Notes for the guidance of candidates drawn up by the West African Examinations Council will be issued to all candidates in due course. The examination will comprise the following papers:—

(i) English (Precis and Critical Appreciation).— This paper will consist of a precis of a passage supplemented by a question asking candidates to comment critically on the central idea of the passage.

AFIKPO  
QUEEN'S SCHOOL, ENUGU  
GOVERNMENT COMPREHENSIVE  
SECONDARY SCHOOL, PORT HARCOURT  
COMMON ENTRANCE EXAMINATION FOR THE  
SCHOOL YEAR BEGINNING JANUARY, 1966

1. The date of the next Examination will be held on Saturday the 19th of June, 1965, for entry in January, 1966.

2. There will be vacancies for ninety boys at Umuahia, Afikpo and Port Harcourt, for six at Owerri and for sixty girls at Queen's School, Enugu, respectively.

3. The examination which will be in English, Arithmetic and Mathematics will be based on the approved syllabus for Elementary Schools.

4. It will be restricted to pupils of Eastern Nigeria origin, and others domiciled in Eastern Nigeria, open to *bona fide* pupils of Elementary six or equivalent. Holders of the First School Leaving Certificate are also eligible to take the examination provided that they satisfy the age requirements. Pupils of Post Elementary Institutions are ineligible.

5. Applications forms are only obtainable from the Principal of the School which the applicant wishes to enter. In requesting an application form, the applicant must send a self-addressed envelope for the form. Applicants must complete the forms correctly, attach one passport size photograph of themselves to the main application forms and another to the counterfoil at the bottom of the forms and submit the forms with the examination fee of 5s to the

Headmasters who will fill that portions of the forms, and forward them together with the money collected from all their candidates to the Zonal Inspector of Education of their Province, to reach him not later than the 24th of April, 1965.

6. The Zonal Inspector of Education will complete the space at the foot of the back of each form, and, with the photograph on it, will return this section to the candidate who must produce it at the examination. If the form is incompletely or inaccurately filled in, the applicant is liable to be rejected. The candidate may be expelled, if a false statement in the application form is discovered after admission into the school. Direct payment of the examination fee to Sub-Treasury or Principals, by individual candidates or Headmasters, should not be made.

7. The candidate must be of such an age on the 1st of January, 1966, that they will be likely to benefit from secondary education. Normally this age does not exceed thirteen and in no case should it exceed fourteen, years at entry.

8. There will be centres for the examination at Aba, Abakaliki, Afikpo, Awka, Benin, Calabar, Enugu, Ibadan, Jos, Kaduna, Kano, Lagos, Makurdi, Nsukka, Ogoja, Onitsha, Owerri, Port Harcourt, Umuahia-Ibeku, Uyo, Zaria and other places at the discretion of the Zonal Inspector of Education to whom completed applications are submitted. Centres within the Cameroun Republic and the Spanish Island of Fernando Po will be arranged for candidates of Eastern Nigeria origin domiciled in these places. Candidates are advised, in their own interest, to elect to take the examination at a centre near their school, as no centre has any advantage over another.

9. Ten open scholarships will be awarded at Queen's School, Enugu and at Owerri, and fifteen at Afikpo, Port Harcourt and Umuahia. Half of the scholarships will be awarded on the combined results of the Entrance Examination, and a more searching test to be held at the interview. The remaining half of the scholarships will be awarded on progress during the first year, including performance in the first annual examination, having regard to scholarship awards already held. The scholarships will be normally tenable for the duration of the school career. They will, however, be subject to medical review, and provided due warning has been given, may be withdrawn at any time, on the ground of bad conduct or bad work.

10. Admission will be to Class One only. Candidates who qualify in the First Entrance Examination will be called for interview, and a second test. Candidates who do not qualify will not be informed of the result of the examination, and anybody who has not been called for interview by the 1st August, 1965, can safely assume that he has not been selected.

11. A full list of candidates offered admission as fee-payers or scholars, will be published in the Press and in the *Eastern Nigeria Gazette* by the end of September, 1965. Successful candidates will also be informed by post.

12. It is important to note that the Government Comprehensive Secondary School, Port Harcourt, offers a six-year programme which includes general academic subjects leading to the West African School Certificate, and in addition each student is enrolled to specialise in either Technical work leading to the City and Guilds

Certificate or in Commercial work leading to the R.S.A. Certificate.

