1. The Direction of School Education
  2. Conservative and Progressive Education
  3. Educational Reforms in Post-War Japan
  4. The Present Stage of Educational Evaluation in Japan
- III. Psychological Study 182
1. The Psychological Basis in America
  2. Evaluation and Psychological Basis in Japan
- IV. Social Examination 184
1. Social Centered Schools in America
  2. Japanese Schools and Society
  3. Evaluating the Community School
- V. Evaluation Planning 187
1. Principles of Evaluation
  2. General Procedures of Planning Evaluation
  3. Methods of Evaluation
- VI. The Problem of Scholastic Ability 192
1. Examination of the Problem
  2. Interpretation of the Meaning of Scholastic Ability: The Essentialists and Progressives
  3. Reasons for the Deterioration of Scholastic Ability
  4. Evaluation of Progressive Education in America
  5. Education for Progressive Basic Functions
  6. Professor Kaigo's Curriculum Organization
  7. Future Problems

3. General Education and Vocational Education	208
Introduction	Examining Conceptions
I. What the Title Indicates	
1. Education and the Utilization of the Natural Environment	
2. Education and Mechanical Civilization	
3. Historical Reflection and Future Prospects	
II. Social Examination of the Problem	212
1. The Two Aspects of the Style of Living of Human Beings	
2. General Education and Vocational Education	
3. Examination from the Standpoint of Equal Educational Opportunities for All	
III. Historical Study of the Problem	220
1. Establishing the Problem	
2. The Genealogy of the Development of Vocational Education	
3. General Education and Vocational Education in Japan	
IV. Psychological Study of the Problem	232
1. Problems of Modern Japan	
2. Formal Training and Substantial Training	
3. General Education and Character Training	
4. Vocational Education and Manual Training	
V. The Direction of the Solution and Future Developments	242
1. Various Problems Which the Present Society is Facing	
2. The Writer's Personal Views on Solution Plans	
4. The Problem of Moral Education	252
Introduction	
I. Historical and Social Study of Moral Education	253
1. Construction of Former Existing National Morals	
2. Historical and Social Basis of Former Existing National Morals	
3. Criticism of Former Existing National Morals	
4. The Stage of National Moral Decadence	
5. The New Society and New National Morals	
6. Criticism of Social Study Education and the Future Aims of Moral Education.	
II. Psychological Study of Moral Education	267
1. Moral Development in the Childhood Period	
2. Moral Development in the Adolescent Period	

III. Principles of Methods of Moral Education	278
1. The Demand for Democratic Morals	
2. Methods of Moral Education	
3. An Example of Moral Education in America: The Policy of Moral Education in the Los Angeles City Schools	
IV. Moral Education, the Home and Society	282
1. Moral Education in the Home and Society of Ancient Days	
2. The Home and Society as a Place for Moral Education	
3. Problems of the Present Day	
V. Moral Education and Religious Education	287
1. The Relationship of Education and Religion	
2. Moral Education and Religious Education	
3. Religion as a Background for Moral Education	
5. Theory on the Teacher	
I. The Changing Conception in the Theory on the Teacher	296
1. Introduction	
2. What the Words "Conception of a Teacher" Signifies	
3. Is the Teaching Profession a Sacred One?	
4. The Teacher as a Professional	
5. The New Conception of a Teacher	
6. Conclusion	
II. The Function of a Teacher	302
1. The Function of a Teacher: Mainly from a Social Aspect	
2. The Responsibilities of a Teacher	
III. Qualifications and Characteristics of a Teacher	307
1. What the Problem Indicates	
2. Qualifications and Characteristics of a Teacher	
3. Special Training Necessary for an Ideal Teacher	
4. Types of Teachers	
IV. Problems in Teacher Education	313
1. The Necessity of Teacher Education	
2. Concrete Aims in Teacher Education	
3. The Curriculum in Teacher Training Education	
V. In-Service Education for Teachers	325
1. The Duty and Rights of In-Service Education	
2. Aims of the In-Service Education	
3. Types of In-Service Education	
4. Methods of Holding In-Service Education	
5. Evaluating Teachers	

VI. The Establishment of Professional Rights and Promoting the Spirit	332
1. Grasping the Problem	
2. Problems Relating to the Promoting of the Spirit	
3. Problems Relating to the Understanding and the Establish- ment of Professional Rights	
4. Teacher Union Activities	
Schedule *	348
Address of Staff and Participants	343

PUPIL GUIDANCE VIII  
(V)Table of Contents

## PREFACE - Dr. Woods

Translation  
Introduction

PART I. GUIDANCE IN THE UNIVERSITY	9
I. Plan for Teaching a Course in "Pupil Guidance" in the University	11
1. Preface	11
2. Chart of Instruction Plans	15
II. Study and Instruction in "Pupil Guidance" as a Course in University Extension (Extension Courses and Short Courses for In-Service Training)	28
III. Reference Materials	31
1. Plan for Case Study	31
2. Group Dynamics	33
3. Reference Books	40
a. Japanese	40
b. English	44
IV. Plans for Student Guidance in the University	59
1. An Introduction	59
2. Materials in Our Country	65
PART II. PROMOTING OF GUIDANCE SERVICE	75
I. Who Should Function as the Center of Guidance Service	75
1. The Homeroom Teacher and Council of Homeroom Teachers	76
2. Guidance Committee	77
3. Guidance Liaison Council	77
4. Role of Main Members of the Guidance Committee and Liaison Council	78
II. Methods of Promoting Guidance Service in the School, Community and Prefecture	79
1. Basic Attitudes in Promoting Guidance Service	79
2. Problems of Promoting Guidance Service in the School, Community and Prefecture and Counter-Measures	79
3. Two or Three Suggestions for Guidance Service of Homeroom Teachers	83
III. Various Problems Which the Teacher is Confronted with at School	86
1. Problems at School	86
2. Two or Three Problems	92

IV. How Should the Relationship Between the Community and School be Maintained and Improved	96
1. In What Respect in Guidance Should the School Contact the Community	96
2. In What Way Should the Cooperation of the PTA be Strengthened	97
3. What Should be Done to Make the Function and Mutual Relationship Between Out-School Cooperative Institutions Effective?	98
4. How Should Mutual Relationship Between Other Schools in the Community be Established?	100
Supplement	101
1. Guidance in the Elementary School Handbook for the Councilor, Principal and Teacher (Los Angeles, 1948.)	101
2. Morality Education (Los Angeles 1944-45)	136
 PART III. IN ORDER TO UNDERSTAND CHILDREN	
Handbook on Theory and Practice	175
1. The Meaning of Understanding Children	178
2. Study of Action and Narration	182
3. To Recognize the Child as a Member of the Family	187
4. Advice of Psychologists	191
5. Study of Explanations and Principles	194
6. Group Study Methods as a Method of Child Study	199
7. Searching for Similar Types	203
8. Long Period Study of Personality	208
9. Study of Mutual Functions of Children's Groups (1)	214
10. Study of Mutual Functions of Children's Groups (2)	220
11. Teachers and Administrators Evaluation of Child Study	225
12. Practice of Plans for Child Study	230
13. What Experience Teaches	237

PUPIL GUIDANCE VIII  
(VI)

Table of Contents

PART I BASIC CONCEPTION AND PRINCIPLES OF GUIDANCE

Chapter 1. Democracy and Guidance	2
1. The Crisis in Japanese Education and the Necessity of Guidance	2
2. Guidance and the Essentials of Democracy	6
(1) Guidance as an Embodiment of Democracy	6
(2) Humanism and the Essentials of Democracy	8
(3) The Natural Law and the Essentials of Democracy	10
(4) The Relativism and Absolutism in Democracy	11
(5) Religion and the Essentials of Democracy	17
3. Guidance and the Training of Educators	20
Chapter 2. The Essentials and Functions of Guidance	26
(1) Terms	26
(2) The Relationship with Education	28
(3) Essentials	29
(4) Scope	31
(5) Functions	33
Chapter 3. Guiding Methods and Principles	35
1. The Universality of the Necessity of Guidance and Its Application to Individual Variation	35
(1) The Universality of the Necessity of Guidance	35
(2) Application to Individual Variation	36
2. The Unification and Development of Guidance Activities	37
(1) The Unification of Guidance Activities	37
(2) The Development of Guidance	38
3. Scientific Methods in Collecting Materials and the Rationality of Guidance Methods	38
(1) Scientific Methods in Collecting Materials	38
(2) Rationality in Guidance Methods	39
4. Various Principles in the Administration and Management of Guidance	40
(1) The Whole School Assumes the Responsibility of Guidance	40
(2) The Necessity of Cooperation in Guidance	41
(3) Flexibility in Guidance, Especially in Planning	42
(4) The Necessity of Evaluation in Planning Guidance	43
Chapter 4. Various Problems in Guidance: Moral Education	45
Introduction	45

1. Formalization of Personality	46
(1) New Outlook in Bringing Up Children	46
(2) Study	47
(3) Wisdom	48
(4) Formalization of Personality	49
2. Formation of Character	49
(1) The New Moral Outlook	49
(2) Values	51
(3) Moral and Spiritual Values	52
(4) Formation of Character	54
3. Guidance	54
(1) The Essentials of Guidance	54
(2) Formation of Character and Guidance	55
(3) Methods of Moral Guidance	55
(4) Conclusion	56

