Trivett's Seed Catalogue

Illustrated Garden Guide

1937

ANNOUNCEMENTS

We trust your valued order will be accompanied by a remittance to cover same, otherwise satisfactory references will be acceptable to us.

The carriage of seeds and bulbs at the prices listed in this catalogue will be gladly paid by us when the order is accompanied by payment in full; customers will please pay the carriage on all other garden material.

Charge accounts become payable thirty days from date of invoice and are net. We prepay the transportation and charge for same.

OUR WARRANTY

Contrary to the customary disclaimer of the seed trade we guarantee all seeds sent out by us to give satisfactory results if sown during the same season as purchased, and we will replace or credit any seed which fail to do so—

However—Adverse conditions of soil, cultivation, weather, etc., over which we have no control, will affect the resultant crop, therefore in no event shall TRIVETT'S TESTED SEEDS, INC., be liable for more than the amount actually paid to them, for the seeds in question.

TRADE

MARK

Where Trivett's Tested Seeds Are Grown

Photographs of some of the modern seed farms where our seeds are grown
Under the Supervision of Experts—The Finest the World Produces

ENGLAND

England and Scotland produce our high-class strain of Greenhouse Flower Seeds. Also Delphinium, Giant Sweet Peas, Antirrhinum and certain Vegetable Seeds.

No one country or climate is suitable for the successful production of our "Best by Test" seeds in the thousands of varieties and species offered.

They are therefore produced in different parts of the world under the supervision of experts.

GERMANY

Germany, Poland and Central Europe have an ideal climate for the production of our Pansies, Petunias, Salpiglossis, Scabious, Stocks, Vegetable and Grass Seed.

HOLLAND

Holland and Denmark are especially suitable for the production of Perennial Seeds and such Vegetables as Cauliflower, Cabbage, Spinach, etc.

UNITED STATES OF AMERICA

In America many of our finest Garden Annuals are produced—Asters, Calendulas, Zinnias, Cosmos, and our fine strains of Greenhouse Antirrhinums.

FRANCE

Our Special Strains of Garden Carnations, Marigolds, Salvias and Choice Vegetable Seed are grown in France and Belgium.

ITALY

From sunny Italy we receive our Brilliant Phlox drummondii, Selvia, Verbena, Vinca, etc. Also certain types of vegetables.

Expert production from the finest and purest stock seeds. Thorough elimination from the growing crops of all "off" types and colors.

The practice of the Heterosis method and hand-pollination where necessary.

Careful selection of the best for seed purposes and thousands of tests annually assure our customers of the—
"Best by Test"

JAPAN

In Japan, our highly developed All-Double Petunias, Chrysanthemums, Celosias, Ipomoea (Morning-glory, etc.) are grown to perfection.

SWITZERLAND

Sends Alpine and Rockery Seeds.

IRELAND

Lawn Grass Seeds.

Receiving and Distributing Headquarters

134-144 WASHINGTON STREET, NEW YORK CITY

Each year the fresh, new crop seeds are received here, examined, tested for vitality and purity, and in many instances treated with a special preparation from our own formula as a preventive against seed carried diseases, after which they are packeted, dated, sealed with our trade mark and put away in special steel lined containers, maintained at the proper temperature, ready for distribution to all parts of the United States and foreign countries.

A view of the Downtown New York Skyline, marked with the location (X) of the Green Exchange Building

Our Premises in the Green Exchange Building—modern and up-to-date, situated in the financial district and accessible to all lines of transportation, ferries and railroad terminals

Your Orders Are Safe With Us

Our staff of trained associates supplies prompt and intelligent attention to all orders, large or small, the general run of mail orders being shipped out within twenty four hours after receipt. All shipments of seeds are properly packed for safe carriage anywhere.

FLOWER SEED DEPARTMENT

INTERIOR VIEWS

On the street floor of our premises in the Green Exchange Building, modern and up-to-date in every respect. It provides ideal facilities for the proper storing and handling of our "Best by Test" Seeds, Bulbs, etc.

It occupies the block on Washington St. between Cedar and Albany Sts., opposite the Trinity Post Office, only a few minutes walk from New York Stock Exchange, Wall Street.

"It is truly a joy to purchase from a seed house that makes such prompt delivery."

MR. SVEN SEALANDER
Landscape Architect

"BEST BY TEST"

Our seeds are tested, guaranteed, and in many instances treated with a special preparation of our own against seed carried diseases. They are supplied in generous over-size packets, dated, and sealed with our trademark.

For

Professional Gardeners, Private Estates, Florists, Nurserymen, Landscape Architects, Amateurs—And All Those Who Demand the Best

GENERAL OFFICES

GUARANTEED

We guarantee the purity and vitality of our seeds, and we will replace any seeds procured from us which fail to satisfy if sown the same season as purchased. However, adverse conditions of weather, soil, cultivation, etc., which are beyond our control can affect the resultant crop; therefore, in no case shall *Trivett's Tested Seeds, Inc.*, be liable for more than the amount actually paid for the seed in question.

HOW TO REACH US—

From—

THE PENNSYLVANIA AND LONG ISLAND R. R. STATION, 33rd St. Take express subway to Chambers St., change to local subway and get off at next station, Cortlandt St. (15 minutes). Walk three blocks south and one west.

From—

THE HUDSON TERMINAL, CORTLANDT ST. Walk three blocks south and two west. (Right).

From—

THE GRAND CENTRAL STATION. Take downtown Lexington Ave. (East Side) Express Subway to Wall St. (15 minutes). Walk uptown on Broadway half a block, then turn left (West) for three blocks.

VEGETABLE SEED DEPARTMENT

SUPPLEMENTARY LIST of FLOWER SEEDS

New and Interesting Items Not Listed Elsewhere in This Catalogue

☞ **Most of this year's novelties are listed under their proper headings in body of catalogue**

ACROCLINIUM *Ac-ro-clin-i-um* (Everlasting Flower)

Annual. Cut flower. For drying for Winter decorations.

Trivett's Large Double Mixed. About twice the size of the regular type. 18 inch stems. Fine range of lovely colors. ¼ oz. \$1.00 Pkt. 25c.

AGERATUM *Aj-er-a-tum* (Floss Flower)

Annual. Bedding, edging, rockeries, etc. Blooms all Summer.

Blue Ball Improved. The result of many years of careful selection. The plants are compact and about 4 inches high; the growth is uniform and even. The green foliage is almost completely smothered with flowers of the richest blue shade. ... ¼ oz. \$3.00 Pkts. 50c. and 30c.

Greenhouse White. An easily grown sort for Winter cutting under glass. Fluffy white flowers like a "Eupatorium." Height 3 feet. ¼ oz. \$1.50 Pkt. 35c.

ALYSSUM *Ah-liss-um* (Sweet Alyssum)

Perennial. For rockeries, edging, massing, etc. Blooms in June.

Rock Garden Mixed. A choice mixture of rock garden species. ⅛ oz. \$1.50 Pkt. 35c.

AMARYLLIS *Am-a-rill-is*

Bulbous plant for indoor culture, outdoors in South.

New Mammoth Hybrids. Here is a choice strain for the fancier. The enormous flowers measure 12 inches in diameter and over; unusual and fine colors may be expected from our seed. Sow any time in a greenhouse. Seedlings will commence to flower 15 months after sowing. Pkt. (20 seeds) 75c.

AMBROSIA *Am-bro-zi-a* (Mexican Tea)

Annual. For cutting. Sweet-scented. Height 2 feet.

Mexicana. Aromatic, sweet-scented, graceful green plumes. ¼ oz. 50c. Pkt. 15c.

ANTIRRHINUM *An-ti-rye-num* (Snapdragon)

Magic Carpet. A true hybrid between *A. majus* and *A. moly*, of almost creeping habit. It nestles amongst the stones and clothes them as with a carpet. The beautiful, soft colors will add greatly to the appearance of the rock garden during the summer. Mixed colors. Pkt. 35c.

ANTIRRHINUM, New Rustproof. See pages 24 and 26.

AQUILEGIA *Ah-quil-ee-ji-a* (Columbine)

Perennial. Cutting and garden display. Blooms Spring, Summer.

Clematis-flowered Mixed. Illustrated. A fine new type of Columbine quite distinct in petal formation. As will be seen from the photograph, the blooms greatly resemble Clematis flowers. The colors include pastel shades of pink, blue, etc. Height 2½ feet. Pkt. 50c.

AQUILEGIA longissima. See page 27.

ARABIS *Ar-ah-bis* (Wall Cress)

Perennial. For rockeries, edging, massing, walls. Spring blooming.

Trivett's Snow Cap. This new alpine rock plant forms dense drifts of snowy white flowers. Height about 6 inches. Pkt. 50c.

ARCTOTIS *Ark-toe-tis* (African Daisy)

Annual (Treat as such). For edging, bedding, massing, rockeries, etc.

Squarrosa. Large flowers, measuring 3½ to 4 inches across, of bright golden yellow, contrasting with the delicate fernlike foliage. Ideal habit, 10 to 12 inches high. Prefers a dry, sunny position. Pkt. 75c.

ARGEMONE *Ar-jee-moan-e* (Mexican Poppy)

Annual (treat as such). For display; blooms in July. Dry, sunny position.

Trivett's Double Mixed. If sown indoors in February-March, the lovely, silken, glittering flowers appear in June. The colors are white, yellow, lilac and pink. Height 2 feet. ... Pkt. 50c.

ARMERIA *Ar-me-ri-a* (Sea Pinks)

Perennial. Borders, cutting, rockeries, etc. Dry, sandy soil.

Trivett's Formosum Hybrids. New. A mixture of different colors—pink, coral red, violet, purple, etc. Height 18 inches. Blooms May-June. ... Pkt. 50c.

ASCLEPIAS *As-kee-pi-as*

Perennial. For cutting and display. Dry, sunny position.

Cornuti. Tall, about 5 feet high, with beautiful pink flowers tinted with lilac. Good for cutting. ... ¼ oz. \$1.25 Pkt. 35c.

T.T.S. NEW AQUILEGIA—Clematis-flowered Mixed

ASTER (Annual) *As-ter*

El Monte. A fine, big Aster of the Ostrichfeather type, glowing crimson color, blooming in September and having fine, long stems for cutting. ... ¼ oz. \$1.75 Pkts. 50c. and 30c.

NOTE—We offer four pages of CHOICE ASTERS—See page 29.

ASTER (Perennial)

Hybridus Yellow. Large sprays of small, star-shaped, pale yellow flowers in late Summer or Autumn. Height 2½ feet. Splendid for perennials borders and for cutting. ... Pkt. 75c.

Frikarti. Long-rayed lavender petals on bushy plants. 26 inches high. ... Pkt. 50c.

AUBRIETIA *Au-bree-shi-a* (False Wallcress)

Perennial. For rockeries, walls, edging, etc. Blooms in Spring.

Trivett's Double Violet. A double-flowered Aubrietia, very uncommon, rich violet purple flowers. Height 5 inches. Pkt. 50c.

BALSAM *Ball-sam* (Ladyslipper)

Annual. For general garden display, bedding, etc.

Trivett's Baby Mixed. Only about 10 inches high. Ideal for bedding, edging, etc. Choice mixed colors. ¼ oz. 75c. Pkt. 15c.

Trivett's Bouquet White. A greatly improved type, dwarf, bushy plants about 15 inches high and the double flowers are produced in bouquets or bunches above the foliage.

Trivett's Bouquet Rose. A rose pink companion to the above.

Trivett's Bouquet Mixed. All available colors in mixture.

Price: Each above three ... ¼ oz. \$1.75 Pkt. 35c.

BEGONIA. We offer an extensive list of the finest varieties that can be grown from seed—See page 34.

"Having used your tested seeds for many years with highly satisfactory results, it is my opinion they are first grade and dependable in every way."

MR. JOHN F. JOHNSTON
Superintendent-Head Gardener to MRS. GEORGE D. PRATT

Interesting and New Items Not Listed Elsewhere in This Catalogue

BEAN

Improved Scarlet Runner. A very useful climbing plant for trellises, fences, etc. Brilliant scarlet flowers. Showy.

Oz. 15c. Pkt. 10c.

BETA, CHILENSIS

(Ornamental Beet)

Annual. For bedding, edging, massing, etc.

Scarlet Leaved. Attractive red leaves.

Each ... Oz. 75c. Pkt. 15c.

BLEPHILIA *Blee-fil-i-a*

Perennial. Display, rock gardens, etc.

Ciliata. Compact plants of neat habit, producing many flower spikes of rich, deep lavender color. It is a member of the Mint family. Height about 20 inches. Pkt. 25c.

BOLTONIA *Bol-tone-i-a*

(False Starwort)

Perennial. For cutting and display.

Trivett's Dwarf Pink. Abundance of Daisylike flowers. 2 feet. Pkt. 25c.

BRACHYCOME *Brak-i-koh-me*

Annual. Edging, bedding, massing, etc.

Rosea. Rosy lilac. Height 10 inches.

CACTUS ¼ oz. \$1.00 Pkt. 15c.

Mixed. A choice mixture including rare varieties. ... Pkt. 25c.

CALCEOLARIA *Kal-see-o-lay-ri-a*

Greenhouse pot plant and cutting.

Nana Compacta, Indian Prince. A fine new sort. Ideal florist pot plant; small, orange scarlet flowers in abundance. Height about 12 inches. ... Pkt. 75c.

Nana Compacta, Golden Tiger. Golden yellow spotted with maroon red. Pkt. 75c.

CALENDULA, New Sorts. See page 37.

CARNATION. Complete list. See page 41.

CELOSIA, New Types. See page 42.

CENTAUREA, Improved Sorts. See page 41.

CHELIDONIUM *Kel-i-don-i-um*

Annual (really Biennial). For display.

Yellow Queen. Attractive golden yellow, Poppylike flowers. Will bloom the first year if sown indoors early. Height 4 feet. Pkt. 50c.

CHORIZANTHE *Ko-ri-za-the*

(Turkish Rug)

Annual. Rockeries, edging, massing, etc.

Palmeri (Oriental Rug). Easy to grow.

Forms dense mats covered with small, Staticelike flowers of delicate pink shade. Height 8 inches.

¼ oz. 75c. Pkt. 15c.

CHRYSANTHEMUM

Kris-anth-e-mum

Annual and Perennial. For cutting.

Yellowstone. A fine new annual variety, having nice, fully double flowers of pure golden yellow on fine, strong cutting stems. Height 2 feet. ... Pkt. 35c.

Korean Hybrids. Perennial; quite hardy, single flowers in profusion. Beautiful colors. Easy to grow. Will bloom in the Autumn ... Pkt. 50c.

Japanese Anemone-flowered. Fine colors, quilled flowers with Anemone centers 2 to 3 inches across. Will bloom same year if sown indoors early. ... Pkt. 50c.

Pompon, Mixed. Small, round, double flowers in bunches. ... Pkt. 50c.

Arcticum. Only 9 inches high. Perennial. Pale pink, nice foliage. ... Pkt. 50c.

Nivelli. A splendid annual Marguerite with single yellow flowers and effective stems for cutting, also good for forcing under glass in Winter. ¼ oz. \$1.00, Pkt. 25c.

T.T.S.

DELPHINIUM—Wrexham Favorite

"We never had Delphiniums like them, 6 feet high. 3½ feet of solid flower. The bottom of the spikes measured 6 inches and over in diameter."

MR. M. FAMALATTE
Superintendent-Head Gardener to
MRS. HARVEY D. GIBSON

OTHER 1937 NOVELTIES ARE LISTED IN
BODY OF THIS CATALOGUE

CLARKIA *Clark-i-a*

Annual. For garden display.

Tom Thumb, Double Mixed. A fine, dwarf type for bedding, edging, etc. Only 10 to 12 inches high.

¼ oz. \$1.50 Pkt. 35c.

COLEUS *Ko-lee-us* (Flame Nettle)

Annual. Ornamental leaf plant.

LARGE-LEAVED

With characteristic rich markings.

White—Yellow—Red—

And **Special Mixed.**

Each ... ⅛ oz. \$2.50 Pkt. 50c.

Trivett's Dwarf Giants Mixed. Ruffled and curled leaves of the largest size and in gorgeous, brilliant colors.

⅛ oz. \$3.00 Pkt. 75c.

Trivett's Small-Leaved Mixed. Dwarf, compact plants with graceful, narrow, many colored leaves. Choice.

⅛ oz. \$2.00 Pkt. 50c.

NEW CORNFLOWERS. See page 44.

NEW COSMOS. See page 49.

NEW DAHLIA (Seed). See page 51.

DELPHINIUM *Del-fin-i-um*

Perennial. Cutting and display.

WATKIN SAMUEL'S ENGLISH SORTS

We Supply Originator's Seed

Satan. A very dark Hyacinth purple, with brown eye. Double blooms; tall.

Wrexham Favorite. Charming light mauve, 4 feet of bloom. Double flowers.

Welsh Beauty. Double, Cornflower blue, with mauve center and brown eye.

Wild Wales. A tremendous spike, 5 feet 3 inches of bloom above 3 feet of foliage. Single sky blue with a pink edge; very outstanding.

Each: The above four:
Pkts. \$5.00 and \$3.00

Trivett's True Blue. Not to be compared in size with the above immense sorts, but this is the true, real blue that most people mean by a true "Delphinium Blue"—clear rich blue without any other tints. In size and height equal to the average good Hybrid Delphiniums and especially valuable for contrasts.

⅛ oz. \$2.50 Pkts. 75c. and 50c.

Trivett's Fragrant Hybrids. Almond blossom fragrance, especially noticeable in the evening. Large, double blossoms in a good color range. ... Pkt. 50c.

OTHER CHOICE DELPHINIUMS. See page 52.

DIANTHUS *Die-an-thus* (Garden Pinks)

For rockeries, edging, massing, etc.

Delight. A glorified "Dianthus Roysi," 9 inches high, producing masses of single bloom in a fine range of mixed colors. Flowers from June to October. Pkt. 50c.

Laciniatus Splendens. Annual sort with large, single, sweet-scented flowers of rich crimson with large white eye.

¼ oz. \$1.00 Pkts. 30c. and 20c.

Yellow Dianthus "Knappi."

See page 56.

DIDISCUS, Improved. See page 57.

DIGITALIS *Dij-i-tay-lis* (Foxglove)

Perennial. For garden display.

Trivett's Giant Yellow Ivory. A fine Foxglove with creamy yellow or ivory flowers. Creates an outstanding effect against a dark background. Height 4 feet. ... Pkt. 50c.

DIMORPHOTHECA

Dye-mor-foe-thee-ca

Annual. African Daisy. All Summer.

Aurantiaca, Trivett's White. Large white African Daisies. Height 1 foot. Pkt. 25c.

Aurantiaca Hybrids Mixed. Pkt. 25c.

Aurantiaca Double Mixed. Pkt. 25c.

ECHIUM *Ek-i-um* (Bugloss)

Annual. For bedding and display. Plant in poor soil, sunny place.

Trivett's Blue Bedder. A fine bedding plant, 12 to 15 inches high. Deep blue flowers and long lasting.

Trivett's Soft Red. A nice soft red. Contrast well with the blue. Height about 15 inches.

Trivett's Hybrids Mixed. Splendid new colors. Pink, mauve, white, etc. Height about 18 inches.

Each ... ¼ oz. 75c. Pkt. 20c.

ESCHSCHOLTZIA *Esh-sholt-zi-ah*

Annual. California Poppy. Easily grown.

Golden Rod. Large, single golden orange flowers on compact, erect plants, about 18 inches high. Sow the seed where intended to flower in sunny position.

Oz. \$3.00 ¼ oz. \$1.00 Pkt. 15c.

Semi-double Cherry Ripe. A 1937 novelty. Beautiful, crinkled, semi-double flowers of cherry red color. ... Pkt. 35c.

GAILLARDIA *Gail-lar-di-a*

(Blanketflower)

Perennial. Display and cutting.

Trivett's Pure Yellow. A grand new Gaillardia, coming about 85% true from seed. The pure yellow flowers are 4 to 5 inches across, blooming from July to October. 2½ feet. Splendid florist's cut flower. Pkt. 50c.

Goblin. A new dwarf sort with large yellow flowers and deep red center. About 15 inches high. Blooms from July to October. If sown in March will flower the same year. ... ¼ oz. \$3.00 Pkt. 25c.

GAMOLEPIS *Gam-all-ep-is*

Annual. For edging, rockeries, etc.

Tagetes. Pretty, Daisylike lemon yellow flowers in abundance. 6 inches.

¼ oz. \$1.00 Pkt. 15c.

GERANIUM *Je-ray-ni-um* (Cranes' Bill)

Perennial. Borders, rockeries, etc.

Sanguineum, Trivett's Dwarf White. A fine subject for the rock garden. White flowers. Height 12 inches.

⅓ oz. \$1.50 Pkt. 35c.

GODETIA *Go-dee-shi-a*

Annual. For display and cutting.

Double Sybil Sherwood. New for 1937. A fine double form of the popular "Single Sybil Sherwood." Bright salmon pink. Height 18 inches. ... Pkt. 50c.

NEW GYPSOPHILA. See page 65.

HERBS, 30 varieties. See page 67.

HETEROPAPPUS *Het-er-o-pap-pus*

Perennial. Cutting and display.

Blue Beauty. A splendid late Summer and Autumn blooming plant, 2 to 2½ feet high, and covered with lavender blue, Marguerite-like single flowers with yellow center disc. Resembles the Perennial Aster and Boltonia to which it may be related. Much branched, wiry stems, long lasting when cut.

Fine florists' cut flower

¼ oz. \$1.50 Pkts. 25c.

HIBISCUS *Hi-bis-cus* (Mallow Marvel)

Perennial. For border, background, etc.

Trivett's Giant Pink. Immense flowers, very showy in perennial borders. 5 feet.

Trivett's Giant Red. Attractive crimson.

Trivett's Giant White. With crimson eye.

Trivett's Giant Mixed. All colors.

Each ... ¼ oz. \$1.50 Pkt. 25c.

HOLLYHOCK *Holl-i-hock*

Perennial. Display and cutting

TRIVETT'S SINGLE GIANTS

Tall, stately, lovely colors. 5 feet.

Trivett's Single Apricot.

Trivett's Single Rose.

Trivett's Single Mauve.

Trivett's Single Yellow.

Trivett's Single Scarlet.

Trivett's Single Mahogany.

Trivett's Single White.

Trivett's Single Mixed.

Each of the above:

¼ oz. 75c. Pkt. 15c.

DOUBLE HOLLYHOCKS. See page 66.

HUNNEMANNIA

Trivett's Lemon Beauty. See page 66.

IPOMOEA

Trivett's Early Blue. See page 68.

KALE—Flowering

Rainbow Mixture.

Ornamental. Various colors and combinations resembling the colors of Coleus or Parrot Tulips. A bed or group planted under a tree will make a colorful picture in late Summer or Fall. Treat like Zinnias, etc. Also makes a fine pot plant. ... Pkt. 15c.

NEW LARKSPUR. See page 69.

LEPTOSYNE *Lep-toss-i-nee*

Annual. For cutting. Height 1½ feet.

Trivett's Double Yellow. Beautiful clear yellow. Double blossoms resembling small, double Dahlias on fine, wiry stems for cutting. Will flower within 3 months from seed.

Pkt. 35c.

LALLEMANTIA *Lal-e-man-shi-ah*

Perennial. For borders, large rockeries, etc.

Canescens. The flowers are blue violet and somewhat resemble small Antirrhinums. The foliage is aromatic and of soft grey color. A grand subject for herbaceous borders and rockeries. Blooms until frost. Height about 2 feet. ... Pkt. 35c.

LINUM *Lye-num* (Flax)

ANNUAL SORTS

Grandiflorum Rubrum. Easily grown, bright red. For display and cutting. Height about 15 inches. ¼ oz. 50c. Pkt. 10c.

Grandiflorum Roseum. Rose pink. ¼ oz. 50c. Pkt. 10c.

PERENNIAL LINUM

Flavum (The Golden Flax). Height 1 foot. Golden yellow flowers.

¼ oz. \$1.50 Pkt. 20c.

Flavum Nanum Compactum. A fine, new, dwarf sort. Ideal for rock gardens, edging, mass planting, etc. Golden yellow. 6 inches. ... ⅛ oz. \$2.50 Pkt. 35c.

LUPINES *Lew-pins*

Annual. For display and cutting.

Giant King Sky Blue. A fine new color in the "Giant King" class, growing about 3½ feet high, with heavy spikes of clear, light blue with narrow white stripes in center.

¼ oz. \$1.00 Pkt. 35c.

Giant King Heliotrope. Narrow white lines enhance the beautiful heliotrope color.

¼ oz. \$1.00 Pkt. 35c.

Trivett's Dwarf Blue. A lovely little annual Lupin growing only 12 inches high.

A charming shade of blue tinted with violet. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Trivett's Dwarf White. The white companion to "Trivett's Dwarf Blue," producing an abundance of white spikes. Splendid for rockeries, edging, massing, etc. Height 12 inches.

Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Texasus (Subcarnosus). "Texas Blue Bonnet." Azure blue. Height 1 foot.

¼ oz. 20c. Pkt. 10c.

LYCHNIS *Lick-nis* (Rose Campion)

Perennial. For borders, rockeries, etc.

Chalcedonica Alba. A white form, graceful sprays. Height 3 feet. ¼ oz. \$1.00 Pkt. 25c.

MALLOW MARVELS. Enormous flowers.

See **Hibiscus**, this page.

MALVA *Mal-va* (Mallow)

Perennial. For herbaceous borders.

Setosa Mixed. Resembling tall single Hollyhocks which they follow in flowering. Beautiful colors. Height 6 feet. Ideal for background of perennial borders. ... Pkt. 50c.

"We have a fine display of flowers grown from your Tested Seeds. The germination was splendid and the colors are exceptionally true to name."

MR. DAVID BROWN
Superintendent-Head Gardener to
MRS. FARIS R. RUSSELL

Interesting and New Items Not Listed Elsewhere in This Catalogue

MARIGOLD *Mari-gold*
Annual. For cutting and display.

DWARF CARNATION-FLOWERED

Trivett's Orange Gold. A grand new sort, dwarf, bushy plants about 12 inches high, covered with Carnationlike blossoms of pure orange gold. It is ideal for edging, bedding, mass or small group planting in front of borders, etc. Pkt. 35c.

Dwarf Royal Scott (Alldouble). *Special Mention, 1937 All American Selections.* The height is 10 to 12 inches. The color is rich mahogany with uniform gold stripes. Reproduces practically all double flowers. 1/4 oz. \$1.50 Pkt. 25c.

Crown of Gold. *Gold Medal, 1937 All American Selections.* See page 75.

NOTE—We offer three pages of new and Choice MARIGOLDS—See page 74.

MATRICARIA *Ma-tri-cay-ri-a*
Perennial. For edging, beds, etc.

Lemon Ball. An addition to the others we offer in our general list. Compact, bushy plants, about 10 inches high and covered with small, double, buttonlike flowers of clear lemon yellow. 1/4 oz. \$1.50 Pkt. 35c.

MENTZELIA *Ment-zee-li-ah*
Annual. Fragrant. For display.

Ornata. A newly re-introduced annual, really distinctive and striking. The creamy white flowers are large, as much as 5 inches

across, like a Waterlily with a brush of stamens. The plants grow about 4 feet high and produce abundance of flowers quite easily grown. *Very suitable for the Southern States.* Thriving in light, hot soil and dry seasons. Pkt. 50c.

MERTENSIA *Mer-ten-si-ah*
Perennial. Rockeries, woodlands, etc.

Echioides. A dwarf, compact, "Virginian Blue Bell." Only 6 inches high with rich blue flowers. Very choice. Pkt. 25c.

MIGNONETTE *Min-yon-et*
Annual. Fragrant. For cutting, etc.

Old fashioned, sweet-scented flowers that, owing to improvement and new shades of color are becoming very popular.

The colors are subdued and create charming harmony. *A good subject for the herb garden* and as cut flowers, in bowls for table decoration. Easily grown. Sow the seed where intended to flower and make sowings at intervals for succession.

Trivett's Red. A fine bronzy red shade, good heavy flower spikes and sweetly fragrant. Choice sort. Pkt. 35c.

Trivett's White. Pearly white, the most fragrant white sort, good size. 1/4 oz. 75c. Pkt. 25c.

Trivett's Yellow. Large spikes, makes a nice contrast to "Trivett's Red." 1/4 oz. \$1.00 Pkt. 25c.

Trivett's Orange. Rich orange red, good, large spikes. Sweet-scented. 1/4 oz. 75c. Pkt. 25c.

MOMORDICA *Moh-maur-di-ca*
Annual. Climber. Ornamental fruit.

Balsamina (*Balsam Apple*). Large white flowers; glossy foliage and Appleshaped fruit. 1/4 oz. 25c. Pkt. 10c.

Charantia (*Balsam Pear*). Yellow flowers, luxurious foliage, pear-shaped fruit. 1/4 oz. 25c. Pkt. 10c.

MYOSOTIS *My-o-so-tis* (*Forget-me-not*)
Biennial. Spring bedding, edging, etc.

Trivett's Lavender Gem. An entirely new and distinct shade in Forget-me-not. It is neater and more erect than "Royal Blue." The color is distinct mid-lavender. Height 10 inches. Blooms in May-June. Pkt. 50c.

Marga Sacher. The individual blooms are 2/5 to 3/5 of an inch across, and lovely, deep sky blue. Pkt. 75c.

Woodland Blue. The common Forget-me-not for naturalizing, makes a charming effect in woodlands, under shrubs, trees, etc. and on the banks of pools, streams. *Sow the seed liberally.* Lb. \$3.00 Oz. 50c.

NASTURTIUM. All the latest and finest double sorts. See page 78.

NIEREMBERGIA *Nee-rem-ber-ji-ah*
Perennial. (Treat as an annual).

Hippomanica. A beautiful subject for bedding outdoors in sunny places and in rockeries.

Also ideal as a pot plant in the greenhouse. The plants grow about 6 inches high and are covered with saucer-shaped flowers 1 inch across. Delicate lavender with clear yellow eye. A tender perennial that will flower the first season from seed. Pkt. 35c.

T.T.S.

MARIGOLD—Trivett's Orange Gold

PANSY, New Baby Type.
See page 81.

PANSY, New Summer-blooming. See page 81.

PANSY, Sweet-scented.
See page 81.

PANSY, New Doublelike.
See page 81.

PETUNIA *Pe-tune-i-a*
Annual. For display. All Summer.

Burgundy. *Special Mention, 1937 All American Selections.* Large flowered, plain edged. Height about 18 inches. Burgundy or wine red, white throat. Pkt. 50c.

NEW PETUNIAS.
See page 82.

"May I just add that the seeds ordered from you in August for my own garden have given excellent germination. I am delighted with the results."

Mrs. FREDERICK A. WALLIS
Garden Club of Kentucky

"As a professional gardener I consider your Tested Seeds valuable and necessary to the satisfactory production of first class flowers, dependable in growth and true to name."

MR. W. WEISSMAN
Supt.-Head Gardener to
BRADLEY MARTIN, Esq.

Five pages **SUPPLEMENTARY LIST of FLOWER SEEDS** (Concluded)

Interesting and New Items Not Listed Elsewhere in This Catalogue

PHLOX *Flox*

Perennial.. Edging, rockeries, etc.

Divaricata. About 15 inches high, forming sheets of lavender blue flowers during May. Very hardy, slightly fragrant. *The seed is slow to germinate.* ... Pkt. 35c.

PHLOX DRUMMONDI

Annual. For bedding, edging, etc.

TRIVETT'S IMPROVED DWARF

Apricot. A charming new shade, lovely, soft, apricot. Height about 6 inches. Pkt. 50c.

POPPY (Nudicaule). *Iceland Poppy.*

Perennial. For display, cutting, etc.

The Emperor. The finest orange Iceland Poppy so far introduced. The Emperor stands in a class by itself. Although a perennial, will bloom the first season from seed. Deep tangerine orange color on wiry stems about 20 inches high. Grand for cutting. ... Pkt. 25c.

SALVIA *Sal-vi-ah*

Annual. For general garden display.

FIVE NEW, TALL SORTS

IMPORTANT—Seed of these Salvias should be only moist, **not wet**, until the seed has germinated. The following varieties are of the Splendens type, starting to bloom in August and continuing until frost. Clumps of the following colors make a grand display in the large flower border during the late Summer and Autumn.

Trivett's Tall Lavender. A lovely new shade of lavender. Height 3 feet. ... Pkt. 50c.

Trivett's Tall Mauve. A rich shade of mauve. Height 3 feet. ... Pkt. 50c.

Trivett's Tall Violet. A rich shade of dark violet purple, harmonizes nicely with the lavender and mauve sorts. ... Pkt. 50c.

Trivett's Tall White. A fine, tall white companion to our other colors. 3 feet. Pkt. 50c.

Welwyn Pink. A brilliant, rich, salmon pink. 3 feet. ... Pkt. 25c.

SCABIOUS, New Sorts. See page 97.

SCHIZANTHUS, Choice Strains. See page 98.

STOCK

GIANTS OF CALIFORNIA

Early, branching, double, Winter forcing.

The Red Woods. Rich blood red.

Pacific. A choice mid blue color.

Tahoe. A charming lavender shade.

Monterey. Lovely clear, light pink.

Yosemite. A good true rose pink.

Santa Maria. A pure snow white.

Golden Gate. Beautiful golden yellow.

Each ... Pkts. 75c. and 50c.

SWAINSONA *Swain-so-na*

Greenhouse or Southern cultivation.

Mixed. A mixture of red, pink and white; sweet-scented, pea-shaped flowers, grand for cutting. Height 2½ feet. ... Pkt. 35c.

STRAWBERRY

Perennial. For fruit and rockeries.

Baron Solemacher. Produces white blossoms eight weeks after sowing, followed by splendid fruit of good size and delicious flavor. ... Pkt. 25c.

T.T.S. SWAINSONA—Mixed

NEW BABY VERBENA

Trivett's Delicate Pink. Only 3 inches high and forming regular, compact, cushionlike plants covered with lovely pale pink blossoms. Ideal for edging, massing, rockeries, etc. ¼ oz. \$3.00 Pkts. 50c. and 30c.

T.T.S. TITHONIA
Trivett's Early Orange

SWEET PEAS, 1937 Novelties. See page 14.

TANACETUM (Tansy). See Herbs, page 67.

TEUCRIUM *Teu-kri-um*

Perennial. Rockeries, walls, paths, etc.

Chamaedrys. Spreading habit, grey foliage, and small, rose pink flowers. 6 inches. Pkt. 25c.

Incanum. Only 2 inches high, trailing habit. Small white flowers. For flagstone paths, walls, etc. ... Pkt. 35c.

TITHONIA *Tith-own-i-ah*

Annual. For cutting, display, etc.

Trivett's Early Orange. This type blooms about two weeks earlier than the regular *Tithonia speciosa*. The flowers are slightly smaller and orange scarlet color. Height 5 to 6 feet. *Illustrated.* ... Pkt. 25c.

TRIPTERIS *Trip-ter-is*

Annual. For cutting and display.

Hyoserioides. New, distinctive, attractive annual from South Africa. The plants grow 2 to 2½ feet high. The stems are 12 to 14 inches long, bearing clusters of dainty yellow daisies with darker centers and 1½ to 2 inches across. ... Pkt. 25c.

VERBENA *Ver-bee-na*

Annual. For display and cutting.

Floradale Beauty. *Special Mention, 1937 All American Selections.* A giant hybrid, the individual florets average 1¼ inches across and are produced in large heads. The color varies from bright rose pink to rosy red. Pkts. 50c. and 30c.

VINCA, Trivett's Crimson. A new shade, dark glossy leaves. See page 107.

VIOLA *Vie-o-la*

Biennial. Edging, beds, rockeries.

Normandie. A new shade, rich burgundy wine red; a very unique Viola. ... Pkt. 35c.

Chantreyland. A perfect Viola producing masses of purest apricot flowers. Choice. Pkt. 35c.

Maggie Mott. Lovely shade of lavender. Flowers of good size. ... Pkt. 35c.

Pedunculata. Golden yellow, outside of upper petals dark brown. 9 inches. ... Pkt. 25c.

Saxatilis. A beautiful, small yellow Viola from Crete. Flowers the first year from seed. A little gem. Height 4 inches. ... Pkt. 35c.

Sylvestris Rosea. Dwarf, close growing little species, with distinct rose flowers. Height about 6 inches. ... Pkt. 25c.

ZINNIA *Zin-i-ah*

Annual. Beds, edging, massing cutting.

Trivett's Orange Beauty. Dwarf, 15 inches high, medium size double flowers of coppery orange shade. Splendid bedding type. Pkts. 50c. and 30c.

Fantasy, Star Dust. *Award of Merit, 1937 All American Selections.* The same, graceful, shaggy flower as the type, but in an attractive shade of golden yellow. ¼ oz. \$1.50 Pkt. 25c.

Linearis. Only about 12 inches high and almost 2 feet wide, smothered with small single flowers of deep, golden orange; on the petals glitter sparkling golden yellow, narrow stripes, producing an attractive appearance. Blooms all Summer. Ideal for edging and bedding. ¼ oz. \$1.25 Pkt. 25c.

TRIVETT'S CHOICE FLOWER SEEDS IN 15c. PACKETS

The Same High Quality Tested Seeds—any ten packets, \$1.25, postpaid

These are all annuals, easily raised from seed, and will flower the same year as sown, requiring from 2 to 4 months. Sow the seed indoors during March, remove to the garden in May for early Summer blooming, or seed may be sown outdoors during May-June for Midsummer and late Summer flowering.

GIANT SWEET PEAS

TRIVETT'S IMPORTED
ENGLISH - GROWN
SEED

T.T.S.

"As usual, your seeds, flower and vegetable, turned out extremely well. The Pansies made a fine display during the early Summer and we had an abundance of good quality Sweet Peas and other annuals for cutting." MR. ROBERT MELROSE
Supt.-Head Gardener to MRS. ROBERT W. de FOREST

**For Keen Exhibitors and Those
Who Demand the Best**

TREATED  SEED 

All Sweet Pea seeds sold by us are treated with a special preparation of our own as a preventive against seed-carried diseases.

*Every packet bears our Red Seal
"Treated Seeds"*

In the following pages we offer the best of the novelties for this year and a selected list of the recent novelties, also an extensive list of the best standard sorts.

Prominent Prize Winners

Our Sweet Peas, under the intelligent and scientific culture given them by our customers have become prominent prize winners at the flower shows throughout the country.

Sweet Peas in Mixture TRIVETT'S NOVELTY MIXED

This is a very special mixture including recent novelties and Avalanche, Beatall, Bonnie Lassie, Blue Bell, Leviathan, Leslie Rundle, Mystic, Purple Perfection, Mastercream, Cavalcade, Sextet Queen, Atlantic, Gold Crest, Heavenly Blue, etc. *The finest mixture procurable.*

Lb. \$9.00 1/4 lb. \$3.00 Oz. \$1.00 Pkt. 30c.

OTHER SWEET PEA MIXTURES. See page 17.

SWEET PEAS FOR GREENHOUSE FORCING, AND FOR USE IN FLORIDA

See pages 17 and 18. An extensive list of the finest sorts for greenhouse forcing. Hand picked. *Treated Seed.*

A Few Cultural Hints for Sweet Peas

T.T.S.

THE QUEEN OF ANNUALS

A photograph of our Giant Sweet Peas as grown by one of our customers, cordon style, who also cooperated with us in writing these cultural notes

SINGLE STEM OR CORDON SYSTEM

The preparation of the soil for Sweet Peas should be undertaken as early in the Autumn as possible, allowing time for the soil to settle before the Spring. Loose soil in the trenches is detrimental to success. Dig out trenches *running north and south in a sheltered but not shady position* 2 feet deep and 2 feet wide, put in a generous amount of cow or well-rotted horse manure, and bonemeal, fork over and mix with the soil as filling in progresses and tread down. *Do not leave manure in a solid layer at bottom of trench.* An application of lime forked in near top of trench may be beneficial, and drive in a stake at each end to mark center of trench. *Do not do this work in wet weather.*

We are now ready to consider sowing the seed which should be done early November in a cool greenhouse or frame in sand and when large enough to handle, place in $2\frac{1}{4}$ inch pots, keeping the seedlings as deep as possible in the pots. Use no fertilizer only a compost of equal parts of sand, loam and leafmold. Grow on in a cool greenhouse near the glass and after root action is established pinch back to the first set of leaves. If the seed was sown early November the young pot plants will be ready for shifting to 4 inch pots by the end of December, or early January, using good loam, mixing in a little bonemeal and Scotch soot. If possible, continue to grow in cool greenhouse until there is good root action in the 4 inch pots, then on a mild day move to a coldframe or shallow pit in a sheltered, sunny position; bank around the frame with manure or leaves, etc. to prevent freezing; also cover with mats each night, but allow them as much light as possible during the day. Watering should be done on a mild day. Keep moist.

About the latter part of February, weather permitting, cut all unnecessary growth, leaving only the two best shoots; trim off all tendrils at this time; repeat about the end of March but retain only the strongest shoot and stake it. Cut off all tendrils and harden off the plants in preparation for outside planting. It is now time to fork over the trenches and drive in the heavy supports at ends and every 9 feet or so. Strong, genuine Chinese canes 8 feet long are then driven in 8 inches apart. A cane for each plant, usually in a double row. When these are in place, reinforce by running a wire from top of heavy supports the length of trench and a wire in the middle; fasten all canes to these wires. *See photograph.*

We are now ready for the planting, which is usually done about April 10th, weather permitting. *This and other dates are for the vicinity of New York City, make allowance for earlier or later localities.* Place a plant against each cane, make the holes large enough to accommodate all the roots, do not break or damage the fine feeding roots; tie each plant to its support. About the middle of May the first flower buds will appear; pinch them out; however, leave the buds about a week before flowers are desired.

Exhibition or high class flowers are usually produced about the end of May and first two weeks of June, and when the vines stand about 4 feet high, when necessary, thoroughly soak the trenches with water before which a light dressing of good mixed fertilizer, rich in phosphate and a little Scotch soot may be applied, *but great care must be used, better a very light dressing several times than too much at one time.* If in doubt, do not fertilize.

WITHOUT A GREENHOUSE

Prepare the trenches or rows as described, this may be done in the Spring, in which case be sure to tread down the soil in the trenches firmly. *Do not do this work in wet weather.*

The seed may be sown in January or February in flats or boxes of sand and placed in a frame or indoors to start germination.

Put the young seedlings into 3 inch pots, keep indoors giving light, pinch back to the first two leaves to encourage breaking from the base; keep the plants growing and protect from frost, as they develop trim off the tendrils; retain about three good shoots.

The planting out time is the same as previously mentioned, April 10th, for New York. Supports can be wire netting, branches, etc. When watering is required, soak the trenches thoroughly.

SOWING OUTDOORS

Some success can be obtained by sowing the seed directly into the rows as early in the Spring as possible, and in sections where the Summer is cool, surprisingly good Sweet Peas can be grown from outside sowing. The seed may be soaked in water for a day.

NOTE—These cultural notes are not intended for warm climates, such as Florida, etc.

THIS YEAR'S NOVELTIES

ENGLISH-GROWN OUTDOOR SWEET PEAS

TREATED ⊕ SEED

RAISER'S DESCRIPTIONS IN ALL INSTANCES

Affection (F. Morse). A lovely, light coral pink over a cream ground. The wings and standard are the same shade. A vigorous, healthy grower having extra long, stout stems.

Pkt. (30 seeds) 35c.

Blue Cloud (Trivett). A prize winning sort that we have received the privilege of naming from the raiser. It is a deep, rich shade of blue, yet bright and full of life. The blossoms are very large and beautifully waved, and are held erect on long, straight stems; strong growing, healthy vines.

Pkt. (15 seeds) 50c.

Blue Moon (Carter). Although in existence last year this variety has not been available to gardeners until now. It is a rich, clear blue self and is one of the finest blues ever introduced.

Pkt. (25 seeds) 35c.

Bonnie Ruffles (Burpee). *Award of Merit*, National Sweet Pea Society, England. Unusually large waved flowers, salmon pink on cream ground. The pink becomes deeper at the edges of the frilled petals. Pkt. (25 seeds) 35c.

Bridal Veil (F. Morse). Raiser's description—The first real white Sweet Pea; it is a pure, solid and clear white of stately magnificence. The giant-sized flowers are beautifully frilled and gracefully placed on long, stout stems. Bridal Veil stands out sharply and clearly when compared with all other white Sweet Peas. Pkt. (30 seeds) 50c.

Cambridge Blue (King). A self color of remarkable purity. A real true blue, without any magenta tint. A large, bold flower on long, strong stems. The flowers retain their pure color when cut. Healthy grower.

Pkt. (15 seeds) 50c.

Captivation (Cullen). A distinct advance in the pink section. The blooms are exceptionally large, even in these days of giant Sweet Peas. A charming bright rose pink on a white ground, white at base of standards.

Pkt. (12 seeds) 50c.

Cheerfulness (Sutton). A bold flower of fascinating beauty. The color is deep cerise, sharply flushed with scarlet; a sunproof shade different from other scarlet varieties. The plants are very vigorous and healthy.

Pkt. (15 seeds) 50c.

Cheeri-o (Macdonald). A mammoth flowering, deep begonia rose suffused with gold. The wings showing a little more gold, a new shade, golden rose that shows up to perfection under artificial light. The blooms are exceptionally large and of perfect Spencer form. *Certificate of Merit*, Scottish National Sweet Pea Society.

Pkt. (30 seeds) 35c.

Cornflower Blue (Trivett). Splendid sort with very large, well-placed blossoms on strong, sturdy stems. The color is rich "Cornflower Blue," with violet blue shadows. The vines are robust and healthy. A good exhibition sort and grand as a cut flower.

Pkt. (25 seeds) 35c.

Crinkles (Burpee). Large blossoms with waved and ruffled petals, and a gorgeous shade of rosy scarlet flushed with coral red. The deeply waved or crinkled petals greatly enhance the beauty of the immense blossoms and bring out the high lights and charming shade of coloring. Pkt. (25 seeds) 35c.