In the event of it being decided that the applicant is in all other respects suitable for appointment and the Board deciding to make such appointment, the appointment will be so made by the Board and the licence issued subject to subsequent proof on the part of the person or firm concerned that the necessary containers have in fact been acquired.

## TIMBER EXPLOITATION, KABBA DIVISION

The Native Authorities of the Kabba Division of the Kabba Province of Northern Nigeria are prepared to consider jointly applications for an exclusive timber licence to take timber from all forests, both reserved and unreserved, of Kabba Division.

2. Exploitable high forest occurs as extensive unreserved areas and as parts of the following forest reserves:—

- Bunu Native Authority No. 2 Olle Forest Reserve.
- Bunu Native Authority Forest Reserve No. 1 [Oinyi River (Oyin River) Forests].
- Lai (Ilai) Forest Reserve (Igbedde No. 1 and Yagba No. 2).
- Bunu Native Authority Forest Reserve No. 1 (Choko-Choko Forests).

Kabba Government Reserve No. 5 (Bunu Forest Reserve).

West Yagba Native Authority Ogbe Forest Reserve. Ebba River Forest Reserve (Kabba Native Administration).

3. The total area of exploitable high forest in the Olle, Oinyi River and Lai forest reserves is estimated to be in the region of eleven square miles. No reliable assessment has yet been made of the total area of exploitable high forest in the Choko-Choko, Bunu, Ogbe and Ebba River forest reserves, but it is unlikely to exceed thirty square miles.

4. A ten per cent. enumeration of the Olle Forest Reserve was done by the Forestry Division in 1958; a summary of the information can be inspected by arrangement with the Provincial Forest Officer, Lokoja. Further enumerations were carried out by a commercial firm in 1960 in the Olle, Oinyi River and Lai Forest reserves and in unreserved forests; the data for these enumerations remain the property of the firm.

5. An exclusive timber licence will embody the following among other, conditions:—

- (a) The licence will be valid for ten years.
- (b) Outside forest reserves, exploitation will not be controlled by area, volume of girth limit, but a certain proportion of commercially utilizable species over eight feet girth will be left standing for utilization under permit by local pitsawyers.
- (c) Inside forest reserves, exploitation will be subject to the prescriptions of a working plan approved by the Chief Conservator of Forests.

Such a working plan will provide for:

- (i) Division of the area into two working circles, the first comprising the Olle, Oinyi River and Lai forest reserves, and the second comprising the Choko-Choko, Bunu, Ogbe and Ebba River forest reserves.
- (ii) Enumeration of the forests of the second working circle as a prior condition for entry to that working circle.
- (iii) Felling control on a felling cycle of twenty-five years by annual coups of equal area and by minimum girth limits, with the proviso that overmature trees (as defined by the Chief Conservator of Forests) may be felled throughout the first working circle during the period of the licence.
- (iv) Obligatory exploitation of all merchantable trees of the following species:—

Khaya spp.  
 Eutandrophragma spp.  
 Chlorophora excelsa.  
 Nauclea diderrichii.  
 Nesogordonia papaverifera.  
 Terminalia ivorensis.  
 Terminalia superba.  
 Triplochiton scleroxylon.  
 Gossweilerodendron balsamiferum.  
 Mansonia altissima.  
 Afzelia spp.  
 Mitragyna spp.  
 Piptadeniastrum africanum.

(d) The licensee will employ local personnel and labour as far as possible, consistent with efficient working.

(e) Fees on timber taken will be payable at the following rates per Hoppus cubic foot:

Species	Rate
Khaya spp.	9
Eutandrophragma spp.	9
Chlorophora excelsa	9
Nauclea diderrichii	6
Nesogordonia papaverifera	3
Terminalia ivorensis	5
Terminalia superba	4
Triplochiton scleroxylon	6
Gossweilerodendron balsamiferum	7
Mansonia altissima	3
Afzelia spp.	5
Mitragyna spp.	3
Piptadeniastrum africanum	5
All other species	3

(f) Total fees paid to be at least £2,000 during the first year of working and at least £5,000 in each subsequent year.

(g) A bond of security for the sum of £5,000 will be required against payment of fees.

(h) A saw-mill of annual out-turn capacity of not less than 24,000 cubic feet is to be erected within eighteen months of the grant of the timber licence within the Licence Area, and maintained throughout the remainder of the term of the licence. Lumber from the saw-mill will be sold within Northern Nigeria. On termination or expiry of the licence, the sawmill will cease to be the property of the licensee and will be disposed of by the Ministry of Animal and Forest Resources (possibly to a recognized indigenous registered timber company) by agreement with the Native Authorities.