## PART II GUIDANCE PLANNING IN THE ELEMENTARY AND SECONDARY SCHOOL

Chapter 1. Guidance Planning in the Elementary School	58
1. The Meaning of Guidance in the Elementary School	58
2. The Organization and Management for Guidance	60
3. Establishing a Plan for Guidance	72
4. An Example of Guidance Planning	77
Chapter 2. Guidance Planning in the Secondary School	89
1. Foundations of Establishing Guidance Plans	89
(1) Characteristics of Adolescence and the Necessity of Guidance	89
(2) The Position of Guidance in the Whole Education Plan	93
(3) The Necessity of Guidance Planning	95
2. The Necessary Organization for Guidance	96
(1) The Organization of Guidance in Local School Boards	96
(2) The Organization of Guidance in the School	98
3. The Practice of Guidance Plans	102
(1) Procedures for Establishing Plans	102
(2) Contents of Guidance Plans	103
(3) Understanding of the Individual and Guidance Planning	104
(4) Interviewing	107
(5) The Homeroom Guidance Plan and Administration	109
(6) The Administration of the Student Body	116
(7) The Administration of Club Activities	119
(8) The Problem of Teachers in the Development of Guidance Planning	120
4. An Example of Guidance Planning	126
(1) An Example of Guidance Planning in the Lower Secondary School	126

(2) An Example of Guidance Planning in the Upper Secondary School	127
Supplement: An Example of a Unit on Guidance	
(3) Vocational Guidance as an Extra-Curricular Activity in the Secondary School	141
Chapter 3. Evaluation of Guidance Plans	161
1. The Necessity and Objectives of Evaluating Guidance Plans	161
(1) The Necessity of Evaluating Guidance Plans	161
(2) The Objectives of Evaluating Guidance Plans	162
(3) Reasons of Difficulty in Evaluating Guidance Plans	163
2. Devices for Evaluating Guidance Plans	164
(1) Characteristics of Evaluating Guidance Plans	165
(2) Establishing Guidance Objectives	166
(3) The Evaluating of Guidance Plans Project	167
(4) Check List for Evaluating Guidance Plans	168
(5) Self-Evaluation of the Teacher and Pupils	181

## PART III GUIDANCE TECHNIQUES: A STUDY OF CASE STUDY

Chapter 1. Introduction - The Importance of Case Study	189
Chapter 2. Practice of Case Study	191
1. Study Group on Case Study in the Elementary School	191
2. Study Group on Case Study in the Lower Elementary School	209
Chapter 3. Basic Knowledge in Case Study	227
1. Various Problems in the Development and Growth Stages	227
2. The Influence of Environment	247
3. Mental Hygiene	247
Chapter 4. Methods of Collecting Basic Materials for Case Study	265
1. I.Q. Tests	265
2. Adaption Tests	267
3. Scholastic Ability Tests	268
4. Interests	270
5. Character Measuring	275
6. Measuring Sociality (Centered around Sociometry)	279
7. Records of Everyday Life, Diary and Autobiography	299
8. Records of Interviews	302

CHILDHOOD EDUCATION IX  
(VI)Table of Contents

## Preface

Chapter 1. Protection in Early Childhood and the Necessity of Education	1
1. Why is Protection and Education Necessary to Desirable Japanese Children?	1
2. Objectives of Childhood Education	2
1. From the Point of Physical Development	2
2. From the Point of Emotional Development	3
3. From the Point of the Development of Sociality	11
4. From the Point of Intellectual Development	16
3. The Cooperation of All is Required between Those Engaged in Childhood Education	21
Chapter 2. The Curriculum	23
1. The Curriculum	23
1. What is the Curriculum?	23
2. On What Ideas Should the Curriculum be Based Upon?	25
2. What Should be Understood in Planning the Curriculum?	27
1. Growth and Development	27
2. The Outline of Growth and Development in Childhood	29
(1) Physical Development	29
a. The Trend of Growth and Development	29
b. The Development of Muscles	30
c. Health	30
(2) Emotional Development	31
(3) Intellectual Development	31
a. Children's Interests and Questions	31
b. The Relationship between Intellectual Development and Physical and Emotional Development	31
c. The Stage of Intellectual Development	32
(4) Speech Development	32
a. The Role of Speech	32
b. The Development of Speech	33
(5) The Development of Sociality	34
a. Social Actions Develop with Rhythm	34
b. Development/Stage of Sociality	34
3. The Understanding of Individual Variation in the Early Childhood Period	35
(1) What Points Should Be Understood and How?	35
a. Observation of Children's Actions	36
b. Testing	39
c. Investigating the Environment	39
o Home Investigation	39
o School Investigation	40
o Social Investigation	40

4. Understanding the Demands of Our Home, Community, and Country*	43
3. What Kind of Experience Should the Child Undergo?	45
1. Physical Examination - (1) Examination Prior to entering School (2) Once -a-Month Tests (3) Once-a-Day Tests	45
2. Exercise and Rest	48
(1) Games in Which the Greater Muscles are Used	48
(2) Games in Which the Smaller Muscles are Used	49
(3) Rest	49
3. Living Habits	49
(1) The Habit of Independence	49
(2) The Habit of Obeying Rules	50
(3) The Habit of Working for the Group	50
(4) The Habit of Working Sincerely	51
4. Scientific Experiences	51
(1) Caring for Animals	52
(2) Growing Plants	52
(3) Observing Nature	52
(4) Observing Machinery and Equipment	52
5. Numbers	53
6. Speech	54
7. Drawing Pictures	55
8. Rhythm and Music	56
9. Group Games	58
10. Acting	59
11. Events	60
12. Environment	60
(1) The Teacher	60
(2) The Building and Facilities	61
13. Methods of Letting Children Lead Broader Lives	62
4. The Daily Program	63
1. Kindergarten	63
2. Nursing School	66
3. Elementary School	69
5. Guidance	77
1. Guidance	77
2. Case Study	80
6. Mutual Contact between Childhood Education Institutes	97
1. The Contact between the Home and the Childhood Educational Institute	98
2. Mutual Contact with Other Childhood Educational Institutes	101
Chapter 3. The Training of Teachers for Childhood Education	107
1. Desirable Teachers for Childhood Education	107
1. What Type of Person Should a Teacher in Childhood Education Be?	107
2. What Must the Teacher Understand?	111

a.	How do Children Develop?	111
b.	The Teacher Must Know the Society of Her Country	117
c.	How Can the Teacher Help in the Growth of Children?	122
2.	What Assistance Can the Teacher Training Universities Give in the Training of Good Teachers?	125
1.	What Type of Experience Should the Teacher Training University Give to All Teachers?	129
2.	How Should Various Facilities, Especially the Demonstration School Stand in the Teacher Training University?	144
3.	How Is the Present Situation of Teacher Training?	145
Chapter 4. The Administration, Supervision, and Organization of Childhood Education?		155
1.	The Present Situation of the Administration, Supervision, and Organization of Childhood Education in Our Country?	155
1.	In What Way has Childhood Education Developed in Our Country?	155
2.	The Present Situation of Childhood Education in Our Country?	159
2.	The Administration, Supervision and Organization of Desirable Childhood Education	163
1.	Should Childhood Education be Compulsory?	164
2.	How Should the Relationship between the Kindergarten and Nursing School Be?	171
3.	How Should the Relationship between the Kindergarten, Nursery School and Elementary School (mainly the lower grades) Be?	174
4.	Desirable Kindergarten Supervision	174
5.	Desirable Nursing School Supervision	179
6.	How a Desirable Guidance Institute (for Childhood Education) Should Be	182
7.	How a Desirable Workshop in Childhood Education Should Be	185
8.	How Should In-Service Training Be?	
9.	Two or Three Suggestions for Improvement	
3.	How Should Desirable Facilities for Childhood Education Be?	186
1.	A Desirable Building for Childhood Education	187
2.	Ground Plan for a Desirable Building	188
3.	Special Contribution	
	"Nursery School or Kindergarten" by A. Endo	192
	Summary and Advice	194
Chapter 5.		
1.	The Study of Young Children	195
2.	Growth and Development of Young Children	235
Supplement		
1.	Recommended Materials	245
2.	Reference Books in Childhood Education	253
3.	List of Staff and Participants for V IFEL	260
	List of Staff and Participants for VI IFEL	261

ELEMENTARY SCHOOL ADMINISTRATION AND SUPERVISION X  
(V)

Table of Contents

Preface

Chapter 1. The Characteristics of A Modern Elementary School	1
1. The New Elementary School	1
2. The New and the Old Elementary School	
Chapter 2. The Roles and Responsibilities of an Elementary School Principal	23
1. Position of a Principal	23
2. Character of a Principal	25
3. Duties of a Principal	28
4. The American Elementary School Principal	32
Chapter 3. The Elementary School Program	
o What is the School Program	37
1. Role of the Principal in Organizing the Curriculum	37
2. Kinds and Forms of the Curriculum	45
3. Contents of the Curriculum	50
Supplement	
o Health Education	54
o Guidance	57
o Special Education	58
o The Process of Living Guidance	60
4. Administration of the Curriculum	61
Chapter 4. School Organization	70
1. Organization of the New School	70
2. Organization of Children's Group	77
3. Organization of Staff	98
Chapter 5. School Business	107
1. The Elementary School Program and School Business	107
2. Contents of School Business	111
3. Administration of School Business	116
4. School Budget	123
Chapter 6. School Building and Facilities	129
1. Points to Consider in Regards to the School Building and Facilities	129
2. Desirable Standards in School Building and Facilities	133
3. Improvement of Already Established Facilities	140
4. Maintenance and Supervision	146