Delphinium (Sutton). The largest blue Sweet Pea yet offered; clear mid-blue shadowed deeper blue. A shade found in Delphiniums. Vigorous plants, and well placed flowers on long, strong stems make this sort splendid for exhibition or general cutting purposes.

Pkt. (15 seeds) 50c.

Flagship (F. Morse). Splendid exhibition sort, clear, deep blue. The flowers are of exceptional size, and the stems are long and straight. The plants are strong growing and of robust constitution.

Pkt. (25 seeds) 35c.

Life (F. Morse). A grand scarlet cerise. "Life" is the most pleasing in this color class. The brilliance and sparkle of the color does not fade or burn in the strongest sunshine. The flowers are bold and nicely placed on long, strong stems. Put "Life" in your Sweet Pea collection this year.

Pkt. (30 seeds) 35c.

Lilac Cloud (Trivett). Lovely lilac-lavender; one of the finest lavender Sweet Peas in existence. Large blossoms well placed on long, straight stems and healthy, strong growing vines.

Pkt. (25 seeds) 35c.

Peggy Ann (Waller-Franklin). A rare and new shade of salmon pink, quite distinct from any other Sweet Pea. The large flowers are strongly and delightfully fragrant. The stems are long and strong, charming under artificial light.

... Pkt. (25 seeds) 35c.

Personality (F. Morse). An exquisite chamois pink washed with coral tint. This shade is much sought after as well as being a favorite for the exhibition stand. Put Personality into your Sweet Pea list this year.

Pkt. (30 seeds) 35c.

Red Cloud (Trivett). Several sprays of this gorgeous new sort are like a red cloud, so massive are the giant ruffled and waved blossoms on long, stout stems. Rich, glistening crimson, charming shade and light is caused by the heavily waved petals. Vigorous, healthy grower.

Pkt. (25 seeds) 50c.

Red Rover (King). Highly recommended. R. H. S. and N. S. P. S. Rich amber red with a glossy sheen. The petals are like velvet. A splendid color for the exhibition table and long lasting when cut.

Pkt. (12 seeds) 50c.

Sextet Pink (Sutton). *Award of Merit*, N. S. P. S. A clear pink over a white ground. The enormous blooms are freely borne in sixes and sevens on stems of unusual length and strength; fine for exhibition.

Pkt. (15 seeds) 50c.

Simplicity (F. Morse). A shade of deep chamois, pink over a cream ground, "Simplicity" is a very healthy, vigorous grower and the large refined blossoms are held erect on fine, sturdy stems.

... Pkt. (30 seeds) 35c.

"I can recommend your Giant Sweet Peas to all those desiring high class or exhibition flowers."

MR. JOHN McFADYEN

Supt.-Head Gardener to HARRISON WILLIAMS, Esq.

"I have always had good results from your Sweet Peas; believe they are the best procurable."

MR. FREELAND GORDON

Supt.-Head Gardener to THOMAS H. ROULSTON, Esq.

Early Flowering, Greenhouse Sweet Peas—Continued on page 18

GREENHOUSE SWEET PEAS (Concluded)

Also for outdoors in Florida and the Pacific Coast

EARLY FLOWERING VARIETIES—TREATED ⊕ SEED

- Annie Laurie** ... Rose pink. Lovely shade, long, strong stems. Oz. \$1.00 ½ oz. 60c. Pkt. 15c.
- Apollo** ... Salmon cerise. Long stem type. The color is soft salmon cerise or salmon pink. The flowers are unusually large, nicely waved and splendidly placed on long, sturdy stems. Awarded Silver Medal, New York Flower Show, 1930. Certificate of Merit, Chicago Flower Show, 1930. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Attraction.** New. ... Salmon rose. A glorified *Spring Song*; has longer stems and larger flowers; vigorous. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- Aviator** ... Crimson. Magnificent crimson blooms with a sheen of bright scarlet; large flowers of good form on long stems. Oz. \$1.00 ½ oz. 60c. Pkt. 15c.
- Ball's Rose** ... Rose pink. Impressive rich rose pink sort and excellent for Winter blooming. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- Blue Bird** ... Blue. Charming mid-blue, neither dark nor light; fine long stems. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Blue Danube** ... Mid-blue. Large, ruffled flowers of clear blue; long, straight stems. Oz. \$3.00 ½ oz. \$1.60 Pkt. 50c.
- Burpee's Orange** ... Pure orange. An outstanding clear orange sort, long-stemmed, free flowering. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- Burpee's White.** New. ... Pure white. Large, frilled, sweet-scented flowers; long, wiry stems; vigorous, healthy growth. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- Canary Bird** ... Cream. Rich, creamy yellow variety. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Early Emblem.** ... Salmon pink on a cream ground. A long stemmed cream pink variety, very choice. Oz. \$3.00 ½ oz. \$1.60 Pkt. 50c.
- Early Sonnet.** See **Sonnet.**
- Early Star** ... Rose pink with salmon shading. Healthy grower, large blossoms; long, stout stems. Oz. \$3.00 ½ oz. \$1.60 Pkt. 50c.
- Eleanor Blue.** New. ... New blue. The shade of blue that was made popular by Mrs. F. D. Roosevelt. Oz. \$1.00 ½ oz. 60c. Pkt. 15c.
- Felice Gunther.** New. Cambridge blue True even shade of blue, not the slightest trace of mauve; long, strong stems carry the large, well-shaped blossoms of heavy substance. Vigorous, healthy vines. Oz. \$3.50 ½ oz. \$1.80 Pkt. 50c.
- Flamingo** ... Salmon pink. The standard is light orange suffused with bright salmon. The wings are orange pink. A gorgeous combination. Extra large blooms. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Greeting.** New! ... Lavender. Long stem type. The same lovely lavender as the late variety "*Powerscourt*," which has been classed as the best lavender by the British N. S. P. S. The flowers are very large and well placed on extra long, sturdy stems. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Hope** ... Pure white. A mammoth-flowering white with beautifully waved petals and long, sturdy stems; very early flowering. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- Josie.** See **Zvolenak's**, page 17.
- Lavender King.** ... Deep lavender. Choice, deep lavender variety. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Majestic Rose** ... Rose. One of the finest of this shade. Oz. \$1.75 ½ oz. 90c. Pkt. 30c.
- Marine** ... Dark blue. The clearest of all blues. A real blue self. Immense blossoms, well placed on long, sturdy stems; very free flowering. Certificate of Merit, New York. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Memory.** New. 1935. ... Lavender Long stem type. Rosy lavender with pink shades. Healthy grower, bearing a continuous crop of large blossoms on fine long stems; very fragrant. Oz. \$3.50 ½ oz. \$1.80 Pkt. 50c.
- Monterey.** New. ... Geranium pink Long stem type. Clear Geranium pink, flushed with salmon. An unusually large flower with the perfect contour so much desired. Certificate of Merit at the 1934 New York Spring Flower Show. Oz. \$3.50 ½ oz. \$1.80 Pkt. 50c.
- Mother Machree** ... Coral rose blended with gold. The large, perfectly formed flowers are semi-duplex. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Mrs. Herbert Hoover** ... Blue. Claimed by many as the best deep blue. Award of Merit. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Mrs. Kerr** ... Salmon. Still one of the finest. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Miss Louise Gude** ... Pink. Lovely shell pink; large size. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Oriental** ... Creamy yellow, without a trace of pink. The large flowers appear in fours on long, sturdy stems. The best creamy yellow to date. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Peach Blow.** New ... Rosy pink, on cream ground; large, duplex blooms. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Pink Profusion** ... Pink. Sparkling shade of rich pink. Awarded three Silver Medals. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Prosperity.** New ... Orange salmon, overlaid with gold; gorgeous color. Oz. \$2.50 ½ oz. \$1.35 Pkt. 50c.
- Red Bird** ... Rich red, with a velvety sheen of tyrian rose; very large, long stemmed. Silver Medal, Certificate of Merit. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Shirley Temple** ... Pink. Rich, lovely pink; beautiful, large, frilled and fluted flowers on long, strong stems. With the kind permission of Mr. and Mrs. Temple, it is named in honor of their daughter, the charming and lovely little cinema favorite, Shirley. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Sonnet** ... Blush pink. Lovely, delicate pink, large flowers; long, stout stems. Vigorous vines. Oz. \$3.00 ½ oz. \$1.60 Pkt. 50c.
- Star.** See **Early Star.**
- Success.** New. 1935. ... Rose pink Long stem type. Bright sparkling rose pink; large flowers on long, stout stems. Vigorous and productive vines. Oz. \$3.50 ½ oz. \$1.80 Pkt. 50c.
- Sunproof Orange** ... Pure orange. Claimed by the originator to hold its true orange color in the brightest sunshine to the last. Oz. \$5.00 ½ oz. \$2.75 Pkt. 75c.
- Superior Pink** ... Deep pink washed with salmon pink; very large. Silver Medal, New York. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- Susanna.** New ... Rich crimson. The color of *Paul's Scarlet Rose*. Oz. \$1.50 ½ oz. 80c. Pkt. 25c.
- Top Hat** ... Velvety violet, Mammoth flowers with beautifully waved petals; a vigorous grower with long, sturdy stems. Oz. \$5.00 ½ oz. \$2.75 Pkt. 75c.
- Vogue** ... Lavender blue. Long stem type. Beautifully waved, large blooms. Certificate of Merit. Oz. 75c. ½ oz. 40c. Pkt. 15c.
- White Harmony** ... White. Exquisitely waved and very large. Oz. \$1.00 ½ oz. 60c. Pkt. 15c.
- Early Flowering Mixed.** A splendid mixture which we blend from seed of many choice named varieties. Will provide a full range of colors. Lb. \$3.75 ¼ lb. \$1.25 Oz. 35c.

"We have grown your Greenhouse Sweet Peas for quite a number of years and have always found them highly satisfactory."

MR. A. W. BURTCH
Supt.-Head Gardener to RICHARD HOWE, Esq.

"Your Early Flowering Greenhouse Sweet Peas are of excellent quality, and the selection of varieties most dependable."

MR. JAS. G. ESSON
Supt.-Head Gardener to MRS. ROSWELL ELDRIDGE

The greenhouse Sweet Pea seeds we offer are hand picked and treated by us with a special preparation (our own formula) as a preventive against seed carried diseases

Notes on Raising Flower Seeds

ANNUALS (HARDY). Those families which are sown and bloom the first season, the plants dying with the approach of Winter, such as **Alyssum, Calliopsis, Candytuft, Centaurea, Mignonette, Nasturtium, Poppy, Sweet Peas, etc.** Sow from April to June, the later sowings being confined to rapid-growing annuals only. The ground should be previously prepared by digging, working in a little manure at the same time. The surface should be made level and finely raked. If the weather is dry, give a watering some hours before sowing. Sow *thinly* and gently press the seed into the earth, covering lightly with finely sifted soil; the very small seeds must have very little covering. Keep the soil moist and shaded until the seedlings are up; the shade can be managed with branches of evergreens or sheets of paper fastened to little stakes. *When large enough to handle, thin out freely,* leaving space for each plant to develop to its full size. *Thinning out is best done during dull, moist weather, or in the evening time.* In calculating the distance that should be left between plant and plant, it may be taken as a general rule that plants which attain, when fully grown, a height of 1 foot, require to be thinned out to at least $\frac{1}{2}$ foot apart, and so on.

Many of the hardy annuals may be sown in August and September for Spring and early Summer flowering, and if the seedlings are boldly thinned out at an early stage they become hardy and robust, producing finer plants and a greater profusion of bloom than when sown in Spring.

Hardy Annuals do not, in most cases, transplant well; they should therefore be sown, where intended to bloom.

HALF-HARDY ANNUALS. Slower in growth than the Hardy Annuals. They include **Antirrhinum, Aster, Cosmos, Marigold, Salpiglossis, Salvia, Stocks, Verbena, Zinnia, etc.** May be sown in March or April, in gentle heat, in pans, shallow boxes, or pots, a light sandy soil being used. Shade from the sun's rays till seedlings are up; this can be done by simply placing a newspaper lightly over them. As soon as the seedlings are large enough to handle, prick off

into shallow boxes, and when strong enough and all danger of frost is over, plant out on to well-prepared ground.

Those who have no convenience for sowing in heat can sow all **Half-hardy Annuals** in the open border middle of May.

GREENHOUSE FLOWERS such as **Calceolaria, Cineraria, Cyclamen, Primula, etc.** Sow in gentle heat, in pans of loam, leaf soil and sand, in equal parts, placing a piece of glass over the pan and keeping shaded and moist until the seedlings are up; pot these off singly when large enough, and replace in heat, shading and keeping close until established, and pot on as necessary.

PERENNIALS. Those plants which do not usually blossom until the following year after sowing, but continue to flower and increase each year thereafter, many however, will flower the first season from seed if sown in February indoors, and planted out. Some popular perennials are **Aquilegia, Delphinium, Digitalis, Gaillardia, Hollyhock, etc.** Sow from March to July in pans or in drills on a prepared bed of light, rich soil and keep shaded and moist until the seedlings appear. Prick these out as soon as large enough to handle, into shallow boxes or nursery beds, and when strong enough transplant to permanent situations. *Do not allow the seedlings to remain too long in the seed pans or to get starved for want of water.*

HARDY ALPINES. Seeds of Alpines, rock plants, and all hardy Primulaceae should be sown in pots or pans during early Winter, and after a good watering should be stood outdoors against a north hedge or wall where the soil can get frozen. Then when milder weather sets in, bring the pans into gentle warmth and the seeds will germinate freely. After March it is better to wait and sow the seed in Winter, giving the treatment as recommended above.

BIENNIALS require similar treatment to perennials. They include **Campanula, Pansy, Sweet-william, etc.** The plants die after the flowering season.

NOTE—In the case of very hard-shelled seeds it will be found a good plan to steep them in tepid water for some hours previous to sowing, as this will hasten their germination

T.T.S. A photograph showing Choice, Modern Pansies under expert cultivation for seed. We devote two pages to an extensive list of high class sorts. Please refer to pages 80 and 81

COMPLETE ALPHABETICAL LIST OF TRIVETT'S FLOWER SEEDS

Including This Year's Novelties

All items previously listed in our separate Supplementary-Novelties Catalogs will now be found under their respective headings in this catalog. Delivery prepaid on flower seeds anywhere in U. S. A.

Our choice flower seeds are TESTED, GUARANTEED, and in many instances treated against seed carried diseases. They are sold in generous over-size packets, stamped with the date, and sealed with our trade-mark.

The Finest the World Produces

ABRONIA UMBELLATA *Ah-brone-i-ah (Sandverbena)*
Annual. For rockeries and baskets. Height 9 inches. Sandy soil.

R Verbenalike, rose colored flowers. . . . Pkts. 25c. and 15c.

ABUTILON *Ah-bew-til-on (Flowering Maple)*
Greenhouse perennial. Height 3 to 6 feet. Loam and peat.

Giant Hybrids. Many beautiful colors. May be grown as a pot plant or trained as a climber under glass or outdoors during Summer. Pkt. 50c.

ACACIA *A-kay-shi-a (Mimosa)*
Greenhouse flowering shrubs, ornamental and cutting. Peat and sand.

Baileyana. (*Cootomundra Wattle.*) Very free flowering golden yellow. Height about 3 feet.
Oz. \$2.00 ¼ oz. 60c. Pkt. 25c.

Dealbata. Silvery fernlike foliage. Flowers bright yellow and sweet scented. Height 5 feet.
Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Lophantha. Handsome greenhouse shrub, allied to the Mimosa. Flowers yellow, foliage finely cut. Height 6 feet.
Oz. \$1.00 ¼ oz. 30c. Pkt. 10c.

ACANTHUS MOLLIS *Ah-kan-thus (Bear's Breech)*
Perennial. For hardy borders. Height 3 feet. Ordinary soil.
Artistic, glossy foliage with curious pale purple flowers.
Pkts. 25c. and 15c.

ACHILLEA *Ah-kill-ee-a (Sneezewort)*
Perennial. For borders and cutting. Common soil.

Cerise Queen. New! Cherry red. 2 feet. Pkts. 75c. and 50c.

Golden Cloth. Improved yellow. 3 feet. Pkts. 50c. and 30c.

The Pearl. Double white. Height 2 feet. Blooms all Summer. An excellent cut flower. Pkts. 50c. and 30c.

Tomentosa. Excellent dwarf perennial for rockeries and edging; bright yellow flowers, from July to September. Height 6 to 8 inches.
R Pkts 50c. and 30c.

ACONITUM *Ah-kon-eye-tum (Monkshood)*
Perennial. For hardy borders. Prefers common soil.

Fischeri. Dense spikes of dark blue in Autumn. 3 ft.
Pkts. 25c. and 15c.

Napellus Blue. Dark blue flowers. Very useful for planting in shrubby borders. Height 3 feet. Pkts. 25c. and 15c.

Napellus Pink. Very pretty variety with waxlike pink flowers. Height 3 feet. Pkts. 50c. and 30c.

Spark's Variety. Dark blue flowers. Height about 5 feet.
Pkts. 50c. and 30c.

Wilsoni. Autumn flowering, very large porcelain blue flowers in handsome spikes. 5 feet. Pkts. 50c. and 30c.

ACROCLINIUM. Everlasting. See page 59.

ADLUMIA *Ad-loom-i-a (Allegheny Vine)*
Biennial. Climber. For fences, etc. Common soil.

Cirrrosa. Will flower the first season from seed, and as it resows itself year after year it may be considered a perennial. The foliage is similar to *Maidenhair Fern*. The flowers are tube shaped and flesh colored, somewhat like the blooms of *Bleedingheart*.
Pkts. 25c. and 15c.

ADONIS *Ah-doe-nis*

Aleppica. Annual. The plant is pyramidal in habit, producing shining, deep blood red flowers of great brilliance, measuring 3 inches across, and with vivid green feathered foliage. Height 1½ feet. Note! *The seeds of this variety remain dormant for a long time.* Pkts. 50c. and 30c.

Aestivalis. (*Pheasanteye.*) Annual. Deep crimson flowers and feathery foliage. Height 1 foot. Pkts. 25c. and 15c.

Vernalis. (*Spring Adonis.*) Perennial. Golden yellow flowers in May. Height 1 foot Pkts. 25c. and 15c.

AETHIONEMA *Aith-i-on-ee-ma (Persian Candytuft)*
Perennial. For rockeries and edges. Light soil.

Grandiflorum. An elegant plant with clear rose colored flowers produced in long racemes from May until August. Hardy
R perennial. 12 inches Pkts. 50c. and 30c.

Pulchellum. A dwarf sort, very desirable for rock gardens.
R Produces soft pink flowers in May and June on plants 6 inches high. Pkts. 50c. and 30c.

Persicum. Strong, bushy little plants covered with rosy-pink
R flowers in June-July. Height 9 inches. Pkts. 50c. and 30c.

AGATHAEA COELESTIS (*Blue Daisy*)
Greenhouse Perennial. Pot plant or cutting. Height 1½ feet.
Pale blue Marguerite. A lovely subject for cutting.
5 pkts. \$1.00 Pkt. 25c.

AGROSTEMMA *Ah-gro-stem-a (Mullein Pink)*
Atrosanguinea. Hardy Perennial. Deep blood red, single flowers and silvery white foliage. Fine for cutting. 2 feet. Blooms June-July. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Coronaria White. A white form. Perennial. 2 feet. Blooms June-July. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Coeli-rosa. (*Rose of Heaven.*) Annual, brilliant rose flowers with white centre. Height, 1½ feet.
Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

AJUGA *Ah-joo-ga (Bugle)*
Perennial. For rockeries, etc. Height 6 inches.

Reptans Purpurea. Bronzy purple foliage and blue flowers.
R Blooms May-June. 5 pkts. \$1.50 Pkt. 35c.

OUR FLOWER SEEDS ARE RESELECTED STRAINS OF HIGHEST GRADES ONLY

AGERATUM (Floss Flower)

Annual. Blooms all Summer. Edging, beds and cutting.

Trivett's Rosy Gem (New). Dwarf plants, about 6 inches high, soft pink flowers, center deep rose. Pkts. 75c. and 50c.

Trivett's Apricot Gem (New). Dwarf, compact plants covered with blossoms of charming pale apricot. Pkts. 75c. and 50c.

Blue Cap. New! Undoubtedly the best dwarf Ageratum yet offered. The flowers are much larger than those of **Little Blue Star** and of a deeper and richer blue. It also surpasses **Blue Ball** in dwarfness and compactness of habit. The foliage is small and the plants have the appearance of miniature domes. Ideal for edging, small beds, and rockeries.

Pkts. 50c. and 30c.

Blue Perfection Improved. Large heads of true blue flowers growing about 9 inches high. Pkts. 50c., 30c. and 20c.

Fraseri. Deep amethyst blue, compact habit. Pkts. 50c., 30c. and 20c.

Lasseauxi. Good cut flower. Height 1 foot. Mauve pink. Pkts. 50c., 30c. and 20c.

Little Blue Star. Extremely popular, miniature variety. The plants are perfectly compact, only about 4 inches high, and covered with small mauve blue flowers.

¼ oz. \$3.00 ½ oz. \$1.75 Pkt. 50c.

Little Silver Star. A counterpart of the popular Little Blue Star; soft silver gray flowers. Pkts. 35c. and 20c.

Little Dorrit Blue. Azure blue. Height 6 inches. Pkt. 25c.

Little Dorrit White. A white form of above. Pkt. 25c.

Trivett's Tall Blue. Fine for cutting. Height 1½ feet. Pkt. 25c.

Trivett's Tall White. A white form of the above. Pkt. 25c.

ALYSSUM Ah-lis-sum (Sweet Alyssum)

ANNUAL VARIETIES

Useful for edging, small beds, and cutting.

Trivett's Snowdrift (New). Forms a sheet or ribbon of snowy white, only about 2 inches in height. The finest of the very dwarf sorts. Pkts. 50c. and 30c.

Trivett's Little Gem. Reselected dwarf white, compact little plants, about 3 inches high, covered with a cloud of snowy white flowers.

¼ lb. \$3.75 Oz. \$1.25 ¼ oz. 40c. Pkt. 25c.

Lilac Queen. A delicate lavender shade. 8 inches. Pkt. 15c.

Maritimum or **Sweet Alyssum.** Tall growing, about 9 inches. Pure white and fragrant.

¼ lb. \$1.50 Oz. 60c. ¼ oz. 25c. Pkt. 10c.

Minimum (*Koeniga maritimum*). Miniature sort. The dwarfest of all; tiny, compact little plants only 2 inches high, smothered with small, pure white flowers.

Oz. \$1.75 ¼ oz. 60c. Pkt. 25c.

Primrose Queen. Creamy straw color. Height 8 inches. Pkt. 15c.

PERENNIAL ALYSSUM

For rockeries, dry walls, steps, edging, etc.

Trivett's White Gold. Strong growing, bushy plants, covered with masses of pale lemon yellow flowers. Blooms in May. Height about 8 inches. Pkts. 75c. and 50c.

Saxatile Compactum. (*Gold Dust*). Similar to above, but producing deep, golden yellow flowers. 12 inches.

¼ oz. \$1.00 Pkts. 50c. and 30c.

Spinosum. Very distinct species, dense, spiny growth with white flowers. Height 6 inches. Pkts. 50c. and 30c.

Spinosum Roseum. Pretty, pale rose form of the above. Height about 6 inches. Pkts. 50c. and 30c.

T.T.S. AGERATUM—Blue Cap

ALONSOA Ah-lon-so-a

Greenhouse. Annual. Pot plant and cutting. 12 inches.

Trivett's Pink. Soft pink flowers with salmon eye. Compact plants. 12 inches high. Pkts. 50c. and 30c.

Warszewiczii. We offer an improved compact type, bright scarlet with dark green foliage. Ideal for greenhouse. Pkts. 35c. and 20c.

ALSTROEMERIA CHILENSIS

Perennial. For cutting. Height 2 feet. Loamy soil.

Handsome, Lilylike flowers in mixed colors. Pkts. 35c. and 20c.

AMARANTHUS Am-ar-an-thus

Annual. For garden decoration. Common soil.

Caudatus. (*Love-lies-bleeding*.) Long crimson spikes. 2½ feet. Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Sunrise. Brilliant colored foliage, bronzy crimson with green and scarlet, very effective in beds. 3 feet. Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Tricolor Splendens. (*Josephs-coat*.) Beautiful colored foliage marked yellow, green, scarlet. 2 feet. Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

AMMOBIUM. Everlasting. See page 59.

AMSONIA Am-so-ni-a

Perennial. For cutting and display, blooms in May-June. Height 3 feet. Sunny position. Common soil.

Tabernaemontana. Long stems with willowlike foliage, heads of lovely, light blue flowers in panicles. Pkt. 50c.

ANAGALLIS An-a-gal-is (Pimpernel)

Annual. For edging, bedding, etc. in sunny places. 6 inches.

Trivett's Large Blue. An improvement over the original. The plants spread rapidly and bloom freely. The flowers are of real turquoise blue. Must have a sunny place. Pkts. 50c. and 35c.

Trivett's Large Scarlet. Attractive orange scarlet Pimpernel. Pkts. 25c. and 15c.

Trivett's Finest Mixed. A mixture of all colors. Pkts. 25c. and 15c.

Items marked **R** are suitable for rockeries, edging, etc.

T.T.S.

ANCHUSA—Trivett's Annual Blue

T.T.S.

ANEMONE—Creagh Castle Improved

ANCHUSA ⊕ *An-koo-sa (Bugloss)*

Trivett's Annual Blue. Blooms first season from seed. The plants are of fine, compact habit, producing sprays of vivid blue flowers for cutting. Height 1½ feet. Pkts. 50c. and 30c.

Feltham Pride. Improved Dropmore. Hardy perennial. Large bright blue flowers and more compact habit. Pkts. 50c. and 30c.

Dropmore Improved. Hardy perennial, tall growing, rich gentian blue. Splendid for perennial borders. Blooms May to June. Height 4 feet. ... ¼ oz. \$1.50 Pkts. 50c. and 30c.

Lissadell. Hardy perennial, improved gentian blue. 5 feet. Pkts. 50c. and 30c.

Myosotiflora. Hardy perennial. Distinct species, growing about 12 inches high, with large, round leaves and sprays of Forget-me-not-like flowers of clear blue shade. Splendid subject for rockeries. Blooms in April. ... Pkt. 50c.

Opal. Hardy perennial. Similar in habit to *Dropmore*. Charming pale blue color. Height 4 feet. Blooms May-July. Pkts. 50c. and 30c.

Picotee. Hardy perennial. Distinct sort, having a combination of blue and white. Height 5 feet. Blooms June-Sept. Pkts. 50c. and 30c.

ANEMONE *Ah-nem-own-e (Windflower)*

Perennial for borders, rockeries, etc. Mixed soil. Sow where intended to bloom, or in small pots. They do not like transplanting.

Alpina. The strong growing, beautiful mountain species known to every climber of the Swiss Alps. The flowers are mostly white tinted with blue, but vary somewhat from seed. Height about 15 inches. ... Oz. \$3.00 ¼ oz. \$1.00 Pkt. 50c.

Japonica. The tall Japanese Windflower, Autumn flowering, does well in the semi-shade; showy in the perennial border and fine for cutting. Height 2 feet. Rose pink. Pkts. 50c. and 30c.

Japonica, Honorine Jobert. A fine white companion to the above. ... Pkts. 50c. and 30c.

Monarch Double Mixed. Resembles the "St. Brigid" type, but much superior. The flowers are almost twice the size, and with stems of exceptional length; the colors are magnificent. A grand Winter cut flower for the greenhouse. *See natural color illustration on page 25.* ... Pkt. 50c.

Creagh Castle Improved. Greatly enlarged blooms on long, strong stems in a wide range of rich colors. Exceptionally suitable for greenhouse culture as a choice cut flower. 1 foot. (St. Brigid type). ... Pkts. 75c., 50c. and 30c.

Pulsatilla. (*The Pasque Flower.*) A singularly beautiful British species, with violet flowers, the whole plant being covered with dense silky hairs. It thrives best in a dry situation on a lime soil. Blooms in April, and forms handsome tufts either in the border or rockery. Height 6 to 12 inches. Pkt. 50c.

Sylvestris. (*The Snowdrop Anemone.*) Pure white nodding flowers from April to June. Height 15 inches. Pkts. 50c. and 30c.

ANGELONIA *An-jel-own-i-a*

Greenhouse perennial plant. Height 2½ feet.

Grandiflora, Trivett's Mauve. Pretty greenhouse plant with numerous pale mauve flowers and tigered throats, produced in dainty sprays. Blooms first season from seed. ... Pkt. 50c.

Trivett's White. Large, sweet scented. ... Pkt. 50c.

ANTHEMIS *Anth-e-mis (Chamomile)*

Perennial and annual. All Summer. Common soil.

Trivett's New Hybrids. (New.) Fine mixed colors. Excellent for cutting. Height 3 feet. ... Pkt. 50c.

Kelwayi Improved. Golden yellow Daisy. Height 2 feet. Splendid for cutting and as a perennial border plant. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 30c.

Arabica. Annual. Yellow Daisylike flowers set in slender foliage, somewhat like "Love-in-a-mist." Excellent for edging. Height 1 foot. ... 5 pkts. \$2.00 Pkt. 50c.

TRIVETT'S SELECTED GREENHOUSE ANTIRRHINUMS

We Supply Originators' Seed Only

TREATED + SEEDS

FOR OUTDOORS IN FLORIDA

On this page we offer a list of varieties which we have grouped under the heading of "Greenhouse Antirrhinums."

We have done this as a matter of convenience. They can be grown outside with as much success as any of the other sorts.

NEW RUST-PROOF ANTIRRHINUMS

See following pages

All our Antirrhinum seeds are procured from the originators.

Afterglow. Beautiful golden bronze; Winter flowering. *Silver Medal at Louisville and First Prize at Buffalo.* Fairly tall. ... Pkt. \$1.50

Bertha Baur. (New.) Large trusses of clear orchid-lavender, on long, stiff stems. The only real early lavender sort. ... Pkt. \$1.50

Captor. A splendid white, and a heavy cropper throughout the Winter months. ... Pkt. \$2.00

Ceylon Court. Strong, close set spikes of soft canary yellow. Very productive. Very tall grower. Pkt. \$1.00

Cheviot Maid. The earliest Winter blooming sort. Beautiful clear pink color. Semi-tall. Pkt. \$1.00

Cheviot Maid Supreme. Lovely clear pink. Pkt. \$1.50

Coates Yellow Perfection. (New.) Fine deep yellow. A grand exhibition Winter bloomer. Pkt. \$1.00

New Dawn. Charming yellow and orange shade. Pkt. \$1.50

Daybreak. The same shade as "Briarcliff Rose." Beautiful pink; a heavy Winter cropper. ... Pkt. \$2.00

Geneva Pink. Tall, late, glistening rose pink. Pkt. \$1.00

Goliath. (Raiser's description.) We are now able to offer seed of this splendid variety. It throws up long and massive spikes bearing immense individual flowers of beautiful coloring, salmon rose above with orange center shading downwards to pale apricot. Much superior to the so-called Maximum type. Pkt. \$1.50

Happiness. A grand new pink sort, a pleasing shade of real pink. Better in every way than *Philadelphia Pink*, its male parent. Has immense flowers closely set. Keeps a long time when cut and has many other merits. Highly recommended, fairly tall grower. ... Pkt. \$1.00

Harmony. Rich terra cotta pink with yellow center. This is a color combination that is most charming and much desired. Pkt. \$1.50

Helen. Pale shade of clear, salmon pink. ... Pkt. \$1.00

Indian Summer. Rich, glossy copper color; a most attractive shade. ... Pkt. \$1.50

Jennie Schneider. The color of "Columbia Rose." Semi-tall. Pkt. \$1.00

Judd's Earliest Bronze. Extremely early, will bloom weeks ahead of any other sort; rich deep bronze. ... Pkt. \$1.50

Judd's Earliest Dark Pink. Earliest sort, rich deep rose pink. A fairly tall grower. We very highly recommend this variety. Pkt. \$1.50

Judd's Earliest Light Pink. Very early, charming shade of clear light pink. Highly recommended. ... Pkt. \$1.50

Lucky Strike. New. Splendid pure white. ... Pkt. \$1.50

Supt.-Head Gardener to MRS. H. P. DAVISON

ANTIRRHINUM *An-tir-rye-nun* (Snapdragon)

NEW RUST-PROOF STRAINS

TRIVETT'S TRIUMPH, RUST-PROOF

Immense blooming sorts, reaching a height of about 3 to 3½ feet. Tremendously long, heavy flower spikes. For greenhouse or outdoors.

- Triumph Apricot.** Fascinating rich apricot, lemon lip.
- Triumph Copper (New).** Beautiful Autumn tints, light copper shading to orange. Lightened with lemon yellow. Very large.
- Triumph Coral Pink.** *Natural Color Illustration, opposite page.* Lovely, pure coral pink with soft amber and yellow, charming combination.
- Triumph Sulphur.** Pale sulphur yellow; a solid self color.
- Triumph Salmon.** Gorgeous salmon with rose throat.
- Triumph Rose Pink.** A charming new shade of true, clear pink.
- Triumph Flesh Color.** Delicate shell pink.
- Triumph Bronze.** Rich dark, bronzy brown, with yellow mouth. The tube is white. Contrasts well with lighter shades.
- Triumph White.** Immense blossoms, pure glistening white.
- Triumph Chestnut.** Rich chestnut red. Relieved and tinted with light orange, the white tube is washed with heliotrope.
- Triumph Yellow.** A flower of great size and substance; enormous spikes of solid pure yellow.
- Triumph Golden Chamois.** Most beautiful color. A combination of soft pink and golden shades.
- Triumph Lilac.** Beautiful shade of lilac rose.
- Triumph Orange.** *Natural color illustration, opposite page.* Combining beautiful Autumn tints, rich glowing orange blended with pale copper. Strong spikes of great length and large blossoms.
- Triumph Purple.** Rich deep ruby purple. *Natural color illustration on opposite page.*
- Triumph Crimson.** Extremely long stems, heavily loaded with immense flowers of rich, deep, velvety crimson.
- Triumph Scarlet.** Attractive, glowing bright color.
- Triumph Gold.** Rich gold, subdued with light orange; the tube is tinted with dark pink; very desirable sort.
- Triumph Mixed.** Mixture of the above colors.

Price: (In packets only), any of the above ... each pkt. 75c.

TRIVETT'S TALL GIANT, RUST-PROOF

Height 2½ to 3 feet. Useful for both outdoors and greenhouse culture.

- Trivett's Giant Orange.** Charming, rich glowing orange tinted with orange scarlet. The lip is splashed with gold.
- Trivett's Giant Peach.** Delicate peach pink or flesh color tinted with yellow; free flowering.
- Trivett's Giant Pink.** True clear pink of most attractive shade, and greatly enhanced with white tube.
- Trivett's Giant Yellow.** Immense golden yellow flowers.
- Trivett's Giant Canary.** Pale canary or lemon yellow.
- Trivett's Giant Torchlight.** Perhaps the most attractive color combination in this class; vivid orange splashed with flame scarlet, tinted with carmine pink and yellow lip.
- Trivett's Giant Orchid.** The charming shade of the Cattleya Orchid. Beautiful pinkish lilac; a choice sort.
- Trivett's Giant Scarlet.** Highly recommended, attractive, brilliant scarlet; a rare color in Antirrhinums; very large.
- Trivett's Giant White.** Very large, pure snowy white.
- Trivett's Giant Salmon.** A splendid novelty; rich salmon rose, washed with terra cotta; large, strong spikes.
- Trivett's Giant Ruby.** True rich ruby color.
- Trivett's Giant Red.** Strong, long spikes of velvety dark crimson; one of the finest in this class.
- Trivett's Giant Mixed.** A combination of all the newest and most attractive colors.

Price: Each of the above 12 varieties and Mixed,

¼ oz. \$2.50

¼ oz. \$1.50

Tall Rust-proof Mixed.

Price: Above ten tall sorts:
⅛ oz. \$1.00 Pkts. 50c. and 30c.

PERENNIAL ANTIRRHINUM

Height 6 inches

Molle. Pretty alpine species with small, woolly foliage and white flowers. For **R** rock gardens, etc. *Very scarce.* Pkts. 75c. and 50c.

TRIVETT'S MODERN AQUILEGIAS

Ah-quil-e-ji-a (Columbine) Hardy Perennial

Aquilegias are among our most beautiful and useful perennials, either for border display or cutting. They have refined beauty and graceful habit, are easy to raise from seed, and will succeed well in semi-shady places and mixed soil. Blooms during Spring and early Summer.

Our rare and splendid named varieties of extra long-spurred type have been procured by hybridizing, and, in common with all hybrids, will not reproduce themselves entirely true from seed. All the seedlings, however, will be desirable.

Seed may be sown indoors during February-March and in frames or outdoors from May to July.

TREATED ⊕ SEED

The Finest The World Produces

⊕ TREATED SEED

LONG-SPURRED SORTS

Trivett's Pink Beauty. Very large, with long spurs and in several delightful shades of pink. Height 2 feet.

Trivett's Lavender. Rich, deep lavender with pure white corolla. Magnificent, long-spurred sort. 2½ feet.

Alpina grandiflora superba. A great improvement over the type. Large, pure white flowers in great abundance. Pkts. 50c. and 30c.

Rosea. Dwarf habit, vivid rose pink. A rare rock plant. Seed very scarce. ... Pkt. \$1.00

ARCTOTIS *Ark-toe-tis (African Daisy)*

Annual. Blooms all Summer. For cutting, etc. Sandy soil.

Breviscapa aurantiaca. Although a half hardy perennial, this should be treated as an annual. The variety we offer is an improvement over *Arctotis breviscapa*, being a deeper orange yellow with purple disk. Height 8 inches. ... Pkts. 50c. and 30c.

Scapigera. Half-hardy perennial, but treat as an annual. Large flowers, 2½ to 3 inches across, many beautiful colors mixed. Pkts. 50c. and 30c.

Grandis. White flowers, the reverse of petals being lilac. Height 2 feet. ... Oz. \$2.40 ¼ oz. 80c. Pkt. 25c.

ARDISIA CRENULATA

Ornamental greenhouse plant. 5 feet. Loam and peat.

Splendid Christmas plant with numerous coral red berries. Pkt. (25 berries) 35c.

ARENARIA *(Sandwort)*

Perennial. For rockeries, edging. Blooms in Spring. 6 inches

Montana. Growing in close tufts, profusely covered with small, silvery white flowers which appear in Spring. Pkt. 50c.

ARGEMONE *Ar-gem-o-ne (Mexican Poppy)*

Annual. Blooms all Summer. Height 3 feet. Common soil.

Platyceras gigantea. Showy white Poppy. ¼ oz. 75c. ⅛ oz. 40c. Pkt. 25c.

ARMERIA *Ar-me-ri-a (Sea Pinks)*

Perennial. For rockeries, edging, cutting, etc. Sandy loam.

Trivett's Giant Rose. Deep pink, fine for cutting. Height 2½ feet. ... Pkt. 50c.

Bee's Ruby. Long stems and large flower heads of brilliant pink. The finest Armeria for borders and cutting. Height 2 feet. Pkts. 50c. and 30c.

Alpina. Compact tufts of foliage covered with bright rose flowers. Pretty for rockeries. Height 3 inches. Pkt. 50c.

Formosum. Beautiful rose pink flowers growing about 9 inches in height. ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 35c.

ARNEBIA CORNUTA *(Prophet's Flower)*

Annual. For cutting and display. Height 2 feet.

Small spikes of golden yellow flowers with rich, velvety brown blotch on each lobe of petals. Extremely showy, easily grown. Pkts. 50c. and 30c.

ARNICA MONTANA *(Mountain Tobacco)*

Perennial. For rockeries and naturalizing. Height 15 inches.

A beautiful Alpine plant resembling a miniature Sunflower, 2 inches in diameter; fragrant yellow, a lovely Alpine effect can be obtained by planting in combination with blue Campanulas in rockeries, etc. Blooms June-July. Pkts. 35c. and 20c.

ARTEMISIA SACRORUM VIRIDIS *(Summer-fir)*

Annual. For single specimens and pots. Height 4 feet.

A plant of graceful, pyramidal habit with light and elegant foliage. Valuable as single specimens on lawns, etc. and as pot plants. Oz. \$2.50 ¼ oz. 75c. Pkt. 30c.

ASCLEPIAS *As-cle-pi-as*

Currassavica. Showy plant for greenhouse and conservatory. Flowers reddish orange scarlet, produced in large, erect clusters. Although a perennial, seed sown early produces fine specimens the first season. ... Pkts. 50c. and 30c.

Tuberosa. Hardy perennial, 2 feet high, producing umbels of attractive orange flowers; splendid cut flower; can also be forced. Pkts. 50c. and 30c.

ASPARAGUS

Perennial. For greenhouse. Ornamental foliage.

Lutzi. New hybrid, producing abundance of lovely sprays for cutting. Does well in cool greenhouse. ... Pkt. 50c.

Plumosus nanus. Elegant greenhouse climber; slender, graceful fernlike foliage. ... Pkt. 50c.

Sprengeri. (*Emerald Feather.*) Suitable for hanging baskets in the greenhouse. Oz. \$2.40 ¼ oz. 80c. Pkt. 25c.

ASPERULA *(Annual, Fragrant Woodruff)*

Azurea setosa. Numerous sweet scented pale blue flowers. Remains in bloom a long period. Very effective for beds. Hardy annual. Height 1 foot. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

ATRIplex HORTENSIS CUPREATA

Annual. Foliage plant, decorative. Height 5 feet.

Extremely useful as an ornamental plant; red foliage with dark violet stalks. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

AUBRIETIA *Au-bree-shi-a (False Wallcress)*

Perennial. For rockeries, edging, walls, etc. Blooms April-May. Height 4 inches.

Trivett's Rose. This variety produces large, cushionlike clumps which are covered with rosy carmine flowers.

Trivett's Lavender. Lovely soft lavender, choice sort.

Trivett's Violet. The largest-flowered, true Violet.

Trivett's Purple. Very rich, deep velvety purple.

Mrs. Lloyd Edwards. Bright crimson, very attractive.

Eryi. Fine dark violet, very desirable.

Graeca. Great masses of blue flowers.

Trivett's Large Hybrids. (New.) Improved, large flowering in many new colors and shades.

Prices: Any of the above Aubrietias: Pkts. 75c., 50c. and 30c.

ITEMS MARKED **R** ARE ESPECIALLY SUITABLE FOR ROCK AND ALPINE GARDENS

TRIVETT'S ^{NEW} WILT-RESISTANT ASTERS

Our Special Strains of Annual Asters are consistent prize winners at most of the prominent flower shows throughout the country.

TREATED ⊕ SEED

NEW WILT - RESISTANT STRAIN

Raiser's description

For several years we have been working on a strain of Asters resistant to the *Fusarium wilt disease*, which has caused so much trouble to both amateur and professional growers in recent years. The plants may be stricken with the wilt at any stage in their growth, from the seedling to the flowering stage, and as yet no method of control has been discovered. We believe prevention through highly wilt resistant strains is the only method of combating the disease.

SIX NEW WILT-RESISTANT VARIETIES

W. R. Mary Semple. American branching type. Flowers large, double and fine form. The color is lovely shell pink. About 2½ feet in height and late blooming.

W. R. American Branching Azure Blue. A nice shade of azure blue or dark lavender. Late blooming. 2½ feet.

W. R. Ostrich Feather Deep Rose. Midseason blooming; large, full, fluffy flowers. About 2½ feet high.

W. R. Crego Deep Rose. Midseason blooming. about 2 feet high. Large, improved Comet type.

W. R. Royal Azure Blue. Full, round, double flowers. Early flowering. About 2 feet high.

W. R. Heart of France. Rich dark red. 2 feet high. Midseason blooming. Flowers medium size.

Any of the above wilt resistant varieties:

¼ oz. \$1.50 ⅛ oz. 80c. Pkts. 35c. and 20c.

EARLY BLOOMING ASTERS

For flowering in July

EARLY WONDER. (*Comet Express*.) The earliest of all. Flowers are large and full, of the Comet type, growing about 1½ feet in height. Fine for cutting.

Crimson **Dark Blue** **Light Blue**
Rose **White** and **Finest Mixed**

Any of the above colors and Mixed:

¼ oz. \$1.50 ⅛ oz. 80c. Pkts. 35c. and 20c.

Collection: One pkt. each, five colors ... \$1.50

W. R. QUEEN OF THE MARKET. Well known early asters are of branching habit, about 1½ feet high coming into bloom directly after *Early Wonder*.

White **Rose** **Crimson** **Pink**
Dark Blue **Light Blue** **Mixed**

Any of the above colors and Mixed:

¼ oz. \$1.50 ⅛ oz. 80c. Pkts. 35c. and 20c.

Collection: One pkt. each, six colors ... \$1.80

W. R. EARLY ROYAL. Described as an early form of the late *Giant Branching*, growing about 2 feet in height. Produce very double flowers. Of fine form, coming into bloom directly after *Queen of the Market*.

Azure Blue **Purple** **Deep Rose**
Shell Pink **White** **Mixed**

Any of the above colors and Mixed:

¼ oz. \$1.50 ⅛ oz. 80c. Pkts. 35c. and 20c.

Collection: One pkt. each, five colors ... \$1.50

SPECIAL SORTS

AURORA. Bright yellow with an outer circle of delicate blue. Height 2 feet. ... Pkts. 50c. and 30c.

GOLDEN SALMON SURPRISE. Flowers open salmon pink, becoming vivid pink, double Peony-flowered. ... Pkts. 35c. and 20c.

LOS ANGELES. Super Giant. *Award of Merit*, All-American selections, 1934. This is the largest and most fully double Aster known, often 6 to 8 inches across, with ostrich feather type petals. The color is lovely soft shell pink, blending to creamy pink at the center. Height 2½ to 3 feet. *This is not a wilt-resistant variety.* Pkts. 50c. and 30c.

