, eight and one-half per cent.

Earnings from other sources show a decrease of \$4,049.04.

The average rate per ton per mile on East bound freight, (which is seventy-three per cent. of our entire freight movement,) was one and two hundred and ninety-seven one-thousandths $(1\frac{297}{1000})$ cents in 1873, against one and two hundred and seventy-two one-thousandths $(1\frac{272}{1000})$ in 1872, a slight improvement; but the rate per ton per mile on West bound freight, (which this Company cannot control,) was but one and four hundred and thirty-seven one-thousandths $(1\frac{437}{1000})$ cents in 1873, against one and six hundred and thirty-eight

one-thousandths $(1\frac{638}{1000})$ in 1872—a reduction of two hundred and one one-thousandths $(\frac{201}{1000})$ of one cent—equal to ten per cent. on the entire movement of freight westward; resulting in a loss of *net* earnings of \$411,000, and accounting for one and one-half of the four per cent. increase in operating expenses, (the other two and one-half per cent. is wholly in the excess of steel rail laid in 1873 over the amount put down in 1872, which will be shown under its proper head,) as we were compelled to move seventeen per cent. more tonnage to secure ten and seven-tenths per cent. more earnings.

We continue the record of the steady downward movement in the rate per ton per mile of the entire freight movement of this Road for the past six years.

1868	2 43-100 cents per ton per mile.
1869	
1870	1 50-100 cents per ton per mile.
1871	1 39-100 cents per ton per mile.
1872	1 37-100 cents per ton per mile.
1873	* *

Had we been able to obtain even the low rate of 1870 one and one-half cents per ton per mile—the net earnings from freight would have been larger by \$1,739,497, and we should have earned the usual February dividend of four per cent., with a handsome surplus besides.

Earnings from passengers show an increase of \$351,-186.45, which is eight and one-half per cent.

This increase is derived mainly from local business.

Construction.

This account, in 1873, amounted to \$2,349,959.84. The following details will best explain this expenditure :

Harbor Extension of Ashtabula Branch, 2½ miles	\$123,723	69
Second Track, from Elkhart west, 6¼ miles	111,519	05
Additional Side Tracks, 79¼ miles	960,993	73
Stone and Iron Bridges	327,045	97
Real Estate purchased	187,542	41
New Buildings and Machinery	553,382	19
Completion Chicago Passenger Depot, (our half,)		

Upon the death of our late President, Hon. HORACE F. CLARK, which occurred June 19, 1873, and the reluctant acceptance of the presidency by the present incumbent, July 1st, it was deemed prudent, in view of the financial condition of the Company, to stop all construction work that could be postponed without actual loss.

Hence the work of building the second track from Elkhart to Chicago—one hundred miles—which had just been entered upon, was stopped at Osceola, six and one-fourth miles west of Elkhart.

A contract for twenty thousand tons of steel rail, of which about half was intended for this hundred miles, could not, however, be canceled, and we received and paid for, in 1873, about fourteen thousand tons of steel rail on this contract. The balance, six thousand tons, we are taking in 1874. This rail was put down in the main track as fast as iron rails needed to be taken out, and amounted to one hundred and forty-one and one-half miles—the entire cost of which has been charged to operating expenses; although the cost over iron rail amounted to \$578,909. This large excess of steel rail laid in 1873 over the amount laid in 1872, (seventy-nine miles,) accounts for two and onehalf of the four per cent. increase in operating expenses.

We now have in the main track between Buffalo and Chicago four hundred and thirteen miles of steel rails, equal to forty-four per cent. of both tracks. Of the Road between Buffalo and Cleveland, one hundred and eightythree miles of double track—equal to three hundred and sixty-six miles of single track—all is steel except eightyeight miles of single track. On the Cleveland & Toledo Division the steel rail amounts to forty-three miles, and between Toledo and Chicago, ninety-two miles.

Experience has abundantly shown that one steel rail will last as long, at least, as ten iron rails laid opposite to it; hence the policy of renewing track with steel—where the traffic is heavy—needs no defence. Under the present low rates of transportation no trunk line can afford to put down iron rails.

It was found necessary, to relieve the crowded narrow passage through Cleveland, where the business required the passing of twelve hundred cars per day, to purchase land outside the city for distributing yards, engine house, repair shop, etc., similar to the improvement at Air Line Junction, outside of Toledo, described in our last Report. After long negotiations, our Chief Engineer secured several different tracts, aggregating one hundred and sixty acres, lying in a body on both sides of our track at Collamer, seven miles east of Cleveland, at \$650 per acre. This land has been graded, several miles of tracks put down, an engine house with twenty-one stalls, and office, is nearly completed. Through freight trains in either direction are now run directly through Cleveland, without stopping to switch, all distributing and switching being done in this This improvement, when completed, vard at Collamer. will enable us to pass through Cleveland fifty per cent. more cars than formerly. Without it we could not have increased the business passing through Cleveland. The maximum had been reached.

