MEMORANDUM TO: General Beiderlinden

SUBJECT : Civilian Supply Requirements - Ryukyus

1. Attached is Project No. 43, Civilian Supply Requirements Ryukyus, FY 1948.

2. The checknote from ESS to G-1 to which this project is attached requests an analysis be made covering (a) advisability of the project, (b) necessity for materials, and (c) statement as to the availability of these materials in Japan.

3. Following is extract from Staff Memorandum No. 52, 2 December 1946:

"The Assistant Chief of Staff, G-1, is charged with the formulation of policies, planning for and supervision of activities at General Headquarters, United States Army Forces, Pacific, concerning the operation of Military Government in the Ryukyus, south of 30° North latitude."

"Special Staff Sections of General Headquarters, Supreme Commander for the Allied Powers, will furnish technical advice and assistance to the Assistant Chief of Staff, G-1, on matters concerning this operation of Military Government in the Ryukyus as required."

4. The action requested by ESS for an analysis of this project is not believed to be a proper G-1 function. The most that G-1 can do with this project, which is one of 62 separate projects, is to verify the fact that there must be a civilian administration of the Ryukyus and, consequently, civilian administration supplies. The detailed checking of the figures contained in this project is believed to be the responsibility of ESS, since ESS has operational staff responsibility for the civilian supply program for the Ryukyus.

5. It is recommended that these papers be returned to ESS with a statement that the functioning of the civilian administration of the Ryukyus is necessary to the discharge of Army responsibility in that area, but that detailed analyses of projects is considered to be a function of ESS.

a. Paragraph 5aa. 1. - No objection can be foreseen to entry of 8 Netherlands officers for period and purpose stated.

b. Paragraph 5aa. 2. - G-1 does not concur in manning the ship with a Japanese crew, since the vessel will be delivered in Japan and will become a Netherlands vessel upon delivery. The possible implications and complications, political and otherwise, render this solution undesirable.

c. Paragraph 5aa. 3. - G-1 does not concur in placing a Japanese crew aboard unless delivery is accepted at a point outside of Japan. In this connection see paragraph 3b, attached letter.

d. Paragraph 5b - Although not of primary interest to G-1, it is recommended that the reply to this question be based upon the provisions of letter referred to in paragraph 1 attached letter. If delivered outside Japan, all expenses until delivery should be borne by the Japanese Government. After delivery, whether at a point in or out of Japan, it is believed that all expenses should be borne by the Netherlands Government.

The request of the Russian Orthodox Church Assembly of Japan to the authorities of Supreme Allied Headquarters for aid in having a bishop sent to Japan was received with deep sympathy. We offer our inexpressible thanks for the dispatch of The Very Reverend Bishop Veniamin from the diocese of Metropolitan Bishop Feofil in America, and for this result of the special kindness of Headquarters we respectfully express our sincere gratitude in the name of the All Japan Russian Orthodox Church.

Resolution of Thanks

The Very Reverend Metropolitan Bishop Feofil of the Russian Orthodox Church of America:

The unfortunate Russian Orthodox Church of Japan had previously requested Supreme Allied Headquarters, via a resolution of the Russian Orthodox Church Assembly of Japan, to send a Russian bishop for this church. The Very Reverend Metropolitan Bishop considered the request of Allied Headquarters, and feeling profound compassion for the present state of the Russian Orthodox Church of Japan, he granted our request and sent the Very Reverend Bishop Veniamin.

Page 2 He not only bestowed his warm blessing upon us, but he also blessed the candidates recommended by our Assembly for officiating priest and assisting priest. In addition to ordaining them, he gave his finest guidance and help towards the reconstruction of the pitiful Russian Orthodox Church of Japan, and gave his most reverent and loving tidings. With inexpressible thanks and love we respectfully express our thoughts of deep gratitude to The Very Reverend Metropolitan Bishop in the name of the Russian Orthodox Church of Japan, and repeatedly entreat his blessings.

The above is resolved.

Part IV Resolution installing the Very Reverend Bishop Veniamin as
Page 1 Bishop of the Russian Orthodox Church of Japan

We, the followers of the Russian Orthodox Church of Japan, express our heartfelt thanks to the Very Reverend Metropolitan Bishop Feofil of the Russian Orthodox Church of America for accepting our petition through his love, and sending the Very Reverend Bishop Veniamin.

