STATE OF OREGON PRIMARY ELECTION MAY 15, 1984

Compiled and Distributed by

Norma Paulus

Secretary of State

INFORMATION

Your official 1984 primary election Voters' Pamphlet is divided into separate sections for MEASURES and DEMOCRATIC, REPUBLICAN and NONPARTISAN CANDIDATES. Page numbers for these sections are listed under CONTENTS on this page, where you will also find a page number for the alphabetical INDEX to candidates.

Material in the MEASURES section includes each state and county (if any) ballot title, the complete text of the proposed measure, an impartial statement explaining the measure and its effect, and any arguments filed by proponents and/or opponents. Where applicable, the ballot titles and complete texts of certain district measures also appear in this section. Oregon law allows the legislature to submit one argument in favor of each measure it refers to the people. Citizens or organizations may also file arguments on state measures by purchasing space for \$300 or by submitting a petition signed by 1,000 electors. No arguments supporting or opposing ballot measures can be printed by the Secretary of State unless they have been submitted by one of these methods. **This year no arguments in opposition to Measure No. 1 or Measure No. 2 were submitted.**

The order for candidate material alternates with successive primary elections. This year the DEMOCRATS appear before the REPUBLICANS. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational and educational background, and prior governmental experience—has been certified by each candidate. Some spaces are blank because Oregon law does not allow the placement of material relating to candidates for different offices on the same page in the Voters' Pamphlet.

The fourth section contains material provided by candidates for NONPARTISAN office. An unopposed candidate for the office of district attorney is automatically nominated and the unopposed candidate's name will not be printed on the ballot until the general election. Otherwise, two candidates will be nominated at the primary election unless one candidate receives a majority of all votes cast for the office, in which case that candidate alone is **nominated**. Similarly, two candidates will be nominated at the primary election for the office of judge of the Supreme Court, Court of Appeals, circuit or district court, or the Oregon Tax Court. However, when a candidate for one of these offices—other than a candidate to fill a vacancy—receives a majority of all votes cast at the primary election for the office, that candidate is **elected**. When a nonpartisan candidate for Metropolitan Service District Executive Officer or Councilor—in Clackamas, Multnomah and Washington Counties only—receives a majority of votes cast at the primary, that candidate is also **elected**.

Although this is a combined Voters' Pamphlet, in the primary election only registered Democrats vote the Democratic ballot and only registered Republicans vote the Republican ballot. All electors, however, including Independents, vote on measures and nonpartisan positions.

Miscellaneous voting aids—including district maps, precinct and polling place lists, voting instructions, a complete listing of state-certified candidates, and an absentee ballot form—follow the fourth section.

The Voters' Pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. In 1909, the Legislative Assembly passed a law requiring pamphlets to include information on candidates.

One copy of the Voters' Pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, post offices, courthouses and other public buildings.

VOTE TUESDAY, MAY 15, 1984.

Polls open 8 a.m. to 8 p.m.

VOTING REQUIREMENTS

You may register to vote by mail or in person if:

1. You are a citizen of the United States.
2. You will be 18 or older on election day.
3. You are a resident of Oregon.

IMPORTANT: You may **register** to vote if you meet the above qualifications, but you must be a resident of Oregon **20 days** before you may vote. (The one exception to this provision occurs during a presidential primary or general election. The 20 day requirement is waived when a Certificate of Registration marked "Presidential only" is obtained from your county clerk.)

You must reregister to vote if:

1. Your address changes for any reason, even within the same precinct.
2. Your name changes for any reason.
3. You wish to change political affiliation.

IMPORTANT: You cannot change political party affiliation within 20 days of the primary election.

YOU MUST BE REGISTERED 20 DAYS BEFORE THE ELECTION FOR YOUR NAME TO BE INCLUDED IN THE POLL BOOK.

You may register to vote within 20 days of election day if:

1. You have been a resident 20 days prior to the election date.
2. You deliver to the appropriate county clerk or a person designated by the county clerk a completed voter registration form and obtain a "Certificate of Registration."

IMPORTANT: If the county clerk receives your application more than ten days prior to election day, your certificate will be mailed to you. During the final ten days before the election you must obtain the certificate in person. Certificates are issued by the county clerk or designated representatives until 8 p.m. on the day of the election.

3. You present and surrender your certificate to your new precinct on election day and sign it in view of the election board clerk. The certificate shall be considered part of the poll book and your name will appear at the next election.

Measure No. 1 STATE OF OREGON

HOUSE JOINT RESOLUTION 27—Referred to the Electorate of Oregon by the 1983 Legislature, to be voted on at the Primary Election, May 15, 1984.

BALLOT TITLE

1 STATE MAY BORROW AND LEND MONEY FOR PUBLIC WORKS PROJECTS

QUESTION—Shall the state be allowed to borrow and lend money for public works projects for community development?

YES

NO

PURPOSE—Measure amends state constitution. State may now lend its credit and incur debt not to exceed one percent of the true cash value of all taxable property in the state. Purpose must be to loan funds to municipal corporations, cities and counties for waste treatment facilities. Measure expands state's ability to loan funds to include other public works facilities for community development.

Be It Resolved by the Legislative Assembly of the State of Oregon:

PARAGRAPH 1. Section 1, Article XI-H, Oregon Constitution, is amended to read:

Sec. 1. In the manner provided by law and notwithstanding the limitations contained in sections 7 and 8, Article XI, of this Constitution, the credit of the State of Oregon may be loaned and indebtedness incurred in an amount not to exceed, at any one time, one percent of the true cash value of all taxable property in the state:

(1) To provide funds to be advanced, by contract, grant, loan or otherwise, to any municipal corporation, city, county or agency of the State of Oregon, or combinations thereof, for the purpose of planning, acquisition, construction, alteration or improvement of facilities for the collection, treatment, dilution and disposal of all forms of waste in or upon the air, water and lands of this state **and of other public works facilities for community development;** and

(2) To provide funds for the acquisition, by purchase, loan or otherwise, of bonds, notes or other obligations of any municipal corporation, city, county or agency of the State of Oregon, or combinations thereof, issued or made for the purposes of subsection (1) of this section.

PARAGRAPH 2. The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at the next special election held throughout this state or at the next regular primary election, whichever occurs first.

EXPLANATION

This measure amends Article XI-H of the state constitution. This measure changes the purposes for which debt may be incurred by the state. The state government is now allowed to sell bonds and incur debt under Article XI-H only for waste disposal and pollution control purposes.

This measure allows money raised by the sale of state bonds to also be used to finance other public works facilities for community development.

This measure does not provide new bonding authority. It allows a different use of existing bonding authority.

If this measure is approved, then chapter 532, Oregon Laws 1983 (Enrolled House Bill 2002) also takes effect. House Bill 2002 carries out the intent of the constitutional change. The bill describes what public works facilities for community development are. It also establishes the procedures and conditions under which state agencies, cities, counties and other public corporations may receive funds for such facilities.

The bill limits the principal amount of bonds issued to finance public works facilities for community development to no more than 50 percent of the bonding limit now authorized under Article XI-H which is \$870,000,000. The bond proceeds would be advanced to state agencies, cities, counties and other public corporations in the form of loans, grants or the purchase of their bonds or other secured obligations. The proceeds would have to be spent for improving obsolete, deteriorated or inadequate public transportation, roads, sewage treatment works, water supply works and for constructing new basic facilities needed for the industrial or commercial development of a community. The state may grant up to 30 percent of the cost of the project.

Preference must be given to public works projects located in low income areas or in economically lagging areas.

If financing of public works facilities is done by means of loans or the purchase of municipal bonds or other obligations, repayment of money advanced by the state is required. In event of default, the state guarantees the full payment of the bonds.

House Bill 2002 creates the Community Development Finance Corporation. This state agency is charged with adopting policies, priorities and criteria for financing public works facilities for community development. The corporation will be managed by a twelve-member board of directors. The directors shall be three state officers and nine other members appointed by the Governor.

Measure No. 1 STATE OF OREGON

ARGUMENT IN FAVOR

A healthy climate for economic development in Oregon requires that we protect existing properties as well as lay the groundwork for future growth and jobs. The Community Development Finance Corporation will accomplish both objectives by providing low cost loans for city and county water systems, sewer systems, roads, public transportation and other public works aspects of community development.

Without a healthy infrastructure substantial economic recovery and community development are impossible.

Existing economic activities require ongoing support in the form of good access roads, sewage treatment facilities and water supplies to accommodate present needs and allow for future expansion. New industries are unlikely to locate in an area where such facilities are lacking or inadequate.

Ballot Measure 1 would provide for the use of the state's bonding authority to generate funds for public works projects aimed at community development. These projects will promote stability and orderly economic growth. The measure will establish the Community Development Finance Corporation and make community development in Oregon a reality — not just a goal.

Preference will be given to areas where there is the greatest need. Areas with a low average income, experiencing an economic emergency or are considered lagging economically, will receive first priority when applications are filed for the loans. Projects producing the most jobs per dollar will receive the next priority for funding.

That is economic development where it will have the most impact.

BALLOT TITLE

2 INCREASES FEES FOR LICENSING AND REGISTRATION OF MOTOR VEHICLES

QUESTION—Shall the fees for the licensing and registration of motor vehicles be increased?

YES

PURPOSE—Increases minimum registration-fee by \$10; keeps present moped, motorcycle and "disaster unit" fees.

NO

Increases "farm truck license" fee by 20¢ per 100 pounds and fees for trailer-fleets for hire.

Increases by \$10 licensing fee for: certain trucks, tractors, buses, ambulances, trailers for hire; truck trailers; bus trailers; semi-trailers; fixed-load vehicles. Increases fees for certain other vehicles by up to \$20.

Bridges are priority for state's use of increased revenues.

Effective October 1, 1984.

ESTIMATE OF FINANCIAL EFFECT—This measure will increase revenue to the Highway Fund by \$17.6 million in fiscal year 1984-1985 and \$23.0 million in fiscal year 1985-1986. Distribution of this revenue will be made as follows: 67.76 percent state government; 20.07 percent county governments; 12.17 percent city governments.

AN ACT

Relating to motor vehicles; creating new provisions; amending ORS 481.205, 481.210, 481.215, 481.225 and section 9, chapter _____, Oregon Laws 1983 (Enrolled House Bill 2160); prescribing an effective date; and providing that this Act shall be referred to the people for their approval or rejection.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 481.205 is amended to read:

481.205. (1) Except as provided in subsection (2) of this section, the annual and biennial license fees prescribed in ORS 481.205 to 481.225 and 481.450 shall be paid to the division upon the registration or upon the annual or biennial renewal of a registration of a motor vehicle, camper, trailer or semitrailer. The fee prescribed by this section for a reflectorized plate shall be paid, in addition to any other fees, upon the registration of a motor vehicle, camper, trailer or semitrailer and at other times when a reflectorized plate is issued.

(2)(a) License fees for vehicles described in ORS 481.210(2) and (3) may be paid on an annual registration basis, or on a quarterly registration basis for not to exceed three quarters, which annual or quarterly license period shall commence at the beginning of any calendar quarter. However, license fees for vehicles registered under ORS 481.645 shall be paid on an annual registration basis from January 1 to December 31, inclusive. For the privilege of making registration on a quarterly basis, an additional fee of \$1 shall be added to the license payment.

(b) License fees for trailers for hire which are part of a fleet of trailers as provided in ORS 481.215 may be paid either on an annual registration basis or a five-year registration basis as provided in ORS 481.215.

(3) In no case shall any registration fees, or any portion thereof, be less than [\$10] \$20, except for the registration of disaster units, as the term is used in paragraph (d) of this subsection, mopeds and motorcycles. Biennial license fees for these vehicles are as follows:

- (a) Mopeds, \$6.
- (b) Motorcycles, \$6.
- (c) Motorcycles with sidecar, \$10.

(d) Motor vehicles or motor trucks commonly known as disaster units which, when in use, are manned by volunteers, which are operated without profit, which are not licensed under ORS 481.125, and which are used for disaster and emergency relief only, \$2.

(4)(a) Any motor vehicle at least one-half the age of the automobile manufacturing industry in the United States, such industry defined as having begun in the year 1900, which is maintained as a collectors' item and used for exhibitions, parades, club activities and similar uses, but not used primarily for the transportation of persons or property may be issued a permanent license valid for the life of such motor vehicle.

(b) The fee for the permanent license provided for in paragraph (a) of this subsection shall be [\$20] \$40.

(5) The fee for each reflectorized vehicle number or identification plate issued and for each set of two plates issued shall be established by the division by rule. The division shall establish the fee for a plate or pair of plates under this subsection by determining the cost to manufacture, including but not limited to the cost to reflectorize, and rounding to the nearest higher half-dollar. If the difference between the cost to manufacture a single plate and the cost to manufacture a pair of plates would result in a difference in the fee established under this subsection, the division shall establish separate fees for issuance of single reflectorized plates and pairs of reflectorized plates.

(6)(a) Any motor vehicle of special interest which is maintained as a collectors' item and used for exhibitions, parades, club activities and similar uses, but not used primarily for the transportation of persons or property may be issued a permanent license valid for the life of such motor vehicle.

(b) The fee for the permanent license provided for in paragraph (a) of this subsection and ORS 481.295, shall be [\$35] \$40.

(c) As used in this subsection, "motor vehicle of special interest" means an American or foreign-made motor vehicle that is:

(A) At least 25 years old at the time application is made for a permanent license under this subsection; or

(B) Maintained and operated in accordance with paragraph (a) of this subsection and is sanctioned as a motor vehicle of special interest by an established organization that provides for recognition of motor vehicles of special interest.

(d) A reconstructed motor vehicle may be a motor vehicle of special interest if:

(A) The division determines that the reconstructed motor vehicle has been reconstructed with substantially original parts; and

(B) The reconstructed motor vehicle otherwise complies with paragraph (c) of this subsection.

(7) A person who violates any provision of this section commits a Class D traffic infraction.

SECTION 2. ORS 481.210, as amended by section 9, chapter 145, Oregon Laws 1983 (Enrolled House Bill 2033), is further amended to read:

481.210. (1) The biennial license fees for vehicles not otherwise provided for in this chapter are [\$20] \$40.

(2)(a) Except as otherwise provided in this chapter, annual license fees for motor trucks, truck tractors, armored cars, wreckers, motor busses, tow cars, self-propelled mobile cranes, hearses, ambulances and any vehicles with a combined weight that exceeds 8,000 pounds are as follows, based upon combined weight in pounds:

over 48,000	[130]	140

plus \$5 for each 2,000 pounds or portion of 2,000 pounds in excess of 48,000 pounds.

(b) The weight of a camper shall not be considered as a load in determining the combined weight of a motor vehicle which may be subject to this subsection.

(3) Except as otherwise provided in this chapter, annual license fees for truck trailers, bus trailers and semitrailers are as follows, based upon combined weight in pounds:

Weight Range	Fee (\$)	Fee (\$)
8,000 or less	[10]	20
8,001 to 10,000	[20]	30
10,001 to 12,000	[25]	35

40,001 to 42,000	[100]	110
42,001 to 44,000	[105]	115
44,001 to 46,000	[110]	120
46,001 to 48,000	[115]	125
over 48,000	[115]	125

plus \$5 for each 2,000 pounds or portion of 2,000 pounds in excess of 48,000 pounds.

(4) When vehicles listed in subsections (2) and (3) of this section are registered under ORS 481.645 after the expiration of:

(a) The first quarter of the registration year, three-fourths of the annual license fee shall be paid.

(b) The first half of the registration year, one-half of the annual license fee shall be paid.

(c) Three-fourths of the registration year, one-fourth of the annual license fee shall be paid.

(5) Annual license fees for fixed load vehicles having a weight of 3,000 pounds or less are [\$10] \$20 and annual fees for fixed load vehicles having a weight in excess of 3,000 pounds are [\$25] \$35.

(6) In order to register a fixed load vehicle for the minimum fee of [\$10] \$20, the owner shall declare on the application the weight of the vehicle including the cab, chassis and fixed or permanent load of such vehicle. If the owner does not declare the weight, the division shall register such vehicle for the maximum fee of [\$25] \$35.

(7) Registration fees for electric vehicles are as follows:

(a) The biennial registration fee for an electric vehicle not otherwise described in this subsection is [\$50] \$60.

(b) The biennial registration fee for electric vehicles that have two or three wheels is [\$20] \$30. This paragraph does not apply to electric mopeds. Electric mopeds are subject to the same registration fee as otherwise provided for mopeds under this chapter.

(c) The annual registration fees for electric vehicles described under paragraph (a) of subsection (2) of this section are the same as comparable nonelectric vehicles described in that paragraph plus 50 percent of such fee.

(d) The annual registration fee for an electric vehicle registered under ORS 481.225 is the same as a comparable nonelectric vehicle registered under that section plus 50 percent of such fee.

(e) The biennial registration fee for an electric motor home is the same as for comparable nonelectric motor homes under ORS 481.450 plus 50 percent of such fee.

(8) If there is uncertainty as to the classification of a vehicle for purposes of the payment of registration or license fees under this chapter, the division may classify the vehicle to assure that registration or license fees for the vehicle are the same as for vehicles the division determines to be comparable. The registration or license fees for the vehicle shall be those based on the classification determined by the division.

SECTION 2a. If House Bill 2160 becomes law, section 2 of this Act and section 21, chapter _____, Oregon Laws 1983 (Enrolled House Bill 2160), are repealed and ORS 481.210, as amended by section 9, chapter 145, Oregon Laws 1983 (Enrolled House Bill 2033), is further amended to read:

481.210. (1) The biennial license fees for vehicles not otherwise provided for in this chapter are [\$20] \$40.

(2)(a) Except as otherwise provided in this chapter, annual license fees for motor trucks, truck tractors, armored cars, wreckers, motor busses, tow cars, self-propelled mobile cranes, hearses, ambulances and any vehicles with a combined weight that exceeds 8,000 pounds are as follows, based upon combined weight in pounds:

plus \$5 for each 2,000 pounds or portion of 2,000 pounds in excess of 48,000 pounds.

(4) When vehicles listed in subsections (2) and (3) of this section are registered under ORS 481.645 after the expiration of:

(a) The first quarter of the registration year, three-fourths of the annual license fee shall be paid.

(b) The first half of the registration year, one-half of the annual license fee shall be paid.

(c) Three-fourths of the registration year, one-fourth of the annual license fee shall be paid.

(5) Annual license fees for fixed load vehicles having a weight of 3,000 pounds or less are [\$10]\$20 and annual fees for fixed load vehicles having a weight in excess of 3,000 pounds are [\$25]\$35.

(6) In order to register a fixed load vehicle for the minimum fee of [\$10]\$20, the owner shall declare on the application the weight of the vehicle including the cab, chassis and fixed or permanent load of such vehicle. If the owner does not declare the weight, the division shall register such vehicle for the maximum fee of [\$25]\$35.

(7) Registration fees for electric vehicles are as follows:

(a) The biennial registration fee for an electric vehicle not otherwise described in this subsection is [\$50]\$60.

(b) The biennial registration fee for electric vehicles that have two or three wheels is [\$20]\$30. This paragraph does not apply to

electric mopeds. Electric mopeds are subject to the same registration fee as otherwise provided for mopeds under this chapter.

(c) The annual registration fees for electric vehicles described under paragraph (a) of subsection (2) of this section are the same as comparable nonelectric vehicles described in that paragraph plus 50 percent of such fee.

(d) The annual registration fee for an electric vehicle registered under [ORS 481.225] section 2, chapter _____, Oregon Laws 1983 (Enrolled House Bill 2160), is the same as a comparable nonelectric vehicle registered under that section plus 50 percent of such fee.

(e) The biennial registration fee for an electric motor home is the same as for comparable nonelectric motor homes under ORS 481.450 plus 50 percent of such fee.

(8) If there is uncertainty as to the classification of a vehicle for purposes of the payment of registration or license fees under this chapter, the division may classify the vehicle to assure that registration or license fees for the vehicle are the same as for vehicles the division determines to be comparable. The registration or license fees for the vehicle shall be those based on the classification determined by the division.

SECTION 3. ORS 481.215 is amended to read:

481.215. (1) Except as provided in subsections (3) and (4) of this section, annual license fee for trailers (other than travel trailers and mobile homes, bus trailers and truck trailers) that are for hire and are equipped with pneumatic tires is [\$10] \$20.

(2) Except as to trailers for hire and travel trailers and mobile homes, no license fee is required for trailers equipped with pneumatic tires and having a combined weight of not more than 1,800 pounds.

(3)(a) Notwithstanding any other provision of this chapter, when trailers that are for hire and are equipped with pneumatic tires are operated in this state and other jurisdictions as a part of a fleet of trailers for hire, a number of such trailers equal to the average number of such trailers operated in and through Oregon during the preceding registration year, shall be registered with the division and fees thereon shall be paid either as provided in subsection (1) or (4) of this section. Thereafter, all trailers identified as being a part of the fleet and currently registered in any state, territory, province, country or the District of Columbia shall be permitted to operate in this state in both interstate and intrastate commerce. "Fleet" as used in this section, means two or more trailers each having a combined weight of [6,000] 8,000 pounds or less and operated by an individual, association or group of owners if all trailers operated by the individual, association or group are easily and clearly identified as being operated by the individual, association or group.

(b) Verifiable data as to the average number of such trailers operating in and through the State of Oregon shall be filed in certified form with the division by the owner or authorized representative of the fleet. Any owner whose application for registration under this subsection has been accepted by the division shall preserve the records on which the application is based for a period of four years following the year or period upon which the application is based. Upon request of the division, the owner shall make such records available to the division at its office for audit as to accuracy of number of vehicles, computations and payments or shall pay the reasonable costs of an audit at the home office of the owner by a duly appointed representative of the division.

(c) If the division determines that the applicant under this section should have registered more trailers in this state under the provisions of this plan, the division may deny any further benefits to the fleet until the additional trailers have been registered.

(d) The division may make arrangements with agencies of this state or other jurisdictions administering motor vehicle registration laws for joint audits of any owner having trailers registered under this section.

Measure No. 2 STATE OF OREGON

(4) If an owner of a fleet of trailers for hire elects a 60-month period of registration as an alternative to annual registration of such trailers, the license fee shall be paid as follows:

(a) A [\$10] \$20 license fee for the first 12 months of the 60-month period and a bond in such sum as the administrator deems reasonable and adequate in the circumstances with sufficient surety, conditioned that the owner will pay a [\$10] \$20 license fee at the beginning of each 12-month period; or

(b) A [\$50] \$100 license fee for the entire 60-month period.

SECTION 4. The owner of any vehicle registered under ORS 481.215 prior to the effective date of this Act shall not be required to pay the fees prescribed by ORS 481.215 as amended by section 3 of this Act until the expiration of the current registration. All owners applying for new vehicle registrations must pay the fees prescribed by ORS 481.215 as amended by section 3 of this Act.

SECTION 5. ORS 481.225 is amended to read:

481.225. (1) Any farmer owning or leasing a motor truck, truck tractor, truck trailer, semitrailer or vehicle used for one or more of the purposes specified in paragraphs (a), (b) and (d) of subsection (3) of this section may apply to the division for and receive a farm truck license to operate the truck, truck tractor, truck trailer, semitrailer or vehicle for the full annual license period by paying therefor the license fees established by subsection (5) of this section.

(2) Any farmer owning or leasing a motor truck, truck tractor, truck trailer, semitrailer or vehicle used partly for one or more of the purposes specified in paragraphs (a), (b) and (d) of subsection (3) of this section and partly for the purpose described in paragraph (c) of subsection (3) of this section may apply to the division for and receive an apportioned farm license to operate the truck, truck tractor, truck trailer, semitrailer or vehicle for the full annual license period by paying therefor the license fees established by subsection (5) of this section. A vehicle licensed under this subsection shall be subject to the provisions of ORS 767.775 to 767.905 to the extent that it is used for the purposes described in paragraph (c) of subsection (3) of this section.

(3) A motor truck, truck tractor, truck trailer, semitrailer or vehicle shall be issued a license under this section only:

(a) When owned or leased by a farmer and used in transporting [his] the farmer's own agricultural commodities, agricultural products or livestock (including the products of such commodities, products or livestock that were packed, processed or manufactured on [his] the farm of the farmer) that were originally grown or raised by [him] the farmer on [his] the farm of the farmer, or when used in any transportation which is incidental to the regular operation of [his] the farm of the farmer, or when used to transport supplies, equipment or materials to [his] the farm of the farmer that are consumed or used on [his] the farm of the farmer.

(b) When owned or leased by a farmer and used in transporting forest products to [his] the farmer's own farm, or transporting for any purpose forest products originating on [his] the farm of the farmer.

(c) When owned or leased by a farmer and used partly in transporting from the farm of another farmer agricultural commodities, agricultural products or livestock (including the products of such commodities, products or livestock that were packed, processed or manufactured on such farm and those products indicated in paragraph (b) of this subsection) that were originally grown or raised on such farm or when used partly in transporting agricultural supplies, equipment, materials or livestock to the farm of another farmer for use or consumption on such farm.

(d) When owned or leased by a farmer and used in the transportation of agricultural products, supplies, equipment or materials for another farmer on an exchange of labor basis if such supplies, equipment or materials are to be used or consumed on such farm or are directly related to the operation of said farm.

(4) For the purposes of paragraphs (a) and (c) of subsection (3) of this section, packed or processed agricultural products or livestock does not include products that have been transformed into a finished state on the farm.

(5) The license fee for licenses issued pursuant to subsections (1) and (2) of this section shall be based upon the following, using the light weight of the vehicle:

(a) Over 3,000 pounds and not over 4,500 pounds, [40] 60 cents per 100 pounds or fraction thereof.

(b) Over 4,500 pounds, [60] 80 cents per 100 pounds or fraction thereof.

(6) A vehicle licensed under subsection (1) of this section may be operated for the personal use of the farmer, any member of [his] the immediate family of the farmer or any person in [his] the employ of the farmer but any use of such vehicle contrary to ORS 767.030 shall subject the owner and the vehicle to ORS chapter 767. A vehicle licensed under subsection (2) of this section shall not be subject to ORS 767.005 to 767.640.

(7) As used in this section:

(a) "Farm" includes one or more farms, orchards or ranches.

(b) "Farmer" means a person who is engaged, either as owner or renter, in a farm operation of a size to reasonably require the use of the motor vehicle or vehicles claimed under the exemptions provided by this section and ORS chapter 767, but does not include cooperative corporations or associations organized under the provisions of ORS chapter 62 or corporations, or subsidiaries of corporations, if the shares of the corporation or subsidiary are owned by more than 100 shareholders. As used in this paragraph, "shares" and "shareholder" have the same meaning given these terms in ORS 57.004.

(8) As used in this section, "forest products" means forest materials originating on a farm or as an incident to the regular operation of a farm, but piling, poles over 30 inches in circumference at the large end, and logs over eight feet six inches in length or logs over eight feet six inches but not over 16 feet 6 inches in length when transported on any motor vehicle having a gross weight in excess of 16,000 pounds shall not be considered forest products, agricultural commodities or agricultural products within the meaning of this section.

(9) Application for a license under this section shall be made upon forms prepared by the division and shall include:

(a) The name, residence, specific location and post-office address of the applicant.

(b) The specific location and approximate number of acres in the farm upon which the truck, truck tractor, truck trailer, semitrailer or vehicle is to be used.

(c) The type of agricultural commodities, agricultural products or livestock, produced on the farm and approximate amounts produced annually.

(d) Number of trucks used on the farm.

(e) A statement and representation that the truck, truck tractor, truck trailer, semitrailer or vehicle will be used for one or more of the purposes specified in subsection (3) of this section, and will not, at any time while licensed under this section, be used for any other purpose or for the transportation of any other commodities or products for hire, except as provided in subsection (3) of this section and that the truck, truck tractor, truck trailer, semitrailer or vehicle is needed in the operation of the farm.

(f) Any other information required by the division.

(g) Additional information required by law or by the division in making an application for a regular annual truck, truck tractor, truck trailer, semitrailer or vehicle license.

(10) Application for renewal of a farm license shall contain only a statement that the use of the vehicle has not changed substantially since the date the vehicle was most recently licensed.

Measure No. 2 STATE OF OREGON

(11) The application shall contain or be verified by a written declaration that it is made under penalties for false swearing. No person shall wilfully make and subscribe any application which contains or is verified by a written declaration that it is made under penalties for false swearing, which [he] the person does not believe to be true and correct as to every material matter.

(12) No person shall use a vehicle licensed under this section, or permit a vehicle owned by [him] the person and licensed under this section, to be used for any purpose other than those listed in subsections (2) and (3) of this section.

(13) The division is authorized to procure and furnish number plates of a special design, to be used in connection with the farm truck licenses issued under this section.

(14) Upon sale of a truck, truck tractor, truck trailer, semi-trailer or vehicle licensed under this section, the number plates shall be deemed void and shall be removed from such vehicle by the new owner and surrendered to the division. However, if the new owner is entitled to license the truck, truck tractor, truck trailer, semitrailer or vehicle under this section and makes application for transfer of the license to [him] the new owner, the division shall transfer the license to the new owner upon payment of the certificate of title fee specified in ORS 481.115 and the number plates on the vehicle at the time of the sale shall be valid for the balance of the license period.

(15) A person who violates any provision of this section commits a Class B traffic infraction.

SECTION 5a. If House Bill 2160 becomes law, section 5 of this Act is repealed and section 9, chapter _____, Oregon Laws 1983 (Enrolled House Bill 2160), is amended to read:

Sec. 9. The registration period for registration under section 2, chapter _____, Oregon Laws 1983 (Enrolled House Bill 2160), [of this 1983 Act] is an annual registration period. The registration fee for registration described under section 2, chapter _____, Oregon Laws 1983 (Enrolled House Bill 2160), [of this 1983 Act] is for the registration period and shall be based upon the following, using the light weight of the vehicle:

(1) Over 3,000 pounds and not over 4,500 pounds, [40] 60 cents per 100 pounds or fractions thereof.

(2) Over 4,500 pounds, [60] 80 cents per 100 pounds or fraction thereof.

SECTION 6. The first priority for the use of increased revenue for state highway purposes from the increase in registration fees in ORS 481.205, 481.210, 481.215 and 481.225 as amended by sections 1, 2, 3 and 5 of this Act shall be for the construction, reconstruction, improvement, repair, maintenance, operation and use of bridges. This section does not establish a priority for the use of such revenue by cities, counties or other governmental subdivisions of this state.

SECTION 7. This Act takes effect October 1, 1984.

SECTION 8. This Act shall be submitted to the people for their approval or rejection at a special election held throughout this state on the same date as the next regular primary election.

EXPLANATION

This measure increases the license and registration fees for most vehicles an average of \$10 per year. The revenues from these fee increases would be deposited in the State Highway Fund.

The State Constitution limits the use of the Highway Fund to the improvement, repair and building of roads and their administrative cost. This measure sets a priority for the state's portion of the new money under the increased fees. The priority is to spend the new money on bridges. The bridge priority does not apply to the city and county share of the funds. The law gives approximately one-third of the money collected to cities and counties for local improvements on streets and roads.

This measure increases the fee for most cars and light trucks from the present \$20 every two years to \$40 every two years. The fee for most commercial vehicles will also increase \$10 per year.

There are fee increases for other types of vehicles also. These include the following:

The fee for most electric vehicles is increased by \$10 every two years. The fee for electric vehicles that are registered by weight remains 50 percent more than similar nonelectric vehicles.

The fees for trailers for hire are increased by \$10 per year.

The fee for farm vehicles is increased 20 cents per 100 pounds.

The fees for vehicles registered as antiques and used only for shows, parades and similar uses are increased from a one time fee of \$20 to a one time fee of \$40. The fee increase does not apply to vehicles already registered as antiques.

The fees for vehicles that are registered as special collector vehicles and used only for shows, parades and similar uses are increased from a one time fee of \$35 to a one time fee of \$40. This also does not apply to vehicles already registered as collector vehicles.