PEERLESS YELLOW. (*Raiser's description.*) The color is a deep yellow when first opened and fades slightly as it ages. Good double blooms. Height 2 feet. Pkts. 50c. and 30c.

SENSATION. Bright scarlet of the late branching type; very double. Height 2½ feet. Pkts. 50c. and 30c.

GOLDEN SHEAF. (W. R.) The deepest yellow Aster yet introduced; fully double flowers with crestlike centers. Height 2 feet. *Wilt-resistant.* Pkts. 50c. and 30c.

AMERICAN GIANT VICTORIA *Midseason to late.*

Daybreak. Fine delicate pink.

Enchantress. Soft Carnation pink.

Purity. Double pure white.

Miss Roosevelt. Buff yellow.

Each: Above four ... Pkt. 35c.

TRIVETT'S MAMMOTH ASTER—Light Blue (Late)

TRIVETT'S LATE BLOOMING ASTERS

For flowering during September-October

TRIVETT'S MAMMOTH. *Special strain.* (W. R.)

Robust growing type with enormous feathered flowers produced on long, strong stems. Comes into bloom during September and continues until frost. Height 2½ feet. Superb for cutting, exhibition and general garden display.

White	Rose	Yellow	Crimson	Dark Blue
Light Blue		Salmon Pink		And Mixed

Any of the above colors and Mixed: ¼ oz. \$2.00 ⅛ oz. \$1.25 Pkts. 50c. and 30c.

Collection: One large packet each of seven colors ... \$3.00

LATE GIANT BRANCHING. *Reselected.* (W. R.)

Perhaps the most widely grown type for late blooming. The flowers are very double and are produced on long, wiry stems. Usually at their best in September. Height 2 feet.

White	Shell Pink	Rose	Crimson
Lavender	Purple	Salmon	And Mixed

Any of the above colors and Mixed: ¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 35c. and 20c.

Collection: One large packet each of seven colors ... \$2.25

GIANTS OF CALIFORNIA, Improved (W. R.)

A very strong growing, late blooming strain with enormous flowers of the "Ostrich Plume type." The flowers measure up to 6 inches across. Packed with broad, tapelike petals of heavy substance, held erect on long, sturdy stems. Ideal for cutting, display and exhibition. Height about 2½ feet.

White	Peach Blossom	Light Blue	Deep Rose
Light Purple	Dark Purple	Apple Blossom	And Mixed

Any of the above colors and Mixed: ¼ oz. \$2.00 ⅛ oz. \$1.25 Pkts. 50c. and 30c.

Collection: One large packet each of seven colors ... \$3.00

LATE BEAUTY, Improved (W. R.)

Plants of branching habit, 2½ feet high, producing large, round, very double flowers on long, sturdy stems. They commence flowering in September and continue until frost.

White	Azure Blue	Peach Blossom	Rose
Crimson	Purple	Flesh Pink	And Mixed

Any of the above colors and mixed: ¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 35c. and 20c.

Collection: One large packet each of seven colors ... \$2.25

ASTERS SHOULD NOT BE GROWN IN THE EXACT SAME PART OF THE GARDEN EACH YEAR. A CHANGE OF SOIL IS NECESSARY. IF THE SOIL IS NATURALLY WET, OR THERE IS AN EXCESS OF WATER, ASTER PLANTS WILL SUFFER FROM STEM ROT.

We can supply Aster cloth for building Aster tents as a protection against insects

ASTERS (Concluded)

TREATED  SEED

TRIVETT'S NEW GIANT SUNSHINE ASTERS

Tall, upright habit, 2½ to 3 feet high, especially suitable for cutting. The unusually large flowers often measure 5 to 6 inches across, "Giant California Sunshine type," and are borne on long, stiff stems, about 75 per cent true, the first flowers often come single and the true type later.

The "Dwarf Sunshine" is more suitable for bedding and massing.

Trivett's Giant Sunshine White. With large lemon center.

Trivett's Giant Sunshine Lavender. With lemon yellow center.

Trivett's Giant Sunshine Salmon Pink. Charming, delicate shade of salmon pink with creamy yellow center.

Trivett's Giant Sunshine Dark Blue. Yellow center.

Trivett's Giant Sunshine Deep Rose. With lemon center.

Trivett's Giant Sunshine Light Blue. Yellow center.

Trivett's Giant Sunshine Shell Pink. With lemon center.

Trivett's Giant Sunshine Mixed.

Any of the above colors and Mixed:

(In packets only) Pkts. 75c., 50c. and 30c.

DWARF SUNSHINE (Anemone Flowered)

Dwarf branching habit, 1½ to 2 feet high. Ideal for bedding, display and cutting. The flowers are large, but not so large as *Trivett's Giant Sunshine* and the stems are not as long, otherwise the general appearance and type of flower are quite similar.

Dwarf Sunshine White. With lemon yellow center.

Dwarf Sunshine Rose Pink. Yellow crested center.

Dwarf Sunshine Lilac. With blue and yellow center.

Dwarf Sunshine Crimson. With contrasting yellow center.

Dwarf Sunshine Light Blue. Blue and yellow center.

Dwarf Sunshine Dark Blue. With lilac and yellow center.

Dwarf Sunshine Flesh Pink. Shell pink with yellow center.

Dwarf Sunshine Mixed. All the above varieties.

Any of the above Dwarf Sunshine sorts:

Pkts. 50c., 30c. and 20c.

TRIVETT'S GIANT SINGLE ASTERS

A superb strain of large, single Asters growing about 2 feet in height, with long, wiry stems. Valuable for cutting.

White, Pink, Light Blue, Dark Blue, Mixed.

Each of above: ... Pkts. 50c., 30c. and 20c.

Trivett's Red Emperor. A very large, single Aster with broad, curled petals, deep blood red with contrasting yellow center. Height 1½ feet. *Wilt-resistant.* ... Pkts. 50c. and 30c.

TRIVETT'S SINGLE JAPANESE (Gerberalike)

A beautiful, artistic type, with long, slender, graceful petals similar to the "Gerbera." Height 2 feet. Exquisite cut flower.

Trivett's Japanese White | **Trivett's Japanese Mauve**

Trivett's Japanese Violet | **Trivett's Japanese Rose**

Trivett's Japanese Mixed

Each of above: ... Pkts. 75c., 50c. and 30c.

ENGLISH SOUTHCOTE BEAUTY (Ostrich Feather Petals)

Graceful flowers, with long, tapelike, curled petals, the large, single flowers are produced on long, stiff stems.

Unrivalled for cutting and house decoration. Height 2 feet

White, Mauve, Purple, Pink, Scarlet, and Mixed.

Each of above: ... Pkts. 50c., 30c. and 20c.

TRIVETT'S SINGLE CHINESE (Daisylike Petals)

These single Asters are not so large as the others we offer and on this account may be preferred. They have broad, flat petals and look like gayly colored Marguerite Daisies or Pyrethrums. Tall, height 2½ ft.

Violet Queen

Snow Queen

Pink Queen

Blue Queen

Scarlet Queen

Mixed Queen

General Joffre. Brilliant crimson scarlet color.

Each of the above Chinese sorts: Pkts. 50c., 30c. and 20c.

T.T.S.

ASTER—Trivett's Giant Sunshine Lavender

HARDY PERENNIAL ASTERS

Alpinus. Deep mauve with yellow center, growing about 12 inches high. Splendid sort for rockeries, etc.

 Pkts. 35c. and 20c.

Wartburg Star. *New.* A giant flowering race of the Spring Asters belonging to the Sub-caeruleus class. Bright, lavender blue with yellow center. Height 2 feet. Blooms in June.

Pkts. 50c. and 30c.

Yunnanensis. Beautiful bright mauve or lilac blue with yellow center disc. Height 15 inches. Blooms in early Summer. Splendid for cutting. ... Pkt. 75c.

Delavay. Unique hardy perennial Aster. Nothing more lovely can be imagined than this beautiful Chinese species. Delightful shade of lavender blue with jet black center. Height 1½ feet. Pkt. 50c.

Oreophilus. A lovely species from Yunnan; flowers soft violet with yellow center. Height 1 foot. Fine cut flower. Pkt. 50c.

Subcaeruleus. Magnificent, large mauve flower. 1 foot. Pkt. 75c.

Amellus, General Pershing. Tall growing Michaelmas-daisy, with large pink flowers. Height 2½ feet. ... Pkt. 50c.

Amellus, King George. Large violet blue flowers in large trusses. Height 2½ feet. ... Pkt. 50c.

Amellus, Sky Blue. Beautiful light blue. 2½ feet. Pkt. 50c.

Hybridus, Snowflake. Very large white. 3 feet. Pkt. 50c.

Novae-angliae, Blue Hybrids. Magnificent large flowering *New England Asters* in lovely shades of blue. Height about 3 feet. ... Pkt. \$1.00

Novae-angliae, Rose Hybrids. Beautiful large flowers in nice pink shades. Height 3 feet. ... Pkt. \$1.00

Novibelgi. Choice new hybrids in a fine range of colors. Tall, vigorous plants, about 4 feet high. ... Pkt. 50c.

Tall Mixed. Large flowered varieties, mixed. Pkts. 35c. and 20c.

BALLOON VINE *(Love-in-a-puff)*

Annual. Ornamental climber. Height 8 feet.

White flowers with ornamental fruit.

Oz. 90c. ¼ oz. 30c. Pkt. 15c.

BALSAM *(Ladyslipper)*

Annual. For display and cutting. Height 1½ feet.

CAMELLIA-FLOWERED DOUBLE

White	Rose	Salmon	Crimson
Lilac	Yellow		Mixed
Each of above:	Oz. \$1.75	¼ oz. 60c.	Pkt. 25c.

BAPTISIA AUSTRALIS *(False-indigo)*

Perennial. For borders. Blooms May-July. Height 3 feet.

Racemes of dark blue, Lupinelike flowers. Pkt. 25c.

BARTONIA AUREA *Bar-tone-i-a*

Annual. Quick growing. For bedding. Height 18 inches.

Thistlelike leaves and golden yellow flowers. Sweet scented, easily grown. Likes sandy soil.

Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

BELLIS PERENNIS *(English Daisy)*

Perennial. For edging, massing. Spring flowering. 6 inches.

TRIVETT'S SPECIAL STRAINS

Trivett's Monstrosa Red. Very large, deep red.

Trivett's Monstrosa Rose. Large, double deep pink.

Trivett's Monstrosa White. Exceedingly large double white.

Trivett's Monstrosa Mixed. All available shades.

Each of above: ¼ oz. \$2.75 ⅛ oz. \$1.50 Pkt. 50c.

Trivett's Cream. (New.) Rare color, pale creamy yellow, very large, double flowers. Try this with Trivett's Lilac or a deep red sort. Pkts. 75c. and 50c.

Trivett's Lilac. (New.) Another new and unusual color. Fine companion to our cream variety. Pkts. 75c. and 50c.

Trivett's Scarlet. (New.) Attractive, bright scarlet red, the flowers are medium size, very double. Pkts. 75c. and 50c.

Trivett's Incurved Crimson. (New.) Rich deep crimson, extra double flowers, tightly packed, incurved petals. Pkts. 75c. and 50c.

Trivett's Incurved White. (New, see illustration.) This is the white form of our new type. Pkts. 75c. and 50c.

Trivett's Giant Quilled Red. Immense quilled flowers of rich bright red. Very distinct. Pkt. 75c.

Trivett's Giant Quilled Salmon Pink. Quite a new shade of color. Very attractive. Pkt. 75c.

Longfellow. Small, round double rose flowers. Oz. \$4.50 ¼ oz. \$1.50 Pkt. 25c.

Snowball. Small white flowers, very double. Oz. \$4.50 ¼ oz. \$1.50 Pkt. 25c.

Alpina. A graceful, spreading plant growing close to the ground and completely covered with dainty pink and white single flowers. Perennial. Height 6 inches. Pkt. 50c.

BETONICA GRANDIFLORA

Perennial. For edging and borders. 8 inches.

Spikes of rosy purple flowers on dwarf plants which bloom in May and June. Excellent for edging or massing on the front of herbaceous borders. Pkt. 50c.

BIDENS

Annual. For cutting and display. Height 2½ feet.

Black King. Rich black purple flowers. Oz. \$4.50 ¼ oz. \$1.50 Pkt. 50c.

BLUE LACEFLOWER. See **Didiscus**.

BOCCONIA *Boc-cone-i-a (Plumepoppy)*

Perennial. For herbaceous borders. Height 5 feet.

Japonica (Cordata). Large, ornamental leaves; long spikes of creamy white flowers in July.

Oz. \$1.50 ¼ oz. 50c. Pkt. 25c.

T.T.S.

BRACHYCOME—Trivett's Blue Gem

BRACHYCOME *(Swan-river-daisy)*

Annual. For edging, bedding. Height 8 inches.

Trivett's Blue Gem. Clear lavender blue. Splendid for bedding and edging. Very choice.

¼ oz. \$2.00 ⅛ oz. \$1.25 Pkt. 50c.

Summer Beauty. Rich mauve color. Charming sort.

¼ oz. \$3.00 ⅛ oz. \$1.75 Pkt. 75c.

Little Blue Star. Lovely shade of clear blue.

¼ oz. \$3.00 ⅛ oz. \$1.75 Pkt. 75c.

Little White Star. Pure white form of above.

¼ oz. \$3.00 ⅛ oz. \$1.75 Pkt. 75c.

Trivett's Incurved White

TRIVETT'S CHOICE BEGONIAS

T.T.S. A bed of Trivett's Florida Pride Begonias—dwarf, compact, only 6 inches high. Bright scarlet blossoms, and rich, chocolate-colored foliage. Very attractive.

Albert Martin (*Semperflorens* type). Crimson scarlet, dark foliage. Height 12 inches.

1/8 oz. \$1.75 Pkts. 50c. and 30c.

Christmas Cheer. Bright crimson red. Height 12 inches. Good pot plant.

1/16 oz. \$3.75 Pkts. 75c. and 40c.

Erfordia Improved (*Heterosis*) (*Semperflorens* type). A lovely clear pink with dark foliage. Height 8 to 10 inches.

1/64 oz. \$5.00 Pkts. \$1.50 and 75c.

Gruga (*Heterosis*) (*Semperflorens* type). Dwarf, compact. Height 6 inches. Fine carmine pink. *New* Pkt. 75c.

Gustave Knaake. Large, salmon rose, with light green foliage. Height about 10 inches.

1/8 oz. \$3.75 Pkts. 50c. and 30c.

Gracilis Luminosa. (Improved.) Bright scarlet with bronze colored foliage. 9 inches.

1/8 oz. \$3.75 Pkts. 50c. and 30c.

Gracilis Thousand Flowered (*Heterosis*).

Only about 5 inches high, abundance of rose pink blossoms until frost. —*New*— Pkt. 75c.

Gracilis Dresden, 1936 (*Heterosis*). Attractive rosy scarlet blossoms in profusion. 9 inches.

—*New*— Pkt. 75c.

Gracilis Indian Maid. Rich scarlet with dark brown, metallic foliage. 10 inches.

1/64 oz. \$4.75 Pkts. \$1.25 and 75c.

Prima Donna. (Improved.) (*Heterosis*). Gracilis type, carmine rose with bronzy foliage. Height 9 inches.

1/64 oz. \$7.50 Pkts. \$1.50 and 75c.

Rosabella (*Semperflorens* type). Dwarf, compact, only 6 inches. Pure, light, rose pink.

1/8 oz. \$2.00 Pkts. 50c. and 30c.

Vernon Improved. Dwarf, *Semperflorens* type. Height about 8 inches. Blood red with dark foliage. 1/64 oz. \$1.75

Pkts. 50c. and 30c.

One of our leading specialties, an extensive and carefully selected list of the choicest and most outstanding in the various classes or groups, mostly from the *Heterosis* method.

Important!

The seed of many of the following fibrous-rooted, bedding Begonias, is the result of crossing two different sorts (*The Heterosis method*). Plants raised from this seed show a marvelous uniformity and perfection, but *their seed* should never be harvested, as the seed of the second generation segregates and produces only *worthless mixtures*. Our seed is collected from crosses made each year from the original parents.

FIBROUS-ROOTED BEGONIAS

For bedding, edging, pots, etc.

They prefer light, rich soil.

Trivett's Florida Pride (*Heterosis*). A splendid dwarf, compact type, only 6 inches high and smothered with bright scarlet blossoms intermixed with rich, chocolate colored, glossy foliage. A very attractive combination.

1/64 oz. \$2.75 Pkts. 75c. and 40c.

Trivett's Salmon Queen. Rich, deep salmon red, dark glossy foliage, free flowering. Height 10 inches.

1/64 oz. \$2.75 Pkts. 75c. and 40c.

Trivett's La France (*Heterosis*). Pure La France pink, abundant bloomer. Height about 9 inches.

1/64 oz. \$9.00 Pkts. \$1.50 and 75c.

Trivett's White Queen. Pure white, compact variety, about 10 inches high, with glossy, green leaves.

1/64 oz. \$2.75 Pkts. 75c. and 40c.

Trivett's White Carpet. Very dwarf, 5 inches. White, green foliage.

1/64 oz. \$2.75 Pkts. 75c. and 40c.

Trivett's Picotee. Large white, edged with a bright pink band. Height 6 to 8 inches; also makes a fine pot plant.

1/64 oz. \$2.75 Pkts. 75c. and 40c.

Sutton's Loveliness. Large, clear rose pink; about 10 inches. Pkt. 75c.

Sutton's Brightness. Brilliant carmine pink with green foliage. Height about 12 inches; also makes a grand pot plant for indoors in which case sow the seed in July. Pkt. 75c.

T.T.S. A spray of blossom of Trivett's La France Begonia—a rich, salmon red, dark foliage

SOWING THE SEED

In the Northern States seed should be sown from January to March in brisk heat in shallow, well-drained seed pans, filled with a compost of equal parts of leafmold loam, and sand. The seed is very minute, and extreme care is required in handling. Make the soil fairly firm and sow the seed evenly on the surface; do not cover the seed with soil, but place a glass over it. The glass should be turned or wiped dry every morning. When the pans become dry, submerge the pans to the rim and wait till the water soaks through. Prick off when very small, and pot off when large enough into 3 inch pots, giving a shift into a larger size when necessary.

"The high quality of your seeds has always been evident in the fine results I have obtained from them."

MR. L. J. MULLER
Supt.-Head Gardener to
HOWARD PHIPPS, Esq.

T.T.S. A typical plant of Begonia Gracilis—Thousand Flowered, rose pink. Height. 5 inches

TRIVETT'S CHOICE BEGONIAS

TUBEROUS-ROOTED VARIETIES

For greenhouse, pots, outdoor bedding, edging, and display.

Generally speaking these Begonias may be flowered in about six months from seed. Sow the seed during February and when the seedlings are very small prick off into pans or small pots, shifting to larger pots as required.

Tuberous Begonias produce tubers or bulbs which should be treated and stored for the Winter like Gladiolus or Dahlias for use the following year, when they will give their best results. Growing from seed is an economical method whereby a collection of these valuable tubers can be obtained.

TRIVETT'S SINGLE GIANT-FLOWERED

Immense blooms and gorgeous colors. Ideal for pots and garden display in semi-shade. The large blossoms have smooth or plain edged petals.

Single Giant White	Single Giant Pink	Single Giant Yellow
Single Giant Rose	Single Giant Orange	Single Giant Scarlet

Umbellata. Bright crimson. Dwarf Alpine plant. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 30c.

R CALIFORNIA-POPPY. See *Eschscholtzia*.

SEEDS WHICH GERMINATE SLOWLY AND IRREGULARLY

The following species and varieties of flower seeds should be sown in such a manner and place that they can be left undisturbed for an extended period of time.

See also notes under "Hardy Alpines," on page 19.

Acanthus, Aconitum, Adonis vernalis, Androsace, Anemone, Asperula odorata, Clematis, Delphinium Yellow Nudicaule, Delphinium Pink Nudicaule, Delphinium Red Nudicaule, Dictamnus, Gentiana acaulis, Incarvillea, Iris, Perennial Phlox, Hardy Primulas, Saxifraga, Trollius, and some of the rare Alpine plants.

Seeds of the more stubborn species may lie in the soil for a year and more before germinating. Stratification of such seeds by frost and snow should be beneficial.

TRIVETT'S SUPERB CALCEOLARIAS *Cal-se-o-lay-ri-a*

ENGLISH GROWN SEED—*Gold Medal Strains*—THE FINEST PROCURABLE

Not recommended to amateur growers unless in possession of the necessary facilities, *viz.*, greenhouse or conservatory. Seed should be sown in June or July in pots or seed pans. The compost being two parts of good loam, one part fine leafmold, and one part sand.

Make the soil fairly firm and sow the seed evenly on the surface. Do not cover the seed with soil, but place a sheet of glass over it.

When dry, do not water overhead, but submerge the pan to the rim and wait till the water soaks through.

LARGE FLOWERED VARIETIES

Trivett's Gold Medal Mixed. This strain produces enormous flower pockets, in large, heavy trusses on vigorous, bushy plants. We blend this mixture ourselves from the most costly and finest exhibition strains. Constant care is employed in crossing only the finest flowers, thus preserving the wide range of gorgeous colors and markings. Pkt. \$1.50

Trivett's Blotched Hybrids. Spotted and blotched hybrids of large size, notable for their brilliant color combinations. Pkt. \$1.50

Sutton's Cloth of Gold. *Sutton's seed.* Pure golden yellow, self colored flowers of the largest size and finest form; in immense trusses. Pkt. \$1.00

Sutton's Cloth of Silver. *Sutton's seed.* Beautiful, glistening white flowers in large trusses, contrasts well with the darker sorts. Pkt. \$1.00

Trivett's Rose. Beautiful, clear rose pink blooms of large size, in large, heavy trusses. Pkt. \$1.00

Trivett's Olympia. Dark brown and red blotches on a yellow ground. Fine large flowers. Pkt. \$1.00

Trivett's Pierrot. Attractive large white, heavily blotched with rosy pink. Pkt. \$1.00

Trivett's Red. Brilliant orange red of large size; a fine contrast to *Cloth of Gold*. Pkt. \$1.00

MEDIUM AND SMALL FLOWERED CALCEOLARIAS

The varieties offered under this heading are distinct from the *large flowered* sorts and are very valuable for cutting, etc.

Albert Kent. Medium size, spoon shaped flowers, maroon red with broad margin of gold. Pkt. 75c.

Albert Kent Hybrids. Similar to the type but in a mixture of various colors. Pkt. 75c.

Multiflora Nana. A new race of small-flowered Calceolarias, growing about 12 inches high and covered with trusses of flowers in a wonderful range of colors. In mixture only. Pkt. 75c.

The Fairy. This hybrid comes from a wild Chilean species crossed with *C. profusa*. It is the deepest yellow Calceolaria we know, and the elegant sprays of small flowers are most decorative. Will be much appreciated as a pot plant for conservatory or house. Height about 2 feet. Pkt. \$1.25

Profusa (Clibrani). Graceful sprays of small golden yellow flowers. Height 2 feet. Pkt. \$1.50

Trivett's Profusa Hybrids. The plants possess the same habit as *C. profusa*, but the flowers are larger, ranging from yellow to reddish bronze; very lasting. A fine plant for indoor decoration. Height 2 to 3 feet. Pkt. \$1.00

Rugosa, Golden Rain. True bedding sort producing innumerable small flowers of rich golden yellow. Also suitable for pots. Height 12 inches. Pkt. \$1.00

Rugosa, Orange Queen. Rich orange scarlet; larger flowers than the type; splendid for pots. Pkt. \$1.00

Rugosa Choice Mixed. Rich colors. Pkt. \$1.00

OUR FLOWER SEEDS ARE RESELECTED STRAINS—IN GENEROUS OVERSIZE PACKETS

TRIVETT'S CALENDULAS

Cal-en-du-la

(*Scotch Marigold*)

Hardy Annual

One of our most useful annuals for cutting and display. Indispensable for greenhouse culture, providing an abundance of cut flowers during the Winter months. Average height 1 foot. Seed may be started indoors for early blooming or can be sown in the open ground when weather permits.

T.T.S.

TRIVETT'S DOUBLE ART SHADES

Trivett's Double Art Shades. Contains many new shades from cream and buff to yellow, orange, apricot, picotee, etc. In mixture only. ... Pkts. 35c. and 20c.

Trivett's Apricot Queen. A fine, new shade, apricot yellow; good double flowers. Pkts. 35c. and 20c.

Masterpiece. A grand sort, rich deep orange with dark center, long cutting stems. Oz. \$3.00 1/4 oz. \$1.00 Pkt. 25c.

Meteor. Charming yellow flowers marked with lemon. 1/4 oz. 50c. Pkt. 25c.

Chrysantha (Sunshine). *Illustrated.* An entirely new break in Calendulas, with a striking resemblance to those of a Chrysanthemum. Long stems, clear, buttercup yellow. 1/4 oz. \$1.00 Pkts. 35c. and 20c.

Trivett's Orange Sunshine. A companion to the well known "Chrysantha" with the same form of flower; bright orange color. 1/4 oz. \$1.50 Pkts. 50c. and 30c.

Orange Shaggy. (*New.*) A very distinct new break in Calendulas. The petals are long and deeply fringed or lacinated. The large, double, shaggy blooms resemble some Chrysanthemums. The color is deep orange with slightly lighter tint towards the center of the bloom, giving the flower a delightful two-tone effect. Long, strong stems. Height about 18 inches. A novelty of outstanding merit. ... Pkts. 50c. and 30c.

Orange King Improved. Rich orange. Good double flowers. Oz. \$2.50 1/4 oz. 75c. Pkt. 25c.

Mixed. All sorts mixed. Oz. 90c. 1/4 oz. 30c. Pkt. 15c.

SINGLE CALENDULAS

Trivett's Single Hybrids. Superb mixture of rare colors; this new strain will be preferred by many to the double sorts. Ideal for vase decorations. ... Pkt. 50c.

Pluvialis. Somewhat resembling a Marguerite; white with purple flowers. Height 1 1/2 feet. ... Pkt. 25c.

T.T.S.

CHRYSANTHA—Sunshine

Trivett's Gold Medal. Improved strain, large, double flowers, somewhat deeper than *Sensation*, and well formed. The color is rich glowing orange, fine long stems; ideal for greenhouse culture and still preferred by many of our customers to the newer sorts. ... 1/4 oz. \$1.50 Pkts. 50c. and 30c.

Campfire, Florist Strain. *See natural color illustration on page 43.* A vastly improved strain of "Campfire" or "Sensation." Ideal for florist use. The blooms are flat across the top and measure at least 4 inches in diameter, with long, heavy cutting stems. The color is rich deep orange with scarlet sheen. 1/4 oz. \$1.00 Pkts. 35c. and 20c.

Sensation (Campfire). *Reselected.* The largest of all. Extremely double blossoms on long, strong stems; rich orange washed over with a sheen of scarlet; truly an outstanding sort. ... 1/4 oz. \$1.00 Pkts. 35c. and 20c.

Ball's Gold. *Improved stock.* Upright habit, long stemmed, deep golden yellow. ... 1/4 oz. \$1.00 Pkts. 35c. and 20c.

Ball's Cream. *Reselected.* Large, round, double flowers of creamy white on good stems. ... 1/4 oz. \$1.00 Pkts. 35c. and 20c.

The Ball (Ball's Orange). A good sort, with very double, rich orange flowers. 1/4 oz. \$1.00 Pkts. 35c. and 20c.

Radio. *Illustrated.* An English variety of merit, being a "break" in Calendulas. The petals are beautifully quilled and fluted, which enhances the beauty of the globular flowers. The color is soft glowing orange. 1/4 oz. \$1.00 Pkts. 35c. and 20c.

Golden Beam. A golden yellow counterpart of the popular English variety, "Radio." ... Pkts. 35c. and 20c.

Golden King. A grand variety for the amateur gardener and for the cut flower market; very large, double flowers of rich golden yellow. (In packets only) Pkt. 50c.

Yellow Queen (Lemon Queen). Improved strain; large, double flowers of a pleasing, clear lemon yellow; fine companion to the orange sorts. 1/4 oz. \$1.00 Pkts. 35c. and 20c.

CALLIOPSIS

Kal-i-op-sis (Tickweed). Annual and perennial. America, Africa, 1699. Easily grown, blooming throughout the Summer. Prefers ordinary garden soil, dry, sunny position. It is best to sow the annual sorts where they are intended to bloom, thinning out to 6 inches apart.

TALL ANNUAL VARIETIES

- Trivett's Lemon Beauty.** About 2½ feet high, attractive lemon yellow with red blotch; splendid for cutting.
- Atrosanguinea.** 2½ feet. Rich dark red flowers.
- Bicolor Hybrida.** 3 feet. Semi-double flowers, yellow and brown. Very lasting cut flower.
- Coronata.** 1½ feet. Large yellow flowers.
- Golden Wave.** 1½ feet. Large golden yellow flowers with chestnut brown centers. Very prolific.
- Marmorata.** 3 feet. Elegantly marbled and striped with yellow and Wall-flower red.
- Nigra Speciosa.** 3 feet. Dark maroon red, excellent contrast to the yellow varieties.
- Tinctoria.** 3 feet. Very free flowering, showy yellow flowers with brown centers.
- Tall Choice Mixed.** A mixture of the tall sorts. Showy colors. Excellent for cutting.
- Any of above Sorts and Mixed:
Oz. \$1.75 ¼ oz. 60c. Pkts. 25c. and 15c.

DWARF ANNUAL VARIETIES

- Compact, bushy plants 6 to 12 inches in height which are covered with flowers all Summer. Ideal for bedding, edging and rock gardens.
- Crimson King.** 12 inches. Bright velvety crimson; attractive.
- Golden Ray.** 9 inches. Very distinct, golden yellow, with purple brown center. Very attractive sort.
- Tiger Star.** 9 inches. Reddish brown petals, spotted and blotched with yellow; very choice.
- Tom Thumb Beauty.** 8 inches. Flowers golden yellow with crimson centers; very effective variety.
- Dwarf Choice Mixed.** Blooms profusely all Summer; excellent for beds or massing and for edging.
- Any of the above Dwarf Sorts:
Oz. \$1.75 ¼ oz. 60c. Pkts. 25c. and 15c.
- Douglasi.** Lovely little annual Calliopsis for the sunny rock garden or edging. Height about 12 inches. Golden yellow ... Pkt. 25c.

T.T.S.

CALLIOPSIS (Annual)—Tall Choice Mixed

PERENNIAL CALLIOPSIS (Coreopsis)

Splendid subjects for cutting and perennial borders. About 3 feet high. Blooming most of the Summer.

Auriculata Superba. The large, single yellow flowers measuring 3 inches across are borne on long, stiff stems. A serrated band of brownish red encircles the golden disc.

Pkts. 50c. and 30c.

Mayfield Giant. From Australia, producing larger flowers than any other variety; rich golden yellow. Pkts. 50c. and 30c.

Double Lanceolata Grandiflora. This variety produces handsome double and semi-double flowers of rich golden yellow. ... Pkts. 50c. and 30c.

Single Lanceolata Grandiflora. Large single yellow flowers on good stems. Oz. \$3.00 ¼ oz. \$1.00 Pkts. 25c.

CANDYTUFT

Can-dy-tuft (Iberis). Annuals and perennials. South Europe, 1596.

CANDYTUFT—Dobbie's White Spiral

CAMPANULA

For Borders, Cutting, Rockeries, Edging, etc.

Campanulas form a delightful, useful and much varied family of flowers, ranging from the tall and stately perennial sorts, such as *Pyramidalis*, *Persicifolia*, through the biennial type represented by *C. calycanthema* (Cup-and-saucer) and *C. medium*, the single Canterbury-bell.

The above mentioned types are ideal subjects for the flower border and as pot plants are extremely useful for greenhouse culture and conservatory or house decoration. The dwarf sorts are gems for the rock and Alpine garden, also for edging. Most varieties prefer ordinary soil.

All Varieties on this page are Perennial

Pyramidalis, Blue Queen. (*Chimney Campanula*.) Elegant plant for herbaceous borders and in pots. 4 feet.

Pyramidalis, White Queen. A white form of above. 4 feet.

Pyramidalis compacta Blue. More compact habit. Height 3 feet.

Pyramidalis compacta White.

Any of above four: Oz. \$3.50
 ¼ oz. \$1.00 Pkt. 30c.

Persicifolia Blue. (*Peachleaved Campanula*.) A special strain having very large flowers. Height 2 feet. Blooms June-July. Pkt. 50c.

Persicifolia White. Special strain. Pkt. 50c.

Persicifolia, Telham Beauty. Re-selected. *Raiser's description.* A grand variety of *C. persicifolia* introduced by us. It produces on long stems, very large, globular, open flowers of a lovely China blue with silvery shading inside. Blooms June-July. Height 4 feet. *Award of Merit*, R. H. S. Pkt. 50c.

Persicifolia, Telham White. A splendid white form of *C. Telham Beauty*. ... Pkt. 75c.

Persicifolia, Double White. Produces double and semi-double pure white flowers. 3 feet. Pkt. 75c.

Persicifolia, Double Blue. Choice strain of double blue. 3 feet. Pkt. 75c.

Persicifolia, New Giant Mixed. A splendid race of tall habit. About 5 feet. Mixed colors. Pkt. 50c.

The double varieties of C. persicifolia come about 50 per cent true from seed.

Carpatica, Blue Gem. (*Carpathian Harebell*.) Improved strain. **R** with large, erect blue, bell shaped flowers. Splendid for edging and rockeries. Blooms July-August. Height 1 foot. ¼ oz. \$1.25 Pkt. 35c.

Carpatica, White Gem. Splendid white companion to the above. 1 foot. ¼ oz. \$1.25 Pkt. 35c.

Carpatica, Ditton Blue. Very large, flattish, deep blue flowers. **R** Height about 9 inches. Pkt. 50c.

Carpatica, Riverslea. A very **R** handsome form with large, flat flowers of clear blue. Height 10 inches. ... Pkt. 50c.

Celtidifolia, Edw. Molyneux. Immense light blue panicles of bloom. Splendid for herbaceous borders. Height 3 feet. ... Pkt. 75c.

Allioni. Pretty Italian species, very dwarf habit. 3 inches. Pale violet blue. ... Pkt. 50c.

CAMPANULA glomerata superba

Amabilis. Handsome plant from the Crimea. Dark blue. Height 2½ feet. ... Pkt. 50c.

Arvatica. An exquisite little species only 2 inches high. Lovely violet, star shaped flowers. **R** Pkt. 75c.

Barbata. Has been called the queen of the lower **R** Alpine meadows; large, greyish blue bells on 12-inch stems. Makes a splendid companion to *Arnica montana* in the rock garden. Height 15 inches. Oz. \$5.00 ¼ oz. \$1.50 Pkt. 50c.

T.T.S. CAMPANULA rotundifolia olympica

Garganica major. Lovely trailing **R** sort for the rock garden. Charming pale blue flowers. Pkt. 50c.

Garganica Erinus. Creeping perennial, forming a mat covered **R** with charming pale blue flowers. Pkts. 50c. and 30c.

Garganica W. H. Paine. Rare **R** and distinct variety, flowers blue with white center. Perennial trailing habit. Pkts. 75c. and 40c.

Glomerata superba. Improvement over *C. glomerata*, producing large, deep, rich blue flowers in loose heads. Height 1½ feet. Splendid for the herbaceous border. Pkt. 50c.

Grandis, Blue Beauty. Resembles a dwarf *Campanula pyramidalis*. Large, cup shaped flower of pale blue. Choice herbaceous plant. Height 2 feet. ... Pkt. 50c.

Grandis, White Beauty. A fine white companion to above. 2 feet. Pkt. 50c.

Latifolia macrantha. Showy border plant. Large, deep violet flowers. Height 3 feet. ... Pkt. 50c.

Lavender Star. A gem for the **R** rock garden, forming large, tufted plants with long, trailing spikes of lavender-blue, star-shaped flowers. ... Pkt. 50c.

Mirabilis. Fine species from *Caucasus*. Bushy habit, pale blue flowers. Height 2 feet. For the perennial border. ... Pkt. 75c.

Muralis. Dwarf, compact habit, **R** blue flowers. Height 6 inches. For edging and rockery. Blooms May-June. ... Pkt. 50c.

Pusilla. Shining green leaves and **R** pale blue bellflowers produced in clusters. Height 3 inches. Lovely rock plant. Blooms June-August. ... Pkt. 50c.

Raineri. Charming Alpine plant **R** and a rare species; erect blue flowers; 2½ inches high. Pkt. 50c.

Rotundifolia. *Scotch Bluebell.* **R** Graceful habit; nodding pale blue Bellflower. Height 1 foot. Blooms June-August. Pkt. 35c.

Rotundifolia olympica. Light **R** blue bellflowers. During Summer and Autumn. Height 12 inches. A beauty for the rock garden. Pkt. 50c.

Waldsteiniana. A gem for the **R** rockery. Compact habit, pale blue flowers in great profusion. Height 3 inches. ... Pkt. 50c.

CAMPANULA [*Cam-pan-u-la* Canterbury Bells, Etc.]

Greenhouse and Basket

CAMPANULAS

Canarina. *Climbing Perennial Campanula.* A magnificent plant for suspended baskets with numerous, bell shaped flowers of orange color veined with red and edged with deep red. Also useful for the decoration of walls and for cutting.
Pkts. 75c. and 40c.

Fragilis. *Basket Campanula.* Long flowering branches, fine for suspended baskets, window boxes, vases, etc. The flowers are clear light blue. Very similar to *C. isophylla*. Tender perennial.
Pkts. \$1.00 and 60c.

Vidali. Magnificent greenhouse pot plant, producing large, sweet scented, creamy white flowers. Height 2 feet. Tender perennial from Madeira. Very uncommon plant. Flowers the second year.
Pkts. \$1.25 and 75c.

See also *Pyramidalis*, *Persicifolia*, *Medium*, *Calycanthemum* for cool greenhouse culture.

T.T.S.

CAMPANULA medium (Canterbury-bells)

ANNUAL CAMPANULAS

(Annual Canterbury-bells)

This new annual Canterbury-bell blooms from seed within 6 months. The plants attain a height of about 2½ feet, and each bear six to eight flower spikes. August-September.

Trivett's Annual White

Trivett's Annual Rose.

Trivett's Annual Blue.

Trivett's Annual Violet.

Trivett's Annual Pink.

Each: . . . Pkts. 50c. and 30c.

Attica. Annual sort which blooms very profusely. Beautiful violet blue. Splendid for edging and rockeries. Height 6 inches.

¼ oz. \$1.50 ⅛ oz. 80c. Pkt. 35c.

Attica alba. White form.

¼ oz. \$1.50 ⅛ oz. 80c. Pkt. 35c.

Loreyi. Desirable annual species. The plants form pretty tufts of foliage, above which rise elegant pale blue flowers shaded with violet. Height 12 inches.

¼ oz. \$1.75 ⅛ oz. \$1.00 Pkt. 35c.

CAMPANULA MEDIUM ⊕

SINGLE CANTERBURY-BELL

Very showy biennial, growing in pyramidal form. About 3 feet high and producing large single bells in beautiful, clear colors. Seed sown in May-June blooms the following June outdoors. If, however, the young plants are potted in October, they make beautiful plants for the greenhouse, conservatory or house during early Spring, coming into flower without being forced in any way about two months before those in the open ground.

Trivett's Rich Pink. A great improvement over the regular type, producing larger bells and a superior shade of color.
Pkt. 50c.

Trivett's Lavender. A superior strain. Large flower bells of beautiful light lavender blue.
Pkt. 50c.

White Queen. A good large, pure white.

Rose Queen. Nice shade of pale pink.

Blue Queen. Rich, bright blue shade.

Mauve Queen. Fine shade of deep lilac.

Carmine Queen. Deep pink or salmon pink.

Medium Choice Mixed. All colors mixed.

Any of the above five Queens and Mixed:
¼ oz. \$1.25 ⅛ oz. 75c. Pkts. 50c. and 30c.

Collection: One large pkt. each of five Queens . . . \$2.25

ANNUAL CANTERBURY-BELLS. See under Annual Campanulas, top of page.

CAMPANULA CALYCANTHEMA ⊕

(CUP-AND-SAUCER)

Biennial Canterbury-bell.

An exceedingly popular class of Canterbury-bells, being similar in most respects to the Single type, but with the addition of saucer-like petal or collar behind the bell, giving the individual flower the appearance of a "cup-and-saucer". Height about 3 feet. Blooms in June.

Calycanthemum White. Pure snow white.

Calycanthemum Rose. Nice shade of blush pink.

Calycanthemum Blue. Rich deep blue.

Calycanthemum Strawberry Pink. A charming shade of rich, deep pink; very attractive color.

Calycanthemum Mauve. Deep, rich mauve blue.

Calycanthemum Lavender. Shade of light lilac.

Calycanthemum Mixed. A blending of all colors.

Any of the above six colors and Mixed:
¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 50c. and 30c.

Collection: One large pkt. each of six colors . . . \$2.50

The above sorts are highest quality, special strains

CAMPANULA, DOUBLE

DOUBLE CANTERBURY-BELL

A double form of the biennial Canterbury-bell, having another bell inside the main one. Height 3 feet.

Double White. Splendid pure snow white.

Double Rose. A good shade of pink.

Double Blue. The best blue color.

Double Mixed. All available colors mixed.

Any of the above Double Sorts:
¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 50c. and 30c.

This sign ⊕ indicates that seed has been treated by us—Sow TRIVETT'S TESTED SEEDS for TRUE ECONOMY

TRIVETT'S GARDEN CARNATIONS

T.T.S. CELOSIA PLUMOSA
Pride of Castle Gould

DWARF PLUMOSA CELOSIA

The type offered under this heading is a special strain, only 1 foot high and having a pyramidal form of growth. A large center plume is surrounded by smaller plumes.

A superb florist's pot plant and ideal for Summer bedding, edging, etc.

Trivett's Yellow King. Golden yellow.

Trivett's Crimson King. Blood red.

Trivett's King Mixed. One foot high.

Each of the above King sorts:
¼ oz. \$1.50 Pkts. 50c. and 30c.

Flame of Fire. *Illustrated.* Splendid bedding and pot plant. Height 18 inches. Attractive red. Allow 2 feet between the plants.

½ oz. \$1.50 Pkts. 50c. and 30c.

CELOSIA *Se-low-shi-a*

Decorative Annuals. Valuable for cutting, beds, pots and garden display. Light soil, sunny place, easily grown.

PLUMOSA, TALL (Ostrich Feather)

The tall plumed sorts are especially valuable florist's cut flowers.

Pride of Castle Gould. *Illustrated.* Produces a good percentage of large, silky "Ostrich Feather" plumes. Choice mixed colors. Height 2 to 3 feet. ¼ oz. \$1.50 Pkts. 50c. and 30c.

Heatherdell. A mixture of rose, pink and red shades. Compact growth, 1½ feet. Large, "Ostrich Feather" plumes. Fine for cutting. Grand pot plant.

⅛ oz. \$1.50 Pkts. 50c. and 30c.

Heatherdell Golden Feather. Splendid yellow. ⅛ oz. \$1.50 Pkts. 50c. and 30c.

Thompsoni. Improved strain. Fine ostrich feather Celosia. Height 2½ feet.

Thompsoni Yellow **Thompsoni Scarlet**
Thompsoni White **Thompsoni Purple**
Thompsoni Crimson **Thompsoni Mixed**

Each of above Thompsoni sorts:
¼ oz. 90c. Pkts. 25c. and 15c.

T.T.S. CELOSIA PLUMOSA—Heatherdell

T.T.S. CELOSIA DWARF PLUMOSA
Flame of Fire

CELOSIA CRISTATA (*Cockscomb*)

Dwarf. 10 to 12 inches high; excellent for Midsummer beds, massing for color effect, edging, and as a pot plant. See illustration.

Glasgow Prize Crimson. Saved from exhibition flowers, large, solid combs of rich crimson red, green foliage.

Dwarf Silver Queen. White.

Dwarf Golden Queen. Yellow.

Dwarf Rose Queen. Pale pink.

Dwarf Scarlet Queen. Rich color.

Dwarf Ruby Queen. Unusual.

Glasgow Prize Mixed. Best mixed.

Price: Each of the above:
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

Tall Cockscomb Crimson. For cutting.

Oz. \$1.50 ¼ oz. 50c. Pkt. 10c.

Tall Cockscomb Mixed.
Oz. \$1.50 ¼ oz. 50c. Pkt. 10c.

T.T.S. CELOSIA CRISTATA (*Cockscomb*)
Glasgow Prize Crimson

OTHER CELOSIAS

Childsi (*Chinese Woolflower*). Height 2 to 3 feet. Each strong stem is topped with round, silky flowers like ruffled balls of wool. Splendid for cutting and general garden display.

Crimson, Yellow, Pink, Rose, and Mixed.

Each of the above:
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

Chrysanthiflora. Tall, height 4 to 5 feet; large, irregular, odd-shaped flowers in mixed colors. Pkt. 25c. and 15c.

Pink Pearl. Unlike any other Celosia, producing tail-like, upright spikes 3 to 4 inches long, on long, strong stems, the tips being rosy pink and the lower half of the flower is pearly white. Ideal for cutting. Height about 3 feet. Blooms in September. Pkts. 50c. and 30c.

T.T.S. CHINESE FORGET-ME-NOT—Blue Gem (Reselected Strain)

CHINESE FORGET-ME-NOT

(Reselected Strain)

Annual. For cutting. All Summer. Height 2 feet. Common soil.

Blue Gem. Lovely, heavenly blue flower sprays resembling the Forget-me-not; delicately fragrant. Height 1½ to 2 feet. Pkts. 50c., 30c. and 20c.

Pink Gem. (New.) Charming companion to the blue or white variety. ... Pkts. 50c., 30c. and 20c.

White Gem. A good free flowering white variety which contrasts well with the colored sorts. ... Pkts. 50c., 30c. and 20c.