6. Applicants must be prepared to accommodate financial participation by local business interests.

7. Applicants must have the necessary technical knowledge, staff and equipment to exploit the forests efficiently and maintain the sawmill in production.

8. Applications must be accompanied by evidence of the applicant's financial standing and must state:

- (a) That the applicant has examined the forests on the ground and is satisfied that he can fulfil the requirements of a licence based on the foregoing conditions.
- (b) Methods of exploitation proposed.
- (c) Existing extraction routes which it is proposed to use and any new routes proposed for construction.
- (d) Proposed site for the sawmill.
- (e) Sawmill and logging plant, vehicles and equipment available for the working of the forests.
- (f) Technical staff available to maintain the sawmill and logging equipment.

9. In his own interests and in the interests of good forest management, it will be necessary for the successful applicant to carry out a 100 per cent. enumeration in advance of felling, of all obligatory species in forest reserves, and to conduct a timber cruise in unreserved areas.

10. Permission to examine the area to be covered by the timber licence may be obtained from the Provincial Forest Officer, Lokoja.

11. Applications should be addressed to the Permanent Secretary, Ministry of Animal and Forest Resources, Private Mail Bag No. 2012, Kaduna, and must reach his office within two months of the publication of this Notice. Applications which are received after this period, or which do not fulfil the requirements of the Notice, will not be considered.

TIMBER EXPLOITATION, KABBA

The Native Authorities of the Kabba Division of the Kabba Province of Northern Nigeria are prepared to consider jointly applications for an exclusive timber licence to take timber from all forests, both reserved and unreserved, of Kabba Division.

No reliable assessment has yet been made of the total area of exploitable high forest in the Choko-Choko, Bunu, Ogbe and Ebba River forest reserves, but it is unlikely to exceed thirty square miles.

4. A ten per cent. enumeration of the Olle Forest Reserve was done by the Forestry Division in 1958; a summary of the information can be inspected by arrangement with the Provincial Forest Officer, Lokoja. 5. An exclusive timber licence will embody the following among other, conditions:—

- The licence will be valid for ten years.
- Outside forest reserves, exploitation will not be controlled by area, volume of girth limit, but a certain proportion of commercially utilizable species over eight feet girth will be left standing for utilization under permit by local pitsawyers.
- Inside forest reserves, exploitation will be subject to the prescriptions of a working plan approved by the Chief Conservator of Forests.

Such a working plan will provide for:

- Division of the area into two working circles, the first comprising the Olle, Oinyi River and Lai forest reserves, and the second comprising the Choko-Choko, Bunu, Ogbe and Ebba River forest reserves.
- Enumeration of the forests of the second working circle as a prior condition for entry to that working circle.

(iii) Felling control on a felling cycle of twenty-five years by annual coups of equal area and by minimum girth limits, with the proviso that overmature trees (as defined by the Chief Conservator of Forests) may be felled throughout the first working circle during the period of the licence.

(f) Total fees paid to be at least £2,000 during the first year of working and at least £5,000 in each subsequent year.

(g) A bond of security for the sum of £5,000 will be required against payment of fees.

(h) A saw-mill of annual out-turn capacity of not less than 24,000 cubic feet is to be erected within eighteen months of the grant of the timber licence within the Licence Area, and maintained throughout the remainder of the term of the licence. Lumber from the saw-mill will be sold within Northern Nigeria. On termination or expiry of the licence, the sawmill will cease to be the property of the licensee and will be disposed of by the Ministry of Animal and Forest Resources (possibly to a recognized indigenous registered timber company) by agreement with the Native Authorities.

6. Applicants must be prepared to accommodate financial participation by local business interests.

7. Applicants must have the necessary technical knowledge, staff and equipment to exploit the forests efficiently and maintain the sawmill in production.

## Forestry Law (Cap. 44)

TIMBER EXPLOITATION, KABBA  
DIVISION

The Native Authorities of the Kabba Division of the Kabba Province of Northern Nigeria are prepared to consider jointly applications for an exclusive timber licence to take timber from all forests, both reserved and unreserved, of Kabba Division.

2. Exploitable high forest occurs as extensive unreserved areas and as parts of the following forest reserves:—

Bunu Native Authority No. 2 Olle Forest Reserve.

Bunu Native Authority Forest Reserve No. 3 [Oinyi River (Oyin River) Forests].

Lai (Ilai) Forest Reserve (Igbedde No. 1 and Yagba No. 2).