In spite of the fact that we have been in close contact with, and have received the blessings of the Very Reverend Bishop Veniamin for only a short time, our priesthood and followers alike have the utmost respect and trust for His
Page 2 Excellency and feel towards him as we would to our loved parents. We need not speak of the high virtues of His Excellency, and we place our confidence in his profound leadership. If His Excellency were to stay with us for only a short time and then return to America our disappointment and sadness would be unimaginable, and we feel that we should not know when the reconstruction of our pitiful church would become a reality.

We have here resolved that our father, the Very Reverend Bishop Veniamin, sent to us by His Excellency, be formally "installed as Bishop of the Russian Orthodox Church of Japan", and we so petition the Very Reverend Metropolitan Bishop Feofil.

We realize the extreme annoyance to Bishop Veniamin of acceding to our present request, but we beg from the bottom of our hearts that he take pity upon the present plight of our church, wipe out its many difficulties, and while enduring the hardships, accept the heartfelt request of our Russian Orthodox Church of Japan. We petition that he remain for a long time as our Bishop, instructing and leading our unfortunate followers and endeavoring to save our many fellow-countrymen who have not accepted God.

Proposals

The Kanda Russian Orthodox Church and the Hongō Russian Orthodox Church will make the following motions at the forthcoming emergency meeting of the Hristos (T.N. Russian for "Christ") Russian Orthodox Church of Japan on 20 Jan 47:

1. (Withdrawn). Until such time as the Russian Orthodox Church of Japan achieves its essential independence to affiliate with the North American Russian Orthodox Church Diocese of Metropolitan Bishop Feofil and to maintain an intimate relationship with this diocese.

2. (Withdrawn). To install Bishop Veniamin as Bishop of the Russian Orthodox Church of Japan.

3. (Unanimously approved). In view of the present state of the Russian Orthodox Church of Japan and our country's internal condition, we hereby cancel and revoke the "Moscow Patriarch" Recognition Charter of the former General Office, and the resolution made at the emergency meeting on 6 April 1946, i.e., "1. In view of tradition and historical relationships, and from the standpoint of creed, doctrine and ceremony, etc., we recognize the Archbishop of Moscow and maintain close relations with him".

4. (Withdrawn). That MORI, Ken, having the greatest responsibility in the matter of recognition of the Moscow Patriarch, shall in cognizance of this responsibility voluntarily retire from his present position in the church.

Resolution

1. In view of its tradition and historical relationships, from the standpoint of creed, doctrine and ceremony, etc., the Russian Orthodox Church of Japan recognizes the archbishop of Moscow, and maintains a close relationship with him.

1. For the purpose of reconstruction of the church, the Russian Orthodox Church of Japan, with the assistance of Supreme Allied Headquarters, looks to the Russian Orthodox Church of the United States for aid in all matters concerning church administration, the ministry, and propagation (of doctrine).

1. With the attendance at our Tokyo Surugadai church of a large number of American Occupation Fordes officers and men and Russian believers living in Japan, at this time especially petition Supreme Allied Headquarters to request a Russian bishop to be sent from America

RUSSIAN CHURCH PROTESTS MACARTHUR BAN ON PRIEST

By International News Service

MOSCOW, January 29--(INS)---The patriarchy of the Russian Orthodox Church protested Tuesday against the alleged refusal of General Douglas MacArthur to permit its representative to enter Japan.

The church demanded the right to send a new bishop for Japanese Orthodox churches instituted by Russian missionaries in 1861.

The new bishop would take the place of the late Metropolitan Sergius Tikhomirov "who had never severed his contact with the patriarchy".

A Vladivostok dispatch to Izvestia said that after the death of Sergius Tikhomirov, the Orthodox Church in Japan, in March 1946, asked the patriarchy to appoint an archbishop for Japan.

The dispatch added that after inquiries, MacArthur's headquarters turned down the request.

Clearance to Enter Japan, Dr. John H. Reisner

G-1 C/S 13 Feb 1947

1. 1. A request has been received from the representative in Japan of the Foreign Missions Conference of North America, Dr. Paul Mayer, that Dr. John H. Reisner be permitted to enter Japan.

