This is TOECAFO 77 from Seoul Dec 30.
ROK officials indicate export of scrap iron and steel from Korea would be facilitated if shipments could be made not only to Japan but also to United States and other UN nations. Would appreciate latest quotations various categories scrap from Japan, United States, other markets, soonest. Recognized bulk of such exports will undoubtedly go to Japan, but consider at least token exports elsewhere may expedite shipment large quantities available here.

Subject: Procurement program

Re ECATO 189 and related messages

This message in 4 parts

Part 1. In coordination with EPS Tokyo, Mission in process preparing master status report in six parts indicating by fiscal year, offshore and US procurement separately, exact status of all PA's from inception of program. This report will further indicate status of each contract with breakdown of deliveries to Korea, portion safehavened Japan and portion undelivered. Report will be screened here with intention retaining contracts providing continued delivery of transportation units, maintenance parts and supplies and raw materials which may be effectively utilized Korea under present circumstances. Remaining commodities will be screened by SCAP for selection those items required in Korea to be transferred to Army on reimbursible basis. Complete report with recommendations will be airmailed ECA Wash soonest. At conference Manila STEMs indicated active interest obtaining many items available safehavened Japan and US and under contract. Suggest ECA Wash assume responsibility both approval transfer items SCAP and establishing allocations these commodities handling direct with SEA Missions concerned. As firm commitments established and upon receipt advice Tokyo Field Office, EPS will be requested handle outshipments. Consider here cost handling and warehousing Japan should be charged Korea program funds; commodity costs and transportation charges Japan to country of destination should be charged against program allotment of receiving country or against administrative allotment STEM concerned in case commodities destined for STEM administrative use, e.g., station wagons, jeeps, etc.

Part 2. Review here indicates number of inactive PA's may be deobligated promptly. This list and other suggested actions will be submitted by cable soonest with recommendations before completion master

98-1

RESTRICTED

status report. We think decision on deobligating PA's or allowing them to stand without action should be made by ECA Wash. Deobligation of PA's issued against FY 49 or 50 funds ordinarily reverts funds to Treasury and no longer available for Mission use. This not considered important since remaining FY 51 funds more than adequate to carry on responsibilities Mission for remainder of year.

Part 3. Future procurement will be limited to emergency items required for maintenance of plants and raw materials for their operation and for limited rehabilitation work on the Island of Cheju do.

Part 4. Plans of operation ECA Wash indicated herein have been coordinated with SCAP officials. Signed Meyer. End signed Jane'

Re ECATO 154, first. Subject is third quarter 1951 apportionment. Following is suggested third quarter program breakdown. Value in millions and on FOB basis.

- Raw cotton, 3750 metric tons, 3.75 value.
- Cotton yarn, 2,000,000 lbs, 1.6.
- Raw rubber, 750 metric tons, 1.25.
- Coal, 60,000 metric tons, .5 value.
- FOL 1.0 value.
- Railroad rolling stock, approx 800 each, 5.0 value.
- Trucks, 500 each, 1.5.
- Crossties, 200,000 each, .28.
- Coastal vessels, 1.0 value.
- Estimated value ocean transportation, 1.52.
- Rehabilitation, 6.935.
- Technical training supplies, .065 value.
- Technical service contracts, .6.

Total for third quarter 25.0 value.

Following is basis programming above.

- Cotton will carry pipeline through end September.
- Cotton yarn required to continue full utilization remaining cotton facilities, knitting and weaving, due to imbalance spinning facilities to yarn requirements.
- Rubber to carry pipeline rubber through July 51.
- Coal to provide 20,000 metric tons per month for industrial and thermal plant consumption.

PRIORITY

FROM : AMEMB SEOUL KOREA NR : 091700 I 9 DEC 50 CONT'D

POL dollar requirement unknown here but \$1,000,000 included for reimbursement Army for civilian POL.

Railroad rolling stock required to meet critical existing shortage for civilian use. Even before hostilities shortage box cars existed during peak grain, fertilizer, and fuel transportation periods.

Trucks required for essential civilian use. These in addition to all other trucks ordered ECA or UN Command.

Cross ties for maintenance railroads, primarily branch lines essential to civilian economy.