Collection: One large pkt. each three colors ... \$1.25

TRIVETT'S CINERARIAS *Sin-e-ray-ri-a*

HIGH CLASS STRAINS—GREENHOUSE SAVED SEED

Our list of Cinerarias is perhaps the most extensive offered in America and is comprised of the most choice varieties, Gold Medal strains, greenhouse saved seed, grown for us in England by specialists and should not be confused with varieties of similar names, grown outdoors in southern Europe and offered at lower prices.

T.T.S. A Typical Plant of TRIVETT'S GIANT PRIZE CINERARIA

T.T.S. A Close-up of an Individual Bloom of TRIVETT'S GIANT PRIZE CINERARIA

LARGE-FLOWERED VARIETIES (Sinensis)

Trivett's Giant Prize Mixed. Very large flowers, of perfect form, in a wide range of beautiful colors, including pink, blue, violet, crimson, white, etc., many having attractive white centers. Splendid, compact and robust growing plants.

Giant Light Blue. A lovely shade of pale China blue. Very charming.

Giant Royal Blue. (*Sutton's Seed.*) Bright, rich violet blue. A fine contrast to the white.

Giant Dark Blue. Rich, deep velvety blue with distinct white center zone. Very choice.

Giant Brilliant Ruby. Deep, rich ruby red with attractive white center zone.

Giant White. (*Sutton's Seed.*) Lovely, large single white, with broad, glistening petals.

Giant Pink. (*Sutton's Seed.*) Very popular. Of perfect form. Beautiful shade of old rose pink.

Sutton's Giant Scarlet. The flowers open vivid scarlet. Effective, novel color.

Rosamond. A delicate pink Cineraria of the giant hybrid type, with white center. The large, circular flowers usually display two rows of petals and attain a diameter of 3 to 4 inches.

Any of the above choice sorts: Per packet \$1.25

INTERMEDIATE VARIETIES

This class resembles the *Star Cineraria* in shape of bloom, but the plants have the robust habit of the large flowered class.

Sutton's Forget-me-not Blue. (*Sutton's Seed.*) One of the prettiest shades of color in Cinerarias. Pkt. \$1.25

Sutton's Blue Shades. (*Sutton's Seed.*) Considered by the raisers to be the most brilliant blue strain of Cinerarias in existence. Height 2 to 3 feet. . . . Pkt. \$1.25

Trivett's Intermediate Hybrids. A magnificent strain producing large heads of star shaped flowers on plants similar in habit to our *Giant Prize Mixed*. Many lovely colors in mixture. Height 2 feet. . . . Pkt. \$1.25

Cactus-flowered Mixed. Large flowers with narrow, twisted and rolled petals. Fine colors. . . . Pkt. \$1.25

Trivett's Double Mixed. A fine strain, saved from the most perfect double flowers. Comes almost true from seed. . . . Pkt. \$1.25

Silver Leaf. Snow white foliage, useful for outdoor edging, beds, etc. Height 12 inches. . . . Pkt. 25c.

CREMER'S PRIZE

A grand strain, producing medium-small flowers in such numbers that the plant is simply covered with an umbrella of blossom. Good range of color, splendid specimens can be obtained. . . . Pkt. \$1.50

TRIVETT'S CINERARIAS (Continued)

T.T.S. **CINERARIA—Many Flowered**
The flower heads measure 12 to 15 inches across and often contain as many as 100 blooms each

TRIVETT'S MANY FLOWERED SORTS

A strain selected from the "Multiflora nana Type." Dwarf, compact plants with smaller and better formed leaves than the large flowered. When in bloom the plant presents an umbrellalike cluster of dainty, medium sized flowers which almost hide the plant. An ideal pot plant. See illustration.

Many-fl. Bright Blue.	Many-fl. White
Many-fl. Salmon Rose	Many-fl. Crimson.
Many-fl. Dark Blue	Many-fl. Rose Pink

Many-flowered Mixed

Price: Pkt. (100 seeds) \$1.25 Pkt. (75 seeds) \$1.00

TRIVETT'S LITTLE GEM

Similar in habit to *Trivett's Many-flowered*, but with charming little flowers which cover the small plants with an umbrella of blossom. Splendid house plants can be had in 5 inch pots.

Ruby	Royal Blue	Delicate Pink	And Mixed
Price:	Pkt. (250 seeds) \$1.25	Pkt. (100 seeds) 75c.

Feltham Star, The King. Bright rose pink. ...	Pkt. \$1.25
Feltham Star, The Princess. Sky blue. ...	Pkt. \$1.25
Feltham Star Mixed. <i>Feltham Star</i> varieties are similar to the <i>Tall Star</i> but somewhat dwarfer in habit. ...	Pkt. \$1.25

NEW ANNUAL CINERARIA

Cineraria, Annual Mixed. Resembles the *Star Cineraria*. The colors include shades of apricot, mauve, pink, crimson, buff, etc. The plants branch freely, with narrow foliage. Height 1½ to 2 feet.

From an August or September sowing will bloom during the early months of the following year. Pkt. 75c.

CINERARIA—Tall Star Light Blue

CIGAR PLANT. See *Cuphea*.

CIMICIFUGA *Sim-i-cif-u-ga*

Perennial. Display and cutting. Height 4 feet.

Simplex. Graceful white spikes during September-October. Fine for herbaceous borders. ... Pkt. 50c.

CLEMATIS *Clem-a-tis*

Jackmani Hybrids, Mixed. A fine mixture of large-flowered climbing type. ... Pkt. 50c.

Recta. Bush form. Perennial. For cutting and display. Height 3 feet. Produces large clusters of pure white flowers. Sweet-scented. Blooms June-July. Pkt. 50c.

CLEOME *Klee-o-me (Spiderflower)*

Annual. For general display. Height about 3 feet.

Curious, large, spider shaped flowers, easily raised. Sow seed outdoors in May, thin out to 2 feet apart. Splendid for background of herbaceous borders, between shrubs, etc.

Trivett's Giant White. Fine pure white. Pkt. 25c.

Trivett's Giant Rose. Rich deep rose. Pkt. 25c.

Trivett's Giant Mixed. Charming new colors, mixed. Pkt. 25c.

CLERODENDRON FALLAX

Greenhouse pot plant. Height 2 feet.

Imposing stove plant with large heads of bright scarlet flowers, as useful as Poinsettias. Easily grown from seed. Pkt. \$1.00

CLIANTHUS DAMPIERI (*Australian Glory Pea*)

Scarlet and black flowers. Height 2 feet. ... Pkt. 50c.

CLINTONIA PULCHELLA *Clin-tone-i-a*

Annual. Useful for hanging baskets, vases, etc.

Charming blue flowers, white centers. Yellow blotch. Pkt. 50c.

COBAEA *Co-bee-a (Cup-and-saucer Vine)*

Annual. Climber for fences, tree trunks, etc. 25 feet.

Scandens. Improved, large blue, bell shaped flowers. Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Scandens alba. Fine white form of the above. Oz. \$2.50 ¼ oz. 75c. Pkt. 30c.

COLEUS *Coal-e-us (Flame Nettle)*

Trivett's Prize Mixed. Rich colored leaves, choice. Pkt. 75c.

Thyrsoideus. Unique greenhouse perennial from central Africa, producing from November to February graceful spikes of bright blue flowers. For cutting. Height 2½ feet. Pkt. \$1.00

COLLINSIA *Kol-lin-zi-a*

Annual. For edging or massing. Height 9 inches.

Bicolor. The flowers are lilac with white.

Trivett's Salmon. Very attractive when grown in a mass. Excellent companion to Bicolor.

Trivett's White. An excellent white sort.

Trivett's Large Blue. Compact habit, large flowered.

Trivett's Mixed. All available colors mixed.

Price: Each of the above five: Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

COLUMBINE. See *Aquilegia*.

COMMELINA COELESTIS

Perennial. For cutting and borders. Height 1½ feet.

An attractive perennial with sky blue flowers. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

CONVOLVULUS (*Morning-glory*)

See under *Ipomoea*.

COOPERIA PEDUNCULATA

(*The Rainlily or Evening Star*).

White, waxy flowers tinged with pink on the reverse, carried on long stems. They are richly scented with a fragrance suggestive of the orient. The plants form bulbs which should be lifted and carried over the Winter like *Gladiolus*. Pkt. 50c.

CORYDALIS CHEILANTHIFOLIA

Perennial. For rockeries and edging. Height 8 inches.

R Handsome, pale green, fernlike foliage, over which the spikes of clear yellow flowers are abundantly produced. ... Pkt. 75c.

T.T.S.

CLARKIA—Trivett's Salmon Pink

CLARKIA *Clark-i-a*

Beautiful specimens can be grown in the greenhouse in pots, 4 to 5 feet in height, with long, graceful sprays for cutting. Annuals.

CHOICE DOUBLE SORTS

- | | |
|----------------------------------|----------------------------------|
| Trivett's Salmon Pink. | Trivett's Snow White. |
| Sutton's Salmon Scarlet. | Trivett's Rich Pink. |
| Trivett's Orange King. | Trivett's Bright Crimson. |
| Trivett's Purple Night. | Trivett's Rose Orange. |
| Trivett's Delicate Mauve. | Trivett's Choice Mixed. |

Price: Each of the above: ... Pkts. 50c. and 30c.

CLARY (*Salvia Horminum*)

Annual. For display and cutting. Height 18 inches.

Oxford Blue. (New.) Splendid new annual, producing many flower spikes. Purest tone of oxford blue. Pkts. 50c. and 30c.

COSMOS

Annual. For cutting and display. Blooming July to October.

Trivett's Early Giant Mixed. A mixture of pink and white. Identical in height and habit, etc., to the late blooming Cosmos, but coming into bloom in August and continuing to flower until cut down by frost. This strain produces exceptionally large flowers and will, without doubt, take the place of the tall Autumn Cosmos. ... 5 pkts. \$2.00 Pkt. 50c.

Sensation, Mixed. Early flowering, blooming in about 12 weeks from sowing. The flowers are very large, 4 to 5 inches across, with heavy fluted petals. The mixture contains rose, pink and white. Height about 4 feet. *By disbudding, enormous flowers can be obtained.* ... Oz. \$4.50 ¼ oz. \$1.50 Pkts. 35c. and 20c.

EARLY SINGLE DWARF VARIETIES.

The dwarf, Summer flowering type, commencing to bloom in July. Height 3 to 4 feet.

Single Dwarf White, Pink, Red, and Mixed.

Each: ... ¼ oz. 75c. ⅛ oz. 50c. Pkt. 20c.

LATE SINGLE TALL VARIETIES.

The tall, Autumn flowering Cosmos with large, single blooms. Very vigorous grower. Height 6 to 7 feet. Flowering Sept.-Oct.

Autumn Giant White. Fine large white.

Autumn Giant Pink. Beautiful shell pink.

Autumn Giant Crimson. Beautiful deep red.

Lady Lenox White, Lady Lenox Pink.

Autumn Giant Mixed. Mixture of each color.

Each: ... ¼ oz. 75c. ⅛ oz. 50c. Pkt. 20c.

DOUBLE EARLY VARIETIES (Crested or Anemone-flowered)

Similar in habit to the "Early Single Dwarf." Begin blooming in July and produce a percentage of double flowers. There are always some single. Height 3 to 4 feet.

Double Early White, Pink, Red, and Mixed.

Each: ... ¼ oz. \$2.00 ⅛ oz. \$1.25 Pkt. 50c.

DOUBLE LATE VARIETIES (Crested or Anemone-flowered)

Similar to the "Double Early" but taller, 4 to 5 feet and blooming later in the season. About 50% double.

Double Late White, Pink, Crimson, and Mixed.

Each: ... ¼ oz. \$2.00 ⅛ oz. \$1.25 Pkt. 50c.

OTHER TYPES OF COSMOS

Trivett's Early Gold. Similar to "Orange Flare," but somewhat taller; 3 to 4 feet. Golden orange flowers; blooms within 90 days.

Oz. \$5.00 ¼ oz. \$1.75 Pkts. 35c. and 20c.

Trivett's Tall Orange. A vigorous grower, large, bushy plants about 5 feet high, with good foliage and rich orange flowers on long stems. Requires 4 to 5 months from seed.

Oz. \$5.00 ¼ oz. \$1.75 Pkts. 35c. and 20c.

Orange Flare (Early Klondyke). Early flowering, will bloom in 90 days from sowing. Rich orange. The plants have rather sparse foliage and grow 2½ to 3 feet high.

Oz. \$3.00 ¼ oz. \$1.00 Pkts. 25c. and 15c.

Klondyke. See **Orange Flare.**

Fairy Queen. Dwarf, bushy plants, 2½ feet high, covered with large, single flowers of bright pink, which appear in July.

Oz. \$3.00 ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

Baby Gold. A miniature Cosmos growing about 1½ feet in height, forming neat, compact bushes and blooming very freely. The rich yellow, starlike flowers are very attractive. Pkt. 35c.

COSMIDIUM

Annual. For cutting and display. 2 feet.

Orange Crown. The flowers are golden yellow with a broad circle of rich orange around the center disc. Produces a succession of blooms all Summer. *Easily grown.*

Oz. \$3.00 ¼ oz. \$1.00 Pkts. 35c. and 20c.

T.T.S. COSMOS—Trivett's Early Giant

Quite distinct from the regular *Early Cosmos*, the plants have the same tall, robust habit as the *Tall Late Cosmos*, but come into flower in August and continue until frost.

"Your Early Giant Cosmos is the largest Summer Cosmos I have ever seen. Very good for cutting or display."

MR. THOS. HUGHES,

Supt.-Head Gardener to MRS. WALTER B. JAMES

T.T.S. DOUBLE COSMOS—Crested or Anemone-Flowered

CYCLAMEN—White Wonder

COTULA BARBATA *Cot-u-la*

Annual. For edging and rockeries. Height 3 inches.

An interesting subject from South Africa. Dwarf, compact

plants with an abundance of small, yellow buttonlike flowers.

Each: ¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 35c. and 20c.

COWSLIP (*Primula veris*)

Perennial. For edging and rockeries. 9 inches. Rich loam.

Yellow. The true English Cowslip; suitable for woodland.

Mixed. All colors in mixture.

Each: ¼ oz. \$3.00 ⅛ oz. \$1.75 Pkt. 50c.

CRUCIANELLA STYLOSA

Perennial. For rockeries. Height 6 inches. Sandy soil.

Pretty, bright, rose colored flowers. Fine for dry places.

¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

CUPHEA PLATYCENTRA (*Cigar Plant*)

Perennial. Bedding or pots. Height 12 inches. Ordinary soil.

Small scarlet and black flowers. Dark green foliage.

¼ oz. \$5.00 ⅛ oz. \$2.75 Pkt. 50c.

CUP-AND-SAUCER VINE. See **Cobaea**.

CUP-AND-SAUCER. See **Campanula**.

CYPRESS VINE

Annual. Climber. Height 15 feet. For trellises, fences, etc.

Mixed. All colors in mixture; very quick grower.

Oz. 90c. ¼ oz. 30c. Pkt. 10c.

CYNOGLOSSUM

Nervosum. A grand perennial Chinese Forget-me-not. Large, deep blue flowers. Height 2 feet. Pkts. 50c. and 30c.

See also under **Chinese Forget-me-not**.

CYPERUS (*Umbrella Plant*)

Ornamental foliage plant. Height 2 feet. Damp soil.

Alternifolius. Resembles a small palm. Excellent for greenhouse or outdoors in Summer. Pkt. 25c.

CYCLAMEN *Sick-la-men*

Greenhouse flowering plants of great beauty.

Invaluable at Christmas for house and table decoration.

We do not recommend them to amateurs unless equipped with the necessary facilities, viz., greenhouse or conservatory.

About one year from time of sowing is required to produce fully developed specimen plants.

Trivett's Selected List—World's Best

CHOICE GERMAN STRAINS

FISCHER'S GIANT EXHIBITION

Fischer's "Master Cyclamen" are considered the superior of the many choice German strains. *Originator's seed.*

Ruby Salmon. Exceptionally large blooms and freely produced. Unique shade. Pkt. (25 seeds) \$1.50

America. Golden salmon, the best of all the salmon shades. Pkt. (25 seeds) \$1.50

Triumph Special Hybrids.

Each of above, Sutton's Varieties Pkt. \$1.25

Trivett's Double Salmon Rose. Large double blossoms of rich salmon rose. Pkt. \$1.75

Sweet Scented. New! Strongly fragrant, giant flowers, white and rose shades mixed. Pkt. (25 seeds) \$1.25

White Wonder. New English variety; considered by many to be the largest and finest white. Pkt. (25 seeds) \$1.50

Rococo Mixed. Giant flowered, the petals spread out fan-shaped, forming an almost flat, open flower. 4 to 5 inches across. Pkt. (25 seeds) \$1.00

Perennial Cyclamen Mixed. Should be grown in every rock garden and for covering bare ground under trees, etc., also for naturalizing. Dainty flowers and pretty foliage. Pkt. \$1.00

Europaeum. Very rare, dainty little pinkish red flowers, sweetly fragrant, produced in late Summer, round foliage, curiously marbled. Choice, expensive plant, rare in seed. Perennial. Height 3 inches. Pkt. 50c.

Hederaefolium (Neapolitanum). Pale pink flowers, foliage ivy-shaped, beautifully veined and marbled. Lovely rare rock plant. Perennial. Height 3 inches. Blooms in Fall. Pkt. 50c.

Neapolitanum album. Dainty, pure white flowers which are followed by ornamental silver marbled foliage. Perennial. Height 3 inches. Pkt. 50c.

DAHLIA SEED *Dal-ya*

TRIVETT'S SELECTED LIST OF THE FINEST TYPES

It is now quite a universal practice to raise Dahlias from seed. Their culture is very simple. Treat similar to any half-hardy annual such as *Aster*, *Antirrhinum*, *Zinnia*, etc. By sowing seed indoors in February-March, and potting up the seedlings, strong plants will be obtained for planting outside in May.

T.T.S. DAHLIA—Unwin's Dwarf Hybrids

UNWIN'S DWARF HYBRIDS IMPROVED. These combine the wonderful dwarf habit and freedom of flowering of the *Coltness* type, with the dainty, semi-double form and exquisite colorings of the *Charm Dahlias* blooming from July until frost. The plants require no staking. Splendid for bedding, tall edging, cutting, etc. Charming colors in mixture. ... Pkts. 75c. and 40c.

UNWIN'S QUILLED MIXED. *New.* They resemble the Dwarf Hybrids in habit, but the flowers are beautifully curled in a semi-quilled manner; mixed colors. ... Pkts 75c. and 40c.

T.T.S. DAHLIA—Coltness Hybrids Improved

SINGLE DAHLIAS

Trivett's Stella. Also known as *Single Star*, *Starfish*, *Orchid-flowered*. We obtained this variety from France many years ago. The petals are rolled and pointed, forming a star and are marbled in different tints of colors. Like watered silk. ... Pkt. 50c.

Coltness Hybrids, Improved. Height 1½ feet. Ideal type of dwarf, bushy habit, with small, single flowers. Invaluable for cutting, table decoration, etc. Our improved hybrids contain many new colors. Pkts. 75c. and 50c.

Coltness Rose Gem. Pkts. 50c. and 30c.

Coltness Yellow Gem. Pkts. 50c. and 30c.

Coltness Scarlet Gem. Varies somewhat. Pkts. 50c. and 30c.

Coltness White Gem. Pkts. 50c. and 30c.

Coltness Crimson Gem. Pkts. 50c. and 30c.

Dobbie's Collarette. World famous strain of small, single Dahlias with frilled center collars in contrasting colors. Mixed. ¼ oz. \$3.00 Pkt. 50c.

TRIVETT'S SINGLE MIXED. These are the very desirable small, round shaped, single English type Dahlias, on long, wiry stems, produced on plants growing 3 to 4 feet high. This is the strain from which the popular "*Fugi San*" and other charming seedlings were secured. The blooms are somewhat similar to those of the "Coltness type." The mixture we offer will produce many wonderful art colors and lovely combinations. Invaluable for cutting, table decoration, and exhibition. ... Pkts. \$1.25 and \$1.00

ORCHID FLOWERED. See *Trivett's Stella*.

Mignon. Similar to the "*Coltness*." Bushy little plants about 1 foot high. Mixed colors. ... Pkt. 50c.

Mignon, Firebrand. Same as *Coltness Scarlet Gem*.

TRIVETT'S CHARM DAHLIAS, MIXED. Really charming, splendid for cutting. The plants grow about 3 feet high, small, semi-double flowers of the Peony type, very free flowering. Fine range of lovely colors. Pkts. 75c. and 50c.

Trivett's Sweet-Scented. Sweet-scented, single flowers on long stems, for cutting. The plants grow about 5 feet high. The color is an attractive orange scarlet. Pkts. 50c. and 30c.

DOUBLE DAHLIAS

Trivett's Zulu Mixed. A very dark leaved strain, double flowers in various shades of crimson, scarlet, orange, gold, lilac, etc. Very effective for borders and bedding. Compact plants, about 2 feet high. Pkts. 75c. and 50c.

Apoldron. (*Zinnia-flowered*.) *New.* The plants are dwarf and compact, producing in great profusion semi-double flowers of crimson scarlet, with gold centers. Excellent for Summer and Autumn bedding and borders. Pkt. 75c.

New Giant Decorative. Our seed of these modern American Giants is saved from the newest creations. Pkt. (25 seeds) \$3.00

Prize English Cactus. Saved from a superb collection of the true Double English Cactus. Mixed colors. Pkts. 75c. and 50c.

Pompon. Small, round, double flowers in beautiful colors. Fine stems. ... ¼ oz. \$5.00 Pkt. 75c.

DATURA CORNUCOPIA

Annual. For outdoors or greenhouse. 18 inches. Common soil. Double, sweet scented, white, marbled with purple. ¼ oz. 60c. ⅛ oz. 35c. Pkt. 20c.

OUR SEEDS ARE PUT UP IN GENEROUS, OVERSIZE PACKETS.

TRIVETT'S HIGH CLASS DELPHINIUMS

Perennial Larkspur

TREATED  SEED

Del-fin-i-um

The Finest the World Produces

By sowing seeds indoors during Winter and early Spring, they will bloom the first season, and to produce vigorous, healthy plants for the following year, we strongly advise Spring sowing.

Orders received after June 1st will not be shipped until August—See notice on page 55.

WATKIN SAMUEL'S WREXHAM DELPHINIUM

The True, Original Strain Direct from the Originator

The seed we supply is obtained by us from the originator in England. No one can know better than he, what this strain is, how it can be maintained, and kept true to type.

The Following Honors were Gained for Watkin Samuel's Delphiniums

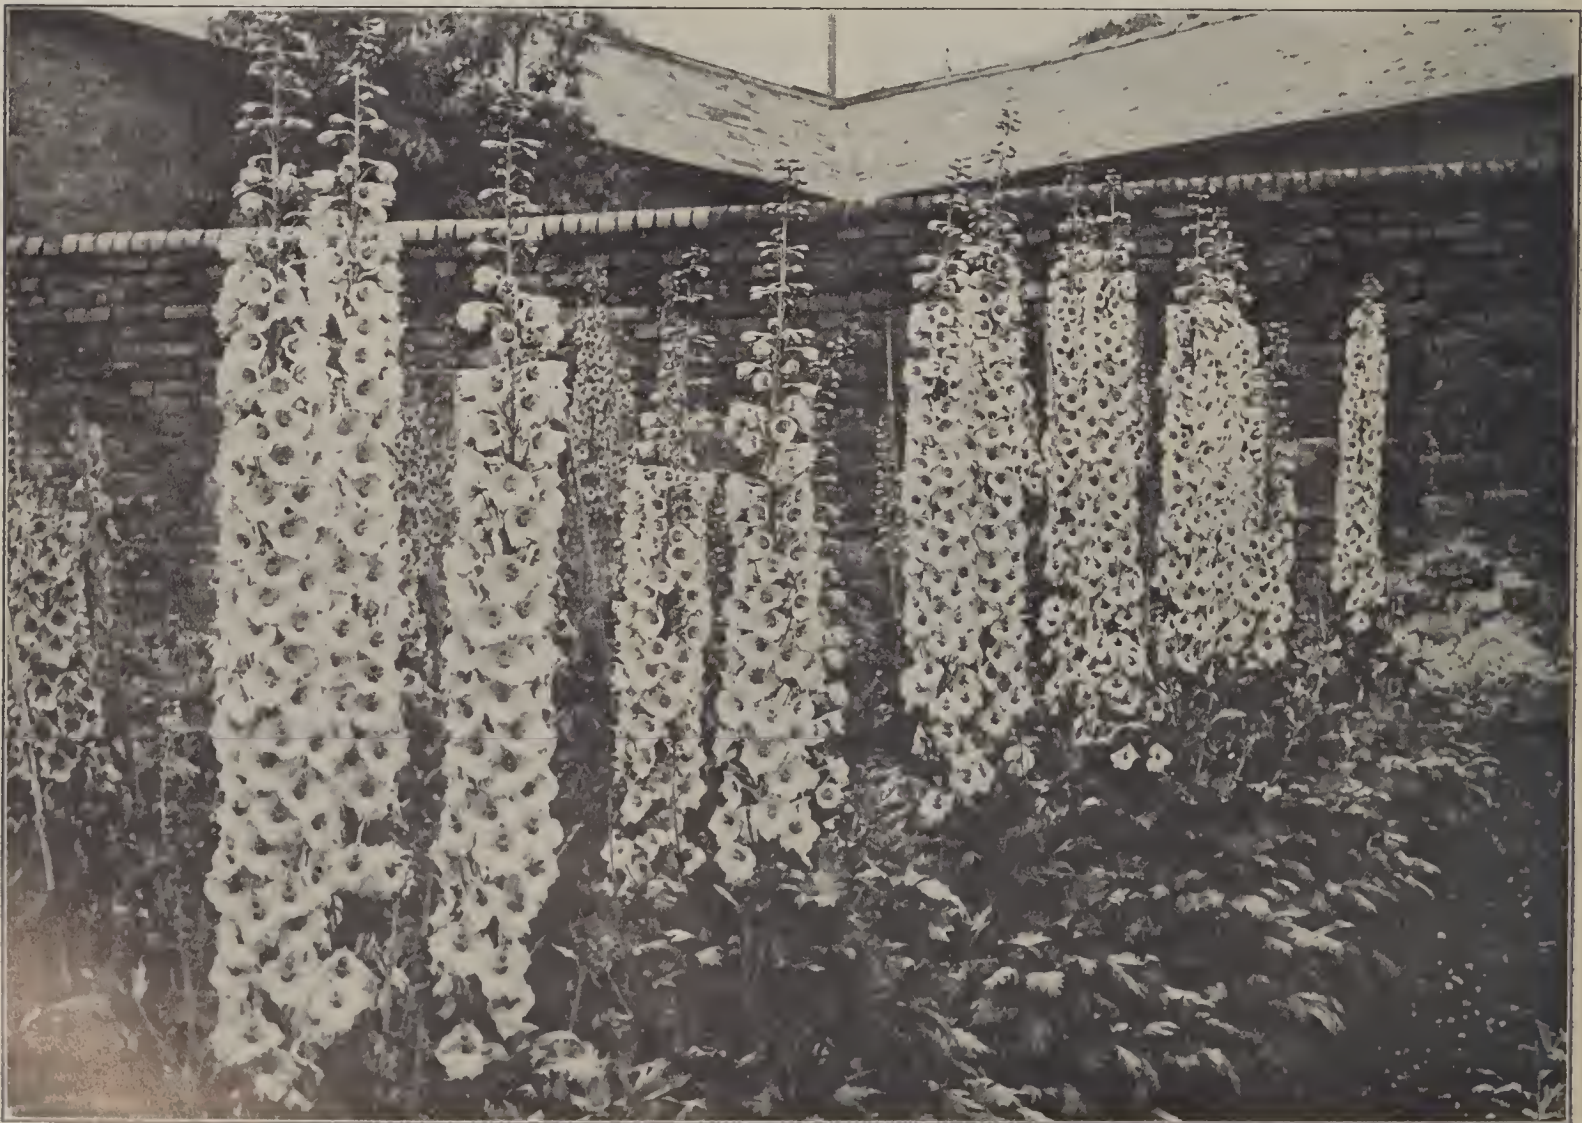

At The Royal Horticultural Society's Trials. Award of Merit. At Wisley, England, for "Violet Queen" and "Rose Marie."
At The British Delphinium Society's Show, in London, Award of Merit was granted to "Godsall Girl." The President's (Lord Riddel) Twelve Guinea Cup was won outright by "Purple Splendour" for the finest spike in the show, and the First Prize for the best spikes was given to "Cambria."

At The Northern Delphinium Society's Show, at Alderly Edge, England. In competition open to amateur or trade exhibitors, Watkin Samuel won First Prize and the Society's Silver Challenge Cup for the best twelve varieties and First Prize for the best "Seedling."

Watkin Samuel's No. 1 Mixture. Saved from the finest flowers, mostly doubles and including all of the above-mentioned prize winners. Packets \$3.00 and \$1.50

Watkin Samuel's No. 2 Mixture. Mostly doubles, including many new seedlings not yet in commerce. Packets \$5.00 and \$3.00

Watkin Samuel's No. 3 Mixture. Saved from the best of last year's seedlings, having individual blooms 2½ to 3 inches across the petals and kept up-to-date by the addition of new varieties each year. Packets \$10.00 and \$5.00

T.T.S. WREXHAM DELPHINIUM, "GODSALL GIRL"—Immense single-flowered, four feet of bloom, two feet of foliage, included in No. 1 mixture (not separate)

SOW DELPHINIUM SEED IN THE SPRING—OTHER VARIETIES ON FOLLOWING THREE PAGES

MODERN ENGLISH DELPHINIUMS

Will flower in six months.

TREATED + SEED

English-grown seed.

The seed we offer of these high class, prize winning varieties is produced for us by Delphinium specialists, but it should be understood that these Hybrids do not reproduce themselves entirely true to name and color from seed. All the seedlings will be good however, and new breaks and colors can be expected. *Sow seed in Spring.*

Advancement. The real super Delphinium. Positively the last word in the new Giants. *Advancement* marks a great achievement in Delphinium creation. There is often 5 feet of solid bloom of clear electric blue with pale mauve center. 7 to 8 ft. ... Pkt. \$3.00

Anne Hathaway. A lovely lady in dazzling blue, with attractive white eye; magnificent spikes 5 to 6 feet high. ... Pkt. \$3.00

Afghan Queen. Charming pale blue, single sort; a light khaki eye completes a refreshing color scheme. Very large spikes. 5 feet. ... Pkt. \$3.00

Cambria. *Award of Merit.* British Delphinium Society. See notes on opposite page. Deep Heliotrope with Venetian blue, grand sort. 5 feet. ... Pkt. \$3.00

Monarch of Wales. *A. M., R. H. S., Wisley Trials.* The raiser's most famous variety; gigantic spikes of deep blue and mauve; 5 to 6 feet high. ... Pkt. \$2.00

Mozart. A really fine, semi-double flower, 3 inches across and of a rich, gentian blue. Pkt. \$3.00

Mrs. A. J. Watson. 7 feet high, with solid flower spike 3½ feet long. Deep mauve with black center. Enormous. Pkt. \$2.00

Mrs. Jessie Oldham. Pale sky blue, shaded and deeply suffused with pink; tall and massive spikes. 6 feet. ... Pkt. \$2.00

Mrs. Townley Parker. Produces a fine spike of large, single, sky-blue flowers with white eye. *A. M., R. H. S.* 4 to 5 feet. Pkt. \$2.00

Norah Phillips. A truly marvelous spike which was greatly admired in the raiser's group at Bath, England. A gorgeous effect of deep blue and purple florets on a tapering spike 6 feet high, 4½ feet being in solid bloom. Truly a great variety. ... Pkt. \$2.00

Purple Splendour. See notes on opposite page. Exceedingly long, heavy spikes, Cornflower blue shaded amethyst. 5 feet. Pkt. \$3.00

Rose Marie. *A. M., York, England.* Rich Pansy violet, 5 to 6 feet in height. Makes splendid contrast to the lighter shades. See notes on opposite page. ... Pkt. \$2.00

The Bishop. Bright, royal blue with large, conspicuous white eye. A greatly improved *Rev. E. Lascelles*. One of the most outstanding varieties. Height 4 to 5 feet. ... Pkt. \$2.00

T.T.S.

Cut Spikes, Six Months After Sowing

Verdi. Another wonderful sort, the blooms are very large, semi-double, and of pure, unadulterated light blue. ... Pkt. \$3.00

Violet Queen. See notes on opposite page. Immense violet with reddish mauve. 5 to 6 feet. ... Pkt. \$3.00

Warwick. Lovely waved flowers of deep blue and plum purple. Huge spike of unique form. Height 6 feet; a novelty of great merit. Pkt. \$3.00

Weber. *Award of Merit,* British Delphinium Society. Outstanding in size and form, 3 inch, semi-double florets of rich, deep violet, suffused with royal purple; black eye. 5 to 6 feet. ... Pkt. \$3.00

Will. Shakespeare. Monstrous tapering spike; 4 feet of solid bloom; lovely pale blue with dark eye. Height 6 feet. ... Pkt. \$3.00

ALL MIXTURES OF DELPHINIUMS—See opposite page. Old seed of Delphiniums is worthless—See notice on opposite page

TRIVETT'S DELPHINIUMS (Concluded)

TREATED ⊕ SEED

Culture—Early sowings can be made during Winter and early Spring indoors or in hotbeds. A January-February sowing will produce flowers the first season. A good seed soil is three parts clean garden loam, one part sweet leafmold and one part clean sand mixed well with a little charcoal (*no chemical fertilizers*) and screened fine. Sow the seed in shallow drills, never more than ¼ inch deep, and fill them with clean sand. *Never let the seed bed dry out, or become soggy*; keep shaded and moist. When the seed breaks through, remove the shade, and when the seedlings have formed round leaves they should be transplanted. *After June 1st, do not sow until early August, using New Crop Seed.* See notes, this page.

LOOSE-SPRAY TYPES

Very useful for general cut flower purposes

- Belladonna, Improved.** Long, loose sprays of soft pale blue. 3 feet.
Oz. \$12.00 ¼ oz. \$3.50 ⅛ oz. \$1.75 Pkts. 50c. and 30c.
- Belladonna, Regular.** The original pale blue; "Improved" is better.
Oz. \$5.50 ¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 30c. and 20c.

¼ oz. \$4.00 ⅛ oz. \$2.25 Pkts. \$1.00 and 60c.
- Trivett's Excelsior Mixed (Gold Medal Hybrids).** A splendid mixture in which we include many named varieties and seedlings of our "Giant Named Sorts" as listed on page 54.
¼ oz. \$3.00 ⅛ oz. \$1.75 Pkts. 75c. and 50c.
- English Prize Hybrids.** An excellent mixture of blue shades.
¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 35c. and 20c.

T.T.S. **LOOSE-SPRAY TYPE**
BELLADONNA IMPROVED
Larger flowers, more vigorous, branching growth and uniform shade of blue.

IMPORTANT! PLEASE READ!

Old Delphinium seed is worthless. When one year old its germinating power weakens rapidly.

We advise our customers to buy and sow the seed from January to May when a reasonable germination may be expected, and the desired varieties can be obtained.

After June 1st all orders will be held for the New Crop Seed.

Usually ready for shipping out during the first week of August, in time for Summer sowing. *However, we cannot be certain that we can supply all varieties at that date, in such an event, purchaser will be notified.*

TRIVETT'S TESTED SEEDS INC. Seed Bulb and Plant Specialists
NEW YORK CITY

DIANTHUS Die-an-thus (Garden Pinks)

A magnificent family producing their gay, sweet-scented flowers in great profusion.

Extremely useful for edging, bedding, rockeries, and massing on edges of flower borders.

Orange Queen. A fine orange shade, being almost a blending of the above two varieties. Height 1½ feet. Pkt. 50c.

Borisi. Glowing scarlet flushed with orange, splendid perennial, continuous bloomer. Height 1½ feet. Pkts. 50c. and 30c.

GAZANIA SPLENDENS HYBRIDA

Ga-zain-i-a

A tender perennial which will flower the first season if sown in January or February. The plants spread close to the ground and produce brilliant orange and yellow Daisylike flowers, each marbled with a black and silvery zone.

Extremely useful for bedding in sunny places. Pkt. 75c.

GENISTA. See **Broom.**

GENTIANA *Jen-shi-ain-a*

Acaulis. Useful perennial for rockeries and edging. Ultra-marine blue trumpet flowers. Height 4 inches. Pkt. 50c.

Crinita. *The Fringed Gentian.* Lovely, fringed petals. Of soft, misty blue. Hardy biennial. Height 6 inches. Pkts. 50c. and 30c.

Hascombensis. This beautiful new Gentian was raised by Mr. C. T. Musgrave and is a cross between *G. lagodechiana* and *G. septemfida* var. *cordifolia*. The individual flowers are large—about 1½ inches across and of bright, mid-blue, slightly speckled with white toward the base.

The flowers are produced in a bunch or truss on a stem about 1½ feet high. *The flowering period is from early July until end of August. The seed can be raised in heat in Spring, but the best results are obtained by sowing in Autumn and keeping the pans in a coldframe. The seed will then germinate in the following Spring.* Perennial. ... Pkt. 50c.

Farreri. Charming, pale blue with white throat. A rare perennial. Trailing habit. ... Pkt. 50c.

Septemfida. Easily grown Alpine with clustered heads of sapphire blue, trumpet flowers. Perennial. Height 6 inches. Pkt. 50c.

T.T.L.

GEUM—Trivett's Orange

GILIA *Jil-i-a*

Uncommon, delightful subjects for cutting, display and pots.

Coronopifolia, New Hybrids. A magnificent strain of this lovely plant, producing long spikes of the most brilliant flowers interspersed with fine, Larkspurlike foliage. The colors include vermilion, salmon, apricot, pink, yellow, etc. Succeeds best treated as a half hardy annual (See photograph) Pkt. 75c.

Californica. *New.* Shrublike perennial, 3 feet in height, with spikes of bright pink, Phloxlike flowers. Makes a rare pot plant for greenhouse culture or may be used in the border with a little Winter protection. Pkt. 75c.

Capitata. Pale mauve flowers of globular form, gracefully poised on long stems. Height 1½ feet. Annual. Pkt. 25c.

Tricolor. Lavender and white flowers with black throat. Height 1½ feet. Pkt. 25c.

Tricolor rosea. Rosy mauve and white with yellow calyx, graceful annual for cutting. Height 1½ feet. Pkt. 25c.

Nivalis. Beautiful and delicately scented, snow white flowers with orange throat. Annual. Height 1½ feet. Pkt. 25c.

GILLENIA *Jil-lee-ni-a* (Bowman's Root)

Perennial. For herbaceous borders and rockeries. Height 1½ feet.

Trifoliata. Elegant plant for a shady place in rockery or border.

R Flowers white, tinted pink; foliage Spirealike. Likes moist, peaty soil. Pkts. 75c. and 50c.

GLAUCIUM *Glaw-see-um* (Horned Poppy)

Perennial. For borders and display. Height 2 feet.

Burbank's Hybrids Mixed. Large flowered. Pkt. 25c.

GLOBULARIA *Glob-u-lay-ri-a*

Perennial. For edging, massing, rockeries. Prefers common soil.

Blue Button. Close creeping plants covered with small, round button-

R like flowers of violet blue. Height about 3 inches. Pkt. 50c.

Trichosantha. Dark blue, hairy, globular flowers for edging, mass

R planting, etc. Height about 9 inches. Pkt. 50c.

GLOBE-AMARANTH. See **Everlasting Flowers.**

GLORIOSA SUPERBA *Glo-ri-oh-sa*

Greenhouse climbing plant. Height about 5 feet.

Rich, glowing orange red with yellow base. Sow seed singly ¼ inch deep in pots during February-March in a temperature of 75 degrees. Pkt. (15 seeds) 50c.

GLORY OF THE SUN. See **Leucocoryne.**

GOLDEN FEATHER. See **Pyrethrum.**

GLOXINIA *Glox-in-i-a*

Greenhouse flowering pot plant of rare beauty.

These exquisite flowers may easily be raised from seed at small expense, as only a limited amount of heat is required. If the seed is sown in April, the plants will start blooming in the following August or September. Height about 9 inches.

SUTTON'S GOLD MEDAL VARIETIES

We do not know of any superior sorts to offer our customers

Her Majesty. (*Sutton's Seed.*) This exquisite Gloxinia is still unsurpassed by any other white variety. The flowers are as pure as newly fallen snow and are borne on short stems, just clear of the elegant foliage. The plant is compact, free flowering and of highest decorative value. Pkt. \$1.25

King George V. (*Sutton's Seed.*) A bright scarlet crimson variety which has been much admired. The massive flowers, which are of the largest size, are perfect in form and show to great advantage over the beautifully recurved foliage. Pkt. \$1.25

Duchess of York. (*Sutton's Seed.*) Flowers of a rich dark blue, each petal edged with a broad band of white. A striking and lovely variety. Pkt. \$1.25

Azure Blue. (*Sutton's Seed.*) Flowers exquisitely tinted with sky blue on a white ground. A very lovely shade. Pkt. \$1.25

Gold Medal Giants Mixed. Superb colors. Pkt. \$1.25

T.T.S. GILIA coronopifolia—New Hybrids

"I can sincerely recommend your strains of flower seeds to those who desire the best. They have always been satisfactory to me, both under glass and in the gardens."

MR. GEORGE FERGUSON
Supt.-Head Gardener to MRS. HAROLD I. PRATT

T.T.S. GOLD MEDAL GLOXINIA

ALL ITEMS MARKED **R** IN THIS CATALOG ARE SUITABLE FOR ROCK GARDENS

TRIVETT'S GODETIAS *Go-dee-shi-a*

Annual. For cutting, display, bedding and pots. Easy to grow. Treat like Marigolds, Petunias, Verbenas, etc.

DWARF AZALEA-FLOWERED

Double flowers in clusters. Height 1 foot.

As will be seen from our photograph herewith, the habit of the plant and the way the flowers are borne above the foliage makes it resemble, to a remarkable degree, the Azalea. The blooms, however, are much larger and produced in such abundance that the foliage is almost completely hidden when the plant is at its best. One can easily picture the extraordinary effect this plant would make if bedded en masse, planted in clumps in annual borders. As a pot plant it has a great future. Our *Dwarf Azalea-flowered Godetia* is of the easiest culture; prefers ordinary soil. Do not feed.

Trivett's Pink Azalea. Double flowers of the brightest shell pink or pale salmon pink. ... Pkts. 35c. and 20c.

Trivett's Rose Azalea. Vivid rich rosy pink with darker center. True double Azalea habit. ... Pkts. 35c. and 20c.

Trivett's Crimson Azalea. Bright deep crimson, attractive double flowers which are produced in abundance, almost hiding the foliage. Splendid for bedding or as a pot plant. ... Pkts. 35c. and 20c.

Trivett's Mauve Azalea. A lovely shade of mauve or light purple. ... Pkts. 35c. and 20c.

Trivett's Azalea Mixed. ... Pkts. 35c. and 20c.

TALL DOUBLE GLADIOLUS-FLOWERED

Long, graceful, loose sprays. Height 2½ feet.

It would be difficult to offer our customers a more uncommon, beautiful and useful cut flower which is so easily raised from seed. Treat similar to hardy annuals, such as Cosmos, Zinnias, etc. Our tall Godetias remain in full beauty for a long period and when cut, the long, graceful sprays make a handsome decoration for vases. As a greenhouse cut flower, quick growing and easy to raise, it has few equals. Prefers ordinary soil. Do not feed.

Trivett's Tall Cherry Red. A beautiful, rich cherry red color; the exquisite double flowers are arranged in long, graceful sprays; invaluable for cutting. ... Pkts. 35c. and 20c.

Trivett's Tall White. A new Godetia with glistening pure white double flowers. Makes a delightful contrast to our *Cherry Red* or the *Shell Pink*. ... Pkts. 35c. and 20c.

Trivett's Tall Shell Pink. Charming new color daintily frilled double flowers on light, graceful, Gladioluslike spikes. A choice and uncommon cut flower. ... Pkts. 35c. and 20c.

Trivett's Tall Rose. Lovely coral pink, very double and free flowering. ... Pkts. 35c. and 20c.

Trivett's Tall Mauve. A delicate shade of soft mauve. Choice. ... Pkts. 35c. and 20c.

Trivett's Tall Crimson. A rich, deep crimson red, splendid color. ... Pkts. 35c. and 20c.

Trivett's Tall Mixed. ... Pkts. 35c. and 20c.

T.T.S. NEW GODETIA (Dwarf Azalea-Flowered)—Trivett's Pink Azalea

SINGLE GODETIAS

Large, single flowers produced in clusters. Splendid for bedding and massing in borders.

Sybil Sherwood. Large, single flowers. The color is a glorious shade of bright salmon pink softened by an undefined edging of white. Height 15 inches.

Salmon Glory. Attractive salmon orange. Height 15 in.

White Glory. Single snow white. Height 15 inches.

Lavender Glory. Purest lavender. Height 12 inches.

Above four, pkts. 50c. and 30c.

Single Mixed. All colors. ¼ oz. 75c. Pkt. 15c.

Baby Wild Rose. Charming little plants only 6 inches high and smothered with bloom. Delicate shade of rose pink.

Baby Blue. Lovely shade of violet blue. Height 9 inches.

Baby Crimson. An attractive, rich, deep crimson, and compact plants. Height 9 in. Above three, pkts. 35c. and 20c.

Dwarf Show Mixture. A grand mixture. Height 12 in. ¼ oz. \$1.00 Pkt. 25c.

GRASSES, ORNAMENTAL. See page 59.

GREVILLEA ROBUSTA *(Silk-oak)*

Greenhouse foliage plant.

Beautiful greenhouse plant with fernlike foliage. Excellent for table decoration.

Oz. \$3.75 ¼ oz. \$1.00 Pkt. 25c.

