I would ^{or three} points we'd like to pass on for the betterment of something or other.

(1) The Univ has it that much of the noise in the Telephone Sub building at night ^{late or early} is caused by visits from Occupation force personnel, and it's not the E.M. Co 20 or 35th Inf we refer to. i.e. Some one is trying to sleep.

(2) Trucks to be parked in unit motor pool when returned to Unit Area.

(3) The Col has as much as asked that non occupants refrain from using the latrine in his building. So if possible use the "Little House upon the Hill."

MEMO TO ALL SECTIONS:

Re: Correspondence (and conservation)

1. Correspondence which is typed in the sections should be made up in sufficient copies to allow two copies for the Hqs to which addressed, one for each Hqs through which it must pass and one copy for central file, plus one ~~if~~ if section wants copy.

2. The Central file copy should be marked, preferably in left margin, and attached ~~stapled~~ to the original before it comes to CO or Adj for signature. If there are numerous inclosures to the letter and a file copy of these are kept in the section, the central file copy should be marked as such.

3. Both sides of paper should be used because of short supply. Paper previously used may be used for the second time by merely crossing out the front of the sheet. CONSERVE PAPER! *In letters too?*

SUBJECT: Application of Meritorious Service

TO: Commanding Officer, First CIC Region, APO 301

1. During the recent earthquake and fire in Fukui the members of your organization voluntarily offered their services to the Fukui Military Government Team.

2. 1st Lt Clyde Burke, the Detachment CO, for the first 30 hours of the disaster rendered invaluable service in assisting in moving and caring for the dependent women and children and making difficult road and other reconnaissance trips that resulted in timely and important information to this Team.

3. WOSG George H Langley, Fukui CIC Detachment for the first 30 hours of the disaster was of great assistance to the Team's Legal and Government Officer in the discharge of his many pressing duties. Noteworthy among these was the assistance given by Mr. Langley which prevented mass release of several hundred inmates of the Fukui Prison.

4. Mr. Thomas Campbell performed valuable services similar to those performed by Lt Burke. Mr. Campbell's effort was made in a different sector of the disaster area than that made by Lt Burke.

5. Agents Koyada and Takemoto ably assisted Lt Burke, WOJG Langley and Mr. Campbell in their various activities.

6. In addition to expressing the Team's gratitude and appreciation I wish to add that in my opinion the courageous unselfish help rendered, oftentimes in face of great personal danger, by the members of the Fukui CIC Detachment reflect credit to the CIC organization. It is suggested that you consider recommendation of the above personnel for the Army Commendation award.

MEMO TO ALL PERSONNEL:

Re: Feeding of Japanese Employees at Detachments

1. It has become evident that some military personnel are furnishing food to Japanese Employees while on field trips to the detachments.
2. Each building manager is accountable for all rations which are sent to that detachment. He must record to whom they are served and in doing so we can account for them in our records at headquarters.
3. Hereafter if any meals are served to Japanese Employees the person in charge of the party will receive a bill of \$.40 per meal. Remember that the Detachments will feed anyone you bring in. All Japanese Employees are supposetto carry their chow along.
4. All detachments appreciate a little prior notice of your arrival.

Inventory will be made by sections and property placed on M/R to Chief of each section.

Section Chiefs will be responsible to the Supply Officer for all property on M/R to the section.

It is suggested that each section have property marked for identification. The marking will aid in keeping property from "floating" and enable section Chiefs to keep items they are responsible for within their sections.