2. Dr. Reisner is the executive secretary of Agricultural Missions, Inc. and also the executive secretary of the Rural Missions Cooperative Committee of the Foreign Missions Conference of North America. The purpose of Dr. Reisner's visit is to consult with representative missionaries in Japan and Korea and to contact rural leaders with a view to assisting in the establishment of rural community centers, setting up institutes for the training of rural leaders and in general furthering the missionary effort in rural areas. Dr. Reisner is considered to be one of the outstanding authorities in the United States on rural missions. His visit to Japan and Korea would be a part of a tour of the Far East which he is making in the interest of rural missions. The duration of Dr. Reisner's visit will be approximately 2 weeks, some time toward the end of March 1947. Dr. Mayer has given assurances of logistic support for Dr. Reisner during his stay here.

3. a. The missionary policy, as stated in ourad ZX 26123, makes provision that special visits of high ranking officials of church organizations for special purposes will be considered on their own merits.

b. Mr. Bunce of CI&E Religions Division has stated that the missionary effort in Japan has been confined in the past, by circumstances, to urban areas, and little progress has been made in rural areas. He considers it desirable that an expert such as Dr. Reisner be allowed to enter Japan and attempt to organize self-sustaining missionary work in rural areas.

c. The possibility of a conflict between Dr. Reisner's proposed program and proposed agricultural programs being developed by Natural Resources Section has been discussed, and it is the opinion of Mr. Williamson of NRS that no such conflict is likely to occur.

4. It is concluded that the visit of Dr. Reisner would be of value in furthering the missionary effort in Japan.

Dr. Reisner is considered to be one of the outstanding authorities in the United States on rural missions. His visit to Japan and Korea would be a part of a tour of the Far East which he is making in the interest of rural missions. The duration of Dr. Reisner's visit will be approximately 2 weeks, some time toward the end of March 1947. Dr. Mayer has given assurances of logistic support for Dr. Reisner during his stay here.

3. a. The missionary policy, as stated in ourad ZX 26123, makes provision that special visits of high ranking officials of church organizations for special purposes will be considered on their own merits.

b. Mr. Bunce of CI&E Religions Division has stated that the missionary effort in Japan has been confined in the past, by circumstances, to urban areas, and little progress has been made in rural areas. He considers it desirable that an expert such as Dr. Reisner be allowed to enter Japan and attempt to organize self-sustaining missionary work in rural areas.

c. The possibility of a conflict between Dr. Reisner's proposed program and proposed agricultural programs being developed by Natural Resources Section has been discussed, and it is the opinion of Mr. Williamson of NRS that no such conflict is likely to occur.

4. It is concluded that the visit of Dr. Reisner would be of value in furthering the missionary effort in Japan.

TO: Supreme Commander for the Allied Powers

SUBJECT: Clearance of Dr. John H. Reisner for entry into Japan and Korea.

Request is hereby made for permission to have Dr. John H. Reisner enter Japan and Korea. Dr. Reisner is the Executive Secretary of Agricultural Missions Inc.,and also the Executive Secretary of the Rural Missions Cooperating Committee of the Foreign Missions Conference of North America.

Dr. Reisner is making a tour of the Far East in the interest of rural missions. He is at present in India and plans to proceed to China where he will stay a month. From China he hopes to be able to come to Japan towards the end of March,spending about two weeks in this country. He then wishes to go to Korea for a week's visit.

Dr. Reisner is one of the outstanding authorities in the United States on rural missions. His purpose in visiting the Far East at this time is to investigate rural missionary work and to help set up new programs for rural life. In Japan and Korea his special mission will be to consult with missionary and native leaders on rural problems,to assist in the establishment of rural community centers and to set up institutes for the training of rural leaders. Out of his world-wide experience as a leader in rural work and life, Dr. Reisner will be able to make a unique contribution towards the solution of vexing rural problems in Japan and Korea and thereby further the goals of the American forces in these two lands.

MEMORANDUM TO: General Beiderlinden

1. With reference to the coming Leadership Course consisting of four 50 minute periods or a total of 200 minutes, the following schedule is offered for your consideration.