Chapter 7. The School and Community	152
1. Social Background of Education	152
2. The Character of the New School in the Community	157
3. Relationship Between the School and Community	161
4. Adult Education	169
5. Youth Work	178
6. PTA	181
Chapter 8. In-Service Education	189
1. Conception of In-Service Education	189
2. Opportunities of In-Service Education	192
3. Problems in the Practice of In-Service Education	203
Chapter 9. School Survey	209
1. Meaning of School Survey	209
2. Principles of the New School Survey	209
3. Aims and Effect of School Survey	210
4. Contents of School Survey	211
5. Methods and Process of Survey	215
6. Basis for Survey (Plan)	216

ELEMENTARY SCHOOL ADMINISTRATION AND SUPERVISION X  
(VI)

Table of Contents

Chapter 1. The Character of the Modern Elementary School	2
1. The Significance of the Elementary School	2
2. The Objectives of the Elementary School	10
3. The Ideal Principal of the Modern Elementary School	22
4. The Ideal Teacher of the Modern Elementary School	43
5. The Character of the Curriculum	53
6. Guidance	69
7. The Ideal School Building of the Modern Elementary School	81
o Reference Books	97
Chapter 2. The Principal and Administration	99
1. The Significance and Objectives of Administration	99
2. The Amount of Time Which the Principal Spends on Administration	109
3. The Principal and the School Board	122
4. The Principal and the School Budget	131
5. Appointing and Discharging Teachers and Staff Duties	136
6. Administration of Children's Activities	155
7. General School Organization	173
8. Administration Guidance	195
9. The Significance of Evaluating the School (Management, Principal and Teacher and Concrete Methods)	207
o Reference Books	277
Chapter 3. The Principal and Supervision	281
1. The Significance and Objectives of Supervision	281
2. Scope of Supervision	286
3. Principal's Visit to Classrooms	291
4. The Amount of Time the Principal Spends in Supervision	306
5. Staff Meetings	313
6. Supervising the Curriculum	327
7. Supervising Guidance	341
8. Supervising Guidance of the Social Lives of the Children	361
o Reference Books	373
Chapter 4. The Principal and the Community	375
1. The Educational Significance of the Community	375
2. What Does the Community Expect of the School?	384
3. What Does the School Expect of the Community?	387
4. What Does the Community Expect of the Principal?	397
5. What Role Does the Principal Assume between his Staff and the People of the Community?	400
6. The Private Life of the Principal in the Community	408
7. The Principal and PTA Activities	421
o Reference Books	433
Supplement	434
Reference Books Recommended by Mr. Nash	

ELEMENTARY SCHOOL CURRICULUM & METHODS XI  
(V)

Table of Contents  
(Part 1)

Preface

Chapter 1. Basic Conception of Elementary Education	1
1. The Development of the Educational Outlook	1
2. Foundations of Democratic Education	18
3. Purposes and Aims of Elementary Education	29
Chapter 2. Understanding Children	43
1. Why Must the Teacher Understand Children	43
2. Change in Outlook of Children	43
3. What Should the Teacher Know about Children	48
4. Techniques of Understanding Children	67
5. Development of Children and the Relationship between the Curriculum	76
6. Influence of the Teacher upon Children	82
Chapter 3. The Elementary School Curriculum	87
1. The Meaning of Educational Curriculum	87
2. Outline of Development of the Curriculum	88
3. Principles of Instruction in Organizing the Curriculum	96
4. Similar Types of Curriculum	97
5. Plans for Improving the Curriculum	112
Chapter 4. Study Guidance	130
1. Meaning of Study Guidance	130
2. Change in the Conception of Methods of Study Guidance (Japan)	130
3. Change in the Conception of Methods of Study Guidance (Western countries)	132
4. How Should the Study Experiences of Children Be Organized?	134
Chapter 5. Things That Enrich the Curriculum	162
1. What Is the Meaning of Enriching the Curriculum?	162
2. Methods of Enriching the Curriculum	164
Chapter 6. Evaluation in the Curriculum	201
1. Significance and Purposes of Evaluation	201
2. Object of Evaluation	204
3. Methods of Evaluation	209
Chapter 7. Guidance Service of the Elementary School	247
1. Relationship of Guidance Service to the Curriculum	247
2. Function and Types of Guidance Service in the Elementary School	251
3. Methods of Consulting and Advising	256
4. Materials of Guidance Service	269
5. Case Study	291
6. Plans for Guidance Service	317

Chapter 8. Improvement of the Curriculum through In-Service Training	327
Preface	
1. What Meaning and Importance Has In-Service Education in the Improvement of the Curriculum?	327
2. What Type of In-Service Education Is Necessary at Present for the Improvement of the Curriculum?	333
3. Plans and Practice of In-Service Training Plans for the Improvement of the Curriculum	339
4. Actual Examples of Improving the Curriculum	353
5. Evaluation of In-Service Training for the Improvement of the Curriculum	359
Chapter 9. Improvement of the Community through the Curriculum	364
1. The Community and School	365
2. Various Problems in the Community Which Can Be Solved through the Curriculum	376
3. The Elementary School Curriculum as Viewed from the Community	385
4. Methods of Improving the Community through the Curriculum	393
5. Examples of How the Curriculum Contributed to the Improvement of the Community	394

Table of Contents  
(Part 2)

Chapter 1. Curriculum and Methods of National Language Course	
Chapter 2. Curriculum and Methods of Social Studies Course	
Chapter 3. Curriculum and Methods of Arithmetic Course	
Chapter 4. Curriculum and Methods of Science Course	
Chapter 5. Curriculum and Methods of Music Course	
Chapter 6. Curriculum and Methods of Handicraft and Drawing Course	
Chapter 7. Curriculum and Methods of Physical Education Course	
Chapter 8. Guidance in School and Home Activities	

ELEMENTARY SCHOOL CURRICULUM & METHODS XI  
(VI)

Table of Contents

Preface	1
Chapter 1. Introduction	
1. Present Problems in the Curriculum and Teaching Methods	1
Study of Curriculum in the Future	
Guidance Techniques	
Deterioration of Scholastic Ability	
Children's Freedom and Interests	
Moral Education	
Cultivating the Sentiments	
Attitudes of Educators in the Field toward the New Educational Trend	6
2. Conditions for a Good Curriculum	
Purpose of the Curriculum	
Conditions of a Good Curriculum	
Distribution of Hours in the Amended "Essentials of Instruction"	13
3. Weak Points in the Instruction of Study	
Unification of Objectives, Curriculum, Methods and Criticism	
Form of Study	
Planning Study Instruction	21
4. Guidance Service and Extra-Curricula Activities	
Guidance Service in the Elementary School	
Promoting Moral Education	
Promoting Extra-Curricula Activities	
Supplement	
Problems for Future Study	
References	
Chapter 2. The National Language Curriculum and Teaching Methods	
1. How Should National Language Education Be?	31
Actual Conditions of National Language Education	
How Should National Language Education Be?	35
2. Objectives of National Language Education	
Position of National Language Education	
Significance of National Language Education	
Objectives of Elementary School National Language Education	37
3. How Should the National Language Curriculum Be Planned?	
The Present Curriculum	
Basic Conditions for a Desirable Curriculum	
A Desirable Curriculum	43
4. How Should Instruction Be Held?	
First Stage Instruction	
Techniques of Instruction	
Romaji Education	
Suggestions for Instruction	

5. How Should Evaluation Be Held?	62
Conception of Evaluation	
Methods of Evaluation	
Supplement	
Problems for Future Study	
References	
Chapter 3. The Arithmetic Curriculum and Teaching Methods	
1. What Problem Exist in the Field?	67
2. What Is the Aim of Arithmetic Education?	67
Changes in Japanese Arithmetic Education	
Aims of the New Arithmetic Education	
What Points Should Be Aimed to Be Improved?	
3. How Does the Child's Experiences of Quantity Develop?	69
Development of Interest in Studying Arithmetic	
Development of Ability in Arithmetic	
4. How Should the Arithmetic Curriculum Be Organized?	75
New Position of Organizing the Curriculum	
Constructing the Unit	
Constructing the Subject	
Constructing Study Materials	
5. How Should the Instruction of Studying Arithmetic Be Held?	85
New Direction of Arithmetic Instruction	
Instruction of Unit Study	
Instruction Based on the Subject	
Instruction of Drilling	
Treatment of Textbooks and Equipment	
Planning Instruction	
6. How Should Arithmetic Be Evaluated?	95
Aims of Evaluation	
When to Evaluate	
Methods of Evaluation	
Supplement	
Problems for Future Study	
References	
Chapter 4. The Social Studies Curriculum and Teaching Methods	
1. Problems in the Field	101
The Role of Social Studies in Educational Practice	
Confusion and Problems in the Practice of Social Studies	
Causes for these Problems	
2. Objectives of Social Studies as Viewed from the Essentials Consistent Character of Objectives	103
Clubs for Establishing Objectives	
Necessity for Establishing a Social Studies Course	
Essential Significance of Social Studies	
Objectives of Social Studies and the Community	
3. How Should Children Be Regarded in the Social Studies?	
Living Experiences of Children	
Methods of Understanding Living Experiences	
Children's Interests	

