Franchises for construction of private railway, tramway and trolley bus line, abolition of traffic service of tramway, suspension of traffic service of private railway and amalgamation of companies

We submitted the subject to the Transportation Council for deliberation by Tetsu-Kan No. 777 dated April 26, 1950, and received the following report therefrom:

No. 28

May 13, 1950

Subject: Report on the Applications by Asahikawa Street Tramway Co., Ltd. and other 13 Companies
To: Mr. OYA Shinzo, Minister of Transportation
From: KIMURA Takanori, Chairman of Transportation Council

Report

With regard to the franchise for construction of tramway in the City of Asahikawa applied by Asahikawa Street Tramway Co., Ltd. and other 13 applications referred to this Council for deliberation by Tetsu-Kan No. 777 dated April 26, the following six applications were approved by the Council as drafted:

1. Franchise for construction of tramway in the City of Asahikawa applied by Asahikawa Street Tramway Co., Ltd.:
Between the front of Hokkaido Shrine and the northern entrance of the Horse Race-Course: 1,550 metres
2. Cancellation of a tramway service in the City of Asahikawa applied by Asahikawa Street Tramway Co., Ltd.:
Between the front of Shunkodai and the northern entrance of the Horse Race-Course: 1,120 metres

Owing to the construction of the route stated in the preceding paragraph, this route will become less necessary.

3. Construction of a ropeway between Takiya and Myoken-yama applied by the representative promoter of Nose-Myoken Ropeway Co., Ltd.:
The route of 1,440 metres in question was cancelled for the industrial adjustment in the war-time. In consideration of conveniences to sight-seeing passengers and inhabitants of the district, it is considered as adequate to restore the route.
4. Construction of a ropeway applied by Tango Kai-Riku Kotsu Co., Ltd.:
Between Fuchu and Kasamatsu: 382 metres
The same as the preceding No. 3, this route was cancelled for the industrial adjustment in the war-time. But it is deemed as a necessary plan to restore the route from the view-point of tourism.
5. Amalgamation of Fujita Industrial Co., Ltd. and Katagami Railway Co., Ltd.:
At present, the capital of Fujita Industrial Co., Ltd. is 110,000 million *yen*, while that of Katagami Railway Co., Ltd. is 50,000 million *yen*. The application is for an amalgamation of the two companies to raise the capital of Fujita Co., Ltd. to 160,000 million *yen*.
By the amalgamation, it is planned to strengthen Fujita Industrial Co., Ltd., to carry out synthetically the transportation of ores and other materials of the Company and companies concerned and to lower the transportation cost. And also, it will be good for the general public. Consequently, the content of the application is recognized as reasonable.

6. Partial Suspension of traffic business applied by Kinki-Nippon Railway Co., Ltd.:

It is recognized as to have no obstacle in two-year suspension of the freight traffic service on the route of 3,400 metres between Unebi and Kashiwabara at the present time where the traffic volume of freights is decreased to the utmost, in view of the fact that the passenger traffic service on the route has been suspended since June, 1945 and there is a substitute station in the neighborhood.