Lt Col Cullen	80 minutes
Lt Col Marsh	50 minutes
General Beiderlinden	45 minutes
Examination	15 minutes
Discussion of Examination	10 minutes
Total	200 minutes

2. It has been my thought that I would discuss some of the practical aspects of development in oneself the art of leadership. Colonel Marsh would discuss responsibilities of a commander as one of the major factors in development of leadership. It has been my opinion that you could provide a completeness to the subject by summing up and emphasizing instructions in the previous periods by drawing on experiences from your years of service. Marsh and I can present the "book side" which I believe to be extremely important; however, the course needs a "clincher" by an officer of considerable experience and seniority. I have tentatively scheduled this to be last in order to increase its emphasis and to avoid placing Marsh and myself in an anti-climactic position.

MEMORANDUM TO: General Beiderlinden

1. For the second time the question of commercial firms, who serve the Occupation, borrowing yen has come up.

2. The first time this question came up Mr Paul Aurell, American International Underwriters, approached me as to the procedure he should follow to borrow yen from the National City Bank. He stated that he was working under a material hardship in having cars owned by Occupation Forces personnel repaired in Japanese garages. Repair bills are very high under inflationary conditions and his only source of yen is purchase at the rate of 15 to 1. For example, straightening a fender might cost 300 yen or $20.00. The matter was discussed with ESS Finance who were in favor of permitting him to borrow yen. The Fiscal Director, however, was opposed stating that National City Bank did not have authority under their charter to make such loans. I viewed the matter as being one of sheer speculation whereby American Underwriters would borrow yen for their current expenses and at a later date when the rate of exchange is more favorable, they would buy yen with dollars thus enabling them to do business much more economically than at the present time. This is sound business and no one stands to lose by it. However, to allow them to do this would be to authorize speculation against our own regulations. To me it would be morally wrong to allow a business firm to do this when the same type of speculation is not permitted to War Department personnel. The following is quoted from the Rules of Land Warfare "Neither officers nor soldiers are allowed to make use of their position or power in the hostile country for private gain, not even for commercial transactions otherwise legitimate."

3. The question has come up again in connection with Northwest Airlines. They have no yen income in Japan but prior to commencing operations and subsequent thereto, they will have an enormous yen outlay for labor and services. Considerable pressure will be exerted to enable them to borrow yen.

4. There is no question that these companies are operating under a material hardship because of the present rate of exchange. It is believed, however, that as long as the present rate of exchange is in effect, this headquarters should not authorize speculation on a probable change in the rate. Even though we are determinedly opposed to the present rate, we are also bound to support it except for authorized means of having it officially changed.

5. ESS is preparing a paper on this subject which will be submitted to G-1 for concurrence in the near future. I have informed G-4 and ESS that pending your approval, the G-1 position would be non-concurrence to authorizing such borrowing.

Clearance to Enter Japan, Rev. Frank William Coaldrake

G-1 C/S 12 Feb 1947

1. 1. Request has been received from the Officer Commanding, British Commonwealth Sub Area, Tokyo, that Rev. Frank William Coaldrake, an Australian missionary, be allowed to enter Japan.

2. a. Assurances have been given by Bishop G. W. Cranswick of the Australian Board of Missions in Sidney, Australia, that food and clothing will be shipped to Japan for Rev. Coaldrake, that Rev. Coaldrake has a working knowledge of spoken Japanese, and that he will be associated with the Bishop of South Tokyo, a Japanese national, during his work in Japan.

b. In a personal letter to the Commander-in-Chief, Bishop Cranswick requested that consideration be given to the entry of Rev. Coaldrake. An answer to this letter signed by the Commander-in-Chief stated that consideration would be given to the entry of Rev. Coaldrake after application had been submitted by the Officer Commanding, British Commonwealth Sub Area, Tokyo.

3. The assurances given by Bishop Cranswick are not exactly as required by the terms of the missionary policy, as expressed in our radio ZX 26123. However, they closely approximate proper assurances. It is believed that these assurances will have the force and effect of proper assurances if they are endorsed by the Officer Commanding, British Commonwealth Sub Area, Tokyo.

4. In view of previous correspondance with the Commander-in-Chief on this matter, it is believed advisable to clear Rev. Coaldrake as an exception to our standing missionary policy.

Clearance to Enter Japan of an American Zen Buddhist

G-1 C/S 12 Feb 1947

1. 1. Request has been received through Joint Chiefs of Staff for entry into Japan of Ruth F. Sasaki, an American Zen Buddhist, who desires to proceed to Japan for the purpose of consulting with Buddhist scholars concerning manuscripts translated by her late husband.