The expenditure for construction in 1874 will be limited to the completion of this improvement and other unfinished work, and will be small in the aggregate.

The entire outlay for construction was—

General Remarks.

Immediately upon the acceptance of the position of President by the present incumbent, and of Managing Director on the Line by Mr. Amasa Stone, Jr., a conservative and economical policy was inaugurated. Construction work to the amount of \$1,500,000, already ordered, was stopped; a reduction of pay-roll, both by discharge of men and reduction of wages, as far as practicable, was carried out after the panic.

Although the balance sheet printed herewith shows an increase of about \$5,500,000 of debt in 1873, it is proper to say that but \$400,000 of this amount was incurred in the last half of the year, and that was for construction and equipment contracted for prior to July 1st.

With the recent extraordinary open winter in our favor, we enter upon the spring with the Road and equipment in first-class condition, and with fair rates for even the present diminished volume of business, the percentage of operating expenses should be considerably less, and we hope to show a more favorable result in 1874 than for the past year.

When I accepted the position of President of the Company, July 1, 1873, I found its financial affairs in an embarrassed condition by reason of a large floating debt which had been incurred for construction and equipment. This embarrassment was greatly increased by the panic which followed immediately.

When, therefore, the time arrived for the declaration of the usual February dividend, it was deemed sound policy and for the best interest of the stockholders to pass it.

At this time a more encouraging state of affairs exist. The floating debt has been largely reduced, and it is expected that it will be entirely extinguished within a short time.

Your property possesses great value and resources, and with economical management and a fair degree of prosperity in the business of the country, we think its owners may expect hereafter a regular and fair return upon their capital.

Detailed statements of the earnings and expenses, the resources of the year and disposition of same, the assets and liabilities of the Company, and full statistical information of the results of the past year are hereto appended, to which your attention is invited.

The President and Board of Directors again place upon record their acknowledgment of the energy, fidelity and ability of Mr. CHARLES PAINE, General Superintendent, Mr. CHARLES COLLINS, the Chief Engineer, and other officers of the Company.

C. VANDERBILT, President.

Cleveland, May 6, 1874.

*In 1873-317,926 Tons of Freight moved on the Jamestown & Franklin Branch, and 17,331 Tons moved on the Mahoning Coal Branch, were carried to and from points on the Main Road. This tonnage was added to the business of the termini of those Branches-Jamestown and Andover-for the purpose of showing the gross business of each Branch separately, and is therefore included twice in the General Summary of gross tonnage. For this reason a comparison of the articles carried is shown exclusive of the tonnage of the Branches referred to.

SECOND GENERAL MORTGAGE.

This Indenture, made at the city of New York, the FIFTEENTH DAY OF OCTOBER, ONE THOUSAND EIGHT HUNDRED AND SEVENTY-THREE, between THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY COMPANY, of the First Part, and THE UNION TRUST COMPANY OF NEW YORK, of the Second Part.

WHEREAS, the said party of the First Part is the owner of a railroad, extending from the City of Buffalo, in the State of New York, to the city of Chicago, in the State of Illinois, with the several branches thereof:

AND WHEREAS, there is now outstanding one mortgage executed by the said Company to secure Bonds issued and to be issued amounting to TWENTY-FIVE MILLIONS OF DOLLARS (\$25,000,000), which sum represents the entire Bonded indebt edness of the Company, which has heretofore been secured by Mortgage on its property, inclusive of all outstanding Bonds and Mortgages executed by the corporations whose roads and franchises are consolidated into and now constitute the said THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY COMPANY:

AND WHEREAS, other Bonds, denominated Income Bonds, amounting to SIX MILLIONS OF DOLLARS (\$6,000,000), heretofore issued by the said Company for equipment and construction, are outstanding, and other indebtedness exists, incurred in making double track of the main line and in constructing branches and other permanent and necessary improvements:

AND WHEREAS, further extensions and improvements, important to the development of the increasing business and traffic of the road are contemplated, requiring the expenditure of mouey, and it is intended to consolidate all indebtedness now outstanding against, and which may hereafter be contracted by said Company, and to have the same represented by Bonds secured by this and the before-mentioned Mortgage.

