CHARLOTTE, N. C.

Located in Myers Park, the most beautiful and best laid out residential suburb in the United States; on a magnificent plat of 50 acres of elevated, undulating land, overlooking the city of Charlotte, two miles in the country, but on paved boulevard and street car line to the city.

Ideal climate; midway between New York and Florida; entire equipment new, modern, fireproof, steam heat, electric lights, hot and cold water from city water works in each room, toilets and shower baths on each floor.

The Most Complete and Best Equipped New Barracks in the South

Ten teachers with degrees from the best colleges and universities. Limited to 250 cadets who dine with the teachers and ladies of the Principal's family. The academy has had a succesful career of 65 years with a history that is a guarantee that it is not an experiment. The large patronage from the best people of our home State, who know us best, is its greatest endorsement. Charges \$360.00 per year.

CHARLOTTE

PREFACE

We take pleasure in presenting Volume XVIII of the Charlotte City Directory. Heretofore the Charlotte directory has been published by the Piedmont Directory Co. The Commercial Service Co. is only an offspring of The Piedmont Directory Co., the business of the Piedmont Directory Co. having grown to such an extent that a new company was organized to take over and handle part of the business heretofore handled by The Piedmont Directory Co., the main reason being to enable us to give the public better service. Both companies are under the same general management. The publishers, notwithstanding the discouraging outlook at the time they began work on this issue, did not endeavor to cheapen the publication in any way, but put forth every effort to produce a reliable directory, sparing neither time nor expense; and while some errors will no doubt occur, we know that we have produced a city directory far above the average. Some may knock our publication, for the knocker will ever exist. But the big majority of the users of the 1916 Charlotte Directory will give us the proper credit due. We say credit due, because we have issued a directory every year, under favorable and under adverse circumstances, we have put more emphasis on Service rendered to the public than on profit to ourselves. It is not every one who can get up a reliable directory. The novice, as a rule, makes a complete failure of it, for no man can make a success of a business which he does not understand, and unless he has a well defined system and a competent force of employees on which to depend. In concluding we desire to thank the business men who stood by us and gave us their support, as we have issued the only Charlotte directory.

NUMERICAL TELEPHONE DIRECTORY

OF CHARLOTTE, N. C.

Note—This is a New Department, which we have added to the Charlotte Directory and which we think will be found very useful to our patrons. A business man on the return to his office is often requested to call such and such a number, without having the slightest idea to whom he is to speak. Before calling your number, a glance at the following list, oftentimes will prove to be a source of great relief—Publrs

†Office or place of business

*Just the Thing Every
Business and Office
Man Needs*

BUMP'S NEW PAPER FASTENER

It is a handy little nickel plated machine to keep on your desk.

Simply insert papers to be fastened into the fastener, press the handles together, release them and the work is done.

One pressure of the handles fastens two to ten papers neatly and permanently.

You'll Like This New Paper Fastener.

If you are tired of pins, staples and clips—If you appreciate clean and roomy filing cabinets, devoid of unrelated papers caught together by old fashioned clips—If you desire to fasten your papers together quickly, permanently and neatly, this is what you need.

Let us send you one of these newer and better paper fasteners.

Price Prepaid \$2.10

IT PAYS TO ADVERTISE

Robinson Crusoe was shipwrecked and isolated on a lonely isle, but he flung a shirt on a pole at the top of his island as an advertisement to every seafaring man, and in time he got what he wanted—a ship.

Biddle University

CHARLOTTE, N. C.

Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely: Normal and Preparatory, Arts and Sciences, Theological and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking, Blacksmithing and Broommaking. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years, the Theological three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the Junior and Middle years. Where the previous training of students has been partial and his years are mature a shorter and purely English course has been provided.

The school year begins the third Wednesday in September, and closes the first Wednesday of June.

For information or catalogue, write President H. L. McCrorey.

Harmon Engineering Co.

INCORPORATED

Manufacturers of Improved Ice-making and Refrigerating Machinery, suitable for Hotels, Meat Markets, Cafes, Office Buildings, Factories, Small Towns, or any place where Ice or Cold Storage is needed. Mills and Factories with cheap power, can manufacture one ton of ice per day at practically no cost.

A Small Ice-Making Plant

These machines are made of the best material throughout, and the workmanship is unexcelled. The construction is very simple and the few working parts are self-oiling.

Corliss Engines Repaired, Reconstructed and made to operate on most economical basis.

We go to your plant, inspect its needs and make repairs on the grounds. We have portable tools for all work.

Timely repairs of leaking valves and worn pistons is money saved.

We Own and Control Over 300 Fine Milch Cows—Well Fed and Attended

SANITARY! YES, SANITARY

From Kirkwood you get Kirkwood's Baby Special and Pure Milk, from tuberculin tested cows, milk handled in the light of recent discoveries and developments of modern science with regard to the care of milk.

Visit Kirkwood and be convinced. Observe with your own eyes our sanitary method of handling milk for your table, the baby, the sick room.

VICTOR VICTROLAS RECORDS SEWING MACHINES

Queens College

CHARLOTTE, NORTH CAROLINA

Will open Wednesday, September twelfth (12th), in its beautiful campus of 50 acres in Myers Park.

Electric car to college entrance.

Five new buildings: Administration, Music, Science and Art, and two Dormitories.

Equipment new and modern. Sanitation unexcelled.

B. A. Degree, Schools of Music, Art and Expression.

All out-door sports.

Faculty of college grade from the best universities and colleges.

Queens Fitting School

Queens College does not wish to curtail or to discourage the work of the High Schools within its territory, but would like to aid in building up the standards and efficiency of the High Schools.

There are, however, in our State and in our neighboring States scores of High Schools doing only one or two or three years of work. The girls who finish these schools and who wish to go to college must have a school in which to finish their preparation. We offer such a school.

Queens Fitting School employs only the best teachers.

Its standards of thoroughness and efficiency are the same as those of Queens College.

Its students receive the care and supervision necessary for training young girls, and they share the College home and enjoy the College life.

Day pupils who desire to attend a private school will be cordially welcome, as heretofore, to the classes of both the College and the Fitting School.

Literature on request.

JOHN L. CALDWELL, A. M., D. D.
President.

READ THIS

Advertising is what nothing was ever sold without. If a loaf of bread is sold to a tramp who managed to glom onto a jitney, it had been advertised by the tramp's hunger and by somebody who told the bo where the bakery was. Or by the window of the bakery itself. There isn't a human being who doesn't believe in advertising. If he really doesn't, he had better commit suicide. And that will give him a lot of publicity that nobody can cash in on. The man who claims not to believe in advertising is a boob. This boob is anxious for his place is a good one to tell an advertiser anything for tell something-for-nothing tightwads. The clothes advertiser advertises his outfits in the shape of the man who dresses poorly because of his poverty and expects contempt. The doctor advertises but he wants the newspaper case. Unless he loses the case. Unless he loses the case, he wants advertising. Only the doctor and they get it anyway.
