## NOTE

The pronunciation of place names in Manchoukuo differs according to various schools of phonetics, of which the Manchoukuo and Chinese schools are the most prominent. To add to the complicity, these schools are further ramified, creating different shadings of pronunciation. The index of place names is based on the style of pronunciation followed by the Manchoukuo Government, except where through general usage the Chinese way of reading is dominant, viz. "Cheng-chiatun" instead of "Chengkiatun." The following are typical examples of difference in pronunciation between the two schools:—

Character	Chinese	Manchoukuo
章, 彰, 張, 長	Chan	Tsan
昌, 常, 廠	Chang	Tsang
吉, 難, 基, 笈, 季, 溪, 旗	Chi	Ki

## *A New Shinto*

Anyone who has been studying with an impartial eye the religious movement in Japan in recent years has doubtless already marvelled at the intense activity and rapid growth of Tenrikyo.

The growth of this religion has been so phenomenal that even the layman is beginning to wonder "just what these people have" that makes their zeal so consuming.

The doctrine of Tenrikyo and divine

prophecies were first revealed on earth to Miki Nakayama, the Foundress of this sect of Shintoism, who was born on April 18, 1798, at San-Maiden a few miles from Nara. God revealed Himself to Miki Nakayama in 1837 when she had lived a long and interesting life of self-sacrifice and devotion to others. The divine manifestation was so clear that even her own husband and family bowed down and worshipped her. This event marks the beginning of

**THE SANCTUARY OF THE  
FOUNDRRESS**

Within this building of great simplicity and dignity made of pure Hinoki wood and covered with bronze is held a Holy Service of Tenrikyo.

**THE HINOKISHIN AT JIBA**

In 1935 some 18,070 followers of Tenrikyo observed the Hinokishin (Devoted Life of Holy Labour) by preparing the ground for the establishment of school buildings for the faith.

## *Movement*

Tenrikyo.

Ever since the Foundress received the divine revelation, the doctrine of Tenrikyo has steadily been propagated saving mankind and defying all hardships. Its followers have kept unwavering faith amidst severe persecution. Since the beginning of the 20th century, Tenrikyo has been in a fair way in Manchoukuo where it has more than 100 churches. There are

two Tenrikyo villages in Harbin containing 700 followers of the religion who have immigrated from Japan. Their works are progressing satisfactorily under the support of the authorities.

**THE SANCTUARY AT JIBA**

Established in 1934, it is made of Hinoki wood gathered from all parts of the country.

# PROBLEMS

To understand Japan, it is essential to keep in close touch, not only with current events—startling as they often are—but with an impartial and thoroughly interpretative background of those events—for the events themselves are often but the surface indication of deeper and more significant currents—and those currents are forceful and moving rapidly in these days.

If you wish to keep yourself reliably informed, subscribe to The Japan Advertiser, concededly the leading foreign language daily published in Japan.