NOW, THEREFORE, THIS INDENTURE WITNESS-ETH, that for the purpose of securing the payment of the principal and interest of the proposed additional Bonds of said Company which may be issued to an amount not to exceed the sum of TWENTY-FIVE MILLIONS OF DOLLARS (\$25,000,000), such Bonds to be in the several denominations of ONE THOUSAND Dollars (\$1,000), FIVE THOUSAND DOLLARS (\$5,000), and TEN THOUSAND DOLLARS (\$10,000), as may be determined by the Company, and to be PAYABLE ON THE FIRST DAY OF DECEMBER, ONE THOUSAND NINE HUNDRED AND THREE, WITH INTEREST THEREON AT THE RATE OF SEVEN PER CENT. PER ANNUM, PAY-ABLE HALF-YEARLY, from and after the FIRST DAY OF DECEM-BER, ONE THOUSAND [EIGHT HUNDRED AND SEVENTY-THREE, the same to make apt reference to this Mortgage, and to be of the kind known as "COUPON" Bonds, or of the kind known as "REGISTERED" Bonds, in such proportions as the said party may elect to issue, and to be in such general form as it may prescribe, and to be certified by means of the countersignature of the said party of the Second Part, to be of the issue intended to be secured by this Mortgage, the said THE LAKE SHORE AND MICHIGAN SOUTH-ERN RAILWAY COMPANY, the said party of the First Part hath granted, bargained, sold, released, conveyed and confirmed, and by these presents doth grant, bargain, sell, release, convey and confirm unto the said party of the Second Part and its successors, as Trustees, for whomsoever may from time to time be the holders of the said Bonds hereby intended to be secured, all the right, title, estate and interest of the said THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY COMPANY, the said party of the First Part, of, in and to all and singular the several pieces or parcels of land forming the track or roadway of the said Company, from Buffalo, in the State of New York, to Chicago, in the State of Illinois.

ALSO, the Railroad of the said party of the First Part, and any and all branches thereof, together with all the Rails, Bridges, Fences, Stations, Station Houses, Wood Houses, Buildings and other structures and appurtenances thereunto belonging. AND ALSO, all the tolls, income, rents, issues and profits and alienable franchise of the said party of the First Part connected with its Railway or relating thereto, including its rights and franchises as a corporation, or connected with or appertaining to any of the several Railroad Corporations which have become consolidated into the said THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY COMPANY, including all the rights and franchises of such several Railroad Corporations.

AND, ALSO, all the rolling stock, locomotives, tenders, all the passenger cars, baggage, mail and express cars, freight, stock and dumping cars, flat cars, and cars of every description; also, all fuel.

AND, ALSO, all the machine shops, car shops and blacksmith shops; also, all the machinery, stationary engines and belting, and all the articles used in the construction, replacing and repairing of roads, engines and cars, and in the running thereof, together with all the tools, patterns and materials in the machine shops, car shops and blacksmith shops; together with all articles and implements connected with the equipment, working, operating, conducting and repairing of the said road, now owned, or hereafter to be acquired by the said party of the First Part. All of which chattels are declared to be fixtures and appurtenances to said Railroad, and are to be used therewith, and not separated therefrom, and are to be deemed and taken as a part thereof.

ALSO, all the locomotives, cars, and other rolling stock, fixtures, stations and station houses, buildings and appurtenances, and all other articles, implements and materials connected with the proper equipment, working, conducting and repairing of any and all Branch Railroads now owned, or hereafter to be acquired by the said party of the First Part; all of which rolling stock and other articles are declared to be fixtures and appurtenances to such Branch Railroads of the said party of the First Part, and are to be used and sold therewith, and not separated therefrom, and are to be taken as a part thereof.

TO HAVE AND TO HOLD, all and singular, the hereby granted premises, with the appurtenances, and the goods and chattels herein before bargained and sold unto the said party of the Second Part and its successors forever.

PROVIDED ALWAYS, AND THESE PRESENTS ARE UPON THE EXPRESS CONDITION, that, if the said party of the First Part shall well and truly pay to the holders of the Bonds to be issued, as herein before stated, or of such of the said Bonds as shall from time to time be outstanding and unpaid, and every of them, the principal and interest moneys to grow due on said Bonds respectively, at the times and in the manner mentioned in the said Bonds according to the true intent and meaning of the same.

AND, PROVIDED, ALSO, that, if the said party of the First Part shall keep and perform all the covenants on its part herein contained, and shall until the full payment of the principal and interest of the Bonds hereby secured, and whenever required by said Trustees, keep paid off and discharged all taxes and assessments which may at any time be imposed upon the real or personal estate hereby granted, bargained and sold, or intended so to be, or upon any portion of either.