TRIVETT'S ORNAMENTAL GOURDS

Easy to Grow—Interesting—Decorative—Exotic—and Useful

T.T.S. GOURD—Small Fruits Mixed
(In natural condition)

Ornamental Gourds are of the easiest possible culture. They will grow anywhere, simply sow the seeds and they will take care of themselves. They are rapid growing climbers and with their dense foliage are suitable for covering fences, arbors, trellises, unsightly banks, broken ground, rubbish heaps, etc. However, to make certain of fully grown, matured fruit of the large sorts, the seed should be started indoors and transplanted outside, especially in sections where there is a short growing season.

The fruits are of many shapes, beautifully colored and marked, lending themselves to many decorative and useful purposes. The Indians fashioned the hard, ripe shells into various household utensils decorating them as they did their pottery.

LARGE FRUIT VARIETIES

Acorn Squash. Large, ornamental Squashlike yellow fruit.

Bath Sponge. See **Dish Cloth.**

Bird's Nest. Curious fruit, shaped like an hour-glass.

Calabash. Illustrated. Popular "Powder Horn" or "Pipe Gourd."

Caveman's Club. Illustrated. "Knobby Club" shaped, dark green. When grown flat on the ground the neck twists backwards and is known as "Dolphin Gourd." When allowed to hang, the neck grows straight.

Chinese Water Jug. See **Giant Bottle.**

Dipper. Easily fashioned into a long handled water dipper.

Dish Cloth. "Luffa" or "Bath Sponge." The spongy interior makes an excellent scrubbing material as it rinses easily and keeps sweet and clean.

Giant Bottle, or "Chinese Water Jug."

Hercules' Club. Grows 2 to 3 feet long.

Longissima. "Giant Club" about 5 feet long. This variety is edible, used like Squash.

Malabar Melon. Edible; the fruit actually keeps for several years.

Sugar Trough. Has very thick shell.

Large Sorts Mixed. All varieties in mixture.

Price: Each of the above Large Sorts:
Oz. 50c. ½ oz. 25c. Pkt. 10c.

SMALL FRUIT VARIETIES

Apple. Small, round, like an Apple.

Bicolor. Pear shape, half green, half yellow.

Egg-shaped. White, used as nest eggs.

Flat Striped. Round, flat Pumpkin shape, green and white stripes.

Miniature Bottle. Small, bottle shape.

Orange. Color and shape of an orange.

Pear Fancy. Pear-shaped, striped with yellow and green.

Pear White. Pear shaped, white.

Spoon. Small, ball-shaped with a long, slender neck or handle.

Turk's Turban. Colored, turban shape.

Warted. Various odd shapes, all crumpled and warted. Different colors.

Small Sorts, Mixed. All kinds mixed.

Price: Each of the above Small Sorts:
Oz. 50c. ½ oz. 25c. Pkt. 10c.

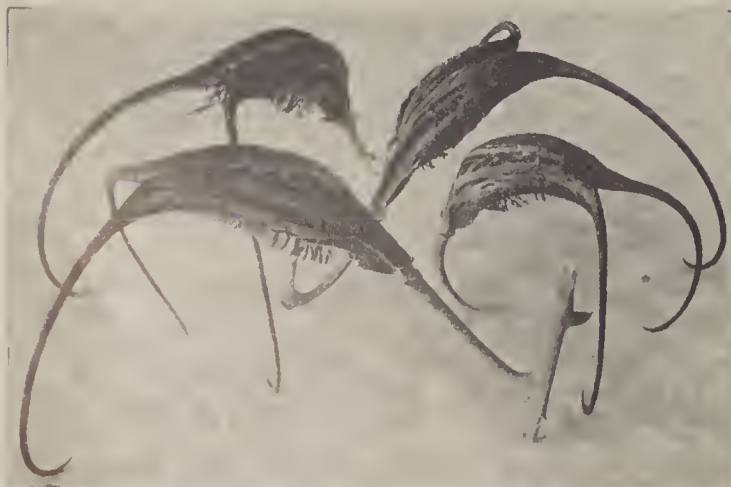

Large and Small Mixed. All kinds mixed. Oz. 50c. ½ oz. 25c. Pkt. 10c.

T.T.S. GOURD (Large)
Caveman's Club

T.T.S. GOURD—Calabash (Large Fruit)
Staged and decorated as Penguins

T.T.S. UNICORN PLANT
Our photograph illustrates the dried seed pods, staged to represent birds or insects

UNICORN PLANT

Although this is not a Gourd, the seed pods have a distinct and curious appearance. The long curved horn splits into two parts as they ripen and harden. They are very effective when used in combination with Gourds, the seed pods of various trees, pine cones, etc.

In the north, the seed may be started in a hotbed or indoors and transplanted later to the open ground. In the middle and southern states seed may be sown in the open. The plants prefer a warm, sunny exposure.
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

OTHER ORNAMENTAL SUBJECTS (For Preserving)

Ornamental Grasses. See page 59.

Everlasting Flowers. See page 59.

Honesty. Coin-shaped pods. See page 66.

Physalis. Chinese Lantern. See page 86.

Statice. For drying. See page 100.

GYPSOPHILA

Gyp-soff-il-a

(Babysbreath)

Annuals and perennials. Ideal for mixing with other flowers when decorating vases, centerpieces, etc.

ANNUAL SORTS

Very easily raised from seed. Sow where intended to bloom. It is important to make several sowings during the season for succession, elegant, graceful sprays of small blooms. Ideal for mixing with other flowers and aiding in decorating.

Trivett's White

Graceful sprays of snow white flowers, of  much larger size than the type. Height 1½ feet. Highly recommended.

¼ lb. \$4.50 Oz. \$1.75
¼ oz. 65c. Pkt. 25c.

Elegans White. Although an improved strain, the flowers are smaller than *Trivett's White*, and for that reason may be preferred by some. Height 1½ feet.

¼ lb. \$2.75 Oz. 90c.
¼ oz. 35c. Pkt. 15c.

Elegans Pink. Pretty little pink flowers, valuable for mixing with other flowers of harmonizing or contrasting colors. Height 1½ feet.

¼ lb. \$2.75 Oz. 90c. ¼ oz. 35c. Pkt. 15c.

Elegans Crimson. A rich colored variety of merit; rosy red shade. Height 1½ feet.

¼ lb. \$2.75 Oz. 90c. ¼ oz. 35c. Pkt. 15c.

Muralis. Dwarf annual Gypsophila, suitable for rock gardens, edging and massing. Soft rose colored. Height about 6 inches.

 *Reselected stock.* Oz. \$3.00 ¼ oz. \$1.00 Pkt. 35c.

Muralis alba. Is a fine white companion to the above. Height about 6 inches. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 35c.

PERENNIAL GYPSOPHILA. See opposite column.

GUNNERA MANICATA

Perennial. Foliage or ornamental plant. Height 5 feet.

A noble plant with immense leaves about 4 feet in diameter. Requires a damp situation. A fine subject for lawns, the bog garden and beside pools. ... Pkt. 50c.

GYNERIUM ARGENTEUM. See **Ornamental Grasses**, page 59.

Items in this catalog marked  are especially suitable for rock and Alpine gardens.

This sign  denotes that the seed has been treated by us as a preventive against seed carried diseases.

T.T.S.

ANNUAL GYPSOPHILA—Trivett's White

A greatly improved strain of the Annual White Gypsophila, the individual blooms are twice the size of the regular type

PERENNIAL GYPSOPHILA

Especially suitable for the herbaceous border and cutting. The dwarf varieties are splendid subjects for rockeries, dry walls, edging, etc.

Trivett's Double Snowflake. A fine new selection from the *Double Paniculata*, larger, purer white and early blooming.  Height about 3 feet. ... Pkt. 75c.

Pacifica. *New.* A splendid pink sort growing about 4 feet in height. Comes into bloom after the other perennial sorts  have passed. ... Pkts. 50c. and 30c.

Paniculata Double. Improved double white, coming about 75 per cent true from seed. Height 2½ feet. ... Pkt. 50c.

Paniculata Single. The original type preferred by some for the very small flowers in feathery white sprays. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Oldhamiana. A fine variety from the Orient, similar to *G. paniculata* but continuous blooming, bearing flesh and pink tinted sprays of small flowers into the Autumn. Height about 3 feet. A splendid cut flower. *Award of Merit, Royal Horticultural Society, 1936.* Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

Manginii. A splendid florist cut flower, strong growing "Pink Babysbreath." Height 2 feet. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Repens rosea. Pretty, dwarf trailing species with pale pink flowers. Blooms in June. Height 4 inches. Ideal for dry walls and rockeries. ... Pkt. 50c.

Repens alba. A white companion to the above. A splendid subject for the rock garden, dry walls, etc. Height 4 inches.  Pkt. 50c.

Trivett's Tested Flower Seeds are supplied in generous, oversize packets, stamped with the date on which they were packed and sealed with our trademark.

30 HERBS from SEED

For Scent, Seasoning and Sentiment

Easily grown, all may be sown in a prepared bed in the open except the few that have very fine seeds. Herbs may be grown in beds, flower borders, rockeries, as a Shakespeare garden or in the vegetable garden. *They must have a sunny position, and generally speaking will thrive in the average garden soil.*

(A)—Annual; (P)—Perennial, and the number is the average height in inches.

Ambrosia (A. 60). Highly decorative and fragrant foliage.

Oz. 75c. Pkt. 10c.

Angelica (P. 50). Handsome foliage and white flowers.

Oz. 50c. Pkt. 10c.

Anise (A. 15). Aromatic seeds, leaves for salads. Oz. 50c. Pkt. 10c.

Balm (P. 18). Fragrant, lemon-minty, flavored leaves.

Oz. 50c. Pkt. 10c.

Basil, Sweet (A. 12). Spicy, for kitchen use. Oz. 35c. Pkt. 10c.

Borage (A. 15). For seasoning and blue flowers. Oz. 35c. Pkt. 10c.

Burnet (A. 18). For salads and flavoring. Oz. 50c. Pkt. 10c.

Camomile (P. 24). Yellow flowers, medicinal properties.

Oz. 75c. Pkt. 15c.

Caraway (A. 18). Grown for the spicy seeds. Oz. 30c. Pkt. 10c.

Cardoon (A. 18). Like Celery stalks, for soups. Oz. 50c. Pkt. 10c.

Catnip (P. 12). For seasoning and animal tonic. Oz. 75c. Pkt. 15c.

Chervil (A. 12). Pot herb and for salads. Oz. 75c. Pkt. 10c.

Chives (A. 8). For seasoning. Has Onion flavor. Oz. 75c. Pkt. 15c.

Coriander (A. 24). Aromatic seed, for cordials. Oz. 25c. Pkt. 10c.

Dill (A. 24). For making "Dill Pickles." Oz. 20c. Pkt. 10c.

Fennel, Sweet (P. 36). For flavoring sauces, etc. Oz. 25c. Pkt. 10c.

Horehound (P. 24). Downy gray leaves, white bloom.

Oz. 50c. Pkt. 10c.

Hyssop (P. 18). For bees and medicine. . . . Oz. 50c. Pkt. 10c.

Lavender (P. 24). Blue, sweet-scented flowers. Oz. 50c. Pkt. 10c.

Marjoram, Sweet (A. 20). For flavoring, kitchen herb.

Oz. 50c. Pkt. 10c.

Mint (P. 12). For flavoring, sauces, etc. Pkt. 25c.

Rosemary (P. 24). For flavoring, kitchen herb. Oz. 75c. Pkt. 10c.

Rue (P. 18). Bitter flavor, used as medicine. Oz. 50c. Pkt. 10c.

Saffron (A. 24). For flavoring and coloring. Oz. 50c. Pkt. 10c.

Sage (P. 15). Ornamental gray leaves and blue flowers. For flavoring, dressing, etc. Oz. 35c. Pkt. 10c.

Savory, Summer (A. 9). For flavoring, kitchen herb.

Oz. 35c. Pkt. 10c.

Tansy (P. 24). Yellow flowers, bitter foliage. Oz. 70c. Pkt. 15c.

Tarragon, Russian (A. 18). An annual type (the perennial form cannot be grown from seed). For flavoring. Pkt. 25c.

Thyme, English (P. 9). Very popular kitchen herb.

Oz. 75c. Pkt. 15c.

Wormwood (P. 36). Bitter, for medicines and cordial.

Oz. 50c. Pkt. 10c.

T.T.S. Reading from top to bottom: Sage, Dill, Basil, Marjoram, Fennel, Borage

Note! There are quite a number of Dwarf and Creeping Mints which are not practical or easy to grow from seed.

T.T.S. Reading from top to bottom: Rue, Savory, Thyme, Anise, Horehound, Hyssop

IBERIS. See **Candytuft.**

ICEPLANT. See **Mesembryanthemum.**

IMPATIENS *Im-pay-shens*

Tender perennial. Treat like annual. For greenhouse and Summer bedding.

Holsti. Brilliant orange scarlet; most attractive. Height 18 inches.

Sultani, Sutton's Pink. Charming shade of pink which comes true from seed and is almost everblooming. A beautiful sort for pots or Summer bedding. Height about 18 inches. Any of above two ... Pkt. 50c.

INCARVILLEA *In-kar-vil-e-a*
(*Perennial Gloxinia*)

Perennial. Greenhouse. Height 18 inches.

Delavayi. Large, rich rose, bell-shaped flowers in trusses. Pkt. 50c.

INULA *Inn-u-la*

Glandulosa superba. One of the finest herbaceous perennials; thread-like, ray petals. Rich orange. Height 3 feet. ... Pkt. 75c.

Acaulis. Rare rock plant. Large, golden yellow flowers. Height 3 inches. ... Pkt. 50c.

IONOPSIDIUM ACAULE

I-on-op-sid-i-um (*Violet Cress*)

Annual. Rockeries and paths. 2 inches.

R Charming mauve flowers of creeping habit. Ideal for flagstone paths, walls, and in shade.

Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

IPOMOEA (*Morning-glory*)

Eye-po-mee-a

Annual. Climber. Height about 10 feet. Delights in a sunny position.

Trivett's Early Heavenly Blue. Much earlier flowering than the ordinary *Heavenly Blue* (*Rubro-caerulea*) and more free flowering. Supplies an abundance of large, sky blue flowers three or four months after sowing. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 35c.

NEW MAMMOTH MORNING-GLORY

Immense new Japanese sorts.

The flowers often measure 6 inches across and are distinct from ordinary Morning-glories. If pinched 2 or 3 times they are excellent for pot, window box and balcony.

Sky Blue Shades, Pink, White, and Mixed.

Each, ¼ oz. 75c. Pkt. 25c.

Double Rose Marie. A fine new double Morning-glory, rose pink. 5 pkts. \$1.00 Pkt. 25c.

Tall Mixed. Regular Morning-glory. Oz. 75c. ¼ oz. 25c. Pkt. 10c.

Imperialis (*Japanese Morning-glory*). Mixture of all colors. Quick grower. Oz. 75c. ¼ oz. 25c. Pkt. 10c.

Grandiflora. (*Moonflower*.) White. Oz. \$1.00 ¼ oz. 30c. Pkt. 20c.

Setosa. (*Brazilian Morning-glory*.) Beautiful soft pink. Oz. \$1.50 ¼ oz. 50c. Pkt. 25c.

Althaeoides. Perennial, trailing **R** sort. For rockeries, etc. Beautiful satiny pink flowers and silvery foliage. ... Pkt. 35c.

T.T.S. IPOMOEA—Trivett's Early Heavenly Blue

The seed should be put in warm water for a day or two and the shell broken at the end of the seed. Sow during March in greenhouse hotbed or indoors in a mixture of three parts sand to one part soil. Keep moist, not wet, a temperature of 65 degrees will insure germination.

The seedlings should be potted and transplanted outside the end of May or June.

T.T.S.

JACOBAEA—Trivett's Double Mixed

IRIS

Perennial. For rockeries, etc.

Fulva. The tawny or copper Iris; terra cotta shaded with copper.

Gracilepes. About 9 inches high. Lovely sky blue.

Wilsoni. A clear, primrose yellow *Iris sibirica*.

Any of above Iris ... Pkt. 50c.

JACARANDA *Jak-a-ran-da*

Greenhouse, or the South.

Mimosaefolia. Handsome, feathery foliage and bright blue flowers. Height 3 feet. ... Pkt. 25c.

JACOBAEA *Jak-o-be-a*

Annual. Easily grown, uncommon. For display and cutting.

Trivett's Double White. Bushy plants about 15 inches high, covered with flowers like small, double *Chrysanthemums*.

Trivett's Double Old Rose.

Trivett's Double Lavender.

Trivett's Double Yellow.

Trivett's Double Purple

Trivett's Double Crimson.

Trivett's Double Mixed.

Price: Each of above:

Pkts. 50c. and 30c.

Trivett's Tall Single Crimson. Height 2 feet. Excellent florist's cut flower.

Trivett's Tall Single Lavender.

Trivett's Tall Single Rose.

Price: Each Single Sort:

Pkts. 35c. and 20c.

KALANCHOE *Kal-an-koe-e*

Pot plant for greenhouse.

Globulifera coccinea. Seed should be sown in February or March and the plants grown on in the open air during the Summer. They commence flowering in February and continue for 8 weeks. For bushy plants put several seedlings in each pot. The color is orange scarlet. Pkts. 50c. and 30c.

Schumacheri. A light yellow *Kalanchoe* growing about 18 inches high. *Seed scarce.* Pkt. (100 seeds) 75c.

KAULFUSSIA *Call-fush-i-a*

Annual. For edging. Height 6 inches.

Amelloides. Fine blue.

Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

KOCHIA *Koe-ki-a*

(*Summer Cypress*)

Ornamental foliage plant. 3 feet.

Trichophylla. Improved strain.

Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

LACHENALIA UNICOLOR

Lak-e-nay-li-a

Greenhouse bulbous pot plant.

Spikes of bright red drooping bells, resembling a *Hyacinth*. Height 1½ feet. ... Pkt. 35c.

LACEFLOWER. See **Didiscus.**

LANTANA *Lan-tan-a*

Perennial. Greenhouse and bedding. 1 foot.

Mixed. Improved dwarf.

¼ oz. \$1.00 Pkt. 50c.

TRIVETT'S IMPROVED LARKSPUR

TREATED ⊕ SEED

Annual Delphinium for cutting and garden display

Sow seed indoors and transplant outside or sow outdoors for late flowering. Seed may also be sown during August-September outdoors for early Summer blooming.

Trivett's Salmon Pink. In this new variety we have the same delightful salmon pink as in "La France," but overlaid with a rich deep pink, creating a more brilliant and deeper shade. Particularly lovely under artificial light. Height 4 feet. *Illustrated.*

Trivett's Blue. A lovely selection with flowers of intense, true Oxford blue. 4 feet.

Trivett's Sky Blue. A charming shade of clear light blue. Very choice. 4 feet.

Trivett's Coral Pink. A lovely, pale, coral pink of exquisite shade.

Trivett's Rich Scarlet. One of the most attractive colors.

Trivett's La France Pink. Lovely salmon pink resembling the popular *Antirrhinum Jennie Schneider*. A lighter pink companion to *Trivett's Salmon Pink*.

Trivett's Rich Rose. Attractive, deep rich pink color. One of the best.

Trivett's Shell Pink. Lovely shade of delicate pink. Height about 4 feet.

Trivett's Rosy Red. A superb color, deep, rich and attractive. Height 4 feet.

Trivett's White. A new, dazzling pure white Larkspur with the improved upright habit, making it without question the finest white variety yet introduced. 4 feet.

Trivett's Mauve. Charming shade of pale lavender mauve. 4 feet.

Trivett's Improved Mixed. A splendid mixture of the above varieties.

Any of the above twelve superb varieties:

Oz. \$4.00 ¼ oz. \$1.25 ⅛ oz. 75c. Pkts. 50c. and 30c.

IMPROVED STRAIN OF TALL LARKSPUR

Stock-flowered type. Height 3 feet

Royal Purple. Rich dark blue.

Royal Light Blue. Soft blue.

Royal White. Pure white.

Royal Exquisite. Salmon pink.

Royal Rich Pink.

Royal Violet Queen.

Perennial. Climber. Height 5 feet. June.

Giant White. Large, pure white.
Pink Beauty. Fine, soft pink color.

Each: ¼ oz. \$1.25 Pkt. 50c.

LAVATERA *La-vay-tee-ra* (Annual Mallow)

Annual. For cutting and display. Height 3 feet.

The Annual Mallows are extremely showy for large beds and border display. Seed should be sown where intended to flower, as they do not transplant well, but are easily grown from seed.

Trivett's Loveliness. New! A beautiful Mallow with glowing, rich pink flowers. Blooms in July. Pkt. 50c.

Trivett's White Splendens. Improved strain, with lovely, pearly white flowers. Contrasts well with pink. Pkt. 50c.

LAVENDER (*Sweet-lavender*)

Perennial. For cutting, etc. Prefers common soil.

Spicata. The true *Sweet-lavender*. Highly prized for its exquisite fragrance. Easily raised from seed. ¼ oz. 75c. ⅛ oz. 40c. Pkt. 25c.

White. Pure white form of *L. spicata*. Pkt. 25c.

Munstead. Compact habit, 1½ feet high. Blue. Pkt. 50c.

Bowles' Early. Dwarf variety with light blue, richly scented flowers.

☐ For rockeries. 12 inches. Pkt. 50c.

LAYIA ELEGANS *Lay-ya'h* (*Tidytips*)

A hardy annual, with large, yellow, Daisylike flowers edged with creamy white. Height 1 foot. Pkt. 25c.

LEONTOPODIUM *Le-on-to-po-di-um* (*Edelweiss of the Alps*)

Perennial. Ornamental. Woolly foliage. Height 6 inches.

☐ **Alpina.** Silvery white flowers, woolly leaves. Pkt. 75c.

Sibiricum, Trivett's Improved. Larger flower than "Alpinum" and about 8 inches high. *Seed scarce.* Pkt. 75c.

LEPTOSIPHON *Lep-toss-i-son* (*Star Dust*)

Annual. For rockeries, edging, etc. Height 3 inches.

☐ **Aureus.** Very pretty, small, orange yellow flowers. Pkt. 15c.

☐ **French Hybrids.** Miniature plants, beautiful colors. Pkt. 15c.

LEPTOSYNE *Lep-toss-i-nee* (*Yellow Daisy*)

Annual. For cutting, garden and greenhouse. 2 feet.

Stillmani. Splendid yellow Marguerite. Fine stems. ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

Maritima (*Sea Dahlia*). Large, single, lemon yellow. ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

LEUCOCORYNE *Lew-koe-koe-rine-e* (*Glory of the Sun*)

Greenhouse. Bulb. For cutting. Height 1½ feet.

Ixioides odorata. The seed germinates freely. Sow the seed indoors during Winter for flowering the following year; fragrant, luminous blue flowers with white center. Pkt. 75c.

LEWISIA *Lew-is-i-ah*

Perennial. For sunny rockeries. Height 6 inches.

☐ **Howelli.** Clusters of apricot flowers which are streaked with Rose. Pkts. 50c. and 30c.

LIATRIS *Lie-ay-tris* (*Gayfeather*)

Perennial. For borders and cutting. July to September.

Pycnostachya. Tall, noble species. 4 to 5 feet. Eremuruslike spikes of purple bloom. Very attractive. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 35c.

LILIUM (*Lilies*)

White Queen. *Illustrated.* Blooms within 12 months from seed. Pure white trumpets. Pkt. 75c.

Philippinense formosanum. Blooms in 6 to 8 months from seed. Fragrant, white trumpets shaded pink on the outside. Height 3 feet. ¼ oz. \$3.00 Pkt. 50c.

Regale. White, tinted brownish pink on outside and yellow in throat. ¼ oz. 75c. Pkt. 25c.

LIMNANTHUS

Annual. Spring blooming. Prefers damp soil.

☐ **Douglasi.** Sweet-scented yellow and white flowers. 6 inches. Pkt. 15c.

T.T.S.

LILIUM—White Queen

Begins to bloom within twelve months from sowing. A lovely, long-trumpet pure white Lily

T.T.S. LOBELIA—Trivett's Deep Blue

LINARIA *Lye-nay-ri-a (Toadflax)*

Dainty, charming flowers, resembling small Antirrhinums, gracefully arranged in loose sprays. Ideal subjects for small decorations, table centerpieces, mass planting on edge of flower borders, in the rock garden and can also be grown in the greenhouse.

ANNUAL VARIETIES

- Ruby King.** Rich ruby red.
- Purple King.** Fine, rich Plum purple color.
- White Gem.** Dainty pure white in sprays.
- Yellow Prince.** Charming golden yellow flowers.
- Carmine King.** Very attractive carmine mauve shade.
- Combinata.** Crimson purple with golden yellow.
- Excelsior Mixed.** Mixture of charming colors.

Any of the above colors and Mixed: $\frac{1}{4}$ oz. \$1.25 $\frac{1}{8}$ oz. 75c. Pkt. 35c.

Fairy Bouquet. *Gold Medal.* All-American Selections, 1934. A new, dwarf, compact sort 8 inches high, larger flowers than the type and in many beautiful colors mixed. Excellent for bedding, edging, and pots. *Originator's seed.* ... Pkts. 50c. and 30c.

PERENNIAL LINARIAS

- Canon J. Want.** Hardy perennial, 3 feet. Spikes of dainty Snapdragonlike flowers, pale pink, true from seed. Pkts. 35c. and 20c.
- Trivett's Purple.** A new color in perennial Linarias. 3-foot spikes of rich deep purple; a fine companion to *Canon J. Want.* Pkts. 35c. and 20c.
- Alpina.** Elegant purple flowers blotched with orange, resembling **R** miniature Antirrhinums. Abundantly produced on trailing plants with greyish-green foliage. Blooms in Summer and Autumn. Height 6 inches. ... Pkt. 50c.
- Macedonica speciosa.** Although a perennial, will bloom the first season if sown early. Long spikes of pale yellow flowers for cutting. Height 3 feet. ... Pkt. 50c.
- Cymbalaria.** (*Kenilworth-ivy.*) Ornamental leaves and mauve **R** flowers, of creeping habit. Ideal for hanging baskets, vases, rockeries and old walls. ... Pkt. 30c.

LINUM *Lye-num (Flax)*

- Perenne Blue.** Perennial. Pretty pale blue, round shaped flowers on thin, graceful stems. Ideal for mass planting in border and cutting. Height $1\frac{1}{2}$ feet.
- Perenne White.** A white companion to above. Either of above two ... $\frac{1}{4}$ oz. 60c. Pkt. 20c.
- Narbonense.** The most beautiful form of the blue Flax. Graceful habit, lovely large, steel blue flowers, veined. Perennial. Height $1\frac{1}{2}$ feet. ... Pkt. 50c.

LOBELIA TRIVETT'S SELECTED STRAINS

Lo-beal-ya

COMPACT, EDGING SORTS

The ideal annual edging plant, forming small, round, compact plants about 4 inches high and covered with bloom. They are also very effective planted in masses on the edge of flower borders, in small beds, etc.

- Trivett's Deep Blue.** Distinct and choice sort. Plants have a fine, compact habit and are abundantly covered with rich, dark blue flowers without eye.
 - Trivett's Light Blue.** Charming, light clear blue.
 - Trivett's White.** Very large, snow white flowers. The plants have bushy, compact habit.
 - Trivett's Crimson.** A pretty red shade with large, attractive white eye. Compact habit.
 - Trivett's Mauve.** Pale pinkish mauve.
- Any of the above reselected sorts ... Pkt. 50c.

- Sutton's Cambridge Blue.** (*Sutton's Seed.*) A charming variety with large flowers of Cambridge blue. ... Pkt. 75c.
- Mrs. Clibran Improved.** Extra fine strain of this beautiful Lobelia. Deep rich blue with white eye. Splendid, compact habit. ... Pkt. 50c.
- Trivett's Double Blue.** Semi-double flowers of rich, deep blue color. ... Pkt. 50c.

- Blue Bird.** Fine, dwarf bright blue.
- Crystal Palace Improved.** (*Seed saved from cuttings.*) Rich dark blue flowers and dark foliage.
- Compacta.** Nice light blue, very compact.
- Snowball.** Fine pure white, quite dwarf.

Any of the above four varieties: $\frac{1}{4}$ oz. \$2.00 $\frac{1}{8}$ oz. \$1.25 Pkt. 35c.

SPREADING LOBELIAS

- Suitable for beds and borders, also for vases, hanging baskets.
- Trivett's Pendulous Blue.** Charming light blue.
 - Trivett's Pendulous Crimson.** Attractive rosy red.
 - Trivett's Pendulous White.** Large snow white.
 - Sapphire.** Intense deep blue with white eye.
- Any of the above four sorts ... Pkt. 35c.

TALL, UPRIGHT LOBELIAS

These are excellent pot plants and exceedingly attractive for outdoor beds, borders, etc., attaining a height of about 1 foot. Narrow, pillarlike habit.

- Ramosa Deep Blue** **Ramosa Light Blue**
 - Ramosa Rose** **Ramosa White**
- Any of the above four colors ... Pkt. 35c.

PERENNIAL LOBELIAS

- Especially suitable for the herbaceous border.
- Cardinalis, The Bishop.** Magnificent strong spikes of glistening vermilion scarlet; very attractive. 5 feet. ... Pkt. 75c.
 - Lugdunensis.** *Very rare.* Deep rose pink. 3 feet. ... Pkt. \$1.50
 - Perennial Hybrids Mixed.** Many fine colors. ... Pkt. \$1.00

LISIANTHUS *Lis-i-an-thus*

Greenhouse pot plant. Very choice. Height 2 feet.

Trivett's Mauve. A most uncommon, rare pot plant with large, upright, bell shaped flowers of rich, deep mauve color. Sow the seed January to March under glass and give similar culture as for *Cyclamen*. Will bloom in about 12 months from seed. Pkt. 75c.

LITHOSPERMUM PROSTRATUM

Lith-os-per-mum

- Perennial. For rockeries. Trailing habit.*
- R** Lovely rock plant. Gentian blue flowers. Pkt. 75c.

T.T.S. LUPINES—Trivett's Annual Pink

LUPINES *Lew-pins* ANNUAL SORTS

Both the annual and perennial sorts are extremely useful for flower borders and as cut flowers.

- Trivett's Annual Azure.** Light, mistlike blue. 2 feet.
- Trivett's Annual Blue.** A very rich deep shade of blue.
- Trivett's Annual White.** Pure white. Height 2 feet.
- Trivett's Annual Pink.** Lovely pink, slightly washed over with rose. Height 2 feet.
- Trivett's Annual Mixed.** All colors in mixture.

Any of above five sorts:

- Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.
- Giant King Blue.** Tall, giant annual Lupines, 3 to 4 feet high. Light Oxford blue. *Award of Merit.*
- Giant King White.** Sweet-scented, pure glistening white.
- Giant King Mixed.** All the available colors.
- Each: Above three ... ¼ oz. \$1.00 Pkt. 35c.
- Hybridus atrococcineus.** The brightest colored of all; large spikes of rosy red graduating to pink. White tips. 2½ feet. Pkt. 25c.
- Yellow.** Bright yellow with brown shading, growing about 1½ feet in height. ... Pkt. 25c.
- Tall Annual Mixed.** (*Hartwegi Type.*) 2 feet. Oz. 50c. ¼ oz. 20c. Pkt. 10c.

LYTHRUM ROSEUM *Lith-rum*

Perennial. For borders and cutting. Height 4 feet. Cherry rose spikes. Blooming July to September. Pkt. 25c.

PERENNIAL LUPINES

Average height 3 feet. Blooms May-June.

HARKNESS "REGAL" LUPINES

- Carrie Tonks.** Apricot with yellow
- Cleopatra.** Flame and yellow.
- Eva Thorpe.** Apricot with fawn.
- Fortunata.** Soft pale apricot.
- Gold Crest.** Bronzy yellow.
- Golden Gate.** Rich golden yellow.
- Golden Thoughts.** Rosy fawn.
- Joy.** Splendid pink and yellow.
- Lady Greenall.** Choice apricot self.
- Marjorie.** Bronze shaded yellow.
- May Robinson.** Apricot and rose.
- Queen of Hearts.** Pink and white.
- Harkness Hybrids Mixed.** Renowned strain of Gold Medal Lupines; beautiful new colors in splendid mixture.

Any of the above sorts:
Oz. \$6.00 ¼ oz. \$2.00 Pkt. 50c.
Collection. Pkt. Each 12 colors \$5.00

- Trivett's Chocolate Soldier.** Yellow, changing to chocolate.
 - Trivett's Salmon Orange.** Salmon orange with yellow.
 - Trivett's Pure Yellow.** Charming soft yellow.
 - Trivett's Ruby Violet.** Unusual, splendid sort.
 - Trivett's Strawberry Pink.** Charming, attractive shade.
 - Trivett's True Blue.** Clear blue.
 - Cross Roads.** Large spikes, soft pink.
 - Chameleon.** Blue and yellow.
 - Lady Diana.** Yellow and blue.
 - Moerheimi.** Soft rosy peach.
- Any of the above 10 sorts:
¼ oz. \$2.75 ⅛ oz. \$1.50 Pkt. 50c.
Collection: Pkt. each 10 sorts \$4.00

- Polyphyllus Blue.** *Old type.*
- Polyphyllus White.** Pure white.

- Polyphyllus roseus.** Soft pink.
- Polyphyllus Lavender Queen.** Fine.
- Any of above four Polyphyllus: ... ¼ oz. 50c. Pkt. 15c.
- Trivett's Excelsior Mixed.** Superior mixture of new hybrids. Choice colors blended by ourselves.
- Oz. \$3.75 ¼ oz. \$1.00 Pkt. 25c.
- English Sweet-scented.** Fragrant sorts in fine mixture of colors.
- Oz. \$4.50 ¼ oz. \$1.25 Pkt. 35c.
- Downers Gold Medal.** A mixture of many new colors and art shades.
- Oz. \$4.50 ¼ oz. \$1.25 Pkt. 35c.
- Paynei.** Fine, distinct type, silvery foliage, 4 to 5 feet high. In shades of pink, blue, white, etc., mixed, sweet-scented. Pkts. 50c. and 30c.

LYCHNIS *Lick-nis*

- Perennial. For borders and rock gardens.
- Salmon Queen.** Beautiful rich salmon color, growing about 3 feet in height. ... ¼ oz. \$2.00 Pkt. 50c.
- Chalcedonica.** Dense heads of bright scarlet, blooming in June. Height about 3 feet. ... ¼ oz. 50c. Pkt. 15c.
- Haageana Hybrids.** Fine mixture of salmon, orange, red, white, etc. Height 1 foot. ¼ oz. \$2.00 Pkt. 50c.

LYSIMACHIA CILIATA

Perennial. Blooms July-August. 2 feet. Damp soil. Dainty yellow flowers with dark, bronzy foliage. Likes damp soil. Pkt. 50c.

TRIVETT'S MODERN MARIGOLDS *on Three Pages*

Annual

Reselected Strains

Mar-i-gold

T.T.B. MARIGOLD—Guinea Gold, Trivett's Selected

One of the most valuable of annual flowers, supplying a wealth of bloom during the Autumn when flowers are beginning to get scarce.

They delight in our American climate, and are very easily grown. Seed may be sown indoors during Spring and outdoors from May onwards.

Note—Rich soil and climatic conditions will affect the height and growth of Marigolds

TRIVETT'S CARNATION-FLOWERED TYPE

Guinea Gold, Trivett's Selected. *Carnation-flowered African Marigold.* A reselected, choice strain of this distinct Marigold of graceful, pyramidal habit 2 to 2½ feet high. Each plant produces 30 to 40 semi-double blossoms. The color is a charming shade of rich, yet soft deep gold. Also good for Winter flowering in greenhouse. ... Pkts. 50c. and 30c.

Guinea Gold, Regular Stock. A good strain of this charming variety. Height 2½ feet. Oz. \$3.00 ¼ oz. \$1.00 Pkts. 25c. and 15c.

Yellow Supreme. Similar in form to the popular *Guinea Gold*, with double Carnationlike flowers of soft yellow color, and having a delicate, mild, honeylike fragrance. The plants are vigorous, healthy and about 2½ feet in height. ... Oz. \$3.00 ¼ oz. \$1.00 Pkts. 25c. and 15c.

Golden Eagle Supreme. A superb cut flower that will rival *Guinea Gold*. The all-double Carnation shaped flowers are a charming shade of luminous gold, pleasing and distinct. It blooms early and the usual Marigold odor is practically lacking. Exceptionally long cut flower life. Height 2½ to 3 feet. Oz. \$5.00 ¼ oz. \$1.50 Pkts. 50c. and 30c.

Lemon Gem Supreme. Another companion to *Guinea Gold*. The type, height and habit are exactly the same. The color is a rich lemon yellow, a few shades deeper than *Yellow Supreme*. A grand florist's cut flower that is long lasting; also splendid for garden display. Oz. \$5.00 ¼ oz. \$1.50 Pkts. 50c. and 30c.

Trivett's Carnation-flowered Mixed. All varieties mixed. Oz. \$4.00 ¼ oz. \$1.25 Pkts. 35c. and 20c.

T.T.B. FRENCH MARIGOLD—Trivett's Special Striped

TALL FRENCH MARIGOLDS

Trivett's Special Striped (*Illustrated*). A fine selection from the French Gold Striped. Height 2½ feet. Refined, double flowers of rich, velvety brown and striped with gold. The straight, strong stems make this sort an ideal cut flower. ¼ oz. \$2.50 ⅛ oz. \$1.50 Pkts. 50c. and 30c.

Scotch Gold Striped. Splendid, double prize strain. Oz. \$3.00 ¼ oz. \$1.00 Pkts. 35c. and 20c.

Sulphurea. Soft pale yellow, double flowers.

Tangerine. Rich orange yellow; good cut flower.

Ranunculoides. Dark mahogany or chestnut brown.

Tall Double French Mixed. Good strain. Height 2½ feet.

Each: Above four ... oz. \$1.75 ¼ oz. 60c. Pkts. 25c. and 15c.

Trivett's Josephine (Single). Splendid cut flower. Height 2½ to 3 feet. Single flowers, the center or crown is dark brown with edging of gold and a touch of crimson. Fine, long stems. *Does best in poor soil.* Oz. \$1.75 ¼ oz. 60c. Pkt. 25c. and 15c.

Trivett's Brilliant Orange. A new type of dwarf Marigold; compact, bushy plants, about 18 inches high. Attractive, glowing orange. Pkts. 50c. and 30c.

Australian Tall Tree. A type of French Marigold 4 to 5 feet high. Golden yellow with brown. Oz. \$1.75 ¼ oz. 60c. Pkts. 25c. and 15c.

CHRYSANTHEMUM-FLOWERED

This is an enormous flowering type, height 4 to 5 feet. The blooms actually measure 4 to 6 inches across, some with broad petals and others quilled. Immense flowers can be obtained by disbudding. The colors range from light yellow to deep orange.

Monster Mixed. ... Oz. \$5.00 ¼ oz. \$1.50 Pkts. 35c. and 20c.

"Your strains of Marigolds are exceptionally fine. They have provided a great quantity of cut flowers, and have made a grand display in the gardens. I like your Carnation-flowered type very much."

MR. CHARLES BRAZIER, *Supt.-Head Gardener* to GEORGE WHITNEY, ESQ.

MARIGOLDS (Continued) AFRICAN MARIGOLDS—see next page

SPECIAL SORTS

Trivett's Harmony. *Illustrated.* A remarkable break, scabious-flowered, from the Dwarf French section. A bright golden center crest is bordered with dark maroon red. Bushy plants, 12 inches high.
 $\frac{1}{4}$ oz. \$1.25 Pkts. 35c. and 20c.

Trivett's Many-flowered Mixed. A dwarf African type, in a fine mixture of yellow shades, golden, orange, etc. Very early. Height about 18 inches. Splendid for beds, display and cutting. ... Pkt. 50c.

Dixie Sunshine. A charming and unique Marigold. *Late blooming. Start the seed indoors February-March.* The tall, bushy plants are covered with round, double flowers which are composed of hundreds of tiny five-petaled florets, giving a dainty, fringe, Chrysanthemumlike effect. The color is clear yellow, blooms until frost. Splendid for cutting.
 $\frac{1}{4}$ oz. \$1.50 Pkts. 35c. and 20c.

Crown of Gold. (Collarette.)

An entirely new type of Marigold. The crown or top part resembles an incurved Chrysanthemum in formation curled and interlaced. Broad, flat drooping petals surround the center. The color is a pleasing shade of clear golden orange. *The foliage is entirely free of the usual Marigold odor.* The blossoms are slightly sweet scented. The plants grow about 2 feet high. Abundance of bloom makes this a grand cut flower. ... Pkt. 25c.

Mexican Dwarf Orange. A very attractive sort, quite different in flower formation from the French or African types. Bushy, branching plants 15 to 18 inches high, grand for Summer beds or borders. Seed sown indoors in March will bloom from July onwards. The color is bright orange.
 Oz. \$3.00 $\frac{1}{4}$ oz. \$1.00 Pkts. 25c. and 15c.

AFRICAN MARIGOLDS—See next page.

T.T.S.

MARIGOLD—Trivett's Harmony

Sunset Giants. *See natural color illustration on page 73.* Immense flowers 5 to 6 inches across produces 60 to 65 per cent double flowers. The blooms are of charming formation and in a range of colors including sulphur, lemon, golden yellow, also shades of orange. Very showy, sweetly fragrant and of exceptional size. The plants grow 4 feet and over in height. Splendid for garden display or cutting. Useful in any part of the country. *First class for florist's use.*
 Pkts. 50c. and 30c.

Lieb's Winter Flowering. A unique Marigold for growing under glass during the Winter months. Rich mahogany brown with golden yellow center crest; sweet-scented. *Sow from July to December.*
 $\frac{1}{4}$ oz. \$1.25 Pkt. 50c.

DWARF FRENCH—SINGLE

Extremely useful for edging beds, massing and cutting.

Trivett's Fiery Cross. *(Illustrated.)* Bright golden yellow with large, dark brown blotch, single flowers. Height 9 inches. Splendid for bed and edging. Similar in habit to the popular *Legion of Honor*.

Legion of Honor. Popular dwarf sort; small, single yellow flowers, brown blotches. Height 9 to 12 inches.

Silver King. Pale yellow, maroon base.

Price: Each: Oz. \$1.75 $\frac{1}{4}$ oz. 60c. Pkts. 25c. and 15c.

DWARF FRENCH—DOUBLE

Valuable for mass planting, edging, Summer beds, etc.

Trivett's Dwarf Perfection. Dwarf, compact 12 inches high, double French type in many unusual color combinations.
 Pkts. 50c. and 30c.

Robert Beist. About 1 foot high. Double flowers described by the originator as a purplish maroon which is new in Marigolds.
 $\frac{1}{4}$ oz. \$1.00 Pkts. 25c. and 15c.

Baby Brown. Very small, double flowers. Height 6 inches.

Baby Sulphur. Pale yellow | **Baby Gold Edged**
Baby Golden. Bright yellow | **Baby Finest Mixed**

Price: Each of the above five Baby Sorts:
 Oz. \$3.00 $\frac{1}{4}$ oz. \$1.00 Pkts. 25c. and 15c.

MARIGOLD (French)—Trivett's Fiery Cross

TRIVETT'S MODERN Prize winning MARIGOLDS (See previous pages)

Reselected Strains

Double Marigolds will also produce single and semi-double flowers, usually the earliest blooms.

TALL DOUBLE AFRICAN MARIGOLDS

Height 3 to 3½ feet

This is the largest double-flowered and tallest growing type. Indispensable for "filling in" perennial borders, general garden display and for cutting. Blooms during late Summer and Fall.

Trivett's Sunlite. A new shade of color in African Marigolds, pure golden yellow. The large, double flowers are borne on plants about 3½ feet high. . . . Pkts. 50c. and 30c.

Trivett's Moonlite. Similar in habit to above. The color however, is soft canary yellow. 3½ feet. Pkts. 50c. and 30c.

Guinea Gold. See page 74.

Glasgow Prize Orange. Immense, very double exhibition flowers, rich glowing orange. *Special, reselected strain.*

¼ oz. \$2.00 Pkts. 50c. and 30c.

Glasgow Prize Lemon. The same perfect form and large size as above, but of purest, clear lemon yellow. *Reselected strain.* ¼ oz. \$2.00 Pkts. 50c. and 30c.

Glasgow Prize Mixed. A mixture of the above two colors. ¼ oz. \$2.00 Pkts. 50c. and 30c.

All-Double Orange (Originator's Seed). *Award of Merit, R. H. S.* Produces a high percentage of double, closely quilled flowers. ¼ oz. \$1.00 Pkts. 25c. and 15c.

All-Double Lemon. Lemon yellow form of above.

¼ oz. \$1.00 Pkts. 25c. and 15c.

Tall African Mixed. Large, double flowers; mixed.

Oz. \$1.50 ¼ oz. 50c. Pkt. 10c.

T.T.S. TALL AFRICAN MARIGOLD—Glasgow Prize Lemon

T.T.S.

Trivett's New Royal Strain
DWARF AFRICAN MARIGOLD

Trivett's New Royal Strain DWARF AFRICAN MARIGOLD

Large-flowered, double African Marigolds on sturdy, bushy plants, only 1½ to 2 feet high. For borders and beds and for those who object to the tall sorts.

Trivett's Royal Yellow. Very double flowers of soft pure yellow; bushy plants. 1½ to 2 feet.

Trivett's Royal Orange. Vivid, rich glowing orange; attractive color.

Trivett's Royal Lemon. Double, pale lemon yellow.

Trivett's Royal Golden. Golden yellow, fine double.

Trivett's Royal Dwarf Mixed. Above colors.

Each: Above five Pkts. 50c. and 30c.

Dwarf African Mixed. Regular strain. 1½ feet.
¼ oz. 75c. Pkt. 15c.

MALVA *Mal-va (Musk Mallow)*

Perennial. For cutting. 2 feet.

Moschata Rose. Sweet scented.

Moschata White. Good sort.

Each: ¼ oz. 50c. Pkt. 15c.

MARTYNIA FRAGRANS *Mar-tin-i-a*

Annual. For cutting. 18 inches.