This measure does not increase fees for mopeds, motorcycles, private disaster units, travel trailers, campers, motor homes, mobile construction trailers or special use trailers.

This measure would take effect on October 1, 1984.

Measure No. 2 STATE OF OREGON

ARGUMENT IN FAVOR

The joint legislative committee appointed to prepare this statement recommends a "Yes" vote on ballot measure number 2.

Oregon is faced with ever increasing costs and problems in the repair and maintenance of its roads. These costs continue to exceed the money the state and the local governments have for dealing with the problems. The roads continue to deteriorate causing individuals to face increased costs for car repair. Also, the lack of adequate and well maintained roads is having an increasingly bad effect on the ability of this state to provide the services necessary for economic development.

One of the ways Oregon pays for road building, improvement, repair and maintenance is by using moneys collected for the registration of vehicles. The state Constitution requires that this money be used for roads. The legislature has passed laws to give almost one-third of this money to cities and counties for road use.

Registration fees were last increased in 1950. At that time, the fees were raised to their present level. Although this state now has lower registration fees than any of its neighboring states and some of the lowest such fees in the nation, the bargain is beginning to be at the expense of the roads we all use.

This measure does increase registration fees, but the increase for most people is a small amount. For most vehicles, the increase is \$10 a year. But the increase is constitutionally required to be used for roads and therefore to benefit those who pay the fee. By charging and benefiting the users and not charging the nonusers, this increase would be in keeping with the Oregon tradition of being a user oriented charge.

It is important to realize that the money raised would bring more money to Oregon than the actual increase in the fees. With this additional money, Oregon will be more able to obtain available federal moneys and will therefore increase substantially the moneys for use on Oregon's roads. The increased moneys will provide jobs for Oregonians and will provide a transportation base for much needed services and economic development in this state.

BALLOT MEASURE 2

VITAL REPAIRS FOR OREGON'S BRIDGES

HOW MUCH WILL BALLOT MEASURE 2 COST YOU?

83¢ a month if you own a car.

HOW WILL THE MONEY FROM BALLOT MEASURE 2 BE SPENT?

The money will go first for essential maintenance and repair work on bridges throughout Oregon. It can be spent for other road purposes, but cannot be spent for other government purposes.

WHAT'S WRONG WITH OREGON'S BRIDGES?

More than 1,800 of our bridges have been rated by engineering experts as "structurally deficient" or "functionally obsolete."

These bridges are too old and weak to support all types of traffic, or they are not up to safety standards.

WHY DO WE NEED BALLOT MEASURE 2 NOW? WHY CAN'T WE WAIT?

The longer we wait to repair our bridges, the more it will cost us.

Replacing a bridge is more expensive than repairing it. If we can't keep our bridges in good repair, they will wear out at a faster rate than ever. So delaying essential repairs means we'll face higher costs in the coming years.

WHAT DO WE PAY NOW FOR VEHICLE REGISTRATION?

Oregon has the lowest vehicle registration fee of any state in the nation.

In fact, the present fee of \$10 a year was set nearly 35 years ago. It will still be one of the lowest if ballot measure 2 is approved.

Measure No. 2 STATE OF OREGON

ARGUMENT IN FAVOR

BALLOT MEASURE 2:

The Issue Is Safety

A 1983 Statewide County Road Condition Survey found these facts about bridges in Oregon:

- Fact:** 1,330 county bridges in Oregon are below standard.
- Fact:** Oregon's bridges are wearing out faster than they can be fixed with existing funds.
- Fact:** Worn out bridges are a safety hazard.

Old, Worn Out Bridges:

A Hazard for Drivers

You've read it in the newspaper or seen it on the television: the news of a collapsed bridge.

Fortunately, Oregon has not had a recent fatality from the collapse of a public bridge . . . in spite of the fact our bridges are now wearing out faster than they can be fixed.

Worn out bridges can cause other driving hazards, especially for fire and rescue vehicles and school buses, including:

- Narrow clearances
- Sharp approach angles
- Slippery surfaces

Ballot Measure 2:

Essential Maintenance and Repairs to Correct Bridge Safety Hazards

Ballot measure 2 means essential maintenance and repairs to correct these safety hazards on our bridges.

In fact, the first priority in ballot measure 2 is assistance for essential bridge maintenance and repairs.

ARGUMENT IN FAVOR

IT WILL COST TOO MUCH TO POSTPONE BRIDGE REPAIRS

Bridge maintenance and repair are the "number one priority" for revenues received from license fee increases proposed in this measure.

That's important, because our bridges need work badly. **The longer we wait, the more it's going to cost us.**

Nearly half of the nation's bridges have been classified as structurally deficient or obsolete—unable to support all types of traffic, or not up to modern standards—according to a report made to Congress last year by the U.S. Secretary of Transportation.

BRIDGES WEARING OUT FASTER

In Oregon:

- **Bridges are wearing out faster than they can be fixed** with existing funds, according to the 1983 State Highway System Preservation Report prepared by state bridge experts.
- Currently, more than one-fifth of the state-owned bridges need replacement or repair.
- A high percentage of county and city bridges have the same needs.

GAS TAXES INADEQUATE TO DO THE JOB

Federal funds Oregon gets from the nine cent gas tax and the state gas tax will cover only about half the \$250 million bridge deficiency problem identified in recent highway studies. The other half must also be addressed if we are to keep our bridges safe and up to today's standards.

Ballot measure 2 dedicates the increased revenue from license fees to bridges.

COSTS ARE GOING UP—FAST

Although bridges on the state system are safe today, because of careful bridge inspection programs, the cost of keeping them safe is rising at an accelerated rate. **If we hold off on repairs, improvements and replacements, we'll face much higher costs in the future.**

That's why it's important that this measure gets your approval now—before to cope with a greater burden in a few years.

Please don't wait.

STATE QUALIFICATIONS

Electors of the Democratic party may elect at the primary election a Precinct Committeeperson of each sex for every 500 electors, or major fraction thereof, who were registered to vote in the precinct on January 31 of the year of the primary election.

In any event, electors of the Democratic party in a precinct shall be entitled to elect not less than one committeeperson of each sex in the precinct. No person, however, shall hold office as committeeperson in more than one precinct.

A member of the Democratic party may become a candidate for Precinct Committeeperson of the precinct in which the person is registered, or of a precinct within the same county adjoining that precinct, by filing the declaration of candidacy described in ORS 249.031. No filing fee is charged.

A person who has been registered to vote as a member of the Democratic party for 180 days before the primary election may also be elected by write-in votes in the precinct of residence or in an adjoining precinct in the same county.

Unless a qualified person receives at least three votes, no person shall be deemed to have been elected as Precinct Committeeperson and the office of committeeperson shall be vacant.

Not later than the 17th day after the primary election, the county clerk shall mail a certificate of election to each newly elected committeeperson. Those committeepersons elected by write-in votes will also receive an "Acceptance of Office" form which must be signed and returned to the county clerk not later than the 24th day after the primary election.

The term of office for a Precinct Committeeperson is from the 24th day after the date of the primary election until the 24th day after the date of the next following primary election.

Except as provided in ORS chapter 260, a Precinct Committeeperson shall not be considered a public officer.

SPECIFIC DUTIES

Precinct Committeepersons constitute the County Central Committee of their party. This is the highest party authority in county political matters; it may adopt rules or resolutions for any matter of party government which is not controlled by laws of this state.

Precinct Committeepersons are the voting delegates to the appropriate congressional district conventions of the major political party with which they are affiliated. Delegates to national conventions and presidential electors are selected at the district conventions.

An elected committeeperson who represents a precinct which is subsequently combined, consolidated or abolished shall continue to be a member of the County Central Committee until the next regular election for Precinct Committeeperson.

A vacancy in the office of Precinct Committeeperson occurs when the committeeperson resigns, changes residence outside the precinct, changes political party affiliation, dies or is recalled. When a vacancy occurs, the county clerk shall remove the name of the person from the official roll; declare that office of Precinct Committeeperson to be vacant; and notify the appropriate County Central Committee.

The members of a County Central Committee may select a member of the major political party who is registered in the precinct in which the vacancy exists, or an adjoining precinct in the same county, to fill a vacancy in the office of Precinct Committeeperson. The County Central Committee shall make written notice of the selection to the county clerk. The person so selected shall have the same powers, duties and privileges as an elected committeeperson.

DEMOCRATIC PARTY DUTIES

A Precinct Committeeperson is a member of the County Central Committee, the highest party authority in county political matters.

A Precinct Committeeperson represents the Party to the Democrats in his/her precinct and represents the Democratic voters in his/her precinct to the Party.

Only newly elected Precinct Committeepersons will participate in the election of county party officers and delegates to the State Central Committee at the County Reorganization Meetings.

COMMONSENSE LEADERSHIP FOR AMERICA'S FUTURE

Twenty-two years ago I had the honor of representing our country on one of its first voyages into the frontier of space. John F. Kennedy charted our path into that new frontier. When he ran for President in 1960, he described the election as a choice between those who said "You never had it so good" and those who said "We can do better."

I believe our Nation faces a similar choice in 1984. I think it is time we elected leadership that cares a little less about ideology and a lot more about our future.

When it comes to the future of America, there are a number of goals we all share. We want to build a nation where every person who is willing to work can find a decent job, and where every child who is willing to learn can get a decent education. We want a nation that puts honesty, fairness and compassion back into government, without putting government ever deeper into the red. We want a nation strong enough to defend us, and wise enough to work for a just and lasting peace.

I am running for President because I want to move this nation forward and achieve these goals. My platform is simple:

LIVE WITHIN OUR MEANS

Annual \$200 billion federal deficits are a roadblock to future economic growth and prosperity. We must make the hard choices needed to reduce them. I have a three point program.

First, put government on a pay-as-you-go basis. Any new spending must be offset by a budget cut or tax increase. Second, eliminate unnecessary spending, starting with wasteful defense projects like the MX. Third, make the tax system simpler and fairer. Also, institute a temporary surtax that will be devoted exclusively to deficit reduction.

PROTECT AMERICA

In a nuclear age, we need a President who is committed to arms control and who has the experience to take charge of the Defense Department. I have spent over thirty years working in the area of national defense. I will stand up FOR the military when they are right, but I will stand up TO them when that is in the national interest—and I have the experience to know the difference.

I strongly endorse the Kennedy-Hatfield nuclear freeze resolution. I've fought in two wars and written next-of-kin letters to the families of friends who died in defense of freedom. That experience sears your soul. No one will work harder for peace than I will.

BUILD FOR THE FUTURE

There are two keys to building a better future for all Americans. First, we must protect the environment. Second, we must target our resources in ways that generate opportunities for our people.

Everyone profits from an environment in which the air is clean, the water fit to drink, the land conserved and wisely managed. That is why I support strong Clean Air and Water Acts, and why I oppose efforts to sell off our public lands. In addition, I support creating more wilderness areas, and I oppose efforts to develop off-shore resources in ways that threaten our coastal areas and wetlands.

I support full funding of the Superfund and the cleanup of hazardous waste sites. And I support establishing a "cradle to grave" control program for hazardous and toxic materials.

I believe we must rededicate ourselves to programs and policies that create opportunities for our people. That means funding education for our young people, retraining programs for displaced workers and homemakers, and health and nutrition programs for those in need, especially senior citizens.

The future also demands that we make a significant investment in research and development—in finding and developing the new technologies that create jobs.

United States President

GARY HART

OCCUPATION: U.S. Senator (Democrat—Colorado).

OCCUPATIONAL BACKGROUND: Worked his way through college by laboring on the railroads in western Kansas. In 1967, joined a Denver law firm and, a year later, established his own practice. Directed Senator George McGovern's Presidential campaign in 1971 and 1972. Following the election, published an account of the campaign, *Right from the Start*. U.S. Senator from Colorado since 1975.

EDUCATIONAL BACKGROUND: Bethany Nazarene College, B.A. 1958; Yale Divinity School, M.A. 1961; Yale Law School, LL.B. 1964.

PRIOR GOVERNMENTAL EXPERIENCE: 1964-65, worked in the Department of Justice for Attorney General Robert F. Kennedy. Served as special assistant to Secretary of Interior Stewart Udall, 1965-67.

THE HART FAMILY: Gary and his wife, Lee, have been married for 25 years. They have two children—Andrea (20) and John (18).

GARY HART: A NEW GENERATION OF LEADERSHIP

I am running for President to offer the American people a choice between the past and the future.

In 1984, we cannot afford to rerun the last election. We have already held it—and we lost.

Old leadership and worn-out solutions to new problems cannot carry this nation into the future. Any candidate tied to special interests and political power brokers in Washington cannot offer the bold, independent leadership necessary to beat Ronald Reagan.

We need a President who rejects, as I have, campaign contributions from special interests and their political action committees (PACs).

We need a President who offers, as I do, a clear alternative to the policies and politics of the past—a new generation of leadership promising courage, not caution.

We need a President who will serve, as I will, the national interest, not narrow special interests.

And we need a President who can fire the imagination of all Americans with breakthroughs as bold as those we got from John Kennedy and Franklin Roosevelt in their time.

We need not simply ratify the choice of the special interests and backroom political bosses. Together, we can change the course of history and move this nation into a bright, exciting future.

That's why I'm asking you to vote for me.

Gary Hart

LEADERSHIP AND NEW IDEAS

Unique among the candidates, Gary Hart has set forth in specific detail his proposals for the future in his book, *A New Democracy*. The American people know exactly where Gary Hart stands on the issues.

NATIONAL DEFENSE

A recognized expert on national defense, Gary Hart has proposed a comprehensive budget to reduce defense spending by \$100 billion. It would, however, actually increase national security by eliminating many expensive, complicated new weapons that seldom work, and spending only on less expensive weapons that do. He founded the Congressional Military Reform Caucus to develop his new ideas for reforming the defense bureaucracy and modernizing military strategy.

ARMS CONTROL

Gary Hart has led the Senate fight against the B-1 bomber, chemical weapons, and the MX missile.

He served as a Congressional advisor to the SALT II talks.

He strongly supports the Nuclear Freeze but believes it does not go far enough. Consequently, he has proposed:

- Negotiations with the Soviet Union to prevent accidental or miscalculated nuclear war.
- A worldwide halt in the production of plutonium for both nuclear weapons and nuclear power.
- Tough new laws to halt the spread of nuclear weapons to terrorists and Third World countries.

ENVIRONMENT

The *National League of Conservation Voters* writes: "Of all the presidential contenders, Senator Gary Hart is probably the most publicly identified as an environmentalist, and with good reason. He has been more active on more issues and has done more to influence environmental legislation than any of the others." (June, 1983)

He has introduced legislation to tax the producers of toxic wastes and use the revenues to increase 10-fold the Superfund for cleaning up existing dumps.

He has also introduced legislation to eliminate all federal subsidies for nuclear power, sharply reduce acid rain, and encourage the use of conservation and renewable energy technologies.

ECONOMY

Gary Hart would revitalize the economy and reduce the deficit by:

- Closing billions of dollars of unproductive tax loopholes and capping the unfair Reagan tax cuts.
- Requiring industries to reinvest their tax deductions to modernize factories and retrain workers.
- Establishing Individual Training Accounts (ITAs), similar to Individual Retirement Accounts, to retrain workers who lose their jobs.
- Putting millions of Americans to work rebuilding our roads, bridges, and other public works as well as weatherizing millions of low-income homes.
- Forging agreements among industry, labor, and private capital to modernize our basic industries.
- Using tax incentives to discourage excessive wage and price increases.

FOREIGN POLICY

Gary Hart believes U.S. policy in Central America has failed because it does not address the real causes of revolution—poverty, not Marxism.

Rather than allow dictators to line their pockets with U.S. dollars, Hart would aid other countries by sending them American experts and technology to make sure the people who need our aid actually receive it.

He would commit the U.S. to a strong human rights policy. For example, he opposes U.S. aid to El Salvador until it abolishes the right-wing death squads and protects the lives of its citizens.

WOMEN

Gary Hart is the main Democratic sponsor of the Economic Equity Act which would remove sex bias in insurance, pension, credit, and tax laws. He has established a committee to identify women for top posts in a Hart Administration.

United States President

JESSE JACKSON

OCCUPATION: On leave of absence as Director of PUSH (People United to Save Humanity).

OCCUPATIONAL BACKGROUND: Director, PUSH; Director, Operation Breadbasket; Director, Operation Breadbasket of the Southern Christian Leadership Conference, Chicago Chapter; Associate Pastor, Fellowship Missionary Baptist Church, Chicago.

EDUCATIONAL BACKGROUND: Chicago Theological Seminary; North Carolina Agricultural and Technical College; Sterling High School, Greenville, South Carolina.

PRIOR GOVERNMENTAL EXPERIENCE: None submitted.

JESSE JACKSON: LEADING AMERICA'S RAINBOW COALITION

"My candidacy is built on a quest for justice at home and peace abroad."

JACKSON ON JUSTICE

Voting Rights Act:

"The basis of any just society is equal protection under the law. I am fighting for ENFORCEMENT of the Voting Rights Act. It is the key to empowering the disenfranchised and is vital to progressive politics in America."

Immigration:

"We must have EQUAL standards for admitting people to this country. We cannot have one policy for non-white people from the Caribbean and Latin America... and another for Canada and Europe."

Native Americans:

"Native Americans may not be large in number, but they have moral claim to our support. We must make sure that money (paid by the government) gets down to those who need it most."

JACKSON ON PEACE

"As President one of my first acts would be to launch an unprecedented and aggressive peace campaign to put a halt to the nuclear arms race and establish a speedy but rational process for arms reduction. I would never endanger this nation's security, but we must be willing to take some risks for peace."

"We must choose the human race over the nuclear race. We must have an adequate military defense, but ultimately right is might. Our strongest defense as a nation is to regain our moral authority in the world so that we can again be respected and not just feared."

"The world's leaders must meet, negotiate, and meet matters head on. World affairs cannot be run by remote control from an ivory tower in Washington."

JACKSON ON EDUCATION, ENERGY, AND THE ENVIRONMENT

Education:

"No domestic social program would receive higher priority in a Jackson administration than education. I support the Department of Education. I oppose tuition tax credits, voucher systems, and aid to schools that discriminate on the basis of race or sex."

Energy:

"Nuclear energy is too costly and dangerous. It's not a question of WHETHER we will switch to the safer and more economical forms of renewable energy, but how quickly and how orderly we will make the transition."

Environment:

"I am calling for a reauthorization of the Clean Air Act, reauthorization and strengthening of the Clean Water Act, the passage of the Safe Drinking Water Act, the prompt elimination of toxic waste sites, and the aggressive enforcement of the Toxic Waste Superfund Program."

WHY THE CITIZENS OF OREGON SHOULD VOTE FOR JESSE JACKSON

"Public service to which I have dedicated all my adult life... is a high calling and politics is one of the highest forms available for public service. Running for the Presidency gives me the opportunity to serve this nation at a level where I can help to restore a high moral tone, reestablish a sense of idealism and common decency in the national discussion of public policy issues, offer a redemptive spirit to the nation, and rekindle a sensitivity to the poor and the dispossessed in our country."

"Our nation's greatness must be measured by our ideals and principles... it must be measured by how we treat the young in the dawn of life, how we treat the poor in the pit of life, and how we treat the elderly in the sunset of life."

Join the Rainbow Coalition '84.

United States President

LYNDON H.
LaROUCHE JR.

OCCUPATION: Economist and Editor.

OCCUPATIONAL BACKGROUND: Economist, Management Consultant.

EDUCATIONAL BACKGROUND: Rochester, New Hampshire 1928-1932; Lynn, Massachusetts 1932-1940; Northeastern University (Boston, Massachusetts) 1940-1942; 1946-1947 (Resigned to take consulting).

PRIOR GOVERNMENTAL EXPERIENCE: None submitted.

Although the rate of economic collapse slowed significantly during 1983, as compared with 1982, at the close of 1983 the output of physical goods was about 4% below the average for 1982. Outside the U.S., it was much worse; a deep depression in world trade levels collapsed the future foreign markets for U.S. exports, which hit us slightly during 1983, and will hit our economy with major force during 1984 and 1985.

Worse, we are at the edge of a world-wide financial collapse. Most of Latin America's debts (about \$350 billion) will have to be written off the books during 1984, and similar conditions of national financial bankruptcy exist now in Africa, parts of Asia, and even among a growing number of nations in Western Europe. The threat of world-wide financial collapse during 1984 is greater than during the administration of President Herbert Hoover, at the time the world depression erupted in May 1931. Now, as then, some people are promising "prosperity is just around the corner."

In many locations within the United States, the new depression has already struck. Some communities which were formerly leading industrial centers have official unemployment rates above 20%. In the nation as a whole, unemployment rates are much higher than reported by the U.S. Bureau of Labor Statistics. As persons' unemployment benefits are exhausted, the Bureau drops them from the labor force and unemployment rolls; more than a million unemployed were "buried" by such accounting tricks during 1983. If we include all people who desire unemployment, plus those others too discouraged to seek employment, we have about 25 million unemployed. The results of this massive real unemployment stares us in the face as we look from city to city around the nation, and as we look at budget deficits and falling tax revenues at the federal, state, and local levels.

Meanwhile, the military junta which came to power in Moscow during August 1983 is using the large margin of Soviet military superiority to attempt to force the United States during 1984-1985 as Adolph Hitler frightened Britain's Prime Minister Neville Chamberlain to back down at Munich in 1938. Within some parts of the Republican Party, as among some leading candidates for the Democratic Presidential nomination, the Nuclear Freeze movement spreads the wishful delusion that Moscow is peace loving, and that we must disarm drastically.

The chief cause for the collapse of the U.S. economy and the world financial crisis is the Volcker Federal Reserve policies introduced by the Carter-Mondale administration in October 1979. The leading reason I am campaigning for the Democratic Presidential nomination is that the other leading candidates and Democratic Chairman Charles Manatt, as well as AFL-CIO President Lane Kirkland, have consistently defended Volcker and his policies against my continued efforts to eliminate the Volcker policies, since October-November 1979. I fear that the election of a Nuclear Freeze supporter who defends Volcker's monetary philosophy would be a hideous danger to the future of our nation.

We must do four things:

- (1) We must dump Volcker's Federal Reserve policies, and mobilize our economy as President Franklin Roosevelt did during the 1939-1943 period.
- (2) We must reorganize the debts of our Latin American neighbors, at low interest rates, reestablish a gold reserve dollar, as a first step toward a sweeping reform of international monetary policies—otherwise the new world-wide financial collapse cannot be stopped.
- (3) We must implement immediately the President's new strategic doctrine of March 23, 1983:
 - (a) Put a first-generation ballistic missile defense into place by 1988, and
 - (b) Continue to offer Moscow to tear down the missiles race by a shift to defensive anti-missile systems.
- (4) Make the Democratic Party once again the Party of President Franklin Roosevelt, by bringing representatives of the Party's traditionalist "silent majority" back into leadership at all levels.

To accomplish these four things, I and thousands of Democratic candidates in this year's elections are running on the same slate. We represent the "silenced majority" among traditionally Democratic voters. Enough votes for me and my slate will bring that "silenced majority" of voters back into political power in this republic of ours.

United States President

WALTER
MONDALE

OCCUPATION: Attorney.

OCCUPATIONAL BACKGROUND: Attorney; Minnesota State Attorney General; United States Senator; Vice President of the United States.

EDUCATIONAL BACKGROUND: Macalester College, St. Paul; University of Minnesota B.A. in Political Science; University of Minnesota Law School, LL.B.

PRIOR GOVERNMENTAL EXPERIENCE: Minnesota Attorney General; United States Senator; Vice President of the United States.

Walter Mondale is ready to be President of the United States. He seeks the presidency on the basis of strength—the strength of experience. Walter Mondale is one of the most experienced individuals ever to seek the nation's highest office, and he will bring to the presidency the quality of leadership that has been tested in office.

Walter Mondale grew up with the family values of small-town rural America. His father was a minister, and his mother taught music; together, they taught Walter Mondale to speak the truth, to respect hard work, to cherish their faith, to respect our country and its laws, and to help others.

Walter Mondale went on to earn a degree from the University of Minnesota and after serving in the United States Army he earned a law degree on the G.I. Bill.

With Hubert Humphrey he worked hard to build the Democratic Farmer-Labor Party of Minnesota, and in 1960 he became the youngest state Attorney General in Minnesota history. He fought for consumers and was an early and effective leader in the struggle for civil rights and civil liberties.

In 1964 he became a United States Senator. In the Senate he fought for civil rights, voting rights, and for an end to discrimination in housing. He worked to improve education for all children, and to strengthen families with nutrition programs and day care centers. He fought for senior citizens and was one of the original sponsors of Medicare. As a member of the influential Finance Committee he fought for fairness and equity in our tax laws. He fought for passage of the Equal Rights Amendment, and wrote the nation's first comprehensive child care act (vetoed by Nixon) and designed the Women's Educational Equity Act. He was a co-sponsor of the Clean Air Act of 1970 and the Water Pollution Act of 1972. He opposed the Nixon plan to junk the ABM Treaty and to put multiple warheads on nuclear missiles. And in 1976 he was a key author of the first Senate resolution to stop the proliferation of nuclear weapons.

In 1976 he was elected Vice President of the United States and became the most active and influential Vice President in history.

POSITIONS ON KEY ISSUES

"The key to this nation's future is a healthy growing economy—an economy that provides jobs and opportunities for all Americans, and not just profits for the rich. We have to put people back to work. Without jobs, there is no fairness."—Walter Mondale.

Walter Mondale has promised to cut the Reagan deficits in half by the end of his first term. His economic policy calls for the following measures:

- Stopping the Pentagon's waste and foolish spending.
- Putting limits on the rising costs of health care.
- Making the rich pay their fair share of taxes.
- Putting people—millions of men and women—back to work like FDR did, and retrain workers who were abandoned when their jobs were sent to Taiwan or Singapore.
- Making pay equity a reality.
- Rebuilding our nation's roads, bridges, dams and water lines.

Walter Mondale has been proud to serve as a strong advocate on behalf of the environment through more than 20 years of public life. Senator Mondale co-sponsored the Clean Air Act of 1970 and sponsored legislation establishing the Boundary Waters Recreation Areas, the Voyageurs National Park and the Wild and Scenic River System. He consistently supported federal funding for research and development of solar and other alternative energy sources—as well as for energy conservation programs.

As President, Mondale would:

- Use Superfund as intended: Clean up sewage discharges from our cities and get toxic pollutants out of our air and water.
- Reverse the massive budget cuts which have destroyed the effectiveness of our environmental agencies.
- Treat acid rain as a national problem that demands a national solution—move to cut emission of sulfur dioxides by 50 percent, encourage promising technological developments that may lower the cost of the cleanup.
- Relaunch a national energy program to develop environmentally sound, renewable energy sources, and to promote conservation.

"In this, the nuclear age of doomsday weapons, we have to do everything in our power to ensure peace. The most awesome responsibility of the President is not only to keep us strong so that we don't invite attack, but to use all of our physical and moral strength to keep the peace and spare the world from holocaust."—Walter Mondale.

Walter Mondale's plan for a safer world will be carried out by doing the following:

- Strengthen our regular military forces.
- Get back to dealing with smaller nations as a friend instead of as a bully.
- Restore our nation's open commitment to human rights as the cornerstone of American foreign policy.
- Help poorer nations stand on their own feet. Democracy will never grow in the soil of poverty, oppression and despair.
- Attract the people of Central America with our values—instead of scaring them with our weapons.
- Sit down with the Russians and work out a mutual and verifiable freeze on nuclear weapons.
- Send the Salt II treaty to the Senate and support its ratification.
- Bury the MX missile boondoggle once and for all.
- Stop wasting money on nerve gases and other indiscriminate killers.
- Put this nation out front again in the effort to halt the spread of nuclear weapons.

A fairer, safer and more competitive America which does not mortgage our children's future with immense deficits or dismantle our fragile environment with careless policies—these are the themes of Walter Mondale's effort to attain the Presidency. You can help in his crusade for social justice and fairness by voting for him in the Oregon primary on May 15, 1984.

United States Senator

MARGIE HENDRIKSEN

OCCUPATION: Attorney, State Senator.

OCCUPATIONAL BACKGROUND: Private law practice, Adjunct law professor, Lane County Counsel, Caseworker, Employment Counselor, Cashier, Clerk.

EDUCATIONAL BACKGROUND: University of Oregon Law School, J.D. 1975. Admitted to the Oregon Bar, 1975. University of Minnesota, B.A. cum laude 1967.

PRIOR GOVERNMENTAL EXPERIENCE: Oregon State Senate, 1983 to present. Chair, Senate Labor Committee. Member of Revenue and Judiciary Committees. Task force on State Compensation and Classification Equity. House of Representatives, 1981 to 1983. Lane County Counsel, 1979 to 1980.

MARGIE HENDRIKSEN—A champion of the people

Oregonians deserve a strong, energetic and effective United States Senator who will really represent the people of Oregon.

As a state representative and a state senator, Margie Hendriksen has worked for the issues we care about and her voting record in the Oregon legislature is impressive:

- 100% voting record on environmental issues
"Oregon League of Conservation Voters" ('81 & '83)
- 100% voting record on issues affecting seniors
"United Seniors of Oregon" ('81 & '83)
- 100% voting record on women's issues
"Women's Rights Coalition" ('81 & '83)
- 100% voting record on issues of concern to working people
"Oregon AFL-CIO" ('81) (95% in '83)

1980 recipient of the American Civil Liberties Union Award for significant contribution to the Cause of Individual Freedom.

MARGIE HENDRIKSEN—A record of accomplishment

In the Oregon state legislature, Senator Margie Hendriksen took a leadership role. She introduced a tax plan which would have restructured the state income tax, lowering the tax rates for the majority of Oregonians while providing additional revenue for a needed property tax relief program.

Senator Margie Hendriksen was the chief sponsor of legislation that provided for a comparable worth study of the classification and compensation system of state employees.

Senator Margie Hendriksen sponsored a joint resolution memorializing Congress for a nuclear freeze.

Senator Margie Hendriksen worked for legislation to implement a model "Buy Oregon First" program.

MARGIE HENDRIKSEN—A reputation for hard work

"...Hendriksen is one of the most ambitious and hardest-working Democrats in the state Legislature, and she had overcome some tough opponents to get where she is today. Republican leaders might even find themselves losing some sleep between now and next November" (*Corvallis Gazette-Times*, Dec. 20, 1983)

"...bright, eager and energetic, with a keen administrative grasp of committee work and a talent for choosing top-notch staff" (*The Oregonian*, June 1, 1983)

"(Hendriksen) was chairman of the Senate Labor Committee in the 1983 legislative session, during which she was complimented by, among others, Gov. Vic Atiyeh, for tempering her views in order to build compromises on some controversial legislation." (*Eugene Register Guard*, Dec. 16, 1983)

Margie Hendriksen is no stranger to hard work. She worked her way through law school and as an elected representative, has worked hard for Oregonians.

MARGIE HENDRIKSEN—She'll know what to do when she gets there!

We must change the direction of our federal government. We are told that there is economic recovery, but far too many Oregonians are unemployed, a great many Oregonians have been forced into bankruptcy and more Oregonians are facing foreclosure on their homes.

The United States is saddled with the largest budget deficit in its history. Unless strong decisive action is taken, we can count on higher interest rates, larger balance of trade deficits and further erosion of Oregon's export market.

We must not allow Oregon's business, agricultural and industrial base to be sacrificed to Reaganomics. Tax breaks for the already rich and large tax loopholes for the big corporations have pushed our economy to the breaking point.

The unnecessary proliferation of massive warfare systems, which cannot insure protection of our country, have been financed in part by large cuts to needed domestic programs—programs which once provided education for our children, help for the unemployed and health care for senior citizens.

In the last three years Oregon has suffered cuts in federal programs amounting to \$481 million. The Oregon senator who chairs the Senate Appropriations committee has supported massive cuts to our domestic programs and has been ineffective in stopping the unprecedented build-up of destructive weapons systems.