AND, PROVIDED, ALSO, that if the said party of the First Part shall at all times, until all prior Mortgages shall have been extinguished by the payment of the Bonds thereby secured, or by the substitution therefor of the Bonds hereby secured, or until the Bonds hereby secured shall have been fully paid, keep paid off and discharged any and all interest which shall become due and payable upon the Bonds secured by such prior Mortgages, then and from thenceforth, these presents and the estate hereby granted shall cease, determine and be null and void.

BUT IN CASE DEFAULT should be made in the payment of the principal or interest of said Bonds hereby secured, or such of them as may, from time to time, be outstanding, or any of them, or any part of either, as said principal or interest shall fall due, according to the tenor of said Bonds, or in case the said party of the First Part shall fail to keep paid off and discharged the taxes and assessments which may be imposed upon the mortgaged premises or property, or any part thereof, as herein before provided; or in case the said party of the First Part shall fail to keep paid off and discharged the interest to accrue from time to time upon the Bonds secured by the prior mortgages upon said railroad, or such of them as shall from time to time remain outstanding, or in case the said party of the First Part shall make default in the performance of any of the covenants on its part herein contained, then, and in either of the cases above mentioned, the conveyance herein contained shall be in full FORCE AND VIRTUE; and it shall be lawful for the said party of the Second Part, or its successors, and the said party of the First Part doth hereby fully authorize and empower them, with the aid and assistance of any person or persons, to enter into and upon and to take possession of the said Railroad and the Branches thereof, and all and singular the lands, tenements, car and engine houses, machine shops, goods, chattels and property, real and personal, hereby mortgaged, and every or any part thereof, and to hold the same as mortgagees thereof in possession for the benefit of the holders of the Bonds hereby secured, and to retain and keep possession of said property, real and personal, use and operate the same, and to make, from time to time, all necessary or proper repairs and replacements, and to receive the earnings, rents, issues and profits thereof, until a sale thereof shall be made pursuant to law, rendering an account thereof to the said party of the First Part; and after paying all current expenses, and the expenses of necessary repairs and replacements, and all other proper costs, charges and expenses, taxes, assessments, interest on prior mortgages, and making all other payments necessary for the protection of the security hereby created, to apply the surplus, if any, to the payment, pro rata, of the interest and principal of the Bonds hereby secured, or such of them as may be then outstanding.

AND IN CASE DEFAULT shall be made in the payment of the interest, as it falls due upon the said Bonds hereby secured, or any of them, or in the payment of the principal thereof, or of any of them, when due, or in making any of the payments of taxes, assessments, principal or interest of prior incumbrances, or any of the payments herein agreed to be made by the said party of the First Part, or in the performance of any of the covenants, provisos, or conditions herein contained, the said party of the

ì

Second Part to these presents, or its successors, are hereby authorized and empowered, after such default, for ninety days, and after publication of notice of sale in one leading newspaper published in the city of New York, and in one such newspaper, published in each of the States respectively in which said Railroad is situate, to grant, bargain and sell the property and premises hereby mortgaged, and all the right, title, interest and equity of redemption of the said party of the First Part therein, at public auction, in the city of New York; and as the attorneys of the said party of the First Part, by these presents duly constituted and appointed, to make, execute, seal and deliver to the purchaser or purchasers thereof, a good and sufficient deed or deeds, bill or bills of sale, conveyance or conveyances, in fee simple, for the same, and out of the moneys arising from such sale, after paying the expenses of such such sale, and all moneys expended for necessary repairs or replacements, or necessary expenses, and the amount unpaid of the prior incumbrances on the property of the said party of the First Part, to pay to the several holders of the Bonds and Coupons hereby secured, the amount of principal and interest which may be due or unpaid to them respectively, rendering the overplus, if any, to the said party of the First Part, its successors or assigns, which sale, so to be made, shall forever be a perpetual bar, both in law and in equity, against the said party of the First Part, its successors and assigns, and all other persons claiming or to claim the premises so sold, or any part thereof, by, from or under the said party of the First Part, its successors or assigns.

AND THIS INDENTURE FURTHER WITNESSETH, that it is hereby covenanted and agreed that SIX MILLIONS OF DOLLARS (\$6,000,000) in amount of the said Bonds hereby intended to be secured, shall be reserved by the said party of the Second Part, and shall not be issued, except for the purpose of being exchanged for, or for the payment of the principal of the before-mentioned Income Bonds, which become due in ONE THOUSAND EIGHT HUNDRED AND EIGHTY-TWO, and which are now outstanding, or are as yet unissued and held by said party of the First Part. AND IT HAS BEEN FURTHER AGREED, that any of the "COU-PON" Bonds, the issue whereof is herein provided for, may, at the option of the holder thereof, be converted into or exchanged for a like amount of "REGISTERED" Bonds, the issue whereof is herein before provided for, on the FIRST DAYS OF JUNE AND DECEMBER in any year.