2. The radio from Joint Chiefs of Staff cites our radio ZX29670 of 30 December 1946. This radio stated, among other things, that our missionary policy would not be applied directly to missionaries other than Christian, but that such cases would be reviewed under the provisions of the policy and each case considered on its own merits.

3. Since the entry of Mrs. Sasaki is more for the purpose of scholastic research than for actual missionary work in spreading the doctrines of Buddhism, it is not believed that her case falls within any of the terms of the missionary policy, as stated in our radio ZX 26123. It is believed that her case falls more properly within the policy concerning entry and exit into and from Japan of scholars and researchers, as stated in our radio C-69684. This policy states that in general visits of scholars and researchers into Japan are not believed to be advisable at this time, due to economic conditions within Japan.

4. In view of the circumstances cited above, it is believed advisable that clearance should not be granted to Mrs. Sasaki for the purpose indicated.

G-1 C/S 11 Feb 1947

1. 1. Director Air Division, Army Advisory Group radio CYF 175, 160431Z, 17 January 1947, informs that American Embassy has received notes from Chinese Foreign Office calling attention to the unauthorized entry into China of other than Chinese or United States citizens by U. S. military aircraft. Cases cited applied to entry from Korea and Japan. Embassy requests no such entries unless clearance obtained from Chinese Foreign Office through U. S. Embassy, Nanking.

2. Above cited radio was passed to:

a. CG USAFIK

b. CG PHILRYCOM

c. CG MARBO

d. CO 43D Weather Wing

3. Information from FEAF, A-3 (Lt Col Fletcher) indicates this matter had been brought to the attention of General Whitehead prior to receipt of above cited radio, and that additional instructions had been issued by FEAF to their subordinate units.

4. Commanding General, FEAF radio AX 18504 A-3, 220726/Z, 23 January 1947, outlined corrective action as follows:

a. All troop carrier flights and special flights for FLC into China would be cleared through customs procedures.

b. Only other FEAF aircraft to be cleared into China will be Air Sea Rescue aircraft on ordered rescue missions.

c. Carrying nationals of countries other than U. S. or China on FEAF aircraft into or out of China will be done only when directed by FEAF or when deemed essential to the best interest of FLC. In all cases the nationals involved must have proper passports, diplomatic clearances and any other necessary documents to certify appropriate authority has been received for their entry into or exit from China.

1. Erwin Eberspacher is on the list of German repatriates because of having been a member of the German Navy. There is no information to indicate that he was objectionable for any other reason.

2. Mr. Cavalchini, Italian Diplomatic Mission, telephoned today that subject is employed in Tokyo by the Italian Diplomatic Mission, and that he is an Italian national. Mr. Cavalchini further advised that subject will be repatriated to Italy on the Italian repatriation vessel due to arrive in Japan this month.

3. Information received from Diplomatic Section indicates that Eberspacher was released from internment in the Hakone Naval Camp in September 1946 on request of the Italian Diplomatic Mission, who claimed that he was an Italian national.

4. Action has been taken to query the CIC Detachment in the Hakone area as to subject's membership in the German Navy. If it develops that he was a member of the German Navy, Diplomatic Section will be requested to advise the Italian Diplomatic Mission that subject should be released from employment and that he will be repatriated on the first repatriation vessel. If it develops that subject was not a member of the German Navy, his name will be removed from the list of repatriates for repatriation on the Italian repatriation vessel.

Deferment of German National from Repatriation

G-1 C/S 10 Feb 1947

1. 1. Helmut SCHULZE, German national, was classified as objectionable and subject to forcible repatriation on the following grounds:

a. Member of the Nazi Party.

b. Leader of the Hitler Youth Movement in Japan.

2. Information received this date indicates that there is a possibility of confusion between subject and one Reinhold Schulze. It has been proved that the latter was one of the officials of the Hitler Youth Movement. Helmut Schulze claims to have had no connection with the Hitler Youth Movement, however, does admit joining the Nazi Party in 1934.

3. Subject has been a resident of Japan for 31 years and has a Japanese wife and children. If the charge of having been a leader in the Hitler Youth Movement is proved false, the only charge against this individual will be that of having joined the Nazi Party in 1934. Similar cases of Germans who were long time residents of Japan and who were deemed objectionable on the grounds of having joined the Nazi Party have been deferred for further investigation.