Margie Hendriksen believes the federal government should serve all Americans, not just a privileged few. She knows that our government must provide a positive climate for economic growth and must provide opportunities for all citizens to develop their fullest potential.

MARGIE HENDRIKSEN—A Senator FOR Oregon

All too many times our elected officials forget that their job is to represent the interests of the people who elected them.

Margie Hendriksen has never been too busy to help her constituents with any problem they may bring to her. She has untangled the red tape of government bureaucracies for Oregonians quickly and efficiently. Margie Hendriksen knows how to get things done. She believes that a democratic government is there to serve the people it represents. She will work just as hard for Oregonians in the United States Senate as she has worked in the Oregon Senate.

MARGIE HENDRIKSEN...A DEMOCRAT FOR OREGON

United States Senator

SAM
KAHL

OCCUPATION: Carpet Fashions.
EDUCATIONAL BACKGROUND: Miscellaneous.
EDUCATIONAL BACKGROUND: David Douglas High School;
Bachelor of Science, Portland State University.
PRIOR GOVERNMENTAL EXPERIENCE: Governor's Commission on Youth.

ABOUT THE CANDIDATE: Sam Kahl, Jr., 34 years old, is chairman of the National Democratic Policy Committee in Oregon, and a retail salesman by profession. He and his wife of 12 years, Antoinette, who is an instructional aide at Alice Ott Middle School in Portland, are the parents of four children, Elizabeth, Katrina, Nicholas and Alexander. A classical music enthusiast, Sam Kahl is an amateur, spare time composer of music and drama in the classical method.

CANDIDATE'S STATEMENT: My campaign is part of a nationwide, bipartisan slate of candidates under the auspices of the National Democratic Policy Committee. Spearheaded by the campaign of Democratic Party presidential candidate Lyndon LaRouche, in Oregon one hundred citizens have responded to Mr. LaRouche's call for patriots to rise above party politics, run for public offices and rally fellow Americans to meet the worsening crisis threatening our nation and livelihoods. The time has come for plain talk and extraordinary action. You, as much as I, must shoulder responsibility for deciding the fate of the world.

At the root of all issues is the right-to-life principle. By this I mean the absolute commitment to the survival and quality of life of each and every man, woman and child, born and unborn, of every race, color and creed, as being society's most precious resource. Without this commitment, societies degenerate into living hells of pestilence and discontent, leading into regional wars, dictatorships and slave-labor states.

My campaign has proposed that mankind must exceed past accomplishments if it is to be blessed with economic prosperity. The Apollo project, which put a man on the moon, exemplifies a culturally uplifting program which organized the talents and resources of our nation into an economic boom. Therefore, I advocate an ambitious space program—the colonization of the moon and Mars. Also, I fully support the implementation of a beam-weapons, anti-missile defense system as indispensable not only to inaugurating an era of Mutual and Assured Survival (as President Reagan has proposed), but as a science-driver to revolutionize the U.S. economy on a scale exceeding that of the introduction of electricity in the last century.

My campaign has urged the full participation of the U.S. in vast development projects—such as the greening of the Sahara Desert—as indispensable to global stability, strong alliances, the promotion of human life and the expansion of U.S. market-capabilities. If we plan it right, the Kra Isthmus Canal project in Southeast Asia (which promises to exceed the Panama Canal project) would vastly upgrade Oregon's economy. Also, the revival of the North American Water and Power Alliance is a basis for vastly irrigating central and eastern Oregon.

To counter the impediments posed by the Malthusian, or zero-growth, ideology centered in the financial mafias of the world's major banks, my campaign has urged the creation of new financial institutions to replace the bankrupt and genocidal International Monetary Fund and Bank for International Settlements, the "federalization" of the Federal Reserve to restore U.S. sovereignty over its national credit (as it was under George Washington's administration), gold backing for the dollar, and issuance of low-interest credit strictly for renovation of infrastructure, energy grid, factories and farms. I recommend this program both as a national security issue and a right-to-life issue.

My campaign has warned of a deliberate and steady Soviet war build-up; that the Communist Party has become subordinated to the emergence of the Red Army and certain collaborators in the KGB and Soviet church hierarchy. This grouping's ideology converges on a psychosis echoing Khomeini's Iran and Hitler's Third Reich. Moreover, the Soviets have entered into collaboration with what has been called the "Nazi International," which is organized around the Swiss financial enclave.

I have warned against appeasing the Soviet Union. Yet, my campaign also stresses that the Soviets are victims, as we are, of manipulation by Malthusian geopoliticians. We would not be in our present peril if it was not for anti-life traitors like Henry Kissinger, Averell Harriman, Robert McNamara, Paul Volcker and Arthur Burns. Nonetheless, the Soviet threat is real and must be faced.

Again as right-to-life and national security issues, I urge an all-out war on drugs, and the renovation of our nation's public school curriculum to produce citizens who can ensure the moral progress of our republic, as befits its heritage. Every child undergoing elementary and secondary education should master the laws which govern Nature (meaning physical and life sciences) and Man (meaning history), should come to know how those laws affect nationbuilding (meaning political economics and statescraft), and should master accordingly the means to develop concepts adequate for making sensually real those laws (meaning physical geometry, classical counterpoint: part-singing, performance and composition, and grammar and speech developed according to the geometric rigors of poetry and music).

If you approve of this program, support the NDPC campaign not just with your vote. Join the National Democratic Policy Committee; set up bipartisan local chapters in your area. Also, for our young people, help me organize a student society which I have planned, which I call the Society of Prometheus.

This election, let us make a new beginning!

**JIM
WEAVER**

OCCUPATION: U.S. Representative.
OCCUPATIONAL BACKGROUND: Builder; Publisher's Representative; Veteran, U.S. Navy WWII.
EDUCATIONAL BACKGROUND: University of Oregon, B.S., Political Science.
PRIOR GOVERNMENTAL EXPERIENCE: U.S. Representative, Fourth Congressional District of Oregon, five terms.

JIM WEAVER

**BUILDING FOR THE FUTURE
ON A RECORD OF ACCOMPLISHMENT**

BALANCING THE BUDGET

For the sake of our economy, we must reduce federal budget deficits. Now, Jim Weaver has proved he will do his part with a record of voting against federal spending and against the tax cuts favoring the wealthy. He is for a progressive flat tax so all pay their share in the essential fight to balance the budget.

WORKING FOR A NUCLEAR FREEZE

Jim Weaver helped place the Nuclear Freeze on the Oregon ballot in 1982 and together with all concerned citizens achieved its victory. He has consistently and strongly opposed our military involvement in Lebanon and Central America.

PROTECTING SOCIAL SECURITY

The Social Security fund has been made solvent but needs constant vigilance to protect senior citizens. Jim Weaver vows to continue his support for Social Security, and to assure the costs of medical care are controlled and benefits are not reduced.

HELPING INDIVIDUAL OREGONIANS

Jim Weaver will continue to defend individual citizens such as the eight couples living in Culp Creek whose homes were threatened by government claims resulting from a survey error. It took a veto override of Jim's bill in the House of Representatives and the Senate, but the Culp Creek residents got their deeds. If you need help, Jim and his outstanding staff stand ready to be of service.

**MAKING SURE OREGON'S
SCHOOLS STAY STRONGER**

The most important investment we can make for our future is in education. From elementary schools to our top universities, we should build Oregon's education system into one of unquestioned excellence. This is the single most effective step we can take to attract and keep a healthy economy for ourselves and our children.

REVITALIZING OREGON'S ECONOMY

Jim Weaver believes economic development can be forged from our own resources. We can develop jobs and energy from geothermal, wood salvage, solar, conservation and agriculture. Increased use of our ports and better transportation systems will help us compete in world markets. Instead of exporting our raw logs, Oregon's timber should be processed in Oregon mills before it's sent overseas. And, we should protect and enhance our fish spawning streams. Jim Weaver's been working, and will keep working, to help Oregonians stay on the job making the most from these natural resources.

PROTECTING RATEPAYERS

Ever since he first took office, Jim Weaver has been fighting to protect ratepayers from being taken by the utilities. He warned the Northwest about the WPPSS nuclear plants fiasco, and he was right. He made conservation the first priority in the regional power bill. His amendments to this bill saved ratepayers billions of dollars. Last year he successfully challenged the Oregon Public Utility Commissioner's decision allowing utilities to skirt the law and pass on costs of dead nuclear plants to ratepayers.

Representative in Congress

5TH
DISTRICT

JIM
BEALL

OCCUPATION: Attorney (private practice) specializing in international trade, federal representation, and tax policy.

OCCUPATIONAL BACKGROUND: Solicitor's Office, Division of Conservation & Wildlife, U.S. Department of the Interior.

EDUCATIONAL BACKGROUND: Graduated Hillsboro High School, 1968. B.A. Oregon State University, 1972. J.D. University of Oregon Law School, 1976. LL.M. (tax), Georgetown University Law Center, 1981.

PRIOR GOVERNMENTAL EXPERIENCE: Natural Resources Attorney, U.S. Department of Interior. Legislative Coordinator, U.S. Congressman Al Ullman. Chairman's Staff Coordinator, U.S. House of Representatives, Committee on Ways and Means.

JIM BEALL HAS THE BACKGROUND AND EXPERIENCE TO BE A GREAT MEMBER OF CONGRESS

In this election year Oregon voters have a rare opportunity. They have the opportunity to send to Congress an individual former Governor Bob Straub says "has the background and experience of a veteran Congressman and a rare knowledge of Oregon and Oregon problems."

That person is Jim Beall who worked in Washington, D.C. on the staff of Congressman Al Ullman and was the Chairman's Staff Coordinator on the vital House Ways and Means Committee.

During this service Jim learned his way around Washington, D.C., became well-versed on the issues, and made friends with key figures in Congress and on Congressional Committees.

Now Jim wants to return to Washington as your Congressman to work for Oregon on problems unique to Oregon.

**GOVERNOR BOB STRAUB SAYS:
"JIM BEALL CAN BE A POWERHOUSE . . . FOR OREGON"**

Former Governor Bob Straub (who is serving as Beall's Chairman) says: "Jim Beall can be a powerhouse in Congress for Oregon. As a native Oregonian he knows Oregon and he knows how things work in Washington. He can be a fine Congressman because he studies problems, works hard, and has an unusual ability to make friends with key people who serve in Congress. Those are the qualities of a person who can get things done in Washington . . . and Jim Beall has them all."

JIM BEALL WILL WORK FOR MORE JOBS

Jim Beall knows that Oregon's greatest long-range need is a stronger economic base to provide stable, steady jobs year in and year out. Like you, he knows that Oregon suffers from greater unemployment than many other states because of over-dependence on the forest products industry.

This is a problem Jim Beall would like to help solve. And he can be of help because he is recognized in Washington as well as the Northwest as an expert in international trade, agriculture, the forest products industry, and small business. All of them are vital to the economic health of Oregon.

Jim wants to help agriculture in Oregon. He wants to help those who want and need jobs. He knows the problems of small business, the maritime industry, and the lumber industry and he wants to help them because they all provide jobs in Oregon.

Beall is the logical choice for such an assignment. He knows how Congress works because he has worked there. He understands (if anyone can) the federal bureaucracy, because he has fought and dealt with it.

He understands how a Congressman can cut red tape to help an older citizen or anyone else, young or old, who becomes entangled in a bureaucratic maze. Jim has spent years helping on such problems.

Beall, born in Corvallis, also knows that the concerns of Oregonians don't mean much to some of the big city Congressmen and women from the Eastern U.S. That's why Beall has pledged to develop coalitions in Congress—coalitions which will see him bring together groups of Western Representatives who can work as a team to solve Western problems.

Jim Beall also offers us the advantage of his age. He is young enough, if elected now, to continue to serve and gain the seniority which is the route to power in Washington. And Jim Beall can be counted on to make use of it on behalf of Oregon.

BEALL KNOWS HOW IT WORKS IN WASHINGTON

Best of all, Jim Beall right now knows where to go, who to see, and how it all works in Washington. Following service on the Ullman and Ways and Means staffs, as well as working in the Solicitor's Office practicing natural resources law, he has continued to go regularly to Washington to solve problems of Oregonians at the Federal level. And he has done this with outstanding success.

Now we have the opportunity to send him back to the nation's capital to help us, to work for us. You can help him get started on the tasks that are so vital to all of us by casting your vote for Jim Beall for Congress.

It's a great chance for us to do something for Oregon.

WALTER F.
(WALT)
BROWN

OCCUPATION: Oregon State Senator from Clackamas County, 1975-84; attorney; Commander, U.S. Navy (Retired).

OCCUPATIONAL BACKGROUND: Faculty, Lewis & Clark Law School, 1970-82; U.S. Navy, 1944-70.

EDUCATIONAL BACKGROUND: Juris Doctor, U.S.C. 1952; M.A. in Government, Boston University 1960; M.L.S., University of Oregon 1975.

PRIOR GOVERNMENTAL EXPERIENCE: Chairman, Business and Consumer Affairs Committee, 1981. Member, Business Recovery and Development Task Force, and Veterans Home Loan Task Force, 1982. Member, Ways and Means Committee; Chairman, Capitol Construction Subcommittee, 1983. Member, Legislative Emergency Board, 1983-84.

DISTINGUISHED MILITARY RECORD: Attorney for disabled servicemen and public defender. Senior Navy criminal court judge. Enlisted WWII, electronic technician in Pacific. Korean War and Vietnam veteran.

PERSONAL: Walt and Barbara have three sons and live in Oak Grove. Affiliations include: Atkinson Memorial Church; Grange; Oregon Fair Share; Masons; Oregon Wildlife Federation; Crime Prevention Association. Named in Who's Who in Government and Who's Who in the West.

SENATOR BROWN HAS A PROVEN RECORD OF SERVICE TO PEOPLE, NOT TO SPECIAL INTEREST LOBBYISTS

"He is a man of principle. You know where he is going to be on any given vote—he's going to be supporting a cleaner environment, organized labor, consumers, civil liberties, and the little guy." (*Willamette Week*, 5-11-82)

UNITED SENIORS RATED WALT 100% for his 1981-83 votes on 48 priority bills. (National Council of Senior Citizens rated Congressman Denny Smith WRONG on 28 out of 30 federal bills.) Walt has worked to virtually eliminate inheritance taxes for most widows, limit attorney fees in probate cases, and permit prescriptions by mail. In 1983 Walt fought for an Independent Nursing Home Ombudsman.

VETERANS RATE WALT 100%. The United Veterans' last evaluation (1979) rated Walt 100% on five key bills.

WORKERS (AFL-CIO) RATED WALT 100% during his first four sessions in Salem. However, in 1983 Walt joined Common Cause and the League of Women Voters in opposing an election law bill favored by a majority of organized labor.

CONSERVATIONISTS RATED WALT 100% during four sessions in Salem. Walt was chief sponsor of legislation which banned fluorocarbon spray cans, added the Clackamas River to Oregon's Scenic Waterways System, and strengthened Oregon's anti-poaching laws. Walt also helped acquire public ownership of extensive river frontage on the lower Deschutes.

CONSUMERS RATE WALT 100%. "Walt is a tireless supporter of consumer legislation. No one has a better record. Personally I rate him 100%!" (Hayes Beall, former Chairman, Legislative Committee, Oregon Consumer League.) Walt's bill repealing Oregon's price-fixing "Fair Trade Law" saved consumers millions of dollars.

WALT BROWN: A LEADER FOR TAX REFORM

- "Brown has established a name as one of the most vehement opponents of the sales tax." (*The Oregonian*, 1-8-84)
- For substantial homeowner property tax cuts, Senator Brown, the Oregon State Grange and Oregon AFL-CIO have filed the Homestead Exemption Initiative to exempt the first \$20,000 of the assessed home value. This proposal also restores progressivity to Oregon's personal income tax law and gives tax relief to small businesses.

WALT BROWN: A BALANCED BUDGET DEMOCRAT

As a member of the 1983 Joint Ways and Means Committee, Walt helped cut Governor Vic Atiyeh's proposed spending \$173 million to balance the state budget.

WALT BROWN, AN INDEPENDENT-MINDED DEMOCRAT, SPEAKS OUT ON SOME KEY FEDERAL ISSUES

NATIONAL BUDGET. "President Reagan and his congressional supporters like Denny Smith have saddled America with massive deficits. The debt per American taxpayer will have risen from \$9,947 to a forecasted \$17,442 during Reagan's four-year term, a 75% increase.

"The annual interest alone on this debt for the average taxpayer has nearly doubled during the four Reagan years—from \$800 to an estimated \$1,584 this year. The threat of national bankruptcy demands that Congress bring a halt to these destructive federal deficits."

MILITARY SPENDING. "Americans can afford conventional military forces to defend our shores and our legitimate interests abroad. But we cannot afford massive Pentagon waste—a nuclear arms race—or ANY risk of a nuclear holocaust. We cannot afford to support every cruel and corrupt government claiming to be anti-communist."

TAX JUSTICE. "Reagan's 1981 tax law—supported by Denny Smith—increased taxes on the poor by 22%, gave almost no tax relief to middle income families, and has primarily benefited the rich. This law must be repealed."

OREGON'S ECONOMY. "The decline of employment in Oregon last year was nearly six times worse than for the nation as a whole. Inflation and interest rates are rising again. Congress must reject Reaganomics."

SOCIAL SECURITY. "Congress must not cut Social Security benefits while raising its own salaries."

EQUALITY FOR WOMEN. "We must end second-class treatment of a majority of our people. I support the Equal Rights Amendment and Equal Pay for Comparable Worth."

NATURAL RESOURCES. "I support the Oregon Wilderness Act and the bill to protect the Columbia River Gorge sponsored by all Northwest congressmen except Denny Smith."

EDUCATION. "Congress must restore cuts in federal funding for handicapped, Impact Act, and migrant education."

AGRICULTURE. "The federal farm program is out of control. Last year direct payments and crop loans cost \$28.8 billion, up from \$4 billion. But Oregon's family farmers received little help. 'Much of the money went to a relatively few large, successful farmers, while many less prosperous ones with small and medium-size farms got little or nothing.' (*The Oregonian*, 12-22-83) This policy must be reversed."

WALT BROWN IS THE BEST CANDIDATE TO DEFEAT DENNY SMITH. HE HAS NEVER LOST AN ELECTION.

"In his legislative races, he has won by hard, grinding work."
—Foster Church, *The Oregonian* (1-8-84)

PETER C. COURTNEY

OCCUPATION: Attorney—private practice.
OCCUPATIONAL BACKGROUND: Law Clerk, Oregon Court of Appeals; Personnel Division, State of Oregon; Legal Aid Attorney; Hearings Officer, Employment Relations Board; Member, Oregon State Bar.
EDUCATIONAL BACKGROUND: Bachelor's Degree and Master's Degree in Public Administration, University of Rhode Island; Law Degree, Boston University.
PRIOR GOVERNMENTAL EXPERIENCE: Two-term State Representative, District 33. Legislative Committees: Chairman, Housing and Urban Development; Judiciary; Select Committee on Property Tax Relief; Legislative Administration; Capitol Planning Commission. Six years in local government service: Salem City Council, Salem Mass Transit Board, Mayor's Blue Ribbon Committee on Tourism.
PERSONAL: 40, married to Margie Brenden Courtney. A Mount Angel native, Margie taught at Whiteaker Jr. High for 10 years. They have a son, Peter Vincent. Members, St. Vincent's Church.
CIVIC ACTIVITIES: YMCA Board of Directors; YMCA Annual Youth Drive; Salem Junior First Citizen; Olympics for the Physically Disabled; Red Cross Board of Directors; Mid-Valley Children's Guild.

PETER COURTNEY—In Others' Words . . .

A public official's harshest critics are colleagues who share in the work, and the press corps watching the process daily. Here's some of what they've said about PETER COURTNEY:

"Most courageous (legislator in the 1983 legislature)..."
The Oregonian, July 19, 1983

"You always know where Peter Courtney stands. You can count on him to be honest and straightforward with you. His maturity and leadership have resulted in a major effort to help the victims of crime in Oregon."
 Sen. Joyce Cohen, Lake Oswego

"He lives up to his campaign slogan that nobody works harder."
The Statesman/Journal, October 15, 1982

"Peter Courtney has been a truly outstanding State Representative. His intelligence, integrity and capacity for hard work will also make him a great congressman."
 Former Oregon House Speaker Hardy Myers

"We like his drive, his common sense approach to problems and his work."
Keizertimes, October 10, 1982

PETER COURTNEY—

A Legislator Who's Worked to Make Things Better.

Bills introduced and/or carried by Peter which became law:

- **CRIME VICTIM COMPENSATION:** Allows judge to order convicted criminals to pay fines to victim. Requires all convicted criminals to pay fee to a fund which in turn is used to compensate crime victims. (1981 and 1983)
- **NUCLEAR FREEZE:** Urges President and Congress to negotiate a mutual, verifiable halt to the construction and development of nuclear weapons. (1981 and 1983)
- **INSANITY PLEA:** Restricts the insanity plea to certain designated categories. Changes plea from "not responsible" to "guilty except for insanity." (1983)
- **BAD CHECK RECOVERY:** Allows victim to recover damages of \$100, or up to three times the amount of a bad check. (1981)
- **DRUNK DRIVING:** Lowers the blood alcohol level used to determine if a driver is intoxicated from .1% to .08%. (1983)

PETER COURTNEY—

An Experienced Lawmaker Who's Not Afraid to Work Hard.

Peter knows about hard work. That's what built his record as one of the most effective floor debate leaders in the House—Remarkable, considering Peter carried some of the most controversial bills considered in the last four years.

As a six-year city councilman Peter spearheaded the effort that kept Salem buses rolling and created the Salem Mass Transit District. He arranged for free downtown parking, and pushed for rape prevention and rape victim assistance program.

From his 10 years as a state and local elected official, Peter knows very well how decisions made in Washington affect us here. He understands Oregon and our district—its people, its economy, its needs.

The words "Nobody Works Harder!" are more than just a slogan to Peter. Those words summarize his belief about his duty to the people he represents. Energy and effort are essential in the demanding job of congressman. Peter's proven he's the kind of hard worker we need.

PETER COURTNEY on the Federal Debt.

"The federal debt is the number one problem for our economy. The unbalanced federal budget, with its emphasis on military spending, is the reason many Oregonians still can't find work. In the city and state budgets I've worked on, we couldn't spend like Congress, using money we didn't have. I'm willing to work to make Congress responsible again, to cut that debt, and give Oregonians a chance to find new jobs."

PETER COURTNEY on Crime Prevention.

"Violent crime is increasing. Many Oregonians fear for their personal safety. Prisons are jammed. Many criminals are being released too soon. We must find ways to improve the system, particularly in dealing with youthful offenders."

PETER COURTNEY on Foreign Policy.

"We must emphasize diplomacy and partnership rather than military adventure to assure ourselves of real security in a volatile world."

PETER COURTNEY on Education.

"Much will be demanded of our schools, at all levels, in the next decades. We must insure that our children can meet the challenges of new technology and international competition. Education is a good investment in our future."

PETER COURTNEY on Congress, the Institution.

"People still want to believe in Congress as an institution, but they've lost their faith in the process because those who serve there won't do the work they're sent there to do: Make tough decisions. Those who go to Congress must be willing to keep at the work of solving problems, not simply recess and walk away."

PETER COURTNEY—Nobody Works Harder!

Representative in Congress 5TH DISTRICT

RUTH
McFARLAND

OCCUPATION: Educator, Mt. Hood Community College Instructor in Biological Sciences.

OCCUPATIONAL BACKGROUND: Former newspaper reporter; experienced business manager; timber and farm manager; elementary, junior high, and high school teacher; homemaker.

EDUCATIONAL BACKGROUND: Doctor's Degree in Genetics, University of Oregon; Master's Degree in Science, University of Oregon; Bachelor's Degree in Education, Central Washington University; Bachelor's Degree in Science, University of Oklahoma.

PRIOR GOVERNMENTAL EXPERIENCE: Oregon State Senator; Assistant Majority Leader, Oregon Senate; Member, Western States Legislative Forestry Task Force; Member, Multnomah County Economic Development Commission; Chair: Economic Activities Committee (Forestry, Fisheries and Agriculture); Co-Chair: Water Oversight Committee; Co-Chair: Data Processing Committee; Vice-Chair: Revenue Committee; Vice-Chair: Education Committee; Member: Insurance, Banking, and Retirement; Human Resources/Aging; Government Operations; and Trade and Economic Development Committees.

COMMUNITY SERVICE: Ruth McFarland: Delegate:

- Oregon Education Association State Convention
- Business and Professional Women's National Council on the Future of Women in the Workplace
- National Organization for Women, Oregon State Board
- National Organization for Women, National Conference
- Democratic National Convention, 1980
- Past President East Multnomah County League of Women Voters

McFARLAND MAKES SENSE

ON THE ECONOMY: Ruth McFarland believes military spending, which accounts for 30% of the proposed 1985 budget, contributes to budget deficits, short money supply, high interest rates, and staggering unemployment. Billions could be rechanneled into reducing the deficit, increasing investment capital for housing and other civilian industries, and restoring support for social and educational programs—in short getting Oregon back to work. Military spending creates far fewer jobs than any other form of government or private spending. Oregon, ranking 47th in military spending receipts, suffers severely from current federal spending priorities.

Ruth McFarland was a member of the Trade and Economic Development Committee and sponsored legislation which encourages economic growth and new jobs in Oregon communities, encourages export trade, assists in business expansion, establishes homestead property tax deferral, encourages agricultural research, and supports the withdrawal of interest payments on timber contracts.

McFARLAND MAKES SENSE

ON EDUCATION: Ruth McFarland perceives education as a life-long need and continuous process. She believes in Thomas Jefferson's goal of an educated and free society, in maintaining a strong federal Department of Education, and in federal funding for vocational, handicapped, and minority education programs mandated by the federal government. National security and economic strength depend on educated and innovative workers.

Ruth McFarland sponsored legislation establishing Basic Research Funds for Higher Education, grants to community colleges for training workers for new or expanding industries, required kindergarten in Oregon, and handicapped student service coordinators.

McFARLAND MAKES SENSE

ON SOCIAL SECURITY/MEDICARE: Ruth McFarland is committed to a fiscally sound Social Security System. Unemployment, greater life expectancy, a shift in the ratio of workers to retirees, and the addition of beneficiaries not in the original plan have posed difficulties. The current Social Security Tax is regressive.

Proposed cuts in Medicare would increase medical costs to patients, discriminate against elderly women and those whose life expectancies are lower than "average" and should be re-examined. Ruth McFarland supports a single standard benefit level, unrelated to sex and sufficient to live at an adequate economic level.

Ruth McFarland sponsored continuation of the Displaced Homemaker Program, and increased retirement benefits for members of the Public Employees' Retirement System and Teachers' Retirement System.

McFARLAND MAKES SENSE

ON THE ENVIRONMENT: Ruth McFarland's strong commitment to responsible stewardship of the environment and natural resources reflects the values of Oregonians. McFarland believes that we are caught between the need for jobs and the protection of environment but that we can conserve enough energy to maintain economic development, reduce environmental strain and seek solutions to long-range needs.

Ruth McFarland sponsored legislation which increases revenue for pollution control in industrial areas, protects shellfish on Oregon beaches, and is Co-Chair of the Statutory Water Oversight Committee.

McFARLAND MAKES SENSE

ON THE NUCLEAR FREEZE: Ruth McFarland favors an immediate, verifiable, multilateral nuclear freeze. Nuclear arms production makes no sense. Ruth McFarland and the majority of other scientists agree that detonation of 10% of the world's nuclear arsenal would destroy the total biosphere of the earth. Production of nuclear arms and their delivery systems subtracts billions annually from our ability to meet obligations to children, elders, the poor, public facilities, and education systems.

Ruth McFarland co-sponsored a 1981 Senate Memorial to Congress requesting the President propose to the Soviet Union a mutual freeze on nuclear arms.

Secretary of State

**STEVE
ANDERSON**

OCCUPATION: Lawyer, Salem, Oregon.

OCCUPATIONAL BACKGROUND: Lieutenant, U.S. Navy, 1942-46 North Africa and Sicily; Manager and College Supervisor, Real Silk Hosiery Mills; Teenage employment: cannery, cheese factory and ranch.

EDUCATIONAL BACKGROUND: Langlois High School; Willamette University: Economics and Law Degrees; President Willamette Alumni Association 1946-48.

PRIOR GOVERNMENTAL EXPERIENCE: None.

PHOTOGRAPH:

I consciously submit no photograph, hoping the readers will concentrate on my message. My appearance is passable. In fact, some even say Jack Ramsay and I look alike!

INTRODUCTION:

In 1980 I opposed Congressman Ullman, Chairman of the Ways and Means Committee, spending under \$5,000.00 and only three days from my law office, but 46% of the vote. Democratic voters responded to my intense attack on the Northwest Power Bill, which Ullman, and his inept successor, Smith, both supported. Concerned voters demonstrated lack of media attention and special interest funding can be overcome.

My two principal opponents, Legislators Roberts and Gardner, both voted to submit a sales tax, contrary to the State Democratic Party's overwhelming opposition. Those who oppose a sales tax, and/or favor a strong Democratic party should vote for me.

PHILOSOPHY:

After a great deal of study, Church activity, and profound reflection, I am a Humanist, believing that love, compassion, tolerance, dignity and justice—are applicable with, or without, theology. My contact with all kinds of people in more than 35 years of law practice confirms this.

POLITICAL EXPERIENCE:

My practical political experience is extensive. In 1948 I was State Chairman of the then very powerful Young Republicans, and a National Vice Chairman from 1949-52 when, as a protest against McCarthy and Nixon, I resigned to campaign for Adlai Stevenson

(as did Senator Morse three weeks later). In 1960 I missed nomination for Congress by 200 votes, on a first-ever issue of birth control and facing the population explosion. I was a leader against the Vietnam War. From 1970 to 1973 I was Marion County Chairman, turning it from a monolithic Republican county to a Democratic majority. In 1973, as a Common Cause state board member I was the prime author and lobbyist for the Ethics Bill.

IF NOMINATED BY THE DEMOCRATIC PARTY, I will:

1. Having prevailed over one beautiful woman (Barbara Roberts), then win over another beautiful woman (Donna Zajonc) in the general election!
2. Be an effective campaigner for other Democrats, especially the Presidential candidate, to rid us of the blight of Reagan and his crude, selfish associates.

IF ELECTED SECRETARY OF STATE, I will:

1. Competently and impartially perform the duties of the office.
2. Discontinue the practice of using the office as a stepping stone.
3. Dramatically encourage public participation in political parties.
4. Expose undue concentrations of political influence, specifically in utilities, and other special interest groups.
5. Outdo Tom McCall in anecdotes, historical quotes, and commentaries on issues of the day.
6. Maintain a running critique, to improve the quality of information from public and private sources—the media particularly.
7. Work for equitable taxes, including restoration of sensible inheritance taxes.

TO WOMEN:

Please remember that I was a key supporter of Patsy Mink for President in 1972, and Emily Ashworth in the 1976 campaign for Governor. I support ERA and freedom of choice.

CONCLUSION:

It's time for my type to be elected. If you think so too, swell the ranks of those who worked for me in 1980. Let us prove that quality can beat money, media packaging, platitudes, and special interest connections.

Respectfully submitted to the Democratic Voters,

Steve Anderson

(This information furnished by Steve Anderson.)

Secretary of State

JIM GARDNER

OCCUPATION: Oregon State Senator and attorney.

OCCUPATIONAL BACKGROUND: Practicing attorney; former reporter for The Wall Street Journal.

EDUCATIONAL BACKGROUND: Undergraduate and law degrees from Yale.

PRIOR GOVERNMENTAL EXPERIENCE: State Senator since 1979; Law Clerk to Justice Stewart, U.S. Supreme Court (1975-76).

Wherever there's a tough job to be done, that's where you'll find Jim Gardner. When state budgets had to be cut because of the recession, Jim stepped forward to chair the most important budget subcommittee.