AND IT HAS BEEN FURTHER AGREED, that the said party of the First Part shall permit the holders of the said "REGIS-TERED" Bonds, from time to time, to transfer the same, and that it will provide for the issue of new "REGISTERED" Bonds, in the place and stead of those surrendered for cancelment on such transfer. And that this Mortgage shall inure to the benefit and security of the holders of the new Bonds, which may be issued on such transfer and cancelment.

AND IT HAS BEEN FURTHER AGREED, that, if at any time hereafter, the said party of the First Part should desire to have any portion of the property now, or hereafter, used for depot or station purposes, and included in this Mortgage, released from the operation hereof, and other property equally available for depot or station purposes, as the case may be, substituted in lieu thereof, as part of the Mortgage security, the said party of the Second Part, or its successors, shall release the same from the operation of this Mortgage, and receive such substituted depot or station property in lieu thereof; but such substituted depot or station property in the opinion of the said party of the Second Part, or its successors, such substituted depot or station property is equally available for depot or station purposes, as the case may be, as the premises so released.

AND IT HAS BEEN FURTHER AGREED, by and between the parties to these presents, that the said party of the Second Part will, whenever and as often as it may be requested by a resolution of the Board of Directors of the said party of the First Part, release any portion of the real estate hereby mortgaged, other than the track of the railroad, or the depot or station grounds; and which shall not be in use for railroad purposes; or which, in the opinion of the said party of the First Part, may not be needed for such purposes, from the lien and operation of this Mortgage, upon the payment and cancelment by the said party of the First Part of so much of the debt hereby intended to be secured as shall be equal in amount to the value of the property released.

AND IT HAS BEEN FURTHER AGREED, by and between the parties to these Presents, that, if at any time the said party of the First Part shall change the line of its roadway, or change any station, or remove any establishment connected with the business of the Company, or shall cease to use, for the purposes of the Railway Company in operating its Railroad, any land now owned or used by it, such roadway, site or land so abandoned shall not be deemed to have been covered by this Mortgage, but this Mortgage shall be deemed to apply to and cover any roadway, site or land which shall be substituted therefor.

AND IT IS HEREBY FURTHER EXPRESSLY AGREED, that if the said party of the First Part shall by and with the consent of the holders of unpaid Bonds, issued under the prior mortgage hereinbefore mentioned, and which is now designated as the "CONSOLIDATED MORTGAGE," at any time extend the time for the payment of the principal thereof, or shall, with the consent of such holders, substitute other Bonds, or another Mortgage, for the security of other Bonds to be issued in exchange for Bonds issued under said "CONSOLIDATED MORTGAGE;" such extension or exchange may be made, and such Mortgage may be extended, and the lien of this Indenture and of the Bonds secured thereby shall be subject and subordinate to the lien of the "CONSOLIDATED MORTGAGE" for its Bonds so extended, or of the Bonds or Mortgage and Bonds to be executed in substitution therefor, but only on the express condition that the Bonds so given in exchange or substitution shall in no event exceed the principal of the Bonds now covered by said existing "Consolidated Mortgage."

AND THE SAID PARTY OF THE FIRST PART, for itself and its successors, further covenants with the said party of the Second Part, and its successors, that the said party of the First Part will, at the reasonable request of the said party of the Second Part or its successors, make and execute all further assurances, conveyances and instruments needful or proper to assure or convey unto it all the premises, property and fixtures hereby intended to be mortgaged, and all premises, property, fixtures and appurtenances which may hereafter be acquired by the said party of the First Part, and may

61

appertain to the said Railway or its branches, so that the said party of the Second Part may hold such hereafter acquired property in the same manner as if it had belonged to the said party of the First Part at the time of the execution of this Mortgage, and had been herein specifically described.

IT IS understood that this Mortgage will be operative on so much of the property of the Company as is situate within the State of Illinois, after the same shall have been authorized by the stockholders as required by the laws of that State.

IN WITNESS WHEREOF, the said party of the First Part has caused its corporate seal to be affixed hereto and attested by the signature of its Secretary, and these Presents to be subscribed by its Vice President; and the said party of the Second Part, in witness of its acceptance of the conveyance and trust herein conferred, has caused its corporate seal to be also hereto affixed and attested by its President, the day and year first herein written.