Sweet-scented, mauve flowers. ¼ oz. 50c. Pkt. 15c.

MATRICARIA *Ma-tri-cay-ri-a (Feverfew)*

Perennial. For edging, beds, etc.

Golden Ball. Compact, bushy plants covered with small, very double, buttonlike flowers of golden yellow. Excellent for edging, bedding, and cutting. Height about 1 foot.

¼ oz. \$1.50 ⅛ oz. 85c. Pkt. 35c.

MIMOSA PUDICA (*Sensitiveplant*)

Mi-mose-a

¼ oz. 50c. ⅛ oz. 30c. Pkt. 15c.

MIMULUS (*Monkeyflower*)

Mim-u-lus

Annual. For bedding and display.

Queens Prize. Very large flowered, beautiful spotted colors. Pkt. 50c.

Moschatus. (*Muskplant.*) Small yellow flowers, very sweet scented. Pkt. 50c.

MIRABILIS (*Four-o'clock*)

Mir-ab-il-is

Mixed. Annual. Height 2 feet.

Oz. 90c. ¼ oz. 30c. Pkt. 10c.

MIGNONETTE—Allen's Defiance

MONARDA DIDYMA *Mon-ar-da*

Salmon Pink. A new color, soft salmon pink. Height 2 feet. Perennial.

5 pkts. \$1.50 Pkt. 35c.

MORICANDIA SONCHIFOLIA.

Mor-i-can-di-a

A most effective annual for early Spring flowering; 15 inches high. Single flowers of a pretty shade of lavender-mauve.

5 pkts. \$2.25 Pkt. 50c.

MORNING-GLORY. See *Ipomoea.*

MUSA ENSETE (*Banana Plant*)

Ornamental leaves. Pkt. 25c. Soak the seed in hot water for 24 hours.

MYOSOTIS—Forget-me-not

MYOSOTIS (*Forget-me-not*)

My-o-so-tis

Forget-me-nots are of immense value for Spring gardening and should be planted thickly in large masses.

All are biennial, except the *Palustris* and *Everblooming* types.

FOR SPRING BEDDING

Trivett's Annual Blue. Lovely, turquoise blue which will flower in about three months after sowing. Height 1 foot. Pkt. 75c.

Royal Blue. (*Sutton's.*) The most popular for Spring gardening, spreading spraylike stalks covered with deep indigo blue. Flowers also good for cutting. Height 12 inches. *Special reselected strain.*

¼ oz. \$1.50 Pkts. 50c. and 30c.

Royal Blue, Dwarf Strain. Dwarf, compact form of the above. Only 6 inches high.

¼ oz. \$1.50 Pkts. 50c. and 30c.

Alpestris Victoria Improved. Dwarf, bushy plants, abundantly covered with round bunches of florets. Height 6 inches. **Blue, White and Pink.**

Each color: ¼ oz. \$1.25 Pkt. 25c.

Dissitiflora Perfection. Large flowered, rich clear blue, the best to use for ground work under Spring bulbs. Height about 9 inches.

¼ oz. \$3.00 ⅛ oz. \$1.75 Pkt. 50c.

Spring Beauty. Soft pale blue.

¼ oz. \$2.00 Pkt. 50c.

Pink Beauty. Clear light pink. Makes a fine contrast to the blue.

¼ oz. \$1.00 Pkt. 35c.

FOR GREENHOUSE FORCING

Trivett's Tall Blue. Splendid blue produced on long stems, 15 inches in height. The best greenhouse sort. Pkt. 75c.

Blue Bird. Brilliant dark blue for Winter blooming in greenhouse. Pkt. 50c.

OTHER FORGET-ME-NOTS

Trivett's Everblooming. A new type. The flowers are borne on long, stiff stems of exquisite sky blue with white center eye. The principal merit of this sort is that it blooms early and late and may be in bloom at any time of the year. A true perennial, and like all other Forget-me-nots does exceptionally well in half shady places on the banks of pools, streams, etc.

Pkts. 50c. and 30c.

Ruth Fischer. Very pretty, blue sort, **R** for borders or rockeries. Pkt. 50c.

Star of Love. Very dwarf, suitable for **R** rockeries. Beautiful blue. Pkt. 75c.

Rupicola. The finest species for rockery. **R** Deep blue. Height 6 inches. Pkt. 50c.

Palustris. The true water Forget-me-not. Bright blue, hardy perennial. 8 inches.

¼ oz. \$1.00 Pkt. 25c.

Palustris semperflorens. Large blue flowers. *The true perennial Forget-me-not.*

¼ oz. \$1.50 Pkts. 50c. and 30c.

MYOSOTIDEUM NOBILE

My-o-so-tid-e-um

(*New Zealand Forget-me-not*)

Tender perennial. Shady place. 1½ feet. Magnificent pale blue. Pkt. 50c.

NASTURTIUM *Nas-tur-shum (Indian Cress)*

Showy, old fashioned annual flowers noted for their brilliant coloring. Of simple culture, will succeed anywhere, but *should be grown on poor soil*. Rich soil produces a rank growth of foliage which hides most of the flowers.

Excellent for mass planting, edging, covering up rough places. The tall or climbing varieties are useful for covering old walls, fences, boulders, etc. *Sow seed outdoors during April-May.*

DOUBLE SWEET-SCENTED NASTURTIUMS

GLOBE TYPE

Dwarf, round, compact plants without the short runners that are characteristic of the "Gleam type." The plants are uniformly dwarf and are covered with an abundance of double and semi-double, sweet scented blossoms throughout the season.

Ideal for edging, bedding, mass planting, rockery, window boxes and general garden display.

This type is an improvement over the "Gleam type" for general purposes and will no doubt displace it in popularity.

 *Should be grown on poor soil*

Dwarf Double Scarlet Ball. See natural color illustration on page 73. An attractive orange scarlet; fine, compact plants covered with double, sweet-scented blossoms; especially suitable for edging, bedding, etc. *New—Packets only* ... Pkts. 50c.

Dwarf Double Golden Ball. See natural color illustration on page 73. A golden yellow companion to our *Scarlet Ball*. Dwarf, compact plants, sweet scented

New—Packets only ... Pkts. 50c. and 30c.

Dwarf Double Golden Globe. A good sort, dwarf compact plants with large, double, sweet scented blossoms.

Packets only ... Pkts. 25c. and 15c.

Dwarf Double Scarlet Globe. The same type and habit as *Golden Globe*. The flowers are rich scarlet.

Packets only ... Pkts. 50c. and 30c.

Dwarf Double Mahogany Gem. Dark mahogany or Wallflower-red, with very dark foliage; large, fragrant.

New—Packets only ... Pkt. (20 seeds) 25c.

Dwarf Double Ruby Gem. Compact, globe-shaped plants, bright ruby color, double, sweet scented free flowering.

New—Packets only ... Pkt. (20 seeds) 25c.

Dwarf Double Globe Mixed. Large, double, sweet-scented flowers on dwarf, compact plants. Fine colors.

$\frac{1}{4}$ lb. \$1.50 Oz. 50c. Pkts. 25c. and 15c.

Dwarf Double Giants Mixed. The largest flowers on globe-shaped plants; splendid mixture of colors.

$\frac{1}{4}$ lb. \$1.75 Oz. 60c. Pkts. 25c. and 15c.

GLEAM TYPE

"Golden Gleam" was the first to be introduced in seed of the double, sweet-scented Nasturtiums, and from which this type receives its name. The plants are semi-dwarf, about 12 to 15 inches, but throw out short runners, although handicapped for this reason when compared with the "Globe type" for garden purposes, they are ideal for large beds if allowed 18 inches between plants and also for pot-culture in greenhouses, the runners being trained on wire supports providing long-stemmed, sweet-scented flowers for cutting. They are also suitable for hanging baskets, etc.

Should be grown on poor soil 

Double Golden Gleam, Reselected. Golden yellow, double and semi-double, sweet-scented blossoms with stems 6 inches long, for cutting. Semi-dwarf plants with short runners. *Hand picked, reselected seed.*

$\frac{1}{4}$ lb. \$1.50 Oz. 50c. Pkts. 25c. and 15c.

Double Golden Gleam, Regular. The regular stock.

$\frac{1}{4}$ lb. \$1.00 Oz. 35c. Pkt. 15c.

Double Scarlet Gleam. Attractive brilliant scarlet flowers.

$\frac{1}{4}$ lb. \$1.00 Oz. 35c. Pkt. 15c.

Double Orange Gleam. Large, glowing golden orange.

$\frac{1}{4}$ lb. \$2.50 Oz. 85c. Pkts. 35c. and 20c.

Double Moon Gleam. Pale golden cream shade.

$\frac{1}{4}$ lb. \$1.50 Oz. 50c. Pkts. 25c. and 15c.

Double Apricot Gleam. Lovely shade, primrose yellow overlaid with soft salmon pink and tinted light apricot.

New—Packets only ... Pkt. (20 seeds) 25c.

Double Salmon Gleam. Rich, deep salmon red shade.

New—Packets only ... Pkt. (20 seeds) 25c.

Double Lemon Gleam. A fine shade of lemon yellow.

New—Packets only ... Pkt. (20 seeds) 25c.

Double Gleam Hybrids (Mixed). All choice colors.

$\frac{1}{4}$ lb. \$1.00 Oz. 35c. Pkt. 15c.

DWARF SINGLE VARIETIES. *Height 12 inches*

Dwarf Yellow	Dwarf Salmon	Dwarf Cerise
Dwarf Rose	Dwarf Crimson	Dwarf Scarlet
Dwarf Mixed		

Any of above, special reselected strains:

Lb. \$3.00 $\frac{1}{4}$ lb. \$1.00 Oz. 35c. Pkt. 15c.

TALL SINGLE NASTURTIUMS (Climbing)

Tall Apricot	Tall Crimson	Tall Yellow
Tall Salmon	Tall Scarlet	Tall Cream
Tall Choice Mixed		

Any of above reselected tall sorts:

Lb. \$2.00 $\frac{1}{4}$ lb. 65c. Oz. 25c. Pkt. 10c.

NEMESIA STRUMOSA SUTTONI *Nem-ee-shi-a*

Greenhouse flowering plant, also for Summer bedding. For greenhouse growing, sow seed in August or September. They thrive best in cool greenhouse without forcing. For Summer bedding, March is the best time.

LARGE-FLOWERED. 1 foot

Pale Yellow	Rose Pink	White
Rich Orange	Crimson	Blue
Cherry Red	Scarlet	Bronze-Pink Shades
Special Mixture		

Any of the above, each ... Pkt. 50c.

DWARF HYBRIDS. 8 inches

Aurora. Bright crimson with white; attractive.

Twilight. Charming blue and white bicolor.

White Gem. Fine in contrast with Blue Gem.

Blue Gem. Very pretty Forget-me-not blue.

Fire King. Brilliant scarlet flowers. The plants are particularly neat in habit. *Choice.*

Any of the above five, each ... Pkt. 50c.

T.T.S.

NEMESIA—Dwarf Hybrid, Blue Gem

NEMOPHILA *Ne-maw-fil-a*

Annual. For the shade. Height 12 inches.

Finest Mixed. All available shades.

Oz. \$1.00 ½ oz. 60c. ¼ oz. 35c. Pkt. 15c.

NEPETA *Nep-e-ta* (Catmint)

Perennial. Small beds and edging and rockeries.

Nervosa. Much superior to *N. mussini*. The flowers **R** are of clear light blue. Height 12 inches. Pkt. 50c.

Mussini. Blue gray foliage, pale mauve flowers. Pkt. 50c.

NICOTIANA *Ni-co-shi-ain-a* (Flowering Tobacco)

Annual. For cutting. Fragrant.

Affinis. Pure white, deliciously fragrant. 3 ft.

Oz. \$1.75 ½ oz. 90c. ¼ oz. 50c. Pkt. 20c

Affinis Hybrids Mixed. Many fine colors. 3 feet.

Oz. \$3.00 ½ oz. \$1.60. ¼ oz. 90c. Pkt. 25c.

Trivett's Delicate Pink. Pale pink or flesh color. Pkt. 50c.

Sanderae. Improved strain with rich crimson flowers. Height 3 feet.

Oz. \$3.00 ½ oz. \$1.60 ¼ oz. 90c. Pkt. 25c.

Trivett's Dwarf Snowflake. Delightfully scented, small white flowers in long sprays; useful cut flower or good pot plant. Height 1½ feet. Pkts. 50c. and 30c.

Trivett's Dwarf Crimson. A splendid bedding variety; rich deep crimson. Height about 1½ feet. Pkts. 50c. and 30c.

NIGELLA *Ni-jell-a* (Love-in-a-mist)

Annual. Beds and cutting. All Summer. Height 1½ feet.

Miss Jekyll Blue. Improved. Lovely Cornflower blue, on long stems; splendid for cutting. Improved strain. (Illustrated).

Miss Jekyll Dark. A deep rich blue selection of the above.

Miss Jekyll White. White companion to above.

Hispanica. Purple blue flowers; good for cutting.

Above four, each: ¼ oz. 75c. Pkts. 30c. and 20c.

NIEREMBERGIA CALYCINA *Nier-em-berg-i-a*

Annual. For hanging baskets, rockeries. Height 1 foot.

Pretty white flowers shaded and veined with lavender. An exceedingly graceful plant for hanging baskets, window boxes, vases, etc. ¼ oz. \$1.75 ½ oz. \$1.00 Pkt. 35c.

NOLANA *No-lay-na*

Annual. For sunny rockeries, etc. Height 6 inches.

Grandiflora. A vigorous growing hardy annual, giving a mass of pale lavender blue, bell-shaped flowers with white throats. Easily grown. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c

Lanceolata. Very showy, low-growing annual of spreading habit with Convolvuluslike flowers of a beautiful sky blue with white center. Pkt. 25c.

NOTHOSCORDUM *Noth-os-cord-um*

Biennial. For rockery or border. Common soil.

Fragrans. The swaying crowns of tiny bells on their 20 inch stems are charming in the rockery or border. The flowers are white with faint tint of lilac pink, and they diffuse a delicate and attractive fragrance. It grows quickly from seed, flowering the first year, and the bulbs may be handled thereafter like *Gladiolus*. Pkt. 50c.

ODONTOSPERMUM *O-don-tos-per-mum*

Greenhouse perennial, pot plant, loam and leafmold.

Sericum grandiflorum. "Flowerbush" from the Canary Islands. The flowers are yellow, 2 to 3 inches across with silvery green foliage, making a choice and uncommon greenhouse plant about 2 feet high. The plants can be wintered the same fashion as *Hydrangeas*. Pkt. (50 seeds) 50c.

118.

NIGELLA—Miss Jekyll Blue (Improved Strain)

OENOTHERA *E-noth-er-a* (Evening-primrose)

Afterglow. Yellow, with brilliant red calyx. Annual. 3 feet. Pkt. 30c.

Clutei. New! This handsome biennial Evening-primrose forms a large rosette of leaves from which it throws up a stout central stalk 4 feet in height, bearing in great profusion large flowers of soft yellow shade. Does not close the petals during the day. Pkt. 50c.

Rosea. Annual for rockeries. Pink. Height 6 in. Pkt. 30c.

Trichocalyx. Another fine, new sort which also does not close its flowers during the day. The plant grows about 15 inches high, bearing a number of blooms of purest white and adorned with beautiful golden anthers. Biennial. Pkt. 50c.

OMPHALODES *Om-fa-low-des*

Perennial. For rockery, etc. Height 6 inches. Common soil.

Luciliae. Very choice perennial of dwarf habit for rockeries. Likes half shady position. Soft blue flowers, glaucous foliage. **R** Height 6 inches. Pkt. 50c.

OSTROWSKIA *Os-troe-ski-a*

Perennial. For herbaceous border. Rich soil.

Magnifica. A beautiful plant with immense pale blue flowers growing about 4 feet high; a grand plant for the perennial border. Pkt. 75c.

OXALIS *Ox-al-is*

Rosea. Annual. Bright pink, suitable for pots, hanging baskets, etc. Seed sown indoors in March will bloom in May. Height 6 inches. Pkt. 50c.

Tropaeoloides (Corniculata). Perennial. Yellow flowers and purple brown foliage. Height 3 inches. Excellent for rockery, old walls, etc. Pkt. 25c.

PANCRATIUM *Pan-cray-shi-um*

Biennial. For greenhouse or outdoors. Mixed soil.

Maritimum. "Sea Daffodil," attractive pure white, oddly shaped. Daffodil-like flowers carried in clusters of 5 to 10 on 2-foot stems. Thrives in sandy soil and direct sunlight, also grows satisfactorily under glass. Delightfully perfumed. Pkt. 50c.

ITEMS MARKED THUS **R** ARE SUITABLE FOR ROCKERIES, EDGING, ETC.

TRIVETT'S MODERN PANSIES

TREATED ⊕ SEED

Our collection of choice Pansies has long been recognized as one of the finest in existence; most types are represented. The name Pansies is derived from the French word *Pensées* (thoughts). The botanical name is *Viola tricolor*; common names are Love-in-Idleness, Heartsease, Kiss-me, etc. The modern, improved Pansies offered by us run in strains or families, and are maintained at highest grade by the best cultivation and careful, continuous selection, otherwise the strains would soon run down.

Pansies should be treated as biennials. The seed should be sown during July-August in a coldframe or indoors and may be wintered in a frame or in the garden with light protection.

Pansy seed does not germinate well in a temperature over 75 degrees.

GIANT NAMED VARIETIES

Saved from the largest blooms and choicest colors.

Trivett's Giant Golden Yellow. A gigantic Pansy, golden yellow with dark brown blotches. The blossoms measure about 3½ inches across. Strong, bushy plants. Splendid foliage.

Trivett's Giant Violet Blue. A magnificent sort, immense flowers up to 4 inches across borne on sturdy stalks 4 to 5 inches long; healthy, vigorous plants.

Trivett's Giant Crimson and Gold. A very attractive Pansy. The large blossom often measures 3½ to 4 inches across; beautiful combination of crimson and gold.

Trivett's Giant Ullswater Blue. A greatly improved "Ullswater" or "Thuner Sea." 3 inches in diameter, 5 inch stalks. Clear blue with dark blue center blotches.

Trivett's Giant Pearl. Almost white with three large blue blotches in center, about 2½ inches in diameter. Provides good contrast for dark sorts.

Trivett's Giant Pure Yellow. A pure deep yellow Pansy of great attractiveness. The flowers measure from 2½ to 3 inches in diameter; healthy, vigorous plants.

Price: Each of the above Giants:

¼ oz. \$7.50 ⅛ oz. \$4.00 Pkts. \$1.50 and 75c.

Trivett's Giant Royal Blue. A true blue Giant, has measured 3½ inches across, with strong stalks 5 inches long; richest, deep Cornflower blue color.

(In packets only) Pkts. \$1.75 and \$1.00

Mixture, Trivett's Giant Pansies. See opposite page.

ROGLLI SWISS GIANTS

Roggli Fire Beacon. Unique coloring, rich Indian red or Wallflower red washed with tints of orange and cardinal or Tomato red. The face is three large, dark blotches.

Roggli Thuner Sea. "Lake of Thun." A beautiful blue Pansy with a center face of dark blue.

Roggli Pure Yellow. Large charming pure yellow.

Roggli Golden Yellow. Deep yellow with dark blotches.

Roggli Alpenglöw. Large, velvety dark rich scarlet.

Roggli Silver White. With dark blue blotches.

Roggli Mrs. Colijn. Rich ruby and wine shades.

Roggli Purple Violet. Rich color, velvety purple violet.

Price: Each of the above Roggli Sorts:

¼ oz. \$5.00 ⅛ oz. \$2.75 Pkts. 75c. and 50c.

Mixture, Roggli Swiss Giants. See opposite page.

STEELE'S OREGON GIANTS

Originator's Saved Seed

Steele's Golden Gate. Golden yellow with dark center.

Steele's Mile. Irene. Henna red, very attractive sort.

Steele's Grand Duke Michel. Largest pure white.

Steele's Mastodon Adonis. Charming light blue shades.

Steele's Bronze. Beautiful blending of bronze shades.

Madam Steele. Rich purple self, very large.

Price: Each of the above Steele's varieties:

¼ oz. \$4.00 ⅛ oz. \$2.25 Pkts. 75c. and 50c.

For Mixture of Pansies, see opposite page.

"Your Pansies have always given us entire satisfaction and are the best I have grown."

MR. J. WOODGER

Supt.-Head Gardener to WALTER P. CHRYSLER, Esq.

Orange. Golden tint

Madam Perret. Wine.

Cornflower Blue

Peacock. Blue with crimson edged white

Pkts. 35c. and 20c.

MIXTURES OF PANSIES

Attractive, Gorgeous Colors in Mixtures

We blend all our mixtures from seed of the separate, named varieties. They are not grown as mixtures which results in the loss of pure colors and strains by recrossing by insects, and a general deterioration of type, size and color.

Trivett's New Giants. Included in this choice mixture are *Trivett's Giant Varieties, Scotch Fancy Exhibition, Engelmann's Prize, Roggli Swiss Giants, etc.* The finest mixture of Giant Pansies and gorgeous colors procurable.

¼ oz. \$6.75 ⅛ oz. \$3.75 1/16 oz. \$2.00 Pkts. \$1.25 and 75c.

Trivett's Maple Leaf Giants. An improved strain of this superb and distinct type. The blossoms are immense and when grown on rich soil measure between 3 and 4 inches across; of heavy, velvety substance and borne on long, sturdy stems; very showy and useful for cutting. The plants are vigorous, healthy growers and the heavy, distinct foliage covers the ground.

¼ oz. \$5.50 ⅛ oz. \$3.00 1/16 oz. \$1.75 Pkts. \$1.00 and 50c.

Trivett's Gold Medal Mixed. This is our most popular mixture and the demand increases each year. We blend this mixture from a collection of many choice strains; in other words a little of everything really good.

Oz. \$14.00 ¼ oz. \$3.75 ⅛ oz. \$2.00 Pkts. 75c. and 50c.

Trivett's Special Monstrous Mixed. A fine mixture containing a proportion of the Giant Fancy Sorts blended with the solid color varieties.

Oz. \$10.00 ¼ oz. \$2.75 ⅛ oz. \$1.50 Pkts. 50c. and 30c.

Trivett's Giant-flowered Mixed. A mixture of the *Effective Bedding Varieties* listed on opposite page (*not Fancy*). The blooms are not so large as those listed above, but are ideal for general bedding, massing, edging, etc. giving a well-balanced proportion of *light and dark blue, yellow, white, bronze, red, violet, etc.*

Oz. \$6.00 ¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 35c. and 20c.

Trivett's Spring Bedding Mixed. This is a mixture of the earliest blooming varieties; large flowers in clear, plain colors. *Yellow, white, blue in different shades, purple, wine color, etc.* Listed on opposite page.

Oz. \$6.00 ¼ oz. \$1.75 ⅛ oz. \$1.00 Pkts. 35c. and 20c.

NOVELTY MIXTURES

Trivett's Doublelike Giants. *For cutting and pots, etc.* A unique strain, having large, waved and twisted petals. The flowers measure about 3 inches across, with long, stout stems; good range of colors.

(Packets only) ... Pkts. \$1.25 and 75c.

Trivett's Summer Blooming. A strain of vigorous growing, Summer-flowering Pansies in good mixture. If given a semi-shady position and good soil the plants will grow about 1 foot high, providing a splendid display of large, long-stemmed Pansies for cutting. Sow the seed during February-March.

(Packets only) ... Pkts. \$1.25 and 75c.

Engelmann's Giant Prize Mixed. Giant Scotch and English Fancy Exhibition Pansies, in a splendid range of beautiful colors. *Originator's seed.*

¼ oz. \$7.50 ⅛ oz. \$4.00 Pkts. \$1.50 and 75c.

Sweet-scented Giant Mixed. A remarkable strain of fragrant Pansies of large size. The delightful fragrance increases as the flowers age. ... ¼ oz. \$6.75 ⅛ oz. \$3.75 Pkts. \$1.00 and 75c.

Roggli Swiss Giants. (Improved Strain.) Immense flowers, rich, attractive colors, *Indian Red, Tomato Red, Orange, Gold, Yellow Blue, Purple, etc.,* all with large blotches.

¼ oz. \$3.75 ⅛ oz. \$2.00 Pkts. 75c. and 50c.

T.T.S. TRIVETT'S DOUBLE-LIKE PANSY
Resembles a double Nasturtium (See Novelty Mixture)

GREENHOUSE FORCING PANSIES

Tall Winter Forcing Mixed. *Pollenized by hand.* These remarkable Pansies can be grown 3 feet high by supporting as for Carnations. Large, beautiful blooms on 12-inch stems; fine rich colors. Seed sown in July-August and benched in October will bloom from December throughout the Winter. ... Pkt. (100 seeds) \$2.00

Ihms Mixed. A superb strain. Enormous flowers on long, stout stems, in splendid rich colors. *These wonderful Connecticut grown Pansies are much sought after by the better New York florists during the Winter months.* ... Pkt. \$2.00

Celestial Queen. Growing about 8 inches high; not the same as our "Tall Winter Forcing." Sky blue color.

Winter Sun. Golden yellow with black center.

White Wonder | **Lavender Wonder** | **Yellow Wonder**
Each ... ¼ oz. \$2.75 Pkts. 50c. and 30c.

BABY PANSIES

(Fine Rock Garden Subjects)

Some may consider these are Violas, which they resemble, but they were derived from Pansies and should be classified as Pansies.

Mrs. A. H. Scott. A lovely baby Pansy, only 3 inches high. Color formation the same as the large Pansy "Lord Beaconsfield"—the lower part is rich violet blue and the upper part pale blue, almost white. A gem for the rock garden, edging, etc.

⅛ oz. \$4.00 Pkts. \$1.50 and 75c.

Baby[Delight. A charming little Pansy, lovely light blue with baby face blotches in center. Unique, about 3 inches high.

⅛ oz. \$4.00 Pkts. \$1.50 and 75c.

Baby Mixed. A fine mixture of Baby Pansies. Height 3 to 4 inches; valuable for rockeries, edging, etc.

⅛ oz. \$2.75 Pkts. 75c. and 50c.

T.T.S. BABY PANSY—Mrs. A. H. Scott

TUFTED PANSIES. See Violas.

TRIVETT'S SUPERB PETUNIAS *Pee-teu-ni-ah*

Easily Grown—Fragrant—Showy Annuals—Free Flowering All Summer

A leading specialty, our collection of high grade Petunias is one of the most extensive in existence. Our stocks are kept pure and of the highest quality by expert growers who specialize in this flower. Much human care and labor is involved in the seed production. Some types are grown in muslin houses, while others, being very shy seeders must be hand pollinated for the seed. Such varieties are necessarily very costly.

Petunias should have a sunny position, ordinary soil, not rich. Rich or acid soil and too much water will affect the given height and also the color. Start the seed under cover during February-March in a temperature of 60 degrees.

GROUP 1—EXTRA DWARF

Height 6 to 10 inches. Plain edged, small or medium sized flowers in profusion on dwarf, compact, ball-shaped plants. Valuable for edging, bedding, mass planting, rockeries, etc.

Trivett's Snowdrift. Dwarf spreading plants about 9 inches high, smothered with white flowers 2 inches across.

1/8 oz. \$3.50 Pkts. 75c., 50c. and 30c.

Trivett's Red Star. Bushy, compact plants, about 10 inches high. Rosy red with large, white star in center.

1/8 oz. \$4.50 Pkts. 75c., 50c. and 30c.

Trivett's Blue Star. Small, dainty flowers on bushy plants, 10 inches high. Blue with large white center star.

1/8 oz. \$4.50 Pkts. 75c., 50c. and 30c.

Trivett's Baby Violet. Miniature, ball-shaped plants only 8 inches high. Small flowers of soft violet with white throat.

—New— Pkts. 75c., 50c. and 30c.

Rose Gem. Very dwarf, about 6 inches. Rich, deep rose color.

—New— Pkts. 75c., 50c. and 30c.

Pink Gem. Fine true pink, dwarf, compact plants, 6 inches high.

1/4 oz. \$1.75 Pkts. 50c., 30c. and 20c.

Extra Dwarf Mixed. Good mixture.

1/4 oz. \$1.75 Pkts. 50c., 30c. and 20c.

GROUP 2—DWARF BEDDING PETUNIAS

Height 12 to 15 inches, single, plain edged. Medium sized flowers on bushy, erect plants. An ideal type for bedding, edging, and general garden display.

Trivett's Rose of Heaven. A superior strain; dwarf, bushy plants about 12 inches high and covered with a profusion of lovely rose pink flowers; looks charming edged with our *Blue Cap Ageratum* or *Little Gem Alyssum*.

1/4 oz. \$2.50 Pkts. 75c., 50c. and 30c.

Trivett's Snow Queen. Height 12 inches, good sized, white flowers on bushy plants.

1/4 oz. \$2.00 Pkts. 75c., 50c. and 30c.

Trivett's Light Blue. Reselected strain. The best pale blue obtainable. Height 12 inches.

1/4 oz. \$3.50 Pkts. 75c., 50c. and 30c.

Trivett's Mid-Blue. A good shade between light and dark blue. Height 12 inches.

1/4 oz. \$2.00 Pkts. 75c., 50c. and 30c.

Trivett's Periwinkle Blue. Same shade as the Perennial Vinca (Periwinkle). 12 inches.

1/4 oz. \$2.50 Pkts. 75c., 50c. and 30c.

Trivett's Dark Blue. Deep, rich violet blue, good size. About 15 inches.

1/4 oz. \$2.00 Pkts. 75c., 50c. and 30c.

Trivett's Lilac Beauty. A soft shade of pale, silvery lilac blue.

1/4 oz. \$3.00 Pkts. 75c., 50c. and 30c.

Trivett's Cockatoo. Large, center star of violet blue, each petal blotched white. 14 inches.

1/4 oz. \$3.75 Pkts. 75c., 50c. and 30c.

Trivett's Northern Star. Very attractive, white star on blue ground. 12 inches.

1/4 oz. \$3.75 Pkts. 75c., 50c. and 30c.

Trivett's Dwarf Rosy Morn. Improved, dwarf strain, bright rosy pink. 12 inches.

—New— Pkts. 75c. and 50c.

Trivett's Dwarf Crimson. Dark velvety blood red. Height about 12 inches.

—New— Pkts. 75c. and 50c.

Trivett's Dwarf Bedding Mixed. Blended from the seed of the above named varieties. Height 12 to 15 inches.

1/4 oz. \$2.00 Pkts. 75c., 50c. and 30c.

"The Annuals from your seed have made a splendid display in our gardens this Summer. The different types of Petunias were outstanding."
MR. R. G. SIMPSON, Supt.-Head Gardener to GEO. T. BOWDOIN, Esq.

T.T.S. A Typical Plant of TRIVETT'S DWARF BEDDING PETUNIA—"Light Blue" (Group 2)

GROUP 3—TALL BEDDING PETUNIAS

Height, 15 to 18 inches, single, plain edged. Branching, spreading plants, especially suitable for planting between shrubs, etc., in groups in the perennial border, in the center of beds and anywhere a little height and spreading effect is desirable.

Trivett's Blue Gem. Medium sized flowers; clear, true blue. Height 15 inches.

1/4 oz. \$2.00 Pkts. 50c., 30c. and 20c.

Trivett's Violet Bedder. Medium flowers, deep violet blue. Height 16 inches.

1/4 oz. \$1.75 Pkts. 50c., 30c. and 20c.

Trivett's Crimson Bedder. Rich dark red, medium size. Height 16 inches.

1/4 oz. \$1.50 Pkts. 50c., 30c. and 20c.

Trivett's White Bedder. Medium size, pure white flowers. Height 18 inches.

1/4 oz. \$1.50 Pkts. 50c., 30c. and 20c.

Flaming Velvet. Brilliant rich, velvety crimson or blood red. Height 18 inches.

1/4 oz. \$3.00 Pkts. 75c., 50c. and 30c.

Rosy Morn, Improved. Special strain, brilliant rose pink, white throat. Height 15 inches.

1/4 oz. \$3.50 Pkts. 75c., 50c. and 30c.

Blue Bee, Reselected. Blue, like "*Viola Jersey Gem*." Height 16 inches.

1/4 oz. \$1.50 Pkts. 50c., 30c. and 20c.

Howard's Star, Reselected. Velvety dark purple with large white star. Height 18 inches.

1/4 oz. \$2.00 Pkts. 50c., 30c. and 20c.

Trivett's Tall Bedding Mixed. All the above named sort mixed. Height 15 to 18 inches.

1/4 oz. \$2.00 Pkts. 50c., 30c. and 20c.

GROUP 4—BALCONY TYPE (Townhall Strain)

Height 15 to 18 inches, good size, plain edges. This strain branches from the ground and is admirably suited for balconies, window boxes, outdoor vases, hanging baskets, flower borders and where informal, spreading or branching effects are desired.

Especially Fine Blues in This Group

Balcony Townhall Blue
Balcony Townhall White
Balcony Townhall Pink
Balcony Townhall Crimson
Balcony Townhall Royal
Like reddish purple plush.
Balcony Townhall Steel Blue

Balcony Townhall Cornflower Blue
Balcony Townhall Coppery Rose
Balcony Townhall Star. Violet star with white blotches.
Balcony Townhall Mixed

Price: Above Balcony sorts, each:
1/4 oz. \$4.50 Pkts. 75c., 50c. and 30c.

PETUNIAS (Continued)

➔ For the Monstrous Flowering, Single and Double, see following pages

"I wish you to know I have been more than pleased with your Petunias; your strains of the large Fancy Fringed and Ruffled varieties are the best I have ever grown, and they have made a fine show this year."

MR. J. WOODGER
Supt.-Head Gardener to WALTER P. CHRYSLER, Esq.

"We have tried many times the so-called Double seed from different sources without success, but, during the past two years our gardens have been full of big, double, fragrant Petunias grown from your 'All Double' varieties."

MR. FRED LEWIS
Supt.-Head Gardener to MRS. WINSTON HAGEN

GROUP 5—DWARF LARGE-FLOWERED

Height 10 to 12 inches. Plain edged flowers similar in habit to our Dwarf Bedding sorts (Group 2) but having much larger flowers, making a veritable cloud of blossoms. Uses, the same as Group 2.

Trivett's White Cloud. The best dwarf, large, plain edged pure white Petunia; compact, bushy plants about 12 inches high. The flowers measure about 3 inches across.

In packets only Pkts. \$1.25 and 75c.

Trivett's Pink Cloud. A fine companion to our "White Cloud"—same habit. The color is a beautiful shade of clear true pink.

In packets only Pkts. \$1.25 and 75c.

Trivett's Violet Cloud. Charming shade of violet blue with a silvery white edging around the petals. Height about 12 inches.

In packets only Pkts. \$1.25 and 75c.

Trivett's Crimson Cloud. Rich, deep crimson red with white center. Very nice edged with dwarf yellow Phlox. Height about 12 inches. *In packets only* Pkts. \$1.25 and 75c.

Trivett's Cloud Mixture. A mixture of the above sorts.

In packets only Pkts. \$1.25 and 75c.

GROUP 6—TALL LARGE-FLOWERED

Height 18 inches up. Plain edged flowers. Similar in habit of growth to our Tall Bedding (Group 3), but the flowers are very much larger. Purposes same as Group 3.

Royal Scarlet. Attractive brilliant scarlet. Height 15 inches.

—New— Pkts. \$1.50 and 75c.

Royal White. A fine, large flowering pure white Petunia.

Royal Lavender. An unusual and charming pale lavender shade.

Royal Dark Rose. A Strawberry rose shade, rosy red.

Royal Violet. Large-flowered, rich, dark violet blue; choice.

Royal Purple. A true, rich velvety purple; large blooms.

Royal Mixed. A mixture of the above choice kinds.

Price: The above sorts except "Royal Scarlet":

1/16 oz. \$4.50 Pkts. \$1.00 and 50c.

GROUP 7—DWARF LARGE-FRINGED

Height 10 to 14 inches. Fringed and frilled edges. A charming, high class type with large blossoms the edges of which are beautifully fringed or lacinated, resembling the finest lace. Ideal for beds, borders, outdoor vases, pots and any purpose for which Petunias may be used. Hand pollinized.

Trivett's White Lace. *Illustrated.* Beautifully fringed, pure white blossoms about 2½ inches across. Height 12 inches. Very choice.

Trivett's Shell Pink Fringed. A charming shade of pale pink, nicely fringed. Height 12 inches. Very desirable.

Trivett's Setting Sun (Rose Pink Fringed.) Brilliant rose pink, fringed flowers about 3 inches across. Height 12 inches.

Trivett's Yellow Fringed. Soft creamy yellow; makes a fine contrast to "Trivett's Crimson Fringed" or "Trivett's Silver Blue Fringed." Height 14 inches.

Trivett's Lilac Fringed. A pleasing shade of soft lilac. Height about 10 inches. Large, well fringed.

Trivett's Silver Blue Fringed. Delicate, soft silvery blue, nicely fringed. Height 10 inches. Profuse bloomer.

Trivett's Crimson Fringed. A dark crimson companion to our white or yellow. 12 inches high.

Trivett's Dwarf Fringed Mixed. A fine mixture of fringed sorts. Height 12 inches.

Price: Each of the above Fringed Sorts:

In packets only Pkts. \$1.25 and 75c.

Note—For Tall Large Fringed Sorts, see next page

Dainty Lady. Medium size, delicate yellow fringed flowers. Semi-dwarf, about 15 inches. Pkts. \$1.25 and 75c.

Martha Washington. Only about 9 inches high and smothered with medium sized, fringed and ruffled flowers. Wine red with dark throat. 1/16 oz. \$4.50 Pkts. 75c. and 50c.

GROUP 8—DWARF RUFFLED SORTS

Height 12 inches. Waved and ruffled edges.

(Improved Giants of California)

These differ from Group 7, principally in the formation of the blossoms; instead of being finely fringed they are waved and ruffled. They may be used for similar purposes.

Dwarf Ruffled Rose. Deep pink veined with red. 5½ inches across.

Dwarf Ruffled Crimson. Flowers 5½ inches across; dark throat.

Dwarf Ruffled Scarlet. 4½ inches across, splashed with white.

Dwarf Ruffled Pink. Large, ruffled blush pink, softly tinted deeper pink.

Dwarf Ruffled White. The largest and best dwarf white.

Dwarf Ruffled Mixed.

Price: Each, above six:

Pkts. \$1.25 and 75c.

Note—For Tall Ruffled Monsters, see next page.

Trivett's Ruffled Gem. Only about 8 inches high and covered with medium sized flowers; blush pink with dark red center. Pkt. 75c.

Dwarf Giants of California Mixed (Improved). Large, ruffled flower on dwarf plants. Choice colors mixed.

1/32 oz. \$4.50 Pkts. \$1.25 and 75c.

PETUNIA—Trivett's Large Steel Blue (Group 9)
 Big, deep throated, smooth or plain edged

T.T.S.

PETUNIA—Trivett's Single Ruffled Monsters (Group 10)

Four pages of PETUNIAS

Continued from Previous Pages

These gorgeous Petunias love our American climate and produce an abundance of bloom throughout the Summer. They should be given a sunny position. The large flowered Single and Double sorts are extremely useful for special group plantings in the garden and for vases, window boxes and as pot plants. As it is usual for "Hybrids" to throw some "off colors" a reserve should be held for replacing.

GROUP 9

BIG, DEEP THROATED

(Single, Plain Edged)

Height 18 inches and over.

Seed very scarce and costly.

Trivett's Large White. Pure white, large flowers.

Trivett's Large Crimson. Deep, rich crimson, dark throat.

Trivett's Large Rose. Dark rose, enormous flowers.

Trivett's Large Green Edged. Reddish purple veined and edged with green; odd and attractive.

Trivett's Large Purple. Rich, dark velvety blue purple edged with silver.

Trivett's Large Steel Blue. Light blue veined with deep blue.

Trivett's Large Silver Lilac. Lovely, soft silvery lilac.

Trivett's Large Choice Mixed. Large, plain edged, mixed.

Each: Above Large Singles

Pkts. \$1.25 and 75c.

Diener's Pink Glory. (Improved.) Immense blossoms of flaming clear rose pink without a trace of purple. Slightly ruffled.

Pkts. \$1.25 and 75c.

GROUP 10

SINGLE RUFFLED MONSTERS

Height 20 inches and over. Immense, single flowers with ruffled and fringed edges.

Seed very scarce and costly.

Trivett's King George. (New.) Charming shade of pink with rosy red veins. Deep, dark throat, large, frilled flowers.

Trivett's Yellow Throated. Superb, dark mauve with large yellow throat and black center.

Trivett's Silver Rose. A big, ruffled sort with silver pink flowers flushed with rosy red.

Trivett's Violet Blue. Deep violet blue with velvety black throat.

Trivett's Salmon. An attractive light salmon, shaded with deeper salmon.

Trivett's Empress. Extra large, fringed flowers of lilac blue veined with dark blue.

Trivett's Floretta. Large blossoms, nicely ruffled edges. The color is clear steel blue veined with dark blue.

Trivett's Theodosia. Magnificent frilled and ruffled flowers of good size. Pure rose pink with golden throat. *Very choice.*

King Alphonso. Large, boldly waved and fringed flowers of very dark crimson, deepening to black in the throat.

Each of above nine . . . Pkts. \$1.50 and \$1.00

Giant Ruffled White. Large, single white with cream throat.

Giant Ruffled Copper. Superb shade of copper red. Single, fringed.

Giant Ruffled Old Rose. Large, fringed.

Diener's Ruffled Monsters Mixed. Immense flowers in beautiful colors.

Each of above four: . . . Pkts. \$1.25 and 75c.

Giant Ruffled Single Mixed.

Pkts. \$1.00, 75c. and 50c.

TRIVETT'S DOUBLE PETUNIAS

Seeds of high class, double-flowering Petunias are exceedingly scarce and valuable.

The All-Double or 100 per cent Double Flowering Strain is a recent accomplishment.

A tremendous amount of human care, special culture, and hand pollinization is required to produce a few ounces of seed and actually worth between \$200.00 and \$300.00 per ounce at wholesale.

GROUP 11—TRIVETT'S PEONY FLOWERED

All Double or 100 Per Cent Double Flowering

Height 10 to 14 inches, with large, double flowers measuring 4 to 5 inches across. The petals are waved and ruffled, *see illustration*. They are especially desirable for outdoor vases, special group of specimen planting, rockeries, and very valuable as pot plants.

White, Rose, Pink, Purple and Mixed.

Price: Each Pkts. \$2.50 and \$1.25

GROUP 12—TRIVETT'S DOUBLE FRINGED

All Double or 100 Per Cent Double Flowering

Height 15 to 18 inches. Mammoth double, finely fringed flowers measuring 4 to 6 inches in diameter; like ball of colored lace.

White, Heliotrope, Salmon, Crimson, Rose and Trivett's Double Fringed Superb Mixed.

Price: Each Pkts. \$2.50 and \$1.25

GROUP 13—ALL DOUBLE JAPANESE

100 Per Cent Double Flowers—Originator's Seed

The finest strain in existence of large, all double fringed Petunias; dwarf, compact plants, 10 to 12 inches high. Very high class for bedding, mass planting, special groups, rockeries and superb as pot plants. *See illustration.*

Victorious Dwarf White

Victorious Dwarf Pink

Victorious Dwarf Red

Victorious Dwarf Purple

Victorious Dwarf Mixed

Price: Each Pkts. \$3.50 and \$2.00

T.T.S.

Petunia—Trivett's Double Peony Flowered (Group 11)

GROUP 14—TALL CARNATION FLOWERED

All Double

Height about 16 inches. The flowers are not so large as the other double sorts, but are very unusual and attractive. About the size and formation of a Carnation. The plants are very free flowering.

Tall Carnation Flowered Mixed. Fine colors mixed. Pkt. \$1.50

GROUP 15—DWARF CARNATION FLOWERED

All Double

Identical to the Tall strain, except that the plants are dwarf, 12 to 13 inches high, and are of more branching habit.

Dwarf Carnation Flowered Mixed. Superb for any purpose that Petunias are used for, and an ideal pot plant. Pkt. \$1.50

GROUP 16

MISCELLANEOUS PETUNIA SPECIES

Trivett's Azalea Flowered. Small, sweet-scented, double white flowers on plants about 14 inches high. Produces about 35 per cent double flowers. Pkt. 75c.

Trivett's White Swan. Unique, long, narrow white tubes; single; resembling "Nicotiana" flowers. Pkt. 25c.

Inflata Sapphire. Ideal for hanging baskets, outdoor vases, balconies, etc. Pretty, small sapphire blue single flowers. Pkt. 35c.

Parviflora. A creeping Petunia, quite distinct, numerous, tiny, single, orchid pink blossoms about 1 1/4 inches across and small foliage. Valuable for rockeries, window boxes, etc. Pkt. 50c.

Trivett's Double Rosy Gem. Small, double flowers, brilliant rose pink, for bedding, edging, etc. Height 12 inches. About 50 per cent double. Pkt. 50c.

Trivett's Double White Pearl. Charming little plants covered with small, double white flowers. Height 10 inches. About 50 per cent double. Pkt. 50c.

T.T.S.

PETUNIA, All Double Japanese (Group 13)—"Victorious Dwf. White"

Without doubt the highest achievement in Double Petunias, for all purposes. A superb florists pot plant.

TRIVETT'S PENTSTEMONS

Perennial Pent-stem-on (Beard Tongue)

High Class, Reselected Strains

Grown for us in Scotland and England

Pentstemons are beautiful and uncommon flowers and are coming into favor. They are easy to flower from a Spring sowing. Similar to Antirrhinums. Blooms June-August. They are ideal subjects for the flower border and for cutting. The large flowered sorts can be successfully forced in a cool greenhouse.

LARGE-FLOWERED

Edinburgh Castle. *New.* Choice sort, large, bell-shaped flowers; lovely, soft scarlet with white throat. Height 2½ feet. Pkts. 75c. and 50c.

Sutton's Pink Shades. A charming combination of delicate tints of pink. 2 feet. Pkts. 60c.