When joblessness plagued Oregon's economy, Jim took charge of the Committee on Trade and Economic Development.

In a "do-nothing" legislature, Jim Gardner stands out as a rare example of hard work and action. He hasn't gone after headlines or "glamour jobs"—just the tough, important assignments that really affect Oregon's future.

A RECORD OF EXCELLENCE

In a major newspaper poll following his first Senate session, fellow senators named Jim Gardner their overall outstanding colleague. Following his second session, Jim Gardner received the highest overall rating among all 30 senators in a survey of legislative observers.

Jim Gardner, his wife Lynda and their two children live in northeast Portland. Jim has deep roots here: his grandparents are from Ontario, Oregon. The Gardners are committed to protecting our environment and providing a healthy future for all of Oregon's children.

HELPING CREATE JOBS

More than any other state elected official, Jim Gardner has actually done something specific to solve Oregon's economic problems. Jim's Economic Development Committee put together an aggressive program to create more jobs.

- Jim spearheaded legislation to make low-interest industrial development loans available for the first time to small businesses.
- In 1982, Jim convinced the Oregon electronics industry to provide half the money needed to strengthen high-technology programs in our colleges and universities.
- Small business assistance centers at our community colleges were beefed up by Jim's committee.
- Jim's committee proposed a \$400 million increase in bonding authority to upgrade industrial sites all over the state.

- Jim pushed through a tough new law to slash regulatory red tape holding back expanding Oregon businesses.
- Jim's committee put together important legislation to help Oregon's growing tourism industry.

CUTTING BUDGETS

When the recession hit Oregon, state government had to tighten its belt. Jim Gardner's budget subcommittee had a thankless job in 1981—cutting state spending for higher education, community colleges and other education agencies. Jim did it—with firmness and fairness.

- Jim helped cut state spending by \$351 million. That was the first time in many years that state spending was actually REDUCED.
- Jim's subcommittee cut the budget for bureaucrats in the State Department of Education by 14%.

HELPING AGRICULTURE AND WOOD PRODUCTS

Most Portland legislators don't understand agriculture and the wood products industry. Jim does. In 1981, he led efforts to preserve the Agricultural Experiment Station and Extension Service, the Department of Agriculture's International Crop Marketing program, and the firefighting programs of the Department of Forestry.

FIGHTING FOR SENIOR CITIZENS

Jim Gardner has fought for senior citizens. Under Jim's leadership, the State Senate voted to strengthen protection for elderly nursing home residents.

HARD WORK AND RESULTS, NOT HEADLINE SEEKING

Here is Jim Gardner's record in a nutshell: hard work and results that benefit all Oregonians. He isn't seeking higher office for the glamour of it. Jim knows Oregon needs new leaders willing to face tough issues head on.

As Secretary of State, Jim will put his lifetime of experience as a U.S. Army veteran, a successful attorney, a budget cutter and an economic development advocate to work for all of us.

NEW CHALLENGES AS SECRETARY OF STATE

As Secretary of State, Jim will oversee elections; audit state agencies; and serve with the Governor and State Treasurer on the State Land Board.

As Secretary of State, Jim Gardner will be able to help bring jobs to Oregon and cut spending.

- Jim will begin cost-cutting performance audits to trim the fat from state bureaucracies.
- Jim will oppose current Land Board policy allowing export of unprocessed logs. When we export logs, we export jobs along with them.
- Jim will fight to limit excessive campaign contributions and spending.
- Jim will continue to push for stronger legislation to better protect senior citizens in nursing homes.

LET'S LEAD WITH OUR BEST

Oregon's Secretary of State is, for all practical purposes, our Lieutenant Governor. According to the Oregon Constitution, the Secretary of State becomes Governor if anything happens to the incumbent. The Secretary of State is literally a "heartbeat away" from the Governorship.

We need a proven leader as Secretary of State. We need Jim Gardner's breadth of experience, strength of character and mature judgment. We need the skills of a Governor, if the need should arise.

WE CAN TRUST JIM GARDNER TO DO THE JOB RIGHT

Hard work and results—that's Jim Gardner. Strength in the face of adversity. Courage and a consistent direction on the toughest issues. Right for the job. Right for the times.

(This information furnished by The Jim Gardner for Secretary of State Committee.)

Secretary of State

**JACK
REYNOLDS**

OCCUPATION: Independent Businessman.

OCCUPATIONAL BACKGROUND: State Chairman, Oregon Veterans Political Action Committee. Author.

EDUCATIONAL BACKGROUND: Portland State University, B.S.

PRIOR GOVERNMENTAL EXPERIENCE: Vietnam Combat Veteran. Precinct Committeeman.

HOW YOU CAN AVOID HELL AND GET TO HEAVEN

You must trust Jesus Christ (GOD). Faith in Jesus Christ is your only proven way to gain eternal life. You are guaranteed paradise forever in Heaven if you turn from sin and trust Jesus Christ (GOD) as your Lord and Savior. Through prayer invite Jesus to control your life. Your prayer to God could be something like "Dear Father, I believe that Jesus died to pay for my sin. I am sorry for the sin I have committed. I want Jesus to come into my heart as my Lord and Savior. Thank you for saving me from the lake of fire."

If, before you die, you do not turn from sin and trust Jesus Christ as your Lord and Savior you will be judged by God after you die, and sent to the "lake of fire" to be tormented mentally and physically forever. Why would you want to reject the free gift of eternal salvation offered by Jesus when it is so easy to obtain? Act today. Trust Jesus now.

TODAY'S ANSWER FOR GOVERNMENTAL PROBLEMS

Jack Reynolds will work to restore the principles of Jesus' teachings to our government. For example, we need to return Bible teaching to our public schools. We need to base all governmental decisions on the Holy Bible. Our first Democratic President, Andrew Jackson, said that the Bible is "the rock on which our republic rests."

If we turn to Jesus and the scriptures for help we will be blessed and prosperity will return to our nation. President Abraham Lincoln said in his Proclamation for a National Fast Day March 30, 1863 that we Americans must "recognize the sublime truth, announced in the Holy Scriptures and proven by all history, that those nations only are blessed whose God is the Lord."

Psalm 33:12 "Blessed is the nation whose God is the Lord."

Psalm 9:17 "The wicked shall be turned to Hell, and all the nations that forget God."

ANNOUNCING MORE DETAILS OF JESUS' FREE GIFT

1. Each and every one of us have sinned. Nobody is perfect or sinless. Romans 3:10 "As it is written, there is none righteous, no, not one." Romans 3:23 "For all have sinned, and come short of the glory of God."

2. Jesus Christ (GOD) came to Earth to serve as a sacrifice for your sins. He was killed, buried, and rose again three days later. God paid the penalty for your sins because he loves you so much. Romans 5:8 "But God commendeth His love toward us, in that, while we were yet sinners, Christ died for us."

3. God's free gift of salvation is available to you if you ask for it. Romans 6:23 "For the wages of Sin is death; but the gift of God is eternal life through Jesus Christ our Lord." Romans 10:13 "For whosoever shall call upon the name of the Lord shall be saved."

4. This free gift of salvation is very easy to get for yourself. Acts 3:19 "Repent ye therefore, and be converted, that your Sins may be blotted out . . ." Acts 16:30-31 ". . . what must I do to be saved? And they said, Believe on the Lord Jesus Christ, and thou shall be saved . . ." Romans 10:9 "That if thou shall confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved." Acts 4:12 "Neither is there salvation in any other, for there is none other name under heaven given among men, whereby we must be saved."

Remember, salvation for you is easy. Simply turn from sin, and trust Jesus Christ as your Lord and Savior.

PRESENTING THE BIBLE'S ANSWERS TO YOUR DOUBTS

Doubt: "I do not believe in Hell, or that anything bad will happen to me if I do not Repent and Trust Jesus as Lord and Savior."

Answer: II Corinthians 5:10 "For we must all appear before the judgment seat of Christ . . ." Romans 14:12 "So then, every one of us shall give account of himself to God." Revelations 20:15 "And whosoever was not found written in the book of life was cast into the lake of fire."

Doubt: "I do not have to do anything else to get to Heaven because I attend church every Sunday, tithe, was baptized, and do good works."

Answer: Isaiah 64:6 ". . . all our righteousnesses are as filthy rags . . ." Ephesians 2:8-9 "For by grace are ye saved through Faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast."

Doubt: "I am afraid if I turn from sin and accept Jesus Christ as my Lord and Savior, I might sin later and lose my salvation."

Answer: John 10:28 "And I give unto them eternal life: and they shall never perish, neither shall any man pluck them out of my hand." Romans 8:1 "There is therefore now no condemnation to them which are in Christ Jesus."

Doubt: "I have sinned too much. Jesus would never want me."

Answer: Isaiah 1:18 ". . . though your sins be as scarlet, they shall be as white as snow . . ." Luke 5:32 Jesus spoke: "I came not to call the righteous, but sinners to repentance."

Doubt: "I can wait to accept Jesus. There is no hurry."

Answer: You could die anytime. Proverbs 27:1 "Boast not thyself of tomorrow; for thou knowest not what a day may bring forth." II Cor. 6:2 ". . . behold, now is the accepted time; behold, now is the day of salvation."

What should you do now that you have accepted Jesus as your Lord and Savior? 1. Be Bold. Tell friends and strangers alike about Jesus. 2. Read the Bible (King James version only) everyday. 3. Meet with other Christians to study the Bible and praise the Lord. Be careful. Don't join any church that doesn't worship Jesus as Lord and win souls for Jesus.

DO NOT DELAY. TRUST JESUS TODAY.

Secretary of State

BARBARA ROBERTS

OCCUPATION: State Representative, Majority Leader of the Oregon House.

OCCUPATIONAL BACKGROUND: Small business accounting, construction firm office management, bookkeeper, consultant, secretary.

EDUCATIONAL BACKGROUND: Portland State University (1962-65), Accounting and General Studies.

PRIOR GOVERNMENTAL EXPERIENCE: (Elected or Appointed): House Majority Leader (1982-84); State Representative (1980-84); Multnomah County Commissioner (1978); Mt. Hood Community College Board (1978-82); Parkrose School Board (1973-83); Chair, Juvenile Services Commission (1979-82); House Revenue Committee (1981-83); State Advisory Council for Emotionally Handicapped Children (1971-73).

COMMUNITY SERVICE: Multnomah County Library Board, Woodland Park Hospital Board, Mt. Hood Community Mental Health Center, 16-year Democratic Precinct-person.

MEMBER: League of Women Voters; Business and Professional Women; Main Street Oregon; NAACP; Oregon Women's Political Caucus; Democratic Business Forum.

BARBARA ROBERTS, CITIZEN

Barbara Roberts, a fourth generation Oregonian, is 47 years old. Born in Corvallis, she graduated from high school in Sheridan. She worked for a dozen years for small businesses in accounting and office management. As her two sons (one handicapped) grew older, she became more and more active in community efforts that might help their lives—education, public service, job opportunities, juvenile services.

Barbara became a part-time, unpaid lobbyist for handicapped children, a school board member, a county commissioner, and finally a legislator and Majority Leader of the House.

From the beginning, as volunteer or elected official, she took leadership roles in scores of boards and commissions, including those for community health programs, juvenile services, school athletics, tax equalization, special education, hospitals and libraries, to name a few.

"Roberts' bubbly enthusiasm is buoyed by a solid background in public service . . ."

Pendleton East Oregonian, 2/29/84

BARBARA ROBERTS AS A LEADER

As Secretary of State Barbara will continue her commitment to quality in public service and leadership.

"Intelligent, dynamic and honest only partly describes Barbara Roberts. Her history is one of effective leadership, as school board member, Multnomah County Commissioner and legislator. She has the ability to understand issues, the intelligence and political savvy to effect change. She cares about people and cares about Oregon . . . It won't be easy to find (a candidate) more capable or qualified than Roberts."

Redmond Spokesman, 9/21/83

"If statewide officials . . . would speak up about revenue issues,' Roberts contended that they could unite the Legislature and the people of Oregon in an effort to ease the state budget problems and strengthen its economy."

McMinnville News-Register, 2/15/84

BARBARA ROBERTS AS A STRONG ADMINISTRATOR

A major responsibility of the Secretary of State is to be a good administrator. She must supervise a staff of 130 people and a budget of \$12.2 million. The task includes that of Chief Elections Officer, State Auditor, recorder of Uniform Commercial Code records, custodian of official State records, and publisher of the Oregon Blue Book and the Voters' Pamphlet.

"Roberts has 20 years of experience in elective office at 'almost every level,' a background in small business and accounting . . ."

Klamath Falls Herald & News, 2/10/84

BARBARA ROBERTS AS OUR AUDITOR-WATCHDOG

Barbara's years of responsibility for budgets on commissions, school boards, the county, and in the Legislature—added to her business experience—make her ideal for the Secretary's job. Timely and thorough audits of state agencies encourage more careful spending of tax dollars and strict adherence to law. Barbara will press for another important step forward in this "watchdog" role: "performance audits" that reveal how efficient and effective the agencies are in performing their missions.

BARBARA ROBERTS AND OUR STATE LANDS

As you know, the State Land Board is crucial to our economy and our environment. The three members—the Governor, the Secretary of State, and the Treasurer—make the policy decisions and the land transactions affecting almost two million acres of state-owned lands benefiting the Common School Fund.

"She wants to bring policies of the State Land Board to the public's attention . . . Her membership would lend partisan balance to the Board . . ."

Curry Coastal Pilot, 11/16/83

BARBARA ROBERTS AS CHIEF ELECTIONS OFFICER

There must be no shadow on the integrity, efficiency and openness of Oregon's elections. Barbara will diligently enforce the laws and search constantly for better ways to inform the voters, clarify ballots, and keep the Voters' Pamphlet open to all sides on election issues.

Barbara's long-term interest in election law and election finance have been demonstrated by her work in the Democratic Party and as a member of the Interim Task Force on Election Law Revision.

BARBARA ROBERTS—SHE'S EARNED YOUR TRUST

State Treasurer

GRATTAN KERANS

OCCUPATION: Publications Design.

OCCUPATIONAL BACKGROUND: Self-employed small businessman, journalist, editor.

EDUCATIONAL BACKGROUND: Montgomery College, Takoma, Maryland, two years; University of Oregon, one and one-half years.

PRIOR GOVERNMENTAL EXPERIENCE: Elected five terms to Oregon House of Representatives, 1974-84; Speaker of the Oregon House, 1983-84.

**GRATTAN KERANS
A NEW STANDARD OF LEADERSHIP**

Oregon can no longer afford indecision and drift from our state government. We must break the habit of lowering our expectations to fit the abilities of average politicians. Instead, we must demand high standards for public service, and seek out men and women who match them. GRATTAN KERANS is such a person. He has always imposed the highest standards of leadership, service, and effort upon himself.

"Kerans is accustomed to pressure, long hours, and intense decision making."
—*Northwest Magazine*, 7/24/83

"House Speaker Grattan Kerans gave strong, intelligent guidance throughout those tense proceedings and was in no small measure responsible for satisfactory performance on his side of the capitol."
—*Eugene Register-Guard*, 7/17/83

"Kerans was the Legislature's most constructive force for finally achieving, through compromise, the assembly's major mission . . ."
—*Portland The Oregonian*, 10/9/83

**GRATTAN KERANS
FOR STATE TREASURER**

The State Treasurer is one of the most important positions of leadership we have. As the chief investment officer for the state, the Treasurer is charged with the management of billions of dollars of public funds. GRATTAN KERANS believes the responsibility of the Treasurer is to the people whose money is being invested. As a trustee of public pension funds, Grattan Kerans firmly believes his obligation is for prudence and maximum benefit for current and retired public employees.

**GRATTAN KERANS
A STANDARD AND A TRADITION**

In each of the financial duties of the Treasurer, Grattan Kerans will continue the fine traditions of Democrats—like Bob Straub and Jim Redden—who have been Oregon's State Treasurers in the past. Grattan Kerans will efficiently manage the state and local government accounts to insure the best returns available with the lowest risk.

**GRATTAN KERANS
AND A RESPONSIBLE STATE LAND BOARD**

As a member of the State Land Board, Grattan Kerans will put the public trust first. Grattan Kerans believes that our state lands must be managed for today's public benefit and for tomorrow's generations. He will insure that fair value is received from the private use of our public resources.

**GRATTAN KERANS
CAREFUL WITH A DOLLAR**

Oregonians depend on their State Treasurer to carefully and prudently manage the state's money. Grattan Kerans will not tolerate inefficiency or waste. In 1983 alone, he . . .

• **WROTE THE BALANCED BUDGET BILL**

"Kerans' bill would require future governors to submit to the Legislature budgets that were balanced with existing revenues. A governor's proposed budget could not require tax increases in order to achieve that balance."
—*Portland The Oregonian*, 5/13/83

• **REDUCED THE COST OF THE LEGISLATIVE SESSION**

"The House reduction could be the result of a bipartisan effort by Speaker Grattan Kerans and Minority Leader Larry Campbell who both encouraged lawmakers not to get too lawhappy, because of the costs involved."
—*Ashland Daily Tidings*, 2/23/83

• **KILLED AN INCREASE IN LEGISLATORS' BENEFITS**

"Our hats off to House Speaker Grattan Kerans. In fact, we view his parting action before adjourning the House Friday night as one of the more courageous accomplishments to come out of the recent legislative session—though many of his fellow legislators doubtless would not agree."
—*Hillsboro Argus*, 7/20/83

• **WROTE THE NO-WORK, NO-PAY BILL**

"Oregon House Speaker Grattan Kerans thinks legislators who have no work to do and who aren't even at the Capitol—shouldn't draw their daily \$44 expense payments during the special session."
—*Grants Pass Daily Courier*, 9/22/83

**GRATTAN KERANS
A STANDARD FOR INTEGRITY AND HARD WORK**

Grattan Kerans establishes the high standards we should expect from our officeholders when he says,

"Oregonians expect no magic from government, anymore than we hope for miracles in our own enterprises. But we do expect the same level of energy and skill in the pursuit of public goals as we put forth in our private endeavors."

**GRATTAN KERANS
A CHALLENGE FOR THE FUTURE**

Grattan Kerans gives us that extra effort. He is careful with a dollar. He will be creative in addressing our economic challenges. As he says,

"Oregon wants leaders who will do everything possible to improve opportunities for Oregon business and Oregon workers. We want leaders who will do everything possible to develop a realistic and practical strategy to expand the economic base. I will be guided by one standard in developing proposals for economic growth—WILL IT WORK FOR OREGON."

**GRATTAN KERANS
WILL BE OUR NEXT STATE TREASURER**

" . . . Kerans is serious about the treasurer's race. And if anything in Kerans' background bears remembering, it's that he has a history of overcoming obstacles political insiders had said he couldn't overcome."

—Ron Blankenbaker, Columnist,
Salem Statesman-Journal, 11/27/83

GRATTAN KERANS will become our next State Treasurer in the old-fashioned way—he's going to EARN it!!

DEMOCRAT FOR

Attorney General

VERN
COOK

OCCUPATION: Lawyer, private practice since 1952.
OCCUPATIONAL BACKGROUND: City Judge, Attorney.
EDUCATIONAL BACKGROUND: LL.B., University of Oregon;
B.A., Reed College; Gresham High School.
PRIOR GOVERNMENTAL EXPERIENCE: Senator/Representative, Oregon Legislature, 1957-1981. Chairman Senate Judiciary, Revenue, Natural Resources, Military Affairs Committees; House Local Government Committee.

A Message To Oregon Voters From Vern Cook, Democratic Candidate For Attorney General.

Oregon's Attorney General is the chief legal officer for the people of the State of Oregon, acting through their executive and legislative branches of government. The responsibility of the Attorney General (AG) is unique. The AG is neither a judge nor a hired hand for the executive branch of government, i.e., the governor and other elected state officials. It is the responsibility of the Attorney General to advise the legislators as to the effect of legislation they propose and to advise the executive branch as to the meaning of laws which have been adopted. In addition, certain legal administrative responsibilities have been imposed upon the office. As the only statewide elected official, the AG owes a special responsibility to all of the people of Oregon.

With the high level of responsibility imposed upon the Attorney General, there is a correspondingly great need for special competence, integrity, objectivity and quality of leadership in the right direction. It is here that questions have been raised with respect to the incumbent, the present holder of that office. It is because those questions have not, but should be, answered, that I have decided to seek the Democratic nomination for Attorney General.

Here are my qualifications:

I have been a member of the Oregon Bar and of the Oregon Federal District Bar for over 30 years. I have tried cases at all levels of the court system. I have served as a city judge and as a city, water district and school board attorney. I have handled numerous appeals before the Oregon Supreme Court and the Courts of Appeals at both the Oregon and Federal levels.

In 1980, when Attorney General Redden resigned, the Oregon Trial Lawyers' Association recommended that I be appointed as his successor. I was not appointed because Governor Atiyeh, a Republican above everything else, appointed as the law mandated Democratic replacement, a Democrat who promised not to run for election. This cleared the way for the incumbent's election.

As a 24-year member of the Oregon Legislature, I had extensive experience in the making of laws which will be invaluable to me as Attorney General. During that time I chaired the Senate Judiciary Committee and co-chaired the committee responsible for the adoption of the Oregon Rules of Civil Procedure. I chaired the Senate Revenue Committee for eight years and became intimately familiar with Oregon's tax system. At one time or another, I served on almost every major legislative committee except Ways and Means.

As a forthright legislator, I made many friends and many enemies because of my candor. Honesty is a moral strength but political candor makes many powerful political enemies, especially among the greedy special interests. During my 24 years in the legislature and 31 years as a lawyer, while many have opposed my advocacy and my point of view, no one has ever questioned my honesty or integrity.

The legal competence and fairness of the incumbent in exercising the duties of his office should be the issue of this election. His conduct in connection with the recent sales tax fiasco illustrates the need for a new Attorney General.

One of the primary public responsibilities of the Attorney General is to prepare ballot titles and summaries for all state level initiated and referred measures. In 1952, Attorney General Robert Y. Thornton ran and was elected on a promise that he would prepare fair, accurate and understandable ballot titles. The title and summary of the proposed sales tax measure written by the incumbent AG for that measure was so biased in favor of it, inaccurate and deceptive, that the Supreme Court threw it out. They substantially adopted the substitutes suggested by Representative Wally Priestley and Senator Edward Fadeley.

In connection with the protracted and interminable argument and controversy over the referral of two constitutional amendments related to the sales tax, thrown out by the Supreme Court on its own initiative, the incumbent AG stood by and never questioned the obviously unconstitutional method by which the Legislature referred it. Even when supporters of the sales tax measures brought a sweetheart lawsuit, trying only to knock out certain language, but trying to keep the sales tax measure on the ballot, the incumbent raised no objection to the way the proposal was submitted. Instead, he tried to get the lawsuit thrown out on a technicality. He should have advised the legislature during its session that the referral method was unconstitutional. He should have argued before the Supreme Court that the measure should not go on the ballot. The Supreme Court ruled the measure off the ballot but with no help from the incumbent.

I fight hard for what I believe and for my clients. As Attorney General, I would be the people's lawyer, giving straight, honest answers, letting the chips fall where they may.

I want to work for you as your Attorney General and I ask for your vote.

Sincerely, Vern Cook
519 NE 4th Street
Gresham. 665-8145

EDUCATIONAL BACKGROUND: Oregon College of Education, B.A.; Estacada High School Graduate.

PRIOR GOVERNMENTAL EXPERIENCE: As an intern for the State Senate Energy Committee worked to find solutions to Oregon's energy problems.

MILITARY EXPERIENCE: Four years service, U.S. Marine Corps, including one year in Vietnam.

DOUG MATNEY KNOWS MARION AND YAMHILL COUNTIES

Doug Matney is a native Oregonian. Doug, 37 years old, owns a home in Silverton where he lives with his wife and two daughters. Doug Matney has worked throughout District 15, and he believes the people here have many good ideas. Doug will listen to your ideas and actively support your views in Salem.

DOUG MATNEY BELIEVES we can do better in the Oregon Legislature. Doug's highest priorities will be to:

- Help our local businesses survive and grow.
- Balance our budget without new taxes for the middle- and low-income people.
- Protect the integrity of Oregon's small farms.
- Make changes in the judicial system so that the criminal is punished for his crime, not the victim or society.

DOUG MATNEY WILL REPRESENT THE PEOPLE NOT THE SPECIAL INTERESTS.

Matney knows Yamhill and Marion Counties need a Senator who is independent of the special interests. Doug is not an automatic vote for one side or the other. He wants what is best for us. Doug has the personal skills, the knowledge and the drive to make sure our voice is heard.

DOUG MATNEY—PART OF A NEW GENERATION OF LEADERSHIP FOR OREGON.

Oregon needs new blood in the Legislature. Doug Matney can make a difference in Salem.

JEFF
GILMOUR

OCCUPATION: Farmer.

OCCUPATIONAL BACKGROUND: Fourth generation farmer in the same farming community.

EDUCATIONAL BACKGROUND: Oregon College of Education.

PRIOR GOVERNMENTAL EXPERIENCE: Your state representative since 1973. Member, Emergency Board 1979-84; House Chairman, Joint Committee on Trade & Economic Development 1983-84; Co-Chairman, Ways & Means Committee 1979 and 1981; House member, State Employees Benefits Board.

JEFF GILMOUR

A RECORD OF EFFECTIVE, EFFICIENT WORK
FOR THE PEOPLE OF HOUSE DISTRICT 30

JEFF GILMOUR . . . Respected

Jeff Gilmour's consistent, common-sense approach to problems has earned him the full respect of Democrats and Republicans alike.

"Gilmour is widely respected for his straightforwardness in an arena dominated by grandstanding and political gamesplaying."
Statesman-Journal 4/18/82

JEFF GILMOUR . . . Conscientious

Jeff Gilmour has truly represented the people in his continuing fight to keep taxes down. Over the years he has insisted that government live within its means. Gilmour believes Oregon's elected officials should set an example and that's why he has led the fight to cut the salaries and expenses of Legislators.

"We have found Gilmour to be one mid-valley Legislator who approaches his job with common sense . . . who is tightfisted with appropriations and wary of higher taxes."
Albany Democrat-Herald 10/22/82

JEFF GILMOUR . . . Hard-working

Jeff Gilmour is a working farmer who has fought hard to protect and represent small businessmen because he knows their success is vital to the economic health of Oregon. As Co-Chairman of the Joint Trade & Economic Development Committee, Jeff Gilmour worked to broaden and strengthen Oregon's economic base to create more jobs.

"As a conservative Democrat, his concerns parallel those of his constituents . . . his colleagues find him to be a hard worker, a willing listener."

JIM
HILL

OCCUPATION: Personnel Management, State Farm Insurance.

OCCUPATIONAL BACKGROUND: Attorney, Independent Businessman.

EDUCATIONAL BACKGROUND: Law Degree; Master of Business Administration; B.A., Economics.

PRIOR GOVERNMENTAL EXPERIENCE: State Representative; Oregon Assistant Attorney General; Hearings Officer, Oregon Department of Revenue.

DURING A ROUGH LEGISLATIVE SESSION, JIM HILL HAD THE COURAGE TO STAND UP FOR YOU.

ECONOMIC DEVELOPMENT—JIM HILL fought to create jobs by helping Oregon's businesses.

JIM HILL introduced bills that:

- exempted the first \$15,000 of small business income from taxation;
- provided a deduction for small businesses for the gain from the sale or exchange of property that is reinvested in the business;
- created a separate, lean and efficient Tourism Commission to promote the industry that can bring money into the state quickly.

JIM HILL voted:

- **FOR** the bill that preserved land use planning but eliminated the bureaucratic red tape;
- **AGAINST** bills that unnecessarily increased the cost of workers' compensation insurance;
- **FOR** the bill that allows for continuance of unemployment benefits while workers who have lost obsolete jobs are retrained for new jobs.

CRIME—JIM HILL voted **FOR** bills that were tough on criminals; that compensated and assisted victims of crimes; that cracked down on drunk driving; and for more prison space—located outside of Marion County.

TAXES—TAX REFORM: **JIM HILL** introduced a bill to make our income tax simple and fair to all taxpayers.

PROPERTY TAX RELIEF: **JIM HILL** voted for your **RIGHT** to vote yes or no on the sales tax plan that would have cut property taxes to homes and businesses by over 40%.

JIM HILL voted **AGAINST** raising your income taxes to balance the state's budget.

In 1982 you did what many thought was impossible, elected a black Democrat in our district. It was no surprise to me, because in my genuine effort to knock on every door I found only openness and receptivity. In representing you I've worked hard and tried to be open, fair and independent. I hope that you will again give me the privilege of representing you.

DAVID GOMBERG—**RECOGNIZED** as Outstanding Young Man in 1981 and 1983. Recipient of Distinguished Service Award from City of Salem. Honored with the **LIBERTY AWARD** for fighting racism and bigotry.

SOLID INVOLVEMENT and ONGOING COMMITMENT

- "Gomberg's fighter's attitude, sense of justice and bargaining savvy became evident as he spent each day pushing to make things at least a little better for Joe Average . . . We're impressed."
(Daily Barometer, 5-25-77.)
- "David Gomberg . . . impresses us as having many of the qualities of a young Neil Goldschmidt."
(Statesman-Journal, 11-1-80.)
- ". . . Significant contributions in promoting and maintaining effective local government."
(Salem DSA Citation, April 1983.)
- "Your talent, energy and patience were essential to the legislative process and to the issues concerning women in particular."
(Oregon Women's Political Caucus Endorsement, February 1984.)

OCCUPATIONAL BACKGROUND: Farmer, Cheney, Washington (15 years); four years in Army Air Force; Sales and Service, 3-M Company (11 years).
EDUCATIONAL BACKGROUND: Graduate Warden High School, Warden, Washington; Associate Degree in Electronic Engineering, Portland Electronics College.
PRIOR GOVERNMENTAL EXPERIENCE: None.

Our nation faces its most serious crisis since World War II. Our economy is in shambles. The perverse drug/counter-culture has nearly destroyed a whole generation. A deceptive environmentalist movement backed by a corrupt judiciary has decimated our basic industries. And now, the Soviet Red Army is on the march with unmatched military power, as Russia expands its empire in Lebanon and elsewhere. But our elected representatives have not yet learned that appeasement started the last world war. They allow financial speculators to destroy our credit system with high interest rates, decriminalize drug use, and help the big money foundations shut down basic industry such as timber with "environmentalist" policies.

We citizens must take the country back from the professional politicians, the university academics, the nuclear freezers, environmentalists and other immoral windbags. This is why I have joined the citizens slate of Democratic Presidential candidate Lyndon H. LaRouche. I did not fight World War II to see yet another group of dictators in the Kremlin threaten to destroy civilization in a new World War, or to see the U.S. succumb to another great depression.

There are no local solutions to Oregon's problems. We need the following:

1) A national defense emergency mobilization based on a new Manhattan Project to build anti-missile laser beam weapon systems to prevent nuclear attack. And we must drive Henry Kissinger, Mark Hatfield and other appeasers out of public office.

2) We must bring the Federal Reserve System under control of the Federal Government and return to the gold standard.

OCCUPATION: President of Nazarene Outreach Worldwide (An organization assisting evangelical missionaries around the world.)
OCCUPATIONAL BACKGROUND: Construction Company Owner; Electrical and Lighting Firm Owner; Planning Consulting Firm Owner.
EDUCATIONAL BACKGROUND: Bachelor of Science Degree, Portland State University.
PRIOR GOVERNMENTAL EXPERIENCE: Designed land use plans for political subdivisions. Worked on a task force which reviewed existing land use along the Oregon coast during Governor McCall's administration.

PERSONAL: Yvonne is 34 years old and is married to Darrell Martin. They have one son, Alexander.

YVONNE MARTIN—Volunteer activities include four years with First Church of the Nazarene Mission Program from 1979 to the present; currently teaching mathematics on a volunteer basis to elementary students; taught German to third and fourth grade students.