Bunu Native Authority Forest Reserve No. 1 (Choko-Choko Forests).

Kabba Government Reserve No. 5 (Bunu Forest Reserve).

West Yagba Native Authority Ogbe Forest Reserve.

Ebba River Forest Reserve (Kabba Native Administration).

3. The total area of exploitable high forest in the Olle, Oinyi River and Lai forest reserves is estimated to be in the region of eleven square miles. No reliable assessment has yet been made of the total area of exploitable high forest in the Choko-Choko, Bunu, Ogbe and Ebba River forest reserves, but it is unlikely to exceed thirty square miles.

4. A ten per cent. enumeration of the Olle Forest Reserve was done by the Forestry Division in 1958; a summary of the information can be inspected by arrangement with the Provincial Forest Officer, Lokoja. Further enumerations were carried out by a commercial firm in 1960 in the Olle, Oinyi River and Lai Forest reserves and in unreserved forests; the data for these enumerations remain the property of the firm.

5. An exclusive timber licence will embody the following among other, conditions:—

- The licence will be valid for ten years.
- Outside forest reserves, exploitation will not be controlled by area, volume of girth limit, but a certain proportion of commercially utilizable species over eight feet girth will be left standing for utilization under permit by local pitsawyers.
- Inside forest reserves, exploitation will be subject to the prescriptions of a working plan approved by the Chief Conservator of Forests.

Such a working plan will provide for:

- Division of the area into two working circles, the first comprising the Olle, Oinyi River and Lai forest reserves, and the second comprising the Choko-Choko, Bunu, Ogbe and Ebba River forest reserves.
- Enumeration of the forests of the second working circle as a prior condition for entry to that working circle.
- Felling control on a felling cycle of twenty-five years by annual coups of equal area and by minimum girth limits, with the proviso that overmature trees (as defined by the Chief Conservator of Forests) may be felled throughout the first working circle during the period of the licence.
- Obligatory exploitation of all merchantable trees of the following species:—

Khaya spp.  
Eutandrophragma spp.

Triplachiton scleroxylon.  
Gossweilerodendron balsamiferum.  
Mansonia altissima.  
Afzelia spp.  
Mitragyna spp.  
Piptadeniastrum africanum.

- The licensee will employ local personnel and labour as far as possible, consistent with efficient working.
- Fees on timber taken will be payable at the following rates per Hoppus cubic foot:

	d
Khaya spp. . . . .	9
Eutandrophragma spp. . . . .	9

(f) Total fees paid to be at least £2,000 during the first year of working and at least £5,000 in each subsequent year.

(g) A bond of security for the sum of £5,000 will be required against payment of fees.

(h) A saw-mill of annual out-turn capacity of not less than 24,000 cubic feet is to be erected within eighteen months of the grant of the timber licence within the Licence Area, and maintained throughout the remainder of the term of the licence. Lumber from the saw-mill will be sold within Northern Nigeria. On termination or expiry of the licence, the sawmill will cease to be the property of the licensee and will be disposed of by the Ministry of Animal and Forest Resources (possibly to a recognized indigenous registered timber company) by agreement with the Native Authorities.

6. Applicants must be prepared to accommodate financial participation by local business interests.

7. Applicants must have the necessary technical knowledge, staff and equipment to exploit the forests efficiently and maintain the sawmill in production.

8. Applications must be accompanied by evidence of the applicant's financial standing and must state:

(a) That the applicant has examined the forests on the ground and is satisfied that he can fulfil the requirements of a licence based on the foregoing conditions.

9. In his own interests and in the interests of good forest management, it will be necessary for the successful applicant to carry out a 100 per cent. enumeration in advance of felling, of all obligatory species in forest reserves, and to conduct a timber cruise in unreserved areas.

10. Permission to examine the area to be covered by the timber licence may be obtained from the Provincial Forest Officer, Lokoja.

11. Applications should be addressed to the Permanent Secretary, Ministry of Animal and Forest Resources, Private Mail Bag No. 2012, Kaduna, and must reach his office within two months of the publication of this Notice. ## COMPETITION FOR ENTRY TO THE ADMINISTRATIVE AND SPECIAL DEPARTMENTAL CLASSES OF MID-WESTERN NIGERIA PUBLIC SERVICE

The 1966 competition for entry to the Administrative and Special Departmental Classes of Mid-Western Nigeria Public Service will start in March, 1966. The Special Departmental Classes comprise the Scale A posts of Auditor, Assistant Registrar of Co-operative Societies, Produce Officer and Inspector of Taxes.