Crystal Palace White. A splendid, large, pure white variety. Height 2½ feet. Pkts. 50c. and 30c.

Southgate Gem. Rich rosy scarlet. Height 2 feet. Pkts. 50c. and 30c.

Trivett's Large Flowered Mixed. Lovely Gloxinialike flowers produced on long spikes. Good range of charming colors and tints. Height 2 feet. *Illustrated.* Pkts. 75c., 50c. and 30c.

PENTSTEMON GLABER

A splendid type for bedding or massing in a sunny position. Compact habit, about 15 inches high and densely covered spikes. Hardy perennial.

Glaber, Sutton's Light Blue Shades. Pkt. 60c.

Glaber, Sutton's Rose Pink Shades. Pkt. 60c.

Glaber, Sutton's Hybrids. Fine mixed colors. Pkt. 60c.

Heterophyllus, Trivett's Dwarf Blue. Lovely species, bright rich blue, tinted with violet. Height 1½ feet. Pkts. 50c. and 30c.

Spectabilis, Trivett's Tall Blue. Grand for the back of perennial borders; charming shade of rich blue. Height 4 feet. Pkts. 75c. and 50c.

Pubescens, Trivett's Blue Gem. A gem for the rock garden. Clear blue with white lower lip. Height 6 inches. Pkts. 50c. and 30c.

Barbatus torreyi. See **Chelone.**

PENTSTEMON T.T.S.

Trivett's Large-Flowered Mixed

PARNASSIA *Grass of Parnassus.* Perennial. For rockery. Height 6 inches.

Palustris. Elegant dwarf plant for damp places. Masses of white flowers. Pkt. 50c.

PELARGONIUM (*Greenhouse Geranium*)
Pel-ar-go-ni-um

All Sorts Mixed. Some very choice seedlings can be raised from this seed. Pkt. (10 seeds) 75c.

PERILLA *Per-ill-a*

Annual. Ornamental, for beds. 2 feet.

Nankinensis. Dark bronzy foliage, for beds. Resembles Coleus. Very effective. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

PHACELIA *Fa-sel-li-ah*

Annual. For edging and cutting.

Viscida. A lovely variety with brilliant deep blue flowers, pale blue throat. Attractively spotted. Height about 1 foot. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

Campanularia. Blue, bell flowers. Fine for edging. Height 9 inches. Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

Tanacetifolia. Large, compact heads of pale mauve flowers, valuable for bees. 1½ feet. Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

PHASEOLUS *Fa-see-o-lus*

Perennial Climber. Cool greenhouse walls, and in warm, tropical climate.

Caracalla (The Snailflower). *Illustrated.* Very fragrant. At first the flowers are white, then yellow, and finally a reddish violet color. A real flowering wonder of eccentric form and very sweet scented. Pkt. (10 seeds) 30c.

T.T.S.

POTENTILLA warrensi (See page 89)

PHYSALIS (*Chinese Lantern*)

Fis-al-is

Perennial. Ornamental. Height 2 feet.

Bunyardi. Striking hybrid, glowing red. Pkt. 25c.

Francheti. Orange scarlet, lanternlike fruit. Very decorative. ¼ oz. \$1.50 ⅛ oz. 85c. Pkt. 25c.

PHYSOSTEGIA (*False-dragonhead*)

Fis-o-stee-ji-a

Perennial. 3 feet. Blooms in July-August.

Virginica. Pink. For cutting.

¼ oz. \$1.50 ⅛ oz. 85c. Pkt. 25c.

PINKS. See **Dianthus.**

T.T.S.

PHASEOLUS - Caracalla

PHLOX DRUMMONDI

Phlox (flox) meaning a flame, with reference to the brilliancy of the flowers, North America, 1725—*Drummondii*, named after Drummond, a famous explorer, Texas, 1835.

T T S

PHLOX DRUMMONDI—TRIVETT'S ART SHADES
Easily Grown Annuals, High-class Reselected Strains, Grown for us in Italy

TRIVETT'S IMPROVED TALL SORTS

Annual. For cutting and display. About 15 inches.

- Tall Large Strawberry Pink.** Charming, rich color with a distinct white center.
- Tall Large Violet Blue.** With an attractive white eye in the center of each floret.
- Tall Large White.** Fine large heads of snowy white blossoms.
- Tall Large Yellow.** Buff yellow or straw color.
- Tall Large Salmon.** Charming shade or rich salmon pink.
- Tall Large Pink.** A clear, true pink.
- Tall Large Scarlet.** This is the brightest of all the annual Phlox.
- Tall Large Crimson.** Deep rich red.
- Tall Large Brilliant Rose.** Attractive bright rose with lighter edge and deep red center eye.
- Tall Large Lilac.** Light mauve.
- Tall Large Mixed.** We use all of the above reselected choice colors in making this mixture.

Any of above colors and Mixed:

Oz. \$5.00 ¼ oz. \$1.50 Pkts. 50c. and 30c.

Tall Mixed. *Regular stock.* Oz. \$2.50 ¼ oz. 75c. Pkt. 15c.

Trivett's Fragrant White. Sweet-scented, pure white Phlox, growing about 1½ feet high. Try this charming sort as a pot plant in the cool greenhouse. If sown in September will bloom by Easter. For outdoors sow in January-February. 5 pkts. \$3.50 Pkt. 75c.

Hortensia, Mixed. Height 9 inches. A splendid strain of Phlox drummondii, large umbels of bloom. For edging, bedding and garden display. Pkts. 50c. and 30c.

Star Finest Mixed. Star shaped and fantastically fringed petals, Many shades and colors. Height about 1 foot. (Annual).
Oz. \$3.00 ¼ oz. \$1.00 Pkts. 25c. and 15c.

Perennial Phlox, Tall Choice Mixed. Seed germinates slowly.
¼ oz. \$2.50 ⅛ oz. \$1.50 Pkts. 50c. and 30c.

TRIVETT'S IMPROVED DWARF PHLOX

Annual. For edging and bedding. Height about 6 inches.

- Dwarf Light Red.** Attractive shade of vermilion or light red.
- Dwarf Pale Salmon.** A lovely shade of light, soft salmon pink.
- Dwarf Rose Pink.** A good clear rosy pink.
- Dwarf Yellow.** Buff yellow or straw yellow, nice for contrast.
- Dwarf Light Lilac.** Nice shade of light pinkish mauve.
- Dwarf Orange Pink.** Charming color, one of the best.
- Dwarf Pure White.** Large heads of pure snowy white blossoms.
- Dwarf Crimson.** Deep rich crimson red. Good color.
- Dwarf Blue Shades.** Produced charming shades of blue.
- Dwarf Scarlet.** Very brilliant scarlet red, the brightest and best.
- Dwarf Choice Mixed.** We included in this mixture all of our choice colors listed above.

Any of the above Dwarf Sorts and Mixed:

Oz. \$5.00 ¼ oz. \$1.75 Pkts. 50c. and 30c.

Dwarf Mixed. *Regular stock.*

Oz. \$4.00 ¼ oz. \$1.25 Pkts. 25c. and 15c.

Trivett's Art Shades

A splendid strain of Phlox drummondii about 9 inches high. The florets are large and the color range is exceptionally good, including the most lovely pastel shades.

Ideal for edging, bedding, mass planting and garden display.

Oz. \$5.00 ¼ oz. \$1.50 Pkts. 50c. and 30c.

Mauve Beauty. Various shades of pale mauve colors.

Scarlet Beauty. Vivid scarlet, fine, compact plants.

Pink Beauty. Very large heads of bloom on dwarf, compact plants. Various shades of salmon pink.

Violet Beauty. Has the same ideal habit as the others of the Beauty strain. Fine violet blue.

The above four sorts are a special type of Dwarf Annual Phlox, very large flowers, plants about 8 inches high.

Each of above four Pkts. 50c.

TRIVETT'S POPPIES

GROWN FOR US IN ENGLAND

Seed of Annual Poppies should be sown where intended to bloom, and the young plants thinned out. They do not usually transplant successfully. Cover the seed lightly.

SINGLE ANNUAL POPPIES

Trivett's Shirley Wild Rose. Beautiful soft wild rose pink. A special color, always admired.

Oz. \$1.50 ½ oz. 80c. ¼ oz. 50c. Pkt. 25c.

T.T.S. PORTULACA—Trivett's Improved Double

PRIMULAS *Prim-u-la*

ENGLISH GROWN—GREENHOUSE SAVED SEED

Grown for us by specialists.

Not recommended to the amateur grower unless in possession of greenhouse, conservatory or similar facilities. Successive sowings should be made from March to June, in shallow seed pans, in a compost consisting of two parts leafmold, one part loam, and one part sand. Cover the seed lightly and place in a temperature ranging from 50 to 60 degrees. Keep the seed almost dark. As soon as the seedlings appear, prick them off into boxes or pans in a compost similar to above. When the plants are large enough put into 3 in. pots, adding a little more loam to the compost; shift into larger pots later. All Primulas prefer a cool temperature.

PRIMULA SINENSIS

(Chinese Primrose)

Trivett's Strawberry Red. Grown for us by an English Primula specialist. *Greenhouse saved seed.* The color is dark Strawberry red, washed over with a coppery red shade. Pkt. \$1.25

Trivett's Orange King. Beautiful, rich, orange color toned with a wash of salmon; magnificent. ... Pkt. \$1.25

Giant Dazzler. New. Award of merit The Royal Horticultural Society. The most vivid of all flowers, brilliant orange-red, about twenty blooms open at one time, produced well above the attractive foliage ... Pkt. \$1.25

Sutton's The Duchess. (*Sutton's Seed.*) Large white flowers with a zone of bright carmine surrounding a clear yellow eye. Pkt. 75c.

Sutton's Reading Blue. (*Sutton's Seed.*) One of the best blue Primulas; fine, upright trusses. ... Pkt. 75c.

Sutton's Reading Ruby. (*Sutton's Seed.*) Rich, ruby color, invaluable for dinner table decoration. Lovely shade under artificial light. ... Pkt. 75c.

Sutton's Giant Salmon Pink. Terra cotta pink. Pkt. \$1.25

Giant True Blue. The finest blue. ... Pkt. \$1.25

Sutton's Giant White. Enormous blossoms. Pkt. \$1.25

Trivett's Giant Mixed. Greatly improved *Chinese Primrose*, extra large individual blooms on plants of fine habit, and in a range of choice colors. ... Pkt. \$1.25

T.T.S.
PRIMULA sinensis—Trivett's Giant

STAR PRIMULAS (*Primula stellata*)

Our strain of these free blooming Primulas is unsurpassed. Suitable for cutting and as pot plants, they produce more bloom than *P. sinensis*.

GREENHOUSE PRIMULAS

(Continued)

PRIMULA MALACOIDES

Trivett's Salmon Beauty (*New*). Charming salmon pink with yellow center eye; large, splendid.

Trivett's Pink Beauty (*New*). "Improved Dawkin's Pink." Rich, glowing deep pink, very free flowering and of perfect habit; very choice sort.

Trivett's Blue Beauty (*New*). Fine lavender blue variety which will become very popular.

Trivett's True Rose (*New*). Perfect, deep rich pink; an improvement over most pink sorts.

Trivett's White Beauty (*New*). Very choice white. Provides a fine contrast to the pink sorts.

Trivett's New Crimson. Another new color. Rich, bright crimson.

Sutton's Giant (*New*). A break in *Primula malacoides* which the originators consider to be the forerunner of a new type. Rich lilac pink flowers on stems. Often 2 feet in height. The individual blooms are very large.

Courtland's Seedling. *New*. Award of Merit, R. H. S. The greatest advance in *Primula malacoides*. Very vigorous plants with large, individual blooms in close-set trusses one above another. The color is glowing lilac pink.

Erikssoni Baby Rose. The deepest pure pink; large, individual blooms on extra heavy, strong stems. This is an extra choice strain.

Trivett's Double Crimson (*New*). Very attractive, rich crimson, double flowers, long lasting plant.

Trivett's Double Parma Violet (*New*). Rich violet color, large flowers freely produced, long lasting, effective.

Trivett's Double White (*New*). A beautiful and long lasting pot plant, double white flowers. Choice.

Trivett's Double Rose. This choice double variety of *P. malacoides* is most desirable. The color is a light shade of salmon pink, and each bloom is double.

Trivett's Malacoides Mixed. Exceptionally choice mixture, various shades. Large flowered.

Prices, each of the above Malacoides sorts:

Pkts. \$1.50 and \$1.00

T. T. S. PRIMULA malacoides—Courtland's Seedling

PRIMULA OBCONICA

Trivett's Pink King (*New*). Rich, deep pink with contrasting yellow eye; an outstanding sort.

Trivett's Triumph Rose. Brilliant dark rose, immense trusses of extra large blooms on robust, compact plants. *Highly recommended.*

Trivett's Triumph Red. Similar to above, but of rich, glowing red color.

Trivett's Salmon Queen. Color deep salmon pink, large trusses of bloom.

Prices, each above four: ... Pkts. \$1.50 and \$1.00

Mueller's Giant Rose. Popular large flowered German strain; rich bright rose.

Mohnstein's Red. Splendid large, deep red.

Giant Blue. Beautiful soft blue; large flowers of good substance.

Giant White. Snow white.

Giant Mixed. Including the above varieties and other fine colors.

Prices, each above five: ... Pkts. \$1.25 and 75c.

PRIMULA obconica—Trivett's Salmon Queen

PRIMULA KEWENSIS

A hybrid Primrose with bright yellow, sweet-scented flowers. Ideal for indoor decoration during the Winter. Height about 12 inches. 5 pkts. \$2.00 Pkt. 50c.

TRIVETT'S TESTED SEEDS—FOR THOSE WHO DEMAND THE BEST

HARDY PRIMULAS POLYANTHUS—PRIMROSES

Trivett's Carefully Selected List of Choice Strains

Charming subjects for naturalizing, alpine, rock and woodland gardening. Most varieties prefer a damp, shady position, and a rich loam soil. All varieties on this page are perennials, blooming during the Spring and early Summer. Many of them are not easy to raise from seed. We prefer not to recommend them to the average amateur.

Anisodora. Of the Japonica habit, flowers in whorls of rich maroon crimson with bright yellow zone. Blooms July-August. Height 1½ feet. ... Pkt. 75c.

Auricula, Prize Show Mixed. Saved from show varieties. The most beautiful color combinations. Blooms in April-May. 5 pkts. \$5.50 Pkt. \$1.25

Beesiana. Glowing, velvety purple flowers with yellow eye. Very free flowering. Height 2 feet. 5 pkts. \$2.00 Pkt. 50c.

Bartley Strain. See under **Pulverulenta.**

Bulleyana. Wonderful sort with bright orange colored flowers. Height 2 feet. ... 5 pkts. \$3.50 Pkt. 75c.

Cashmiriana. Rosy lilac, fine rock plant. Early Spring flowering. Height 12 inches. ... 5 pkts. \$2.00 Pkt. 50c.

Cashmiriana Hybrids. Large, globular heads of bloom in choice colors. 12 inches. 5 pkts. \$3.50 Pkt. 75c.

Cockburniana. Umbels of brilliant orange scarlet, easily grown. Very beautiful. Height 6 inches. 5 pkts. \$2.00 Pkt. 50c.

Cowslip. See page 50.

Denticulata grandiflora. Color varies from white to rosy lilac. Large, globular heads. Height 18 inches. 5 pkts. \$2.00 Pkt. 50c.

English Primrose. See **Primula vulgaris**, this page.

Florindae. Chinese species, butter yellow flowers. A giant *Sikkimensis*. Height 1 foot. 5 pkts. \$2.00 Pkt. 50c.

Froncosa. Charming Spring flowering sort, rosy lilac flowers and silvery foliage. 6 inches. 5 pkts. \$2.00 Pkt. 50c.

Helodoxa. Beautiful clear yellow flowers, similar to *P. japonica*. Height 2 feet. ... 5 pkts. \$2.00 Pkt. 50c.

Hose-in-Hose. Attractive type, flower within a flower. Mixed colors. Height 1 foot. ... 5 pkts. \$3.50 Pkt. 75c.

Ipswich Hybrids. Derived from *P. beesiana* and *P. cockburniana* and *P. bulleyana*. Many lovely colors mixed. Height 2 feet. 5 pkts. \$3.50 Pkt. 75c.

Japonica Hybrids. Quite hardy, splendid for naturalizing near water and for rock and Alpine gardens. Very choice strain. Mixed. Height 1½ feet. Blooms in May-June. 5 pkts. \$3.50 Pkt. 75c.

Lissadell Hybrid, Red Hugh. Intense fiery red flowers produced tier above tier. A most outstanding variety of recent introduction. Height 2 feet. 5 pkts. \$2.00 Pkt. 50c.

Microdonta alpicola. A beautiful variety, pale primrose yellow flowers. Very fragrant. 1½ feet. 5 pkts. \$2.00 Pkt. 50c.

Polyanthus kleyni. A grand variety with large clusters of golden yellow flowers shaded apricot towards the center.

Polyanthus Munstead Strain. Many shades of cream, yellow and also white. Splendid strain. Height 1 foot. Blooms in May-June.

Polyanthus, New Blue. Lovely shades of blue.

Polyanthus, Trivett's Gold Laced. Rich deep purple and blue colors. Beautifully laced with gold.

Polyanthus, Trivett's Red. Large, deep rich crimson flowers.

Polyanthus, Trivett's Yellow. Splendid, large, rich yellow flowers in massive bunches.

Polyanthus, Trivett's Bronze Shades. Most attractive shades of bronze, apricot, dark orange, etc.

Polyanthus, Trivett's White. Fine, large flowers produced in large bunches.

Polyanthus, Superb Mixed. An excellent strain, saved only from the largest flowers and finest colors, comprising rich shades of orange, red, bronze, yellow, white, etc., in choice mixture. Height about 1 foot.

Any of above nine Polyanthus sorts: 5 pkts. \$3.50 Pkt. 75c.

Pulverulenta. Rich ruby crimson similar to *P. japonica*. Very effective. Height 2 feet. ... 5 pkts. \$2.00 Pkt. 50c.

Pulverulenta, Bartley Strain. A splendid strain of hardy Primula, in lovely pink shades. Habit similar to *P. japonica*. Height 2 feet. *Illustrated.* ... 5 pkts. \$4.00 Pkt. \$1.00

Rosea grandiflora. Clear bright rose flowers, dwarf habit. Height 6 inches. 5 pkts. \$2.00 Pkt. 50c.

Sikkimensis. Beautiful hardy Primula, drooping Primrose yellow flowers produced in clusters. Sweetly scented. The *Himalayan Cowslip*. Height 1½ feet. 5 pkts. \$2.00 Pkt. 50c.

Smithiana. A grand Himalayan species with tall stems and whorls of soft yellow flowers. Robust grower and hardy. Height 3 feet. 5 pkts. \$3.50 Pkt. 75c.

Veitchi. A Chinese species, freely produced flowers of rich rose. Height 1 foot. 5 pkts. \$3.50 Pkt. 75c.

Vulgaris Yellow. *Common English Primrose.* Blooms in April-May. Ideal for rock and wild gardens, banks of pools, etc. Pale primrose yellow. Height 4 inches. 5 pkts. \$3.50 Pkt. 75c.

Vulgaris, Trivett's True Blue. Rich, velvety blue, same habit as the yellow. 5 pkts. \$3.50 Pkt. 75c.

Vulgaris, Trivett's Red. Rich crimson red. Height 6 inches. 5 pkts. \$3.50 Pkt. 75c.

Vulgaris, Trivett's White. White, yellow eye. Height 6 inches. 5 pkts. \$3.50 Pkt. 75c.

Vulgaris, Choice Mixed. A fine mixture of many nice shades of the English Primrose. Height 6 inches. 5 pkts. \$2.00 Pkt. 50c.

Each, oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Ocymoides. Perennial. Excellent for rockeries, edging, etc.

 Dainty, bright pink. 6 inches. ¼ oz. 75c. Pkt. 20c.

SAXIFRAGA Sax-if-ra-ga

Perennial. For rockeries, walls, etc.

Bathoniensis. Very handsome variety, bright rosy scarlet

 flowers, mossy type. Height 12 inches. ... Pkt. 50c.

Mossy Sorts Mixed. Includes all the finest varieties of this

 class; valuable for rockeries, edging, etc. ... Pkt. 50c.

Encrusted Sorts, Mixed. Including many choice varieties for rocks, walls, etc. ... Pkt. 50c.

SABBATIA Sa-bay-shi-a

Campestris. A lovely annual with deep rose flowers with yellow eye. Likes a moist soil. Height 1 foot.

Pkts. 35c. and 20c.

SAINTPAULIA Saint-paul-i-a (African Violet)

For greenhouse. Pot plant. 6 inches. Rich soil.

A charming and uncommon pot plant for house decoration. They begin blooming when six months old, and continue to flower throughout the Winter. Cultivate the same as Gloxinias, but allow more air.

Kewensis. *New.* This species flowers just as early as the "Ionantha" type and produces numerous shining blue flowers resembling Violets. ... Pkt. 75c.

Ionantha. Violet blue with gold. This is the improved large flowered type. ... Pkt. 50c.

Ionantha Cordata. *New.* This lovely "Usambara Violet" is distinguished by its dark, cordated leaves and deep, lavender flowers. ... Pkt. 75c.

T.T.S.

SAINTPAULIA—*Ionantha cordata*

 THIS SIGN  INDICATES WE HAVE TREATED THE SEEDS AGAINST DISEASES

TRIVETT'S SELECTED SALVIA (Flowering Sage)

Annual, Biennial, and Perennial. Reselected Strains. Sal-vi-a

Salvia is a Latin name used as far back as Pliny, meaning to be healthy, referring to the medicinal properties of some species. There is said to be 407 species and the variation is astonishing. The color of the flowers ranges from scarlet through purple and violet to azure blue, white, pink and even pale yellow. The varieties we offer do exceedingly well in America. Seed should be sown indoors during February-March and the young plants put outside during May, thus assuring early blooming and a long season.

They prefer ordinary garden soil. *Too much feeding will cause rank growth, retard the flowers, and increase the height.* Clumps of scarlet Salvias in large perennial borders or against dark evergreens at a distance will always command attention.

T.T.S. SALVIA farinacea—Trivett's Improved

Farinacea, Trivett's Improved. A much improved strain of the popular *Salvia farinacea*, being of more compact growth and producing flowers of a deeper and better blue. 2 feet. (Packets only). ... Pkts. 75c., 50c. and 30c.

Farinacea Blue. Biennial. Long spikes of pale soft lavender blue. Height 2½ feet. For cutting. Oz. \$5.00 ½ oz. \$3.00 ¼ oz. \$1.75 Pkt. 30c.

Farinacea alba. Silver White. White form of the above. Oz. \$5.00 ½ oz. \$3.00 ¼ oz. \$1.75 Pkt. 30c.

Azurea grandiflora (pitcheri). Perennial. Showy spikes of sky blue flowers during August-September. 2½ feet. Oz. \$9.00 ½ oz. \$4.75 ¼ oz. \$2.50 Pkt. 50c.

Patens. Biennial. Bright Delphinium blue. 3 feet. Oz. \$9.00 ½ oz. \$4.75 ¼ oz. \$2.50 Pkt. 50c.

Patens, Cambridge Blue. Charming shade of lighter blue than the type; fine, compact habit. 2 feet. Seed scarce. ... Pkts. 75c. and 50c.

Pratensis Violet. Perennial. Splendid plant for the perennial border; rich, dark violet; height 2 feet. ... Pkts. 35c. and 20c.

Ringens. Perennial. Splendid blue. Height 2 feet. Oz. \$3.00 ½ oz. \$1.75 ¼ oz. \$1.00 Pkt. 30c.

Sclarea (Clary). Perennial. Height 2 feet. Mauve flowers with silvery leaf spikes. For herbaceous borders. Oz. \$1.50 ½ oz. 80c. ¼ oz. 45c. Pkt. 20c.

Salvia of the Vatican Gardens. Handsome selection of the variety *Sclarea*, coming originally from the Vatican gardens. 5 feet high. Heads of lavender and white flowers. Biennial. ... Pkts. \$1.00 and 75c.

SPLENDENS—BONFIRE TYPE

Annual. For beds, borders and display. Ordinary soil.

Trivett's Coral Pearl. New. Fine, bushy plants, about 18 inches high, producing many flower spikes of rich coral pink shaded deeper. A grand combination with dark blue or violet.

Trivett's Parma Violet. Producing long flower spikes, similar in shade to the well known Parma Violet. Height 18 inches.

Trivett's Rose Pearl. Splendid bedder or border plant. The flowers are bright, true rose shaded with salmon. Height 18 inches.

Trivett's Salmon Pearl. Dwarf, compact plants about 15 inches high, covered with flower spikes of rich salmon pink. Splendid for bedding, borders, pots, etc.

Trivett's White Pearl. Producing abundance of snowy white flowers. A charming companion to our *Rose Pearl*. Height 18 inches.

Price: Above five, each ... Pkts. 75c. and 50c.

Splendens. Tall growing variety with flower spikes of dazzling scarlet. 2½ feet.

Oz. \$3.00 ½ oz. \$1.75 ¼ oz. \$1.00 Pkt. 20c.

Trivett's Harbinger. Dwarf *Splendens* type, compact plants, 14 inches high, covered with brilliant scarlet flowers. ... Pkts. 75c. and 50c.

Bonfire. Fine, dwarf, compact bushes about 1½ ft. high. Brilliant scarlet flowers.

Oz. \$4.50 ½ oz. \$2.50 ¼ oz. \$1.50 Pkt. 30c.

OTHER TYPES OF SALVIA

Dichroa magnifica. Handsome, stately perennial plant, 3 feet high, with long, elegant spikes of pure deep lavender flowers with white center. Eminent adapted for the perennial border, between shrubs, etc. ... Pkt. 50c.

Glutinosa. Perennial. Height 3 feet. Pale yellow flowers; fine for the perennial border. ... Pkt. 50c.

Blue Beard. Annual. Attractive plant with showy spikes of bright purple blue bracts. Height 18 inches. Pkts. 25c. and 15c.

CLARY, Oxford Blue. See page 48.

T.T.S. SALVIA—Splendens Type Trivett's Harbinger

TRIVETT'S DOUBLE SCABIOUS *Skay-bi-us* (Pincushion Flower)

Annuals and perennials. Easy to grow. Sow the seed of the annual sorts indoors, in March and transplant outside in May, or the seed may be sown outdoors in May where intended to bloom. The perennial sorts can be sown in frames in the Spring or early Summer.

ANNUAL SCABIOUS

(Height 3 feet)

Large, double flowers on long stems; valuable cut flowers for vases and table decoration. Height 3 feet.

Trivett's White Gem. Fine large double white; long stems.

Trivett's Coral Gem. Rich, yet soft pink; lovely shade.

Trivett's Blue Cockade. Large, very double, pure deep blue.

Trivett's Loveliness. A charming shade of salmon rose.

Trivett's Giant Annual Hybrids. Largest, long stems, mixed colors.

Price: Each, above five ... ¼ oz. \$1.00 Pkts. 35c. and 20c.

Rosette. See natural color illustration on page 91. A glorious color for an annual Scabious; deep rose, heavily suffused with salmon. The large, double flowers on long, wiry stems make this an ideal florist's cut flower and desirable to gardeners in general.

¼ oz. \$1.50 Pkts. 50c. and 30c.

Blue Powder. Azure blue.

Giant Shasta. Large white.

Yellow Queen. Small, yellow.

Cherry Red. Rich red.

Scarlet King. Light red.

Mixed All Colors. All of the above in mixture.

Price: Any of the above eleven:

Oz. \$1.75 ¼ oz. 60c. Pkts. 25c. and 15c.

DOUBLE COMPACT (Height 1½ to 2 feet)

This is a most commendable type of large-flowered double annual Scabious, being compact in growth and 1½ to 2 feet high. They are more suitable for general garden display than the tall sorts.

White Purple Lilac Red Rose And Mixed

Price: Each Oz. \$3.00 ¼ oz. \$1.00 Pkts. 35c. and 20c.

TRIVETT'S BABY SCABIOUS (Height 8 inches)

A splendid acquisition, remarkable for its dwarf habit, only about 8 inches high and 12 inches wide, with an abundance of double, medium size flowers all Summer. Valuable for bedding, edging, rockeries and group planting.

White Pink Purple Crimson Blue And Mixed

Price: Each Oz. \$3.00 ¼ oz. \$1.00 Pkts. 35c. and 20c.

T.T.S. ANNUAL SCABIOUS—TRIVETT'S WHITE GEM
Large, fully double flowers, long stems

PERENNIAL SCABIOUS

Beautiful hardy perennials for the herbaceous border and for cutting. Average height, 1½ to 2 feet. If sown indoors in heat during February-March, will bloom first year.

Fischeri. Rich violet blue, 2½ inches across. ... Pkt. 50c.

Lilac Fringe. Fine large lilac, fringed petals. ... Pkt. 50c.

Caucasica. Soft lilac blue. Blooms in June. ... Pkt. 35c.

Caucasica alba. Pure white form. Blooms in June. ... Pkt. 50c.

Blue Beauty. Beautiful blue. Large, double flowers. ... Pkt. 75c.

Columbaria Mauve. Fine shade of lavender mauve. ... Pkt. 50c.

Columbaria Pink. The only pink Perennial Scabious. ... Pkt. 50c.

Goldingensis. Deep lavender, large, double flowers, long stems. Pkt. 75c.

Japonica. Good lavender flowers. Blooms in June. ... Pkt. 25c.

Constancy. Dark blue with pale blue center. Choice. ... Pkt. 50c.

House's New Giants. Exceedingly large blooms. A special strain of S. Caucasica. The colors range from light azure, lavender to deep blue and white. ... Pkt. 75c.

Parnassiaefolia. Only 4 inches high; a dainty, little perennial Scabious for edging, massing, rockeries, etc. Lilac, rose. ... Pkt. 35c.

"We have always had good results with your seeds, and have used them for many years. Your special varieties of Annual Scabious are the best I have ever grown."
MR. T. MOORE

Supt.-Head Gardener to VAN S. MERLE-SMITH, ESQ.

T.T.S. PERENNIAL SCABIOUS, HOUSE'S NEW GIANTS

T.T.S. SCHIZANTHUS—Trivett's New Giants

"Your strains of *Schizanthus* are worthy of the highest recommendation. We had a splendid collection in the greenhouses this Winter. The colors and markings of your "New Giants" with their large, individual blossoms were very attractive. We were especially pleased with the lovely self colors and pastel shades of your "Pansy-flowered" type, the large, wide open florets and free flowering habit."
MR. WALTER J. WOODGER
Superintendent-Head Gardener to CHARLES STEELE, Esq.

SCHIZOPETALON *Skiz-o-pet-al-on*
Annual. Very fragrant. 9 inches.

Walkerii. Curiously shaped, feathery white flowers, well worth growing for its delicious fragrance alone. Pkt. 50c.

SCUTELLARIA *Sku-te-lay-ri-a*

Celestina. A pretty perennial rock plant, with lovely blue flowers.
R Height about 9 inches.
Pkts. 35c. and 20c.

SEDUM *See-dum*

For walls, rockeries, borders.

Acre. Perennial. Golden yellow, trailing habit—the "yellow Stonecrop." For stone paths, rockeries, walls, etc.
R Height about 3 inches.

¼ oz. \$2.50 ⅛ oz. \$1.50 Pkt. 50c.

Bronze Carpet. Rose colored flowers and bronzy foliage; very effective creeping plant for rockeries, edging, etc. Pkt. 50c.

Spectabile. Rose. Height 1½ feet. Blooms in Autumn. Pkt. 35c.

Caeruleum. (*The Annual Sedum*). Soft blue flowers; deserves a place in every rockery. Its fleshy leaves turn beautiful Autumn tints. Height 9 inches. (Seed very scarce) Pkt. 50c.

SENECIO *Sen-ee-shi-o*
Greenhouse Perennial.

Multibracteatus (glastifolius.) Large sheaf of long stemmed, Cinerarialike flowers, clear rose pink with bright yellow center. Invaluable for table decoration. Height 2 feet. Likes rich soil. Pkt. 75c.

Clivorum. Strong growing hardy perennial with rich orange yellow flowers and bold foliage, well adapted for the side of ponds, streams and damp places. Height 4 to 5 feet. July-August.
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

ANNUAL SENECIO. See *Jacobaea*.

SENSITIVE PLANT. See *Mimosa*.

SHORTIA *Short-i-a*

Californica. Small, golden, Daisylike flowers. Produced in abundance. Annual, for edging and rockery. Height 9 inches. Pkt. 25c.

SIDALCEA *Sid-al-see-a*

Perennial. Tall borders. All Summer
Rose Queen. Rose pink, spikes of miniature Hollyhocklike flowers. Height 4 feet.
¼ oz. \$2.50 ⅛ oz. \$1.50 Pkt. 50c.

Stark's Hybrids. Beautiful spikes of bloom, the colors range through all shades of pink. Height 2 to 4 feet. Pkt. 50c.

SCHIZANTHUS (*Butterfly Flower*)

Sky-zan-ihus

(VERY CHOICE STRAINS)

Elegant, free flowering annuals for outdoors in Summer and greenhouse in Winter. Height about 1½ feet.

Trivett's New Giants. We have been fortunate in securing this grand strain for our customers. Immense flowers in many colors on plants of fine habit, which can be grown on into wonderful large specimens if desired by repotting.

5 pkts. \$4.50 Pkt. \$1.00

Canadian Super Giant. A grand strain. The individual blossoms measure 2 inches and over across; distinct and superior. The plants are healthy, vigorous growers, and covered with flowers of rich colors and unusual markings. Pkt. \$1.25

Pansy Flowered (Danbury Park). Quite a new type of this popular plant. The large, smooth edged flowers resemble a Pansy or Viola in shape, while the colors are extremely brilliant, being rich shades of pink, crimson, mauve, purple. In mixture only. Pkt. 75c.

Wisetonensis, Sutton's Prize. (*Sutton's Seed.*) Flowers marked and margined with pink, yellow, bronze, crimson, etc. Pkt. 75c.

Trivett's Attraction. A most attractive variety. Rich carmine-rose flowers on plants of excellent habit. Pkts. 75c. and 50c.

Trivett's Dwarf Ideal. The choice "New York Market" pot plant. The plants are very compact, pyramidal in shape, about 9 inches high and smothered with bloom. Ideal for 5 inch pots. The color range is charming including all the most attractive shades. Also splendid for outdoor Summer bedding, edging, mass planting and general garden display. ⅛ oz. \$1.50 Pkt. 50c.

Dr. Badger's Giant Pink. Pkts. 75c. and 50c.

Dr. Badger's Giant Amber. Amber yellow shade only of this grand type. Pkts. 75c. and 50c.

Dr. Badger's Giant Mauve. Pkts. 75c. and 50c.

Dr. Badger's Giant Hybrids. A grand strain of immense blooms measuring 1¼ to 1½ inches across. Very profuse flowering and in a range of fine colors and shades. Pkts. 75c. and 50c.

Pink Pearl. Glistening white, with rosy pink margin. Pkt. 75c.

Snowflake. Large, beautifully fringed, pure white flowers. Pkt. 75c.

Garaway Hybrids. A magnificent strain in a wide range of beautiful colors. Pkt. 50c.

Blue and Purple Hybrids. Large flowering hybrids, comprising blue, mauve, and purple shades only. Pkt. 50c.

Retusus. Loose branching plants, about 2 feet high, providing good stems for cutting. Bronze rose with large orange blotch.

Retusus Pink Beauty. Exquisite clear rose pink.

Retusus White Beauty. Fine white with gold blotch.

Price: Above three, each: ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

SILENE *Si-lee-ne*

For borders, cutting and rockeries.

Orientalis. Biennial. Each branch bears large flower heads of rose color and are clove scented. 2½ feet.

¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

Alpestris. Perennial. Delightful little rock plant of easy culture, white flowers with fringed petals. Height about 6 inches. Likes the shade. Blooms May-July.

¼ oz. \$2.50 ⅛ oz. \$1.50 Pkt. 50c.

Shafta. Perennial. Dwarf, for rockeries and edging. Rose pink. 4 inches.
R ¼ oz. \$2.50 ⅛ oz. \$1.50 Pkt. 50c.

Annual Double Salmon. Annual. Beautiful clear salmon, magnificent cut flower. Height 1 foot.

Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

SMILAX *Smy-lax*

Greenhouse. Climber. Height 6 feet.

Green, ornamental sprays of leaves.

Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

TRIVETT'S SHASTA DAISIES

Perennial. Chrysanthemum Leucanthemum. Oxeye Daisy. Marguerite

Great improvement has been made in recent years on the old type of Shasta Daisy, not only in size and form, but we are now able to offer early and late blooming varieties which provide a succession of long stemmed flowers useful for cutting and general garden display.

Seed may be sown from April until August.

TRIVETT'S DOUBLE GIANT WHITE

Illustrated

A splendid new, double form of White Shasta Daisy, almost 5 inches in diameter, on long, stiff stems. A grand cut flower. They resemble large Asters and should prove very acceptable to those who are fond of Asters but cannot grow them owing to disease and insect attacks. Blooms the first season from seed. Hardy perennial. Pkts. 75c. and 50c.

T.T.S.

SHASTA DAISY—Trivett's Double Giant White (*Aster-flowered*)

FOR MAY FLOWERING

Trivett's May Wonder. The plants begin flowering in May just at a time when cut flowers are scarce in the garden. Our *May Wonder* produces double and semi-double white flowers on fine, stout stems. Very valuable for cutting and perennial borders. Height about 2½ feet. ... Pkts. 50c. and 30c.

Early Dwarf Gem. Only about 15 inches high. Valuable for edging and cutting, etc. Pure white. Single. Pkts. 50c. and 30c.

FOR JUNE FLOWERING (Single)

Trivett's June Cream. Charming cream color, just a little change from the decided *Paperwhite* of most Shasta Daisies. Large flowered, good stems for cutting. About 3 feet high.

Alaska. Popular, large, pure white on good stems. Growing about 2½ feet high. *Improved strain.*

Westralia. Really an improved *Alaska*. Very large pure white. Height 3 feet.

Prices: Above three, each ... Pkts. 50c. and 30c.

FOR JULY AND LATER (Single)

Mrs. C. Lowthian Bell. This magnificent white Marguerite is one of the largest flowered. The flowers are purest white, about 5 inches across on strong, stout stems. This sort will continue to bloom all Summer and into Autumn. Height about 3 feet.

Robinsoni. Splendid sort, large white with cut and lacinated petals. Fine stems for cutting. Height 2½ feet.

Trivett's Annual Blooming. Although a perennial this sort will bloom in 6 months from sowing. If sown in February will bloom in July-August. Produces an abundance of fine white Daisies for cutting. Height 2½ ft.

Trivett's Fall Flowering. A fine white for September-October flowering. Height 4 feet. Good cut flower.

Prices: Above four, each ... Pkts. 50c. and 30c.

SNAPDRAGON. See **Antirrhinum**

SKIMMIA, Japonica *Skim-i-ah*

Greenhouse. Ornamental berry plant.

White, sweet-scented flowers followed by bright red berries for Christmas. Similar to Holly. 3 feet. Pkt. 25c.

SKULLCAP. See **Scutellaria.**

SMILAX. See page 98.

SNAPDRAGON. See **Antirrhinum.**

SOLANUM *So-lay-num*

Christmas Cherry, Cleveland Cherry, or Jerusalem Cherry.

Greenhouse. Ornamental berry plant.

Trivett's Red. An improved strain; bushy, compact plants with large red berries in abundance. 1/4 oz. 75c. Pkt. 25c.

Yellow Cleveland Cherry. Yellow berries, fine contrast to the red berry sort. Bushy plants. 1/4 oz. \$1.00 Pkt. 25c.

Bird's Eye. Unique and attractive little pot plant; bushy plants, about 8 inches high and covered with small acorn-shaped fruit, first white changing to yellow, then purple and finally red, with flowers at the same time. 1/4 oz. \$1.00 Pkt. 25c.

Capsicastrum nanum. (Jerusalem Cherry.) Bright red fruit on dwarf, bushy plants. 1/4 oz. 50c. Pkt. 15c.

SOLDANELLA *Sol-da-nel-ah.* (Blue Moonwort) Perennial. For rockeries. Semi-shady position.

Alpina. A very pretty Alpina plant. The foliage lies close to the ground, and the dainty, nodding bells of pale lilac are nicely fringed. Height 4 inches. Pkt. 50c.

SOLLYA *Sol-i-ah.* (Australian Bluebell.)

Perennial. For the South or greenhouse.

Heterophylla. *Illustrated.* Australian Bluebell Creeper. Valuable for rambling over banks, rock work, fences, etc. Hardy in the South. An uncommon pot plant for greenhouse in the North. The twining, glossy, evergreen foliage can be trained on wires in pots. 3 to 5 feet. Drooping clusters of bright blue Campanulalike flowers. Pkt. 50c.

SPIDERFLOWER. See **Cleome.**

SPIRAEA *Spy-ree-ah.* (Meadowsweet)

Perennial. For cutting and border.

Filipendula. (Dropwort.) A fine, hardy perennial for borders or cutting. White flowers slightly tinted with purple, and very nice foliage. Height 3 feet. 1/4 oz. \$1.50 Pkt. 35c.

Humboldti. Tall, handsome perennial with feathery white plumes, for borders and cutting. Height 4 feet. Pkt. 50c.

STACHYS *Stay-kiss*

(Woolly Woodwort)

Perennial. Ornamental. Silver foliage.

Lanata. Valuable silvery foliage plant, useful for grey borders and permanent edging. Will always remain neat in growth if the flowering stems are removed. Height about 12 inches. 1/4 oz. 50c. Pkt. 15c.

T.T.S. **PERENNIAL STATICE**—*Caspia*
Beautiful lilac mauve color

T.T.S. **ANNUAL STATICE**
Trivett's Suworowi Selected
(*Buddleia*-flowered) *Rose*

T.T.S. **SOLLYA heterophylla**
Perennial in the South, greenhouse pot-plant in the North—very uncommon

STATICE *Stat-i-see.* (Sea-lavender)

Annuals and perennials. For cutting.

Valuable cut flowers which can be dried and preserved for Winter decoration. Similar to Everlasting flowers. Easily grown in the garden or greenhouse in Winter.

ANNUAL SORTS

Trivett's Suworowi Selected. (*Russian Statice.*) *Illustrated.* Flower spikes of bright rose, resembling "*Buddleia*"; sometimes called "*Cathedral Flower.*" Splendid cut flower in the garden or greenhouse. Height 2 feet. 1/4 oz. \$1.25 Pkt. 35c.

Trivett's Rosy Cluster. Flat clusters of rosy pink flowers on wiry stems. Height about 2 feet. 1/4 oz. \$1.25 Pkt. 35c.

Trivett's Mauve. Clusters of mauve blue flowers. Height 2 feet. Pkt. 50c.

Trivett's True Blue. Rich royal blue, a fine contrast to white or yellow. Height 2 feet. 1/4 oz. 60c. Pkt. 25c.

Kampf's Tall Improved. This fine *Statice* is unsurpassed for cutting in the garden or greenhouse. Brilliant deep blue. 3 feet. 1/4 oz. 50c. Pkt. 15c.

Trivett's White. A white sort of the cluster type. 2 feet. 1/4 oz. 50c. Pkt. 15c.

Yellow Bonduelli. Bright yellow. Fine companion to the blue. 2 1/2 feet. 1/4 oz. 50c. Pkt. 15c.

White Canary. Graceful plant. 1 1/2 feet. high. White, intermixed with canary yellow. 1/4 oz. \$1.00 Pkt. 35c.

Trivett's Dwarf Bedding Mixed. A fine type for Summer bedding and cutting. About 15 inches high. Mixed colors. 1/4 oz. 75c. Pkt. 25c.

Trivett's Tall Mixed. A mixture of all colors. Useful for cutting. 2 1/2 feet. 1/4 oz. 50c. Pkt. 15c.

PERENNIAL STATICE

Very useful in the garden, for borders and cutting for Winter decoration, etc.

Dumosa. A valuable sort with silvery gray flowers. Long, wiry stems; fine for mixing with other flowers. Height 1 1/2 feet. 1/4 oz. \$1.25 Pkt. 50c.

Arborea. Beautiful light blue. Greenhouse sort. About 2 feet high. An excellent pot plant and good cut flower. 1/4 oz. \$2.00 Pkt. 50c.

Macroptera. A greenhouse *Statice* with dark violet flowers. 2 feet. 1/4 oz. \$2.00 Pkt. 50c.

Lavender Gem. A hardy perennial with dainty sprays of lavender flowers from July to September. Valuable late plant for rockeries. 6 inches. Pkt. 75c.

Puberula. Blooms 5 months after sowing, only 5 inches high. A gem for the rockery. Violet color. Pkt. 50c.

Caspia. For perennial borders and cutting beautiful lilac mauve. Height 3 feet. Pkt. 75c.

Silver Cloud (Incana). White flowers for borders and cutting. Height 18 inches. 1/4 oz. \$1.00 Pkt. 25c.

Latifolia. Mauve blue for borders and drying. For Winter decoration. Height 2 feet. 1/4 oz. \$1.75 Pkt. 35c.

"I consider your seeds superior to the ordinary grades. I always have good success with them."

Cyanea Blue. Clear Cornflower blue.

Cyanea White. White form of above.

Each: ¼ oz. \$2.00 ⅓ oz. \$1.25 Pkt. 35c.

STEVIA SERRATA *Stee-vi-a*

Greenhouse annual. Height 3 feet. For cutting during Winter. Free blooming plants, bearing a multitude of fragrant, pure white flowers; suitable for greenhouse. Winter blooming. For cutting. Pkt. 25c.

STRELITZIA *Strel-it-zi-a* (Bird of Paradise)

Elegant greenhouse plant. Height 6 feet.

Reginae. Very choice, orange and blue. Pkt. (6 seeds) \$1.50

STREPTOCARPUS *Strep-toe-car-pus*

Greenhouse pot plant. Height about 9 inches.