YVONNE MARTIN—Well-educated in land use planning, economic development, foreign relations, and human resources.

YVONNE MARTIN—Would be an asset in economic development because of her extensive traveling and contacts in various Western European countries including The Netherlands, France, Belgium, Germany.

YVONNE MARTIN—Experienced with the problems currently facing residential and commercial contractors. Established her own construction firm.

YVONNE MARTIN—Owned, managed two lighting and electrical firms located in Oregon. Knowledgeable regarding problems confronting small and large businesses.

YVONNE MARTIN—Versatile in land use planning. Owned, organized, and coordinated planning consulting firm in Southern Oregon.

YVONNE MARTIN—Believes that the major problem areas that the state legislature must address are:

- (1) The state's failure to attract new industry that would substantially reduce our high unemployment.
- (2) Property taxes.
- (3) Problems in school financing, and improvement of the quality of our children's education.
- (4) Problems concerning the disparity of wages between women and men that are employed by the State of Oregon and all other political subdivisions.

YVONNE MARTIN—Believes we have a precious legacy of freedom to protect and build upon instead of allowing our apathy to destroy it.

YVONNE MARTIN—Believes that prayer should be allowed in schools if desired.

Precinct Committeeperson

STATE QUALIFICATIONS

Electors of the Republican party may elect at the primary election a Precinct Committeeperson of each sex for every 500 electors, or major fraction thereof, who were registered to vote in the precinct on January 31 of the year of the primary election.

In any event, electors of the Republican party in a precinct shall be entitled to elect not less than one committeeperson of each sex in the precinct. No person, however, shall hold office as committeeperson in more than one precinct.

A member of the Republican party may become a candidate for Precinct Committeeperson of the precinct in which the person is registered, or of a precinct within the same county adjoining that precinct, by filing the declaration of candidacy described in ORS 249.031. No filing fee is charged.

A person who has been registered to vote as a member of the Republican party for 180 days before the primary election may also be elected by write-in votes in the precinct of residence or in an adjoining precinct in the same county.

Unless a qualified person receives at least three votes, no person shall be deemed to have been elected as Precinct Committeeperson and the office of committeeperson shall be vacant.

Not later than the 17th day after the primary election, the county clerk shall mail a certificate of election to each newly elected committeeperson. Those committeepersons elected by write-in votes will also receive an "Acceptance of Office" form which must be signed and returned to the county clerk not later than the 24th day after the primary election.

The term of office for a Precinct Committeeperson is from the 24th day after the date of the primary election until the 24th day after the date of the next following primary election.

Except as provided in ORS chapter 260, a Precinct Committeeperson shall not be considered a public officer.

SPECIFIC DUTIES

Precinct Committeepersons constitute the County Central Committee of their party. This is the highest party authority in county political matters; it may adopt rules or resolutions for any matter of party government which is not controlled by laws of this state.

Precinct Committeepersons are the voting delegates to the appropriate congressional district conventions of the major political party with which they are affiliated. Delegates to national conventions and presidential electors are selected at the district conventions.

An elected committeeperson who represents a precinct which is subsequently combined, consolidated or abolished shall continue to be a member of the County Central Committee until the next regular election for Precinct Committeeperson.

A vacancy in the office of Precinct Committeeperson occurs when the committeeperson resigns, changes residence outside the precinct, changes political party affiliation, dies or is recalled. When a vacancy occurs, the county clerk shall remove the name of the person from the official roll; declare that office of Precinct Committeeperson to be vacant; and notify the appropriate County Central Committee.

The members of a County Central Committee may select a member of the major political party who is registered in the precinct in which the vacancy exists, or an adjoining precinct in the same county, to fill a vacancy in the office of Precinct Committeeperson. The County Central Committee shall make written notice of the selection to the county clerk. The person so selected shall have the same powers, duties and privileges as an elected committeeperson.

REPUBLICAN PARTY RESPONSIBILITIES

1. A Precinct Committeeperson communicates with neighbors in his or her precinct and tells their concerns to Republican officeholders and candidates.
2. A Precinct Committeeperson attends the County Organization Meeting and elects county Republican leaders. This meeting occurs not more than 50 days after the election.
3. A Precinct Committeeperson helps register new Republicans.
4. A Precinct Committeeperson helps turn out Republican electors on election day.
5. A Precinct Committeeperson attends the Congressional District Convention, held every four years, at which National Convention delegates are selected.
6. A Precinct Committeeperson helps organize the county Republican activities and works for Republican candidates at the national, state and local levels.

WHERE WE ARE

Four years ago, I began my message to Oregonians with this same heading: "Where We Are." I reported that America faced the greatest challenge in our post-war history.

Our nation's defenses were dangerously weak. We had suffered humiliation in Iran, and there was the sense that we had lost the respect of friend and foe alike.

Our nation lacked leadership. Even in Washington our elected officials failed to trust in the courage and character of Americans, attributing our problems to a national "malaise."

Worst of all, years of Government overindulgence and abusive taxation had left us in the worst economic mess since the Great Depression. Stagflation and the energy crisis, watchwords of the '70s, seemed to suggest the inevitable decline of America's economic power.

AMERICA IS BACK

We have come a long way in these last three years. Americans were ready to make a new beginning. Now there is a renewed energy and optimism throughout the land. America is back and standing tall, looking to the '80s with courage, confidence, and hope.

In the five years before I took office taxes doubled. Inflation rose to over 13 percent in 1979 and to 15 percent in March of 1980. Interest rates were over 21 percent, the highest in 120 years. Industrial production and real wages were down.

The only things going up were prices, unemployment, taxes, and the size of government. Mounting inflation and increasing taxes reduced the reward for hard work, thrift, and risk taking.

In 1980 I offered a plan for economic recovery, and we achieved what the cynics said could never be done: real economic growth AND a reduction in inflation and unemployment rates. I delivered the first across-the-board tax cut in 20 years and Americans saw an

increase in their real after tax income. The prime interest rate has been cut in half. New homes are being built and sold; consumer spending is rising rapidly. Over four million Americans found jobs last year, one of the greatest employment gains in over 30 years.

My Administration also drastically reduced inflation—the cruelest tax of all—while continuing to deliver a broad range of social services to those Americans truly in need. The 1979-1980 inflation robbed a poor family on a \$10,000 fixed income of \$2,000 in buying power. That crippling 12.4 percent rate has been cut to 3.8 percent last year.

My Administration also redirected social benefits to the neediest Americans. Combined federal and state spending for AFDC—a major welfare program—increased by some \$600 million between 1980 and 1982. More poor children received free school lunches last year than in 1980, and 2.3 million more people received food stamps. Also, there will be about 400,000 more Medicaid beneficiaries in 1984.

Because of this combination of reduced inflation and taxes, and targeted social spending, all Americans are better off now than they were four years ago.

WORLD LEADERSHIP

America is also back as a world leader. We put behind us the national tragedy of the Iranian hostage crisis. We put behind us the period of great national self-doubt that had replaced our traditional American optimism. And we began to rebuild our national spirit and our national defenses. We know the tide of the future is a freedom tide, and that America's new strength and sense of purpose will carry hope and opportunity far from our shores.

America must continue to seek international stability and peace, and to strive to remove the threat of nuclear war. We must work to achieve real reductions in both American and Soviet armaments with the long range goal of banning all nuclear weapons. We are committed to peace, but my Administration has also recognized that peace must be more than a slogan. True peace rests on the twin pillars of dialogue and defense—meaningful arms reductions talks and strong deterrent forces.

THE UNFINISHED WORK

Despite all our progress, our work is not finished. We can take freedom's next step if we unite behind four great goals to keep America free, secure, and at peace for the eighties. We must:

1. Ensure steady ECONOMIC GROWTH:

We are committed to our program of tax relief and steady economic growth. Common sense requires that government limit spending, not raise taxes.

2. Develop space, America's NEXT FRONTIER:

I have proposed initiatives to develop U.S. potential in space through the construction of a permanent manned space station, and the promotion of private sector investment in space.

3. Strengthen our TRADITIONAL VALUES:

America is enjoying a renaissance in the traditional values of faith, family, work, and neighborhood. I will support this by continuing to push for a voluntary school prayer amendment, tuition tax credits, and legislative restrictions on abortion.

4. Continue to build a MEANINGFUL PEACE:

We are committed to peaceful relations with the Soviet Union and for reductions in strategic arms. We will also help develop stable democratic institutions around the world knowing that only under democracies are peace and human rights guaranteed.

United States Senator

**MARK O.
HATFIELD**

OCCUPATION: United States Senator.

OCCUPATIONAL BACKGROUND: Assistant Professor Political Science, Dean of Students, Willamette University, 1949-1957. Lt. j.g., U.S. Navy, 1943-1945. Commanded landing craft Iwo Jima and Okinawa. Duty during occupation of Japan and China Civil War.

EDUCATIONAL BACKGROUND: Graduated Salem High School, 1940. B.A. Willamette University, 1943. M.A. Stanford University, 1948. Recipient of various honorary degrees.

PRIOR GOVERNMENTAL EXPERIENCE: State Representative, 1951-1955; State Senator, 1955-1957; Secretary of State, 1957-1959; Governor, 1959-1963 and 1963-1967. Elected United States Senator 1966; reelected 1972, 1978.

Senator Mark Hatfield, the man who has accomplished so much for Oregon, is the man Oregonians know and trust.

This is understandable because he frequently returns to Oregon to meet with the people, to listen to their concerns, answer their questions, and make clear his stands on the issues of the day.

A fiscal conservative, he has voted against every increase in the national debt and supports a mandatory balanced federal budget.

At the same time he has used his considerable seniority in the U.S. Senate and the Chairmanship of the powerful Senate Appropriations Committee to bring projects to Oregon to create jobs and undergird the economy.

THE MAN WHO WORKS FOR OREGON

Much of his time is spent fighting for approval of projects which benefit farmers, small businessmen, fishermen, shippers, longshoremen, the timber industry, and other job producing groups in Oregon.

He has secured funding for agricultural research, a second powerhouse at Bonneville Dam, sewer facilities for Multnomah County, major jetty improvements along the Oregon Coast, a water supply reservoir in Eastern Oregon, a research program at the Marine Science Center, replacement of the Veterans Hospital in Portland, flood prevention projects near Heppner, and new research facilities at Oregon Health Sciences Center.

While vital to Oregon because they produce payrolls and jobs, many of these projects will help pay for themselves by returning dollars to the federal treasury and thus do not place heavy burdens on the taxpayers.

Senator Hatfield has also been a driving force in securing passage of legislation important to the state. He helped develop legislation to protect the Columbia Gorge, was instrumental in gaining passage of an amendment assuring that Oregon veterans claiming tax credits for energy conservation did not have to pay additional tax, and was the key figure in a bill which restored tribal status to the Siletz, Cow Creek, and Grand Ronde Indians.

OREGON'S PIONEER FOR THE FUTURE

Now the state is entering an era of change when decisions must be made and actions taken to assure a prosperous future and a solid economy which will provide adequate jobs for all Oregonians.

Senator Hatfield believes we are entering a pioneering era, one in which we must open the frontiers of science, trade, and natural resources for the benefit of Oregon.

He knows that if we are to succeed that, "... we must forge a creative partnership between federal and state governments, between labor and management, and between science and economic production."

Senator Hatfield believes that:

- There is no reason why Oregon should be cursed with a cyclical economy which nose-dives with heavy rains or rising interest rates.
- There is no reason why Oregon should be primarily dependent upon the domestic marketplace in which to sell its goods when the international markets await us.
- There is no reason why Oregon's ports should be underutilized when we can be a leader in the West in water transportation.
- There is no reason why Oregon should be anything but a national leader in health research and its benefits.
- There is no reason why Oregon should be anything less than the pioneering state it has been throughout history.

THE LEADER PEOPLE KNOW AND TRUST

As we enter this new era, an era in which our goal will be increased prosperity and a broader based, more flexible economy in Oregon, Senator Mark Hatfield is a natural choice to lead.

He can spearhead these efforts because he knows Oregon as few public servants do, having served in the Legislature, as Secretary of State, and Governor. He is known and respected by leaders in business, is a proven friend of education and agriculture.

The people also know he will continue to fight for the rights of women, seniors, and the underprivileged, and he will keep right on solving problems individual Oregonians have with government and its bureaucracy.

Senator Hatfield's office is recognized as perhaps the most responsive, most efficient, and most eager to work on behalf of the people. He and his staff have earned an enviable reputation for quickly and efficiently cutting red tape and fighting for the rights of Oregonians at the highest levels of government.

Now Senator Hatfield has reached a point of seniority which will permit him to do even more for Oregon. This can happen because he knows and understands the people of Oregon and they know and trust him.

HOW YOU CAN GET TO HEAVEN AND NOT TO HELL

JESUS CHRIST IS YOUR ONLY PROVEN AND GUARANTEED WAY TO HEAVEN. Jesus has already paid the penalty for your sins. He was crucified, buried, and rose three days later. He will soon return to judge you.

How can you then get to Heaven? It is easy. Fortunately for you, all you have to do is the following:

1. Admit your need (I am a sinner).
2. Be willing to turn from sin (repent).
3. Believe that Jesus Christ died for you (on the Cross) and rose from the dead according to scripture.
4. Through prayer, invite Jesus Christ to come in and control your life (Receive Him as Savior and Lord).

If you do not Repent and trust Jesus you will have to spend eternity being tortured in the "lake of fire." Don't wait another day. Trust Jesus now.

THIS IS GOD'S WORD

- Romans 3:10 "As it is written, there is none righteous, no, not one."
 Romans 3:23 "For all have sinned, and come short of the glory of God."
 Romans 5:8 "But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us."
 Romans 6:23 "For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord."
 I John 1:7 "The blood of Jesus Christ cleanseth us from all sin."
 Romans 10:13 "For whosoever shall call upon the name of the Lord shall be saved."
 Romans 10:9 "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved."
 Rev. 20:15 "And whosoever was not found written in the book of life was cast into the lake of fire."

INTRODUCING NEW SAFETY AND HEALTH FOR THE UNITED STATES

We must return to a Christ-centered government. All U.S. Senate decisions must be based on God's Word—the Bible.

The United States is a Christian nation. Our colonial laws, governmental proclamations and documents, state constitutions, and statements by our early leaders all prove the Christian heritage of our nation. Also, the U.S. Supreme Court declared the United States to be a "Christian nation" in Holy Trinity Church vs. United States, 143 U.S. 471.

U.S. Supreme Court Justice David Brewster said in a speech to Harvard students in 1903 that "This Republic is classified among the Christian nations of the world."

The Lord Jesus Christ (GOD) blessed our nation when we honored Him. Since we have removed almost every aspect of Christianity from our public and private institutions, especially our public schools, Jesus has removed His blessings from our nation. We will never solve our economic, educational, political and social problems unless we turn the U.S. back to GOD.

Our first Republican President, Abraham Lincoln, recognized this when he proclaimed a National Fast Day in March 30, 1863. In the Proclamation President Lincoln said "The sublime truth, announced in the Holy Scriptures and proven by all history, that those nations only are blessed whose God is the Lord." Psalms 33:12 "Blessed is the nation whose God is the Lord."

WHY FAITH IS YOUR ONLY HOPE

Faith in Jesus Christ is the only way you can get to Heaven. Through Faith you become part of Biblical Israel and one of God's "chosen people." You become an heir to the promises of blessings God made to Abraham. Galatians 3:7 "Know ye therefore that they which are of faith, the same are the children of Abraham." Also, Galatians 3:29 "And if ye be Christ's then are ye Abraham's seed, and heirs according to the promise."

You don't become one of God's "chosen people," or part of Biblical Israel because of your racial, ethnic, or national origin. Jesus does not discriminate. Regardless of your race, nationality, social position, economic status, etc. you can get to Heaven by Repenting of Sin, and trusting Jesus Christ as your Lord and Savior. (Romans 10:12-13 and Romans Chap. 4).

The Bible teaches that if you don't Repent and trust Jesus Christ that you will suffer eternal torment in the "lake of fire." (Revelations 20:10-15, Matthew 25:41, Mark 9:47, 48, etc.).

Why would you want to go to a place of eternal torment when you could accept Christ's free payment of your sins? Don't delay. Ask Jesus Christ into your heart as Savior, and into your life as Lord (II Cor. 5:15). II Cor. 6:2 "Behold, now is the accepted time; behold, now is the day of salvation."

TRUST JESUS CHRIST TODAY.

EDUCATIONAL BACKGROUND: UW/Stevens Point, Wisconsin: 1970—B.S. degree Resource Management Minor in Forestry; ROTC Graduate-served in Army and Vietnam 1970-72; 1975—B.S. degree Physical Education, Minor in Biology and Coaching.
PRIOR GOVERNMENTAL EXPERIENCE: None.

BACKGROUND AND FAMILY: Born in Milwaukee, Wisconsin, February 12, 1947. Moved to Phoenix, Arizona in 1976 and then Tualatin, Oregon in 1979. Wife Nancy and four children, Sammi, Ray, Sauny, and Roby. Active in church and community, and member of Monmouth-Independence Lions Club.

Like President Reagan and many other Republicans, I believe America has steered from sound constitutional principles. The conflict between the free agency of the individual citizen versus the "State" is stronger than ever before in our life times. There are three basic principles that we need to return to: 1. limited government, 2. separation of powers, and 3. equal protection under the law.

The basic struggle in government today is between concentration of power and separation of power. We have gone from independence and self-governing, to dependence and big brother government. Our Founding Father's plan of "informing the people so they can best solve the problem" has deteriorated to an attitude that our problems are "too complex" for the people, therefore only a select few can find the solutions.

There are certain responsibilities no government on earth can handle without destroying itself through an overloaded bureaucracy. When the power is concentrated in one body of government it leads to fraud and corruption. "Power corrupts and absolute power corrupts absolutely." Concentrated power leads to a government that is top-heavy and expensive. This has happened to us! It can be changed however, by "separating" the power from the federal level back to the state level where it belongs.

The basic role of a Senator is to work to keep these powers separated. His responsibility is to keep the federal government's fingers out of the State's treasury. To work at keeping state issues at a state level, and federal issues at the federal level. For instance, taxes should basically be collected by the states, not the federal government. It is not a Senator's job to take money from other states to fund federal programs.

The banner I wave is GOD, COUNTRY, FAMILY AND THE U.S. CONSTITUTION; for without the first you lose the others. I feel it's time to get back to basics in government and education. Back to the separation of power as outlined by our Founding Fathers.

BACK TO THE CONSTITUTION!

"We the people are the rightful masters of both Congress and the Courts—not to overthrow the Constitution, but to overthrow the men who would pervert the Constitution."—Abraham Lincoln.

FEDERAL RESERVE SYSTEM—an unconstitutional monopoly of our money system by private enterprise. The control of our currency belongs to Congress. If we regain control of the Federal Reserve System, the 100 billion dollars a year we pay in interest could be used to reduce our taxes and our national debt.

THE DECLARATION OF INTER-DEPENDENCE—The opposite of the Declaration of Independence in protecting our basic rights and freedoms. Endorsed by the incumbent, this document will concentrate all power to a centralized government. Property rights are totally destroyed along with National Sovereignty. The State determines your rights.

NUCLEAR FREEZE—The issue here is not the guns, but who is running the guns. If we would simply stop the flow of technical knowledge to the Soviet block countries, there would be no arms race. The Soviet system cannot compete with American free enterprise system.

The nuclear freeze would destroy the political independence of the United States in the name of "Peace." It would leave the Soviets with a military advantage with which to blackmail the U.S. It is amazing how many people are offering peace but hate the Creator's Son and His principles. It is sad that Oregon's very own "Soviet" Senator would be the co-sponsor, along with Teddy Kennedy, of such an emotional ruse.

FOREIGN AID—Import-Export Bank and World Bank loans to other countries should be stopped. It is a travesty to allow communist countries low interest rates and moratoriums that cancel their debts, while Americans are losing their farms, homes and businesses due to the high interest rates they are forced to pay. It's time to put Americans first.

- GRAY PANTHERS
- LIONS
- BPOE
- GOSHEN GRANGE

GENE ARVIDSON IS FOR FISCAL RESPONSIBILITY

Congressional spending is out of control. Gene will take a hard look at every spending proposal and use his twenty-five years of business management experience to find savings for Oregon taxpayers.

GENE ARVIDSON: ACTION ON JOBS

Our local economy is still struggling. Gene will provide leadership in job development because of his long background in small businesses. To help restart the economy, he believes a consistent, long-term timber policy must be a high priority.

GENE ARVIDSON: AGAINST GUN CONTROL

Gene is a long time NRA member and supports individual rights. He will oppose gun control legislation. Gene supports a strong law enforcement against criminals using weapons.

GENE ARVIDSON: LAW AND ORDER

Our criminal justice system can do a better job. Gene is committed to make this happen. Gene believes we must reform the insanity defense. We must consider the VICTIMS of crime. We must have mandatory sentencing laws for dangerous and habitual offenders. Quick paroles for criminals while victims suffer is a national disgrace.

GENE ARVIDSON: STRONG ON DEFENSE

Gene has spent many years in the military. He believes in a strong American defense. His experience will provide informed leadership. America's role in the world must be firm and steady.

GENE ARVIDSON: FOR SENIORS AND VETERANS

Our country has been built by today's seniors and protected by veterans who have defended our country in times of great need. Gene believes we must improve our veterans' programs. He knows seniors want to lead lives of dignity and independence.

GENE ARVIDSON: FOR A STRONG FISHING INDUSTRY

Oregon's fishing industry problems are more severe than an ill wind called El Nino. Gene will be a Congressman with first-hand knowledge and experience in the Oregon fishing industry. He will work for improving the resource base and for fair representation of the entire industry.

Representative in Congress 4TH DISTRICT

BRUCE LONG

OCCUPATION: Chairman, Douglas County Board of Commissioners—Elected 1978, Re-elected 1982.

OCCUPATIONAL BACKGROUND: Retail small business owner; instructor of business courses at Umpqua Community College; national sales training instructor for Litton Industries, Business Systems Division.

EDUCATIONAL BACKGROUND: University of Oregon graduate, 1966; one-year postgraduate studies at University of Oregon School of Law; attended Oakridge High School and Roseburg High School.

PRIOR GOVERNMENTAL EXPERIENCE: Executive Committee, O & C Counties; Special Land Use Task Force, Association of Oregon Counties; Western Oregon Health Systems Agency; Land Use Committee, chair, Oregon Coastal Zone Management Association; Board of Directors, Coos-Curry-Douglas Business Development Corp.; Resource Development Committee, O & C Counties; Board of Directors, Oregon-Pacific Economic Development Corp.

Bruce Long, 40, is a fourth generation resident of Douglas County whose pioneer family history dates back to the mid-1800s. His wife, Judy, was born in Coos Bay and raised in Eugene. Bruce and Judy have two children, Brion, 9, and Angela, 7. He and his family attend the First Conservative Baptist Church.

BRUCE LONG'S GOALS: EFFICIENCY, OPENNESS, BALANCE

"People are tired of inflated promises which cannot be kept, of programs which do not work, of politicians who respond to the vocal minority instead of the silent majority."

Bruce Long's goals for the Fourth District are simple and understandable.

The need for a **STREAMLINED, EFFICIENT GOVERNMENT** that understands the principle of living within a budget.

The need for **OPEN, RESPONSIVE, HONEST GOVERNMENT**—saying the same thing at home that is said in Washington, D.C.

The need for **BALANCED SOLUTIONS** to reconcile people with differing viewpoints instead of polarizing their positions.

Bruce Long—by past performance—has proven these themes are, for him, mandates for action.

As a county commissioner, Bruce Long was recognized as "Outstanding Cooperator of 1982" by three Soil and Water Conservation Districts as a result of his efforts in developing a long-range water management program. He co-authored an ordinance which provides county assistance to small woodlot owners who want to reforest their logged-over lands—a first in the nation for county government. Also receiving national attention was the installation of an accounting program based on the principles used in private business. On a statewide basis, Bruce Long co-authored a major land use bill designed to return primary control over land use matters to local government and its citizens. This bill was adopted, in large part, by the 1981 Oregon Legislature.

PROGRAMS FROM HIS ECONOMIC PACKAGE

Bruce Long has focused his campaign on **DETAILED PROGRAMS** that not only tell you **WHAT** he thinks needs to be done . . . but also on **HOW** it should be done:

- **HELPING YOUNG PEOPLE BUY A HOME** by creating a "Home Buyer's Account" similar to the present IRA accounts. First-time home buyers can accumulate—tax free—up to \$2,000 per year for a maximum of seven years solely for the use as a down payment on the purchase of a home. By directly helping to stimulate new housing starts, this program also indirectly benefits our local timber economy.
- **CLAMPING A LID ON EXCESSIVE GOVERNMENT GROWTH** by restricting the number of new government workers that can be hired, based upon a ratio tied to population changes. Bruce Long instituted this program in Douglas County . . . and knows that it works.
- **RESTORING SIMPLICITY AND EQUITY** to our loop-hole laden IRS taxing system through adoption of a "Flat Rate Tax." The Treasury Department estimates that an 11.3% income tax, applied equally across the board, would generate the same revenue that government now receives. The present district-wide average is 16%.
- **STABILIZING THE SOCIAL SECURITY SYSTEM** by requiring a portion of current FICA withholdings for workers under 40 to be placed into Individual Retirement Accounts. While these younger workers are starting to build their personal retirement funds in the **PRIVATE SECTOR**—and thereby reducing their future dependence upon government—they are still providing a necessary contribution to the present Social Security Fund and the recipients who depend upon it.

BRUCE LONG MADE "EFFICIENCY, OPENNESS, AND BALANCE" WORDS OF ACTION IN DOUGLAS COUNTY. HE CAN DO THE SAME THING FOR THE FOURTH DISTRICT.

"I am running for Congress because I believe that your representative should serve **YOU** . . . not a collection of special interests in Washington, D.C.

**BRUCE LONG
THE MAN WHO WILL PUT
THE FOURTH DISTRICT FIRST.**

MODERATE REPUBLICAN—

SMALL BUSINESSPERSON

ISSUE: 1. Professional politicians.

SOLUTION: I pledge to serve no more than two successive terms in any elective office.

ISSUE: 2. Special interests that buy Congressional Votes.

SOLUTION: I pledge to return any donation made by political action committees that denote special interest.

ISSUE: 3. Budget Deficit.

SOLUTIONS: I pledge to work for a balanced budget amendment. I pledge to vote against raising taxes except for "Positive Action" on America's trillion dollar plus national debt principal. i.e., A formula over a period of years to pay back on that principal could be funded by 1/4 Defense cuts, 1/4 Social Spending cuts and 1/2 in the form of increased taxes.

CONCLUSION: I must serve a society that can encourage agrarian reform, achieve environmental balance and channel its aggressive tendencies into the conquest of space. With these goals, a bright heritage, unimaginable at present information levels, must be anticipated.

Representative in Congress 5TH DISTRICT

JOSH REESE

OCCUPATION: Runs a small farm, is a college instructor in business management, and serves as a management consultant for Oregon and Washington Fire Services.

OCCUPATIONAL BACKGROUND: Is a retired career Marine Corps officer and aviator. Served as a strategic nuclear planner in the Pentagon, formulating nuclear policy for the Joint Chiefs of Staff. Now employed as an instructor in business management for Linn-Benton Community College.

EDUCATIONAL BACKGROUND: Master's degree in Human Resource Management from Pepperdine University in Los Angeles and a B.A. degree from the University of Tampa. Graduated from high school in Salem.

PRIOR GOVERNMENTAL EXPERIENCE: Extensive experience involving the U.S. military Planning, Programming and Budgeting System. Has participated in national security deliberations in the Pentagon.

FAMILY: Josh and Barbara Reese have been married 19 years and have three teen-aged daughters.

MILITARY: Josh flew 296 combat missions in Vietnam. He has been decorated numerous times, including receipt of the Bronze Star and Distinguished Service Medals. He commanded two squadrons, served in the Pentagon, and retired with the rank of Lieutenant Colonel.

COMMUNITY SERVICE: Josh was a member and past President of his local School Advisory Committee. He has been a volunteer firefighter for four years and is past President of his local firefighting association. He participates with his daughters in Polk County 4-H and livestock programs and in the Oregon Games for the Physically Limited. He is a member of Salem Elks and the YMCA and speaks regularly to civic and church groups on nuclear arms issues.

JOSH REESE: "AMERICA'S SECURITY IS MY PRIMARY CONCERN."

SURVIVAL SECURITY: ENDING THE ARMS RACE

Years ago President Eisenhower warned us of the dangerous power of the "Military-Industrial Complex." Few members of Congress have the courage and experience to resist that power. Josh Reese's career was in the heart of the military complex. He knows how it works. Reese says, "I believe in a strong military defense to protect our vital interests in the world. That's why we have to get wasteful military spending back under control. We are buying expensive and unnecessary weapons that don't work. Our fighting

readiness has actually decreased, and we are no closer to real security. My Pentagon experience convinces me that unless both the U.S. and U.S.S.R. halt the testing, production and deployment of nuclear weapons, it's unlikely that nuclear war can be avoided. That's why I support Senator Hatfield's bilateral, verifiable nuclear Freeze proposal." Compare the candidates:

- **NUCLEAR FREEZE:**
 REESE: Favors.
 SMITH: Voted against.
- **MX MISSILE, CHEMICAL WEAPONS, SPACE WEAPONS:**
 REESE: Opposes as costly, dangerous and unnecessary.
 SMITH: Voted to produce the MX and chemical weapons. Supports space weapons.

ECONOMIC SECURITY: WHAT REALLY MAKES US STRONG.

Current and projected federal budget deficits will keep interest rates high. We know the effects of high interest rates in Oregon: business stagnates, people cannot afford homes, farmers go deeper into debt. Although Denny Smith talks budget reductions, his votes produce higher deficits. Josh Reese has specific and sound ideas for reducing the deficit. Compare the candidates:

- **BUDGET DEFICITS:**
 REESE: Knows where significant cuts can be made in military spending without hurting real defense capability. Supports cuts in nondefense spending if equitably made.
 SMITH: *U.S. News & World Report* cited him in a list of "budget-busting" Congressmen who "talk one way and vote another" (10/11/82, p. 94). Has voted for virtually every military spending increase proposed.

INDIVIDUAL SECURITY AND FREEDOM:

The federal government must ensure free commerce while still protecting the rights of all its citizens. Josh Reese supports:

- Free markets, deregulation of most industry, and reduction of unnecessary government reporting and paperwork.
- Prompt decisions and actions by land use, regulatory and forest management agencies.
- Federal farm programs that allow for long-range planning and stability, competitive export of farm commodities, and immigration policies that help rather than hinder the farmer.
- The Equal Rights Amendment, which Denny Smith voted against.
- Protection of senior citizens from crime, poverty, disease, and neglect.
- Sufficient funding for education to properly implement programs for the handicapped and disadvantaged.

Our party will lose this seat if Smith is nominated this year. He narrowly escaped defeat in 1982. This year the Democrats will campaign even harder. Josh Reese will hold moderate Republican voters, and will attract many other voters who are impressed by his unique qualifications.

America's security depends on clear-headed assessments of our problems, courage to propose difficult solutions, and energy to make them work. Josh Reese has displayed these qualities throughout his distinguished service to America. He has a profound concern for the fundamentals that make our nation great.

ELECT JOSH REESE.

IT MATTERS NOW MORE THAN EVER.

Representative in Congress 5TH DISTRICT

DENNY SMITH

OCCUPATION: United States Representative.

OCCUPATIONAL BACKGROUND: Chairman of Eagle Newspapers, Inc., a family corporation with community newspapers in the Northwest. Former jet copilot for Pan American World Airways.

EDUCATIONAL BACKGROUND: Graduated from Oregon public schools and Willamette University.

PRIOR GOVERNMENTAL EXPERIENCE: Member, U.S. House of Representatives, 1981-present.

DENNY SMITH . . . Helps People Solve Problems

At a time when most people have lost faith in their leaders and the elective process, Congressman Denny Smith remains an example of what could and should be.

