Title

Supplementary Scheme after Reparation Removal of Designated Machines

We have a scheme that 109 among 1,808 of designated machines shall be allotted for the purpose of manufacture of Reeling Machine, Quick Traverse Machine and Back Washer Machine. Our Supplementary Scheme after the Reparation removal of these machines are as follows:---

	Within 1 month after removal	Within 2 months "	"3" "	"4" "	"5" "	"7" "	Total
Machine Tool	15	15	20	20	0		70
Manufacturing Machine	5	5	5	5	4		24
Electrical Machine	5	5	0	0	0		15
<b>Total</b>	<b>25</b>	<b>25</b>	<b>30</b>	<b>25</b>	<b>4</b>		<b>109</b>
Percentage of Productive Restoration by Supplementary Scheme (Per month)		10%	20%	40%	70%	100%

Report on location of machinery of Kawasaki Factories

Following factories inspected 10 June 1946 inspected by Sgt Brownlee accompanied by Mr T Ohno of the Kawasaki Aircraft Co, Ltd.

Gifu Region

Gifu Precision Work Shop

Originally used 30 machines at this plant, 26 have been moved to Main Plant.

One Dreis & Krump Press and an electric furnace stored in yard with no protection from weather. Machines in bad condition.

Two electric furnaces stored inside building are in good condition.

Recommend that all machines be moved to main plant.

Reason

Manufactured parts for airplane wings at this shop during war.

Gusetsu Plant

Building owned by Kawasaki Co and completely destroyed by bombing. Approximately 50 machines on premises broken, and damaged by rust and exposure to weather, of no apparent value except for scrap. No machinery owned by Kawasaki Co was removed from this plant.

13 machines in this plant were borrowed from Toyo Spinning Co and were damaged during raid. Have been sent out for repair and return to Toyo Spinning Co.

6 machines sent to Kamayama for repair.

Apprx? " " " Ogaki " "

Henie Plant

Building belonged to Toyo Spinning Co, completely destroyed by bombing.

Manufactured gasoline tanks and tail assemblies for fighter planes during war.

Approximately 15 machines on premises all broken and damaged by exposure to weather, of no apparent value except for scrap.

Asahi Plant

Building owned by Toyo Spinning Co, completely destroyed by bombing.

Two compressors were only machinery in this plant owned by Kawasaki Co and they were damaged beyond repair.

This plant used to bend steel tubing for airplane fuselage.

Fuji Plant

Plant leased from Fuji Spinning Co. Completely destroyed by bombing.

Page 2

Report on location of machinery of Kawasaki Factories (cont)

Fuji Plant (cont)

Approximately 20 machines at this plant all broken and damaged by weather, of no apparent value except for scrap.

This plant assembled tubing for fuselage of fighter planes during war

Recommended by Major Jeffery that Asahi, Fuji, and Misato Factories be removed from OD-5, Henje Plant should also be removed from list since all of these factories were completely destroyed.

Final location of machinery owned by Kawasaki Co

Interview with Major Jeffery and HPT Cane of Kawasaki Co 10 June 1946

All machinery to be stored at the following plants:

Mikakine Region (Main Plant)  
Gifu Region (Tagami Plant in building of Nippon Spinning Co)  
Ohta Region (Sakahegi Branch Factory)

All machinery with exception of that in reconversion shops, to be stored in one of the above three factories and proper permits to be obtained for movement of all machinery not so stored at present.

Reconverted shops inspected by Major Jeffery:

- 1 Woodwork Shop
- 2 Press Workshop
- 3 Metal Press Shop (Main Plant)
- 4 Auto Repair Shop (contains some machinery but has not been inspected)
- 5 Electric Shop (contains no machinery, has not been inspected)

Kawasaki Co owns several microscopes, metal testing machines and experimental or laboratory equipment which has not been included in their inventory of machinery.

*7 machines being stored at Ogaki Tekkasho K.K. (Ogaki Kajo)  
as of 13 June 1946 - date of inspection of that factory.*

10 June, '46.

SUBJECT: Application on permission  
of the site of Fuji Factory,  
Kawasaki airplane industry Co., Ltd.

TO : Maj. Jeffery  
107th Military Government.

1. Reason

This company has been engaged in collection of air-raided metal at areas devastated by the War since last December according to the order from the Japanese Government, but there has been no suitable place for the accumulation.

Accordingly the accumulated things have been left as they were collected at Gifu or Ogaki City.

If, however, the present state continues, it may bring forth some trouble against the rehabilitation of such cities, and, moreover, they must be accumulated to a fixed depot to avoid theft.

Such being the case, we want to rent the site mentioned in the subject from the Toyo Spinning Co., Ltd., the owner on condition indicated in the following.

So if you kindly permit us to do so with your favorable consideration, we shall be much indebted to you.

- |                                   |                              |
|-----------------------------------|------------------------------|
| 2. Location of the site           | Fuji-cho, Kano, Gifu City.   |
| 3. Owner                          | The Toyo Spinning Co., Ltd., |
| 4. Acreage                        | c. 0.8 acre                  |
| 5. Rent                           | ¥ 5000 a year                |
| 6. Metal amount to be accumulated | c. 1000 g. ton               |

GIFU DETACHMENT  
30TH MILITARY GOVERNMENT HQ. & HQ. CO.  
APO 25 (Gifu Honshu)

22 March 1946.

SUBJECT: Inspection of Factories listed on O.D. #5.  
Kawasaki Main Factory, Permit 6th Army  
Dated December 1, 1945 # 176.

TO : Commanding Officer, 30th Mil. Gov. Hq. & Hq. Co.  
APO 25 (Nagoya Honshu)

1. This section of Kawasaki plant has finished its conversion in so much as is contemplated. They have converted five sections, Iron Working Shop, Press Shop, Woodwork Shop, Electrical Installation Shop, Automobile Repair and Parts Shop.

2. Machinery of the Kawasaki Aircraft Co. is in very good condition. Most of the machinery is in storage. A large part of the machines have been cleaned and oiled. The balance are in process of being cleaned.

3. Items being manufactured are believed necessary to civilian economy.

4. It is recommended that this plant be permitted to continue production.

5. In the opinion of the Liaison Office, this factory must continue in order to satisfy minimum needs of civilians.

6. It is recommended that the Asahi Factory and Fuji Factory be removed from O.D. #5 Annex. The two factories were completely destroyed and no useful machinery remains at the factories.

7. The Misato Factory has only two machines and they are to be taken to the main factory. When this is accomplished, it is recommended that this factory be removed from O.D. #5.