Trivett's Giant White. Very large, glittering white. Pkt. \$1.50

Trivett's Giant Blue. Lovely blue, very large. Pkt. \$1.50

Trivett's Giant Pink. Deep rich pink shade. Pkt. \$1.50

Sutton's Giant Hybrids. Charming greenhouse perennials of dwarf, neat habit, with clusters of Achimenes-like flowers. The colors embrace white, rose, red, purple and violet. Pkt. \$1.50

STREPTOSOLEN *Strep-toe-so-len*

Greenhouse plant. Height 3 to 4 feet.

Jamesoni. Lovely plant of elegant habit, bearing corymbs of showy brilliant orange yellow flowers. Similar to Lantana. Can be trained as a climbing plant. ... Pkt. \$1.50

T.T.S. **STREPTOCARPUS—Trivett's Giant Blue**

Attractive and uncommon pot plant growing about 9 inches high; neat habit, with clusters of Achimenes-like flowers. They are easily raised from seed. Treatment similar to Cinerarias and Primulas. If sown in February will bloom the following Autumn.

T.T.S. **SUNFLOWER—Trivett's Starlight**

SUNFLOWER

Annual for cutting and display, in shrubbery and borders.

Effective among shrubs and in large borders, also for screens and for cutting. Seed sown in April and May outdoors will bloom in Summer, supplying cut flowers until frost. Prefers a warm, sunny position.

Trivett's Double Red. *New.* A real double red Annual Sunflower. Height 4 ft. ... Pkts. 50c. and 30c.

Trivett's Starlight. Small flowered. 3 feet. Sulphur yellow with twisted petals. Black center. (Illustrated.)
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 35c.

Dazzler. Miniature. Chestnut red. Beautiful rich color.
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 35c.

Chrysanthemum Flowered. Double. Large, double, bright yellow. Height 8 feet. Good as a screen.
Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Stella. Single yellow, with black center. Height 5 feet. For cutting.
Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Sunlight. Single. Fine golden yellow; splendid cut flower.
Oz. \$4.50 ¼ oz. \$1.50 Pkt. 50c.

Orion. Single. Splendid bright yellow. Height 5 feet. Useful for cutting.
Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Red Shades. All shades of red brown, in mixture.
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

Baby Perkeo. Only 1 foot in height, single, bright yellow flowers; very pretty and attractive for tall edging.
Oz. \$2.50 ¼ oz. 75c. Pkt. 20c.

Dwarf Single Yellow. About 3 feet high, fine, large flowers for cutting.
Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Dwarf Double Yellow. About 2½ feet high; fine, bushy plants covered with double flowers.
Oz. \$1.50 ¼ oz. 50c. Pkt. 20c.

Giant[Russian]. Monster flowers on large plants, 8 to 10 feet high, useful for screening off unattractive places.
5 lbs. \$3.00 1 lb. 85c. ¼ lb. 30c. Oz. 15c.

PERENNIAL SUNFLOWER

Daniel Dewar. Fine variety for cutting. Gracefully curved petals. Clear yellow. 4 feet. ... Pkt. 50c.

Mollis. Thick, velvety foliage, distinct, silvery tinge. Flowers lemon yellow. August-September. 5 feet. ... Pkt. 50c.

TRIVETT'S SEEDS ARE TESTED, TREATED AND GUARANTEED. (See page 1.)

SWEET-WILLIAM *(Dianthus barbatus)*

(SWEET PEAS)

See page 12

Biennial. Treat as perennial. For borders and cutting.

Seed should be sown in June in frames or open ground, and the young plants transplanted to their flowering position in September and October. Sweet-william supplies a wealth of color for the hardy border in Spring, also exceedingly useful for cutting.

TRIVETT'S RESELECTED STRAINS

Copper King. A fine shade of color, rich coppery red on stems 1½ feet in height. Single florets in large heads.

Newport Pink Improved. Soft salmon pink, in massive heads on stems 1½ to 2 feet in height. Excellent for cutting.

Trivett's Scarlet Beauty. Single bright red, very attractive and showy in perennial borders.

Trivett's Snow Queen. Single, fine masses of bloom, snow white and good long stems.

Holborn Glory, or Giant Auricula Eyed. Very large flowered, in a splendid range of different colors, all showing a clear white eye or center ring. Height 1½ feet.

Trivett's Crimson King. Single dark red, a very rich velvety crimson; fine for contrast with the lighter colors.

Trivett's Black King. The darkest red of all, deep maroon red with reddish bronze foliage.

Sutton's Harlequin. Large heads of bloom, each head containing different shades of color intermixed with white. Odd and attractive.

Trivett's Single Mixed. All choice colors in mixture.

Price, any of the above nine:

½ oz. \$2.00 ¼ oz. \$1.25 ⅛ oz. 75c. Pkt. 35c.

Trivett's Purple King. *New!* Brilliant deep purple color so far unknown among Sweet-williams; single florets in good, large heads. Splendid for flower border and cutting. Pkt. 50c.

Sutton's Giant White. Enormous trusses of very large flowers. Pkt. 75c.

Sutton's Pink Beauty. Beautiful salmon pink variety. Choice. Pkt. 75c.

Midget Single Mixed. A very showy, very low growing and compact Sweet-william in a beautiful range of colors. Only 6 in. high. ¼ oz. \$1.00 Pkt. 25c.

Midget Double Mixed. A splendid new double-flowered form of the type. Very compact and exceptionally colorful. . . ¼ oz. \$2.00 Pkt. 35c.

TRIVETT'S DOUBLE. Very massive heads of bloom. *Only about 50 per cent double flowers.*

White Crimson Pink and Mixed
Each: Oz. \$4.00 ½ oz. \$2.25 ¼ oz. \$1.25 Pkt. 30c.

T.T.S. SWEET-WILLIAM—Holborn Glory
A glorified old-fashioned Sweet-william

EVERBLOOMING SWEET-WILLIAM

This hybrid Sweet-william is a cross between an annual *Dianthus* and a Sweet-william. Free and continuous blooming, quite hardy and perennial. The flowers are double and an attractive, velvety crimson scarlet.

¼ oz. 50c. Pkt. 15c.

ANNUAL SWEET-WILLIAM

Mixed. Useful strain which blooms the first year from seed. Splendid for cutting. Height 1 foot. Oz. \$3.00 ¼ oz. 80c. Pkt. 15c.

SWEET WIVELSFIELD

Annual. For bedding, cutting, etc. Height 9 to 12 inches.

Annual flowering plant obtained by crossing *Dianthus allwoodi* and *Sweet-william*. It is distinct in habit and freedom of growth. Wonderful colors. The flowers are produced in trusses or bunches like a large, loose head of Sweet-william, but the individual florets resemble small Carnations or Pinks.

Single Mixed. Pkt. 50c.

Double Mixed. Fine double form in wide range of colors, long lasting and a good cut flower. Pkt. 50c.

T.T.S. SWEET WIVELSFIELD

T.T.S. NEW TAGETES—Trivett's Orange Gem

TAGETES *Ta-jee-tez*

Annual. For edging, mass planting, small beds, etc.

Trivett's Orange Gem. A much improved sort, dwarf, compact plants about 12 inches high, smothered with bright, golden orange flowers which are produced well above the foliage.

Oz. \$3.50 1/4 oz. \$1.00 1/8 oz. 60c. Pkts. 35c. and 20c.

Trivett's Tom Thumb. Very neat little plants, only 5 to 6 inches high, covered with dainty, little, single flowers of golden orange color. Ideal for edging, rockeries, etc.

Oz. \$3.50 1/4 oz. \$1.00 1/8 oz. 60c. Pkts. 35c. and 20c.

Signata Pumila (Improved). Bright yellow, 10 inches.

Oz. \$2.50 1/4 oz. 75c. 1/8 oz. 40c. Pkts. 25c. and 15c.

Lemon Queen. Lemon yellow form of the above.

Oz. \$3.75 1/4 oz. \$1.25 1/8 oz. 75c. Pkts. 35c. and 20c.

Trivett's Sweet Scented. Tall sort, about 1 1/2 feet. Sweet-scented, golden yellow. For cutting. Pkts. 35c. and 20c.

THALICTRUM *Tha-lick-trum* (Meadowrue)

Perennial. For herbaceous borders and cutting. Ordinary soil.

Adiantifolium. Dwarf species. Height 18 inches, with graceful foliage resembling Maidenhair fern. Pkt. 75c.

Aquilegifolium album. Fine white flowered species, about 3 feet high. Blooms June-July. Pkt. 50c.

Aquilegifolium, Trivett's Purple. Rich purple mauve flowers about 3 feet high. Ideal for herbaceous borders and cutting. Pkt. 50c.

Delavayi. A grand sort; splendid habit; about 1 1/2 feet high. Charming pale purple blossom and purplish stems. Valuable and uncommon plant for perennial borders and as a choice cut flower. Pkt. 75c.

Dipterocarpum (Reselected). Graceful sprays of charming mauve tinted with primrose yellow. A splendid plant for the perennial flower border and a very choice cut flower. Height 3 1/2 feet. 1/4 oz. \$3.00 1/8 oz. \$1.75 Pkts. 75c. and 50c.

Dipterocarpum, Trivett's White. Graceful and unusual. Supplies the demand for an uncommon white flower for perennial borders and vase decoration. Height 3 1/2 feet. Pkt. \$1.00

THERMOPSIS *Ther-mop-sis*

Perennial. For herbaceous borders. Blooms June-July.

Caroliniana. Tall species, about 4 feet high. A fine subject for background of perennial borders. Long yellow panicles. Pkt. 75c.

Montana. Dwarf variety, quite uncommon. Height about 2 feet, producing spikes of pale yellow flowers. Pkt. 75c.

THYMUS *Time-us* (Thyme)

Perennial. For rockeries, stone paths, etc. Creeping.

Serphyllum (Wild Thyme). Creeping habit; purple flowers and scented foliage. Pkt. 50c.

THUNBERGIA *Thun-berg-i-a* (Black-eyed-susan)

Annual. Climber, trailer. About 4 feet. All Summer.

Alata Yellow. Dark eye. 1/4 oz. 75c. Pkt. 25c.

Alata White. Dark eye. 1/4 oz. 75c. Pkt. 25c.

Gibsoni. Graceful climber for covering pillar and trellis work in the greenhouse or outdoors. Flowers of rich glowing orange. Pkt. 50c.

TITHONIA SPECIOSA *Tith-own-i-a*

(The Golden Flower of the Incas, Mexican Sunflower).

Feselected strain. A tall growing plant, 6 to 8 feet, with glowing, orange scarlet, single flowers, resembling a single Zinnia. Long, strong stems; splendid cut flower, and in clumps in wide flower border. Succeeds well as an annual if sown indoors during February-March and planted out in May. 1/4 oz. \$1.00 Pkts. 25c. and 15c.

TORENIA *Tor-een-i-a*

Annual. For beds, pots, hanging baskets. Height 12 inches.

Trivett's Improved Blue. A type of *Fournieri* with very much larger flowers. Beautiful, velvety blue. Height about 12 inches. Pkts. 75c. and 50c.

Trivett's Pink and White. Large flowered pink and white combination. Height 12 inches. Pkt. 50c.

Fournieri Blue. Blue with yellow; very popular.

1/4 oz. \$1.50 1/8 oz. 85c. Pkts. 35c. and 20c.

Fournieri White (White Wings). Fine companion to the blue sort.

1/4 oz. \$1.50 1/8 oz. 85c. Pkts. 35c. and 20c.

Bailloni. Yellow with dark purple brown throat.

1/4 oz. \$4.50 1/8 oz. \$2.50 Pkts. 75c. and 50c.

TRACHELIUM *Tra-kee-li-um* (Throatwort)

Annual. Greenhouse pot plant, and cutting. Height 1 1/2 feet.

Caeruleum. Large, cloudlike heads of tiny flowers, somewhat resembling *Gypsophila*. Soft mauve color. If large specimens are desired, they can be produced by growing on and repotting as required, finishing in a 12 inch pot.

1/4 oz. \$3.00 1/8 oz. \$1.75 Pkts. 50c.

White Queen. A white form of the above.

1/4 oz. \$3.00 1/8 oz. \$1.75 Pkts. 50c.

TRACHYMENE. See **Didiscus**.

TRADESCANTIA *Trad-es-can-shi-a* (Spiderwort)

Perennial. For perennial border, rock garden, etc. Light soil.

Virginica. "Flower of a Day," but nevertheless almost ever-blooming, the blossoms showing various shades of blue. An attractive old-time perennial. Height 18 inches. Pkt. 35c.

TRITOMA *Try-toe-ma* (Red Hot Poker)

Perennial. For perennial borders and cutting.

Rufa. A rare and choice species, long, slender spikes, yellow tipped with scarlet red. Height 2 1/2 feet. Pkt. 50c.

Stark's Perpetual. Novel strain, many shades of yellow, salmon, blood red. Blooms from May to October. Height 3 feet. Pkt. 50c.

Mirabilis (Annual Red Hot Poker). Orange and yellow. Blooms the first season if sown early. Pkt. 50c.

Royal Standard. Very choice; lower half of spike is but-ter yellow; upper part, rich scarlet. Height 3 feet. Pkt. 50c.

Gold Medal Hybrids. Choice mixture of various shades. 1/4 oz. \$2.00 1/8 oz. \$1.25 Pkt. 50c.

TROLLIUS *Trol-li-us* (Globeflower)

Perennial. For herbaceous borders and cutting. Mixed soil.

Ledebouri, Golden Queen. The plant is very vigorous. Grows from 3 to 4 feet in height. The color is intense glowing golden orange. Most Trollius are rather difficult to raise from seed, but one of the greatest recommendations this introduction has, is that the seed germinates freely when sown in the Spring. Pkt. 50c.

TROPAEOLUM *Tro-pee-o-lum*

Speciosum. Perennial. Climbing greenhouse Nasturtium. Striking, brilliant scarlet flowers. Splendid foliage. (Seed scarce) Pkt. 50c.

Trivett's Baby Mixed. Small, compact little baby Nasturtiums for outdoors. About 6 inches high. Small flowers in choice mixture. Oz. 50c. 1/4 oz. 20c. Pkt. 10c.

See also under **NASTURTIIUMS**.

TUNICA SAXIFRAGA *Tune-i-ca*

Perennial. For rockeries and edging. July-September. Sandy loam.

R Slender foliage with innumerable tiny, starlike pale pink flowers. Low growing. 4 or 5 inches. . . . Pkt. 35c.

TYDAEA *Ti-dee-a*

Annual. Greenhouse. Height 1 foot.

Large Hybrids. Valuable greenhouse plant. If sown in May, will bloom in December and will continue for some time. Treat similar to Gloxinias. Pkt. 50c.

URSINIA (*Jewel of the Veldt*)

Ur-sin-i-a

Annual. Bedding, cutting and greenhouse.

Trivett's Aurora. Bright orange with a broad band of deep crimson around the center. Height about 1 foot.

Pkts. 50c. and 35c.

Anethoides. Annual Daisy from South Africa, growing about 1 foot high; the orange colored flowers measure about 2 inches across and each have a deep purple zone around the center. . . . Pkt. 25c.

Trivett's Tangerine. A charming dwarf **R** sort growing about 6 to 8 inches high, smothered with rich orange flowers. Ideal for edging, beds or rockery. *Must have full sunlight.* Pkts. 50c. and 35c.

Choice Hybrids. Bushy plants about 1½ feet high, which produce a hundred or more fully expanded flowers at one time. The foliage is light and feathery and the blooms are carried well above the leaves on thin, but wiry stems of sufficient length for vase work. Although the petals of all the flowers are rich orange, the center zones vary in color from ruby red to deep blue. (*Illustrated*). . . . Pkt. 50c.

T.T.S.

URSINIA—Choice Hybrids

T.T.S.

VENIDIUM fastuosum

VALERIAN (*Pretty Betsy*) *Va-lee-ri-an*

Perennial. For cutting. Height 2 feet. June-July.

Red. Fine, deep ruby red color.

Scarlet. Very brilliant bright scarlet shade.

White. A white form, excellent for cutting.

Mixed. All available colors in mixture.

Any of the above four: Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

Officinalis. *All Heal.* Fragrant light pink flowers in June-July. 4 to 5 feet. Oz. \$3.00 ¼ oz. 85c. Pkt. 25c.

VENIDIUM *Ven-id-i-um*

Fastuosum. A magnificent new species from the Cape. The plants attain a height of 2 to 3 feet, and above the grayish silky foliage rise numerous rich orange colored Daisylike flowers which are marked with a purple black zone at the base of the petals. The flowers average 4 to 5 inches across and make a most striking display in the border. This variety is best treated as a half hardy annual, sowing the seed in April or early May, as germination is difficult if started earlier.

Pkt. 50c.

Fastuosum, Trivett's Hybrids. *New.* 1935 Novelty. A fine strain, producing many new colors—creamy white, yellow, salmon, rose, orange, salmon red, etc. All with contrasting center zones. Height 2 to 3 feet. *In mixture only (Seed scarce)* . . . Pkt. \$1.00

Calendulaceum. A strong growing hardy annual, with large, brilliant orange colored flowers which have a paler zone round the central dark disc. Gives a succession of bloom the whole Summer and Autumn. Height 18 inches. Pkt. 25c.

TRIVETT'S CHOICE VERBENAS *Ver-bee-na*

TREATED + SEED

Verbenas do not reproduce themselves absolutely true to color from seed. Plant seedlings thickly so that any not true to color may be pulled out. Sow seed indoors or in hotbed from January to March.

T.T.S.

VERBENA—Trivett's Massive White

BEDDING VERBENAS

Flowers not so large as "Trivett's Massive." Height about 18 inches.

Hybrida Blue. Dark blue	Hybrida White
Hybrida Yellow. Amber yellow	Hybrida Scarlet
Hybrida Purple. Plum violet	Hybrida Pink Shades
Hybrida Lilac. Rosy lilac	Hybrida Finest Mixed

Any of the above eight Hybrida varieties:

Oz. \$2.50	¼ oz. 75c.	⅛ oz. 40c.	Pkt. 15c.
------------	------------	------------	-----------

Erinoides. (*Moss Verbena.*) Fine, mosslike foliage, covering the ground like a carpet with spikes of purplish blue flowers.

Oz. \$2.50	¼ oz. 75c.	⅛ oz. 40c.	Pkt. 15c.
------------	------------	------------	-----------

Erinoides alba. White companion to above.

Oz. \$2.50	¼ oz. 75c.	⅛ oz. 40c.	Pkt. 15c.
------------	------------	------------	-----------

Venosa, Trivett's Lavender. (*New.*) Beautiful lavender blue flowers; the plants grow 12 inches high and are covered with bloom. Fine combination with "Venosa." ... Pkt. 50c.

Venosa. A remarkable variety producing deep mauve flowers the entire season. Oz. \$3.00 ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

Venosa alba. A silvery white companion to the popular *Verbena Venosa*. Height 1 foot. ... Pkt. 35c.

Lemon-scented Verbenas. Fragrant, lemon-scented evergreen leaves. Oz. \$6.00 ¼ oz. \$2.00 ⅛ oz. \$1.25 Pkt. 35c.

TRIVETT'S MASSIVE TYPE (ITALIAN GROWN SEED)

Height about 18 inches

Massive Salmon Red. Lovely new rich color, extra large florets in massive bunches. Comes true from seed.

Massive Cameo Pink. Large white florets 1¼ inches across are tinted on the edges with cameo pink. The flower heads are very large.

Massive Royal Blue ("Improved Royale"). Rich velvety royal blue with attractive, creamy yellow eye.

Massive White. Large heads, pure white.

Massive Orange Pink. Brilliant and attractive rich pink shaded salmon and washed orange.

Massive Geranium Red. Rosy red with creamy yellow eye. Massive blooms.

Massive Salmon Pink. Beautiful color; large bloom.

Massive Lavender Glory. True lavender with creamy eye. The individual floret will cover a fifty cent piece. Sweet scented.

Massive Bright Pink. Attractive solid pink. A brilliant and charming color.

Massive Violet. Rich violet with white eye.

Massive Delicate Rose. Lovely pale rose pink. Large trusses of bloom.

Massive Scarlet. Brilliant rosy scarlet.

Massive Colossea Rose Shades. Varies.

Massive Mixed. A splendid mixture of the above and other shades.

Any of the above thirteen massive sorts:

¼ oz. \$2.00	⅛ oz. \$1.25	Pkts. 50c. and 30c.
--------------	--------------	---------------------

TRIVETT'S COMPACT VERBENAS

Ideal for bedding or edging. The plants have a fine, compact habit and very free flowering.

Only about 8 to 10 inches high

Valuable in cases where the tall, spreading types are undesirable.

Trivett's Compact Salmon Rose. Charming shade.

Trivett's Compact Violet. Rich dark violet blue.

Trivett's Compact White. Pure snowy white.

Trivett's Compact Rose. Attractive rosy pink.

Trivett's Compact Scarlet. Brilliant, white eye.

Trivett's Compact Shell Pink. Lovely shade.

Trivett's Compact Blood Red. Deep rich red.

Trivett's Compact Mixed. Very choice mixture.

Any of the above eight compact sorts:

Pkts. 50c. and 30c.

Ellen Willmott. Bright salmon rose with white eye. About 75 per cent true to type.

Oz. \$4.00	¼ oz. \$1.25	⅛ oz. 75c.	Pkt. 30c.
------------	--------------	------------	-----------

Beauty of Oxford Hybrids. A wonderful strain, mostly rose and pink shades. ... Pkt. 50c.

Trivett's Golden Yellow. A new sort which we consider the best yellow so far introduced.

¼ oz. \$2.00	⅛ oz. \$1.25	Pkts. 50c. and 30c.
--------------	--------------	---------------------

TRIVETT'S TESTED SEEDS—FOR THOSE WHO DEMAND THE BEST

VERBASCUM *Ver-bas-cum* (SELECTED STRAINS)

Perennial. For borders. Flowers June onwards.

Harkness Yellow. Stately spikes of golden yellow. Height 6 feet
Oz. \$4.00 ¼ oz. \$1.25 ⅛ oz. 75c. Pkt. 30c.

Miss Willmott. Creamy white flower spikes. Height 6 feet.
Blooms from July until October.
Oz. \$4.00 ¼ oz. \$1.25 ⅛ oz. 75c. Pkt. 30c.

Phoeniceum. One of the prettiest *Verbascum* for the perennial border. Grows about 2 feet high. The slender, wiry stems carry numerous flowers in a variety of charming shades. Also splendid greenhouse plant.
Oz. \$4.00 ¼ oz. \$1.25 ⅛ oz. 75c. Pkt. 30c.

VERONICA *Ver-on-i-ca* (*Speedwell*)

Perennial. For borders and rockeries. Common soil.

Allioni. Pretty trailing sort about 3 inches high, with white flowers. ... Pkt. 35c.

Gentianoides. Lovely light blue flowers in May. Fine for borders. 2 ft. ... Pkt. 50c.

Prenja. Creeping blue variety, about 6 inches high. Fine for rockeries. ... Pkt. 35c.

Repens. Compact plants in close mats of bright green, covered with pale blue flowers. Blooms in Spring. Height 2 inches. Pkt. 50c.

Spicata. Bright blue. 1½ feet. ... Pkt. 25c.

Teucrium, Royal Blue. Charming little species, with spikes of clear blue flowers. 1 foot. ... Pkt. 25c.

VIOLAS *Vie-o-la* R

Perennial. For rockeries, edging and beds. Mixed soil.

SMALL FLOWERED VIOLAS

(*VIOLA CORNUTA* HORNED VIOLETS)

Small, starry flowers in great profusion. Valuable for rockeries and in shady places, under trees, etc.

Rosy Gem	Purple Gem	Mauve Gem
Yellow Gem	White Gem	Mixed Gem
Each of above:	¼ oz. \$1.75	⅛ oz. \$1.00
		Pkt. 35c.

MEDIUM FLOWERED VIOLAS

(*CORNUTA HYBRIDA*, or GIANT VIOLETS)

Characteristics of the Violet, but several times larger.

Normandie. A new shade, rich burgundy wine red; a very unique Viola. ... Pkt. 35c.

Chantreyland. A perfect Viola producing masses of purest apricot flowers. Choice. ... Pkt. 35c.

Lord Nelson. Velvety violet purple. ... Pkt. 50c.

Jersey Gem. Rich deep mauve blue, free and continuous bloomer. About 70 per cent true from seed. ... Pkt. 50c.

Haslemere. Lilac pink, in abundance. ... Pkt. 35c.

Lavender Gem. A replica of the popular *Jersey Gem*. Soft, deep lavender. ... Pkt. 50c.

Blue Perfection. Bright blue. ... Pkt. 25c.

White Perfection. Pure white. ... Pkt. 25c.

W. H. Woodgate. Lovely violet mauve flowers. Pkt. 50c.

Puck. Yellow and violet combination. ... Pkt. 35c.

Yellow Perfection. Clear yellow. ... Pkt. 25c.

LARGE FLOWERED VIOLAS

Pansy flowered, round shaped flowers. Exhibition strains of the true bedding sorts.

Trivett's Avalanche. White.	Dobbie's Giant White
Trivett's Primrose Queen. Lovely soft pale yellow.	Dobbie's Giant Lavender
Arkwright Ruby. Ruby red with terra cotta shadings.	Sutton's Apricot. Orange center.
Dobbie's Giant Purple	Sutton's Bizarre. Violet purple with apricot.
Dobbie's Giant Yellow	Giant Choice Mixed

Any of the above, each ... Pkt. 50c.
Collection: One pkt. each of nine colors ... \$4.00

T.T.S. NEW VIOLA—Trivett's Avalanche

VIOLA TRICOLOR

(*Old-fashioned Wild Pansy*)

Johnny-Jump-Up. The probable ancestor of the modern Pansy, also known as "*None-So-Pretty*." Purple, blue and yellow are the three colors that give them their name and the combinations are variable. Sometimes there will be a yellow blossom and below it on the same stalk one of yellow and blue, etc. Ideal for naturalizing beside pools, in woodlands, shady rockeries, as a ground cover for Iris beds and other naturalized plantings. The tiny flowers first appear during early Spring. Hardy perennial.

Use seed liberally when sowing in woodlands.

Oz. \$1.50 ¼ oz. 50c. Pkt. 10c.

VIOLETS (*Sweet Violets*) R

Perennial. Rockeries, woodland, etc.

Odorata, The Czar. Large fragrant deep violet flowers. Pkt. 50c.

Sweet Purple. Rich purple color, sweet-scented. Pkt. 25c.

White Pearl. Pure white, sweet-scented. ... Pkt. 25c.

Rose Pearl. Sweet-scented. Bright rose. ... Pkt. 35c.

Mixed. Many sorts in mixture. Ideal for sowing on banks of pools, under trees, etc. Sweet-scented. Treat like Pansies.

Oz. \$3.00 ¼ oz. \$1.00 Pkt. 20c.

VINCA *Vin-ca* (*Madagascar Periwinkle*)

Dwarf bedding and edging plants, easily raised from seed. Treat as annuals.

The deep green, glossy foliage and bright single flowers are very showy. Height about 9 inches.

Sow seed early indoors.

Trivett's Crimson. Bright red, attractive flowers with red stems; forms a splendid contrast to the glossy, dark, evergreenlike foliage. A grand bedding and edging sort.

Bright Rose. Attractive shade of bright pink.

Pale Pink. Light shell pink.

Pure White. Glistening pure white sort.

White with Eye. White with rose eye.

Any of the above four: ¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 35c.

VITTADENIA *Vit-ta-den-i-a* (*Santa Barbara Daisy*)

Perennial. For rockeries. Height 6 inches.

Triloba (*Erigeron mucronatus*). A lovely little perennial for the rock garden which if sown early will flower the first season. Numerous small, Daisylike flowers, white tinted on reverse with pinkish mauve. ... Pkts. 35c. and 20c.

T.T.S. VISCARIA—Trivett's Rosy Gem

VIRGINIAN STOCKS

Annual. For edging. Height 6 inches.

Crimson	White	Pink
Each color:	Oz. \$1.00	¼ oz. 35c. Pkt. 15c.

VISCARIA *Vis-kay-ri-a*

Annual. For edging and cutting.

Trivett's Rosy Gem. Bushy little plants covered with bright pink flowers. Very effective for bedding and edging, etc. Height 6 inches. (*Illustrated.*) ... Pkt. 35c.

Trivett's White Gem. White companion to above. Pkt. 35c.

Trivett's Blue Gem. Clear bright blue. Height 6 inches. Pkt. 35c.

Tall Sky Blue. Height 1 foot. For Summer bedding and cutting. Also for greenhouse growing as a cut flower. Pkt. 20c.

Tall Rich Blue. Delphinium blue. ... Pkt. 35c.

Tall Rose. Clear pink, darker eye. Height 1 foot. Pkt. 20c.

Tall White. Pure glistening white. Height 1 foot. Pkt. 20c.

Tall Crimson. Very attractive color. Height 1 foot. Pkt. 35c.

WALLFLOWER

Wallflowers are grown principally for their exquisite fragrance and can be grown successfully in cool greenhouse for Winter cutting, or carried over in coldframe for early Spring use.

SINGLE ANNUAL

Single Blood Red	Single Golden Gem
Single White Gem	Single Choice Mixed
Above four, each:	Oz. \$1.75 ¼ oz. 60c. Pkt. 20c.

BIENNIAL TALL SORTS

Cloth of Gold. Splendid pure yellow shade.

Eastern Queen. Distinct and pretty variety of pleasing apricot changing to rosy pink.

Orange King. Brilliant rich orange shading off to light bronzy yellow, most attractive sort.

Primrose Queen. Soft pale yellow; good sort.

Ruby Gem. Splendid rich color.

Vulcan. Deep crimson, very attractive.

Any of above six sorts: Oz. \$2.50 ¼ oz. 75c. Pkt. 25c.

Sutton's Giant Blood Red. *Sutton's Seed.* Tall. Pkt. 60c.

Sutton's Giant Yellow. *Sutton's Seed.* ... Pkt. 60c.

Sutton's Giant Ruby. *Sutton's Seed.* Ruby red. Pkt. 60c.

Sutton's Primrose Monarch. *Sutton's Seed.* Pale yellow. Pkt. 60c.

DOUBLE ANNUAL WALLFLOWER

A new strain which can be easily flowered as an annual if sown in March or April. Splendid for outdoors or as pot or cutting plants in greenhouse. Sow from June to September. Delightfully fragrant, usually takes 5 months to flower.

Height, about 1½ feet.

Early Wonder Canary. Light lemon.

Early Wonder Golden. Yellow, flaked with brown.

Early Wonder Brown

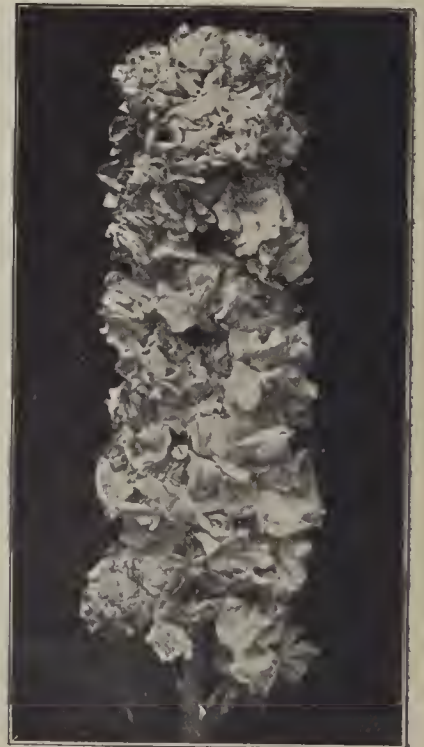

Rich reddish brown.

Early Wonder Primrose. Yellow.

Early Wonder Violet. Dark violet.

Early Wonder Mixed.

Any of above Pkt. 50c.

T.T.S. WALLFLOWER Double Annual

T.T.S. WALLFLOWER (Choice English Grown Seed)

TRIVETT'S SELECTED DAHLIA-FLOWERED ZINNIAS *Zin-i-a*

(See also following pages)

NOTE—We offer "THE GOLD MEDAL STRAIN." These are extra selected, the seed is hand picked from the earliest and best flowers. Zinnias do not reproduce entirely true to color from seed, hold a few for replacement.

Zinnias are very popular annuals for cutting, bedding and garden display and may be had in bloom during Summer and into Autumn until killed by frost.

The Dahlia-Flowered Type is the largest of all, next in order of size comes Trivett's Mammoth, Tall Giant Double, Dwarf Large Flowered, Lilliput and finishing with Baby Zinnias.

ZINNIA DAHLIA-FLOWERED

TREATED  SEED

THE LARGEST OF ALL

Growing 2½ to 3 feet high and producing enormous flowers in many beautiful colors.

Apricot Salmon. Lovely shade of salmon washed with apricot. Splendid large blooms, good stems.

Canary Bird. Delicate shade of soft primrose yellow; very large

Crimson Monarch. The largest and best of all red shades, flowers often measure 8 inches in diameter

Dream. Fine, deep lavender, turning to Mallow purple; very desirable shade.

Exquisite. The most charming color of all; soft light rose with deep rose in center.

Golden Dawn. A shade of yellow between *Golden State* and *Canary Bird*. They are of enormous size and of perfect type.

Golden State. Rich orange yellow (cadmium yellow) in the bud, turning to orange when in bloom.

Illumination. A gorgeous, deep rose self color; a very charming shade.

Lemon Beauty. Decidedly a pastel shade and next in size to *Crimson Monarch*; golden yellow over brown.

Luminosa. Several tones darker than *Exquisite*. Bright deep pink with a light suffusion of salmon.

Meteor. Rich glowing deep red, the darkest red. Fine form, very large and more floriferous than other reds.

Old Gold. Glowing burnished deep and lighter shades of old gold. Very large, well formed flowers.

Old Rose. A real old rose shade, very large. For charm and beauty it ranks next to *Exquisite*.

Oriole. We consider this the most beautiful of its class. It is an immense orange and gold bicolor.

Polar Bear. True Dahlia form, the largest White Zinnia.

Purple Prince. Fine, deep purple, large and well formed.

T.T.S.

DAHLIA-FLOWERED
OLD ROSE

"We have a fine display of Zinnias. Your Gold Medal, Dahlia-flowered Strain was admired by everyone who saw them. Your Lilliput type is excellent for planting in groups of separate colors in the flower borders and for cutting."

MR. DAVID HANLON
Supt.-Head Gardener to
PAUL D. CRAVATH, Esq.

Scarlet Flame. Very large, bright scarlet, suffused with orange. Very attractive.

Youth. Beautiful soft rose several shades lighter than *Exquisite*. Vigorous and free flowering sort.

Mixed Dahlia Flowered. *Gold Medal Strain*. Splendid range of all the choice colors in mixture.

Price: Any of the above, each Oz. \$5.00 ½ oz. \$2.75 ¼ oz. \$1.50 ⅛ oz. 85c. Pkts. 50c. and 30c.
Collection: One large pkt. each, twelve colors (our selection) \$5.00

FOR OTHER ZINNIAS, SEE FOLLOWING PAGES

TRIVETT'S MAMMOTH

SPECIAL STRAIN—TREATED ⊕ SEED

The great advantage of this type is that the enormous flowers are flat in shape and the petals are arranged loosely, thus eliminating the objectionable stiffness of the old type Zinnia. 3½ ft.

Exceptionally fine for cutting in half bud or full bloom. They are twice the size of the *Tall Giant Double*.

ZINNIA
Trivett's Mammoth

T.T.S.

NOTE—Separate varieties of Zinnias do not reproduce themselves entirely true to color and type, therefore if desirable, a few plants of each (in pots) should be held in reserve for replacement purposes.

TALL GIANT DOUBLE ZINNIAS

Popular class, double flowers growing 2½ feet high. Next in size to "Trivett's Mammoth."

- Crimson King.** Deep crimson.
- Pink King.** Charming soft shade of light pink.
- Salmon King.** Beautiful rich salmony rose; very choice.
- Yellow King.** Daffodil yellow.
- Sulphur King.** Canary yellow.
- White King.** Large white.
- Rose King.** Good deep pink.
- Scarlet King.** Rich color.
- Purple King.** Purplish violet.
- Mixed King.** The best colors.

Any of the above:
Oz. \$3.50 ¼ oz. \$1.00 Pkt. 25c.

ZINNIA CORNUCOPIA

An odd and unique type. Each petal forms a small cornucopia, giving the flower the appearance of a small Pompon Dahlia.

Mixed. Nice colors in mixture.
Oz. \$3.00 ¼ oz. \$1.00 Pkt. 25c.

- Mammoth Lavender.** Fine deep lavender or light purple.
- Mammoth Lemon.** Nice soft pale yellow shade.
- Mammoth Orange.** Deep rich burnt orange.
- Mammoth Yellow.** Golden yellow.
- Mammoth Pink.** Lovely shade of shrimp pink.
- Mammoth Rose.** Very attractive bright rose.
- Mammoth Red.** Deep, yet bright brick red.
- Mammoth Salmon.** Nice shade of salmon pink.
- Mammoth Rosy Red.** A charming shade.
- Mammoth Scarlet.** Attractive glowing scarlet color.
- Mammoth Violet.** Deep purplish violet.
- Mammoth White.** Very good white sort.
- Mammoth Mixed.** Splendid mixture of all colors.

Any of the above: Oz. \$3.75 ½ oz. \$2.00
 ¼ oz. \$1.25 ⅛ oz. 75c. Pkt. 35c.

- Trivett's Queen of Roses.** Beautiful soft salmon rose; large, double. Pkt. 50c.
- Trivett's Orange Prince.** Brilliant rich orange, well formed, double flowers. Pkt. 50c.
- Trivett's Art Shades.** A mixture of unusual shades; very charming. Pkt. 50c.

TRIVETT'S CUT AND COME AGAIN

(Reselected Strain)

A fine group of Zinnias with perfectly formed double flowers of medium size, on long stems. This "Cut and Come Again" type is especially good for massing in the garden and produces a continuous succession of splendid cut flowers throughout the Summer. Height 2½ to 3 feet.
Named Zinnias usually throw some "off colors."

- | | | |
|-----------------------|----------------------|-------------------------|
| Bright Scarlet | Canary Yellow | Cherry Red |
| Golden Yellow | Rich Crimson | Shell Pink |
| Salmon Rose | Rose Pink | Rich Violet |
| Pure White | | And Choice Mixed |

Price: Any of the above "Cut and Come Again" sorts:
Oz. \$3.50 ¼ oz. \$1.00 ⅛ oz. 60c. Pkts. 25c. and 15c.

TRIVETT'S DWARF LARGE-FLOWERED

(Reselected Strain)

Semi-dwarf, 1½ to 2 feet in height, and producing fairly large, double flowers; valuable to those desiring a comparatively dwarf Zinnia. Suitable for beds, borders, cutting, etc.

Soil and climatological conditions will affect the given height and habit of Zinnias.

- | | | |
|-----------------------|-------------------------|----------------------|
| Salmon Rose | Sulphur Yellow | Golden Yellow |
| Flesh Pink | Bright Crimson | Rose Pink |
| Bright Scarlet | Pure White | Rich Violet |
| | And Choice Mixed | |

Price: Any of the above Dwarf Zinnias:
Oz. \$3.50 ¼ oz. \$1.00 ⅛ oz. 60c. Pkts. 25c. and 15c.

TRIVETT'S TESTED SEEDS—FOR THOSE WHO DEMAND THE BEST

"Your Lilliput Zinnias are very choice; fine clear colors and good cutting stems."

MR. M. HAGIMONT
Supt.-Head Gardener to
FLOYD L. CARLISLE, Esq.

TRIVETT'S LILLIPUT ZINNIAS

TREATED  SEED

Exceedingly desirable for cutting. Perfectly formed blooms on rigid stems. 1½ feet long. All the colors are exceptionally clean and attractive. Our seed is hand picked from the finest flowers only.

T.T.S.

LILLIPUT,
Salmon Gem

TRIVETT'S LILLIPUT ZINNIAS

Small flowered, very double, well formed, exquisite cut flower, growing about 1½ feet high with good stems for cutting. Also suitable for beds and flower border. Highly recommended.

(Reselected Strain)

- Canary Gem.** Beautiful pale soft yellow.
- Copper Orange Gem.** Rich shade of dark orange.
- Crimson Gem.** Splendid rich deep red.
- Golden Gem.** Lovely clear golden yellow.
- Salmon Gem.** Charming salmon rose; very choice.
- Rosy Gem.** Beautiful shade of rich deep pink.
- Scarlet Gem.** Very attractive, bright scarlet.
- Purple Gem.** Rich deep purple, nice color.
- Lavender Gem.** Fine shade of lavender lilac.
- Pink Gem.** Delicate flesh or shell pink.
- White Gem.** A very good white.
- Mixed Gem.** A mixture of all colors.

Any of the above colors and Mixed:

Oz. \$3.75 ½ oz. \$2.00 ¼ oz. \$1.25 Pkts. 35c. and 20c.

ZINNIA HAAGEANA (*Mexicana*)

Attractive for small beds and for cutting. Height 1 foot.

Double Orange. Good glowing orange color.
Oz. \$3.00 ½ oz. \$1.75 ¼ oz. \$1.00 Pkt. 25c.

Double Mixed. Many colors in fine mixture.
Oz. \$3.00 ½ oz. \$1.75 ¼ oz. \$1.00 Pkt. 25c.

TRIVETT'S BABY ZINNIAS

Only 9 inches in height, forming bushy little plants, covered with tiny, double, button flowers in the most beautiful range of colors. Ideal for edging and small beds. *Will vary somewhat.*

Mixed. Lovely pastel shades in mixture.
Oz. \$3.75 ½ oz. \$2.00 ¼ oz. \$1.25 Pkts. 35c. and 20c.

ZINNIA GRACILLIMA

Very small, globe-shaped, double flowers, effective for groups and cutting. Height 15 inches.

Trivett's Choice Mixed. Pkts. 35c. and 20c.

ZINNIAS—Continued on following page

TREATED  SEED

T.T.S.

NEW ZINNIA
Chrysanthemum Flowered (Fantasy)

ZINNIA Chrysanthemum Flowered

Mixed. *New.* 1935 Novelty. The most fascinating new type of Zinnia that has been introduced in recent years. As the illustration shows, the rounded medium-sized flowers are composed of shaggy, raylike petals which give a delicate and refined appearance. An ideal type for flower arrangement. The mixture includes soft pastel shades in addition to the reds, yellow, orange, etc. ... Pkts. 50c. and 30c.

T.T.S.

NEW SCABIOUS FLOWERED ZINNIAS

Giant Dahlia-flowered Zinnias will be found listed on page 109. The normal height and habit of Zinnias is often affected by richness of soil and climatical conditions.

All our Zinnia Seeds are treated with a special formula of our own, as a preventive against seed carried diseases.

Zinnias delight in our American climate and are easy to grow. Seed may be sown indoors during early Spring or outdoors from May onwards for succession. Separate varieties of Zinnias do not reproduce themselves entirely true to color and type, therefore, if necessary a few pot grown plants should be held in reserve for replacement purposes.

TRIVETT'S PICOTEE ZINNIAS

A beautiful class, producing the medium small flowers now desired by many. They lend themselves gracefully to vase arrangement, having fine stems for cutting. The lacinated or fringed petals are artistically tinted and marked on the tips with deeper or contrasting shades. The plants grow about 2½ feet high.

Trivett's Picotee, Delightful Salmon. Rosy salmon petals edged deeper shade.

Trivett's Picotee, Delightful Golden. Rich, deep gold with dainty picotee edging of Indian red.

Trivett's Picotee, Delightful Mixed. Very choice mixture.

Price: Above three Pkts. 35c. and 20c.

Picotee Mixed. The regular mixture of colors. Pkts. 25c. and 15c.

TRIVETT'S JEWELL ZINNIAS

A lovely, refined type, with well-formed blooms of good size, growing 2½ to 3 feet high. The lower part of the petals is golden yellow.

Trivett's Jewell, Golden Cloth. Old gold color. Each petal is tipped with light yellow. Pkts. 50c. and 30c.

Trivett's Jewell, Special Mixture. Including old rose, cream, yellow, carmine, red, pink, all with golden yellow on lower parts of petals. Pkts. 35c. and 20c.

TRIVETT'S EARLY DWARF BEAUTY

The earliest to flower, the plants grow about 15 inches high, with a profusion of medium size, double flowers. Grand for massing, bedding and tall edging.

Orange Beauty. Fine coppery orange shade.

Salmon Beauty. Brilliant deep salmon pink.

Rose Beauty. Beautiful shade, rosy pink.

Beauty Choice Mixed. Many charming colors.

(In packets only) above four: Each Pkts. 50c. and 30c.

TRIVETT'S NEW SCABIOUS FLOWERED (Crested)

This attractive, new type resembles the scabious or double crested Cosmos, growing about 3 feet high and producing long, strong, stems. Ideal for cutting; small flowers; they vary somewhat in trueness.

(Reselected Strain)

Crested Salmon

Crested White

Crested Pink

Crested Sulphur

Crested Purple

Crested Golden

Crested Red

Crested Carmine

Crested Scarlet

Choice Mixed

And

Price: Any of the above Scabious Flowered:

(In packets only) Pkts. 50c. and 30c.

TRIVETT'S CACTUS FLOWERED

Artistic, quilled and fluted petals, fully double flowers of fairly good size. Height about 2½ feet. Splendid cut flower.

Achievement Mixed. The colors include some of the beautiful Autumn tints.

¼ oz. \$1.25 ⅛ oz. 75c. Pkt. 35c.

CURLED AND CRESTED, Mixed. Beautifully curled and crested double flowers. 3 feet.

¼ oz. \$1.00 ⅛ oz. 60c. Pkt. 25c.

SINGLE ZINNIAS, Mixed. Lovely for vase decoration; single flowers; long stems. Height 2½ feet.

Oz. \$1.50 ¼ oz. 50c. Pkt. 15c.

SANVITALIA PROCUMBENS (Creeping Miniature Zinnia). Like Baby Zinnias; tiny double pale yellow flowers. See page 95.