4.	How to Select Contents of Instruction	111
	Methods of Establishing Concrete Aims of the Grade and General Aims of Social Studies	
	Methods of Taking the Problems of the Community and Children	
	Ethical, Spacial and Chronological Elements in Social Life	
5.	How to Plan Instruction in Unit Study	116
	Study Based on Units	
	Foundations and the Unit	
	The Source Unit	
	Points to Be Observed in Unit Construction	
	Planning the Development of a Unit	
6.	What Points Should Be Observed to Make Instruction Effective?	133
	The Trend of Study Activities and the Project Method and Problem Method	
	Flexible Study Instruction	
	Defects in Instruction That often Arise and Their Improvement	
7.	How to Evaluate	143
	Basic Conceptions in Evaluating Social Studies	
	Object and Opportunities of Evaluating	
	Dealing and Utilizing Evaluation	
	Supplement	
	Problems for Future Study	
	References	
Chapter 5. The Science Curriculum and Teaching Methods		
1.	Problems in the Elementary School Science Education of Today	155
	Problems	
	What Is a Good Teacher	
	Desirable Attitudes in a Teacher of Science	
2.	Objectives of Science Education	156
	Reflection on Former Science Education	
	Objectives of New Science Education	
	Reflection of New Science Education	
3.	How Do Children's Interests and Abilities Develop	158
	General Development of Children as Viewed from Science Education	
	How Do Questions and Interests in Science Develop?	
4.	How Should the Unit Be Organized?	165
	Principles in Unit Organizing	
	Methods of Unit Organizing	
5.	Problems in Science Education Instruction	169
	Methods of Instruction	
	Instruction Methods in Solving a Problem	
	Methods of Drawing up Instruction Plans	
	Reading Guidance in Science Education	
	Methods of Instructiong Experiences	

	Methods of Instruction Observation	
	Methods of Instructing Continuous Observation	
	Methods of Instructing Group Activities	
	Methods of Using Textbooks	
	Instruction Methods for Studying Methods	
	Science Education and the Problem of Discipline	
6.	How Should Evaluation Be Held?	184
	Evaluating Knowledge	
	Evaluating Scientific Attitudes and Abilities	
	Evaluating the Discovering of Problems and Ability of Expression	
	Evaluating Ability to Collect Materials	
	Evaluating Ability to Organize Materials	
	Evaluating Ability to Establish a Hypothesis and Prove It	
	Evaluating the Ability to Draw out Principles	
	Evaluating the Ability to Apply Principles	
	Supplement	
	Problems for Future Study	
	References	
Chapter 6.	The Music Curriculum and Teaching Methods	
1.	How Should Music Be Understood?	190
2.	How Should Musical Experiences Be Organized?	192
3.	Study Instruction	198
	Instruction in Singing	
	Instruction in Instrument Playing	
	Instruction in Appreciation of Music	
	Instruction in Creative Expression and Reaction to Rhythm	
	Examples	
4.	Evaluating Music	213
	Objectives	
	Methods	
	Evaluator and Opportunities to Evaluate	
5.	The Qualities of the Teacher of Music	215
	Desirable Qualities	
	Special Course in Music	
	In-Service Education	
	Supplement	
	Problems for Future Study	
	References	
Chapter 7.	The Drawing and Handicrafts Curriculum and Teaching Methods	
1.	Various Problems	223
2.	Establishing Objectives	223
	"Essentials of Instruction" Objectives	
	Attitudes of Establishing Objectives	
	Formative Education Based on the Actual Reflection on the "Essentials of Instruction" Objectives	

3.	Contents of Study and Objectives	224
	What Is Study?	
	Children's Studies	
	Study of Environment	
	Contents of Study and Objectives	
	Organization of Study Contents	
4.	Important Points in Instruction.	229
	Attitudes	
	Important Points in Drawing	
	Important Points in Painting	
	Important Points in Designing	
	Important Points in Handicrafts	
	Important Points in Appreciating Arts	
	Materials	
	Sample of Instruction Plan	
5.	Evaluating	236
	Methods	
	Problems in Evaluating	
	Organizing and Interpreting the Results of Evaluation	
	Supplement	
	Problems for Future Study	
	References	
Chapter 8.	The Homemaking Curriculum and Teaching Methods	
1.	The Necessity of Homemaking Education in the Elementary	243
	School and Actual Problems	
	Why Is It Necessary to Have Homemaking Education	
	in the Elementary School?	
	Actual Problems	
2.	New Objectives in Home Living Instruction	247
3.	Investigation of Actual Conditions Which Form the	
	Basis for Home Living Guidance and the Mental and	
	Physical Development of Children	247
	Investigation of Actual Conditions Which Form	
	the Basis for Home Living Guidance	
	Mental and Physical Development of Children	
4.	Basic Attitudes in Planning Home Living Guidance	248
5.	Organizing the Home Living Guidance Curriculum	249
6.	Points to Be Taken into Consideration	250
	In the case Where Guidance Is Held as a Part	
	of the Whole Program	
	In the Case Where the Homemaking Course Is Independent	
7.	Evaluating the Homemaking Course	250
	Who Does the Evaluating?	
	Objects of Evaluation	
8.	Establishing Relationship Between the School and Home	251
	Supplement	
	Problems for Future Study	
	References	
Chapter 9.	The Physical and Health Curriculum and Teaching Methods	
1.	Actual Problems	253

2.	Conception of Physical and Health Education	253
	School Hygiene of Previous Times	
	Physical Education	
	Future School Hygiene	
	Future Physical Education	
3.	Character of the Physical and Health Curriculum	257
	Meaning and Objectives of Health Education	
	Health Education and School Hygiene	
	Meaning and Objectives of the Physical Education Curriculum	
	Physical Education and the Relationship between Health Education	
	The Position of Health Education in the School	
4.	Establishing Concrete Objectives	260
	Health Education	
	Physical Education	
5.	Child Development	261
	5-7	
	8-10	
	11-13	
6.	Contents of Instruction	263
	Standards for Selecting Health Education	
	Physical Education	
7.	Organizing the Unit	264
	Health Education	
	Physical Education	
8.	Methods of Instruction	273
	Physical and Health Education	
9.	Evaluating	282
	Scope and Methods	
	Interpreting Evaluation	
	Supplement	
	Problems for Future Study	
	References	

SECONDARY SCHOOL ADMINISTRATION & SUPERVISION XII  
(VI)

Table of Contents

Chapter 1. The School Board System	2
1. Legislative Character of the School Board	2
2. The Function of the School Board	10
3. The Relationship between the Superintendent and the School Board	19
4. The Organization of the School Board Office	27
5. The Independent Character and Financial Rights of the School Board	44
6. Regional Establishment of Local School Boards	48
Chapter 2. The Position of Principal	60
1. The Position of the Principal	60
2. The Status of the Principal	70
3. The Responsibilities of the Principal	78
4. The Qualifications of the Principal	79
Chapter 3. Improving Teaching Methods	85
1. The Necessity for Improving Teaching Methods	85
2. The Organizing of Classes	91
3. The Improvement of the Curriculum	99
4. Evaluating Instruction	115
Chapter 4. Supervision of Pupils	131
1. Discipline	131
2. The Organization of Guidance	141
3. Methods of Guidance	151
4. Extra Curricula Activities	161
Chapter 5. Vocational Education	169
1. General Outline	169
2. Vocational Education and the Lower Secondary School	173
3. Vocational Education and the Upper Secondary School	180
4. Various Problems	185
Chapter 6. In-Service Education	193
1. The Meaning of In-Service Education	193
2. Contents and Methods of In-Service Education	202
3. Planning and Administering In-Service Education	211
Chapter 7. The School and Community	222
1. The School and Society	222
2. The School System	223
3. The Relationship between the School and Various Social Education Facilities and Institutes	231
4. The Problem of School Facilities in the Community	239
Chapter 8. Educational Evaluation	251
1. The Meaning of Educational Evaluation	251
2. The Evaluation of the Principal and Staff	258
3. The Evaluation of the School Plan	277
Titles of Individual Study Reports	284
Editor's Note	283
List of Participants' Addresses	285

SECONDARY SCHOOL CURRICULUM & METHODS XIII  
(VI)Table of Contents

Preface	1
Introduction - The Organization of the Professional Curriculum in the University	6
Chapter 1. The Meaning and Objectives of Curriculum and Teaching Methods	16
Chapter 2. The Organization and Contents of Curriculum and Teaching Methods	21
Chapter 3. Plans for Instruction	28
1. Curriculum Principles	
2. The Actual Curriculum	
3. The Unit	
4. Teaching Methods	
Chapter 4. Annotated Bibliography	
Chapter 5. Reference Materials