2. The competition will consist of:—
- a qualifying written examination conducted by the West African Examinations Council;
  - a series of tests and interviews conducted by the Public Service Selection Board;
  - an interview by the Public Service Commission.

Only candidates who attain the qualifying standard in the written examination will be invited for the tests and interviews by the Public Service Selection Board. The Public Service Commissioners will subsequently select, in the light of the records and performance of such candidates, those who will be interviewed by the Commission.

3. In order to be eligible to enter for the competition, a candidate who is not already in the public service of Mid-Western Nigeria must either possess the following qualifications or intend to sit in 1966 for the final examinations leading to them:—

- For the post of Administrative Officer, Class IV.—An honours degree of a recognized University. A good degree (either general with honours or distinction, or special honours) of a recognized University.

(ii) *For the post Auditor.*—A good degree (either general with honours or distinction, or special honours) of a recognized University or Associate Membership of one of the following professional bodies:—

- (a) Institute of Chartered Accountants;
- (b) Association of Certified and Corporate Accountants;
- (c) Institute of Costs and Works Accountants;
- (d) Institute of Municipal Treasurers and Accountants.

(iii) *For the post of Produce Officer.*—A recognized degree in Agriculture or a suitable honours degree, preferably in Commerce or Economics.

(iv) *For the post of Inspector of Taxes.*—A good degree (either general with honours or distinction, or special honours) of a recognized University or Membership of either the Institute of Chartered Accountants or the Association of Certified and Corporate Accountants.

"Recognized" in the above context means "recognized by the Government of Mid-Western Nigeria".

4. The purpose of the written examination is not to test the candidates in the subjects which they studied for their degrees but to test their ability to think clearly, to understand and write English as well as their knowledge of affairs, particularly West African affairs. Notes for the guidance of candidates drawn up by the West African Examinations Council will be issued to all candidates in due course. The examination will comprise the following papers:—

(i) *English (Precis and Critical Appreciation).*—This will consist of a fairly long and complex passage which the candidates will be required to summarize in their own words supplemented by a question asking them to comment critically on the central idea of the passage;

(ii) *Current Affairs.*—Candidates will be required to answer four out of ten questions which will cover a wide field in order to cater for all possible types of candidates. The questions are designed to test the intelligent awareness of current affairs which any educated person may be presumed to possess.

(iii) *General.*—This will consist of two questions. The first, known as the Logical Force passage, will test ability to detect dubious thinking and the second, known as Statistical Inference question, will test ability to draw correct inferences from a table of numerical data.

5. The written examination will be held on the 28th of March, 1966, in Lagos, Ibadan, Enugu, Benin City, Onitsha, Zaria, Accra, Freetown, London, Washington and at such other centres as may be determined later. The dates and centres of the sittings of the Public Service Selection Board will be announced later.

6. Minimum transport expenses to and from London or Washington for the purpose of taking the written examination will be refunded to candidates in the British Isles or the United States respectively,

who are not resident in those cities. Candidates will be responsible for arranging, and meeting the cost of, their accommodation and transport.

7. Each candidate will be required to pay a fee of £2 and fees are not refundable. No responsibility will be accepted for money sent in any other manner than that prescribed.

8. Serving officers will be informed of the special arrangements affecting them. Other candidates who have already applied for appointment to any of the classes mentioned in paragraph 1 above should, if in Nigeria, send to the Secretary, Public Service Commission, Benin City, a Treasury Receipt for the examination fee of £2. If outside Nigeria, a candidate should send £2 by Money Order or Crossed Postal Order to the authority to whom he addressed his application. All applications and fees must be received by the 8th of January, 1966.

9. Candidates who have not yet applied but who wish to do so, should send their fees in the manner described above together with their applications on the official form to the Secretary, Public Service Commission, Benin City, if they are in West Africa or to the Official Secretary, Office of the Agent-General for Mid-Western Nigeria, 10, Haymarket Street, London, if they are in Europe, or to the Chancery, Embassy of Nigeria, 500, Dupont Circle Building, Washington, D.C., if they are in the United States of America or Canada. The applications and fees must be received not later than the 8th of January, 1966.

10. Instructions as to the date, time and place of attendance will be sent direct to individual candidates.

11. Before the start of the competition for entry to the Administrative and Special Departmental Classes, candidates may be offered temporary appointments to any of the posts mentioned in paragraph 3 above on the strict understanding that if they are unsuccessful at any stage of the competition, their temporary appointments will be terminated forthwith.