"One of my top priorities as your Congressman is working to solve the problems of those I represent. No matter what the problem, whether it's getting Social Security benefits restored for a retired couple or helping a veteran receive proper health care, I am committed to insuring the needs of our people are met."

DENNY SMITH . . . Supports Spending Reforms

For the past six years, Congressman Smith has been an effective voice against government waste, abuse and politicians who don't seem to care.

"I've proposed an across-the-board freeze on federal spending. If we had done it in 1981 when I first proposed it, we would have a balanced federal budget today. As a businessman, I am convinced that Congress can set better spending priorities, become more effective, better managers of taxpayer dollars."

DENNY SMITH . . . Works for a Balanced Budget

Now Denny Smith is a leading voice in the fight to pass a constitutional amendment requiring a balanced federal budget.

"Years of wasteful, inefficient management of taxpayer dollars has created a spending monster that defies reduction. Most of the politicians are unwilling or unable to stop the federal government from spending more than it takes in. That's why I've joined with President Reagan in calling for a balanced budget amendment that limits the politicians in Washington to spending only what they take in and not one penny more."

DENNY SMITH . . . Fights for Fairer Taxes

Denny Smith has fought to give our families, not government, a fairer share of their own income.

"The big-spenders in Congress want to reduce the federal deficits on the backs of working men and women by raising taxes. That's wrong. The real solution is controlling government growth and spending."

DENNY SMITH . . . Helps Oregon Farmers

The fertile Willamette Valley is home to thousands of farm families. It's important that their representative understands their special needs . . . Denny Smith does.

"Whether it's helping solve marketing order problems or promoting farm exports, helping farmers is an important part of my job."

DENNY SMITH . . . Supports a Strong, Secure America

Denny Smith has kept his pledge to support a strong national defense. And he's right on target in his efforts to make sure our tax dollars are used wisely.

"I have taken action to cut out waste in military spending. Congress approved my legislation to require military contractors to prove to an independent watchdog panel that their equipment works, before Congress authorizes its purchase.

"My legislation to require the Pentagon to competitively bid more of its contracts is now before Congress. It's another cost-saving measure for taxpayers that increases our ability to provide for a strong, secure America."

Secretary of State

WILBUR A. BISHOP

OCCUPATION: Mayor of Tigard (1975-78, 1981-March 14, 1984); Public Relations and political campaign consultant.

OCCUPATIONAL BACKGROUND: Vice president (and member of management committee) Equitable Savings & Loan; Newspaper editor and publisher San Carlos Enquirer (California), and Kelsonian Tribune (Washington); Executive Director Oregon State Republican Party; Campaign Coordinator for Secretary of State Howell Appling Jr. and State Superintendent of Schools Verne Duncan; Campaign Director of more than 45 political campaigns since 1950 including five winning state-wide contests.

EDUCATIONAL BACKGROUND: Tigard Public Schools; University of Oregon (journalism and economics) four years; Sacramento Junior College; Portland State University.

PRIOR GOVERNMENTAL EXPERIENCE: Mayor of Tigard four terms since 1974; Chairman of Washington County Commissioners' Advisory Committee; City Representative of Columbia Regional Association of Governments; Chairman Oregon Savings & Loan League Legislative Committee (five years).

Born: February 14, 1920 (on Oregon's Birthday) in Tigard, Oregon.

Married: to Martha Callan (39½ years); seven children, ages 20 to 38, with M.S. and B.S. degrees from University of Oregon, Oregon State University, Willamette, Stanford, California (Berkeley), Notre Dame, Xavier, Lewis University (Chicago) and a sophomore at Purdue.

Veteran: Army Air Force pilot.

THE REPUBLICAN NOMINEE for secretary of state in November, 1984 should be the one most qualified and experienced in the fields of government and business. That individual must be able to conduct this second most important state-wide office with judgment balanced with years of down-to-earth work in the vineyards of free enterprise as well as success in public affairs and in government.

WILBUR BISHOP had good business and financial experience when he was a member of the management board of Oregon's second largest savings and loan association. He participated in the growth and management of a very successful financial institution that was expanding with branch operations in Washington and Idaho as well as Oregon.

WILBUR BISHOP'S duties included working with government leaders in all three states. He participated in close observance and work with both the Oregon and Washington legislatures during those years.

WILBUR BISHOP, as vice president of his financial institution, had as one of his prime duties, to review, edit and publish the annual financial report. As auditor, the secretary of state is responsible for examination and audit of accounts and financial affairs of all state departments, boards and commissions, agencies, institutions and state-aided institutions. WILBUR BISHOP'S experience makes him well qualified for this duty.

WILBUR BISHOP has worked with and supervised large numbers of employees as a newspaper publisher and as a member of the management committee of a large corporation. The responsibilities of secretary of state include the ability to work with and to lead a large group of employees.

WILBUR BISHOP as mayor of Tigard for four terms has a first-hand knowledge of the importance of maintaining, codification, editing and publishing the administrative rules of governments, another of the secretary of state's duties.

WILBUR BISHOP as a mayor learned the importance of sharing the responsibility of running government and making important public decisions as does the secretary of state who sits on the State Land Use Board with the governor and state treasurer.

WILBUR BISHOP'S experience in elections goes back more than 30 years when he first began to participate in city, county, state and national elections as a campaign director. His knowledge of the election process and its importance and requirements is of the highest level. Elections are a major responsibility of the secretary of state.

WILBUR BISHOP has supported Norma Paulus in her efforts to extend the use of the vote-by-mail process. He believes it will guarantee a greater degree of citizen participation in elections and diminish the amount of apathy toward government.

WILBUR BISHOP believes that registration of voters before an election should be allowed up until the last feasible date before the day of the election.

WILBUR BISHOP is proud that Republican Norma Paulus has done such an outstanding job as secretary of state the past eight years. He will dedicate himself to doing the job as well as she and her former Republican secretary of states have done. He hopes the voters of Oregon choose not to lower their sights in their selection of a new secretary of state this year. WILBUR BISHOP will make the strongest Republican to oppose the Democrats in November. Make your vote count for BISHOP on May 15th.

(This information furnished by Oregonians for Wilbur Bishop.)

Secretary of State

**THOMAS C.
HARDWICK**

OCCUPATION: Owner-Manager of floor covering contracting business; Real estate licensee.

OCCUPATIONAL BACKGROUND: Floor covering contractor for 20 years and Real Estate sales for four years.

EDUCATIONAL BACKGROUND: Independence Public Schools; Merritt Davis School of Commerce; Business Administration Graduate.

PRIOR GOVERNMENTAL EXPERIENCE: None.

**PERSONAL
INFORMATION**

Tom and Ruth Hardwick have been married 32 years; have three children, Tom Jr., David and Patti; two grandchildren, Sarah and Benjamin.

Tom served in the U.S. Army during the Korean Conflict and was awarded the Combat Infantry Badge and a Bronze Star medal. After being honorably discharged at the end of the Korean Conflict, Tom enrolled in Merritt Davis School of Commerce and graduated as a Business Administration Major. This prepared him for a career in business which has spanned some 21 years.

Tom has been and still is actively involved in the Salem Community, participating in the P.T.A. and Boy Scouts when the children were young. He is now a very active member of the Masonic Lodge, The York Rite Association of Salem and the Elks Lodge, serving as officers and chairing numerous committees in the Masonic Organizations. He is also a member of the National Board of Realtors as well as a member of the Salem Board.

**TOM HARDWICK
ON VOTER REGISTRATION
BY MAIL**

I am opposed to voter registration by mail. It dilutes voter participation in due process and takes away too much of the personal attention needed for that feeling of self-satisfaction in participating in free elections of a free citizenry.

**TOM HARDWICK
ON VOTE BY MAIL**

A vote is a precious thing. The RIGHT to vote is even more precious. I will, as Chief Elections Officer of the State of Oregon, encourage every eligible voter to exercise his or her privilege to cast a ballot on the candidate or measure of their choice in the privacy of the voting booth. I am opposed to the vote by mail program because undue influence or pressure may be executed on the voter away from the polls.

**TOM HARDWICK
ON RESIDENCY REQUIREMENTS**

I am in favor of a 30 day residency to vote in an Oregon election. This discourages an influx of people moving into the State, mailing in a voter registration form, voting in an election, then moving out of the State the following day.

**TOM HARDWICK
ON THE DIVISION OF AUDITS**

I will, as the Chief Audit Officer of the State of Oregon, fight vigorously to expand this Division of the Secretary of State office. I will eliminate by publicity, duplication of efforts, waste in government and will fight with every possible tool available to the Secretary of State, to hold the cost of government down thereby reducing taxes needed to operate it.

**TOM HARDWICK
ON STATE GOVERNMENT
AND BUSINESS**

As a small businessman, I am in favor of cooperation of efforts between the State of Oregon and the business community to actively solicit and encourage new business ventures to come into the state and also to encourage and keep the businesses that we now have.

**TOM HARDWICK
ON POLITICS**

I am not a politician. I know it's time to return the State of Oregon to a citizen government operated by and composed of people like you and I, who need a system of government but do not want to be dominated by it.

(This information furnished by Committee to Elect Tom Hardwick Secretary of State.)

Secretary of State

DONNA B. ZAJONC

OCCUPATION: Mental Health Nurse; Partner with her husband in a small construction company in Salem; State Legislator.

OCCUPATIONAL BACKGROUND: Mental Health Nurse, Klamath and Marion Counties.

EDUCATIONAL BACKGROUND: Bachelor of Science in Nursing, University of Missouri, 1972; Master's Degree in Public Administration, University of Oregon, 1976.

PRIOR GOVERNMENTAL EXPERIENCE: State Representative, Salem, in 1979, 1981 and 1983. Legislative Committees: Vice-Chairperson, Trade and Economic Development Committee; Co-Chairperson, Governor's Task Force on Historic Preservation; Member, Governor's Task Force on Driving Under the Influence; Member, Governor's Task Force on Economic Development; Chairperson, Governor's Steering Committee to Finance New Jails; Four States Adoptions Council; Chairperson, Governor's Task Force on Mental Health.

DONNA ZAJONC was chosen "Oregon's Outstanding Young Woman" in 1975 as well as one of the "Ten Most Outstanding Young Women in America." In 1980 she was not only the Business and Professional Federation's Woman of the Year, but also Salem's Junior First Citizen. In 1981 Donna was named one of "Five Outstanding Women in Oregon" by the Oregon Jaycees.

DONNA ZAJONC's volunteer activities include Co-Chair, League of Women Voters Juvenile Study; United Methodist Home for the Aged Board of Directors; Marion County Juvenile Justice Commission; Vice-Chair Capital Planning Commission; Marion County Public Health Advisory Committee.

BACKGROUND AND FAMILY: Donna grew up in a small retail family business. She began her career of service as a nurse in Klamath and Marion Counties. After earning a Master's Degree in Public Administration at the University of Oregon in 1976, Donna turned her community service efforts to government and defeated a three-term Democratic incumbent. She has served three terms in the Legislature. Donna and Ed Zajonc were married in 1972. They have one daughter and share a family commitment to public service.

ECONOMIC DEVELOPMENT AND INTERNATIONAL TRADE: In the area of International Trade, Donna was one of the first to take the lead in addressing some of the problems Oregon faces. She sponsored legislation in 1983 to repeal Oregon's "Unitary Tax" which has a negative effect on Oregon's ability to attract new business.

Donna "... has taken the lead in addressing some of these issues in the State Legislature. Her thoughts on International Trade deserve wider dissemination."

Oregon Business Magazine, December 1983

"By carrying out ideas such as those put forward by Zajonc, Oregon could help assure its own place in those world markets."

Oregon Business Magazine, December 1983

"I believe that as one of the top three elected officials, my chief duty would be to speak for the state, for the future, and to welcome new jobs and promote our image of welcoming new businesses."

*Donna Zajonc, Roseburg News-Review
January 27, 1984*

DONNA ZAJONC, during the 1983 Legislative Session, received a 100% voting record from the Oregon State Homebuilders, 100% voting record from the National Federation of Independent Business, 100% voting record from the Small Business Advocates, and a 91% voting record from the Oregon Farm Bureau.

AUDITS: As chief auditor for the State of Oregon, the Secretary of State can be the citizen's watchdog... the person who encourages goal setting and planning, as well as the person who monitors agencies to see that they stay on track. By increasing the efficiency of State Agencies we can get spending under control.

"Taxpayers have a right to know their tax dollars are being spent in an efficient way."

*Donna Zajonc, Newport Newstimes
November 16, 1983*

ELECTIONS: The Secretary of State is the chief elections officer in the State. Donna led the fight to require Oregonians to register prior to election day during the 1983 Legislative Session. She is now chief petitioner of the initiative petition drive to place a 20-day pre-election registration requirement on the November 1984 ballot.

"Donna has championed the voter registration cut-off cause. We could not have been successful without her leadership."

*Frank Nims, President
Oregonians in Action*

DONNA ZAJONC has chosen to leave the Legislature after serving three terms. She believes she can serve Oregonians better as Secretary of State. The legislature is slow, lacks leadership and is indecisive.

"I'm very much a doer. I like to make decisions. I like to look at the big picture, decide where we're going, and move toward those goals. I don't believe the Legislature has had a vision of the future of this state."

*Donna Zajonc, Roseburg News-Review
January 16, 1984*

"At the core of my campaign rest two beliefs, and they will guide every decision I make. First, I believe in public service... my parents instilled in me a sense of pride and a sense of responsibility to help people through involvement in government and community. Second, I believe Oregon is in a fight for its survival as one of the great, dynamic states in our country. Oregon can and should be a shining example for the rest of our nation. I believe in the positive energy in this state and I know we have the people, the resources and the tradition to do just that. What we need is the leadership and ideas to move ahead in the next 10 years."

State Treasurer

DAVID F. CARGO

OCCUPATION: Businessman, Investor, Attorney.
OCCUPATIONAL BACKGROUND: Over 20 years experience in financial management in both government and business.
EDUCATIONAL BACKGROUND: B.A., University of Michigan, 1951; Masters in Public Administration, University of Michigan, 1953; Doctor of Laws, University of Michigan, 1957.
PRIOR GOVERNMENTAL EXPERIENCE: Governor of New Mexico (two terms), State Representative, New Mexico (two terms), Assistant District Attorney.

DAVID CARGO can regain the office of State Treasurer from the special interests that have temporarily captured it.

Willamette Week has called the maneuver by which the present Treasurer was placed in office, "A CONNIVING EFFORT TO SUBVERT THE DEMOCRATIC PROCESS TO FEATHER THE NEST OF A SELECT GROUP." (March 5-11, 1984)

DAVID CARGO will return the office to the people. David Cargo will manage Oregon's money for all Oregonians. He will not cater to the special interests that now dominate the Treasurer's office.

DAVID CARGO knows what must be done as Treasurer. As Governor of New Mexico David served as Chairman of the State Investment Council (the body that invests that state's funds just as the Oregon Investment Council invests ours). He streamlined the Council's functions and earned millions of dollars a year by placing the state's short-term funds in interest-bearing accounts. He built an in-house staff of experts which maximized the state's return on investments while following prudent procedures.

David will bring this practical experience to the Treasurer's office by instituting programs that insure every possible dollar is earning a return. He will insist financial transactions take place in Oregon wherever possible. He will search out investment opportunities in fledgling Oregon businesses and where prudent provide these firms with start-up capital.

THE MAN

David is a businessman. He is a partner in Rogers Cable Systems, the firm using advanced technology to bring cable television to Portland and East Multnomah County. He is a partner in Wind River Timber Company, an Albany firm harvesting our natural resources.

David is an investor. He knows the nation's financial markets having personally risked his own funds in the stock and bond markets with great success for over 20 years.

David is a veteran. He served in the U.S. Army Finance Corps from 1953 to 1955. During that time he was stationed at various places in the U.S. and Germany. He is active in both the American Legion and the V.F.W.

David serves the community. He is past president of the World Affairs Council of Oregon. He is active in the Oregon Historical Society, the Portland City Club, the University Club, the Izaak Walton League and the Republican Governors' Association. He is a member of the All Ireland Social Club and the American Forestry Association.

THE FAMILY

David has six good reasons for wanting to build a better Oregon: his wife Ida Jo, and their five children, Veronica, David, Patrick, Elena and Eamon. In fact, David moved his family to Oregon in 1974 because one of his children suffered from spinal meningitis and he could not find adequate therapy and special education in New Mexico.

THE PARTY

David is a life-long Republican. At age 18 he was elected a member of his county's Republican Central Committee. He has been chairman of university Young Republicans and chairman of state Young Republicans. In 1968 he led his state's delegation to the GOP National Convention. Most recently he has served as Chairman of Clackamas County Republican Central Committee.

GOVERNMENT SERVICE

Beginning with Tom McCall, Oregon Governors have asked David to serve on the Oregon Film Commission and the Oregon Advisory Board on Special Education. He also has served on the Advisory Board to the Lake Oswego Board of Education.

The State Treasurer's office can be kept in the Republican Party if David is nominated. David is untainted unlike the present State Treasurer. David is a Republican who has broad appeal among those who vote Independent and Democrat—people without whom we can't win a general election. He is a businessman who has the support of labor. He is a knowledgeable financier with the common touch.

DAVID CARGO IS THE ONLY REPUBLICAN CANDIDATE WHO CAN WIN IN NOVEMBER

State Treasurer

DAVID CHEN

OCCUPATION: Finance Director, City of Beaverton.

OCCUPATIONAL BACKGROUND: Finance Director, City of Beaverton, 1977 to present; County Treasurer, New Castle County, Delaware, 1974-77; Finance Director-City Treasurer, Kenai and Kodiak, Alaska, 1971-74; Assistant to City Manager, Mountlake Terrace, Washington, 1970-71; Finance Assistant, Bellevue, Washington, 1969-70; Credit Negotiator, International Banking, Rainier National Bank, Seattle, 1966-69.

EDUCATIONAL BACKGROUND: M.A. Political Science, University of Oregon, 1966; B.A. Mathematics, University of Washington; B.A. Public Administration, Taiwan National Chung Hsing University.

PRIOR GOVERNMENTAL EXPERIENCE: See Occupational Background.

BACKGROUND AND FAMILY: Born in Nanking, 1936. Escaped communist takeover of mainland China. Educated initially on Taiwan, then emigrated to America. Married to Debbie; three children; resides in Beaverton.

SPECIAL SKILLS: Fluent in Chinese. Study fields included governmental financial administration; financial analysis and planning; money management; mathematical analysis and programming; fiscal application of management information processes; foreign exchange; bond financing; international law, relations, and trade.

HONORS: "Professional Achievement Recognition Award" from the International Municipal Finance Officers Association for three consecutive years, 1981-83. Beaverton received the IMFOA's highest recognition for a municipality four consecutive years, 1979-83, for Chen's work as its Finance Director. Kenai, Alaska proclaimed a special "David Chen Day" November 13, 1974 for his role in saving that city from bankruptcy.

Oregon's political scene is crowded with candidates who only want to win elective office and . . . that's it; that's as far as they've thought.

It's no different with the State Treasurer campaign. The other candidates are looking at it, as candidates have for far too many years, as just a stepping stone to the Governorship.

That's well and good if you're also trained to be a good State Treasurer while you're AT that job.

Only one candidate is. Possibly the best-qualified candidate since Oregon became a state. David Chen. A professional money manager, not a politician.

David Chen does not want to be Governor. He wants to be the best State Treasurer we have ever had, serve two terms, then let someone else carry on.

Chen is Finance Director for Beaverton, and while the politicians have talked about tax relief and done nothing, look at Chen's record: Beaverton cut its 1983-84 property tax levy 12% without laying off people. Beaverton consistently reduced property tax rates the last three years. Beaverton cut its business license tax 12% for 1983-84. Beaverton even cut its water charge 6% in 1983-84.

Think what Chen can do for Oregon! For a welcome change, we would have a professional in office, not a politician.

But Chen wouldn't simply sit in his Salem office counting our money. He wants our trio of top state officials to start acting as a leadership team . . . to get property tax relief either by legislative action or spearheading an initiative petition drive; to sell state timber productively for the common school fund and our lumber industry; to focus more on creating new jobs than on shifting taxes from one class to another; to invest more public monies inside the state than outside; to give the average Oregonian a hand—now that the wealthy are doing nicely and the poor are getting most of government's assistance.

David Chen proposes these bold advances for Oregon:

- Governor, Secretary of State, and Treasurer would serve as a short-and long-range financial planning team.
- Blue-ribbon panel of volunteer business leaders is drafted to advise where to put our scarce economic development funds most productively.
- Oregon's revenue and spending patterns are completely analyzed, to achieve genuine property tax relief for all income levels, eliminate the unitary tax, and freeze or lower income taxes.
- Revenue bonding to create low-cost homebuilding loan funds for middle-class Oregonians, not merely the poor.
- Our Investment Council must not gamble with "leverage buy-outs" as they did investing in Fred Meyer stock, and small companies must receive more of our investable capital, not just the "bigs."
- An executive Council on International Trade would plan to strengthen all our port facilities. Oregon's international sales can grow a billion dollars in the next 10 years if we work at selling abroad.
- More Oregon trust monies—more than 20%—should be invested intrastate. One job created within the state yields a minimum tax return to governments of \$2,000—which means other taxpayers don't have to pay that \$2,000.

David Chen says:

"The State Treasurer's job should no longer be used as a political stepping stone, nor as a simple bookkeeper of the state's revenues. This office should assist the Governor in the economic revitalization of Oregon. A major part of that work should be international trade, and as someone conversant with Asian languages and customs, I can serve Oregon well in dialogues with Pacific Rim trading nations."

Republicans will be proud to have a qualified candidate for State Treasurer—a professional, not a politician.

State Treasurer

**BILL
RUTHERFORD**

OCCUPATION: Oregon State Treasurer.

OCCUPATIONAL BACKGROUND: Attorney; small businessman; Chief Executive Officer of Regional brokerage firm and member of Pacific Coast Stock Exchange; veteran of two years U.S. Army service.

EDUCATIONAL BACKGROUND: Attended Yamhill County schools. Earned history degree, University of Oregon, and law degree, Harvard University (1964).

PRIOR GOVERNMENTAL EXPERIENCE: Elected State Representative 1976, reelected 1978, 1980, 1982. Appointed by Speaker of House to serve on House Judiciary and Elections Committees. Vice-Chair Elections Committee 1979 session. Vice-Chair Judiciary Committee 1981, 1983 sessions. Member Pensions Committee, National Conference of State Legislators.

STATE TREASURER BILL RUTHERFORD: OREGON'S ECONOMIC AMBASSADOR

State Treasurer Bill Rutherford is the right one in the right job at the right time.

Now we need to keep him State Treasurer so that he can fully develop his imaginative programs for Oregon.

SMALL BUSINESSMAN, INVESTMENTS, LAWYER

A qualified, experienced money manager, Rutherford has already taken the first steps to make the State Treasurer become Oregon's Economic Ambassador.

Rutherford was appointed State Treasurer by Governor Vic Atiyeh following a distinguished career as State Representative. That service for Oregon was in turn preceded by a solid business career which included operation of two small businesses, a farm, and a private legal practice.

Now Rutherford is in a position to use his talents to help get the Oregon economy moving again.

One of his primary goals will be to make the state's finances even more productive than in the past. That is important to you and me because wise investments by the State Treasurer will produce income that would otherwise be sought in taxes.

And this is no small matter. The State Treasurer now invests more than \$3 billion for the people of Oregon. Therefore it is vital that the job be held by a person of proven integrity and money handling skills.

That's why Bill Rutherford is a natural for the job. Oregonians have had an excellent opportunity to judge his work because he served with distinction in the Legislature from 1976 through 1983.

And while the Legislature was receiving more than its share of criticism, Bill Rutherford was the recipient of praise.

He is known as one who could be counted on to develop and introduce far-sighted legislation and to work for and help gain passage of solid bills which produce genuine, measurable benefits for the people of Oregon.

A DYNAMIC ADVOCATE FOR OREGON

Bill Rutherford was, for example, the prime mover in the bill which called for the phase-out of the inheritance tax. He sponsored measures for tax relief and tax reform, as well as a bill to provide tax credits for home weatherization which was called "... the most innovative of the session."

He has been widely praised for his energy, his productive work, and his ability to ask common-sense questions and provide common-sense answers when legislation bogged down in confusion.

Bill Rutherford is a person who will be a dynamic economic advocate for Oregon, for you and me.

As the state's chief financial officer he is well prepared to meet on good and equal terms with the business and financial leaders he will meet in his role as investor of state funds.

One newspaper editorial, perhaps, summed it up best when it said: "Oregon's state treasurer has responsibility for managing a major investment group. Rutherford has necessary experience for that task, having served as house counsel and later as chief executive officer of a regional securities firm. He has held a seat on the Pacific Coast Stock Exchange." (*News-Register*, McMinnville, Aug. 23, 1983)

HERE'S WHAT THOSE WHO HAVE SERVED AND WORKED WITH RUTHERFORD SAY

Attorney General Dave Frohnmayer: "A state government of Bill Rutherfords would give Oregon the best government for which any citizen could ask."

Former State Treasurer Clay Myers: "Experienced in securities, legislation, and business you are uniquely qualified to serve as Oregon State Treasurer."

MAIN STREET TO WALL STREET

An observer of Rutherford's career once pointed out that "... here is a small town boy who worked on a farm, in the stock room of his parents' store in McMinnville, and went from Main Street, Oregon, to a seat on the Pacific Coast Stock Exchange on Wall Street."

HE'LL PROVIDE ENERGY AND LEADERSHIP

Now as never before Oregon needs the energy and leadership of State Treasurer Bill Rutherford. It's time for full development of his creative programs which will be beneficial to every tax-paying citizen of Oregon.

REPUBLICAN FOR

State Treasurer

JOHN E.
SMETS

OCCUPATION: Machinery manufacturer.

OCCUPATIONAL BACKGROUND: Established family business in Oregon since 1966. Veteran WWII, USMC.

EDUCATIONAL BACKGROUND: University of Washington B.A. Business Administration 1951; Yakima Valley College; U.S. Marine Corps Institute.

PRIOR GOVERNMENTAL EXPERIENCE: Numerous community appointments/offices; State School Superintendent's Health Education Advisory Committee; Labor Commissioner (R) nominee 1978; City Councilman, Edmonds, Washington, 1962.

The State Treasurer is responsible for the safety of over \$7 billion including over \$1 billion (short term) investments and over \$5 billion (long term) investments. Largest of which is the pension fund, (over \$4 billion).

Responsibilities also include:

Vice-chairman—Five member Oregon Investment Council . . . establishes investment policies, hires money managers.

Member—State Land Board (along with Governor and Secretary of State) . . . administers Common School Fund.

Chairman—Oregon Mass Transportation Financing Authority . . . five members.

Member—Public Contract Review Board . . . reviews state and local governments' purchases of goods and services . . . nine members.

Vice-Chairman—Municipal Debt Advisory Commission assisting state/local governments to get the best bond rates for taxpayers . . . seven members.

Member—Local Government Investment Board assisting local governments to earn best interest income on idle funds . . . seven members.

An active participant in Oregon's elective process, I've also founded and operated a successful machinery manufacturing business in Oregon through two major national economic upheavals, and set the tone for fiduciary responsibility and trust for my company and its customers for over 15 years. Protection of assets to insure economic survival for the long term has also "gone with the territory."

My experience operating by the "prudent man" rule of investment is also the Oregon policy. If elected, I would hope to accomplish a growth in the allotment from earned income to support Oregon business expansion and jobs. With your help, it can be accomplished. Thank you for your vote.

Attorney General

**DAVE
FROHNMAYER**

OCCUPATION: Attorney General of Oregon.

OCCUPATIONAL BACKGROUND: Private legal practice; professor of law and legal counsel to the president, University of Oregon; retail clerk; lumber mill employee; forestry aide.

EDUCATIONAL BACKGROUND: Medford public schools; A.B., Harvard University; B.A., M.A., Oxford University (Rhodes Scholar); Doctor of Jurisprudence, University of California.

PRIOR GOVERNMENTAL EXPERIENCE: Attorney General 1981-present; State Representative 1975-81; Consultant to U.S. Department of Justice; Assistant to U.S. Secretary of Health, Education and Welfare; Member Governor McCall's Task Force on Conflict of Interest Legislation.

COURAGEOUS LEADERSHIP FOR OREGON

Dave Frohnmayer has proven during his service as Attorney General that he keeps his promises and that he is providing the vision and courageous leadership Oregon needs in that vital office.

Frohnmayer has said: "This is an Administration of kept promises." And the record supports him.

In 1980, as a campaigner, he promised the people he would build the finest State Department of Justice in the Nation. He has succeeded, as evidenced by the statement of a distinguished jurist who said the people of Oregon now have "...a first-rate law firm..." working for them.

THE ATTORNEY GENERAL'S OFFICE OPERATES EFFICIENTLY

Dave Frohnmayer has accomplished this without adding to the taxpayers' burden. In fact, the reverse is true. Cuts have been made in both work force and budget, but in many areas that office is handling a dramatic increase in workload.

He promised to enforce the law vigorously and has done so. Frohnmayer has recovered some \$110 million for the people of Oregon from people who have cheated the government, cheated consumers, or who have not fulfilled their legal obligations to others.

Dave Frohnmayer promised to seek changes in the overused and abused insanity defense plea in criminal trials. As a result of legislative reluctance, progress was limited, but on reelection he will continue to pursue this goal.

FROHNMAYER IS FIGHTING ORGANIZED CRIME

Frohnmayer also told the voters that he would make the Attorney General's office an active factor in the fight against organized crime. He took a major step in this direction by securing passage of legislation which has permitted him to attack organized criminal enterprises and seize illegally gained crime profits.

This statute was used to recover for Oregon taxpayers more than half a million dollars and has even reached a Swiss bank account and permitted confiscation of an expensive yacht.

Other cases are pending or concluded against large-scale gambling operations, illicit bingo operations, and traffickers and cultivators of illegal drugs in Oregon.

Now, with support of others who are beginning to recognize Frohnmayer is correct that Oregon does have a problem with organized crime, he is prepared to move even more vigorously. With additional tools, which the legislature can provide, he will accelerate his program to move against large-scale hijacking, cocaine processing and peddling, marijuana growing and processing, and untaxed gambling which is costing Oregon millions of unreported tax dollars.

HE WORKS TO ATTRACT NEW INDUSTRY AND JOBS

As one of the state's top officials Dave Frohnmayer recognizes the need for new business and more jobs in Oregon. And he has done something about it. He has personally contacted important firms interested in settling and investing in Oregon.

To further aid in this endeavor he has instructed the staff of the Justice Department to rapidly provide all departments of state with advice on how to best avoid legal tangles and red tape which would discourage investment in Oregon.

FROHNMAYER WINS FOR OREGONIANS

During his term as Attorney General he has argued and won two U.S. Supreme Court cases which assist the prosecution and police in criminal cases. He challenged an IRS ruling that would have denied federal tax credits for energy conservation to 5,000 Oregon veterans and he has continued to fight for what he believes is right in cases where Oregonians may have been overcharged by oil companies.

In addition Oregonians have every right to be proud of the fact that Dave Frohnmayer is recognized nationally as an expert on Constitutional law.

In short, Dave Frohnmayer is doing a job for us. He is proving time and again that he is tough minded, high principled, hard working, and a man of integrity.

Oregonians need a man with those qualities in high office.

REPUBLICAN FOR

Attorney General

WALTER
HUSS

OCCUPATION: President of free enterprise network marketing company and importer-exporter.

OCCUPATIONAL BACKGROUND: Piloted businesses, organizations, church schools and church groups through the maze of legal requirements. Training leadership for business and politics; Chairman, Land and Mining Affairs Committee, assisting mining claimants; Chairman, New Oregon Federation.

EDUCATIONAL BACKGROUND: Attended Portland Public Schools; Benson High School; LIFE College, Los Angeles; Specialty studies, University of Oregon.