P & P

4. In view of the above, it is recommended that the name of Helmut Schulze be removed from the list of repatriates pending further investigation. If it is decided that subject should be repatriated, this may be effected on the second repatriation vessel.

5. This recommendation is concurred in by G-2 (Lt Col Davis).

SUBJECT: Repatriation of EICKEMYER

1. Subject is objectionable on the grounds of membership in the Nazi Party and having sought repatriation to Germany from the United States.

2. Following are extracts from a letter signed by Eickemyer:

a. Subject was member of a German union in the United States. The union was taken over by the German labor front to which Eickemyer paid membership dues. He was suspended from this union because of friction with another member, however, protested to the German Consulate and was reinstated.

b. Joined the Nazi Party in Chicago in 1940.

c. In 1941 departed the United States for Germany via Japan. In Japan he started to work for a German company which manufactured heavy industrial equipment. While working for this German company he got into difficulties due to arguments concerning patents, and shortly afterwards got into difficulties with the labor front, the Nazi Party, the Gestapo and the German Consulate.

3. The above information is confirmed by G-2. He is listed by G-2 as being an objectionable German national subject to forcible repatriation and unemployable by the Occupation Forces.

SUBJECT: Paragraph 7b, SCAP Circular No. 8

1. This entire circular was prepared upon instructions from Washington. It applies to all individuals entering Japan with the exception of members of the Occupation Forces and individuals required for service therewith. Dependents have same status as husband. "Members of the Occupation Forces" has been interpreted to mean U.S. War Department personnel and personnel assigned to BCOF units. "Individuals required for service therewith" includes Coca-Cola, USO Shows, etc. This does not mean that no clearance is required for those exempt from the circular - they are exempt from the circular not from clearance, if such is required.

2. Paragraph 7b, SCAP Circular No. 8, requires that requests for clearance to enter will contain certain specific information such as name, birth, citizenship, occupation, purpose of visit to Japan and official status if any (for example, IMTFE), length of stay, date of entry, route of travel and passport information. The information as required by paragraph 7b is the result of the original instructions from Washington. The mention of IMTFE was not in the original instructions from Washington but was inserted here. This insertion, however, was made for the specific purpose of bringing members of the Military Tribunal under provisions of SCAP Circular No. 8.

Clearance of Missionary

G-1 C/S 8 February 1947

1. 1. A request (TAB: 1st Rqst fr JCS) was received from JCS that Bessie McKim, American national be cleared to enter Japan as a volunteer missionary.

2. a. Miss McKim is sixty-four (64) years old, has had prior service as a missionary in Japan and owns property here.

b. CI&E (Religious Division) information reveals that her work prior to the war was under auspices of Portestant Episcopal Church. In absence of a positive statement of sponsorship, it was assumed that she would continue under auspices of this Church.

c. The missionary policy (TAB: Missionary Policy) stipulates that missionaries will be cleared to enter Japan upon receipt of certain assurances from designated representative missionaries. There is at present no Protestant Episcopal representative missionary in Japan, but clearance has been granted for entry of one.

d. Accordingly, reply (TAB: Reply to 1st Rqst) was made to JCS suggesting that request for clearance of Miss McKim be withheld until a Protestant Episcopal Representative missionary had arrived in Japan and was in a position to give necessary assurances referred to in c above.

e. A second radio from JCS (TAB: 2nd Rqst fr JCS) has been received which states that due to advanced age (64), Miss McKim is no longer sponsored by Protestant Episcopal Church, but has been retired and desires to enter Japan as a voluntary missionary.

3. The stipulation in the missionary policy concerning designation of competent representative missionaries by church organizations or boards for the purpose of giving assurances of housing, food and clothing for prospective operating missionaries was designed to preclude the possibility of admitting missionaries to Japan who through inadequate financial resources might suffer physical hardship and become a charge upon the Occupation Forces.

4. It is believed that due to her advanced age, Miss McKim might suffer physical hardship unless assured adequate support by an organized church group.