Coastal vessels, 1 million additional to increase funds available this project to original estimate 3 million.

Ocean transportation charges unknown here but estimated included to cover. May be adjusted on basis further information known Washington level.

Industrial rehabilitation included for such items as contracting for textile plants, communications and power rehabilitation, other industrial rehabilitation, in event military situation stabilized.

Technical training supplies to carry forward balance program not now on TAAS, specifically PRs 358 and 289.

Technical service contracts for such items as additional funds for coal mine management and gold survey to carry contracts a full year and new management contracts for additional key industries. Funds required for operation Jacona and Pomeroy Contract unknown here but understood Pomeroy requires additional funds subauthorized. Also unknown whether additional funds required TAA 22 and administration.

Request these estimates be made Washington and sufficient funds be apportioned. To remain within 25 million suggest apportionment for industrial rehabilitation be revised downward by amount other funds required.

Re: ECATO 54. Ref: TOECA 13. This msg in 5 parts.
 Part 1. Baltic Coasters urgently needed by ROK at present. Mission offered Baltics to DEPCOMSTSWESPAC in July when military situation precluded continued operation on pre-hostility basis, offer refused vessels subsequently placed in idle status.

Part 2. Mission and ROK in agreement reference manning vessels, crews to be essentially those trained by American instructors of mission staff and PFEL. Reinstatement PFEL-ROK contract not considered necessary. Marine personnel mission staff will exercise general supervision Baltic operation, ROK Navy cooperation assured if necessary.

Part 3. 60000 tons ECA cargo not including coal in Japan awaiting shipment. Few Japanese merchant ships available for ECA-ROK use due MSTs charters. Planning for utilization supplies presently carried MSTs vessels impossible due lack advance loading information. Use of Baltics will afford such planning and release MSTs chartered Japanese vessels for military use. Coastal movement of coal at standstill due Naval control 18 vessels of ROK merchant fleet for military use exclusively.

NR : 070400 Z (THIS IS ECATO 54 DTD NOV 6 AT 8 PM SENT SEOUL ECATO 54 RPTD INFO TOKYO ECATO 606 FROM DEPT)

Ref ECATO 32.

Subsequent to ref tel Commander MSTs Wash expressed strong interest chartering Baltic coasters through some arrangement with ECA and ROK. Many solutions possible. Background herewith:

1. MSTs desires immediately small ships to supplement or replace where practicable big costly US flag vessels in movement cargoes Japan to Korean outports. Existing ECA contractual relationship with ROK and KSC and PFEL appears offer s solution rather than create new body to husband Korean manned Baltics. Another is place ships under jurisdiction ROK Navy subject general supervision ECA Korea without continuing KSC/PFEL contract or continuing such part of PFEL contract as you require.

2. Whether ships carry only military cargoes or some portion civil depends your exchange ideas with DEPCOMSTSWESPAC, Tokyo.

3. Expect no ECA funds to be programmed for purchase of cargo ships but funds are available for freight Japanese ships.

We desire you work out problem with Navy and make such decisions as necessary implement agreement.

FROM: CINCFC TOKYO JAPAN
TO : ECA MISSION KOREA SEUL

ROUTINE

Z - 22800

This is ECAFOTO no. 5 to Seoul 27 Oct.

Subject: Materials for transmission lines.

Following message received from CG Army 8: "This is ROKCIV 63. Request immediate procurement with Korean Power Mission funds following materials required for connecting broken transmission lines: 300 pair compression type sleeve for ACST cable in each of sizes indicated, 61/2, 60 MM, 37/3. 2MM, 37/3. 46 MM, 37/2. 93 MM; 600 single compression type repair sleeve for ACSR cable for each of the 4 above listed cable sizes.

"Probably can be obtained from Furukawa Wire Co and Sumitomo Wire Co. Any stock items up to 1/3 of each item are desired by air shipment to Kimpo subject to nondisplacement of military cargo. Balance by earliest practical surface transportation. All shipments marked for Korea Electric Power Company. Request advice as shipments are made."

If Mission desires EPS handle procurement, Morton prefers direct request with allocation of funds through Tokyo branch Bank Korea. Also more complete specifications including end use. End signed Jane'
