In addition, prepare 10 copies of a letterhead memorandum incorporating this information which will be disseminated to Secret Service.

The President's Commission is interested in all information which may relate to the assassination of President Kennedy, and every effort is made to bring these matters to a logical conclusion. Your attention is directed to the fact, the results of these matters are either furnished directly to the President's Commission or furnished by subsequent report. Therefore, you are instructed to handle this matter without delay.

Letter to Legat, Mexico City
RE: ASSASSINATION OF PRESIDENT KENNEDY

NOTE:

San Diego advised on 11-27-64 the State Judicial Police, Mexicali, Baja, California, had heard that during President Kennedy's visit to Mexico City in 1962, the Secret Police of Mexico City arrested an American, who was allegedly planning to assassinate him. This was not confirmed. Legat, Mexico City advised that during President Kennedy's visit to Mexico City 6/29-7/1/62, only one American was arrested, David Joseph St. Jacques, who was a psychopathic case. He approached the President's car as he thought all cancer cases in the United States were caused by Noxious fumes released by chemical factories, and he wanted to discuss this matter with the President. The original information received from Baja, California, was furnished to Secret Service. Legat, Mexico City has been instructed to submit inserts and LHM for report and dissemination to Secret Service, even though alleged assassination information was erroneous.
