1. Attached is a proposed amendment to the Japanese Foreign Office Organization Law and an illustrating map.

2. The Foreign Office has been responsible for Japanese Government liaison with the Occupation Forces throughout Japan. With the withdrawal of the Civil Affairs teams, the Foreign Office is planning a similar reduction in force. As the Japanese Government desires to carry this same organization in the post treaty period for liaison with the security forces, they have requested SCAP's advice and suggestions.

3. Your comments and concurrence are requested.

1. DS has no objection to the proposed reorganization of the Japanese Foreign Office liaison responsibilities.

4325

2. Any plan, however, for fixing this reorganization as a basis for liaison with US military security forces stationed in Japan in the post-treaty period is considered premature pending the conclusion of agreements between the two Governments establishing the terms under which US military forces are to be stationed in Japan.

3. Since G-4 has primary responsibility for planning of facilities in connection with the agreements mentioned in paragraph 2, DS has added that Section to the routing schedule for this check sheet.