PRIOR GOVERNMENTAL EXPERIENCE: Past State Chairman, Republican Party of Oregon; past member, Republican National Committee; 22 years precinct and "grass roots" organizer.

- The Oregon Constitution provides for any citizen, not a member of the Bar, to be elected to the position of Attorney General.

- There are three major industries: Capital, Goods, and Labor services.

Attorneys, by nature, practice the feudal doctrine of attornment which means that the wealthy are kept wealthy and the poor are kept poor.

This further translates into the concept that the Capital Industry will be promoted, the Goods Industry will be tolerated and regulated, and the Labor Industry will be demoted, demeaned, and exploited.

A professional attorney, as an Attorney General sees the foregoing as an unwritten obligation of his term in office and reelection, by virtue of his education in today's law schools.

On the other hand, today's lawyer must come from the ranks of the common citizens, and be professionally obligated to maintain the equal protection of the law for the rich and poor alike.

- The Attorney General, as shop foreman of the Justice Department, has an authorization for 114 attorneys and 19 investigators.

If his motives be wrong, with such a staff at his command, he has the power to promote the will of the State, the language of attorneyism, the isolation and subjugation of the common citizen, and the destruction of FREE ENTERPRISE.

- The Oregon Constitution (Article IV, Section 21) requires that every act or law be plainly worded. This means that laws are supposed to be written in the language of the people instead of the legalese of professional attorneys.

Considering the source of most of our laws, it is not difficult to understand why the laws are difficult to understand.

The Attorney General, as shop foreman of the Justice Department, if he is a professional attorney, has the unpleasant task of bruising his peers by cleaning up their language.

If he is a professional attorney, the fraternal pressures of his job perpetuate the obscurity of the law.

As long as the laws remain obscure, the common citizen will be easily conned by them and suffer.

- The perpetuation of evil and its injustice in our society goes by the formula: ELECT, PROTECT, and RE-ELECT. Which means "get them into office, protect their corrupt activities while in office, and keep them in office." This trend must be changed.

Today's courts bear the sign in their halls "no soliciting." Yet every judge, it seems, solicits for the attorneys and discourages the free exercise of conscience by denying the citizens the counsel of their choice and the right to record the words, intonations, and gestures of their own court case.

- Today the average citizen feeds the bureaucratic machine, stoking it with his life, liberty, and property; energies, substance, and whole being, as law after law is devised by the State Legislature to be imposed and prosecuted by an impassionate Justice Department.

- The Military, Justice, Educational, and Taxing Systems are too important and too sensitive to be monopolized by professionals, and special interest groups who do not have the citizen's viewpoint.

After all, in a Republic, by definition, these systems are to be representative of the people.

These systems must be kept in strict subordination to the citizen-civil power through the citizen's representation.

- Our original system of law was designed to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare and to secure the blessings of liberty to ourselves and our children. In other words—Happiness. Are you happy? Are the people in office presently doing their job? You be the judge of it! And while you are thinking about it, remember that the job of Attorney General is to see to it that the Courts don't tread upon your Happiness when you are trying to be a good citizen, live and let live.

Now, you can see why it is important for attorneys throughout the State of Oregon to be subject to citizen review and discipline.

- It is high time that a panel of Oregon citizens, using common sense and common language, did a thorough weeding job in the Oregon statute patch, and direct their conclusions to an interested legislature, justice department, and executive governor.

It is important that you have an Attorney General who will listen to what the people say and implement it.

- Today's office of Attorney General must be held by a citizen to transform the purpose of that office to that of Lawyer-General.

OCCUPATIONAL BACKGROUND: Owner of Silverton Drug Store for 29 years. Owner of Mt. Angel Drug Store for 16 years.

EDUCATIONAL BACKGROUND: Bachelor of Science Degree in Pharmacy, Idaho State University.

PRIOR GOVERNMENTAL EXPERIENCE: Silverton City Council for six years. Mayor of Silverton two terms. Elected State Representative in 1980 and 1982. Served on Revenue Committee and the Environment and Energy Committee. Appointed to the Interim Committee on Revenue and School Finance.

As a small businessman, FRED PARKINSON understands the difficulties caused by a downturn in our economy and increased unemployment. To improve Oregon's business climate and to ensure greater job opportunities, he voted against unnecessary, increased regulation called for in the toxic substance bill and legislation to raise worker's compensation costs.

FRED PARKINSON believes that all public agencies must learn to live within their means just as the private sector and individuals must. While seeking meaningful and acceptable property tax relief, FRED PARKINSON fought increases in income taxes and other tax increases that would further discourage the growth of small business and new jobs.

FRED PARKINSON has served the people of District 28 for two terms and knows them well. He and his wife, Nola, have five children and have lived in Silverton for 29 years.

FRED PARKINSON listens to people and has worked with many of them all over the district to help solve their problems. Our country is founded upon the needs of people—families working together to provide a good quality of life for ourselves and those we love. We must pull together, not fragment ourselves, and concentrate on the common concerns of our area.

My experiences have given me a unique understanding of the problems of the people. I was raised on a farm and understand rural problems; I was a school administrator in various areas that served a wide range of economic levels; and, I spent ten years as a principal in an area economically dependent on the timber industry.

I am dedicated to weigh all issues before the legislature by their positive effect on making a strong family unit, whether that be single persons, couples, or families. This is imperative in building strong communities and a stronger state.

In my background in education and administration I have served in leadership roles and can bring to the legislature experience with large budgets, policy formulation, program evaluation and implementation, the ability to work with large groups and a strong understanding of people's needs. I have the reputation of being a person who gets things done. I am not intimidated by unpopular or difficult issues.

I strongly believe that government at all levels must represent the desires and needs of the people. As your representative from District 30 I will always be available and actively seek your opinions so that I will truly be your representative in state government.

REPUBLICAN FOR

State Representative

31ST
DISTRICT

KENT L.
ALDRICH

OCCUPATION: Certified Public Accountant; Operator of small business.

OCCUPATIONAL BACKGROUND: Accounting Manager—Peat, Marwick, Mitchell & Co.; Taught at Linfield College.

EDUCATIONAL BACKGROUND: Bozeman Senior High School—Bozeman, Montana; Montana State College—B.S. in Business.

PRIOR GOVERNMENTAL EXPERIENCE: Mayor of Salem 1977-82; Capitol Planning Commission.

My experience as Mayor of Salem for six years during a period of significant growth can be valuable in making something positive happen at the legislative level.

I believe:

We should better utilize resources of our senior citizens.

People of Oregon are tired of waiting for sensible tax reform.

People have a right to feel safe and secure in their homes.

Everyone knows we need more jobs; I'm concerned where they are going to come from. Economic development is one way.

We must not overlook the talent, ideas and creativity which exist in every community in Oregon.

We cannot afford discrimination in this country.

I believe our future is what we want to make it.

I am willing to give my time and energy to Oregon.

(This information furnished by Kent Aldrich for State Representative.)

DORIS J.
WARR

OCCUPATION: Legislative Research Consultant.

OCCUPATIONAL BACKGROUND: Chief Documents Librarian, Idaho State University; Willamette University Law School, Documents Librarian; Idaho Banking Industry Investments; Small Business Owner—Catering.

EDUCATIONAL BACKGROUND: Chemeketa Community College—Liberal Arts; Boise State University—Political Science/Public Administration.

PRIOR GOVERNMENTAL EXPERIENCE: Research Analyst for Oregon Business and Industry through Willamette University Law School, Political Internship, Idaho State Legislature Research Analyst, Research Consultant, Hawaii State Legislature.

DORIS WARR will bring to the Oregon Legislature creative competition for new legislative ideas. With her valuable experience in three different state legislatures: Oregon, Idaho, and Hawaii, DORIS realizes the need for originality in Oregon lawmaking.

DORIS WARR will fight for economic development in new competitive industries. Yet, she sees the need for revitalization of a new agricultural and forestry market.

DORIS WARR views tourism as a major stepping stone to rebuilding Oregon's economy.

DORIS WARR believes in a solid educational system. From primary education to higher schools of learning Oregon must prepare its students for future technology.

DORIS WARR knows that Oregon must have a new tax base. All tax spending must be reevaluated and accounted for.

Vote DORIS for WARR on TAXES

State Representative

32ND
DISTRICT

LYDIA
PAT
GRAHAM

OCCUPATION: Mathematics Instructor; semiretired.
OCCUPATIONAL BACKGROUND: Secondary mathematics instructor. Supervisor of student teachers for the Education Department at Willamette University.
EDUCATIONAL BACKGROUND: Master's degree from Willamette University. Postgraduate work for credentials in Administration and Counseling. Law class, Willamette University.
PRIOR GOVERNMENTAL EXPERIENCE: Prepared a paper on "The Exceptional Student" for the State Department of Education. On 1983 panel to choose "Outstanding Schools in Oregon" for national recognition.

Pat Graham will give her full time, energy and knowledge to the job of State Legislator.

She believes her commitment is to young people looking for jobs, to the elderly and their needs, to closing the gender gap, to the middle working class, and to the small business people.

Pat Graham is known to be a strong, capable, outspoken leader. We also need her compassion and insight gained from her ranch life, riding her horse across the prairies with her father, a veterinarian, to her varied experiences as an instructor and a scholar.

Pat Graham took special interest in and was involved in youth programs, dramatics, sports and special events. She will fight for more jobs and activities for young people. We need this insight and sensitivity she has gained through her experiences with young people.

Pat Graham feels that home health care is more considerate for the elderly than premature nursing home placement.

She is aware that able-bodied welfare recipients should have jobs. This would save the taxpayers' dollars. She has a feeling for people and their needs.

She is sensitive to the single parent and the child in need.

Pat Graham believes that beautiful Oregon, full of natural resources, should be capable of a better economic recovery. We need someone who knows the difference between scientific fact and propaganda.

Vote for Pat Graham and see a turnaround in our lagging Legislative maneuvers. Let's get our great State back into a number one position.

(This information furnished by Committee to elect Pat Graham.)

PERSONAL: Married 15 years; Husband Bruce; Son Douglas

JOANNE BEILKE—RECOGNIZED LEADER

From the late 60's JoAnne has participated in the community . . . service on the Governor's Committee on Children and Youth under McCall . . . director of Keizer Little League . . . on juvenile committees . . . on Salem Area Chamber of Commerce Board . . . as one of three commissioners setting standards and working conditions for adults and minors in Oregon . . . as 1982 Keizer Merchant of the Year.

JOANNE BEILKE—ACTIVE LEADER

For over 13 years people in District 33 have known JoAnne accomplishes what she attempts. She is not a name on a committee, she participates. JoAnne not only coached a little league team, she helped make the Keizer field a reality. She organized neighbors so a bike path was built as promised giving children a safe walkway to school. JoAnne, a member of John Knox Presbyterian Church, has served for 12 years as financial manager of their kindergarten.

JOANNE BEILKE—EXPERIENCED LEADER

JoAnne understands that a solid economic base and a fair tax structure for both business and individuals is necessary if we are to support quality education and Oregon liveability.

JoAnne's experience in small business and the community is needed in the legislature. We all know we must have leaders who will make decisions. As our representative, JoAnne will make decisions because she wants a healthy Oregon for us, for her son and for future generations of Oregonians.

JOANNE BEILKE—SHE'S WORKED WITH US— SHE WILL WORK FOR US

ED DAVIS

OCCUPATION: Police lieutenant/Attorney.
OCCUPATIONAL BACKGROUND: Police officer for 14 years; Part-time instructor, Chemeketa Community College; U.S. Army, '66-'68. Awarded Bronze Star, Purple Heart, and Army Commendation with Valor during Viet Nam combat service.
EDUCATIONAL BACKGROUND: J.D., Lewis and Clark Northwestern School of Law; B.A. (Philosophy) University of Portland; A.A. (Police Science), Portland Community College; attended Salem area secondary and middle schools.
PRIOR GOVERNMENTAL EXPERIENCE: Marion County Juvenile Services Commission; Keizer Police Ad Hoc Committee; Marion County Special Prosecutor (volunteer); Legislative Coordinator/Oregon Peace Officers Association; Board of Trustees, Portland Fire & Police Pension and Disability Fund.

ED DAVIS IS DEDICATED . . .

"I believe in standing up for what we know is right—a strong free enterprise system which will provide hope and prosperity for the future. To accomplish these goals, I shall work hard for a fair and equitable tax system, imaginative land use policies, a responsive educational system and a legal system that will provide safety and protection for law abiding citizens."

ED DAVIS BELIEVES IN OREGON . . .

"As a native Oregonian, I know we have the greatest state in this nation. We are blessed with good, hard working citizens and the natural resources to do the job. I want to encourage and share in a governmental system that does not smother the bright future of Oregon—but that continues to implement goals for our future."

ED DAVIS CARES ABOUT DISTRICT 33 . . .

Ed was born and raised in the Willamette Valley and has lived in District 33 for the last ten years. He is a family man, a proven leader, a man of quiet strength and impeccable integrity. Ed spends much of his free time working with our youth, his church and in civic activities. He believes good government is serious business. He shares our problems and concerns. With Ed, this time we can make a difference.

LES
RAY

OCCUPATION: Legal Investigator, SAIF Corporation.

OCCUPATIONAL BACKGROUND: U.S. Army (enlisted and commissioned) 1946-1966; U.S. Coast Guard (enlisted) 1943-1946.

EDUCATIONAL BACKGROUND: University of Maryland, 1963-1965.

PRIOR GOVERNMENTAL EXPERIENCE: None.

Les Ray was born in San Bruno, California, and grew up on the family farm at Elk City, (Lincoln County) Oregon. He has two daughters, Linda Cook (24) and Kim Ray (16).

Les Ray entered the U.S. Coast Guard in 1943, serving in both the European and Pacific Theatres of Operations in amphibious units, during World War II.

Les Ray served in the U.S. Army from 1946 until his retirement in 1966. His duties included Infantry rifleman, Military Policeman, Intelligence Clerk, Armored Platoon Leader, Company Commander, Battalion Headquarters Commandant, and Special Agent Counter Intelligence Corps.

Les Ray has been a Legal Investigator for SAIF Corporation since 1966.

Les Ray has been involved in the breeding, training and showing of registered Morgan horses since 1969.

Les Ray is a member of AF&AM, #821, Morgan Horse Association of Oregon, American Morgan Horse Association, Oregon Horsemen's Association, American Horse Shows Association, National Rifle Association, Republican National Committee, Republican Presidential Task Force, Fraternal Order of Eagles, and the Retired Officers Association.

Les Ray was a Director of the Morgan Horse Association of Oregon for three years, and Vice President of MHAO for one year.

Les Ray has a wide range of experience and training which would make him an effective State Representative.

State Representative 38TH DISTRICT

GEORGE A. ATIYEH

OCCUPATION: President, Shiny Rock Mining Corp. (underground silver mine), Mehama; Owner/Operator, Elkhorn Flying Service, Gates.

EDUCATIONAL BACKGROUND: Geologist, Pacific Smelting & Refining Corporation; Vice-President, North Fork Logging; President, North Fork Trucking (log hauling); President, Pacific Commercial, Inc. (lumber broker); Airline Transport Pilot.

EDUCATIONAL BACKGROUND: University of Oregon, 1966-1970; Portland State University, 1972; American Flight Academy, 1983, Aircraft Engineering Degree; Chemeketa Community College, 1983, Adult Education Computer Science.

PRIOR GOVERNMENTAL EXPERIENCE: United States Army, 1965-1969, received Reserve Officer Commission 1968.

GEORGE ATIYEH is a third-generation Oregonian born in Portland on April 16, 1948. He and his wife Deanne have been married for 13 years and are raising their three children in District 38.

GEORGE ATIYEH believes we must return to the concept of a citizen legislature and turn away from the professional politicians who are so concerned with re-election they are unable to act decisively.

GEORGE ATIYEH believes we must limit legislative terms and eliminate the incentives to drag out each session.

GEORGE ATIYEH believes that we must reform our tax system, that our tax system suffers from mismanagement—not from lack of revenue. We must stop taxing Oregon jobs out of existence. We must create an environment that will be attractive to new and old industry alike.

GEORGE ATIYEH believes that proper management of our natural resources is critical to the economic well-being of Oregon and its people.

GEORGE ATIYEH is supported by members of the timber industry and recreationists. He brings a balanced approach, with realistic solutions to our land use concerns.

"It's time to change the leadership in Salem. The legislature we now have is far less than the citizens of Oregon deserve. We must start sending men and women of quality to the legislature who will serve well and then return home to their families and jobs."

(This information furnished by Oregonians for a Citizen Legislature; Joseph E. Weber, Chairman.)

CEDRIC L. HAYDEN

OCCUPATION: Dentist; tree farmer.

OCCUPATIONAL BACKGROUND: Flying Doctor in Grenada; Oregon logger, hospital orderly and lab tech; University of Oregon and Lane Community College instructor, part-time.

EDUCATIONAL BACKGROUND: Elementary and high schools in Eugene and Gaston, Oregon. Walla Walla College and University of Oregon (Eugene), Bachelor of Science; Washington University, Doctor of Medical Dentistry; Loma Linda University, Master of Public Health degree.

PRIOR GOVERNMENTAL EXPERIENCE: Republican nominee for State Representative, District 38, 1982. Oregon House of Representatives Legislative Intern, 1983 (part-time volunteer). United States Navy, six years. Board of Directors, Western Oregon Health Systems Agency, member. Oregon Department of Education School Evaluation Committee member.

CEDRIC HAYDEN HAS SERVED HIS COMMUNITY as school board member, school budget committee chairman, community college instructor, and chairman of his church board. He has also been a rural health clinic and hospital board director.

CEDRIC HAYDEN HAS SERVED HIS STATE on the Board of Directors, Western Oregon Health Systems Agency; as an Oregon House of Representatives Legislative Intern; as instructor at the University of Oregon Health Sciences Center.

CEDRIC HAYDEN HAS SERVED HIS COUNTRY IN GRENADA as a Flying Doctor, and in the U.S. Military Forces during the Cuban Missile Crisis.

CEDRIC HAYDEN IS QUALIFIED TO SERVE DISTRICT 38 as its State Representative.

CEDRIC HAYDEN CARES ABOUT DISTRICT 38. Cedric, his wife Marilyn, and their six children own and operate a tree farm in the Fall Creek area. They are a fifth generation Oregon family, and they are optimistic about the future of the state. Born and raised in the Willamette Valley, and having traveled world-wide, **CEDRIC HAYDEN** understands the need to provide jobs and economic opportunities in rural communities.

CEDRIC HAYDEN BELIEVES TAX RELIEF is a major concern of Oregonians. The legislature has failed to provide tax relief to Oregon taxpayers. We need job-oriented legislators who realize that fair tax policies, a sound infrastructure, and good education facilities will determine Oregon's future economic climate.

WE NEED CEDRIC HAYDEN!

- 1. CUT GOVERNMENT SPENDING**
The tax burden on the average citizen is simply too high!
- 2. SUPPORT SMALL BUSINESS**
Small businesses are the backbone of our economy. Having experience, he knows the needs of the businessman.
- 3. FARMERS NEED REDUCED REGULATION AND RED TAPE**
Knutson WILL fight for our farmers.
- 4. PROTECT SENIOR CITIZENS**
Knutson believes they have a right to remain self-sufficient and remain in their homes. Overtaxation is stealing what they worked all their lives to retain.
- 5. PROTECTION OF FAMILIES**
Knutson believes we should have stiffer penalties for criminals and restitution directly to the victim, NOT to the courts.
- 6. A VOTE FOR KNUTSON IS A VOTE OF PROTECTION FOR YOU AND YOUR FAMILY'S ECONOMIC SURVIVAL.**

REPUBLICAN FOR

County Clerk

MARION
COUNTY

AL
DAVIDSON

OCCUPATION: Marion County Clerk.

OCCUPATIONAL BACKGROUND: Executive Assistant to the State Superintendent of Public Instruction, 1977-1984; News Director, KGAY Radio, Salem, 1975-1977; Operations Manager, KOOS Radio, Coos Bay, 1974-1975; Manager, KNND Radio, Cottage Grove, 1972-1974; U.S. Navy, 1968-1972.

EDUCATIONAL BACKGROUND: Currently enrolled in external degree program at Eastern Oregon State College; graduated Career Academy of Broadcasting, 1967; graduated North Salem High School, 1966.

PRIOR GOVERNMENTAL EXPERIENCE: Marion County Clerk; Salem City Council; Salem Transit District Board of Directors; Salem Transit District Budget Committee; Faye Wright Neighborhood Executive Committee.

AS MARION COUNTY CLERK, AL DAVIDSON HAS:

EXPANDED HOURS—Al Davidson restored FULL public services to the Marion County Clerk's office after more than three years of restricted hours.

"Our purpose is to serve the public, not when it is convenient for us, but when it is convenient for you."

INCREASED EFFICIENCY—Al Davidson initiated a modernization program designed to increase office productivity by 40%.

"We must take advantage of technologies that allow us to provide more services without increasing staff."

BUDGETED RESPONSIBLY—Al Davidson's 1984-85 budget calls for no increase from this year.

"The taxpayers expect, and should demand, fiscal restraint, especially in these economic times."

DEMONSTRATED INTEGRITY—As Marion County's Chief Election Officer, Al Davidson rejected ballot statements that attempted to influence the voter's choice.

"Nothing is more important to our democracy than the integrity of our elections. The ballot should not be used for campaigning."

AL DAVIDSON ON MARION COUNTY CLERK'S POSITION:

"Managing a public agency to provide maximum service at minimum cost is a difficult job that takes a tough administrator.

"I believe my years of policy and management experience in the private sector, as well as the state, county and city levels of government, uniquely qualify me for this challenge."

**KEEP A GOVERNMENT OFFICIAL WHO GETS THINGS DONE
RETAIN AL DAVIDSON, MARION COUNTY CLERK**

REPUBLICAN FOR

County Surveyor

MARION
COUNTY

DAVID F.
BATES

OCCUPATION: Marion County Surveyor.

OCCUPATIONAL BACKGROUND: Practicing Land Surveyor since 1939. A member of the Oregon State Bar since 1957.

EDUCATIONAL BACKGROUND: A graduate of Aumsville High School, Willamette University, Oregon State University School of Civil Engineering, Willamette College of Law.

PRIOR GOVERNMENTAL EXPERIENCE: Appointed Deputy County Surveyor, Marion County, March 1939 to December 1943; elected Marion County Surveyor, 1981 to present.

BATES has been a Marion County resident since 1930.

BATES is a holder of Oregon Professional Land Surveyor's License No. 24.

BATES has filed more surveys in Marion County than any other individual surveyor.

BATES has served his community as President of the Community Concert Association of Salem, Swegle School Parent-Teachers Association, Four Corners Rod and Gun Club; member of Board of Directors during planning and construction of Capital Manor.

BATES is presently member and Secretary of Board of Directors, Union Gospel Mission, Salem; past member Board of Deacons, First Baptist Church, Salem; presently and for 27 years, teacher of adult Sunday School Class, First Baptist Church; was member of Portland Opera Chorus 15 years.

BATES was the first Engineering Instructor for what is now Chemeketa Community College; has taught Land Surveying, Willamette University; Survey Law, Chemeketa Community College.

BATES was instructor pre-gunnery Central Station Fire Control System on B-29 Bombers during World War II.

The Surveyor's office was severely crippled by the 1980 financial crisis in the County. The office had always had a field crew. That crew was terminated in 1980. The office had no modern surveying instruments. Using rented instruments and working alone, BATES has initiated a control survey program in the County. Monuments previously set are being tied together and to government corners with a high degree of accuracy. This program will aid all private surveyors and result in savings to the landowners of the County.

BATES merits your vote and deserves reelection.

(This information furnished by David F. Bates.)

ALBERT B.
SOLBERG

OCCUPATION: Professional Land Surveyor.

OCCUPATIONAL BACKGROUND: Eight months with an Oregon State Highway Department survey crew; Eight years as head of the survey department for Clark & Groff Engineers, Salem; Twenty-two years with Solberg & Kirscher Land Surveyors, Inc., Salem.

EDUCATIONAL BACKGROUND: Stayton High School Graduate; Oregon Technical Institute, graduated in surveying June 1953.

PRIOR GOVERNMENTAL EXPERIENCE: City of Stayton Planning Commission.

I was born in Astoria, Oregon on Nov. 15, 1927 and came to Stayton, Oregon in 1942 and have resided in Marion County since that time to the present. I am a World War II Navy Veteran. I have been a registered professional land surveyor for nearly 26 years and a charter member of Professional Land Surveyors of Oregon.

The office of Marion County Surveyor is a full-time salaried position. It is my position that the duties of Marion County Surveyor require a person to devote full time to the office and not engage in private surveying activities that could possibly result in a conflict of interest.

If nominated and elected, I would discontinue my private survey practice and give my full undivided time to the position of Marion County Surveyor. This policy would provide the best service to Marion County, the public and private practicing surveyors.

I have been a full-time career surveyor for over 30 years and submit that I am well qualified to perform the duties of Marion County Surveyor.

Judge, Supreme Court

POSITION 1

HANS A.
LINDE

OCCUPATION: Judge, Supreme Court of Oregon.

OCCUPATIONAL BACKGROUND: Attorney admitted to Oregon Bar, 1951. Professor of Law, University of Oregon, and visiting professor at other law schools, 1959-76. Arbitrator in numerous labor disputes, 1962-75. Oregon Supreme Court Justice since 1977.

EDUCATIONAL BACKGROUND: University of California School of Law; Reed College; Lincoln High School, Portland.

PRIOR GOVERNMENTAL EXPERIENCE: Law Clerk to U.S. Supreme Court Justice, 1950-51. Attorney, U.S. State Department, and Adviser to U.S. Delegation to United Nations, 1951-53. Legislative Assistant to U.S. Senator Richard Neuberger of Oregon, 1955-58. Member, Oregon Constitutional Revision Commission, 1961-62. Member, Administrative Conference of the United States, 1978-82. Seven years' experience on Supreme Court of Oregon.

• JUSTICE LINDE IS A LONG-TIME OREGONIAN

Justice Hans Linde has been an Oregonian for 45 years. His father was an attorney in Portland. Justice Linde went to school and college there, earning his way by factory and shipyard jobs. He served in the U.S. Army in Europe during World War II.

Justice Linde and his wife Helen have been married 38 years and live in Salem. They have two grown children, Lisa and David.

• JUSTICE LINDE IS PROFESSIONALLY DISTINGUISHED

Justice Linde has achieved national distinction both before and after becoming a judge. In his 18 years as a law professor, he specialized in constitutional law and administrative law. He also taught criminal law and labor law. Over 1,000 Oregon lawyers took his courses.

As a judge, Justice Linde's opinions have been cited in casebooks and by courts across the country. His accomplishments were recognized by election to the national Council of the American Law Institute.

• JUSTICE LINDE ENFORCES OREGON'S LAWS

Justice Linde is a recognized leader in enforcing Oregon's constitution and laws. His firm, impartial devotion to the rule of law is widely respected. He is supported by former prosecutors like Jim Brown, Des Connall, Dick Forcum, Bill Frye, John Leahy, Sid Lezak, Francis Linklater, Louis Selken, and R.P. (Joe) Smith.

• JUSTICE LINDE IS AN EXPERIENCED AND EFFECTIVE JUDGE

Justice Linde was appointed by Governor Straub in December 1976 and was elected by the people in May 1978. He is now one of the two judges with the longest experience on the Supreme Court of Oregon.

Justice Linde is a hard working and productive judge. His work combines legal scholarship with mature judgment, practical experience and common sense. Arno Denecke, retired Chief Justice who presided over the Supreme Court during five years of Justice Linde's service, says: "Justice Linde is a very hard working member of the Court, both on opinions assigned to him and on all court business."

The Supreme Court is the highest court in Oregon. Its decisions are made collectively, not by individual judges. Since the legislature transferred most appeals to the Court of Appeals in 1978, the Supreme Court decides far fewer but more difficult cases. Important issues on which the Court's opinion was assigned to Justice Linde include:

- Standards for police and firefighter benefits consistent with city home rule.
- Tenants' damage claims for substandard housing.
- Unconstitutionality of the 1981 reapportionment that left west-side Portland without a state senator.
- Civil damages for battered spouse when protective order is not enforced.
- Unconstitutionality of requiring local governments to ratify proposed sales tax amendment.

• JUSTICE LINDE HAS BROAD SUPPORT

This year, as in 1978, Justice Linde is supported by lawyers throughout the state and by many other community leaders and citizens. He has bipartisan support from Oregon's political leaders, including U.S. Sen. Mark Hatfield, U.S. Reps. Jim Weaver and Ron Wyden, State Labor Commissioner Mary Wendy Roberts, former U.S. Reps. Edith Green and Bob Duncan, former U.S. Sen. Maurine Neuberger, former Portland Mayor Neil Goldschmidt, former House Speaker Hardy Myers and many other state legislators. Though they differ on many issues, they unite in urging that Justice Linde be re-elected to the Supreme Court of Oregon.

• RE-ELECT AN OUTSTANDING JUDGE

Justice Hans Linde has a proven record: 30 years of able, dedicated service to the people of Oregon, including seven years' work on the Supreme Court. His maturity and impartiality qualify him to serve six more years on our highest court. He has earned your continued trust and support.

Judge, Supreme Court POSITION 1

**DAVID
MARSHALL
NISSMAN**

OCCUPATION: Attorney.

OCCUPATIONAL BACKGROUND: 1975: Managing Editor, OBF Magazine. 1976-84: Lane County District Attorney's Office: Major felony trials, career criminal division, civil litigation, police agencies' advisor. 1978-84: Adjunct Professor, University of Oregon Law School. Authored "Beating the Insanity Defense" (1980) and "The Prosecution Function" (1981). Commercial fishing business, central Oregon coast.

EDUCATIONAL BACKGROUND: Doctor of Jurisprudence, University of Oregon School of Law. Bachelor of Arts, magna cum laude, Emory University.

PRIOR GOVERNMENTAL EXPERIENCE: 1978-84: Prosecutor, Lane County, Oregon; 1981-83: Member, Legislative Task Force, Oregon District Attorneys' Association.

DAVID NISSMAN has been endorsed by the OREGON COUNCIL OF POLICE ORGANIZATIONS, THE LEGISLATIVE COMMITTEES OF THE OREGON POLICE CHIEFS AND THE OREGON PEACE OFFICERS ASSOCIATION, THE MULTNOMAH COUNTY SHERIFF'S ASSOCIATION, CRIME VICTIMS UNITED, hundreds of Oregon lawyers and District Attorneys, and the OREGON FARM BUREAU.

A CRITICALLY IMPORTANT JUDICIAL RACE FOR OREGONIANS: The Supreme Court is responsible for seeing courts run efficiently, that people are treated fairly and victims of criminal and civil wrongs receive justice. Oregonians have a right to expect hard work and common sense from their Supreme Court Judges.

DAVID NISSMAN WORKS HARD TO PROTECT YOUR RIGHTS: A vote for David Nissman is a vote for hard work and expert legal knowledge. He stands behind his record of prosecuting major crimes and protecting the rights of crime victims. Nissman is a trial lawyer with past experience in the business community. As a prosecutor, David Nissman has never represented special interest groups and owes no political debts.

An adjunct professor at the University of Oregon, David Nissman has personally trained many of this state's trial lawyers. He has written two critically acclaimed legal books and is a nationally respected expert who has advocated reform of our over-used insanity defense laws. Nissman has accomplished in a short period of time, more than most lawyers and judges have in a lifetime. He will bring vigor, hard work, and dedication to the state's most important court.

THE INCUMBENT IS OUT OF TOUCH WITH OREGONIANS: The incumbent has been a major disappointment to Oregonians. All too often his major concern has been for the criminal, not the crime victim. He has voted for decisions striking mandatory minimum sentences for murderers, restricting crime victims' restitution rights, limiting sentences for rapists and creating new rights for drunk drivers. He wrote a decision throwing out an Oregon law that made obscene phone calls a crime, arguing it violated the defendant's freedom of speech.