SPECIAL EDUCATION XIV  
(VI)Table of Contents

Preface	Dr. Stanton	3
	Group Director, Kenji Kimura	4
	Group Advisor, Unosuke Kawamoto	5
	Kenji Matsuno	7
Outline of Course		9
Study Reports		15
A. Education of the Mentally Retarded		16
Mental Tests in Distinguishing Mental Retarded Children		17
Suggestions for Planning a Curriculum for Mentally Retarded Children		28
Understanding the Mentally Retarded Child and Study Guidance		48
Vocational Guidance of the Mentally Retarded Child		61
Instruction in Counting Numbers for the Slow-Learning Child		73
Various Problems in Class Administration		86
Mental Hygiene		96
B. Education of the Blind		111
Physical Education of the Blind		113
Education of Pre-School Age Blind Children		122
Revised Techniques in Guidance		128
Defects in the Education of the Blind		135
C. Education of the Deaf		139
(Administration)		
How Should Compulsory Education of the Deaf Be?		139
Introduction of the Administration of a Class for the Deaf and Hard-of-Hearing in Illinois		147
(Distinguishing)		
The Audiogram		158
Utilizing Hearing Power in the Education of the Deaf		163
(Guidance)		
Education of Young Children		175
A Study of Rhythm Instruction in the Education of the Deaf		180
Art Education for the Deaf Child		186
Tests for Deaf Children		192
The Abstract Attitude of Deaf Children		204
Supplement		
Legal and Financial Support for the Education of Exceptional Children in Various States in America		219
List of IFEL Staff and Participants		260

YOUTH WORK XV  
(V)

Table of Contents

PREFACE	D. M. Typer K. Komada N. Yoshida	
INTRODUCTION		
Chapter 1. Regarding Principles of Youth Work		1
1. Essentials of Youth Work		1
2. Group Experience		2
3. Case Work in Youth Work		3
4. Problems in Group Formalization		5
5. Youth Work and Initiative		6
6. Group Dynamics		7
7. Relationship between Personality and Youth Leaders		8
8. Group work as a Method of Guidance		10
Chapter 2. Present Conditions of Youth		10
1. Present Conditions of Youth in the Country		10
2. Present Conditions of Rural Communities		13
3. Actual Conditions of Criminal Youth		16
4. Actual Conditions of Youth Laborers		18
Chapter 3. Organization and Management of Youth Work		20
1. Organization of Youth Work		20
2. Supervision of Democratic Youth Organizations		22
3. Supervision in Group Work		24
4. Summary of Planning a Program		26
5. Relationship between Planning and Supervision in Youth Groups		28
Chapter 4. Administration of Youth Work		30
1. The Role of Public Offices		30
2. Present Conditions and Policies of Youth Work Sponsored by Public Offices		31
3. Cooperative Liaison Work between Related Public Offices		38
4. Duties and Qualifications of Public Officials in Youth Work		39
Chapter 5. Curriculum for Training Youth Leaders in the Universities		40
1. Meaning of Youth Work		40
2. Activity Fields of Youth Leaders		41
3. Scope of Guidance		42
4. University Course for Training Youth Leaders		42
5. Sample Curriculum		43
6. Suggestion for a Curriculum for Training Youth Leaders		49
Conclusion		51
Reference Books		53
Schedule		58
List of Names		59

UNIVERSITY PERSONNEL AND GUIDANCE XV  
(VI)

Table of Contents

Preface		1
Foreword	D. M. Typer	6
Preface	G. Shiba	8
PART I (First Term)		
I. The Essential Qualities of the University		
Introduction		11
The Meaning of Essential Qualities of the University		11
II. The Organization and Administration of Guidance		
Introduction		18
A. The Organization of the Student Section		18
B. Guidance Personnel		29
C. Counseling and the Counseling System		35
D. Guidance Meetings		38
E. Expenses of the Student Section		49
III. Methods of Guidance		
A. Tests and Measuring		53
B. Vocational Guidance and Educational Guidance		56
C. Group Guidance and Individual Guidance		58
D. Orientation		67
E. Discipline		67
IV. Student Activities		
A. Meaning and Objectives of Extracurricular Activities		73
B. Student Body Activities		75
C. Cultural Activities and Sports		80
D. Student Paper		84
E. Social Activities of Students		85
V. Welfare and Health Problems		
A. Scholarship System		89
B. Arbiets		93
C. Housing Problem		95
D. Inter-School Cooperative		102
E. Problem of Students' Health and Hygiene		107
F. Students' Health Insurance		112
VI. Training of Guidance Personnel		
A. Problem of Training Guidance Personnel		115
B. Suggestive Curriculum for the Training of Guidance Personnel		120
PART II (Second Term)		
I. Principles and Administration of Student Guidance		
A. The Essential Qualities of the University		131
B. Principles of Guidance		138
C. History of Guidance		144

D. Basic Relationships of the Professor and Students	150
E. Organization and Administration of Guidance	153
II. Methods and Techniques of Guidance	
A. Accumulative Records	160
B. Tests	171
C. Advice	174
D. Study of Investigations	178
III. Problems in Student Guidance	
A. Meaning of Extra-curricular Activities and Their Objectives	185
B. Guidance of Extra-curricular Activities	188
C. How the School Paper Should Be	193
D. The Essentials of the Student Body and Limits	196
E. Guidance of the Student Body	199
F. Student Movements	203
IV. Problems of Students' Health and Welfare	
A. Problems in Welfare	206
B. Problems in Health	217
V. The Training of Guidance Personnel and the Curriculum	226
List of Staff and Participants	235
Editor's Note	237

ADULT EDUCATION XVI  
(VI, 1st Form)

Table of Contents

Chapter 1. Introduction	10
Chapter 2. Foundations of Social Education	19
Introduction	19
1. Essentials of Social Education	20
2. Basic Science of Social Education	31
3. History and Present Conditions of Social Education	36
4. Administration and Financing of Social Education	44
Chapter 3. Objects of Social Education	67
Introduction	67
1. Adult Education	68
2. Home Education for the Parents	74
3. Women's Education	78
4. Labor Education	80
5. Repatriates' Education	81
6. Youth Education	82
7. Childhood Education	88
Chapter 4. Contents of Social Education	93
Preface	93
1. Moral Education	94
2. Science Education	96
3. Religious Education	98
4. Education in Academic Techniques	100
5. Social Education	101
6. Recreation	104
7. Sex Education	107
8. Peace Education	110
9. Vocational Education	112
10. Protection of Cultural Treasures	114
Chapter 5. Social Education Facilities, Institutes and Organizations	117
Preface	117
1. Social Classes	117
2. Adult Schools	122
3. Youth Classes	127
4. Extension Courses	128
5. Correspondence Education	130
6. Audio Visual Education	133
7. Citizen's Public Halls	134
8. Libraries	139
9. Museums	141
10. Community Meetings	142
11. Organizations Related to Social Education	144

Chapter 6. Methods of Social Education	144
1. Lectures	149
2. Questions and Answers	150
3. Group Discussions	150
4. Materials	153
5. The Project Method	154
6. Laboratory Activities	155
7. Apprenticeship	155
8. Demonstrations	156
9. Individual Study	157
10. Drilling Method	156
11. Field Trips	157
12. Role Playing	157
13. Buzz Sessions	161
Conclusion	
Chapter 7. Planning and Activities of Social Education	163
Preface	163
1. How is Social Education Planned and Activities Developed?	163
2. Training Leaders	174
3. Holding a Workshop	181
4. Methods of Holding Surveys	186
5. Techniques of Group Guidance	187
6. Evaluation	193
Supplement List of References	196

ADULT EDUCATION XVI  
(VI)Table of Contents

## Preface

- Chapter 1. The Significance of the Partial Amendment of the Social Education Law
1. Reasons for Amendment
  2. Main Points Amended
  3. Objectives of Training Social Education Consultants
  4. The Duty of the University
- Chapter 2. The Duties and Qualifications of the Social Education Consultant
1. Duties
  2. Qualifications
  3. What is Desired of a Social Education Consultant
- Chapter 3. Curriculum for a Training Course for Social Education Consultants
1. The Process of Organizing A Curriculum
  2. A Curriculum for a Training Course for Social Education Consultants
  3. Examples of Developing the Curriculum
  4. Explanations

## Supplement

1. Reference Books in Social Education
2. Observing
3. Group Dynamics
4. Evaluation Chart
5. Survey of Present Conditions of Social Education Consultants

List of Staff and Participants, Schedule, Editor's Note

## EXTENSION EDUCATION XVII

(V)

## Table of Contents

Chapter 1. Introduction	1
I. The Mission of the University in a Democratic Nation	1
II. The History of University Extension Education	2
III. The Meaning of University Extension	3
Chapter 2. The Organization of University Extension	5
I. Types in University Extension	5
II. What Type of Organization is Needed in Establishing University Extension	6
III. Tentative Plan of Organizing University Extension	8
IV. How Are the Responsibilities of Instructors in University Extension Decided?	9
Chapter 3. Characteristics of Instructors and Instruction in University Extension	11
I. Qualifications of Teachers	11
II. The Characteristics of Instruction in University Extension	12
Chapter 4. Credits in University Extension	14
I. Is It Possible to Maintain the Same Standards in Credits in University Extension Courses As in the Regular Courses	14
II. What Type of Curriculum is Planned in University Extension Courses	15
III. What Type of Class Organization is Used in University Extension	17
IV. How Should Basic Qualifications and Abilities of Students in University Extension be Treated?	17
V. What Standards Should University Extension Credits Be Based Upon?	18
VI. What Proportion Should Credits Obtain in Extension Courses Occupy in the Total Number of Credits for a Gakushi Degree?	20
VII. How Should the Legislation of Extension Course Credits be Arranged?	20
Chapter 5. Finance of University Extension	23
I. How Should Funds for University Extension be Obtained?	23
II. How Should Funds for University Extension be Spent?	25
III. How Should Extension Courses be Financed?	26
Chapter 6. Conclusion	28
Supplement 1. Suggestions on Planning a Curriculum in University Extension	30
Supplement 2. Can We Teach Natural Science in University Extension?	34