5. Recommend approval of draft radio which denies clearance to Bessie McKim.

MEMORANDUM TO: Colonel Donnelly

Following information applies to action on Postal Regulations:

This action was initiated on receipt of Check Sheet from Chief of Staff dated 20 January 1947. A Staff Study was prepared and several conferences held to determine means to accomplish the objective of curtailing shipment of articles. The attached tab, Staff Study, was submitted to General Beiderlinden. However, he directed that it be held pending receipt of information from the Adjutant General as to whether the proposal concerning certificates would be in conflict with postal regulations. A Check Sheet was sent from G-1 to AG on 30 January to accomplish the above. See attached copy. (Please return this C/N to Plans & Policies Division for file.) The Adjutant General queried the War Department by radio C-69713 dated 1 February. Theater Postal Officer, Major Cook, advised this morning that no reply has been received from the War Department.

General Beiderlinden called a conference at 1530 on 5 February, upon receipt of a report from Colonel Purdy. Present at this conference were the following:

G-1	Gen. Beiderlinden & Lt.Col.Hudgins
PM	Colonel Purdy and Lt.Col. Murray
Special Services	Colonel Morris and Lt.Col. Hoover
Quartermaster	Colonel Campbell
IGD	Colonel Dittemore
JA	Colonel Shaw
G-2 CIS	Colonel Bratton
AG Theater Postal Officer	Major Cook
G-4	Lt. Col. Ashman

At this conference General Beiderlinden discussed the problem and assigned certain responsibilities, as indicated.

The Quartermaster (Colonel Campbell) is to prepare an action to provide means of positively preventing food going from Army messes to black market. This report to be submitted through G-1 to C/S so as to arrive in G-1 on 10 February.

Special Services, (Colonel Morris) to make recommendations concerning positive means of controlling cigarettes. This action to be submitted to the C/S through G-1 so as to arrive in G-1 by 8 February.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

Provost Marshal in conjunction with G-2 CIS (Colonel Purdy and Colonel Bratton) to prepare a study on theater-wide organization of CID. This report to be submitted through G-1 to C/S so as to arrive in G-1 on 8 February.

In addition to the above assignments, General Beiderlinden stated that G-1 Section would take action to investigate and make recommendations on censorship of package mail, particularly those packages of 8 ounces or less, that can be sent by first class mail without letters of request. G-1 also to prepare a study and make recommendations on establishment of customs examination and control throughout the theater.

Repatriation of German Nationals

G-1 C/S 6 February 1947

7. 1. Reference is made to C/N No. 2 from Chief of Staff to G-1 wherein it was directed that the names of Schuette and Harich Schneider be removed from the list of repatriates pending further investigation. Upon receipt of this Check Note these names were removed from the list of repatriates.

2. Upon receipt of C/N No. 6, the name of Schuette was again placed on the list of repatriates. Schuette is scheduled to depart Tokyo for Uraga Reception Center on 13 February.

3. Mr Ristine, assistant to Mr Mydans, called on G-1 this date and submitted the following information:

a. That both General Mueller and General Willoughby told Mr Mydans in December that "he (Mr Mydans) had nothing to worry about concerning repatriation of Schuette". Based on these conversations, Mr Mydans assumed that Schuette would not be repatriated and made various plans concerning the operation of the Time Magazine office in Tokyo, dependent upon his presence here.

b. Mr Ristine is scheduled to depart Japan early in March upon arrival of his replacement. Mr Ristine advised that the loss of Schuette at this time would seriously hamper their operations and requested that his repatriation be deferred until such time as his replacement arrives.

4. With reference to the information contained in paragraph 3a above, action desired on the part of G-1 is requested.

Repatriation of Hans Stamm and Family

G-1 C/S 6 Feb 1947

1. 1. Attached C/N, G-2 to G-1, presents subject's application for exemption from repatriation. By C/N No. 2 to this Check Note, G-1 recommended to Chief of Staff that Stamm be repatriated in view of his presence in Germany after 1 September 1939 and his import activities in Japan during the war. This recommendation was approved by the Deputy Chief of Staff on 3 February.

2. Attached memorandum from Colonel Wheeler confirms Stamm's visit to Germany and import activities. This memorandum, however, states that Stamm was not a member of this firm but was merely the chief clerk.

3. During a visit by Stamm to G-1 on 6 February he claimed that his presence in Germany was occasioned by his having been on a trip around the world for rest and recreation, and that this trip was planned prior to outbreak of war.

4. In view of the difference between information submitted by Stamm and that contained in C/N from G-2 to G-1, it is recommended that repatriation of Hans Stamm and family be deferred pending further investigation.
