THRU: Kinki Liaison and Coordination Office

TO: Superintendent
Osaka Prefecture Board of Education

It is a pleasure to inform you that Miss Sumiko Koriki, a member of your staff, has been selected as one of a group to participate in a three-months tour of adult educational institutions in the United States of America.

Miss Koriki has been selected because of her outstanding personality and high qualifications of leadership. These characteristics have been observed not only in Kinki Region but were particularly noticed during her attendance at the Institution for Educational Leadership in Tokyo where as the only woman in the social education group she won not only the respect of the American staff but also of the Japanese men participating in the course from all regions of Japan.

It is of prime importance to Osaka, as well as Japan that opportunity be given to young women of Miss Koriki's ability to further their study and experience abroad in order to be of even more service to the people of Japan in promoting progress in the field of social education.

It is of significance that Miss Koriki is the first woman to be sent to America to study social education.

Prior to reporting to CIE, SCAP, Tokyo on 1st February, it is desired that Miss Koriki be given the opportunity to prepare for her trip by spending several hours a day in the studying of English. This will enable her to gain even more from her trip.

May we take this opportunity to congratulate you on having on your staff a person of outstanding educational leadership who will become recognized in Japan as she has in Osaka Prefecture.

TO: Miss Sarah L. Head,
Civil Education Section,
Kinki Civil Affairs Region

Dear Miss

Thank you for your kind presence at the training course for social education personnels of branch offices at Ureshino on 24th October.

As to the date of Social Education Committee's conference, I surely heard your wish to change it. I tried in various ways so that your wish may be realized but I am sorry I found it difficult to change the date owing to the following circumstances:

1 At the former conference, the members of the committee decided that the next conference should be held between 1st and 5th Nov., as some of them were going to leave Kobe on business after 6th.

2 On 1st and 2nd, National Conference of Social Education Committees is to be held in Tokyo.

3 3rd Nov. is a holiday.

Please be indulgent; we miss you very much. Next time I will try to fix the day so that you may be able to be attend the conference.

Yours Truly,
Y. Aoki

From: PTA, Kujo-Higashi Primary School,
1-Chome, Kujo-Dori, Nishi-Ku, Osaka City

15 January 1950

I am one of the PTA Officers of the Kujo Higashi Primary School, Nishi-Ku, Osaka City. I was hasitating to address to you a letter in this manner however I have decided to write.

Since our present school principal (May 1948) was appointed to our school we, the people who are in and outside of the school are suffering from his cliquism. Therefore I hereby state the following:

1. As regards his school cliquism: As most of the teachers in our school were from different prefectures they maintained smooth relations among each other. The Principal is a graduate of the Ikeda Normal School who favors to get junior teachers from the above school in order to increase his influence.

2. He is selfish: He is very sociable. He makes use of this advantage to establish good relation with the School Inspector of Nishi-Ku to gain more power. All the school affairs are carried out according to his own initiative. The staff meetings (teacher meetings) were conducted by his fellow teachers (new teachers) and the other teachers' opinions were entirely ignored.

3. He transfers opponents: He expels teachers who do not curry his favor with the assistance of the School Inspector and replacements were made by his fellow teachers in order to put the whole school affairs under his control.

Thus, he expelled three teachers who had the full confidence of the PTA members, and all others concerned of the school. Conspiring with the help of the next "would be President" of the PTA and his clique, the principal is spreading unfavorable rumors about other teachers.

I sincerely hope the Civil Education Section would investigate the matter and take appropriate action for the restoration of peace for the Kujo Higashi Primary School.

Translator's Note: This letter was written in poor Japanese. If the writer is a PTA officer his standard of writing a letter should be better.