	1. General Problems in the Regular Course	34
	2. Various Problems in Natural Science Courses in University Extension	35
	3. Problems in Organizing a Curriculum for Teacher Education	35
	4. Problems in Contents and Techniques of Instruction	37
	5. The Consultive Course	38
Supplement 3.	The Workshop in In-Service Training	39
	1. What are the Characteristics of the Workshop?	39
	2. What Types are There in Workshops?	40
	3. How Should a Workshop in University Extension be Held?	40
Supplement 4.	Two or Three Problems in Short Courses	44
	1. Selection of Instructors	44
	2. Organizing of the Curriculum	44
	3. Treating of Attendance and Absence	45
	4. Methods of Evaluation	46

## CORRESPONDENCE EDUCATION

PART I GENERAL THEORY	5
Chapter 1. Outline and Present Condition of Correspondence Education	5
1. Development and Present Condition in Various Foreign Countries	5
2. Development in Japan	19
Chapter 2. Organization and Management of Correspondence Education	25
1. Importance of Supervision	25
2. Organization and Business Contents	30
3. Various Preparations Needed in Management	36
4. Relationship between Guidance and Supervision	50
Chapter 3. Textbooks and Study Guides	55
1. Development of Correspondence Education and Study Guide	55
2. Constructing and Study Guide	58
3. Workbook	71
Chapter 4. Instruction in Correspondence Education	75
1. General Instruction	75
2. Correction	88
3. Guidance in Correspondence Education	92
Chapter 5. Evaluation in Correspondence Education	101
1. Meaning of Evaluation in Education	101
2. Objects and Methods of Evaluation	103
3. Limits of Evaluation in Correspondence Education	116
4. Comparison of Results of Study in School Education and Correspondence Education	116
PART II PRESENT CONDITIONS AND FUTURE OF CORRESPONDENCE EDUCATION IN JAPAN	131
Chapter 6. Present Conditions and Future of University Correspondence Education	131
1. Correspondence Education as a University Regular Course	131
2. Correspondence Education Courses for In-Service Training in the National Universities	139
3. Desirable Standards in Correspondence Courses in the Universities of Japan	149
Chapter 7. Present Conditions and Future of Upper Secondary School Correspondence Education	153
1. Present Condition of Correspondence Education in the U. S.	153
2. Relationship between the Part-Time Courses	159

3. Various Future Problems	171
4. Conclusion	180
Chapter 8. Correspondence Education as Social Education	179
1. Correspondence Education and Social Education	179
2. Non-Credit Courses	181
3. Present Condition of Correspondence Education Held in Other Institutions than Schools	183
4. Future Problems of Correspondence Education as Social Education	188

CORRESPONDENCE EDUCATION XVIII  
(VI)Table of Contents

Preface

Introduction

PART I. INSTRUCTION IN CORRESPONDENCE EDUCATION	1
Chapter 1. Investigation of the Actual Conditions of Students in Correspondence Courses	1
1. Actual Conditions in America	1
2. Actual Conditions in Japan	16
Chapter 2. Study Guide	31
1. How a Study Guide Should Be	31
2. Actual Conditions of Study Guides	36
3. Direction of Improvement for Future Study Guides	44
Chapter 3. Instruction	46
1. How an Instructor Should Be	46
2. Guidance in Correspondence Education	69
3. Evaluation	80
 PART II. ADMINISTRATION IN CORRESPONDENCE EDUCATION	 86
The Meaning of Administration in Correspondence Education	86
Chapter 1. Organization and Actual Administration How the Organization and Administration Should Be	91
1. Actual Examples of Organization and Administration	91
2. Various Problems in Organization and Administration	107
Chapter 2. The Filing of Cards	111
1. General Introduction	111
2. A Survey of Cards Used in Japan	113
Chapter 3. Publicity, Advertising and Enrolling	122
1. The Meaning of Publicity and Advertising	122
2. Organization and Methods of Publicizing	124
3. Enrolling	126
Chapter 4. The Problem of Students Who Do not Complete Courses as Viewed from the Point of Administration	130
1. Correspondence Education and the Problem of Non- Completing Students	130
2. The Meaning of "Non-Completing" and the Influence on Administration	130
3. Causes on Non-Completion and the Actual Conditions in Various Schools	132
4. Policies for Preventing Non-Completion	138
5. Dealing with Non-Completion	144

Chapter 5. Investigation of Actual Conditions	145
1. The Meaning of Investigation of Actual Conditions	145
2. Study of Items for Investigation	146
3. Methods of Investigation	147
4. Utilizing Investigations	148
Chapter 6. The Problem of Schooling as Viewed from the Administrative Aspect	148
1. The Meaning and Necessity of Schooling	148
2. The Instructor in Charge of Schooling	150
3. Contents of Schooling as Viewed from the Administrative Aspect	151
4. In What Form Is Schooling Held?	156
5. Number of Times Schooling Is Held	159
Chapter 7. Final Examinations as Viewed from the Aspect of Administration	160
1. Objectives of Final Examinations and Responsibili- ties of the Administrative Aspect	160
2. Methods of Holding Final Examinations	163
3. Actual Practice	164
Chapter 8. The Newspaper and Notifications	173
Chapter 9. The Duties of the Director of Correspondence Education	174
1. Items under the Director's Supervision	174
2. Relationship between Other Staff Members	175
3. Negotiations with Other Institutes	177
4. Correspondence Education Diary	180
Editor's Note	184
List of Staff and Participants	185

CORRESPONDENCE EDUCATION XVIII  
(VI)Table of Contents

Foreword

Mitoji Nishimoto  
Toshio Yamamoto  
William R. Young

## PART I. GENERAL INTRODUCTION

Chapter I. The Meaning of Correspondence Education	1
1. Democracy and Correspondence Education	1
1) Democratic Education	
2) Equal Opportunities	
3) Manifestation of the Individual	
4) Promotion of Culture	
2. Historical Development of Correspondence Education	4
1) Education by Correspondence	
2) Main Causes for the Origination of Correspondence Education	
3) Early Correspondence Education Programs	
4) Development of Correspondence Education	
Chapter II. Methods of Correspondence Education	9
1. Instruction	9
1) Correspondence Education Instruction	
2) Compiling a Study Guide	
2. Studying	15
1) Studying Conditions	
2) Methods of Study	
3) Form of Study Activities	
Chapter III. The Relationship between Correspondence Education and Other Educational Fields	21
1. Social Education and Correspondence Education	21
1) Essentials of Social Education and the Necessity of Correspondence Education	
2) The Social Education Law and Correspondence Education	
3) Correspondence Education as Social Education	
2. School Education and Correspondence Education	24

## PART II. INTRODUCING DIFFERENT THEORIES

(1) University Correspondence Education	30
Chapter I. Characteristics of University Correspondence Education	30
1. The Changing Character of the University	30
2. University Extension and Correspondence Education	32
1) The Meaning of University Extension	
2) The Role of Correspondence Education as a Form of University Extension	

3. The New System University in Japan and Correspondence Education	34
Chapter II. The Present Circumstances and Problems of University Correspondence Education	35
1. Problems of Educational Personnel In-Service Training Correspondence Courses in the National Universities	35
1) Problems in regards to Understanding	
2) Problems in regards to Organization and Administration	
3) Problems in regards to Instruction	
4) Problems in regards to Supervision	
2. Correspondence Education Problems in Private Universities	40
3. The Future of University Correspondence Education	44
1) The Direction of Solution	
2) Measures for Solving Problems	
(II) Upper Secondary School Correspondence Education	53
Chapter I. Characteristics and the Present Conditions of Upper Secondary School Correspondence Education	53
Chapter II. How Upper Secondary School Correspondence Education Should Be	55
1. The System	55
1) The Credit System and the Educational System of Modern Upper Secondary Schools	
2) Subjects and Number of Credits	
3) Establishment of Correspondence Education Centers	
4) System of Acknowledging Qualifications for University Enrollment	
5) Study Institutes	
6) Supervisor System	
2. Organization and Administration	61
1) The Importance of Administration	
2) Staff Organization	
3) Business Responsibilities	
3. Instruction	66
1) Problems of the Study Guide	
2) Problems in the Instruction of Students in Correspondence Education	
(III) Civil Correspondence Education	71
Chapter I. Social Meaning of Civil Education	72
1. The Modern Character and Education	72
2. Correspondence Education as a Social Need	75
3. Legal Basis of Civil Correspondence Education	78
4. Characteristics of Correspondence Education	80
Chapter II. Present Conditions of Civil Correspondence Education	81
1. The Present Civil Correspondence Education Program	81
2. Other Types of Civil Correspondence Education	84
3. Public Interest	85
4. The Instructor and Student	85
Chapter III. The Future of Civil Correspondence Education	85
Supplement. List of Staff and Participants	86