In another case, police had fully informed a dismemberment murderer of his rights to remain silent, and to a lawyer at public expense. The murderer told police that he did not want a lawyer, and freely confessed to the crime. The incumbent wrote a decision throwing out the confession because, unbeknownst to the murderer, his accomplice had hired an attorney for him.

The incumbent has taken a consistent stand against justifying searches by legitimate concerns for officer safety. The results have been that important evidence gets excluded because of technical rules. He has voted to strike down the death penalty, adopted overwhelmingly by Oregon voters, and has interfered with our constitutional right to initiate legislation by popular vote.

Nissman's opponent has used his judicial office to write personal political beliefs into law and has refused to discuss this issue with the Oregon voters.

OREGONIANS DESERVE A FULL-TIME JUDGE: Justice delayed is justice denied. American Bar Association Standards call for opinions to be published no later than 90 days after oral arguments. Litigants often wait eight to eleven months for the incumbent's opinions. He rarely missed an opportunity to reverse administrative board decisions. The result: litigants wait a year for Linde's decision and are told to start all over again, driving the court costs sky high.

The incumbent chose a period when the Court was short-handed to take a winter leave to teach in a sun belt school, saying he needed time to "think systematically." The SALEM *Statesman-Journal* observed "In our judgment, Linde owes it to the state to defer his teaching leave." (November 18, 1982) He was gone for four months.

On other occasions, brother judges have written separate opinions taking the incumbent to task for delayed decisions. In one case, a judge was moved to exclaim "this is no way to run a railroad." More and more Oregonians agree.

In addition to his writing and teaching, Nissman has tried hundreds of cases. His expertise in the area of criminal law will improve the composition of our Supreme Court. Nissman is the only candidate, judges, lawyers and police agencies call upon to bring them up to date on criminal procedure issues. He has lectured for the Oregon Law Institute, the District Court Judges Association, and the Board on Police Standards and Training. Dave lives in Eugene with his wife, Susan.

VOTE FOR HARD WORK AND COMMON SENSE.

**ELECT DAVID MARSHALL NISSMAN,
SUPREME COURT JUDGE, POSITION 1.**

Judge, Supreme Court POSITION 1

ALBIN W.
NORBLAD

OCCUPATION: Circuit Court Judge.

OCCUPATIONAL BACKGROUND: Circuit Judge, 1977 to present; District Judge, 1973-77; Attorney, private practice, 1969-73; Municipal Judge, Sublimity and Jefferson, 1970-73; Deputy District Attorney, 1966-69; Clerk, Federal District Judge, 1965-66.

EDUCATIONAL BACKGROUND: B.S., University of Oregon, 1963; J.D., Willamette University, 1965; Graduate, National College of State Judiciary; Admitted to Oregon State Bar, 1965. Also licensed to practice U.S. District Court—Oregon, U.S. Ninth Circuit Court of Appeals, U.S. Supreme Court.

PRIOR GOVERNMENTAL EXPERIENCE: Member, Governor's Task Force on Juvenile Corrections.

JUDGE ALBIN NORBLAD—AN 11-YEAR RECORD OF DISTINGUISHED SERVICE

Judge Albin Norblad is one of Oregon's most respected jurists.

He has served Oregon as a full-time working judge for 11 years and has been widely praised for the conduct of his Court.

As one observer put it: "While Judge Norblad retains the highest regard for judicial tradition, he has been unusually innovative and makes the system work to the benefit of the people."

The record proves the truth of the commendation. As Judge he has the best record in Oregon for collecting restitution for victims of crime. Guilty offenders know that Judge Norblad will demand they pay for their offenses, repay damage to their victims, and not slip away with the proverbial "slap on the wrist."

JUDGE NORBLAD — "IMAGINATIVE, ENLIGHTENED"

According to figures from the State of Oregon Analysis of Criminal Offenses & Arrests in 1976 in his jurisdiction a total of 43 percent of all arrests were juvenile. By 1982 only 25 percent were juveniles.

Observers of the system say such figures clearly point to the effectiveness of Judge Norblad's no-nonsense approach and that his even-handed firmness became, in the final analysis, a deterrent to crime.

He is credited with developing some of the most enlightened programs of rehabilitation in the state. He has been commended for his imagination and resourcefulness in bringing private and public organizations together to work effectively.

Even during recent bad economic times Judge Norblad has doubled support collections for spouses and their children.

His handling of domestic relations cases is equally impressive. Judge Norblad's Court is responsible for a substantial increase in the reporting of physical and sexual abuse, neglect, and child abuse.

Judge Norblad is often asked to share his views at symposiums and legal gatherings. He has been a guest lecturer at Lewis and Clark College, Portland State University, Oregon Association of School Administrators, Western Oregon State College, and Willamette University.

JUDGE NORBLAD — "EXPERIENCED AND LOGICAL"

Few people have broader or better Courtroom experience than Judge Albin Norblad. After service as Clerk for a Federal District Judge, he became a Deputy District Attorney, then Municipal Judge, and following a period in private practice was elected District Judge and later Circuit Court Judge.

Through this wide experience Judge Norblad developed the legal skills which make him a logical choice for the Oregon Supreme Court. A vigorous person, he will carry his share of heavy workloads and help keep Court dockets current.

HERE'S WHAT OTHERS SAY ABOUT JUDGE NORBLAD

"Speed and clarity have given the Court (Judge Norblad's) a forceful reputation, without sacrificing the perception of fairness."

"In terms of due process...the performance of the Court...is excellent."

U.S. Dept. of Justice—LEEA Program Evaluation,
July 15, 1981

"That's because Norblad, elected by the voters to his present post, is widely perceived in the community to have been effective in curbing crime..."

Statesman-Journal (Salem), August 14, 1983

"Judge Norblad makes juveniles responsible to the victims of their crimes. Restitution payments by juveniles have increased 200 percent since 1976."

Daily Astorian (Astoria), August 17, 1978

"...behind this tremendous drop in juvenile crime statistics is (Judge) Norblad's tough, no-nonsense policies as well as his commitment to certain, speedy justice for offenders."

Mail (Stayton), January 24, 1980

"But Norblad...can point with pride to an impressive list of statistics that seems to show that his stern expectations, reorganized department and innovative programs are working."

Oregon Journal (Portland), February 11, 1982

"We think Judge Al Norblad and his solid staff are doing an outstanding job..."

Appeal Tribune (Silverton), April 19, 1979

"...(Judge Norblad's Court) is also praised by Salem Police Chief Roy Hollady and other law enforcement officials for its strong backbone."

The Oregonian (Portland), February 2, 1981

"...judicial candidate Albin Norblad promised to get tough with juvenile offenders and realize community benefit in dealing with them. Norblad was elected and he kept his promise."

Independent (Woodburn), June 9, 1982

Judge, Supreme Court POSITION 7

**ROBERT E.
JONES**

OCCUPATION: Associate Justice, Oregon Supreme Court.

OCCUPATIONAL BACKGROUND: Circuit Court Judge for Multnomah County for 19 years. Trial lawyer 1953-63. Worked as a painter (Local #10), construction worker, greenskeeper, deckhand, logger, truckdriver, insurance underwriter and claims adjuster.

EDUCATIONAL BACKGROUND: Graduated from Rose City Park Grade School, Grant High School, and attended the University of Portland and graduated from the University of Hawaii with a B.A. degree. Received law degree from Northwestern School of Law of Lewis and Clark College.

PRIOR GOVERNMENTAL EXPERIENCE: Justice, Oregon Supreme Court (January 1983 to date); Circuit Judge, Multnomah County (1963-82); Member, House of Representatives (1963).

MILITARY EXPERIENCE: Captain, U.S. Navy JAG Corps, USNR. Former Line Officer and Commanding Officer of Oregon Law Co. 13-2.

FAMILY: Born in Portland, Oregon, July 5, 1927. Bob and Pearl (Jensen) have been married for 35 years and have two children, Jeff and Julie.

TEACHING: Adjunct Professor of Law, Northwestern School of Law of Lewis and Clark College—teaching Evidence and Trial Advocacy. Faculty, National Judicial College—teaching Evidence, Judicial Administration and sentencing. Faculty, American Academy of Judicial Education.

NATIONALLY RECOGNIZED AUTHORITY ON THE LAW:

"Judge Jones is an outstanding legal scholar . . . and served as a member of the National Judicial College faculty for the last nine years. He is nationally recognized as one of the best in the field of judicial education and training." (Dean Ernst John Watts, National Judicial College, March 21, 1979)

"Respect, on a national basis, is enjoyed by Judge Jones. . . . He is the author of Practical Trial Evidence, an 8-volume set of course materials . . . used by national training organizations, criminal justice programs, law schools, attorneys, prosecuting attorneys and public defenders. Over 10,000 criminal justice personnel have been served by Judge Jones's materials." (Douglas Lanford, Executive Director, American Academy of Judicial Education, March 16, 1979)

"Judge Jones bridges, in the best possible ways, two very distant worlds: the world of the classroom and the world of the courtroom. Judge Jones, in his mastery of the law of evidence and criminal

procedure, also has achieved an excellent control and understanding of constitutional law and, beyond that, the processes of justice." (Dean Arthur B. LaFrance, Northwestern School of Law of Lewis & Clark College, December 7, 1982)

"Associate Justice Jones is the schoolmaster of the American judiciary because of the enormous contribution he has made to the betterment of the judiciary." (Chief Judge James Burns, Federal District Court, January 7, 1983)

"We don't have one member in this entire bar of 7,000 people who has written, lectured or worked harder for the benefit of our entire profession." (John Haugh, President, Oregon State Bar, January 7, 1983)

"Judge Jones has been an innovator, he has been a moving force in what I consider the modern trend of our court, our ability to deliver the justice services as we desire to the public." (Presiding Judge Charles Crookham, Multnomah County Circuit Court, January 7, 1983)

ADVOCATE FOR STRICT, BUT FAIR SENTENCING:

Judge Jones co-founded Oregon's Diagnostic Center. This facility is the best in the nation, providing complete psychological profiles and backgrounds of major felony offenders to the sentencing judges. He also originated Sentencing Councils to help standardize sentences, a program adopted by the federal court. Judge Jones served as Chairman of Oregon's Prison and Parole Commission. As a Circuit Judge, he sentenced over 3,000 felons.

COMPASSION FOR YOUTHFUL OFFENDERS AND VICTIMS OF CRIME:

Judge Jones originated the Volunteers in Corrections program, personally training citizens to supervise youthful offenders.

"Judge Jones initiated the first program to provide volunteer counseling to convicted felons. . . . Last year trained volunteers logged 4,346 hours providing one-to-one counseling for probation clients." (*County Lines Magazine*, April 1978)

In sentencing, Judge Jones consistently ordered offenders to pay restitution to the victims of crime.

ENFORCER OF PROMPT JUSTICE:

Since his appointment to the Supreme Court, Justice Jones has been proven to be one of the most prolific writers on the court. His opinions are scholarly, clear, fair, and prompt.

As Chief Criminal Judge for Multnomah County, Judge Jones eliminated a massive backlog of criminal cases and established new procedures reducing arrest-to-trial time for felons from five months to less than 60 days.

"Judge Jones, purposefully and without compromise, drew a plan to cut down the waiting time for trials in the criminal courts, and enforced his plan rigorously. . . . He initiated ideas to facilitate trials and to improve prospects of rehabilitation. . . . He has assaulted one of the most obstinate areas of court reform, and he has left his mark." (Editorial, *Oregon Journal*, March 15, 1972)

LEGAL LEADERSHIP:

President, Oregon Circuit Judges Association (1967).
President, Oregon Trial Lawyers Association (1959).

AWARDS:

Citizen Award, National Conference of Christians and Jews.
Service to Mankind Award, Sertoma Club of Oregon.
Award of Merit, Multnomah Bar Association (1979).

OREGONIANS, Justice Bob Jones has the statewide support of the people of Oregon.

INCUMBENT—Keep this EXPERIENCED, COMPETENT, INDUSTRIOUS and IMPARTIAL Justice on the Supreme Court.

LAWRENCE WM.
JORDAN

OCCUPATION: Attorney, private practice.

OCCUPATIONAL BACKGROUND: Oregon Department of Commerce, Assistant Administrator, Building Codes; City Attorney, Lake Oswego; Attorney, private practice; Research engineer; University Instructor; Pharmaceutical manufacturing.

EDUCATIONAL BACKGROUND: University of California at Los Angeles, J.D., 1971; Ohio State University, Ph.D., 1959; Public schools, Lakewood, Ohio.

PRIOR GOVERNMENTAL EXPERIENCE: Salem Planning Commission; City Attorney; Washington County Community Planning; City Council, Orange, California; Southern California Association of Governments; Orange Parks and Recreation Commission.

I am running "for" the office of Circuit Court Judge, position 2.

My reasons are:

1. The Oregon Constitution provides that judges be elected.
2. "Election" implies a choice.
3. I believe there should be a choice.
4. I want to be a judge.

There are legal qualifications relating to age, citizenship, residence and membership in the Oregon State Bar. I meet those. Beyond those, the reasons for your choice are up to you.

I have been a lawyer since 1971. My experience has included private and public clients. I have worked in a medium-sized firm and in sole practice. My clients have included plaintiffs and defendants, as well as those needing only a contract, a will, or advice.

I have been active in civic, legal, youth, church and fraternal matters. In addition to those already listed, I have served as chairman of a bar committee, president of a settlement house board, homeowner president, cubmaster, and junior soccer coach. I am a member of the YMCA, Chamber of Commerce, Civitan, Rotary, Eagles and Moose.

I hold honors in law, engineering and scientific research. My leisure activities include racquetball, running, biking, camping, reading, travel, sailing, and electronics. I have lived in different places, gone to different schools, and worked at different jobs. That kind of experience gives balance and perspective.

The incumbent was appointed more than 30 years ago and has been reelected without opposition—until now. It's time for a change. Our courts need modernization: new ideas, new equipment, new practices, and new people.

On May 15, vote for Jordan for judge.

Thanks.

VAL D.
SLOPER

OCCUPATION: Presiding Circuit Court Judge, Marion County.

OCCUPATIONAL BACKGROUND: Circuit Court Judge (1955-1984), District Court Judge, Deputy District Attorney.

EDUCATIONAL BACKGROUND: Salem High School; Willamette University and Willamette Law School.

PRIOR GOVERNMENTAL EXPERIENCE: Supreme Court Justice, pro tem; Circuit Judge; District Judge; Deputy District Attorney.

BIRTHPLACE: Stayton, Oregon; August 26, 1923.

FAMILY: Judge Sloper and his wife of 36 years, Chris, reside in Salem.

**NO OTHER TRIAL JUDGE HAS SERVED LONGER
OR WITH GREATER RESPECT THAN VAL SLOPER.**

JUDGE SLOPER Is An Experienced Leader:

Val Sloper was first appointed to the bench in 1951. He has been a Circuit Judge since 1954, and Presiding Judge since 1965.

JUDGE SLOPER Is Respected By His Peers:

Val Sloper has been President of both the Oregon District Judge's Association and the Circuit Court Judge's Association. He has taught at the National College of the Judiciary and has conducted Judicial seminars nationwide.

JUDGE SLOPER Works Hard:

As Presiding Judge he has stretched tax dollars to meet an increasing caseload on a limited budget by effectively controlling all case assignments and maintaining an active caseload himself. He has twice been asked by the Oregon Supreme Court to serve as a Justice, pro tem.

JUDGE SLOPER Is Tough on Criminals:

Val Sloper has a hard-nosed, no-nonsense approach to criminals. He knows that public safety demands swift and sure justice for all criminals.

FROM THE JUDGE

"Having the trust and confidence of the people of Marion County has allowed me to contribute to the effectiveness of our judicial system these last 33 years. But, continuing changes require continuing improvements. There are many challenges ahead and it is with enthusiasm and humility that I seek your continued support. Thank you."

CLARKE C.
BROWN

OCCUPATION: Circuit Court Judge, Marion County.
OCCUPATIONAL BACKGROUND: Marion County Circuit Judge (1978-1984); Marion County District Judge (1975-1978); Private Attorney in Salem (1959-1975).
EDUCATIONAL BACKGROUND: University of Oregon, 1940-1941; B.A. Willamette University; J.D. (Law Degree), Willamette University, 1948.
PRIOR GOVERNMENTAL EXPERIENCE: Circuit Court Judge; District Court Judge; Assistant Corporation Commissioner (1954-1959).

AGE: 62
BIRTHPLACE: Clatskanie, Oregon.

FAMILY, RELIGIOUS AFFILIATION: Clarke and his wife, Virginia, have five children and eight grandchildren. The Browns reside in Salem and are active in the First Presbyterian Church.

MILITARY SERVICE: Clarke Brown served two tours of combat duty aboard destroyers in World War II and Korea. He was also assigned to U.S. Naval Intelligence and as an aide to Admiral Porter. Clarke is a Commander (Ret.) USNR.

COMMUNITY INVOLVEMENT: Clarke has been active in the Chamber of Commerce, American Legion (Past President), Junior Chamber of Commerce (Past President), Morningside School PTA (Past President) and Marion County Juvenile Advisory Council.

A RECORD OF DISTINGUISHED SERVICE TO MARION COUNTY

Judge Clarke Brown has earned a reputation for dedication to his job. He is noted for his honesty, eagerness to work and cordial treatment of those most inconvenienced by the court system—jurors and witnesses. He has presided over many complicated cases, including that of the I-5 Bandit and the multi-million dollar securities fraud of Omni Resources.

A RECORD OF CONCERN FOR THE PEOPLE OF MARION COUNTY

Judge Clarke Brown is tough on criminals. He believes that the Court system should protect the victim, not the criminal. He is particularly strict with drug dealers—the guilty go to prison—without exception.

MATURITY OF JUDGMENT

A native Oregonian, Clarke Brown's experiences as a father, husband, military officer, farmer, businessman, civil servant, attorney, teacher and judge provide that maturity of judgment so necessary to the fair, even-handed administration of justice.

KEEP JUDGE CLARKE BROWN— WE NEED HIM!

TOM
BECK

OCCUPATION: Marion County District Court Judge.

OCCUPATIONAL BACKGROUND: Attorney, private practice, Miller, Beck & Parks, 1972-1978; Williams, Skopil, Miller & Beck, 1965-1972; Superintendent of Claims and Field Claim Representative, State Farm Insurance Co., 1949-1965.

EDUCATIONAL BACKGROUND: LL.B. Northwestern School of Law, 1960. Admitted to practice law in Oregon, 1960.

PRIOR GOVERNMENTAL EXPERIENCE: Appointed District Judge 1978; Elected District Judge 1979; Elected Presiding Judge Marion County District Court 1981.

JUDGE TOM BECK: EFFECTIVE AND PRODUCTIVE

Judge Tom Beck is one of Oregon's most effective and productive Judges.

Since his appointment as District Court Judge in 1978 and his election to the job in 1979 he has proven himself an unusually hard worker, having personally tried more than 2,000 cases.

At the same time, under his leadership, Marion County has one of the best records in the state for keeping current the docket of pending cases.

When Judge Beck was elected Presiding Judge of the Marion County District Court there were 6,178 cases pending. Under his guidance this number dropped 60% by the end of last year.

Judge Beck was appointed Presiding Judge by the Chief Justice of the Supreme Court when the State took over the court system.

JUDGE TOM BECK—EXCELLENT QUALIFICATIONS

Judge Beck is ideally qualified to continue his work as District Judge. A former lawyer in private practice in Salem, he is also an active member of professional organizations important to the legal community.

While known as a Judge who is at all times fair, and one with the ideal temperament for such work, he has been widely commended for firm handling of malefactors and insistence on respect for the law.

Judge Beck is President-elect of the Oregon District Court Judges Association and was a member of the Board of Directors, Marion County Bar Association.

He is a past and present member of the Special Courts Committee, Judicial Ethics Committee, Minor Court Rules Committee, Professional Liability Fund Committee, and Marion County Community Corrections Advisory Committee.

(This information furnished by Committee to Re-elect Judge Tom Beck; Arno Denecke, Honorary Chairman.)

ROBERT
BORN

OCCUPATION: Full-time candidate.

OCCUPATIONAL BACKGROUND: Engineering trainee; Air Force pilot and captain; newspaper editor and owner; deputy district attorney.

EDUCATIONAL BACKGROUND: Mechanical engineering degree from Marquette University, 1969; law degree from Willamette University, 1980.

PRIOR GOVERNMENTAL EXPERIENCE: Criminal prosecutor for Lincoln, Marion, and Clatsop Counties.

To Marion County residents:

My approach to campaigning is personal and straightforward. I've been informing voters, full time since June, by distributing over 44,000 detailed brochures door-to-door. I've tried to demonstrate the dedication, energy, integrity, independence, and overall ability I would bring to this critical job.

We need to open up judicial elections to real public scrutiny and discussion, for judges play the key role in fighting crime. Presently, bar association members dominate judicial campaigns by their contributions and endorsements. Unfortunately, their self-interest—the profitability and advancement of the legal profession—conflicts with your interests. I feel I am representative of the community-wide interest in a safe, lawful, and livable environment. Since I think entirely differently than our present judges, you will have a real CHOICE in this election.

Here's a brief summary of my ideas:

- **SENTENCING PHILOSOPHY:** The current wrist-slapping approach doesn't reform criminals or protect people. I believe in deterrence, and will provide sufficient punishment to discourage many criminals from repeating. I'll give a very clear message that crime won't be tolerated here.

- **SPEEDY AND PUBLIC JUSTICE:** I will stubbornly resist spurious efforts to delay cases. I will put in a full day's work, and will strive to seek truth rather than play legal games. I've proposed numerous ways to make our courts and judges more open, accessible, and accountable to the public.

- **VICTIM'S RIGHTS:** I will show as much concern for victims and their plight as has been shown for criminals and their rights.

- **DRUNK DRIVING:** I'll start fully utilizing the tools available to judges to fight this highly deterrable—and tragic—crime.

We've complained about crime long enough—now let's DO something about it! For more information, please call me at 370-8523.

Sincerely, Robert Born

PRIOR GOVERNMENTAL EXPERIENCE: In the District Attorney's office, has served as Chief Deputy, Senior Staff Attorney, Grand Jury Chief Deputy, and District Court Chief Deputy.

PERSONAL INFORMATION: Dale, his wife, Debi, and their three children live in Salem. They attend the First Church of the Nazarene. Penn, a U.S. Army veteran, was selected as "Soldier of the Year" for the Fifth Army in 1973.

DALE PENN IS OUR MOST EXPERIENCED CRIMINAL PROSECUTOR

"PROVEN": Penn has successfully prosecuted many difficult and complex criminal cases in Marion County, including the Salem Museum Tavern killings and the recent Willamette University shootings. Penn is an instructor for district attorneys and police agencies. His continuing work with law enforcement officials has helped to reduce crime in Marion County.

"INNOVATIVE": Penn has already worked to implement strong justice programs in the Marion County D.A.'s office by:

- Implementing victim-witness programs to assist those most affected by crime.
- Vigorously prosecuting sex crimes, child abuse cases, and implementing rape-victim's advocate programs.
- Establishing effective restitution programs.
- Demanding harsher penalties for drunk drivers.
- Streamlining office procedures and increasing attorney caseloads to maximize criminal convictions.

"DEDICATED": Penn is committed to continued improvement of the criminal justice system by:

- Insisting on the immediate prosecution and maximum punishment of violent criminals.
- Insuring there are no abuses of plea bargaining.
- Restricting the use of the insanity defense.
- Targeting drug peddlers.
- Creating a career criminal prosecution unit.

DALE PENN is the ONLY candidate who is endorsed by both Marion County District Attorney Michael J. Brown and Sheriff Chuck Foster.

MARTIN**

OCCUPATION: Purchasing Analyst for General Services, State of Oregon.

OCCUPATIONAL BACKGROUND: Current position requires use of Uniform Commercial Code, Oregon Revised Statutes, and Oregon Administrative Rules. Participated in law enforcement district wide planning activities. Administered publication of "Uniform Military Code of Justice" for two years.

EDUCATIONAL BACKGROUND: Bachelor of Science Degree from Portland State University.

PRIOR GOVERNMENTAL EXPERIENCE: Six years service in the United States Navy. Three years as Senior Planner with the Umpqua Regional Council of Governments. Served on law enforcement council, health resources committee, and various land use committees. Currently ascertaining additional experience as a Purchasing Analyst with General Services Department of the State of Oregon.

PERSONAL: Darrell is 41 years old and is married to Yvonne Martin. They have one son, Alexander.

DARRELL MARTIN—Studied criminology and law enforcement at Portland State University.

DARRELL MARTIN—Has had international law training.

DARRELL MARTIN—Believes that many of our society's morals have been either destroyed or weakened. He believes that citizens must, once again, become involved in legal issues in order to correct these problems.

DARRELL MARTIN—When elected, wants to set up several citizen advisory committees. These committees would be made up of housewives, students, farmers, pastors, lumbermen, and business persons. These committees would assist in making improvements in judicial operations in East Marion County.

DARRELL MARTIN—Believes that the legal system and courts should devote more time in helping the victim of crime, and not the habitual criminal or traffic violator.

DARRELL MARTIN—Believes more should be done against those who drink alcohol and drive.

DARRELL MARTIN—Has had experience assisting cities in law enforcement planning. He has worked with police in Southern Oregon cities in the past, and feels that he has adequate knowledge of the law to be an asset to the residents of East Marion County.

DARRELL MARTIN—Volunteer activities include working on the Mission Council of the First Church of the Nazarene.

SUE
HARRIS

OCCUPATION: Mayor of Salem.

OCCUPATIONAL BACKGROUND: Oregon Department of Transportation, specialist in transportation and land use, 1977-79.

EDUCATIONAL BACKGROUND: B.A., Political Science, Smith College, 1970; M.A., Urban and Regional Planning, University of Wisconsin, 1976.

PRIOR GOVERNMENTAL EXPERIENCE: Elected Mayor of Salem, 1982. Member Governor Vic Atiyeh's Transportation, Energy Conservation Task Force, 1979. Director and Treasurer Salem Area Mass Transit District. Former member Downtown Development Board and Downtown Housing Task Force. Former president South Central Association of Neighbors (SCAN) and SCAN Urban Renewal Board. Transportation Committee Chair Salem Project 90.

SALEM IS ON THE MOVE WITH MAYOR SUE HARRIS

There is an upbeat feeling in Salem that things are moving and that goals are being met. Mayor Sue Harris has played a role in setting this tone through her energetic leadership.

During her tenure as Mayor, the people of Salem have approved a street construction measure and Salem's ancient sewer system has been improved.

ECONOMIC DEVELOPMENT AND JOBS IS HER GOAL

At the same time she has helped develop an aggressive economic development program for Salem. She is actively pursuing her previously announced goal of emphasizing the need for diversifying Salem's economy and attracting new industries and new jobs. She is also supporting programs to assist existing business and industry.

SUE HARRIS—OUR WORKING MAYOR

But Sue Harris knows that even more needs to be done to keep Salem moving. She is continuing her efforts to develop the downtown riverfront and to promote Salem's convention facilities and tourist attractions.

She has also played a leadership role in making it easier to do business with the City by reevaluating license and permit regulations and cutting red tape.

KEEP SALEM MOVING—REELECT MAYOR SUE HARRIS

Sue Harris is working hard, doing a good job. For the future of Salem, we need her energy and her vision if the City is to prosper and progress. She merits a vote of confidence and reelection as Salem Mayor.

OCCUPATIONAL BACKGROUND: Law clerk; construction worker; research assistant.
EDUCATIONAL BACKGROUND: Law degree, Willamette University. B.A. in psychology, University of Oregon Honors College. Jesuit High School, Portland.
PRIOR GOVERNMENTAL EXPERIENCE: Two-term Chairman, Northeast Neighbors; Vice President, Salem Neighborhood, Inc.; Mission Street Citizens Advisory Committee; Vice Chair, 17th Street Citizens Advisory Committee.

Personal: Born in Portland, December 20, 1954. Married to Nancy (Burke) Minden. One child. Member of St. Joseph's Parish; Oregon Downtown Development Association; Oregon Criminal Defense Lawyers' Association (1980-1983); Salem City Club; Board of Directors Willamette University People's Law School (1977-1980).

Mike cares about Salem. He has researched and presented testimony on: the new zone code; city budget; Comprehensive Capital Improvement Plan; Salem Area Transportation Study; Mission Street Project; State/Court reversal.

Mike knows the issues facing our community today and tomorrow. He will:

- 1) Work to preserve the livability of our residential neighborhoods.
- 2) Support efforts to revitalize our downtown and develop our long neglected river front.
- 3) Seek better traffic planning, including a Neighborhood Traffic Management Program to protect the safety and livability of residential streets.
- 4) Work for crime-watch programs and changes in the Police Department budget to increase enforcement in burglary and vandalism cases.
- 5) Advocate greater coordination between our land use planning and traffic planning and economic development efforts.
- 6) Support city cooperation with the private sector on economic diversification. Support economic development consistent with our commitment to livability.
- 7) Seek continued city support for community self-help projects, including park development, rehabilitation and maintenance.
- 8) Strive to encourage citizen involvement in government. People are our community's most valuable resource.
- 9) Listen to BOTH sides of issues before Council.

Mike is a candidate who offers a balanced understanding of our community's needs, rooted in an appreciation for Salem's past, concern for Salem's present, and an energetic optimism for Salem's future.

ABSENTEE BALLOT

IN STATE ABSENT VOTER

You may apply for an absentee ballot with your county clerk if:

1. You are a registered voter, and
2. You have reason to believe you will be unable, for any reason, to vote at the polling place on election day.

Your application must be in writing and must include:

1. Your signature. (This is imperative, for comparison purposes.)
2. A statement as to why you will be unable to vote in person.
3. Your residence address.
4. The address to which the ballot should be mailed, if different from your residence.

YOUR APPLICATION MUST BE RECEIVED BY YOUR COUNTY CLERK NOT LATER THAN 8 P.M. THE DAY OF THE ELECTION.

If an elector is physically handicapped, the application is valid for every election held during the calendar year for which the application is received.

The first day county clerks could accept an absentee ballot application for the May 15th primary election was March 16, 1984. Absentee ballots are delivered as soon as signatures are verified and the ballots are printed. Your ballot may be returned to the office of your county clerk by any appropriate means, but, if application is made by mail, be sure to allow enough time to receive the ballot and return it to your county clerk by 8 p.m. on the day of the election.

The U.S. Department of Defense provides Standard Form 76 that complies with these requirements. It is recommended that long term absent voters use this form—available at embassies and military installations—whenever possible.

Your long term absentee ballot application will be valid for all elections held within the calendar year for which it is received.

Special absentee voting instructions and a ballot return envelope will accompany each absentee ballot.

REMEMBER, YOUR ABSENTEE BALLOT MUST BE RECEIVED BY YOUR COUNTY CLERK NO LATER THAN 8 P.M. THE DAY OF THE ELECTION.

LONG TERM ABSENT VOTER

You may apply for long term absent voter status with your county clerk or the Secretary of State if:

1. You are a resident of this state absent from your place of residence, or
2. You are serving in the Armed Forces or Merchant Marine of the United States, or
3. You are temporarily living outside the territorial limits of the U.S. and the District of Columbia, or
4. You are a spouse or dependent of a long term absent voter. A spouse or dependent of a long term absent voter, not previously a resident of this state who intends to reside in this state, is considered a resident for voting purposes and may vote in the same manner as a long term absent voter.

Your application must be in writing and must include:

1. Your name and current mailing address.
2. A statement that you are a citizen of the U.S.
3. A statement that you will be 18 or older on the day of the election.
4. A statement that your home residence has been in this state for more than 20 days preceding the election, and giving the address of your last home residence.
5. A statement of the facts that qualify you as a long term absent voter.
6. A statement that you are not requesting a ballot from any other state and are not voting in any other manner than by absentee ballot.
7. A designation of your political affiliation if you wish to vote in a primary election.