AGRICULTURAL EDUCATION XIX  
(V)Table of Contents

Preface	Dr. Culbertson Prof. Wada Prof. Naito	
Chapter 1. General Theory		6
1. Contents and Terms in Farm Mechanics		6
2. Importance of Farm Mechanics Education		11
3. Aims of Farm Mechanics		14
Chapter 2. Contents of Farm Mechanics Education		16
1. Farm Mechanics		16
2. Farming Tools		38
3. Farm Buildings and Attached Facilities		72
4. Soil Management		81
5. Rural Electrification		99
6. Manufacturing of Farm Products		105
Chapter 3. Essentials of Study Instruction in Farm Mechanics in the Agricultural Upper Secondary School		118
List of Participants and Contents of Lectures		134

AGRICULTURAL EDUCATION XIX  
(VI)

Table of Contents

Preface	Dr. Culbertson	10
Foreword	Professors Inoue and Osawa	13
Study of Pre-Vocational Education in the Lower Secondary School		15
Educational Planning of Vocational Agriculture in the Upper Secondary School		19
Chapter I. General Outline		19
1. Objectives of Vocational Agriculture		19
2. Position of Vocational Agriculture		20
i. Reflection on Previous Agricultural Education		
ii. The Direction of the New Agricultural Education		
The Treatment of Vocational Agriculture Education and Its Relationship between Other Fields in Agriculture		26
3. Character and Objectives of Vocational Agriculture		26
i. Character of Vocational Agriculture		
ii. Objectives of Vocational Agriculture		
Chapter II. The Vocational Agriculture Curriculum		29
1. Organizing the Curriculum		29
i. Policies for Organizing the Curriculum		
(1) Determining the Enterprise		
(2) Job Analysis of the Enterprise		
(3) Determining the Number of Working Days in the School Year		
(4) Distribution of Instruction Hours per Month		
(5) Distributing Enterprise Jobs According to Grades		
(6) Unit Organization		
2. Developing the Unit		53
Chapter III. Vocational Agriculture Instruction Methods		91
1. Dividing Students into Classes		91
2. The Instructor		91
3. The Organization and Administration of the School Farm		91
i. The Importance of the School Farm		
ii. The Scale of the School Farm		
(1) Site		
(2) Animals		
(3) Other Facilities		
iii. The Organization of the School Farm		
(1) School Project Workshop		
(2) Experimental Farm		
(3) Developmental Farm		
(4) Basic Agricultural Training		
(5) Etc.		

iv.	The Administration of the School Farm	
(1)	Reflection on Former Agricultural Education Practice	
(2)	Improving Agricultural Practice	
4.	The Problem of the Time Table	94
	Reference Materials (American)	95
1.	Vocational Agriculture in Pennsylvania	95
2.	Study Guide on Compiling a Course of Study in Vocational Agriculture in the High Schools of New Jersey	99
3.	Study Guide on Compiling a Course of Study in Vocational Agriculture in the High Schools of Colorado	103
4.	Four Types of Teaching Units in Vocational Agriculture	105
5.	Suggestions for the Utilizing of Farm Enterprise Job Sheets	122
6.	Enterprise Job for Sweet Potatoes: Approved Practice Record Sheets	131
7.	Managing A Sweet Potato Project	137
8.	Instruction Guide for the Vocational Agricultural Teacher and Students Workbook	151
	Planning of Vocational Agriculture in the University	201
Chapter I.	The Character of Vocational Agriculture and the Curriculum	201
1.	The Character of Vocational Agriculture	201
i.	The Character and Objectives of Vocational Agriculture	
ii.	Contents of Vocational Agriculture	
iii.	Relationship with the Community	
2.	The Vocational Agriculture Curriculum	201
i.	Policies for Organizing the Curriculum	
ii.	The Curriculum	
iii.	Organization of Courses	
Chapter II.	Theory of Vocational Agriculture	205
1.	Agriculture and the Farmer	205
2.	Techniques and Management	205
3.	Agricultural Management and Natural Conditions	205
4.	Rationalization of Soil Utilization	205
5.	Promoting Efficiency in Agricultural Labor	205
6.	Rational Utilization of Agricultural Investments	205
7.	Organic Connection between Soil Tilling, Live-Stock Breeding and Manufacturing	206
8.	Accidents and Protection	206
9.	Dealing with Productions	206
10.	Planning and Administration of Agriculture	206
11.	Cooperation of Agriculture	206
12.	The Nation and Agriculture	206

Chapter III. Different Theories of Vocational Agriculture	207
1. Production by the Paddy Fields Method	207
i. Characteristics of the Paddy Fields Methods	
ii. Techniques of Cultivation	
iii. Relationship between Other Fields	
iv. Dealing with Productions	
v. Study of Results and Administrative Policies	
2. Production by the Soil Cultivation (Plantation) Methods	211
i. Characteristics of the Soil-Cultivation Method	
ii. Environment and Soil-Cultivation	
iii. Administration and Techniques	
iv. Relationship between Other Fields	
v. Dealing with Products	
vi. Study of Results and Management Policies	
3. Production by the Horticultural Method	216
A. Administration by the Horticultural Method (Vegetables)	
i. Characteristics of the Horticultural Method	
ii. Environment and Horticulture	
iii. Techniques of Cultivation	
iv. Relationship between Other Fields	
v. Dealing with Products	
vi. Study of Results and Management Planning	
B. Administration by the Horticultural Method (Fruit)	
i. Characteristics of the Horticultural Method	
ii. Environment and Horticulture	
iii. Techniques of Cultivation	
iv. Relationship between Other Fields	
v. Dealing with Products	
vi. Study of Results and Management Planning	
4. Live-Stock Breeding	223
i. The Meaning of Live-Stock Breeding in Management	
ii. Environment and Live-Stock Breeding	
iii. Breeding Techniques	
iv. Relationship between Other Fields	
v. Dealing with Products	
vi. Study of Results and Administrative Policies	
Chapter IV. Methods of Educational Practice	228
1. Main Points in Practice	228
2. Methods	228
3. Establishment of Staff Facilities and Budget in the Vocational Agricultural Course	230
i. Staff Organization	
ii. Facilities and Budget	
Reference Materials	240
1. Conditions of Training Agricultural Teachers in America	240
(1) University of Pennsylvania	
(2) Colorado University	
(3) University of Iowa	

ii. Laws Related to Agricultural Education in America	267
iii. Addresses of Agricultural Colleges, Experimental States and Extension Offices	268
iv. Publishers of Reference Books	272
Supplement	275
1. Reference Books	275
2. Contents of Lectures	280
3. List of Staff and Participants	284

INDUSTRIAL EDUCATION XX  
(VI)

Table of Contents

Chapter I. Introduction	9
1. Foreword	9
2. The Relationship between General Education and Vocational Education	9
3. The Relationship between General and Vocational Education as Reported in the Harvard Report	11
4. The Relationship between General Education and Vocational Education in Japan	14
Chapter II. Historical Development of Industrial Education	17
1. The History of Industrial Education in Europe	17
2. The History of Industrial Education in Japan	25
Chapter III. The Character of Japanese Industry and Vocational Education	31
1. The Development of Japanese Industry	31
1. Ancient Times	31
2. Middle (Feudalistic) Ages	32
3. Modern (Capitalism) Days	33
2. Japanese Industry and Vocational Education	37
1. Education Prior to the Meiji Restoration	37
2. The Beginning of Vocational Education	37
3. The Industry and Education of the Education Law Days	38
4. The Industry and Education of the School Law Days	38
5. The Industry and Education of the Vocational School Law Days	38
6. The Industry and Education of the Taisho Period	39
7. Night School Education	39
8. The Industry and Education of the Showa Period	39
3. The Character of Japanese Industry	41
1. The Outline of Japanese Industry	41
2. Agriculture	42
3. Fisheries	42
4. Manufacturing	42
5. Characteristics of the Japanese Industry	43
4. How Japanese Industry Should Be	44
Chapter IV. The Character of Industrial Education, and Main Problems	47
1. Solution of Basic Problems	47
1. Relationship between the Individual, the Society and Education	47
2. The Establishment of Objectives in Education	47
3. Individual Activities in the Society and Education	47
2. The Necessity of Vocational Education	49
1. Why Is Vocational Education Necessary?	49
2. The Problem of Obtaining a Job and Vocational Education	49

3.	The Direction of the New Vocational Education	51
3.	Attitudes of Industrial Education	52
1.	The Needs in Industrial Education and the Responsibility of Education	52
2.	Industrial Education in the School	53
3.	The Effectiveness of Education and Teaching	57
Chapter V.	The Vocational Homemaking Course in the Lower Secondary School	61
1.	The Character of the Vocational Homemaking Course in the Lower Secondary School	61
1.	The Conception of Regular Education	61
2.	Historical Background of the Vocational Course in the Lower Secondary School	65
3.	A Tryout Course as an Exploratory Experience	66
2.	The Position of Industry in the Vocational Education Course	67
1.	The Outline of Vocational Education in the Secondary School in the U. S. S. R.	68
2.	Industrial Arts Education in America	70
3.	The Vocational Course and Vocation	73
4.	Conclusion	76
3.	The Lower Secondary School Curriculum and Vocational Course	78
1.	The Curriculum and Vocational Course	78
2.	The Vocational Course as a Compulsory Course and Elective Course	78
3.	The Relationship between the Vocational Course and Other Courses	79
4.	The Meaning of Industry in the Vocational Course	80
4.	The Unit	81
1.	Weak Points in the Unit of Every-Day Life Activities	81
2.	Organization of the Unit Based around Several Subjects	82
3.	A Desirable Unit and Organization Methods	83
5.	Industrial Arts	85
1.	Background of Industrial Arts	85
2.	Practical Arts and Vocational Education	86
3.	Industrial Arts	88
4.	Objectives of Industrial Arts	88
6.	Facilities	92
1.	Industrial Education Facilities in the United States	92
2.	The General Shop in the Lower Secondary School in Japan	97
7.	Problems in Vocational Guidance	100
1.	The Ministry of Education Plan	100
2.	Basic Training	101
3.	The Connection between Related Subjects	102
4.	Facilities and Expenses in Vocational Training	102
5.	A Course Based on Job Analysis	104
6.	The Principles of Vocational Education as Viewed by Prosser and Quigkey	104

7.	Prevention of Danger in the Working Process	105
8.	Textbooks and References	106
9.	Conclusion .	107
8.	Outline Course of Study	107
	Los Angeles City Schools Industrial Arts	
	Junior High Schools	
Chapter VI.	Industrial Education in the Upper Secondary School	115
1.	The Objectives of Vocational Education in the Upper Secondary School and the Character of the Industrial Course	115
	1. Educational Objectives and Aims	115
	2. The School System under the New Educational System and the Objectives of the Industrial Course	115
2.	The Community and Industrial Education	119
	1. Community School	119
	2. Educational Standards of the Community School	121
	3. Educational Plans of the Community School	133
	4. Vocational Education in the Community School	135
	5. The Community and the Problem of Industrial Education	136
	Supplement - An Example of Actual Investigation	138
3.	The Necessity of Analyzing in Industrial Education	139
	1. The Necessity of Analyzing	139
	2. Main Points in Planning Industrial Education	139
	3. Job Analysis in Industrial Education	142
	4. Analysis of Educational Methods	145
4.	Relationship between Practice and the Subject	147
	1. The Meaning of Related Subjects	148
	2. The Treatment of Related Subjects	149
	3. The Problem of Teachers	153
	4. Credits Completed and the Relationship between Subjects	153
	5. Conclusion	153
5.	Problems in the Upper Secondary School Industrial Course	154
	1. Depression of Vocational Education	154
	2. Systems Related to Education	154
	3. Planning a Whole Program and Curriculum	157
Chapter VII.	Industrial Education in the University	159
1.	The Problem of General Education	159
2.	Other Problems	160
3.	Main Points in the Industrial Education Program of the New System University	162
Chapter VIII.	The Training of Skilled Workers and Industrial Education	164
1.	Vocational Education in the United States	164
2.	Training Skilled Workers in Japan	167

1. Outline of the Development of the Skilled Workers Training System	167
2. The Character and Actual Conditions of Skilled Workers	169
Chapter IX. The Training of Teacher for the Industrial and Vocational Courses and In-Service Training	171
1. Demands on Industrial Education Teacher Training Institutes	171
1. Introduction	171
2. The Development of Vocational Teachers in the United States	171
3. Institutes and Organizations for Teacher Training	174
4. Course of Study and Qualifications	175
5. Demands on In-Service Education	176
6. Expenses	177
2. The Training of Industrial and Vocational Teachers in the University	178
1. Qualifications for an Upper Secondary School Industrial Education Teacher	178
2. Training of Industrial Course Teachers	179
3. Training of Vocational Course Teachers	180
3. In-Service Education	184
1. Introduction	184
2. In-Service Education in the United States	184
3. In-Service Education in Japan	187
4. In-Service Education in Present Day Japan	189
5. Future In-Service Education	195

3. List of Participants	414

PHYSICAL EDUCATION XXII  
(V)

Table of Contents

Preface

Mr. William Neufeld, CIE  
Mr. Buichi Otani, Director

PART I PHYSICAL EDUCATION PRINCIPLES

I. Objectives of Physical Education and Evaluation of Physical Activities Based on the Aforesaid Objectives

Kozo Shiozaki  
Yuhei Shimizu  
Eiji Mukoyama  
Shigeru Sasaki  
Jukichi Matsumoto

Foreward

1. Objectives of Physical Education
  - Standing of Physical Education in Education
  - Objectives of Physical Education
  - Bibliographies
  - Aims of Physical Education
    - A. Development of Physical Organs
    - B. Development of Nerve and Muscle System and Its Standard
    - C. Emotional Development and Its Standards
    - D. Social Development and Its Standards
    - E. Intellectual Development and Its Standards
  - Reference Materials
2. Evaluation of Physical Education Based on the Objectives
  1. Evaluation so far
  2. Standard of Evaluation on Materials and Rating Method
  3. Examination of Results
- Self Evaluation of Physical Education Leaders
  - Hisao Yamazaki
  - Shozo Suzuki
  - Katsuji Okakatsuuchi
    1. Importance of Self Evaluation
    2. Objectives
    3. Method and Attitude of Utilization
    4. An Ideal Teacher
    5. Chart of Self Evaluation
      - A. Physical Quality
      - B. Personality Quality
      - C. General Culture

- 1) Foreign Languages
- 2) Humanities
- 3) Social Science
- 4) Natural Science
- D. Professional Training
- E. Special Training
- F. Leadership Ability
- 6. Chart and Diagrams
- 7. Bibliographies

## PART II EDUCATION SUPERVISION

## I. Organization of School Physical Education Supervision

Goki Ozaki  
 Zo Muratatsu  
 Tadashi Nishizawa  
 Susumu Tateno

- 1. Foreword
- 2. Concept of Physical Education Supervision
  - (1) Fundamental Conditions on Physical Education Supervision
  - (2) Scope and Content of Physical Education Supervision
  - (3) Laws and Regulations on School Physical Education
- 3. Necessary Conditions for the Organization of School Physical Education Supervision
- 4. Organization of School Physical Education
  - (1) Relation between Health and Physical Education
  - (2) Chart for School Programs Management
  - (3) Analysis of Physical Education Activity Hours
  - (4) Chart for School Health and Physical Education Organization
  - (5) Intra-School Athletic Organization in Secondary Schools
  - (6) Physical Education Supervision in Elementary Schools
- 5. Closing
- 6. Bibliographies

## II. Organization of Management of University Athletic Federation

Nozomi Sakai  
 Tokuchi Morimoto  
 Tatsuzo Asano  
 Tsunejiro Hasegawa

Preface

Chapter I. Fundamentals for Inter-College Athletic Activities

1. Organization and Management for Inter-College Athletics in the Institution
    1. Curricular Physical Education and Extra-Curricular One and Their Relation
    2. Open-door of Athletic Society
    3. Selection of Athletic Delegate
    4. Control of Colleges and Management
    5. Budget for Inter-College Athletics
  2. Organization and Management of Inter-College Games
  3. The Relationship between Other Public Athletic Organizations
- Chapter II. Organization and Management of Inter-College Athletics
1. Internal Organization in Inter-College Athletics
    1. Organization
    2. Functions
  2. The Organization of Athletic Federation
    1. Organization and Function of Regional Federation
    2. Organization and Function of National Federation
- Chapter III. Control and Management of Inter-School Athletics
1. Items to Be Controlled
    1. Kinds of Games
    2. Seasonal System
    3. Numbers of Games
    4. Period and Hour for Training
    5. Schedule
    6. Examination for Eligibility (Qualification)
  2. Management of Athletic Meets
    1. Management Policy
    2. Management of Meets
- Chapter IV. Actual Situation of Student Athletic Competitions in Japan
1. Post-War Situation

      - (3) Demonstration to the Public
    - B. On the Training of Women Leaders
    - C. Desirable Course for Leaders
- Closing  
Bibliographies

### PART III TEACHING METHOD OF PHYSICAL EDUCATION COURSE

#### I. Units in Physical Education and Their Development

##### Foreword

Chapter I. Physical Education Leaders and Their Theoretical Knowledge

Chapter II. Units and Basis of Their Development

1. Can "Learning by Units" Be Possible in Physical Education?
2. How to Determine Units
3. Items for Learning Activities

Chapter III. Illustrations of Units

- (1) Relation with Free Hour Activities
- (2) Evaluation
- (3) Learning Method
- (4) Interest
- (5) Grouping
- (6) Leaders
- (7) Other Roles
- (8) Demonstration
- (9) Discussion

Reference Materials

#### II. Study on Mental Hygiene in the Physical Education Field

Sukezo Minami

Tetsuji Tokawa

Kyokukko Kashimura

##### Foreword

Chapter I. Physical Education and Mental Hygiene

Chapter II. Illustration of Mental Hygiene

- (1) Physical Deficiencies
- (2) Mental Deficiencies
- (3) Environmental Problems

Chapter III. Actual Guidance

- (1) Function of Guidance
- (2) Surveys
- (3) Guiding Objectives Held by Teachers
- (4) Guidance Programs
- (5) Individual Guidance
- (6) Guidance over Special Situation Pupils and Students
